

# MILKALO'S BIRTHDAY JAPS COMMENCE GENERAL ATTACK

### Russians Having Retired Upon Liao Yang, and Made Selection of Battlefield, the Yellow Fellows Follow Them Up and at an Early Hour Upon Anniversary of the Natal Day of Their Sovereign, Commence Decisive Battle of the Land Campaign—Russian Front Is Attacked From Every Vantage Point and Losses Are Very Heavy—First Gun Is Fired at 3 a. m., and for Hours the Engagement Continues, Stubborn Resistance Being Shown by the Forces Under General Kuropatkin—It Is Believed the Day Is Signalized by a Similar Movement Against Port Arthur

LIAO YANG, Aug. 30, 2 a. m.—Today is the anniversary of the birth of the Japanese emperor and the Russian army expects a general advance upon positions around Liao Yang. Every body is keyed up for the long awaited moment and the soldiers face today's probable events with confidence. From early morning until noon yesterday in Liao Yang could be heard the dull rumble of distant guns. Then sudden for hours ensued when suddenly firing re-opened to the southeast heavier and nearer than before and continued with but little intermission until darkness fell. Every man tonight is sleeping at his post and dawn may bring a day memorable in history.

### THE WITHDRAWAL OF RUSSIANS

Throughout August 27 and 28 Russian eastern divisions continued to fall back in good order on Liao Yang, but the movement was slow on account of bad roads and difficulties of transportation and the Japanese pressed closely general times with light batteries dragging their guns to the hills and shelling the troops whose retirement was covered by Russian guns. Consequently there were frequent artillery drills. General Marson was wounded and there were other losses of about 250 men. Japanese scouts were extremely active (Monday). Rain fell but the rumble of artillery could still be heard on the eastward.

The Russian retreat from Anshan Shan was ordered for strategic reasons, practically no resistance being offered. Light screen of batteries facing the Japanese guns was beautifully disposed on the chains of hills, and masked with withdrawal of the main force. When night fell the batteries also took up the retreat to rear guard, lighting bivouac fires to conceal the movement.

But the Japanese soon discovered this ruse and pressed forward, coming up with the Russian rear guard Sunday morning. For an hour the light batteries were hotly engaged. To the Lotomsk Tobolsk and Krasnovark regiments fell the duty of covering the retreat of General Zaroubaleff's fourth Siberian army corps. The task was difficult as the enemy continued to advance, deploying light mountain guns against the Russian rear and left flanks and it was imperative the enemy should be held back to permit the removal of baggage and artillery trains. The roads were washed out and heavy rain mud produced by a deluge of rain preceding Friday.

### COSSACKS ARE HARNESSED

Many guns were mired and horses were exhausted. Cossacks and infantrymen were harnessed to the guns and managed to get them to the front. Work was slow but successfully accomplished.

The greatest difficulty in retirement on the east front was experienced before Vanhalt Pass, where it was necessary to hold the Japanese in check until the artillery transport passed through and also to keep in touch with the tenth army corps, commanded by General Henschelmann to the north in order to prevent a turning movement. From dawn until dark the eastern troops, although fatigued by four days' fighting, sustained the rear guard action.

### THE BATTLE COMMENCES

6 a. m.—Rifle firing is distinctly audible here, it having commenced at the southward at 5 o'clock this morning. Now at 6 a. m. a steady cannonade is in progress and it is believed the great battle has commenced. A body of the Japanese troops reached a point five miles west of the railway station yesterday evening but dispersed.

### SHOWER OF SHRAPNEL

From 5 o'clock this morning up to 9 o'clock there has been an incessant shower of shrapnel. The sound of cannonading is coming from the south where the Japanese have evidently numerous guns. Deadly shells are bursting everywhere, while the smoke is distinctly traceable against the dark foliage on mountain sides. The Japanese are searching the whole country side with fire, selecting certain squares of the territory on which for a few moments they mass their shot and shell from all their guns. They then pass another square thus working the whole field with mathematical precision from right to left. In this way the entire Russian front has been systematically searched in the first four hours of cannonading. Then commenced a general Japanese advance along the whole line.

At this hour, 10 a. m. the Japanese artillery fire is somewhat slackened, but the infantry is steadily pushing forward. The Russians have been holding the ground gallantly and losses are now fighting what will probably prove to be the decisive battle of the campaign. The Japanese armies are attacking General Kuropatkin's forces upon his chosen ground and his friends and admirers adhere to confidence since he has accepted a general engagement that he will defeat the Japanese.

### LONG EXPECTED BATTLE

ST. PETERSBURG, Aug. 30, 2:32 p. m.—The long expected battle at Liao Yang has begun and the two armies are now fighting what will probably prove to be the decisive battle of the campaign. The Japanese armies are attacking General Kuropatkin's forces upon his chosen ground and his friends and admirers adhere to confidence since he has accepted a general engagement that he will defeat the Japanese.

lines. The heaviest fighting was taking place when the dispatch was sent from a point ten miles southeast of Liao Yang where the Japanese seemed to be concentrating for the main blow. The Russians suffered principally from shrapnel fire of the Japanese artillery. The Japanese selected the milkalo's birthday for the decisive battle and it will not be surprising if today also is signalized by a grand assault on Port Arthur.

### SAILS WITH SQUADRON

REVVAL, Russia, Aug. 30.—The report that a gun on board the battleship Souveroff exploded is untrue. The warship successfully went through her firing trials and sailed last night with the Baltic squadron for Libau.

### THEY ARE DISARMING

SHANGHAI, Aug. 30.—The Russian cruiser Askold and torpedo boat destroyer Grozovoi finished disarming today.

### THE LOSSES AT ANPING

TOKIO, Aug. 30, 5 p. m.—The Japanese loss was 2,000 men killed or wounded at the battle of Anping. The Russian losses have not been estimated but are said to have been heavy. The Japanese captured eight guns at Anping and eight at Anshan Shan.

### ARTILLERY IS THUNDERING

BERLIN, Aug. 30.—A dispatch from Liao Yang to the Lokal Anzeiger, timed 9:25 a. m. today, says: "What appears to be the deciding battle was begun at 4 a. m. Since then artillery has been thundering and rifles have been rolling incessantly. The encircling heights resembled fire emitting mountains. The Japanese began the attack east of Liao Yang, along the Taitse river, but were repulsed. The firing is now specially heavy south and southwest of Liao Yang. One can no longer distinguish the individual detonations. The Wiborg regiment, of which Emperor William is honorary chief, is deploying upon the battle field of the Russian army, full of confidence. The total strength of the combatants engaged is estimated at over half a million. The battle will probably continue for several days."

### WILL LAST SEVERAL DAYS

ST. PETERSBURG, Aug. 30.—The latest reports received by the war office indicate the battle of Liao Yang will probably extend over several days. The Japanese are directing their energies to the bombardment of the Segementse Circle, defensive positions occupied by the Russians. The latter already have suffered heavily from the hail of shells.

### ATTACKS ARE REPULSED

ST. PETERSBURG, Aug. 30.—General Stoessel's reports says the Japanese attacks were repulsed until August 25, with heavy loss to the attackers. He gives no details of the positions held or, or the Russian losses in men, but says the officers suffered severely, especially the younger ones. Some larger Russian guns were replaced by field pieces. The general describes the stench from decaying bodies between the lines as being horrible. He reports the moral of the garrison excellent.

### AN OFFICIAL REPORT

ST. PETERSBURG, Aug. 30.—A dispatch from General Sakharoff, dated from Liao Yang at 10 a. m. today, says: "The main Japanese attack is being directed against the Russian center and it is a dead clinch. It would not surprise me to see the state go 75,000 majority."

The writer has heretofore been prominent in republican circles and is an ex-member of the assembly.

## FOR IRELAND

### After a Quarter of a Century of Parliamentary Agitation the Cause in America Is to Be Put on a New Footing

### LEAGUE OF AMERICA

### Was Formed Three Years Ago and Present Session Is to Be One of Great Importance—Delegates From Emerald Isle Attending the Gathering

NEW YORK, Aug. 30.—After more than a quarter of a century of parliamentary agitation the Irish cause in America is to be put on a new footing. The United Irish league of America, which has begun its convention in the Lexington opera house in this city intends to direct its efforts in the future toward securing complete autonomy for Ireland.

The United Irish league of America was organized three years ago, and has grown very rapidly since that time. In the last two years there has been an increase of more than forty per cent in the number of branches located throughout the country. Its purpose is to act as auxiliary in America to the national organization in Ireland, whose primary declaration is: "This society is constituted for the purpose of forwarding a brotherhood of affection, a communion of rights, and a union of power among Irishmen."

The ends which the league strives to attain are: Full national self-government for Ireland; the abolition of landlordism in Ireland by means of a universal and compulsory system of land purchase; putting an end to periodical famine in the distressed districts of Ireland; to insist upon the appropriation to strictly Irish national uses of the \$15,000,000 at present annually exported from Ireland for the benefit of England in excess of the contribution stipulated by the act of union; to secure the re-distribution of grazing ranches of Connaught, and the reinstatement of the evicted tenants; to secure complete educational equality for all creeds in Ireland; to secure the compulsory extension throughout Ireland of the law for providing agricultural laborers with cottages and one-acre allotments; to secure the abolition of the right of the crown to challenge jurors in political cases except for cause shown, and to work for the preservation of the Gaelic language as part of the struggle for the recovery of Irish national freedom.

The problems to be discussed by the present convention are thus tersely set forth in this declaration of principles, but delegates are chary of expressing in advance their views as to the probable action of the convention.

### NEW YORK FOR PARKER

DENISON, Texas, Aug. 30.—One of the leading wholesale commission merchants of New York writes to a gentleman here: "Get every cent that you can raise and scrape on New York going for Parker. If you haven't got the money, borrow it. It is a dead clinch. It would not surprise me to see the state go 75,000 majority."

## SOCIALISM HERE

### Leading Exponent of the Principles Comes From Belgium to Discuss Issues With People of the United States

### SAYS HE SEES A GROWTH

### Says There Is Nothing to Fear From the Principles Which He Will Advocate—Believes Strikes Are Stepping Stones to Development of Socialism

NEW YORK, Aug. 30.—Emil Vandervelde, leader of the socialist party in Belgium, and one of the foremost exponents of socialism in Europe, who has arrived here, accompanied by Senator Houzeau to attend a meeting of inter-parliamentary union in St. Louis next month, declares he is watching the growth of socialism in America with keen interest. There is no occasion for alarm over the spread of social revolution, which, he says, is in progress here to even a greater extent than in Europe.

"At first in the nature of an importation from Germany," he continued, "the doctrines of socialism appear to have spread to a considerable class of those who call themselves native born Americans."

"During the last five years especially the movement seems to have gone forward by leaps and bounds, until now I find many Americans whom I have met admitting their belief in many of the doctrines of socialism, whereas ten years ago they would have as soon have thought of calling themselves anarchists."

"In Europe there is no opportunity of anything but a peaceful revolution; the military powers are too strong. In the United States there is the opportunity, I think, but not the desire, for any such radical measures. But though the movement is of slow growth, it is certain, and the day will come, in the lifetime of the young men of today when this country will be ruled according to the doctrines which socialists teach."

"Strikes, of which you seem to have many, and the trusts, which I hear so many persons speaking of as a menace to the country's future, are only stepping stones in the development of socialism and should be accepted philosophically."

## TO SPRINKLE COURSE WITH KEROSENE OIL

NEW YORK, Aug. 30.—In view of the fatal accident during the automobile races at St. Louis because of dust clouds obscuring the view of the competing drivers, plans are being made to obviate the same danger in the Vanderbilt cup race over a Long Island course October 5. This will be done by sprinkling the course with kerosene oil at the approached to railroad crossings and turns. The course is thirty miles in length and, owing to the dust, only the danger points will be oiled. The same plan has been followed successfully in France during recent races.

### Young Man From Wisconsin Causes Much Excitement in a Broadway Hotel in New York City

### HE STABS ONE OFFICER

### Throws Furniture Out of Window, Shouts and Defies Everyone, and Cuts Policeman Before Being Finally Subdued by Squad of Bluecoats

NEW YORK, Aug. 30.—A young man who registered as Arthur F. Millard of South Superior, Wis., created much excitement in a Broadway hotel early today before he was overpowered by the police.

After barricading himself in his room on the fourth floor, Millard aroused the hotel by his cries and by throwing furniture about the room and out of the window on the dining room and office skylight below. The police had to chop in his door with an ax and one of the officers was stabbed before the man was arrested. The commotion lasted half an hour.

Millard is about 25 years old. He was well dressed and seemed well supplied with money. He registered and seemed perfectly rational. Four hours later the guest telephoned the night clerk for a policeman. A special officer answered the call, but Millard slammed the door in his face. The he called for the clerk and manager. When they appeared he began yelling at the top of his voice and throwing the furniture out of the windows. Scores of guests ran to the hallway and a squad of police was summoned.

As Millard refused to open the door it was broken with axes. The interior of the room was wrecked, and Millard stood with arms folded, viewing the ruins. As Policeman Armin, the leader of the squad, attempted to seize him, Millard's arm shot out and a knife in his hand penetrated the officer's breast. Half a dozen men leaped upon the stabber, he was overpowered and carried to the station. The wound sustained by Armin was an ugly one, three inches deep, but will not prove fatal.

## A SHORTAGE IN THE McVICKER ESTATE

CHICAGO, Aug. 30.—With the opening of the safety deposit boxes where Mrs. J. H. McVicker kept her wealth and the finding of a will, has come the announcement by Attorney L. D. Condee of a shortage of \$69,000. The amount of money and bonds found, it is stated, was under \$200,000, while \$250,000 was the total amount counted on.

The work of examining the assets and making the official inventory of the estate was begun almost immediately after the issuance of letters of administration to Public Administrator Joseph H. Strong. The inventory was made by Colonel Strong in the presence of Mr. McVicker and Attorney Condee.

He was taken from jail by a mob last night and lynched. His body was thrown into the river.

## KAISER WILHELM II. BREAKS RECORD

### Great Steamer Crosses the Ocean in Less Time Than Ever Before

NEW YORK, Aug. 30.—The North German-Lloyd steamer Kaiser Wilhelm II, which arrived here today, broke her own best westward passage by about one hour and forty-five minutes. The exact time of the vessel's arrival at the Sandy Hook lightship could not be ascertained, but it is estimated that she arrived there about 2:25 this morning, as she was east of that point at 2:07 a. m.

To equal her best time westward the steamer was scheduled to arrive at the lightship at 4:10 a. m. Assuming that her time of arrival was 2:25 a. m., the steamer has lowered her time of passage one hour and forty-five minutes.

The Kaiser Wilhelm II left Bremen, August 23, and Southampton and Cherbourg on the 24th.

## A STATE BOARD

### Navarro County Member of the Legislature Will Favor Revision of Tax Laws of State When Next Session Meets

## TO EQUALIZE THE TAXES

### Favors a Board Which Will Have General Jurisdiction Throughout the State, Which Will Take Up the Question and Figure It Out

AUSTIN, Texas, Aug. 30.—Superintendent W. R. Holsey, of Powell, Navarro county, representative in the Twenty-eighth legislature from Navarro county, and who was re-elected without opposition for the Twenty-ninth legislature, arrived here yesterday afternoon to make his preparations for leaving Wednesday with the troops for the army maneuvers at Manassas. Captain Holsey has been appointed regimental quartermaster of the First Texas Infantry on the staff of Colonel Henry Hutchings.

Speaking of the coming session of the legislature, Captain Holsey declared that there will be much important business to come up for consideration and the session would be an exceedingly long one.

"One of the most important matters to engage the attention of the lawmakers next January," said Captain Holsey, "will be the tax proposition. There will be a complete revision of the tax laws of the state. This has been made necessary by the continued deficiency in the state treasury."

"I shall favor a revision of the tax laws, also the creation of a state board of equalization. It has been fully demonstrated that such a board is absolutely necessary. The board to be vested with such powers as are deemed necessary for the equalization of the tax system of the state."

Continuing Captain Holsey said that he will also favor the passage of a law providing for a uniform policy in life insurance such as is now in effect in New York.

## A BIG ATTENDANCE OF THE BANKERS

NEW YORK, Aug. 30.—The convention of the American Bankers' Association, which is to be held in this city September 14, 15 and 16, will be largely attended by representative bankers from all parts of the United States as well as from Canada. James R. Beach, secretary of the association, says letters he already has received indicate that not less than 3,000 out of town delegates will be present. The Wash and the Lake Shore railroads will run special trains to this city for the exclusive use of bankers and their friends. Special arrangements have been made with practically all of the railroads of the United States for transportation to and from the convention.

## DRIVEN TO DEATH BY SWARM OF HORNETS

NEW YORK, Aug. 30.—Alexander Dickson, a 12-year-old lad, has been driven into the Bronx river and drowned by a swarm of hornets.

The boy, with several companions, had stoned a hornets' nest until the little insects came out in swarms and chased the boys toward the river. Dickson stumbled and fell into the water. The boys hurriedly about, stinging him viciously when he came to the surface. The other boys fled in terror and did not return until Dickson had been drowned.

## FORMER SULTAN IS DEAD AFTER LONG SIEGE ILLNESS

### Present Ruler of the Ottoman Empire Detroned Brother and Has Kept Him in Confinement for Years

CONSTANTINOPLE, Aug. 30.—Former Sultan Murad V died yesterday of diabetes, from which he has long suffered.

It was reported in May last from Vienna that Murad V, thirty-third sovereign of the house of Osman, was dying, and at the same time it was reported from the same source that his adherents over Turkey, known as Young Turks, were secretly arming and only awaited a signal to rise in insurrection.

Murad V was born in 1840, and ascended to the throne after the murder of Sultan Abdul Aziz, May 1876. In July of that year Murad V was placed under the regency of his brother, the present sultan, Abdul Hammed II, and August 31 he was deposed.

Outwardly this act was performed legally by the council of ministers on the ground that he was insane. The real facts in the case, however, will probably never be known, but it has been claimed that Murad was a good deal more sane than his brother, and one of the greatest terrors Abdul Hammed's existence was a fear of this Turkish "Man with an iron mask," as he has been termed, night sessions of confinement, in the Cheragan palace, and some six years ago he was removed to Malta. Kloek, the grounds of Yildiz palace occupied by Abdul Hammed, which are surrounded by lofty walls.

Market Quotations

NORTH FORT WORTH, Tuesday, Aug. 30.—Receipts of cattle today were about normal. Forty cars were in at the opening, but several roads reported some still back and with drive-ins total receipts were estimated at 2,600 head.

Receipts of steers composed about one-half of the run, mostly of grassers and feeders, with two loads of the best killing cattle that have been on the yards for some time.

A steady basis was quoted on the best killing steers including feeders, but a weakness was noted on the medium grassers.

Thirty-six cattle averaging 1,200 pounds topped the market at \$3.90.

The liberal supply of butcher stock was mostly common with a good many mixed yards.

The opening trade ruled slow and selling prices were quoted steady to weak, the bulk going at a range of from \$1.50 to \$2.

Bulls found a strong demand from speculators and feed buyers and quoted for the common to choice at a range of from \$1.25 to \$2.

Receipts of calves were light; quality was mostly medium, but all offerings found an active outlet to local packers and selling ruled strong to 2c higher.

The run of hogs continues to land around 300 head. Only three cars arrived today with just enough wagon hogs to make receipts figure close around 300 head.

There was a strong demand from packers with the quality some better, and active trade ruled with sales taking quality into consideration, 5 to 10c higher than the best sales of yesterday, regaining the loss and putting the market back to a steady basis with last Friday.

Sheep were scarce, but the few on sale were of good quality and found an active strong outlet to packers, those averaging 100 pounds selling at \$4.

GRAIN

CHICAGO, Aug. 30.—Wheat—1 1/2 to 2 cents lower. It begins to act a little tired. There is no improvement in the reports from the northwest or the threshing returns from that quarter.

These conditions, however, seem to be losing their effect and the action of the market is quite heavy. The approaching September deliveries are no doubt a factor, and are causing liquidation.

The expectation is that there will be considerable hard wheat delivered on contract, and this wheat is not in great demand. The indifference of the foreign markets to the Jones and Snow's reports. In any event the market has had three or four days advance, and a reaction is due.

We do not feel like advocating the bear side of the market very hard, but are rather of the opinion that some further decline is likely and that it may be bought cheaper with the next few days.

Wheat one-fourth to one-eighth lower. It is very quiet and was influenced by the weakness in wheat and corn. There is no large or important speculative operations going on, and while stocks are accumulating, country offerings are decreasing.

There is a large short interest. Corn 1/4 to 3/4 cent lower. Principal weakness is in the May. The near-by options show considerable weakness. The May corn is being sold on the crop prospects. These are sufficiently uncertain to the trade as to keep the market guessing for the time being. A large crop is possible. It can be materially reduced by unfavorable weather during the next few weeks.

The market is quite heavily oversold. Most decline may put May corn in a position to be bought for some rally. There is nothing weak about the cash situation.

Provisions—Park about 10 cents lower; lard 5 cents higher and ribs unchanged. It is the same dull market as heretofore. There is scattered liquidation in pork and a little better export demand.

In a general way there is not much encouragement to speculative buying. An improved demand for lard is the usual thing at this season. With the September liquidation out of the way, there should be less selling pressure.

There should be a reaction which would be in order, but so far we see no improvement to the buying. LIVERPOOL GRAIN CABLE (By Private Wire to M. H. Thomas & Co.)

THE CIVIL PHYSICIAN RETURNS AFTER LONG TRIP

Dr. Chambers Makes a Swing About the Eastern Circuit and Investigates Sanitary and Other Conditions

Dr. R. Chambers, city physician of Fort Worth, returned this morning after an absence since June 14, being granted a leave by the city council that he might visit other cities and ascertain the sanitary conditions and the improved methods of dealing with health conditions.

While he was absent Dr. Chambers attended the New York Polytechnic for several weeks, had an opportunity to learn of the latest methods of dealing with municipal sanitation, and of all health, contagious diseases, etc. From there he made a trip across the lakes, visited Detroit, Chicago, St. Louis and

NATIONAL LEASE LAW

One of the problems confronting the national government at this time is the disposition of the public domain in the northwest to the best advantage, so as to placate both cattle and sheepmen, who have been warring over the situation for years.

Under the terms of the admission of Texas into the American sisterhood of states, all public lands were reserved and became the property of the state, the federal government obtaining nothing in that line except such property as was ceded for necessary purposes.

An interesting bit of political information comes from Tennessee to the effect that Bob Taylor is preparing to make the race for the United States senate against the brilliant E. W. Carmack. A fight between these two gifted men for the senatorial toga will be one of the most interesting seen in the south for many a day.

James Gill of Hamilton, Ohio, has just been granted a license to wed Miss Missouri Arkansas Napoleon Four Hundred Miles Below the Mouth of the Ohio Misher. The press report of the impending nuptials does not so state, but we are inclined to the opinion that the bride is colored and the groom of the same persuasion.

If Judge Parker persists in his determination to make no campaign speeches, the Hogz appellation of the lock-jawed judge may not be such a misnomer after all. Dignity is a fine thing in its place, but in this day and time it is an awful poor substitute for hustle.

This is the year when the exigencies of the situation demand that all democrats should stand together. United democracy is always invincible, and it is only when we go wild and quarrel among ourselves that the enemy can have any hope of making off with the spoils.

It is reported that William Randolph Hearst is willing to make the race for governor of New York on the democratic ticket, and if the report is true it may be accepted as evidence that his barrel was not entirely depleted during his struggle for the presidential nomination.

great extent after that system. Since the adoption of the leasing system in Texas range controversies have been practically eliminated, and stockmen of other states and territories have been pleased with what they have seen of the Texas system that in the discussion of the leasing problem of the various live stock conventions, Texas cattlemen have always been assigned the leading role.

Mr. Colville has compiled a table showing the development of the leasing system in Wyoming, which demonstrates the complete success of the plan. The system has been in force there just twelve years. At the end of the second year just 4 per cent of the 4,000,000 acres available were leased, at the end of the fourth year 8 per cent were leased, 16 per cent at the end of the sixth year, 22 per cent at the end of the eighth year, 37 per cent two years ago, and today 56 per cent, or a total of 2,200,000 acres are held by leases, creating an immense revenue for the use of the state, just as was done in the case of Texas.

Large numbers of Texas cattlemen have transferred their cattle interests to New Mexico, Montana, and other northwestern states during the past few years, to obtain the benefit of what was termed free grass. But the great majority of these have come to a realization of the fact that they are now up against the same problem they had to contend with in this state back in the days of contention when lease law and free grass was the bone of contention.

In a magazine article, Judge Alton B. Parker deprecates the fact that there is not patriotism sufficient to act as inspiration for men of genuine ability to offer as candidates for minor state offices, and for this reason, those offices have to be filled by men of mediocre ability. The truth of the contention is exemplified in every state in the union, the men of ability remaining at home, and the places where their services are so badly needed being filled by those who are incompetent.

If Judge Parker persists in his determination to make no campaign speeches, the Hogz appellation of the lock-jawed judge may not be such a misnomer after all. Dignity is a fine thing in its place, but in this day and time it is an awful poor substitute for hustle.

This is the year when the exigencies of the situation demand that all democrats should stand together. United democracy is always invincible, and it is only when we go wild and quarrel among ourselves that the enemy can have any hope of making off with the spoils.

It is reported that William Randolph Hearst is willing to make the race for governor of New York on the democratic ticket, and if the report is true it may be accepted as evidence that his barrel was not entirely depleted during his struggle for the presidential nomination.

The recent spurt made by Texas realtors does not indicate anything but a desire to get closer to the pie counter.

The Summer Girl's Return

CLICK OF GUN OR FALLING CHAIR MAKES BURGLAR HOMESICK

"I noticed when a baby's rattle box saxed \$5,000, the other day," said the retired burglar as he sat swapping yarns with the retired detective.

"S'pin the yarn," said "fly bull," puffing at his pipe.

"Ain't much of a yarn," said the ex-burglar. "The paper said the kid's box was knocked off the window an' the 'gun' got scared and vamoosed."

"Pipe dream," muttered the old detective, "else the gun was green. No old timer would 'ave made his getaway fer a kid's rattler."

"There ye go again," put in the old thief angrily. "You fly cops know how to ketch us, but ye don't know nothin' else an' ye think ye do. Listen to this:

"I was pretty good at turnin' tricks onest 'fore I turned straight—"

"Before I pinched ye fer that Craven's job," chuckled the ex-cop.

"Chuck yer tongue, will ye? Well, I laid out a job onest. Nice big house, big trees around it. Wealthy old guy with bushes on his face earned it. No dog, servants, silent in garnet. Away from harness bull's beat."

"Well, I swung the porthole an' got in easy. All dark and nice inside. I knowed the old deezek kept a sight in of money in his desk. I felt my way into it an' got my mitts on the top. It was closed."

"That didn't worry me none to speak of an' I jest settled down fer a good yank when—Lord, I sweat like a horse, now, when I think of the scare I got."

"Someone flash a light?" inquired the cop.

"Light nothin'. Sounded like the roof fell in."

"Then what?"

At Weimer, a half-witted negro boy attempted a criminal assault on a young girl as she was going to pick cotton. The boy was later arrested and locked in the town calaboose, awaiting a preliminary trial, but when the time of the hearing came around the body was found hanging in the cell, with a barbed wire around the neck, and now the authorities are in doubt as to whether he was hung by outside parties or committed the act himself.

HERBINE  
Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and the over-indulgence in food and drink. Herbine acts quickly; a dose after meals will bring the patient into a good condition in a few days.

G. L. Caldwell, agent M. K. and T. R. R. Checotah, I. T., writes, April 18, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." 50c. Sold by H. T. Pangburn & Co.

### ROSEN CAR LINE

Representative of the Company  
Says It Will Be Extended to  
Mineral Wells Within the  
Next Twelve Months

### THE CONFEDERATE PARK

Inducement Has Been Offered  
to Have Cars Pass the Resort  
Where Veterans Gather Every  
Year for Camp—Spring-  
town Wants Rail Facilities

"You can say that the Rosen Heights  
Street Car Company will extend its line  
much further than the Confederate park  
before this time next year," said an  
attaché of the general offices of the company  
this morning to The Telegram.

It has been a matter of much discus-  
sion for a long time, and repeated ef-  
forts were made to interest the Northern  
Texas Traction Company in the building  
of a line to the park, but from some  
cause or other this company did not take  
kindly to the proposition. Representatives  
of the company made a trip over the  
proposed line from Fort Worth, via the  
park to Azle and Springtown, and thence  
to Mineral Wells, a distance of fifty  
miles, but nothing ever came of the mat-  
ter.

Ever since the location of the Confed-  
erate park members of that organization  
have agitated the building of a line to  
the park. Citizens have also interested  
themselves in getting some one to con-  
struct a line from this city to Mineral  
Wells, via the park, but matters have  
never shaped themselves. Now that the  
Rosen company has come upon the scene  
there are first-class chances that the elec-  
tric line will eventually be built.

It was further learned at the general  
offices of the company that they would  
more than likely build the road from their  
present terminals in Rosen Heights to  
the park. The distance is about six  
miles. When this much of the extension  
has been completed it is the intention of  
the company to push on in the direction  
of Mineral Wells, going through a fertile  
valley the entire distance, via Spring-  
town, one of the best inland towns be-  
tween Fort Worth and Mineral Wells.  
It has been the desire of the citizens  
along the proposed route to induce the  
construction of a line and they have of-  
fered liberally of their money to have a  
road built. One man alone has agreed to  
give \$20,000 to the project and many  
smaller amounts are ready to be donated.  
The people in the vicinity of Springtown  
desire an outlet for their crops and the  
company that builds the road will receive  
substantial encouragement in the way  
of donations.

The entire country between the Confed-  
erate park and Mineral Wells is very  
fertile and the products that are now  
raised have to be hauled about eighteen  
or twenty miles to the railroad at Weath-  
erford and because of this long distance  
they will naturally encourage a propo-  
sition which will give them a road.

An official of the Rosen company said  
this morning that the company will build  
to the Confederate park in time to handle  
the business of the 1905 encampment, and  
that when the line was completed to this  
point it would be extended on to Mineral  
Wells.

The construction forces of this company  
have the rails laid on Rusk street to Fifth  
street, and by Wednesday afternoon the  
road will be completed to the intersection  
of Fourth street on which street it will  
cross Main and Houston to Throckmor-  
ton.

There has been unavoidable delay in  
completing the line in the city because of  
the slow delivery of the ties, but a large  
consignment of them was received yester-  
day and are today being distributed  
along Rusk street.

It is the intention of the company to  
complete the construction of the line and  
make connection with the north side end  
within the next thirty or forty days.

### THE CROPS IN TEXAS

Reports continue to be received telling  
of the great amount of damage being done  
by the continual hot and dry weather in  
many parts of the state to the cotton  
crop. At Mincola, Quanah, Whitesboro,  
Longview, Grapevine and Taylor, as well  
as many other places the planters are  
losing much of the crop on account of  
the continuous drouth. They are all hop-

ing for rain to help them in saving the  
crop.

At some places twenty days ago a  
three-fourth bale to the acre yield was  
expected, but now they can not figure  
even on a fourth of a bale. In other  
places the weevil and the rust are get-  
ting in their work and doing such great  
amount of damage that the report given  
out a short time ago to the effect that  
the crop for this season had been over-  
estimated is now said to be only too  
truthful.

At Hillsboro the planters are having a  
regular contest to secure cotton pickers,  
and some of the men desirous of secur-  
ing these laborers are bidding for the men  
by offering the highest possible prices  
for them. As high as 60 and 65 cents  
has been offered there. This is the high-  
est price ever offered to cotton pickers  
for several seasons and shows to what  
desperate straits some of the planters  
are being driven in their efforts to se-  
cure men.

Over 250 bales were marketed at Taylor  
on Saturday.

At Commerce farmers are claiming that  
the chinch bugs are doing more damage  
to the cotton crop than either the weevils  
or the hot weather. It is claimed they  
attack the young square and suck it so  
it falls off without blooming.

At Temple the demand for cotton pick-  
ers is so great that the farmers are pay-  
ing men to go into the fields and pick  
cotton as high as 75 cents a hundred  
pounds, and even at this price they can  
not get all the help needed.

The Grayson county fruit raisers are  
continuing to send to the World's Fair  
at St. Louis samples of their apples.  
These apples are attracting the attention  
of many people to the state and espe-  
cially to that county.

In the vicinity of Cleburne sweet po-  
tatoes are suffering as well as the cotton  
on account of the drouth. The farmers  
are talking of planning some system  
of irrigation for the future crops.

The farmers at the cotton markets of the  
state cotton exchange offices are being  
opated and deals are already being made  
in cotton futures.

Cotton pickers are wanted in the Pan-  
handle country, but are mighty hard to  
procure. The farmers are much com-  
plexed as to what to do to get in the  
crop of cotton and are making all kinds  
of offers to the pickers.

A stalk of cotton measuring over nine  
feet in height has been shown on the  
market at Dallas and is attracting much  
attention.

John Williams, the champion picker of  
the world, is in Ellis county with a gang  
of pickers, where he has contracted to  
pick the entire crop of a large field. He  
is said to be attempting to beat his record  
of last year, and those interested in cot-  
ton picking are watching for results from  
this speedy negro.

**A WONDERFUL OPENING**  
WACO, Texas, Aug. 29.—It is feared  
that should a heavy storm prevail in  
this section there would be great loss of  
cotton, as it has popped open wonderfully  
in the past ten days, with a scarcity of  
pickers to confront. A great many fields  
have not been touched, and are white as  
a snowbank, while others have only been  
partially picked out. This is specially true  
of the uplands, where most of the cotton  
is, anyway. The bottom lands are not  
showing such a tendency to open, and  
as a rule there was but little cotton made  
on the bottom lands. It looks as though  
farmers will have to hustle hard if they  
succeed in getting their cotton out before  
a rain, as there is a large per cent of  
it open in the fields. In some instances  
most all the bolls are already open, but  
in others there are still some green bolls  
to come in later. Where cotton is open on  
the uplands it is estimated that it will  
make a little over a quarter of a bale on  
an average, but taken all through, with  
the bottom lands it will do well to make  
one quarter of a bale.

There will be no advance in the prices  
of the confections and fashionable lead  
drinks at Blythe's tomorrow.

**DIES AT BREAKFAST TABLE.**  
SHERMAN, Texas, Aug. 29.—Rev. J. B.  
Buchanan, a pioneer preacher, died yester-  
day morning while seated at the break-  
fast table at the home of his son, W.  
E. Buchanan, five miles east of this  
city.

He was 65 years of age and had been  
a resident of this county for more than  
forty years. He leaves six children, his  
wife having died about six years ago.

The interment, which took place at  
Lupton Springs today, was largely at-  
tended.

**ARRESTED IN FORT WORTH**  
CLEBURNE, Texas, Aug. 29.—A negro  
named Charles Coleman, charged with  
kidnaping John Swann, of this city with  
a knife, was brought back from Fort Worth  
this morning and lodged in jail.

### BULLET IN BRAIN

W. M. Pittman Is Probably  
Fatally Shot Last Evening  
on Upper Main Street—John  
McBride Surrenders

### MAKES NO STATEMENT

Accused Declines to Discuss  
Affair, Saying He Prefers  
That the Facts in Case Be  
Brought Out at a Prelimi-  
nary Hearing

W. M. Pittman was probably fatally  
shot last night shortly after 7 o'clock,  
in front of the jewelry and repair shop of  
John McBride, on Main street between  
First and Second streets. The shooting  
was done by McBride, only one shot being  
fired. The bullet struck Pittman  
just below the right eye and ranged  
downward, and is thought to have lodged  
in the base of the brain. The weapon  
used was a 38-caliber Smith & Wesson  
revolver.

Pittman, dazed by the shot, staggered  
to the stairway leading to the Masonic  
temple, and sank down upon the steps,  
apparently unconscious. Blood flowed  
freely from the wound. The wounded  
man was hastily carried to the office of  
Dr. McLean, across the street, and a brief  
examination of the wound made. Ef-  
forts were made to locate the bullet, but  
without success. Pittman was then car-  
ried in the ambulance to the emergency  
hospital, and afterward to St. Joseph's  
infirmary, where he is reported today  
to be in a precarious condition with  
chances of recovery very slim. He has  
been semi-conscious ever since the shoot-  
ing.

Pittman is a man about 35 years of age,  
and came to Fort Worth about three  
weeks ago. Since his arrival here he has  
been employed at a saloon on upper Main  
street and made his home with the Mc-  
Bride family, 507 West First street.

Mr. McBride was seen this morning,  
but preferred to not discuss the case un-  
til after he had given a preliminary  
hearing, the case being set for trial in  
Justice Charles T. Rowland's court this  
afternoon at 2 o'clock. He did admit,  
however, that the probable cause of the  
difficulty was that the wounded man had  
been accused of taking from McBride's  
jewelry house a silver watch. When ac-  
cused of the theft Pittman resented the  
charge and used a profane epithet. The  
shot then followed.

The difficulty occurred on the walk in  
front of Mr. McBride's place of business.  
The two men were discussing the watch  
matter when the trouble took place. Mc-  
Bride, a few minutes after the shooting  
surrendered to Police Officer Maddox and  
was escorted to police headquarters, but  
later was taken to the sheriff's office,  
where he was admitted to \$1,000 bond,  
which he furnished and at once went to  
his home.

Mr. McBride has been a resident of  
Fort Worth for sixteen years, and has  
been identified with the jewelry business  
all this time, having at one time been  
associated with the firm of Morehouse &  
McBride. Later he was a partner with  
Belov, and afterward the partnership  
was dissolved and McBride began busi-  
ness alone at his present location. He is  
a prominent Mason and also belongs to  
the Knights of Pythias.

But little is known of Pittman, ex-  
cept that he came to this city from  
Chickasha, I. T., where he was a book-  
keeper for the Globe restaurant, con-  
ducted by W. C. Hattell. He has a father,  
mother and sister who live in Ala-  
bama.

Also won much praise for her con-  
scientious acting. Possibly the best  
impersonation was that of L. N. Harring-  
ton as Noroviff, a spy to the czar.

Although the rendition was satisfac-  
tory and insures crowded houses  
during the remainder of the week's  
engagement.

The specialties between acts proved  
entertaining. "Camille" will be the at-  
traction at this afternoon's matinee,  
and tonight "Divorce Cure."

**RICHARDS & PRINGLE'S MINSTRELS**  
The Richards & Pringle's famous  
Georgian minstrels that will appear at  
Greenwall's opera house Tuesday, mat-  
inee and night, September 6, have fifty  
royal colored minstrel entertainers ap-  
pearing at every performance and fun-  
damental through the entire program  
of varied acts—big hits, every one of  
them—study the list: Famous Clarence  
Powell, Clever Billy Young, Pete  
Woods, Pat Bartlett, Happy Beauregard  
and Robert Williams. These are the  
six men that will shine on the end.

The olio consists of the following  
acts: Cooper and his Wooden-Headed  
Family; the famous Ham-Town Seren-  
aders Quartet; Bailey & Crawford, deal-  
ers in music; Clarence Johnson, Hoop  
Controller; Boomsky, for eight years  
the assistant of Herman, the Great,  
who will entertain with tricks in  
magic; Clarence Powell, in an up to  
date monologue. The performance will  
conclude with the funny farce "Jim  
Jackson at the World's Fair."

Daily parade at noon.

## MEETING TONIGHT OF MERCHANTS IMPORTANT

It Is Believed Action Will Be Taken to Arrange for Fort Worth to Be a Wagon Cotton Market

Tonight at 8 o'clock there will be a meeting of merchants interested in the effort being made to build up the Fort Worth cotton market. The meeting is to be held in the Board of Trade rooms and it is especially asked that all who can should be present, as the matter is of vast importance to every business man in the city and on his affiliation with the move depends its success.

The committee soliciting funds for the proposition reports that it has succeeded admirably, but the difficulty seems to be to get the merchants out to attend a meeting at which the organization of the company to operate the scheme is to be effected.

Chairman W. H. Tanner requests the Telegram to urge every business man who can be present at the meeting tonight and lend his assistance in the perfecting of the plans.

The money is ready and the work of looking after the buying of cotton is to be commenced soon.

Yesterday there was a number of farmers on the streets with cotton. From no won the receipts of the staple will gradually increase and the importance of quick action on the part of the merchants is apparent.

Several plans have been suggested and at the meeting tonight one of them will be selected.

Resolutions have been prepared and will be submitted to the meeting showing the progress of the movement since it was recently urged by Secretary B. B. Paddock of the Board of Trade. Since then the move has been growing in favor until it is now pretty generally understood among the merchants in whose interest it is being undertaken.

Let every business man and merchant be on hand at the meeting tonight.

## SPORTING NOTES

The game yesterday was interesting as a most remarkable reversal of form of the Fort Worth-Dallas-Corsicana-Paris, etc., combination. Ables, the hitherto invincible amateur pitcher, was in the box and ten hits and nine runs were accumulated as souvenirs for the Blues.

After five innings Maloney took up quarters behind the artillery and though the fateful eleven materialized the runs made were partly the gift of Boyd, the delayed finding a ball from Butler's bat. A double to left by Dunn; a dandy too, was followed by a handsome single by Quessier that scored both Butler and Dunn.

The story of the achievements of young Ables would be his runs and bases on balls; especially useful were the bases on balls. In the fourth free passes forced in a run, and others figured in the sum total of nine failures, though the cashing in was on clean, unquestioned hits.

Adams, the new pitcher for Fort Worth, repeated his clever work on the slab that won the only game of the Dallas series. Corsicana-Dallas had the disadvantage of a delayed hitting only five strikes while only three walked. Six struck their way to the bench. He has a seemly collection of curves, and as much speed as the hitters cared to overcome.

In the fourth and ninth Adams did some effective work, aided by the men behind him. Moran made first in the fourth and Johnson drew four. Both were advanced on Selin's cut to Pol's. Ury fled to right and the side was retired without a counter.

In the ninth the outlook for breaking the shut-out was promising. Moran again got his four and Johnson got his only hit of the game, a single. Selin, on a bunt, chose to let Johnson, at second, and Moran smiled sweetly on third. Ury chose center for a fly that Butler got to Quessier quick enough to discourage Moran for a trip to the plate. Mott struck out and the shut-out was finished.

While the good work of the boys was noticeable, it only demonstrated that with a capable pitcher the betting in favor of Corsicana as the pennant winner would get more takers.

## OPERATORS' STRIKE CONTINUES VIGOROUSLY

DENISON, Texas, Aug. 30.—Vice President Glover said today: "I expect to give out the last statement to the press. The strike will continue vigorously during the cotton season. There is serious trouble in store for the Katy. The O. R. T. has a reserve fund of \$250,000. Legal advice says that the railway commission will be forced to take some action. The telegraphers are under many obligations to the Dallas Times-Herald. Telegram at Fort Worth and Chronicle at Houston for presenting their side in a fair manner. They will reap their reward in the future."

**ORGANIZED LABOR AT THE WORLD'S FAIR**  
The management of the Louisiana Purchase Exposition has provided a most elaborate and attractive program for

**MONDAY, SEPT. 5, LABOR DAY.**  
The exercises will be so arranged as to emphasize the important part organized labor has played in the rapid and wonderful progress of mankind in every branch of industry.

The various branches of labor from all parts of the country will be represented, and it is the intention to make this the banner day in point of attendance, since the opening of the exposition.

It is asked that Texas labor may be fittingly represented. Cotton Belt has arranged special coach excursions to St. Louis, on Saturday and Sunday, September 3 and 4. Special trains will be given a limited number of cars, enabling them to make schedule time without difficulty. Enough sections will be run to insure comfortable accommodation for all and each train will be in charge of a representative of the passenger department.

Orleans are in use of new equipment, high back coaches, free chair cars, elegant 1st-class Special World's Fair and 1st-class sleepers are also carried and may be used by those holding long limit tickets.

The rate will be exceedingly low, only about two-thirds of the one way fare for the round trip. Excellent rooms may be secured at sixty cents per day (not more than four in a room) (this rate being available only by members of our party. These are strictly first class in every way, located in the best residence district of St. Louis, and within easy walking distance of the fair. Good meals can be had within one block at very reasonable prices.

We have handled several of these excursions to the World's Fair with the greatest degree of satisfaction to our patrons. It is no experiment with us. We know we can give you good service, and see that you are well located in St. Louis.

If you want to join us on September 3 or 4 you can secure full information from and enroll your name with nearest Cotton Belt agent, or with D. M. Moran, T. P. A., Fort Worth; Gus Hoover, T. P. A., Waco; John F. Lehane, G. P. A., Tyler.

The public is asked to attend Elythe's grand opening tomorrow. Make a purchase, no matter how small, and thereby contribute the wood and coal and clothing for the children of the orphanage during the coming winter season.

BANK RAILING

BANK RAILING—TEXAS ANCHOR Fence Co.; catalogue. Fort Worth.

DISSEL ADDITION

For the next 30 DAYS we are offering lots in this addition at prices marked up six months ago. We are willing to prove this.

After 30 days all unsold lots will be marked up ONE-THIRD.

You ask the reason for this: It is because a street railway is being now built on Eighth avenue, the whole eastern length of the Dissel Addition, by the N. T. T. Co., and if you doubt our word, make inquiries.

Where is Dissel Addition?

It is in the southwestern part of Fort Worth, within three blocks of Pennsylvania avenue, in the best part of the city, and has now some seven or eight choice residences already built.

The prices of the lots run from \$100 up to \$1000, according to location.

We cannot help you to build, but we can and will be glad to sell you any of these lots on the easiest kind of terms. In fact, you pick your lot and tell us how you want to pay for it; do not talk trade—if you do not want us to take you up, as we are sure to do so.

SIZE OF THE LOTS

The smallest lots are 60x107 feet to a good alley. The largest lots 92x200 feet. Think of it, one-half acre. This addition adjoins the city limits on the east, so purchasers get all the advantages of the city and no city taxes to pay.

Distance from Court House: Now please do not think this addition is like Lonehurst, as it is only a fraction over a mile from the center of town. Ten minutes' drive behind a slow horse.

The lots lie beautifully, on a slight slope to the south, insuring lots of flowers and fruit in the springtime.

We have maps—We have two horses and buggies—plenty of leisure time to show you around, and if you do not buy there is no harm done, as you can tell your friends where they can surely get a bargain and a fine investment.

In conclusion, will say, please call early and insure a good choice. Do not phone, but come to the office. Phoning is never satisfactory.

Remember, our office is in the Victoria Building, opposite Hotel Worth.
