## LOUISVILLE WELCOMES PRESIDENT

Line of March Through Principal Section of Southern City Lined by Thousands of Enthusiastic Kentuckians

### IMPOSING PARADE PRECEDES ADDRESS

Public Buildings Decorated, Salutes Are Fired, School Children Join in Reception. Few Able to Hear Speech Short Stop at Cincinnati

LOUISVILLE, Ky., April 4.—The special train bearing President Roosevelt and his party on his trip to Louisville and the southwest arrived at Third and A streets at 9 o'clock this morning, exactly on scheduled time. A moment later the president's salute, twenty-one guns fired in a horse show building downtown, apprised the city of the presence of its guest. A crowd of 2,000 assembled and as the president left the train and appeared on the platform at the side track he was heartily cheered. The president was welcomed by Governor Beckham, Acting Mayor Barth and Hon. Logan C. Murray, after which he was escorted to his carriage. Members of the reception committee were already in carriages drawn up along Third street, and in a few moments the procession started for the center of the city, the route being in Third street. The guests of honor and the general reception committee occupied eighty carriages and the start was made at 9:34 o'clock. The weather was cloudy and threatening. Immediately following the president were carriages containing members of his party and citizens of Louisville assigned to accompany them. Then followed carriages with members of the Loyal Legion, Grand Army of the Republic and Confederate Veterans, acting as a special escort to the president. Judges of the court of appeals of Kentucky were next in line. Following them was a detachment of mounted Woodmen of the World. Bringing up the rear was an imposing procession of fifty carriages, two abreast, containing the general reception committee and invited guests. A glimpse of south in the spring time greeted the eye of the president as the party proceeded down Third street. The grass had already assumed a summer hue, beds of hyacinths and pansies formed striking spots in a long succession of well kept lawns and hedges.

The president was cheered at frequent intervals by a continuous line of people from the time he left his train until the party reached the business section, where the greeting grew into a popular ovation. He was compelled to lift his hat often during the drive, but as he neared Broadway he removed his hat and was kept busy bowing from right to left.

Drawn up on Broadway between Third and Fourth streets, were George B. Eastman Camp, U. C. V.; two posts of the G. A. R. and the Spanish War Veterans' Association. On the south side of Broadway, directly across from where the Confederates and Federals had awaited the arrival of the president, were massed about one thousand pupils, boys and girls from the high school, who were banked on walls of terraced lawn of the Y. M. C. A. Home.

Flags were waved as a welcome, to the evident pleasure of the president, whose carriage a moment later turned into Fourth street. The retail district was black with people. Every window along Fourth street had its occupant and the roofs of buildings were occupied, while the street below was a mass of humanity. The decorations on Fourth street were lavish, the custom house being especially attractive, as was the headquarters of the local committee, which is arranging

for the entertainment early in June of the Confederate Veterans' annual reunion. The president arrived at the speaker's stand at 10 o'clock. He was introduced in a few words by Governor Beckham. Crowds around the speaker's stand were limited to the lines of buildings of various streets and at times seemed beyond the control of the police. Not one-fifth of those in sight of the president could hear his remarks. The president spoke less than fifteen minutes and was heartily cheered.

The president said those who wore the blue and those who wore the gray fought for what both thought was right. This sentiment brought forth a great demonstration. The president and his party were escorted to the train which left for St. Louis at 11 o'clock.

CINCINNATI, Ohio, April 4.—The special hearing President Roosevelt and party arrived here at 5:07 a. m. over the Pennsylvania railroad and left for Louisville over the Louisville and Nashville road at 5:12 a. m.

**Muskogee Decorating**  
MUSKOGEE, I. T., April 11.—This city is decorating in profusion in honor of President Roosevelt, who will arrive here at 11:40 Wednesday morning. A delegation will leave the city tonight for Parsons, Kan., to meet the president's special and welcome him to Indian Territory. All the government offices and business houses in the city will close from 10:30 to 1 o'clock Wednesday that night to see the nation's chief executive.

**Waco Expects 40,000**  
WACO, Texas, April 4.—Chairman W. W. Sealey and the entire committee in charge of arrangements for the reception of the president of the United States are planning for the crowd expected, which will probably not be fewer than 40,000. The allotment of seats is the most difficult problem and is having the earnest attention of the committee. The Confederate Veterans and allied organizations will require 2,000 seats, as all the camps and chapters in the region will be represented.

**Austin Plans Completed**  
AUSTIN, Texas, April 4.—Practically all the arrangements for the reception of President Roosevelt on Thursday have been announced except as to who would introduce him. Hon. John L. Peeler, chairman of the executive committee, announces that Speaker Seabury will introduce the President in the house, and that Governor Lanham will introduce him at the entrance to the capitol, where the main speech will be made.

**Travel on I. & G. N.**  
PALESTINE, Texas, April 4.—The International and Great Northern will handle President Roosevelt's train from Taylor to Austin and from Austin to San Antonio, and then back to Taylor.

**Big Wolf Hunt Planned**  
LAWTON, Okla., April 4.—Although the president seeks isolation from the world in the 480,000-acre pasture reserve in Southern Oklahoma, the citizens of that section of the territory have demanded that he shall view and participate in one of those rousing, stupendous wolf drives for which the southwest country is noted. To this end arrangements are now being perfected for the biggest drive since the history of the west. The president will be given a horse and will take part in the final rush after the wolves have been corralled.

## MILLIONS HINGE ON AN ELECTION

Results of Today's Voting in Chicago Will Decide Street Railway Ownership

CHICAGO, April 4.—Ownership by the city of the street railways in Chicago is the principal issue in the municipal election held here today. A franchise estimated to be worth \$200,000,000 is involved.

John M. Harlan, the republican candidate for mayor, favors a tentative arrangement with the traction companies providing for ultimate municipal ownership, while Judge Edward F. Dunn, the democrat nominee, has stood for the immediate ownership by the city.

A number of other important issues will also be decided. The day opened with cloudy skies and a chilly northwest wind, accompanied by occasional light rain.

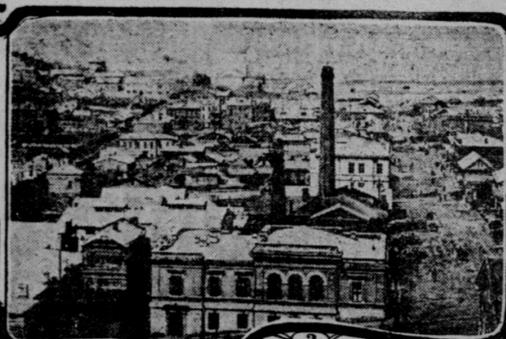

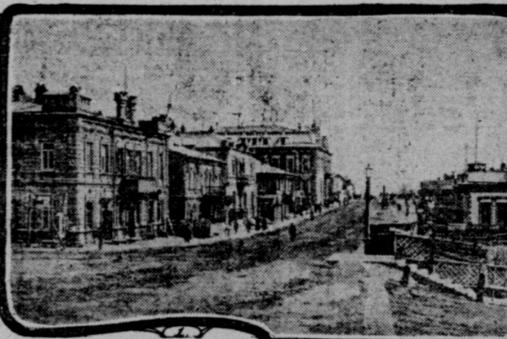

## WAR, NOT PEACE, WANTED

Former Ambassador McCormick Surprised at Reports Russia Seeks End of Conflict

NEW YORK, April 4.—Robert S. McCormick, newly appointed American ambassador to France, who has just arrived in Paris from St. Petersburg, says he is surprised at the reports that there was a desire to conclude peace at any price manifested in official circles, cables the Paris correspondent of the Herald. According to Ambassador McCormick, no such desire exists in St. Petersburg.

"On the contrary in official circles there is," he said, "a general desire to continue the war to the bitter end, and there are great hopes that the squadron of Admiral Rojestvensky will meet the Japanese fleet and gain the entire aspect of the war."

## GIRLS LEAP FROM BLAZING BUILDING

Main Building of Odd Fellows' Orphan and Widows' Home at Corsicana Burns

CORSICANA, Texas, April 4.—The two-story main building of the Odd Fellows' Widows and Orphans' Home was burned yesterday, with practically all of its contents. The loss is placed at \$100,000, with \$18,000 insurance.

The building was of brick, and was used for a dormitory, diningroom, kitchen and laundry. The spring supplies for the institution had just been received and stored in the building. Superintendent Ash and the local members of the board of trustees say that all of the children have been accounted for. One young lady, Miss Marie Wyatt, who was ill in the second story, swung herself out of a second story window, holding to the sill. Her hold gave way before assistance could reach her and she fell feet foremost, to the ground. Her feet and ankles are badly sprained and the skin back of the toes burst from the force of the fall. Her back is also sprained. Three girls, aged 8, 11 and 12 years, sprang from second-story windows. Irene Brown, one of the number, was hurt and sent to the hospital at the state home, which is near. Her injuries are not serious. Laurene Kelley, aged 3 years, was found in the building almost suffocated, but she was quickly restored after being taken out and getting fresh air.

## CINCINNATI POLICE HOLD SMITH TRUNKS

J. MORGAN SMITH.  
CINCINNATI, Ohio, April 4.—The contest by J. Morgan Smith and wife, relatives of Nan Patterson, against extradition and the fight against the New York detectives will go hand in hand. This was indicated by the proceedings in court yesterday. Attorney Shay, for the defense, asked for time to prepare an answer. The court granted until Wednesday, when the habeas corpus proceedings will be disposed of. Mr. Shay was afterward asked what he intended to do about the letters of the

MRS. JULIA SMITH.  
Smiths that were taken by the detectives and sent to New York. He replied that action would be taken against the officers. The trunks of the Smiths, which were secured by the police with search warrants, contained a large number of letters, which have been sent to New York by express. However, the particular letters which led to a clash between Mrs. Smith's attorney, Colonel Shay, and Detective Akin are understood to be still in charge of the local police, although Akin has started for New York.

## VICTIM OF DALLAS SHOOTING DEAD

Deputy District Clerk Held on Charge of Killing Pythian Officer

DALLAS, Texas, April 4.—F. J. Bell, a well-known lawyer and state grand chancellor of the Knights of Pythias, who was shot with a pistol while standing in the office of the district clerk yesterday, died at 4:30 o'clock in St. Paul's Sanitarium. Practically from the time he was wounded until death came he was unconscious. Mr. Bell made no statement regarding the affair, except immediately after the shooting, when he said: "He shot me here and here, indicating two places on his left breast."

The shots were fired by R. R. Parker, chief deputy in the office of District Clerk A. B. Rawlins. Mr. Parker was taken from that office soon afterward by Sheriff Arthur Ledbetter and placed in the county jail. He made no statement, but appeared to be cool and collected. When Mr. Bell died County Attorney Hutton W. Summers, who was at St. Paul's Sanitarium, telephoned the news to the court house. Thereupon Deputy Sheriff R. F. Weakley appeared before Justice of the Peace M. C. Cullen and swore out a warrant charging R. R. Parker with murder. Mr. Weakley took the warrant to the jail and there read it to Mr. Parker. According to the statements secured the shooting occurred either at 12 o'clock or a very few minutes after that hour. At any rate, it was at a time when there were only a few persons in or around the district clerk's office. District Clerk A. B. Rawlins, who says he believes he was the only eyewitness, stated that the shooting came at the end of a brief conversation between Mr. Bell and Mr. Parker, during which there was a disagreement over the matter of costs in the case of Mrs. Flora Taylor vs. J. A. Taylor.

Frank J. Bell was born in Atlanta, Ga., in 1868 and came to Texas with his parents in 1874. He graduated from Baylor University at Waco at the age of 18, ranking first in his class. Two years later, at the age of 20, he was admitted to the bar at Marshall, Texas. From there he came immediately to Dallas and entered the practice of law. He has lived here since that time.

April 20, 1902, Mr. Bell was married to Mrs. Elizabeth Eads. About six years ago he joined the Baptist church. Mr. Bell joined Amity Lodge, Knights of Pythias, Dec. 16, 1890, when he was 22 years old. He was elected chancellor commander in 1892 and was the past chancellor in 1894. In 1895 he was elected grand representative. He filled this office until he was elected grand outer guard in 1899. In 1899 he became master of the lodge. He was elected grand chancellor in 1901, grand position he occupied at the time of his death. He was to have served at the grand lodge meeting to be held at Mineral Wells April 25.

Word was received in this city this afternoon that the funeral of Grand Chancellor Bell will be held from the First Baptist church in Dallas Wednesday afternoon at 2 o'clock. Members of the five Fort Worth lodges Knights of Pythias will attend the services, leaving this city at 10 o'clock in the morning.

## MONTANA DEMOCRATS WIN

Municipal Elections in Larger Cities Result in Defeat of Republican Candidates

BUTTE, Mont., April 4.—Municipal elections in Montana have resulted generally in favor of the democrats. In Butte John McGinniss, the anti-trust candidate, was elected mayor, while the democrats elected a city treasurer.

In Anaconda a democratic mayor, three democratic aldermen and three republican aldermen were elected.

In Helena four democratic and four republican aldermen were elected. At Great Falls the democratic candidate for mayor was elected, while at Missoula, the municipal league party was successful.

Of the total debt of Santo Domingo, which amounts to about \$27,000,000, more than one-half is estimated due to Belgians. They own \$15,000,000 worth of Santo Domingo bonds, and the accumulated unpaid interest makes the figure amount to about \$16,000,000.

## 34 KILLED IN ZEIGLER MINE

Later Reports from Benton, Ill., Show Disaster Worst Than First Supposed

BENTON, Ill., April 4.—Fifty miners were entombed yesterday in Joseph Leitner's mine at Zeigler by a terrific explosion of gas. The number of dead is estimated at thirty-four and the wounded at eight. There were two explosions close together. The first took place in the air shaft, and was followed by one much greater in the main shaft.

There are employed in the mine only 180 men, 120 of whom work in the day-time. Four cages, containing ten men each, of the day force, had gone into the mine and were supposedly at the bottom when the accident happened.

The explosion wrecked the shaft, blowing out the skids on which the cages were hoisted. Of the thirty-four men thought to be dead, only fifteen had been taken out at 10 o'clock last night. Three men were recovered alive, but fatally injured.

The explosion, it is supposed, was due to the fact that the Leitner mines are not worked on Sunday; thus allowing gas to accumulate in the lower workings.

After thirty-five or forty miners had descended into the mine to resume work, a loud explosion blew the ground about a foot from the mine high in the air. One month of the mine was blown to the surface from the bottom of a 500-foot shaft. The shock of the explosion was felt at Benton, twelve miles northeast of Zeigler. A teamster driving along a road half a mile from the mine was covered with falling cinders, and debris covered the floor of his wagon half an inch deep. One miner was killed and four were severely injured at the mouth of the shaft in which the explosion occurred.

**HEAVY SNOWSTORM IN COLORADO**  
DENVER, Colo., April 4.—After a lull of several hours it has begun raining and snowing along the eastern slope of the mountains and the storm again is in full swing. Trains are delayed and other traffic interrupted but no serious damage is reported from slides or washouts. In the Cripple Creek district the storm has continued incessantly for three days. A Short Line train which became snowbound Saturday evening has arrived here with its seventy passengers. It required four large engines to buck the snow which in places was over five feet deep.

## PRINCE HENRY SURPRISES CZAR

Kaiser's Brother Appears Unexpectedly in St. Petersburg. Political Move Denied

ST. PETERSBURG, April 4, 11:40 a. m.—Prince Henry of Prussia, brother of the German emperor, reached Tsarskocelo this morning. As there had been no news here of such a visit, his sudden appearance for a personal interview with Emperor Nicholas upon the heels of his brother's speech at Tangier created considerable sensation.

At the German embassy attempts to give a political character to Prince Henry's visit and to connect it with the situation created by Emperor William's Tangier speech are ridiculed, he being explained that the visit of the prince to her sisters, the empress, and the Grand Duchess Sergius during the latter's period of mourning were announced before Emperor William left Germany.

The idea of an acute crisis in German-French relations is scouted at the German embassy.

Princess Henry will remain for some time at Tsarskocelo, but the prince will return to Berlin in a few days. There has been a persistent rumor that the Grand Duchess Sergius, who is still crushed by the murder of her husband, will shortly retire to a convent and devote her life to the church, of which she is a very devout member.

## BELGIANS RESENT AMERICAN PLAN

Want Santo Domingo to Pay Debts According to Former Agreement

NEW YORK, April 4.—The Belgian committee of holders of Santo Domingo bonds refuse to have anything to do with the proposed arrangement between Santo Domingo and the United States and will protest against the plan, says a Times dispatch from Antwerp.

The proposal to deposit the money from the customs collections in an American bank until a definite arrangement is completed is not satisfactory to the Belgian bondholders, who demand the payment of \$27,000 a month to them in accordance with their contract with the Santo Domingan government. Instructions have been sent to Willem Wilens, the committee's representative in Santo Domingo, to make a protest against the proposed agreement and not to consent to any plan which does not provide for the payment to the Belgians of \$27,000 in cash a month.

Of the total debt of Santo Domingo, which amounts to about \$27,000,000, more than one-half is estimated due to Belgians. They own \$15,000,000 worth of Santo Domingo bonds, and the accumulated unpaid interest makes the figure amount to about \$16,000,000.

A committee representing the Belgian creditors and the few French creditors made a contract with the Santo Domingan government in June, 1901. The contract provided that the committee might collect 15 per cent of the customs revenues

## VOTING PLACES IN 3 WARDS CHANGED

Election Booths in First, Fifth and Sixth Wards Moved to Different Locations

## LIGHT VOTE BEING POLLED

Friends of Both Candidates for City Marshal Working Hard

Polling places in three wards were changed in the election for city marshal and city assessor and collector held today from the places appointed for voting in the election proclamation issued by the mayor and attested by the city secretary.

Explanation was made in the sixth ward, where one of the changes occurred that inability to secure the buildings designated caused the change. In the sixth ward, the fire hall was designated as the place for holding the election.

In the proclamation the voting place in the First ward was given as the Mansion hotel. Polls were open today at the Natatorium building. In the Fifth ward polls were cast in the Locomotive Firemen's hall instead of the fire hall, as announced and in the Sixth ward the polling place was at 522 west Dargrett avenue instead of the fire hall.

But a light vote is being polled in the election, an average of about seventy votes to the ward being polled at noon. Up to noon but thirty-nine votes had been cast in the Ninth ward. Little interest is being taken judging from appearances within lawful distance of the polls. The total voting strength of this ward is about 650.

In the Sixth ward sixty votes were polled at noon. During the morning hours not it exceeded ninety votes had been polled in the Second ward, one of the largest in the city. The normal voting strength of this ward is about 750 or 800, and it is thought that not a quarter of those entitled to vote will cast their ballots. It is of course impossible to learn just how the election is going in this ward. The friends of both Maddox and McCampbell are working like beavers but up to the noon hour little was accomplished by either side.

## WAR WILL GO ON SAYS SAKHAROFF

Head of Russian Military Bureau Resents Suggestion of Peace

ST. PETERSBURG, April 4.—War Minister Sakharov, in an interview today, declares the reports of Russia countermanding orders for material abroad are baseless and grow out of the declaration of the foreign officers with which the war office and the admiralty have been swamped.

He insists there has been no relaxation in preparations to continue the war, but says there will be no new mobilization at present, explaining as stated in these dispatches, that 140,000 troops of the last mobilization had already started for the front and before mobilizing further troops these will be followed by a portion of this year's conscription.

General Sakharov denied emphatically that he ever intrigued against General Kuropatkin, claiming he gave the latter his most loyal support.

At the same time, in discussing the battle of Mukden, Sakharov declared the men and material of the Russian army were equal to those of the Japanese, forcing the reluctant conclusion that Japanese generalship was superior to Russian.

In denying the popular impression that a large proportion of the army reserve men had been sent to the front, Sakharov made the important admission that reserve men were only sent in the early stages of the war, "before we had assurances from Europe," which is interpreted as a confession of an arrangement made with Germany for covering the frontier of Poland.

## ANOTHER ATTEMPT TO KILL GEN. TREPPOFF

Police Foul Effort to Assassinate Governor of St. Petersburg—German Alliance Favored

ST. PETERSBURG, April 4.—M. Tscheremissinoff, chief administrator of the internal communications, has been appointed delegate to the international railroad congress to be held in Washington, D. C.

It is reported another attempt on the life of Governor General Treppoff was foiled last night. The Novice Vremya, discussing the relative advantages of an Anglo-Russian-French and German-Russo agreement, finds the latter probably the easier of accomplishment, and possibly more advantageous to Russia, on account of Germany's growing importance in the far east.

## FEEDING STOPS IN TERRITORY

Large Movement and Good Conditions Shown in Cattle Range Reports

Secretary John T. Lytle of the Texas Cattle Raisers' Association has received the following inspectors' reports up to this morning, all of which show cattle conditions to be good:  
Inspector B. H. Lemert of Liberal, Kan., reports that while the weather is still cool the range is good.  
Inspector L. Wilson of San Angelo states that grass is good and cattle doing fine. On March 31, forty-seven cars of cattle were shipped to Elgin, Kan.  
Inspector T. A. Gray advises that grass is coming nicely at Carlsbad, N. M., and stock doing well.  
"Weather fair with showers," is the report made by Inspector A. L. Cheser of Portales.  
Fourteen cars of cattle were shipped from Purcell, Lindsey and Berwyn, I. T., the last week in March, according to the report of Inspector G. H. White. The weather is favorable and grass growing. He reports that after this week there will be no more feeding.  
Inspector John E. Rigby sends in an excellent report of conditions at Driscoll, Mathis, Skidmore and Beeville. He reports the movement to Fort Worth and other points of nineteen cars of cattle.  
"Range very good, rain and cold weather," is the report that comes from Inspector L. J. Beard of Roswell, N. M.  
Inspector T. M. Pyle of the Memphis, Clarendon and Estelline country reports the range and weather in the very best condition. Fourteen cars of cattle moved to Kansas and elsewhere.  
"Grass growing nicely in the Weather-

ford country," says Inspector J. J. Leonard. He says seven cars of cattle were shipped April 1 to Kansas City.

J. M. Barkley of Chickasha reports that from March 28 to April 2, six cars of cattle were shipped to Kansas City. Good rains and excellent cattle conditions exist.

Weather and range good is reported by Inspector Charles E. Martin of Victoria. Inspector T. H. Poole of the Laredo country reports conditions very fine. He says fifty-one cars of cattle moved to Fort Worth and St. Louis from March 27 to April 2.

### SUPERSTITIOUS FEAR

"WARNING" FROM SKY

WACO, Texas, April 4.—Citizens living near Bosqueville, a few miles north of Waco, are excited over a strange sight witnessed on Saturday evening. What appeared to be a large balloon was seen in the sky and a sheet was let down from the balloon, a long, black arm pointing from the sheet toward Waco. A number of people testify that they saw the sight, and the superstitious are worked up over it, recalling the fact that a negro woman predicted dire destruction for Waco a few weeks ago. The balloon, sheet and finger gradually floated out of sight. Some claim it was a runaway balloon, but others are in doubt about the matter.

# Turn Out! Run Down?

I WILL GLADLY GIVE YOU A FULL DOLLAR'S WORTH OF MY REMEDY TO TEST

Nothing to deposit. Nothing to promise. The dollar bottle is free. Your Druggist, on my order, will hand you a full dollar's worth and send me the bill.

Why do you work and worry and excess and strain and over-indulgence break down constitutions and men and women wear out and run down and restless and sleepless and discouraged and morose? Because they weaken the tiny, tender nerves on which life itself depends.

Not the nerves you ordinarily think about—not the nerves that govern your movements and your thoughts.

But the subtle, new nerves that, unguided and unknown, night and day, keep your heart in motion—control the digestive apparatus—regulate your liver—open your kidneys.

These are the nerves that worry weary out and work breaks down.

It does no good to treat the ailing organ—the irregular heart—the disordered liver—the rebellious stomach—the deranged kidneys. They are not to blame. But back to the control, the control, the control. There you will find the seat of the trouble.

It does no good to take stimulants and narcotics, for theirs, at best, is but a temporary effect which merely postpones the final day of reckoning.

There is nothing new about this—nothing any physician would dispute. But it should for Dr. Shoop to apply this knowledge—to the practice.

Dr. Shoop's Restorative is the result of a quarter century of endeavor along this very line. It does not dose the organ to deaden the pain—but it does go at once to the nerve—the inside nerve—the power nerve—and builds it up, and strengthens it and makes it well.

That is the end of all vital troubles. That is the end of sleepless nights and restless days. That is the end of nervousness, the end of brain fog and fainting.

If you are worn out, run down and have never tried my remedy, merely write and ask. I will send you an order on your druggist which he will accept as gladly as he would accept a dollar.

For a free order Book 2 on the bottle you must Book 3 on the Kidney address Dr. Shoop, Box 683, Racine, Wis. State which book you want. All the Book 1 on Dyspepsia.

Mild cases are often cured by a single bottle. For sale at forty thousand drug stores.

**SCHOOL BOARD MEETING**  
Declines to Assist Plans for School Children Next Saturday

At the regular monthly meeting of the school board held Monday evening in the mayor's office in the city hall, it was decided to end the present school term May 31.

Arrangements are now being made for the annual commencement, the date of which will be announced this week.

Permission was granted Miss Katherine Henderson to teach manual training for the remainder of the term without compensation in rooms where spare time permits.

No official action was taken regarding the participation of school children in the president's reception, the board holding it was without authority over the children on Saturday.

It is feared the unwillingness of the board to participate in the reception will interfere with the plans for the children to see the parade from the court house grounds. The committee had arranged to give the exclusive use of the court house grounds in charge of their teachers. An effort will be made to secure a change of the decision of the board.

## NEW BUILDING PLANNED

Nick McGinnis, manager for the Pills-Fargo Express Company, and H. McMullen, also connected with the company, have made all necessary preliminary steps for the erection of a two-story brick building to be erected at the corner of Seventh and Calhoun streets. The building will be of brick and will cost approximately between \$400 and \$500.

Mr. McGinnis, when seen today, said that work on the new building will be commenced about the middle of next month. The building will not be the property of the express company.

## ONE CERTAINTY

Some Fort Worth People Fully Realize It Now

When the back aches from kidney ills, when urinary troubles annoy you, there's a certain way to find relief; a sure way to be cured.

Doan's Kidney Pills will do it. Fort Worth people endorse this claim. W. H. Deavenport, of 928 Jarvis street, the well known jeweler, who is associated with W. P. Kruckman at 507 Main street, and who is also known as one of the best musicians of Fort Worth, says: "Kidney complaint bothered me for a period of at least two months. It made itself known by a constant soreness across the small of my back directly over the kidneys, which annoyed me when stooping or straightening up, particularly in the mornings, when I first got up, when my back was so sore and lame that it seemed that I could hardly move. The disease came on me gradually and I paid little attention to it at first, thinking it would disappear as quickly as it came, but this was not the case. Instead of getting better it kept getting worse, and one day I happened to be talking to a friend of mine, a Mr. Thornton, who advised me to try Doan's Kidney Pills, which he said had cured him of just such ailments and which had done the same for other persons that he knew. I stepped into Waters' Pharmacy and got a box and began to take them as directed. A short course cured me, and I can positively state that there have been no symptoms of a recurrence since."

# RIVERSIDE HUNTS CHICKEN THIEVES

Suburb Aroused Over Depredations Committed on a Large Scale During the Week

Riverside is literally up in arms over recent depredations committed on chicken houses in that neighborhood.

Monday H. E. Seyster, who lives there, reported that his hen house has several times been raided in the past few weeks and that between two and three hundred chickens have been stolen.

Others in that section who have lost chickens are George Eagle, W. H. Myers, J. W. Hatzel and W. C. Smith.

Thus far the thieves have evaded arrest, but the residents of Riverside are on their guard and will attempt to put a stop to those who are now robbing hen roosts.

# STRAWBERRIES TO MOVE BY CARLOAD

Cotton Belt Expects to Move 100 Cars from Tyler Alone Beginning April 15

General Freight and Passenger Agent J. F. Lehane of the Cotton Belt said today that there would be shipped from Tyler alone this season fully 100 cars of strawberries and that shipment would begin April 15.

He says that prospects for fruit and vegetables along this line never looked better than now and he confidently expects great things from the territory along the Cotton Belt. There will be fully a 25 per cent increase in the potato output this year over last season, and the peach crop, while it was damaged some by early frosts, will be a big one.

In fact, Mr. Lehane thinks that the frost did the crop good. The tomato crop will also be a fine one, as usual.

Regarding the improvement of the Cotton Belt road in Texas Mr. Lehane says that there are three shovel plows at work between Mount Pleasant and Texarkana reducing the grade and curves. Another shovel plow is at work in the yards at Rusk preparing the ground for the new passenger station that is to be built and also shaping up the yards.

Tens of thousands of tons of eighty-pound steel rails are to reach Texas about the middle of May to be used in relaying the track between Big Sandy and Tyler. Other consignments of steel will follow the above shipment.

First Vice President and General Superintendent W. E. Green intend to make the Cotton Belt the ideal road in the state of Texas, said Mr. Lehane, "and they are sparing neither pains nor money to do it. It is their intention to make the improvements on the Cotton Belt in Texas equal to any other road in the state. To these gentlemen is due the credit for the great advancements made by the Cotton Belt system in Texas the past few years."

## GENERAL MANAGERS TO MEET

First Business Session of Association April 6

The first meeting of the General Managers' Association of Texas railroads managers which was organized in Fort Worth some time ago, has been called for San Antonio, April 6, and it is anticipated that there will be a very full attendance on account of its being the initial gathering for conference of those who constitute its membership.

Every railroad manager in the state is expected to be on hand at the San Antonio meeting. One matter that will probably be given a thorough airing will be the Williams intangible assets tax measure.

This association, it will be recalled, was formed for the express object of bringing about a better feeling between the railroads of the state and the general public. It is thought by the railroad people that if this end is attained conditions will be more satisfactory to both the companies and the people.

Fort Worth members of the association expect to attend.

## TRAFFIC TO MEXICO

K. C. Southern Reaching for Business to Republic

As a result of the inauguration of a regular passenger service by the Mexican-American Steamship Company and also the traffic agreement between that company and the Kansas City Southern, the latter company has put a representative in Mexico for the purpose of securing business. The agreement covers both freight and passenger business and the freight and passenger business and the value of the republic as a new territory for the Kansas City Southern.

A round trip rate from Kansas City to the City of Mexico of \$72 has just been announced. Passengers will go to Port Arthur, Texas, over the Southern, at which point they will take a steamer for Tampico, Mexico, and from Tampico they will go to the City of Mexico over the Central. The return trip can be made by rail via El Paso, Texas, and thence to Kansas City over choice of routes. This rate has been effective only a short time, but the travel is said to be increasing rapidly between the states and Mexico City.

## Mail Trains Changed

Beginning on Sunday, April 9, the Missouri, Kansas and Texas trains No. 295 and 296, known as the Flyers, are to again take the mail north and south through Fort Worth. Trains Nos. 1 and 2, which formerly carried the mail will do so no longer. Some time ago the two fast trains started to carrying the pouches, but the railroad officials found that at Galveston they had no way to properly handle the mail coaches, so upon request, the government granted the company permission to use trains Nos. 1 and 2, as they had done previously, until arrangements could be made, which has now been done.

## FRISCO TIME TABLE

The time when the new time table of the Frisco will go into effect has been postponed from April 9 to April 16.

# Suffering Women Cured

Grateful Mrs. Dawson, Restored to Vigorous Health by Duffy's Pure Malt Whiskey, Heartily Recommends Its Use to All Women Who Suffer From Nervous Break-Down.

MRS. A. DAWSON. May 31, 1904.

For over a year I have suffered intense agony from nervous debility and prostration. I could neither eat nor sleep and was reduced to a mere shadow. The doctors recommended various kinds of treatment, none of which helped me. They finally put me on your Duffy's Pure Malt Whiskey, and in two months it has completely restored me to health. I am able to sleep, my appetite is good and I have gained rapidly in flesh.

I am very thankful to be able to recommend your medicine to all sufferers.—Miss A. Dawson, 510 Pleasant Ave., N. Y. C.

## Duffy's Pure Malt Whiskey

Builds up the nerve tissues, tones up the heart, gives power to the brain, strength and elasticity to the muscles, richness to the blood, and stimulates circulation. It brings into action all the vital forces, makes digestion perfect and enables you to get from food all the nourishment it contains. It is invaluable for overworked men, tired, nervous, delicate women and sickly children. It is a promoter of good health and longevity, makes the old young and keeps the young strong.

Duffy's Pure Malt Whiskey cures coughs, colds, catarrh, grip, bronchitis, consumption, and all diseases of throat and lungs.

CAUTION.—When you ask your druggist or grocer for Duffy's Pure Malt Whiskey be sure you get the genuine. It's the only absolutely pure medicinal whiskey and is sold in sealed bottles only. Look for the trade-mark, "The Old Chemist," on the label, and make sure the seal over the cork is not broken. Price, \$1.00.

For Sale by H. Brann, 108 Main Street, Fort Worth.

## CHESS PLAYER TRIES TO END HIS LIFE

Harry N. Pillsbury Subdued in Philadelphia Hospital After Battle with Nerves

PHILADELPHIA, Pa., April 4.—In a fit of temporary insanity, Harry N. Pillsbury, the American chess champion, has tried to end his life by jumping from a fourth story window of the Presbyterian hospital. He struck down one nurse and fought savagely with several other attendants before he was overpowered and forced back to his bed.

The nurse seized him and Pillsbury struck him to the floor. A watchman and a doctor came to the nurse's aid, but the chess player battled with them for several minutes before he was forced down upon a bed in another room.

Pillsbury has played with local chess players several times. His particular forte is playing "blind-folded," at which he has no equals. Of late years in games with experts his success has been varying.

## STORK TIME

to most women is a term of anxiety, serious thought and sweet anticipation.

With the cessation of pain necessary to childbirth, there comes calm nerves, sleep and recuperation.

## MOTHER'S FRIEND

does diminish the pain accompanying maternity. With its aid mothers can and do bring healthy, sweet dispositioned and ideal babies into the world.

Morning sickness, sore breasts and excruciating pains caused by the gradually expanding organs, are relieved by this penetrating and relaxing liniment.

Among the manifold aids to childbirth Mother's Friend has grown in popularity and gained a prestige among rich women as well as poor; it is found and welcomed in the mansion as well as in the cabin.

By lessening the mother's agony of mind and diminishing pain a beautiful influence is wrought upon the child, and instead of peevish, ill-tempered and sickly forms you have healthy, laughing humanity, remaining a blessing ever to you and its country.

# LOCAL PYTHIANS HONOR CHANCELLOR

John M. Adams of This City Installed Frank Bell as Lodge Commander

The tragic death by shooting of Grand Chancellor Frank Bell in Dallas Monday is deeply regretted in Fort Worth by all members of the Knights of Pythias who were intimately acquainted with him.

John M. Adams, W. A. Abey, J. J. Parker and several other members of the order Monday night wired their condolence to Mrs. Bell and today quite a number will go to Dallas to assist in the preparations for the burial, which will probably occur Thursday. Among those who have gone to Dallas are John M. Adams, supreme representative, and Henry Miller of Weatherford, grand keeper of seals and records.

Monday night Dr. W. B. DeJernett of Comstocker, commander of the Fort Worth lodge for Dallas to take charge of the office of the dead chancellor commander, to which office he succeeds by virtue of holding the office of grand vice chancellor. Dr. DeJernett will remain in charge of the office at least until the grand lodge meeting, which takes place at Weatherford the latter part of the present month. He will probably be elected to succeed to the office for another year at the coming state meeting.

Speaking of the late grand chancellor, John M. Adams said this morning: "I first met Frank Bell when I was grand chancellor, and installed him as chancellor of our lodge, the Alamo, No. 108, in January, 1893, at Dallas. He was bright, social, and as true as steel. His record in the grand lodge is very brilliant. He served several years as representative from his lodge, then was a member of the judiciary committee, then grand tribune, then in succession grand outer guard, inner guard, master at arms, prelate, vice chancellor and grand chancellor, which last term would have been his last, had he not died. He was a man of fun and humor, and although reserved at first, was easy to approach, and was a most lovable character.

"The entire order mourns his loss and will see that justice is done to his memory.

"This is the first time since the formation of the grand lodge in 1874 that a grand chancellor has died in office, but this fact is not peculiar, as all of our officials are young men."

T. T. McDonald is also one of the local members of the order who held the late grand chancellor in high esteem. Mr. McDonald, while grand chancellor of the Dallas lodge, conferred the ranks of knighthood upon Mr. Bell.

## The Delineator for May

In the May Delineator some of the choicest of the season's dress productions are represented, and numerous articles, stories, poems and pictures complete a magazine that is of much interest to women. Almet Bigelow Paine's serial story, "The Lucky Piece," grows upon the reader with the second installment and promises most interesting developments. There are also short stories by Sewell Ford and Seumas MacManus, the latter a story of Irish life in the author's inimitable vein. For collectors, N. Hudson's "Move" writes concerning old chairs. Dr. W. R. C. Latson contributes an interesting article on "Housework as Recreation," illustrating the proper and healthful methods of performing household duties. The question of bath-tubs is discussed in the series, "The Rights of the Child." "A Duet in Brittany" is an enjoyable travel sketch, by W. W. Newton. In addition, there are entertaining stories and pastimes for young folks, and the domestic arrangements are given importance in a number of articles.

## RESCUE LEAGUE MEETING

Members of the Women's Rescue League met in the parlors of the Taylor Street Cumberland Presbyterian church last Monday afternoon. Officers of the league who were elected at the meeting a month ago temporarily agreed to act for the association until permanent officers are selected.

Owing to the absence of the chairman of several of the important committees only routine matters were discussed. Following the open meeting the executive committee met and discussed ways and means of furthering the work of the league. A called meeting is to be held at an early date, the exact time not yet being decided.

## FLAYS GOVERNMENT EXPERT

C. W. Post, Food Expert, Polishes Off Dr. Wiley, Government Chemist, Regarding Beefsteak and Milk

"It would be pitiful if it were not ridiculous, the spectacle of some professional men when they let out great chunks of wisdom about food," said C. W. Post, the well-known food maker, who spent the Christmas holidays at his old Fort Worth home, and who went from here to Los Angeles.

"Some states have so-called experimental stations where the wise men in the employ of the state make some experiments and then give the results to the department of agriculture, in a lecture says: 'When you buy beefsteak or milk, you are paying for water. Milk is 80 per cent water, beefsteak 60 per cent.' Ergo—don't eat beefsteak or drink milk. He apparently forgot to state that the human body is also about 80 per cent water and needs quite a little of that peculiar liquid each day to keep it intact, and nature provides food wisely blended."

"He proceeds to say that Americans eat too much meat. That is one of the few practical things he does say. But observe his peculiar process of induction when he cites the Japanese as a reason for not eating meat, saying: 'The diet of rice makes them shorter and harder to hit in the war, and they don't have so much to carry around with them.' Remarkable conclusion! Don't eat any meat. You may have to go to war some time and it will not be so easy to hit you if you are simply a rice eater. That hope should compensate a man for going through life a dwarf!"

"Then follows another glorious tribute to science: 'Hay fever is no more nor less than the result of over-eating.' He does not explain whether he means over-eating of meat or hay. Huh!"

"Then he says in reply to a question about modern breakfast foods, that the semi-digested mush is just as good as old-fashioned mush, made from corn meal or wheat or oats, which consists of a heavy percentage of raw starch, and the way it is ordinarily prepared requires somewhat unusual strength of digestive organs to transform that starch into a kind of sugar, that it absolutely must be turned into by the body before it can be assimilated, and if the body is deficient in power, a part of that starch remains undigested, passing down through the intestines, where, in the moisture and warmth of the body, it rots, creating gases and causing various forms of intestinal disease; very certainly the cause, in

## Weak Stomach.

A weak stomach is most frequently caused by the over-worked and exhausted nervous system.

The power that runs the stomach is the nerve force sent to it from the brain through the nerves. When the nerves are weak or exhausted the supply of energy is insufficient and the action of the stomach is impaired, and results in imperfect digestion—dyspepsia.

Dr. Miles' Restorative Nerve increases nerve force. It strengthens and builds up nerve tissue, gives vigor to the nerves and muscles of the stomach; this produces a healthy activity.

Nerve allays the inflammation, heals the membranes, and makes the stomach strong and healthy. There is nothing that so quickly gives energy to the whole system as Restorative Nerve.

"I can't say enough for Dr. Miles' Nerve. I don't know what it will do for others, but it certainly cured me of stomach trouble, and now I eat as well as I ever was. Two physicians failed to relieve me, but in three or four days after taking Nerve I was much relieved. Four bottles made me a sound man, at the cost of \$4.00."

JAMES E. HART, Detroit, Mich.

Dr. Miles' Nerve is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

## TWO INJURED IN CAR COLLISION

Evans Avenue Car Hits Peddler's Wagon at Boaz and Elizabeth Streets

A collision between a north bound Evans avenue car and a fruit peddler's wagon at Boaz and Elizabeth streets this morning, seriously injured David Schermen, the driver of the wagon, and bruised a small girl, Brownie Hubert, who was a passenger on the car. The peddler's wagon was completely demolished and fruit was scattered over the street.

Both of the injured were taken to Whittall's pharmacy where Dr. Kelly attended them. The peddler, Schermen, was slightly bruised about the head. Dr. Kelly said after the accident that he may be injured internally.

The child, though she shows few marks of the accident, complains of pains in her back and side. Both patients were kept at Dr. Kelly's office until they were sufficiently recovered from shock to be taken home.

Schermen lives on East Third street, while the Hubert child, a daughter of Frank Hubert, a postal clerk, lives with her parents at 1500 New York avenue.

COMING OF THE PRESIDENT

Texas is to be honored with the presence of President Roosevelt this week, and according to the program arranged for his coming, he is to spend a short time in this city next Saturday morning.

Some of the eastern press have very foolishly tried to make it appear that the trouble would be in continued danger during all the time he may spend in Texas.

Such ignorance on the part of our brothers of the press in the effete east is colossal. Such prevarication is monumental, and such mental hallucination is positively painful.

The people of Texas like Theodore Roosevelt. It may be true that the great majority of them are not particularly in love with his party affiliation, but when it comes to the man, they admire him for his broadness and his genius.

All these things have been amply proven in the case of Theodore Roosevelt, and it is a knowledge of these facts that has endeared the man to the people of Texas.

When he arrives among us this week he will be made to realize that he is among sincere friends and admirers. Democrats, republicans and the remnant of populism that is left in the state will unite in doing him honor.

should be no halt in the preparations that are being made to do things in the old Fort Worth way.

In his speech at Des Moines, William J. Bryan said: "The condition of the democratic party at the present time is the best that it has been for several years.

The state legislature has given evidence of a desire to adjourn about the middle of the present month, leaving much important legislation unfinished.

Russia is said to be so confident of the ability of Admiral Rojestvensky to defeat the Japanese in a naval engagement and turn the tide of affairs in the opposite direction, that it is greatly militating against the prospects for peace.

There has been too much rain in Texas this spring for the corn crop of the state to measure up to the usual standard at this time, but that fact is not altogether discouraging.

The scene of the president's impending hunt in the Panhandle is being carefully guarded, in order that the intended quarry may not become unduly alarmed and seek safety in flight.

With two lines of street railway now being operated between the union depot and stock yards the former congested condition of travel at certain hours of the day has been greatly relieved.

The Panhandle Cattle Raisers' Association meets in Amarillo on the 18th, and the convention promises to be one of the most important ever held in that section of the state.

The fact that horse thieves have been operating pretty freely in North Fort Worth should not be construed into a belief that our sister city belongs to a former epoch.

A complete system of city water works and fire protection within the next five months is the terms of the recently executed contract in North Fort Worth, and incidents of this kind but serve to show that the officials of that progressive little city are men who know how to do things.

Governor Hoch of Kansas says his state is in the fight with the Standard Oil people to the bitter end.

There has recently been a rumor started to the effect that Japan has some idea of seizing the Philippines, and if this should prove true, she will immediately drop them like a hot potato.

The presence of Colonel B. F. Yoakum in this state at this time is thought to foreshadow some new railway developments.

It is fitting that the president's last impressions of Texas towns should be associated with Fort Worth. We all know how we enjoy the main show when we have first gone through and been disappointed in the side issues.

FOR FREEDOM BY GUY BOOTHBY

(Continued from Monday's Issue)

Seated on a pile of cushions at the farther end, as impassive as an image, sat the sultan of Madrapore.

"I stood before him at a respectful distance, watching his face. His dark eyes fastened themselves upon me apparently without interest, and yet I felt as if he were reading the inmost thoughts of my brain.

"What is the crime wherewith this man is charged?" he inquired, carelessly, as if the matter were of no importance.

"Then his majesty turned to me. "Now, dog," he began, and his voice cut like a razor, "so this is what I hear of thee.

"I determined upon a game of bluff. Maybe the kaid could not prove his charge without involving himself. The game I knew were safely out of the way.

"I perceive your majesty has been deceived by my enemies, and that this charge has been brought against me to ruin me in your majesty's sight.

"It is a great country, though a land of unbelief. Wouldst thou see it again, if the chance were offered thee?"

"With all my heart," I answered, and I meant it, if ever a man meant anything in this world.

"Your majesty speaks graciously to me," I answered, with a low bow, making that, even if it were true in my case, it was far from being so in his.

"I stared at him in amazement. "Why should I have caused thee to be brought back when it would have been better for the peace of my country hadst thou escaped?"

"I answered that I supposed his reason was that he desired to punish me for the part I had played in the affair. He smiled grimly.

"I was in a measure so, but I had another and a weightier reason. Now it is for thee to say what thou wilt do—whether thou wilt live or die?"

"I-I—have answered your majesty," I stammered.

"He turned to the kaid and said something to him in a low voice. The latter immediately left the room, backing out and salaaming like a clock-work figure.

"The sultan stroked his beard and watched me through half-closed eyes.

"I-I—have answered your majesty," I stammered.

cashah. I informed him that it did not agree with my constitution and that I did not care how soon I was out of it.

His majesty, he continued, was but ill pleased with my behavior at the interview he had been graciously pleased to grant me.

"At any other time I could have laughed at the absurdity of this speech. However, I did not feel like laughing just then, so I answered meekly, but with sarcasm equaling his own.

"He looked at me sharply as I said this, and pulled at his long gray beard, as if he did not quite know what to make of my speech.

"Son of a pig," he cried furiously. "Am I a cook that I should trouble about thy food? Be thankful that a true believer allows thee food at all, instead of permitting thee to perish as thou deservest."

"I was thereupon led back to my cell. Three days went by and I saw no one save our jailer and my two companions.

"I admitted the soft impeachment, and wondered what was coming next.

"I-I—have answered your majesty," I stammered.

A JUDGE'S WIFE PAIN IN THE BACK AND SIDE

MRS. MINNIE McALLISTER.

Quickly Cured by a Short Course of Pe-ru-na.

MRS. MINNIE E. McALLISTER, wife of Judge McAllister, writes from 1217 West 23rd street, Minneapolis, Minn., as follows:

"I suffered for years with a pain in the small of my back and right side. It interfered often with my domestic and social duties and I never supposed that I would be cured, as the doctor's medicine did not seem to help me any.

"Fortunately a member of our Order advised me to try Peruna and gave it such high praise that I decided to try it. Although I started in with little faith, I felt so much better in a week that I felt encouraged.

"I took it faithfully for seven weeks and am happy indeed to be able to say that I am entirely cured.

"Words fail to express my gratitude. Perfect health once more is the best thing I could wish for, and thanks to Peruna, I enjoy that now."

Pain in the back, or on the right side. How often a physician hears this complaint!

Over and over we hear women say: "I have a pain in the small of my back. I have a pain in my right side) just below the ribs."

These symptoms indicate pelvic or abdominal catarrh. They indicate that the bowels are not acting properly—that the liver is out of order—that the pelvic organs are congested.

Pelvic catarrh—that is the name for it. Peruna cures pelvic catarrh, when all of these symptoms disappear.

Mrs. Carrie King, Darlington, Mo., writes: "I have suffered for years with biliousness, and kidney and liver trouble.

"If I caught a little cold, the pains were increased and backache and headache were of frequent occurrence.

"However, Peruna cured me—twelve bottles made me a healthy woman."

MAGAZINES LITERARY NOTE A new magazine which is shortly to appear, with the name "Tales," will embody at least one feature new to publications devoted to fiction.

TEETH KNOCKED OUT BY PISTOL BALL

HILLSBORO, TEXAS, April 3.—In a difficulty between James Gathings and Al Coddell at Covington late Saturday afternoon, the former was shot in the mouth, the ball knocking out several teeth and passing out through the left jaw.

The picnic season may now be said to be fairly on, as both the fish and seed ticks are known to be biting.

Gleanings From the Exchanges

As Texas is so much interested in the beef trust, the legislature showed a commendable spirit of activity in appointing a committee from its membership to take the matter up.

If the stockmen of the state will extend the proper co-operation in the investigations that are being made of the beef trust, in this state there ought to be speedy relief from existing conditions.

The improvement in market prices is generally construed as a loosening of the situation by the alleged market manipulators, who are believed to be considerably frightened over the developments that have already come to light.

In discussing the free pass bill in the legislature Monday, the fact was brought out by Mr. Onion that there is now a law on the statute books, not enforced, which forbids any salaried official of the state from receiving mileage or expense money when he travels on a pass.

There is such a law already on the statute books of this state it should be vigorously enforced, and if members of the state legislature are guilty of having drawn mileage after traveling to Austin on free passes as alleged, they should be among the first to be called to account.

Will Not Freeze, Lump or Spoil

"We take pleasure in advising you of the satisfactory use of one of your extinguishers today. We had quite a hot fire in one of our pickers, smoke was issuing fiercely from the dust room when first noticed. The contents of one tube was thrown into the machine while running, though about half of it was spilled, never reaching the fire. The fire in the machine and dust room was quickly extinguished without the use of water or other extinguishers.

## PACKERS DELAY FACTORY PLANS

Improvements at Armour's Fort Worth Plant Postponed Until 1906

## TRUST INQUIRY IS BLAMED

Purchasing Agent Gives President Government Agitation as Cause

As announced in The Telegram of several weeks ago, the canning plant to be erected by Armour & Co. in this city will not be commenced until next year. Official confirmation of this statement was made today by David J. Simpson, of Chicago, purchasing agent for Armour & Co. Under the plans of the company the canning plant is to be located north of the general offices of the company. A glue factory will be erected near the fertilizer plant and it is said will employ from 400 to 500 hands. Mr. Simpson attributes the delay of packing house plans to the beef trust agitation at the present time. The combined cost of the improvements to be made will be about \$350,000. This campaign is to be made on an exceptional record for good and rapid work, particularly the suppression of the liquor traffic—a thing obviously injurious to the peace and welfare of the people of Indian Territory.

The charges against Judge Raymond included discourtesy toward members of the bar and improper political activity.

## PACKERS PLANNING CAMPAIGN ABROAD

Will Endeavor to Increase Market in Countries of Europe

CHICAGO, April 4.—Chicago's packing interests have determined on a reciprocity campaign of education in this country and Europe during the next year or two.

This campaign is to be the most extensive educational one ever undertaken by the packing and live stock industries for the purpose of overcoming strong prejudices that now exist, particularly in Germany and France, against American provision exports.

During the last winter and fall the Armour's, Swifts, Morrises and other packing interests have had frequent consultations as to the best course to be adopted to educate hostile Europe to the fact that the United States produces and ships the best beef, mutton and pork in the world.

## ONE PLAN TO GET UP

It was deemed inadvisable to ask President Roosevelt to act in the matter, as the inimical laws abroad are domestic or internal ones, and he would be compelled to say to the packers, as did President McKinley after receiving a report from Andrew D. White:

"The United States cannot officially complain of an internal law of Germany of the meat inspection character any more than the United States would permit Germany to complain of one of her internal laws."

But it was felt that by the preparation of proper literature and the sending abroad of intelligent agents German and French prejudice might be reached and removed. The present laws of Germany and France are prohibitive of American beef exports—few, if any, provisions of this country reach the two named.

## FRENCH BANKER'S EXPERIENCE

Recently a French banker visited Indianapolis and on a certain packing concern requested that the preliminary steps be taken to entering into permanent business relations. He wished to handle American meats in his district. The reply made to him was:

"We should be glad to do this if the laws of your country permitted it. As it is, you will have to go home and overcome those laws before we can do business with you."

The packers recognize, despite the enormous trade with England, the American export field is more limited than it has been in years past—American exports are not what they should be. They cannot be increased by the powerful nations like Germany and France continue their persistent opposition to American productions.

For this reason concerted action has been determined upon, looking to powerful appeals to all the commercial and political interests of Germany and France to remove hostile legislation, and appeals to the president and congress of the United States to meet these nations with reciprocal action.

## EARLY EFFORT MADE FOR MEXICAN PENSIONS

Colonel Abe Harris Recalls Speech of Senator Voorhees Urging Care of Veterans of War of 1846

Colonel Abe Harris of this city is very much interested in the efforts to provide increased pensions for all of the surviving Mexican war veterans, and in discussing the matter today referred to the fact that Senator Dan Voorhees, in February, 1883, advocated an increase.

Colonel Harris quoted this extract from the speech of Senator Voorhees: "If a statue of gold were erected at full life size to every surviving Mexican war soldier, it would not be one-quarter of one per cent of what they have given this government. Let me repeat it. If a statue of gold life size were erected by our government to every surviving soldier who fought the battles in Mexico it would not cost one-quarter of one per cent of that which they acquired for this government. I state that simply materially considered in point of dollars and cents, but when you eliminate the glory they gave to this country throughout the world, the renown they achieved, it cannot be estimated even in statues of gold."

There are considerably less than 5,000 of these old soldiers surviving and

Sold on its merits for 60 years.

the effort of Mrs. Moore Murdock of this city, who is secretary of the national association of Mexican war veterans, the past two years has been to increase their annual pension to \$360 per day, or \$30 per month. She has already succeeded in getting these pensions considerably increased in many cases and proposed to take up the next congress and continue her zealous work. She believes that she will eventually get every veteran's pension increased to \$1 per day.

## RAYMOND EXONERATED

Attorney General's Assistant Sustains Territory Judge Course

WASHINGTON, April 4.—The following statement regarding the charges against Judge Raymond, chief justice of Indian Territory, was made yesterday in behalf of Attorney General Moody by Mr. Russell, special assistant attorney general:

"The department has investigated the charges made against Judge Raymond and has reached the conclusion that there was nothing found or proven warranting his removal from office. In view of this conclusion it is not deemed the province of the department to enter into a criticism of his conduct. Federal judges in the states hold office for life, in order that they may be free from the influence of fear and other improper motives. Territorial judges may be removed by the president, but as nearly as may be they also should be free from such influences. This can not be if their conduct is to be subject to a constant comment by exclusive officers near the president. It is but just to add that the judge's honesty and impartiality cannot be seriously tried to make an exceptional record for good and rapid work, particularly the suppression of the liquor traffic—a thing obviously injurious to the peace and welfare of the people of Indian Territory."

## NORTH FT. WORTH AND ROSEN HEIGHTS

But a light vote is being polled in North Fort Worth today in the aldermanic and city recorder's races, with the exception of the First ward, where two aldermen are to be chosen from four candidates. The candidates are T. M. Thann, S. T. Percy, R. R. Daniel and J. M. Moody.

The vote for city recorder seems to be pretty well divided among the three candidates. S. H. Brown, E. F. Croarkin and J. G. Smith are running for this office.

Balls are being cast in the First ward at 117 West Twenty-third street; Second ward, fire hall; Third ward, Roberts building, and Fourth ward, city hall.

May Pennington of Brooklyn Heights is visiting her grandfather, Mrs. L. Tannehill of Rosen Heights.

George A. Turner has gone to Terrell on business.

## JOHN SAYS

"More of the New Coffee, Please." A lady from the "Land of the Sky" in N. C. says:

"They say while on a visit further down south where everybody seems to be a slave to coffee, I one day found my hostess prone on her couch. 'So giddy, and Oh! how my head aches!' 'Coffee,' I said warningly. She supported her head and what else could she drink? 'Why Postum,' I replied. 'But that is so insipid and John does not like it. He calls it dish water.' I thought of the kind of Postum the darkey cook had served, and wanted to bid him farewell, the approach to the station being lined by Chinese troops.

"In about an hour's time she sat up and laughing a little said her head felt nearly well and the giddiness was almost gone.

"The next morning we had Postum (made right) for breakfast. We told her it was a new coffee and wanted her to try. He called for a second cup and the next morning called for some more of that new coffee.

"Quite a while after we had been serving it regularly, John spoke of feeling so much better. He had gotten over his nervousness, and only then did we dare tell him he had been steadily using the once despised Postum.

"Before I left off coffee my complexion was bad and sometimes my temper worse. The complexion has cleared up in a most remarkable way. I had better refer to the other members of the family for a testimonial as to a change in temper, leastwise we all abandoned coffee about two years ago for it affected us more like liquor, and every member of my family showed the effect of it in nervous, trembling sensations, occasional dizzy spells, and more or less liver complaint. All of these symptoms have disappeared since we made the change to Postum." Name given by Postum Co., Battle Creek, Mich.

Prominent local ministers, with sleeves rolled up, were personally stretching and erecting the canvas.

## METHODISTS TO HOLD CONFERENCE

Annual Session of County Will Begin Wednesday at Polytechnic College

The twenty-ninth annual session of the Fort Worth district conference of the Methodist Episcopal church, South, will be held at Polytechnic College beginning Wednesday morning at 9 o'clock.

Bishop E. E. Hoos of Dallas will preside at the conference, through the invitation of Rev. O. F. Sensebaugh.

The conference is composed of members from all the pastoral charges in Tarrant county, twenty-three in all, and having a membership of about 1750. Three sessions will be held each day, the last one being Thursday night.

Friday morning the Sunday school institute of the district will be held at the college under the leadership of Rev. M. A. Hamill, D. D., and wife.

## GREENE PARTY IN THIS CITY

Head of Consolidated Copper Company En Route to New York from Mexico

Colonel William C. Greene, president of the Greene Consolidated Copper Company, the holdings of which are located in Northwest Mexico, and president of the Greene Gold and Silver Mining Company, accompanied by a number of prominent eastern capitalists, stockholders of the company, passed through the city this morning en route to New York. The party arrived over the Texas and Pacific from El Paso on the special car Edgemore and left for the north over the Frisco.

The party remained only a few moments in the city, but during the short stay it was learned that the capitalists were returning from a stockholders' meeting of the company which was held at Cananea, Mexico, on March 28. Mr. Greene said that an arriving in New York another meeting would be held at which 40 per cent dividends will be declared, 24 per cent of which will go toward new construction work.

Besides mining interests, the Greene people control large cattle interests, the stock numbering nearly one hundred and fifty thousand head. The company is also interested in railroads and other industries.

The Sierra Madre and Pacific railway, which is being constructed by Greene from El Paso to the interior of Mexico thence to the coast, is now completed to Terrell and by January will be extended one hundred and forty miles further toward the coast.

The Greene copper holdings and developments are being held at over \$30,000,000, while the gold and silver mines are rated at about half as much.

The following comprised the Greene party: Alfred Romer, vice president of the company; E. C. Rice, New York; John V. Jewell, New York; J. T. Morrow, general manager and engineer of the gold and silver mines; G. L. Stone, Boston, one of the directors of the company, and H. Pillsbury of Derry, N. H.

## CADETS TO BE IN LINE OF MARCH

Two Companies of Polytechnic Students Will Join Presidential Parade

Two companies of cadets from the Polytechnic College, comprising about seventy men, will take part with other military companies in the parade Saturday morning in honor of the president. The cadets will be in charge of Major Pittman.

Dr. H. A. Boaz, president of Polytechnic College, said this morning that all of the students of the institution will attend the parade, but whether or not in the capacity of students has not been decided. All students will have leave to come to the city, but no definite arrangement has been made for any except the cadets to march in the parade.

MACON, Ga., April 3.—Twice the Boston American League baseball team, in successive years, has won the pennant. In 1903 the team captured the title of world's champions from Pittsburg, the flag winners in the old league. Last year they stood ready to play the Giants, but at Brush's word the latter team defaulted to them. A glance over the list of players that make up the champions does not reveal a long list of individual stars. In fact, individually, the team seems to be of mediocre ability. Of course, Collins, Dineen, Young and Parent have few equals in their respective positions, and perhaps no superiors, but four or five stars never made a champion baseball aggregation.

**TEAM WORK AND COURAGE**  
There must be some other reason for this persistent winning. And there is. It is found in that foundation stone to success, necessary wherever a number of individuals labor to attain an end—in team work—to which is added the fighting spirit such as characterized the minute men of '76.

"Never give up" is the watchword in the Boston camp. And it is never forgotten by the members of the team. From the call of "play ball" until the last man is down and out, this spirit dominates every man on the team.

This spirit has won many a hard-fought game. Combined with favorable circumstances (when Chesbro lost control of the ball in that nerve-racking contest for the 1904 pennant) it won the flag by one point in the most superbly fought, sensational finish with which the national game has ever been credited.

**GENERALSHIP AND ECONOMY**  
Jimmie Collins is a born general. He plans far in advance. Before the playing season ends, he has drafted minor leaguers whom he believes will strengthen his team for the next year. He does not draft a large number, for the reason that very few places on the team are ever in doubt. Most of the men he has, fit into their niches nicely and are hard to oust. But let a man show that he is losing his usefulness and Collins reserves a fast youngster who next spring will make the veteran work to hold his job.

This spring Collins has Grimshaw, the hard-hitting eastern leaguer, giving Lachance a run for first base, and and yet, to the casual observer, Lachance last year played the game of his life. Ohmsted is being tried out in the box, not because some veteran is not showing up well, but because Ohmsted looks to have the class. Unglaub is utility infielder, ready to take any of the three positions at a moment's notice. Freeman, Burkett, Stahl and Selbach are all working hard for the outfield and no better corps of vets could be asked for.

There is just enough competition to make every man work like a nailer during the four hours' daily practice, and each knows that the eye of one of the game's keenest judges is upon him, watching for a sign of weakness.

**TRIED VETERANS OF NERVE**  
For the nucleus of his team Collins pins his faith upon men of major league experience; men whose scrappy ability is a byword; men in whom a yellow streak is unknown; who will not quit under fire, but will fight the harder when the case seems hopeless. He likes to have a few youngsters about, working them in slowly, so that when the proper time comes they can

step, thoroughly seasoned, into the shoes of a man who has lost his speed.

**MOST VETERANS HAVE COMMON SENSE**  
Another reason for picking experienced men for the team—such as signing Selbach in the middle of the season, last year—is that, with experience, men are not prone to "big headedness." Neither do they take to dissipation like some youngsters who cannot withstand the temptations put in the way of a successful big league player.

All of these apparently little things play important parts in Collins' campaign moves, made before the first ball is pitched in spring practice. He does nothing in a hurry when picking a man upon whom the winning of a deciding game may some day depend, but when he does take a step he usually has something upon which to go.

The members of the Boston team reported this year at Washington, D. C., March 11, and next day were quartered here, ready to begin training, while the mercury was so high that it threatened to seep out over the top of the tube, or at least it felt that way to the men from the north.

Among the benefits the players derive from this city as a training camp are warm weather, good water and food such as is demanded for men doing the strenuous work they perform.

The ball grounds has an excellent grass diamond and the sod is soft and springy, giving conditions such as will be found during the summer months in the various cities where the team will play.

All of these incidentals may mean much to the team later in the year, when, in the heat of bitterly contested games, the fact that they are working under environment practically identical to those which now surround them, may mean the winning of games which would otherwise be lost.

**AGILE TAKES TENNESSEE**  
Rich Stake Event at Montgomery Park Goes to Brown's Bay Colt—John Smulski Second

**MEMPHIS, Tenn., April 3.**—Agile, Captain S. S. Brown's bay colt, was an easy winner of the Tennessee derby, which was run over a muddy track at Montgomery park Monday afternoon. John Smulski, the Ellison candidate, and Jack Lory of the John W. Schorr stables, were beaten by five lengths. A close race was run between the last two horses named. Monday's derby was probably the richest stake ever offered in the south, \$8,800 out of a gross value of \$10,535 going to the winner.

**POLYTECHNIC WON FROM UNIVERSITY**

**Pitchers' Battle Between College Teams Ends in Victory for Detheridge**

Errors at critical times and inability to hit caused Fort Worth University to remain in the goose egg class, while the Polytechnic boys scored four runs, in the game which was played on the university campus Monday afternoon.

Polytechnic got one run in the fourth on a passed ball, one in the sixth under similar circumstances and in the ninth two more men crossed the plate as a result of a wild throw to first. There was not an earned run in the game.

On three occasions the university had two men on bases but the next batter, failing to connect with the ball, did not advance them.

rection of Belasco, Mayer & Price, supported by a powerful company in the famous play, "Heartsease" at the matinee, surrounded by a wealth of new scenery, costumes and stage effects. Thursday night the young star will be seen in the famous play, "Soldier of Fortune," written by Richard Harding Davis.

Whittlesey's managers claim that he undoubtedly is the best romantic actor on the American stage today, and judging from reports from other cities, this claim seems well justified.

Whittlesey is a young man, which is always a great factor in favor of a romantic actor. Then he is the possessor of a splendid stage presence and his talents are undoubtedly of a high order. His great charm is said to be in his magnetic force and his naturalness on the stage.

In San Francisco, where Whittlesey played a remarkable season of fifteen weeks during the past summer, he was lauded by the press and public as the best romantic actor seen in many years in that critical city.

Whittlesey's advent as a star followed a course of hard work with many notable actors, such as Ada Bohab, Julia Arthur, Margaret Mather, Henrietta Crossman, E. H. Sothorn, Nat Goodwin, Wilton Lackaye and Florence Roberts, with all of whom he shared honors. When Whittlesey received his first training from David Belasco, that master of stage-craft, predicted that his pupil would be bound to come to the front ranks.

The plays in which Whittlesey is to be seen this season consist of "Heartsease," "The Second in Command" and "Soldier of Fortune," sterling works by famous authors and closely identified with the names of John Drew and Henry Miller.

The Belasco methods of superb stage productions will be seen in the Whittlesey engagement here. The company carries two carloads of scenery, costumes and effects, for the productions of the plays in which Whittlesey is to be seen, even furniture, bric-a-brac, portieres and other accessories being included.

The company supporting White Whittlesey is an exceptionally strong one and includes such well-known players as Eugene Thuis Lawton, Virginia Brascoe, Alia Perry, Edith Campbell, Hallie White, Harry D. Byers, Reginald Mason, Algeron Aspland, Carl Yoho, Taylor Curtis, Erville Anderson, G. K. Mitchell, William Abram and Earle Williams.

A trained choir of singers is also carried by the company to render the exquisite music in "Heartsease."

morning. After drinking two or three swallows he detected the water was bitter. Convulsions followed and a physician was called who, it is reported, pronounced the poison strychnine and other ingredients. Mr. Holt recovered and has sent some of the water and some of the poison collected from the bottom of the bucket to Abilene for future analysis. The water used by the family in preparing breakfast was caught from rain the preceding night, otherwise it is probable the poisoned water would have been used. A messenger says Mr. Holt has offered a substantial reward for the detection of the persons placing the poison.

### BACHMAN CASE TO BE DROPPED

Tennessee Officer Probably Will Return with Youth.

College Habits Cause

It is learned here today that Kirk Bachman, the young Tennessee who was placed under arrest in this city several months ago on several charges of forgery, is to be taken back to his old home at Knoxville, arrangements having been made by which relatives and friends of the family, which is one of the most prominent in Tennessee, have settled up the alleged defalcations of the boy, amounting to several hundred dollars.

Bachman has been in jail here ever since his arrest. He is charged with passing several bad checks for various amounts. These crimes Bachman never attempted to deny, but on the contrary, admitted to the officers having committed them, asserting that his ruin was due to drinking habits acquired while at Princeton University.

Deputy Sheriff Grover of Knoxville arrived here a few days ago and will take young Bachman back to his old home possibly on Wednesday of this week. It is probable that the charges pending against the young man here, on account of his age and other circumstances, will never be brought to trial.

### CROPS DELAYED BY RAIN

Corn and Cotton Planting and Gardening Has Been Started

GALVESTON, Texas, April 4.—Following is the summary of weather and crop conditions in Texas for the month of March, issued under the direction of the weather bureau:

Weather condition—Moderate temperatures prevail generally during March. Showery conditions prevail during most of the month, and the amount of rainfall was generally sufficient to greatly retard farming operations, which were from two to four weeks behind at the end of the month over the greater portion of the state.

The showery nature of the rainfall, however, rendered its distribution somewhat uneven, so that in many localities farming operations could be continued during most of the month. Some damage to growing crops is reported to have resulted from excessive rainfall and from the washing of the soil, but generally little damage has resulted beyond the delay in seeding, while the soil is now in good condition, except where too wet, and the general prospects are promising.

Wheat, Oats, Rye, Barley—The condition during March were generally favorable for winter wheat, and this crop has to a large extent recovered from the damage caused by the severe weather of February. It is now in a very promising condition. Rye and barley are also doing well. Fall seeded oats were greatly damaged, and in many localities were killed, by the severe weather of February, but those completed in the spring are now in fine condition and promise a good crop.

Corn—Corn planting has been greatly retarded by unfavorable weather, and much of it remains to be planted. In a few counties the corn is now in progress, some corn is up to a good stand, and a few fields are ready for their cultivation.

Cotton—On account of wet weather but little has been accomplished in the way of planting. Preparations for this work have, however, been in progress, and with favorable weather there will be great activity along this line soon.

Gardens, Potatoes—Gardening has been delayed by wet weather, and some truck has been damaged by excessive rains. In general, however, this workable truck is being marketed in coast counties. The continued wet weather is progressing satisfactorily.

Miscellaneous—Some rice land has been prepared for seeding, and some seeding has been done. The planting of sugar cane is in progress. Pastures are generally improving, and stock is recovering from the effect of the severe winter. Alfalfa is doing well and is ready for cutting in some localities. The prospects for fruit appear to be excellent. A fair to good crop of strawberries is ripening, and some have been placed on the market.

### BENNETT ORDERS HIS BEER BY CABLE

Owner of New York Herald Has Schlitz Shipped to Ports His Yacht Will Touch

MILWAUKEE, Wis., April 4.—James Gordon Bennett, owner of the New York Herald, traveler, yachtsman and all-around connoisseur, is one of the more recent admirers and patrons of one of the more recent productions which have from time to time been credited, in all parts of the universe, with "making Milwaukee famous." Mr. Bennett seems inclined to order direct. When he wants a supply of articles for his yacht, Lysistrata, he knows how and where to get them, and a cablegram is liable at any time to arrive from some far-distant port, signed James Gordon Bennett, and containing minute directions for shipment.

### HE LIKES MILWAUKEE BEER

Some time ago, when Mr. Bennett, with a party of friends, was preparing for a long cruise on his yacht, he ordered a stock of the Schlitz Export brand placed on the boat at New York. It is now evident that Mr. Bennett is disposed to stick to this particular brand, and the Schlitz Brewing company is at present filling orders direct from its Milwaukee fountain head, which supplies go direct to foreign ports, where it will find the traveler at certain dates.

### CAN NOT COMPETE WITH ENGLAND

At various European ports where the Bennett yacht put in, supplies of the Schlitz beer of the brand stated were ordered on board. Later the Schlitz company received a cablegram from Mr. Bennett requesting the name of the company's representative in England. The company replied that it had no representative in Great Britain, inasmuch as it was next to impossible for American brewers to compete with the English breweries, in point of price, where labor, glass bottles, etc., are much cheaper. The company added, however, in its reply

### POLICE OFFICER'S ASSAILANT DEAD

LODZ, April 4.—The would-be assassin of Police Commissioner Scabulowicz, of the second district (who was seriously injured Saturday afternoon by a bomb which was thrown at him in the streets), is dead. He never regained consciousness after being cut down by the policeman who arrested him. Considerable excitement was caused at midnight by two Cossacks who attacked four pedestrians, killing two and wounding others. The governor general has prohibited the sale of revolvers. Gun dealers have been ordered to enclose all revolvers in sealed cases and are turning them over to the police.

**"I am well now and enjoying better health than ever before in my whole life."**

That is the statement of a woman who had never been well until she was made well by the use of Dr. Pierce's Favorite Prescription. There are a great many other women in like case. They have always been sufferers from disease. They have never known the joy of perfect health.

For all such women Dr. Pierce's Favorite Prescription holds out the prospect of perfect and permanent health, by the cure of the womanly diseases which weaken women. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

It gives me pleasure to let you know of the great benefit received from Dr. Pierce's medicine and the advice which you so kindly sent," writes Mrs. Bertie Parker, of Boutham, Pannin Co., Texas. "I took your 'Favorite Prescription' and followed your advice regarding the 'Lotion Tablets' and am cured. I had been treated by different doctors and spent hundreds of dollars for treatment and medicine, but received very little relief. I have only spent seventeen dollars and fifty cents for your medicine and it has cured me in three or four months of ulceration and falling of uterus. I suffered severe misery in my back, also irregular periods. Had bearing-down in lower portion of body and great pain all through my body. Pain in uterus was very severe. Had smothering spells, breath was very short all the time, had pain in my shoulders, bowels constipated. I am well now and enjoying better health than ever before in my whole life. Am happy to tell you that I was cured by your good advice and good medicine, the 'Favorite Prescription' and 'Lotion Tablets.' Pleasant Pellets cured me and will cure others also."

The dealer who offers a substitute for "Favorite Prescription" does so to gain the little more profit paid on the sale of less meritorious medicines. His profit is your loss, therefore accept no substitute. Dr. Pierce's Pleasant Pellets regulate the bowels.

**DENVER Jockey Club**  
Western Jockey Officials Grant Membership—St. Louis Dates Changed

CHICAGO, Ill., April 4.—A readjustment of the racing dates for the St. Louis tracks so that as much racing as possible can be had before the anti-racing bill in Missouri goes into effect, and the admission of the Denver Overland Racing Association to membership was the principal business transacted here yesterday by the board of stewards of the Western Jockey Club at their monthly meeting.

The local racing situation, which is still in a tangle on account of the war between the American Turf Association and the other organization, was not discussed, according to Secretary Woodruff of the Jockey Club. The local racing season begins at Worth the latter part of this month. This track has joined issues with the American Turf Association, but before leaving the other organization had been granted racing dates by the Western Jockey Club. At the meeting at Worth begins before next month's meeting of the stewards of the jockey club, in all probability a special meeting will be called, when some sort of an arrangement will be made that will prevent a fight among the local tracks. This will be necessary if there is to be any racing here this season, as the tracks in Illinois, although allowed to keep their gates open for the last few years, would be forced to close down should they become involved in a fight.

The new racing dates allowed the St. Louis tracks follow:  
Kinloch Breeders' Association, April 15 to 28 inclusive.  
Delmar Jockey Club, April 29 to May 19 inclusive.  
St. Louis Fair Association, May 20 to June 19 inclusive.

You can have your eyes examined free by Chas. G. Lord, the reliable optician of Fort Worth. Don't delay, for delays are dangerous.

**MAGNOLIA AVENUE CONDITIONS**  
To The Telegram.  
FORT WORTH, Texas, April 3.—The small culvert under the street car tracks on Magnolia between Galveston and St. Louis avenues, is supposed to conduct the water which falls as far south as the standpipe (five blocks) and between Main street and Jennings avenue.

It is a frequent occurrence during an average day for the water to back up and attain a depth of three feet or more. Time and again I have seen it rushing over the car tracks for 150 feet and from one to twelve inches deep.

One time I saw a bale of shingles floated by the back of the property just south, rush over the track without a stop, and it was seventy-five feet west of the culvert when it went over the track. I have seen at several times the street cars hesitate to proceed on account of the volume of water rushing over the track. This is the fifth week and with the last rain, which will add another week to the time since a buggy or delivery wagon has been able to approach track than the street car tracks on the sidewalk on the south side. Where it is impossible to approach the sidewalk has been graded and gravelled, but at the present time the gravel is several inches under the mud which has washed down over it. A plumber was engaged to put in the water works at the house, No. 397 Magnolia avenue. He put in his application to the city water works for the tap and meter. It was three weeks before the city undertook the job. Why such time was required I can't say, but when they undertook the job they had to tunnel under the street car track four feet in order to get the pipe a foot under the ground on each side of the track.

It is an every-day occurrence to see wagons bog down on the north side of the culvert. The picture of the culvert in last Sunday's Telegram is good, but can't compare with the true state of affairs. Just before the cattlemen's convention there was a nice little article in the paper requesting the citizens to clean up their premises to help the appearance of the city, and many did so, but what could be done at this point where there were thousands of the visitors passing on the street car each day and many could hear it was a disgrace for a city like this to be in such a state.

Very respectfully,  
A SOUTH SIDER.

Four freight cars and six locomotives were ditched, the fireman of the engine was slightly injured. He was taken to Baird. The cause of the wreck is attributed to persons tampering with the switch.

**Gov. Herrick Meets Lawmakers**

Ohio Executive Delivers Short Address to Members of the Texas Legislature

Special to The Telegram.  
AUSTIN, Texas, April 4.—Governor Myron T. Herrick of Ohio today addressed the Texas legislature. He said he was pleased to see that men could rise above partisanship after the heat of the political contest and aid the man who is trying to do right. Governor Herrick touched upon the subject of great wealth and declared the people were learning more and more to honor wealth only if acquired honestly.

United States Senator Joe Bailey welcomed Governor Herrick and his party to Texas. Senator Bailey then delivered a short speech. He asserted that there were many republicans in Texas voting the democratic ticket and many democrats in Ohio voting the republican ticket. He applauded them for the strength of their convictions. Governor Lanham also delivered a short address.

**WILLIAMS BILL ACTION DEFERRED**  
Address by Governor Herrick Prevents Work on Senate Amendments

Special to The Telegram.  
AUSTIN, Texas, April 4.—There was quite a fight in the house today over the amendments tacked on to the Williams intangible tax bill when that measure came up for concurrence by the house in the senate amendments.

Representative Love of Williamson and Dean declared they would never consent to vote for a tax bill which did not include the Pullman Company and the telephone companies. Governor Herrick was introduced before action was taken on the senate amendments.

The senate passed finally today by a vote of 16 to 10 the Southern Pacific merger bill, which provides for the absorption by that road of several other Texas lines. The bill now goes to the governor for approval.

**NEGRO KILLS WIFE THEN SHOOT HIMSELF**  
Jealousy Reported to Have Been Motive for Double Tragedy at Austin

Special to The Telegram.  
AUSTIN, Texas, April 4.—William Dodson, 30 years of age, a negro musician, killed his wife, aged 27 years, this morning and then killed himself at the residence of Jim Crawford, in East Austin.

He met his wife at the Crawford house and is reported to have said: "I'm going to kill you," and without any further preliminaries to have begun shooting with a six-shooter. He shot the woman six times in the body and the wounds would have proven fatal.

He then placed the weapon to his breast and sent a bullet through his heart. Both died instantly. Jealousy is said to have been the motive.

**ROJESTVENSKY SAILS FOR VLADIVOSTOK**  
Writes Wife That Departure From Madagascar is Final, But Gives No Hint of His Route

ST. PETERSBURG, April 4, 2 a. m.—A letter from Vice Admiral Rojestvensky to his wife, which has just been received here, indicates that the departure of the second squadron from Madagascar waters is final, and that it is now on the way to Vladivostok.

In the letter the admiral wrote that the sailing of the squadron had been fixed for March 19, but naturally he avoided mention of the route which it is intended to follow on the voyage eastward.

The admiralty has admitted knowledge of this move of Admiral Rojestvensky, and stated that no contrary orders had been sent him. It is understood that a rendezvous with Admiral Nebatoff's division of the Baltic squadron is not contemplated.

**MAN HAS NARROW ESCAPE IN RIVER**  
Richard Picton Saves Himself, but Horse Is Drowned in Trinity

In an attempt to ford the Trinity north of the city Monday evening, Richard C. Picton of this city narrowly escaped drowning. The horse he was driving becoming unmanageable in the current, swollen by the recent rains, Picton succeeded in clearing himself from the floating buggy, while the animal was swept down stream to its death.

Picton formerly lived at 1406 East Railroad avenue but has since moved to the extreme south side of town.

**ENGINEERS BUSY ON THE DALLAS DAM**  
DALLAS, Texas, April 4.—A government engineer and a gang of men have been working for the last three weeks just below McCommas' Bluff taking soundings and making specifications for the first dam and lock which will be located on the river below Dallas. They have been delayed in their work to some extent by the high water but as soon as the river becomes low enough for them to work steadily great headway is expected to be made.

This means that as soon as the \$66,000 is raised by the citizens of Dallas work will at once begin on the improvement of the river. This will, without doubt, be very good news to the large number of local Dallasites who have been working for years for the improvement of the river and will be received by them with joy.

The engineers have been very quiet about their work and the fact that they have been here for three weeks will be quite a surprise to the Dallasites. As above mentioned, their work has been delayed to some extent because of the fact that the river has been higher than usual during the last few weeks.

**NEW JERSEY TO ASK CURE FOR LOBBYISTS**  
Reported That Legislative Committee Will Go to Missouri to See Governor Folk

NEW YORK, April 4.—Assemblymen Alexander, Colby and Robbins of the New Jersey legislature will, it is reported, start for Missouri in a few days, as a committee, to ask Governor Folk to suggest the best manner of barring lobbyists from the house and rendering their work null.

Lobbyists have been worrying the New Jersey legislature for years, and it is now proposed to get rid of them if possible.

**A. P. SPRINKLE DIES AGED 81**  
Had Lived in Texas Twenty-One Years—Funeral Held This Afternoon

A. P. Sprinkle, aged 81 years, one of the old settlers of Tarrant county, died at the Richelle hotel shortly after 1 o'clock this morning. He had been in declining health for several months.

Mr. Sprinkle was a native of Virginia, but had lived in Texas for the last twenty-one years. He is survived by a widow and six children, all of whom reside in this city. The children are: W. H. Sprinkle, B. F. Sprinkle, J. B. Sprinkle, T. B. Sprinkle, Mrs. D. V. Ivey and Mrs. Kate Blanton.

The funeral was held from the Richelle hotel this afternoon. Rev. J. A. Whitehurst officiated. Interment was made in the city cemetery.
