

We Drift!

The autumn weather is so genial in Texas that we drift on close to Christmas without realizing the danger, like the boat drifts onto rocks—when the smash comes.

Think of it, people.

WHAT DO YOU SUGGEST FOR CHRISTMAS DINNER?

The Telegram today starts off the Christmas Basket Dinner Fund with a subscription of \$10.

As fast as other subscriptions are received they will be noted in this paper.

As announced in yesterday's issue the Salvation Army, assisted by The Telegram, has undertaken the task of providing a Christmas dinner for every deserving family in the city...

A HUNDRED BASKETS In a city of Fort Worth's size there may be 100 or more families which on Christmas day will find themselves unable to buy a dinner appropriate to the day.

avoided as far as possible. The momentous question of the day and one which will be of keen interest to every woman who reads The Telegram is: What is to go into these baskets?

THREE DOLLARS A PIECE Captain Cumble estimates from past experience that to provide a family of five with a fine dinner, requires an outlay of \$3. The sum expended on each basket will be somewhere in the neighborhood of that figure.

If given the task of getting up a dinner for five persons on a cash outlay of \$3, what would you buy? Figure on it a bit and let The Telegram know the result.

SUGAR GROWING AT A PROFIT IN MEXICO

New York Man Returning From the South Tells of Openings for American Energy and Investment

C. F. Ganahl of New York city, passed through Fort Worth yesterday on his way home from a trip to his sugar interests in Mexico. That gentleman, discussing the matter, said there was from 40 to 50 per cent profit in sugar-growing in the republic, and that American capital can find splendid openings for investment.

"Twenty thousand tons of sugar were exported to England last year and a large amount to the United States. All the sugar-growers in Mexico have entered into an agreement to export a certain percentage of their crop so that the country may not be overrun with the product.

"In Louisiana the sugar planters make money and they only raise one crop of cane from a planting in a year and pay \$1 a day and more for their labor. In the tropical section of Mexico we can raise ten crops of cane from one planting, and our labor costs us 37 1/2 cents a day. As the labor is 75 per cent of the cost of producing sugar, this is the biggest item.

"I am now returning to the state of San Luis Potosi to erect a small sugar refinery on the Panuco river. My company, the Tampico Navigation Company, owns a line of stern-wheel boats, which we operate on the Panuco river between Tampico and a large refinery of the Panuco River Sugar and Refinery Company, a short distance above our plantation.

Mrs. Rosa Adams, niece of the late General Roger Hanson, C. S. A., wants every woman to know of the wonders accomplished by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I cannot tell you with pen and ink what good Lydia E. Pinkham's Vegetable Compound did for me, suffering from the ill's peculiar to the sex, extreme lassitude and that all gone feeling. I would rise from my bed in the morning feeling more tired than when I went to bed, but before I had used two bottles of Lydia E. Pinkham's Vegetable Compound, I began to feel the buoyancy of my younger days returning, became regular, could do more work and not feel tired than I had ever been able to do before, so I continued to use it until I was restored to perfect health. It is indeed a boon to sick women and I heartily recommend it. Yours very truly, Mrs. ROSA ADAMS, 819 12th St., Louisville, Ky."

Any women who are troubled with irregular or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, general debility, and nervous prostration, should know there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound. No other medicine for women has received such wide-spread and unqualified indorsement. No other medicine has such a record of female cures.

"DEAR MRS. PINKHAM:—I am very pleased to recommend Lydia E. Pinkham's Vegetable Compound for womb and ovarian difficulties from which I have been a sufferer for years. It was the only medicine which was at all beneficial, and within a week after I started to use it, there was a great change in my feelings and looks. I used it for a little over three months, and at the end of that time I suffered no pain at the menstrual period, nor was I troubled with those distressing pains which compelled me to go to bed, and I have not had a headache since. This is nearly a year ago. I always keep a bottle on hand, and take a few doses every week, for I find that it tones up the system and keeps me feeling strong, and I never have that tired out feeling any more.

"I certainly think that every woman ought to try this grand medicine, for it would prove its worth. Yours very truly, Miss ELSIE DANFORTH, 203 De Soto St., Memphis, Tenn."

W. A. Combe, the assistant live stock agent of the Santa Fe system, whom he met with the visiting delegates and who had just spent some time in Oklahoma, said that the situation so far as the reservations were concerned, were practically unchanged. There continues to be talk of some of the lands coming on the market, but it is hoped, by those most interested, that the lease privilege will be extended for another season, at least. The Pauls Valley "cut-off" will be in complete operation and many small pastures and feed farms will be opened up in Oklahoma proper which will materially assist the Southern Texas movement.

SHOPS WILL STAY AT TOWN OF CHILDRESS

Fort Worth and Denver Has No Intention Whatever of Moving Its Works to City of Amarillo

There has been a persistent rumor that the Fort Worth and Denver Company contemplated removing its railroad shops at Childress to Amarillo. An official of that company was seen by The Telegram this morning and asked regarding the report. "You can say authoritatively that the Denver has no thought of moving its shops from Childress, and that all reports that such a move would be made were without authority and untrue." "The facts are," said the official, "the Denver Company has large interests at Childress and could not well afford to desert them at this time, and will not do so."

AN UNKNOWN MAN DIED IN CHAIR IN SALOON

He Was in Ill Health and Has Been Attended by Charity Physicians Here

Passing from affluence during which time he conducted a fine restaurant while Oklahoma City was building on its boom, to poverty and starvation in Fort Worth and finally death, is the story which came to a close this morning in a saloon at the corner of Twelfth and Main streets. This story has reference to an old man who died at 11:30 o'clock this morning in the saloon of Al Goss. He was known to the habitués about the place, because he has been almost in a dying condition for several weeks. A young man who knew him said that he had once been a prosperous restaurant owner in Oklahoma City, but that in course of time he went broke, and was down now to the depths of poverty. Al Goss called on Commissioner Barr regarding the man, and there was a promise that he would be sent to the county farm. The deceased was a charity patient in the city. He has been about here for several weeks. He was in such ill health that he could not work, and he has been

under the care of Assistant City Physician Mullennix for a few days. He remained about the police station a while, where he was given something to eat and allowed a place to sleep. Now and then during the last few weeks he has wandered into the saloon referred to, and has slept in a chair in the corner. "I let him stay about here out of pure charity," said Mr. Goss. "He said he had no place to stay, and I allowed him to come about. He was not a drinking man, but was in bad health and the charity physicians have been giving him attention." The old man was known about the police station as George Smith. No one appears to know his real name and nothing of his history could be learned. Justice Rowland conducted the inquest and the remains were turned over to L. P. Robertson for interment.

BOARD OF TRADE TO INVITE PEACE CONGRESS HERE

Captain Paddock Thinks Fort Worth Is the Place for the Meeting of the Industrial Peace Congress

In The Telegram this afternoon is an editorial suggesting that an effort be made to secure the meeting of an industrial peace congress in this city. The congress has been suggested by the resolution adopted by the Texas State Federation of Labor, which was held in this city. Captain Paddock, secretary of the Board of Trade, was asked about the matter this morning. He said he believed such a meeting would be productive of good results and he would like to see it held in Fort Worth. "I will write this afternoon to President Max Andrews of the State Federation of Labor asking that the congress be called to meet here, and will extend him a cordial invitation. I am satisfied the Fort Worth Trades Assembly will join in such an invitation. Such a congress would bring all forces together in a harmonious discussion, and I believe it would help the thing along."

BIDS FOR CITY COAL SUPPLY ARE OPENED

The city council purchasing committee met at the office of Mayor Powell this morning and opened bids submitted by coal dealers who seek to obtain the contract to supply the city with coal for the ensuing year. The contract will not be awarded until tonight at the city council meeting, nor will the figures be given out before that time. "Two of the bidders make the same price on a certain grade of coal which we prefer, and we desire to confer with them in order to see if either will undertake to supply all the coal used by the city out of that one grade," said Alderman John F. Lehane, chairman of the committee. "There is no coal famine in Fort Worth, nor is there likely to be one," said one of the coal dealers. "We are able to sup-

ply coal to everybody. The strike in Colorado may affect the bins of some of the dealers, but there is plenty of coal to be obtained in other quarters. Fort Worth, I expect, is better fixed as to fuel supply than any other city in the state. This is due to the fact that it is the biggest distributing center." SITUATION UNCHANGED Among the visitors incidental to the meeting of the National Live Stock Exchange is John S. Hershey, assistant general freight agent of the Gulf, Colorado and Santa Fe. Mr. Hershey met the Chicago and St. Joseph delegation at Gainesville and accompanied them to Fort Worth. When asked what the prospects were for the continuation of the territorial pasture market, Mr. Hershey said that

S. H. Browne has moved into his new store on Twenty-third street. Vincent Holmes of Denton county was in North Fort Worth today. J. H. A BRIDAL GOWN AT RUMMAGE SALE

MT. VERNON, N. Y., Nov. 20.—Society women of the First Universalist church are talking about a wedding trousseau which, by mistake of a recent bride who thought she had packed up old garments, was sent to the rummage sale held by the church. When the bundle was opened in the church the managers found a pair of long silk gloves, kid slippers, lace-trimmed skirts and a costly bridal gown which was worn a few weeks ago in Mt. Vernon. When the owner learned her mistake she ordered a carriage and drove to the church in post haste. After pledging everybody to secrecy she went home with her precious trousseau and sent an extra number of dresses, with a request that her name be kept secret. Read Telegram Want "Ads."
