"We Learned Our Lesson in Lighting from a Specialist"

A Southwestern Public Service Company lighting specialist will be glad to come to your home and bring along this light meter to test your lighting. Just fill in and mail the coupon below or call your nearest Public Service office. There is no charge for this service.

"We were surprised to find out how little we knew about good lighting. We learned a good lesson from the Public Service Company's

lighting specialist. He had several constructive suggestions to make.

"They won't cost much to carry out, either. Some won't cost a thing, and we honestly feel that we'll have much better lighting after we carry out his suggestions.

"All we did was call our nearest Public Service Company Office

and name a convenient time for a lighting specialist to come to the house. He did the rest."

SENATE JOINT RESOLUTION No. 4.

Proposing an amendment to Article VII of the Constitution of the State of Texas by the addition of two new sections to be known as Sections 17 and 18 providing a special fund for the payment of Confederate pensions and providing a method of payment for the construction and equipment of buildings and other permanent improvements at state institutions of higher learning; providing for a five-cent reduction in the maximum allowable state tax on property; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto Sections 17 and 18 which shall read as follows:

"Section 17. In lieu of the state ad valorem tax on property of Seven (7c) Cents on the One Hundred (\$100.00) Dollars valuation heretofore permitted to be levied by Section 51 of Article 3, as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Two (2 cents) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Con-

federate army and navy, frontier organizations, and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate hereinabove levied.

"Also, there is hereby levied, in addition to all other taxes permitted by the constitution of Texas, a state ad valorem tax on property of Five (5c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping buildings, or other permanent improvements at the designated institutions of higher learning; and the governing board of each of such institutions of higher learning is fully authorized to pledge all or any part of said funds allotted to such institution as hereinafter provided, to secure bonds or notes issued for the purpose of acquiring, constructing and initially equipping such building or other permanent improvements at said respective institutions. Such bonds or notes shall be issued in such amounts as may be determined by the governing boards of said respective institutions, shall bear interest not to exceed three (3%) per cent per annum and shall mature serially or otherwise not to exceed ten (10) years from the first (1st) day of January of each year in which such funds are allocated or re-allocated

to said respective institutions; provided, the power to issue bonds or notes hereunder is expressly limited to a period of thirty (30) years from the date of the adoption of this amendment; and provided further, that the Five (5c) Cent tax hereby levied shall expire finally upon payment of all bonds hereby authorized; provided further, that the state tax on property as heretofore permitted to be levied by Section 9 of Article VIII, as amended, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty (30c) Cents on the One Hundred (100.00) Dollars valuation. All bonds shall be examined and approved by the Attorney General of the State of Texas, and when so approved shall be incontestable; and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids and shall never be sold for less than their par value and accrued interest.

"Funds raised from said Five (5c) Cents tax levy for the ten (10) year period beginning January 1, 1948, are hereby allocated to the following institutions of higher learning and in the following proportions, to wit:

Institution	Per Cent of Total
John Tarleton Agricultural College	5.72107
North Texas Agricultural College	6.17028
Texas State College for Women	11.52992
Texas College of Arts and Industries	4.75551
College of Mines and Metallurgy	4.71936
Texas Technological College	16.54877
East Texas State Teachers College	8.10657
North Texas State Teachers College	12.64522
Sam Houston State Teachers College	5.55068
Southwest State Teachers College	6.78474
Stephen F. Austin State Teachers College	4.55414
Sul Ross State Teachers College	2.15315
West Texas State Teachers College	5.41643
Prairie View Agricultural and Mechanical College of Texas	5.34416

Not later than June 1st of the beginning year of each succeeding ten (10) year period, the Comptroller of Public Accounts of the State of Texas, based on the average long session full-time student enrollment for the preceding five (5) year period of time, shall allocate, to the above designated institutions of higher learning then

existence, all funds to be derived from said Five (5c) Cent ad valorem tax for said ten (10) year period; and all such designated institutions of higher learning which participate in the allocation or re-allocation of such funds shall not thereafter receive any other state funds for the acquiring or constructing of buildings or other permanent improvements for which said Five (5c) Cents ad valorem tax is herein provided, except in case of fire, flood, storm, or earthquake occurring at any such institution, in which case an appropriation in an amount sufficient to replace the loss so incurred may be made by the Legislature out of other state funds. This amendment shall be self-enacting. The State Comptroller of Public Accounts shall draw all necessary and proper warrants upon the State Treasury in order to carry out the purpose of this amendment; and the State Treasurer shall pay warrants so issued out of the special fund hereby created for said purpose."

"Section 18. For the purpose of constructing, equipping or acquiring buildings or other permanent improvements, the Board of Directors of the Agricultural and Mechanical College of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Five Million (\$5,000,000.00) Dollars, and the Board of Regents of the University of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Ten Million (\$10,000,000.00) Dollars. Any bonds or notes issued hereunder shall be payable solely out of the income from the Permanent University Fund. Bonds or notes so issued shall mature serially or otherwise not more than twenty (20) years from their respective dates, and in no event later than twenty-five (25) years after the date of the adoption of this amendment. This amendment shall be self-enacting.

"Said Boards are severally authorized to pledge the whole or any part of the respective interests of the Agricultural and Mechanical College of Texas and of the University of Texas in the income from the Permanent University Fund, as such interests are now apportioned by Chapter 42 of the Acts of the Regular Session of the 42nd Legislature of the State of Texas, for the purpose of securing the payment of the principal and interest of such bonds or notes.

"All bonds or notes issued pursuant hereto shall be approved by the Attorney General of Texas and when so approved shall be incontestable."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at a special election to be held throughout the state on the fourth Saturday in August, A. D. 1947, at which election all ballots shall have printed thereon:

"For the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning, in the amounts of Two (2c) Cents and Five (5) Cents respectively; providing for a Five Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (100.00) Dollars valuation; providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas."

"Against the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning in the amounts of Two (2c) Cents and Five (5c) Cents respectively; providing for a Five (5c) Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation; providing a method of payment for the construction and equipment of improvements and

buildings at the Agricultural and Mechanical College of Texas and The University of Texas."

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the constitution and laws of this state.

Sec. 4. The sum of Ten Thousand (\$10,000.00) Dollars, or much thereof as may be necessary, is hereby appropriated out of any funds in the expenses of such publication and election.

NAZARETH

Miss Carolyn Bowers, who will become the bride of Clifford Stork on June 9, was honored Tuesday afternoon at a personal shower given in the home of Mrs. Robert Leinen in Dimmitt.

A table was colorfully decorated with a lace tablecloth, topped by roses and baby breath. The bride-to-be received many beautiful gifts. Refreshments were served in the afternoon. Co-hostesses were Mrs. Albert Gerber and Mrs. LeRoy Pohmeier.

Miss Bonita Kern returned home May 30 from Mt. St. Scholastica College, Atchison, Kansas where she was enrolled during the past month. Accompanying Bonita was Miss Betty Koch, of Freeport, Illinois, who also attended Mt. Scholastica college. Miss Koch returned to Freeport on June 15.

Miss Viola Stork, who is a 1947 graduate of Nazareth High School, left Monday, June 2, for Amarillo, where she will begin a course in the San Jacinto Beauty School.

Mr. Joe Rickwartz and Miss Ir-

ene Rickwartz left Sunday, June 1, for Vega where they visited Mr. and Mrs. Herman Rickwartz.

Mr. Jerome Brockman arrived home Sunday, June 1, to spend the summer with his parents, Mr. and Mrs. Ed Brockman. Jerome attends Saint John's Seminary in San Antonio, Texas.

Mr. and Mrs. Gene Frische of Umbarger, Texas were Sunday guests of Mr. and Mrs. John Stork.

Among the Sisters leaving this last week were Sister M. Consuelo, for Missouri, Sister M. Stella, for Atchison, Kansas, and Sister M. Donata for San Antonio, Texas. The Sisters left June 3.

DAIRY CHECK-UP ROUTINE GIVEN

Five check points that are important to Texas Dairy farmers right now are listed by County Agent, R. L. King.

The County Agent believes a check-up on the following items will help boost production:

1. Water supply—cows need more water this time of year. They will drink more if the water is clean, cool and conveniently located.
2. Sour milk—always a problem in the late spring and summer months. Scouring can be stopped by producing clean milk and cooling it to 55 degrees Fahrenheit within two hours after milking.
3. Horn flies—pests that occupy a cow's time when she should be producing milk. Horn flies can be controlled by spraying back, sides, legs and bellies with one pound of 50 percent wettable DDT powder in 25 gallons of water.
4. Good, green grass—a cheap feed that always brings a rise in milk production and cuts out many herd health problems. Dairy men can make green feed last longer by mowing weeds and alternating grazing.
5. Kind treatment—a necessity in the management of dairy cows, now and throughout the year. Rough treatment and high production are seldom found together on a dairy farm.

Mrs. Horace Brooks and daughters left Tuesday night for a visit with her father, Mr. E. S. Turner, at Stephenville.

Miss Henry Murry of Duncan Okla., is visiting her sister, Mrs. Bill Graham, and family.

Mr. and Mrs. Walter Hodges and family have moved back to their farm south of Dimmitt, from Wellington.

Mr. and Mrs. Raymond Wilson have been at Dallas this week to be at the bedside of her mother who is receiving treatment at a Dallas hospital.

Joe and Johnny Stephen of Yantis are visiting in the Elza Teague and Clyde Damron homes.

Pat Tate returned home last week end from Moreland, Okla., where she had been for a visit with relatives.

Mr. and Mr. J. L. Kay of Waynoka, and Tommy Robinson of Woodward Okla. visited last week with their daughter and aunt, Mrs. Curtis Tate and Family.

Gwendolyn Smith returned home Tuesday after spending the past two weeks with her aunt, Mrs. LeRoy Baker and husband at Gallup, N.M.

Mr. and Mrs. Virgil Bills and Richard of Amarillo and Mr. and Mrs. Gene Kimbell and son of Plainview spent Sunday visiting Mr. and Mrs. George Blanton and family.

Mr. and Mrs. George Briix and Neil of Vici, Okla., spent Thursday night with her sister, Mrs. Curtis Tate and family. Neil remained for a longer visit.

Mr. and Mrs. J. G. Davis Jr. and daughters spent Monday night in Lubbock where they attended the commencement exercises at Texas Tech. Her brother, Rodrick L. Shaw was a member of the graduating class.

Mr. and Mrs. M. A. Kelly and family returned home Monday after a visit with relatives in Louisiana and Dallas. They were accompanied home by his mother.

Mr. and Mrs. George Blanton and daughters visited last week in Ft. Worth in the home of Mr. and Mrs. Homer Blanton. They also visited Mrs. Blanton's sister, Mrs. J. Langford and family of San Antonio. Elma Grace, Mrs. Blanton's niece, accompanied them home for a visit.

Mr. Jimmy Adams suffered a heart attack this last week but is doing nicely now.

Yvonne Newton, Earth, spent the weekend with her uncle, Mr. Cecil Ginn.

Bart Cowan visited relatives at Slaton Sunday.

Mr. and Mrs. Andy Thompson and Lilda and Mr. and Mrs. Lynn Smith attended a family reunion Sunday in the Clyde Bray home in Mulleshoe. The occasion was in honor of Mr. and Mrs. Clyde Bray Jr. who have just recently returned from Germany where he was stationed with the occupation forces.

Map Hunt for Oldest Chevrolet Truck

A search by the Chevrolet Motor Division and Chevrolet dealers to locate the oldest Chevrolet truck still in active service in the United States started May 10 and concludes June 15, with the owner of the oldest vehicle receiving a new truck from the Advance-Design line of trucks which Chevrolet will soon put on the market. Photo shows J. W. Burke (right), manager, commercial and truck department, and T. C. Mallon, assistant manager, examining posters used by Chevrolet dealers in the search. Trucks must be driven to Chevrolet dealerships for official registration.

M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 28th day of May A. D. 1947, then and there to answer Plaintiff's Petition filed in said Court on the 15th day of May A. D. 1947, in this cause, numbered 1910 on the docket of said court and styled Elbert Summers Plaintiff vs. R. R. McKeehan, et al Defendant.

Parties to said suit are Elbert Summers, Plaintiff and the parties to whom this writ is directed are defendants.

A brief statement of the nature of this suit is as follows, to wit:

Suit to quiet title to lot 10 in Block 103 of the Original Town of Dimmitt, Castro County, Texas, according to recorded plat of said original town; it being alleged by Plaintiff the defendant accepted and recorded a general warranty deed to the above lot, same constituting a cloud on Plaintiff's title to said lot. Plaintiff prays for removal of said cloud, quieting title and general relief as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Dimmitt, Texas, this the 28th day of May A. D. 1947.

Attest:
Ola Murphy Clerk,
(SEAL) District Court, Castro County, Texas.

WHAT DO YOU MEAN ... THE CHURCH?

Two and two make four.
Two and two make five.
Two and two make six.

Sounds silly, doesn't it? Even a youngster in the third grade knows better than that.

But change the picture from arithmetic to religion. "It doesn't matter much what a man believes," says one, "just so he is sincere." And his kindly neighbor smiles agreeably.... "We are all headed for the same place but by different roads."

"Christ is God," says another. "Christ is not God, merely a great teacher," says his friend. "Christ commissioned His Apostles and their legitimate ancestors to forgive sins," says Bill Brown. But Tom Jones warns us.... "Tell your sin to no man." "What God hath joined together let no man put asunder," said Christ. But Mr. Modern tells us.... "That's old-fashioned. Divorced people are often re-married in our church."

"Upon this rock I will build MY church," said Christ. Matt. 16:18. My Church? Which Church? Since Christ claimed that he was building His Church, and that Church would last until he would be no more, wouldn't you like to know which church he built? Doesn't seem reasonable does it, to contend that 200, 300, 400 or more different churches, all teaching contradictory doctrines, can ALL be THE Church to which Christ referred? If it does, then perhaps two and two do make five or six or 108.

Historically the Catholic church is THE Church founded by Christ

Himself more than 1900 years ago. It is the universal Kingdom of God, divinely commissioned to "teach all nations." It is a visible organization that men can see and hear and obey without any doubt whatever. Its visible head is Pope Pius XII, two hundred and sixty second vicar of Christ on Earth. It acts for Christ and with His divine authority. It teaches the identical doctrines entrusted to it by Christ nearly 2,000 years ago—without change, without compromise. It carries out to the letter Christ's command to "teach them ALL things whatsoever I have commanded you."

"It does make a difference" is the title of an unusually interesting pamphlet that we will gladly send you on request. We believe that it may help you see clearly the path marked out by the son of God for your eternal happiness. Your Free copy of this pamphlet will be sent promptly on your request. Just send a postcard or letter and ask for our Free Pamphlet No. 41.

BOYCE HOUSE

"Give You Texas"

Oddest news lately came from Rhode Island, from Pawtucket. The very name of that place is odd, isn't it? They arrested a man for laughing—and fined him, too.

Doesn't look like a man has much freedom left if it's against the law to laugh, does it? What this old world needs is more laughs, with all the high prices, high taxes, strikes and world problems, they ought to pay a man a bounty for laughing.

Like the two men who were talking; one said, "A man who hides behind a woman's skirt is a coward" and the other said, "A man who hides behind a woman's skirt these days is a magician." A man who can find anything to laugh about these days is really good!

There ought to be a law that he has to tell us what he's laughing about, so we can laugh too. Like the man who was poor in purse and in physique. He went to a doctor and the doctor said, "I'll examine you for \$10. He said, "All right, I'll help you look for it and, if you find it, I want half."

Rhode Island is so little it would just make a watch fob for Texas. Why, Rhode Island is so little a man has to step over into Connecticut to have room to change his mind.

I read somewhere that Rhode Island is the most densely populated state in the Union and, judging from the Pawtucket happening, the people of Rhode Island really must be dense!

We invite that Pawtucket man to come Texas where there is plenty of room. He can go out into the great open spaces of some of our Western counties where, if the inhabitants were placed in a line an equal distance apart, the human voice wouldn't carry from one man

to the next one in line. Or he can come to one of our Texas cities where he can laugh to his heart's content and nobody will even hear him. We have so many car horns honking, ambulance sirens sounding fire bells ringing and six-shooters firing that Gabriel will have to blow his horn a second time just especially for the cities of Texas.

Fine a man for laughing, indeed! Wouldn't it be more sensible to fine a fellow for being grouchy, grumpy and fault-finding? Give me the person who can see the silver lining in the clouds that overhang life.

The line of the poet will have to be changed to read, "Laugh and the world laughs with you—except Pawtucket."

Am I going to Pawtucket? Brother, don't make me laugh!

WHEAT HARVEST

IS A

Rush Season

in this section every year, and it will be an especially busy season this year as one of the largest wheat crops in the history of this area is about to be harvested.

It is with that thought in mind that we have made every effort in preparing for the handling of your wheat during the harvest rush.

We have a large capacity for the handling of grain and as in past years we will pay the highest market price or store your wheat in our Federally Bonded Warehouse.
