PRICE FIVE CENTS

CHARGES MADE IN EQUITABLE LIFE

Startles the Financial Interests
of New York and

CREATES BIG SENSATION

Director Frick Resigns and
Makes Charges Against
James H. Hyde

NEW YORK, June 3.—Not since the Great Northern corner of four years ago has there been so much excitement in financial circles as exists today as the result of yesterday's developments in Equitable Life Assurance Society's affairs.

A stirring contest for control had been expected, but the vehement debate in the directors' meeting and the bitter character of the defense made by James H. Hyde and the resignations of Messrs. Frick, Harriman and Bliss from the society's directorate, have created a situation wholly unforeseen, and indicating a new alignment of forces in high finance astonishing to the general public.

According to the Herald, Mr. Frick, in handing in his resignation, said he never again would sit as a director in any corporation of which Mr. Hyde was also a director.

A charge was made by Mr. Hyde that an effort had been made by Mr. Harriman to take the control of the society away from him, and was pointed to in connection with reports circulated last night that one of the reasons for attacking Mr. Hyde was that he was friendly with George J. Gould and other interests, and that he desired to prevent Mr. Gould from obtaining any assistance from the Equitable funds in extending his railroad lines westward to the Pacific coast and eastward to the Atlantic.

According to these reports, the Union Pacific and the Pennsylvania railroad interests and Mr. Frick joined together to oppose Mr. Gould.

Mr. Gould was one who attended the conference in Mr. Hyde's office yesterday and considerable surprise was expressed when it was found Mr. Harriman who, up to that time had been counted upon as a Hyde supporter, was not present at the conference. A semi-official statement was made today that Mr. Gould expects to have his lines finished to San Francisco by before June 1, 1907.

What Wall street and the general public has discussed with most interest was the question as to what is to be the next step taken.

The selection of a new chairman of the board of directors, who is to be named by the committee within the next few days, is awaited with great interest.

A promise has been made that he is to be a man of national reputation for business ability and probity, and to him it is to be intrusted the task of enforcing economic and making such other changes as may be deemed necessary and correct the present business methods of the society. It is expected that the chairman will be elected by the board at its meeting next Wednesday.

Another point of absorbing interest was the plan to be pursued to take over Mr. Hyde's majority holding of stock through which he has power at present to elect all the directors of the society.

Mr. Hyde acquiesced in the decision that he be requested to divest himself of the control of his stock within three months on terms satisfactory to himself and the society.

Attention was drawn today to the fact that Mr. Hyde in agreeing to this resolution, declined to give any pledge as to his action in the matter.

Wall street discussed also the action of Jacob H. Schiff, the head of the firm of Kuhn, Loeb & Co., in defending Second Vice President Taylor. Mr. Schiff's firm has acted for years in close relation with Mr. Harriman.

LIFE-SAVERS MEET

National Convention Will Be Held at
Brighton Beach

NEW YORK, June 3.—The annual convention of the United States Life Savers' Association, representing all the life saving stations from Maine to California, will open at Brighton Beach, June 7.

Fully 400 men, whose daily vocation is the saving of human life, and the most hazardous conditions of the most hazardous conditions will attend the convention. Daily exhibitions will be given on the beach between the sessions.

JAPANESE CELEBRATE

Subjects of Mikado Turn Out En Masse
at Honolulu

HONOLULU, June 2.—The Japanese here celebrated the victory at the naval battle of the Sea of Japan tonight by a big torchlight and Japanese lantern procession. Four thousand Japanese turned out in the parade.

STRIKERS LOSE ANOTHER FRIEND

Associated Building Trades Has Re-
fused to Contribute \$1,000 Weekly
As In the Past

CHICAGO, June 3.—The Associated Building Trades, at a meeting, has refused to resume its action of a week ago in refusing to give moral or financial aid to the striking teamsters. It has been paying \$1,000 a week.

Team owners are hesitating about forcing deliveries to strike-bound houses, pending action on the matter by the Truck Drivers' Union, to whom the question has been referred by the Teamsters' Joint Council, following a conference between team owners and teamsters in Mayor Dunne's office. A special meeting of the Truck Drivers' Union to vote on the question will be held Tuesday night, and until that time the matter will stand as it is now.

ROJESTVENSKY IS RESTING QUIETLY

Believed That the Admiral Will Re-
cover From Injuries Received in
Big Battle

TOKIO, June 3, 10:45 a. m.—Rear Admiral Rojestvensky is resting well with no dangerous symptoms, and speedy recovery seems certain. Officers of the Russian battleship Orel have declined to accept parole. They have been given an additional day to further consider the question.

CANNOT BE AWAKENED

Boy in Yonkers Has Slept Over Fifty-
Eight Days

NEW YORK, June 3.—A peculiar case of coma accompanying cerebro-spinal meningitis, is reported in Yonkers, where Joseph Canopi, the 6-year-old son of a contractor, has slept fifty-eight days. All efforts to arouse him have failed, but the doctors believe that if he survives a few days more they will succeed in dissolving a blood clot on the brain and save him. The boy fell ill directly after he had eaten a hearty supper. That night he lapsed into unconsciousness and has remained so ever since. Meantime his right eye has gone blind and he has been fed through a tube. His spine has been covered with an ice coil and applications are constantly made. The boy's weight has fallen from sixty-seven to thirty-five pounds.

WOULD QUIT PIECE WORK

Conference Between Erie Railway Officials
and Machinists

NEW YORK, June 3.—Conferences are being held here between officials of the Erie railroad and representatives of the company's machinists, over propositions by the latter looking to the abolition of piece work in the shops. There are more than 1,000 members of the International Association of Machinists affected by the order which was recently promulgated. Agents of the union assert that the system of piece work creates pacemakers and militates against workmen who are not exceptionally quick.

RUSSIA MUST QUIT MANCHURIA FOR GOOD

Mikado Makes Known One of
Its Terms for Conclud-
ing Peace

WASHINGTON, D. C., June 3.—The Japanese government has intimated to President Roosevelt, who is expected at the proper time to assume the role of peacemaker, that whatever negotiations are undertaken must be entered into with the understanding that the powers of Europe will be called on to furnish a guarantee that Russia's evacuation of Manchuria will be permanent.

No simple promise to that effect will be considered, for all of Russia's previous promises were broken, even when the honor of the empire was pledged.

Japan is ready to discuss with Russia every other point involved in a settlement of their troubles, and even to make concessions and liberal terms, but on the great vital point there can be no discussion.

Russia must get out of Manchuria entirely and forever. It was to that end Japan went to war, and the war will not stop until the end has been reached.

Sounding the Powers
The powers now are being unofficially sounded on this proposition, and it is spreading in Washington fear that Japan's firm demand may delay the ending of the war. They fear their governments will refuse to furnish the required guarantee, on account of the belief which they say, is spreading in the capitals of Europe that Russia is threatened with revolution and disintegration.

If Russia should be torn to pieces by the internal troubles that are every day growing more serious in their aspect each of the great powers would wish to be free to act for itself.

Any agreement in the form of a guarantee would restrict the activity of the individual powers and complicate matters.

Mr. Roosevelt still is hopeful, however, that peace soon will be restored and that it will be brought about through the mutual friendship of United States Ambassador Meyer at St. Petersburg, who has been instructed to suggest to Russia at an auspicious moment and in a way that will not give offense that Russia wishes it in country will be glad to assist her in any way in opening negotiations directly with Japan.

President Is at Work
Mr. Meyer is expected to make this proposal within a few days, and he has been directed to report promptly and fully. If his advances are favorably received the president will immediately communicate with Japan, and the peace negotiations will be set on foot to be continued either through this government or directly between Tokio and St. Petersburg.

GETS A LIFE SENTENCE

F. P. Ripley Is Convicted by a Jury at
Waco

Special to The Telegram.
WACO, Texas, June 3.—F. P. Ripley, tried on the charge of murdering Harry Ray, was this morning convicted by a jury and given a life sentence. It is understood the case has been appealed.

ELECTS NEW PRESIDENT

Detroit, Toledo and Ironton Railroad
Makes Change in Officers

NEW YORK, June 3.—At a meeting of the interests now in control of the Detroit, Toledo and Ironton Railway Company, the present title of the reorganized Detroit Southern road, George M. Cumming, president of the United States Mortgage and Trust Company, has been

WILL HE LOSE A GOOD CUSTOMER?

THREE RUSSIAN SHIPS TURN UP AT MANILA

MANILA, June 3.—Read Admiral Enquist, who was commander of the heavy cruiser squadron of the Russian fleet, arrived in Manila Bay at 9 o'clock this evening on board his flagship, the protected cruiser Aurora, accompanied by the protected cruisers Oleg and Jemchug. All vessels are more or less damaged and there are many wounded men on board.

Rear Admiral Train, on board his flagship, the battleship Ohio, with the Wisconsin, Oregon, Raleigh and Cincinnati was outside the island, maneuvering, when the Aurora saluted with thirteen guns and the Ohio answered.

Admiral Train and his squadron accompanied the Russian vessels to Manila.

ST. PETERSBURG, June 3, 3 p. m.—Cable reports of President Roosevelt's conversation with Ambassador Cassini at Washington yesterday, implying that the president practically tendered his good offices to Russia, has created quite a sensation in diplomatic circles here.

While the idea that the president has taken such a step aroused great surprise in some quarters, it was received with unconcealed satisfaction, in the belief that it would hasten the decision of Emperor

A RACING YACHT IS LOST AT SEA

All the Rest Have Finished Save the
Apache, Which May Be
Lost

NEW YORK, June 3.—Friends of Edmund Randolph of the New York Stock Exchange, owner of the bark rigged auxiliary yacht Apache, which sailed May 17 in the race for the German Emperor's cup, express fears for the racer's safety. All the other boats have finished and the Apache has not even been sighted since she was last reported by the steamer Columbia, May 22.

In the Apache's course less than one hundred miles eastward was a field of icebergs, through which the little Fleur de Lys and some of the other yachts passed in safety.

Beside Mr. Randolph, she had on board Royal Phelps Carroll, Ralph N. Ellis, both well known yachtsmen; Stuyvesant Le Roy, R. Burnside Potter and Joseph Harriman. The crew numbers thirty-five.

A ROYAL RECEPTION

Is Accorded the New British Minister
to Morocco

FEZ, Morocco, June 2.—Gerard A. Lowther, British minister to Morocco, arrived here today at the head of a special British mission and was accorded an imposing reception, troops lining the route for a mile outside of the city gates. The sultan received Mr. Lowther in audience June 3.

ELECTS NEW PRESIDENT

Detroit, Toledo and Ironton Railroad
Makes Change in Officers

NEW YORK, June 3.—At a meeting of the interests now in control of the Detroit, Toledo and Ironton Railway Company, the present title of the reorganized Detroit Southern road, George M. Cumming, president of the United States Mortgage and Trust Company, has been

BERLIN WELCOMES A YOUNG DUCHESS

German Government Suspends Public
Business to Accord Her Royal
Reception

BERLIN, June 3.—Business of the government has paused and the millions of so persons took a half holiday today to welcome an 18-year-old girl, who some time will most probably be the German empress.

Her way was rose strewn and a chorus of children sang her a greeting. Old guilds with emblems of their trade lined the route.

The artillery sounded during the immediacy of the cheering, while at the end of her progress through the people the imperial family and all the great personages of the state joined with the emperor and Crown Prince Frederick William in receiving her at the palace.

The day was brilliant and the whole spectacle was effectively staged.

Royal Guests Arrive

The Duchess Cecelia of Mecklenburg-Schwerin is in her full title also Princess of the Winds, arrive here at noon with her mother, Grand Duchess Anastasia, her brother, Frederick Francis, reign Grand Duke of Mecklenburg-Schwerin, his wife and numerous following.

Emperor at Station

The emperor, empress and crown prince and the latter's five brothers and the little Princess Victoria met the party at the railroad station and breakfasted with them in the Chateau Bellevue, which is situated in the garden about two miles from the imperial palace. There the Duchess Cecelia rested with the empress while the others went to the palace.

The procession then began. It was a gorgeous spectacle and was witnessed by all classes of humanity. Special ambassadors from all the foreign nations were given prominent stands from which to see the parade.

The young duchess wore an evening dress of pink silk muslin, cut decollete and trimmed in lace. The duchess was received at the palace by Emperor William, the empress and Crown Prince William, her fiancé.

JAPAN'S NAVY IS NOW IN FIFTH PLACE

Only England or Uncle Sam
Could Whip Brown Man
in Sea Fight

WASHINGTON, June 3.—Togo's victory has placed Japan fifth in the ranks of naval powers of the world, so far as the heavy armored fighting ships are concerned, and has made it pre-eminent in Asia. No combination of powers which does not include the United States and Great Britain could hold its own against any navy afloat in conflict with the powerful fleet of the mikado will have when his prizes and his new ships building have been put in commission.

As details of the great battle come to hand, the impression grows among naval men that it will be found that the strength of a navy is in its armored ships. While it is realized that the Japanese torpedo boats did enormous damage, it is remembered that the fire of the heavy guns of the battleships had first demoralized the enemy and that the scene of the fight could not have been better chosen for the use of torpedo boats. In speaking of the changed situation, a high officer of the navy said:

"All things considered, the Japanese navy, when it has put in the fighting line the ships captured in Korean straits and Port Arthur and the battleships already under construction, could hold its own against any navy afloat except, perhaps, the British. Its gunnery equals that of the Americans. Its ships are all of modern type and its personnel has had that war experience which is invaluable. While other navies will have a paper superiority in fighting efficiency, the Japanese have the advantage, and in case of war with France or Germany the result probably would be the same as with Russia. We probably could win by no means sure. The importance of the torpedo boat has been demonstrated by the battle of the Japan sea, and every fighting fleet in the future will have to have a full complement of torpedo boats and destroyers."

CONFERENCE IS NOW ON

Annual District Meeting M. E. Church
is in Session

SAN ANGELO, Texas, June 3.—The annual district conference of the Methodist Episcopal church, South, is now in session at Miles and will continue in session until Saturday. This is the largest district in Southern Methodism and includes the territory from the Lampasas river to the Pecos river, taking in quite a number of West Texas counties. There are 3,000 members and twenty-five pastors of churches in this conference. Rev. J. D. Scott, presiding elder, is presiding over the deliberations of the body and the bishop of the church, Rev. E. E. Hoss, is in attendance from Dallas.

TO DEPORT AMERICANS

Serve Wrists Under Canada's Alien Labor
Law

ST. THOMAS, Ont., July 3.—Colonel Sherwood, chief of the Dominion police, has arrived with warrants for two of the railway officials ordered deported under the alien labor law. The men under arrest are the chief dispatcher and trainmaster of the Pere Marquette Company. Application will be made today in the Toronto courts for a writ restraining police and if it is not granted, the men will be deported at once.

Both are American citizens and came to St. Thomas about six months ago.

WILL DON WAR PAINT

Test of Its Value to Be Made Compared
with Regular Colors

ANAPOLIS, June 3.—One of the tests during the coming joint maneuvers will be as to the value of war paint, as compared with the regular coatings for war vessels.

With this test in view the monitors Nevada, Arkansas and Florida, now at the naval academy, have been painted the lead color used on vessels during active hostilities. The other vessels of the fleet will retain their present colors.

FARMERS ARE ANGRY

The Kansas Prison Bender Twine Ruffing
Is Creating Much Dissatisfaction

LEAVENWORTH, Kan., June 3.—Many complaints have come from Oklahoma because of the refusal of the prison board to sell twine to the farmers of the territory. Oklahoma people say that inasmuch as their prisoners are worked in the Kansas penitentiary they are entitled to twine and any other benefits arising from this labor. There are 204 Oklahoma prisoners, or more than one-third of the 1,180 inmates in the penitentiary.

RICH CHINESE ARE HELD BY OFFICIALS

Not Allowed to Land Without Furnish-
ing a Bond For Five Hundred
Dollars

BOSTON, June 3.—Detection by local immigration officials of four Chinese, three brothers and their sister, upon their arrival here aboard the steamer Iverno Thursday, has resulted in a vigorous protest by prominent cotton manufacturers in New England, and the matter has been formally called to the attention of President Roosevelt.

The Chinese who are known by the name of King and are of high rank in their native country have been touring the world. They had a letter from Ambassador Choate, but were refused admittance to the country until they furnished a bond of \$500.

The manufacturers base their protests on the fact that their business interests in China will be materially affected by such treatment of persons of high rank.

MAKES ANNUAL ADDRESS

Rev. E. D. Mounzon Speaks Before Large
Audience at Georgetown

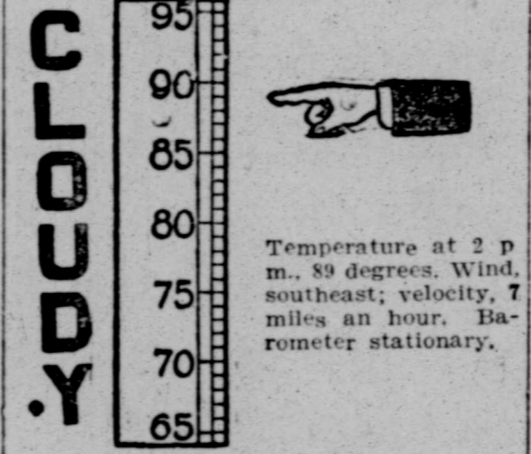

GEORGETOWN, Texas, June 3.—The annual literary address delivered by Rev. E. D. Mounzon of San Antonio at 10 o'clock this morning was largely attended. The subject was the man and his destiny.

Listeners from all over Texas are here. At its close Regent R. S. Hyer announced that the degree of doctor of divinity had been conferred upon Dr. Mounzon. The announcement was greeted with continuous applause.

DIED AT SUPPER TABLE

KIRBYVILLE, Texas, June 2.—Cus Fohn, a laborer on the Jasper and Eastern railroad, seven miles east of this place, died while sitting at the supper table.

THE WEATHER SPOTTER

Temperature at 2 p. m., 89 degrees. Wind, southeast, velocity, 7 miles an hour. Barometer stationary.

NEW ORLEANS FORECAST

NEW ORLEANS, June 3.—The forecast for the southwest is as follows: East Texas (north)—Tonight and Sunday partly cloudy weather.

East Texas (south)—Tonight and Sunday probably scattered showers; light to fresh easterly winds on the coast.

Oklahoma and Indian Territory—Tonight and Sunday increasing cloudiness; probably showers and thunderstorms.

Arkansas—Tonight and Sunday partly cloudy; probably showers and thunderstorms.

BIG EARTHQUAKE STARTLES JAPAN

Destroys Telegraph System and Creates
Impression Some Great Disaster
Has Occurred

TOKIO, June 2, 7:30 p. m.—The governor of Hiroshima province telegraphed that an earthquake, which occurred June 2, killed six people, wounded seventy-nine and destroyed thirty-three houses in Hiroshima and Ujida.

Reports from other affected districts are incomplete, but it is believed that the loss of life and destruction of property has been comparatively slight.

The first shocks of the earthquake destroyed the telegraph system, which, beside making it impossible to communicate with the earthquake district, cut off Tokio from Western Japan and the rest of the world, which created the impression that some great disaster had taken place.

DAMAGES ARE GREAT

COTTINJE, Montenegro, June 3.—Later details of the earthquake from Scutari, Albania, show that 100 persons were killed and 250 injured. The town has been completely devastated. It is feared the list of casualties will be considerably increased when the search for bodies is completed.

RUSSIAN SHIP TO LEAVE

Will Proceed From American Waters to
Japan at Once

NEW YORK, June 3.—A special dispatch received here from San Francisco says the officials at Mare Island navy yard have received from Washington, formal instruction to permit the Russian auxiliary cruiser Lena, now interned at the yard, to proceed to Asiatic waters for use as a hospital ship. She will put to sea within a month and it is expected her first destination will be a Japanese port, where wounded Russians can be taken aboard.

The guns and munitions of war which were removed from the Lena when she arrived in San Francisco will not be replaced.

LIFE SAVED BY SWAMP-ROOT
The Wonderful Kidney, Liver and Bladder Remedy
SAMPLE BOTTLE SENT FREE BY MAIL

Swamp-Root, discovered by the eminent kidney and bladder specialist, promptly cures kidney, liver, bladder and uric acid troubles.
Some of the early symptoms of weak kidneys are pain or dull ache in the back, rheumatism, dizziness, headache, nervousness, catarrh of the bladder, gravel or calculus, bloating, sallow complexion, puffy or dark circles under the eyes, suppression of urine, or compelled to pass water often day and night.

BERLIN INVASION TALK

Unlimited Relief in Japan's Capabilities. A March by Oyama
BERLIN, June 3.—German military men declare that it is by no means impossible if the czar holds out in his determination to continue the war with Japan that the enemy may compel peace by threatening the Russian capital itself, both by land and sea. No doubt at all is felt as to the defeat, if not the destruction, of Linévitch's army as soon as Oyama is prepared to move against him. It is known here that the Russian army is in a state bordering on demoralization. It has never recovered its morale since the smashing it received at Mukden.

The European troops which have arrived since then are honeycombed with dissatisfaction. There is constant bickering between the higher officers, who in some instances at least hate their enemies in their own army worse than they do those in the Japanese army. The Linévitch plan, in fact, is ripe for Oyama's picking. With Linévitch destroyed there is nothing really between the Japanese and the Ural mountains which could interpose any effective opposition. The Japanese have proved themselves expert railroad builders and would have no difficulty in repairing any damage that might be done as fast as their army could move. Japs Hard at Work

It is known that the Japanese for months have had agents at work among all the Siberian and Mongrel tribes along the line of railroad straggling them up against the Russians, and that the more recently conquered Khanates also have swarmed with Japanese agents. With a victorious Japanese army advancing on European Russia all of the Asiatic people who are chafing under Russian rule, it is believed, would rise in revolt. It is regarded as by no means impossible that much of European Russia would welcome the advent of the Japanese as the psychical moment to put an end to the present system of government, and that it might well be impossible for the czar to put an army in the field to oppose a march on his capital.

Russia is even more helpless on sea than on land, and if it was possible for Rojstevsky to take his fleet from Cronstadt to Tushima, it is equally as possible for Togo to take his ships from Masampho to Cronstadt. Japan's ally, England, has even better facilities for coaling and the like along the road than Russia's ally, France.

The best impression here is that after the crushing defeat of Linévitch, which is regarded as certain and within a very few days, even the czar and the grand dukes will be compelled by popular clamor to bow to the inevitable and seek peace. It is regarded as not impossible that, for the first time since the Turks were hurled back from Vienna, a victorious army of Asiatics may invade Europe, and for the first time in history the boom of Asiatic navies may be heard in the North sea.

Prescription No. 2851, by Elmer & Amend, will cure all ailments, but it will cure rheumatism. For sale by all druggists.

TOLL LINES SOLD TO SOUTHWESTERN
Superintendent Henderson Announces Acquisition of 140 Miles and Exchanges

Telephone systems in Hood and Somervell counties, including exchanges at Granbury and Glen Rose, the county seat of Somervell county, and 140 miles of toll lines through the counties, have just been purchased by the Southwestern Telegraph and Telephone Company. District Superintendent J. F. Henderson made the matter public this morning. Terms of the sale have not been announced. According to Superintendent Henderson, the purchase of the Granbury system will reduce the price of telephones from this city to Granbury from 40 cents to 25 cents, and will give direct connection from Fort Worth to Granbury, replacing the method of phoning to that city from here via Cleburne.

CITY REVIVAL OPENS SUNDAY

Chicago Evangelist Will Conduct Services at St. Paul's M. E. Church

All arrangements have been completed for revival meetings to be inaugurated at St. Paul's church beginning Sunday. Evangelist C. R. Heindenschield of Chicago has arrived at 3:20 a. m. today for the work which will continue three weeks. The services will begin with a rally Sunday morning at 9:45, followed by the annual educational sermon of the Fort Worth University at 11 o'clock, preached by Dr. George MacAdam, president of that institution. At 3:20 Evangelist Heindenschield will conduct a pentecostal service.

First Church of Christ, Scientist, corner St. Louis and Terrell avenues—Services will be held at 11 a. m. and at 8 p. m., subject, "God, the Preserver of Man." Sunday school immediately after morning service. Wednesday evening testimonial meetings at 8 p. m.

St. Andrew's Parish, corner Lamar and Jackson streets—Services for Sunday, June 4, 1905: Sunday after Ascension day. Morning prayer and Sunday school at 9:30 a. m. Litany and celebration of holy communion, 11 o'clock. Evening prayer at 8 o'clock. Rev. Bartow B. Ramage, rector; Rev. W. H. Williams, assistant. Owing to repairs on St. Michael's and All Angels' Mission, North Fort Worth, not being completed, there will be no services today. It is hoped to be able to hold regular services next Sunday.

Broadway Presbyterian Church, corner Broadway and St. Louis avenue—Rev. Junius B. French, D. D., pastor. Sunday school at 9:30 a. m. William E. Paddock, superintendent. Sermon by the pastor at 11 a. m. Text, "The Lame Take the Prey." Miss E. C. Queen, Upland, Tex., soloist. This is the last Sabbath Miss Updegraff will be with us. At 8 p. m. Dr. W. J. Harsha, our synodical evangelist, will preach. Choir under the direction of William J. Estes. Everyone cordially invited.

Cannon Avenue Cumberland Presbyterian Church—Rev. R. E. Chandler has returned from California and will occupy his pulpit Sunday morning and evening. Sunday school at 9:45 a. m.

First Presbyterian Church, corner Fourth and Calhoun streets—Rev. William Caldwell, Ph. D., will preach in the morning at 11 o'clock on "The Fall of Judas." In the evening at 7:45 the subject will be "A Woman's Warning." Miss Updegraff will sing in the afternoon at the Sunday Club and also at the evening service. The Young People's Society meets at 7 o'clock.

Socialism—Mrs. Laura B. Payne will lecture at the city hall Sunday at 3 p. m. on "Socialism." All invited.

Church of Christ, in the court house basement—Christian Evangelist A. W. Young of Sunset, Texas, will preach in this congregation Sunday, both morning and evening.

The Temple, on Taylor street, near Seventh—Regular services will be held at the Temple Sunday, June 4, at 8 p. m. Laura B. Payne will speak from the subject, "The Wireless Message." All are welcome.

First Methodist Church, corner Jones and Fourth streets—Rev. Alonzo Monk, D. D., pastor. Preaching by the pastor at 11 a. m. and at 8:15 p. m. Subject of the morning sermon, "Come Up Higher." Subject of the evening sermon, "Angels Descending and Ascending." Sabbath school at 9:30 a. m. Epworth League service at 7:15 p. m.

Allen Chapel, A. M. E. Church, corner First and Elm streets—Rev. D. S. Moten, B. D., Ph. D., pastor. Sunday prayer band, 5 a. m. Sunday school, 9:30 a. m. Preaching at 11 a. m. Theme, "The Inward Fire." General class meeting, special hour, 2:30 p. m. Sacramental services, 3 p. m. Allen Christian Endeavor, 4 p. m. C. E. topic, "The Making of a Christian; Helping One Another." Preaching at 7:45 p. m. Theme, "The Source of Observance." Week-day services as usual, except Tuesday at 8 p. m. instead of choir practice. The Allen Christian Endeavor will render a superb musical and literary program at the chapel. Professor N. W. Harlee, A. B., principal of the high school of Dallas, will deliver the principal address. A cordial welcome to all.

Broadway Baptist Church, corner Broadway and St. Louis avenue—Rev. L. R. Scarborough of Abilene will preach at 11 a. m. and at 8:15 p. m. During the week just closed sixteen people made profession of faith. There will be two services each day during this week. The day service will be at 10 a. m. and the evening service at 8:15 p. m.

To Drive Out Malaria and Build Up The System Take the GROVE'S TASTELESS CHILL TONIC. You know what you are taking. The formula is plainly printed on every bottle, showing it is simple Quinine and Iron in a tasteless form. The Quinine drives out the malaria and the Iron builds up the system. Sold by all dealers for 27 years. Price 50 cents.

FRISCO SHOPS UP TO THE DIRECTORS
St. Louis Report Verifies Exclusive Announcement Made in Telegram Monday

Vice President and General Superintendent Fickinger of the Frisco said this morning when his attention was called to a special dispatch from St. Louis to the effect that the company is to build machine shops in Fort Worth to cost \$55,000, that he still knew nothing definite as to the contemplation of the Frisco company. He reiterated the statement made in the special dispatch in the telegram that the Frisco has contemplated the construction of shops in this city for three years, but so far as he knew the company was no nearer to building them than it was

when the blue prints were made, at least three years ago. "There is no doubt but that the company expects to make these improvements in this city some time, but when is the question," said Mr. Fickinger. This morning persons at Sherman called Mr. Fickinger up over the phone to ask if the publication made was correct, and if the Frisco would remove its shops from Sherman? Regarding this matter Mr. Fickinger said new shops in Fort Worth would not mean that Sherman was going to be deprived of those already located there, as there was need of them at both places. The old round house and shops now located in the city, when the new shops are decided upon, to be moved to the grounds of the company two miles southwest from Fort Worth. This will give the company better and more ample facilities in the city yards, which are almost imperative at this time. According to the statement purporting to come from the Frisco offices in St. Louis the matter will be referred to the board of directors by President Davidson.

PULLING TOOTH CAUSES DEATH

Mr. Nance Dies as Result of Blood Poisoning Following Operation

Pulling of a tooth ten days ago, from which blood poisoning resulted, has caused the death of Mr. Nance, a traveling salesman, who died at 8:20 o'clock Friday night at the residence of his brother-in-law, J. W. Shugart, 1292 College avenue. Mr. Nance was 28 years of age and lived in Greenville, Texas. The body was taken in charge by Undertaker Robertson and shipped this morning to Greenville for burial. Mr. Nance is survived by a widow.

MRS. R. GREGORY
Mrs. Rebecca Gregory, aged 72 years, died at the residence of her daughter, Mrs. J. F. Prosser, 1314 West Thirtieth street, at 9 o'clock Friday night. Mrs. Gregory lived at Keller, Texas, and was visiting her daughters in this city when she was taken ill. She is survived by Mr. Gregory and four daughters: Mrs. James Orcutt of Boulder, Wyo.; Mrs. R. S. Maxwell and Mrs. J. F. Prosser of this city, and Mrs. M. E. Tyre of Keller, Texas. Funeral services were held from the Prosser residence this afternoon. Interment was made in Oakwood cemetery.

GREAT INTEREST IS BEING MANIFESTED

Many Accessions Are Received at the Big Tent Revival Meeting

There was another good crowd at the tent meeting on East Leuda street last night. There were three accessions at the close of the sermon, which makes a total now of twenty-nine since the meeting began.

Mr. Hamlin read Acts 2:61-10. He began by saying that a woman wanted an "experience" and she asked if an "experience" from the bible would satisfy her. She replied, "Yes, abundantly." "The lesson I shall read you is what was read to this woman: 'Will it be satisfactory to you? This book of Acts has many more experiences on which we can rely.'"

The sermon was on "Phillip and the Eunuch." Mr. Hamlin began his discourse with a beautiful description of "Phillip's vision and the realization of the facts regarding Phillip's overtaking the Ethiopian officer on his way to Gaza. He said here was a man who was a bible reader. 'Oh, for a nation of bible readers.' This man carried his bible with him and grasped every opportunity to read it. On a hot, rough and dusty road he persisted in reading the scriptures. Phillip came to him, not an angel to an unconverted man, not the Holy Spirit, and said understood that what thou readest? The reply was 'How can I unless someone instruct me?' Phillip began then and commenced to explain the passage he was reading and preached to him Jesus. While Phillip was preaching they came upon some water and the Eunuch said 'Here is water what doth hinder me to be baptized?' And they both went down into the water and Phillip baptized him. After this Phillip was caught away and the Ethiopian officer under Queen Candace went on his way rejoicing and thus the gospel went into Ethiopia.

This is truly a Christian experience and all the others of the bible agree with it. There is then every dependence to put in it. We need not wait then for the Holy Spirit to compel us to become converted, and for a change of heart, but we need to read the bible, hear what God wants us to do, then do it and we will go rejoicing with the gift of the Holy Spirit.

Tonight services will be held at the tent as usual and Mr. Hamlin will preach. Tomorrow morning at 11 o'clock Mr. Kendall will preach. At night Mr. Hamlin will preach at the tent and Mr. Kendall at the First Christian church.

GLENWOOD NEWS

Miss Annie Willis, who has been visiting in Glenwood, has returned to her home in Graham. Miss Nannie Raglan of Graham, who has been visiting Mrs. P. J. Kincaid, has returned home. Mrs. Raughton of Luxton street, who has been very ill, is improving. Mrs. J. M. Cooper and children are visiting Mr. Cooper's brother, V. V. Cooper, in Ranger, Texas.

Quarterly Conference

At the quarterly conference at the First Methodist church, held Friday night, action of the church building committee in purchasing the lot at Seventh and Taylor streets and steps taken in the raising of funds for the new building were endorsed. The committee was continued with instructions to complete plans for the construction as rapidly as possible. No time has yet been decided upon for the actual work of construction.

The Halo of Motherhood. The halo of motherhood is a divine thing, we all revere it, and we all appreciate at what a cost it has been won. Apprehension, tears, worry, and actual suffering make up its cost, and yet all this might be vastly lessened by the simple agency of MOTHER'S FRIEND, a liniment dedicated to the easing of parturition and its accompanying suffering. It is applied externally, and the results following its use are nothing short of marvelous. "A friend in need is a friend indeed," that's what Mother's Friend is. Sold at all drug stores for \$1.00 per bottle. Send for our book, "Motherhood," free if you ask. BRADFIELD REGULATOR CO., ATLANTA, GA.

The Modern Woman Takes It Easy. Gas Range in the kitchen - no all-day drudgery. Meals cooked on time and easier, quicker and cheaper than Ever Before. STOVES ON SALE AT Fort Worth Light & Power Co.'s 111 West Ninth Street

HANLON WINS IN A TWENTY ROUND FIGHT
He Fights Young Corbett to a Standstill in a Long Contest

SAN FRANCISCO, June 3.—Eddie Hanlon fought Young Corbett to a standstill during the last four rounds of a twenty-round contest last night and was awarded a hard-earned decision by Referee Homan. The fight was an exciting one from start to finish. During the first part of the contest Hanlon had a slight advantage, but no harm was done to either man until the eleventh round. Then Hanlon rushed Corbett to the ropes, but the Denver man stalled him off and blocked a number of stomach punches. Corbett got to the center of the ring and landed left and right swings on Hanlon's jaw. Hanlon went to his knees and took the count. He came up fighting, and in spite of Corbett's effort to put him out he finished the round strong. Hanlon braced up in the fourteenth and seemed to have a slight advantage over Corbett.

The seventeenth was Hanlon's round. He upper-cut Corbett to face and stomach. The eighteenth was even, although Corbett had a shade the better of it at the end. In the twentieth Hanlon came up strong and went right at his man. They stood breast to breast, each with his head on the other's shoulder, and slugged for all that was in them. Hanlon was stronger, forcing Corbett about the ring, playing a lively tattoo on him. He fought Corbett to the ropes and had him at his mercy. The round closed with both men on their feet, with Corbett nearly out. The decision was a popular one, as Hanlon out fought Corbett in the last rounds.

NELSON-SULLIVAN FIGHT
At End of Fourth Round Referee Announced a Draw
BALTIMORE, June 3.—The six-round fight last night between Nelson of Chicago and Kid Sullivan of Washington was the hottest contest seen in this city for many a day. To the spectators, apparently without exception, Sullivan seemed to have much the best of it. In the fourth round he knocked Nelson through the ropes. The referee called a draw.

To Drive out Malaria and Build up the System Take the Old Standard

Grove's Tasteless Chill Tonic Not a Patent Medicine You know what you are taking the formula is printed on every bottle showing it is simply Quinine and Iron in a tasteless form. The Quinine drives out the Malaria and the Iron builds up the System. Sold by all dealers for 27 years. Price 50 cents. A FREE Package of GROVE'S Black Root Liver Pills is enclosed with every bottle

THE SIX-SHOOTER MUST GO Every time we have a big killing in Texas the fact is so thoroughly advertised abroad that many good men are kept from making their homes in the state. Texas must learn to enforce her laws with such strictness and impartiality that human life will be held at something like its true value in this state.

There can be no questioning the fact that the six-shooter is doing the entire state of Texas great harm daily in the matter of keeping desirable immigration from within our borders. Those of us who live in Texas know that life is as safe here as in any other state in the union, and the laws just about as well enforced. But Texas is so large that the average number of killings here, while perhaps only equalling or exceeding those in five or six other southern states, is not considered in that light abroad.

Japan hastens to inform the United States that she is no expansionist, and that serves to remind us that we were not either until the force of circumstances compelled it. And then we expanded.

Late advices from Russia indicate that the war with Japan is to be continued to the bitter end. It looks like the situation ought to be sufficiently bitter at this time to justify the end.

A hen is said to be on in the matter of a new street car line out to Arlington Heights, and it is believed that dirt will soon be flying in the construction of this very important enterprise.

The Fort Worth Home Industry and Factory Club seems to be getting down to business in a manner that indicates its understanding and appreciation of the purposes of its organization.

George T. Angell, the great Massachusetts humanitarian, says that President Roosevelt looks just like an educated bulldog to him. And it may be that the Boston man looks like a rat terrier to the president.

Cotton has been making some record breaking advances during the past few days, and it may be that some of our friends who have been selling their surplus at seven cents weakened just a little bit too soon.

prize is sure to bring the very best returns and forever settle the question as to the convention center of Texas and the southwest. And there is a way to get the auditorium in short order. The way to obtain an auditorium is to build it, and that embodies the true Fort Worth method of doing business.

Again The Telegram respectfully suggests the proper method of obtaining an auditorium is to build one. There should be no waste of time in doing our plain duty.

The presence of John Hay in Paris at this time is not merely a matter coincident with the probabilities of peace between Japan and Russia. The secretary is in Paris for the purpose of promoting pacific measures, and he is there by command of his chief.

Charles J. Bonaparte of Baltimore is the man who is slated to succeed Paul Morton as secretary of the navy. The new secretary is a very eminent lawyer and a close personal friend of the president.

The beef trust investigation is to be resumed in Chicago on June 7, but the public is rapidly coming to the conclusion that this investigation is not going to result in anything tangible in the way of relief from the conditions generally complained of.

America is certainly getting to be very low down when it has to submit to a boycott at the hands of China. The next thing we know the suit of Sulu will proceed to sever all diplomatic relations.

The Fort Worth Home Industry and Factory Club seems to be getting down to business in a manner that indicates its understanding and appreciation of the purposes of its organization.

George T. Angell, the great Massachusetts humanitarian, says that President Roosevelt looks just like an educated bulldog to him. And it may be that the Boston man looks like a rat terrier to the president.

Japan lost three torpedo boats in the great naval battle with the Russian fleet, and this incident only serves to show how little real fight there is in the czar's fighting machines.

GLEANINGS FROM EXCHANGES

Farmers who sold their cotton last month at 7 cents are now wishing they had held until June, as it looks as though the price will go to 9 or 10 cents before it stops. Since the floods have been with us the price has been steadily on the increase.

Rear Admiral Cussing Bob Evans believes the defeat of Roosevelt will tend to prolong the war. In other words, every licking Russia gets merely whets her appetite for more licking.—Houston Post.

Land values have nearly doubled in many sections of Texas during the past twelve months and the impetus of proven crops and the thousands of homeseekers coming this way from the less favored sections in the north and east.—San Antonio Stockman.

Our government is actually sending blood hounds to the Philippines to run down the colored men who do not like our way of controlling them. History repeats itself. It is not a democratic administration that is doing this; nor, did the suggestion come from a southerner.—Corsicana Courier-Light.

At another column, the lumber dealers of New Orleans have advanced the price of lumber four to five dollars per thousand.—Orange Tribune.

WITH THE CATTLEMEN

FAITH IN CATTLE "I have heard people talk about hog ranching and chicken farms and about everything else a man can imagine, but an account to stay in the cattle business and leave all the other plums for the other fellow," said James McCormick of San Angelo.

"I do not deny that there might be money in raising hogs, for there is money in the drug business, and in the banking business, if there was not there would be any one in the business, and I suppose it is the same way with chickens and hogs. There must be money in it or they would not remain in it for years.

"I once heard a man say that there was more money in two hogs and a corn field than there was in a hundred head of cattle and a pasture, providing you would not count until the expiration of your term. Now if I were to raise an argument with this party, should he happen to read this answer, by denying the statement, but I will say that I have done some pretty good business on a hundred head of cattle in five years.

"I say these things to show that the cattle business is not quite dead and that not all the stockmen are in danger of deserting right away.

"I am told that dipping would protect them, but am of the opinion that the cure would be more dangerous than the disease, let alone the cost. I understand that there is a liquid manufactured for this purpose, but was told by a party who gave it a fair trial that it would not do what is claimed for it.

While the crop outlook is not flattering it must be remembered that there is a long summer before us. Besides, the staples are advancing in price at such a rate as to promise compensation for the smaller yield that is now indicated.—Gainesville Messenger.

The Texas wool crop is bringing the best price this season that has prevailed for a number of years. When Texas wool is selling around 24 cents it means a whole lot for the wool grower.

A young lawyer at Honey Grove, who spends most of his time trying to seem busy and prosperous, went out for awhile, the other day, leaving on his door a card marked, "Will be back in an hour." On his return he found that some envious rival had inscribed this underneath, "What for?"—Bonham Favorite.

The announcement is made that the Texas railroads have decided not to contest the new cotton tariff, recently promulgated by the railroad commission.—Glimmer Mirror.

The Texas railroads have acted in such manner as to make many new friends in this matter. And they will lose nothing by that action in the end.

"I know of very little trading just at this time around Amarillo. There are a great many buyers there, it is true; but everything is pretty well bought up."

"Conditions are ideal down our way," said John Morgan of San Antonio, who had a nice string of steers in Fort Worth Friday that he sold at private sale.

"I see that a woman's debating club has just been formed in Philadelphia. "How is it to be conducted?" "Why, I suppose they meet once a week and play whist."—Cleveland Plain Dealer.

"I have decided where you will spend the summer?" "No," answered Mr. Kepdown, "I'm going to let my wife decide this year. She used to wake me up in the dead of night last summer to remind me that I picked the place out."—Detroit Tribune.

"I have decided where you will spend the summer?" "No," answered Mr. Kepdown, "I'm going to let my wife decide this year. She used to wake me up in the dead of night last summer to remind me that I picked the place out."—Detroit Tribune.

THE KING OF THEM ALL

REAL AND ALLEGED FUN "Have you much room in your new flat?" "Room! Mercy me, I should think not. Why, our kitchen and dining room are so small that they make us use condensed milk."—Milwaukee Sentinel.

REFLECTIONS OF A BACHELOR

A man of 50 thinks he can fascinate a girl of 20, and she makes him think it. It takes a lot of money not to care whether people think you have it or not.

SUNFLOWER PHILOSOPHY

Keeping a diary is nearly as hard work as keeping a diary. Being favorably impressed is the cheapest way we know of being a good fellow.

THE PEOPLE TO PITY

There are people to pity wherever we look. The rich as well as the poor. For sorrow stays on in the laborer's cot. She visits both hard and hoar.

MISSED THE CHAIN

One Hezekiah Hopkins of Frankfort, Ky., gained local fame by discovering a piece of broken track and flagging an excursion train in time to save disaster. So it was decided to present Ezekiel with a gold watch.

WITH ROOSEVELT ON DECORATION DAY

His statue of Slocum is an exquisite piece of modeling. It shows the general mounted on his horse, his sword upraised as though he were leading troops to battle. It cost \$27,000.

GENERAL HENRY WAGNER SLOCUM The statue of General Slocum, at the unveiling of which President Roosevelt spoke Tuesday, is located at corner of Eastern Parkway and Bedford avenue, in the finest residential district of Brooklyn.

Shot Full of Holes.

"I am 65 years old, and have been a great sufferer from headache all my life. One of Dr. Miles' circulars was left at my door, and what it contained about headache interested me, so that I determined to invest a dollar in their make of shot, and go gunning for that headache. The first charge brought it down, but I continued to shoot until the thing was shot so full of holes that I believe it will never come to life again. I consider it the work of a "good Samaritan," to spread the knowledge of what Dr. Miles' Anti-Pain Pills will do."

I. F. MOORE,
1352 Fairfax Ave., Bridgeport, Conn.

Headache, Neuralgia, Sciatica, Backache, Stomachache, Bearing Down Pains, Rheumatic Pain, or Pain from any cause yields readily to the soothing influence of Dr. Miles' Anti-Pain Pills upon the nerves, the irritated condition of which causes the pain. Harmless if taken as directed, and leave no disagreeable after-effects.

Dr. Miles' Anti-Pain Pills are sold by your druggist, but will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind.

FIFTH BRIGADE TO HOLD REUNION HERE

Confederate Veterans Planning Gathering at City Park During July

Just prior to the state reunion of the Texas Confederate Veterans' Association to be held at Galveston in July, the Fifth Brigade will likely hold a reunion in this city at the city park. It is anticipated that the coming together of the veterans on this occasion will be an event of unusual interest to all interested in the work. Quite a number of prominent speakers from abroad will be here to address the veterans and their friends if plans under way are carried out.

B. B. Paddock in command of the brigade, announced this morning that no final decision has yet been made regarding the event.

Taylor McRae, adjutant general of the brigade, was in Fort Worth Friday from temporary headquarters at Dallas, en route to Granbury, where he will meet with the veterans and old settlers in an annual outing or picnic today. He will deliver an address to the audience on matters Confederate, and on Sunday will address the veterans at Weatherford.

Adjutant General McRae, since his appointment by Captain B. B. Paddock, has done much work in building up the brigade and as a result of his labors there are now fifty-two active and energetic camps against twenty-six when he assumed charge of the office.

In order to aid the cause of the veterans over the state, but especially those in the Fifth Brigade, Mr. McRae has established a paper to be devoted exclusively to the cause, called the Co-Operative Age. The first issue is out. In the near future, it is understood, the paper will be published in Fort Worth. For the present it is being printed in Dallas.

God advice to women. If you want a beautiful complexion, clear skin, bright eyes, red lips, good health, take Hollister's Rocky Mountain Tea. There is nothing like it. 35 cents. Tea or Tablets. J. P. Brashear.

Bludworth, assistant historian; Grapevine.

LITTLE MAVERICKS

WEST TEXAS ALL RIGHT

"West Texas is all smiles," says a stockman just returned from that section, "and not without reason. Crops are looking fine, the range is in excellent shape, water holes are full, cattle doing well and everybody prospering and happy."

"The supply of cattle to come marketward from there this summer and fall will be earlier and smaller than the runs of the past three years. During the past two or three years owners of small bunches of cattle have practically sold their stock, are not enough cattle out there now to eat the grass and young stock is selling \$3 per head higher than a year ago. A great many debts have been paid off during the past three years and this season's crops should suffice to pay off practically all of the debts now remaining, which will doubtless result in the holding of a great deal of she stock and steer calves for yearling sale next spring. This will be responsible for a sharp contraction in the marketing compared with that of the past three years.

"Because of the fine condition of the range, the marketward movement will start about the middle of June and some decent cattle will be coming from that section during July or about a month earlier than usual.

"Stockmen of West Texas are thoroughly awake to the advantages to be derived from the raising of fewer and better cattle and of caring for their stock better than in the past. There are already many blooded cattle in West Texas, and more are going in there every day. The past winter was a hard one on stock, but almost every one was well provided with forage crops and the stock came through light. What loss was felt has been more than made up by the very favorable spring. The above conditions apply to and beyond the Pecos valley.

"In the farming sections crops of all kinds promise abundant yields. Wheat, oats and cotton are in much better condition than in Central Texas. Much cotton was held over there last year and owners are now finding a market for it at around 8 cents."

DIPPING FOR MANGE

According to a bulletin just issued by the Minnesota Experiment station mange in cattle may be recognized by the formation of dry, brownish scabs on the back and sides of the animal, by the falling off of hair and by constant rubbing and licking of the affected parts. It is usually first observed on the sides of the neck and shoulders, at the base of the horns and about the rump and tail. Unless promptly checked it will in time spread over the entire body and even to the legs and feet, causing intense itching and resulting in loss of flesh, and very often in the death of young calves or of stock weakened by a hard winter. Cattle are seldom affected in the summer when in good grass. The mange is usually transmitted, while closely related to the one causing sheep scab, cannot be transmitted to sheep, nor does the sheep mite ever cause mange of cattle.

Mange is communicated by contact either with animals suffering from the disease or with fences, barn yards or stables where many cattle have been kept. The disease may be carried from place to place in bedding or manure.

Where large numbers of cattle are to be treated a dipping place is advisable when the weather is not too cold. As the disease usually breaks out in winter it is sometimes difficult to make use of this most successful way of eradication, especially in the north. Dipping is advised whenever the equipment and weather will permit. To make the treatment effective it is essential that the stock be immersed head and all and that every part of the body be completely saturated. If the skin is very thick and scabby washing in warm water and soap just previous to dipping will be an aid to thorough work. All badly diseased spots should be hand rubbed. A second dipping in three or four weeks is necessary.

PREDICTS GOOD TIMES

Captain John T. Lytle, so well known to stockmen all over the west and south-west and secretary of the Cattle Raisers' Association of Texas, was among our welcome callers yesterday. The captain just returned to Texas a few days ago from attending the big cattle convention at Denver. He said the stockmen assembled there were on hand for business, and the railroads and the big packers will be given to understand that the business of the live stock has as much right to live and make a profit on his stuff as anybody else. Captain Lytle looks for three or four years of good times for stockmen, with prices showing a profit on the right side of the ledger. He says that the good times where in Texas and cattle fat. Good grass and fair prices are causing stockmen to feel good. The Fort Worth market, said he, is growing all the time, and just as soon as the packer's light is shed he looks for the establishment of the mounds at Fort Worth of an addition to their plant which will get rid of several hundred thousand Texas canners each year. He also thinks that two other packing plants will be erected at the Fort in the near future. Captain Lytle will remain in this section for a few days in the interest of the association, of which he is secretary.—San Antonio Stockman.

BLACK FOOTED FERRET

TOPEKA, Kan., May 26.—An animal known as the black footed ferret, is doing more to rid Western Kansas of prairie dogs than was done by the corps of instructors at the state agricultural college with an appropriation of \$5,000 from the legislature. This is according to the statements of residents of the western counties. Instances are cited by D. E. Lantz, field agent of the state agricultural college, in a recent report on Kansas mammals. The ferret made its appearance in Kansas only about two years ago, but Mr. Lantz has found instances where five or six of them drove all of the prairie dogs out of a county.

The legislature has been trying for several years to assist the Western Kansas stockmen and farmers in driving prairie dogs from their prop-

Hogs Following Cattle Being Fed on Corn

Herbert W. Mumford, chief of the live stock section of the Illinois experiment station, has made public the result of inquiries instituted by him among cattle feeders of this state as to their experience with feeding hogs after cattle. There are some facts elicited:

Ninety per cent of cattle feeders responding use hogs in their feed lots.

Of these 70.7 per cent fed Poland-Chinas, 20 per cent Berkshire, 4.5 per cent Duroc-Jerseys, 3 per cent Chester Whites and 12.8 per cent "any breed." One correspondent mentions Tamworths.

Professor Mumford says:

"This summary is not to be regarded as a criterion of the relative merits of the breeds mentioned for feed lot purposes, because the wide distribution of the Poland-China, for example, makes it most familiar to and best understood by the average feeder."

DAILY GAINS SECURED

The average daily gains secured upon pigs were additional corn is not fed are reported thus by 250 correspondents: Nine per cent secure less than one pound per head; 42.5 per cent, one pound; 8.5 per cent, between one pound and one and a half pounds; 18.5 per cent, one and a half to two pounds, and 5.5 per cent, more than two pounds. Here again it should be noted that undoubtedly many correspondents have failed to consider the last clause of the question referring to the feeding of additional corn, so that their replies are made to some extent upon the assumption of extra corn being fed to the hogs.

AS TO CHARGE FOR FEED

The question is often asked as to what proportion of the corn fed to cattle is used by and should be charged to the hogs following. Estimates on this point have been secured from 256 cattle feeders in this state. Eleven per cent of these state that one-tenth or less of the corn fed should be charged to the hogs; 8 per cent name proportions above one-tenth and below one-fifth; 21.5 per cent name one-fifth as the correct proportion; 23 per cent name one-fourth; 31 per cent, one-third, and 5.5 per cent, one-half. Thus it is seen that three-fourths of all the correspondents charge from one-fifth to one-third of the corn to the hogs. Of course, the replies vary largely with the method of preparing the corn. That is, those who grind the corn almost invariably charge relatively small portions of it to the hogs, while those who feed shock, cut or shelled corn count on the hogs eating a much larger percentage.

WEIGHT DESIRED FOR FOLLOWING

The weight of hogs desired for following cattle varies from 40 to 225 pounds, according to 497 correspondents reporting on this point. Six per cent prefer pigs weighting seventy-five pounds or less; 7 per cent prefer weights above seventy-five and below 100 pounds; 23.5 per cent prefer 100 to 125 pounds; 23 per cent prefer more than 100 pounds up to and including 125 pounds; 23 per cent chose weights from 125 up to and including 150 pounds; 19 per cent, from 150 to 225 pounds, and 2 per cent, no reply.

In other words, three-fourths of those reporting favor pigs from 100 to 150 pounds weight, and the average of all is practically 125 pounds. Considering this result in connection with the average age recommended above, namely, 5 months we find that, in general, pigs desired for feed lot purposes are light, young hogs, and necessarily thin in condition at the weight given for the age of 6 months.

SOME GIVE EXTRA FEED

Eighty-three per cent of those who report keeping hogs with cattle give them feed in addition to that secured from the droppings of the steers. The remainder aim to keep just enough pigs following the steers to consume the droppings. These most feeders prefer to keep all their hogs of suitable age in the cattle yard convenience in handling, and to regulate their feed by means of additional corn rather than by adapting the number of pigs to the amount of feed available in the manure.

NUMBER OF HOGS TO THE STEER

Correspondents to the number of 472 reply to the question as to how many 150-pound hogs will thrive well on what they secure from the droppings of each steer without additional corn being fed. Of these, 10 per cent report less than one hog; 2 per cent, from one to two hogs; 21 per cent, more than two hogs, the highest number of hogs per steer mentioned being three. In view of the fact that 85 per cent of the feeders here included give some extra feed, it is probable that correspondents who reported no extra feed on the matter under consideration must be taken as estimates, rather than as the results of experience. It is believed that most of the estimates given are too high, since it is probable that many of the correspondents who reported no extra feed on the question referring to the addition of corn to the feed secured from droppings. This is indicated by the fact that of the

SUMMARY OF THE WORK

Thirty-three correspondents mention other supplementary feeds which have been equally as good as all meal in their effect upon the pigs. Of these 65 per cent mention various conditional stock foods. The remainder mention salts, bone meal, cotton seed meal, clover hay and clover hay. One of the most successful feeders states in his report that he has used successfully a self-feeding box in supplying mineral substances to the hogs. Wood shavings are mixed by the wagon load with salt, coppers and sulphur and placed in a small self-feeder similar in construction to those used for cattle.

Summarizing the answers of 499 feeders regarding the form of shelter provided for pigs when following cattle, we find that 79 per cent use sheds (doubtless most, if not practically all, refer here merely to the cattle shed, rather than to a separate hog shed); 8 per cent use barns; 8 per cent, no shelter; 2.5 per cent provide no shelter; 1.5 per cent depend upon racks, cribs and feed boxes; 1.5 per cent upon woods, and 1.5 per cent upon straw stacks. In other words, only 8 per cent furnish permanently constructed, houses for the hogs while practically all of the remainder allow only such shelter as they can secure within or without the sheds or barns provided for the cattle.

In the districts affected for this purpose, Cattle in Southern New Mexico are not infected, but only those in counties bordering on the Texas line. Barnes reports that cattle are in excellent condition at present, although the severe winter in the northern counties resulted in losses to cattlemen. His prediction that thousands of cattle will be shipped to Kansas and Nebraska within the next few weeks.

SHORT TERM OPPOSED

Resolutions Declaring for Present Curriculum Adopted

A meeting of Seventh ward citizens to protest against the proposed shortening of the school term will be held tonight at the Seventh ward school house.

A meeting in the Eighth ward Friday night adopted the following resolutions:

"Whereas, There appears to be a fear that the school board of this city may reduce the school course by two years and

"Whereas, The masses of the people of this city, believing that the present term of eleven years is none too long so as to enable our children to obtain such an education as the young citizens of America need and desire, and

"Whereas, As the present course is such that it is necessary for children to 'burn the midnight oil' if the curriculum be condensed the children will be unable to properly learn their lessons and even the course be reduced by eliminating certain studies, the mind of the children will not have reached the sufficient maturity to master the essential subjects now taught in the last two years of the high school course; therefore be it

"Resolved, That we believe it would be a sad and costly error to make the suggested change; that it will place our beloved city in a position, so far as educational matters are concerned, behind our neighboring cities and that we feel that the burden of such a change will fall almost entirely upon the children of our citizens who are not at all well to do and we therefore appeal to the gentlemen composing the board to take no action in the way of a change and we make this appeal not only in behalf of the children of the people, but also that they take no step backward in that part of American institutions on which all Americans pride themselves—the public school."

NEW MEXICO DIPPING

Word comes from Albuquerque, N. M., to the effect that Will C. Barnes of Las Vegas, secretary of the territorial cattle sanitary board, was there and arranged with Dr. Louis Metsker, government live stock inspector, plans by which a successful campaign for the eradication of mange among the cattle of the Territory will commence at once. Territorial and government inspectors will work in harmony. All cattle affected will be dipped and vats are being constructed at various ranches

INDEPENDENT LINE TO DALLAS BEGUN

Manager Murray of Local Telephone Exchange Promises Service in Six Weeks

Manager Murray of the Fort Worth Telephone Company announced this morning that work was begun today on the long distance line between this city and Dallas, the line in Tarrant county to follow the county road over which franchisees were recently secured from the commissioners as announced in The Telegram. Independent franchisees have been secured in the city of Dallas and the service to that city is expected to be inaugurated within six weeks.

Work is also under way, he announces, on lines to Waxahatchie, Cleburne and Weatherford, all of which will be completed within two months.

Plans have also been made for a line between Sherman and Gainesville which will be connected with the independent long distance lines, though being built as a private enterprise.

CATTLEMAN MAKES NEW STAKE IN MINE

Grant G. Gillett Retrieves Fortunes by Big Mexican Deals.

Had Cowboy Band

It is learned here that Grant G. Gillett, once the Kansas cattle king, who is well known in Texas cattle circles, has just sold the Quebradillas mines in Mexico to some New York capitalists for \$500,000.

John W. Connor, the new manager, is en route to the republic to take charge of the property. The sale is said to be the largest cash sale ever made in the state of Parral.

Since Mr. Gillett went to Mexico after his big failure in the cattle business, he has put through several of the largest mine deals in the history of that state, the total realized as a result of these sales being \$350,000.

Mr. Gillett, it will be recalled, was last seen in Fort Worth during the meeting of the Texas Cattle Raisers' Association in March, 1900. He came with much to do, bringing with him his own cowboy band. Soon after that he failed for upwards of a million dollars. He went into Mexico in an effort to retrieve his lost fortune and according to the information that reaches here he has, in a great measure, succeeded.

PROFESSOR HOGG REVIEWS SCHOOLS

Compiles Statistics of City Work During His Term of Service

Statement made by Superintendent Hogg of the condition of the schools for the session just closed is as follows:

1902-3	1903-4	1904-5	
First week actual attendance	3,857	4,015	4,342
Highest actual attendance	4,211	4,647	4,832
At Close	3,837	4,118	4,476

Enrollments for the years were: In 1902-3 5,131, 1903-4 5,547, 1904-5 5,669. Retainer of the enrollment this session was 75 per cent.

Average daily attendance has been: For 1902-3 4,028, 1903-4 4,390, and 1904-5 4,645, or 81 per cent of the enrollment this session.

Promotions by buildings this year were: Building No. 1, 8 rooms, 225; No. 2, 8 rooms, 200; No. 3, 8 rooms, 220; No. 4, 8 rooms, 264; No. 5, 12 rooms, 377; No. 6, 12 rooms, 342; No. 7, 10 rooms, 352; No. 8, 9 rooms, 322; No. 9, 8 rooms, 248; No. 10, the high school, 14 rooms, 192; No. 11, colored, 355; No. 12, (c.), 152; total 3,249, or 72 per cent. These promotions were without any conditions.

Pupils neither absent nor tardy nor dismissed too early reached a total of 274,

DALLAS, TEXAS.

Divided according to buildings these were as follows: Building No. 1 21, No. 2 23, No. 3 18, No. 4 18, No. 5 16, No. 6 17, No. 7 18, No. 8 12, No. 9 15, No. 10 17, No. 11 17, No. 12 15, total 324, or 75 per cent.

Graduates, since the beginning have been: Whites, boys 91, girls 440; colored, boys 26, girls 46; total boys 117, girls 486, making 603.

We have added manual training, wood work and printing (hand work) for the boys and cooking and sewing (hand work) for the girls. We may look forward for the kindergarten whenever the finances will justify it. Only two cases of discipline have gone to the grievance committee and both were decided favorably to the teachers.

May Weather

May was a rainy month, total precipitation being 4.45 inches, or an excess of one inch over the ten-year average for that month. The general direction of the wind during the month of May was from the south, with an hourly movement of eleven miles and a total movement of 8,174 miles. The maximum velocity was sixty-six miles in five minutes, on May 21.

During the month there were thirteen clear days, twelve partly cloudy, six cloudy and twelve days on which rainfall occurred, with thunderstorms occurring on ten days.

Telephone Appointments

F. R. Lee, formerly cashier of the local telephone exchange of the Southwestern Telephone and Telegraph Company, has gone to Belton to become local manager of the exchange in that city. He is succeeded here by M. H. Jones, who has been a collector at the local office for several years. Both appointments became effective June 1.

D. 1935, out of the district court of Tarrant county, Texas, Forty-eighth judicial district, in cause No. 25298, State of Texas vs. Unknown owner, C. C. Wilson and Lake County Land and Improvement Company, I did on the 24 day of June, A. D. 1935, levy upon the following described land as the property of the above named defendants, situated in Tarrant county, Texas, to-wit: Lots 11 to 16, block 42, Chamberlain's Arlington Heights addition to city of Fort Worth, Tarrant county, Texas.

BIRTHDAY OF DAVIS

Observance as State Holiday Begins Next Year
Though June 3 was designated a state holiday by the recent legislature, official observance of the day in honor of the birth of Jefferson Davis will not be had until 1936, the usual emergency clause making legislation become effective with a short period following its passage being omitted.

STEAMER GOES DOWN

No Lives Are Lost But Several Narrowly Escaped
NEW ORLEANS, June 2.—News reached this city today, that while passing the Red river valley bridge at Alexandria, La., the steamer H. M. Carter was struck by one of the piers and began to sink. She was headed for the shore, where the passengers and crew were landed safely.

TOO LATE TO QUALIFY

FOR RENT—Two large unfurnished front rooms, with use of hall, 602 East Third street.

PAVING ORDERED ABOUT CITY HALL

City Engineer Authorized to Receive Bids for the Work

NEW ALDERMAN ACTS

E. P. Maddox of the Sixth Ward Offers Important Resolutions

Alderman E. P. Maddox from the Sixth ward, recently elected to fill the vacancy made by the resignation of W. G. Newby, created a sensation at the city council meeting Friday night when he introduced three important resolutions in rapid succession.
'I recommend that the city attorney be instructed to determine just how much power the city has in regard to the regulating of the street car systems,' said Mr. Maddox. The resolution was adopted.
'I further recommend,' continued the new alderman, 'that an itemized and detailed account of the street sprinkling system be submitted to the council.' This was also adopted on second of Alderman Waggaman. 'Also,' said Mr. Maddox, 'I recommend that the city deny citizens out of the corporate limits the right to vote on city taxes, and therefore are not entitled to the city's water.'
There was some discussion on this matter, but after Mr. Maddox had read a long list of persons, who he said were outside the corporate limits, the resolution was adopted, to be referred to the water works committee and the city attorney.

PAVING THROCKMORTON STREET

Among the important questions settled at the meeting was that of paving Throckmorton street from Eighth to Tenth street; also including curbing on the city hall side of the street, from the corner of Tenth to the end of the fountain triangle at the central fire station. The committee reporting favorably on the paving proposition, the city engineer was instructed to advertise for bids for the work, the bids to be both on cash and time basis.

ELEVATOR SIDE TRACK

Permission to build side tracks across Hawthorne street to the Dazey Moore elevator was granted to the Santa Fe, after the city attorney had approved the provisions of the franchise.
The petition of E. G. Bruckman & Co. of New York for an electric light franchise was again brought before the council and was received and filed.

Opening of an alley north of the Carnegie library to run to Throckmorton street in a westerly direction, was recommended by the streets and alley committee. The report was adopted. The alley will be opened as soon as the street department can get to the work.
C. E. Smith, the blind man, was not allowed his claim of \$128.60, which amount of damage he says was done his small building when it was moved by the city from the corner of Fifth and Main streets.

EXTRA POLICEMEN

Some discussion was had by the council members when the police committee recommended the appointment of J. W. Bell as special policeman, the city to pay half the regular policeman's salary. Alderman Henderson maintained that if the council granted one extra man at half pay, the citizens all over town will have an equal right to demand special officers. He said that an are light put in a dark part of the city would do the work of six policemen. Alderman Henderson also looked up the doing of policemen going in pairs, saying that it was said before the recent election of city marshal that half the number of officers could protect the city if the custom of pairing off would be eliminated.
The matter of appointing Bell as a special officer was finally put to vote, the council voting a tie. Mayor Powell decided the matter by voting in favor of appointment.

City Engineer Hawley was instructed to build a brick curb gutter at the Sixth ward fire hall.
Bids for heating apparatus for the new school buildings were submitted and referred to the school building committee.
A bill for street sprinkling for the past quarter, amounting to \$965.29, and \$270 extra work, was ordered paid.

Opening of East Nineteenth street was discussed and the city engineer and city attorney ordered to ascertain the cost and advisability of doing the widening.
A culvert was ordered constructed on Eleventh street, near Harding.

STREET REPAIR

Alderman Parker announced to the council that by reason of the Northern Texas Traction Company removing gravel from Pacific street, near its car barn, the thoroughfare was in a very bad condition. The council instructed the city engineer to order the Traction Company to repair the damage and to put the street in proper condition.
Report of the fire chief was received and filed.
W. F. Helmkamp applied for permission to erect a corrugated iron building in the fire limits. After discussion on the council refused to grant the request.
Mayor Powell and City Attorney Orrick were instructed to draw up a suitable contract with the Fort Worth Garbage Company in regard to the disposition of garbage and to submit the same at the next meeting of the council.

STORM INSURANCE

Mayor Powell announced that he had made a settlement with an insurance company for \$180 for damages to the public schools done by the recent storms. The settlement was approved.
City Engineer Hawley was instructed to estimate the cost of needed repairs to the public schools, so that repair work can be done this summer during vacation.
C. B. Mitchell asked for \$50 damages alleged to have been sustained by a horse of his while being ridden by a city policeman. Referred to the claims committee.

CUREWF UNCONSTITUTIONAL

In compliance with the request of the assistant City Attorney Parker submitted an opinion of the advisability of a curfew law. In his report he held the law beneficial in curbing miscreant youths, but on the other hand, taking the decisions of judges of higher courts, he held the law unconstitutional as restraining the personal liberty of citizens as well as taking into municipal hands the power of the parent. The report was approved.

The Carnegie library report was received and filed.
To the claims committee was referred the petitions of citizens living in the neighborhood of New York avenue and Holt streets, asking for damages to their property alleged to have been caused by the spring rains, due to improper drainage of the streets, as contained in The Telegram of Friday.
J. P. Nichols presented a petition asking for \$500 damages alleged to have been sustained by Pearl Nichols by falling from a board across at gutter at New York avenue and Annie street. Referred to the claims committee.
Judge Prewett of the corporation court asked that the city buy two copies of the state statutes and provide a bookcase for the same. This was referred to the police committee.

Other petitions in regard to the condition of streets were referred to the street and alley committee.
At the opening of the meeting council ordered paid bills, salaries and claims to the amount of \$25,543.26.
Some discussion was raised as to whether or not Ike Cooper was a resident of the corporate limits and a legal health officer. The matter was referred to a special committee, comprising Aldermen Lehane, Maddox and Zurn, for investigation. Pending a decision Mr. Cooper is suspended as a member of the health department.

Y. M. C. A. TAXES

It was decided by the council to declare void all delinquent taxes on the Y. M. C. A. property and to exempt the same from taxation in the future.
'I recommend that the city attorney be instructed to determine just how much power the city has in regard to the regulating of the street car systems,' said Mr. Maddox. The resolution was adopted.
'I further recommend,' continued the new alderman, 'that an itemized and detailed account of the street sprinkling system be submitted to the council.' This was also adopted on second of Alderman Waggaman. 'Also,' said Mr. Maddox, 'I recommend that the city deny citizens out of the corporate limits the right to vote on city taxes, and therefore are not entitled to the city's water.'
There was some discussion on this matter, but after Mr. Maddox had read a long list of persons, who he said were outside the corporate limits, the resolution was adopted, to be referred to the water works committee and the city attorney.

NEW COTTON BELT OFFICIAL IS HERE

J. W. Flanagan Announces No Changes Will Be Made in Texas Force

J. W. Flanagan, who has just been made general passenger agent of the Cotton Belt, is in the city today, acquainting himself with the situation in Fort Worth, and the local Cotton Belt forces. He will assume charge of the office next Monday morning, with headquarters in Tyler.
'Not a single change in the personnel of the force in Texas will be made,' said Mr. Flanagan, 'because it is doubtful if I could improve on the selections made so carefully by my predecessor, Mr. Lehane.'
Mr. Flanagan is Texas born and says that after two years' stay in Havana, Cuba, as general agent for the Southern Pacific, he is pleased to get back to this state. Mr. Flanagan is a nephew of Hon. Webster Flanagan, state internal revenue collector at Austin.
The new general passenger agent of the Cotton Belt has been identified with railroad work in many sections of the country. He was for many years railroading in South America and also in Mexico, but he says he prefers Texas to them all. During the St. Louis World's Fair Mr. Flanagan was in charge of the Cuban exhibit.

The Havana Post contains an interesting account of presentations made him before leaving that city. The first was a diamond monogrammed watch, presented by the Spanish merchants, and a diamond ring by the American Bankers' Association.
Additional honor was bestowed upon him by President Palma, who presented the following autograph letter:

Mr. Dear Mr. Flanagan—I know that you are about to leave the island, and I desire to remind you once more of my sincere friendship and esteem and my recognition of your services, especially in the capacity of honorary commissioner for Cuba at the World's Fair at St. Louis, Mo.
 Hoping that you leave Cuba with pleasant remembrances, and that you profit and personally receive, believe me to be,
Yours very truly,
T. ESTRADA PALMA.

SCOTTISH RITE FUNERAL SERVICE

Beautiful Ritualistic Ceremony to Be Held at Midnight Hour

A Scottish Rite funeral service will be held over the remains of Colonel Joseph K. Ashby at the hall of Fort Worth, North Second street, at 12 o'clock midnight tonight.
This will be the most solemn and impressive ceremony in all the ritual of Masonry and will be conducted by the Knights of Kadish, No. 48, north corner Main and Second streets, at 12 o'clock midnight tonight.
This will be the most solemn and impressive ceremony in all the ritual of Masonry and will be conducted by the Knights of Kadish and will be assisted by the wardens and officers of council of Kadish of Dallas, acting for and at the request of the Scottish Rite bodies of Galveston, Texas.
Colonel Ashby was a thirty-third degree honor and in this he received the degree of the Grand Cross, being one of seven in this country who received this degree.
The ceremonies will be carried out with beautiful lighting effects. The impressive solemnity inspired by this service producing a lasting impression.
As far as can be learned only two such services have been held in Texas, and both of these were at Galveston.
All Masons from the entered apprentice degree up and their friends are cordially invited to be present and witness these ceremonies. But that no one who is not a member of the lodge or a visitor attendant must be in the hall at least five minutes to 12 o'clock, as the doors will then be closed and not opened until the ceremonies are over.
The body of Colonel Ashby will then be turned over to Fort Worth Lodge No. 148, A. F. and A. M., and the officers and members of the lodge are requested to meet at the hall at 2:30 p. m. tomorrow for the purpose of burying the same with the solemn services of the lodge.
Worth commandery will by request act as escort in the afternoon. All visiting brethren will be cordially welcomed to meet and take part with the lodge. The funeral procession will leave the Masonic hall at 3:45 p. m.
The Knights of Pythias, of which order Colonel Ashby was a member in good standing, will by request meet at a body and take part in the burial service, each body holding separate and distinct stations and holding their own services.
Attest: ELMER RENFRO, W. M. W. H. FEILD, Secretary.

All Woodmen and their friends are invited. Leave baskets at county clerk's office, in court house. Wagon will leave at 9:30 o'clock and take baskets to picnic ground.

HEAVY LOCAL TRAFFIC

One Office Reports Monthly Increase of 40 Per Cent
City Passenger Agent Fenelon of the Santa Fe today announced that the business of his company out of Fort Worth for the month of May is the most flattering in the history of the road, showing an increase of 40 per cent over the same period of 1904.
Mr. Fenelon attributes this exceptional increase to the fact that the Santa Fe recently put on an improved service in addition to extra trains from Fort Worth south.
Traffic made at other local offices as to the business of the past few months elicited the fact that there has been a marked increase in passenger traffic. Indications now point to an exceptionally heavy summer tourist business by all the roads to California, Colorado and the northwest. There are several reasons for this situation—one in particular—the great Lewis and Clark Exposition now on at Portland, Ore. Every day someone starts for the northwest.
Colorado, as usual, will get a large portion of the summer tourist trade. Objective points being Colorado Springs, Manitou, Glenwood Springs, Boulder and several other points of equal attractions.
During the present month the greater part of the Colorado travel will be under way. The Rock Island, Denver road and the Santa Fe are in the field for this business, and very satisfactory schedules obtain on all three roads.

ANOTHER MEXICAN TOUR

While in this city Thursday General Attorney Hord of the Kansas City, Mexico and Orient railroad said that President Stilwell will leave New York City today for the Republic of Mexico, accompanied by a large party of business capitalists, about one hundred in all, for the purpose of investigating the line now being rapidly constructed through that country and the United States. The president spends some weeks looking over the Republic and investigating the Orient as an investment. During the past year, President Stilwell has piloted several similar parties over Mexico and as a result he has succeeded in securing several additional millions of dollars, which are being used in building the road.

NEW EQUIPMENT

General Passenger Agent Glisson of the Denver Road announced today that the electric new passenger coaches will be distributed on trains Nos. 1, 2, 7 and 8, and will be put into commission Sunday, to be used on the line between Fort Worth and Denver. In connection with this new equipment, the Denver Road has secured several additional millions of dollars, which are being used in building the road.

A NOTRE DAME LADY'S APPEAL

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbago, backache, pains in the kidneys or neuralgia pains, to write to her for a home treatment which has repeatedly cured all of these troubles. She feels it her duty to send it to all sufferers FREE. You cure yourself at home as thousands will testify—no change of climate being necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood, and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you, for proof address Mrs. M. Summers, Box 422, Notre Dame, Ind.

WIRELESS MESSAGE

Steamer New York Is Communicated With Ninety Miles Distant
NEW YORK, June 3.—The steamer New York, from Plymouth, Southampton and Cherbourg for New York, was in communication with the Siasconnet, Mass., wireless station at 3 o'clock. The vessel was at that time ninety miles east of Nantucket lightship and will probably dock about 6:30 this evening.

IMMIGRANT MAN DISCUSSES WORK

Field of Supply Shifting Gradually to the East and Europe

There is a probability that no other general railroad immigration agent in the country has studied the question as thoroughly as has S. A. Hughes of the Frisco system. Under the direction of the railroad Mr. Hughes planned and organized the Frisco association about two years ago and already the results have been marvelous and have been the means of bringing thousands of home-seekers into Texas to live. The object of the association, he says, is to develop and utilize the country tributary to the Frisco system. By means of the various means used for placing the country before the people, thousands of inquiries are sent daily to nearly one thousand agents of the association and to headquarters in St. Louis, these inquiries coming from all over the world. As a direct result hundreds of good families are being added to Texas' population every few months.
Mr. Hughes says that by a systematic means of handling immigration the tide has been turned to the southwest during the past two years. Other railroads have also organized similar associations with marked degree of success. He says that the greater proportion of people who have moved to Texas and the southwest the past three years originated in Illinois, Indiana, Kentucky, Tennessee, North Carolina, Missouri, Iowa, Kansas, Nebraska, Minnesota and a large number from the fruit sections of Michigan and Western New York. Mr. Hughes says that the work is being extended and an effort is being made to induce immigration from the four corners of New England states where the people are living in congested centers.
Discussing the question further, Mr. Hughes says: 'There is at the present time a bill before congress which provides for an appropriation sufficient to move the people from congested centers of the east to the southwest, which, if acted upon favorably, will doubtless result in great good.
'The matter of foreign immigration is now being taken up with a view of devising ways and means for securing a more desirable class looking to good citizenship and better producers from a farming standpoint. Over nine hundred thousand immigrants landed on the shores of this country last year, the majority locating east of the Alleghenies and seeking employment in the factories and mines. It is to the farming class that we must look to maintain and sustain our country. You may call him 'Ruben,' but the farmer is the man behind the gun, and we must bow to his supremacy. We have agent at the present time in Switzerland whose efforts, I believe, will be productive of good results, and it is expected that about two hundred Swiss families will be located in the Ozark country within the next six months. This movement is brought about by reason of high rates of taxation and military discipline, many Germans going over into the Republic of Switzerland, thereby crowding out the native people, who look to America for new homes.'
Mr. Hughes believes that as a result of these combined efforts on the part of the railroads, Texas and the southwest will soon be the beneficiaries of the immigration work being done with system and great care.

FRISCO ACQUIRES LINE

The Frisco system is about to take over the Crawford County Midland railway of Missouri. The line runs from the Cherry Valley iron mines in Crawford county to the main line of the Salem branch of the Frisco.

BIG PRICE BOUGHT

It has leaked out that the price received as a result of the sale of the El Paso Northern railroad, the Phelps-Dodge Company was \$16,000,000. This deal makes the Phelps-Dodge Company the second largest industrial railroad owners in the United States.

IS BACK FROM WACO

Rev. D. S. Moten Tells of Work Accomplished at Recent Meeting
The pastor of Allen Chapel, A. M. E. church, corner First and Elm streets, Rev. D. S. Moten, B. D., Ph. D., has returned to the city from Waco, where he attended the trustee board, educational congress and the various closing exercises of the commencement week at Paul Quinn College.
Rev. Moten is one of the active trustees of Paul Quinn College, Waco, as well as of Wilberforce University, Wilberforce, Ohio, his alma mater for which place he will soon leave to attend a trustee board meeting. He states the commencement was the foremost in all the previous history of the college.
Ten strong young people graduated representing various departments, the scientific department having the larger representation. Certificates, etc., were given to many.
The educational congress was a success intellectually and financially. The college treasurer, Rev. T. C. Denham, reported that for the year \$12,384 had been raised for educational purposes by the houses of education of the A. M. E. church in Texas, which is doing such a noble work for the public schools of the state.
The following delayed message speaks for itself: Paul Quinn College, Waco, Texas, May 31, 1905.—To the Graduating Class of the High School Department, School No. 11, Principal I. M. Terrell, A. M., Fort Worth, Tex.:
Most cordial congratulations to you all, and all concerned, including the twentieth century legislature of grand old Texas, upon your graduation this evening.
According to motto you 'Make Haste Slowly' you will do your work surely. Semper paratus Deus vobiscum omnibus semper.
D. S. MOTEN.

THE DALLAS DISTRICT OF WHICH ALLEN CHAPEL, FORT WORTH, IS A PART, LEADS THE STATE IN EDUCATION MONEY.

The Dallas district of which Allen Chapel, Fort Worth, is a part, leads the state in education money, which is \$12,384 from the fifteen districts of the four conferences in the state. Allen Chapel, Fort Worth, leads the Dallas district churches and the state in conversions, educational and missionary money. The college well honored itself when it conferred the degree of Ph. D. upon Rev. Dr. Moten at the recent college commencement.

RHEUMATISM, GOUT, BACKACHE, ACID POISON, ARE RESULTS OF KIDNEY TROUBLE.

HOLLISTER'S ROCKY MOUNTAIN TEA GOES DIRECTLY TO THE SEAT OF THE DISEASE AND CURES WHEN ALL ELSE FAILS. 35 cents. J. P. BRASHEAR.

ICE CREAM

First-class Ice Cream in any quantity; all flavors. Delivered to all parts of the city or surrounding territory. Satisfaction guaranteed. Our new factory, 1410 Houston street. Both phones.

SHAW BROS Dairy Company

Largest in the South

Colds Don't trifle with a cold; no one can tell what the end may be. Pneumonia, catarrh, chronic bronchitis and consumption invariably result from neglected colds. Nothing can be compared with Chamberlain's Cough Remedy as a quick cure for colds and grip, and by its use the more serious diseases may be avoided.
