OFFICIAL JOURNAL OF THE CITY OF FORT WORTH

VOL. XXI. NO. 296

FORT WORTH, TEXAS, TUESDAY, APRIL 25, 1905

5 O'CLOCK EDITION

PRICE FIVE CENTS

4 DEAD IN TRAGEDY AT HEMPSTEAD

Congressman Pinckney, His Brother, Prominent Lawyer and Farmer Killed at Meeting in Courthouse

TWO OTHERS WOUNDED BUT WILL RECOVER

Difficulty Arose During Discussion of Petition to Governor for Stationing Rangers in the County

Special to The Telegram.

HEMPSTEAD, Texas, April 25.—Four of Waller county's leading citizens, including Congressman John M. Pinckney, are dead and one is wounded, as the result of a shooting affray in Waller county court house here last night, at a meeting held for the purpose of discussing the formation of a law and order league.

The dead: CONGRESSMAN JOHN M. PINCKNEY.

CAPTAIN H. M. BROWN, ATTORNEY T. I. PINCKNEY, JOHN MILLS, farmer.

The injured: Vladimir Brown, son of Captain H. M. Brown, wound slight; R. E. Tompkins, private secretary to Congressman Pinckney, scalp wound. Today Adjutant General Hulien and six rangers are here. Everything is quiet. Waller county has just held a prohibition election, in which the prohibitionists have won by a good majority. On the day of the election three or four state rangers were put at the polls at the solicitation, it seems, of the sheriff. After the election several of the most prominent citizens began the circulation of a petition to the governor to place a number of rangers divided out to different places in the county and to remain indefinitely. It was stated in no uncertain terms that the county officers were failing to do their duty and gave this as the sole reason for asking this protection. It was asked that these rangers be sent by the governor on the petition of the people and that they enforce the laws.

Last night was the time appointed for the last meeting of the Waller county prohibition League to meet and wind up the affairs of the recent campaign and disband. It was proposed and decided to ratify the petition as a body. Considerable speaking was done over the matter, some of which was not altogether along this line. It was moved and seconded that the petition be indorsed.

Captain H. M. Brown had spoken at length and had been responded to by Congressman John M. Pinckney. Captain Browne had taken his seat and R. E. Tompkins had gained the floor. Captain Brown continued to try to gain the floor, and seemingly trying that his efforts were in vain, indulged in some language which was objected to by the gentlemen who were present and had friends and relatives among the few ladies who were also present. Brown clutched at the coat of Tompkins and this seemed to be the signal for a general mix-up. About one hundred men were present and in a moment all were in very close quarters when the scuffle began, and almost immediately firing began from at least half a dozen guns.

After a degree of order was restored it was found to the horror of those assembled that several of the best citizens of the county had been killed. John M. Pinckney was elected to congress at the last regular election by the democrats of the Eighth district, and is only recently back from Washington. He was about 60 years of age and single. He leaves a brother and one sister to mourn his loss. Thomas D. Pinckney was a brother of the deceased and had been engaged in the practice of law in this county.

SECRETARY CURL CRITICALLY ILL

Head of State Department Reported in Dying Condition at Austin

Special to The Telegram.

AUSTIN, Texas, April 25.—Secretary of State J. R. Curl is reported to be in a dying condition at the seton infirmary, where he has been for the past several weeks. He is not expected to live through the night.

HOUSE ON TAX BILL.

The house spent the entire morning session discussing the bill to raise the ad valorem tax rate, nothing new developing in the argument. At noon a motion was made by Representative Terrell of McLennan county to postpone further consideration until next Friday, which prevailed by a vote of 51 to 50. Upon verification of the vote Mastererson of Geary claimed he had been recorded as voting no. His vote was allowed. That tied the vote, and the motion to postpone was lost. The bill is still pending.

The senate had a bare quorum this morning. Per diem and contingent expenses bills passed finally.

Both branches of the legislature adopted an invitation to attend a vaudeville performance and barbecue given by the citizens of Austin next Monday at Hyde Park.

The governor nor adjutant general's department received any news from Hempstead today. Adjutant General Hulien and several rangers are at the scene of the trouble, and as no advice has been received here today, it is believed that matters have quieted down.

Governor Cummins Here

Governor Cummins of Iowa, who has been in south Texas several days, returned to Fort Worth in his special car over the Central at 8:25. His car was transferred to the Rock Island and left for the north at 8:35.

JAP WARSHIP BADLY DAMAGED

German Cruiser Reports Sighting Crippled Vessel in Formosa Straits

RUSSIAN FLEET DIVIDED

Part of Ships Still Near Kamranh Bay—Nebogatoff Not Heard From

TSING TAU, April 25.—The German cruiser Sherber reports having sighted April 22 in the strait of Formosa, a Japanese man of war towing another one which was badly damaged.

Russian Fleet Scattered

TSING TAU, Shantung Peninsula, April 25.—Positive confirmation has been obtained here of the statement that the Russian squadron left Kamranh bay April 22, and the Russian cruiser Svetlana, the Russian hospital ship Orei and fourteen transports are still off Kamranh bay. The division of the Russian squadron commanded by Admiral Negogatoff has not joined the main squadron commanded by Admiral Rojestvensky up to today.

Togo Near Masampo Bay?

TOKIO, 6 p. m., April 25.—It is reported from Korea that Admiral Togo with the major part of his squadron is at Masampo bay near Fusan, Korea.

Suspected Spy Arrested

SINGAPORE, April 25.—A Russian giving his name as Vladimir Antonvitch, but carrying a passport made out in another name, has been arrested on the fortified island of Brani and arraigned here today on a charge of being on government property without authority. He was remanded for a week.

Antonvitch, who does not speak English, was residing with a non-commissioned officer of the ordnance department. It is popularly supposed Antonvitch is a spy, but the authorities say no incriminating papers have been discovered.

ty for over twenty years. He was a few years the junior of his brother, Captain H. M. Brown was one of Hempstead's oldest and most respected citizens. He, too, had been engaged in the practice of law in this county for a great number of years and had always been connected with the public life of the county. He leaves two sons and three daughters.

Roland Brown was the son of Captain Brown and a young man of about 22 years of age. R. E. Tompkins is a highly respected citizen and was private secretary to Congressman Pinckney.

Roland Brown and R. E. Tompkins, wounded in last night's shooting affray, are reported resting well. It is not known who fired the first shot.

TAX BILL IS NOW PENDING BUSINESS

Advocates of Immediate Consideration Win a Victory in the House

APPROPRIATE \$6,500,000

Estimated That Aggregate in General Bill Will Be Kept Under \$7,000,000

Special to The Telegram.

AUSTIN, Texas, April 5.—The debate in the house yesterday on the motion to postpone consideration of the ad valorem tax bill developed the lines upon which the members differed very clearly.

There was an element that contended that the house should have before it the bill to be reported by the finance committee before any intelligent action could be taken on it. In other words, the house should know how much money had been spent before they could possibly know how much they were required to raise.

The other faction, which insisted on immediate consideration, contended that the house should act on the bill at once, fix the levy now, so the finance committee could estimate the amount of revenue that state would receive the next two years and shape its course accordingly.

Those who favored immediate consideration won out in the fight, and this bill is now pending business. It was stated on the floor of the house yesterday several times that the aggregate of the bill the committee on appropriations would report would be \$6,500,000, and in no extent would it exceed \$7,000,000.

It was further stated that the bill would be ready to present to the house next Friday.

THE COMMITTEE REPORTS

The committee on revenue and taxation reported a bill to the house yesterday providing for an increase in the tax levy to twenty-five cents on the one hundred dollar's worth of property for the year 1905, and annually thereafter of 16 2-3 cents.

Mr. Cobbs offered an amendment striking out all except the caption of the bill and insert a provision raising the rate to 25 cents for 1905 and 20 cents for 1906.

The house now has four propositions before it for consideration. First, the committee bill increasing the rate to 25 cents for 1905 and 16 2-3 cents for 1906.

Second, report of minority member on increasing it to 20 cents for 1905 and 16 2-3 cents thereafter.

Third, minority report number two opposing any increase above the present rate.

Fourth, Judge Cobbs' bill increasing the rate to 25 cents for 1905 and 20 cents for 1906.

In addition, it is quite probable when the bill is before the house, proper amendments will be offered fixing the rate to adjust every other rate possible of expression by the digits.

COURT PASSES ON RIPARIAN RIGHTS

AUSTIN, Texas, April 25.—The supreme court yesterday reversed and remanded the case of the Watkins Land Company vs. E. Clements, from Reeves county, which is one of the most important decisions yet handed down touching riparian rights and the question of irrigation.

E. Clements instituted this suit in the district court of Reeves county against the Watkins Land Company and others named. He alleged in substance his own strip of certain lands riparian to Toyah creek, which was a well defined stream, and that such lands are situated within the arid portion of Texas, which requires irrigation for the purpose of agriculture.

It is alleged by plaintiffs that for many years he had irrigated his lands from the waters of this stream, and that the water had been diverted to unlawful uses, whereby he had been deprived of a sufficient supply, and the petitioner prayed for an injunction restraining the defendants from unlawfully diverting such waters for improper use.

The case was tried before a judge who filed conclusions of fact from which the court in its opinion makes up a statement, which is sufficient to make its statement, which is sufficient to make its statement, which is sufficient to make its statement.

The opinion, which was written by Judge Brown, refers to a number of decisions bearing on subjects of this kind and concludes in these words: "Plaintiffs have not the right to apply all the water flowing from Toyah spring along that creek to their riparian lands, but have a right in common with others to make reasonable use of the water. Neither have they the right to appropriate any of the water to non-riparian land entitled to the use of the water. Nor has either of them the right to sell water to others to irrigate lands not riparian."

"This opinion does not apply to irrigation condemnation proceedings under the statutes regulating such proceedings, nor the lands which have been granted or sold by the state since these certain waters were enacted, which declare certain waters to belong to the public." "The judgment of the court of civil appeals is reversed and the cause remanded to the district court."

In a pinch, use ALLEN'S FOOT-EASE.

Japanese Gunners on one of Admiral Togo's Powerful Cruisers Awaiting Command to Fire

THIS PICTURE WAS TAKEN ON BOARD THE "ASAMA," ONE OF JAPAN'S MOST POWERFUL CRUISERS, JUST BEFORE IT SAILED WITH TOGO'S FLEET TO MEET ROJESTVENSKY.

FLOODS TIE UP THROUGH TRAINS

Unusual Rains in New Mexico Prevent Traffic on Santa Fe Near Gallup

GALLUP, N. M., April 25.—No through trains have been run in either direction on the Santa Fe for the past twelve hours and the prospects for immediate repairs of the break in the line between Blue Water and Granite are very poor. The track for nearly half a mile is washed out. It has been raining almost continuously for the past sixty hours. Overland train No. 2, which left Los Angeles, is held up at Gallup and other eastbound trains are at Seligman on account of a wreck at Crookton early today, caused by the soft tracks.

The engineer and fireman of passenger train No. 8 were killed in the wreck.

HEAVY RAINS CONTINUE

General rain throughout the state followed Sunday's downpour. The heaviest precipitation occurred at Houston, where 2.42 inches fell. Brehman came next with 2.52 inches fell. Brehman came next with 2.52 inches fell.

K. P. GRAND LODGE OPENS SESSIONS

Mineral Wells Crowded With Visitors From Every Part of State

Special to The Telegram.

MINERAL WELLS, Texas, April 25.—The fight for the Pythian Widows and Orphans' Home has already begun badges, arguments, delegations and bands being crowded in the streets and about the convention hall in every direction. Fort Worth's delegation, about two hundred strong, arrived here Monday evening and established headquarters at the Chautauqua building, from which point they are carrying on the fight for their city.

Weatherford and the Bell county delegation are also here in large numbers and starting their fight. Opinion seems greatly divided as to the proper location and it is believed the fight in the convention will be a long and bitter one.

The grand lodge was called to order this morning promptly, the first matter taken up being the addresses of welcome by Mayor Highsmith and Albert Stevenson, followed by the ritualistic opening of the meeting.

Initiatory work by the Rathbone Sisters is announced for tonight.

GENERAL CHAFFEE INSPECTING FORTS

Chief of Staff of U. S. Army Promises Speedy Convocation Here en Route to Fort Sam Houston

Leutenant General Adna R. Chaffee, chief of staff of the United States army, accompanied by General C. F. Humphreys, quartermaster general; his aide, Captain Grote Hutchison, and his secretary, E. E. Davis, arrived in the city this morning over the Rock Island from the north, continuing a few hours later for San Antonio over the Katy.

General Chaffee when seen in his car said that this was his first visit to Fort Worth since 1885, when he was stationed at Jacksonboro.

"This country then was nothing, but prairie," said the general. "Dallas, with several hundred people, was the largest town in the state. We brought our supplies along the trail which lead through Fort Worth."

"To say that the country has changed marvelously is putting it mildly," he continued. "Where there was practically nothing then you have everything now. I had a brief opportunity to visit part of Fort Worth this morning and saw what a prosperous city you have."

In speaking of his tour of the state General Chaffee said that he would arrive at San Antonio this evening; from there to Fort Brown, thence to El Paso and the forts along the Rio Grande frontier; then to Arizona, returning to Washington by way of Albuquerque, N. M.

He said that his tour was merely one of inspection and not of special significance. No further improvement or enlargement of Fort Sam Houston is in contemplation, he announced.

WALL ST. KINGS DECLARE TRUCE

Rockefeller, Morgan and Hill Said to Have Reached Agreement

NEW YORK, April 25.—A harmonizing of powerful and recently antagonistic interests in the financial world has been accomplished, says the Times today, which probably will check the ambitions of certain Pacific railroad interests.

It is learned from excellent sources, the paper continues, that an understanding has been reached by the so-called Rockefeller interests, the Morgan interests and the Hill interests, by which the holdings of the Union Pacific stock of these men and their friends will be voted as a unit for purposes of deciding all questions affecting not only this property, but its relations to other railroads as well, and that as a consequence of such understanding it is probable \$100,000,000 issue of preferred stock of Union Pacific may not be authorized at the meeting which is to be held on May 5 at Salt Lake City. All the men directly concerned in the matter decline to talk about it for publication or to make any direct statement.

COMMISSION CUTS RATES ON COTTON

Tariff Sheet Providing for 5 Per Cent Reduction Per 100 Pounds Prepared

MEANS LOSS TO RAILROADS

Estimated That Effect Will Be Decrease of Over \$500,000 in Net Earnings

Special to The Telegram.

AUSTIN, Texas, April 25.—The railroad commission of Texas has reached the conclusion that the revenues of the railroads of this state warrant a reduction in the freight rate on cotton of 5 cents per hundred pounds, and they have in course of preparation a tariff, which in a few days will be promulgated, making the maximum common point rate to Houston 45 cents, and to Galveston 55 cents. This will have the effect of preserving the Houston-Galveston differential as it has existed for a long period of time, and the existing rules and regulations and charges for the cost of compression will remain undisturbed.

REDUCTION HAS BEEN GRADUAL

The railroad commission of Texas has, for many years, been of the decided opinion that the rate on cotton in this state ought to be reduced, especially when compared with the rates on the same commodity made by governmental authority in some of the other states, and rates voluntarily made by the railroads; and this opinion of the commission is evidenced from the fact that in 1894 the maximum rate on cotton in Texas to Galveston was 70 cents per hundred pounds, and a reduction in that year was made by the railroad commission to 65 cents. This was followed in 1897 by a further reduction of 5 cents, making the maximum rate to Galveston 60 cents per hundred pounds. Again in 1898 the railroad commission promulgated a tariff sheet which brought the rate on cotton to 55 cents per hundred pounds to Galveston and 60 cents to Houston. Immediately upon the issuance of this tariff, and before the same became effective, it was enjoined by a restraining order issued from the Federal court, as well as all other tariffs promulgated by the commission. The effect of that restraining order was to advance the rate on cotton to Galveston to the rate that was in existence before the rate was promulgated by the railroad commission, to-wit: Seventy cents per hundred pounds. Not only that, but there was a sharp increase in the rates on practically all commodities shipped within the state of Texas. There was a compromise of this litigation, by the terms of which the proposed rate of 56 cents on cotton to Galveston was canceled, and the rate of 1897, to-wit, 60 cents, was restored, and there was an estimated increase on all other existing tariffs on other commodities of approximately 5 per cent; all of which were made effective March 10, 1899. Since that time the commission has been steadily in mind a disposition to reduce the rate on cotton whenever the revenues of the carriers would justify and fairly warrant same.

It is true that there has been considerable increase in the gross earnings of the railroads of this state, and it is true that there has been some increase in the cost of operation; and it is likewise true that in the meanwhile there have been large expenditures in the way of betterments and additions, and the acquisition of modern and needed equipment for the handling of the business of the state.

It is very significant that the emperor used the words, "convocation of representatives of the people," thus going beyond expressions employed in the receipt and setting at rest all doubt as to his meaning.

The Novoe Vremya hails the new assurance with much satisfaction, saying: "These words spread over Russia like a great consolation. They tranquilize the yearnings of all classes of society, even where the hope is being crushed by impatience and under the influence of ridicule expressions employed in the receipt and setting at rest all doubt as to his meaning."

The Moscow Gazette published the emperor's statement under a double eagle and said: "Now let all Russia's well wishers cease their jeremiads against the convocation of the representatives of the people."

REPORT KUROPATKIN WILL RETURN HOME

St. Petersburg Newspaper Says He Will Be Succeeded by Baron Kaulbars

ST. PETERSBURG, April 24.—The Russ formally denies that M. Witte has resigned the presidency of the committee of ministers. The paper explains he is worn out with work and in urgent need of rest, but insists that he has not resigned. In financial circles it is reported that M. Witte may accept the management of the Russo-Chinese bank.

The Bourse Gazette publishes the report that General Kuropatkin, commander of the First Manchurian army, will return from the front and be succeeded by General Kaulbars, commander of the Second Manchurian army.

Japanese Guarding Straits

NEW YORK, April 25.—The Northern waters of the Sea of Japan, the Tsugaru Straits and La Herouse Straits are illuminated every night by the searchlights of Japanese torpede boats, cables a Herald correspondent at Shanghai. The object is to prevent the passage of the Vladivostok squadron.

Blockade running to Vladivostok has ceased, owing to the vigilance of the Japanese.

The only foreign visitors in Nagasaki are the captains of captured ships attending the prize court at Sasebo.

The Japanese fleet is now probably to the south of Formosa, awaiting Admiral Rojestvensky.

ARMY CHAPLAIN

SEVERE KIDNEY AND BLADDER TROUBLE.

HALF OUR ILLS ARE CATARRH.

Thousands of People Have Kidney Trouble and Don't Know It Is Catarrh.

Mr. David L. Jaycox, Chaplain Clarinda, I. O. G. T., and Chaplain G. A. R., 865 Broadway, Oakland, Cal., writes:

I am an old war veteran. I contracted severe bladder and kidney trouble. I spent hundreds of dollars and consulted a host of doctors, but neither did me any good.

They have doctored with every conceivable drug, have consulted all schools of medicine.

It was not until Peruna came into use, however, that these old soldiers found a remedy that would actually cure them.

More cases of catarrh of kidneys and bladder have been cured by Peruna than all other medicines combined.

Address Dr. S. B. Hartman, President of The Hartman Sanitarium, Columbus, Ohio, and he will be pleased to give you the benefit of his medical advice gratis. All correspondence held strictly confidential.

Hundreds of war veterans have kidney and bladder trouble.

Impure drinking water, sleeping on the ground, and all manner of exposures to wet and cold weather produced catarrh of the kidneys and bladder.

NORTH FT. WORTH TO IMPROVE ST.

Expenditure of \$5,000 Will Be Discussed at the Council Meeting Tonight

At the regular meeting of the North Fort Worth city council to be held tonight plans for the permanent improvement of Main street will be submitted by the streets and alleys committee and the city engineer, in compliance with the resolution passed at the last meeting.

Major Pritchard, it is announced, will make appointment of council committees, changes being made necessary by the recent election.

No applications have as yet been filed with the city secretary for candidacy as school trustees, although it is understood all the present trustees will stand for re-election.

Injured Cow Left to Die. Complaint has been made to the Fort Worth Humane Society of the condition of a cow found lying near the Main street bridge south of the Cotton Belt crossing and between the Rosen Heights car line tracks and the fence early Monday morning.

So far as can be learned the animal was given no food nor water nor other attention all day Monday. It had evidently been struck by a car and thrown to one side, or had been struck and dragged itself to the place where found.

Employees of each street car company passing the place where the animal is lying say the other line is responsible for the accident.

Attorney Miller of the Humane Society said this morning that until the charter of the society had been secured it would be impossible for them to kill the animal without making the members of the society liable for damages.

Officers of North Fort Worth said that an investigation as to the cause that could be taken by the city was being made this morning.

NOTES AND PERSONALS. R. W. Hayward and wife, formerly Miss Leam Miller of Cleburne, whom he married at her home in that city Sunday, are at home at Fourteenth street and Clinton avenue.

Misses Ollie and Erin Huff of Venus are visiting Miss Alta Smyth of North Fort Worth.

DEADLOCK THREATENS IN AUDITOR'S RACE. Total Applicants for New County Position Swelled to Twelve By Late Candidates.

It is learned today that the additional applicants for the position of county auditor, in conformity with the law just passed, has made the total applicants number a dozen. It is further said today that a "dead lock" is likely to ensue and that it will be some time before an appointment is made.

It is understood today that there is not likely to be a union of the two district judges and the county judge on an appointment. Each judge, it is learned, has decided opinions regarding the candidate to be chosen and the deadlock may be continued indefinitely.

ORIENT PROMISES GRADING AT ONCE. San Angelo Committee, Sent to Interview Stilwell, Reports Proposition.

Special to The Telegram. SAN ANGELO, Texas, April 25.—Messrs. Hudson and Baker, the committee appointed by the San Angelo citizens to go to Kansas City and confer with President Stilwell, have returned and submitted a proposition from the Orient, which is regarded as a liberal one and which, in short, is as follows:

The Orient agrees that if an extension of two years' time is granted on the bonus subscribed by San Angelo, the road will commence grading work at once between here and Sweetwater on the uncompleted portions and will expend \$60,000 in grading work in six months; that it will have the grading work completed in twelve months; that in eighteen months it will have the road completed to Sweetwater; that in two years it will have the road completed to Kansas City and running trains from Kansas City to San Angelo. Failing this, the Orient will forfeit its bonus of \$50,000 from San Angelo, the right of way in Tom Green county and depot and shop grounds.

McLENNAN COUNTY WANTS BETTER ROADS. Plans Issuance of \$500,000 Bonds for Increase of Advolorem Tax.

WACO, Texas, April 25.—Petitions will be circulated this week, and next asking for an election in this county to see whether \$500,000 in bonds should be issued or whether an ad valorem tax to the limit of the law, which is 30 cents on the \$100 valuation, shall be levied.

Sarsaparilla. Your doctor will tell you why he prescribes it for thin blood, weak nerves. He will explain why it gives strength, courage, endurance. Sold for 60 years. Lowell, Mass.

Suffering Women Cured

Grateful Mrs. Dawson, Restored to Vigorous Health by Duffy's Pure Malt Whiskey, Heartily Recommends Its Use to All Women Who Suffer From Nervous Break-Down.

For over a year I have suffered intense agony from nervous debility and prostration. I could neither eat nor sleep and was reduced to a mere shadow. The doctors recommended various kinds of treatment, none of which helped me. They finally put me on your Duffy's Pure Malt Whiskey, and in two months it has completely restored me to health. I am able to sleep, my appetite is good and I have gained rapidly in flesh.

I am very thankful to be able to recommend your medicine to all sufferers.—Mrs. A. Dawson, 310 Pleasant Ave., N. Y. C.

Duffy's Pure Malt Whiskey

Builds up the nerve tissues, tones up the heart, gives power to the brain, strength and elasticity to the muscles, richness to the blood, and stimulates circulation. It brings into action all the vital forces, makes digestion perfect and enables you to get from food all the nourishment it contains.

CAUTION.—When you ask your druggist or grocer for Duffy's Pure Malt Whiskey be sure you get the genuine. It's the only absolutely pure medicinal whiskey and is sold in sealed bottles. On the label, and make sure the seal over the cork is not broken. Price, \$1.00. Duffy Malt Whiskey Company, Rochester, N. Y.

For Sale by H. Brann, 108 Main Street, Fort Worth.

CHURCH OFFICERS NAMED

St. Andrew's and Trinity Episcopal Churches Hold Annual Elections Monday Night.

Easter Monday elections were held at both St. Andrew's and Trinity Episcopal churches Monday night, reports of officers and election of guild officers also taking place.

At St. Andrew's church the election resulted in the choice of the following vestrymen, who will Friday name the church officers: B. D. Shropshire, B. A. Rose, John F. Rogers, Augustus Foute, Edward Toogood, E. H. Lingo, H. A. Judd and Mr. Lisle.

At Trinity church officers were elected and delegates to the diocesan council to be held in Dallas named. The former were: Senior warden, S. G. Dickerson; junior warden, W. T. Hill; vestrymen, A. A. Billingsley; treasurer, Mrs. J. H. Parunn; clerk of the vestry, O. J. Warren. Delegates named were M. T. Hill and S. G. Dickerson, with C. Henning and J. H. Bevan as alternates.

Grocers and Butchers to Meet

The Retail Grocers' and Butchers' Association will hold a meeting tonight for the purpose of hearing final reports on plans for the annual picnic May 11.

REAL NUTRIMENT. If all the people only knew that a pound of Egg-O-See contains more nutriment than two pounds of the best beef, and that it does not heat the blood, and is easily digested by the most delicate stomach, the few that are now wasting Egg-O-See would become users of this incomparable flaked wheat food.

It is steam cooked in air-tight sanitary vessels, where there is no chance for germs, and then crisped to a delicious brown.

CANADIAN RIVER FLOODS BRIDGES

Approach to Denver Railroad Crossing Injured by Storm, Is Being Repaired

It was today reported at the superintendent's office of the Denver road that the approaches to the bridge over the Canadian river, damaged by the storm of Sunday night, would be repaired some time during today so that traffic over the bridge could be resumed.

Bridge timbers were rushed to the scene by special train from Cleburne last night. General Superintendent Dolan has gone north to superintend the work.

The Frisco and Rock Island suffered small washouts on their lines, all of which have been repaired.

SANTA FE PLANS

El Paso and Albuquerque to Become Minor Points on Road. Both El Paso and Albuquerque are destined to lose their prestige which attaches to them as main-line stations on the Santa Fe on the way to the coast.

When the Belen cut-off is built. According to the latest reports the Santa Fe railway would go via Belen and Rio Puerco. The cut-off for their through traffic. The Rock Island will use the cut-off from Llanito to Belen, leaving El Paso practically on a branch line.

The Santa Fe will also build a large passenger and freight depot at Belen, a heavy eating house and a twenty-four stall round house.

Two thousand men are pushing the construction of the tracks of the cut-off and have orders to put in nineteen switch tracks at Belen.

It is believed, will be the most important railroad town in Central New Mexico. On May 1 the first issue of a weekly paper will make its appearance.

DAMAGE SUIT SETTLEMENT

Offer of Regular Scale for Eden-Coleman Rejected. The relatives of the victims of the railway wreck that occurred on the Denver and Rio Grande road at Eden, Colo., have rejected the offer of the railroad company to settle all claims on the basis of \$1,000 cash for the heads of families; \$75 for the wives and \$50 for the children.

Former Governor Charles S. Thomas of Colorado has been retained to represent the families who lost relatives in the great catastrophe. He will, in the next few days, file fifteen suits in behalf of those clients for damages in the sum of \$5,000 each against the Denver and Rio Grande road and the Missouri Pacific.

Out of the 171 cases against these two roads not more than three or four have been adjusted upon the terms proposed by the railroad companies.

YOKUM IN MEXICO

Seeks Concession for Road Running into Republic. B. F. Yokum, who is now in Texas, will visit Mexico before he returns to New York headquarters. It is said that Mr. Yokum will make an effort to secure a concession from the Mexican government for the construction of a road from Matamoros, opposite Brownsville, Texas, to Tampico, a distance of 225 miles.

Mr. Yokum says that he does not believe that the Mexican government will permit the exclusive concession now held by the National Railroad Company of Mexico to stand in the way in the event that it is made known that his company is desirous to build a road from Matamoros to Tampico.

INTERURBAN PLANNED

Contract Let for Dublin-Hamilton Electric Line. The contract has been signed for the building of the first division of the Dublin and Hamilton interurban electric railway, to be built between Dublin and Hamilton, a distance of thirty-five miles.

It is planned to build a second division of the road to run from Dublin to Thurber, a distance of forty-five miles. The route is through a thickly settled section of the state and a number of small towns.

GERMAN IMMIGRATION

Hamburg-American Agent on Regular Texas Trip. John T. Morgan, traveling agent for the Hamburg-American Steamship line, is in the city today talking "steamship business" to local railroad agents.

NOTES AND PERSONALS. The new Rock Island bridge over the Canadian river is to be opened today at Logan, N. M. The concrete foundations for the bridge were sunk fifty-five feet into the bed of the river and built to a height far above the high water mark, at which point the steel superstructure began. The bridge stands 135 feet high. The massive structure replaces the wooden bridge

that was washed out during the heavy floods of last September. H. U. Madge, general manager of the Atchison, Topeka and Santa Fe railroad, has confirmed the report that he has resigned and will become second vice president of the Rock Island May 1.

So great is the interest in camping aroused by the trip of the president to the state of Colorado that the Denver and Rio Grande railroad company, in order to answer the innumerable inquiries regarding hunting, fishing and outdoor life, has just issued in pamphlet form a guide to the most desirable camping places in the Rock mountain region.

W. R. Alberger has been appointed foreign freight agent for the Atchison, Topeka and Santa Fe coast lines, headquarters at San Francisco. The appointment was made by Edward Chambers, assistant freight traffic manager, effective April 15.

F. S. Brooks, assistant live stock agent of the Santa Fe coast lines, from south Texas, where he went to look after cattle shipments. James B. Morrow, traveling passenger agent of the Frisco at San Antonio, is in the city.

T. J. McDonald, city ticket agent of the Katy, is in Mineral Wells today pulling for Fort Worth in the matter of locating the Knights of Pythias Widows' and Orphans' Home.

Letters to The Telegram

WHY NOT "CIVIL WAR"? To The Telegram. An article appeared in Monday's Telegram to the effect that a son of a Confederate veteran had discovered that the term "civil war," which has been so long used to designate the internecine strife between the north and south, about forty years ago, is a truly improper and should be discontinued, and that the camp historian heartily commended the gentleman in the position he took, pledging another fourteen years of his life to assist in correcting this bit of history.

The discoverer of this historic error also took occasion to criticize several young, inexperienced student orators because in a little friendly contest they had used the unsatisfactory term "civil war."

To the people of meager education, and who are forced to rely upon dictionaries to furnish them the meanings of such simple words as "civil" and "war," it is not apparent just what is wrong with the term. Webster says that civil war is a war between different sections or parties of the same country or nation. The Century defines it as "War between different sections of one country, or between different factions of one people." The Standard seems to think it is a war occurring within the state or between citizens. Worcester, not knowing better, tried to describe civil war by saying, "In testing is opposed to foreign." All of these authorities have woefully misled the people as to the real thing.

If these gentlemen are sure they are right, and this long-used term is wrong, would it not be well first to get the lexicographers of the world right, so that the writers of our text-books may know the proper words to use; so that teachers in our schools, colleges and universities shall no longer lead the unsuspecting student in his search for truth into such grievous paths of error; so that the young orator, trying to do his best before a critical audience, shall be able to so fashion his expression that no harsh or unpleasant term will be used? W. D. THOMAS.

PAINFUL SCIATICA

EVERY SUFFERER WANTS THE VERY QUICKEST CURE. Mr. Donovan thinks the remedy used by him with such remarkable success is the Best—Cured by Five Boxes.

"Men who have to do difficult and dangerous work on electric lines at any hour of day or night, can't afford to have anything the matter with their health," said Mr. Donovan. You can imagine, therefore, how much I was alarmed one winter's day in 1902, when I was seized by a pain just behind my right hip that made it difficult for me to walk home. It was so bad by the time I reached the house that I was obliged to go straight to bed."

"Did that relieve you?" "No, the pain grew more severe and kept extending downward along my leg. I sent for a physician, and he soon decided that I had sciatica. In a few days the whole nerve was affected, and the least movement brought on terrible agony."

"Did your condition improve under the doctor's treatment?" "Quite the contrary. At the end of two months I wasn't a bit better, and at times I feared that I would never be able to leave my bed."

"How did you get out again?" "When I was lying in bed, unable to move and wasting away in flesh, a friend visited me and told me about the wonderful cures brought about by a great blood and nerve remedy, Dr. Williams' Pink Pills. He strongly urged me to try them, and I luckily had sense enough to take his advice."

"Did you mend quickly?" "Yes, that was the astonishing thing. I noticed a slight improvement before I had quite finished the first box of the pills. I could get out of bed while I was on the third box, and I was entirely cured by the time I had taken five boxes."

Mr. Joseph A. Donovan is living at Plaistow, New Hampshire, and is line inspector for the Haverhill, Newton and Plaistow Electric Street Railway. Dr. Williams' Pink Pills are the remedy to use when the blood is thin, as in anemia; or impure, as in rheumatism; or when the nerves are weak, as in neuralgia; or lifeless, as in partial paralysis; or when the body as a whole is ill-nourished, as in general debility. They are sold by all druggists.

Scott's Santal-Pepsin Capsules

A POSITIVE CURE. For Inflammation or Catarrh of the Bladder and Disease of the Kidneys. 50 CENTS PER BOX. It acts quickly and permanently on the most cases of Gonorrhoea and Gleet, no matter how long standing. Absolutely reliable. Sold by druggists. Price \$1.00. Sold by mail, 2 boxes, \$1.50. 3 boxes, \$2.25.

THE SANTAL-PEPSIN CO., Bellefonte, Ohio. Sold by Weaver's Pharmacy, 604 Main St.

"The square peg in the round hole" figuratively expresses the use of means unadvised to the desired end. A great many people who have been cured of dyspepsia and other diseases of the stomach and its allied organs of digestion and nutrition by the use of Dr. Pierce's Golden Medical Discovery say: "We tried many medicines with only temporary benefit. It was not until we began the use of 'Golden Medical Discovery' that we found a complete and lasting cure."

\$3,000 FORFEIT will be paid by WORLD'S DISPENSARY MEDICAL ASSOCIATION, Proprietors, Buffalo, N. Y., if they cannot show the original signature of the individual volunteering the testimonial below, and also of the writers of every testimonial among the thousands which they are constantly publishing, thus proving their genuineness.

"It is with pleasure that I tell you what Dr. Pierce's Golden Medical Discovery and 'Pellets' have done for me," writes Mrs. T. M. Palmer, of Peede, Kaufman Co., Texas. "Two years ago I was taken with stomach and bowel trouble. Everything I ate would put me in distress. I had two weeks on milk and even that gave me pain. I felt as though I would starve to death. Three doctors attended me—once said I had dyspepsia, two said catarrh of the stomach and bowels. They attended me (one at a time) for one year. I stopped taking their medicine and tried some patent medicine; got no better, and I grew so weak and nervous my heart fluttered. I could not do any kind of work. Now I can do my house work very well; am gaining in flesh and strength, and can eat anything I want."

Accept no substitute for Dr. Pierce's Golden Medical Discovery. Dr. Pierce's Common Sense Medical Advertiser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper covered book, or 31 stamps for the cloth bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

SIXTH WARD CITIZENS ORGANIZE CIVIC CLUB

Charter Amendment Changing Control of Schools Forecast by Secretary at Meeting

Prophecy of future charter amendment changing the present management of city schools was made by W. L. Farris at a meeting in the Sixth ward fire hall Monday night at which the E. P. Maddox Club already formed was made a permanent organization to be known as the Sixth Ward Civic Club.

"The most sacred department of our government is the department of education," said Mr. Farris. "The public schools need a change. Just as long as your school board is not made up of politicians and demagogues the schools will not amount to much. The only requirement for school trustees now is 'How will you vote for school?' The next representative to the legislature from here will go with a pledge to take the schools out of present hands, if possible to do so."

Mr. Farris was urged by those in attendance at the meeting to keep talking. He spoke further of the public schools and deplored the prevailing conditions in them. He also stated that if the people of the Sixth ward showed themselves in earnest the voters of the other wards would take up the reform movement and aid for the betterment of city affairs.

Forty-five supporters of E. P. Maddox for the nomination of alderman of the Sixth ward attended the meeting at the fire hall and completed arrangements for the primaries in the ward which is in progress today. E. H. Carter, president of the club, called the meeting to order. The minutes of the last meeting were read by Secretary W. L. Farris. Chairman A. E. Want of the campaign committee reported everything looking favorable for the club's candidate. He stated that over 200 voters had pledged to give Mr. Maddox their support.

J. W. Spencer said he had been working to get his friends and the citizens of the ward to take an interest in the primary. He suggested that candidates be called for to do duty up to the last moment of today to see that the club's candidate was elected.

H. B. Hurd moved that the organization be made a permanent one, and that such a club could be used to hold public officers in check if they wanted to do wrong. He thought that all should take

enough time to discuss public matters and to confer and assist the public officials. He also stated that the club should have similar clubs would spread to all parts of the city. In this way it was hoped that a public sentiment would be created that a man selected for office would have such position as a badge of honor.

H. W. Nye told how a similar movement had affected other cities. "Three-fourths of the voters of the Sixth ward favor such an improvement and three-fourths of the voters are disgusted with the present city and county government," said Mr. Nye. He also complimented the movement and concluded his remarks by stating that the movement was not a republican one and that republicans had kept in the background.

Other speeches were made in favor of the motion to make the organization a permanent one by H. M. Durrett, John Buchanan, John Barlow, E. P. Maddox, J. W. Spencer, H. Brann, L. C. Hutchins, W. F. Sterley, W. M. Peabody, Clay Sandidge, T. B. Gillard, Dr. J. J. Dillin, M. W. Potts and others. Each speaker spoke in favor of the club's candidate or told something about municipal affairs and what good the permanent organization of the club could accomplish. The motion to form a permanent organization was carried unanimously. It was also decided to call a meeting at an early date for the purpose.

Volunteers were called for to assist in taking care of the voters today, and to assist the campaign committee. The following men offered a portion of their names: W. L. Farris, J. A. Dill, A. B. Want, Hard Butler, W. J. Binyon, S. W. Smith, John Barlow, Will McVeigh, Robert Cook, A. Bloech, H. B. Hurd and E. H. Carter.

Those present at the meeting who had not signed the pledge to support Mr. Maddox were asked to come forward and do so. Sixteen men subscribed their names.

J. W. Adams then moved that the permanent organization be known as the Sixth Ward Civic Club. After some discussion the name was selected.

The club, it was stated, was to be known as the Maddox Club until after the election was over and from that time on under the new name.

A vote of thanks was tendered the firmen for the use of the hall, and also for their offer to build benches for the club meetings if the club would furnish the number. The matter was referred to the finance committee.

The New Land Law of Texas

(Continued from Monday's Telegram.)

Sec. 5. An original lessee or the assignee of an entire lease out of which no sale of one complement of land has been made under this act may purchase out of his lease at any time the quantity of land allowed to one purchaser under the provisions of this act; also any bona fide assignee of a part of a lease identified by an assignment in writing executed prior to March 7, 1902, and who is in possession of the land under said assignment when this act takes effect may also buy one complement of land as provided in this act at any time, if he is qualified to buy; also one who was the assignee of a part of a lease by an instrument in writing executed prior to Jan. 1, 1905, and who was in person at the bona fide settlement thereon at said date, but who did not own all of such lease on that date, may buy at any time one section of the land on which he was the owner of the lease. The foregoing provisions shall apply only to leases heretofore made. One desiring to buy land as aforesaid shall first give written notice to the commissioner, specifying the land he wishes to buy, whereupon the commissioner shall make or cause to be made an inspection of the land and appraise same at its reasonable market value and advise the one desiring to buy, and also the proper county clerk of the value placed thereon. After such valuation and notice given and filed in the proper county office, the land shall be subject to sale to the persons aforesaid only, and under the terms of this act; provided, the applicant has not heretofore or prior to the filing of his application or applications purchased one complement of land as provided by this or former law. Such of the tracts as may be applied for during the term of the lease and on which there is \$500 worth of permanent and immovable improve-

ments need not be situated within the five-mile radius of the home tract, as required of other purchasers, but in the complement of land allowed to one purchaser shall be sold out of a lease under the provisions of this section. When a lease expires or is canceled for any cause no one shall have any preference to buy any land therein. This act shall apply to leases heretofore made as well as those hereafter made. One who buys a lease as above provided and does not comply with the law as to settlement and residence, the commissioner shall, when sufficiently informed of that fact, cancel such sale and place the land upon the market for sale, as provided in this act for canceled leases.

Sec. 6. In the counties of Bandera, Brewster, Crockett, El Paso, Jeff Davis, Loving, Pecos, Presidio, Sutton, and Val Verde one who has not purchased one complement of land under this act or former law prior to the filing of his application may buy not to exceed eight sections of 64 acres each, more or less, or one tract thereof as will complete his complement under this act, including the former purchase since April 19, 1901; provided, each additional section applied for shall be situated within five miles of the designated home tract, except an hereby provided. In every purchase, except where otherwise provided, an original purchaser of a home tract under this act shall reside upon it or some portion of the land purchased as additional land until either at the same time or subsequently for three consecutive years next succeeding the date of his purchase of the home tract. When such purchaser has so lived upon his home tract, or when he and his family have so lived on the tract, he shall have the same right to purchase as provided in this act. A vendee prior to the completion of the three years' residence required of his vendor shall reside upon some portion of the land he purchases until the completion of the residence required of his vendor.

Sec. 7. When a lease expires or is canceled for any cause the commissioner shall not consider an application to lease the land prior to ninety days from such expiration or cancellation. No lease on any land shall be made if it is in demand by purchasers. An original lessee or assignee of an entire leasehold who was such owner at the date of the termination thereof shall have a preference to purchase the land at the expiration of the ninety days over another applicant to lease; provided, he is willing to pay and will pay as much therefor as another, after due publicity; provided, no lease shall be made at less than 3 cents per acre.

You Must Sleep.

If you cannot, it is due to an irritated or congested state of the brain, which will soon develop into nervous prostration. Nature demands sleep, and it is as important as food; it is a part of her building and sustaining process. This period of unconsciousness relaxes the mental and physical strain, and allows nature to restore exhausted vitality. Dr. Miles' Nervine brings refreshing sleep, because it soothes the irritation and removes the congestion. It is also a nerve builder; it nourishes and strengthens every nerve in your body, and creates energy in all the organs. Nothing will give strength and vitality as surely and quickly as Dr. Miles' Nervine. "During the past winter I had two attacks of LaGrippe which left me very weak and in bad condition. I was so nervous I could not sleep. My wife, after trying different remedies, went for a doctor. The doctor was out, and a neighbor recommended Dr. Miles' Nervine, and she brought home a bottle. I had not slept for some time. After taking a few doses of Nervine the pain was not so severe, and I was able to get some sleep. I took the second bottle, and am very much improved."

HENRY L. SMITH, Underhill, Vt.
Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.
Miles Medical Co., Elkhart, Ind.

turns the application and field notes to the land office, he shall report under oath the classification and value of the land, and also the timber thereon and its value, which may be considered in connection with such other evidence as may be required in determining the class and price to be given the land or timber. If, upon inspection of the papers, the commissioner is satisfied from the report of the surveyor and the records of the land office that the land is vacant and belongs to the school fund, and the survey has been made according to law, he shall approve same and notify the applicant that the land is subject to sale to him, stating the classification, price and terms, which shall be the same as that for surveyed land, except that no interest shall be paid on unsurveyed vacant tracts not disclosed by the official maps in use in the land office at the time an application for a survey is filed, may be sold for cash, or for one-fourth cash with 5 per cent interest on the deferred principal, and without condition of settlement and improvement, and with the right to pay the same out at any time and obtain patent; all unsurveyed vacant tracts which are subject to the school fund, except those on swamps, or otherwise so as to be unsuitable for settlement, may be sold for cash, or for one-fourth cash with 5 per cent interest on the deferred principal, and without condition of settlement and improvement, and with the right to pay the same out at any time and obtain patent; all unsurveyed vacant tracts disclosed by the official map in use in the land office when an application for survey is filed shall be sold as a whole, and may be sold for cash, or for one-fourth cash with 5 per cent interest on the deferred principal, and without condition of settlement and improvement, and with the right to pay same out at any time and obtain patent; all unsurveyed vacant tracts disclosed by the official map in use in the land office when an application for survey is filed shall be sold on condition of settlement and improvement, and with the right to pay the same out at any time and obtain patent; provided, that land heretofore or hereafter recovered by the state from claimants holding or claiming same under Spanish or Mexican title shall be considered as vacant lands disclosed by the official map, and the person who in good faith so held or claimed such land under the claim aforesaid shall have a prior right for ninety days after the taking effect of this act, or after the date of the recovery of such land hereafter, to file on and purchase four sections of 640 acres each for cash, or for one-fourth cash with 5 per cent interest on the deferred principal, and without the condition of settlement and improvement, and with the right to pay same out at any time and obtain patent. When the land is applied for and purchased under this section without condition of settlement and improvement, the application to purchase shall be in the form to be prescribed by the commissioner of the survey and designations of home tract. If any tract surveyed under this section as a vacancy should be wholly or partly within an inclosure or have improvements thereon, the surveyor shall, in addition to other requirements, give the name and postoffice address of the owner of the inclosure or inclosures or of the improvements thereon. Should the survey be disclosed by the official map in use in the land office on Feb. 23, 1900, but should be recognized by the commissioner as a vacancy, the owner of the inclosure or improvements shall be notified and given ninety days from the date of such notice to purchase the same, or to vacate the same within his inclosure, and the owner of the improvements shall have the same preference to purchase not to exceed one hundred and sixty acres on which his improvements are situated, and which he has purchased or made upon the same terms as provided in this section for the sale of other land of similar character; provided, that if any other person than the owner of such inclosure or improvements shall have surveyed the same at his own expense, then before the purchaser shall exercise the preference right herein given he shall reimburse the party having the land surveyed the reasonable fees and expenses incurred by him in surveying the same. In all cases of the sale of any land on deferred payments and without the condition of settlement and improvement, as provided for in this section, the merchantable timber thereon, if any, shall be sold and the proceeds therefrom shall be applied to the public school fund by the act of Feb. 23, 1900, and which has heretofore been surveyed at private expense, may be sold under the provisions of this section relating to the purchase of vacant lands. If within sixty days from the date of the notice of approval of any survey as herein provided the applicant shall not have filed in the land office his purchase application at the appraised value of the land, and in compliance with this section, such land shall be placed on the market for sale upon the same terms and conditions as other surveyed school lands.

When any land lying between older surveys is held by the commissioner of the general land office, and is surveyed and vacant land appropriated to the public school fund by the act of Feb. 23, 1900, and is sold as such under the provisions of this act, and thereafter any suit arises between the owner or owners of such surveyed lands, and the purchaser from the state or his vendee, any final judgment rendered in such suit shall be deemed and held conclusive as to the existence or non-existence of such vacancy; provided, if in any suit judgment is obtained through fraud against the state, the same may be set aside and vacated at the suit of the state at any time within five years thereafter.

Sec. 9. Land which has heretofore or may hereafter be sold by the state and which has been or may be subsequently transferred in tracts other than legal multiples may, in the discretion of the commissioner, be so patented.

Sec. 10. For all certificates of occupancy hereafter issued the commissioner shall charge and collect a fee of one dollar, and for all surveys hereafter filed in the land office the commissioner shall charge and collect a fee of twenty-five cents each, which fees he shall at the end of each month pay into the state treasury and the same shall be credited to the general fund.

Sec. 11. In order that the commissioner of the general land office may make the necessary preparation for the execution of the provisions of this act, he is hereby prohibited from making any further sales or leases of any land prior to Sept. 1, 1905, and all rights accruing under the provisions of this act shall be exercised thereafter the same as if no suspension of sales and leases had occurred.

Sec. 12. All laws and parts of laws in conflict with the provisions of this act are hereby repealed.

Sec. 13. The necessity of a change in the present method of filing on land and the near approach of the close of the present legislative session creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on several days in each house be suspended and that this act be placed upon its third reading and final passage, and that this act take effect on and after its passage, and it is so enacted.

The ORIGINAL remedy that "kills the Dandruff Germ."
NEWBRO'S HERPICIDE
GOING! GOING!! GONE!!!

Herpicide Will Save It. Herpicide Will Save It. Too Late For Herpicide.
A WOMAN TO BE PRETTY must have pretty hair. Beautiful locks have a subtle charm, for the dandruff says, "fair tresses man's imperial race ensnare." The unpoetic and insensely real dandruff microbe makes the hair dull, brittle and lustreless with later dandruff, itching scalp and falling hair. Newbro's Herpicide destroys this enemy of beauty and enables the hair to resume its natural luster and abundance. Almost marvelous results follow the use of Herpicide. An exquisite hair dressing. Overcomes excessive oiliness and makes the hair light and fluffy. No grease or dye. Stops itching instantly.
Drug Stores, \$1.00. Send 10c. Stamp to HERPICIDE CO., Dept. H, Detroit, Mich., for Sample.
COVEY & MARTIN, Special Agents. Applications at Prominent Barber Shops.

In the Stone Age.

Mother! Hecitate no longer, but save the health and life of your child as thousands have done, by giving these powders. TEETHINA is easily given and quickly counteracts and overcomes the effects of the summer's heat upon teething children.

NO POISON FOUND IN MRS. DAVIS' STOMACH

Attorney for Husband Accused of Wife's Death Says Test Favors the Defendant

Attorney B. D. Shropshire of Fort Worth, who represents the defendant in the Mrs. Joe Davis murder case at Baird, said today that the arrest of Mrs. Clara Jones at Beaumont recently was only for the purpose of holding her as a witness, and not because she is believed to be an accomplice with the dead woman's husband, who is accused of killing his wife. Judge Shropshire says that it is not believed that Mrs. Davis was murdered by her husband, but that she died from natural causes, which he says he is confident of being able to show on a trial of the case which will occur at Baird.

The alleged murder occurred at Moran, in Shackelford county, more than a year ago, but the case has been taken to Baird on a change of venue. The charge is made that Davis administered poison to his wife, but an examination of the stomach made at the State University at Austin disclosed no poison, says Attorney Shropshire. The allegation is made that Mrs. Jones conspired with Davis to get his wife out of the way. The charge was also made that Mrs. Jones shot and killed her husband, but her trial resulted in an acquittal.

Attorney Shropshire will go out to Baird in a few days to conduct the defense in the case against the accused.

POPULAR AMUSEMENT RESORT WILL BE READY FOR PUBLIC APRIL 30

Lake Erie on the Interurban at Handley opens Sunday, April 30. The management has spared no pains to make Lake Erie the most popular resort in the south. It is announced that everyone attending the opening will receive a souvenir.

MAN NEARLY EIGHTY GETS FOUR YEARS

H. H. Boyd Pleads Guilty at Paris to Securing Money on Bogus Draft
PARIS, Texas, April 25.—H. H. Boyd, an old man, who was charged with securing \$2,500 from a Paris wholesale house on a bogus draft, pleaded guilty in the district court yesterday. His sentence is four years in the penitentiary. Boyd is 77 years old. His home is in Kansas.

Take Courage!
If you are naturally not as strong as your more fortunate sisters, and for this reason experience dread rather than joy at the prospect of becoming a mother, take courage and assurance from this fact: Mother's Friend is meant for you, and by its use you may pass through that glorious martyrdom which is yours by divine right with no more discomfort than that experienced by those who by nature are possibly more adapted for the role of motherhood.
MOTHER'S FRIEND
is a liniment of proven merit, and its great worth can be no better attested to than by the countless strong and healthy children who through its kindly offices have entered this world unhandicapped by any deformity or weakness. It is a liniment which by external application acts upon the abdominal muscles and permits of a painless parturition.

and the session adjourned within the first sixty days. The remedy lies in the selection of material. Membership in the state legislature should be composed of material in which the office has sought the man.

The Pittsburg Post says: "It is a remarkable thing that while the beef trust magnates are professing to have no fear of the prosecutions instituted against them by the government, yet that a number of their employes whose evidence is desired should now be on a vacation in Canada. There is a well-founded suspicion that this absenteeism is not accidental, and the government officials are hard at work to find out what it really does mean. If the trust magnates have nothing to fear, and are anxious to have all the facts known, they ought to see to it that their missing employes are promptly produced before the grand jury, where their presence is said to be earnestly desired. Certainly their absence at this time in Canada is calculated to prejudice the case of their employers with the public." All of which is very true, but it is noticeable that many of the men who are returning to Chicago from this vacation are being brought back by the Federal government.

In commenting on recent public utterances of William J. Bryan and Alton B. Parker, eastern newspapers are pointing to the variance existing between them and assert that the differences are so great as to be irreconcilable. Incidentally it may be stated that these two men stand for the two extremes in the democratic party. Bryan is radical and Parker is conservative—a conservatism that is extremely distasteful to the bulk of the democratic party. The next campaign, which will be under the direction of Bryan, will be pitched along radical lines. The result will be a sloughing off of many of the Parker brand of democrats, and the reorganizing of the party along very radical lines.

The farmers in many parts of Texas are running their plows on the Sabbath, in an effort to catch up with the work that has been delayed by the long, cold and wet spring. Planting has been greatly delayed, and there are many black land farmers who promised to reduce their cotton acreage, who now say they will be unable to do so from the fact that it is getting too late to plant anything else. And the land that is worth from \$50 to \$75 per acre has to be planted in something that will bring in the revenue that is necessary to keep the big farms up.

James Hazen Hyde speaks of the Equitable Insurance Company and its affairs as if the entire shooting match was his personal property. He considers it a great reflection upon his personal character that he should have been asked to resign. The great trouble with this exquisite young gentleman seems to be that he can not distinguish between the rights of policy holders and the great heritage he appears to think he received from his father.

More cotton, better cotton, more cotton mills and better cotton mills is what the people of Texas and the entire south are now needing in their business. If cotton can be grown in the south and shipped to New England to be manufactured, it can certainly be handled to greater advantage right where it is produced. Let us have more cotton and more cotton factories all over the cotton producing area.

The little Japs have kicked up such a row over the presence of the Russian fleet in French waters that orders have been given for the Russians to clear out, and this will no doubt precipitate the expected engagement that seems bound to occur in Chinese waters. The Russians profess to feel great confidence in the result, but the Russians are very much given to feeling that way.

Vice President Fairbanks is said to be very much displeased with the action of the president in leaving Secretary Taft sitting upon the lid at Washington during the presidential vacation. He accepts the incident as an evidence of presidential frost upon his highest political ambition, and it is probable he has forecast the weather correctly as it applies to that quarter.

Dallas is having a hard time raising that \$66,000 she must produce before the government appropriation for the Trinity river can be made available. Already Dallas papers are alluding to the fact that if it was a Fort Worth undertaking the money would be raised in twelve hours, and that estimate is excessive. Captain Paddock would raise a little subscription like that any morning before breakfast.

Governor Herrick of Ohio, Governor Cummins of Iowa, Governor Davis of Arkansas and Governor Mickey of Nebraska have all been visiting in the state of Texas during the past few days, and all tell the same story of amazement at the progress and development of this great state. The fact of the business is, Texas is just now outdistancing everything else in the field.

Late advices from Russia indicate that the czar is seriously displeased with the action of President Roosevelt in hunting the bear in the wilds of Colorado. It is being construed into an act unfriendly to the Russian government.

Some one should break the news recently to Representative Blount of Palestine, that there is no emergency demanding that he should make the race for governor.

MRS. JAMES HEVER.
She was Miss Nancy Carnegie, niece of Andrew Carnegie, who eloped a year ago with her riding master and whose marriage has just been announced.

Cleanings From the Exchanges

Judge A. W. Terrell's revision of that section of his election bill in regard to the publication of political matter in newspapers is a big improvement on the original draft. While the Chronicle doubts the wisdom or necessity of this attempt to regulate the newspapers in the conduct of their business, the section as it now stands is so mild as to be both harmless and useless. Judge Terrell's election bill as a whole is such a credit to him and to the state that the newspapers can easily afford to forgive and forget his first effort to interfere with their rights and duties. He has undoubtedly relieved his feelings, impressed the public and done nobody and no paper any harm by his alleged newspaper regulation that neither regulates nor alters present conditions.—Houston Chronicle.

Judge Terrell is not entitled to much credit for the changes in his election law relating to newspapers. They were made by newspaper men in the state legislature and simply accepted by Judge Terrell as amendments. The original bill clearly shows the sentiments of Judge Terrell toward the newspapers of Texas, and those sentiments do not reflect any credit upon their author. The man who would muzzle the press belongs to a by-gone age.

It seems that a number of gentlemen would be governor of Texas, but it would be well for them to wait until after the Brownwood meeting of the Texas Press Association, for there is a rumor that body may put Hon. W. G. Stewart in the race, and if it does something will happen.—Brownwood Bulletin.

The newspapers of Texas agreed upon the occasion of a certain annual press meeting that John Ireland of Seguin should be the next governor of this state and John Ireland was nominated and elected. The press is a power when it is united for the accomplishment of a specific purpose.

Having exhausted all the possibilities of taxation in the way of gross receipts, net receipts, assets, intangible assets, occupation and poll tax it is now proposed to raise the ad valorem rate. What will the grangers say to this? They were in it to the elbows to tax the railroads and the express companies and the corporations of every kind, but fought against the ad valorem as that would hit them. Now that with the aid of the grangers all these other taxes have been levied the grangers are going to get it where the feathered bird received it, in the swanny elongation. Will the tax trappers be able to put it on the grangers also? It has been a shrewd move on their part to rope in the grangers and then rope and tie them.—San Antonio Light.

When the legislature has exhausted all its resources to bring to the surface all the taxable values that have been escaping their just dues in the past, there will not be much kick over the proposition of increasing the ad valorem. The Light evidently belongs to that school of state economists who would increase the ad valorem sufficient to provide the necessary revenue and let the tax-dodgers remain in hiding.

The people of this country are getting tired of the very name of investigation. What they want is a practical enforcement of the laws of the country by the men who are sworn to enforce them. When the officers of the law are remiss in their duties these investigations are of very small consequence so far as practical results are concerned.—Fort Worth Telegram.

We must investigate. We must go slow. We must not take things for granted which are not granted. Of course investigations are often tedious and tiresome, but we must have them. They are much like the "commissions" which are delegated to work reforms in Russia. They cost money and often amount to nothing, but occasionally one is worth what a whole bunch of them cost.—Dallas News.

Investigations that investigate are always proper when there is need for investigation, but there are many kinds of investigations, and it is this fact that has served to give the people that tired feeling. The investigation that is made to appease popular clamor and does not involve determination to go to the very bottom of the situation is a condition too often encountered in this day and time.

President Grover Cleveland and Theodore Roosevelt were both elected by great popular majorities, and both encountered the hostility of the United States senate. Cleveland was able to accomplish nothing, and so far the Roosevelt efforts have met with just about the same result. The extra session of congress that is to be convened in October will finally determine the result of the Roosevelt policies.—Fort Worth Telegram.

There is a great similarity in many regards between the president and the only living ex-president. The latter did not have the diplomacy that the former appears to have, although they are equally blundering in stating their convictions. The greater amount of diplomacy possessed by Mr. Roosevelt, however, may assist him in converting his opponents to his point of view of public questions.—San Antonio Express.

Another similarity between the gentlemen referred to is that Roosevelt is now pleasing the democrats just as Cleveland pleased the republicans by an exhibition of independence. And it should not be forgotten that the exercise of this same independence was sufficient to retire Grover Cleveland from public life.

The Texas legislature has invited Jas. S. Hogg to address them. This is the rankest sort of treason. Hogg made such a bold, bad "mistake" by his recent Dallas speech that those papers which are guardians of the Texas democratic conscience should proceed at once to administer a reproof to the legislature for thus boldly defying the lightning.—Dallas Times-Herald.

These keepers of the Texas democratic conscience are now trying to again make it appear that Hogg's public utterances are inspired by a desire to succeed Joe Bailey in the United States senate. This is done with the desire of arraying all the Bailey forces in the state against J. Stormossed.

DUKE MURPHY'S SPRING SPORTS

Crack the whip was one of his favorite games.
Duke's mother objected to his spinning the top on the table.
He liked to pitch horse shoes.
In fact, he whooped things up in the spring.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Rock Island System

A Free Trip to Beautiful Colorado Over the Great Rock Island System to the Eight Most Popular Young Ladies in Oklahoma, Indian Territory and Texas

Rock Island System

TWO WEEKS VACATION IN THE Colorado Mountains!

WITH ALL EXPENSES PAID

No Paper in the Southwest Has Ever Made Such a Remarkable Offer as the Fort Worth Telegram Does in this Great Popular Young Ladies Voting Contest Which Begins May 1, 1905

Who do you think is the most popular lady in Texas, Oklahoma and Indian Territory? Your opinion is just as valuable to The Telegram as that of any other person, so send in the name of your favorite on the nomination blank below, and if possible place enough votes to her credit to put her in the lead the first announcement. The Telegram will publish her name with the number of votes she has along with the other ladies who have their names sent in by their respective friends.

The Trip in Detail

The names of the young ladies who have entered this contest will be published with the number of votes they have received beginning Monday, May 1, and will continue each day throughout the contest. The contest will begin on Monday, May 1, and the eight young ladies in Oklahoma, Indian Territory and Texas who secure the largest number of votes between the above date and midnight, Monday, July 31, will have the pleasure of being entertained in the mountains of Colorado for two weeks, with all expenses paid. The trip to Colorado will be made from Fort Worth over the popular great Rock Island system, leaving Fort Worth about August 1. The eight young ladies who are successful in securing the largest number of votes in this great Colorado Contest will be brought from their home town to Fort Worth and will be entertained in Fort Worth for one day and while in the city will attend the theaters, view the city by means of a trolley ride, and take a trip to Dallas, a distance of thirty miles, over the Electric railway. After a pleasant one day's stay in Fort Worth, the party will leave for Colorado, where a two weeks' vacation will be spent with all expenses paid by The Telegram. The expenses will consist of railroad and Pullman sleeper fare to and from Colorado, meals on train, hotel and railroad transportation while in Colorado and other entertainments. When one realizes the fact that the expense to The Telegram will mean something over \$1,000 it can readily be seen that nothing will be left undone or no expense spared to insure the successful eight young ladies the most pleasant and profitable trip of their lives. Send in the name of your favorite. Do it now. Read the conditions below carefully and you can readily see how many votes you can give your favorite for each cent paid to The Telegram on subscription. The party will be chaperoned by the publisher of The Telegram.

One of the Popular Founts For the Summer Girl The Best Finest Quickest Line to "Cool Col." Is Via Rock Island R.R.

A Few Facts About the Great Rock Island System

The great Rock Island system has been an important factor in the development of tourist travel to Colorado. It is the greatest system in America, with over 17,000 miles of road. It was the great Rock Island system which first gave Colorado its popularity and attracted pleasure seekers to that state. In the matter of train service, it has also been a leader. As good a line as any other line from St. Louis and Chicago to Denver and it is distinctly the best line from Fort Worth to beautiful Colorado.

Denver, Colorado Springs, Manitou and Glenwood, which are reached by the great Rock Island system, are the best known and most popular Colorado resorts. From Fort Worth to Colorado, the Great Rock Island system penetrates the enormous territory which includes the garden spot of all America, the rich fields of central Kansas and Oklahoma, the black waxy belt of Texas, the fecund fields of eastern Oklahoma and all of Indian Territory. And, in fact, has the grandest scenery along its lines of any railroad running to Colorado.

The well known inducements which the Rock Island system always offers the traveling public find their most satisfactory expression in its Colorado train service, which is designed and managed with the consideration demanded by its importance on the line in all respects best adapted for the tourist en route to the wonder state. This season, as heretofore, at all times it is and has always been their aim to give studious attention to the comfort and general well-being of the passengers and another one of the most important objects is speed, safety and adherence to time schedule, and whichever train or route is used the passenger may feel assured that every precaution has been taken for their comfort and general delectation.

And this is the great railroad that the eight young ladies, who are winners in this popularity voting contest, will travel over from Fort Worth to Colorado and return.

How the Votes Count

For every cent received on subscription between now and midnight, Saturday, May 27, five votes will be counted for the lady of your choice; four votes between May 27 and midnight, Saturday, June 24; three votes from June 24 to Saturday, July 15, and two votes from July 15 to midnight, Monday, July 31. The contest will close at midnight, Monday, July 31.

JAP SHIPS PASS SAIGON BAY

SAIGON, April 25, 9:30 a. m.—Advises just received from Kamranh Bay say that twenty Japanese warships passed the bay between 8 and 9 o'clock on the evening of April 23.

SEVERE STORM AT PFLUGERSVILLE, TEX.

AUSTIN, Texas, April 25.—Advises received yesterday from Pflugersville, a town eighteen miles from Austin, on the Missouri, Kansas and Texas railway, were to the effect that a terrible storm prevailed there at 11:30 o'clock Sunday night, which resulted in considerable damage to property. Eight houses in course of construction were blown down, two more completely wrecked, while three were badly damaged.

The wind blew at great velocity and swept everything before it. No lives were lost, but considerable damage is believed to have been done to the corn crop. A heavy rain followed.

HOP RAISERS PLAN TO HOLD CROP

FORTLAND, Ore., April 25.—Hapmen from all sections of this state are gathered in this city to attend a meeting today for the purpose of forming a combination of holders pledged to withdraw their hops from the market for sixty days until a reasonable price, which probably will be fixed at 30 cents, is reached.

It is said about 90 per cent of the hops remaining unsold in the state will be represented.

JEFFERSON'S BODY ON THE WAY NORTH

JACKSONVILLE, Fla., April 25.—A special train arrived over the East Coast Railway this morning bearing the remains of Joseph Jefferson and members of his household. The train ran as a special from Palm Beach and was composed of President Henry M. Flagler's private car, tendered by the road officials. It left for the north at 9:10 o'clock.

SOME NEW TEXAS LAWS

AUSTIN, Texas, April 25.—Governor Lanham yesterday approved senate substitute bill No. 417, an act prescribing when the defense of assumed risk shall and shall not be available, when interposed by a person, receiver or corporation.

The following become laws without approval by limitations:

House bill No. 410, an act regulating the sale of mill products.

Senate bill No. 159, an act regulating the sale of concentrated commercial feeding stuff.

Senate substitute bill No. 84, an act regulating the practice of dentistry.

Senate substitute bill No. 65, an act regulating the construction, operation and maintenance of terminal railways.

House bill No. 417, an act prescribing the drilling, abandonment of petroleum wells.

House bill No. 558, an act authorizing the operation of the irrigation and reclamation act of congress.

Senate bill No. 67, an act authorizing the commissioners' courts of the several counties to create drainage districts.

Senate bill No. 357, an act regulating the execution of deeds by corporations.

Only Slight Reduction

WACO, Texas, April 25.—Cotton planting has been about completed and the acreage will show only a slight falling off from last year, it is said. At the same time there was some less cotton put in, and the reduction would have been more marked but for the season which prevented corn planting in March and early April.

"The Adirondacks and How to Reach Them" is a nice folder with maps and references to localities, hotels, boarding houses, mountains and rivers in the great wilderness of Northern New York known as the Adirondack Mountains. If you visit this region once, you will be sure to go again. A copy of "The Adirondack Mountains and How to Reach Them" will be mailed free, postpaid, to any address, on receipt of a 2-cent stamp, by George H. Daniels, General Passenger Agent, Grand Central Station, New York.

GOVERNMENT CROP REPORT

WASHINGTON, D. C., April 25.—Cotton planting has been active under favorable conditions over most of the cotton belt, but was delayed by rains in Oklahoma, Indian Territory, Arkansas and North Texas, the frost of the 17th inst. killing much cotton in portions of Alabama and Georgia and the Carolinas. Chopping has begun in Southern Texas and portions of Eastern Georgia. In many of the southern counties chopping is now in progress in Texas. In northern counties some cotton is up. The crop is generally in a satisfactory condition, although the cool weather has retarded the growth, and in some localities has caused it to take on an unhealthy appearance. In a few counties replanting was necessary to some extent. Cut worms have attacked the crop in a few localities.

NO MORE SLICING TO DEATH IN CHINA

Imperial Edict Has Abolished Barbarous Execution and Substituted Decapitation

NEW YORK, April 25.—In response to a memorial of Wu Ting Fang, China's former representative at Washington, an imperial edict has just been issued abolishing the punishment of slicing to death and substitutes immediate decapitation, cables the Pekin correspondent of the Herald.

The exposure of the heads and bodies of people, after execution, also will be abolished.

Immediate strangulation is substituted for decapitation.

A reprieve until after the autumn assizes is substituted for immediate strangulation, and three reprieves annul the death penalty.

Branding is also abolished.

Wu Ting Fang has been ordered to memorialize the throne for other beneficial changes.

GRAIN

CHICAGO GRAIN AND PROVISIONS (By Private Wire to M. H. Thomas & Co.)

CHICAGO, Ill., April 25.—The grain and provision markets ranged in prices today as follows:

Table with columns: Commodity, Open, High, Low, Close. Rows include Wheat, Corn, Oats, Lard, Ribs.

LIVERPOOL GRAIN CABLE (By Private Wire to M. H. Thomas & Co.)

LIVERPOOL, April 25.—The following changes were noted in the wheat and corn markets today:

Wheat closed today 1/4d lower than Wednesday's close, the latter being Good Friday holiday. Corn closed 1/2d lower.

GOVERNMENT AFTER LOTTERY DEALERS

Raid in San Francisco Results in Arrest of Employees Handling Tickets

SAN FRANCISCO, April 25.—Acting under instructions from Washington, federal officers today began what is declared to be an active campaign against lottery companies. Officers connected with the United States marshal's office, secret service and postoffice raided the agencies of the Honduras and the Mexican lotteries and surprised the employees in the act of handling a large quantity of tickets. Papers and packages were also secured as evidence. A number of employees were arrested.

Postoffice Inspector Monroe said: "I can only say in general that it is on orders from Washington that I am working and on information obtained by the department from inspectors in San Antonio, in Colorado and in Louisiana, where these tickets have been brought in from Honduras and from Mexico. Raids have already been made in Los Angeles and other points. All complaints so far charge the arrested parties with violating the interstate commerce law, which makes it a felony punishable with two years' imprisonment to send lottery tickets from one state to another."

NAN PATTERSON'S TRIAL IS RESUMED

NEW YORK, April 25.—Nan Patterson apparently had fully recovered from her indisposition yesterday when she appeared in court today for the continuance of her trial on a charge of the murder of Caspar Young. There was color in her cheeks and she seemed to be in excellent spirits when she entered the court room and took her seat at counsel's table. The plain black suit which she had worn during this and her previous trial had been discarded and in its place she wore black and white checked dress and a rough lace hat with white lining. The revolver with which it is alleged Young was killed and which it is believed will figure prominently in the prosecution, made its appearance as soon as the trial was resumed.

It had been identified by several witnesses yesterday as the weapon found in Young's pocket soon after the tragedy and today the line of identification was followed down to the time it was brought into court.

HE THOUGHT HE STOPPED THE PAPER

(From Success Magazine.)

An acquaintance met Horace Greeley one day and said: "Mr. Greeley, I've stopped your paper."

"Have you?" said the editor. "Well, that's too bad. And he went his way. The next morning Mr. Greeley met his subscriber again and said: "I thought you had stopped The Tribune."

"So I did."

"Then there must be some mistake," said Mr. Greeley. "For I just came from the office and the press were running, the clerks were as busy as ever, the compositors were hard at work, and the business was going on the same as yesterday and the day before."

"Oh," ejaculated the subscriber. "I didn't mean that I had stopped the paper; I stopped only my copy of it, because I didn't like your editorials!"

"Pshaw!" retorted Mr. Greeley. "It wasn't worth taking up my time to tell me such a trifle as that. If you expect to control the utterance of the Tribune by the purchase of one copy a day, or if you think to find any newspaper or magazine worth reading that will never express convictions at right angles with your own, you are doomed to disappointment."

DEATHS

MRS. CLARA BOYD

Mrs. Clara Boyd, aged 17 years, died at her home in Riverside this morning. The funeral will be held from the residence at 9:30 Wednesday morning. Interment will be made in Terry's cemetery.

LULU SMITH

Lulu Smith, aged 31 years, died at Handley Monday night. The funeral will take place at Handley Wednesday.

CITY NEWS

A report received at the weather bureau late this afternoon says that 6.24 inches of rain fell at Amite, La., Monday night. Considerable damage was done.

Peter Hanraty, president of the Twenty-first District United Mine Workers, is in the city today from his headquarters at Fort Smith, Ark.

An infant child of Mr. and Mrs. W. A. Media died at the family residence, 615 Hemphill street, Monday afternoon. The body was shipped Monday night to Roysce City, Texas, for burial.

COTTON MARKET WEAKER

Continued Liquidation and Southern Selling and Aggressiveness by Bears Forces Prices Downward

NEW YORK, April 25.—The cotton market developed further weakness today on what was chiefly a continuation of scattered liquidation and southern selling, with more aggressive operations by local and New Orleans bear operators there was little or no support to the market either in the way of speculative purchases of spot cotton or futures by the bull interest or from Liverpool or southern operators, the bear cliques which assumed a more aggressive position yesterday and who were then confidently predicting every option on the list would soon be selling below 7 cents, were a little cautious in the early trading, owing to the storm in northern Texas and heavy rain and windstorms extending throughout Oklahoma, Arkansas and the Memphis district. This storm was so severe that all wires were interrupted for a time in that section. This was followed by the publication of a rather bad weekly government crop and weather bulletin, but when it was seen these conditions had failed to stimulate any fresh support these traders jumped in and sold the market down. There was good covering of shorts, but this was about the only support the market received of any importance and the subsequent rallies were slight as a consequence of the relief the market of its apparent depression.

Most of our traders are now so disgusted with the situation that they are all striving for still lower prices, and it certainly looks as though it would not take much further weakness in Liverpool or market selling from New Orleans and southern operators to encourage the leading bears here and at New Orleans to put the market through the basis of 7c for the general option list. There is no doubt, however, that the market will soon get into a sold out and over sold condition again following this depression. The best that can be hoped for, however, is only moderate rallies against the shorts, as there is little likelihood of any remaining aggressive bull operations until the acreage question has been definitely decided. Meanwhile weather conditions in the cotton belt continue very unsettled. This feature, of itself, however, is not strong enough to hold the market against the present bear movement.

LIVERPOOL SPOT COTTON

(By Private Wire to M. H. Thomas & Co.)

LIVERPOOL, April 25.—The spot cotton market was easy in tone, with middling quoted at 4.12d, sales, 6,000 bales. Receipts 46,000 bales, of which 38,000 were American.

Futures ranged in prices as follows:

Table with columns: Month, Open, 2 p. m. close. Rows include Jan-Feb, May, June-July, July-August, Aug-Sept, Sept-Oct, Nov-Dec, Dec-Jan.

PORT RECEIPTS

(By Private Wire to M. H. Thomas & Co.)

Receipts of cotton at the leading accumulative centers, compared with the receipts of the same time last year:

Table with columns: Port, Today, Last year. Rows include Galveston, New Orleans, Mobile, Savannah, Charleston, Wilmington, Norfolk, Totals, Memphis, Houston.

ESTIMATED TOMORROW

NEW ORLEANS, La., April 25.—The spot cotton market was steady today. Following is the range in quotations:

Table with columns: Month, Open, High, Low, Close. Rows include January, May, July, August, September, October, December.

NEW ORLEANS SPOTS

(By Private Wire to M. H. Thomas & Co.)

NEW ORLEANS, La., April 25.—The spot cotton market was steady today. Prices and receipts were quoted as follows:

Table with columns: Commodity, Today, Yesterday. Rows include Middling, Sales, F. o. b.

NEW ORLEANS FUTURES

(By Private Wire to M. H. Thomas & Co.)

NEW ORLEANS, La., April 25.—The market in cotton futures was steady today. Following is the range in quotations:

Table with columns: Month, Open, High, Low, Close. Rows include May, July, August, September, October, December.

NEW ORLEANS SPOTS

(By Private Wire to M. H. Thomas & Co.)

NEW ORLEANS, La., April 25.—The spot cotton market was steady today. Prices and receipts were quoted as follows:

Table with columns: Commodity, Today, Yesterday. Rows include Middling, Sales, F. o. b.

JUDGE DECIDES AGAINST MITCHELL

FORTLAND, Ore., April 25.—United States District Judge Fellinger today decided adversely to the plea in abatement filed by United States Senator John H. Mitchell to the indictments returned against him by federal grand jury in connection with the land frauds in this state.

REBATE AGREEMENTS ARE SUSTAINED

WASHINGTON, April 25.—The attorney general today sustained the secretary of interior in his rebate agreements with railroads in connection with the transportation of material for reclamation of arid lands.

THE LIVE STOCK MARKET

Heavy Run of Cattle Again Received Selling and Fairly Active—Hog Prices Lower

NORTH FORT WORTH, April 25.—The cattle run today was a visible increase over that of yesterday—140 cars or around 4,200 which fifteen cars were on through billing. The receipts a week ago today were 3,591, for the corresponding day last month 2,942, and for the same day in 1904 they reached 2,810.

The bulk of the run today consisted of grass steers. A few loads of heavy fed cattle appeared, but the demand for these was not great. For grassers a good demand developed. S. and S. took a few loads at first hands without waiting for them to go forward, and other outside buyers were in the market; but they all wanted the steers that sold low. Fed steers were quoted at \$4.75, with best grassers at \$4.35 for tops and \$4.15 for the bulk.

Good activity prevailed in the cow trade, for buyers were hunting good, killing she stuff, often heifers or mature cows. Prices ran as high as \$3.50, with the bulk from \$2.75 to \$3.25.

Bulls were an active sale with short receipts.

Calves made a better showing than on the opening day of the week, more good light vealers appearing. The trade in heavy calves continues active and strong. Local houses took the bulk of light calves at steady prices. Tops at \$4.50.

HOGS

The hog supply was good, up to noon about 2,100 coming in, compared with 2,258 Tuesday of last week, 3,750 the same day a month ago and 1,041 the corresponding day in 1904.

Weights were better than yesterday, there being more of a show of heavies than on Monday. Mediums and lights were scarce.

With unfavorable reports from other markets prices opened here 5c to 10c lower, and on basis of quiet clearance was made. Top hogs sold for \$5.57 1/2, with the bulk at \$5.32 1/2 to \$5.55 and pigs at \$4.25.

SHEEP

Four doubles of sheep came in of fair quality for southwest grassers, all on through billing.

TODAY'S SALES

STEERS

Table with columns: No., Ave. Price, No., Ave. Price. Rows include 2,000-1,160, 78,000-855, 11,000-958, 28,000-872, 28,000-800, 36,000-840, 12,000-689, 3,000-793.

COWS

Table with columns: No., Ave. Price, No., Ave. Price. Rows include 11,000-958, 28,000-872, 28,000-800, 36,000-840, 12,000-689, 3,000-793.

CALVES

Table with columns: No., Ave. Price, No., Ave. Price. Rows include 10,000-286, 1,000-160, 1,000-243, 82,000-212, 82,000-224, 13,000-258, 44,000-191, 68,000-219, 59,000-234.

HOGS

Table with columns: No., Ave. Price, No., Ave. Price. Rows include 82,000-212, 82,000-224, 13,000-258, 44,000-191, 68,000-219, 59,000-234.

Tutt's Pills

And save your health.

JAMAICA TRACK OPENED TODAY

Excelsior Handicap, Feature

Event, Promises Interesting Contest

NEW YORK, April 25.—Thoroughbred racing shifts today from Aqueduct to Jamaica track, where the Excelsior handicap, worth \$7,000, will be run. The Excelsior distance is one and one-sixteenth miles. It is the first long race of the year in which high-class horses compete and with bright, mild weather and a fast track a big crowd and a swift contest is expected. Twelve horses are entered. If all start there will likely be considerable crowding because of the short stretches on the Jamaica course. This may upset calculations and interfere with the true running of the race. Sidney Paget's Ormondes Right, winner of the Carter handicap, continues to train well, but has not raced since the opening day at Aqueduct. He is in the Excelsior and light weight and is a favorite in the early betting. E. E. Smithers' Rapid Water, Alexander Shields' St. Valentine, Crown Prince and Santa Catalina representing the Albatross stable, are all nicely weighted in view of the good form they have shown in the races since Ormondes Right won the Carter handicap, and will be well backed in consequence.

William Lakeland's Little Em, which finished third in the Carter, is also known to favor the distance. Altogether seven of the dozen named to have won races recently, leaving bettors something of a problem as to the outcome. The probable starters are Ormondes Right, St. Valentine, Rapid Water, Sinsler, Santa Catalina, Little Em, Orthodox, Crown Prince, Red Knight, Sidney C. Love, Sir Brillar and Witful.

DEATH CANCELS BIRTHDAY PLANS

NEW YORK, April 25.—Joseph Morris, who was to have celebrated his 101st birthday today, is dead at his home in Bedford, near Redbank, N. J. On his 100th birthday Mr. Morris acted as best man at his grandson's wedding.

GOV. MICKEY SAYS HE LIKES TEXAS

Nebraska Executive Impressed With Resources of State—May Move South When Term Ends

AUSTIN, Texas, April 24.—Governor John H. Mickey of Nebraska, who is en route home from Galveston, where he has been in attendance on the Northern Settlers' reunion, spent part of yesterday here and delivered an address before the legislature.

Governor Mickey said he was surprised at the wonderful resources of the state, and at the wonderful resources of the state, and when his term of office is at an end he intends to come to Texas and invest. He stated that the people of Nebraska are getting interested in Texas and its enterprises, and the farmers intend to ship their corn here, as the rate is so cheap.

"It has done me a powerful lot of good to get down here among you fellows,"

SYCAMORE BRIDGE DAMAGED BY FLOOD

The flood situation is reported by the railroads to be much improved today. The Rock Island, Texas and Pacific and Interurban lines were interfered with Monday, but are running through from Fort Worth to Dallas without trouble.

The high water did some damage to the road bridge over Sycamore creek. A large force of men are making repairs today. A portion of the bridge was carried away and the rest held in place only by chains.

Just this side of Sycamore creek the tracks of the Interurban and Texas and Pacific were considerably weakened by the heavy rainfall of Sunday night, necessitating transfers Monday. All this trouble, however, has been overcome and trains are running through on schedule time.

The Rock Island and Santa Fe has received no news of high water troubles in the Territory.
