

DEATH OF HAY SABBENS CAPITOL

Diplomats and Statesmen at Washington Unite in Sorrow for Late Cabinet Leader

PRESIDENT DEEPLY GRIEVED

Feels Less to Country as Well as Personal Bereavement.

Burial in Ohio

OYSTER BAY, N. Y., July 1.—President Roosevelt this afternoon made public through Secretary Loeb the following statement concerning the death of Secretary of State Hay:

President Receives the News

The president received the news of Secretary Hay's death at Sagamore Hill shortly after 4 o'clock this morning. The dispatch being carried to him by a newspaper correspondent.

Message of Condolence

With his own hand he immediately wrote a message of condolence to Mrs. Hay and announced his intention of attending the funeral, wherever it is held.

Secretary Hay was a close friend of President Roosevelt's father and has always known the president. Aside from their official relations they had the most affectionate companionship at Mr. Hay's house in Washington, where the president was one of the most frequent callers.

Every Sunday throughout the winter on the way back from church, the president used to stop at Mr. Hay's house for an hour's talk with him, the conversation covering a wide range and including not only public affairs, but science, literature and kindred topics in which the president and the secretary of state had a common interest.

Held Frequent Discussions

One of the most frequent subjects of discussion between them was the character of Lincoln, whom Hay knew as no other living man. In his opinion there was no subject which he talked over so much with the president as Lincoln's acts and characteristics, his difficulties and triumphs.

No Thought of Successor

Naturally, no thought has yet been given to the matter of a successor to Mr. Hay, but the general impression is that Secretary of War Taft will succeed him. Secretary Taft left last night for San Francisco en route to the Philippines.

It was at first believed that the death of Secretary Hay might at least postpone the trip but it may be definitely stated that Secretary Taft will carry out his original plans in the meantime.

Senator Cullom Mourns

Senator Cullom, chairman of the senate committee on foreign relations, feels a peculiar sadness in the death of Secretary Hay.

As a young man Secretary Hay was a student in the law office of Cullom & Hay, the latter his uncle.

edge on the part of Mr. Hay, to write to the president urging his appointment and stating that I regarded him as the best man in the country for the position. He proved himself to be so.

Secretary Bonaparte Feels Loss

Secretary Bonaparte said: "I was truly shocked at the announcement of Mr. Hay's sudden death in this morning's paper. I had fully appreciated the serious character of his illness but nothing made public recently led me to think his condition critical."

Praise From Count Cassini

Count Cassini, in speaking of the secretary's death, said he was unable to find words to express the personal loss which he has sustained.

"Not only has this government, which he served so well, lost one of the most distinguished and able servants, but the civilized world also shares in the loss."

KENNEDY BILL BEARS RESULTS

Oil Company at Beaumont First to Reemit Under New Law

AUSTIN, Texas, July 1.—The first revenue from the Kennedy tax bill, passed by the last legislature, came today to the state department, when an oil company of Beaumont reported to the secretary of state that the out put of its well for the quarter ending June 30, was 883 barrels valued at \$110 and the tax remitted was \$140.

YOKUM LINES BUY NEW TERMINAL SITE

Located in Heart of Dallas Business District for Which They Pay \$200,000

DALLAS, Texas, July 1.—It was given out late this afternoon that the Yoakum lines in Texas had bought land almost in the heart of the business district of Dallas costing between \$150,000 and \$200,000.

THE SOCIALISTS HAVE NEW SCHEME

Are Desirous of Extending Influence to Upper Classes

NEW YORK, N. Y., July 1.—The socialists have a new scheme on foot whereby they hope to extend the socialist's propaganda toward the upper social classes.

NO ARRANGEMENTS FOR FUNERAL

Nothing has as yet been received here as to the plans for the funeral, but it is assumed that the funeral services will be held in Washington, interment being in Cleveland, Mr. Hay's old home.

It was at first believed that the death of Secretary Hay might at least postpone the trip but it may be definitely stated that Secretary Taft will carry out his original plans in the meantime.

CLERK DECLINES TO ACCEPT PROMOTION

G. H. Holton Refuses to Accept Position with Increase of Salary

AUSTIN, Texas, July 1.—The action of G. H. Holton, bond clerk in the comptroller's department in declining promotion at the hands of Comptroller Stephenson with \$10 increase in salary a year, is considered quite remarkable among the department clerks and state officials.

PREPARES FOR INVASION

Bridges Mined, Earthworks Built, and Troops Concentrated at Danger Points

CHRISTINA, July 1.—The tone here is distinctly warlike now, not because the people of Norway want war, but because they fear that Sweden, or at least a certain party in that country, intends to try to invade Norway in the hope of

RAISING BONUS FOR INTERURBAN

Committee Working for Mineral Wells Line to Meet in This City Monday

MAJ. BEARDSLEY BACK

Says He Will Not Consider Offer of Only \$1000 Per Mile—Wants \$100,000

Monday will probably see the injection of new life into the Mineral Wells interurban proposition. Captain Paddock, secretary of the Board of Trade, sent out letters Saturday afternoon to the members of the interurban committee in the

PLAN TO DISTRIBUTE LABOR WHERE NEEDED

National Civic Federation to Rid Cities of Surplus of European Immigrants

BEARDSLEY STATES POSITION

During the luncheon the interurban matter was not referred to, but before he left the city Saturday night Major Beardsley stated his position in the matter as follows:

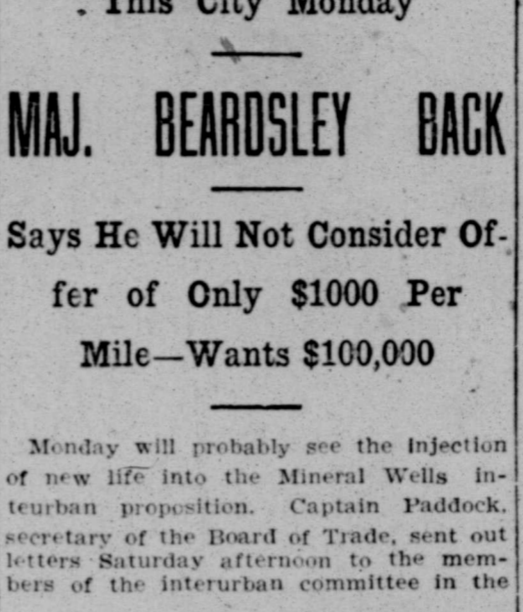

BUYS BIG WOOL CLIP

Boston Firm Pay Over Twenty Cents a Pound

SAN ANGELO, Texas, July 1.—A Wallace Littlehale, representing H. C. Grant & Company of Boston, today bought of March Bros., wool commission merchants, 100,000 pounds of long and short wool, at 20 cents and over per pound.

IN POLAND

THE COSSACKS ARE A BODY OF RUSSIAN SOLDIERS NOTED FOR THEIR BRAVERY.—ENCYCLOPEDIA.

PALESTINE, TEXAS, JULY 1.—A big land suit was filed in the district court of this county on Tuesday of this week, in which title to a large tract of Anderson county land, including the site of the salt works, is in dispute.

SUIT QUESTIONS TITLE TO LAND

Big Tract in Anderson County Involved in Action for \$120,000 Damages

Special to The Telegram. PALESTINE, Texas, July 1.—A big land suit was filed in the district court of this county on Tuesday of this week, in which title to a large tract of Anderson county land, including the site of the salt works, is in dispute.

PLAN TO DISTRIBUTE LABOR WHERE NEEDED

National Civic Federation to Rid Cities of Surplus of European Immigrants

NEW YORK, July 1.—A plan which is apt to put an end to the dearth of labor from the south and west is about to be carried out by the National Civic Federation, the institution of which August Belmont is president and Samuel Gompers first vice president.

BEARDSLEY STATES POSITION

During the luncheon the interurban matter was not referred to, but before he left the city Saturday night Major Beardsley stated his position in the matter as follows:

BUYS BIG WOOL CLIP

Boston Firm Pay Over Twenty Cents a Pound

SAN ANGELO, Texas, July 1.—A Wallace Littlehale, representing H. C. Grant & Company of Boston, today bought of March Bros., wool commission merchants, 100,000 pounds of long and short wool, at 20 cents and over per pound.

PALL OF GLOOM SHADOWS RUSSIA

Few Reports Allowed to Pass Censors Indicate Grave Crisis at Hand

INTERNAL RIOTS CONTINUE

Condition at Odessa Still in Doubt and All Poland Restless—Future Is Dark

BERLIN, July 1.—A gloom as deep as that caused by the great pall of smoke from the burning docks and government buildings after the first outbreak of rioting and mutiny that astonished the whole world still hangs over Odessa. The Russian government has established a strict censorship on all news from the beleaguered city and it is almost impossible to ascertain what are the exact conditions there since the arrival and departure of the fleet.

NEWS UNOBTAINABLE

This report cannot be confirmed, owing to the fact that an embargo has been placed on news from the great Crimean port, an embargo which capture means a far more serious matter than at Odessa.

The great storehouses and fortifications there, once in the possession of a mutinous garrison and fleet, would enable the rebels to hold defiance to the government and to gain recruits and spread the seed of revolt through all of Southern Russia.

Still another report comes from Odessa to the effect that the military governor is in full control of the situation and that the Potemkin mutineers have surrendered and have been taken ashore and imprisoned. This, it will be remembered, was the first report sent out, being circumstantially denied later by several correspondents, who intimated, just before the censorship was established, that a sailor from one of the ships had been arrested and induced to confess that the mutiny had spread to the battleship Geord Polbonostoff, which had taken up her position alongside the Potemkin and that the two were threatening the city, the other ships of the squadron having steamed away after the mysterious maneuvering which had been taken to mean an unconditional surrender of the Potemkin mutineers without a shot being fired by either side.

APPEARS INCREDIBLE

As stated last night, it seemed inconceivable that the mutineers should have so surrendered without making any effort to escape when capture meant certain death after the mere formality of a court-martial. It is the almost unanimous belief here today that the revolt will be found to have much greater scope than has been generally imagined and that the Odessa outbreak may prove to be the first chapter of a real revolution that shall bring about the downfall of the Romanoff dynasty and free the nation from the corrupt and oppressive system of government which has brought it to the verge of ruin by forcing it into a war that has humiliated it before the nations of the world.

Poland is a huge cauldron of seething discontent that may boil over at any moment. Warsaw and Lodz are both practically under martial law. At Lubau and at Kronstadt the mutinous sailors and soldiers are still showing signs of dissatisfaction and in the capital itself, it is said, a great strike is imminent.

SOUTHERN CHILDREN

Many Are to Be Found in Northern Schools

NEW YORK, July 1.—The closing of the public schools this week has developed the interesting fact that there is a constantly and rapidly growing southern element among the public school children and that they have taken high rank in practically all of the schools.

A member of the board of education in speaking of this phase of the school situation in New York said:

"The statistics will show that there are now on the rolls of New York's public schools a number of nearly a hundred thousand southern children whose parents have moved to New York for business reasons largely, though in many cases I find they have come here for superior educational facilities also."

VIENNA, JULY 1.—A large body of troops have been sent by the government to the estates of Archduke Frederick in the district of Baranyit in Hungary where the peasants are on a strike and have threatened to destroy the castles owned by the archduke and nobility of the district.

VIENNA, JULY 1.—A large body of troops have been sent by the government to the estates of Archduke Frederick in the district of Baranyit in Hungary where the peasants are on a strike and have threatened to destroy the castles owned by the archduke and nobility of the district.

We offer you choice of all our fine Persian Ribbons that have been sold at 50c a yard at the special Clearance price, yard 35c

YOUNG AMERICAN HEIR TO THRONE

Jerome Napoleon Bonaparte, a Business Man, May Claim Throne of France

BALTIMORE, July 1.—Is an American Bonaparte being groomed for the imperial throne of France? People who know and are interested in the Mariposa descendants of Jerome Bonaparte, king of Westphalia and brother of Napoleon Bonaparte, say

THE YOUNG WASHINGTON BUSINESS MAN WHO IS BEING GROOMED FOR EMPEROR OF FRANCE.

that there is no doubt but at the present moment there is being planned on the famous Riviera, a new Bonapartist movement, and that young Jerome Napoleon Bonaparte of Washington is hailed as its leader.

EMPERESS EUGENIE.

state, and this fact gives young Jerome Napoleon Bonaparte the precedent over Princess Victor and Louis, brothers, who are the line descendants of marriage No. 2.

For years the ex-empress has maintained that the American is the rightful Bonaparte heir and the other European members of the great family are being brought to her position one by one. They are all on the Riviera now, with the exception of Louis, who is a Russian general of cavalcade.

Lately in May Jerome Bonaparte and his mother closed their palatial home,

PRINCE VICTOR.

1627 K street, N. W., Washington. Quietly they went to New York and sailed for France, and for a week or more have been with the ex-empress and her colony of imperialists on the Riviera.

Jerome Napoleon Bonaparte is the direct descendant in eldest male succession of the Bonaparte-Patterson marriage. He is 29 years old. The young fellow is a society mixer, but has little of the dignity supposed to goze our of kings, except the Alfonso kink of Spain.

In his "set" they look on him as very democratic. When he goes out to punish the little golf ball, his shirt sleeves are rolled up and his clothes

HOLLISTER'S Rocky Mountain Tea Nuggets A Bony Medicine for Busy People. Brings Golden Health and Restored Vigor.

have the same fitting grace as his cad-dy's. Jerome is one of the best handlers of the short sword in Washington, as many attaches to the foreign embassies know. He is an excellent boxer and likes nothing better than a few rounds with light gloves. He is a keen fisherman and the upper banks of the Potomac know him well.

Automobiling is a great fad with him, as the two big machines in his garage silently testify. He rarely has company on his long spins about the boulevards unless it be his mother, of whom he appears to be passionately fond. At the theaters, concerts and readings she is rarely seen with anyone else, while the society girls of the Potomac city see very little of him. Mrs. Bonaparte is a descendant of Daniel Webster.

Last winter the gossips linked his name with the daughter of a western senator, but her engagement to another announced later, followed by her

marriage, and the cool indifference with which young Bonaparte accepted the event, sidetracked the rumor. One of his best friends was Countess Cassini, the adopted daughter of the Russian ambassador, who soon leaves for Madrid.

Those who know his quiet, easy manner were surprised at the friendship with "the Cassini," as she was always called, but it was evidently her thorough knowledge of European affairs that led to the friendship.

Young Bonaparte does not lead the life of a social butterfly in Washington. Day after day he can be seen on his way to the offices of the American Surety Company, a large trust corporation with which he holds a rather important office.

Jerome's only sister, Louise Eugenie, married Prince Huitfeldt Dec. 29, 1896, and visited the Bonapartes last year in Washington. Her husband, at the time of his marriage, was in the Danish embassy at St. Petersburg. He devotes all of his time now to his vast estates near Copenhagen.

Young Bonaparte is slight, slender and blonde and never would let "ze pointed" whiskers grow. His quietness is excelled only by his placid disregard of the materials of life. He cares little for money, less for honors and still less for position.

He realizes in a modest way that he is the rightful pretender to the throne of France, but from his actions and demeanor no one would ever believe it. His most intimate friends say he never discusses France or French affairs.

TO ASSIST THE SUFFERING PEOPLE German Government Will Receive Representatives Elected by People BERLIN, July 1.—The government has at last decided to come to the assistance of the suffering people of Upper Silesia, who have been practically starving for weeks because of the dearth of meat and the resulting prohibitive prices.

TEUTONIA SOCIETY TO OBSERVE THE FOURTH NATIONAL HOLIDAY TO BE CELEBRATED AT HERMANN'S PARK WITH THE FROHSINN SOCIETY OF DALLAS

A Fourth of July celebration to be given at Hermann's Park under the auspices of the Teutonia Singing Society is announced. The celebration will begin at 3 o'clock in the afternoon, opening with a concert by the Teutonia Society, followed by the Frohsinn Society, which will arrive at 2:30 p. m., by the Interurban and be met at the court house by the local society.

At 4 o'clock a series of prize races will be held as follows: Foot race for children under 12 years of age; prize, game of checkers.

Foot race for boys over 14 years of age; prize, magic lantern. Potato race for married ladies; prize, water pitcher. Eating apple on the cord, for boys under 12 years of age; prize, wagon.

Foot race for boys over 15 years of age; prize, fruit bowl. Striking the can, for ladies over 15 years of age; prize, lace curtains.

Foot race for men; prize, pipe. Blindfolded race for boys over 12 years of age; prize, pocketknife. Foot race for married ladies; prize, table cover. Grandfathers' race; prize, beer mug. Grandmothers' race; prize, lamp. Foot race for little boys; prize, cup and saucer. Foot race for married ladies; prize, hand bag. Foot race, free for all; prize, water pitcher.

GOOD HEALTH IS THE PRICE OF BEAUTY.

Pelvic Catarrh Destroys the Health of a Multitude of the Fair Sex—Pe-ru-na Is Their Only Remedy and Safeguard.

Mrs. E. R. Olsen, 553 Orange St., Newark, N. J., member Good Templar Lodge, writes:

"I used Peruna for five months, after I had spent much money in the vain endeavor to get well.

"My life forces were being sapped away by constant internal irritation and weakening drains." This sentence is repeated, in substance, almost every day.

The many pelvic diseases to which women are liable give rise to exactly this state of affairs. A constant nagging pain, a continuous loss of strength through excessive mucous secretions finally undermine the nervous system entirely and leave the woman a complete physical wreck.

Local treatment is of little avail. It acts as a temporary palliative, but does not reach the root of the difficulty. Catarrh is at the root of the trouble—catarrh of the pelvic organs.

As soon as the patient begins to take Peruna, she discovers that she is taking the correct remedy. Peruna is not a palliative. It is a radical cure for such cases. Catarrh is the cause of the difficulty. Peruna cures the catarrh, when the symptoms disappear.

"I continued its use for some time and found it a most valuable aid in restoring my strength.

"I toned up my system so that in a short time I could take care of all my household duties without weariness.

PELVIC CATARRH A COMMON DISEASE.

"My husband has used Peruna four colds and stomachic disorders and found it most valuable.

"We keep it constantly in the house and consider it the finest family remedy we know."

Poor Health. Mrs. Lena Smith, North Cherry St., corner Line, Nashville, Tenn., writes:

"I have had poor health for the past four years, pains in the back and groin and dull, sick headaches, with bearing down pains.

"At times my pains would increase and I did not expect ever to be perfectly well again.

"A friend who was very enthusiastic about Peruna, insisted that I try it. Ten Years Younger.

"I took it for ten days and was surprised to find that I had so little pain. I therefore continued to use it and at the end of two months my pains had totally disappeared.

"I have been in the best of health since and feel ten years younger. I am very grateful to you."

## STANDARD OIL TELLERS THE TRUTH TELLERS

Wall Street Can't Believe It and Standard Waxes Fat On the Lands

NEW YORK, July 1.—Because of a great change of heart that has come over the leaders in Standard Oil, with their desire to be respected, traders are losing the fortunes they are getting on the wrong side of the market.

Jay Gould made it a rule to tell the absolute truth to all who asked him about his stock market movements. As the inquirers naturally expected anything but a frank statement of fact, they usually lost their money by doing exactly what Gould expected them to do. As a result he had their money in addition to the easy conscience that comes by telling the truth.

Within the last year strange things have come over the Standard Oil system. Its market leaders have been absolutely truthful, they have been astonishing the public from week to week by answering questions respectfully and truthfully, but it has ruined many a speculator.

In the past it was like finding money in the street. The standard of a Standard Oil man and "copper" it. So bad is the reputation of the system that it is impossible to make the traders believe even now what is told them. The result of this is that the market is growing immensely richer as a result of its newly acquired virtue. Its market leaders say frankly that the price of everything will advance. Wall street refuses to believe it. Every surface indication verifies the prediction. Erie and Brooklyn Rapid Transit are the leaders just now. Standard Oil bankers say so.

### EUROPEAN MARKET STRONG

Notwithstanding the contradictory and confusing advices respecting the situation at Odessa the European stock markets were all very strong today and in the London market the early recovery of that American stock was participating fully in the general improvement at that point.

This was the main circumstance in the financial situation which was presented for consideration at the opening of business this morning.

Prices were firmly held in all quarters of the stock market and substantial advances were scored in a number of instances. In the railway list the most conspicuous animation was shown by the Erie issues, all of which rose sharply on heavy transactions. The view seemed to prevail commonly that the control of the Erie properties had been acquired or was in process of acquisition in the interests of the Pennsylvania and the New York Central companies jointly.

Other firms and active features of the railway list were Pennsylvania, Atchafalyp, Reading, Baltimore and Ohio and Ontario and Western. The local traction shares continued very firm, with special animation in Brooklyn Rapid Transit.

The United States Steel shares were the leaders in the industrial quarter, where decided strength was shown also by Amalgamated Copper, Sugar, Refining and Tennessee Coal and Iron.

On the deposit list the slight flurry in the money market, rather more than the usual interest was taken in the probabilities of the bank statement, although it is generally recognized that the figures of that document would be so indicated on account of the large financial transactions incidental to the close of the fiscal year that its showing would be bereft of particular significance.

The banking statement showed a decrease in the surplus reserves of \$3,255,000, which was mainly caused by an expansion of the loan account amounting to \$18,965,990.

This increase, together with the gain in actual cash of \$1,375,000, were reflected in a rise in the deposit item of \$19,246,000.

All the preliminary estimates of the week's currency movement had indicated a small decrease in actual cash, and there was no definite explanation of today's unexpected change in the direction of the loan account was commonly assumed to reflect the usual corporation borrowing at the close of the fiscal year.

The banks now hold \$11,659,000 in excess of the lawful requirements, as compared with \$10,884,000 in 1905.

### IN THE STREET

The number of shares of stock sold today was 333,428. The par value of bonds sold today was \$15,109,900.

While the death of Secretary Hay was generally mourned and regretted on the stock exchange, the opinion prevailed that it had no effect upon the market. The principal question of bankers was "Who is it that can fill his shoes?"

In the London market Union Pacific was especially strong. In the local market railway issues were the favorites, but the advance in Union Pacific, Erie and the Steel stocks.

The forces of them utility of the sailors at Odessa and the general internal troubles of Russia seemed to exercise an influence on the financial and security markets of the world, and like the Equitable trouble here, is no longer a market factor.

The rise in Erie was accompanied by a report that a dividend will shortly be paid on the second preferred, thus bringing the common nearer to a dividend basis.

The sharp rise in Reading to above par has undoubtedly done much to make Erie popular among the high range of Ontario, as the left Erie is the only low priced anthracite issue.

A strong pool is reported to have been organized in Erie, but what pretext exists for putting it up outside of a sentiment which one is as yet difficult to say.

The advance in United States Steel was based on the reported scheme for international agreement for the regulation of prices for export.

This is a very old story and thus far it has been denied by leading steel interests. It had all the signs of being put for the purpose of affecting the stock market.

### THE PIG IRON MARKET

NEW YORK, July 1.—The pig iron market was quiet and featureless this morning with very little interest shown on either side. There was a moderate reduction in iron warrants and stocks, but the change was not enough to have any influence on the market. There were moderate deliveries on contracts. Close: Cash \$14.30 bid; July \$14.30@14.50; August \$14.30 bid; October \$14.30 bid; November \$14.50 bid; December \$14.50 bid; February \$14.50@14.75.

### THE KAISER IS WELL PLEASED

Expresses His Gratitude at Manner of English Students

## Prominent Educational Institutions

For catalogue address BISHOP GARRETT, President St. Mary's College, DALLAS, TEXAS.

## SIGNS CONTRACT FOR NEW THEATER

Dallas Will Have New Vaudeville House by November

DALLAS, Texas, July 1.—At a meeting of the directors of the Dallas Amusement Company this morning all arrangements were completed for the building of a vaudeville theater in this city. Bids will be advertised for Monday for the structure, which will be erected at the corner of Commerce and St. Paul streets.

E. F. Carruthers, general manager of the Interstate Amusement Company, signed the lease this morning for the theater, which will be used in connection with a number of other theaters operated by this company. The new theater will be ready for occupancy, it is believed, by Nov. 1.

T. K. Mechen, who is in charge of the publicity department of the Interstate Amusement Company, said to a reporter this afternoon: "The theater building will be erected almost entirely of local capital. Our president, H. F. McGarvie, has subscribed \$5,000 of the stock. This is the only place in Texas where we have put money into the theater building, although we were prompt in putting up money to show our good faith."

The agreement between the Dallas Amusement Company and the Interstate Amusement Company was signed by Henry Hamilton, president, and T. L. Bradford, secretary and treasurer, for the local company.

## TOSSED FROM SUREY, HITS HORSE'S BACK

Small Boy Has Wonderful Escape in Runaway Accident at First and Main Streets

Tossed from the surey in which he was seated and thrown upon the back of the horse, a small boy escaped serious injury in a miraculous way at First and Main streets Saturday afternoon.

The lad, sitting in a vehicle belonging to W. B. Garvey, was run into from behind by a driverless team that tore madly down the street, then well filled with pedestrians and vehicles. The runaway struck the surey in which the boy was seated, raising it in the air and throwing the lad out.

Climbing from the point of danger to which he fell from the horse's back the boy slipped away without giving his name. The runaway horse became entangled in the wreckage and was thrown to the ground.

## DEATHS

MRS. ELIZABETH EDWARDS Mrs. Elizabeth Edwards, aged 60 years, died Friday evening at her home, six miles west of Crowley. Interment was made at Crowley Saturday.

INFANT OF E. W. SEXTON The year-old infant of E. W. Sexton died Friday evening at the family residence, 313 Edward street, Glenwood. Funeral services were held Saturday morning.

**4th**

Have a GLORIOUS DINNER.  
Patriotic ICE CREAM. Red, white and blue, in bricks. They're great.

**SECOND CONTEST HAS INCREASED INTEREST**

Parties in The Telegram's second Who-Where-What? Contest which developed still greater interest than that developed in the first contest have been awarded as follows:

First prize, \$5; David Evans, 1102 east Belknap, city.

Second prize, \$5; Maurice L. Enloe, R. F. D. No. 2, West, Texas.

Third prize, \$2; Mrs. E. Howard, 1518 Jones street, North Fort Worth.

Fourth prize, \$2; Mrs. W. H. Fitch, 1625 Galveston avenue, city.

Fifth prize, \$1; M. Flory, 815 east Kennedy street, city.

Sixth prize, \$1; J. C. Griffith, Rock Island general office, city.

Seventh prize, \$1; Miss Gladia Thompson, 1425 Lee street, city.

Eighth prize, \$1; Miss Fern Butler, 1200 Main street, city.

Ninth prize, \$1; Arthur F. Cannon, 317 north Florence street, city.

Tenth prize, \$1; Miss Mabel Johnston, 509 west First street, city.

As in the former contest, prizes will be given the winning contestants upon calling at The Telegram office.

The contest just ended was marked by far greater accuracy than the first, the carelessness displayed by many at that time being to a large extent remedied. As before, advertisers report great interest and many calls upon them to settle doubts in the minds of contestants as to the correct answers.

A nearly doubled list of answers testified to the wide interest taken in the contest, bearing out the prediction of former contestants that they would enter the next with their friends and relatives as allies.

A correct list of the answers is:

Answer 1—Fort Worth Builders Supply Co., Wheat Building, E. C. Houdley, president.

Answer 2—Empire Grain Company, Scott-Harrod Building, R. M. Kelso.

Answer 3—Darrach Storage Company, J. W. Collins, 1301 Rusk.

Answer 4—National Coffee Company, Julius Boehme, president, E. Lauser, vice president, 113 Houston street.

Answer 5—First National Bank of Fort Worth, Seventh and Houston streets, M. B. Loyd, president.

Answer 6—F. H. Campbell & Co. The Victor Pipe Wrench.

Answer 7—Lake Erie, Interurban cars.

Answer 8—Standard Theater.

Answer 9—Fort Worth Patent Fuel Company, W. H. Hardy, president; J. H. Riecke, vice president; F. B. Flinks, secretary and treasurer, Ninth and Calhoun streets.

Answer 10—Worth Hotel.

Answer 11—John Spencer Company, Old phone 3910.

Answer 12—Agee Bros., Wheeler and Railroad avenue, Screven.

Answer 13—Billie Coleman, 709 Main street, E. Sidel.

Answer 14—Jersey Cream Soda Water Company, Fort Worth, Upper Crust Flour.

Answer 15—Elison Furniture Company, 706 Main street, Kitchen cabinets.

Answer 16—H. Braun & Co., 1413-15 Main street, Green River whiskey.

Answer 17—Turner & Dinges, 502-4-6 Houston street, Bell Springs creamery butter.

Answer 18—The Arcade, 1204-6 Main street, Sale closes Wednesday, June 27.

Answer 19—A. P. Thomas, 406 Main street, Vanderbilt, Home.

Answer 20—The Fair, Corner Fifth and Houston, George Horace Lorrimer.

Answer 21—J. B. Burnside, 513-15 Houston street, Now phone number 19.

Answer 22—F. W. Axtell, Second, Throckmorton and First streets, Cisterns.

Answer 23—Keller, Clearance sale, July 3.

Answer 24—Mrs. C. H. Haley, Corner Second and Rusk, From \$4 to \$6 per week.

Answer 25—Frisco System, Wheat Building, \$4.

Answer 26—J. F. Henderson, Opposite Telegram building, 69,329 calls per day.

**MORE HOFFMAN PIANOS HERE**

**THE CLUB IS RAPIDLY FILLING.**

BUGHT IN THE USUAL WAY FOR CASH A HOFFMAN PIANO COSTS YOU \$325. CLUB MEMBERS PAY ONLY \$262.00

**\$10.00 at Joining—Then \$1.50 Per Week**

The use of the piano is yours at once, and the payments extend over a period of a little over two and a half years. Any family can stand that expense, so can any employed young man or woman.

**THE CLUB MEANS THIS:**

A piano bought by you at a wholesale price. Use of the piano all the time—without waiting for us to get the rest of the sixty members. Securing a fine, really good grade of piano that will last a life time on easy payments.

**JOIN THE CLUB AND SAVE**

Your saving in close purchase of sixty pianos at one time for cash; the low freight rates on car load shipments; saving of salesman's salary, and expenses by your yourself calling at our store and thus avoid the annoyance and expense of salesman looking you up.

Saturday's freight brought to us a car load of eighteen Hoffman pianos—some very choice cases in this lot—San Domingo mahogany, French burr walnut, in the new shades, and some very choice figures in quartered oak. Some of our friends and patrons have been kind enough to give us orders, pending arrival of this car, and for their benefit we urge that they call early Monday and make selections. We expect at least ten new members Monday, and of course, first here will get choice of case and tone. No outside soliciting on club pianos.

**ROSS & HEYER CO.**  
711 Houston St. Ft. Worth, Texas  
Between First National Bank and Famous Shoe Store.

**Pre-Inventory Sale**

**Will Begin at This Store Tomorrow**

A two days' sale pressed into one. From 8 o'clock a. m. until 6 p. m. we will offer the greatest bargains in fresh, clean merchandise ever given in Fort Worth.

Great Embroidery sale, 10c quality ..... 5c  
Great Handkerchief sale, 10c quality ..... 5c  
Great Handkerchief sale, 19c quality ..... 10c

Laces, White Goods, very fine and sheer, at half price. Wash Goods, about half regular price. Getting too warm, don't want to invoice much. That's why the cut in prices. Everything in this store must go. Come Monday, for Tuesday we celebrate.

**FEW CHANGES IN SCHOOL BOOK LIST**

Reasons Assigned for Another Adoption of New Volumes in Schools

School children in securing the necessary list of books for the coming school year, will find four changes in the list. In place of White's Arithmetic and Wentworth & Hill's Geometry, Young & Jackson's Arithmetic has been substituted. The new book will take the place of the former arithmetic and geometry and comprise a series of three. According to the school board, the new volumes are more up to date, concise and will better serve the purpose in teaching one of the most important of the three R's. Prices of the new books have not been received by local dealers.

In place of Blaisdell's Physiology, adopted last year, the board has chosen "Life and Health Physiology," making a change for a third consecutive year. The new book is cheaper by 20 cents than Blaisdell's volume, costing only 90 cents as compared with \$1.10. Change in the physiologies, according to Dr. F. D. Thompson member of the committee of three, who recommended the change, is due to the fact that the book used last year is too deep for the average student. The new book is expected will better meet the practical need, he says.

Change in the book on civics has also been made. The new book, Boynton's Civics is considered by members of the board more modern in treatment of the subject than the book by Peterman, in use last year. This change, it is said, was recommended by Principal Williams of the high school.

Substitution of new music books, another change, is a result of suggestions and recommendations of Mrs. E. O. Evans, instructor in music.

**HOUSE MOVING CAUSES PROTEST**

Citizens Complain of Changes Made—Will Appeal to City Council

Residents in Union Depot addition are complaining of the removal of old houses from their former locations in the heart of the city to that and other less thickly populated sections and announcement is made that an effort will be made to have the matter brought before the city council in an effort to prohibit such removal.

A citizen, who complained yesterday that an old frame structure had been placed adjoining his home, greatly injuring its property value and pleasantness, declared that he would call the matter to the attention of the council.

"The buildings are not fit to remain where they were originally," he said, "they should be torn down and not inflicted upon another part of the city."

Moving of houses on rollers through the streets is an almost daily scene in the city.

**OFFICERS INSTALLED**

Eleanor Temple, Rathbone Sisters, held a meeting Saturday night at which installation of officers took place as follows: Mrs. Ada Wares, past chief; Mrs. P. E. Coppage, most excellent chief; Mrs. W. L. Evans, senior; Mrs. Ida Steinfeld, junior; Mrs. W. L. Silver, manager; Mrs. E. W. Schomacker, mistress of records and correspondence; Mrs. T. T. MacDonald, mistress of finance; Mrs. J. A. Walker, protector; Mrs. H. H. Bailey, guard of the outer temple; Mrs. John McBride was the installing officer. Mrs. George B. Johnson obtained the honor of past chief, the virtue of having served the temple for three consecutive terms as mistress of records and correspondence. After the meeting refreshments were served. The meeting was held in the Knights of Pythias hall, Third and Main.

The ORIGINAL remedy that "kills the Dandruff Germ."

**NEWBRO'S HERPICIDE**

GOING! GOING!! GONE!!!

Herpicide Will Save It. Herpicide Will Save It. Late For Herpicide.

**A WOMAN TO BE PRETTY** must have pretty hair. Beautiful locks have a subtle charm, for the eyes gaze this treasure man's lips part to see. The complexion is lovely and the hair soft and shining. Herpicide makes the hair fall, brittle and lusterless with later dandruff itching scalp and falling hair. Newbro's Herpicide destroys this enemy of beauty and enables the hair to resume its natural luster and abundance. Almost marvelous results follow the use of Herpicide. An exquisite hair dressing. Overcomes excessive oiliness and makes the hair light and fluffy. No grease or dandruff. Stops itching instantly.

**TRADE MARK VALUE**

R. E. Speer, chairman of the advertising committee of the Home, Factory and Industrial Association, in discussing the prize offered for a suitable design for use on stationery, said:

"The \$10 cash prize is of no consideration compared to the good done Fort Worth by the winner in the 'Trade Mark' contest."

"This trade mark or emblem will be used upon all the literature used by the advertising committee together with that of the secretary and officers of the association."

"The advertising committee has had numerous requests, from members to furnish a suitable statement of the purposes of the association to be used upon all of their business literature. There are members of the association who mail thousands of letters weekly who are anxious to do all they can to aid this work, as they realize that it is a move that makes cities."

"I suggest that all contestants in submitting their designs with explanatory description of same, first make a design at the top of a sheet of paper not larger than 8 1/2 x 14 inches, and on the same sheet, if possible, make explanatory notes necessary setting forth the complete idea of the design. Contestants should place no name or address whatever upon this sheet, but enclose it with name and address on separate sheet to Hard Butler, Secretary, Wheat building, and place in lower left hand corner. 'Criticism Committee' which will insure that the letter will not be opened until the proper time."

**FIRST CHRISTIAN CHURCH**  
Corner Sixth and Throckmorton streets. There will be the usual services today, at 11 a. m. the pastor, R. B. Hamlin will preach on "Crowns." At 8:15 "The Devil's Sermon from His Favorite Text."

**Don't be a Knocker!**

This World is Full of Knockers. Don't be one of them, be a Man.

OUR POLICY—If there is a chance to boom business, boom it. Don't pull a long face and look as though you had a sour stomach. Hold up your head, smile and look for better things. Hide your little hammer, no matter how small you may and try to speak well of others, know yourself to be. When a stranger drops in, jolly him. Tell him this is the greatest town on earth—and it is. Don't discourage him by speaking ill of your neighbors. Lead him to believe he has at last struck a place where white people live. Don't knock.

Help yourself along by becoming popular, and push your friends with you. It's dead easy. Be a good fellow and soon you'll have a procession of followers. No man ever helped himself by knocking other people down in character and business. No man ever got rich by trying to make others believe he was the only man in town, or the only man in town who knew anything. You can't climb the ladder of success by treading on other's corns. Keep off the corns and don't knock.

You are not the only. There are others, and they have brains and know something as well as you. There's no end of fun and some money making your own business. Nobody gets stuck on a knocker, or the man that is always running down his competitor. If you have been a knocker quit it and when in need of any

PANTHERS DEFEAT WACO AGGREGATION Duplicate Victory Over Dallas in an Exciting Game Saturday

'Silent Mike' O'Connor's Waco Tigers were fed the same dose Saturday that the Panthers spooned out to the Dallas outfit the day before. The score was 3 to 0, with the honors all on the Panthers' side. They treated the Waco crowd in much the same manner as they did the leaders from Dallas. Starting in right, they kept after O'Connor's bunch until they had safely gathered in the game that meant a better looking percentage.

There was nothing to be learned from the first game, it is doubtful if the Tigers could have won from the Panthers, for the latter had from the swarming tugs and lambasted the ball with a vengeance. Out of a total of seven hits, four were doubles. Willis found his batting eye and finished the day with two hits, one of which was a double. His double came about in an unusual manner. He slammed the ball hard to left field. Curtis ran up to get under it. Just as he placed himself to receive the ball, the sun struck square in his eyes. The ball was coming down and the player dropped to the ground to save himself from being struck. He dropped just in time, for the ball fell behind him and rolled back toward the fence.

Hitting and daring base running of the Panthers were the game's features. As in that final game with Dallas, once they got on base they took all kinds of chances and, luck being with them, they won out in their risks. Willis, in the sixth inning got to first on a single. He went to second on Moran's out, and sprinted down to third when Wilson dumped one down by second. It was a daring chance and he just made the base by a slide. His daring was rewarded the next instant when Butler slammed the ball out to left for a double.

Steady Pitching An interesting feature of the game was the work of the pitchers. Neither Christian or Rodebaugh gave up a base on balls and their strike-outs were six and seven, respectively. Christian had the better of the hits, but this was due to the fact that he had a better support than Rodebaugh. This game was one of the fastest played this year, lasting, as it did, only one hour and twenty-five minutes. The game started out fine and for five innings it swung in whichever side would win. Waco did not make a run, but in the fifth inning broke the ice with two hits. Fort Worth did not land a hit until the sixth. At the same time they landed their first run. This was the one made by Willis.

Second Run Fort Worth's second run was gathered in the eighth. After Waco had doubled to left, Christian stung one down to McDermott at third. McDermott threw wild to first and Christian went safe. Willis going to third. Willie Moran was at bat. Christian threw for second. Willis, at the same moment, started toward home. He was caught between the bases and, after zigzagging long enough to permit Christian to get to third, was knocked out. Hubbard drove one into center garden.

In the ninth inning, the Panthers tacked up their last tally. Pointexter doubled to left. He scored by hard springing when Hubbard drove one into center garden.

Hubbard's work in the game was, perhaps, the best fielding work during the day. He had eight chances during the day and accepted every one of them. Some of them were extremely difficult, but he went after them all and never failed to gather them in. Willis also played a faultless game at first. His position for the day was sixteenth of the twenty-seven put-outs made by the Panthers.

Today's game with Waco will be called at 4 o'clock.

ter Visser, the famous Boer athlete, the upshot of which will probably be to contract for Visser to appear under Davies' management next fall. 'Parsons' Davies was Hicken's manager during the early years of his career. The two could not agree on terms, however, and separated. Davies now proposes that Visser shall go to England in the fall and shall issue a challenge to Hicken's manager from London. Davies believes that Visser is the only one with a chance to wrest the championship from Hicken's manager. Visser is a superb specimen of manhood. He is 6 feet 6 inches high and built in proportion. He was considered the strongest man in South Africa, is the son of the ex-president of the Free State, and has been the official monitor of the Boer war ever since it was brought to this country from South Africa.

BALL GAME ANNOUNCED Hardware Company Teams to Play on July 4

William Henry and R. E. Bell Hardware Company and Nash Hardware Company baseball teams will cross bats on the Fort Worth University campus on the morning of July 4. The game will be called at 2 o'clock. The line-up of each team is as follows: William Henry and R. E. Bell-Catcher, Kellner; pitcher, Bettles; first base, Bell; second base, Veal; third base, Davis; shortstop, Ezell; left field, Dines; center field, Jay; right field, Laker.

City League Games Rosen Heights and Denvers and Armons and Kellers to Play

City League amateur mix up for this afternoon at the Rosen Heights park will be as follows: At 2:30 o'clock Rosen Heights and the Denvers will begin hostilities. Hornsby and Smith will do the battering for the former, while Leverett and Putnam will do similar stunts for the Denvers.

The second mix up, between Armons and Kellers is scheduled to be in at 4 o'clock. Batteries will be: Armons, Duffy and Robinson; Kellers, Farnsworth and Rogers.

Bob Tackaberry and Fear have been signed with the Keller aggregation. Tackaberry will play third, while Fear will do garden work in his exact position not being announced.

To Play at Weatherford The Keller baseball team of the City League will leave July 4 for Weatherford, where they will cross bats with the Weatherford team. A large crowd is expected at the coming of the team. The batteries for the local team will be C. Rogers and O. Leonard. R. Rogers and Smith will go as substitutes.

SPORTS GATHERING FOR GOLFERS AT RENO Jeffries on Hand to Referee the Fight That Will Decide World's Championship

RENO, Nev., July 1.—Ex-Champion of the World James J. Jeffries is the sensation of the hour in Reno. His presence here overshadows the arrival of Jack Root, the man who is to box Marvin Hart of Louisville, Ky., and the promoters are as much pleased at the coming of Root as they are the getting here of Jeffries, as the situation now stands, all the persons who have to do in an important way with the great Nevada pugilistic carnival are on the ground, with the exception of Stakeholder Harry Corbett. News has been received that he will put in an appearance tomorrow morning.

Jeffries got in from San Francisco early this morning. He was met at the train by Colonel Martin and a delegation of San Francisco sports.

As the crowd moved toward the Golden Hotel with Jeffries and his traveling companion, 'Chalky' Roberts. In the center of the crowd, Jeffries was greeted with a procession. Jeffries said that the referee business was not new to him, as he had already officiated in one or two contests.

Asked whether he intended to be general in pulling the men apart in the clinches, he said: 'I don't propose to lay a hand on them. When I accepted this position I was told that the men had signed to break clean; that is, to step back when ordered to do so by the referee.

'No, I will insist upon them doing this. No referee ever had to force me to break and I don't want to be stepping between those who are slugging the life away from each other. If I find that one of them does not obey orders and live up to the articles it is more than likely I will disqualify him.'

Jeff had built a busy afternoon. First he visited the newly-built arena, where the men are to box. 'It will be warm work fighting on this platform if the sky is as clear as it is today,' said Jeffries as he stepped across and tested the springiness of the floor. 'If Hart and Root can stand it, though, I guess I can. They ought to be able to get away with it, by the way, as they have been training for weeks and are said to be in the very best shape.'

Root came in this morning from Ogden, where he has been training in company with Mike Shreek. Asked what delayed him, Root answered that he did not know he was bound to time in the matter of coming to the battle grounds. 'It is a case of every man for himself in the fighting business and I have been looking after Root's interests.'

He remarked that the contest with Hart will be the first finish fight he has been a party to. 'There is one thing about finish fights,' he said, 'a man is not worrying whether he is going to win or lose on a close decision. He knows that it has got to go on until there is a decisive finish. In this case it is some satisfaction to know that the referee's honesty is above question. Jeffries is sure to give us both a square deal.'

As training quarters are none too plentiful in Reno, it was arranged that both Hart and Root could do their daily practices in the Wheelmen's Club. This afternoon of course, the fighters were not on the floor at the same time. Hart, who has been conditioning himself in the place named right along, got through and Root had a clear field from 3 o'clock and on. It was the first time he had been stepped in Reno, there was large crowds on hand while he punched the bag and did foot work.

Now the Reno sports, who, in the main have been watching Hart, are wondering whether Root, with his more athletic shape and quicker movements, is not the safer bet in the coming fight.

As a matter of fact, however, there is no getting it right or wrong in different ways. The fight is in this place, but as Root has remained away there is no means of forming comparisons between the two fighters and it is more than likely the contest will go on to a record of the 'smallest betting fights' ever known.

HART AND ROOT READY FOR TOP OF THE BELL Winner Will Be Accorded the Title to Heavyweight Championship

By CHIFF. CHICAGO, July 1.—After weeks of hard and thorough training, Marvin Hart and Jack Root are now in readiness for the top of the bell at Reno, Nev., on Monday next. The battle, in many respects will be the most important ring encounter that has taken place for some time, for upon its result hinges the question of who will be the next heavyweight champion, as the winner will be universally accorded the right to the title.

As the date of the fight draws nearer, admirers of the respective contestants are more evenly divided than when the match was first made. This is shown by the betting odds, which, at Reno, are now even money and take your pick, and return by way of Hungary and Austria, shortstop, start the promoters and change the direction of the bet. We may not find a current which will carry us to Belgrade? But the morning has come again; we travel with the breeze to Constantinople. We have in time to see the ways find the means of returning to Paris.'

At a meeting of Post J. T. P. A. in the board of trade rooms Saturday night, the date of the annual outing and picnic of the post was set for July 28. The secretary was instructed to extend an invitation to Post 17 of Dallas for the occasion and to invite State President Adolph Beltz of Houston to attend.

MAIL CLERKS 7, ROCK ISLAND 3 Railway mail clerks and the Rock Island team played a game Saturday on the Fort Worth University campus. Railway mail clerks defeated the Rock Island by a score of 7 to 3. Batteries—Mail clerks, Sullivan and McTear; Rock Island, Keshorn and Baldwin.

TEST OF CONTROL OVER AUTOMOBILES Experiments to Ascertain Comparative Danger of Motor Cars and Horses

LONDON, July 1.—In view of the present hostile attitude of the public towards motor cars great interest attaches to the series of tests being made at Crystal Palace at the instance of S. F. Edge, in the relative degree of control of automobiles and horse-drawn vehicles. The conditions were if anything in favor of the latter, since the sudden gravel of the terrace gave a good grip to the hoofs of horses, while it slightly reduced the adhesion of the wheels of the motor cars.

Trials were carried out with various types of both forms of locomotion, the motor cars being driven at the same speed as the horse-drawn vehicles, the drivers pulling up as best they could at the fall of the flag at a point not previously known to them. H. J. Swindley, in his report on the tests, says that he blocked the performances, so that the velocities at the moment when the flag fell could be ascertained.

Velocity Stopped Vehicles. Per hour. 40 h. p. mail van ... 7.66 8 ft. Pair horse goods van ... 7.68 28 ft. 10 h. p. mail van ... 7.82 9 ft. Pair horse goods van ... 7.88 2 ft. 2 in. 15 h. p. De Dion car ... 12.28 6 ft. 6 in. Single horse laudau ... 12 53 ft. 30 h. p. 6 cyl. Nap. car ... 13.28 10 ft. Single horse laudau ... 13.38 47 ft. 10 in. Mercedes car ... 15.25 82 ft. 6 in. 15 h. p. De Dion car ... 15.25 45 ft. 10 in. 15 h. p. De Dion car ... 8.73 14 ft. 6 in. Hanson cab ... 8.73 24 ft. 9 in. 15 h. p. De Dion car ... 11.25 32 ft. 6 in. 15 h. p. De Dion car ... 11.25 32 ft. 6 in. Butcher's cart ... 12.86 50 ft. 3 in. 15 h. p. De Dion car ... 13.85 14 ft. 3 in. Butcher's cart ... 13.85 38 ft. 5 in. 90 h. p. Napier racer ... 18.24 25 ft. 3 in. 90 h. p. Napier racer ... 20 25 ft. 8 in. Trotter in sulky ... 20 42 ft. 6 in.

On these results certain comments should be made. The mail van was carrying a load and the goods van one and a half tons. It may be instructive to the police to note that a pair horse van traveling at about eight miles an hour cannot be stopped under any circumstances. This is the driver of the car was taken unawares by the signal, a circumstance proved by the much better result shown in the fourth test at higher speed. In the fifth test the driver of the motor car did not do justice to his brakes. In the sixth test the motor car result is doubtful, for although it is possible that under more favorable circumstances the probability is that the car had dropped a little behind. The results shown in the tenth and eleventh tests are especially interesting and instructive. The troffer driven by Bill Bishop of the Post was a very handy animal and showed surprising stopping powers. Practically, of course, it only had itself to stop for the momentum of the driver and inferior to that of the troffer, the troffer or car are safe vehicles to use on the streets. A local government board official was present at the tests, and the lessons will doubtless bear fruit.

At the conclusion of the trials S. F. Edge pointed out that broadly speaking the motor car could be stopped in one-third the distance required by the horse. At Dover lately one of the justices had stated that a car passing a certain spot at ten miles an hour was dangerous to the public. It would be only logical to ask him if in passing the same spot in his own carriage he showed more control than the three miles an hour otherwise, on the tests, he must be driving to the danger of the public himself. Mr. Edge looked forward confidently to the time when there would be no difference between the two cases of traffic and no special regulations for motor cars, but when all would be governed by the common sense test of danger to the public with severe penalties for any driver who offended.

AN 'AERIAL YACHT' IS THE LATEST OUT Santos Dumont Will Make Trial Trip in a Few Days

PARIS, July 1.—M. Santos Dumont is having constructed what he calls an 'aerial yacht,' which in a short time will make its first voyage by air.

Describing this twentieth century aerial boat, M. Santos Dumont says: 'In its exterior shape the boat will have nothing in common with an aerostat launched up to the present. Beneath an egg-shaped balloon will be seen suspended in place of the basket a sort of little house with a balcony window running the whole length of the vessel. This window indicates the position of the cabin which will be possible to warm whenever necessary.

'As the flying house is intended to remain for several days in the air a provision is made for the fuel, a moderate weight will be a matter of importance. So the sides of the cabin must be constructed absolutely impervious and in such a manner as to keep in the heat. The shell will be built like the house, on a framework of wood, with iron rods and piano wires, the whole being covered with several thicknesses of various baloon silk. Two camp beds will be installed.'

M. Santos Dumont is sanguine of success and in an interview in a Paris newspaper he said: 'We shall dine. We shall watch the heavens become star-studded. We shall remain suspended between stars and earth. We shall awake in the glory of the morning and dawn will follow. We shall cross frontiers. Now we are soaring over Russia—it would be a pity to stop so soon—we make a loop, and return by way of Hungary and Austria, shortstop, start the promoters and change the direction of the bet. We may not find a current which will carry us to Belgrade? But the morning has come again; we travel with the breeze to Constantinople. We have in time to see the ways find the means of returning to Paris.'

At a meeting of Post J. T. P. A. in the board of trade rooms Saturday night, the date of the annual outing and picnic of the post was set for July 28. The secretary was instructed to extend an invitation to Post 17 of Dallas for the occasion and to invite State President Adolph Beltz of Houston to attend.

MAIL CLERKS 7, ROCK ISLAND 3 Railway mail clerks and the Rock Island team played a game Saturday on the Fort Worth University campus. Railway mail clerks defeated the Rock Island by a score of 7 to 3. Batteries—Mail clerks, Sullivan and McTear; Rock Island, Keshorn and Baldwin.

TEST OF CONTROL OVER AUTOMOBILES Experiments to Ascertain Comparative Danger of Motor Cars and Horses

LONDON, July 1.—In view of the present hostile attitude of the public towards motor cars great interest attaches to the series of tests being made at Crystal Palace at the instance of S. F. Edge, in the relative degree of control of automobiles and horse-drawn vehicles. The conditions were if anything in favor of the latter, since the sudden gravel of the terrace gave a good grip to the hoofs of horses, while it slightly reduced the adhesion of the wheels of the motor cars.

Trials were carried out with various types of both forms of locomotion, the motor cars being driven at the same speed as the horse-drawn vehicles, the drivers pulling up as best they could at the fall of the flag at a point not previously known to them. H. J. Swindley, in his report on the tests, says that he blocked the performances, so that the velocities at the moment when the flag fell could be ascertained.

Velocity Stopped Vehicles. Per hour. 40 h. p. mail van ... 7.66 8 ft. Pair horse goods van ... 7.68 28 ft. 10 h. p. mail van ... 7.82 9 ft. Pair horse goods van ... 7.88 2 ft. 2 in. 15 h. p. De Dion car ... 12.28 6 ft. 6 in. Single horse laudau ... 12 53 ft. 30 h. p. 6 cyl. Nap. car ... 13.28 10 ft. Single horse laudau ... 13.38 47 ft. 10 in. Mercedes car ... 15.25 82 ft. 6 in. 15 h. p. De Dion car ... 15.25 45 ft. 10 in. 15 h. p. De Dion car ... 8.73 14 ft. 6 in. Hanson cab ... 8.73 24 ft. 9 in. 15 h. p. De Dion car ... 11.25 32 ft. 6 in. 15 h. p. De Dion car ... 11.25 32 ft. 6 in. Butcher's cart ... 12.86 50 ft. 3 in. 15 h. p. De Dion car ... 13.85 14 ft. 3 in. Butcher's cart ... 13.85 38 ft. 5 in. 90 h. p. Napier racer ... 18.24 25 ft. 3 in. 90 h. p. Sixth race—Six furlongs: Dr. S. Harr, 102 (Wilson), 10 to 1, won; Dava Sommers, 101 (Sewell), 5 to 1, second; Frank Bell, 107 (W. Rice), 4 to 1, third. Time—1:21.

TEMPLE DEFEATS DALLAS DALLAS, Texas, July 1.—Temple took the game from the Giants this afternoon, making four tallies to the locals' two.

The Weavils scored two in the third and two in the fifth inning. Dallas made one tally in the seventh and one in the eighth.

Ables pitched a good game for the Giants, but was not as steady at critical times as Adams for Temple.

Auditorium Notes Brown Harwood, secretary of the auditing building committee, will call a meeting of the contest committee Monday to complete the contest plans.

It has been suggested that as Fort Worth is noted for her pretty girls, that one of the handsomest prizes be awarded the most beautiful young woman in the city, each purchase of a brick at 10 cents to be applied in voting for some one of our favorites.

This suggestion with others will be carefully discussed by the committee. The application of the \$100 donated by C. D. Minter will also be taken under consideration. Mr. Minter gives this sum in cash to be used as the committee think best.

Suggestions from the public as to the most popular use of this sum will be appreciated by the committee. The idea of making this prize one of cash has not yet been adopted.

AT SHEEPSHEAD BAY NEW YORK, July 1.—Sheepshead Bay summaries: First race, steeplechase, full course: Sandhurst, 147 (Pintegar), 3 to 5, won; Phantom, 137 (Fleming), 20 to 1, second; Duke of Connaught, 158 (Owens), 12 to 1, third. Time, 5:12.

Second race, steeplechase, main course: Roseben, 140 (O'Neill), 8 to 5, won; Druid, 105 (Miller), 4 to 1, second; Prince Hamburg, 110 (Burns), 8 to 1, third. Time, 1:14 2-5.

Third race, the Spring Stakes, last six furlongs futurity course: Bill Phillips, 114 (Redfern), 8 to 1, won; George C. Bennett, 123 (Neil), 9 to 2, second; Thomas, 114 (Neil), 9 to 2, third. Time, 1:14 2-5.

Fourth race, the Commonwealth handicap, mile and one-quarter: Sylvania, 111 (Nichols), 4 to 1, won; Proper, 114 (O'Neill), 15 to 1, second; Mabe Richardson, 95 (Ratcliff), 100 to 1, third. Time, 2:07.

Fifth race, five and one-half furlongs, futurity course: Lord of the Forest, 5 (Ratcliff), 3 to 1, won; Ludzarian, 112 (McIntyre), 10 to 1, second; Centian, 109 (Digging), 20 to 1, third. Time, 1:09 4-5.

Sixth race, selling, one mile and a furlong on the turf: Action, 104 (Burns), 15 to 1, won; Memories, 103 (Lyne), 9 to 2, second; Ken, 87 (Miller), 12 to 1, third. Time, 1:53 2-5.

AT DETROIT DETROIT, Mich., July 1.—Summaries: First race, six furlongs: Don Domo, 6 to 5, won; Robs, 9 to 10, second; Monis, 6 to 1, third. Time, 1:16 1-4.

Second race, five furlongs: Wisful, 1 to 3, won; Etta, 4 to 1, second; Colonel Bronston, 9 to 5, third. Time, 1:03 1-4.

Third race, five and one-half furlongs, futurity course: Lord of the Forest, 5 (Ratcliff), 3 to 1, won; Ludzarian, 112 (McIntyre), 10 to 1, second; Centian, 109 (Digging), 20 to 1, third. Time, 1:09 4-5.

Sixth race, selling, one mile and a furlong on the turf: Action, 104 (Burns), 15 to 1, won; Memories, 103 (Lyne), 9 to 2, second; Ken, 87 (Miller), 12 to 1, third. Time, 1:53 2-5.

AT INDIANAPOLIS INDIANAPOLIS, Ind., July 1.—Weather clear, track fast. Summaries: First race, five furlongs: Zing, 3 to 5, won; Dr. Windel, 6 to 1, second; Birmingham, 6 to 1, third. Time, 1:21 1-4.

Second race, six and one-half furlongs: Agnes Virginia, 2 to 1, won; Jehane, 2

Open All Night.

## DENVER ROAD TO DRILL NEW WELLS

### Childress Attempt Abandoned and Operations to Start at Clarendon

Preparations are being made by the Fort Worth and Denver to drill two wells at Clarendon to take the place of the great open well now used at that place. The company is sorely in need of better water facilities. Some time ago a drill was set at Childress and the bore started. After going down 2,775 feet and not striking water, this well was abandoned. This was some weeks ago. The company had spent a great amount of money and wasted much time. In the entire course of the bore they struck only a small amount of water, hardly more than seepage.

For some time the Denver road has been casting about for a place to drill wells. It was thought that the Childress project would be successful, but when it failed the company decided to drill at Clarendon. There is a well at Clarendon at the present time, 110 feet deep and ten feet in diameter. In its time it has been a very useful water place, but recently it has become filled with foul gases, has caved in in places and is generally in a failing condition. Nothing can be done to clean it out or repair it, as the gases prevent men from going down into it.

When it was found that the Clarendon well was failing and it was futile to try for water at Childress, the company immediately began preparations to drill at Clarendon. The casing used in the Childress venture will be employed at Clarendon. It is expected that water will be reached at 110 feet. The wells will be eight inches in diameter and it is believed that the two will supply as much water as the present open well. These new wells will be located near the depot, as will the new tank, in order to save trains a stop, for at present the trains have to stop a quarter of a mile from the depot, where the well and tank are located. The company expects to have the wells drilled and working in a few weeks.

### IRON DELAYS WORK

#### Improvements on Denver Await Arrival of Material

Work on the concrete piers and iron bridges being built by the Fort Worth and Denver road between here and Denver will be delayed by non-arrival of the iron from the Chicago mills. It is announced by the building department of the road that about one-third of the concrete work is finished and ready for iron, but it will be some months before the iron is received, owing to labor troubles, which have thrown the rolling mills back in their orders and because of the fact that there is an unusual amount of steel and iron building being done by railroads all over the country at the present time.

The Denver road began the work of replacing all its wooden trestles with iron and concrete some time ago. There are scores of large and small trestles to be built, but the principal ones are located as follows: Four near Henrietta, two near Alvord, three near Miles, three just outside of Fort Worth, two near Acme, one near Vernon, four near Childress, one near Clarendon, one near Fields and one near Texline.

This work represents an expenditure of about \$10,000,000. It is one-third finished, so far as the concrete goes, and this part is ready now for the iron and steel girders.

## FORT WORTH WILL CELEBRATE JULY 4

### Many Picnics and Outings Are Planned for Coming Independence Day

Fourth of July will be celebrated in Fort Worth in fine style. Many outings, picnics and good times are planned by the people for the holiday, celebrating American independence.

The postoffice will be open from 10 to 11 o'clock in the morning and the mail carriers will make only one delivery in the day around the business district. There will be no mail delivered in the residence districts.

The state association of mail carriers will meet at Grunewald's park. This will be the ninth annual session of the state association. The following program is arranged:

Address of welcome on behalf of the city, B. B. Paddock.  
For carriers, C. E. Foster.  
Response, President Hill of the Texas State Association.  
Business session.

At night the National Association of Letter Carriers will give a picnic and ball at Grunewald's park. The committee is as follows: W. R. McDill, H. L. Small, B. Y. Love, Z. L. Turner and O. H. Wolf.

All banks of the city will be closed, as will the city and county offices. A large number of private picnics are announced. One of the most enjoyable will be given by a party of twenty young people, chaperoned by Mrs. Mrs. William Richmond, at Cold Springs. Tuesday morning at 6 o'clock the entire party will leave Fort Worth in wagons carrying alone baskets loaded with hams, pies, cakes and other picnic food. At 12 o'clock lunch will be spread in the shade of the trees, one hour being allowed to this portion of the program. Outdoor pleasures of all kinds will be had until a late hour, when the party will return to Fort Worth.

Those who will be in the party are Misses Bulah Wilkes, Louise Richmond, Viola Richmond, Bertha Platt, Ruth Howard, Winnie Farnum, Nellie Warren, Anna Greve, Bertie Harris, Messrs. Will Troop, George Adams, Harold Bevan, Troop Watkins, William Richmond Jr., Pete Greve, Charlie Pinkney, Steve Noble, Ollie Warren, Lionel Vevan, Arden Farnum, Mr. and Mrs. William Richmond.

Another celebration is announced to be held at Hermann park under the auspices of the Teutonia Singing Society. The celebration will begin at 3 o'clock in the afternoon, opening with a concert by the Frohsinn Society of Dallas and the Teutonia Society.

At 4 o'clock a series of sports and prize races will be held. A big display of fireworks will be given at Le Eric at night, while in the afternoon a good baseball game will be in progress for those who are fond of the sport. The Armours of the City League and the A. & A. August teams will cross bats. This will be a close game, as both teams are confident of winning.

Among the attractions will be the opening of the Rosen Heights Pike. This will be on the order of the World's Fair Pike in St. Louis and A. G. Glasgow, manager of the park, says they will run through the warm term. A balloon ascension will be one of the features of the opening day.

ALL MAIL ORDERS RECEIVE PROMPT ATTENTION

## The Great Washer Sale

THIS is the one important sale that the people of Fort Worth look forward to as a real "bargain event." This season we surpass all previous efforts in the quality of merchandise and the radical reductions inaugurated. We suggest an early selection while the assortments are good. ## WHY DR. PEPPER

Has become the most popular fountain beverage. BECAUSE it is made from the best and purest of material. The flavorings are of the pure juices of the fruits. It is very wholesome and healthful and at the same time palatable and refreshing. It is beneficial to the system and an aid to digestion. It is indorsed, recommended and used by more physicians, druggists and dispensers than any other soda water drink.
