

FLOWER OF COLLEGE ATHLETES IN CONTEST AT PHILADELPHIA

GREATEST GAMES IN HISTORY OF THIS COUNTRY BEING CONTESTED—800 STUDENTS TAKE PART —ATTENDANCE BREAKS ALL RECORDS

PHILADELPHIA, Pa., April 23.—The eyes of the athletic world are turned toward Philadelphia today. Upon Franklin field this afternoon the pick and flower of college athletes will strive with every effort to win glory and fame and the plaudits of the multitude. The occasion is the sixth annual relay carnival of the University of Pennsylvania. In past years this athletic meet has been second only to the intercollegiate championship games, and this year it surpasses them in every respect in the number and representative character of the entries. Never before, in fact, in the history of college athletics in America has an event of greater importance been held, and one in which a keener pitch of enthusiasm has been aroused.

Practically every college champion of the east and west is entered in one or the other of the events on the program. Thus, for the first time, a real line on the respective merits of the eastern and western athletes may be obtained. The winner in these events will practically show himself the American college champion, and he will have every claim to such a title.

While the principal features of the program consist of relay races for grammar high school and college teams, the individual contests have not been neglected. For the college relay runners there are one, two and four-mile races, in which teams of four men each are to compete. The races are for the intercollegiate championships at these distances. The principal features for the individual contests are the 100-yard dash, 120-yard hurdle race, the pole vault and hammer throw.

So many records have been broken in all of the big relay races this winter that today's meeting undoubtedly will see the

smashing of many long-standing marks. The record which is in the most danger is the two-mile mark of 8 minutes 44.5 seconds, held by Penn's 1902 quartet. Yale's team has run the distance in 7:39 indoors, and should be able to beat this on an outdoor track. Chief interest in the Yale quartet centers in the running of Parsons, the Yale freshman, who broke the world's indoor record twice in succession this winter.

In the four-mile event the race is sure to be a thrilling one between the Michigan and Cornell quartets. In the special events the interest is just as keen as in the relays. The shot-put brings together the wonderful Freshman Rose of Michigan, who has put the shot 48 feet 9 inches; Lemoyne of Harvard, who has a record of 46 feet 10 1/2 inches; DeWitt of Princeton and Glass of Yale, both of whom have done better than 45 feet. In the 100-yard event much is expected of Torrey of Yale, who as a freshman has run the 50-yard dash in 15.2 seconds, equalling the world's record. McLaughlin, the Yale champion pole vaulter, is also looked upon as a possible record-breaker.

It is natural that the greatest interest should center in the 100-yard dash, in which will be seen the greatest bunch of sprinters that ever met in one race. Besides Torrey of Yale, the entries include the world's champion, Duffy of Georgetown, Shick of Harvard, Hahn of Michigan, Blair of Chicago, Rice of Chicago, Dear of Pennsylvania, and three or four other flyers.

In this and other events on the program will be seen the greatest athletes of Princeton, Harvard, Yale, Pennsylvania, University of Chicago, University of Michigan, Purdue, Syracuse University, Amherst, University of Illinois, Cornell, University of Wisconsin, Georgetown and a number of other big colleges.

DEWES CATTLE EXPECT TO DIG HAVE DIED IN UP BURIED NORTH CITY

Secretary Martin Says Reports to That Effect Are Much Exaggerated

DENVER, Colo., April 23.—Charles F. Martin, secretary of the National Live Stock Association, who has just returned from an extended visit among the cattlemen in the northern states, says that reports sent out from the cattle country to the effect that large numbers of cattle have died, during the past winter are for the most part exaggerations. Said Mr. Martin: "I believe the cattle have come through the winter in much better shape than is generally supposed. In nearly all parts of the northwest the cattle are now in fine shape. I saw many beef cattle fit for market while I was away and this is never the case at this time of year when the stock has gone through a hard winter. "In Montana, South Dakota, Wyoming and Idaho the cattle all look very good and stock men report heavy losses are not true. The sheep came through the winter well and are in good condition."

PROMPT ACTION TO PREVENT DISEASE

LOUISVILLE, Ky., April 23.—Prompt action by the city health department has prevented the installation of a carpet cleaning arrangement, which it is claimed, would have spread many forms of disease over that portion of the city near the plant. Dr. M. K. Allen, city health officer, says he found that a company intended to put in a huge fan which would blow the dirt, dust and germs from the dirty carpets up the chimney and into the outer air. The fan had not been put in, but preparations were being made for its installation. Dr. Allen reported the manager that he would not be allowed to scatter the dirt and disease germs over the city, and that some other arrangement to care for the carpets must be made. The manager replied that he would comply with the order.

JAPANESE SPIES SHADOW RUSSIANS

ST. PETERSBURG, April 23, 6 a. m.—The Ruski Slavo prints a letter from an official in the French secret service, which reports the presence of numerous Japanese spies in France, well provided with money. They shadow Russians and watch the ship yards. Especially do they endeavor to ascertain the exact date of the departure of the Baltic fleet and the points en route at which it will coal. The Novosti states that the Russians should feel gratified at the strategical achievement of the naval squadron, which imposed caution upon the Japanese operations and gave Russia time to throw a preponderating military force into Manchuria. The most favorable time, the Novosti continues, for Japanese military operations has passed.

Will Excavate Herculaneum From the Ashes of Vesuvius

NEW YORK, April 23.—An archaeological undertaking of a most important character is about to be set on foot, namely, the complete excavation of Herculaneum, says a Times dispatch from Rome. It is proposed that this vast work will be carried out by the co-operation of Italy with all the civilized countries and that there be a central managing committee at Rome with national committees elsewhere. The scheme is said to meet with the full support of the Italian government.

SMALLPOX

Duke and Duchess Vamoose in Short Order in Fear of Infection

NEW YORK, April 23.—There has been a great scare at Floors castle, seat of the Duke and Duchess of Roxborough, because workmen engaged in installing electric lights had smallpox, says a World dispatch from London. The duke and duchess ordered the place thoroughly disinfected and left immediately for Broommouth Park, Dunbar, the residence of the duke's mother. The man had been working in the duchess's boudoir only the day before. The whole castle must be disinfected, a troublesome and costly undertaking. The Duchess of Roxborough was Miss May Golet of New York.

THE OHIO SENATORIAL MIXUP

Roosevelt—"Every time you hit the baby you get a cigar."

ONLY 1500 TEXANS CAN GO TO VIRGINIA

AUSTIN, Texas, April 23.—The last issue of the Army and Navy Journal contains a copy of a letter written by the adjutant general of the United States in which he makes some statements with reference to the camps of instruction this summer. In it he states that the militia of twenty-one states will be available to the grounds in Virginia, near Manassas—that is, as much of the militia of those states as can be accommodated. The letter states that only 15,000 National Guard troops can be accommodated, while it is known that there are 70,000 of such troops in the states mentioned.

Adjutant General Hulsen was today asked in regard to the matter, Texas being included in the twenty-one states, and he said that he had not received a copy of the letter from the adjutant general at Washington. Speaking of the few troops to be in camp, as compared to the total in the twenty-one states, General Hulsen said that some states would not send any, while others have only a few available, which would probably enable Texas to have about fifteen hundred in attendance. Thus, if the present plans are adhered to Texas troops, or only a part of them, will be camped in Virginia, and the estimated number about fifteen hundred.

UNDERWRITE STOCK CHEMICAL COMPANY

NEW YORK, April 23.—Arrangements have been concluded by Blair & Co., bankers, with the Virginia-Carolina Chemical Company to underwrite its entire issue of \$5,000,000 of preferred stock which that company proposes to make as soon as the increase in capital is approved by the shareholders. The latter are entitled to subscribe for the new issue to the extent of 15 per cent of their present holdings. What stock remains unsold will fall to the underwriters. This is practically the first syndicate formed in Wall street to underwrite a new stock issue in the past year.

URGE DENTON MAN TO RUN FOR CONGRESS

DENTON, Texas, April 23.—Hon. F. F. Hill, candidate for the Twenty-ninth legislature from Denton county, who is just back from a trip through the western part of the Thirtieth congressional district of Texas, says the people out there are clamoring for Hon. Alvin C. Ousley of Denton to announce himself as a candidate for the Fifty-ninth congress against Hon. John H. Stephens of Vernon, Texas, the incumbent.

STATEMENT THAT HOBART NAT'L BANK WAS CLOSED DID NOT MEAN "THE" HO- BART NATIONAL BANK

In yesterday's Telegram, on page three, there appeared an Associated Press dispatch from Washington, D. C., telling of the closing of the Farmers and Merchants National bank of Hobart, Okla. On page ten of the same issue of The Telegram there was a headline reading "Hobart National Bank Closed." In the hurry of closing in the make-up this headline was placed over a Washington dispatch referring to Mr. Hearst's statement before the house judiciary committee. This heading should have appeared over the Washington dispatch referring to the Hobart bank failure. When the headline stated "Hobart National Bank Closed," it was meant that a national bank at Hobart had been closed and not that "The Hobart National Bank" was closed. So far as the language might be understood to refer to the particular organization known as The Hobart National Bank, The Telegram wishes to say that such an impression would be erroneous, as such is not the case. The Hobart National Bank is not closed, and is reported to be in the very best of condition.

DISCOVER PLOT

Conspiracy Under Foot to As- sassiniate President of Honduras

CHICAGO, April 23.—A dispatch to the Tribune from New Orleans, La., says: Dr. F. A. Matute, formerly surgeon for the republic of Honduras at Coban, has been informed that ex-President Policarpo Bonilla, a former member of the chamber of deputies, and six members of that branch of the government have been found guilty of a plot to assassinate President Arias.

Nearly all business transactions in Columbia are based on United States currency.

DECLARES TORNADO BLEW MONEY AWAY

CHICAGO, Ill., April 23.—Either a tornado, a genuine Philippine whirlwind or Captain W. J. Phillips of company G, Twenty-seventh infantry, United States army, has been appropriating funds, and a court martial is to decide which is the guilty party. The officer is now confined at Fort Sheridan and is indignant at the charges preferred against him by privates, who know that they entrusted him with their funds and that the funds are gone. He declares a tornado took them, and the tornado has fled no answer.

Captain Phillips was formerly an officer in the Eleventh infantry and went to the Philippines in 1901. While there he acted as banker for his men, but never made an accounting. Instead, he received a sick leave and returned to America. In the meantime, charges were filed against him, and he advanced the unique defense that a tornado hit his tent, scattered his equipment and stole the funds. Whether a court martial, which has been ordered, will accept his story remains to be seen.

LONG ISLAND CHURCH IS 200 YEARS OLD

NEW YORK, April 23.—Episcopalians of New York and vicinity are deeply interested just now in the two hundredth anniversary of St. George's Episcopal church at Hempstead, L. I. A two days' celebration of the anniversary was begun today with Bishop Potter and Burgess and a number of other distinguished church men among the participants.

Long before an Episcopal church was built in Brooklyn, King George II had granted a royal charter to St. George's at Hempstead. This was in 1783, but the Quaker and Presbyterian settlers had built a church on the present site of St. George's in 1648, which remained an independent organization until 1704, when it passed under the control of the church of England, and became an Episcopal parish. Few churches in America have a more interesting history than the old Hempstead church, which is built of hewn logs brought from the forests on the north shore of Long Island. Among its other claims to distinction is the fact that the Hempstead parish furnished the first American bishop, the Rev. Samuel Seabury, who was consecrated in 1784.

WOULD-BE DOCTORS TAKE EXAMINATIONS

AUSTIN, Texas, April 23.—The state board of medical examiners is in session in Austin to examine all applicants to practice medicine. There were approximately one hundred applicants. The members of the board present were Dr. T. J. Bell of Tyler, Dr. J. E. Wilson of Sherman, Dr. M. M. Smith of Austin, Dr. J. H. Evans of Palestine, and Dr. J. Jenkins of Dangertield.

BODY OF A WOMAN FOUND IN RIVER

CHICAGO, April 23.—The body of a well dressed woman, about 40 years old, has been found in the Desplaines river by workmen engaged in repairing a railroad bridge near Maywood. No mark of identification could be found on the body, which apparently had been in the water nearly three weeks. Bruises on the head led the police to believe the woman was murdered.

- *****
- Forecast until 8 p. m. Sunday: For Fort Worth and vicinity—Partly cloudy and somewhat unsettled; weather for tonight and Sunday, but probably little or no rain.
- * showers; cooler in west portion Sunday.
- * Oklahoma and Indian Territories—Tonight and Sunday, showers; cooler Sunday.
- * East Texas, North-Tonight and Sunday, showers; cooler Sunday.
- * East Texas, South-Tonight and Sunday, showers; fresh southerly winds on coast.

THREE FIREMEN KILLED AND FIFTEEN INJURED AT A FIRE

WALL OF BRICK AND MORTAR THREE STORIES IN HEIGHT CRASHES DOWN ON THEM ON ROOF OF ANOTHER BUILDING

NEWARK, N. J., April 23.—Three firemen were killed and fifteen others injured today in a fire in a six story brick building on Mechanic street occupied by Wiener & Company, saddlery hardware manufacturers.

While the fire was at its height a score of firemen went to the roof of the building of the Empire Gear and Top Company, a one story brick structure adjoining the Wiener building. An explosion occurred in the Wiener building which blew out the wall of that building and three stories of the side wall of the Wiener structure crashed down on the firemen. The roof of the building on which they were standing smashed like egg shells and men buried under huge mass of brick and timber.

Three firemen were in dying condition when taken out. Two died on way to hospital and third just after reaching there.

The dead are: Leo Ross, Patrick J. Donahoe, Jacob Bleyer. Among the injured firemen were Chief Department Robert F. Kirstead, Battalion Chief Robert F. Morgan and Captains Theodore Wolf and Russell Bercaugh. Some injured men very badly hurt may not recover. An investigation showed that wreck caused by explosion of naphtha.

BANK ROBBERS OVERLOOK \$9000

LA CROSSE, Wis., April 23.—Robbers have entered the bank at Iowa, Wis., wrecking the vault, safe and building with nitro-glycerine. They fled with \$12,000, overlooking \$9,000.

PANAMA RIGHTS NOW UNCLE SAM'S

Sale of Canal Is Ratified by Stockholders of the French Company—Only Five Votes Registered Against It

PARIS, April 23.—The resolution of the Panama Canal Company shareholders ratifying the sale of the canal to the United States was adopted almost unanimously. There were only five votes against it. The second Panama resolution was also adopted. There were only two dissenting votes to the latter. The meeting was then adjourned. This completed the transfer of the canal to the United States government.

W. A. Day and Charles W. Russell, the United States assistant attorney generals, who are in Paris to assist in the transfer of the property, were seen tonight by the Associated Press. They reluctantly admitted that the transfer had been consummated and in order to avoid misunderstandings regarding a transaction of this magnitude they furnished the following statement in writing: "The papers transferring the rights and property by the new Panama Canal Company to the United States have already been executed and delivered. The arrangement includes a general conveyance and provisions for deeds and resignation in the republic of Panama and in the canal zone now under the jurisdiction of the United States, in which zone the civil law continues in force by reason of the cession of the zone from a civil law sovereignty. All formalities of the local law on the isthmus have been arranged for and secured to the United States. "The property will shortly be delivered on the isthmus and upon that being done the purchase price will be immediately paid. "The United States gets an unincumbered title. "The main figures in the transfer have been Messrs. Day and Richman for the company; Messrs. Day and Russell for the United States, and Consul Generals John K. Gowdy and Robert Lewis for the United States and Panama respectively, the two consular representatives joining in affixing the seals attesting the signatures."

JAP DEFEAT LACKS CONFIRMATION

PARIS, April 23, 1:20 p. m.—Information reaching highest quarters here tends to confirm the report that rather serious engagement occurred on the Yalu river involving reverses to the Japanese column, but information lacks positiveness and details therefore given under reserve, although men at which emperor and imperial family touched amid great enthusiasm.

SOCIETIES TO MEET AGAIN IN HOUSTON

HOUSTON, Texas, April 23.—Again next spring Houston will entertain the State Federation of English Singing Societies and again Mr. Dudley D. Bryan of this city will act as president, having in charge the arrangements for the next event as he has had of this.

The culmination was reached by acclamation and followed a series of events that provoked considerable discussion and demonstration. Under the rules of the federation as prepared and adopted festivals were to be held bi-ennially. With this supposition in mind, the delegation from Fort Worth came prepared to invite the various singing societies to meet in 1906 in the North Texas city. The conditions were, however, changed. It was set forth that should meetings be held over two years, commencing with the festival now in session here, there would be a constant conflict with the German songfest. It was decided then to hold another meeting a year hence.

GRANTS A CREDIT OF TWO MILLION DOLLARS

NEW YORK, April 23.—Passage by the Canadian parliament of a bill granting in effect a credit of \$2,000,000 to one of the subsidiary concerns of the Consolidated Lake Superior Companies is expected to make possible the reorganization of the company under the Moffly plan announced some months ago, but which failed because the stockholders would not supply the cash needed.

The Canadian Improvement Company will put into effect the reorganization. The assets now held by Speyer & Co. of this city will be turned over; it is stated, to the Canadian Improvement Company on payment of the amount due the banking house of interest.

NEW TERMINALS FOR PERE MARQUETTE

CHICAGO, April 23.—Official announcement of new terminal arrangements at Chicago has been made by H. F. Moeller, general passenger agent of the Pere Marquette system. Beginning on Monday the tracks of the Pennsylvania road will be used from Clarke Junction, by way of South Chicago, Englewood and Sixteenth street, where the tracks of the Chicago Terminal Transfer Railroad Company will be taken into the Grand Central station at Harrison street and Fifth avenue.

The present entry is over the tracks of the Lake Shore from Porter to Clarke Junction, sixteen miles, and the tracks of the Terminal Company. The change reduces the mileage between Grand Rapids and Chicago from 189 to 178 miles.

WILL PUSH JAPS INTO YALU RIVER

Russians Do Not Plan to Battle Till Enemy Has Rivers Be- hind Them—Manchuria to Be Scene of First Big Fight

ST. PETERSBURG, April 23, 2:05 p. m.—In spite of reports from Seoul and Tokio that Russians massing fifty thousand men to resist Japanese crossing Yalu river it can be asserted with great positiveness that obstinate obstruction to the enemy's crossing is no part of Gen. Kuropatkin's tactics. Russians intend that Japanese shall have river behind before giving battle in force. Kuropatkin's plans in this respect fully approved here.

Of course Russians will do all in their power to render crossing difficult and as expensive as possible, but first decisive engagement will occur in Manchuria, where Russians believe they will have all advantage of position. Japanese fleet again reported to be off Port Arthur but report not official.

WELCOME CAPT. ROUDNEFF
SEBASTOPOLE, April 23.—Welcoming of Captain Roudneff of the cruiser Varlag and second section survivors of the Japanese column, is proceeding. Public reception held today at foot statue of General Lakareff and later big dinner given honor officers and men at which emperor and imperial family touched amid great enthusiasm.

JAP DEFEAT LACKS CONFIRMATION

PARIS, April 23, 1:20 p. m.—Information reaching highest quarters here tends to confirm the report that rather serious engagement occurred on the Yalu river involving reverses to the Japanese column, but information lacks positiveness and details therefore given under reserve, although men at which emperor and imperial family touched amid great enthusiasm.

PLEURISY, PNEUMONIA, CONSUMPTION CURED

George G. Hovey, 309 West 123rd Street, New York City, lost 76 pounds in five months, but after using Duffy's Pure Malt Whiskey his health was restored and he has not lost a day's work in a year.

Duffy's Pure Malt Whiskey

READ HIS OWN WORDS. "I was taken ill with pleurisy and pneumonia, which developed into consumption. When taken sick I weighed 210 pounds. In nineteen weeks I wasted away to 134 1/2 pounds. I tried eight of the best doctors, and all told me I could not live six months."

Duffy's Pure Malt Whiskey has carried the blessing of health to more homes during the past fifty years than all other medicines combined. It cures pneumonia, pleurisy, consumption, coughs, colds, grip, bronchitis, asthma and all diseases of the throat and lungs.

CAUTION.—When you ask for Duffy's Pure Malt Whiskey be sure you get the genuine. Unscrupulous dealers, in order of the excitement of this preparation, will try to sell you cheap imitations and malt whiskey substitutes, which are put on the market for profit only, and which, far from relieving the sick, are positively harmful.

Sold by all druggists and grocers, or direct, \$1.00 a bottle. Interesting medical booklet free to anyone. Duffy Malt Whiskey Co., Rochester, New York.

FRISCO SYSTEM SPECIAL RATES. ST. LOUIS and Return, account World's Fair—Eight months \$31.05, Two months \$25.90, Ten days \$21.40.

ST. LOUIS and Return, account World's Fair—Eight months \$31.05, Two months \$25.90, Ten days \$21.40. CHICAGO and Return—\$26.65. LOS ANGELES and SAN FRANCISCO, CAL., \$45 and \$61.

A REVELATION. In size, magnificence and beauty, the St. Louis World's Fair will surpass any previous Exposition. The Katy Flyer, Katy Fair Special, The World's Fair Trains from Texas.

FEELING THE BANKERS. NEW YORK, April 23.—International banking houses in this city have received intimations that the Russian government is on the point of making its proposed \$100,000,000 loan.

WHEN OUT CAMPING. Or fishing, don't fail to take along a full supply of Walker's Red Hot Chili Sauce. Always ready.

WEATHER FORECAST

Continuing heavy rains with Galveston floating in a rainfall of almost 10 inches is the weather record for the past 24 hours. The official figures of the precipitation at Galveston are 9.24 inches which exceeded only once when a record 14.10 inches was made for 24 hours on Oct. 7 and 8, 1901.

Although not suffering from such a deluge other portions of the state also report good times. At Houston heavy rains fell to the joy of the farmers and the sorrow of the musicians gathered for the festival.

At the general headquarters of the Denver fete it was learned that good rains fell along that road, the heavy downpour that has visited that section of the Panhandle for several years. At different points along the line there was as much as one and a half inches of rain.

CONDITIONS IN COTTON REGION. The weather continues generally cloudy in the cotton region with scattered showers and generally light, except over the southeastern portion of the region where heavy local rains occurred.

FORECAST. The forecast for the Texas east of the one-hundredth meridian, issued at New Orleans, is as follows: North—Tonight and Sunday, showers; cooler Sunday.

WEATHER CONDITIONS. Forecaster George Reeder issued the following statement of weather conditions this morning: Unsettled weather prevails generally throughout the country west of the Mississippi including Texas. Light, scattered showers occurred during the past 24 hours over portions of the northwestern states, lower Missouri valley and lake region.

Table with columns: Stations, Min., Max., Wind, Fall. Rows include Abilene, Amarillo, Chicago, Corpus Christi, El Paso, Fort Worth, Galveston, Kansas City, New Orleans, Palestine, Phoenix, St. Louis, St. Paul, Salt Lake, San Antonio.

OPPOSITION FOR CECIL A. LYON. DALLAS, Texas, April 23.—Miss J. N. Strong, former private secretary of Republican Congressman Hawley in Dallas, yesterday held a conference with E. H. R. Green and other Republicans opposed to Cecil A. Lyon.

WILL PIPE OIL FROM TEXAS TO NEW YORK. CHICAGO, April 23.—The morning papers will announce that the Standard Oil Company has planned to lay a pipe line from Texas to New York, with branch lines radiating to the various oil fields.

STUDENT MAY PREACH IF HE WILL NOT WED. ST. LOUIS, April 23.—After heated discussion it was decided today by the St. Louis Association of Congregational Ministers and Churches, that Charles E. Castein, a divinity student, should be allowed to preach in the Sappington church, provided that he remains unmarried.

CARRIE NATION A FREAK AT \$300 PER. CHICAGO, April 23.—Mrs. Carrie Nation, the saloon smasher, arrived in Chicago today and will on next Monday commence an engagement at a dime museum. This is her first appearance in such capacity. Her salary is \$300 a week.

CALL OFF STRIKE OF SHOEMAKERS. CHICAGO, April 23.—The strike of the 800 shoe workers of Seiz, Schwab & Co. has been declared off by the national executive board of the union. The striking employees will meet today and decide whether to obey the order to return to work.

NEGRO INVENTS COTTON PICKER. LANGSTON, Ok., April 23.—Thomas Jefferson, a negro resident of this town, has recently secured patents to two inventions for the future of which he has great hopes. One of these is a jack-screw in which a system of cog does away with the crude device now in use.

TO SHIP MUTTONS TO FORT WORTH. SAN ANGELO, Texas, April 23.—Smith & Hamilton will ship six car loads of muttons from Miles to Fort Worth Sunday, April 24. These muttons have been fed on milo maize near that place for some time. No range muttons have gone out yet and they will not go out until along in May.

FILL STRIKERS' PLACES. BUDA PEST, April 23.—Several thousand men applied for employment on the government railways to take the places of the strikers. About 600 of them thus far have been engaged.

DIVORCE LAWYER UNDER HEAVY BAIL

Sensational Exposure of Methods in England Leads to Arrest of Lawyer and Detectives Employed. LONDON, April 23.—At the Bow Street police court today Henry Slater, head of the best known private detective agency in England, was held on heavy bail, charged with conspiring to pervert due course of justice.

The case is a sequel to a sensational divorce case, in which Slater was employed to secure evidence against a husband. The decree was obtained last November, but the authorities became suspicious, and after the rehearing this week the decree was rescinded, the jury finding that the husband was induced through the agency of Slater and Osborne to misconduct himself in order that his wife might obtain a divorce.

Mr. Osborne, who is a rather prominent lawyer, started English circles by saying he would pay for evidence if he could not get it any other manner; that he had the right to charge as much, as the client would give him, regardless of the fixed charges which exist among all solicitors here. The solicitor general bitterly denounced the existence such an agency as Slater's, which, he declared, hounded innocent women in a way that could scarcely be conceived, except for the present disclosures, which were all the more alarming, as Slater employed in the majority of divorce and similar cases.

Arrests are expected to produce further sensational matter relating to other cases. The prisoners will come up for further hearing April 30, today's proceedings being merely formal.

ALLEGED MUTE IS SELLING SOAP ON STREETS

Officer Turner Arrests Four Young People Who Are Alleged to Have Engaged in a Profitable Graft. There are persons who are deserving of the charity of the people who are refused the alms they ask from day to day because so many impostors who insist on a "graft" instead of being willing to earn an honest living.

Yesterday Officer George R. Turner arrested a quartet of young people on charges of vagrancy. There were two boys and two girls in the crowd, none of them appearing over 20 years of age. Their scheme is to pretend to be mutes, and in this way secure sympathy. They were offering soap for sale, and in many instances were very successful with their wares. One of them had this written on a slip of paper:

"I am a boy who can not hear or speak. And 'tis your patronage I seek. My father and mother have passed away And left me in this world alone, without a place to call my home; So I am selling toilet soap day by day, Trying hard to make my way. Please buy a box from me— Thus help me on my way in glee."

Presenting this paper to the lady of the house, the boy would make signs and display the soap he had for sale. It was a cheap article, but was sold at a profit. The four of them were involved in the plan. An investigation this morning developed that the boy with the above appeal is from Comanche. His father will arrive tonight to take charge of him. The others have made bond and have retained a lawyer to defend them.

LANGSTON, Ok., April 23.—Thomas Jefferson, a negro resident of this town, has recently secured patents to two inventions for the future of which he has great hopes. One of these is a jack-screw in which a system of cog does away with the crude device now in use.

TO SHIP MUTTONS TO FORT WORTH. SAN ANGELO, Texas, April 23.—Smith & Hamilton will ship six car loads of muttons from Miles to Fort Worth Sunday, April 24. These muttons have been fed on milo maize near that place for some time. No range muttons have gone out yet and they will not go out until along in May.

FILL STRIKERS' PLACES. BUDA PEST, April 23.—Several thousand men applied for employment on the government railways to take the places of the strikers. About 600 of them thus far have been engaged.

ARE YOUR KIDNEYS WEAK?

Thousands of Men and Women Have Kidney Trouble and Never Suspect It.

To Prove What the Great Kidney Remedy, Swamp-Root Will Do for YOU Every Reader of The Telegram May Have a Sample Bottle Sent Absolutely Free By Mail.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs. The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected, and how every organ seems to fall to do its duty. If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys begin to get better they will help all the other organs to health. A trial will convince anyone.

I cheerfully recommend and endorse the Great Remedy, Dr. Kilmer's Swamp-Root, for kidney trouble and bad liver. I have used it and derived great benefit from it. I believe it and have cured me entirely of kidney and liver trouble, from which I suffered terribly.

Most gratefully yours, A. R. Reynolds, Chief of Police, Columbus, Ga. Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering and fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often during the day and obliges you to get up many times during the night.

Swamp-Root is pleasant to take and is used in the leading hospitals, recommended by physicians in their private practice, and is taken by doctors themselves who have kidney ailments, because they recognize in it the greatest and most successful remedy for kidney, liver and bladder troubles.

EDITORIAL NOTE.—So successful is Swamp-Root in promptly curing even the most distressing cases of kidney, liver or bladder troubles, that to prove its wonderful merits you may have a sample bottle and a book of valuable information, both sent absolutely free by mail. The book contains many of the thousands upon thousands of testimonial letters received from men and women cured. The value and success of Swamp-Root is so well known that our readers are advised to send for a sample bottle. In sending your address to Dr. Kilmer & Co., Binghamton, N. Y., be sure to say you read this generous offer in The Fort Worth Daily Telegram. The Proprietors of this paper guarantee the genuineness of this offer.

A HORSE SCARES AT STREET CAR

Robert Moody Was Slightly Injured in Accident Which Occurred Yesterday on Daggett Avenue. Last night between 9 and 10 o'clock, on Daggett avenue, a horse drawing a run-about buggy, driven by Robert Moody, in company with Miss Pearl Forbes, took fright at an east bound City Belt car and only the presence of mind of Mr. Moody averted a serious if not fatal accident.

The car was approaching Wheeler street when the accident happened, and as soon as the horse showed signs of fright the car was immediately brought to a standstill by the motorman. The horse backed the buggy into a hitching post, throwing Mr. Moody and his companion out, after which, with Mr. Moody still holding the lines, the horse plunged into the fence on the south side of the street, demolishing one wheel and breaking the shafts and single tree. The young lady, when thrown out, was dragged several feet by becoming entangled in the wheels and the step of the vehicle, but was not hurt. Mr. Moody was injured about the chest and abdomen, though not seriously.

NO EXTORTION IN ST. LOUIS. Liberal Accommodations at Moderate Rates Assured by the Administration. The management of the St. Louis World's Fair is determined that visitors to the great Exposition shall enjoy ample accommodations at reasonable rates, hence under its auspices an enormous hotel, called The Inside Inn, has been erected inside the grounds of the Exposition.

This splendid hostelry is three stories high, 400 feet wide and 800 feet long. It contains spacious parlors, reading rooms and reception rooms. Its dining room and restaurant seats 2,500 people at a time and it contains 2,257 sleeping apartments. All visitors to this hotel enjoy the same service and the same excellent table; the range of prices being determined simply by the location and size of the rooms.

The hotel is run on both the European and American plans and rates vary from \$1.50 to \$5.50 per day, European, and from \$3 to \$7, American, including admission. The Inside Inn is under the personal supervision and management of Mr. E. M. Stalter, the well known restaurateur of Buffalo, which fact alone guarantees the high quality of the cuisine and service.

The comfort and convenience thus afforded visitors in not having to go outside the grounds or of incurring the trouble and crushing of street cars and suburban railway service can not be overestimated. Once a visitor is registered at The Inside Inn no further admission fee to the Exposition is charged, and after a tiring morning or afternoon one can readily return to their room, wash and rest up, refresh themselves with a first-class meal, and then turn out and enjoy the pleasures of the evening in the Exposition grounds. The enormous capacity of The Inside Inn assures good accommodations for all, no matter when or in what numbers they come—but those who prefer to reserve their rooms in advance may do so now. Full details of rates and reservations can be had by sending a postal card to The Inside Inn, care of Administration Bldg., World's Fair Grounds, St. Louis.

ELLIS & GREENE. Real Estate, 708 Main Street. Phone 1922. REAL ESTATE TRANSFERS. K. M. Van Zandt Land Company to Carl John Forsberg, lot 5, block 9, K. M. Van Zandt's second addition on William Dussell survey, \$145.

R. A. Bird to E. A. Grove, lots 16 and 17, block 7, Rosen Heights addition, \$1,500. Sam Rosen to James P. Hill, lot 13, block 35, Rosen Heights addition, \$600. Sam Rosen to W. L. Miller, lots 3 and 4, block 36, second filing to Rosen Heights addition, \$170.

M. W. Hurdleston to H. Abbott, lots 31 and 32, block 14, Emory College subdivision of Patton's addition, \$550. L. M. Whitsett and wife to W. L. Simmons Jr., lot 30, McAnulty & Nesbitt's subdivision of block 2, Evans' South addition, \$1,900. C. R. Keith to J. A. Ingram, lots 6, 7 and 8, block 4, Goldsmith's subdivision of Patton's addition, \$1,725.

CLUBS VICTORIOUS OPPONENT TO DEATH. ARDMORE, I. T., April 23.—U. G. Winn of Ada, former United States commissioner, lost a contest suit before the land office at Tishomingo. On return home he met the victorious opponent at Ravia. A fight ensued in which Winn used a pistol as a club. Will Cure the Following Symptoms: Pains in the side, back, under the shoulder, erick's smothering sensations, palpitation of the heart, a tired feeling in the morning, a poor appetite, coated tongue, blotches and pimples. Thirty days' treatment 25c. All druggists.

Market Quotations

MARKET REVIEW

The cattle market during the past week, while not on an active advance daily, has shown some strength over the close of last Saturday, and all good desirable killing grades of cattle, both in steers and cows have sold steady and active.

Good fat butcher cows have been in excellent demand, the best fed kinds selling around \$3.50 to \$3.75, and the medium grade butcher cows at \$2.50 to \$2.85.

Hogs have, under the influence of outside conditions, sold on a spotted market, trading almost steady to strong one day with a slight decline the next, with the result that values Saturday show a loss of 5c to 15c from last week.

The supply of hogs has been in moderate numbers, bringing the general bulk down to an average of fair to good quality mixed butchers.

Pigs and lights are selling at \$3.50 to \$4.25, with an extreme range in sales on a few choice sorted bunches of light hogs around \$4.40 to \$4.65.

The Saturday market, with three cars yarded, ruled steady and active, with a top of \$4.90, and the bulk at \$4.85 to \$4.75.

A report from Rapid City, S. D., says that there is nothing doing in the way of cattle trade. Absolutely nothing. It seems that none of the northwestern buyers feel like risking \$18 to \$20 in the present conditions.

Mr. Tomb has purchased 1,000 of the Oshker 2-year-old steers at \$13 and has at the range 4,000 head with the company in Texas.

Mr. Tomb expresses himself on the buying situation as follows: "If I had grass I'd go the limit on two at \$14 to \$15 this year."

They make all kinds of money, but they don't see the sense of putting them out on the range to starve. I've had some experience in this business and I've learned that you can always buy cattle when they're low and make money. When they're up, look out. Take the J's for instance.

It begins to look as though most of the young cattle moving from the south this year to northern pastures will come up in first hands. Scott & Robertson, Pemberton & rodgers, Lake-Tomb, and other breeders will send up considerable.

Most of the railroad live stock agents who have looked into the prospect, put the movement at 50 per cent of last year's volume. In 1901, the official inspection was 415,000 head. In 1902 it fell to 280,000, but in 1903 the reduction was startling, the total movement being but 235,000 head.

John M. Boardman, manager of the Pioneer Cattle Company, told a Chicago Live Stock World man, who is on his return from Texas, that cattle put on the Montana range by Texas men had suffered badly. He instanced the "Hat" stuff and when the interview reached Fort Worth, Mr. Boardman's version was attacked by Windfield Steers, who declared that very few "Hat" steers had been lost.

George A. Pemberton, of Pemberton & Cowden, Midland, Texas, is looking after the north-western stuff belonging to the firm. "The loss is heavy enough," says Mr. Pemberton, "I can't begin to say how heavy, but I know we have saved our mess wagon. That is as close as I can get to facts."

W. M. Kronk, a young ranchman of Las Vegas, N. M., is interestingly of the conditions in New Mexico, especially as regarding the present irrigation system and the condition and movement of cattle. He says: "Our cattle wintered well and they are in good condition at the present time. The range country has been pretty dry during the winter and are now in need of rain to start the grass, which would greatly benefit the stockmen. In that part of New Mexico we are compelled to make provision to care for our cattle in the winter and dry seasons when feed on the range is short."

Windsor and Sarnia. Animals subject to inspection only may enter in Ontario at the ports of Cornwall, Prescott, Brockville, Toronto, Bridgeburg, Sault Ste. Marie and Fort Arthur. Persons contemplating the importation of animals from any country except the United States must first obtain a permit. The periods of quarantine are as follows: On all cattle imported from Great Britain, Ireland or the Channel Islands, sixty days. The cattle from all other countries except the United States and Mexico, thirty days. On all sheep and goats from countries other than the United States, fifteen days. On all swine imported, except from the United States, for immediate slaughter, fifteen days.

A dispatch from Cody, Wyo., says: One Thompson, manager of Cody's ranch and champion broncho buster, has had the ride of his life on a buffalo bull.

Thompson and another cowboy were detailed to drive the animals from Cody to the ranch. Thompson, on a wagger, mounted one of the bulls, an enormous specimen. When the bull felt his weight he bolted.

For ten miles he was carried at a breakneck speed, the buffalo becoming more maddened with each jump. Arriving at Diamond creek, the animal plunged in, crossed and charged at an eight-foot clay bank.

The buffalo was hurled backward in a heap, but Thompson kept on, clearing the bank, and sailed through the air for thirty-seven feet. He was badly shaken and bruised.

Pierre Wilbaux, the well-known cattleman of Montana, says that he expects to clean up his cattle range interests and quit the business. He has now something like 8,000 head of cattle on the range.

J. Ogden Armour and family departed from New York last week on the North German Lloyd steamer Kaiser Wilhelm II for an extended tour through Europe.

SOUTHWEST TEXAS NOTES (San Antonio Express.) The report comes from South Dakota that the cattle trade in that state is not so good as it was in Texas. The Texas cowman is not in such straits that he will go to Dakota to find purchasers. A few middlemen were at Rapid City making a splurge, but they did not accomplish anything. When the northwestern grazers want anything in Texas they will continue to do as they have in the past—come down and take a look at it.

Dr. George W. Browning, inspector for the bureau of animal industry in the city, will leave this morning for Del Rio, where he will remain until the mutton shipments to market are completed. He will act as assistant to Dr. James W. Parker, who has headquarters in this city. Dr. Browning has been since the open season in Arkansas.

The season closed there on April 1. "Missouri only employs one inspector now," said he to the Express Friday, "and the department has relieved her at her own request of the expense of employing inspectors. The quarantine laws on the north border of Arkansas, and one state inspector in Missouri is sufficient to see that no cattle cross without inspection."

Colonel Sam Hunt came in Friday morning after spending the feed lots part of the week visiting the feed lots here and Fort Worth. "There are very few cattle now in the feed lots," said he, "and these will go out shortly. The supply then left will consist of the caked cattle in Southern Texas until the fat ones come in off the grass made by the recent rains down here."

Colonel D. R. Fant is confined to his room with a sprained ankle, caused by making a misstep in going down a short flight of stairs. The probabilities are that he will not be able to do much participating for thirty days. He has the sympathy of his long list of friends and acquaintances, who hope to see him out against as soon as his physician will permit.

The San Angelo Standard has some evidence that there is a private understanding between packers with reference to buying stock at the markets, and says: "A San Angelo sheepman had several cars of muttons in Fort Worth. Representatives from each of the packing houses there looked at them. Only one of them made him an offer. He sold one car to the only bidder. Another packing house man shortly after the sale had been made hunted him up and offered him a lower price for another car. The muttons being all the same grade. He declined the offer, asking the same price. The buyer was candid, probably not being

desirous of double dealing, and frankly told him that he would not give it, but would take half of those 5—bought. All of which he made good." This might be used as corroborating evidence, but the packers in this instance do not carry any individual might do. The buyer that made the checker offer would have testified on the stand that he considered his bid all the sheep were worth. Then what are you going to do about it?

E. J. Buckingham of Del Rio came in from Dallas Saturday morning. He says a good rain fell in that city Friday afternoon and that much of the territory between here and there got a good wetting also.

The American Dressed Beef and Provision Car Line Company has been incorporated under the laws of the state of New Jersey with a capital stock of \$200,000. The company will engage in manufacturing refrigerating and other cars. The incorporators of the company are: Charles C. Clyde, Frederick L. Palmer and Charles O. Geyer, all of whom give their addresses as No. 325 Main street, East Orange, N. J. They are clerks in the employ of a New Jersey trust company. The American Dressed Beef and Provision Company was also incorporated under the laws of the same state with a capital of \$300,000, and named the same incorporators. The charter of the company permits it to deal in animals and vegetable products.

John Dyer is back from a trip to Zavala county, where he spent several days eating fish and looking into live stock and agricultural conditions. "That is a country of great possibilities in the agricultural line and the farmers are going about it in a practical way," said he. "Irrigation is the only known preventive against crop failure, and the average citizen who has not kept posted on the situation would be surprised to see the progress being made. Zavala had some good rains during the wet spell two weeks ago, and probably enough to enable some of the mature steers to get fat, but as a general proposition it will take more rain for beef to get fat enough for market. It looks like we were going to get some soon, and not even the ranchmen can wish for it more ardently than I do."

E. B. Flowers of Lockhart spent yesterday in the city on his return from Fort Worth. He had some fat cattle up there, but they had not been sold up to the time he left the stock yards Friday, but admitted that if they got justice he would get a fair price for them. He took an active part in the proceedings on 'change here yesterday, which consisted principally of entertaining the members and being entertained by them, and left for home last night.

Captain John Todd and wife of the Laurels ranch are in the city for a few days. Captain Todd will make a short business trip to Austin before going back. He said Saturday: "We had some pretty fair rains down with us, but we will need some more to insure us good grass for the summer and fall. I believe this is the case generally throughout the country. The precipitation in many sections was, no doubt, overestimated, not so much by the cattlemen themselves, but by newspaper correspondents. Generally it was not a willful misrepresentation, however. Guessing at rainfall is a precarious undertaking at best, but the news must be sent out."

W. A. Lowe of this city has the sincere sympathy of his fellow stockmen in the sad dispensation of Providence by which he was bereft of his mother last week. Words of comfort at such a time as this are ineffectual in removing the deep sorrow, and all time cannot enable us to realize fully that by His wisdom are we called from the turbulent strife of this world to an eternal rest and bid with beckoning hand our posterity.

F. W. Church is in receipt of a letter from Claude K. White, who is down on the "California" ranch in which he says he has just brought in a flowing well which furnished 90,000 gallons of aqua pura per day. It is 114 feet in depth. He closes with this request: "Kindly send Mr. White a note just why he wants Mr. White notified is not explained, as he is not very fond of water anyway. The most reasonable conclusion is that Mr. White had disputed his ability to have an artesian well with a post hole auger."

The charge of the New Orleans Live Stock Exchange against the Texas and Pacific for alleged discrimination in live stock shipments to that market has just been heard before the interstate commerce commission, which was in session in that city last week. New Orleans has a rate of \$2.00 per car with that St. Louis, but the rate of 42 1/2 cents is the same, and the complaint is that the road has recently raised its rates \$15 per car from Fort Worth to New Orleans. The Texas and Pacific gave as its excuse for the rate that too many cars were sent in which to disregard the road by shippers. New Orleans naturally objects to that market being ruined for the reason that the Texas and Pacific could not prevent suits being brought against it. Judge Prouty of the commission gave the plaintiff a brief in which to file a brief and the defendants fifteen days in which to answer.

G. M. Casey of Clinton, Mo., the well-known shorthorn breeder, and who up to the time of his financial difficulties last fall was here, died at his home in that city, last week. He was a native of Missouri and was a member of the Missouri home Thursday morning last, after a serious illness of several weeks. His health had not been good for several months and it will be remembered that he was suffering from nervous prostration when he came to this city last year. He is well known to most of the Texas cattlemen and especially those of the San Angelo country, where he had large interests.

Joe Miller of the famous 161 ranch in Oklahoma has bought three buffalo bulls from Charles Goodnight, the Panhandle cattleman, to be killed at the inauguration of Chief Horse, chief of the Poncas, on May 8.

The movement started at the Fort Worth convention to remedy some of the ills with which the cattle industry is afflicted, and if not to remedy to know why remedy is impossible, was enthusiastically endorsed by the South Dakota cattlemen, and they will have a representative delegation in Denver on the 3d prox to joint Texas with the other range states in formulating a plan of action. Those railroads who have been promising much and doing nothing, will do well to make a reclassification and place live stock in the list of perishable goods.

The Chicago Live Stock World has

ards a prediction: "It having been decided that the Denver meeting of May 3 is not for the purpose of forming a new cattle association, we shall all wait very patiently to see what it is for." We bet it will be ferocious what the railroads have been doing to the stockmen."

JUDGE WINTHROP TO SUCCEED HUNT WASHINGTON, April 23.—President Roosevelt has selected Judge Beaman Winthrop of the court of the first instance in the Philippine island to succeed William H. Hunt as governor of the island of Porto Rico. The appointment has not been announced officially, but it probably will be in a short time. Judge Winthrop is from New York.

The British are planning to reproduce at St. Louis not only the noted Kensington Oranery, but the beautiful old-fashioned garden in front of it, with its flower beds, lawns, shady alleys and lily-covered ponds, not forgetting its bowling green at one end. Nearly all the property owners in the Fontaine marquee of Italy have given their consent to the project of renting their property for thirty years to a German syndicate, which intends to drain and cultivate it. Some Italian banks are included in the syndicate. The German emperor has drawn an ornamental sketch, which is described as a "memorial sheet," to be presented, with the official announcement of death, to the relatives of those soldiers of the Southwest African colony who have fallen, or will fall, in battle against the Herreros.

SHE KILLED HER RIVAL

Will public opinion save Anna Valentine, of New Jersey, from the gallows? This is the tragic story of her crime:

For eight years Anna Valentine believed herself the beloved wife of Michael Corlucci. She built with her own money the house in which they lived. She was in love with her husband and they lived happily.

Then Rosa Salva appeared and used her wiles on Michael. She won him. Inside of three months, so rapidly did life change for her, the deserted woman was homeless, dependent upon charity when she was without work. Her heart was broken at Michael's desertion.

But— Her successful rival went too far. She taunted and jeered at Anna Valentine, who suffered in silence. Finally the woman who had stolen her husband flaunted in her face the statement that she was an impure out-cast.

That was the limit. Anna Valentine did not fly into a passion. She set about her work deliberately. When she got through her rival was stabbed to death by eighteen wounds in her body.

The woman who had suffered so much did not try to escape the consequences. She was ready to give her life as the forfeit. She went quietly home, gathered up a valise full of clothes and walked to the police station.

At her trial she made no defense. Having lost the only man she loved, life was nothing to her. She felt no compunction. She had reverted to the cave-woman type—a creature who had followed her heart and not her head.

The jury could make nothing of it and saved murder in the first degree and a death sentence. However, The remarkable case has excited great interest, and extraordinary effort is being put forth to save the life of this woman who is totally indifferent to her fate.

What would you do were you governor of New Jersey?

The Denver Times charges that the reception to be given at the Planters hotel, St. Louis, by Governor Peabody is to be paid for out of the Colorado World's Fair fund, and that it will bankrupt the fund. Word from St. Louis says that an entire floor of the Planters hotel has been hired for Monday night, May 2, at a cost of \$2,000. Other expenses in connection with the reception will aggregate \$2,000 or more, making the total expenses more than \$5,000. If that is paid by the World's Fair board it will have only \$4,718 left in its treasury. According to the expense account filed during the past year the amount to remain in the treasury would not pay one month's expenses of the numerous employees of the board.

FOILED IN SUICIDE, IS SHOT BY ACCIDENT YAN BUREN, Ark., April 23.—Yesterday afternoon, because her husband had broken his pledge to quit drinking, Mrs. O. J. Ingram, living on Arbuckle's island in the Arkansas river, twenty-five miles below Van Buren, attempted to commit suicide by shooting herself, but was disarmed by her husband and ten minutes later was accidentally shot by the husband and killed.

Harry Lehr was asked to act as a judge to select a chorus girl to represent New York in the "Song of the Cities" in the Prince of Pilsen in London, but balked when he learned that newspaper men were to be present. Mr. Lehr has done so many foolish things that the newspaper men have told about that he was afraid he would make an ass of himself again, and he wanted to do the trick in private.

It is reported from Austin that a merchant displayed a picture of Lea Blanchette of Jefferson county, candidate for comptroller, in his show window and employees of the state working in the capitol threatened to boycott the store unless the picture was removed. The people would like to see the list of those who instigated such a boycott. They ought to be turned out at once, and without ceremony.

The insurance companies have just closed a rate war at San Antonio. Let it be understood that Fort Worth is a candidate for the next rate war. The merchants here have been paying high rates too long, and they will welcome

a little cutting. Fort Worth's splendid fire department and few losses annually will justify lower rates in this city.

A Filipino baby has been born on the World's Fair grounds in St. Louis and it is said that Secretary of War Taft is to stand Godfather for it. The country has been under the impression that he was endeavoring to be sponsor for the entire Philippine group of islands.

If the board of regents of the state university conclude to elect Judge W. D. Williams of this city to a position as assistant professor of law, they will not make a mistake. He is an able man and a good man, and the university will profit by having him in the faculty.

The editor of the Atchison Globe announced that violets are scarce this year, and the next day he received bouquets from all over Kansas, and Kansas girls sent them. Advertising pays, and we will remark just here that violets are scarce in Texas.

The republicans of Denver have nominated Hon. John W. Springer for mayor. John W. is a wheel horse and he will carry weight on the ticket. We are willing for the republicans in Denver to win with Springer on the ticket.

If Texas railroads were to follow the practice of the Pennsylvania company in giving a rebate for every hour the train was delayed in reaching its destination, it would be just like finding money.

It is remarkable how two people agree readily on a maneuver in conducting a war. Alexjeff said he wanted to quit and the czar at once seemed inclined to agree to the proposition.

If the touring cars do not reduce speed on the city streets, some one will be autotuned one of these days.

LOSS \$4,000 ON THE HARWOOD RESIDENCE

AUSTIN, Texas, April 23.—The residence and furniture of W. E. Harwood, state agent of a big flour mill here, were entirely destroyed by fire this evening. The residence is located at 1104 Blanco street and before the firemen reached the scene the property was almost a complete loss. There was no one on the place at the time, the family having left the house just a few minutes before the fire started.

Loss \$4,000, covered by \$1,500 insurance.

COMES TO FORT WORTH TO SECURE HIS BRICK

WACO, Texas, April 23.—Charles Ockander, a member of the firm of Ockander Bros., to whom was recently awarded the contract for the paving of Austin street, left for Fort Worth yesterday afternoon, where he will get his brick contracts in definite shape. While at Fort Worth he will hear from the parties who are to furnish the material, and as soon as this information is received he will communicate with the city so that grading of the district to be paved can begin.

INCREASE SHOWN IN DALLAS COLLECTIONS

DALLAS, April 23.—City Tax Collector Sam Taber's office is busy preparing the annual statement showing the amount of taxes collected for fiscal year which will end May 1. When seen by a reporter this morning Mr. Taber stated that the showing would be about \$100,000 better than that of last year. This is due to the fact that the valuations have been raised all over Dallas city and also to the general prosperity of the city.

TEXAS BANKER VISITS THE CITY OF MEXICO

CITY OF MEXICO, April 23.—J. C. Smyth, president of the Forst National bank of Venus, Texas, is here. He expects to remain here some weeks. While his visit primarily is merely to see the republic, yet he intends to look over the situation and determine to his own satisfaction whether or not there is a field here for another bank.

FOILED IN SUICIDE, IS SHOT BY ACCIDENT

YAN BUREN, Ark., April 23.—Yesterday afternoon, because her husband had broken his pledge to quit drinking, Mrs. O. J. Ingram, living on Arbuckle's island in the Arkansas river, twenty-five miles below Van Buren, attempted to commit suicide by shooting herself, but was disarmed by her husband and ten minutes later was accidentally shot by the husband and killed.

TO TELEGRAM SUBSCRIBERS The Telegram is delivered to subscribers by district managers, who control the routes in which they work. They buy their papers from The Telegram Company and pay for every copy taken from the office. In behalf of these men The Telegram Company asks the co-operation of the readers of the paper in seeing that papers are promptly paid for. These district managers must depend on their collections for their daily living. They pay The Telegram Company for the papers they order every day, whether they make collections or not. The Telegram's responsibility ceases when the papers are placed in the hands of the district managers. Many subscribers do not understand this and it is in the way of explanation that this statement is made. These men have every authority to collect for the papers for the doing so they are making their own collections.

GREAT SCRAMBLE BEGINS FOR LANDS OF THE FIVE TRIBES

President Signs Indian Appropriation Bill Removing Restrictions on Indian Lands

MUSKOGEE, I. T., April 23.—At 12 o'clock today word reached here from Washington, D. C., that the president had signed the Indian appropriation bill, and immediately thereafter there was a great scramble for land, occasioned by the fact that the removal of the restriction clause in the bill, places the freedman of all of the five tribes in possession of his allotment and gives him the right to sell to whom he chooses. Heretofore the only land that could be sold was Creek lands, and had to be advertised for sixty days and sold to the highest bidder, and all sales were subject to the approval of the secretary of the interior. In this manner it took something like a month to consummate a sale, and was very unsatisfactory, as a great many of the bidders on the land were from the states and were

IMPROVEMENTS AT WAXAHACHIE That City Will Spend Over \$100,000 for Public Buildings in 1904

WAXAHACHIE, Texas, April 23.—The year 1904 will witness the expenditure of more than \$100,000 on public buildings and improvements. Notably among the buildings is a public library to cost \$25,000, a new public school building to cost \$34,000 and a new church being erected by the Cumberland Presbyterians at a cost of about \$15,000. The city recently voted bonds in the sum of \$25,000 to be expended on the enlargement of the city's water system. A boy's dormitory at Trinity University to cost \$10,000 is contemplated. The library and church are in course of construction. Work on the school building will be commenced next week. In addition to these improvements a large number of residences have been erected this year and plans for others are being prepared.

ROOSEVELT INTERESTED IN DAMAGE SUITS

CHICAGO, Ill., April 23.—Suit against the Pennsylvania, the Chicago & Alton, the Chicago and Northwestern railroads, involving \$5,000,000, and which will also draw the city into a legal battle, are being prepared. The litigation is founded on the laxity of the city in drafting the track elevation ordinances, and clouds title to the rights of way of the railroad companies involved. Hundreds of property owners with holdings near the tracks are directly interested in the outcome. Principal among these are heirs to the Roosevelt estate, including the president and his family, and the Masury and Ogden estates.

ROUGH TREATMENT DUE TO RIVALRY IN LOVE

WELLINGTON, Kan., April 23.—Walter Dillman, a young farmer living near Caldwell, was waylaid by a party of masked men on the outskirts of the town, was shot in the right leg, gagged and blindfolded and taken several miles into the country by his captors, where he was left by the roadside. The trouble arose over a young lady, to whom he had been engaged, and the rival of his attentions. The rival's friends are supposed to have made the assault. Dillman is seriously hurt.

FRIENDS MAKE GOOD SHORTAGE OF \$20,000

CLEVELAND, O., April 23.—The sum of \$19,158 in cash was today turned over to the Guardian Trust Company, as assignee of the Federal Trust Company, by representatives of George F. Clewell, former cashier of the latter bank, who a few days ago arrested St. Joseph, Mo., on the charge of embezzling the bank's funds. The amount named has been raised by Clewell's friends, and it is stated, makes good the latter's shortage. It is believed the case against him will now be dropped.

AMERICAN TEAMS WILL SHOOT ON A RANGE NEAR NEW YORK UNDER THE EYES OF A FRENCH REPRESENTATIVE

GREAT IRRIGATION WORKS COMPLETE

MODESTO, Cal., April 23.—This place was in gala attire today and crowded with visitors on the occasion of the opening of a two days' celebration of the completion of the great irrigation works of the Modesto and Turlock districts. The new system is the most extensive in the entire country. Through the medium of twenty large canals a quarter of a million acres of land are supplied with water brought from the high sierras and diverted by the great La Grande dam. The work has been completed at an expenditure exceeding \$2,500,000.

\$15,000 OPERA HOUSE BEING CONSTRUCTED

WAXAHACHIE, Texas, April 23.—Work on an opera house to cost in the neighborhood of \$15,000, was commenced this morning by contractors. The house is being erected by V. H. Shelton of this city. Mr. Shelton owns a two-story brick building on Washington street, one block from the public square. This building will be made larger and converted into a first class theater. The house will have a seating capacity of about 1,000. The first floor and balcony will be furnished with opera chairs of the latest make. The scenery for the building is being painted in Kansas City.

DENIAL IS MADE BY MISS STRONG

DALLAS, April 23.—A communication was received from Ft. Worth yesterday to the effect that Miss J. N. Strong, former private secretary to R. B. Hawley, national committeeman, is not interested in politics and is in Texas on her way to California. "The statement that I was in Dallas yesterday is incorrect," said Miss Strong over the long distance telephone. "I am simply on my way from Washington to California and am not interested in politics. I have resigned my position as private secretary to Mr. Hawley."

ODDS THAT ROOSEVELT WILL BE NOMINATED

NEW YORK, April 23.—F. H. Brooks has been commissioned to place a bet of \$1,000 to \$700 that Roosevelt will receive the nomination for president at the Chicago convention. One day last week Mr. Brooks, a Republican, placed a bet of \$5,000 that Roosevelt will be the next president.

CONNECTICUT GIRL ELOPES WITH NEGRO

BRIDGEPORT, Conn., April 23.—The police of this city have sent out a general alarm through Connecticut and have communicated with the New York city police to look out for a young couple, who, it is believed by their parents, have eloped. Miss William Youngs, the mother of fifteen-year-old Irene Youngs, reported to the police that she believed that her daughter had eloped with Austin Taylor, a colored boy, about her age, the son of Mrs. Charles Taylor.

FRENCH RIFLEMEN CHALLENGE AMERICANS

NEW YORK, April 23.—A challenge from the Cercle Des Carabiniers of Paris has been accepted by the Manhattan Rifle and Revolver Association for a match between teams of fifteen men a side to shoot with rifles and revolver. With the rifle forty shots to the man are allowed at 200 yards on the French target and with the revolver forty shots at fifty yards on the standard American target, all in strings of ten shots each. The shooting to be done between May 7 and 15. The French shotsman will shoot at their ranges in Paris with a representative of the American contestants there and the

IMPROVEMENTS AT WAXAHACHIE That City Will Spend Over \$100,000 for Public Buildings in 1904

WAXAHACHIE, Texas, April 23.—The year 1904 will witness the expenditure of more than \$100,000 on public buildings and improvements. Notably among the buildings is a public library to cost \$25,000, a new public school building to cost \$34,000 and a new church being erected by the Cumberland Presbyterians at a cost of about \$15,000. The city recently voted bonds in the sum of \$25,000 to be expended on the enlargement of the city's water system. A boy's dormitory at Trinity University to cost \$10,000 is contemplated. The library and church are in course of construction. Work on the school building will be commenced next week. In addition to these improvements a large number of residences have been erected this year and plans for others are being prepared.

AN ARRAIGNMENT OF FAKE DOCTORS

WASHINGTON, April 23.—The Stephens bill providing for the regulation of the practice of medicine and surgery in the Indian Territory has passed the senate, after being held up by the committee on Indian affairs of that body for over two months. The bill will undoubtedly prove of inestimable benefit to the people of that territory.

The report of both the house and senate committees who had charge of this measure is outspoken in support of the Stephens bill. These reports have already been printed in these dispatches and were a just arraignment of the rascals who practiced without the least qualifications. President Roosevelt, in whose hands the bill now rests, is expected to attach his signature of approval shortly.

MAY SELL RAILROAD LANDS

The senate has passed the Long bill, permitting the Ozark and Cherokee Central Railroad Company and the Arkansas Valley and Western Railroad Company, and each and either of them, to sell and convey their railroads and other property in the Indian Territory to the St. Louis and San Francisco Railroad Company or to the Chicago, Rock Island and Pacific Railway Company. The bill was unanimously reported from the committee on Indian affairs, and will probably be passed by the house in the next few days. The bill in full is as follows: That the Ozark and Cherokee Central Railroad Company may sell and convey to the St. Louis and San Francisco Railroad Company or to the Chicago, Rock Island and Pacific Railway Company all the land owned by said railroad company and all the property, rights, privileges and franchises appurtenant or relating thereto, such sale and conveyance to be made upon such terms and conditions as may be agreed upon by the boards of directors of the respective companies parties thereto.

TWO POPULAR SHERMAN PEOPLE ARE MARRIED

SHERMAN, Texas, April 21.—Cards have been received announcing the marriage of Miss Lora Whiting of Bells and Dr. Barry Arthur McDaniel of Bonham at the home of the former at Bells. They will be at home at Bonham after May 1. They are popular young people of this section and have the best wishes of many friends.

PLAN TO STIMULATE SIDEWALK BUILDING

HILLSBORO, Texas, April 23.—Alderman Blanebard has a plan for sidewalk building which he thinks will greatly stimulate sidewalk building in the city. His plan is for the tax payers instead of paying their street tax into the street and to apply it to the construction of sidewalks on their own property or on the property adjoining or wherever it will be of most benefit to them personally. At present this tax all goes into street improvement and the sidewalks are neglected.

SHREWD CONFIDENCE MAN DEAD OF PNEUMONIA

NEW YORK, April 22.—Francis Coleman, better known as "Colonel" and until ten years ago regarded as one of the shrewdest confidence men in the world, is dead in Bellevue hospital from pneumonia. He was penniless, but friends raised a purse to enter his body.

CONSUMPTION Coughs, Colds - then Consumption Weak lungs are mostly due to a neglected cough. Only a small per cent of the millions who have consumption inherit it. This wonderful remedy has never before been advertised. It has simply been sold to people who have heard of it through friends, and thousands of persons have been cured inside of a few months. Start today. Delay is dangerous. THE MILKS' EMULSION CURES LIKE MAGIC Cures Croup, Bronchitis, Asthma, Chronic Stomach Trouble, Constipation, Lung Troubles of any kind and General Debility. READ THESE TESTIMONIALS Which come from the hearts of those benefited by this remedy. The Milks' Emulsion Co., Terre Haute, Ind. Gentlemen—Something like a year ago my daughter was taken with a bad cough. It seemed to grow worse, and after trying all the different cough medicines we consulted a physician, who pronounced it consumption. We consulted other physicians and they all claimed my daughter's lungs were badly affected and seemed to hold out no hope for her. Finally, hearing of Milks' Emulsion, we sent for some and it gave her immediate relief. We were delighted and as she continued its use we could see her grow strong and well again. It was a godsend to us and we cannot speak too highly of it. Yours respectfully, J. MAGEE February 10, 1903. Conestoga, Ohio. The Milks' Emulsion Co., Terre Haute, Ind. Gentlemen—Last winter when in a very bad condition with a cold on my lungs some friend recommended Milks' Emulsion. I tried it and was surprised at the results. It cures coughs and colds almost immediately. It is very fine for throat trouble and I do not hesitate to highly recommend it to anyone suffering from colds, coughs or throat trouble. Yours truly, CARL STAHL, of Stahl, Urban & Co., Terre Haute, Ind. October 31, 1903. The Milks' Emulsion Co., Terre Haute, Ind. Gentlemen—Some time ago my daughter, aged 14, took a violent cold and we were very much alarmed about her. We tried several remedies, but no good resulted. One day your "ad" was thrown on our porch and from the reading of it, I became interested and that same day I got a jar of your Milks' Emulsion. Well, the result was magical. After taking only two doses, she seemed better, breathing free and easy. We followed it up for two days only, and she was as well as ever. I have such great faith in your Emulsion myself, that when my neighbor's baby had the croup, one night, I told my wife to go over and give the baby some Emulsion. She did so and it immediately stopped the croup, and the baby was all right next morning. I shall always speak a good word for Milks' Emulsion. You can refer anyone to me. Yours truly, W. L. TIBBETS, 2221 Ashland Ave., Indianapolis, Ind. February 2, 1903. Money refunded by your druggist if the first bottle used does not bring results. THE MILKS' EMULSION CO., TERRE HAUTE, IND. DASHIEL IS HELD OF UNSOUND MIND

He Was Under Indictment for Assault to Commit Murder

A jury in the county court Friday afternoon found George H. Dashiel guilty of insanity and he was remanded to jail.

It will be remembered that the grand jury returned an indictment against Dashiel charging him with assault to commit murder. He is accused with attempting to kill a young lady in this city about five weeks ago.

All witnesses who testified yesterday swore that Dashiel was of unsound mind, even his mother swore that her son was insane.

LUMBERMEN'S STRIKE SETTLED

Six Hundred Men Go Back to Work With Monthly Pay Day Established

Word was received this morning from C. W. Woodman, state secretary of the American Federation of Labor, stating that the lumbermen's strike in Trinity county had been successfully settled with a monthly pay day established.

The original difficulty, as contained in letters sent to this city by the men there, is said to have been the non-establishment of a monthly pay day.

This was complained of to the national body, who advised that action be taken through the courts under the state laws.

Mr. Woodman will return to this city at once, but until that time full details of the settlement can not be learned.

NOTICE EAGLES

The members of Fort Worth Aerle No. 42 will meet at Eagle Hall Sunday, April 24, at 2 p. m., to attend the funeral of Brother H. C. Whitehead, M. D.

GOODS THAT GIVE TROUBLE

"I hope," said the manager of the storage warehouse, "that you haven't any of your customers' goods packed away in these trunks."

"What difference does it make to you if I have?" demanded the dressmaker indignantly. "It makes this difference," returned the manager, with a corresponding show of spirit.

"So far I have escaped arrest on the charge of receiving stolen goods, but if I keep on dealing with dressmakers the chances are my time will soon come."—New York Press.

THE SORT OF GIRL HE WANTED

"I want to see about getting a servant," said the married-looking man to the clerk of an up-town intelligence office.

"Aren't you the gentleman who was here about a week ago?" inquired the clerk.

"Where is the girl we sent you?" "Gone."

"Look here! Suppose you give me an exact description of the kind of girl you want instead of letting me do the guessing."

"Let me see," was the pensive rejoinder. "You'd better send one who is about 4 feet 4 inches in height, weight in the neighborhood of 130 pounds and—rather short-waisted."

The clerk gave a report of astonishment and then added: "Would you mind telling me what you discharged the last girl for?"

"We didn't discharge her," he said, sadly. "She left. My wife's bicycle wouldn't start at her."—New York Press.

FLEET BONDS BUILD HELLO LINES

Mortgage on the Property of the People's Company to Raise Enough to Construct Toll Lines

The People's Home Telephone Company was organized at Gainesville, September 23, last year, with a capital stock of \$250,000, \$150,000 of which is to be used in procuring money, labor, material for the construction of the telephone lines and equipment of the corporation in Denton, Cooke and other authorized counties in Texas.

The bonds to be issued are to run twenty years and bear 6 per cent interest. The board of directors of this company met in Chicago, October 29, last year, and ratified the organization of the company as outlined above.

The company contemplates the construction of telephone systems in Cooke and Denton counties, and possibly Tarrant county, to be of an independent nature, and will probably operate in conjunction with other independent lines in Texas.

The president of the company is William Rowland and C. B. Luck is secretary.

CRUM NOT LIKELY TO BE CONFIRMED

WASHINGTON, April 23.—It begins to look as if Crum was not to be confirmed at this session, as collector of the port of Charleston. The president is becoming nervous over the matter.

Looking at it in a practical way they are disposed to insist that Crum and his color shall not only have the honor, but they realized that he is kept out of the letter by the republican party, and hence, so the story goes, the president is afraid they may doubt the sincerity of the republican party in its professions to the negro, which just at this time would not be well for that party.

CHANGE ON COTTON BELT

There will be a change in the schedule of the Cotton Belt, which becomes effective Monday morning, April 25, as follows:

No. 194, for Texarkana, Memphis, Cairo and St. Louis, which formerly left at 10:30 a. m., now leaves at 8:15 a. m.

No. 6, St. Louis flyer, solid vestibule train, formerly left at 12:30 p. m., now leaves at 2:05 p. m.

No. 192, for Dallas, Texarkana, Memphis and St. Louis, formerly left at 9:30 p. m., now leaves at 9:15 p. m.

Also the following change in arrival of trains:

No. 101, no change, arrives at 6:50 a. m. No. 193, formerly 5:05 p. m., now 7:25 p. m.

No. 5, formerly 1:20 p. m., now 1:50 p. m.

John M. Adams, city ticket and passenger agent of the Cotton Belt, has information from headquarters to the effect that a rate of 75c to Dallas has been put on. The round trip rate from Fort Worth via Noel Junction to Dallas will be \$1.25, with a thirty days' limit.

WOMAN'S CONFESSION

After 25 Years "Confession makes the heart glad and it makes me glad to confess that I was wrong about coffee, for discounting coffee and using Postum has made me feel like a new woman," so writes an Ohio lady.

"I drank coffee 25 years and at first did not notice its bad effects except that at times my heart troubled me but after a while I began to feel all the time and could not sleep, my stomach and liver were in bad condition and my heart was giving me serious trouble. I became alarmed and consulted a physician who said, 'You have no organic disease of the heart. I kept on drinking coffee getting worse all the time.'"

"I consulted one after another until four physicians were persistent in saying I had no disease of the heart; still I was not convinced, I was certain my heart was badly affected because I had frequent attacks, each one being more severe than the others. The terrible experience of those attacks is hard to describe—I would grow faint and fainter until I became so weak I could not speak above a whisper. The perspiration stood out all over me in great drops. I thought I was going to die, then in a little while I would leave me weak for a few days afterwards. I began to think perhaps it was the coffee that was affecting me so gave up the use of it but found it hard to stop until I began using Postum.

"The result of the change from coffee to Postum was I gradually got better and better, and in a few days I was me until now I consider myself entirely well. After using it a year we prefer it to coffee and the terrible heart attacks from which I used to suffer so have disappeared. I would never have imagined that coffee could work such ill and that Postum could correct it in so short a time.

"My son drank coffee twice a day for several years, suffered with severe pains and burning in the stomach and dyspepsia so bad he could eat nothing but dry toast for days at a time. He tried various remedies but nothing cured him. When I began using Postum he began to try it too, leaving off coffee, and the result has been that he is completely cured.

"My brother-in-law was an inveterate coffee drinker, had such heart trouble he was often unfitted for work two and three days at a time, but when he was persuaded to use Postum and cut out the coffee altogether, he got well." Name given by Postum Co., Battle Creek, Mich.

Look in each package for the famous little book "The Road to Wellville."

Humor and Philosophy

By DUNCAN M. SMITH

Copyright, 1904 by Duncan M. Smith.

THE FELLOWS WHO DONT GET CAUGHT.

You never hear of the bank cashier Who borrows a tidy sum To dip in wheat or buck the street And gather a private crumb. If he succeeds in his misdeeds To light are never brought, It's evermore plain sailing for The man who isn't caught.

The statesman who is ever true And honest, if it pays; Who wouldn't steal or make a deal A bunch of coin to raise— Unless, perchance, some circumstance Throw him a shady price— If no one knows, do you suppose He'll ever make them wise?

The trusted judge who would not budge A half inch, if at all; Piles up the dough in banks, although His salary is small. You would not print the faintest hint That justice could be bought. I do not say it goes that way; I know he isn't caught.

And so it goes, when no one knows Just what is in the brew. There's a man who wears a brass air. And live a life of ease Are honored and accounted grand And not of common clay. And win applause and fame because They made their get-away.

Fable of the Boys Who Came Up to Expectations.

Once there was a very Naughty Boy who Smoked Cigarettes, swore Great Oaths and Swiped Apples from the Orchards of the Honest Farmers. He was so Depraved that the neighbors Had No Use For Him unless they could Rent him at So Much Per Hour as a Horrible Example for their own Sons.

Everybody Predicted that Bill Jones would Go to the Bad, and one Man kept his Mouth Fixed to say "I Told You So!" year in and year out so that He would be Johnny on the Spot the First Time that Bill Jones should get Pinched.

Good Little Girls held their Fingers in their Ears and crossed to the Other Side of the Street as he came Swagging Along Practicing the Latest Swear Words. It must be Confessed, However, that Bill was a Great Favorite with the Boys, who secretly Wished they Dared be as Wicked.

On the Other Hand, Harry Brown, who Lived Hard By, was known Far and Wide as a Good Boy. His parents never had to Reprimand Him, and every one Predicted for him a Bright Future. He was Studious in School and Courteous to his Teacher, and, Above All, he never Smoked Cigarettes. No matter how much he Desired it, he always said, "No, Thank You," when asked to have a Second Piece of Pie.

As Time Went on and they Grew Trier Harry frequented the Y. M. C. A., while Bill Took in All the Prize Fights.

One day a Farmer missed thirteen of his Favorite Hens, and the Village Police man after a piece of Neat Detective work arrested Bill, and he was sent to the Reform School.

On the same day Harry Secured a Position in a Bank, with Excellent Prospects of Becoming President and Marrying the Daughter of the Leading Stockholder.

Moral.—Sometimes it happens in Life The Way it is Written in the Story Books.

PERT PARAGRAPHS.

While a lazy man may be certain that his affliction is caused by a germ, he is not anxious to have the doctors locate it and drive it away.

Often the most slothful man delights in rushing the can.

If he laughs best who laughs last, the Englishman must laugh best, for he is the last to see the point of a joke.

When the devil finds work for idle hands, it is apt to be a pleasant task than the foreman of the section gang, for instance, might find for them.

Every man should learn to tell the truth. It is convenient at times to know how.

It is the other fellow's business to make you think that you can beat his game.

A newly married couple buy a full set of chairs, though they do not see what use they will ever have for but one.

Some people think that it will be impossible for the man to go to heaven who eats with his knife.

Before a man marries he lets a girl have her own way because he has to.

A heart is like no other piece of machinery. The second break is never as bad as the first.

If some congressmen told their constituents just what they thought of them, they might not have a chance to go back to congress.

There must be grim satisfaction in it for the horse who has to pull an automobile to the repair shop.

TURNED THE HOSE ON YALE STUDENTS

Stage Door Habitues Are Dispersed by an Application of Water

NEW HAVEN, Conn., April 23.—Several hundred young men, including many Yale students, have been driven from the stage door of a theater here by a stream from the fire hose. They had gathered in answer to advertisements for supernumeraries in a production of Carmen.

A large contingent of students became suddenly possessed of a desire to lend their services to the production. The narrow alley-way leading to the stage door was soon filled and performers as well as box holders could not enter.

To relieve the congestion, the management sent out orders to the waiting crowd that the supply of amateur material was equal to all demands, but this did not serve to decrease the throng and the few police on duty also found their efforts of little avail. The students whiled away the time with colleges and responded to the police attempts to push them out of the alley with good natured cheers, and remained immovable. Finally the hose was brought into action and hundreds were drenched before they could get away. They did not return, however.

PEOPLE OF BLUEFIELDS BACK UP THE SEIZURES

NEW ORLEANS, La., April 23.—Passengers arriving here from Bluefields brought some details of the seizure of the six British schooners in that harbor, as a result of which Great Britain is to lodge complaint with Nicaragua, and it is reported send the cruiser Retribution to Bluefields. The captains of the schooners when caught contended that they were fishing in neutral waters; the Nicaraguan commandant said they were conducting turtle bred in Nicaraguan waters. The net result of the dispute was the seizure of the schooners and the incarceration of their crews in the jail at Bluefields. The schooners are lying safely in the harbor.

"When I left Bluefields," said J. A. Jeangrand, who arrived yesterday, "things were as calm as a summer sea. There was no excitement over the seizure and no apparent apprehension of trouble."

The people of Bluefields generally support the commandant in the seizure. The turtle fisheries constitute an important item of Nicaraguan commerce, and are jealously guarded. There has been friction between the authorities and the crews of foreign vessels, but only now has Nicaragua determined on drastic measures to enforce her claims.

GIDEON'S BAND IS AT BARABOO

BARABOO, Wis., April 23.—"If you belong to Gideon's band," your proper place is in Baraboo today. Several hundred, only a fraction of the total number of Gideon's band, are here for the annual convention of the Wisconsin division. The order is strongest in this state, though it has a large membership also in Iowa, Illinois, Minnesota and elsewhere. Reports were presented at the business sessions showing that the organization continues to increase its membership at a gratifying rate. Tomorrow there will be special religious services in several churches, in which the visiting traveling men will take a leading part.

BASEBALL GAMES OF COLLEGE NINES

NEW YORK, April 23.—All of the leading colleges have baseball competitions scheduled for today, but as is customary in the early games of the season, the big teams will meet weaker opponents, the matches being virtually practice games for the more important contests a few weeks later.

The chief contests scheduled for the middle west are those of Northwestern and Illinois at Evanston, Indiana University and Wabash College at Bloomington, University of Minnesota and Carleton College at Minneapolis, Purdue and Rose Polytechnic at Lafayette, Nebraska and Drake at Des Moines, and Washburn College and Emporia State Normal school at Topeka.

LOUBET STARTS TO ROME TO SEE KING

PARIS, April 23.—President Loubet, Foreign Minister Delcasse and a distinguished company of officials today started for Rome, to repay the visit of King Victor Emmanuel to Paris in October of last year. The trip is attracting widespread attention.

SAN ANGELO IS IN NEED OF RAIN

SAN ANGELO, Texas, April 23.—The country is needing rain. A few drops fell here last night and telephone reports to this place state that good rains fell at Coleman, Sherwood, Christoval, Ozona and Tal Cawley's ranch, twelve miles north of here. Light rains are reported at Sonora and Paint Rock.

DR. PRICE'S CREAM BAKING POWDER makes home baking easy. Nothing can be substituted for it in making, quickly and perfectly, delicate hot biscuit, hot-breads, muffins, cake and pastry.

PRICE BAKING POWDER CO., CHICAGO.

PRESIDENT UNDERWOOD ABROAD

(New York Press.) They are taking all sorts of liberties with President Underwood while he is abroad. One of the stories appears in Major Farrow's "Railway Critic." There was a terrible time on the Transiberian road, dynamic, cold, blizzards, trains bogged into yawning crevices, etc. Only a solitary passenger appeared unimpaired, as he smoked his cigar. His evident contentment aroused the wrath of the czar's official manager. "In the name of the bell of Moscow," he exclaimed, "are you a devil, a man or a Japanese war god, that you enjoy this so much?" "I am resting," replied the passenger. "This is wonderfully calm and peaceful. It is a model road." "Speak, man, who are you?" "I am F. D. Underwood, president of the Erie."

BEFORE AND AFTER

(New York Press.) A pompous man wearing a silk hat, which surmounted a fringe of white hair, boarded an elevated train at Sixty-Sixth street. The train started before he was seated and he lurched heavily against a giddily dressed woman. The encounter took place so quickly that he did not have time to see his fair neighbor, but a rapid glance from the corner of his eye, as he

COTTON MARKET OPENS STEADY WITH DECLINE

NEW YORK, April 23.—The cotton market opened steady at a decline of 6 to 10 points, following disappointing cables as to futures on the Liverpool market. After the call the market rallied 4 to 5 points from the opening figures.

EXPOSED WORKING OF THE MORMONS

Woman Dead Who Had Much to Do With Anti-Mormon Legislation

LOS ANGELES, Cal., April 23.—Mrs. Fannie Stenhouse is dead at the residence of her son-in-law, H. Franklin Hiller, 847 East Twenty-seventh street. Mrs. Stenhouse was 74 years of age. Her death removes from the world the woman who more than any other individual revealed the inner workings of the Mormon church under Brigham Young.

SPORTING NOTES

VICTORY FOR CHRISTIAN UNIVERSITY

WACO, Texas, April 23.—The Texas Christian University defeated Trinity here yesterday by a score of 5 to 1. Up to the fourth inning neither team scored, then Moulden, for Christian University, knocked a three-bagger and brought in two runs. Moulden then scored on Bush's fly to left.

DALLAS BEATEN

SAN ANTONIO, Texas, April 23.—Yesterday Dallas lost the first game of the series to San Antonio. It was decidedly a pitchers game. The work of Thomas, who was in the box for the locals was good and he received strong support. Reagan was handicapped by the poor support he received.

PARIS BEATEN

DENTON, Texas, April 23.—The locals defeated the Paris team here yesterday by a score of 6 to 2. The features of the game were the catches of Deken and Barnard and a home run by P. Witherspoon.

GAME POSTPONED

HOUSTON, Texas, April 23.—On account of rain the Fort Worth game to have been played yesterday was postponed.

NO GAME AT GALVESTON

GALVESTON, Texas, April 23.—The Galveston-Corpus game was postponed yesterday on account of rain.

RAILROAD RUMBLINGS

A meeting of the directors of the Frisco system in Texas is to be held at Sherman, May 19, to consider, among other things, a proposition to merge all the Frisco lines in Texas. The lines which are to be merged are the St. Louis, San Francisco and Texas, 14.45 miles; Fort Worth and Rio Grande, 195.87 miles; Red River, Texas and Southern, 88.52 miles; Paris and Great Northern, 16.94 miles; Blackwell, Enid and Texas, 12.77, and the Oklahoma City and Texas, 5.65 miles, representing a total mileage in Texas of 337.53.

These lines will be merged into the St. Louis, San Francisco and Texas, and the consolidation will be similar to that recently made by the Rock Island in Texas, being consolidated under the charter of the Chicago, Rock Island and Gulf.

GOES TO HOUSTON

C. W. Davidson, formerly contracting agent for the Santa Fe in Fort Worth, which position he resigned to accept the chief clerkship in the office of Assistant General Freight Agent Booth of the International and Great Northern headquarters at Houston, is well known in Texas railway circles, particularly in this city where he was located a long while. He succeeds W. F. O'Conner, resigned.

SUCCESSOR TO DOUGLASS

Since the announcement was made several days ago that the successor of J. P. Douglass as general agent for the Fort Worth and Denver City and the Colorado and Southern Railroad Companies at New Orleans is likely to be Ed S. Beard, now commercial agent of the former company, headquarters in Fort Worth, very many favorable reports of Mr. Beard have appeared in the newspapers. It is understood here that Mr. Beard is among several competent men now being considered by General Freight Agent Sterley and General Passenger Agent Gisson, who make the appointment, approved by Traffic Manager D. B. Keeler of the Denver Road. The appointment of Mr. Douglass' successor will likely be announced in the course of a few weeks.

OIL ON RIGHT OF WAY

The Southern Pacific company has inaugurated an experiment, which if suc-

THE TRAINED NURSE

HER STRENGTH SOMETIMES TAXED BEYOND LIMIT

A Graduate of the New York Training School Tells How She Recuperates After Heavy Strain

The trained nurse plays a very important part in the modern treatment of disease, greatly to the relief of both doctor and patient. Because she is well disciplined she is able to perform difficult service and to endure fatigue in a manner that excites admiration and wonder.

Every word of the following careful statement of Mrs. Jessie M. F. Cummings of 81 Whitmore street, Hartford, Conn., a graduate of the New York Training School for Nurses, is entitled to the weight which attaches to the utterance of an expert:

"Several months ago," said Mrs. Cummings, "I was completely worn out as the result of a very serious and trying case I had attended. I needed a tonic, and so I got six boxes of Dr. Williams' Pink Pills for Pale People and took them faithfully. I obtained the good from them I expected to, and I can say with truth and pleasure that the remedy is a splendid tonic for women's nerves."

The soundness of Mrs. Cummings' opinion is confirmed by the experience of numerous sufferers from nervous disorders, debility to partial paralysis. Dr. Williams' Pink Pills have cured obstinate cases of neuralgia, prostration, sciatica and St. Vitus' dance; they have even conquered the most frightful cases of nervous debility and had been told to prepare for death.

NEW KATY LINES

At a meeting of the directors, Kansas and Texas directors held in Guthrie a few days ago, the construction of 184 miles of additional railroad track was authorized. The lines are to be as follows: A line 150 miles long from Guthrie or Oklahoma City to Texas; if from Guthrie, then the St. Louis, El Reno and Western will be purchased for a starter.

WILL EXTEND TO TEXARKANA

Surveyors are in the field running a line from Guthrie to Texarkana. This work is being done for the Denver, Enid and Gulf company.

ARKANSAS RAILROADS

A charter for the building of the Mountain Park and Terminal railway, at Little Rock, has been approved by the state board of railway incorporators of Arkansas.

CHANGE ON THE CENTRAL

At midnight April 24 there will be a change put into effect on the Houston and Texas Central railroad that makes some difference in the arrival and departure of passenger trains at this point. Train No. 82 southbound now leaves Fort Worth at 8:15 a. m. After the above date it will depart at 8:10 a. m.

SHOT BY HIS BROTHER-IN-LAW

AUSTIN, Texas, April 23.—Charles Templeton, a farmer living two miles south of Elgin, was shot by his brother-in-law three times yesterday. His wounds are thought to be mortal.

A NOTRE DAME LADY'S APPEAL

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbago, backache, pains in the kidneys or neuralgia pains, to write to her for a home treatment which has repeatedly cured a host of these tortures. She feels it her duty to send it to all sufferers FREE. You cure yourself at home as thousands will testify—no change of climate being necessary.

TO SHIP WORLD'S FAIR EXHIBITS

W. P. McNeil of Georgetown Is Here With Consignment of Articles

W. P. McNeil, assistant in the agricultural department of the state, is here today from Georgetown, arranging for the shipments of World's Fair exhibits that have been accumulating during the past few weeks, or since Collecting Agent Graham went to St. Louis some time ago with a large consignment of exhibits.

Mr. McNeil is very much gratified over the success in Texas in regard to collecting a very fine exhibit of the state, and says especially it is the show to be made by the Texas millers a great one. Each mill furnished two sacks of flour. This will go forward to St. Louis in a day or so. From the Waco woolen mills has been secured a very fine exhibit, and to show what can be done in the way of manufacturing woolen goods in Texas, Mr. McNeil wears a suit of clothes made by the mill.

"We have so much faith in the fertility of the soil of Texas that we propose to offer a prize to any other state in the Union that can produce any sort of produce, grain, etc., that can not be grown successfully in Texas," said Mr. McNeil. Continuing he said:

"The rice display will not be surpassed by any other section of the continent. We will show rice grown from Japanese and Honduras varieties. There will be more than 800 bundles of rice and twenty bushels in the rough stage, besides hundreds of rice to be exhibited in many ways. Possibly the most unique exhibit will be three gourds. They have been given the name of 'Republican,' 'Democrat' and 'Populist.' The first is named because the handle is 'crooked' from one end to the other. The Democrat is so named because the handle is 'crooked' only at one end, while the Populist gourd is all handle, with no head. In the collection of gourds there are some fifty different varieties and will prove to be an interesting sight. There will be eighteen different squash varieties.

"There will be a seed case containing more than 250 different varieties, all of them being labeled, while the display of native grasses number more than 125. There will be shown cabbage heads weighing twelve pounds and beets and carrots of sensational size."

MOTHER'S MILK

alone, as a food for babies, excels in safety, nutrition and convenience Borden's Eagle Brand Condensed Milk. Its use for infant feeding is constantly increasing, as both physicians and mothers find it is just what the infant needs for health and normal increase in weight.

GOT NO FISH AND ADMIT IT

Fishing Party From Mail Service Visit Benbrook With No Success

There are honest fishermen in the world and the railway mail service seems to have captured a number of them. The party of men in the service who visited Benbrook on a fishing expedition have returned to this city and one and all admit they didn't catch a fish, and further, didn't get even a bite.

AMUSEMENTS

Tonight—Harry Corson Clarke.

The theatrical season in Fort Worth will close tonight when the tag is said and the curtain drops after the production of "What Happened to Jones." The Harry Corson Clarke company will close the season. This afternoon the company is presenting "His Absent Boy" at a matinee and the final performance is to follow. The Clarke Company is a good one, and the comedies presented here are very entertaining.

THINK TISDAL HAS THE BEST CHANCE

Prospects Are Good That Fort Worth Man Will Be Elected Commander

The members of the Sons of Confederate Veterans in Fort Worth are very much elated over the prospect of N. B. Tisdal, at present commander of the Trans-Mississippi department of the sons, succeeding National Commander W. McL. Fayssoix of New Orleans.

Mr. Tisdal is receiving letters to the effect that he is the choice for the position, and members of the local camp are assured that Mr. Tisdal will be elected at the reunion to be held at Nashville, Tenn., in June next.

On May 5 the local camp will go over to Dallas on a special interurban car to attend a meeting of the Dallas Sons.

The following general orders were issued yesterday by Commander Tisdal:

PORT WORTH, Texas, April 23, 1904.—General Order No. 5.—Comrades: The following appointments are hereby made on the staff of the commander of the Trans-Mississippi department of the Sons of Confederate Veterans:

J. H. Greer, assistant adjutant general, Fort Worth, Texas.

B. H. Kirk, assistant adjutant general, South McAlester, I. T.

Clinton Barr, assistant inspector general, Fort Worth, Texas.

W. T. Smith, judge advocate general, Mount Vernon, Texas.

Miss Nannie Parham, assistant judge advocate general, Mount Vernon, Texas.

Miss Hattie Haley, assistant judge advocate general, South McAlester, I. T.

Dr. J. T. Wiggins, assistant surgeon general, Rusk, Texas.

Miss Margaret E. Neal, assistant surgeon general, Carthage, Texas.

Miss Laura Scott, assistant chaplain general, Vinita, I. T.

Miss Eva Mae Scott, assistant adjutant general.

Miss Ted Edrington, assistant adjutant general.

Miss Ada Darber, assistant adjutant general, all of Fort Worth.

It is hoped that members of the confederation, wherever located, will show their ladies the honor and courtesy due their positions.

N. R. TISDAL, Commander, Trans-Mississippi Department, U. S. C. V.

I. J. STOCKETT, Department Adjutant and Chief of Staff.

SEEN AND HEARD AT THE CAPITAL

WASHINGTON, April 23.—The poetic habit is growing with members in the House of representatives. Mr. Humphreys of Mississippi, talking the other day on the prosaic subject of rivers and harbors, asked the house to indulge him as he repeated "the very apt language of a very sweet singer" in the following vein: "Time but the impression deeper makes, As streams their channels deeper wear. But Mr. Humphreys, making this poetic reference the basis of an argument for stronger and better levees on the Mississippi was not without immediate precedent. Representative Gibson of Tennessee only a day before had indulged in exhortatory remarks about statesmen who oppose the old-age pension disability order. The Tennesseean declared in thunderous tones that these opposition discussions seem to darken by their elucidations. And puzzle by their explanations.

Senator Platt of Connecticut comes honestly by his devotion to pie. He was born in a section where pie is a favorite, and has lived there most of his long life. When his lunch hour arrives he enters into no detailed explanations. The Connecticut senator calls his colored messenger.

"James," he says, "bring my lunch." A visitor happened in the room of the committee on Cuba when this daily message was delivered to James. In a few minutes the messenger returned from the restaurant, bearing two choice cuts of custard pie.

"Perhaps you think two pieces of pie are a big lunch for a man of almost four score years," said Mr. Platt in light conversation. The visitor protested, but Mr. Platt added with calm philosophy: "Well, I have eaten as many as three pieces."

Representative Graff, who comes from the rural section of Illinois, claims to have an excellent joke on one of the smart physicians up in Chicago. "A friend from Peoria, named Peter West, called on me the other day," said Mr. Graff. "Peter is a jolly man. He has now retired from the saloon business, where in the course of twelve years he made a fortune that now yields an income of \$100 a day. He is on the way to Germany to join his wife and daughter, both of whom are attending a school there. Another daughter is the harpist in Thomas' orchestra in Chicago."

"Going up to that city not long ago, Peter visited a physician to ascertain whether there was any trouble with his heart. This doctor extracted from him a fee of \$25 and then undertook an examination. He had not gone far before he haunched a very serious air. "What's the matter?" asked my Peoria friend.

"Well," answered the physician, "you must at once abstain from the use of all kinds of liquors. You must not use tobacco and you must not smoke cigarettes." "At that Peter cheerfully demanded his \$25 back and left the office with angry exclamations. He is probably the most remarkable man in Illinois in that, although a saloon keeper, he never took a drink or used tobacco, and the mention of cigarettes always puts him in a rage."

Representative Watson of Indiana received a letter the other day from a constituent very eager for information. The representative in the district had charged that a certain democratic candidate for the presidency parted his hair in the middle and smoked cigarettes in the bargain. At this the democrat retorted President Roosevelt did likewise. A local paper

When You Go Hunting

Around for a "To Let" sign to place in the window of that house it shows that you are not in a hurry to secure a tenant. When you get in a hurry you will advertise it.

printed these charges, and counter charges and a whole countryside became immensely interested in the matter. Therefore this letter of inquiry from the republican constituent desiring information at first hand.

The reply of the facetious representative disposed of the question as to cigarettes by stating that he was plainly untrue, as President Roosevelt did not smoke at all. "I don't remember how he parts his hair," added Mr. Watson, "but that doesn't matter, any way. It's what there is under the scalp that counts."

Then he continued in a postscript: "Since writing the above I have called on the president. I was not sure that he had combed his hair at all."
