FROM LINCOLN TO

Catarrh of the Stomach is Generally Called Dyspepsia -- Something to Produce Artificial Digestion is Generally Taken.

Hence, Pepsin, Pancreatin and a Host of Other Digestive Remedies Has Been Invented.

These Remedies Do Not Reach the Seat of the Difficulty, Which is Really Catarrh.

The only rational way to cure dyspepsia is to remove the catarrh. Peruna cures catarrh. Peruna does not produce artificial digestion. It cures catarrh and leaves the stomach to perform digestion in a natural way. This is vastly better and safer than resorting to artificial methods.

Peruna has cured more cases of dysc pepsia than all other remedies combined, simply because it cures catarrh wherever located. If catarrh is located in the head, Peruna cures it. If catarrh has fastened itself in the throat or bronchial tubes, Peruna cures it. When catarrh becomes settled in the stomach, and Miss Hazel Blain of Sherman and Peruna cures it, as well in this location as in any other.

Peruna is not simply a remedy for dyspepsia. Peruna is a catarrh remedy. Peruna cures dyspepsia because it is generally dependent upon catarrh.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable ad-

AMERICANS SETTLING IN MEXICO Walter Everett of Omaha, Neb., president of the Pan-American Railroad, is According to an exhaustive statistical securing the acceptance by the Mexican of our cemetery. To our ladies who are government of the first division of the Pan-American, which was recently finished, and which is ready for use. This extends from San Geronimo to the southern part of Oaxaca to Tonala, in the state of Chiapas. In order to arrange for the schedule and opening of the road, the work has been inspected and an nounced finished by the government en-

and restore the energies and vitality of gineers. This is the mission of President sound and perfect health. Y. J. Hubbard, Everett in the capital of Mexico. Temple, Texas, writes, March 22, 1902: "I When the Pan-American Rails When the Pan-American Railroad placed in operation, which will be on or It has done me more good than all the before July 1, there will be established doctors. When I feel bad and have that a complete connection with the Tehuaan- and old family of Maryland, which once tired feeling. I take a dose of Herbine. tepec National Railroad. This will open owned slaves, is about to go to Liberta It is the best medicine ever made for up a rich country. President Everett re- as a missionary. She says she will de-50c at bottle. Sold by ports that contractors are ready to begin vote her life to the converting of negroes work on the next division from Tonala to to Christianity.

a point called Tapachula, about twentyfive kilometers from the Guatemala frontier. This work will be pressed as rapidly as possible to completion. "One remarkable thing about the Isthmus of Tehuantepec," says President Everett, is the number of Americans who are coming into the country in search of investments in plantation lands. years ago, when our company first began work upon its concession there were very few Americans in the country. Now they are coming in every day, so that there must be now fully 2,000 Americans in the country engaged in various occupations and looking for plantations. The country will soon be controlled by them at the rate they are going there and buying lands. I think this speaks well for the section, for if they were not pretty good no great amount of American capital would be invested in them."

ILLINOIS CENTRAL DEAL

The details of the merger between the Illinois Central and the Indianapolis Southern are being arranged in New York The announcement of this merger is said to have created a sensation. The capital stock will be placed at \$5,000,000, of which the Illinois Central will probably hold 51 per cent.

for making cloth and the management will THE KATY REACHES AUSTIN The tracks of the extension of the Misouri, Kansas and Texas from Georgetewnsto Austin have been completed and stock is to be placed with Fort Worth great rejoicing among people of the capital city. Train service, however, will not be inaugurated before next Sunday. There will be a double passenger service with a single ocal freight train in each direction daily after that date. The passenger trains will connect at Granger with trains Nos. 3, 4, 5 and 6, the last two being the fly

When the next extension has been put in first-class shape a trackage arrangement will be made with the International and Great Northern for the use of its ne. . It is estimated that this service ill be inaugurated in the course of two

Statesman says:

"The fact that the Missouri, Kansas and Texas will make a joint trackage agreement with the International and water 5,000 feet in length with an aver Great Northern for trackage rights between Austin and San Marcos in order that better service and time may be made in and out of San Antonio, is considered adapted for such purposes and capable significant of the fact that in return for of withstanding any volume of water. significant of the fact that in return for this concession the International will be permitted to operate its trains in and out of Dallas from Italy over the rails of the Missouri, Kansas and Texas.

"Mention of this arrangement has been made several times in the Statesman heretofore, but it had not been positively known until now that any kind of a joint trackage agreement would be made between the two railway companies.

### Letters to The Telegram

I had occasion to visit the cemetery Fort Worth's city of the dead. I have visited in my time many cemeteries in vari-

their philanthropic money and energy and efforts towards making our cemeteries not simply inviting, but even partly decent?

is small force and limited funds is doing the best he can, but help is needed to do the work rightly. In justice to those of our loved ones who sleep there so solicitous concerning the welfare of to go to church. I suggest that they take a drive through the city cemetery and OBSERVER.

Formation of a Fishing Club Is in Progress and Committee Comes to This City

A committee from Dallas, containing number of Elks, visited this city last night and at the local Elks rooms explained the plans under consideration for the formation of an organization to be known as the Eagle Lake Club.

Those forming the committee were: L. H. Bomar, T. W. Taliaferro, I. J. Willingham, W. M. Coombs, A. B. Lipscomb and W. H. Taliaferro.

According to the plan the club and fishing grounds, which will be located at stop 23/2 of the interurban, will be a stock ompany with eighty stockholders. Between fifty and sixty men in Dallas will be in the company and the remaining The meeting of last night was merely for the purpose of presenting the plan to any of the Elks who might be interested, and no action of any sort was

night in regard to the proposed club: "We have the finest location possible for such club. A long mountain is situated on the property and it is proposed to build a large club house on the top, overlooking tend around the lake site, which would make admirable locations for the indiline between Austin and San Marcos and vidual members to build cottages upon thence into San Antonio over its own; A beautiful drive could be constructed at a small cost from the railroad to the club house, which would make it very conrenient for the members.

"The dam will have a base of 120 feet with a slope of two to one feet, giving crown twelve feet wide. It will be 1,008 feet long, which will support a bed of age width of 900 feet and a depth which will be from four to twenty-nve feet.

"The nature of the soil there is finely

"Fish to stock the lake will be procured from the government hatcheries at San Marcos. It being the only lake in that vicinity it will make a natural stopping place for ducks. Everything is hoped & be in readiness by next fall.

"We propose to equip this club take with a modern, up-to-date club house,

Dr. Pierce's **Favorite** 

Mrs. H. A. Alsbrook, of Austin, Lonoke Co., Ark., writes: "After five months of great suffering with female weakness I write this for the benefit of other sufferers from the same affliction. I doctored with our family physician without any good result, so my husband urged me to try Dr. Pierce's medicines—which I did, with wonderful results. I am completely cured. I took four bottles of Dr. Pierce's Pavorite Prescription, four of his 'Golden Medical Discovery' and two vials of his 'Pleasant Pellets.'"

The Common Sense Medical Adriser, 1008 large pages in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. Pierce, Buffalo, N. Y.

which will include a large assembly hall, bowling alley, the upstairs of the hall will have rooms fitted up for members and their families, with a veranda all around the building. There will be a large bathing pool supported by artesian wells, a lake that will cover 100 acres of the val-ley, which is a natural basin, between a beautiful chain of hills on one of which there are twenty-five acres of smooth, pretty land on top, where the club and superintendent's houses will be erected. These little hills afford the most beautiful ights that any one could magine, and the members could erect cottages thereon. The shares are very reasonable, considering that they are non-assessable and can be had on terms."

# ROSEN HEIGHTS

At the last meeting of the North Fort

Nash Furniture Company.

Worth city council held Tuesday night last the importance of ordinance passing was discussed. Since the town was inorporated a great many ordinances have en passed, as this is always one of the first steps of a new city government-to pass its laws. One of the aldermen at the recent meeting insisted that more importance should be attached to this part of the work and suggested that the council go slowly and consider everything that is seen in the following general or came before the body before taking action upon it. He was in favor of doing away, with the "for effect" system and advocated the passage of only city laws the constitutionality of which had been upheld by test cases in the courts. This This refers particularly to blank brought out some little discussion, in and may render it necessary for which the city attorney advised the members of the council along the same lines. He stated that unless a law was constitutional he saw no reason in passing it, as it might later be brought up for a test in the courts and involve the city in expenses to carry it through with nothing but defeat in sight. In illustrating this point the city at-

orney stated that the currew ordinance which was recently passed had been declared unconstitutional as a city law, and if protested was sure of defeat. This ountry, he maintained, stands foremost among all others for liberty and even though this has a small bearing on the constitution relating to the law of liberty, he said that its unconstitutionality had been conclusively demonstrated.

NEW STREET WORK

Yesterday City Engineer J. M. Hall finshed the grading lines on Ellis avenue from Central avenue to Twenty-tourtn street and down Twenty-fourth street to Main street. This work was done in preparation to having these streets graded and graveled, the work on which will commence at once.

ICE CREAM SOCIAL

In Collier's Grove last night the ladies of the Christian church entertained their friends with an ice cream social, which was a complete success in every way. Nearly \$30 was realized from the supper, which will go toward paying off the debt of the church.

Wonders What Kind of Bait Episcopal Preacher Uses to Save Souls The revival meetings of Abe Mulkey at

the tabernacle are growing more popular every day; that is if one is to judge from the increase in attendance. As a result of the talk on the "Moth-

er-in-law" last night, when the evange-

"Some people don't believe in the devil until they get married," a large percent-age of young husbands and sons-in-law were present at this morning's service. Rev. Mr. Mulkey took for his text part f a passage from Luke 5:5, "Nevertheless at Thy word." The passage refers to the scene where Jesus directs Peter to ower his net for the fishes, and where Peter having been unsuccessful in fishing the night before hesitates, believing

that it is useless to cast his net. The evangelist took this for the foundation of his sermon, showing where mankind ogten heisltates, even though the Lord directs the casting of the net.

"That's just the way with some people." said the evanfielist; "they won't cast their net simply because it has not been their custom. It was not Peter's cstom to fish as Jesus directed, but when he had faith and obeyed, lo, his net was

"Now some people don't believe in comng to revival meetings, simply because it is not their custom. When a show comes

He called names and among those is working like a charm turning out mentioned were owners of Main street real pig iron. Mr. Fry added that it was intended to begin the manufacture of water pipe by the state during the present week and that the output up to the first of August has already been sold. The purchasers are several cities in Texas and one or two railroad companies. When the machinery is put through to its full capacity the daily

output of pipe will be about thirtyfive tons. Mr. Fry believes that the state foundry at Rusk will have all it can do from now on. He predicts that the state can find a market for all pipe it can make at very satisfactory prices, which it is claimed will be cheaper than other factories, because the heavy freight to Texas points will be avoided

when the pipe is bought in Texas. LIVE STOCK NOTES

General Live Stock Agent Galbreath of the Katy said today that there was a very large movement of fat cattle from the southern part of the state at the present time. The shipments are consigned to all the markets in the north. There are several train loads passing through Fort Worth

# METHODISM

George E. Nies Explains the Agreement Which Is in Existence and What May Be the Result

There is fear that the establishment of too many churches in Marine, or North Fort Worth, will result in nullifying an agreement between the Methodist Episcopal church and the Methodist Episcopal Church, South, which has been made and which extends over the entire country.

This statement is made by those in position to know, and it is wondered if Temperature Rain- State of a small settlement in Texas can have

of the Methodist Episcopal church. ist Episcopal Church South now has a church at Marine, or North Fort Worth, A mile distant is located the Methodist Episcopal church at Rosen Heights. Under this agreement neither church can in honor build a church in the neighborhood play. of the other, as one church answers the purpose for each locality. This agreement is operative both north and south and is intended to do away with all unbrotherly strife or unnecessary occupancy by two struggling churches where one will answer the purpose. The scheme of federation also paves the way for closer relations in the matter of transfer of ministers and common ritual, while the common hymnal has already become an accomplished fact. Organic union may not come, but much has been done to secure No. Temperature. Rain- broad fraternity and co-operation, and to de away with any rivalry which would only be injurious to both

"It is true that if this agreement should be broken in any part of the country it will doubtless nullify the entire action. because if one church will not observe the agreement it naturally releases the

While I was in Los Angeles it was my pleasure to speak several times in the beautiful Methodist Episcopal Church, South, at Hellywood, a most delightful suburb. Under the agreement the Methodist Episcopal church is barred from entering this locality, although I think a majority of the Methodists were former members of the Methodist Episcopal church. While there are thirty Methodist Episcopal and only four Methodist Episcopal South in that city, still this rarticular locality is well served by the southern church and will retain ine field under the agreement. The observance of this agreement will bring the churches still closer together and pave the way for greater harmony in the future.

The polar bear is the only wild animal that likes a trip on the water, according to a French scientist who has studied its behavior at sea. He is quite jolly when aboard ship, but all other animals violently resent such a voyage and vociferously give vent to their feelings until seasickness brings silence. The tiger suffers most of all. He whines pitifully, his eyes water continually and he rubs his stomach with his terrible paws. Horses are bad sailors and often perish oh a sea voyage. Oxen are heroic in their attempts not to give way to sickness Elephants do not like the sea, but they are amenable to medical treatment.

HAVE YOU A COUGH?

A dose of Ballard's Horehound Syrup will relieve it. Have you a cold? A dose of Herbine at bed time and frequent small doses of Horehound Syrup during the day will remove it. Try it for whooping cough, for asthma, for consumption, for bronchitis. Mrs. Joe McGrath, 327 E. 1st street, Hutchinson, Kan., writes: "I have used Ballard's Horehound Syrup in my family for five years, and find it the best and most palatable medicine I ever used.'

TO KILL MOSQUITOES

"An almost effectual remedy for killing mosquitoes is coal oil,' said a citizen today referring to these pests

It is claimed that a quart of coal oil poured down the waste pipe of ice oxes will entirely eradicate mosquioes. It is well known that they breed wherever rainwater exists, and as ice water is distilled it affords an excelent place for them. "Try this remedv." said the gentleman, "and you will soon see the pests disappear for

Become an owner in one of the best and strongest companies in Mexico while you can get in on the ground floor.

WE AIM to make the Toltec the quickest Dividend Payer on record.

The company owns seven gold mines on which development work is being pushed; is out of debt; owns its water power. Has a six stamp mill in operation on its mines. Expects to make its stock worth par in one year. Stock par value \$1, will be sold at 10 cents. Fully paid, nonassessable. This stock will go to par the first thing you know. Buy

### GREAT FORTUNES

Are not made by men in mining who are waiting for a sure thing. They are made by investments in enterprises while the mines were pros-

rects. The time to make an investment is while the enterprise is shaping itself.

The formation period of an enterprise is the "Ground Floor," when all the big money is made. The mistake men make in mining investments is in waiting until all the ore is in sight. He who does will have to pay dollor for dollar for everything he gets. You can buy gold dollars for one hundred cents, but there is no profit in the investment. The men who make the big money in every great enterprise are those who came in at the beginning. The history of every great enterprise proves this, and gold mining is no exception.

The Gold, Silver and Copper Mines of the United States Pay More Annual Dividends than All the National Banks and Railways Combined

## FURNACE OUTPUT UN THE DECREASE

Statement of the Condition of the Trade by the Iron Trade Review

ing market conditions, the Iron Trade Review in its current issue says:

Restriction in pig iron production is still under way and midsummer promises to show a marked falling off from the and the probability of several weeks' idlehigh point reached in April, when furnace output was at the rate of 19,000,000 tons mills governed by the Amalgamated Asa year. An accumulation of 100,000 tons sociation scale is not remote. of merchant furnace pig iron on May 1 and June 1, from what would produce 19, 000,000 a year to what would produce 17,-500,000, shows that the slowing down pro-cess is not only needed, but that a vigorous beginning has been made. In the past week one merchant furnace and four steel works blast furnaces in the central west (three at Mingo Junction and one at Cleveland) have been added to the list. In addition the closing of two Bessemer steel plants is announced and the open hearth plant at South Sharon, Pa

Secretary Paddock of Board D. Haber Is Less Than Twenty of Trade Announces the Full Amount Has Been Raised

> front, no matter what it undertakes," said Secretary B. B. Paddock of the Tarrant county's assessment made by the Texas World's Fair commission.

FAIR FUND

Secretary Paddock this morning received corporation, which is naturally modest, as all corporations are, and does not care to be paraded before the public as being due td by him.

The assessment against Tarrant county by the Texas World's Fair commission was \$4,807. The total collections already made by the local committee are \$4,561 leaving an uncollected amount of \$2.6. which Seccretary Paddock says will be forthcoming. All this amount that has been collected has come from Fort Worth not a cent having been contributed from any outside point, which fact speaks well for the liberality of the people of this city. In fact, Fort Worth is among only a few cities in the state that has come t the scratch and paid up its assessment The other countles in the state that have met their obligations to the World's Fair fund are Calhoun, which was \$461, and has paid \$500; Coma county, as sessed \$720 and paid \$800; El Pas county, assessed \$3,624, has paid over \$4,000, and Galveston has paid more than its assessment, the amount already paid being \$6,526. The assessment agains Dallas county was \$9,548, and including the collections from over the state made by the News, the total amount raised ! that county is only \$4,000, a shortage \$5.548 still remaining uncollected.

The assessment against the counties of the state was based upon 2 per cent of the the Chicago district, has had no relation to the restricted movement of ore on the lakes. The strike as a factor in the iron the commission does not expect to be able The reto collect this entire amount. ceipts thus far show that \$120,000 has been secured. Secretary Paddock does not believe that very much more of the total assessment against the state will be col-

PICTURES OF FORT WORTH AT THE FAIR

bor questions are important to the iron Secretary Paddock stated today that the work of securing pictures of different business and residence buildings in Fort ment, after the manufacturers had pre-Worth which are to be given a conspicuous place in the Texas building at the scale, with a \$4.50 base price for pudfair is about to reach its end, and parties The sheet and tin plate scales also present large obstacles to the agreement photographs to the Board of Trade at as early a period as possible. The pictures ness after July 1 in the various rolling expected that the group will occupy a panel in the display large enough to attract much attention, and the secretary belieevs that the display of photographs will be one of the vest best methods of advertising Fort Worth at the World's Fair. He says that enough pictures have first to come will be the first served. It is expected that there will be between twenty-five and this **ELECT OFFICERS** twenty-five and thirty different views.

Canada pays to the British government one-half the cost of the maintenance of the imperial troops provided for her defense, which New Zealand is a party to Company Did a Fine Business the naval agreement of 1903, under which she pays a proportion of an annual co-During the Past Season and Ionial contribution of \$1,000,000 for the naval defense of herself and the commonwealth of Australia

One of the favorite maxims of General Grant, and one certainly in accord with human nature, was that in' ery closely contested battle there comes a time when both sides are exhausted. When this condition arises, he said, the army that first breaks the lull and puts itself in motion is likely to win. A blow then is worth a dozen previous ones.

Alfalfa is the great forage crop of Central Washington. In the warm valley practiced, this plant produces four crops in one season. A grower at Prosser, The report made by the secretary showed that the company did a very satisfactory years' business during 1903-4, for \$6 a ton in the stack.

The London Express learns that "it is year were very flattering. There were trade or profession, as 'Draper Jones,' or Mr. Singleton, beside being connected 'Attorney Smith.' "

RUBBED IT IN

Good Advice That Was Overlooked Good advice, like experience, has to be 'rubbed in" sometimes, for we don't pay attention to it until two or three friends tell us the same thing.

A Tampa woman who believed that coffee was hurting her and her husband, wouldn't be convinced until nature had forced the truth home. Then they quit, as she says:

"My love for coffee was so strong, sociation took in the World's Fair, which to give it up seemed impossible until my nerves were completely shattered when we finally found the condition of both of us so serious we decided something must sociation will hold its convention this be done.

year in Fort Worth on July 4. Mr. Sin-"Our minister's wife had recommended gleton says that it will be very largely Postum to us a few years before as the attended. He expects to be present if finest food drink made and advised us to possible. He will leave for St. Louis to- try it if coffee was hurting us; but we wouldn't believe coffee was doing it, so we didn't try the Postum. Indeed we forgot all about the good lady's advice Ellic W. Renn of the Fort Worth and and when we finally broke down under Galveston R. P. O. has been promoted coffee we shifted to tea, but soon found we were just as bad off as ever. Then Lorenzo C. Wallas of Little Rock has we used simple 'kettle tea' or hot water been appointed to the Coffeyville and Lituntil about eight months ago we were strongly urged to get some Postum, which Oliver L. Mitchell of St. Louis has been we did and, my, wasn't it a surprise. appointed to the St. Louis and Texarkana

"What a delicious drink that first cup of Postum was, so satisfying and such a wonderful relief, for we need a hot drink at meal times, provided it is healthful and not a stimulant. It was perfectly de-"Fewer Gallons; Wears Longer" means lightful, with no bad effects following. that you don't have to paint your house and from that time husband and I have non, so often, and you don't have to use so improved steadily in health and spirits, much paint.
