

KUROPATKIN REPORTS THE JAPANESE FORCE THEM BACK

ST. PETERSBURG, Oct. 14. 1:05 p. m.—It is now 7 o'clock at night on the battle ground below Mukden and the fate of General Kuropatkin's movement and possibly the fate of his whole army may already have been decided, but no word has yet come regarding the issue.

WASHINGTON LEGATION HAS A WAR REPORT

WASHINGTON, D. C., Oct. 14.—The Jap legation today received the following cablegram from Tokio: Marshal Oyama sends the following report of the engagement Wednesday and Thursday: "In the direction of Kensuip the enemy made repeated counter attacks on Wednesday, but were repulsed. The enemy showed a sign of retreat towards evening and our forces has assumed the offensive since day break of Thursday."

A DESPERATE FIGHTER IS RUSSIAN SOLDIER

—A DESPERATE SOLDIER NO. 5... BERLIN, Oct. 14.—The desperate courage of the individual Japanese soldier was never better illustrated than in the following story from Odessa of a Cossack named Urditschiff:

WATCHING THE BULLETINS Holiday crowds engaged in celebrating the festival of Intercession of the Virgin for Humanity on the occasion they usually spend the time merry making, clung obstinately to the bulletin boards, hurriedly awaiting the news of the issue of the military day. It fully appreciated if Kuropatkin's army is driven back today the whole plan of the Russian advance may have been wrecked and if Field Marshal Oyama is able to follow up the Russians energetically the battle may end in irrevocable defeat for Kuropatkin.

KUROPATKIN'S REPORT The emperor received the following dispatch, dated yesterday, from General Kuropatkin: "Two regiments of the Russian right on October 12 sustained heavy losses. The commander of one was killed and a brigade commander wounded. Both regiments were compelled to withdraw abandoning the artillery, but subsequently under Colonel Yannovsky, who temporarily assumed command of the brigade, they, after a desperate assault, regained possession of the guns, with the exception of sixteen, which remained in the hands of the Japanese."

REPORTS NOT CLEAR LONDON, Oct. 14.—Advices received at the Japanese legation say the report that Marquis Oyama had given the details of the operation below Mukden on Tuesday and Wednesday, which were previously described in the Associated Press dispatch from Tokio, seems to make the total of Russian guns captured thirty-eight and ammunition wagons twenty-four. General Oku's army is credited with having taken twenty-three guns. The report regarding General Nodzu's capture is not quite clear. It says he took two field guns and eight ammunition wagons on the heights a few miles east of Yentai and while pursuing the enemy captured numbering eleven at Sankashih mountain, beside 150 prisoners. The Japanese legation is not sure whether this means eleven guns and eleven wagons or whether guns and wagons together total eleven.

THE DINNER PAIL IS NOT SO FULL THIS YEAR

MRS. ARTHUR PAGET DOES NOT SHOW IMPROVEMENT

MARTINSVILLE, W. Va., Oct. 14.—A ray in the Ohio valley touching the lowlands on the West Virginia bank of the river from Wheeling to Parkersburg was the program of Henry G. Davis and his corps of campaigners today. Meetings of an hour and a half duration at each of these places and Sistersville were features of the day's itinerary which is concluded with a rally at Parkersburg, where the special train will be sidetracked for tonight.

At Benwood, the first stop this morning, the Davis special found great favor. An old smooth bore cannon had been unlimbered alongside the track and as the train was coming to a stop it was fired. Six windows in the forward row of the train in Parkersburg were shattered with a crash. No one was injured, however, and the meeting proceeded at once.

Mr. Davis, in asking his audience a few questions about republican "full dinner pails" of four years ago, said: "You don't hear them saying 'No; the pail is not full now they are keeping quiet.'" At Benwood Mr. Hill talked on the labor problem, referred to the Colorado trouble and advocated restriction of the use of the injunction in labor disputes.

CHRISTIAN CHURCH MEETING ST. LOUIS, Oct. 13.—The international convention of the Christian

church, or Disciples of Christ, has attracted more than 20,000 visitors to St. Louis. The convention is composed of the Christian foreign missionary society, the American Christian missionary society, the Christian Women's board of missions and their auxiliaries. A concert will mark the formal opening of the convention tonight. During the week many eminent divines and other speakers will be heard.

SOCIETY LEADER HAS NOT RECOVERED FROM THE RESULT OF THE ELEVATOR ACCIDENT OF MONTHS AGO NEW YORK, Oct. 14.—Another consultation of surgeons has been held over Mrs. Arthur Paget, the society leader, who was injured in an elevator accident, says a Herald dispatch from London. After lying strapped to a board two months and a half, it has been found that the upper fracture of Mrs. Paget's thigh has made no progress and has not begun to unite by sending out bone tissue.

is now believed to be a question of a more serious operation, or at any rate waiting for a considerable time longer for nature to do the healing. At any rate the sufferer will be still lying on her back at Christmas time.

officer of the general staff tells the Associated Press that the situation, while critical is not desperate. Kuropatkin is keeping his head and acting cautiously as shown by the withdrawal of his wings in the hope the Japanese assaults will exhaust themselves. He says the slaughter is frightful. No estimate of losses is yet possible but they run far into the thousands. The losses are especially heavy on the Russian left and center. In a single regiment out of over a hundred officers only eight escaped.

MAKING SATISFACTORY PROGRESS TOKIO, Oct. 14. 1 p. m.—Field Marshal Oyama reports fighting in progress along almost the entire front and the Japanese are making satisfactory progress.

CRUISES OFF VLADIVOSTOK NEW YORK, Oct. 14.—Five Japanese cruisers are reported off Vladivostok, according to a Times dispatch from Paris. It is added that the command-in-chief of the Russian fleet has summoned the inhabitants to surrender fire-arms of all kinds within a week.

DENMARK EXPECTS FLEET NEW YORK, Oct. 14.—Great excitement has been caused by the expected passage of the Russian Baltic fleet through Danish waters, says a Times dispatch from Copenhagen. The largest ships can only go through the Great Belt, between Zealand and Funen Islands.

HOSPITALS MAKING READY LONDON, Oct. 14.—A dispatch to the News Agency from Harbin today says the hospitals there are preparing for the reception of thirty-seven officers and 1,200 men wounded during the recent fighting before Yentai.

HE ORDERED THEM TO RETIRE ST. PETERSBURG, Oct. 14.—General Kuropatkin reports he ordered the Russian troops on the left flank to retire because the Japanese reinforcements threatened to cut them off.

CAPTURE SOME GUNS ST. PETERSBURG, Oct. 14. 11:55 a. m.—An official telegram from the front states the Japanese captured sixteen guns on the right flank of the Russian troops Wednesday night, though most of these were recaptured. The Japanese subsequently captured several other guns. The number taken, however, is not stated.

AFFECTS THE MARKET BERLIN, Oct. 14.—The tone on the bourse today is weaker, owing to the defeat of the Russian army south of Mukden.

THE LOSS OF THE JAPS TOKIO, Oct. 14.—The first partial casualty report of the battle now progressing south of Mukden was received today. A part of the central column of the left army lost on Wednesday one officer killed and six wounded and had about 300 men killed or wounded.

KINGMAN DENIES ALL JAMIESON'S CHARGES PEORIA, Oct. 14.—Martin Kingman, head of the corporations bearing his name, arrived in this city last night. Today he authorized the statement concerning the charges brought against him by C. A. Jamieson. He enters a general denial of the charges, the accounts of the different corporations having been kept with the idea of depriving Mr. Jamieson of any profits of the companies. He declares extraordinary competition caused by other implement concerns made it necessary to retain all such profits. Regarding the failure to distribute certain stock held by himself as trustee, he said this was done on Mr. Jamieson's motion. He declared all the surplus of the company is needed to meet the extraordinary competition that has arisen the past few years, hence failure to declare dividends.

TO BE A PEER NEW YORK, Oct. 14.—Emperor William has, according to a Times dispatch from Berlin, nominated a Jewish millionaire merchant, James Simon, to be a life member of the Prussian house of peers.

BOSTON, Oct. 14.—The house of deputies of the Episcopal general convention as a committee of the whole voted 214 to 191 in favor of reporting to the house the Canon amendment forbidding re-marriage of any divorced person.

AUSTIN, Texas, Oct. 14.—The University of Texas was thrown into disorder and confusion this morning by the presence of Carrie Nation, the smasher, who attempted to make a speech to students of that institution. In a spirit of fun 100 of the students early this morning went to the hotel where Mrs. Nation was stopping and

urgently requested her to come to the university. They wanted her to ride in a carriage and they pull it out to the institution. This she declined, but with the students she took a car. When she reached the institution she rushed into the study halls and began her talk, calling members of the faculty "tobacco fiends" and saying that instead of teaching law they taught lawlessness and drunkenness.

An effort was made to elect her, but she would not leave, but kept up her tirade. An officer was sent for, but before he arrived Carrie had slipped away and taken a car back to town. She left almost immediately after that. Confusion reigned for some time and it took several hours before quiet could be restored.

FORMER CASHIER AT ARLINGTON IS ARRESTED IN ST. LOUIS

ST. LOUIS, Oct. 14.—Sheriff Honea starts for Fort Worth today with W. R. Eaves, former cashier at the Arlington bank, who was arrested Thursday afternoon at the betting ring at the Delmar race track.

Eaves was arrested by Detective Cordell, who recognized him by a photograph furnished by Honea. Eaves has been staying here under the name of Reed. His first refusal to admit his identity. Later the police say he spent all playing the races except \$2,600 found on his person. Eaves is said to have declared playing the races caused his downfall. Honea has been here a week working on the case. Sheriff Honea has identified Eaves.

STORY OF W. R. EAVES About one year ago W. R. Eaves, who was assistant cashier of the Citizen's National Bank at Arlington, left this county. The officers of the bank were unable to locate the man. Efforts were made to find Eaves in the republic of Mexico, where it was thought he had gone, but the attempt proved futile, and the officers turned their investigations to this country. Much money has been used in an effort to locate Eaves by the bank, but without avail.

The first information that was received in this city as to the whereabouts of the much wanted assistant cashier came from St. Louis last night and was in the shape of a query from the Globe Democrat asking for the Texas end of the story.

The information given was exaggerated and was to the effect that Eaves, who is going under the alias of R. E. Reed, had been arrested in St. Louis, at Delmar race track, while in the act of buying pools on a race. It was further stated in the St. Louis dispatch that Eaves was believed to be wanted in Arlington, Texas, for whose capture there was a reward of \$25,000 offered.

It was stated also in the dispatch that Eaves had on his person when apprehended the sum of \$2,600.

Eaves' arrest was the result of a photograph which had been furnished Detective Cordell by the officers of the bank. Cordell saw the man at the races yesterday and immediately took him in. Sheriff John T. Honea of this city happened to be in St. Louis attending the World's Fair and at once identified the man under arrest as Eaves, and will leave with the prisoner for Fort Worth Saturday night. Possibly over the Missouri, Kansas and Texas, on the Plover.

Eaves has been under indictment in this county some time, charged with the embezzlement of \$7,856 of the funds of the Arlington bank.

The news of the arrest of Eaves in St. Louis reached Joe Burney of this city this morning from Sheriff Honea. Mr. Burney is the attorney of the Citizen's National Bank of Arlington, and has handled the case since the dumping of Eaves. Soon after the information from St. Louis he at once called up President Spruance of the bank and had a long consultation with him over the telephone. As a result of that talk Mr. Burney left for Arlington, where a line of procedure will be decided upon.

The telegram from Sheriff Honea stated that Eaves was disposing of his diamonds and other valuables in this city prior to his return to Fort Worth, and the belief is that when he reaches here there will be very little left to show for the \$7,856 he is charged with taking.

It is thought that the bank will take action to serve garnishment on Eaves

as he enters the state. Whether this course will be pursued, however, is not definitely known.

WILL NOT HOLD IN LAW. There seems to be a division of opinion as to whether a garnishment in the Eaves case, should one be attempted, by representatives of the Citizens' National Bank when Eaves is brought to Texas tomorrow, will stand in the face of previous decisions in similar cases by the higher courts of the state.

That such a step will be taken there seems no doubt, but well posted lawyers today said that a garnishment of moneys in the hands of an officer while the owner of the money is a prisoner, is not legal, and has been so decided by the old civil court of appeals of Texas which has for several years been abolished.

This opinion was rendered by the court some twelve years ago, when A. J. Anderson of this city garnished funds in the hands of a prisoner who was at the time in the custody of Sheriff Richardson of this county.

Justices of the Peace Terrell and Rowland both put the same interpretation on the law with reference to garnishment in cases similar to the Richardson-Anderson case. They say also that money taken from a prisoner in the hands of an officer is not subject to garnishment, and that money even in the hands of a receiver is not touchable.

It is further learned today that Eaves was first seen in St. Louis by a county official who was seeing the World's Fair sights. On his return to Fort Worth he reported the fact to Sheriff Honea who, with Deputy Hamill Scott, left for St. Louis last Monday morning. It is believed here that the Tarrant county officials made the arrest, and not Detective Cordell of St. Louis.

Mrs. Eaves will arrive in the city this evening from Mineral Wells.

KALIPH PARADE IS A BIG AFFAIR IN DALLAS

THE AFFAIR WAS ATTENDED BY A LARGE NUMBER AND THE MANY FLOATS WERE WELL DECORATED FOR THE OCCASION

DALLAS, Oct. 14.—Not fewer than 75,000 persons witnessed the grand parade of the Kaliphs upon the streets of Dallas last night, and other thousands took up positions at the Fair Grounds to see it upon its arrival at that place. Many estimators place the numbers higher than the figures above given. It was by far the largest crowd that has ever witnessed a Kaliph's parade in Dallas.

Besides the home folk and the festival visitors already in town, thousands of people came from nearby towns and cities by steam or electric railway, especially to witness the wide range. There were special trains on several of the lines. The Missouri, Kansas and Texas brought in a big crowd on its Shreveport train, besides which it had special trains from Waco, Denison and Mineola. These trains contributed 3,000 to 3,500 people to the crowd. The Cotton Belt brought in 1,200 passengers on its regular trains, and the Santa Fe 2,000. No estimate is available of the numbers brought in by other lines but they are known to be large. Fort Worth especially was well represented, news from there early in the evening being to the effect that seemingly "half the town has gone to Dallas." Probably 15,000 to 20,000 out-of-town people witnessed the pageant.

The parade was easily the most splendid spectacle of that character ever witnessed in the Southwest. Such was the verdict of well informed visitors. The theme employed, while within itself interesting, was a wide range. There were subjects for portrayal without choice of incongruous effect.

This theme was "The Alphabet," as the alphabet furnishes the initials of everything terrestrial and celestial, mythical, commerce, industry and various other things were depicted within the limits of the twenty-six letters to which the English alphabet is limited.

The floats and costumes were elaborate, and excited expressions of admiration along the route. The procession was led by Miss Ruth Younger, who rode ahead of Chief of Police Knight and Captains Brice and Keith. These officers were mounted on black chargers, and were followed by a platoon of mounted police, riding white horses. Next was a detachment of trumpeters from the Twenty-sixth United States Artillery. At the head of the parade proper rode two knights, outriders for the Kaliph. The Gaston Trumpet Corps immediately preceded the title float, "The Alphabet."

This car stood directly for the first three letters. Little boys were shown as industriously at work learning that in days of old constituted the initial lesson school—the alphabet—while inanimate figures depicted various grotesque personages in quest of knowledge, and great owls stood for the thing which King Solomon chose above all else—after he had nearly all else. At the rear of the car were two figures representing boys conning their lessons. The paired expressions upon their faces excited considerable comment, mainly to the effect that the artist had remembered well the days of his youth.

REPORT ON SUBMARINES. CHICAGO, Oct. 14.—A dispatch to the Tribune from San Francisco says: In response to orders from Commodore MacCalla of Mare Island, Lieutenant McCArthur has reported on submarines for San Francisco harbor, and says that in clear weather he believes these boats would be effective.

WOOD ALCOHOL IS FOUND IN THE LIQUOR

CHEAP GROCERIES IN NEW YORK ARE POISONING PEOPLE WITH WHISKY WHICH HAS BEEN DOCTORED

NEW YORK, Oct. 14.—An unofficial report has been received from the board of health by Coroner Scholer regarding the samples of whisky collected from Tenth avenue barrooms during the investigation into nearly a score of deaths among patrons of the cheap groceries on the West Side. It is stated that the board's expert chemist found wood alcohol in all the samples. The coroner declared he would feel no surprise should poisoned or adulterated liquor be discovered all over the city. If there is found to be poison in the stomach of three men who died last week the coroner will take immediate action. Meanwhile the police officers state that as soon as they receive the board of health's official report on the analysis of the so-called whisky they will arrest every saloon keeper involved.

MR. BRYAN'S TOUR IN INDIANA CONTINUES

FORT WAYNE, Oct. 14.—William J. Bryan and party left here today for Auburn where the first meeting of the third day's speaking tour of the state was held. There was a large crowd for the early hour. Other addresses today were made at Decatur, Portland, Muncie, Albany, Paris, Elwood, Anderson, Newcastle, Richmond and Cambridge City. The meeting at Auburn was in the open air. Colonel Bryan reiterated his former statements urging the election of United States senators by direct vote of the people.

ACCIDENT MEN ARE TO HAVE MEETING

NEW YORK, Oct. 14.—At a meeting here of the executive committee of the International Association of Accident Underwriters, Lake Muskoka, Canada, has been chosen for the next meeting place. The convention will sit there July 18-21. It was voted to recommend to companies in the association the adoption of January 1 of the limitation of weekly indemnity payments under health policies to twenty-six weeks. Plans were formulated whereby each company belonging to the association would report its health insurance statistics so that in future it will be possible to know the premium rate that should be charged for that class of risk.

Statistics submitted to the committee showed that for the ten years ending December 31 last there had been an underwriting loss of 3 1/2 per cent on all accident business written in this country.

MERRETT L. JOSLYN DEAD. CHICAGO, Oct. 14.—Merrett L. Joslyn, who was assistant secretary of the Interior under President Arthur, is dead at Woodstock, in Chicago, at the age of 54 as a captain and in the civil war as a member of the Illinois legislature.

The United States is suing the owners of a San Francisco drug store, under the alien contract labor law, for importing four clerks from Canada. The defense is that the men, as graduate pharmacists, are in the exempt class of "men belonging to a recognized profession."

HARRY STEINFELDT MARRIED THE REPORT SAYS

Cincinnati Post Publishes Romance of a Fort Worth Ball Player—Family and Friends Know Nothing of It

Is Harry Steinfeldt, the Texas third baseman of the Cincinnati Nationals, married, or is he not married? The Cincinnati Post of recent date had an account of a 5 o'clock wedding with the story that "Steiny" awoke to find himself a benighted, unknown and unaware—captured between innings, as it were. "Steiny" denies the marriage and wired to his parents here to disbelieve all newspaper accounts about him. This is supposed to cover the story of his matrimonial adventures.

IN GOOD FAITH

We Offer to Refund the Price of Vinol if It Does Not Give Satisfaction.

IMPORTANT ANNOUNCEMENT BY DRUGGIST R. A. ANDERSON

Since we originated the idea of selling Vinol on the "money back" plan, many other manufacturers have begun to advertise their goods on the same plan, and because of the fact that many of them are not acting in good faith, in regard to returning money to dissatisfied purchasers, or attach such onerous conditions to their "guarantee to return your money" that the public has become suspicious.

Now we want our customers and everybody in Fort Worth to understand distinctly once for all that there is not, and never has been, a "string on" the Vinol guarantee. If you buy Vinol from the use in good faith, and find after a fair trial that it can not benefit your case, we will positively agree to return your money without question. We require you to sign no statement, or refer to your friends as to your honesty—your word is good enough for us.

ENGINE HAS MOVED FROM DISPUTED CROSSING

Connection Has Been Made by Traction Company With the Other Track and Settlement Believed to Have Been Made

General Manager Haines of the Northern Texas Traction Company has not been at the general offices of the company this morning, but it is thought a satisfactory arrangement has been reached with the Texas and Pacific railroad regarding the Front street double tracks, as a result of the conference held in Dallas yesterday.

The trouble at all events will not interfere with the circus travel today as late yesterday afternoon a connection was made with the track already down just to the west of the railroad crossing so that cars may be run without difficulty.

At the same time the engine which had kept up its five minutes intermittent occupation of the line of the proposed track was run away from the scene which is also taken to strengthen the belief that an agreement has been reached.

In the meantime the application of the Rosen Heights company for additional privileges on Front street is still unsettled, no definite action of the committee having been held since the last session of the council, when the ordinance providing the extra facilities was presented. The meeting, it is said, will likely not be held until next week.

The other parties and ordinance have already gone into effect, no doubt having been by the mayor within the prescribed time.

HIGH SCHOOL 16 'VARSITY SCRUB 6

The high school football team defeated the second team of the Fort Worth University yesterday evening in a closely contested game by a score of 16 to 6.

The game was called at 5 o'clock. The high school choosing the kickoff. The University secured the ball over the 35-yard line and carried it by line rushes to the 50-yard line, where the ball was fumbled. A Campbell of the high school securing it and carrying it to the 'varsity' 10-yard line. The high school then used silent signs and Stewart took the ball over the guard-line on the university line up. Grammer failed to kick a goal.

The ball was kicked off to the 'varsity', their fullback being downed on the 20-yard line. E. Campbell secured the ball after a few minutes and made a run of 55 yards for high school's second touchdown. Williams kicked the goal.

The ball was kicked to the high school and on the third down having 5 yards to gain, Stewart failed to kick, and the university secured it whereby a few hard line bucks the ball was carried over the high school goal line; the university fullback kicking the goal.

The middle half was principally line rushing by the high school, they having possession of the ball nearly all the time. Anderson of the high school made the third touchdown in the last five minutes of playing a 10-yard line gain. Williams failed to kick the goal. The score was 16 to 6 in favor of the high school. Halves of 20 and 15 minutes were played. The features were the lack of fumbling on the high school's part, the ball not being fumbled during the entire game. Williams and Anderson playing at tackles and the playing of the two Campbells were also good.

The line up was as follows: Edgell, Center; Wheeler, Right Guard; McDonald, Right Tackle; Williams, Left Tackle; Armlinger, Right end; Smith, Anderson, Left Guard; Kimble, Lydick, Left guard; Blackwell, Shropshire, Left end; Bentley.

CIRCUS TO BUY LOCAL HORSES

An Offer Has Been Made by Ringling Brothers for A. B. Wharton's Pure White Team—May Be Sold

An offer it is learned has been made by Ringling Brothers' circus which is in the city for the pair of pure white Arabian horses owned by A. B. Wharton. These animals are pure white without a single mark of any sort and have been driven for several months here by Mrs. Wharton, who has since, however, become an automobile enthusiast. At Mrs. Wharton's home today it was stated that a deal for the animals was pending but that so far as known no definite arrangements had been made up until now.

SHERMAN, TEX., Oct. 14.—The Grayson county World's Fair committee has had placed on the tables of the Texas exhibit at St. Louis a bushel of pears, a bushel of Japanese persimmons and 11 bushels of apples, in addition to 11 bushels of the choicest varieties, which were sent for distribution on "apple day." The committee is highly pleased with the results so far obtained and feels that the money so liberally subscribed by the people has been profitably expended. The wedding presents received in expectation of the marriage of J. A. C. McCollman and the daughter of the Lord Mayor of London, which did not take place because McCollman withdrew at the last moment, are being returned, to the number of 300. Among them is a superb diamond necklace from the London court of aldermen and a pair of diamond earrings and a set of table silver from the common council.

Catarrh Invites Consumption

It weakens the delicate lung tissues, deranges the digestive organs, and breaks down the general health. It often causes headache and dizziness, impairs the taste, smell and hearing, and affects the voice. Being a constitutional disease it requires a constitutional remedy.

Hood's Sarsaparilla

Radically and permanently cures catarrh of the nose, throat, stomach, bowels, and more delicate organs. Read the testimonials. No substitute for Hood's acts like Hood's. Be sure to get Hood's. "I was troubled with catarrh 20 years. Seeing statements of cures by Hood's Sarsaparilla resolved to try it. Four bottles cured me." WILLIAM SHERMAN, 1030 6th St., Milwaukee, Wis. Hood's Sarsaparilla promises to cure and keeps the promise.

IS AGAIN IN JAIL

SHERMAN, TEX., Oct. 14.—Sheriff Russell returned last night from Arkansas, from where he brought Tom Holcomb, who is now in jail here. Holcomb was convicted in April of last year for assault on Professor H. A. Ivy, and was fined \$500 for the offense. The case was appealed and affirmed but in the meantime Holcomb was let out on bond.

ROOSEVELT'S UNCLE ILL

NEW YORK, Oct. 14.—Robert B. Roosevelt, uncle of the president, is dangerously ill in his country home near Eastville, L. I. Mr. Roosevelt, though 60 years old, is energetic and keenly devoted to outdoor sports, and his illness is attributed to a severe cold contracted during the recent automobile cup race. He was minister to the Netherlands during President Cleveland's first administration.

OWSLEY IS APPOINTED

DENTON, Texas, Oct. 14.—Hon. Alvin C. Owsley of this city has been appointed by Mayor W. T. McCormick a delegate from this city to the Trans-Mississippi Commercial Congress, which meets in St. Louis on October 25 to 29. Mr. Owsley left last night for the World's Fair and will also be in attendance at the meeting named. Every town of more than five thousand inhabitants is entitled to one representative at the convention.

WALTON POTEEET HERE

Walton Poteeet of San Antonio was in the city last night, having come here after attending the democratic banquet at Dallas. Campbell's response to the toast, "Turn Texas Loose," he declared was an incident making political history, the effect of which will be felt in the succeeding campaigns.

GREETING SENT TO KALIPH BY THE WIRELESS

W. C. Forbess Sends Message From This City to Ruler of Dallas Festivities—Many Will Attend Ball

General Passenger Agent Forbess of the Northern Texas Traction Company, himself an old telegraph operator, today sent wireless greetings to the Kaliph, who is now reigning in Dallas. The message was sent by Mr. Forbess over the wireless system in person and was received perfectly at the other end. The message conveying the good wishes of the Fort Worth citizens will be formally delivered to the Kaliph tonight at the Kaliph's ball and read publicly for the benefit of those present. Quite a large delegation of Fort Worth citizens will be present at the ball, many of the invitations having been received here. These invitations are most artistic, being fine specimens of wood pyrography, summoning the receiver to the ceremonies.

POLICE NEWS

The night police are doing extra duty with the day police today on account of the extra large crowds in the city. It was all the whole force could do to keep the streets clear of the seething masses of humanity, so eager were the large crowds to see the parade this morning. A man giving his name as Warden Rich got into an argument near the Crown theater at an early hour this morning and in the heat of the affray he was hit with a beer glass. Two gashes were cut on the right side of his face, but neither were very deep one. The injured man was taken to a drug store and the wounds dressed.

A woman was saved from probably a fatal accident late last evening. It seems that the woman had imbibed too freely and wished to go to sleep. Not finding a place more fit than the ground she rested it for her head that she would take a rest on the street railway track near the East Front viaduct. It was necessary for Officer John Teems to go to the scene and carry the woman to the Texas and Pacific depot and then called the city carry-all to take her for a ride to the station, where those who wish to sleep can be determined to stay there.

A lad of about fifteen and claiming Gatesville as his home, was arrested about 6 o'clock last evening by Officer Clarke. He was with another boy. The boy told a rather peculiar story to the police when arrested. He claimed the other boy told him to go to the cotton compress and tell the superintendent that a man was going to set some cotton on fire and had given him a tip. The superintendent gave the boy a dime and thanked him for his trouble. Then the men about the compress watched the boy and saw some of the other man arrested. Both were brought to the city hall and locked up as suspects.

This morning the little fellow told the police that the older boy had told him that was a good way to raise some money. The other man is still in jail. Several arrests for vagrancy were made, but no disposition was made of the cases this morning in the court, which was a short session.

Lomax, general passenger and ticket agent, Omaha, Neb.

Prominent Manufacture Drops Dead From Uraemic Poisoning

Without Warning Mr. F. Tiffany Swept Into Eternity by Kidney Disease. Doctors Said It Need Not Have Been Had He Kept His Kidneys Healthy by Using Warner's Safe Cure.

In apparent perfect health, Mr. Tiffany, well-to-do New England manufacturer of knit goods, had been attending to his business right along, but suddenly he dropped dead. The case was announced later as an accumulation of uric acid in the blood of the last and most fatal stages of kidney disease.

Doctors claim that of late years there has been a startling increase in kidney troubles and that one-third of all deaths result from this cause. Thousands of men and women are afflicted and do not realize it is their kidneys until death is near.

If there is the tiniest quantity of uric acid in the blood it is an absolutely certain sign that your kidneys are diseased, because it is the duty of the kidneys to remove this deadly acid completely from the system, and, of course, if the kidneys are not healthy, they cannot perform their work properly, and the longer they run without treatment the worse they become—kidney disease never cures itself.

Uric acid eats into the tissues and the diseased parts pass off in the urine. Therefore it is very easy for every one to keep their kidneys over the kidneys by making the following:

SIMPLE URIC ACID TEST

From time to time let a little morning urine stand in a glass or bottle 24 hours. If it becomes cloudy, a sediment forms, or if minute particles float around in it, your kidneys have been diseased for months. At any moment you may be attacked by convulsions, Bright's disease, blood poisoning and death, unless you at once arrest the inflammation and purify the kidneys with Warner's Safe Cure, which is the only remedy that will safely and effectively restore the kidneys, liver, bladder and urinary organs to their original healthy condition, and keep them in shape to do the work God has given them to do.

Warner's Safe Cure has been used for over 30 years by leading physicians and in hospitals. It is guaranteed absolutely free from narcotics, and cures without any bad after effect.

Make no mistake, there is only one medicine that will cure you, and it is Warner's Safe Cure. Sold by all druggists or direct, 50c, or \$1.00 a bottle. Medical booklet with testimonials and doctor's advice free. Warner Safe Cure Co., Rochester, N. Y.

THE war correspondent of the Manchester (England) Guardian states that the portraits of Admiral Togo, which have been appearing so numerously in European and American newspapers and periodicals are not those of Togo, hero of Port Arthur, but of an obscure rear admiral of the same name.

At a mass meeting of engine drivers and firemen in Birmingham, September 15, James Holmes, a candidate for parliament, said, in the course of a speech: "The average life of engine drivers has decreased ten years owing to the larger engines used and the consequent increase in their responsibilities."

THE MARKETS

NORTH FORT WORTH, Texas, Oct. 14.—Supplies of cattle today were liberal for Friday, about fifty shipments arriving, and the total receipts figured close around 1,400 head.

About five or six loads of medium grades of steers arrived and on these there was a weak demand, selling the ruling barely steady with yesterday, the ruling barely steady with yesterday, the ruling barely steady with yesterday.

The bulk of offerings was butcher stock and while a few loads of good cows and heifers arrived, the bulk were from canners to medium grades.

Packers were out early, taking the best of the supply at prices fully steady with yesterday, but on common and medium grades there was a slow, weak trade.

Prices ruling generally a shade lower than yesterday. Bulls found about the usual demand, both from packers and feeder buyers, and selling ruled steady.

The light supply of calves found a good demand and selling ruled active and steady, the bulk going at a range of from \$2.50 to \$3.25.

Receipts of hogs were light today, with six cars in. Total receipts figured about 450 head.

The quality was only medium, and with little demand from packers, trading ruled slow and draggy, with sales a shade lower than yesterday.

Tops today sold at \$5.27 1/2, averaging around 30c, with the bulk within a range of from \$5 to \$5.20.

Cleanings From the Exchanges

Jim Hogg has returned from New York, where he learned that Parker's law was not locked so tightly as he supposed.

There is but one way to remedy the situation, and that is for the people to scourge the money-givers out of the temple at Washington.

It is at least rather significant that just as the administration whitewashing bureau has completed its "investigation" of the beef trust, the leaders of that benevolent combine announce themselves as ardent supporters of Roosevelt.

There is nothing singular about it. The information gained from the beef trust investigation was simply used to force the beef trust people to an understanding.

The one paragraph of all paragraphs that makes one tired is the one relating to the experiments by government experts (?) with the Guatemala ant as a boll weevil destroyer.

To a person who watches events closely the growth of the Farmers' Union is full of meaning. It is no question but what an organization of that kind could be made most effective.

The Farmers' Union can be made an organization of good good, for its members if it can be kept out of the hands of its enemies. It is all right until an effort is made to carry it into politics.

It is suspected that the real object of the active campaign being made by the prohibition party in Texas at this time is to educate the people along the line of certain legislation that will be attempted in January.

There is no question but this is true. Rev. G. C. Rankin, editor of the Christian Advocate at Dallas, is accused of wanting to be champion of the next legislature, really a place that would mean a come-down for this distinguished divine.

Perhaps Dr. Rankin only desires to go to Austin to plead divine grace for the members of the state legislature.

THE YELLOW HOLLY

BY FERGUS HUME, AUTHOR OF "THE MYSTERY OF A HANSOM CAB," ETC. Copyright, 1903, by G. W. Dillingham Co.

(Continued from Yesterday.)

An evening party. Mystery as to cause of death. A question of title and rank. Police investigate. No clew found. At the party a woman had given another piece of Yellow Holly. Near dead woman similar piece found. Fried knows of interest present had in woman, as he thought she could tell Brendon of his birth and title, which had been denied him.

"You made the same remark before," said Brendon dryly, "and we could arrive at no conclusion. But, in any case, I don't see that Miss Ward giving me the holly has anything to do with Mrs. Jersey's alarm—if, indeed, she was alarmed."

"I think she was," said Train decisively, "and if I were you I would ask Miss Ward why she gave you the holly."

"What would be the sense in that?" "You might learn why Mrs. Jersey was startled."

Brendon laughed and shrugged his shoulders. "Your active brain is building up a perfect romance," he declared. "There can be no connection between Dorothy and Mrs. Jersey."

"Did she know you were coming to stop here on that night?" "Yes, I told her so when I met her in the park in the morning. It was then that she asked me to afternoon tea."

"And at the afternoon tea she gave you the holly?" "Yes, you seem to think she did it on purpose that Mrs. Jersey."

Train interrupted him quickly. "It is you who are building up a romance now," he said. "I never thought anything of the sort. But I do say that the coincidence is strange—that you should have in your coat a flower—I suppose one can call berried holly a flower—which awakens unpleasant recollections in Mrs. Jersey's breast."

"In a word, Train, you fancy that an inquiry into the circumstances of the yellow holly may lead to a detection of the assassin."

"I don't go so far as that. But I should not be surprised if something of that sort did eventuate."

"Then you do go so far as that," said Brendon, with a shrug. "However, there is nothing more to be said. My advice to you is to hold your tongue lest we should both get into trouble."

The two parted. Leonard to pack up and Brendon to journey with his bag for Kensington. Both men were conscious of a relief when they took leave of each other.

Of course the economy of the mansion was disordered when the crime was committed. But, thanks to the firm handling of Miss Bull, who now took the reins which had fallen from the hands of madame, a few days put a different complexion on affairs.

Margery knew where her aunt kept the money, and Miss Bull decided several of the boarders behindhand pay up. Thus there was enough money to go on with, and Miss Bull decided to wait until after the funeral before deciding what she intended to do herself.

When Mrs. Jersey was buried her lawyer made his appearance with the will. It was read to Margery, and Miss Bull stopped beside the poor girl as the only friend she had in the world.

The will was short and concise, as it seemed that there was very little to leave. The lawyer read it and then looked at Margery to hear what she had to say.

"You do exactly what you like, dear Miss Bull," said Margery, rising, and then turned to the lawyer. "Let Miss Bull do exactly as she likes. I leave all in her hands."

"The most sensible thing you can do," said the legal adviser under his breath, and when Margery had left the room he turned to the old maid. "Is she an idiot?"

"By no means. But she is not very clever. I have taken a great interest in her, as, to tell you the truth, Mr. James, she was badly treated by her aunt."

"It is lucky she has such a friend," said Mr. James.

"About this will," said Miss Bull, laying one thin finger on the document. "Madame leaves to Margery Watson, her niece, the money in the green box in her sitting room and also her jewels."

"Yes. Also, if you will recollect, the clothes of the deceased lady."

"Is there nothing else?" asked Miss Bull, raising her black eyes inquiringly. "What of the lease of this house?"

"That is the property of Lord Derrington, and he only let the house to Mrs. Jersey by the year."

"Is not that rather strange?" "Very strange. But the whole connection of Lord Derrington with my late client is strange. I know that she received from him an annuity of £500 a year and the lease of this house—by the year, remember—from December to December. Now she is dead the annuity lapses. The lease ends on the 31st of December and it will not be renewed. Lord Derrington, so far as I know, has no interest in Miss Margery Watson."

"What interest had he in Mrs. Jersey?" asked Miss Bull, scenting a scandal, and her eyes brightening. "I can't tell you that, and if I could I would not."

"Quite right. I beg your pardon for asking, but you see, in the interest of that poor girl, I wish to know exactly how matters stand."

"They stand as I tell you," said James, and he ran to go. "I have nothing to do in the matter, and my connection with the late Mrs. Jersey ceases here."

"One moment," said Miss Bull quietly. "What of the furniture?" "That is also the property of Lord Derrington. He bought the house as it stood from the executor of the last owner, Mr. Anthony Lockwood, fifteen years ago. Mrs. Jersey wished to set up a boarding house, so Lord Derrington placed her in here. Every stick in the place belongs to him. Should Miss Watson leave, she goes with the jewels, the money in the green box and with her deceased aunt's clothes."

"A very poor outfit to start life on at her age," said Miss Bull, rising in her grim manner. "By the way, Mr. James, what is the name of the late Mr. Lockwood's executor?" "Roger Ireland," replied the lawyer, looking rather surprised. "Why do you ask?" "For my own satisfaction, Mr. James. If no one else will assist this poor girl I shall do so. Good day."

RINGLING'S CIRCUS IN THIS CITY TODAY

Parade Was a Long One and Many Witnessed It—Performance This Afternoon Has a Large Crowd

Once more Ringling Brothers' circus has invaded Fort Worth and once again the streets are filled with people, both city and country, to take in the "big show," but without doubt the Ringlings have the greatest tented entertainment that ever comes to Texas and it is a question whether any other circus in this or any other country is larger than that owned by the five Ringling boys.

Newspapers were filled a few months ago with announcements that the circus trust had decided to abolish the time-honored parade. The Ringlings, however, are not in the least and they continue to give their parade. Fort Worthites saw it this morning, and it was better than at any time in the past.

Of the circuses which come to Fort Worth no other one presents such a long and interesting procession as the Ringling Brothers'. It requires nearly half an hour for the parade to pass a given point, which means that the parade was longer than most parades and the processions held on other days of celebration. Also the merchants liked the parade, for it brought out the public, and the business men did not have to sign their names to a subscription list to bear the expense.

As usual, for an hour before the procession left the circus grounds the lining of the streets was thronged with humanity. The mother with her children occupied grandstand seats on the curbstones and the kids ran into the middle of the streets and looked impatiently to see if the van of the parade was in sight.

SEEING UNDER DIFFICULTIES

Late comers had to rest content with standing on tip-toe and looking over the heads of those in front, unless they were of the aggressive sort and boldly crowded their way to the curb and stood before some disconsolate younger who found his view suddenly cut off.

First came the men with trumpets, and then followed eight girls on horseback. Good looking girls they were, and in passing it may be said that the Ringlings have an exceptionally pretty lot of women for a circus. Considering that the womenfolk are practically camping out from the time the season opens until it closes, these in the parade are certainly looked remarkably fresh. Twenty-four horses pulled the first of the big band wagons. Horses are one of the long suits of the Ringlings. The show carries something like six hundred, and all but comparatively few were in the cavalcade.

The horses, like the women, had an attractive appearance, and did no exhibit those travel stains which one generally finds in a circus stable. The cages, sides, were evidently well cared for, and the paint was bright and the gold-leaf decorations and ornaments were as glittering as though the vans had just started on the season, instead of being on the road and subject to rough usage for several months.

WORKING UP EXCURSIONS.

A. M. Hall, traveling passenger agent of the Katy, was in Fort Worth yesterday. He was here in the interest of Katy excursions to St. Louis and to the San Antonio International Fair, which opens October 22.

He believes there will be quite a heavy movement from North Texas to the latter exposition.

Mr. Hall says that the movement of passengers to St. Louis over the Katy during the past month has been very large.

COTTON PICKERS RATES ON.

The statement made in a morning paper that the cotton pickers' rates had been "pulled off" is not true, so far as the same applies to the Rock Island. The Rock Island general passenger office this morning gave out the statement that the rate of 1 cent per mile to points in Indian and Oklahoma Territories will continue in effect indefinitely, so long as there is need of this class of labor in these two territories.

TRAINS RUNNING THROUGH.

The passenger department of the Frisco has just issued an official circular to all agents notifying them that the line is now open for business from the south to the north, the flood situation having been restored to its normal.

ST. LOUIS CONFERENCE.

A. A. Gillson, general passenger agent of the Denver road, is in St. Louis to attend a conference between the Southwestern Bureau and Southeastern Passenger Association lines to be held tomorrow. The object of the meeting is to discuss and decide on Christmas holiday rates to apply from Texas to the Southwestern or old state territory. J. F. Lehane, general freight and passenger agent of the Cotton Belt, is also in attendance on the meeting.

LIVE STOCK TRAIN.

The fast live stock train of the Denver road from Amarillo to Fort Worth continues to grow in favor with the cattlemen in the Panhandle country. Yesterday's train brought in twenty-three cars for the Fort Worth market. The run of 322 miles is being made in remarkably quick time—from twenty-three to twenty-four hours.

NOTES AND PERSONALS.

Thomas M. Hunt, traveling passenger agent of the Queen and Crescent, is here today from Dallas.

John Rowley, chief clerk to J. W. Ward, superintendent of the western division of the Texas and Pacific at Big Springs, is in the city today.

WILDCREATURES

wild creatures look well cared for and healthy, and were of great interest to the crowd.

Undoubtedly Ringling Brothers have the best American circus and their high aims and clean methods entitle them to the extraordinary good will of the whole people, which they obviously enjoy.

Tonight the last performance will take place in Fort Worth. Don't miss it. "The gentlemanly assistants will now pass through the audience with tickets for the concert. Thanking you for your kind attention," etc.

OF INTEREST TO THE STOCKMEN

Reports from the Big Springs country say that fine rains have fallen over that entire section of country during the past two weeks, and grass has never been better than it will be this winter. There is an abundance of stock water and this feature of existing circumstances is one that is particularly gratifying to stockmen.

Northeastern buyers have stiffened the price of range cattle very perceptibly, even in the fact of a declining market at the packing centers. Every cowman in that section will enter the winter with the consciousness that he has just as good grass as can be found anywhere in the state.

There is considerable complaint of the action of the Federal authorities in holding up the action in beef trust investigation. It is felt that the measures of relief are so necessary, that the men who were engaged in investigating the shipping trust and the insurance companies, and hired some additional investigators, some of whom were put on the beef trust investigation.

They were told to pay particular attention to the railroad end, to see what part they played in the business of the trust, and twenty men were put to work. Some of the men, however, some of the men were put on the beef trust investigation.

WASHER BROS.

Century Building Is Decorated for an Opening Display to Which All Are Invited—Invitation Generally Accepted

THE THINGS MEN WEAR

Worth the Latest Up-to-date Styles Can Be Seen—Window Displays Are Exceedingly Attractive

It is a decided innovation for a man's store to have an opening day for ladies, but Washer Brothers, who have frequently before introduced successful innovations, did so again yesterday when they made the first of their two days' fall opening a special occasion for the women.

T. T. Crittenden who originated the idea, admitted this morning that the "ladies' day" had been an experiment, for although the interest of the fair sex in an opening of their own apparel had been amply demonstrated many times, it was doubtful what extent would be reached by their indirect interest in the apparel of their fathers and brothers.

The idea also had a dual object, first to recognize appreciation of the patronage of a great many of the ladies of the city and also to afford an opportunity for others to become acquainted with the store and the efforts it made to supply a man's needs.

The innovation proved a great success in every way, the ladies responding to the invitation in a way scarcely hoped for and expressing complete satisfaction at the splendid offering of fall goods. Preparations for the affair had been made most carefully, the store presenting a perfect bower of vines and American beauty roses, studded with myriad electric lights.

Special music was furnished yesterday by Professor Mueller's orchestra from 2 until 4 and over 4,000 souvenirs, consisting of color photographs of oil paintings were distributed.

The window decorations, by Hugh Jameson, were especially attractive. The main window at Eighth and Main streets was devoted to a display of the proper wear for men, morning outfits for Buster Brown to a lad's Tuxedo occupied the Eighth street window. The doorway windows were given to shoe and merchant tailoring displays respectively.

The display within the store was well in keeping with the excellent window showing, a complete line of all furnishing goods of the latest pattern being found. The belief of the store, Mr. Crittenden states, is that Fort Worth should have anything that the eastern cities have and that they are determined to offer it. That a strong effort has been made to do this is shown by the ready-made garments of the "finest fabrics," some reaching as high as \$40 in price and from that ranging down through the scale. An umbrella display is also of especial interest, gold and silver mounted ones of a sort usually found only in large jewelry stores being offered. One of these handsomely finished in gold, is priced at \$25.

The success of ladies' day yesterday was followed by another successful opening day today, the store being crowded throughout this morning with sightseers and purchasers.

THURMAN-DOBKINS

The marriage of Miss Emma Thurman of Bryan and W. C. Dobkins of Grand Prairie was performed in this city last night at the residence of J. J. Robertson, Rev. Junius B. French officiating. Mr. Dobkins is a well known farmer of his section, owning considerable property in North Fort Worth, as well as at Grand Prairie, where he and his wife will make their home.

THE FUNERAL OF DR. E. L. HANN OCCURS

DENTON, Texas, Oct. 13—All that was mortal of Dr. Ed L. Hann was laid to rest in the Odd Fellows' cemetery here yesterday afternoon.

Dr. Hann's death was the result of an accident which occurred Tuesday afternoon in his dental office on the south side of the square, where his body was found with a gun lying at his feet and the cleaning rod across his knees, having been engaged, it is supposed, in cleaning the gun when it was accidentally discharged, the load entering his breast and killing him almost instantly. Dr. Hann was a member of one of the prominent families of this section. He was the inventor of a crack marksmen, having taken part in many interesting competitions of that character.

ON THE SAFETY OF OVEREATING

The Rule of Choosing the Lesser of Two Evils Applies to the Way You Eat. I want to know how a man is to know when he has had enough?

The Pilgrim Fathers, I believe, had a quaint saying to the effect that you should always rise from the table feeling as if you could eat some more.

But the question is, how much more? Just when to stop? That's the point. The rule is wrong, because it's no rule at all.

It is inexact and unscientific. It is likely to lead to the dangerous habit of eating too little.

And eating too little—or digesting too little, which amounts to the same thing—is the cause of nine-tenths of the diseases from which humanity suffers today.

What is disease? It is simply uneven balance between waste and repair.

Some organs lack strength to carry on the special work for which it was created. Where shall it find the strength it lacks?

In drugs? Ten thousand times, NO! Better die than become a hopeless drug fiend.

No, in food. "But," you say, "I eat a plenty of good food every day."

True, dear friend, but you don't digest it. And food, undigested, is mere poison.

So, to make food do you good, you must take Stuart's Dyspepsia Tablets. The great thing about Stuart's Dyspepsia Tablets is that their action does not depend upon stimulative druggery.

They can not create a habit. They contain no ingredients to "pick you up," "tone up your nervous system," or furnish whiplash energy, by calling out your vital reserve force.

They create new strength, force and energy—our very Food. If taken sparingly, they will do you no good at all.

Go, eat to live, and live to eat, with Stuart's Dyspepsia Tablets. The curse of our present civilization is exhaustion.

And exhaustion, whether of brain, nerves, physical strength or vital force, is caused by starvation.

Of two evils, it is better to overeat (and prevent indigestion with Stuart's Dyspepsia Tablets), than to rise from the table, not having eaten enough to repair the exhaustion of your vital force.

For exhaustion or starvation leads to the most varied forms of sickness or disease, brought on by inability of the weakened vitality to counteract the disease—poisons, and microbes.

Whereas the well-fed and well-nourished person, without ever feeling the worse for it, can expose himself to dangers, the mere thought of which would drive the weak, starving dyspeptic into a panic fit.

Good food, well digested, is the great secret of a healthful existence here on earth.

So eat heartily, every day, of the best food you can get, and regulate the working of your digestive machinery with Stuart's Dyspepsia Tablets.

As a result, you will be astonished to find how much stronger and livelier you feel, how much more and better work you can do, how much more pleasure you will get out of life, and how your old enemy, that chronic trouble which has fastened upon your weak spot, wherever it is, will up and wade, and ever after leave you in peace, health and comfort.

There's more truth than poetry in all this. Try it once.

The address of the retiring moderator, the appointment of committees and other business of a perfunctory nature occupied the greater part of the opening session.

Important questions confronting the Congregational church are slated for consideration at the present meeting of the national council. The council is not a legislative body, yet its advice is followed by the churches in quite as large measure as are the laws obeyed that are enacted by official bodies among other denominations.

The matter of most popular interest is the proposed union of the Congregational, Methodist Protestant and United Brethren bodies. The national council represents the largest of the three bodies, and its action will carry greatest weight.

Preliminaries of the union have been arranged. A union of Methodist Protestant and United Brethren bodies seems almost certain, but it is not felt to be so sure that Congregationalists can bring themselves into line.

The idea among the leaders of the denomination now here seem to be co-operation, rather than consolidation.

Union on some working lines, as missionary interests and a few minor points is about all that Congregational leaders look for this year. Many think the present council will do well if it secures co-operation in any real sense.

The present gathering is historic in one sense, in that for the first time the several benevolent and auxiliary societies of the church are meeting in conjunction with the national council. The American board, whose meeting has been in progress in Grinnell during the last three days, adjourned at noon today and its members reached Des Moines in time to participate in the opening proceedings of the national council.

The dominant theme of the popular address before the council will be "The True Revival of Religion in the Churches," it refers to the individual, the community, the nation and the world.

Industrial problems will be considered, not only by specialists from among Congregational teachers, but by representatives also of labor organizations, the United Garment Workers and the railway conductors being represented by their secretaries. The council sermon will be preached by the Rev. Alexander McKenzie, D. D., of Cambridge, Mass.

CAMERA MAN SHAPPED JOHN D. ROCKEFELLER

PHOTO COPYRIGHT 1904 BY NEWMAN ENTERPRISE ASSN. SNAPSHOT OF JOHN D. ROCKEFELLER, TAKEN AT TARRYTOWN, N. Y.

John Davison Rockefeller. The richest human being in all the world.

At last, after many years of successful evasion, the king of industry and finance has fallen a victim to the camera man.

The Telegram, through the Newspaper Enterprise Association, herewith presents the first, only and hitherto unpublished, snapshot photograph of the "billionaire."

For at least ten years, especially since the advent of the reproduction of photographs through photo-engraving in newspapers, photographers have sought and produced the natural action pictures of practically all of the great and interesting men and women of the day.

Snapshot photographs of kings and queens have become almost commonplace. But until now every attempt to snapshot John D. Rockefeller has ended in failure.

Many attempts have been made. A drug clerk inside the shop was preparing a prescription and only recently he was prevailed upon by his wife and daughters to have a cabinet photograph of himself taken.

This was the first picture he had posed for in twenty-five years. Rockefeller shows his 65 years of age. A few years ago every spear of his hair fell from his head.

Under scientific treatment a fuzzy down of gray has been cultivated around the base of the skull and over the ears. This is sparse, however, and the shiny baldness in the bright afternoon light came out in the picture in almost the same shade as the light gray Alpine hat.

Donald has always been a favorite in Fort Worth and the large audience last night showed its appreciation of his excellent manipulations on the piano.

Altogether, the entertainment was a treat of the higher order.

A BALE TO THE ACRE WAXAHULIE, Tex., Oct. 14.—J. P. Robinson, a farmer living near Lone Cedar in the southern part of Ellis county, was in the city yesterday and reports that he has gathered five bales of cotton from five acres of land this season.

Mr. Robinson stated that the yield in his section of the country had been good, but not many farmers had gathered a bale to the acre.

A French suggestion for preventing automobile accidents from "swooning" is to forbid the use of masks and goggles.

Drake's Palmetto Wine. This wonderful tonic medicine will immediately help you and absolutely cure you. Every reader of this paper who desires to give this remarkable Palmetto medicine a thorough test is offered a trial bottle of Drake's Palmetto Wine free.

One tablespoonful once a day relieves and absolutely cures Indigestion, Flatulency, Constipation, Catarrh of the Mucous Membranes, Congestion of Liver or Kidneys, and Inflammation of Bladder, to stay cured. It is a wonderful tonic for the appetite, nervous system and blood, and promotes and maintains health and vigor.

Seventy-five cents at Drug Stores for a large bottle, usual dollar size, but a trial bottle will be free and prepaid to every reader of this paper who needs such a medicine. Address your letter or postcard to Drake Formula Company, Drake Building, Chicago, Ill. A trial bottle will be sent prepaid.

EMPLOYMENT IS READY FOR ALL WHO APPLY

Agency Men Here Are Trying to Engage Large Numbers for Various Kinds of Work—Labor Is Scarce

Employment agencies of this city are having a hard time to find men to fill all the calls for common labor. The demand is far greater than the supply.

Railroads are calling for men for extra gangs, cotton men are wanting men to pick cotton and the farmers in Colorado are after men to gather their exceptionally large crop of spuds.

Cities and factories are also finding it hard work to get all the labor they wish and the common laborer of today has more opportunities than ever before to get a job for the winter.

Even the farmers in Tarrant county are having trouble to get the men they want for the work on the farms.

One labor man who has been up the Denver to Denver City has returned home disgruntled with his trip. He went in railroad extra gangs, but had very search of men to fill in on some of the poor luck in getting any men.

In Denver and at Pueblo work is too plentiful for the men to leave to take a job away from home. The city is doing considerable work and the men already at work in the big bessemer steel plant there are at present content with their lot and not desirous of changing.

Then, too, many of the extra help usually to be found at these two points at this time of the year have gone to work on the repair work made necessary by the heavy floods around Trinidad. The steel plant at Pueblo wants at least several thousand more men before offering the best possible wages to get them.

The potato gathering season is on in the Greeley potato country and the wages paid there are good. In the mining camps men are now in demand and with the many that have gone to the fields the scarcity of common labor is being badly felt.

Men are loath to go to work in the mills, on railroads or with extra gangs when they can get into a cotton patch and make several dollars a day and board picking cotton. In the cotton fields in the Territories the demand for men is as great as it has ever been.

Farmers are at every train awaiting the arrival of men and as soon as they can get a bunch to enter their wagons they will drive as hastily as possible to the fields to keep some other cotton grower from offering a better price to the men which they have secured.

Men who have been in the cotton picking territory report some very funny scenes at the depots where the farmers have exhibited their great desire for men to pick cotton by bidding out so all on the train could hear the bids.

Snapping in this manner to catch some of the men, the men are a shrewd lot and usually most of them will await the most opportune time before accepting a man's bid and the one who offers the best price is the man who gets the most of them.

The cotton crop in the Territories is said to be the best possible this year.

Labor men here are daily receiving requests for many times the number of men they can supply and are refusing to even attempt to send any of them to the railroads, because the cotton pickers get the most money and are in the end best satisfied, and when in want of another job will return to them.

CHAIRMAN LYON IS CALLING FOR THE CONTRIBUTIONS

Sends Out a Circular to Office-Holders Asking Them to Come Across for a Campaign Fund

Dr. L. M. Whitsett of this city, who formerly had the sub-postoffice station on the south side of the city, has received a circular from Cecil A. Lyon, in which the Republicans are called upon for subscribers to make the campaign in this state a ringing one.

It appears that Mr. Lyon assumed that all appointees of the republican administration are republicans, and Mr. Whitsett having held the sub-station, Mr. Lyon took it for granted that he was willing to do his part. The letter from Mr. Lyon which calls for contribution follows:

Sherman, Tex., Sept. 28, 1904.—Dear Sir: No state in the union offers a more fertile field for the increase of republicanism than does Texas with its interests so bound up in the theory of protection and with the well known attitude of the state in relation to the Panama canal.

In order to bring to us the vote which should be republican it is necessary that a campaign of education be carried on. A campaign of education means speakers, literature and other legitimate efforts, all of which costs money. To further that end you are invited to contribute as liberally as you can in order that a complete campaign as possible can be made.

The organization invites you to send in your subscriptions, and to send them promptly. All republicans and all persons interested in the principles of the republican party are invited to contribute. If you are a beneficiary of the republican organization, it is not asking too much to ask that your donation be according to the benefits which you are receiving.

This letter will reach many who are not republicans, and to those it reaches who are not republicans, but who are holding offices under a republican administration, by grace of that organization, it is suggested that you at least observe the courtesy of taking no active part in opposition to the republican success this year.

Your early reply is requested. Yours very truly, CECIL A. LYON, National Committeeman and State Chairman.

Copies of this letter, it is said, will be forwarded to the postoffice department, the strictest rules having been laid down

Miss Nettie Blackmore, Minneapolis, tells how any young woman may be permanently cured of monthly pains by taking Lydia E. Pinkham's Vegetable Compound.

"YOUNG WOMEN:—I had frequent headaches of a severe nature, dark spots before my eyes, and at my menstrual periods I suffered untold agony. A member of the lodge advised me to try Lydia E. Pinkham's Vegetable Compound, but I only scorned good advice and felt that my case was hopeless, but she kept at me until I bought a bottle and started taking it. I soon had the best reason in the world to change my opinion of the medicine, as each day my health improved, and finally I was entirely without pain at my menstruation periods. I am most grateful."—NETTIE BLACKMORE, 28 Central Ave., Minneapolis, Minn.

Painful Periods

are quickly and permanently overcome by Lydia E. Pinkham's Vegetable Compound. The above letter is only one of hundreds of thousands which prove this statement to be a fact. Menstruation is a severe strain on a woman's vitality. If it is painful something is wrong. Don't take narcotics to deaden the pain, but remove the cause—perhaps it is caused by irregularity or womb displacements, or the development of a tumor. Whatever it is, Lydia E. Pinkham's Vegetable Compound is guaranteed to cure it.

If there is anything about your case about which you would like special advice, write freely to Mrs. Pinkham. She will treat your letter as strictly confidential. She can surely help you, for no person in America can speak from a wider experience in treating female ills. She has helped hundreds of thousands of women back to health. Her address is Lynn, Mass., and her advice is free. You are very foolish if you do not accept her kind invitation.

Details of Another Case. "DEAR MRS. PINKHAM:—Ignorance and carelessness is the cause of most of the sufferings of women. I believe that if we properly understood the laws of health we would all be well, but if the sick women only knew the truth about Lydia E. Pinkham's Vegetable Compound, they would be saved much suffering and would soon be cured.

"I used it for five months for a local difficulty which had troubled me for years, and for which I had spent hundreds of dollars in the vain endeavor to rectify. My life forces were being sapped, and I was daily losing my vitality.

"Lydia E. Pinkham's Vegetable Compound cured me completely, and I am now enjoying the best of health, and am most grateful, and only too pleased to endorse such a great remedy."—Miss JENNIE L. EDWARDS, 604 H St., N. W., Washington, D. C.

Mrs. Pinkham, whose address is Lynn, Mass., will answer cheerfully and without cost all letters addressed to her by sick women.

FRANCIS IS DECORATED ST. LOUIS, Mo., Oct. 14.—President D. R. Francis and Director of Exhibits Frederick J. Y. Skiff of the Louisiana Purchase Exposition were today made grand officers of the Order of the Crown of Italy. The decorations were conferred upon them by the King of Italy, and the presentation of the insignia was made by Baron Mayor Des Planches, Italian ambassador to the United States. The ceremony was brief and simple.

MAKES A CLEAN SWEEP There's nothing like doing a thing thoroughly. Of all the Salves you ever heard of, Bucklen's Arnica Salve is the best. It sweeps away and cures Burns, Sores, Bruises, Cuts, Bolls, Ulcers, Skin Eruptions and Piles. It's only 25c, and guaranteed to give satisfaction by W. J. Fisher, Reeves Pharmacy and N. S. Blanton & Co., Drugists.

The longest name in the world is believed to be that of Miss Annie Keooha-naka-hinua-kawaloakana, whose letters were addressed to Honolulu, H. I.

The organization is announced in St. Petersburg of "the St. Petersburg Telegraphic Agency." Its object will be the development of the work begun by the Commercial Telegraph Agency, which it supersedes. It will have a large staff of correspondents in all countries where Russia has commercial and political interests, who will work "to propagate commercial, political and economic information in Russia and foreign countries."

CONGREGATIONAL COUNCIL IS IN SESSION

Union With Two Other Religious Organizations Is to Be Discussed at the Meeting in Des Moines

DES MOINES, Iowa, Oct. 14.—The triennial session of the national council of the Congregational churches of the United States opened a six-day session in the Plymouth Congregational church yesterday. About 300 delegates were present at the call to order by the Rev. Amory H. Bradford, D. D., of Montclair, N. J., moderator.

Among the prominent Congregationalists in attendance were Rev. Dr. Lyman Abbott, Rev. Charles E. Brown, D. D., of Oakland, Cal.; Rev. H. H. Proctor of Atlanta, Ga.; Rev. Oliver Huckel of Baltimore, Md.; Rev. Albert H. Plumb, D. D., of Boston, Mass.; Dr. Boynton of Detroit, Mich.; Rev. Newell Dwight Hillis of Brooklyn and numerous others. The following college presidents were also present: Cyrus Northrop of the University of Minnesota, H. C. King of Oberlin College, W. D. Mackenzie of Hartford Theological Seminary, George A. Gates of

CHICAGO, Oct. 13.—Mrs. Charles Netcher, owner of a downtown department store, is following in the footsteps of her late husband. When he decided to build on his property he insured his life for \$500,000, so that in the event of his death the plans might not be interfered with.

Mrs. Netcher, having taken up the burden dropped by her husband on June 29, when he died, has decided to do likewise.

Four large insurance companies in the east have agreed to issue a \$500,000 policy on her life. One company will take 60 per cent of the risk and the three others \$100,000 each.

The companies decline to state what the yearly premium will be, but it is understood the rate is higher than that paid by Mr. Netcher. He had made only one yearly payment when he died.

CHARLES EDERLE VISITS HIS FORMER HOME

Charles Ederle, who formerly conducted a cigar factory in Fort Worth, now in business at Colorado Springs, Colo., is in the city looking after business.

Mr. Ederle states that the floods in Colorado have practically paralyzed business of all kinds, and the movement of trains has been greatly interfered with by the high waters. At Trinidad the worst conditions exist. The Las Animas river caused great destruction in that city. That stream has changed its original course and is now running through a different channel. The river now runs over the site of the old Santa Fe depot, where it has washed away much valuable property. The force of the water was something wonderful. A 3,000 pound safe that was in the office of the Santa Fe depot was carried away a distance of about one mile and had to be dug from the sands that had covered it to a considerable depth.

The weather in Colorado, Mr. Ederle says, has been most delightful during the past summer, and snow has capped Pike's Peak and Spanish Peak during the entire summer.

The waters in Colorado are still very high and normal conditions will not be reached for some time yet.

Politically, Mr. Ederle states that it looks very much as though Governor Peabody will succeed himself. This is about the condition as viewed by nearly every one who observes the trend of political affairs.

POLYTECHNIC COLLEGE RECITAL LAST NIGHT

The Polytechnic College recital last night at the Christian Tabernacle was a most enjoyable affair and was largely attended. Miss Lillian Bonnell was indisposed and the number assigned to her was omitted. All the other features were presented much to the delight of the audience.

The singing of Mr. Hemphill was a bright oasis among the other excellent renditions, for it is safe to say that no better program of music and recitations was ever given in this city.

Jacob Schreiner was recalled several times, and his violin playing was of the usual excellent character.

The readings by Miss Lyons met a hearty response from the audience, as did the violin solos of Misses Spoons and Monette.

C. Wilber McDonald's renditions on the piano showed mastery over that instrument, and he was recalled several times, responding cheerfully to the requests of the audience. Mr. Mc-

HEATON & BURY CO. Victoria Bldg, Opp. Worth Hotel, 810 Main Street

FOR SALE—At stop 5 1/2, fronting south on the Interurban, directly on the Boulevard, lies high and unbroken, the finest land along the Interurban, five minutes' ride from the city, will sell fifteen lots, size 10 feet by 200 feet and 105 feet by 214 feet, and 165 feet by 150 feet, at special prices to builders of good homes. This land was once in cultivation; a view of the city of Fort Worth can be seen from any of the lots. If preferred, will sell all as acreage property. FOR SALE—My home on Hemphill street, one of the prettiest streets in the city. On the car line. Lot 50 feet front by 150 feet deep to a 24-foot alley in the rear. House consists of five rooms and bath, plastered throughout, kalsomined, gas and sewerage connections, beautiful gas fixtures, enameled bath tub inside and out, sink in kitchen. Large two-story barn, feed house and servant's house. Lot high and terraced, nice cement walks in front with steps leading to cement sidewalk with cement curbing in front. The place is situated at No. 1409 Hemphill street. Will trade for other property up to the amount of \$2,500. Price for this modern cottage, if sold at once, only \$3,000, being \$250 below cost. This place is a brand new home, having been built less than two years. South and west exposure. One of the most modern and complete homes in the city, with all conveniences, including gas for cooking purposes.

Remember that we do a general fire, plate glass, liability and tornado insurance business and represent some of the best old line stock companies, the representative ones of the United States, such as the following: Phoenix of Hartford, Connecticut, with a cash capital of two million and with assets double that amount. Orient of Hartford, Connecticut, with a cash capital of a half million, and with assets five times that amount. Camden of New Jersey, established in the year 1818. American of Boston, established very nearly a hundred years ago, in the year of 1818.

When you place your insurance with such companies as the above you can rest easy at night and have your mind free, for in case you should be so unfortunate as to lose your home or household belongings by fire or lightning it wouldn't be any longer than it takes to make up the proofs of loss before you would have the cash with which to rebuild your home or replace your furniture.

When you have any good vendor lien notes or wish to borrow money on good improved city property, remember we do that, and let you have the money for several years at the low rate of interest of 8 or 9 per cent.

Call early. G. R. Hunt of Paradise, Wise county, was in the city yesterday and reports that the farmers in that section are holding their cotton. Miss Marguerite Cantey and Miss Margaret Adams, who are attending St. Mary's school in Dallas, are home to remain over Sunday. H. R. Irwin, superintendent of the International and Great Northern at Mart, was a visitor among the company officials here this morning. George B. McGill, the international secretary of the Y. M. C. A. of Clinton, Iowa,

left the Gould party here this morning and started to his home. The persons suffering from poison by eating food served to them on Wednesday near Eleventh street have practically all recovered. Mrs. M. G. Becker, accompanied by the Misses Maude and Ruth, are in Dallas attending the fair, the guest of her daughter, Mrs. Annie E. Flynn. The remains of Robert Crisp, which had been interred in Oakwood Cemetery, were disinterred yesterday afternoon and shipped to Hillside, Mich., the former home of Mr. Crisp. Traveling Men's Day at the fair, October 15, promises to be well attended. Much enthusiasm is manifested by the boys throughout the southwest. J. W. Ward, superintendent of the Texas and Pacific at Big Springs, and J. Potter, the master mechanic, were in the city today among the railroad men. A large audience was present at the Glenwood Methodist church last night to hear Professor Boaz' lecture, "Monkey or a Man." The lecture, which is brilliant and replete with good things, was well received by those present. Frightened by the burning out of a controller on a stock yards car yesterday morning, a man named Sinclair, either jumped or fell from the car, receiving a scalp wound. He was given treatment and later removed to his home. An early run was given the fire department this morning by a fire of unknown origin in the stables of A. B. Colvin at Twelfth and Throckmorton streets. All the horses were gotten out safely, although the frame structures were destroyed. The loss will reach about \$100. "Light gains make heavy purses; for light gains come often, great ones but now and then." This is the philosophy upon which bargain sales are based; but it would be a useless mercantile proverb if it were not for advertising. The Prudent Patricians of Pompell held their regular monthly musical and liter-

ary entertainment last night at the Knights of Pythias hall. The Morrell family orchestra gave some fine selections. Other excellent music was also rendered. Interspersed with elocution. Light refreshments were served at the close. H. A. Shaw of Santa Anna is in the city. A. B. Dawson of Mahank was in the city last night. J. T. Milton and wife are visiting in the city from Childress. Rev. J. F. Boeye lectured at the Fort Worth University chapel last night to a large and appreciative audience. W. C. Wade of Winstboro was in the city this morning on business and pleasure combined. J. P. Rogerman, traveling passenger agent of the B. O. and S. W., is in Fort Worth on business. C. W. Maxwell is seriously ill at his residence, 507 May street. Every incoming train today was crowded with passengers to Fort Worth bent on seeing the big show. J. P. Brady and H. Sweet of Longview are in town today. Mr. and Mrs. G. W. Johnson of Brownwood spent the day here. Mrs. E. A. Wanish of Brownwood is visiting in the city. Miss Ivy Brady is among the visitors here today from Granbury. The private car of John Ringling is in the Texas and Pacific yards. The car is called Wisconsin and is used as the private business office of the owners of the big show. J. M. Culbertson and W. H. Prewett left this morning for Portland, Ore., over the Santa Fe. They will go from this city to San Francisco, making the trip from that point by water. City Engineer John B. Hawley, who has been spending a two weeks' leave of absence at the World's Fair, returned home last night and expressed himself as greatly pleased with the architectural and other displays at St. Louis. Detective Al Ray of this city received a telegram from Chief Knight last night to come to Dallas and protect the town during the parade. He rounded up about fifteen crooks and gave them orders to leave town. Many will go from here to Dallas tomorrow to see the Fort Worth University football team play the team of Texas Christian College. As the game is to be played on neutral grounds, both teams will have large parties of rooters. There was a very interesting meeting of Red Cross lodge, Knights of Pythias, held last night. There was work in the second rank, and on next Thursday night there will be two candidates for the third rank. Judge Albright feels elated over the good record being made by a 3-year-old "Investigator," his horse, at the Dallas fair. The animal is known as "Jim Brown," and on Thursday paced a mile in 2:14. As bad luck would have it, the horse met with an accident and failed to win the race. Mr. Albright is certain that if the horse had not been hampered he would have easily won the race. The services at the College Avenue Presbyterian church last Sunday morning were of an exceptionally interesting character. After a sermon from the pastor, Rev. M. B. Lambdin, appropriate to the occasion, from I Cor. 14:12, "Seek to excel to the edifying of the church," the following persons were solemnly set apart and installed as additional officers in the church: Messrs. H. L. Abston and W. W. McCaskel as elders, and Messrs. R. H. Barnes and C. E. Bowman as deacons. A large congregation was in attendance. Sunday, October 16, is Yon Haskel day among the people of all the world. It is the seventh anniversary of the present political Zionistic movement of the world. On this day every member of the faith is expected to give the sum of 25 cents to help the cause. This amount is made so small that all are expected to give to further the cause of the Hebrew Zion movement. In observance of the day the Abavath Zion of the Orthodox church will have a meeting Sunday afternoon at the synagogue on Taylor street and proper services will be held.

One Bottle of Burnett's Vanilla Extract is better than three of the doubtful kind. Its purity and great strength make it the most economical brand. Always ask for Burnett's Vanilla. **LIEUTENANT MOORE TALKS OF ISLANDS** Lieutenant J. W. Moore of the Second United States cavalry was in this city yesterday afternoon on a visit to the family of Dr. J. W. Walker. Lieutenant Moore is a typical red-headed trooper and has not let his strenuous life in the Philippines interfere with his good humor and health. He has now been in active service in the islands since February 16, 1900, this being his first trip home. "Garrison duty is garrison duty, regardless of where a troop is stationed. Civil government is now in force over a greater portion of the Philippines and its rule is native. Even if I were to see a lot of natives shoot down one of my men outside the military reservation, I would not have the power to arrest those who did the shooting, unless a request was made by the civil government for me to do so. "I should say that, taken as a whole, army life in the Philippines is about as agreeable as army life in America. We have plenty of routine work to do. By the time we get through with our daily rounds we are ready for a good sleep to make ready for another day. Taken as a rule, the people of the Philippines are very much like the people everywhere else—some are good, some are not good and some are neither bad nor good. Commercial conditions are rapidly adjusting themselves to a normal state over all the islands and in the thickly settled portions American methods hold full sway. "He is a son of Former Congressman Lyt Moore of La Grange.

IN THE COURTS Dullness prevailed throughout the court house. The circus crowds swarmed throughout the building all the forenoon. After the parade they walked on Main street for the cars to the grounds. Within the offices little business was transacted. **SEVENTEENTH DISTRICT COURT** W. K. Logan, who is charged with murder, is on trial in the Seventeenth district court. **FORTY-EIGHTH DISTRICT COURT** In the Forty-eighth district court Gussie Hereford vs. James Hereford, divorce; granted. **MARRIAGE LICENSES** Henry J. Blesse and Miss Julia Kellerman; Andrew Anderson, colored, and Mrs. Sallie Jones, colored; John Capps and Miss Emma Grautliark; P. M. Lowe and Miss Roxie Smith. **VITAL STATISTICS** Births—To Mr. and Mrs. Charles E. Demming, a boy; to Mr. and Mrs. J. O. Cheney, Mansfield, a boy; to Mr. and Mrs. John Caygood, Fort Worth, a boy; to Mr. and Mrs. John H. Smith, Fort Worth, a boy. Deaths—Mrs. Williams, aged 50, Fort Worth; Infant Smith, aged 1½ days old, Fort Worth. **FORTY-EIGHTH DISTRICT DOCKET** During the October term of the Forty-eighth district court, which begins October 17, the following cases will be called up by Judge Irby Dunklin: Monday—Ella Erwin, assault to murder; Louise Sweet, burglary; W. G. Kirby, theft, two cases; Bob Crofton, burglary; Bob Peters, assault to rob. Tuesday, October 18—Eddie Cole, perjury; Henry Ferguson, theft; Ed Cook, theft; John McBride, assault to murder; E. P. murder; Bob Smyth, seduction. Friday, October 28—John Brown, horse theft, four cases.

LABOR NOTES Official action was taken last night by the Trades Assembly, Lem Husted being engaged to take the necessary steps, to secure the next national convention of the American Federation of Labor for this city. This action, as outlined in The Telegram of Tuesday, is the first step toward securing the convention, which it is believed can be landed for this city. An active campaign for this purpose will be begun at once. The French consul from China, interviewed by the Paris Eclair, says that the work of the Japanese in China is immense, and its effects are already striking and disquieting for Europeans. Everywhere Japanese are to be found organizing the country and instructing the people. These instructors act as spies, and have even pushed down to the French Tonkin frontier. There is activity, combined with anxiety, in Lancashire coal mining circles. Many of the mines are near the exhaustion point, and explorations in search of new ones are being carried on that will cost \$10,000,000.
