

THE FIRST TRUCKLOAD of 1970 corn gets a close inspection by the men who harvested it and the men who received and tested it at Dimmitt Wheat Growers, Inc., last Wednesday. From left are Doyle Morris,

Charles Armstrong, David Moseley, Bill Goldsmith and Bob DuLaney. The corn was delivered at 5:40 p.m. from DuLaney's farm just north of the Country Club golf course.

First load of corn cut

Bob DuLaney of Dimmitt kicked off the 1970 grain-corn harvest last Wednesday afternoon.

DuLANEY and his foreman, Doyle Morris, and driver David Moseley delivered the year's first load of corn to Dimmitt Wheat Growers, Inc., at 5:40 p.m. Wednesday.

The corn payload came in while most of the county's silage-corn was still being harvested for high moisture content, and crossed the scales just two days after Jim Dowdy of Dimmitt had harvested the year's first milo.

Despite its early arrival, the first corn was well within the acceptable moisture content range, testing 24 percent. It will be dried to 17 percent for storage until Dimmitt Wheat Growers' new corn milling plant goes into production sometime next month.

THE CORN came from land which DuLaney farms on Hospital Road, just north of the Country Club golf course. The farm

is owned by Mrs. Sybil Arnold of Arlington. DuLaney's first truckload was cut from 2.6 acres and weighed 16,880 pounds, meaning his crop averaged 6,492 pounds — or 120.2 bushels — per acre on the first swath. Its test weight was 54 pounds per bushel.

Ensilage truck overturns; two pickups damaged

Considering all the trucks and harvest machines that are busting around the county now, it's a good idea to look around before you pull onto any farm road.

A SUDAN man learned that lesson the hard way Saturday morning when he pulled into the path of an oncoming ensilage truck and caused an accident that damaged three vehicles.

The big truck overturned and two pickups received heavy damage, but no one was injured.

The wreck occurred 14.3 miles southwest of Dimmitt on Farm Road 145, where a harvest crew's vehicles were parked alongside the road.

HIGHWAY Patrolman Dyrle Maples said Dewayne Winston Conley, 49, of Sudan, pulled his 1948 Ford pickup onto the road and into the path of an ensilage truck traveling the same direction.

The truck's driver, Vincent Reyes Jr., 17, of Dimmitt, lost control when he tried to avoid hitting Conley's pickup. Maples said. The ensilage truck swerved across the road, struck a parked 1962 Chevrolet pickup owned by Theron Hill of Sudan, then overturned.

Damage was estimated at \$600 to the truck, \$350 to Hill's pickup and \$100 to Conley's pickup. Conley was cited for making an improper start from a parked position.

'How-to' meeting slated on cattle

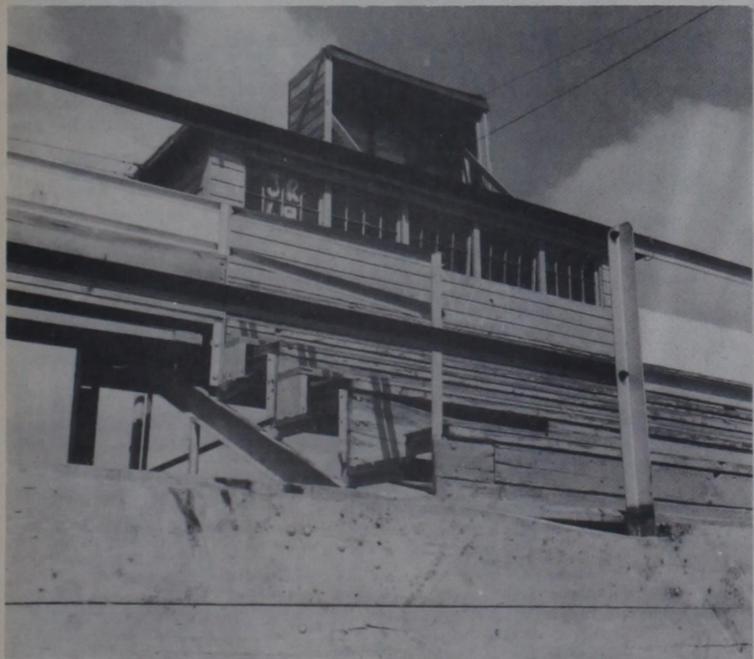

The Extension Service will sponsor a livestock management program Tuesday at 2 p.m. in the First State Bank community room.

COUNTY Agent Charles Hottel said two area Extension Service specialists will be on the program.

Dr. Calvin Parrott, area livestock specialist, will discuss nutrition requirements for stocker calves on various types of grazing and forage programs.

Edd Garnett, area farm management specialist, will discuss the economic aspects of various types of grazing programs. Hottel said Dr. Parrott and Garnett will be available all afternoon to help individuals with specific problems they might have with their livestock management.

The Face of Dimmitt

HOW MUCH LONGER?—In eight more days a new football season will officially get underway in Dimmitt, and Bobcat Stadium will be called upon to stave off the rigors of old age for still another year. The stadium was already in its fifth season of service when this year's seniors were born. Constructed in 1948-49, it was Dimmitt's first real stadium—but it wasn't intended to be our last one. When constructed, it was above-average for this area, but now—well, you can see for yourself. This is the "choice" reserved-seat section, backed up by a chicken-coop press box and a lean-up camera stand. Those in our football crowds who are lucky enough to get seats in our little stadium—after sometimes slogging

through mud to get there—have to walk up dangerously loose steps and freeze on Masonite seats amid the surroundings of warped boards and the juvenile scrawlings of paint-happy students. There are valid arguments, of course, for not building a new stadium—the main one being that it's a lot of money to part with for a facility that will be filled only five nights a year. Also, our school district was indebted to its legal limit on more important things such as good school buildings, until last year's increase of property valuation in the district. All arguments pro and con, however, boil down to this: if Dimmitt High School is going to play Class AA football, it really should have a Class AA stadium.

Schools issue dress rules

When is a boy's hair too long or a girl's skirt too short? DIMMITT Public Schools have just adopted a new "dress policy" that spells out the long and short of it where the classroom is concerned.

Under the new rules of dress, boys have a precise description of school-approved haircuts, and girls can tell whether their scooter skirts, micro-minis, pantdresses, culottes and blouses will pass inspection in the classroom.

The school board adopted the dress policy "in the interest of an educational atmosphere, dignity of the individual, decency and pride in our school and community."

HERE IS the complete set of rules governing Dimmitt students' clothing and haircuts:

GIRLS

1. "No shorts or cutoffs of any kind are to be worn by either boys or girls. Scooter skirts, pantdresses and culottes may be worn so long as the length is skirt length and the appearance is that of a skirt rather than of shorts. This appearance should hold true whether the view is from front or back."

2. "Dresses or skirts should be of a length that present a well groomed and suitable appearance."

3. "BLOUSES and shirt tails designed to be worn inside of skirts must be worn in that manner. Blouses and shirt tails designed to be worn on the outside of a skirt must cover the midriff and back in the standing, sitting or bending position."

4. "No conspicuous or ridiculous costumes can be worn that will distract other students' attention and detract from a learning environment."

BOYS' HAIRCUTS

1. "At least one inch above the eyebrow in front."

2. "Trimmed in back so that hair does not lay on shirt collars."

3. "Hair should not curl up in back due to excessive length."

4. "TRIMMED on sides so that hair does not touch or overlap the ears."

5. "Sideburns must not extend below the earlobe."

6. "Beards and mustaches are not permitted."

BOYS' DRESS

1. "Boys will wear belts on trousers tailored with belt loops."

2. "Sock must be worn with

shoes, including sandals, at all times."

3. "SHIRT tails designed to be worn inside of trousers must be worn in that manner. Shirt tails designed to be worn on the outside of trousers must cover the midriff and back in the standing, sitting or bending position. All shirts must have sleeves."

4. "No conspicuous or ridiculous costumes can be worn that will distract other students' attention and detract from a learning environment."

GENERAL

"The factors that should be and determining overall good grooming that will contribute to a good learning atmosphere are trimness, modesty, discretion and non-embarrassing to the wearer or others."

THE SCHOOL board also has ordered a policy statement pertaining to drugs and narcotic, and another on disturbances. Supt. Charlie White said school teachers and administrators are working on policy statements in these areas to submit to the school board.

Most stores will close Labor Day

Most Dimmitt businesses will close Monday for Labor Day. HOWEVER, local schools will not turn out for the holiday, and the city's grocery and variety stores will remain open.

Most implement houses and machine shops will close but will have someone "on call" for harvest emergencies. One doctor's office and one pharmacy will remain open.

All city, county, state and federal government offices will observe the legal holiday by closing.

A spot-check of businesses by the Chamber of Commerce and the News revealed these Labor Day plans:

CLOSED — Cobb's, Harman's, C.R. Anthony Co., Parsons Drug, City Drug, C&S Equipment Co., Farmers Supply, Hays Implement Co., Dimmitt Welding & Blacksmith, Bob Goss Ford, Webb-Mears Chevrolet, Dimmitt Engine Service, Dimmitt Parts & Supply, A&H Supply, Polson's White's Auto, Southwestern Public Service Co., Pioneer Natural Gas Co., Clinic.

Open — TG&Y, Perry's, all grocery stores, Dr. B. D. Murphy's office, Carver Pharmacy, Castro County News.

Last rites held for Chavira boy

Funeral services were conducted Sunday afternoon for Dario Chavira, 10-month-old son of Mr. and Mrs. David Chavira of Dimmitt.

THE INFANT boy died Saturday in Deaf Smith County Hospital.

Final rites were conducted in the Immaculate Conception Catholic Church by Rev. Rafael Chen, priest. Burial was in Castro Memorial Gardens, under the direction of Dennis Funeral Home.

In addition to his parents, Dario is survived by five brothers, Daniel, David, Donido, Damas and Don; and grandparents, Mr. and Mrs. Gilbert Olivarez of Dimmitt and Mrs. Jane Chavira of Chihuahua, Mexico.

Permits issued for five homes

Despite high interest rates and rising construction costs, five home-building projects were started in Dimmitt during August, making it the best residential construction month so far this year.

CITY Manager E. B. Noble reported that the city issued permits for \$62,300 worth of construction on the five homes. Four are new homes backed by Farmers Home Administration loans and the fifth is a country home being moved into town and remodeled. (Noble explained that the amount listed on a building permit does not indicate the actual value of a new building. City permits are issued on the estimated cost of basic construction and do not reflect the cost of real estate, plumbing, wiring, heating, etc.)

HOME BUILDING has been scarce in Dimmitt this year, as it has been throughout the nation. Noble reported that the city has issued only 12 building permits on homes so far in 1970 — one in January, two in March, three in May, one in July and five in August.

August loses to June brides

August lost the 1970 marriage sweepstakes by one "I do."

COUNTY Clerk Zonell Maples reported this week that her office issued 15 marriage licenses during August — one less than in June.

It was the first time in three years that more marriage licenses have been issued here in June than in August.

The 1970 "month of brides" race isn't over yet, though. Ecmember has become a serious contender in recent years, too, and could still pull an upset.

ODESSA MAN'S CAR TOTALLY DEMOLISHED IN WEDNESDAY WRECK ... Workers sweep glass off highway near soft-drink truck (background)

Seat belt saves driver in glass-breaking wreck

A seat belt probably saved a life last Wednesday noon when an Odessa man's car collided with the rear end of a soft-drink truck at Sunnyside.

THE WRECK, which occurred at 12:25 p.m. at the intersection of US 385 and Farm Road 145, peppered broken bottles over the highway and coated it with syrupy soda pop.

Both vehicles were northbound on US 385 when the accident occurred.

The car's driver, Joe Jed Miller, 25, of Odessa, received a cut on the forehead, plus multiple bruises and abrasions when he was thrown against the steering wheel and dashboard as his 1968 Ford collided with the rear end of the truck.

Larry Allan Chapman, 20, of Tulia, was the driver of the 1965 truck, which is owned by the Coca-Cola Dr. Pepper Bottling Co. of Plainview. Chapman was uninjured in the wreck.

HIGHWAY Patrolman Dyrle Maples, who investigated, said

Chapman was preparing to turn left off US 385 onto Farm Road 145, and was slowing his truck to a near-stop.

Miller, apparently not noticing Chapman's turn signal, started to pass the truck, Maples said. When he realized the truck was about to turn left, he swerved back into the right lane but was unable to brake his car in time to avoid plowing into the rear end of the truck.

Six to eight cartons of soft drinks—140 to 180 bottles—were shattered as they were knocked from the truck by the impact. Highway Dept. workers had to be called out to clean the broken glass and debris off the highway before normal traffic could be resumed.

MILLER was wearing his seat belt at the time of the accident, and Maples said the seat belt "at least kept him from being injured a lot worse than he was."

Miller's chest hit his steering wheel and his head and shoulders hit the rear-view mirror, sunvisor and windshield as his car plowed into the heavily laden truck. Miller was unconscious for a short time after the wreck.

Maples listed Miller's car as total loss and estimated \$1,200 damage to the truck.

Miller was cited for driving on the left side of the center line at the approach of an intersection.

New corn mill men giving city 'international flavor'

By MYRTLE SHEFFY
Dimmitt has many newcomers from far away places here with the corn mill. I met three men from Mexico City. They were in the grocery store, but I can't pronounce their names. Another new member of the corn mill staff is Johnny Tan from the Philippine Islands, about 12,000 miles from Dimmitt. He is 29 years old and has been plant superintendent for seven years with Philippine Corn Products, the largest wet milling facility there. In 1965, Johnny worked with the same people who designed the plant here to build a new plant for his employers. He has an outstanding background not only in plant operation but to top it off, he has an impressive academic record. He graduated at the age of 21 with highest honors (Magna Cum Laude) in chemical engineering from the leading Philippine University of San Carlos. He recently obtained his masters degree in mathematics from the same school and is also a graduate of an IBM sponsored school in computer theory and programming. Johnny's parents come from a small island near Formosa and belong to the non-Communist Chinese sector. He is still single but we understand he has a romantic attachment back in Cebu City. He speaks English, Spanish, Chinese, and the Philippine language. In spite of his interesting background, Johnny tends to be shy and doesn't talk much. Maybe he will tell us something of his country and experience. I'm sure he will have some fascinating stories to tell. He is staying at one of the local motels.

GEORGE and Carolyn Sides were hosts at a bridge party Thursday evening. They served banana split ice cream and other goodies to John and Dorothy Gilbreath, Barry and Stephanie Love, Dale and Marie Winders, Houston and Doris Lust, Charlie and Lois Wales.
Mr. and Mrs. Claude Johnson, their son C. J. and Omega Johnson, went to Stratford one day. I think it was Sunday to visit the C. J. Johnson's daughter Carol and Don Dennis. It was C. J.'s and Omega's 29th wedding anniversary. Encroute the Johnsons witnessed a bad car accident. A small car passed a big truck and hit an oncoming car. It killed the boy and girl in the small car and injured two people in the other car. Let's all watch it when we drive.

The bridge clubs are getting together again. Looks like a busy time!

Local cotton men to pick director to PCG Thursday

Castro County cotton producers and agribusinessmen will elect a producer-director to Plains Cotton Growers, Inc., in a meeting called for that purpose at 8 p.m. next Thursday in the community room of the First State Bank.
ANNOUNCEMENT of the meeting comes from Edd McLeroy of Dimmitt, businessman director to the 25-county commodity organization, and Ray Joe Filey of Hart, producer-director.
All farmers and businessmen are eligible to participate in the election of PCG directors. Each of the counties in PCG territory has two directors, one a cotton producer and the other a business man. They serve two-year terms, with businessmen directors elected on odd years and producer directors on even years.
In addition to the election, the meeting will include a report from the PCG staff on the status of farm legislation this year in Washington.
"THERE IS nothing on cotton's horizon right now of greater importance than getting a cotton program passed," Riley stated, "and every cotton-minded person in Castro County should be vitally interested in what his cotton organization on the Plains is doing in that regard."
McLeroy, also urging that all interested people be on hand for the meeting, said, "Directors to PCG are the men who determine the organization's policy on legislation, research, promotion, finances and other matters which play a big part in the Castro County economy."

★ Honor God Sunday
★ Honor Labor Monday
SPECIAL DAYS . . . Monday has been set aside by man as a day to honor labor. Throughout the year, man works hard and deserves this recognition and rest. However, even before man saw this need for rest, God set aside one day a week for rest and worship. Attend church each Sunday. Worship the Lord in His house, on the day that He set aside.
"And God blessed the seventh day, and sanctified it: because that in it He had rested from all His work which God created and made."
EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE
The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

WEIGHTED DOWN—Even the peach trees are producing a bumper crop this year—at least, the one's at Fred Kuntz's home in Flagg are. Here, Kuntz inspects a branch that's bending low under the weight of good-sized, ripening peaches. The Kuntz family's orchard also is producing good crops of nectarines and plums.

1970 youth fair coming Sept. 12

By IRENE KEATING

Time is certainly flying by. You are probably in the school routine again. It doesn't seem that another summer is gone.

Our 4-H-FFA-FHA Youth Fair will be held Sept. 12 in the assembly room of the courthouse. This gives our youth a chance to display baking, clothing, canning, field and garden crops. This year we'll have an added event, with local 4-H'ers showing their rabbits.

These events will all begin at 9:30 a.m. and I'd like to encourage you to stop by. This is one of our activities where cash awards are given. Our thanks to the Castro County Activities Committee for donating money for this.

NOW IS the time to get your foliage ready for arrangements to use during the winter months.

The procedure is simple. All you need to do is stand the stems or leaves in a mixture of one part glycerin and two parts water. Leaves may be used to make interesting arrangements.

The leaves are now in an active stage of growth and will rapidly absorb the glycerin. This usually takes about two to three weeks.

MANY kinds of leaves may be preserved by the glycerin process. Magnolia, oak, peach, plum, eucalyptus and poplar leaves are satisfactory. Of the shrubs, try barberry, forsythia, sumac, privet, rhododendron and rose leaves. The leaves of many perennial herbaceous plants may be used, such as aspidistra, canna, coral bells, geraniums, iris and devil's ivy. Leaves of small herbaceous plants may be submerged completely in a half and half glycerin-water solution.

Select only perfect specimens

and wash the foliage with water to remove dirt or spray residue. If the material has woody stems, cut off the lower inch with a sloping cut before starting the treatment. Then stand the stems or leaves upright in a jar of the glycerin solution.

The leaves will change color as the solution is absorbed, and good air circulation and warm weather will speed up the absorption. Wipe the leaves occasionally with a cloth dampened with the solution, as this will help prevent drying before the glycerin reaches the edge of the leaves.

LEAVES preserved by glycerin should be stored in boxes to protect them from damage and dirt. Check the boxes frequently during the first few weeks to be sure there is no leakage from the leaves which might cause mold.

Patrol reports six July wrecks

The Texas Highway Patrol investigated six accidents on rural highways in Castro County during the month of July, according to Sergeant Cawthon, Highway Patrol supervisor of this area.

THESE CRASHES resulted in no persons killed, four persons injured, and an estimated property damage of \$4,135.00. The rural accident summary for this county during the first seven months of 1970 show a total of 66 accidents resulting in two persons killed, 28 persons injured, and an estimated property damage of \$53,050.00.

"School days" are here again. The familiar yellow school buses are back on the highways. The Sergeant reminds all motorists of the state law regulating traffic in regard to school buses.

THE DRIVER of a vehicle upon a highway outside of the limits of any incorporated city or town meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus, but may then proceed past such school bus at a speed which is prudent, not exceeding ten miles per hour, and with due caution for the safety of such children."

Rugged trail awaits Longhorns in first District 3-A campaign

For the Hart Longhorns, it's first down and 460 miles to go in a whole new ball game. THAT'S HOW far Coach Doug Higgins and his Longhorns will travel to and from enemy fields this season — and most of those enemies will be new and bigger. Hart, a Class B school last year, is the newest member of District 3-A.

Hart's new conference foes are Farwell, Kress, Vega, Sudar, and will meet Suchan, Springlake and Bovina on the home field.

The first three games will be against more familiar foes from the Class B ranks. The Longhorns will start their 1970 season Sept. 11 by hosting Lazbuddie, the powerhouse that kept them from winning a district championship last year. They'll travel to Turkey Sept. 18 for their first road game, then will host the Amherst Bulldogs Sept. 25 before starting their rugged seven-game conference schedule.

THE LONGHORNS have serious problems — there just aren't enough of them who have ever seen any gridiron action. And even the more experienced teams will find the going rough in District 3-A this year, according to the crystal-ball readers.

Only four starters return from last year's squad. They are Ralph Bell, a 182-pound senior who has been an all-district center for the last two years; halfback Johnny Ethridge, 160-pound junior who was an all-district runner last year; guard Greg Crosby, 166-pound senior; and Gary Six, 150-pound senior lineman and defensive back.

Although Higgins' list of returnees is short, it's a talented one, and he's placing his four "old horns" where he thinks they'll be most effective in bolstering the Hart lineup.

BELL HAS moved out of the center's post where he gained fame over the past two seasons, and is now playing a tackle position.

Crosby still anchors the line at guard, and Ethridge is staying at his halfback post, where he's expected to be the main mail-carrier this year. Six, who played defensive halfback last year, has been moved back to the defensive safety post and will play tight end on offense this season.

The Longhorns were supposed to have six starters back from last year's district runner-up team, but fate dealt a couple of hard blows. Senior guard Leandra Bruington is out for the season with an injury, and another starting back has been declared ineligible because of grades.

As if this weren't enough, 175-pound tackle Steve Brown was lost when his family moved to Lubbock; Ricky Black, a good sophomore prospect, was lost during early workouts; and two of last year's lettermen didn't report for practice this fall.

AS A result, Higgins and his fellow coaches are trying to build a force out of largely inexperienced boys to carry Hart's banner into its first Class A grid season.

Of the 32 boys now out for practice, half are freshmen. The entire Longhorn squad includes only six seniors.

Quarterbacking the team is Lonnie Davis, a senior who hasn't played since his freshman year. Other seniors who are just starting their second year are guards Carlos Martinez and Kim McGill.

"MANY OF our boys are trying hard, but they've got such a long way to come," Higgins said. "They haven't had much experience."

KEY LONGHORNS — Hart Coach Doug Higgins is building this year's Longhorn herd around these four returning starters from the team that posted an 8-2 record last year. The returnees, from left, are all-district lineman Ralph Bell, 182-pound senior; guard Greg Crosby, 166-pound senior; all-district halfback Johnny Ethridge, 160-pound junior; and end Gary Six, 150-pound senior. Half of Hart's current crop of 32 hopefuls are freshmen, and only six are seniors.

But the boys and their coaches aren't wasting much time crying — they're working. And a few bright spots are beginning to show.

"We have Stan Dyer, a sophomore, running at fullback, and he can be a great one," Higgins said. "He has pretty good speed and weighs 180."

AND STEVE COX, a 160-pound junior, is doing an exceptional job at the center post vacated by Bell.

"All of our returning starters are doing a good job," Higgins added.

This is Higgins' second year as head football coach at Hart High. Also in his second year is line coach Leon Kendall. New faces on the coaching staff are Glen Glegghorn, who moved to Hart from Nazareth this year; and Barry Hughey, former coach at Gorman, who taught in an Austin high school last year. Glegghorn is in charge of Longhorn backs, and Hughey is concentrating on offensive ends.

The Longhorns will use the same Wishbone-T attack that led them to a sparkling 8-2 record last season.

"The Longhorn trail won't be easy this year, but there'll be a sound tradition of pride behind every boy who is called upon to fill a place in the battle line.

"We've got a long way to go, but the boys are improving a little all along," Higgins said. "We really won't know how well we're coming along until we hit somebody."

School district to file suits for overdue taxes

By MYRT LOMAN
In a called meeting Monday night, the Hart School Board adopted the amended budget for the 1969-70 school year.

Mrs. Jim Black was employed as a Title I teacher's aide and Mrs. Harmon Bishop as a Title I migrant reading teacher.

Paul Lyle, Hart school attorney, informed the board by letter that many delinquent personal property tax suits will be filed within the next 10 days, and that the delinquent real property tax suits will be filed soon thereafter.

Mrs. Noble tells of Hawaiian tour

(Editor's Note: For their vacation this year, Mr. and Mrs. Ester Noble went to the Texas Gulf Coast — by way of Hawaii. Here is Mrs. Noble's account of their memorable tour.)

By MRS. ESTER NOBLE
Our Continental Airlines tour to Hawaii originated at Kansas City. We went to Amarillo the evening of Thursday, Aug. 13, and met with the lady who was arranging our part of the tour for us.

WE BOARDED our plane at 6:20 a.m. and after an unscheduled 2 1/2-hour layover in Lubbock, we flew to Los Angeles, where we had a three-hour layover. While there, we took a cab tour through Beverly Hills, where the driver pointed out some of the movie stars' homes. One was especially told notice of was the home of Mary Pickford, who was a star in our young days.

We were 29 minutes going from Amarillo to Lubbock, about 2 1/2 hours from Lubbock to Los Angeles, and four hours from Los Angeles to Honolulu. The five-hour difference between our time and Honolulu time made it hard to keep track of the hour.

We arrived at the Honolulu airport about 4:15 their time (9:15 ours), where we were given a "lei greeting."

OURS WAS just a small four group, but very nice — a Mrs. Hurst and her son and daughter, Ren and Anne, of Kansas City; a Mr. and Mrs. Watkins of Greeley, Colo., and their son and daughter (another son, Lee, who was in Vietnam, met them there on furlough); Ester and me; and our lady tour escort.

We first met at 5 p.m. Friday afternoon in the hotel lobby in Honolulu for a short briefing, then were free until morning.

Saturday morning at 9:15 we met for a full day of sightseeing on Circle Island. This included a stop at a Buddhist temple, a very pretty view of the residential area of Nuuanu Valley, a Mormon temple, and much more.

SUNDAY morning was free time. Ester and I went on our own to a little church in the Ha-

waiian Village Hotel grounds, where they held Catholic services at 10 o'clock and non-denominational Protestant services at 11. At 12:30 we went on a cruise of Pearl Harbor. Here, of course, we saw some of the ships that were destroyed in the attack on Pearl Harbor Dec. 7, 1941, and a memorial built in memory of the USS Arizona.

At 6 that evening we attended the native "luau" at the Hawaiian Village Hotel.

Monday, we had not scheduled tour. Ester and I went on our own to the city's Mt. Tantalus cruise. This included a visit to the Iolani Palace, national cemetery, the Waialea Tea Room where Robert Louis Stevenson's grass hut is preserved, and more.

ON Tuesday morning we went with our tour to the Kodak Hula Show, and spent the afternoon at leisure. This was all on the island of Oahu.

Wednesday morning we flew to the island of Maui, then had a sightseeing trip on a bus to the Maui Hilo Hotel, where we stayed overnight. This island has a beautiful countryside.

Thursday we made a mid-afternoon flight to Kona, where we stayed at the Kona Hilton.

Friday afternoon we made a sightseeing transfer to Hilo via the Hamakua coast. Kona and Hilo are on the island of Hawaii.

SATURDAY, we made a sightseeing tour of the Hawaii National Park, which included the volcano area. At 5:30 p.m. we had a farewell party, and we took the plane out of Hilo for home at 8:30.

After short stopovers at Honolulu, Los Angeles and Albuquerque, we arrived at Amarillo where we picked up our car. We drove by Dimmitt to see our "kids" here just a few minutes, then visited the families of our other children — Jerry at Lubbock, Wilma at Gainesville and Don Loy at Texas City — to finish up our two-week vacation. We arrived back home at noon Saturday.

Bessie Mae Cox, Joe and Terry Newman, all of Hart.

THE Women's Society of Christian Service of the First United Methodist Church met last Thursday afternoon for the first program of the new club year.

Mr. L. L. Swindle, president, conducted the installation of new officers and presented gifts to each officer in appreciation of her work in the society.

The WSCS will meet each Thursday at 9:30 a.m. at the church.

SEVERAL members of the local Lions Club were in Canyon Sunday afternoon to attend the district's local club officers' workshop, held in Rex Reeves Elementary School.

Each club officer attended a meeting pertaining to his office. Attending from Hart were Lion Bess Bill Rich, W. T. King, Bob Reed, Jerry Cotton, Elmer Six, and Clinton Billingsley.

IF YOU have not attended any of the fall revival services this week at the First Baptist Church, you have missed some real Bible preaching by Evangelist Mickey Warlick of Plainview, and wonderful singing led by Truitt Whitehead, also of Plainview.

Morning services are at 10 o'clock and night services at 8, with prayer services at 7:30.

Sunday night Training Union will meet at 6:30 and the youth will present a Christian folk musical, "Happening Now," at 8 p.m.

A "SPIRITUAL Rock Festival" will be presented concerning "The Rock of Ages" at 4 p.m. Saturday on a vacant lot downtown on Boradway.

There will be music and testimonies by youth.

THE SHINING Light Sub-District men of the Plainview district were guests Monday at the First United Methodist Church.

Supper was served by the local men, with Joe Bailey, president of the Hart men's organization, presiding over the business session.

Following the meal, Mr. Ralph Wheeler of Edmonson showed slides of some of his recent trips to Greenland, Iceland and Finland.

Some 60 men from the churches of Dimmitt, Space and Littlefield, attended. Sam Tanksley of Ponca City, Okla., was a special guest of Rev. T. H. Taylor, the local pastor.

MEMBERS of the Z-ot Club and their husbands were guests last Thursday night for a steak cook-out at the school cafeteria.

Hosting the affair were Mr. and Mrs. Bill Bell, Mr. and Mrs. Hubert McLain and Mr. and Mrs. Ted Averitt.

Attending were Messrs. and Mrs. Frank Barnes, Laurence McLain, Jack Dyers, Max Stephens, C. C. Hanes, C. R. Jones, Warren Lemons, Cleve McLain, Elmer Six and Preston Upshaw and Mrs. Glen Gleghorn.

Following the supper, the group enjoyed games of "Crazy 8 Bridge."

"HAPPENING Now," a Christian folk musical, will be presented at 8 p.m. Sunday at the First Baptist Church by the Hart Youth Choir.

Director of the 40-voice choir is Roger Edwards of Wayland Baptist College, Plainview, who is youth director of the Hart Baptist Church and band instructor of the newly formed Hart High School Band.

The musical combines choral arrangements, solos and spoken dialogue to put across its point — the need for human concern for all the world's people and their conditions.

The 40-voice choir is made up of Hart youths of all denominations.

Daughters of two Dimmitt families, Mrs. Francis Parks and Mrs. Eugene Perry, have been selected for inclusion in the 1970 edition of "Outstanding Young Women of America," according to the Alumni Association of Wayland Baptist College.

MRS. PARKS, the former Margaret Odom, daughter of Mr. and Mrs. D. H. Odom, received a bachelor of science degree from Wayland in 1959.

Mrs. Perry is the former Raneal Ivey, and is the daughter of Mr. and Mrs. E. L. Ivey. She received a bachelor of arts degree in 1958 from Wayland.

The women were nominated by the Alumni Association at Wayland for the honor earlier this year. Nominees were then chosen for the awards publication on the basis of their achievements.

Other Wayland graduates included in the 1970 publication are Mrs. Clyde Cain of Amarillo, BA 1958; Mrs. Al Corneise of Greeley, Colo., BA 1959; Mrs. Ken Flowers of Iowa Park, BA 1960; Mrs. Ruth Torres Fulton of Abernathy, BA 1961; Wilma Johnson of Bogota, Colombia, BA 1961; and Mrs. Bill York of Lubbock BA 1958.

Now in its sixth year, the Outstanding Young Women of America program, designed to recognize the abilities of women between the ages of 21 and 35, was conceived by the leaders of the nation's major women's organizations. This program recognizes those young women who contribute to the betterment of their communities, professions, and country. Serving on the program's board of advisors are the national presidents of women's clubs, headed by Mrs. Dexter Otis Arnold, honorary president of the General Federation of Women's Clubs.

Each year more than 6,000 young women are nominated as "Outstanding Young Women of America" by leading women's organizations, college alumni associations and churches across the country. These young women's complete biographical sketches are featured in the national volume, "Outstanding Young Women of America."

These women are now in competition for their state's "Outstanding Young Woman of the Year" award. This fall, 50 of the young women — one from each state — will be named as their state's winners.

Guidelines for selection as an Outstanding Young Woman include unselfish service to others, charitable activities, community and civic and professional recognition.

Financial Facts

By Willis A. Hawkins, Jr.

Do you know which is the one distinguishing feature of American currency?

If you guessed the Treasury Seal, you're right. With the exception of those bills made in the first year of printing, the seal has appeared in one form or another on every piece of paper money ever issued by the Treasury Department.

The Treasury Seal is the final stamp of approval that insures the legality of our currency. When it's combined with the two signatures and the expressed obligation of the government, it notarizes the contract, so to speak, made between the holders of its currency and the United States.

Red, brown, blue, green, gold and yellow are all colors that have been used for the Treasury Seal. The component parts are a key for safety, a square for reticulate and scales of equality.

Leida Stephens wins Tops crown

Twenty-four members of the Dimmitt SOS Tops Club attended last week's meeting in the First United Methodist Church. Leida Stephens was crowned "Queen of the Week" with a loss of 2 1/2 pounds. She received a gift from the grab box.

A new KIWI is Mrs. Sybil Steffens. She is to maintain her present weight, with a gain of no more than three pounds or a loss of more than seven pounds, for three months to receive a KOPS status.

BARBARA HARGROVE was appointed to take Juanita Welch's place as assistant weight recorder.

After a short business session the meeting adjourned and all members went to the recreation hall for a surprise baby shower for Mrs. Jean Petty. She was presented a stroller and baby gowns from the members.

Book Club plans meeting, review

Mrs. Jimmy Ross will review the novel, "Another Part of the House," by Winston M. Estes, at the first fall meeting of the Dimmitt Book Club Wednesday in the First State Bank community room.

THE BOOK review will begin at 4 p.m., and will be preceded by a business meeting at 3:30.

The review is open to the public.

"Another Part of the House" is a novel told through the eyes of a 10-year-old boy in the Texas Panhandle of the 1930s — the Depression and Dust Bowl days.

THE AUTHOR was raised in Quanah during the Depression. He attended Texas Tech and served in the Pacific during World War II. He and his wife and two children now live in Springfield, Va.

Meeting called to decide fate of Dimmitt PTA

The Dimmitt PTA will disband unless there are enough parents interested to keep it going," Mrs. Clara Patton, PTA president, warned this week.

THE FATE of the local PTA will be decided at an open meeting of parents and teachers Tuesday at 8 p.m. in the South Elementary School cafeteria.

"Our teachers have attended the meetings and have tried to keep the lines of communication open to the parents," Mrs. Patton said. "But the parents have failed to do the same."

She added, "We have a handful of parents who have always been there and willing to help, and we are grateful to them. But these few hardly make it feasible to keep the PTA going."

MRS. PATTON said that the local PTA "evidently has failed to offer the parents what they want."

"If this is so," she said, "we invite all parents and teachers interested to attend Tuesday night's meeting. A decision will be made at that time on whether the PTA will or will not continue in Dimmitt."

Fryers plentiful and prices good

Now is the time to buy, eat and freeze fryers, Gwendolynne Clyatt, Extension consumer marketing specialist, notes.

THE SUPPLY is estimated at seven percent more than last year, and this combined with low prices is one reason chicken turns up so frequently on dinner tables, she says.

Egg prices, according to Mrs. Clyatt, are also a little lower than at this time a year ago. The price spread between Grade A Large and Medium size eggs is narrowing a bit since wholesale prices on large eggs are down. Mediums are still generally the better buy.

Retail beef prices are unchanged for the past few weeks, Mrs. Clyatt says. In general, look for best beef values on short ribs, ground beef, arm and blade pot roasts and steaks and round steaks and roasts.

RETAIL pork prices are holding steady with prices for the past month. Look for best pork values on end cut loin roasts and chops, picnics, hams and shoulder roasts and steaks, Mrs. Clyatt advises.

Fresh fruit and vegetable items in ample supply at the most economical prices include oranges, bananas, cantaloupes, watermelons, plums, prunes and grapes. Others include potatoes, head lettuce, celery, cabbage, okra, blackeye and purple hull peas, carrots, dry yellow and red onions, tomatoes and squash.

Peanuts and peanut products are plentiful, and peanut butter is economically priced due to a record large crop Mrs. Clyatt says adding that peanut butter and jelly, already blended, can now be bought for one of the most popular sandwiches of all.

Boys Ranch Rodeo to start Sunday

The 350 boys of Cal Farley's Boys Ranch will stage their 26th annual Boys Ranch Rodeo Sunday and Monday.

BELIEVED to be the only rodeo of its kind in the nation in which the only contestants are boys riding professional rodeo stock, under RCA rules, the Labor Day weekend event is expected to attract about 5,000 persons for each of the two afternoon performances at 2:30 p.m.

The boys have been getting ready for the rodeo with qualification rides on calves, steers, Brahma bulls and bucking broncos for about two months. All will have a part in the rodeo with 88 riding as contestants for the trophies that will be awarded to the best riders. Top honors will be Senior and Junior All-around Cowboy trophies, with first, second and third place trophies going to contestants in each riding event.

Texas-size barbecue sandwiches with all the trimmings will be on sale for \$1. The barbecue concession is one of several that will be operated by the boys. Another rodeo feature will be the appearance of riding clubs from area communities in the rodeo's grand entry.

RESERVE box seats can be obtained at the Boys Ranch office, PO Box 1890, Amarillo, or by calling 372-2341. Ticket prices are \$2.50 for box seats; general admission tickets are \$1.50 for adults and 75 cents for children.

THE NEW PRESIDENTS of Dimmitt High School's two chapters of Future Homemakers of America repeat their pledges of office Sunday afternoon during formal installation services in DHS gymnasium. In foreground, from left, are Teresa Underwood, president of the Mikrai Adelphai

(little sisters) chapter; Pam Barker, acting president and installing officer; and Leisa Dannevik, new president of the Megalai Adelphai (big sisters) chapter. In background are other new officers of the two chapters.

Future Homemakers install new officers

Dimmitt High School's two chapters of Future Homemakers of America conducted formal initiation and installation services Sunday afternoon in DHS gymnasium.

INSTALLING the new chapter officers was Pam Barker, acting president of the Megalai Adelphai (big sisters) chapter. FHA mothers were recognized, junior degrees were awarded and new members were initiated after the installation of officers.

1970-71 officers of the Megalai Adelphai chapter are Leisa Dannevik, president; Karen Baldrige, vice-president; Julie Hottel, secretary; Terrie Newton, treasurer; LeAnn Merritt, parliamentarian; Sarita White, reporter; Susan Parish, historian; Delores Waggoner, song leader; Trudy Elder, pianist; and Mrs. Ray Robertson and Mrs. Glenn Merritt, chapter mothers.

Leading the Mikrai Adelphai (little sisters) chapter this year are Teresa Underwood, president;

Debbie Haran, vice-president; Susie Mooney, secretary; Karen Sims, parliamentarian; Elaine Cook, reporter; Sheri Burrous, historian; Donna Hudson, song leader; Ronda Welch, pianist; and Mrs. Houston Lust and Mrs. Larverne Bates, chapter mothers.

FOUR members of the Mikrai Adelphai chapter were awarded junior degrees for having successfully completed a prescribed program of work during their first year as homemaking students.

Junior degree winners were Ronda Tidwell, Janet Smithson, Jan Giles and Janie Boothe. Mrs. Lou Boothe accepted the junior degree award for her daughter.

The new chapter presidents, Miss Dannevik and Miss Underwood, presented corsages to the chapter mothers and conducted the initiation service for 52 new members.

Escorts for the installation were Mark Wohlgenuth and Danny Ebeling, and organist was Rita Vick.

A TEA in the school's home-making department followed the ceremony.

Sponsors of the two FHA chapters

are Mrs. Estella Hottel, Mrs. Joanne Snider and Pat Bagley, high school homemaking teachers.

A&M colleges set field day

High school students throughout the state are being invited to the Texas A&M University Agriculture and Engineering Field Day Oct. 10.

DR. R. C. POTTS, associate dean of agriculture, said exhibits will illustrate "the exciting and challenging fields of agriculture and engineering." Faculty and student representatives will be available to answer questions.

He said the exhibits will be set up in DeWare Field House on the west side of the football stadium. They will be open to the students and the public from 8 a.m. to 4 p.m.

The dean said Oct. 10 also is the date of the A&M-Texas Tech University football game, which starts at 7:30 p.m. End-zone tickets will be available to students and their sponsors at special low rates and can be purchased in DeWare Field House.

Potts said the career day is sponsored by the Colleges of Agriculture and Engineering.

Wanna farm fish? License required

Getting a license to farm fish isn't a hard row to hoe, but it is necessary, according to the Texas Parks and Wildlife Department.

A FISH farmer is defined as "any person, firm, or corporation engaged in the business of production, propagation, transportation, possession and sale of fish except fish propagated for bait purposes, raised in private ponds or reservoirs."

To engage in this sort of enterprise, a \$25 license is required from the department for each premise on which fish farms are located.

A "fish farm vehicle license" is required for each vehicle transporting fish from fish farms for purpose of sale from the vehicle. If the fish is not for sale from the vehicle, a license is not required for the vehicle, but a bill of lading telling the species of fish, number, fish farm owner's name, location, and license number of the fish farm and destination of the cargo must be with the vehicle.

THE ACT requiring the license allows propagation of all species of fish, but bass and crappie may be sold only for stocking purposes to another licensed fish farm.

All other fish propagated on fish farms may be sold for any purpose.

Lawson, and standing in left foreground is Mrs. Hacker's great granddaughter, Gala McCormick. Standing, from left, are Mrs. Hacker, her granddaughter, Mrs. Connie Ivey Bullard; and her daughter, Mrs. Billie Ivey.

Labor Day started as day off, but is now road-hazard period

The Labor Day holiday has been celebrated in Texas since 1882.

IT CAME from the suggestion of the Knights of Labor that one day be set aside in honor of labor. The holiday was set for the first Monday in September so we could enjoy a weekend of vacation.

LITTLE did the originators visualize the conflicts the holiday would produce in the days to come. The automobile had not found its way into our way of life; there were no paved highways, no traffic laws. Now we have these things and we have motorcides — traffic fatalities.

Labor Day is meant for relaxation, but the person behind the steering wheel cannot relax until he reaches his destination. Driving this Labor Day will demand the driver's full concentration and effort, according to the Texas Dept. of Public Safety.

During the Labor Day weekend of 1939, 50 lives were lost on Texas streets and highways. An additional 652 were injured over this same period.

THE DEPT. of Public Safety

will use all its manpower and equipment to combat the causes of traffic accidents on streets and highways over the Labor Day weekend.

Major C. W. Bell, regional commander of Region 5, said that state highway patrolmen will be working around the clock, detecting and apprehending traffic violators who contribute to the accident problems.

The view from your library

By MARY EDNA HENDRIX

On Aug. 23 I went to Lubbock to attend the library workshop, which lasted through Aug. 26. On Sunday evening there was a dinner given to introduce Mrs. Mabel Fischer, the assistant director of the Fort Worth Public Library, who conducted the workshop.

THE MEETINGS were held in the reserve room at the Texas Tech Library, which is a beautiful building with flowers, plants, water fountains and beautiful rock inside the building.

On Monday Mrs. Fischer's topics were "What is Book Selection?" and "Criteria for evaluating Books," which was continued on Tuesday morning. Tuesday afternoon her subjects were "Book Review Media" and "Book Selection Policies and Censorship." Wednesday she lectured on "Publishers and Publishing" and "Maintenance of Collection."

Our assignment for the workshop was to select 25 books and give a reason for choosing each book. Also, we had to give three sources in which a review of each book could be found. It was easy to find the first source, but to find the same book reviewed in three sources since Jan. 1, 1970, was difficult and in some cases impossible.

I ENJOYED the privilege of attending the workshop, and I would like to thank Ina Cleavinger, Reba Touchstone and Jeanie Miller for keeping the library for me while I was attending the workshop.

The library board met Friday afternoon. Present were Jack Miller, chairman, Mrs. Edna Riley, Mrs. Mary Acker, Mrs. E. R. Little, Hazel Merritt, and a special guest, Jim Ross, who gave a report on the new library in his home town of Luling. We enjoyed this very much as he had some pictures of the library to show us. It is a pretty building and makes us anxious to get our new library started.

SWPS consolidates divisions; Dimmitt in southern grouping

Southwestern Public Service Co. will reduce its number of division offices to three with the consolidation of the Southern and Plains divisions into a single division, headquartered at Lubbock.

ROY TOLK, president of the electric company, announced the consolidation plan.

Faster transportation, improved communications, advanced technology and better trained and

more skilled employees at the local office level were cited by Tolk as reasons for the consolidation.

"When we put this company together in its present form 28 years ago we had six division offices," Tolk said. "In the mid-50's we reduced that number to five, and last year we cut it down to four. The purpose of the division office has always been to lend staff and administrative support to the local office, the one which serves the customer. We can get around faster now, we can talk more quickly on radio or telephone and we have better equipment and better employees. That lets us concentrate more on serving the customer more efficiently and economically and directly through local offices."

UNDER the consolidation program, Plainview, which had been the Plains Division headquarters, will continue to be a district office. Clee Meharg, who has been district manager at Plainview since 1963, will continue in that post, and there will be no reduction in the number of people responsible for customer services in Plainview. However, some members of the present Plains Division staff will become part of the staff of the combined division.

The three divisions under the new alignment will be the Panhandle, headquartered at Amarillo; the new Southern Division, with Lubbock as headquarters; and the New Mexico Division, with office in Roswell.

The Panhandle Division will include the Kansas and Oklahoma communities which SWPS serves, and the Texas cities north of — and including — Friona and Happy.

THE REMAINDER of the Texas cities served, including Dimmitt, will be in the Southern Division, while the New Mexico Division will be made up of all the communities in that state that SWPS serves.

R. H. "Bob" Brummal, who has been Southern Division manager since 1963, will be manager of the newly formed division. Brummal has a broad-based background in his Southwestern career, which began in 1945. He has served in engineering capacities, as a district manager and as residential and commercial sales manager for the electric company.

JERRY KITTRELL, who is now managing Kittrell Electronics in both Dimmitt and Hart, shows Zenith's 1970 "Romberg" stereo phono console with AM-FM-multiplex radio, eight speakers, 140-watt amplifier, and jacks for tape input, earphones and external speakers. In background is a

1971 model RCA "AccuColor" television set with the new 25-inch screen, largest in the industry. Kittrell Electronics is the county's dealer for both Zenith and RCA electronic products, as well as Whirlpool home appliances.

Jerry Kittrell staying busy with both stores

Jerry Kittrell is a busy man these days — he's managing the Kittrell Electronics stores in both Dimmitt and Hart.

HE HAS bought out the interest of his older brother and partner, Johnny Kittrell, in Kittrell Electronics of Dimmitt, and is now the sole owner of both stores.

His wife, Edna, is keeping the Hart store open until noon daily, and Kittrell handles his customers' service calls in the Hart area before 9 a.m. and after 7 p.m.

He spends the rest of the day — 9 to 5 — in Dimmitt.

KITTRELL is assisted by Tommy McLain, who has been associated with Kittrell Electronics in Hart since his junior high school days. McLain is a graduate of the United Electronics Institute in Dallas.

Kittrell himself graduated from Hart High School in 1959 and attended Draughan's Electronics School in Lubbock, graduating in 1960. A month after he graduated from electronics school, he married the former Edna Davis, daughter of Mr. and Mrs. Jud Davis of Hart.

Kittrell worked for two electronics firms in Lubbock from 1960 to 1964, then opened the first Kittrell Electronics store in Hart five years ago.

HE AND his brother, Johnny, opened their Dimmitt store in 1966. Johnny sold his interest in the Dimmitt store to Jerry earlier this summer, and is now custom farming in the area.

Kittrell Electronics is the county's franchised dealer for two of the giants of the electronics industry — Zenith and RCA-Whirlpool. The firm sells and services both brands of TV sets, radios, stereophonic units and related electronic products, as well as Whirlpool appliances.

Kittrell, who has had nine years' experience as a TV and electronic technician, said he and McLain "can service and repair all makes of electronics products and appliances, but we will concentrate on servicing the products that have been bought from our two stores."

HE ADDED, "This is a rushing business now, and I'm sure it will continue to grow. Whatever it takes to give complete service, we will do it. We plan to give the county service such as it has never had before."

The Kittrells bought a new home in Hart last year, and plan to continue living in Hart. They have three daughters — Teresa, 8, Melissa, 5, and Gala, 2.

Since she took over management of the Dimmitt store, he said "I've been overjoyed with the business I've had in Dimmitt and with our relations with the public. And I've really been well impressed with the people in Dimmitt."

Photo day set for church members

By TEENY BOWDEN

Pictures for the Sunnyside Baptist Church directory will be made at the church Saturday, Sept. 12 from 4 to 9 p.m. Choose the hour more convenient for you, but please have your picture made if you are a member because everyone else wants your picture in their book, whether you want it in or not.

The representative was here Tuesday to give us the lineup and details.

If you have your picture made, the directory will cost you nothing. If you are a former member or just interested in having a copy, it will cost you \$1.25. Help us get this word around.

★ **MELINDA JILL Wilson**, infant daughter of Mr. and Mrs. Glen Wilson, was dismissed from Central Plains General Hospital in Plainview Monday and has been doing fine all this week.

Mrs. Larry Odom of Hereford was admitted to Plains Memorial Hospital in Dimmitt last Sunday morning. An 8-pound, 2½-ounce girl was born to them Monday afternoon. They named her Lesa Michael. They were dismissed from the hospital Wednesday and stayed in Dimmitt with Mr. and Mrs. M. B. Odom until Sunday, when they went back to Hereford.

Mrs. Pearl Sadler of Dimmitt and Mrs. Maggie Seymore of Abilene spent Monday night with Mr. and Mrs. Ezell Sadler. They went to Hale Center Tuesday. Jake King of Hereford had dinner with the Ezell Sadlers Tuesday.

★ **THE SUNBEAMS** met at the church at 3 p.m. Monday afternoon. They will meet after school during the school term.

Mr. and Mrs. Eddie Haydon and girls visited last week in Weatherford with his parents and fished a few days at Possum Kingdom Lake. They returned home last Sunday night.

Mr. and Mrs. Duard Harris and David attended funeral services for his uncle, William Harris, in Wellington Friday. Mr. Harris was one of the pallbearers. They also visited while there with his mother, who is in St. Joseph's Hospital there. His aunt died in Colorado the same day his uncle died. She was buried Saturday in Colorado, but they were unable to attend her services.

★ **DAVID HARRIS** has enrolled in Texas Tech. Sue has been working as a bookkeeper in the office of Dale Prather, accountant in Dimmitt this summer, and she has decided to continue working rather than go to college.

Mrs. Bill Baker and children and Debbie Curtis of San Angelo

spent last Thursday through Saturday night with their parents, Mr. and Mrs. Cecil Curtis. Debbie enrolled Thursday in Angelo State University there for the fall semester.

Connie Conwell, 17-year-old daughter of Mr. and Mrs. Gene Conwell, former residents of the community, died in a Galveston hospital last Thursday night of kidney failure. She was taken from her home in Canyon to Galveston in April for a kidney transplant, but was never in condition for the surgery. Funeral services were held in Canyon Monday afternoon.

★ **MR. AND MRS. Cecil Curtis** spent last Sunday in Petersburg with her parents, Mr. and Mrs. E. M. Stephens and her brother, Mr. and Mrs. Jack Stephens.

Correction: Mr. and Mrs. Lyle Christenson do live in a trailer house on the Blewett lot in Sunnyside, but he is working for "Shot" Shottenkirk at the Sunnyside Cattle Co.

Mrs. J. Paul Waggoner visited Tuesday afternoon in Olton with her parents, Mr. and Mrs. Bob Ball. She and Mrs. Hubert Lilley visited their mother in the Littlefield hospital Saturday afternoon.

★ **MR. AND MRS. Duard Harris** and David visited in Levelland last Sunday and Monday with her parents, Mr. and Mrs. W. B. Sanders.

David Harris spent last Saturday and Sunday night with his cousin, Jimmy Barfield in Amarillo.

Mrs. William Barfield of Amarillo spent Thursday night with her sister, Mr. and Mrs. Duard Harris and family.

Stanley Harris is busy with football practice. He will play on the Hart B team this year.

★ **MRS. RAY JOE RILEY** has been busy this week with the Springlake-Earth PTA Organization. She is president again this year.

Mr. and Mrs. Anthony Stanford of Weatherford, Okla., visited Tuesday with her sister's family, Mr. and Mrs. Ray Joe Riley and boys. They were between semesters at pharmacy school.

Mrs. Carol Pounds, Beth and Britt, spent Tuesday night with Mr. and Mrs. Eddie Haydon. They are former Earth residents in the process of moving.

Mrs. Jimmy Waggoner of Dimmitt visited with her parents, Mr. and Mrs. Bill Morgan, Wednesday. They and Denise and Lesa visited with Mrs. Larry Odom and new baby in Dimmitt Wednesday.

★ **A WRECK** at the intersection of US 385 and Farm Road 145 Wednesday noon sent a passing motorist to the hospital, but his injuries were found not to be serious, and he was treated and released at Plains Memorial. A

self-drive truck was trying to make a left turn onto 145, but having to yield to a car coming from the north meeting him. The driver behind didn't see the oncoming vehicle until he started to pass the truck. He pulled back, but had too much speed to stop, so he ran into the Cola truck. Both vehicles were badly damaged, but no one was hurt badly.

Ensilage harvest is in full swing this week, and there is need at this time of the year for those of us who know the road to adjust our speed to try to prevent the passing motorist, unfamiliar with the danger, from running upon the yellow stripes when they can't pass.

Mr. and Mrs. Roy Lilley and his cousin, Mr. and Mrs. Fowlkes (Jessie Jo Lilley) of Sallisaw, Okla., visited Thursday afternoon with Mr. and Mrs. Weldon Bradley.

★ **KELLY, Kim and Jeanie Haydon** and Terry Blanton were a

mong a group of children from the Earth Church of Christ attending a skating party at Littlefield Thursday night.

Mrs. Ed Thompson visited in Dimmitt Wednesday afternoon with Mrs. Joe Hastings.

The mission prayer group and WMS committee met Wednesday night for the regular monthly meeting.

The Baptist Women met Thursday afternoon to begin plans for next year's work. Mrs. Mack Turner will be the president.

★ **MR. AND MRS. David Sadler** and Melody of Lubbock came in Friday evening for the weekend. Rev. and Mrs. Ellis Parsons and children of Plainview visited Saturday with his parents, Mr. and Mrs. Thomas Parsons.

The Lions Club was busy Thursday with its broom sale.

Mr. and Mrs. Olen Venable of Irving had dinner Sunday with Mr. and Mrs. W. E. Louder, Mr. and Mrs. L. B. Bowden and Marie Lewis. Mr. and Mrs. Ezell Sadler visited with them after dinner.

★ **REV. MACK TURNER** has been in bed with a back ailment, but was able to attend Sunday

church services.

Mrs. Roy Phelan became ill during Sunday school class Sunday morning and was admitted to a Plainview hospital. She was given dextrose and will undergo tests the next few days.

Last Tuesday David Bradley, Denise Morgan and Janis Bridge attended a swimming party for the 25 Springlake-Earth seniors.

★ **ROY BRADLEY** was admitted to Plains Memorial Hospital Friday after a battery exploded and injured him. He was dismissed Sunday.

Steve Jackson and the Dawsons enrolled in Tech this week.

Kathy Calhoun has just finished beauty school in Hereford, and will go to Austin to take her test Tuesday, so her future plans about college are uncertain. Fifty-seven attended Sunday School with 27 in Training Union Sunday. The nominating committee, the deacons and the choir met after the evening service.

Mrs. James Powell of Dimmitt and Mrs. David Sadler and Melody of Lubbock visited Sunday afternoon with Mr. and Mrs. W. E. Louder, Mrs. Ezell Sadler and Marie Lewis.

FIRST SUMMERFIELD HOME—Mr. and Mrs. James Dobbs spent the weekend moving into their new three-bedroom home in Summerfield. It's the first home built under a new development plan backed by the Farmers Home Administration, and builders hope to construct up to 40 more in the community to serve workers in the growing Summerfield area.

LIVELY SOUND—The 40-voice Hart Youth Choir, directed by Roger Edwards, rehearses one of lively numbers for the Christain folk musical, "Happening Now," which the choir will present at 8 p.m. Sunday in the First Baptist Church of Hart. The choir also hopes to be booked in other area churches after its initial concert. "Happening Now" combines choral arrangements, solos and spoken dialogue to express the need for a person's concern for his fellow man. The musical uses the accompaniment of a piano, guitar and drums.

Ballots due by Sept. 11

By CHARLEY HILL
Executive Director
The final date for returning ballots in the ASC community committee elections will be Sept. 11. Ballots were mailed to all known eligible voters Sept. 1, and voting instructions were included with your ballots.

An eligible voter is any person of legal voting age who is eligible to participate in any ASCS program administered in his farm interest as an owner, operator or share-cropper. If a person is not of legal voting age, he may vote in ASC elections if he supervises and conducts the farming operations on an entire farm. Spouses of farmers are eligible voters also.

DIVERTED ACRES
Soybeans on diverted acres must be destroyed and the county office notified by Sept. 30. If your diverted acres are beginning to get weedy, they should be cleaned up as soon as possible. These acres may not be grazed prior to Oct. 15.

CONSERVATION PROGRAM
Cost-share funds are still available for approved conservation practices to be carried out during 1970. The farm limit of \$500 is still applicable.

HOLIDAY
The Castro County ASCS office will be closed Monday for Labor Day.

Boating safety begins on shore

Boating safety begin before casting off from shore, according to George Cook, director of Water Safety Services of the Texas Parks and Wildlife Department. **FOR BOAT operators** who trailer their boats, safety begins before leaving the driveway since a trailer in poor repair or improperly loaded could contribute to an accident.

According to Cook, bearings on the trailer should be properly lubricated, tires inflated to the recommended pressure, the winch locked and all tie-downs secured, and all gear stowed securely before starting.

Don't get in a hurry once you arrive at the lake. Fueling is a procedure which can get boaters in trouble.

PUT OUT cigarettes before filling the tank, and shut off any spark-producing machinery. Have a filled fire extinguisher handy. Keep the nozzle or fill can in contact with the tank to prevent a static spark. Avoid spilling fuel, and don't try to fill the tank to the brim.

Removable tanks from outboards should be taken from the craft and filled on the dock or All hatches and ports should be closed while fueling craft of closed construction with permanent tanks. After the tanks are filled, hatches and ports should be opened for ventilation and the bilge blower run for at least five minutes. If the odor of gasoline still lingers in the tank and engine compartments, the craft should not be started.
