

FEAR TROUBLE AT PORT AU PRINCE

U. S. Minister to Haiti Notifies Government of Threatened Difficulty

WARSHIP RECEIVES ORDERS

Cruiser Newark Will Probably Be Sent to Protect American Interests

WASHINGTON, March 30.—An American man-of-war will be sent to Port au Prince to protect American interests.

This determination was arrived at late yesterday when the state department received a cablegram from Minister Powell saying that serious trouble is impending in Haiti, and it is doubtful whether the authorities can maintain peace and order on March 31 and April 1.

The navy department, it is said, probably will send the cruiser Newark, Admiral Sigsbee's flagship, now at Guantanamo, to Port au Prince. The distance is but 150 miles, and the latter port can be quickly reached.

State department officials are unable to explain the significance of the dates, March 31 and April 1, mentioned in the cablegram from Minister Powell as the days on which trouble might be expected in Haiti.

J. N. Leger, the Haitian minister at Washington, said he was greatly surprised to hear of Minister Powell's cablegram, as he was not aware of any threatening trouble in his country. He has telegraphed to the president of Haiti for information on the subject.

Yesterday the minister had a talk over the telephone with the Haitian commissioner at New York, who said he had received a dispatch from the president of the republic and that it contained no reference to a possible uprising.

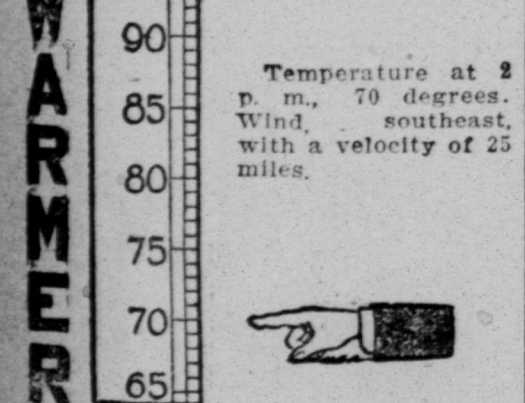

The minister is unable to understand why the specific dates of March 31 and April 1 are mentioned as dates on which it is doubtful whether the authorities can maintain order. So far as he is aware there is nothing of an unusual nature to occur on those days.

CORN RATES TO BE INVESTIGATED

Interstate Commerce Commission Gives Orders for a Hearing May 8

WASHINGTON, March 30.—The interstate commerce commission has issued orders instituting an investigation in the matter of rates on corn and corn products from Missouri river points to points in Louisiana, Texas, Washington, Oregon and California. The roads involved are the Santa Fe, Rock Island, Missouri, Kansas and Texas, Missouri Pacific, Iron Mountain, Kansas City Southern and Burlington, and they are required to file an answer by April 20, 1905, and appear in Chicago May 8, 1905.

THE WEATHER SPOTTER

WASHINGTON FORECAST: East Texas (north)—Tonight, increasing cloudiness, warmer, Friday, unsettled weather, probably rain and colder in west portion. Arkansas—Tonight, increasing cloudiness, warmer, Friday, probably showers. Oklahoma and Indian Territories—Tonight, increasing cloudiness, showers in west portion. Friday, rain, colder.

ENGINEER HURT IN YARDS

Newton Smith Injured in One of Trio of Small Railroad Accidents That Delayed Traffic

Two switch engines colliding in the Texas and Pacific west yards at 5 o'clock this morning slightly injured Engineer Newton Smith of engine No. 141 and did considerable damage to his engine. It was necessary to take No. 141 to the shop for repairs. Smith was taken to his home.

Traffic was delayed on the Frisco west of the city for several hours Wednesday afternoon as a result of the collision between a number of cars pushed by a Frisco engine and freight engine No. 220 of the Texas and Pacific. One car was wrecked. No one was injured.

Derailment of Engine No. 189 in the Texas and Pacific west yards this morning, caused some delay in traffic. A rail turning over caused the trouble. A force of men soon had the engine on the track.

NEGRO BUILDING DESPITE WARNING

Railway Postal Clerk Decides to Pay No Attention to Mysterious Placards

G. N. T. Gray, the negro railway postal clerk, who has been warned by mysterious notices pasted on his lumber, not to build his house in Helen street, spent Wednesday night in keeping watch by his property. After arming himself he spent the entire night in watching by the site of his proposed dwelling, just east of Evans avenue. Whoever it was that pasted the warning signs Tuesday night did not appear again.

Gray has reported the matter to the police and to the sheriff's office and has received assurances from the officers that he will be protected.

Work of building the house was continued today. The full notices placed on the lumber were: "Move your lumber away. It will be better to move now than when you have built. You cannot stay. No colored people can live on this street. Danger. Take warning."

"Move your lumber while times is good." "Notice—You can not live here. You had better stop while times is good." This was printed on cardboard.

"Move your lumber away while times is good. No negroes allowed on this street. Danger. Take warning."

RIOTS CAUSED BY SOCIALISTS

Russian Government Declares Situation in Crimea Now Well in Hand

ST. PETERSBURG, March 30, 2:50 p. m.—The disturbances at Yalta, in the Crimea, were largely fomented by social democrats. The same organization, which includes 8,000 workmen at Yalta, is influenced at Manispolo, Sebastopol, Odessa and other industrial cities and apprehension is felt lest the Yalta example may be followed at other places.

The authorities claim to have the situation at Yalta well in hand. Some of the more violent spirits in Yalta are not averse to attacking imperial property, revolutionary proclamation egg on workmen to attack the Lavida palace having been circulated a few weeks ago.

The government is contemplating the opening of navigation of the Volga with apprehension as the discontent is apt to be carried up and down the river when commerce begins.

YALTA, Crimea, March 30.—The report that the imperial palace at Livadia had been burned by rioters is untrue. The administrative building at Yalta belonging to the imperial domain was burned during the recent disorders.

Outbreak in Bessarabia. ST. PETERSBURG, March 30.—A telegram from Machout, Bessarabia, reports a peasant outbreak at Cazeno against the German settlers there. The peasants threaten forcefully to take possession of the lands unless the Germans voluntarily give up possession. Cossacks have hastily been dispatched to the scene.

Take Civil Service Test. Seventy-five young men took the civil service examination today, which is being held at 1008 Houston street, for the position of railway mail clerk. Owing to the great number of applicants the examination will be continued Friday.

Among the sixty-six applicants who took the examination, Wednesday there was one young woman. Of the applicants Wednesday, 35 were for positions in the railway mail service, 13 for taggers, 8 for stenographers, one for the position of compositor, two for guards and one for scientific assistant.

METROPOLITAN'S SPEECH ATTACKED

St. Petersburg Church Dignitary Declared to Have Incited Fanatical Riots

ST. PETERSBURG, March 30, 12:30 p. m.—In view of the peasant agitation throughout the country, some newspapers are seriously alarmed at the effect of the recent pastoral address of the Metropolitan of St. Petersburg, M. Antonius, as being a direct incitement to the ignorant peasants to begin a war of extermination against the entire educated class, and the present, at least, to secure further evidence of alleged tampering with witnesses by interested persons to secure facts concerning the beef combination.

From a federal official it was learned last night that several witnesses had been approached and as soon as the proof is in the hands of District Attorney Morrison, it is said indictments will be returned.

John E. Shields, government witness in the case against Thomas J. Connors, Armour's general superintendent, indicted on a charge of trying to influence a witness, was put under \$1,000 bond to appear at the July term of the district court, when the Connors case is set for hearing. Shields signed his own bond and left for New York last night.

Secret service men have increased in number rapidly that now almost every witness of consequence is being watched and shadowed. Many other persons not directly interested in the daily proceedings of the jury are also being shadowed and every endeavor is being made to prevent any one approaching a proposed witness.

In a statement given out last night J. Ogden Armour, the head of the Armour Company, declared that the indictment returned against his confidential man, Thomas J. Connors, is the result of a grave misunderstanding as to the facts.

Mr. Shields is the New York representative of H. J. Ellis & Co., agents for Armour & Co. in Singapore, and according to Mr. Armour's statement, Shields' calls at the office of the company were entirely of his own action. Continuing, Mr. Armour says:

"The usual courtesies of a business house to its representatives were accorded to Mr. Shields to the extent of granting his request to communicate with his office in New York over the private wires of the company concerning his business affairs there and to care for his incoming mail and telegrams received until he should call for same. During his stay in Chicago Mr. Shields was not entertained by representatives of Armour & Co. at dinners, theater parties or elsewhere. Mr. Connors assured me, and I have every reason to believe him, that he did not, as charged in the indictment, attempt in any manner to tamper with or injure Shields in the performance of his duty to appear before the jury and give evidence on any subject of which he might have knowledge."

Dr. Fox Acquitted. HOUSTON, Texas, March 30.—After being out only about ten minutes the jury in the case of Dr. Edward L. Fox, charged with the murder of Mrs. Annie Louise Lindley, returned a verdict of not guilty yesterday. The death of Mrs. Lindley occurred on Nov. 8, 1904, and it was alleged in the indictment that death resulted from a criminal operation performed by Dr. Fox. The accused claimed that death resulted from lockjaw, caused by diphtheria.

Mildred Clifton has been taken to the penitentiary. She was conveyed there several days ago by Sheriff J. L. Sandlin of Hood county. She was accompanied by her husband to Huntsville, where she will be confined for a period of four years for the alleged murder of Ab Patterson.

She will be placed in the sewing department along with three other women, the only women now confined in that prison. Sheriff Sandlin will tonight take two more prisoners from here to the state farm at Fowler.

"Hood county is the most law-abiding county in the state," said Sheriff Sandlin, "and to prove it I have only to refer to the fact that there has not been a prisoner in the county jail in four months, and there is now only one criminal case on the docket to be tried at the next term of court."

MURDER CLIFTON TAKEN TO PRISON

Begins Serving a Four-Year Sentence at Huntsville Penitentiary

Strawberries have already appeared in the city markets, despite the recent cold weather. The stores offering nice South Texas berries at 20 cents a box.

Small shipments of the berries have been received during the early part of this week but the announcement is now made by the dealers that the regular supply has started and that the berries will be obtainable right along with prices gradually decreasing as they become more plentiful.

The berries received are of ordinary size and remarkably sweet in view of the small amount of time they have had to bask in the sun's rays.

ARGUING AGAINST REDUCTION OF RATE

Cotton Hearing Continued Today Before Railroad Commission at Capital City. AUSTIN, Texas, March 30.—Argument was resumed today before the railroad commission on the proposition to reduce the cotton rate. Judge T. J. Freeman, general attorney of the Texas and Pacific railroad company, resumed his argument, showing that while some roads in Texas might be earning more than they are entitled to under the law, a great majority were earning less, and the proposed reduction to these railroads would therefore be ruinous.

Judge T. W. Terry, general attorney of the Santa Fe railroad company, objected to the proposed reduction, stating that in the history of the railroads, all the money in the work of construction, but as the country developed, these losses were being recouped and the railroad commission of Texas, representing all the railroads, as well as the people, could not afford to adopt any policy that would result in reducing their revenue and consequent financial embarrassment.

Today the co-operate societies of Great Britain have more than 2,000,000 members. They own nearly 9,000 dwellings, they have assisted members to purchase 24,000 dwellings and they have invested in this way more than \$40,000,000 in real estate.

ARMOUR EXPLAINS AGENT'S COURSE

Denies an Attempt Was Made to Influence Beef Trust Inquiry Witness

CHICAGO, March 30.—Ten witnesses, several of them being employed by Chicago packers, were heard at yesterday's session of the special grand jury which is investigating the business transactions of the so-called beef trust.

All of these men were subjected to a rigid examination as to whether they had been approached by outsiders since being called as witnesses, the inquisitorial body evidently being more anxious for the present, at least, to secure further evidence of alleged tampering with witnesses by interested persons to secure facts concerning the beef combination.

From a federal official it was learned last night that several witnesses had been approached and as soon as the proof is in the hands of District Attorney Morrison, it is said indictments will be returned.

John E. Shields, government witness in the case against Thomas J. Connors, Armour's general superintendent, indicted on a charge of trying to influence a witness, was put under \$1,000 bond to appear at the July term of the district court, when the Connors case is set for hearing. Shields signed his own bond and left for New York last night.

Secret service men have increased in number rapidly that now almost every witness of consequence is being watched and shadowed. Many other persons not directly interested in the daily proceedings of the jury are also being shadowed and every endeavor is being made to prevent any one approaching a proposed witness.

In a statement given out last night J. Ogden Armour, the head of the Armour Company, declared that the indictment returned against his confidential man, Thomas J. Connors, is the result of a grave misunderstanding as to the facts.

Mr. Shields is the New York representative of H. J. Ellis & Co., agents for Armour & Co. in Singapore, and according to Mr. Armour's statement, Shields' calls at the office of the company were entirely of his own action. Continuing, Mr. Armour says:

"The usual courtesies of a business house to its representatives were accorded to Mr. Shields to the extent of granting his request to communicate with his office in New York over the private wires of the company concerning his business affairs there and to care for his incoming mail and telegrams received until he should call for same. During his stay in Chicago Mr. Shields was not entertained by representatives of Armour & Co. at dinners, theater parties or elsewhere. Mr. Connors assured me, and I have every reason to believe him, that he did not, as charged in the indictment, attempt in any manner to tamper with or injure Shields in the performance of his duty to appear before the jury and give evidence on any subject of which he might have knowledge."

Dr. Fox Acquitted. HOUSTON, Texas, March 30.—After being out only about ten minutes the jury in the case of Dr. Edward L. Fox, charged with the murder of Mrs. Annie Louise Lindley, returned a verdict of not guilty yesterday. The death of Mrs. Lindley occurred on Nov. 8, 1904, and it was alleged in the indictment that death resulted from a criminal operation performed by Dr. Fox. The accused claimed that death resulted from lockjaw, caused by diphtheria.

Mildred Clifton has been taken to the penitentiary. She was conveyed there several days ago by Sheriff J. L. Sandlin of Hood county. She was accompanied by her husband to Huntsville, where she will be confined for a period of four years for the alleged murder of Ab Patterson.

She will be placed in the sewing department along with three other women, the only women now confined in that prison. Sheriff Sandlin will tonight take two more prisoners from here to the state farm at Fowler.

"Hood county is the most law-abiding county in the state," said Sheriff Sandlin, "and to prove it I have only to refer to the fact that there has not been a prisoner in the county jail in four months, and there is now only one criminal case on the docket to be tried at the next term of court."

STRAWBERRIES NOW IN SEASON

Regular Shipments of Table Delicacies Are Now Arriving This City

Strawberries have already appeared in the city markets, despite the recent cold weather. The stores offering nice South Texas berries at 20 cents a box.

Small shipments of the berries have been received during the early part of this week but the announcement is now made by the dealers that the regular supply has started and that the berries will be obtainable right along with prices gradually decreasing as they become more plentiful.

The berries received are of ordinary size and remarkably sweet in view of the small amount of time they have had to bask in the sun's rays.

TERRELL LAW STOPS ELECTION

Attorney for J. H. Maddox Says Its Provisions Are Contradictory

"This matter of J. H. Maddox's nomination being illegal is really too foolish for an argument," said Q. T. Moreland this morning. "Still it is only just that something be said to put Mr. Maddox in the right attitude toward his friends."

"Mr. Maddox insisted from the first that Mr. McCampbell's name be put on the ticket. If Maddox's nomination had been illegal Mr. Rice is probably the only person who could have complained. "All this hullabaloo about a mandamus, which, by the way, was never argued before any court, and never even filed and doubtless was never intended to be filed, was a mere flash in the pan. Our election law is so constructed that it has absolutely contradictory statements; in fact it has been said by one of our supreme judges that it is impossible to hold an election in strict conformity with its provisions. If this matter of illegal nominations had come before the court, the court would doubtless have held after looking into the merits of the case, that the people of a great city and a great party had in a party election chosen in utmost good faith their candidate and that no minor irregularity or possible failure to conform with some unimportant rule could destroy or make void the election."

Famous Frontier Scout Now in the Employ of U. S. Government

"BAT" MASTERSON NOW U. S. MARSHAL

Former Frontiersman and Friend of President Roosevelt Sworn into Office in New York

(Copyright, 1905, by W. R. Hearst.) NEW YORK, March 30.—William B. Masterson, known as "Bat" Masterson, was sworn in here yesterday as a Deputy United States marshal. He was recommended for the appointment by President Roosevelt. Masterson said he hoped to make a good record in his new place.

Incidentally, he expressed the opinion that there is more carrying of concealed weapons in New York than in the west. "Out where I came from," he said, "a man does not carry a gun unless he wants to use it. Out there the game is to leave your gun at home. Then when a fellow draws a bead on you, you can throw up your hands and show him that you are unarmed. He won't shoot. If you do, he'll shoot you. Here in New York, every little sneaking son of a gun, who has got the price of a pistol, buys one and carries it. You can't go into a restaurant or cafe in this town without seeing a dozen cheap sports with guns twisted in their big pockets. Why, they could not get them out in an hour. And if by hard work they did manage to yank one of these toy pistols out, they could not hit their mark. Where there's one murderer in the country I came from, there's a dozen here."

Masterson made a great record in maintaining law and order in Dodge and the other cities of Kansas in the days when Kansas was filled with "bad men," who took delight in running things to suit themselves. He has been a resident of New York since 1892, when he came here to act as bodyguard to George Gould, who at that time had been receiving many threatening letters. Masterson's services have been in great demand of recent years by prominent sporting men at the race tracks and other resorts in this vicinity.

FRAZIER NOW SENATOR. Former Governor of Tennessee Takes Oath of Office. NASHVILLE, Tenn., March 30.—The resignation of United States Senator-elect James B. Frazier as governor of Tennessee had been formally delivered to Speaker John I. Cox of the state senate.

Speaker Cox briefly announced the fact to the senate and at once proceeded to take the oath as governor, to which office he succeeds under the state constitution.

The oath was administered by Chief Justice Beard of the state supreme court in the senate chamber and in the presence of both houses of the legislature. Ernest Rice of Dyer county was elected speaker pro tempore of the senate.

Governor Cox's first official act as chief executive was to sign the commission of James B. Frazier as United States senator from Tennessee.

LIMIT TO LETTERS OF ADMINISTRATION. Supreme Court Holds Them Void After Lapse of Four Years. AUSTIN, Texas, March 30.—In answering the certified questions of the first court of civil appeals, the supreme court today held that letters of administration granted after a lapse of four years are not void. The question came up in the case of W. W. Nelson against Henry Clay Bridge, from Galveston county.

NEGRO TO BE HANGED. WAXAHACHIE, Texas, March 30.—Sheriff Minnick this morning received a telegram from Governor Lanham saying he would not interfere with the verdict of the court in the case of John Henry Young, the negro to be executed tomorrow. The sheriff was instructed to carry out the orders of the court. The execution will take place about 11 o'clock.

BATTLE EXPECTED NEAR Sipinghai

Japanese Are Gathering Heavy Force, Apparently Planning an Attack

JAPS APPROACH KIRIN

Russians Also Fortifying and Fight May Take Place Within a Week

ST. PETERSBURG, March 30, 2:20 p. m.—Another duel between the two opposing armies in Manchuria may be on the program for the coming week.

The Russians, according to the Associated Press Harbin correspondent, are due to a telegraphic error in the confusion of similar Chinese names, Chaumadzi with Shuamaoyatzi, south of Sipinghai, where the Russian advance force retired to the fortified line at Sipinghai. The Japanese followed to some extent, but a border of twenty miles of debatable ground still remains between the two armies, over which the Japanese probably will not advance until they are ready to attack.

Equally important is news that a column of Japanese is moving against Kirin, perhaps with the intention of turning the position eastward and striking at the Chaumadzi line, communication with the double purpose of isolating the fortress and separating General Linevitch's army from a valuable basis of supplies, the Ussuri district.

JAPANESE CONTROL THREE RAILROADS

Facilities for Getting Men and Munitions to Mukden Greatly Improved.

GUNSHU PASS, Manchuria, March 30.—The Chinese merchants arriving here, after a circuitous flight from Mukden, relate that the Japanese have taken over the administration of Manchuria. They have installed Japanese officials in the place of Chinese, have taken possession of the Russian administrative buildings, and have established a Japanese police force at Mukden.

The work of converting the railroad from Port Dalny to Mukden into a narrow gauge road has been completed, giving the Japanese three railroad lines of supply from Seoul by way of Feng Wang Cheng to Port Dalny to Mukden and over the Siumitlin road, which the Japanese are reported to have leased.

Fresh Japanese troops are reported to be arriving at the front.

Rojevstevsky Interviewed

PARIS, March 30.—Admiral Rojevstevsky, in the course of an authorized interview with the Matin correspondent at the Island of Nossibe, March 24, said the future movements of the squadron depended on the arrival of coal and military developments.

"The slow arrival of coilers," he said, "becomes a serious question when a fleet consists of sixty warships. If coal in abundance arrives I may go to meet the third squadron."

Admiral Rojevstevsky received a telegraphic summary of the decision of the international commission of the inquiry into the North Sea incident, and said: "I am glad the admirals approved of my conduct, but owing to doubts concerning the incident I shall always feel a certain measure of moral responsibility. However, the torpedo boats certainly were there, my ships were endangered and I was obliged to save the flagship."

Japanese Column Sighted

ST. PETERSBURG, March 30.—A telegram from Sipinghai, Manchuria, under today's date, says: "Chinese report a Japanese column which probably is carrying the flanking movement has been seen twenty-seven miles northeast of Sipinghai (74 miles north of The Pass). Snow has fallen heavily here."

GERMANS OPPOSE ANY INTERFERENCE

Favor Settlement of Difference Between Russia and Japan by Those Countries Alone. BERLIN, March 30.—The suggestion that an international congress might be called to arrange the Russo-Japanese terms of peace finds no favor at the foreign office here, where the full settlement between the belligerents without interference of other powers is much preferred. An international congress would mean a reversion of the present equilibrium of interests because those undertaking to settle peace would seek advantages for themselves as a proper brokerage in the transaction. The strong obstacle against peace appears to be the influence of Ernest Rice of Dyer county, which still stands resolutely for the continuance of the war.

TO TAKE TOBACCO TO THE JAPANESE

Steamer Sailing from Portland, Ore., Today Carries Cargo Valued at \$200,000. PORTLAND, Ore., March 30.—When the Portland and Asiatic liner Arabia sails for the orient today she will carry a shipment of 920 hogsheads and 235 tierces of leaf tobacco and 375 cases of cigars. The value of this portion of the steamer's cargo is almost \$200,000, and is said to be the largest single shipment of tobacco ever made from a Pacific coast port. The destination of the tobacco is Kobe and Yokohama.

CATTLE JUDGES NAMED

Prizes Awarded in Student's Contest at Fat Stock Show

Awards in the students' judging contest at the Fat Stock Show held in this city last week have been announced from Agricultural and Mechanical College as follows:

The first prize of \$50 was awarded to W. T. Lewis, who made 348 points out of a possible score of 400. A. A. Wright won second prize with 312 points; E. Carlyle third, with 302 points, and J. W. Loving fourth, with 307.

The work as done in the swine class was passed upon by Tom Frazier and H. E. Singleton, two well known Texas breeders. Captain Tod of Corpus Christi graded the reports submitted on cattle and J. C. Burns of College Station the horse papers. Ten students participated in the contest.

A detailed report of the Fat Stock Show is being prepared by the committee and will be issued within a short time.

If its a home or investment you want call on M. L. Chambers Realty Company, 509 Main street.

BIG GUNS FOR THE NAVY

BAYONETS FOR SOLDIERS

Reforms Suggested by Russo-Jap War Will Be Adopted by Uncle Sam's Troops

WASHINGTON, March 29.—The Russo-Japanese war has resulted in radical changes in the policy of our army and navy. The former is preparing now for short-range conflict, while the latter is building and arming for a longer range than before contemplated. President Roosevelt a short time ago had a talk with the secretary of war, and as a result orders were issued up and down the line to make ready for the hand-to-hand fight. Sabers have been ordered sharpened; the style of the bayonet is to be changed; the long thin ramrod style now in use is to be substituted by a broader and larger bayonet, and it is possible that the present rifle will have to be abandoned for a longer one. The general staff is somewhat disturbed by the fact that the

STRAIN TOO GREAT

The strain and struggle of busy life causes nine-tenths of the daily aches and pains and kidney sufferings of humanity.

The busy folks—who work hard and rest little, who think hard and sleep little, are those who overtax the kidneys most.

To overwork the kidneys is to congest and clog them—to disturb and hinder them in their great work of filtering the blood.

Busy men and women are too apt to neglect sick kidneys. In spite of aches and pains and urinary disorders they go on overworking until the kidneys give out.

There is no middle road for the kidney sufferer. He must either help and cure the kidneys, or go the downward course towards fatal diabetes and Bright's Disease. There is no standing still.

Doan's Kidney Pills will cure you. This great kidney specific has restored thousands of kidney sufferers to complete and permanent health. It is intended for the kidneys and for the kidneys only.

Watch for Symptoms of Kidney Diseases. Regard Backache as a Danger Signal. Test the Urine. Help the Kidneys Do Their Work. Cure Them When They Are Sick.

DOAN'S KIDNEY PILLS

For Sale by all Dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., Prop.

HOW TO TELL—There are many symptoms to tell you of sick kidneys. First, the many aches or pains—Dull aching in the small of the back. Sharp pains when stooping or lifting. Rheumatic aching in the muscles. Neuralgic pains in the nerves. Headaches, aches, gout, sciatica. And the urinary symptoms, some apparent, some found by simple tests—Frequent passages day and night. Scalding, due to inflammation. Scanty passages, or a stoppage. Red, thick, and ill-smelling urine. Cloudy or brick-dust sediment. Greasy, frothy or staining urine. Other common symptoms are: Putty eyes, swollen limbs. Pallid, waxy complexion. Drowsiness, lack of energy, languor. Dizziness, "spots" before the eyes. Weak heart; debility, indigestion. There is only one thing to do when any of these symptoms appear, and that is to cure the kidneys. No need to experiment. Doan's Kidney Pills have cured hundreds of people in your own city. Their testimony proves it.

ASK YOUR DRUGGIST

Ladies, if you want a refined and brilliant complexion, free from blemishes, use Hollister's Rocky Mountain Tea. Brings red lips, bright eyes and a cream-like complexion. 35 cents, Tea or Tablets.

APRIL WEATHER RECORD

Month of Showers Has Average Precipitation of 2.5 Inches

The local weather bureau has just issued a sheet of data telling of weather conditions in the city for the month of April for the past ten years.

The warmest month of April in the local weather records is that of 1895, with an average temperature of 70 degrees. The coldest month was in 1890, with an average of 62 degrees.

The highest temperature reached in April in the last six years was on April 11, 1904, when the mercury went to 95 degrees. The lowest temperature was registered on April 1, 1899, with a temperature of 21 degrees.

April's average precipitation for the past ten years is 2.50 inches. The greatest monthly precipitation occurred in 1900, with 7.34 inches of rainfall. No snow fall is recorded for the month.

Cloudy days in April have averaged 4, clear days 13 and partly cloudy 13. South winds have prevailed during the month, with an average of thirteen miles an hour.

The highest velocity to be reached by the wind in the month of April for the past six years was on April 5, 1901, when the instruments registered a velocity of

SENATOR HANGER'S WARNING
The minority of the state senate has had the hardihood during the present week to seek to block the passage of such legislation as did not meet with its views. The special object of minority wrath has been the Williams' intangible asset bill, the intention evidently being to shelve or defeat that measure if possible. It was the action of the minority with reference to this measure which caused an outburst of indignation from Senator Hanger of this city. In the course of his remarks, which were quite heated, Senator Hanger said:

"But the time has come when the majority will say to the minority that we gladly welcome the chance for you to show by your acts who stands back of you in this matter and who back of us. We are glad to show that we are the friends of the people, who are behind us and that against us on this question stand the corporations and their attorneys and paid agents, some of whom are here on the floor of this senate. And we might as well let you know right now that we intend to pass this Williams' bill, by the eternal God, against earth and sky, and hell, if we stay here until next January, and the railroad attorneys and their paid hirelings might as well pack their grips and go home. It is a disgrace to our state and to our civilization that senators should be guilty of the unprecedented act of absenting themselves for the express purpose of evading a vote. Such an act was never before attempted in a deliberative body and I denounce it, no matter by whom directed and I might as well warn the minority now that drastic measures will be brought to bear upon them, such as they never dream of, if they persist."

He closed by warning them of a settlement by the people of Texas, who, he said, were with the majority in this matter.

It has been noised abroad since the state legislature first assembled that the corporation lobby was actively at work at the state capital and would leave no stone unturned in an effort to thwart the wishes of the people of Texas in the matter of bringing those influences more directly under control. It has been understood from the very beginning that the Williams bill was marked for slaughter by its enemies, and the methods of attack on that measure have been as varied as they have been ineffectual. The Austin correspondents of the daily papers have generally tried to knife the Williams bill at every possible opportunity, and the big daily papers have repeatedly shown that it was the object of their particular animosity. The railroads have fought it bitterly and other large corporations have let it be known that they were exceedingly anxious to see its fall of enactment.

In the house the measure was permitted to go through on account of the unwieldiness of that body, but it seems that an onslaught was made on the senate in some manner which seems to have been productive of more telling results. When a minority of the senate deliberately sets to work to prevent the enactment of legislation that is demanded by the people of this state, and seeks through every offer imaginable to prevent the enactment of this particular bit of legislation, such action must tend more or less to the theory that corporation influence has been actively at work and in a most effective manner. There is justification of the anger exhibited on the part of the leaders of the majority, and it is gratifying that they are nerved enough to speak their honest convictions.

Senator Hanger's vigorous warning to the men who are engaged in this questionable procedure was most timely. While the honorable senator gave evidence of a little bit of choler, it is but indicative of public sentiment in this state. The people of Texas are rapidly growing disgusted with the antics of some of the men they have sent to represent them at Austin. They are weary of the long period of inaction that has marked this session of the legislature, and now when the session is drawing so rapidly to a close and so little of real benefit to the state has been accomplished, it is not surprising that there should be an outburst of popular indignation when an effort is made to defeat the final enactment of the few measures that promise needed relief after they have run the gauntlet of the most fierce opposition that has ever been witnessed at the capital city.

The remarks of Senator Hanger show that the majority of the state senate are keenly alive to the situation. They realize just exactly what they have gone up against, and there is a note of defiance in the Hanger declaration which seems to promise that in the end the will of the people will be respected and obeyed. The

WITH THE CATTLEMEN

SHOCKED THE COWBOY
CHICAGO, March 29.—Shinner Humphrey of Big Timber, Mont., passed through Chicago, en route home from the inauguration ceremonies. Mr. Humphrey, in company with "Long Thompson" of Garry Owen, Fred Maxey of Crow Agency, and "Slider" Avery of White Creek, talked of nothing but the inaugural ball. "Talk about dressing! We some dog in clothes in Big Timber, but we were laid out cold at the ball," said Humphrey.

"We gets into the ball and the first thing we sees was a stunning woman cavorting across the floor with a fellow in a swell uniform. But the girl didn't appear to have any clothes on. She looked cold and lost. Long Thompson turned his head and blushed, something he hasn't done since he was a calf in the range of life. He whispered to us, especial to Slider Avery, who was staring until his eyes began to bulge.

"For God's sake, fellows, don't look! That poor heifer's broke loose without knowin' how she looks! Give her a chance to duck."

"So we all shuts our eyes but Avery he never was respectable anyway. After a time when it got tiresome, we opens our lamps, and there see a hundred or more women skating around, dressed like the first—nothing on but a lariat and a saddle blanket.

"I'm going to bed," says Maxey, "for if I ever talk in my sleep after I get home and my old woman gets on to what sinful things I've seen here, it's all day."

"So we back out, rejoicing that we don't live where clothes are so scarce. Otherwise we had a bully time.

"Teddy's all right and we're going to send him a horse this spring that will beat any thing Washington ever saw."

PREDICTS LIGHT MOVEMENT
D. D. Cutler, live stock agent of the Chicago and Northwestern, returned recently from Fort Worth where he attended the Texas Cattle Raisers' Association convention.

"Practically nothing was done in the way of trading on northern account," he said. "Buyers and sellers were far apart and no deals are likely to go through until later in the season. Even then, unless prices come down, I look for a light movement. Northern cattlemen are by no means enthusiastic over the future cattle market, despite the recent advance and they all show a disposition to be conservative."

LOOKS LIKE MURDO MACKENZIE
Murdo MacKenzie of Trinidad, Col., will probably be selected president of the American Stock Growers' Association, made vacant by the death of Conrad Schaefer. Mr. MacKenzie was once president of the Texas Cattle Raisers' Association.

majority will not lie down and let the minority walk all over it in any such high-handed manner. There is a determination manifest to get these measures through if it takes the remainder of the year, and the people will bear patiently with the majority while it is going forward in an effort to accomplish the purposes for which it was sent to Austin. Two dollars per day is very small stimulation, but it is as much for the men who desire to do their duty as it is for the obstructionists, and the indications are that the majority will succeed in forcing the recalcitrant members into line before final adjournment, on all these important pending measures.

It sounds funny to hear Russia talking of "dignified peace," with her army on the dead run.

Dr. Chadwick seems to have entirely faded from the public view, and he is one member of the Chadwick family that is entitled to public sympathy.

Thomas K. Niedringhaus was denied the privilege of serving as senator from Missouri, but he at least knows how it feels to be congratulated by the president on his election.

In Russia more than 22,000 women are employed on the railroads as section hands at the very munificent salary of \$65 per annum. And women are the mothers of men.

The disposition on the part of the state senate to work all day and all night on a salary of two dollars per day shows that patriotism has not yet gone to seed in that honorable body.

It does not make any difference with Theodore Roosevelt whether the senate ratifies the treaty with Santo Domingo or not. He has a method of suspending the federal constitution to fit just such emergencies.

elation and the Texas cattlemen. It is said, will stand solidly for him. The meeting of the American Stock Growers' Association in Denver, May 9, promises to be largely attended, and much interest will be manifest in the selection of president.

MONTANA CONDITIONS
Speaking of conditions in Montana, J. M. Boardman says that the winter has been the best known in Montana for years and cattle all came through in good shape.

"We only need some spring moisture now to make things as good as we could wish. It has been dry and we must have moisture to start the spring grass."

Speaking of the needs of the rangeland in the way of stock cattle, Mr. Boardman thought that there would not be more than half the cattle wanted as compared with the usual demand.

AFTER SOUTHERN CATTLE
A Pierre, S. D., dispatch says: Several of the large cattle companies working in the western part of the state are sending representatives to the Mexico border to look after young stock for spring shipments to this range. Several who have gone down into that section report prices too high as yet to make the buying of southern stock profitable, and are coming back to wait for lower prices before investing.

COCHRANE RANCH SOLD
The Cochrane ranch in southern Alberta, which consists of 65,500 acres of land, and 12,000 head of first-class cattle, has been sold to an American capitalist for \$400,000. The purchaser intends to colonize the land.

FLY KILLING CATTLE
MEXICO CITY, Mexico, March 29.—News comes from Vera Cruz to the effect that stockmen are very much alarmed at the appearance in that state of the Jo-Lo fly, the cattle pest of French Guiana among herds of the district of Sierra de Comates. There is said to be no remedy to destroy the flies, which at times become a veritable plague and cause numerous deaths among cattle. Stock raisers have found that the only means to prevent the introduction of the fly is to place an oil-soaked piece of cloth or cotton in the ears of the animals.

he is right. The party is usually so busy in digging out from under the avalanche that it has no time to worry over the causes that led to the accident.

The body of Miss Mildred Lee, the youngest daughter of General Robert E. Lee, who died suddenly in New Orleans Tuesday, has been shipped to Virginia, where interment will occur. Miss Lee will be laid to rest by the side of her illustrious father, who sleeps at Lexington.

Major Warner, the man the republicans finally succeeded in electing to the United States senate from Missouri, says his total expenditure of money in the matter only amounted to about \$30. The \$21,000 that was spent by the Niedringhaus crowd was just that much wasted ammunition.

English investors have been falling all over themselves in an effort to get a portion of the new Japanese loan that is to be placed in that country. Over in France when the new Russian loan is mentioned it is always prefaced with some suggestions of a peace protocol.

The railroads will win golden opinions for themselves when they finally succeeded in legislating all baggage to the baggage cars and compel the swinish traveler to only occupy the space in passenger cars that he pays for. The general public has suffered long.

The report now comes from St. Petersburg to the effect that Russia is preparing to open peace negotiations with Japan, through the friendly offices of the United States and France. Uncle Sam is getting to be a very important personage in settling the troubles of other people, but when it comes to those of his own he is not near so important.

Gessler Rousseau, a prisoner in the New York Tombs, makes the very remarkable statement that the battleship Maine was blown up in Havana harbor through mistake, with a bomb of his manufacture. It is quite probable that the bomb was not the only thing manufactured by Rousseau. His story seems sufficiently fishy to have been manufactured expressly for the occasion, and out of very scant cloth.

But Masterson says that every cheap sport in New York carries a gun, and that city furnishes twelve murders to one in the west. There was a time when gun plays were fast and furious in all this western country, but our people have learned better. It has now about reached the point in Texas where only the cheap sport and the man who is deficient in sand is guilty of the practice of hitching himself to any form of artillery.

The federal government in its dealings with the men who are charged with trying to interfere with the witnesses in the beef trust investigation is giving evidence of a sincerity of purpose that must be just a little bit galling and disappointing to the packing interests. It is equivalent to notice that the supply of government whitewash is entirely exhausted since Commissioner Garfield applied it so thickly.

If the president was going to hunt deer in Texas on the occasion of his impending visit there would be no mystery about the connection of Colo-

nel Bill Sterrett with the party, as in case of a night hunt Colonel Bill could be depended upon to furnish the light with which to shine the deer's eyes. But as the party is understood to be out simply for bear, it can only be surmised that the colonel is taken along on account of his complete familiarity with the manner in which bears are fought in Texas.

Cleanings From the Exchanges

The house committee on common carriers has reported favorably the bill Messrs. Cabel, Williams and Mays prohibiting the giving or receiving of free railroad passes. This legislation ought not to adjourn without passing an anti-free pass bill. It is a platform demand. The people regard the free pass privilege as an evil, and their wishes should be respected.—Waco Times-Herald.

The present session of the state legislature is not paying much attention to democratic platform demands. It has safely arrived at the conclusion that the democratic party of this state is composed wholly of the state legislature. The people are only permitted to exist in order that the calling and election of the legislature may be sure.

Confederate veterans are falling in line for their summer reunions. No better body of men ever met to recount the deeds and days of the past than these grizzled patriots who fought for principle and home for four long years. May this year's reunions be the brightest and best of all the past and may they be more cordially received by the people where they assemble than ever before.—Corsicana Sun.

The number of these old heroes is annually growing smaller. In the local camp several loved and familiar faces that were seen in last year's reunion will be absent, for they have answered the last roll call. With these men are dying some of the best of the traditions and customs of the south. The rising generation is not measuring up to the old standard and the true "Southern gentleman of the old school" will soon be a rara avis.

The legislator who went into an Austin gambling house and was "rolled" (bet on the ace to win and it lost) for \$500, and then squealed to the police, would have been entitled to no sympathy because he lost at gambling. The duty of the officers to whom this legislative gambler made a "room" was first to put the legislator—the lawmaker—under arrest and prosecute him for violating the laws of the state which he had sworn to uphold and defend. He went into the gambling house and gambled, hoping to win the gambler's money, but he lost; and so far as this transaction goes he was just as much a gambler as the man he bet against, and he should have been punished accordingly.—Beaumont Enterprise.

But "the king can do no harm." Members of the state legislature can do things with impunity that would send others to jail. They ask the only people in the world who can ride to Austin on a free pass and then draw money out of the state treasury for every mile they have covered on that free transportation.

John D. Rockefeller can send prayers to Chicago, Cassio L. Chadwick can write books, the beef trust can gouge the people, Castro can fall in a trance and Lawson can "frenzied finance," but this is not going to do any good for the Johnson county people. The only thing for the Johnson county people to do is to work, and try to get in more during the year than they spend. Talking about the country going to ruin will not put a dollar in your pocket. It is well enough to keep posted, but at the same time to keep working.—Clbourne Review.

Many men are so busy complaining of hard times that they can not find the leisure necessary to do one single thing to make the world better for the sojourn in it. And instead of deploring the scarcity of the almighty dollar in idleness, we can all employ our time to better advantage in getting out and hustling for our share of the circulating medium.

Dr. Worsham, superintendent of Austin insane asylum, is reported to have stated that it is a disgrace to Texas that so many insane people are confined in county jails for lack of room at the asylums for their accommodation. Yet the legislature will vote to increase the salaries of judges and other officers, and create new offices, instead of making appropriations to enlarge the asylums so as to accommodate the patients now lying in the jails awaiting places in the asylums.—Athens Review.

The legislature has been too busy in its attempt to save the country as a whole to get down to specific objects of real reform like making necessary provision for the unfortunate insane. There ought to be some means devised by which the body could hold a preliminary session of wind-jamming at its own expense about sixty days in advance of a regular session.

It is believed that this week will be a stormy one in the legislature. The tax bill is on the calendar, and more anti-free

NO SUBSTITUTE
has yet been found for cod liver oil. There are so-called extracts, wines and cordials of cod liver oil that are said to contain the active principles but not the oil itself. This is absurd on its face. You might as well extract the active principles of wheat and make bread with them. The best form of cod liver oil, that can be digested and assimilated most easily, is Scott's Emulsion.

We'll send you a sample free. SCOTT & BOWNE, 409 Pearl Street, New York.

pass legislation is looked for.—Sherman Democrat.
It was hoped quite generally that as March had about passed without the usual windy disturbance, the people of Texas would be treated to an early and gentle spring. But the hope was an idle one. High winds have prevailed at Austin during the entire week, and legislators have raised considerable sand.

The wealth of the country is in its citizenship. Whatever the country or section may or may not be, if the citizenship of the country is not good, no one would care to live there. A section can never be any better than its citizenship. When we have improved it, we have improved that which contributes to the greatest advancement of the country, consequently everything that contributes to the improvement of the citizenship should be encouraged and everything that is a detriment to the citizenship should be opposed. This standard applied to various enterprises would do much towards making each section what it should be.—Terrell Transcript.

That community is doubly blessed that is provided with a good and progressive citizenship, for it is a blessing worth more than all the actual wealth that could be garnered together. Good citizenship in the community makes all things that are desirable possible, and that fact accounts for much of the progress and prosperity that is evident all over the state today.

NEW YORK JOURNAL'S GREAT OFFER
William Randolph Hearst, America's greatest newspaper man, places within the reach of the most modern income tax the greatest American reference book now in print, the New Standard Encyclopedia. A library in itself, by Americans for Americans. Fifty memberships in the New York Journal's half price encyclopedia club have been set aside for Fort Worth, and each member receives six months free that great Sunday newspaper and magazine, the New York Journal, which claims the largest circulation of any Sunday newspaper published in the world, having 1,800,000 subscribers. Complete particulars given in announcement in the display columns of today's Telegram.

THE NEW EMPIRE—NEW YORK CITY
The Hotel Empire, Broadway, Empire Square and 63d street, New York, so well and favorably known to the readers of this paper, has just completed improvements which make it, in every sense, a new hotel. The house has been practically rebuilt, new plumbing and new both rooms having been put in. The building has been re-wired, and new electric light plant and fixtures have been installed.

The house has been re-decorated from cellar to roof, and every room in the building newly and richly furnished. In fact, nothing has been left undone to make the Empire one of the most attractive, home-like and delightful hotels in the world. Every room has a telephone, electric clock and automatic lighting devices.

The Empire has always been noted for its excellent restaurant, good cooking and moderate charges. The rooms are large, beautifully furnished, and the rates are very reasonable. The hotel is very centrally located, within two minutes' walk of two subway and two elevated stations. All street cars either pass or transfer to the Empire, and any part of the city can be reached for one fare. It is within easy walking distance of the principal theaters and great department stores. Three of the newest and safest theaters in New York are within four minutes' walk.

Readers of this paper visiting the metropolis will find no more desirable hotel to stop at than the Hotel Empire, which still continues as it has during the past twenty years under the management of Mr. W. Johnson Quinn.

ELECTION PROCLAMATION
By virtue of the power vested in me by the charter of the city of Fort Worth, Texas, I hereby call a general election to be held in the city of Fort Worth, Texas, on the 4th day of April, 1905, for the purpose of electing a city marshal for the city at large, and an assessor and collector for the city at large.

Polls will be open during the legal hours for holding elections.
First Ward—Joe Lahey, presiding judge; polls at Madison hotel.
Second Ward—B. M. Harding, presiding judge; polls at court house.
Third Ward—R. Chambers, presiding judge; polls at Huffman's stable.
Fourth Ward—E. T. Bibb, presiding judge; polls at city hall.
Fifth Ward—Joe Poythress, presiding judge; polls at fire hall.
Sixth Ward—W. P. McLean Jr., presiding judge; polls at fire hall.
Seventh Ward—H. L. Calhoun, presiding judge; polls at Magnolia and South Main streets.
Eighth Ward—R. M. Erwin, presiding judge; polls at Magnolia and Hemphill streets.
Ninth Ward—C. T. Prewett, presiding judge; polls at court house.

THOS. J. FOWELL, Mayor.
Attest, JNO. T. MONTGOMERY, City Secretary.
Fort Worth, Texas, March 14, 1905.

If you are thinking of building, see Donaldson, 207 1/2 Main street.

GIVES HEALTH, VIGOR AND TONE
Herbina is a tonic for sufferers from anemia. By its use the blood is quickly regenerated and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shriel, Middleborough, Ill., writes: "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbina. I hope never to be without it. I have written that I had known of it in my husband's life time." Sold by Covey & Martin, 810 Main street, opposite Hotel Worth.

Colids
A cold is always the result of undue exposure to low temperatures. The rapid cooling of the surface, when not balanced by proper reaction, produces the congestion and inflammation of the nasal and bronchial membranes, commonly called a cold. As the slightest cold predisposes the individual to attacks of the most severe and dangerous character, the necessity for its quick cure need not be emphasized. Take Chamberlain's Cough Remedy as soon as the first indication of the cold appears and all dangerous results will be avoided. It not only cures a cold quickly but counteracts any tendency of a cold to result in pneumonia. This fact has been fully proven during the epidemics of colds and grip of the past few years. No case of either of these diseases having resulted in pneumonia when this remedy was used, has ever been reported to the manufacturers or come to their notice, which shows conclusively that it is not only the best and quickest cure for a cold, but a certain preventive of that dangerous disease—pneumonia. There is no danger in giving this remedy to children as it contains no opium or other harmful drug. It is pleasant to take. Price, 25c; Large Size, 50c.

Several farmers were in the city today morning looking for farm hands to start the farm work with. They reported that the right kind of men were very scarce.

COMMANDER BOOTH TO MAKE TEXAS CAMPAIGN

Salvation Army Observing Secretive Policy in Movement of Troops in Campaign Recently Begun

"Obeying orders from headquarters," as Salvation Army officers in this city said, they have engaged the city hall for April 11. They use to which the building is to be put is not known in this city, but in view of the contemplated tour of the southwest by Miss Eva Booth it is believed she will be in this city at that time.

Miss Booth recently inaugurated a war on Satan, preferring her campaign with a unique declaration of war, which was spread throughout the country. It is now believed she has traced some of her enemy's troops to Texas and will begin operations in this section.

SHYLOCK HELD MORE MERCIFUL THAN PORTIA

James Young Lectures on "Merchant of Venice" at Open Meeting of '93 Club

Portia held more merciful than Shylock, was the position taken by James Young, lecturer in the Victoria Allen company, in a lecture at an open meeting of the '93 club held at the residence of Mrs. Emma Fakos in Seventh street Wednesday afternoon. Antonio's character defects were also mentioned.

Defense of Shylock as announced was made by Mr. Young, the usually despised character being shown in his best light as a merchant, following the only advantage then open to a member of his race, and at the same time and husband. A brief sketch of the change in the character portrayal was also made by Mr. Young.

The meeting, which was an open one, was well attended.

The International Seaman's union was formed in 1892. In the following year the organization had about 3,000 members. In 1900 the membership had risen to about 7,000. At the present time it has nearly 15,000 members, with a membership of about 25,000.

The first anti-Japanese league has been formed in Alameda, Cal. It is said that the Japanese population of Alameda has doubled in the past year and they are doing the work from the white population. Prominent men in Alameda are taking hold of the subject.

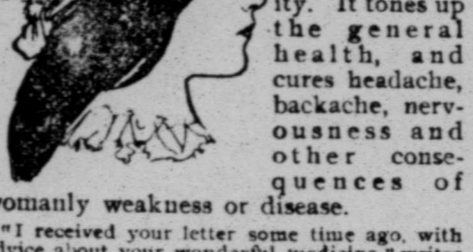

CURED CONSUMPTION

Mrs. B. W. Evans, Clearwater, Kan., writes: My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal. 50c and \$1. Sold by Covey & Martin, 210 Main street, opposite Hotel Worth.

THE FIRST LESSON

That the young girl has of womanhood is not seldom a painful one. She learns to know what headache means, and backache, and sometimes is sadly borne down by this new experience of life.

All the pain and misery which young girls commonly experience at such a time, may in almost every instance be entirely prevented or cured by the use of Dr. Pierce's Favorite Prescription. It establishes regularity. It tones up the general health, and cures headache, backache, nervousness and all other consequences of womanly weakness or disease.

"I received your letter some time ago, with advice about your wonderful medicine," writes Miss Stella Johnson, of 28 Brady Street, Dayton, Ohio. "I was troubled with severe pains every month when I wrote to you for advice. After receiving your letter and following its directions, I am now happy to say that after five years of untold suffering I have not had any pain since first using your Favorite Prescription. I was induced through a friend to write to you and follow your kind advice. I thank God and Dr. R. V. Pierce for his health-giving medicine. I shall urge other women who suffer as I did to use your medicine."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women. Weak and sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. R. V. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

TO MOVE HEADQUARTERS

Texas and New Orleans Offices Will Be Transferred From Houston to Dallas

Houston will lose the headquarters of the Texas and New Orleans railroad, following the sale of the Dallas branch, which is now being negotiated, and Dallas will be made headquarters.

The remainder of the Texas and New Orleans road, which is the division reaching from Houston to the state line, will be made under the domination of the Southern Pacific.

The Dallas-Sabine branch is about 215 miles long and was built at a time when railroad construction in Texas was at a minimum. Labor and material were both cheaper than now, and even under these conditions it cost about \$3,000 a mile to build and equip it.

ST. PAUL ROAD TO REACH PACIFIC

Northern Securities Disolution Said to Prompt Plans for Building 1,500 Miles of Track

A life New York dispatch has this to say regarding an important extension to the Pacific coast.

Directors of the Chicago, Milwaukee and St. Paul railroad plan extending the company's lines to the Pacific coast. Final decision on this important enterprise will be reached within two months. This is a prospect that has been agitating Wall street for some time, but there have always been doubts among the directors of any such possibility. Conditions that have developed recently, however, have changed the complexion of things, and it is now understood that a considerable part of the St. Paul directors are in favor of an aggressive step to secure some of the rich traffic that is constantly developing in the northwest and in the Pacific coast states. The condition that has determined the progressive element in the St. Paul board to make this effort is the position in which the road will be placed by the dissolution of the Northern Securities Company. This will leave the Great Northern and the Northern Pacific in control of the Hill-Morgan party. In other words, the St. Paul will be restricted in its development by the lack of a Western outlet.

Probably the two roads would grant some concessions to the St. Paul in order to restrain the company from making a Pacific coast extension. It was pointed out, however, that this would not be of permanent value, and that it is to the business of five and ten years from now

that the St. Paul people are looking, rather than to that of today. The construction work of an extension such as is proposed would involve the building of 1,500 miles of track. Surveys and estimates have been made and on them it bases the construction figure of \$40,000 per mile. This includes equipment and terminals. The sum of this expenditure would be \$60,000,000, but it was said today by one in a position to speak authoritatively, that possibly \$100,000,000 would be spent before the extension was perfected.

SURVEYORS NEAR HOUSTON

Trinity and Brazos Valley Party to Reach That City This Week

It is reported here that the surveying party of the Trinity and Brazos Valley road is now within a few miles of Houston and expect to reach that city by Saturday of this week. The line being surveyed runs from Mexico to Houston. When this survey is completed, the Houston surveyors will make a return trip over the same route paying particular attention to getting a low grade and as near as a line as possible.

It has been understood all along that this road is to be also extended to Fort Worth from the present northern terminus, which is Cleburne. That is, it will build a connection with the Fort Worth and Rio Grande division of the Frisco about twelve miles south of Fort Worth and come into this city over the Rio Grande. On this extension, however, there is no new development.

KATY OFFICIALS IN TEXAS

Will Attend Meeting to Be Held at Dallas Next Week

President Finney and Vice President General Manager Allen of the Missouri, Kansas and Texas railroad, left headquarters at St. Louis to make an inspection trip over the line into Texas. They will attend the annual meetings of the company next week at Parsons, Kan., and at Dallas, H. C. Lous, chairman of the board, and the New York executive officers, will also be in attendance on these meetings. Governor Herlick of Ohio, who is now in Texas, and who is interested financially in the Katy, will attend these two meetings.

LEWIS AND CLARK AGENCY

George P. Smallman to Have Charge of Seattle Headquarters

George P. Smallman, who will have charge of the joint agency at Seattle, Wash., for the Lewis and Clark expedition, was in the city Wednesday. He spent the day with Phil A. Auer, general passenger agent of the Rock Island.

Mr. Smallman was formerly chief clerk to George C. Gridley of the New York Central at Watertown, N. Y., and is on his way to Seattle. He will go by the Southern route, taking in South Texas and California points en route.

RAILROAD NOTES AND PERSONALS

The road companies operating trains into El Paso are considering the advisability of establishing a joint bureau of car inspection. On April 10 there will be a meeting of representatives of the railroads held for the purpose of giving the proposition a general discussion. It is understood there is opposition to the movement by some of the El Paso roads.

The proposition to build what is to be known as the Spring, Trinity and Brazos railroad from Spring to Sour Lake, is being considered by those who are promoting the enterprise. Spring is a station on the International and Great Northern road.

Vice President and General Manager Britton of the Cotton Belt estimates that gross earnings for the current year will be at least \$8,500,000, as against \$7,450,000 for last year, with corresponding increase in the net earnings. The Cotton Belt, especially in Texas, has done an excellent business for the past year, and the Texas officials of that line expect to make a banner showing when the next annual meeting of the stockholders is held.

ASK YOUR DRUGGIST

Go further and further. Never stops until you are well. That's what Hollister's Rocky Mountain Tea will do. A great tonic. Makes rich, red blood, firm flesh. 35 cents. Tea or Tablets.

The Michigan Central railroad has renewed for another year its arrangements with the Marine Engineers' Beneficial association, governing engineers employed on car ferries. Wages and conditions remain unchanged.

USE ALLEN'S FOOT-EASE

A powder to be shaken into the shoes. Your feet feel swollen, nervous and damp, and get tired easily. If you have aching feet, try Allen's Foot-Ease. A MODERN PROBLEM

Life Contains No Greater Problem Than That of the Uplifting of the Human Race

Woman's influence, in solving the great problem of the day, the advance of humanity, can hardly be gauged. Not merely as the mother of the next generation, but as the molder of the habits and modes of thought of the present.

Sweethearts, wives and mothers, you can move the world!

But if you are sick, your influence is correspondingly weakened.

You become weak, peevish, irritable, impossible to suit or please.

Life becomes a burden, instead of a pleasure, to you and all about you.

Throw off your sickness, which burdens your life, and learn to enjoy life's pleasures.

Begin to exert a gentle influence on those around and near you.

Put your dainty hand on the steering wheel of the world.

To fit you for these pleasant duties if sick—

Take Wine of Cardui (woman's tonic specific).

It will relieve your pain, suffering and sickness, and brace you up to a new conception of the duties and pleasures of life, making you, as a result, more beautiful, charming and persuasive.

Whatever may be your ambition, in the great realm of woman's endeavor, you will never succeed if you're sick.

If sick, you will never get perfectly well, without the help of Wine of Cardui.

Whether you wish to be a great social, business or literary success, or to obtain the more homelike prizes of a good husband, and children to bless your home, pain and sickness will ever hold you back, from enjoyment or attainment of the fullest of life's desires, and nothing will so surely enable you to overcome this drag on your success as Wine of Cardui.

It is the women who succeed, in social, public or family life, the women with abundance of red blood in their veins, who are helping the people of the world to grow greater, more beautiful, more sympathetic, more charitable, more mutually helpful, year by year and day by day; and this constant growth for the better, and evolution of the human race, is magnificently assisted by Wine of Cardui (women's relief).

Wine of Cardui enriches the blood, feeds the nerves, strengthens the peculiar weaknesses of women's menstrual organs.

Cardui soothes pain, relieves inflammation, swelling and discharges, and puts weakened organs and constitutions upon a proper health footing.

Cardui is an absolutely natural, vegetable, it positively makes sick women well, after every other method of treatment has failed.

For it for your pain and sickness, and by its use you will soon be relieved from pain, and permanently recover your health.

Cardui is sold at every drug store for \$1.00 a bottle.

If in doubt, write us freely about your case, and we will send you a valuable 128-page book, on "Home Treatment of Female Diseases," together with free medical advice regarding your special symptoms, in plain sealed envelope. Address: Ladies' Advisory Department, Chattanooga Medicine Co., Chattanooga, Tenn.

**BRITISH LIGHTWEIGHT
TO MEET JIMMY BRITT**

CHICAGO, March 29.—Another world's championship will be decided when Jimmy Britt and Jabez White, champion lightweight of England, meet, the latter part of next month. White arrived in New York Monday and is now in San Francisco.

Until Frankie Neil lost to Jim Bowler last winter, it had been a long, weary day since a British fighter had held a world's championship, and had even shown anything approaching top notch form. For many years the pugilists of old England have been simply pie for their Yankee brethren. But Bowler finally "broke the ice" and it is just possible that White may follow suit.

White is heralded as a combination of cleverness and hitting powers that will make him a very tough proposition for Britt to face—were the contest in any other place but "Frisco. On his native heath, as is the case with some other lights of the pugilistic profession, Britt seems to be unbeatable and White must simply have a long way to get the decision, or even a draw.

After all, the old method of "fighting to a finish" was really the only way of determining which is the better man. Many a fight with a limit of six, ten or even twenty rounds, has been won by a clever boxer and "outpointed" his man—that is, landed a lot of little jabs that made not the slightest impression upon his sturdier antagonist, who had the bout gone to a finish, would have eventually worn down his man, and won, at the end of the fight, while the man who outboxed him was ready to lie down, from his own exertions. Again, in a finish fight, there is no chance for a false decision by a biased or incompetent referee, and no howl of "Robber!" from the vanquished one and his retinue. But—what's the use? The days of the finish fight are over, and at present, San Francisco has a monopoly, practically, of the boxing game, and will continue to run it on the good old "native son" principle.

Still another ambitious athlete who wants a crack at Jeffries has been found in Pletcher Frank Smith of the Chicago White Sox, who, his friends

and team mates say, has shown wonderful form as a boxer in private. Smith has everything, his admirers claim, that a champion heavyweight needs—strength, cleverness and hitting powers. He has long been known among the members of his profession as the "baseball shark," on account of his resemblance, in build, to that human bull, although he is a bit taller, standing 5 feet 10, and weighing, in condition, around 190 pounds.

The American Turf Association seems to be winning whatever glory and honors there are in the present turf war. They have finally emerged from the New Orleans fracas with a clear field for the rest of their meeting, and have, indirectly, stirred up an awful peck of trouble for their opponents at Memphis.

It seems that the "outlaw" ruling, promulgated so grandly by the Western Jockey Club, has not found a very ardent supporter in Mr. Montgomery, owner of the Memphis track, because it includes several of his personal friends, among them Captain Brown, Pat Dunne and other prominent owners. He has practically decided to allow these gentlemen to run their horses at his course, sublimely regardless of the obnoxious ruling, and the officials of the Western Jockey Club can do as they like about it. Having won one fight from them on the subject of closing up the Crescent City track at New Orleans, Mr. Montgomery seems to have a good chance of being equally victorious in his second attempt, which will ultimately split the "outlaw" rule wide open and subject its makers to no little humiliation.

St. Louis will open, as usual, April 15, but there seems to be no possible chance of their running later than June 15, the day on which the new law, fathered by Governor Folk, prohibiting betting, and virtually killing racing in that state, goes into effect. The governor has given it out flatly that he means business, and such big names as the Missouri racing magnates may as well bow to the inevitable.

Tennessee has followed Missouri with a similar law just passed by both branches of the legislature, and this year, it is feared, will see the last of

racing in that state. With two great horse breeding commonwealths legislating against one of their biggest and oldest industries, Kentucky may as well get in line and do likewise.

ARMOURS ORGANIZE FOR SEASON OF 1905
Will Play Opening Game at Haines' Park Sunday with A. & L. August Ball Tossers

Despite the fact that the Panthers will leave for South Texas Friday morning, Fort Worth will not be entirely devoid of interesting baseball. The Armour team and A. & L. August men promise a good game at Haines' Park next Sunday.

This will be the first game this season for the Armour players—the official opening of the season for the men with the yellow suits.

Captain Lewry has announced the Armour line-up for Sunday as follows:

Robinson, catcher; J. L. Duffy, pitcher; W. Lowry, first base; Ed Keohut, second base; Robert Stuck, third base; McAlister, short stop; Griffin, left field; L. Hogsett, center field; Cash, right field.

Manager Duffy of the team has announced that he is anxious to confer with managers of out-of-town teams in regard to arranging dates.

* YESTERDAY'S RACE RESULTS *

AT MONTGOMERY PARK

WANT CHURCH TO SPURN ROCKEFELLER'S GIFT

REV. F. E. EMRICH, D. D.

REV. REUBEN THOMAS.

REV. DANIEL EVANS.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has become the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS
Bears the Signature of *Chas. H. Fletcher*

The Kind You Have Always Bought
In Use For Over 30 Years.

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

THE JOURNAL INVITES YOU

To Become a Member of a New Club.

THE JOURNAL believes that every home should have an Encyclopedia. There is no surer road to success than Knowledge, and no quicker road to Knowledge than a good Encyclopedia. Any bright boy or girl can get a college education out of an Encyclopedia.

Heretofore good Encyclopedias have been put on the market at abnormally high figures, ranging from \$80 to \$120—prices which only the very wealthy could afford to pay. That's why this club has been organized—to overcome high prices by eliminating the middleman, and to furnish a good, modern Encyclopedia at about the actual cost of manufacture.

Our Object.
In organizing this club the Journal simply acts as your purchasing agent, thereby supplanting the middleman and showing what a great economic saving can be effected through co-operation.

On account of our immense purchasing and distributing power, we were able to select for you the Encyclopedia at about the actual cost of production. By distributing it through a Co-operative club there will be no extra advertising expenses or salesmen's commission to pay. This makes it possible for us to supply the Encyclopedia at a saving of at least one-half the regular price and on terms that mean only a few cents each day.

Our Plan.
It is impossible in this limited space to describe fully the plans and purposes of the club and the benefits and privileges to be derived by members. Suffice to say that arrangements have been made with one of the largest publishing houses in the country for an entire edition of a new, high-grade Encyclopedia, which will be distributed to the members of the Journal Club.

For the Home—For Busy Men.
The New Standard Encyclopedia was selected for this enterprise because it is generally considered to be the best Encyclopedia for the home, for busy men and for school students of all ages. Its articles are written in a simple, clear style, containing all the facts in concise, readable form. It is complete in every respect, thoroughly up-to-date, and is recommended by leading authorities and public educators everywhere.

FREE—To Those Who Apply Promptly.
If you have no Encyclopedia at all, or if you have one that is old and unsatisfactory, it will cost you nothing to get particulars. Merely mail the coupon shown below, which is simply a request for information and does not obligate or bind you in any way, and you will receive, free of all charge, a beautiful booklet containing portraits of many of the editors, contributors and revisers of the Encyclopedia. It also contains full page duogravure portraits of the Mikado of Japan and the Emperor of Russia, suitable for framing, as well as double page maps of Japan and Corea, and the new Republic of Panama, where the Canal is being built, besides many beautiful colored plates, sample pages showing the text, etc. This offer is made only to responsible men and women. No children need apply.

The coupon must be sent in at once, if you desire to investigate, as there are only a limited number of sets to distribute.

COUPON.

ENCYCLOPEDIA DEPARTMENT,
78 Fifth Ave., New York. 10-27-04.

Please send me, without charge, information regarding your new Encyclopedia Club, also specimen pages of the Encyclopedia, including maps, portraits and colored engravings.

MAC KENZIE TO HEAD STOCK ORGANIZATION

Death of Conrad Schaefer Causes Removal of His Boom for American Stock Growers' President

The death of Conrad Schaefer at Denver, Sunday last, practically determines the election of Murdo MacKenzie as president of the American Stock Growers' Association.

Mr. MacKenzie was in Fort Worth during the cattlemen's convention, and it was then stated by his friends that he would doubtless be elected president of the American association.

Schaefer was elected president of the association which was organized January last in Denver.

John W. Springer, also of Denver, is mentioned as a possible successor of Schaefer, but the boom that was launched here during the cattle convention will doubtless land MacKenzie in the president's chair.

THE BEST COUGH SYRUP
S. L. Apple, ex-probate Judge, Ottawa Co., Kansas, writes: "This is to say that I have used Ballard's Horehound Syrup for years, and that I do not hesitate to recommend it as the best cough syrup I have ever used. 25c, 50c and \$1. Sold by Cooney & Martin, 810 Main street, opposite Hotel Worth."

CROSBY SERVICE FRIDAY

Missionary Society to Pay Tribute to
Blind Composer

The annual praise service of the Woman's Missionary Society of the First Presbyterian church will be held at the church Friday afternoon at 3 o'clock. The program is in the nature of a tribute to Fanny Crosby, the blind song writer, whose sweet songs are sung all over the land and who recently passed her eighty-fifth birthday.

Professor R. M. Pease will have charge of the music, consisting of the Crosby songs.

Professor Pease will be assisted by Misses Pruitt and Frye and Mr. Lundberg. Mrs. Taylor will be the accompanist.

The religious exercise will be conducted by the pastor, Dr. William Caldwell. A sketch of the life of Mrs. Crosby will be read by Miss Rasborough.

After the exercises, a social hour will be spent in the church parlors, and refreshments will be served.

NOTES OF NOTABLES
Rear Admiral J. A. B. Smith, head of the steam engineering department of the Brooklyn navy yard, has been relieved of duty and will become general inspector of all machinery now under government contract. He has been stationed longer at the Brooklyn yard than any other officer at present there.

Martin Kohl, general colonization agent for the Frisco Land Company, headquarters at Denison, is in the city.

When you remember the fact that the Bitters has been curing sickly people for over 50 years, you ought not hesitate any longer in giving it a fair trial. For curing Spring Fever, General Debility, Impure Blood, Headache, Indigestion, Dyspepsia, Costiveness, Colds or La Grippe it is unequalled.

"God does great and marvelous things in connection with human instrumentality, but He will not do our part for us." Xmas. I hold by the old Spanish proverb, "An ounce of mother is worth a pound of clergy."

Hear Malek, one of the greatest living pianists, at the Christian Tabernacle tonight. **PANAMA CANAL COMMISSION OUT**
Secretary Taft at President's Order Requests Resignations, Which Are Promptly Forwarded
WASHINGTON, March 30.—The first practical step having in view the reorganization of the Panama commission was taken yesterday when, in compliance with instructions from President Roosevelt, Secretary Taft requested the members of the commission to tender their resignations. This request was promptly complied with by those of the commission now in Washington. The purpose of Secretary Taft's letter requesting the resignation of the commissioners was sent to Major General George W. Davis, retired, of the army, the governor of the canal zone, and also one of the members of the commission and a prompt answer is expected from him. As indicated in the letter of Secretary Taft, the resignations are required in order that the president may have a free hand in reorganizing the commission. That the president contemplated the reorganization of the commission has been known for some time and he has been in frequent consultation with Secretary Taft as to his future policy in choosing its personnel and directing its work.

MILLIONAIRE MUST SERVE OUT SENTENCE
Griffith's Wealth Falls to Save Him From Going to California Penitentiary
CHICAGO, March 30.—A dispatch to the Tribune, from San Francisco, Cal., says Griffith J. Griffith, the Los Angeles millionaire, who three years ago attempted to kill his wife, must spend two years in state prison and pay a fine of \$5,000, according to a decision of the state supreme court, which has affirmed the sentence of the lower court. Griffith gave a park of 3,000 acres to Los Angeles and was named park commissioner.

At the meeting of the Scranton, Pa., board of school control, held recently, the building committee recommended that hereafter carpenters employed by the board be paid union wages—25 cents an hour. The board adopted the recommendation.

MASQUERADED AS MAN FIVE YEARS

Sex of Negress in Men's Clothing Detected in Corporation Court This Morning

During the session of the corporation court this morning it was discovered that "Henry Alexander," colored, charged with trespass, was a woman, though attired in complete man's costume. Henrietta Alexander, as she proved to be later, had remained in the men's compartment of the city prison Wednesday night, after having been arrested by Officer Powell on a charge of trespassing on the property of the Santa Fe. She was discovered in company with Jim Cooper, also colored, riding in a box car. So complete was the disguise that officers at the station did not detect the fact that she was a woman and "Henry Alexander" was placed in the men's lockup. In the court room this morning, while she was sitting in front of a prisoner, the latter suspected by her actions that she was a woman. She was immediately taken to the female apartment of the prison where women's clothes were supplied her. When questioned this morning she said to a reporter for The Telegram that she had assumed the role of a man for the last five years. She concealed her sex, according to her statement, so that she could get men's work and better support herself. She gave her age as 18 years and said that her home was in Colorado, Texas. According to her statement she has spent the past few years roaming the country, disguised as a man, working with railroad gangs and in oil fields. The case of trespass against her was passed.

BURSTING BOILER CAUSES 4 DEATHS

Crew of Portable Sawmill Near Huntington, W. Va., Killed by Explosion
HUNTINGTON, W. Va., March 30.—Three men were killed and one fatally injured by the explosion of a boiler of a portable saw mill near Matewan today. The dead are: John Sandman, Green Sandman, Engineer Henderson. Fatally injured, John Cooper. A dry boiler is supposed to have caused the explosion.

ROBBERY AT GREENVILLE

The sheriff's office was this morning notified that a jewelry store at Greenville was entered Wednesday night and robbed of considerable stuff, including all kinds of jewelry and watches. No facts except that robbery had been committed were given in the phone message received.

USED NEGROES' CAR; IS ARRESTED

Merchant Taken Into Custody on Peculiar Charge by Officer Bilderback

Because he refused to move from the negro coach on a Houston and Texas Central train coming to this city, H. Borenson, a clothing dealer in this city, who has a store at 1014 Main street, was arrested Wednesday evening, charged with trespass. Borenson was coming from Ennis to this city and got into the negro compartment of the train. When asked to move by the conductor it is alleged he refused, with the result that the conductor telegraphed ahead for an officer. When the train arrived here Policeman Bilderback met it at the station and took Borenson in charge. At police headquarters he gave bond and was released. The case is one of the most peculiar in local police records. Borenson, in explaining the matter, said that he had several bundles with him while on the train and that he had deposited these in the negro car. The car for whites, he says, was too crowded to admit his luggage and he was afraid to leave it unattended in the negro coach. A hearing of the case has been set for Friday.

GEOLOGISTS INTERESTED

Valuable Fossil of an Ichthyosaur Found in Limestones of Nevada
BERKELEY, Cal., March 30.—A valuable fossil of an ichthyosaur recently discovered in the middle of the trestle limestones of Nevada, says a new geological bulletin from the university press. It shows interior half of vertebral column, one side of the pectoral arch, the complete first two segments of the pectoral limb and nearly the entire skull. It is said the type of limb in the present specimen is "more primitive" than any yet discovered, a fact which makes the discovery one of greatest interests to geologists all over the world.

GORKY'S ILLNESS GRAVE

Russian Author Will Be Allowed to Go South in Attempt to Recuperate His Health
ST. PETERSBURG, March 30.—The report that Maxim Gorky, who is in the vicinity of Riga awaiting trial on charges of sedition and treason, will be allowed to go to Crimea to recuperate, is correct. Owing to the condition of his health Gorky has been granted the necessary permission to go to the south of Russia. He has had several hemorrhages. Gorky has just completed a drama entitled "The Children of the Sun." His trial has been fixed for June 7.

Hat Styles for Spring

KNOWLEDGE is of two kinds. We know a subject ourselves, or we know where we can find information on it. Most men come here for "Hat Information"—lots of it this season, with the wide range of new models. Let us put you wise.

WEATHER

FORECAST
The forecast for Texas issued at New Orleans is as follows:
East Texas (north)—Tonight, increasing cloudiness, warmer, Friday, unsettled weather, probably rain and colder in west portion.
East Texas (south)—Tonight, fair, warmer in west portion. Friday, increasing cloudiness.

WEATHER CONDITIONS
D. S. Landis issued the following statement of the weather conditions this morning:
A high pressure area is over Tennessee, accompanied by clear weather throughout the southeast quarter of the country.
Low pressure is over the lake regions, with rain and thunder storm reported at Detroit.
A vast area of low pressure is centered over Southern Colorado, followed by snow on the west, and temperatures 4 degrees to 12 degrees above zero in Nevada and Idaho. High pressure conditions are entering on the upper Pacific coast. Killing frost occurred this morning on the Oregon coast.
High winds are reported in the Ohio valley, reaching 52 miles an hour at Columbus.
Texas is generally clear and without rain since last report.

WEATHER RECORD
Following is the weather record for the last twenty-four hours—minimum and maximum temperature, wind in miles per hour at 8 a. m., and rain in inches:

Dr. Ray, Osteopath, telephone 553.

CHILDREN KIDNAPED FOR SECOND TIME
Girls Aged Eleven and Five Years Taken from Virginia, Said to Be in Denver
DENVER, March 30.—The Republican today says:
From Morgantown, W. Va., comes the news that Sarah and Mary Hartigan, aged five and 11 years respectively, daughters of Dr. William Hartigan, a famous surgeon and professor in the University of Virginia, have been kidnaped and brought to Denver. A legal battle for the custody of the little ones is promised, as large financial interests are at stake. The father is determined he shall secure the children. Certain relatives of the late Mrs. Hartigan are just as determined that the children shall be taken away from the father. An estate valued at \$500,000 is the bone of contention. The little ones who were spirited away from their father's home will share in this estate. This is the second time these children have been kidnaped from their father.

MILLAR BROS. FAMOUS DIORAMA
On Friday and Saturday nights, March 31 and April 1, with special matinee on Saturday, the Greenwall opera house will have a new and novel entertainment. One of the most astonishing spectacular transformations ever seen on any stage. Millar Brothers' Diorama, which consists of genuine paintings by the best artists of Europe. Every detail of this act is exclusive. The new transformation scene is a marvel of mechanical skill. "The Grotto of Calypso" all new and novel. For this engagement the prices will be main-

HATCHET FREES WOMAN FROM WHITE SLAVERY

Austrian Murdered by Wife at Home in Pittsburg as Result of Alleged Ill Treatment
PITTSBURG, March 30.—Michael Novackovich, an Austrian laborer, was murdered in his home while he lay sleeping in bed in his room at 3015 Smallman street early today, by his wife, Annie. The crime was a brutal one, the woman using a hatchet. It was discovered an hour later by a boarder who notified the police. The woman and seventeen foreigners were arrested and locked up. The police later obtained a confession from Mrs. Novackovich. The cause assigned for the crime was revenge for ill treatment by the husband, who it is alleged, insisted on his wife leading an immoral life. No torture to that of a rheumatic. Prescription No. 2851, by Elmer & Amend, quickest relief of all. For sale by all druggists.

CHANGES APRIL 1
Northern and Eastern Roads Announce Several Transfers
The Rock Island passenger department this morning received official notice of several changes in the north and east. On April 1 George K. Thompson is to become general agent of the passenger department of the Lake Shore and Michigan Central, with headquarters at Chicago. The same company announces the appointment of L. F. Vosburgh as general western passenger agent with headquarters at Chicago. W. B. Jerome is made general agent of the same company at Chicago. The appointments are made effective April 1. The New York Central and Hudson River railroad company announces that the general western passenger agency of the company at Chicago will be abolished April 1.

STOCK GROWERS' CONVENTION
Special Rates Announced by Railroads for Cattlemen
The Rock Island and the Fort Worth and Denver City railroads have announced a cheap round-trip rate for the meeting of the American Stock Growers' association at Denver, May 9 to 13. Tickets are to be on sale May 7 to 9, return limit good until May 31, inclusive. It is learned here that there will be a large attendance of cattlemen on this meeting from Texas.

WEEKS' APPOINTMENT
Official Circular Issued by General Freight Agent Preston
The official circular announcing the appointment of W. H. Weeks to be live stock agent of the Frisco system in Texas was issued today by General Freight Agent W. C. Preston, approved by Vice President H. M. Fleckner. Mr. Weeks is to succeed E. F. Tillman, who, on account of illness, will confine his efforts to the immediate vicinity of Brady. The above change is effective April 1. Mr. Weeks is expected to arrive here from Kansas City, where he has been general representative of the Kansas City Stock Yards company.

Territory Shooting Fatal
ROFF, I. T., March 30.—M. V. Garner was shot and instantly killed yesterday at Dolbary, three miles west of here. J. L. Newman has surrendered. A lease is said to have led to the difficulty.
Hear Malek, one of the greatest living pianists, at the Christian Tabernacle tonight.

Saturday Night Charninsky Bros' DANCE!
at Imperial Hall. Admission 50c. Ladies free. Don't miss it.

Are You Fat?

Kellogg's Obesity Food Will Reduce Your Weight to Normal, Free You From Suffering and Turn Your Fat Into Muscle

It Has Done This For Many Others Who Testify to Its Efficacy—Trial Package Free.

The Above Illustration Shows the Remarkable Effects of This Wonderful Obesity Food—What It Has Done for Others. It Will Do for You.

Don't be fat. It is an abnormal and diseased condition of the body. Nutrition that should have built up bone and muscle for you has made fat instead. Excess fat is attended by many dangers. The heart, stomach, liver and kidneys become seriously affected; breathing is made difficult and often, though seemingly well, the fat person is in grave danger. Don't starve yourself. You will only become weakened and aggravate your condition without losing flesh. There is a sure way and a safe way. Hundreds of reputable people testify to what Kellogg's Obesity Food has done for them. It has turned their fat into muscle. They submit their photographs as corroborative evidence. Can you do such proof? Don't be fat. Write to me today. I will send you free, a trial package, wrapped, in plain wrapper. One happy woman, Mrs. Mary Smith, 275 Shelby street, Grand Rapids, Mich., says: "My dear Mr. Kellogg: 'I am sending you two of my photos. They will tell you better than I can how much different I look, and you can imagine how much better I feel. 'My doctor tells me that the effect of the remedy seems to be to strengthen and fortify the system before stripping it of its surplus fat. He was very much interested in the 'experiment,' as he called it. In fact, I do not believe I would have ordered it if he had not urged me to. 'I have said that he had analyzed it and it to be harmless, but that he didn't believe it could do what you claimed for it. 'I am now over two hundred pounds, which for a woman of my height is very fat. Now I weigh 135, am plump and well. I have done for me, and I will be glad to have you refer me to any of your patients. Send your name and address—no money—today to P. J. Kellogg, 1364 Kellogg Building, East Creek, Mich., and receive the trial package in plain wrapper free by mail."
