

OPINIONS DIVERGE ON DIVORCE EVIL

Proposition to Appoint Conference Committee Causes Debate in Assembly

SOME SEPARATIONS PROPER

Commissioners Finally Vote to Send Delegation—Federation Report Made

Discussion of divorce and marriage and report of the committee on closer relations were the principal events of the morning's session of the Presbyterian general assembly.

Dr. J. S. Park of Decatur, Ala., said he looked with favor on the church asserting itself on this question.

Dr. E. C. Gordon of Lexington, Mo., held that this assembly has no right to hold any such conference as proposed, or any other conference, for that matter.

Expounding the laws of God by every preacher will bring about the ends being sought, said Dr. Gordon.

Dr. Parker said he was tired of the Southern Presbyterian church dragging along at the end of the procession in such important matters, and said it was about time the church should rise up and assert itself.

AMENDMENT OFFERED

In lieu of the report of the overture and bills committee to not appoint the committee, Dr. Daniel offered the following amendment:

"That this body answer in the affirmative with instructions from the assembly to the committee to guard the way in the position of the Presbyterian church in the United States as to the Scriptural relations of the church of Christ to civil government."

CHICAGO STRIKE BREACH WIDENS

Lumber Dealers Order Deliveries and Walkouts Follow Rapidly

BOTH SIDES AGGRESSIVE

Prospects of General Tie-up in Building Industry Are More Real

CHICAGO, May 22.—The widening breach between the lumber dealers and the drivers signalized the continuance of aggressive feeling on both sides today in the teamsters' strike.

NO WORD FROM RUSSIAN FLEET

Rojestvensky Has Been Silent Regarding Movements for Ten days

ST. PETERSBURG, May 22.—The admiralty today had no direct advice has been received from Vice Admiral Rojestvensky since ten days ago, when it is believed he set out on his long voyage.

The report of Rojestvensky's death is ridiculed by the admiralty officers here. The sending of Vice Admiral Borliet to Vladivostok is now explained, as a natural precautionary measure for the purpose of having an energetic commander at Vladivostok to replace Rojestvensky in the event that the latter was killed or disabled during the coming sea fight.

Fortunately the best relations prevail between Rojestvensky and Borliet, and the latter would be glad to give way to his victorious colleague.

Neurovich Danchenko, the well-known Russian newspaper correspondent, has written a spirited defense of the Russian soldiers, against the reproach of drunkenness, comparing his observations in the Russo-Turkish war and in the present conflict, to show the increased sobriety of Russian troops.

MAD NEGRO SHOT BY SHERIFF'S POSSE

Had Killed One Man and Wounded Seven Before Driven From Burning House

OWENSBORO, Ky., May 22.—Bob Shaw, a negro, supposedly insane, killed one man and wounded seven others in the last twenty-four hours near Waitman, and was finally shot by a posse.

The dead: William C. Brown, deputy sheriff. Wounded: Deputy Marshal John J. Jackson, Dr. G. H. Pitt, Town Marshal Watson, James Ford, John Robinson, Frank Howard and Watson Pelly.

Sunday afternoon Shaw was terrorizing the community around Waitman and an appeal was sent to this city for help. A posse was at once formed, but as soon as it appeared the man opened fire.

Town Marshal Watson was shot in the face and Deputy Marshal Jackson in the back.

Yesterday morning a posse headed by Sheriff Kelly went to Waitman and found the negro sitting on his front porch. Shaw quickly barricaded himself in the house, but the negro opened fire, wounding James Ford and John Robinson.

He apparently had only small shot, which saved the lives of those he shot at. Shaw was shot at twice. He had two revolvers, but announced that he would save them for work at close quarters. A great crowd gathered around the house, keeping at a safe distance.

COWAN TALKS TO RATE COMMITTEE

Fort Worth Attorney Says Esch-Townsend Bill Is Worse Than None

WASHINGTON, May 22.—Interstate Commerce Commissioners Francis M. Cockrell and Joseph W. Pifer were among the witnesses today before the senate committee on interstate commerce, whose investigation of railroad rates has almost drawn to a close.

Commissioner Fifer spoke of rebates and rate cutting and said they were induced by railroad men distrustful each other.

Former United States Senator Cockrell of Missouri, now a member of the commission, said he would leave the origination of rates to the railroad, giving the commission the power to condemn a rate found to be unreasonable and fix another rate in its place to take effect immediately.

The roads, he contended, should have the right to appeal to the courts and the latter determine whether the railroad rate was unreasonable or the commission's rate unreasonable. He would make the railroads responsible for being and other charges of a private car line.

S. H. Cowan, representing the live stock shippers of the southwest, also appeared today. He controverted statements by other witnesses as to satisfactory rate conditions and claimed that the cattle rates were too high.

Chairman Elkins remarked that the commission summoned all men whose names had been furnished by Mr. Baker in the interest of proposed legislation and that expenses had been allowed all who appeared.

Mr. Cowan maintained that live stock transportation was the most profitable railroad business in the southwest. He characterized the Esch-Townsend bill as worse than no legislation.

CHICAGO UNIVERSITY WORTH \$19,000,000

Biennial Statement of President Harper Shows Gain of Nearly \$1,000,000 in Past Year

CHICAGO, May 22.—According to the biennial statement of President Harper, the University of Chicago is worth between \$18,000,000 and \$19,000,000. The exact amount of assets as shown in the auditor's report of June 30, 1904, is \$18,047,915, an increase over the amount on the same date the previous year of \$953,216.

A corresponding increase for the year since the auditor's last report would make the present worth of the university exceed \$19,000,000.

TWO MORE YEARS FOR A. W. MACHEN

Former Postoffice Department Official Receives Additional Sentence

WASHINGTON, May 22.—August W. Machen, under sentence of two years' imprisonment for his connection with the postal frauds, pleaded guilty to an additional indictment in connection with the purchase of letter carrier satchels. He was at once sentenced to an additional two years' imprisonment.

HARSH MEASURES FOR STRIKING SCHOLARS

Chicago Board of Education Determined to Break up Demonstrations in Public Schools

CHICAGO, May 22.—The board of education has determined to resort to stringent strike methods to prevent further demonstrations in connection with the public schools.

All pupils attempting to induce other pupils to boycott the public schools are to be arrested. All adults seeking to incite trouble at the schools are to be locked up. All persons, young or old, attempting to interfere with school children on their way to and from school are to be arrested.

Principals and teachers are expected to cooperate with the school authorities in apprehending all disturbers lurking about the school houses.

It has been declared that in several instances teachers in the public schools not only have participated in demonstrations, but have encouraged the children to shout at the non-union teachers. A school trustee said this charge would be investigated.

GETTING READY FOR WHITELAW REID

NEW YORK, May 22.—Dorchester House in Park Lane is now being made ready with all possible speed for the occupancy of Ambassador Whitelaw Reid, cables the Herald's correspondent.

During the last few days, the terms of rental are said to have been agreed on and a large staff of servants has been engaged.

No private residence in London has, the correspondent adds, such a commanding site as Dorchester House and none is better adapted to entertaining.

BAPTISTS DEMAND SMOOT'S REMOVAL

Adopt Resolutions Condemning Mormonism, at St. Louis Convention

ST. LOUIS, May 22.—Interest in last night's meeting of the American Baptist Publication Society as part of the National Baptist anniversary, centered in the report of the committee on resolutions which submitted a strongly worded resolution denouncing Mormonism and asking for the expulsion of United States Senator Smoot of Utah.

The report was unanimously adopted without discussion and copies were ordered sent to President Roosevelt, Vice President Fairbanks, the presiding officer of the United States senate; Speaker Joseph Cannon of the United States house of representatives, and Senator J. C. Burrows, chairman of the committee on elections. The resolution was worded as follows:

"Whereas, the recent congressional investigations have shown that the Mormon hierarchy is openly defying the laws, both state and national; therefore be it resolved, That we urge upon congress the necessity of radical action for the removal of the manifest evils of Mormonism."

"Resolved, That we call upon the United States senate to expel Reed Smoot of Utah from that body as unworthy of membership."

Following the report of the committee in the publishing department, a resolution was adopted urging systematic patronage to enable the business department to be more than self-sustaining and that Baptists throughout the country look upon the publication society as an opportunity for large and liberal investment of Christian wealth, whose returns "shall be in the spread of gospel truth rather than money."

PARADOX IN THE TEAMSTERS' STRIKE

Movement Spreading in Chicago, Yet Final Settlement is Apparently in Sight

CHICAGO, May 22.—The teamsters' strike today threatens to assume proportions that will render a call for troops necessary, and at the same time the hopes of a peaceful settlement have developed. The situation is thoroughly paradoxical. While the strike grows, peace is once more in the balance.

The express companies seem to hold the key to the situation, but hopes based on these companies may be elusive, for in spite of many rumors to the contrary the emphatic statement is made that they will not yield an inch.

The striking express drivers may get their old places after the strike is settled, but the stand of the Chicago agents backed without exception by the general office of the companies is against making any promises in advance.

The agents of the express companies were expected to be represented at an adjourned conference between the employers and the teamsters, which was scheduled for today. If the express agents meet the strike leaders today it will be for the first time since hostilities began. Their prospective presence presents another hopeful sign to the optimists.

BIG NEW YORK BANK IS CLOSED

Merchants' Trust Company, With \$500,000 Capital, Suspends Business

HAD \$2,000,000 DEPOSITS

Large Amount of Securities Held as Collateral Said to Be Unsalable

NEW YORK, May 22.—The doors of the Merchants Trust Company of this city closed today.

The company was closed by order of F. D. Kiburn, state superintendent of banks, notice to that effect being posted upon the doors. It was said today that the closing of the institution was due to inability to present payment of certain loans in which collateral consisted of securities of the Hudson Valley Railway. The company was a participant in the Hudson Valley Railway Company Syndicate to the extent of \$355,500.

Reports that the company would be obliged to discontinue its business were circulated on the street yesterday, and affected the stock market in late dealings yesterday afternoon.

Samuel Untermyer, counsel for Jacob L. Phillips, president of the Merchants' Trust Company, gave out the following statement:

"In view of the publicity that has been given to the efforts of the company to increase its cash resources and the unmarketable character of certain of the securities which it holds as collateral for large loans, I have advised the president to recommend the suspension of business so as to prevent a run on the institution. Mr. Phillips has been president for only a few months. The loans that crippled the cash resources were not made under his administration and he has no responsibility for them."

The officers of the trust company are as follows: President, Jacob L. Phillips; vice president, Cassius M. Wicker; secretary and treasurer, Frank P. Davis; assistant secretary and assistant treasurer, Jacob C. Coyne. One of the directors was Dr. John P. Munn, physician to the Gould family.

The Merchants' Trust Company had a capital stock of \$500,000, and owed depositors about \$2,000,000. An examination of the company's affairs was made by the state banking department on Dec. 23, last. The report of the state banking department showed that the company's book surplus of \$1,198,737 had been reduced by the examiners to \$1,074,548. While the examiners had increased the value of some securities held by the company, they threw out some of the others as valueless.

The bonus of \$1,198,737 had been reduced by the examiners to \$1,074,548. While the examiners had increased the value of some securities held by the company, they threw out some of the others as valueless.

The company was organized in 1899. In May, 1903, the stock reached its high point, 296 being bid for it. Edward Hawley was president of the company at one time.

RECEIVERS APPOINTED

ALBANY, N. Y., May 22.—Upon the application of Attorney General Mayer, Justice Cochrane of the supreme court here today appointed Douglas Robinson and the New York Trust Company as receivers of the Merchants' Trust Company.

The bonus of Mr. Robinson was fixed at \$566,000. Under the law a trust company, as receiver, is not required to give bond. Local interest in the failure of the Merchants' Trust Company is enhanced by the important effect which the failure entails upon the affairs of the Hudson Valley Railway Company.

No one in Albany is in a position to say how it will affect the Hudson Valley Railway Company, whose offices are at Glen Falls.

Farmers Plow at Night

WACO, Texas, May 22.—Owing to the great need for rush work, farmers in Falls county and in parts of McLennan last week plowed at night in order to get ahead of weeds, and hoes were also used at night. The moon was shining, and it was possible to do good work. Hands were in many cases paid overtime to work extra hours, and thus the fight was waged. Great headway was made, but farmers are still badly in the weeds in most sections.

CATARRH OF KIDNEYS SOURCE OF CIVILIZATION

SEVERE CASE OF CATARRH OF KIDNEYS AND BLADDER CURED BY PE-RU-NA.

Mr. George King, Deputy Sheriff of Rensselaer Co., N. Y., for years was a well-known merchant of Troy. In a letter from No. 45 King St., Troy, N. Y., he writes: "Peruna cured me from what the doctors were afraid would turn into Bright's disease, after I had suffered with catarrh of the bladder and kidney trouble."

"Peruna is a blessing to a sick man. Eight bottles made me a well man and were worth more than a thousand dollars to me. I cannot speak too highly of it. It is now four years since I was troubled, and I have enjoyed perfect health since."

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

CATARRH of the kidneys—that is what makes people have weak backs. It is catarrh of the kidneys.

The kidney is being gradually destroyed by this derangement. The mucous membrane lining of the kidney is inflamed—ulcerated. The catarrhal products are irritating, and are sapping away the vitality of the kidney, which makes the back weak.

This causes people to become old before their time—holding on to their backs—unable to stoop over without pain—and having sudden cramps in the muscles of the back.

Catarrh of the kidneys—that is what is ailing them.

A course of Peruna is what they need before the kidneys have become permanently destroyed.

AT HALF MAST.

Sometimes we are greeted in the morning by flags at half-mast for some prominent official who yesterday was apparently in perfect health.

When we inquire the ailment by which he was stricken it is not uncommon to be told "acute indigestion" or "stomach trouble."

It is time people learned that indigestion of any form of "stomach trouble" is not a thing to trifle with.

The result may not be fatal, but there can be no condition of diseased stomach which does not carry with it physical loss and weakness.

Dr. Pierce's Golden Medical Discovery cures indigestion and other forms of disease affecting the stomach and its allied organs of digestion and nutrition.

It enables the perfect digestion and assimilation of food.

"Thanks to Dr. Pierce's Golden Medical Discovery," writes Mr. Charles H. German, of Lehigh, Pa. "It is the only medicine that has done me any good. I tried everything I could think of to cure indigestion, and found I was only throwing away money. Then I heard of Dr. Pierce's Golden Medical Discovery and tried a bottle of it, and to my joy found it was doing me good. I used six bottles of it and am now cured. It is the best medicine on earth."

This grand remedy does its work in a thorough manner; it gives the health that is all health; the strength that is solid, substantial and lasting; not flabby fat, not false stimulus, but genuine, complete, renewed vitality and life force.

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

Dr. Pierce's Pleasant Pellets cure constipation and its consequences.

PLAYFUL DOG CAUSES YOUNG MAN'S DEATH

SULPHUR SPRINGS, Texas, May 23.—Booker Johnson Jr., son of Booker Johnson, a carpenter and contractor of this place, was accidentally shot Saturday afternoon about dusk.

He had been hunting, and returning stopped in front of the stilt leading to the residence of Cyclone Davis. Judge Davis' sons went to the stilt and were talking with young Johnson when a dog playing about them ran against the gun and caused it to be discharged.

Johnson had hold of the muzzle and the flesh from his right hand was shot away and the lead took effect in the right side of the mouth, passing through the head and shooting almost the entire right side of the face and head off. Death resulted in a few moments.

The body was carried into Judge Davis' residence and prepared for burial. Young Johnson was about 16 years of age.

HELPED OVERTHROW EMPEROR MAXIMILIAN

Joseph Gonzales, Nephew of Late Mexican Cardinal, Dies in New York.

A Cigar Maker

NEW YORK, May 23.—Joseph Gonzales, nephew of the late Cardinal Gonzales of Mexico, is dead at his home here.

He was one of the revolutionists who overthrew Emperor Maximilian and brought about his execution. During the revolution Gonzales was captured and sentenced to death. The order was revoked, but his hair turned white in what he thought was the last night of his life.

Gonzales quarreled with his family after the revolution and came here. After his resources became exhausted he became a cigar maker.

ATAXIA FOUR YEARS

FOLLOW MALARIA CONTRACTED IN SPANISH-AMERICAN WAR.

Victim Had Become Helpless When He Tried Dr. Williams' Pink Pills, but Was Cured in Four Months.

Because he did not know that there is a remedy for ataxia, Mr. Ariel endured four years of weakness, pain and the misery of thinking his case incurable.

"At the outbreak of the Spanish-American war," he says, "I went with Company B, Eighth Regiment, M. V. M., into camp at Chickamauga, and while there my system became thoroughly poisoned with malaria. When I was mustered out, I carried that disease home with me. After a while locomotor ataxia appeared."

"How did the ataxia begin?" "I first noticed a pain in my ankles and knee joints. This was followed by a numb feeling in my legs. At times I had to drag myself around; my legs would shake or become perfectly dead. I had constant trouble in getting about in the dark. I kept a light burning in my room at night as I could not balance myself in the darkness. Even with the aid of a light I wobbled, and would reach out and catch hold of chairs to prevent myself from falling?"

"How long were you a sufferer?" "Four years in all. During the last three years I was confined to bed, sometimes for a week, again for three or four weeks at a time. When I was lying down the pain in my back was frequently so severe that I had to be helped up and put in a chair to get a little relief. I had considerable pain in my bowels and no control over my kidneys. The worst of all was that the doctor could give me no hope of recovery."

"How were you cured?" "I read that Dr. Williams' Pink Pills had cured locomotor ataxia and one or two friends spoke to me about them. In the fall of 1903 I began to take them for myself and I had not used more than one box before I found that the pains in my knees and ankles were greatly relieved. Four months afterward I became a perfectly well man, and I am today enjoying the best of health."

Mr. Edward H. Ariel lives at No. 43 Powow street, Amesbury, Mass. Every sufferer from locomotor ataxia should try Dr. Williams' Pink Pills without delay. Any druggist can supply them.

CATTLE RUSH CONTINUES

West Texas Railroads Unable to Keep Up With the Demand for Stock Cars

EL PASO, Texas, May 23.—Every railroad which is accepting stock shipments at all is enjoying an unprecedented volume of business. The past week has shown an increase in the total number of cattle passing through El Paso en route to northern and western points over the high mark attained the previous week. A sufficient number of cars to handle the cattle is lacking. One road estimates that it will be at least a week or more before it is able to handle the stock as rapidly as the shippers wish.

Such a season has never been known in the history of the El Paso railroads. Not only is the volume of cattle great, but the condition of the animals is uniformly better than it has ever been in the past. Ranges in the finest condition possible have fattened the stock until they are in better shape to withstand the hardships of shipment than ever before.

The Corralitos Company has made some of the largest shipments bringing through El Paso from their Chihuahua, Mexico, ranch several large strings of cattle. Fifteen hundred head made up the shipment one day. Other days' shipments were nearly as large.

J. G. D. Boyd of the Carretas ranch, in the Sierra Madre, brought some choice cattle through the city.

Jackson and Harmon of Alpine shipped a trainload of cattle.

The Argemendiz ranch, at the Hueco tanks near this city, shipped a trainload of cattle north.

Thompson, Bohart and Emmert of

Stoer, Mo., shipped 2,500 head of cattle from Kent, Texas.

Murphy & Walker of Marfa have been the largest shippers of cattle through this city. Almost daily shipments have been made to Kansas.

W. C. Greene has shipped a large number of cattle from his Cananea ranch, in Sonora, Mexico.

Frank Criswell shipped 822 head of cattle from his El Paso county ranch to Phoenix, Ariz., market.

Hysham and Neel of Douglas, Ariz., shipped a trainload of their ranch to Nebraska.

Gail and Gates of Santa Anna, Ariz., handled a trainload of steers for the east.

A. B. Urnston shipped a carload of horses and cattle in bond from Mexico to Canada.

Mark Miller is telegraphing throughout this district for bronchos to fill an order for 10,000.

TEXAS GIRL FOUND IN BOARDING HOUSE

Miss Margaret Jalonick of Dallas Indignant at Action of Police

NIAGARA FALLS, N. Y., May 23.—Miss Margaret Jalonick of Dallas, Texas, the nurse who disappeared last Wednesday from St. Luke's hospital, New York, arrived here Thursday and has been staying since then at a boarding house. She will be joined by her father here today.

She is very indignant at the action of the police in taking her to the station when they found her yesterday. She declined to discuss her motives in leaving the hospital and exclaimed to reporters: "I am old enough to take care of my own affairs without taking the public into my confidence."

McKee has been arrested here, charged with being the manager of a "get-rich-quick" concern which has branches in many other cities and, according to the police, has swindled thousands of persons. The proposition submitted to subscribers by the company was that after paying \$1.25 for eighty-four weeks they would receive a diamond, valued at \$200. According to the police the business associates of McKee were driven from Buffalo after the postal authorities had stopped their mail. Then, it is alleged, the name of the concern was changed from the International Mercantile Company to the Keystone Commission Company. Then, it is said, the business was taken to Danville, Pa. The next field was East St. Louis, where the managers stayed a short while, and departed. The concern, according to the police, then moved to Houston, Texas, where it again operated under the name of the Keystone Commission Company. Two of the officials were arrested there, it is said. McKee was arraigned before Justice Cavery who continued the case until June 1.'

NOTICE

Confederate Veterans!

The Texas and Pacific railway will run a special Confederate Veterans train, nicely decorated and banneted, through to Louisville and return, and I will accompany them as usual both ways to see that the Veterans receive every necessary attention. Stopovers at Mammoth Cave, Ky., have been arranged, going or returning, for all who desire. If you have any doubts as to the best route ask those who went to Nashville last year. Do not be misled by speciously worded circulars being sent out for the purpose of influencing you to select another route, but remember the "OLD RELIABLE" always carry out their promises to the letter.

Champion Wrestler's Great Strength

John J. Zimmer, Amateur Champion Middleweight Wrestler, Says His Wonderful Strength Is Due to Regular Use of That Marvelous Tonic and Invigorator, Duffy's Pure Malt Whiskey.

He Writes: "All the medals I have won in athletics and honors I have gained on the wrestling mat I owe to Duffy's Pure Malt Whiskey."

JOHN J. ZIMMER.

Gentlemen: All the medals that I have won in athletics and the honors that I have gained on the track and on the wrestling mat I owe to Duffy's Pure Malt Whiskey. I began to take your medicine four years ago, when I was a mere stripling and very much run down in health and weak in body. I had been bedridden for four months, and the doctors thought I would not recover. When an athletic instructor, a neighbor of mine, took me in charge, he stopped all medicine and gave me Duffy's Pure Malt Whiskey, and with the aid of massage brought me back to normal health. Since that time I have trained regularly in the gymnasium and have known no medicine except Duffy's Pure Malt Whiskey. — JOHN J. ZIMMER, Amateur Champion Wrestler.

Duffy's Pure Malt Whiskey

Is the greatest strength builder and tonic stimulant known to medicine. It attacks the seat of the disease, drives it out and rebuilds the weakened tissues in a gradual, healthy, natural manner.

"Duffy's" is the only cure and preventive of consumption, pneumonia, grip, bronchitis, coughs, colds, malaria, low fevers and all wasting, weakening, diseased conditions. It makes the young strong and healthy. In use 50 years. Write for free copy of medical booklet, Duffy Malt Whiskey Co., Rochester, N. Y.

CAUTION—Get the genuine Duffy's Pure Malt Whiskey, sold by all druggists and grocers throughout the world in sealed bottles only—price \$1.00. See that the "Old Chemist" trade-mark is on the label, and that there is a strap over the cork. Refuse substitutes and bogus so-called "Duffy's" Pure Malt Whiskey, offered by unreliable dealers.

MAL-FEST OPENS WITH GOOD SPORT

Woman Acts as Judge in Day's Events—Mayor Powell Makes Speech

Monday was an ideal day for out-door recreation and the members and friends of the German societies of the city began to assemble at Hermann Park early in the afternoon to celebrate their annual Mal-Fest. A good opening day crowd was on hand when the sports began late in the afternoon.

An excellent fun-making program had been arranged by the committee on sport, and furnished plenty of amusement.

Carl Schilder acted as starter. Mrs. Minnie Bredaw and H. Mueller were the judges.

Following is a list of the events and winners as they occurred:

Egg in the spoon race, for girls under 14 years; won by Lillie Deuter; prize, embroidery.

Foot race, for boys under 13 years of age; won by Lewis Miller; prize, Alfonso statue.

Foot race, for boys under 14 years of age; won by Fannie Seigler; prize, statue.

Foot race, for boys under 10 years of age; won by Lewis Bother; prize, tool box.

Blindfolded race, for married women; won by Mrs. A. E. Kujawski; prize, large picture.

Three-legged race; won by W. F. Bell and A. E. Kujawski; prize, box of handkerchiefs.

Sack race, for boys; won by Billie Cummings; prize, ten pins.

Foot race, for ladies; won by Francis Schertz; prize, umbrella.

Foot race, for little girls; won by Annie Green; first prize, sidecombs; Jennie Pollard, second prize, a pocketbook.

Striking the pot, for ladies; won by Mrs. H. Mueller; prize, water pitcher.

Fat men's race, 200 pounds and over; won by Mr. Deisinger; prize, box of cigars.

Foot race, free for all; won by A. E. Kujawski; prize, bottle of wine.

Foot race, between Carl Schilder and J.

Hierholzer; won by Mr. Schilder; prize, package of chewing gum and fan.

An excellent musical program was carried out at night and thoroughly enjoyed by all. Mayor T. J. Powell and A. Glicky delivered short addresses.

The Mal-Fest will be continued tonight and tomorrow night, in the pavilion.

Following a concert at 3 o'clock this afternoon sports will be held at 4 o'clock as follows:

Foot race for children under 12 years of age; prize, folding gun.

Sack race for boys; prize, ball and bat.

Striking the pot, for ladies; prize, parlor lamp.

Sausage on the pole; prize, croquet set.

Quarter in the flour pan; prize, the quarter.

RUSHING THE SEASON

A Solemn Duty.

A solemn duty which we owe society, our children and ourselves is that nothing which can be done to assist nature at that time when our wives are to become mothers should be left undone. Of all the countless details to be observed at such a time, no single one is of more importance than the bodily welfare of the expectant mother; she must not experience undue suffering through any lack of effort on our part.

MOTHER'S FRIEND

should be the recourse of all real men and women at such times; it is easily obtainable, and it is a positive crime not to procure it. Its offices are to relax the muscles and tissues intimately associated in this greatest of the Creator's phenomena, and by simple external applications a result is obtained which at the appointed time permits the mother to undergo her greatest joy with fortitude, and bring into the world a child worthy of its parents. \$1.00, all druggists. 'TELEGRAM LINERS' WINS \$5 PRIZE

T. Beebe's Suggestion Accepted as New Title for Classified Ads

"Telegram Liners." This will be the title of the advertisements that will henceforth be given to those ads which have, up to this time in The Telegram, been known as "Classified Ads."

This is the title that has been chosen for all those entered in the \$5.00 prize contest for a new name for the small advertisements that have appeared in The Telegram under the name of "Classified Ads."

This is the name that was suggested by T. Beebe, 510 East Third street. A check has been mailed Mr. Beebe for \$5.00, the amount offered by The Telegram Company to the one who would suggest the most appropriate name for the small advertisements that appear together on one page of the paper each day.

Ninety-six names were suggested, fifty of those submitted being discarded. Here are some of the names that were submitted:

"Addgrams," "Trouble Extractors," "Brain Food," "Fancy Changes," "The World's Woes," "Hungry Henrys and Henriettes," "Eureka," "Tollawo Man," "Trouble Ease," "Puzzle Solvers," "Classified Information," "Bargains," "Penny Ads," "Daily Bulletin," "Peerless," "Adlets," "The Daily Ad Parade," "Peelers," "Set Items," "Wish Ads," "Little Telegrams," "Xes," "Opportunity Ads," "C. C. C.," "Path to Business," "Pi Ads," "Economic Enterprises," "Concerted Wants," "A. B. C.," "Telegrams," "Assorted Needs," "Guest and Quizzes," "E. B. R. (Evers Body Reads)," "Our Busy Bee Ads," "Pointers," "Chinks," "Notice," "Light," "Classified Odds," "Right-up-to-Now," "Useful Vents," "Pidgeons," "Convenient Column," "Busy Columns," "Opportunity."

These are only a few of those suggested. Many of the words or phrases are well adapted to the uses that they were to be put but did not fill other requirements, being in some cases too long, or not sufficiently appropriate and in most cases not susceptible of use for advertising purposes.

"Telegram Liners."

Keep your eye on the "Telegram Liners." It contains more good solid information than you can find in that of any "Liner" page in any other newspaper published.

"Telegram Liners" cost but one cent a word for the first insertion and half a cent a word for subsequent insertions. They are read by all classes of people and the "Telegram Liners" page is the first page that a great many of the paper's regular readers turn to. A new position or a better one wanted, help, male or female, wanted; lost or found articles, rooms wanted, boarders wanted, almost every imaginable want can be readily supplied either by using or reading "Telegram Liners" pages.

THE THOMAS LOCOMOBILE.

NEW YORK, May 23.—After the publication of the fact that his car would be blacklisted unless it was allowed to participate in the Gordon Bennett race, Dr. H. E. Thomas of Chicago has decided to let the car go abroad.

The car, a Locomobile, was ordered by Dr. Thomas and was entered in the European automobile blue ribbon. Tried out by W. K. Vanderbilt Jr. of the Automobile Club of America racing committee, the car developed 140-horsepower, making it the most powerful racing machine in the United States.

For some reason Dr. Thomas announced that he would not permit the car to go abroad. As the machine had been entered officially and had proved satisfactory in the trials this backdown aroused the ire of the A. C. A. After considerable correspondence between Dr. Thomas and Geo. Isham Scott, chairman of the racing committee, the former agreed to let the car go abroad. Joe Tracy will probably drive it in the Gordon Bennett.

ONLY SLIGHT STORM AT MINERAL WELLS

Morning Papers' Report Was Cause of Much Unnecessary Alarm

MINERAL WELLS, Texas, May 23.—When the visitors and inhabitants of this little city awoke yesterday morning they were seized with a feeling of dread and excitement; dread, because dozens of telegrams of inquiry as to their safety were soon to be forwarded from Weatherford and Fort Worth, where they were delayed, and excitement because of the terrible rains and cyclones over the entire country in the past two weeks.

The first definite information came from the trainmen in charge of the local freight which reached Mineral Wells at 10 o'clock, yet this only had the effect of increasing the mental tension, as they told of the great number of delayed telegrams at Weatherford for visitors here. The wires were put in order about 10:30, however, and messages came pouring into the local offices of both the Postal and Western Union so fast that everything seemed confusion for the time. Over a hundred messages were soon delivered, all being to the same effect regarding the morning papers' reports of a "severe storm and great destruction at Mineral Wells." One messenger boy alone delivered seventy telegrams.

The ball game here Sunday between the Weatherford and Mineral Wells teams was not well attended on account of the bad weather.

Considerable plans are being made here today for the great show to be given in the new auditorium Wednesday evening. The promise is made that a rare treat in the line of choice minstrel wit and humor, costumes and general stage effects are to be offered the visitors and home folk.

M. Levison, New Orleans; E. E. Manheimer, Santo Rosa, N. M.; N. O. Oakland, Nall Taine and Glen Perrine of Cincinnati, were among the "Wells" arrivals yesterday.

In honor of the great composer Donizetti a museum is to be erected at Bergamo, his native place. Relatives of the late composer have agreed to furnish the material. Baroness Basoni-Scotti will supply the furniture of the room in which Donizetti died.

***** WHY THE RAILWAYS HESITATE *****

The railways of Texas are up against a hard proposition. There is no mistaking that feature of the situation. The new tax laws passed by the state legislature and the reduction in the cotton rate recently promulgated by the state railroad commission, has gotten the various lines operating in this state to the point where they do not know just what to do. There is resentment in the railway manager's heart, there can be no doubt on that score, for railway managers are but human, and in this instance he feels that he and the interest he represents has not been fairly treated. He has learned some things from past experience along this line, however, and does not proceed in the manner that characterized his actions just a few years ago. He has learned that a fight against the people of this state is a losing proposition in the long run, from the fact that his line is dependent upon the people for support and the people often fight very hard in an effort to wipe out old scores. He hears those facts in mind, and while resentful, he exercises good judgment and instead of fighting his home people, he puts the eastern bondholders up against the situation. With his carefully prepared bunch of facts and figures, he ties himself to New York and shows these eastern people just what the situation is down in Texas. He tells those bondholders that the outlook is very gloomy down in Texas for big earnings on these investments, and leaves the problem with these bondholders to be worked out according to their satisfaction. In a very timely comment on the situation the Austin Current Issue says:

The railroads seem as yet undecided what they will do about the new cotton rates. One day the newspaper dispatches from St. Louis told us the railroads had determined to resist the tariff, and next day we were informed the question had been passed up to the bondholders. This contradiction must reflect some confusion among the various railroad interests.

It is quite safe to surmise that they are extremely reluctant to engage in a legal combat with the state of Texas. They would prefer, if it can be done without disastrous consequences, to remain up in terms of amity both with the state and the commission. They cannot be unmindful of the political consequences likely to follow an appeal to the courts, and they know those consequences are of a kind that may well be dreaded. Therefore we may be sure they will not appeal to the courts if there is any alternative short of absolute bankruptcy. That they have hesitated this long is probably indicative that some of the weaker lines are trying to figure out a possibility of being able to submit to the smaller revenue decreed by the legislature and the commission, acting simultaneously and seemingly prompted by the same spirit of jealousy lest the railroads should perceive themselves that disaster will not be certain penalty of submission, we believe the railroads will elect to submit, reviving their hope of eventually being allowed to earn dividends on the reflection that the continued rapid growth of Texas is certain, and that the cultivation of a more just spirit is possible. Principle prompts resistance; policy counsels submission. Between those two advocates the railroads seem to hesitate.

Decision is made the more difficult, doubtless, by the fact that the situation is not the same for all of the lines. Some of them, though deprived of all hope of profit, could earn their operating expenses and fixed charges under the new conditions by reducing the amounts which for the last two or three years they have been spending on betterments. These, doubtless are in favor of submission. Others, however, are not so fortunately circumstanced. They have not been able even under the old conditions, to indulge in permanent improvements; they are lean now to the point of emaciation, and any fresh taken from them must make a mortal wound. To such lines the consequence of resistance perhaps seems the lesser evil.

It is nothing less than a most unfortunate situation, as well for the people as for the railroads; for if they should finally feel constrained to appeal to the courts to protect their property, we shall have a struggle from which no one will profit, and one whose malefic influence will linger for years.

Incidentally, it may be stated that the people of Texas are not pining for any kind of a row with the railroads. And in the taxation and freight reducing measures steps have only been taken to compel these big corporations to do what the people of this state believe to be right. It is a matter that has two sides to it,

however. If the railways feel they are being oppressed they have the same right to seek relief that was claimed and exercised by the people in the measures complained of. The people of this state will not blame the railways for seeking relief if the burden is oppressive, for the people of Texas are too broad to desire to throttle any line of industry in this state. They want the railways to prosper and earn money on their legitimate investments. They realize that this is necessary from many different standpoints. If we are to have more railways in Texas it must be demonstrated that Texas railways are paying propositions, and if a high standard of excellence and public service is to be maintained by the railways they must be allowed to earn sufficient revenue to guarantee such results. The great state of Texas does not desire to be the home of any broken-down and bankrupt railway corporations. The laborer is worthy of his hire, and the Texas idea is merely to see that he does not get more than he has coming.

The anti-free pass legislation was killed by the recent state legislature, but the man who carried that anti-nepotism measure up his sleeve until the closing hours finally landed good and hard. The legislature has promised, however, that it will be good and discard free passes if the people will kindly agree to increase the legislative salary to the modest amount of \$1,000 per annum.

It may be true that the cotton acreage in Texas has been materially reduced, but that fact should occasion no abatement of the efforts that are due from our people to build a few more cotton mills in this state. It will be found after due trial that it is easier to build cotton mills in Texas than it is to reduce the acreage devoted to the production of cotton through any kind of a general agreement.

The managers of the various lines of Texas railway have exhibited much wisdom in passing up the proposition of entering into a flight in opposition to the expressed will of the people of this state. The railways have materially suffered from such a procedure in the past, and they have learned some things from that experience.

That provision in the state appropriation bill which prescribes that a certain amount intended for the blind institute shall be expended under the direction of the superintendent of the state lunatic asylum, is but another evidence of the incompetency that seems to have run riot in Austin during the session of the state legislature.

It would be a good idea to establish the fact that the recently found body of Paul Jones is the real thing before we go to the trouble and expense of bringing it home for burial. It would be too bad if those remains should turn out to be those of some forgotten Frenchman.

The Chicago strike is again about to be settled, and it is to be sincerely hoped that it will stay settled. The announcement has been made so often that settlement was in sight when the fight was still going on, that the public is now about at the point where it will require some kind of an affidavit.

More business and less politics is what we need in Texas just now. The man with an appetite for pie should be content to remain in the background until the business interests have a small inning. We can talk politics when we have nothing else to do.

Waco is thinking of putting a boat on the Brazos in order to forward the good work of river navigation. The Waco Times-Herald, having in mind the success that has attended Denison's effort in the same direction, modestly asks the Denison Herald if the Annie P. wears lingerie.

A New York drug house has just placed an order for 20,000 bee stings to be used in the manufacture of a remedy for rheumatism. There are many citizens of Texas who could be induced to sell their bee stings real cheap during the prevalence of the honey season.

Secretary Loeb says he never saw Miss Mae Wood in his life, and the manner in which he gave that lady the dodge in Nebraska recently would seem to indicate that he never intends to see her.

The general impression is that the more the Bowen-Loomis trouble is probed into the worse it will smell. In fact, the indications all seem to denote that a very large scandal is involved in this affair.

Nan Patterson says her experiences of the past year have not gone for naught, and since we come to think of it, Nan has had some experience that should have taught her a thing or two.

That South Texas man who is the happy father of twenty-four children must be a man very nearly after the president's own heart. He has done his share to overcome the presidential horror of race suicide.

Admiral Bireliff has been placed in supreme command of the combined Russian fleet, but he says that Rojastevsky will not be interfered with if he is able to exercise his proper functions.

Perhaps there was such a rapid and unprecedented increase in Fort Worth's population that the census estimator got rattled and could not count 'em.

That Interurban line to Mineral Wells is one of the things that Fort Worth should push and push very hard.

GLEANINGS FROM THE EXCHANGES

It looks bad for the ticket broker. A great many towns are procuring permanent injunctions against his handling of excursion tickets, and it begins to look bad for his business.—Mineral Wells Index.

The ticket broker is getting up against a very hard proposition, but he is an individual who is accustomed to situations of that kind.

There is something for everybody to do and the chronic idler who is in good health and without an income should be charged every time he stops on the sidewalk and a good way to pay such rent bills is by working on the streets.—Beaumont Journal.

A herd of chronic loafers is a very poor standing advertisement for any town. They should all be made to go to work or hit the trail for another range.

That species of a New York judge that pursues a defendant after she is released and insists that she lied, may be a good judge, but there are strong doubts in the minds of many regarding him.—Austin Statesman.

It is a great pity that more of the New York judges are not afflicted with a mild form of lockjaw.

It is strange, yet it is true that the Panama canal commission can purchase American goods in foreign markets cheaper than they can purchase the same goods at home. Will some one please explain why this is, and whose fault it is.—Bonham Favorite.

It is because the protective tariff of the United States shuts out competition with the foreign manufacturer, American manufacturers sell cheaper in Mexico and Canada than they do in the United States.

The new Indian agent of the Indian Territory is a democrat. The president thinks he sees some mighty good men in the old party of democracy.—Sherman Democrat.

The president has honored quite a number of democrats with official positions, and is seemingly inspired by the determination to have good men if he has to go outside his party to obtain them.

When Colonel Younkum was asked what he had to say in reference to the action of the state legislature in putting a heavier tax on railroads, he replied that he did not have time to look back, that his head was turned to the future and the greatness of Texas. This shows that Colonel Younkum has within him a mark of greatness.—Cleburne Review.

Colonel Younkum takes the proper view of the situation. It is the man who keeps his face to the future that does things in this day of hustle and never-ceasing activity.

The last survivor of the war of 1812 has gone to his long home at the age of 105 years. He lived in three centuries, a lease of life that has seldom been granted since Methuselah.—San Antonio Light.

The last survivor of the war of 1812 may be dead, but applications for pensions for survivors of that conflict will be coming in for the next fifty years.

A man who will besmirch his neighbor's reputation when he is away would steal sheep if it wasn't for the fear of the law.—San Angelo Standard.

And the man who does besmirch his neighbor's reputation is worse than a sheep stealer. The character thief is the worst kind of a thief.

It looks as if there must have been some grossly incompetent clerks in the legislature, or some sharp practice used in regard to the election bill.—Athens Review.

At any rate, the effect was the same. It is said the author of the bill is inclined to the belief that there has been some sharp practice.

Don't fret about what you can't prevent. Do what good you can and work when opportunity is presented and you'll have no time to worry over the impossible.—Corsicana Sun.

Fretting never does any good. It is good hard, honest work that counts. "You can't keep a working man down."

We know of some people who, they think, never make errors, but that their neighbors make all the errors.—McKinney Gazette.

If our own faults were as apparent to us as are those of other people we would perhaps not be so busy with other people's. But "the king can do no wrong."

Even those "fake bullfights," in which no blood is shed, are to be knocked out in Texas. Well, there is not much occasion for regrets. There was not much to them, anyway.—San Antonio Express.

Fake bullfights, like all other kinds of fakes, should be knocked out in Texas. They are only pulled off for the sake of skinning the gullible public.

WITH THE CATTLEMEN

BOREN COUNTY THREES

Sam Isaacs, of W. C. Isaacs & Bros., Canadian, passed through Fort San-Canada from Colorado City, where he has been passing on some three bought from the Bush & Tiller ranch.

Mr. Isaacs says that he was surprised at the excellent outlook of the Colorado country. Everything is in the very best of condition. Cattle are taking on fat readily, and it is not to be considered that a shortage in grass will occur, for there is enough at this time to finish all the cattle here for market.

The three that he passed on were in fine shape, and while they commanded a good price, there was nothing to complain of in the purchase, as they will be good stuff when marketed.

COWMEN FLYING HIGH

T. T. D. Andrews of Amarillo was in the city Monday and reported everything flying high. Least to complain of than in many years is the text of an interview with Mr. Andrews.

It will be remembered that Mr. Andrews negotiated the sale of the 2,500 yearlings of the Slaughter ranch. Mr. Andrews stated that cattle conditions in general were fine, grass good and a reasonably fair price to be had for good cattle. The day of continuous hard luck for cowmen has been broken, and the dawn of the new day is at hand.

SHIPPING NEARLY OVER

J. D. Shufford, general live stock agent of the Fort Worth and Denver stock day night for Amarillo, where considerable shipping is to be done this week. The Denver Road has handled a goodly number of cattle this year, and there has

been little complaint from either the shipper or the carrier. The shipping for this season will soon be over, as the buyers have practically all left the Amarillo country, the season in the north being so far advanced that it is not practical to take more southern cattle there.

YEARLINGS AT \$14 A deal has just recently closed whereby northern parties secure 2,500 yearlings from the John B. Slaughter ranch in Garza county at \$14 around is significant from the fact that it reaches within one dollar a head of the price when the cattlemen were in their prime days.

This can be taken as an indication that the business is not hopelessly dead, but that there are signs of a revival at which the cowmen is to occupy the amen corner.

For several years the stockmen could be seen walking with bowed heads, and wondering if the long lane was to have no turn, but at present there are naught but smiles and a cheery word from those who have their fortunes tied up in the horny aggregation.

It will not require long to regain the position they once held, and with the experience gained from the past, it is hardly likely that the trust will be enabled to reduce them to corn bread and regrets again. This experience has taught them to hang together, that when one falls it has an evil effect on all. They will stand united in the future, and let the trust walk the floor.

DELIVERED 1,000 YEARLINGS

OUT OF WORK

(From the New York Times.) Heart sick an' hopeless, jostled by the mob, Trampin' the pavement lookin' for a job! Here I'm a-driftin', weary through and through, Seekin' employment—anythin' to do!

Youngsters and old uns hurry up an' down, Each on his errand through this busy town, Each on his errand, trifling though it be; No one is idlin'—savin' only me.

Pov'ry's nothin'! Hunger ain't so bad; Loathin' and loathin'—that's what drives ye mad! Longin' for action, cravin' for yer part; Loathin' yer bondage, eatin' up yer heart.

Big, strong an' able, nothin' of a work, If I was cattle some one'd find me work! Some one 'ud drive me, single-hitch or span, If I was cattlin'—Pity I'm a man!

I can't be useless! Somethin' must be wrong; No good o' whinin'? Yes, I'll move along— Heart sick an' hopeless, jostled by the mob, Trampin' the pavement lookin' for a job.—Arthur Gutterman.

Southern Assembly Commissioner Says Lack of Workers Handicaps Progress

The afternoon session of the general assembly Monday began by giving consideration to the question of changing the mode of selecting the executive committees and appointment of secretaries.

DEBATE ON SECRETARY The first speaker was Dr. J. S. Parks, D. D., of Decatur, Ala. He denounced that part of the clause which provides for the selection of secretaries.

Dr. T. M. Lowry of Knoxville, Tenn., said he would oppose the recommendations of the committee on overtures and bills because he said its adoption would mean to shield the secretaries from criticism, and that no man should be thus shielded.

Judge Miller of Louisville poured oil on the troubled waters occasioned by the discussion of the question and suggested that the matter was not so serious as it is believed by many of the commissioners.

REPORT ADOPTED At this juncture a vote on the overture with Dr. C. R. Hemphill's amendment, was ordered.

HANOVER OVERTURE The Hanover overture which was the basis of the long drawn out debate is as follows: "First, that the membership of the executive committee shall be divided into three classes, and that one of these classes shall be elected each year to serve for a term of three years."

TO HEAR CHARGES Commissions to hear the charges preferred by Thurmond vs. the Synod of Missouri and Wells and Mans vs. P. J. Hanover, Judge T. W. Coleman, the synod of North Carolina, were announced by Acting Moderator Sprunt of South Carolina.

TENT SERVICES IN FIFTH WARD

Illustrated Songs Aid in Revival Being Conducted by Rev. R. R. Hamlin

Tent meetings in the Fifth ward, conducted by R. R. Hamlin, pastor of the First Christian church, were opened Monday night in the Fifth ward tabernacle, the tent erected at Illinois avenue and Leuda street having been blown down during the storm of Sunday night. The tent is being repaired and services will be resumed in it tonight.

At the service Monday night Mr. Hamlin has just ended a successful revival at Greenville, Texas, addressed a large audience which paid marked attention to his address. At the close of the meeting, one member of the audience came forward voluntarily and professed belief.

E. M. Kendall during the service sang "Where Is My Wandering Boy Tonight," with stereopticon illustrations. The song was effectively rendered, a number of those present being in tears when the lights were again turned on. Mr. Kendall will attend each service during the series and sing an illustrated song. A service each night at 8 o'clock will be conducted this week.

GHOULS DESPOIL LONELY GRAVE

Small Boys Find in North Fort Worth Leads to Discovery of Crime

Finding of portions of a human body in North Fort Worth as reported exclusively in the Monday's Telegram, has been followed by the discovery that the grave formerly containing it had been robbed.

There is mystery in the finding of the decomposed bones and flesh just south of the new cemetery, but certain facts in connection with the find bear conclusive evidence that a fixed purpose actuated the person or persons who removed the body after its resting place.

The presence of the grave itself in a secluded spot, far from the cemetery, is an unexplained circumstance.

In the edge of the woods is a small clearing covered with a growth of grass and weeds, and here the ghoul's com- menced their operations in a space two feet in width by four in length. The hole was dug straight down for a depth of five and one-half feet.

THE TELEGRAM'S GREAT POPULAR VOTING CONTEST!

In Which the Management will send Eight Young Ladies to Colorado for a Two Weeks Vacation, with All Expenses Paid, Started May 16th with 57 Contestants Entered from Towns Throughout Oklahoma, Indian Territory & Texas

There Are a Great Many Changes in List Today --- And a New Leader

Miss Winnie Matchett of Guthrie, O. T., goes to first place and has 59,175 votes to her credit. She is followed very closely by several others in the list, and tomorrow's standing may show a new leader. Only eight more days remain in the first relay. Do not hold your votes too long; send them in now. The contestants who win these magnificent trips offered by The Telegram will be the ones who are undaunted by discouragement or awed by the spasmodic gains made by rival contestants. The prizes in The Telegram's great Colorado Contest, like the prizes in all of life's contests, will be won by those who have the courage to surmount obstacles; who laugh at discouragement, and who will persevere to the end without faltering. The first relay lasts only eight days longer, and in that time many changes may occur that will be of advantage to the contestants who have set out to win. There is no reason why you should not be a winner. It is very important for all of the young ladies to secure as large a vote as possible by May 31, which is the close of the first relay. After that time a smaller number of votes are given with each subscription, and it is an advantage that should not be overlooked in the contest.

PANTHERS WIN AT ELEVENTH HOUR

Take Third Game From Temple by Score of 5-4 After Exciting Match

Fort Worth made it three straight from Temple in an exciting eleven-inning pitchers' battle Monday afternoon, two men being out in the Panthers' half before Christmas reached first through a fumble of Shelton, and Horn reached home. The final score of 5-4 closed one of the most exciting games seen at Haines park this year.

to follow the gift. Vitter stopped the Maifest, flying out to Horn.

PANTHERS TRY Boles started to loosen things up for Fort Worth with a long one to center, getting the approval of the crowd for his return to Vitter, who made an apparent effort to trip him at first. Hope went glimmering, however, as Horn fanned and Bates was too tired to run on a fair ball down first base line. Christmas fouled to Shelton and the man who had bet on the Panthers felt for his car fare.

SAVING SIXTH The Boll Weevils found no cotton in the sixth. Mulkey, who was hit and enjoyed it, being the only man to get to first.

TIE THE SCORE Sullivan revived hope, getting to first through the courtesy of Shelton, whose overthrow permitted him to take a ramble to second. The Boll Weevils then had an attack of Guatemalan ants. Hubbard went to first on an error by Kitchens. Sullivan getting to third. Burleson then drove one at second, Hubbard going out as Sullivan scored. Wills followed with a hit over second and stole that bag as Burleson went to third. Poindexter then fitted into the notch with a hot one between Vitter and Coyle, scoring Burleson and Wills and tying the score. Boles sent one to Mulkey who caught Poindexter on a fielder's choice and Horn went out from Shelton over. Score 3-3.

ONE MORE Temple had but three men up in the seventh. Lewis and McGinnis fanned and Kitchens went out, short to first.

Bates fled out to center and Christmas stepped in with a clean single between second and third. Sullivan put one over Kitchens, who tried another circus catch to put in the cradle with too high. Hubbard then hit over first, filling the bags. Burleson was next up, scaring Mulkey into a wild pitch on which Christmas scored after a hard slide. Burleson was out by Vitter chastised and Wills fanned.

TIED AGAIN Fort Worth lead but a short time, Coyle slamming out a two-bagger upon which he later advanced to third by the sacrifice of Vitter and coming home on a play duplicating that which scored Christmas. The Panthers went out in order and the fans settled for a full game.

LULL BEFORE STORM Both sides did the one, two, three stunt in the ninth. Mulkey's side talk alone enlivening the round.

TENTH INNING Things looked dark in the tenth. After McGinnis fled out to Boles, Kitchens got second on a misjudged ball by Poindexter and began to feel for third. Christmas, however, let out a notch and Coyle and Vitter went out on easy chances. Hubbard went out, second to first, but Burleson was safe on a muff by Vitter of Mulkey's throw. Wills fanned and Burleson was caught on a slow start to pilfer second.

THE STORM BREAKS

Shelton went out on a skyscraper to Christmas. Adams got mad as Clarke called three on him and Mulkey then made a clean hit to left. Powell, however, put one in Poindexter's reach and left Cy anchored with Wills.

THE FINAL EXCITEMENT Poindexter started the Panthers' half off with a safe one between first and second and advanced on Boles' sacrifice. Horn sent a hot one to short and Poindexter started a see-saw between second and third, finally being caught on a slide toward the bleachers. Bates then put one over second, nearly scoring Horn, who had mumbled second. Horn, however, wisely returned to third, Bates taking second on the throw to catch him. Christmas then beat one to first, scoring an error against Shelton and letting in Horn with the needed run.

Official score: FORT WORTH AB. BH. PO. A. E. Sullivan, lf. 5 2 0 0 0 9 Hubbard, 2b. 5 1 3 3 0 0 Burleson, 3b. 5 0 1 1 0 0 Wills, lf. 5 1 12 0 1 0 Poindexter, rf. 5 3 3 0 0 0 Boles, ss. 4 1 1 2 1 2 Horn, cf. 5 0 3 0 0 0 Bates, c. 5 1 9 0 0 0

WACO WINS ANOTHER

Secures 3-2 Victory From Austin in Ten Innings WACO, Texas, May 23.—It took ten innings to decide a close game with Austin yesterday afternoon, which finally resulted in a score of three to two, the big in possession of Waco. Lower, the Waco slab man, struck out eleven men. Curtis lead in stick work, bringing in by hits all of the Waco tallies.

Table with columns AB, BH, PO, A, E for WACO and AUSTIN players.

Oilers Lose to Dallas

DALLAS, Texas, May 23.—In a featureless and rather uninteresting game yesterday, Dallas took the last of the series from the Oilers. The score was 8 to 3. Porter pitched for the Oilers but made no attempt to let himself out. Texas for Corsicana was wild and erratic. Temple begins a three-game series this afternoon.

Where They Play Today

Waco at Fort Worth. Temple at Dallas.

No Benefit No Cost.

If you are weak and worn-out—if you are nervous, irritable, have headache, backache, neuralgia, or periodical pains, it is because you have exhausted your nerve force.

If you cannot sleep, and are thus robbed of the rest which nature demands for the restoration of mental and physical vigor, your system will continue to run down.

Dr. Miles' Nerve restores vitality by soothing and strengthening the nervous system, thus inducing refreshing sleep, and imparting strength and vigor to all the organs of the body.

There are very few instances where Nerve will not benefit; if not, your druggist will refund the money.

"When I began taking Dr. Miles' Nerve I had a very sour stomach, with pain extending far around on my left side—attended with extreme nervousness. I dreaded to have night come, as it was impossible for me to sleep. Everything I ate distressed me. Before I had finished one bottle of Nerve there was such a change that my husband bought six more, which has restored me to health."
MRS. JENNIE SIMMS,
Rushville, Ind.

Dr. Miles' Nerve is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

PHOTOGRAPHS POLICE GLUE

Police Department Are Using Them in Effort to Unearth Store Burglars

By the aid of three small stamp photographs found in a quantity of goods stolen from J. C. Harkrider's grocery store, corner Terrell and Sixth avenues Monday night, local detectives hope to trace and locate the thieves.

The Harkrider store was entered and burglarized Monday night, pickles, olives, matches, pencils, gum, bread and samples of almost everything in the store being taken.

This morning a woman living west of St. Joseph's infirmary notified officers that she had discovered a quantity of groceries under her house. Policeman Tom Snow made an investigation and brought the goods to the police station. Mr. Harkrider then came to the station and identified the goods as belonging to him.

In searching through the stuff officers discovered three stamp photos, two of small girls and one of a boy. It is hoped by this means to find the burglars. With the goods were found three school bags.

YOUNG MAN CHARGED WITH STEALING BUGGY

Special to The Telegram.

PARIS, Texas, May 21.—Fred Crowder, a young man living at Cooper, was taken to that place today to answer to a charge of breaking into a depot and stealing several quarts of whisky and taking a horse and buggy belonging to Dr. McCusiston. Crowder's companion, Dave Wickersham, was run over by a Midland freight train and killed at New Howland yesterday afternoon.

HEALTH OFFICERS MEET IN AUSTIN

Special to The Telegram.

AUSTIN, Texas, May 2.—City and county health officers from all over the state met this morning at 10 o'clock at the state house, in answer to a call recently issued by State Health Officer Taylor. The attendance was not so large as expected, but much interest was manifested in the proceedings. The purpose of the meeting is to take steps to prevent a recurrence of the yellow fever epidemic in Texas, and also to discuss sanitary matters in general. Several interesting papers were read before the meeting.

HE MEANS SCOTT'S

Your doctor says you must take cod liver oil. Probably he means Scott's Emulsion because you cannot take the clear oil; no one can take the clear oil who needs cod liver oil. The doctor understands that and doubtless means Scott's Emulsion of cod liver oil which everybody can take because it is emulsified and prepared so that it can be very easily digested by the most sensitive stomach. Most everybody likes it.

The joint session of the literary societies will be held in the chapel of the university at 8 o'clock. Public examinations of students at the university are being conducted today. Graduation exercises of the academic department and school of oratory will be held Wednesday.

HEAVY DOWNPOURS DISCOURAGE FARMERS

Continued rains near Frisco do much damage to growing crops. FRISCO, May 22.—Today is the first rain since the 19th, and we have had no mail from any source, but it is reported that there will be regular trains through today, and there are many people in town waiting to get news from their relatives.

The rain and windstorm that struck this place Friday night was the worst that has ever been witnessed in this country, and it has rained every night since, and there is prospect of more rain this evening.

Farmers are very much discouraged at having their crops washed away or covered up in mud, and it will be at least a week before there can be any work done in the fields.

GAME WITH AUSTIN IS DECLARED VOID

Able's Pitching Basis of Decision—Double Header Here June 4

At a Texas League meeting held at Dallas Sunday it was decided to declare void the game played at Austin last Friday, which resulted in a score of 3 to 2 in favor of Austin and which was protested by Fort Worth on the ground that Able, the Austin box artist, was not a regular member of that team. As the decision stands the game counts for neither Fort Worth nor Austin and will be played over June 4, by means of a double header on that day when the Panthers begin a series with the Senators at Austin.

Fort Worth, according to the correct figures, has played twenty-one games, won twelve and lost nine. This makes the average of the Panthers .571.

Now that the rains have stopped and the genial rays of the sun are drying some of the superfluous moisture out of the ample bosom of old Mother Earth, it would be a good time to make a hard pull for the early construction of that Interurban line from this city to Mineral Wells. Fort Worth has much to gain from closer connection with the great Texas health resort.

Ancient Egypt

KNOW THE VIRTUES OF THE

"King of Foods"

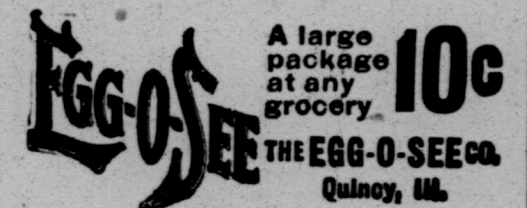

Since the earliest annals of Old Egypt, wheat has been recognized as the king of foods.

It has held its sway down to the present day, notwithstanding the fact that in many forms of making wheat into food products, some of the best elements are lost.

Bread has been aptly termed "the staff of life," as it alone of known foods has all the elements that are needed to sustain life.

Egg-O-See contains all the best elements of wheat in a far more healthful and delicious form than any bread, crackers or ordinary wheat foods. In addition to the best whole wheat delicately flaked and crushed, it is made still more digestible by the addition of refined diastase, the highest grade of malt.

There are no premiums or gifts in the Egg-O-See package; nothing but full measure of the highest grade of cereal food in the world.

A large package at any grocery. THE EGG-O-SEE CO. Quincy, Ill.
