

NEW ORLEANS TO OPEN SCHOOLS

Danger of Epidemic Now Thought Over

STATE OUTLOOK BETTER

Fewer Cases in Parishes and Infected Districts Show Improvement

FEVER RECORD TO NOON
New cases, 23.
To date, 2,748.
Deaths, 2.
To date, 357.

NEW ORLEANS, Sept. 22.—Believing, after conferences with Dr. White, that the fever situation is under control, President Wilson will recommend to the school board tonight that the public schools be opened Oct. 2.

The state health board officials, surveying the situation, believe the fever is being overcome in the state and that, while there probably will be cases for some time to come, there is no danger of further serious extension of the plague.

The camps on Bayou Barataria are reported to be entirely free from fever. For many weeks one of the worst districts of the state lay along the Mississippi Valley road for a distance of about forty miles from this city.

With one exception during the past three days all new cases in Tallahassee are negroes and the situation therefore is greatly improved.

In Natchitoches parish, where the disease was not for a long time recognized, it is now announced that there has been a total of ten cases and four deaths.

All the cases at Donaldsonville have been diagnosed as cured, and at Port Barrow, near there, no new cases are reported. Several are under treatment in the emergency hospital.

HAMILTON DENIES HE BRIBED LEGISLATORS

Cables Answer to Inquiry Regarding \$100,000 From New York Life Insurance Co.

NEW YORK, Sept. 22.—The Evening World today received a cable dispatch from Andrew Hamilton of Albany, who is in France, to the effect that the \$100,000 received by him from the New York Life Insurance Company in March, 1904, was not used for influencing state legislation.

Mr. Hamilton reached Biarritz yesterday after completing an automobile tour through the south of France. He was met at Biarritz by a telegraphic inquiry from the World relative to the \$100,000 check made out to him by the New York Life Insurance Company in March, 1904.

AGENCY METHODS EXPLAINED
NEW YORK, Sept. 22.—Upon the assembling of the legislative committee which is investigating the life insurance business, Thomas A. Buckner, vice president of the New York Life Company, who has charge of that company's agencies and who was unable to answer a number of questions yesterday without looking up the records, was called to the stand.

THE CONFERENCE AT KARLSTAD SWEDEN, BETWEEN SWEDEN & NORWAY. STATESMEN WHO HAVE CREATED A GRAVE CRISIS BETWEEN SWEDEN AND NORWAY.

Reading from left to right, back row, standing: Herr K. Staaff (Swedish consulting minister), a Swedish secretary, Herr Lovland (Norwegian minister), Herr Vogt (Norwegian former minister), Herr Frøberg (Norwegian minister), Count Frdr. Wachtmeister (Swedish foreign secretary), His Excellency Herr Lundborg (Swedish premier), Herr Michelsen (Norwegian premier), Herr Berner (Norwegian minister).

JAPANESE FARM SEA AND MAKE IT PAY, TOO

Palatable Foods, Fertilizer and Pearls Among Products of Marine Ranches

WASHINGTON, Sept. 22.—In the development of its fisheries Japan is becoming a model for the United States.

This is the conclusion reached by a special agent of our government, sent over to investigate, namely Deputy United States Fish Commissioner Hugh M. Squires.

Our annual crop of marine vegetables is worth but \$40,000 a year, whereas in Japan these products are worth no less than \$2,000,000.

The gathering of kelp from the rocks employs thousands of men, women and children, and the "kombu," as it is known when dried and prepared for the table, is as common an article of diet in the Japanese household as is the potato in the United States.

Agar-agar is a marine gelatine, being the product left from boiling certain pulpy seaweeds rich in gelatinous material. There are 500 establishments in Japan devoted to the manufacture of "kanten," and the output last year was 3,000,000 pounds, valued at \$750,000.

Another line is the artificial culture of pearls. As is well known the pearl is a disease of the oyster, and results from getting inside irritating foreign substance into his little insides.

It occurred to Professor Mitsukuri of the Japanese fish commission, that it might be profitable to stimulate the pearl industry by inserting artificial irritations within their shells.

In Japan 3,000,000 people are engaged in the different branches of the fishing industry, as compared with 25,000 in the United States. Nearly one-sixteenth of the population make their living from the sea, as against one-five-hundredth in the United States.

NEW YORK, Sept. 22.—The World this morning says that Bishop Stang of Fall River, Mass., will probably be the successor of the late Archbishop Chapelle at New Orleans.

Dr. Stang is regarded as the most available candidate for the vacant see. He speaks fluently English, German and French, and for this reason would be well qualified to fill the vacancy because of the cosmopolitan population of the archdiocese of New Orleans. He has been most favorably recommended by influential Catholic ecclesiastics.

EARTHQUAKE SHOCKS KILL TWO PERSONS

Disturbances in Calabria Continue; Many Houses Damaged at Ajello

NEW YORK, Sept. 22.—Earthquake shocks continued yesterday in Calabria, says a Rome dispatch to the Herald.

At Ajello many houses were demolished and many persons were injured. At Abruzzi, a church fell and there was further damage at Cozenza, Catanzaro and Monte Leone.

General Lamberti has made an official list of the damage by the earthquake. He finds that 212 towns and villages suffered great losses; the dead number 589 and the injured 2,929.

At a meeting of the ministers at which the mayor of Rome and the president of the Bank of Italy were participants decided to hasten the distribution of relief.

Baron de Forest is reported to be contemplating setting up a new government.

NEW YORK, Sept. 22.—According to the Herald's Tangier correspondent, a passenger on board the steam yacht Honor, who is well acquainted with the plans of Baron de Forest, is authority for the statement, that under pretext of a mere hunting trip, the baron has prepared an armed expedition to the desert of Sahara, with the support of the British government.

For this purpose, the yacht is supplied with from 3,000 to 4,000 Winchester repeating rifles, with ammunition and other material.

It is stated that Baron de Forest intended to found a Saharan empire, believing that his influence and millions would enable him to carry the scheme to a successful issue.

Baron de Forest has been recently in frequent communication with a famous French Africanist. His idea is that the execution of his project will be of political advantage to the British government.

The correspondent after filing a dispatch containing the above facts claims that he has received a private communication from Mogador to the effect that the Baron de Forest and party started on the night of Sept. 19 for the desert of Sahara.

Will Hold Meeting to Celebrate Conclusion of Peace

TOKIO, Sept. 22, 12:30 p. m.—A solitary instance of public rejoicing at the conclusion of peace with Russia will take place at a meeting to be held today at Kōtaka, a town in the remote northeast corner of the main island of Nippon.

ENGLISHMEN PLANNING AN EMPIRE IN SAHARA?

Baron de Forest Reputed to Contemplate Setting Up a New Government

NEW YORK, Sept. 22.—According to the Herald's Tangier correspondent, a passenger on board the steam yacht Honor, who is well acquainted with the plans of Baron de Forest, is authority for the statement, that under pretext of a mere hunting trip, the baron has prepared an armed expedition to the desert of Sahara, with the support of the British government.

MEMPHIS TO HAVE ELECTRIC LIGHTS

Plans for Plant Being Completed by Local People—Building Boom Is On

MEMPHIS, Texas, Sept. 22.—Cotton is moving very rapidly here. The crop is at least half opened and every farmer in the county is rustling for pickers, and they are about as scarce as hen's teeth.

MEMPHIS TO HAVE ELECTRIC LIGHTS

NEW YORK, Sept. 22.—The following bulletins relative to the condition of the cotton crop were issued last night: "Baron Komura continues to improve so steadily that his attending physicians think it is not necessary to issue any more bulletins unless there is some news."

GREAT THING FOR U. S. IS PACIFIC FRONTAGE

Gives America First Call in Selling Products to the Entire Orient

WASHINGTON, D. C., Sept. 22.—Three thousand millions of dollars!

That is the arithmetic measure of the commerce of the orient. Thus it is summed up by the official statistician of the government's department of statistics.

It is interesting to note that the two countries in this orient which have most railways—Japan and India—have the largest increase of trade.

VENEZUELA AND FRANCE GO OUTS

Quarrel Has Reached Critical Stage

OVER CABLE COMPANY

Premier Rouvier Will Demand Apology for Insult to the Charge d'Affaires

PARIS, Sept. 22.—The offensive attitude of Venezuela against M. Taigny, French charge d'affaires at Caracas, has aroused indignation in official quarters here.

The official directly charged with handling the Venezuelan questions explained the general status of the controversy as follows: Venezuela supports the closing of the French Cable Company's inland stations on the ground of a decision of the Venezuelan courts.

It is to be expected that a demand will be made that Venezuela disavow the action taken and the subsequent course of France will depend upon Venezuela's reply.

### HOSPITALS CROWDED

MAJORITY OF PATIENTS WOMEN. Mrs. Pinkham's Advice Saves Many From this Sad and Costly Experience.

It is a sad but true fact that every year brings an increase in the number of operations performed upon women in our hospitals. More than three-fourths of the patients lying on those white beds are women and girls who are awaiting or recovering from operations made necessary by neglect.

Every one of these patients had plenty of warning in that bearing down feeling, pain at the left or right of the womb, nervous exhaustion, pain in the small of the back, leucorrhoea, dizziness, flatulency, displacements of the womb or irregularities. All of these symptoms are indications of an unhealthy condition of the ovaries or womb, and if not heeded the trouble will make headway until the penalty has to be paid by a dangerous operation, and a lifetime of impaired usefulness at best, while in many cases the results are fatal.

The following letter should bring hope to suffering women. Miss Luella Adams, of the Colonnade Hotel, Seattle, Wash., writes: Dear Mrs. Pinkham:—

"About two years ago I was a great sufferer from a severe female trouble, pains and headaches. The doctor prescribed for me and finally told me that I had a tumor on the womb and must undergo an operation if I wanted to get well. I felt that this was my death warrant, but I spent hundreds of dollars for medical help, but the tumor kept growing. Fortunately I corresponded with an aunt in the New England States, and she advised me to take Lydia E. Pinkham's Vegetable Compound, as it was said to cure tumors. I did so and immediately began to improve in health, and I was entirely cured, the tumor disappearing entirely, without an operation. I wish every suffering woman would try this great preparation."

Just as surely as Miss Adams was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure every woman in the land who suffers from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability and nervous prostration.

Mrs. Pinkham invites all young women who are ill to write her for free advice. Address, Lynn, Mass.

### AGED LABORER SAYS HE WAS "SHANGHAIED"

John Powell, 68, Follows Ship From Rio Janeiro to Pros-ecute Charges

NEW YORK, Sept. 22.—John Powell, 68 years old, who says he was shanghaied, will appear before Vice Consul Smithers today to press charges against Captain Munro of the British ship Canada.

Powell swore out affidavits yesterday. The alleged capture of the old man took place at Gulfport, Miss. He escaped at Rio de Janeiro and followed the Canada to New York. Yesterday the Canada paid off here, and Powell found the captain in the office of the British consulate. Started From Gulfport

Powell described himself last night as a laborer engaged in handling lumber, his home address being in Mobile, Ala. He was employed at Gulfport when the Canada took on a cargo of lumber there for Rio de Janeiro. She signed several new hands, but she was still four men short of her full crew. It is said, the proper number being twenty-three men. From the streets of Gulfport about 9 o'clock in the evening, he declares, he was shanghaied. "Twisters" were put on his right hand, he said, and he was placed aboard a tug where he says he met Captain Munro, to whom he protested. However, he was carried to the Canada which sailed within thirty minutes.

Until the ship reached Rio de Janeiro, the old man had to do his share of the work in wind and storm. The work came hard on him and he determined when he reached Rio de Janeiro to fight for his release. When the ship made port the captain went ashore to the consul. Powell followed. He declares he got no satisfaction from the British consul. Nor did he get any money from the captain.

The old man had to beg food. He hung around the docks looking for a ship to take him to New York, whither the Canada was bound. He found one in the bark Egeria. Rough weather favored the old man's cause, for it badly hampered the Canada and almost on the heels of each other, the two vessels arrived in New York.

Name Not on Crew. Lawyer Abbott examined the articles of the Canada yesterday at the British consulate. He says Powell's name does not appear on the list of the crew as it would, had he signed.

At the hearing today Captain Munro will have a chance to explain Powell's presence on his ship. He declares the old man was not shanghaied and that he is willing to pay him for the work he did.

### SPIDER'S BITE KILLS McLENNAN CO. YOUTH

Poison Proves Fatal Within Four Hours After Insect's Sting on Wrist

WACO, Texas, Sept. 22.—Healthy and strong at 12 o'clock one day and dead at 4 o'clock in the afternoon from a spider bite was the fate of Joe Melton, a 17-year-old farmer lad who has been living seven miles north of Waco on the Brazos river. News of the boy's sudden death reached here yesterday. He was picking cotton Wednesday, when a red-spotted spider bit him on the wrist, though it did not hurt him much at first. In an hour the pain began going up his arm and it finally went into his chest and down into his hip, becoming so intense as it progressed that he went into convulsions, dying four hours after being bitten.

### HIS CURE COMPLETE

MR. PORTER NOW ENTIRELY FREE FROM NEURALGIA.

Remedy Found in Dr. Williams' Pink Pills. Relief Began with First Box and Pain Now Gone Altogether.

"It seems like a miracle that Dr. Williams' Pink Pills should have cured my neuralgia," said Mr. Porter. "They are certainly a marvelous medicine and I shall always be glad to recommend them."

"For two years," he continued, "I had suffered almost unendurable pains in my head. They would start over my eyes and shoot upward most frequently, but they often spread over my face, and at times every part of my head and face would be full of agony. Sometimes the pains were so intense that I actually feared they would drive me mad."

"My eyes ached constantly and there was always a burning sensation over my forehead, but the other pains varied, sometimes they were acute, and again they were dull and lingering. I could not sleep. My temper was irritable and I got no pleasure out of life."

"I tried remedy after remedy, but finding no help in any of them, I became a despairing man. Even when I began to take Dr. Williams' Pink Pills I had no great hope of a cure."

"That was in December of 1903. To my surprise, a change in my condition took place right away. The pains grew less intense and the acute attacks were further apart, as I kept on using Dr. Williams' Pink Pills. The improvement began with the first box, and when I had used six boxes I stopped. My cure was complete and has lasted ever since."

Mr. Charles H. Porter lives at Raymond, New Hampshire, and is well known as the proprietor of the Hotel Raymond. He is one of many grateful people who have found that Dr. Williams' Pink Pills will cure diseases of the nerves that have stubbornly resisted every other remedy tried. The nerves are fed through the blood and Dr. Williams' Pink Pills, by making new blood, cure the cause of nervous troubles. They do not simply deaden pain, but they cure the disease that causes the pain, and build up the strength by purifying and enriching the blood. Not only neuralgia, but sciatica, partial paralysis and locomotor ataxia yield to them. They are sold by all druggists, or may be obtained directly from the Dr. Williams' Medicine Co., Schenectady, N. Y.

### IN THE TERRITORIES

#### PHYSICIAN CHARGED WITH MURDER

ENID, Okla., Sept. 22.—After a sensational hearing lasting three days before Justice Jacobs, Dr. E. F. Schwartz, a physician of this city, has been held to the grand jury without bail, charged with the murder of an infant child.

#### POSTOFFICE MOVED AGAIN

ARDMORE, I. T., Sept. 22.—In accordance with an order of Judge Dickerson, ex-Postmaster Clowds at Cornish, Thursday moved the postoffice to its new site, thus avoiding a jail sentence for contempt of court.

#### SANITARIUM FOR SULPHUR

SULPHUR, I. T., Sept. 22.—Dr. Desmonde of St. Louis, Mo., has closed a deal with the Commercial Club to put in a sanitarium to cost \$75,000, for furnishing the site. The site is located in the extreme east of town on Sulphur Creek near Little Niagara Falls.

#### OIL AT OKLAHOMA CITY

OKLAHOMA CITY, Okla., Sept. 22.—Oil at a depth of 118 feet in a well that has been bored for the Threadgill Hotel Company was discovered here Thursday. There is a fairly good flow and the citizens are considerably excited as a result.

#### BEATEN WITH CLUB

LAWTON, Okla., Sept. 22.—Storie Hunt, who lives eight miles southeast of Manhattan, in the southwestern part of Comanche county, was assaulted with a club while he was sleeping. Hunt made his escape from his assailant to a neighbor's home. He may recover.

#### LEFT EYE BADLY BURNED

GUTHRIE, Okla., Sept. 22.—Mrs. Ed Jett, the wife of Alder, who is a resident of the Second ward, sustained severe injuries to her left eye yesterday by burning it with a curling iron. The point of the iron penetrated the lid, burning through to the eyeball and burning the line across the center of the ball. It was at first thought that she would lose her sight, but the physicians now express hopes of saving it.

#### GAS AT SULPHUR

SULPHUR, I. T., Sept. 22.—Last week J. T. Sigmone struck gas at a depth of 210 feet. Supper was cooked on the fire and the parties have been using the gas for cooking purposes ever since. Some think it only a pocket of gas, but the continuous flow evidently proves it not to be.

#### GREATER YIELD THAN 1904

GUTHRIE, Okla., Sept. 22.—E. J. Moorehead, a Payne county farmer living near Ripley, states his crop on 650 acres of cotton will yield three-fourths of a percent acre against a half bale yield on the same land last year. Local growers believe the greater part of the cotton crop in central Oklahoma counties will yield a half bale to the acre.

#### Land Sales Satisfactory

AUSTIN, Texas, Sept. 22.—J. J. Terrell, state land commissioner, says it probably will be two weeks before the work of awarding the bids to purchasers of state lands would be completed. He expressed himself as well pleased with the prices which were being paid for the lands. These prices are much higher than was expected.

#### SUMMER COLDS

Laxative Bromo-Creme, the worldwide Cold Cure, removes the cause. Call for the full name and look for signature of E. W. Grove, 25c.

FORT WORTH TO GO AFTER COTTON TRADE

Merchants Form Association and Will Enter Field for North Texas Business

Fort Worth will be actively in the field buying cotton when the crop in this vicinity begins to move.

A committee of prominent merchants is now in the field soliciting a fund of \$2,000 which is to be used in the way of premiums as an inducement for farmers to bring their cotton to Fort Worth.

Board of directors of the association to conduct this business has been selected, comprised of the following well known business men: W. G. Burton, Jacob Washer, William Monnig, W. C. Stripling and W. S. Knight.

The committee having the initial work in charge began its labors of raising the \$2,000 Thursday. A large portion of that sum has already been secured and soliciting will be continued today.

Mr. Knight said today that it was the intention to have all arrangements completed in time to begin buying cotton by Oct. 1 when cotton would be moving freely.

The committee will use every available means for advertising the matter among the growers of cotton in this and adjoining counties and it is believed by those who are in charge of the proposition that when it becomes known generally among farmers that Fort Worth is in the market for all

FRUIT TARIFF IN NEED OF REVISION

Mexican Grower Declares Oranges There Do Not Compete With American Supply

J. W. Taylor of Kansas City, who, together with Mr. C. Billings and Dr. A. J. Lawrence of this city, owns extensive orange groves in Mexico, is in the city.

"It costs \$1 per hundred pounds to get oranges to Fort Worth," says Mr. Taylor, "and this duty is not at all in the interest of orange growers in California or Florida from the simple fact that the crop in Mexico is ready for the market fully thirty days in advance of the crop in this country, and therefore does not come into competition with American-grown fruit."

Mr. Taylor declares that if the duty were removed Mexican oranges would flow into this country in large numbers.

"Mexican-grown oranges are to be placed on the Fort Worth market in advance of all others at least thirty days," said Mr. Taylor, "and the statement recently made that there would be no new oranges on this market before the Mexican crop is ready for shipment."

Mr. Taylor says he has no idea yet as to what the Mexican crop will be, but believes that the yield will be quite heavy this year.

Mr. Taylor is very much impressed with the section of country along the Brownsville river in the Rio Grande valley and believes that it will soon become one of the most productive for growing or tropical fruits to be found anywhere.

REPUBLICANS ARE SCARED
The republican party as a whole is becoming very badly scared over the political situation as it is now developing, which threatens the complete overthrow of that organization, in spite of the fact that it went into power last fall with an endorsement at the hands of the people that was simply unprecedented.

alleged illegal acts through the finding of flaws in the indictments and the taking advantage of every technicality that presents itself in the numerous loopholes that astute attorneys can find in the law.

THE PACKERS UP A TREE
One of the most surprising developments in connection with the prosecution of the big packers now under indictment at Chicago is the manner in which they are seeking to avoid prosecution.

alleged illegal acts through the finding of flaws in the indictments and the taking advantage of every technicality that presents itself in the numerous loopholes that astute attorneys can find in the law.

NEW YORK, Sept. 21.—After many years of battling against difficulties, direct cable communication from the United States to China and Japan by way of the Commercial Cable Company is assured.

The second ground is based upon the law of March 2, which restricted the northern district. It contends that one of the jurors, John Murray, was a resident of Kanawake county in the eastern district and not of the northern district, as constituted by the act of 1902.

It is charged that "the drawing of the jury under such circumstances tended to the injury and prejudice of the said defendants in this, that it resulted in preventing these defendants from ascertaining in what manner said jury was drawn or from learning the names of said grand jury and thereby being deprived of an opportunity to investigate and learn the character and qualifications of the persons so drawn before they should be impaneled and of objecting to persons so drawn for disqualifications at or before the time when they were impaneled."

The most sensational portion of the document sets forth that "after the conclusion of the taking of testimony the United States district attorney presented to the grand jury an alleged transcript of a portion of the testimony of the witnesses, and also an alleged abstract or synopsis of said testimony most unfavorable to these defendants, without including therewith any abstract or the testimony of the numerous witnesses, which was given originally to the grand jury tending to show the innocence of the defendants."

As a further reason for quashing the indictment is urged it was not returned in the district court for the northern division, but as shown by the record, was returned in the district court for the eastern division before Judge Bethea, and that Judge Bethea was not a district judge for the northern division, or for the division or district for which the indictment was found.

It had been expected from the beginning of the investigation made into the methods of the packers that every step taken by the Federal government would be bitterly and vigorously contested, but it was not anticipated that these men would be content to rest under the stigma of the charges preferred against them and seek to escape the consequences on the ground that the proceedings were not regular and legal.

But with the big packers it is vastly different. They apparently desire no vindication, and are willing to stand forth in the limelight as indicted individuals against whom the power of the law cannot be invoked on account of some little technicality through which they seek im-

munty from punishment. The Garfield report has lost its potency. Justice is not desired. All the big packers seem to desire is an opportunity to get down from the tree up which the government has placed them, and it makes no difference if some hide is left attached to the tree as a result of their delinquency.

Colonel Chilmark's Tidings
Contrary to my expectations, Herzog made no reference, on our leaving the pine tube to do its deadly work.

Among Exchanges
Considering how much of the work of the Twenty-ninth legislature, by reason of blunders made, was for nothing, it is surprising that any objection can be found in that honorable body to meeting again in October and working for nothing.—San Antonio Express.

his scrutiny of me, it had in it pith rather than menace.
Seeing that I was capable of nothing but an incoherent exclamation, he turned to the garrulous landlady.

"That's exactly what the poor old gentleman does think, sir," Mrs. Krance replied. "She may have been made away with, up in that wicked town, and then the person that did it sent the telegram to keep the colonel quiet and prevent inquiries for some days."

"Humph, that's one way of looking at it, but there is another," Herzog grunted, and then he added after a pause. "See here, Mrs. Krance, it is a privilege to help people who cannot help themselves. Convey my compliments to Colonel Chilmark and say that I have had some experience of this kind of case, and that I shall be pleased to place it at his disposal if he would like to see me."

The landlady sped across the passage, and was back immediately with Colonel Chilmark's grateful compliments, and he would be glad to avail himself of "Dr. Barrable's" kind offer.

Herzog left the room, and after a vain attempt to discuss the matter with me, Mrs. Krance also departed. Left alone, I had to bring all my manhood into play to keep from breaking down utterly.

An appeal to my kind sympathizer, Lady Muriel, would fare no better, for with all the will in the world, she would be impotent to help me, unless she could show grounds for suspecting Roger Marske, and that she could not do unless I could be produced as her authority.

Then he looked up at me, his broad features breaking into a slow, almost paternal smile.
"I have been comforting the colonel," he said, in his most cynical tone. "Let me also comfort you, my friend. I have been telling him that your young ladies who wish to prolong their shall we call them—holidays, are sometimes driven to strange shifts and expedients. In short, I pointed out to him that, far from having met with some disaster, his daughter might very well have sent that first telegram herself, having good reason for not returning to sleep last night at the house of the old servant with whom she was to stay. She might, for instance, though I did not moot this to the colonel, be engaged in trying to pull chestnuts out of a very hot fire for a sweetheart unable to perform the operation for himself."

Herzog continued to smile. "You are rude," he said, "for a man who ought to have been hanged the day before yesterday. Yes, I comforted that inbred warrior, and I would have you also take comfort, my gallant captain, for I know that your trouble is the same. After a little discursive talk the colonel cleared me up a point that has been puzzling me by admitting that Miss Janet knew the notorious Rivington slightly—is it not right to emphasize that word, my friend?"

CHAPTER XXI.
In Dead of Night
I could feel that my consternation at this news was an open book to Herzog, which he was reading without the slightest attempt at concealment. Strangely enough, searching as was

A WORD FROM JOSH WISE
It beats all how we hear a lot of things we oughtn't to hear an don't hear a lot we ought to.

THE OWNER OF THE ST. LOUIS NATIONAL LEAGUE ball team intends to let his players drink next year. He probably realizes there ought to be some kind of an inducement besides salary to get men to play on that team.

Why do you save your time singing popular songs?" asked the singer's old friend. "Can you think of anything worse for the advancement of music?"
"Yes—I might write a few."

"I believe in doing business on a cash basis," remarked one of the party.
"So do I," said another. "I believe the old rule, 'Pay as you go,' is a good one. It's good enough in some cases," said the man with a two-pound diamond in his scarf, "but over the desk in my office I have a sign saying, 'Pay before you go.'"
"Should think that was demanding too much," said the first man.
"Not at all. I run a hotel."

"What do you think of Blockly?"
"I don't know. What's he been doing now?"
"Why, he was granted a divorce last Wednesday, and was married Thursday."
"Humph, a man so unappreciative as that doesn't deserve a divorce."

REFLECTIONS OF A BACHELOR
The real fun about being right is proving the other fellow is wrong.
The weather has a lot to do with a man's spirits and his liver with his morals.
A way to make children take baths would be to tell them it was not good for them.
Engaged people are happy because they forget how to think straight until they are married.
You can never make a man who has won some money gambling on pure chance believe that his brains did not have a lot to do with it.—New York Press.

### RAILROAD COURSE ESTABLISHED

Four Years' Course Mapped Out at Chicago University

CHICAGO, Ill., Sept. 22.—Co-operation between the University of Chicago and a number of railroad officials has resulted in the establishment of a four years' course of railway education.

An advisory board, composed mostly of railroad men, has been established, with E. W. McKenna, assistant to President Earling of the Chicago, Milwaukee and St. Paul, as chairman and Daniel Willard, second vice president of the Burlington, as vice chairman. Among those who form this board are: A. C. Bird, A. F. Banks, and Leonard F. Delano, J. T. Harahan, J. N. Falthorn, S. M. Felton, W. A. Gardner, S. T. Fulton, J. Kruttschnitt and B. Thomas. These men, representing as they do all phases of railroading, will shape the courses which are to be given and will themselves as occasion requires deliver lectures.

The first year's course, from October to June, will be devoted to railroad conditions in the United States. The second year will be devoted to freight service, railroad transportation, railway law and rate legislation.

### ORIENT CONNECTION BUILT

The Denver, Enid and Gulf road has been completed northwest from Guthrie seventy-eight miles to Nashville, Okla. Connection will be made with the Kansas City, Mexico and Orient railroad in Woods county within the next thirty days, according to report received here. C. J. Turpin is general agent for this road.

### RAEF BACK AGAIN

W. J. Raef is again general manager of the Texas Southeastern, less than a year ago he resigned from the general manager of the Texas Southeastern to become assistant general manager of the Pan-American railroad. He remained with the hot country property but a few months.

### NEW ROAD SUBSIDIZED

The statement is made in railroad circles that the state of Michoacan, Mexico, will aid the construction of a term of the Mexican government and the state of Michoacan and no duties are to be charged on construction material that the company will bring into the republic for the road. The concession also relieves the company from paying taxes for a term of five years. The company is also to be paid \$30,000 cash for ever ten kilometers of track built and equipped.

### DIES BY STRYCHNINE

Mrs. T. F. Ingram Leaves Note of Farewell  
Mrs. Edna Ingram of Seventeenth and Crump streets died Thursday afternoon shortly before 6 o'clock from the effects of an overdose of strychnine, said by Justice C. W. Roland, who held an inquest, to have been self-administered without a doctor's attention.

### Eighth Ward Revival

The Central Methodist church, Lipscomb and Cleveland avenue, in the Eighth ward, is having a protracted meeting. Services are being conducted twice a day, at 10:30 a. m. and 7:45 p. m. in a tabernacle presided Elder Senabough assisted by Rev. J. A. Whitehead and others. Much interest is being taken in the meeting and there have been several conversions. The meeting will continue throughout next week.

### WHEN GOING EAST

Drop a line to C. A. Baird, traveling passenger agent Pennsylvania lines, San Antonio, Texas, and he will send you their folders and information covering your trip to Pittsburgh, Harrisburg, Baltimore, Washington, Philadelphia, New York, and many other cities in the east reached by this great system of railroads. They have trains leaving St. Louis Union Station daily at 8:44 a. m., 1:02 p. m., 11:35 p. m. with through sleeping cars to Pittsburgh, Philadelphia and New York; on the 11:35 p. m. there is also a through sleeping car to Washington and Baltimore. "The Pittsburgh Special" leaves at 8:15 p. m. daily with through sleeping car to Pittsburgh. Dining cars serve all meals on above trains. "The New York Limited," 1:02 p. m., is composed exclusively of Pullman cars, regular sleeping cars, compartment cars, observation car; also a barber shop, bath and ladies' maid. The other trains carry coaches as well as sleeping cars.

### BONUS FOR ROAD

Rising Star Raises Fund for Proposed Line  
At a mass meeting of citizens of Brownwood, Rising Star and May, in Brown county, it was practically decided to build a railroad from Brownwood to Rising Star, a distance of thirty miles. It is understood that grading on the short line will be commenced soon. The citizens of Rising Star and May have agreed to give a bonus of \$20,000 and the right of way for a part of the distance through the county. The Frisco is to permit the use of its tracks in Brownwood.

### NEW TOURIST SERVICE

The Rock Island has inaugurated a tourist car service to California points. The service is via Colorado Springs to Grand Junction, Ogden, Salt Lake and San Francisco. Trains run every Monday, Wednesday, Friday and Sunday in conjunction with the Denver and Rio Grande, the Southern Pacific and the Colorado and Midland. To connect with these trains passengers must leave Fort Worth at 9 o'clock p. m. on train No. 12, the evening before in time to catch the west-bound trains at McFarland, Kan.

### CHARTER ISSUED

New Line to Reach Texas Elects Directors  
There is much activity in railroad building in Oklahoma, according to reports from Guthrie. A telegram from there states that Secretary Grimes has issued a charter to the Texas, Oklahoma and Northwestern Railroad Company, with \$2,500,000 capital stock, and with headquarters at Guthrie and New York city, to build a line 450 miles long. The directors are: Senator A. H. Hutton, John Devereaux, Charles Seeley and Charles E. Carpenter of Guthrie and Henry Knapp of New York city. The proposed line will run from the boundary line, between the Chickasaw Indian Nation and Caddo county, Okla.,

# Aged Woman Cured of Consumption and Hemorrhages

Mrs. Mary Griffis, of Albion, Pa., Restored to Vigorous Health by Duffy's Pure Malt Whiskey, Recommends it as the Greatest Medicine for Weak and Aged People.

"I Was a Mere Skeleton From Consumption of the Liver and Hemorrhage, and Helpless as a Baby, but Now, at 64, I am in Perfect Health, and Duffy's is My Constant Medicine."

MRS. MARY GRIFFIS.  
"I have taken Duffy's Pure Malt Whiskey for almost one year, and I can truthfully and conscientiously recommend it to everyone as the best medicine for weak and aged people. One year ago last winter I was taken very seriously ill with what the doctor called hemorrhages and consumption of the liver. From February to the latter part of May, I could not turn over in bed, and was almost as helpless as a baby. I was a mere skeleton. I was advised to take Duffy's Pure Malt Whiskey, and it certainly is better than any medicine I ever took. Today, at 64, I am in perfect health, and never have to call on a physician. Duffy's is my constant medicine, and I never will be without it."—Mrs. Mary Griffis, Albion, Pa., May 24, 1908.

## Duffy's Pure Malt Whiskey

Is the positive preventive of consumption, hemorrhages, bronchitis and all diseases of the throat and lungs, and hundreds who have suffered with these dread complaints say that their return to vigorous health is due to its prompt and regular use. It is prescribed by physicians of all schools as the sure cure for dyspepsia, indigestion and all stomach crop ailments. It is the greatest tonic-invalidator known in the country, and old people the country over are kept healthy and strong by its regular use. Duffy's is the only whiskey recognized by the Government as a medicine and is endorsed and recommended everywhere by ministers and temperance workers. Guaranteed to be absolutely free from fusel oil.

CAUTION—When you ask for Duffy's Pure Malt Whiskey, be sure you get the genuine. Dishonest dealers will try to sell you cheap imitations and substitutes, which are put on the market for profit only, and are positively harmful. Demand Duffy's and be sure you get it. Held by every reliable druggist and grocer in the country, or direct \$2.00 a bottle. Look for the trade-mark, the "Old Chemist," on the label, and be certain the seal on the cork is unbroken. Address Duffy Malt Whiskey Co., Rochester, N. Y.

## FRISCO CROP REPORT FOR WEEK ISSUED

Cotton Condition Generally Fair, Though Needing Rain in Some Places. Cool Nights Help  
Crop bulletin of the Frisco railroad, as issued for the week ending Sept. 21, is: Quanah—General condition very good. Cotton yield about one-half bale per acre; wheat, 15 bushels; oats, 30 bushels. A good season recently has been very advantageous to cotton. Gunter—General condition of cotton is good; yield, about one-fourth bale per acre. Corn crop is good; yield, 40 bushels; wheat, 40 bushels; oats, 12 bushels per acre. Cellina—General condition good; yield, about 600 pounds per acre. Corn yield, about 40 bushels; wheat poor; yield, about 5 bushels per acre. Prosper—Cotton crop is needing rain; throwing off badly. From present prospects the crop will be light. Yield, about one-fourth bale per acre. Corn crop fine; yield, 40 bushels per acre. Oat crop is good; yield, 40 bushels per acre. Wheat, 6 bushels per acre. Frisco—Cotton is about 20 days late; very little gathered. The past week has been favorable for a good crop. Yield, one-third to one-half bale per acre. Corn yield, about 35 bushels per acre. Wheat poor; yield, 5 bushels per acre. Oats, 35 bushels per acre. Carrollton—Cotton conditions are fair; yield, one-half bale per acre. Corn yield, 25 bushels per acre; wheat, 10 bushels per acre. Cresson—General condition is poor. Corn yield, about 30 bushels per acre; oats, 25 bushels; wheat, 6 bushels. Granbury—Dry, hot weather causing cotton bolls to open before matured; staple poor; yield about one-fourth bale per acre. Tolar—General condition of cotton is fair; good rains the past week on part of the territory. Cotton is coming in

slowly. Corn yield, about 25 bushels; oats, 40 bushels; wheat, 10 bushels per acre. Bluffdale—General condition of cotton is poor; coming in very rapidly. Corn good; yield, 40 bushels; oats, 50 bushels; wheat, 10 bushels per acre. Stephenville—General condition fair. Two or three rains during the past week. Cotton prospects seem good; yield, one-fourth bale per acre. Dublin—Cool nights have improved the cotton condition. Good weather for gathering the staple; yield, one-third to one-half bale per acre; corn and oats, 30 to 40 bushels per acre. Proctor—No improvement in the cotton condition. Lights rains during the week were not enough to do any good. Yield, one-third bale per acre. Corn yield, 20 bushels; oats, 20 bushels per acre. Comanche—No change in crop conditions, except that there has been two good rains the past week, which may help out the late cotton. Brownwood—Cotton falling off on account of dry weather; no rain of any good. Cotton will yield about one-third of a bale per acre.

**BIRD, ILL, LIKELY TO LEAVE GOULD LINES**  
Traffic Manager in Delicate Health—Fast Mail Service Is Wanted

Local railroad men learn with deep regret of the serious illness of A. C. Bird, vice president of the Gould roads in charge of traffic affairs of the entire system. It is said that Mr. Bird may be compelled on account of bad health to retire from active railroad life. It is understood that his condition is such to prevent his filling the responsible position he now holds with that system much longer. For more than six months Mr. Bird has been struggling to recover his health, but not with as much success as his friends had hoped, and it is now stated that his physicians declare that it will be at the peril of his life if he attempts to work in a climate like that of Chicago.

### SPORTING BRIEVITIES

Said a horse with a saturnine smile, "Tis not that I like to occasionally hike. But simply the hours to beguile." Then he centered a two-minute mile. In the American Association Kansas City is impregnably entrenched at the bottom.

"Curly" Brown, well known starter in western turf world, has quit the racing game and will manage a theater at Cincinnati.

John W. Gates is to race a stable next season, under his own colors or those of C. E. Durnell, who will train for him.

A notable addition to Columbia's football squad is Marc Hurley, champion amateur bicycle rider and skilled basketball player.

Harold Vanderbilt has resigned from the management of the Harvard football team to devote his time to studies. Now it is said Nelson may sidestep his talkative manager. Nolan has earned perpetual retirement with his tongue at Cincinnati.

Riley Grannan has drawn his book at the New York tracks. Grannan was reported \$50,000 winner on the season last July, but successive reverses put him to the bad.

Peter Maher—remember him?—is going to fight 15 pounds with Jack Williams, a strapping iron molder, near Philadelphia. For the graveyard championship, maybe.

The five leading pitchers, in their order, of the National League, are: Leever, Pittsburgh; Mathewson, New York; Ames, New York; Hildebrand, Pittsburgh; Wiltes, New York.

George Tebeau's scheme to put a third big league in the field, with rival teams in Washington and Brooklyn, caused one of the big magnates to suggest a commission to go over to Louisville to examine George's head.

When the Iowa University football team opens the season, Governor Cummings will kick off.

Joe Kelley claims the Phillies have about the strongest infield in the country.

Rube Waddell will probably carry off the strike out record in 1921.

Pitcher Lee, playing the outfield for Toledo, leads the American Association in home runs.

Dimesen wants to get away from the Boston Americans; says his pitching arm is affected by cold hub winds.

"For the life of me," says Jeffries, "I can't see a man on the fighting horizon worth fighting." Not that Jeff is looking for more scrap honor. He was merely discussing the game. Jeff says he could whip Hart, Johnson, Ruhlin and McCormick all in one night, one right after the other.

Jimmy Gardner, since his defeat of Buddy Ryan, is looking in on the welterweight championship. Gans should get busy.

John Clarkson, famous pitcher of old, is said to be in a Michigan sanitarium; nervous disorder.

W. W. Coe, famous shot-putter, has entered Michigan—putting the finishing touch on his year spent at Harvard, Oxford and other colleges.

Fohnny coaches say this year's crop of candidates for the football eleven is the finest in history of the school.

Wild rumor from Chicago says Comiskey will take next year's team south in a houseboat. When the team leaves river cities the boat probably will be mounted on wheels and propelled overland by gasoline motors. That is—if the pipe hasn't gone out.

Has Joe Gans gone back? The fight with "Twin" Sullivan would indicate as much. The showing he made hardly entitles him to consideration from Nelson, even if there were no objections to Al Herford by Nolan.

Center Fielder Dave Fultz of the New York Americans addressed a meeting of Gotham's Y. M. C. A. last week. Fultz is a conspicuous member of the organization.

Jack Reynolds, promising Harvard half-back, will play no more this season. In practice he tore loose the ligaments near the right knee-cap, and the doctors have ordered him out of the game.

The Japanese are expert polo players, and championship games may be arranged between English and Japanese teams.

Harvard's coach has introduced some novel innovations to reduce the big men who are candidates for the eleven. "A man can't play football with a big stomach," says Trainer McMasters.

Britt and Nelson will start east soon, and the Bane to visit his home near Chicago, and Britt to prepare for his ten-week engagement with a burlesque show.

Maybe there is something after all to Yale's claim of poor material for a football team. There isn't a 200-pounder among the candidates, and the men are all lightweights.

Columbia is going to put a lot of dependence on speed this season. The team as it now appears is one of the speediest of the season.

Mike Schreck is seeking a meeting with Marvin Hart or Gus Ruhlin. He would want to give away fifteen or twenty pounds to meet either man.

In one game this season Waddell struck out seventeen men. The best Mathewson has done was thirteen in one game.

Ed Barry says he will play no more baseball until the Boston American management increases his salary. His services are badly needed.

Bob Fitzsimons has been in the ring 265 times, according to his own statement.

Even Joe Gans seems to realize that battling Nelson is in earnest when he says he will not give the colored man a chance to meet him.

H. P. Whitney's Burgomaster is the premier 2-year-old, his victory in the Great Eastern handicap at Sheepshead Bay placing him above Mohawk II and Yankee Consul.

### DAN PATCH PACES MILE IN 2:01

ALLEN TOWN, Pa., Sept. 22.—Dan Patch, paced by two runners, with H. G. Herzy driving, went a mile in 2:01 at the Allentown Fair.

An hour later Dan Patch, hitched to a road wagon cut the pacing record of his sire, Joe Patchen, from 2:11 1/2 to 2:05. The quarters were made in 0:31, 0:32, 0:32 and 0:30.

The time of 2:01 made by Dan Patch beats the world's pacing record for a half mile track.

### AMATEUR GAMES

#### Games at Abilene

ABILENE, Texas, Sept. 22.—The first of a series of games played here Monday afternoon between Texas leaguers of Dallas and Abilene resulted in favor of the leaguers by a score of 5 to 1.

The second game, played Tuesday afternoon, between the same teams resulted in a score of 11 to 9 in favor of the Abilene team.

The third game, Wednesday, resulted: Dallas 5, Abilene 4.

#### New Golf Association

HAMILTON, Mass., Sept. 22.—The professional golf players who are here for the United States golf championship tournament have agreed to form an organization to join the Western Golf Association in creating what will be known as the United Professional Golf Association of America.

#### Decide Championship Today

HAMILTON, Mass., Sept. 22.—With scores of 156 each, Stewart Gardner and Alec Smith, the professionals at the neighboring Long Island clubs at Garden City and Nassau led the field of more than three-score players at the Myopia Hunt Club Thursday in the first of the two days' play of the open golf championship of the United States.

Arthur Smith of Columbus, Ohio, Alexander Campbell of Brooklyn and Gilbert Nichols of Denver were tied with 154.

Willie Anderson, the present champion, Walter J. Travis, the former champion, Joe Lloyd, the 1897 winner, and F. P. Barrett of Boston were all tied at 161. There were sixty-nine entries. The remaining thirty-six holes will be played today.

The following were the five lowest scores: S. Gardner of Garden City, Alexander Smith of Columbus, G. Nichols of Denver and Alex. Campbell of Brooklyn, 158 each.

Among the other leaders were W. J. Travis, Garden City, 161; A. H. Fenn, Palm Beach, 165; H. Turpie, New Orleans, 166; Will Smith, Mexico, 167.

## Over Half a Million SATISFIED CUSTOMERS

Do you think such an enormous business could be built up and continually increased, if our goods did not have exceptional value and merit? Do you think we could hold the trade of half a million people, if our reputation for doing exactly what we say wasn't firmly established? Do you think U. S. Senators, Foreign Ambassadors, Bankers, Business and Professional men in every section of this country would keep on using HAYNER WHISKEY if it wasn't all right? Do you think doctors would recommend it and hospitals use it, if it wasn't absolutely pure and unadulterated? Just think these things over carefully and then send us a trial order. Your money back if you are not satisfied.

Lack of Interest in Religion  
Disproved by North Fort  
Worth Service

The series of meetings now being conducted by Evangelist Sid Williams of San Antonio, under the auspices of the North Fort Worth Baptist church, continue to grow in interest, the attendance at the services of Thursday night being in such numbers that the people could scarcely be accommodated, although 100 additional seats had been added to the aisles of the large tent at the corner of Twentieth street and Ellis avenue, where the meetings are being conducted.

Today it is said that several hundred more seats are to be placed under the tent and extensive preparations are under way for the accommodation of the large number of people expected to attend the services Sunday.

At the service of Thursday night it is estimated that there were present members of every Baptist church in the entire city, as well as scores from other denominations. One feature of the services that is worthy of note is that among the congregations the number of men attending the services is much greater than of women. The song service of Thursday night included several specially requested solos by the singer, Dr. Brown. The greater portion of the singing is by the entire congregation, led by the choir. This gives the meetings the air of the old-time revival.

The subject of the discourse was "Hell and Eternal Punishment," handed by the evangelist in his usual vigorous style. Upwards of fifty persons stood for prayer at the close of the sermon and there were five additions to the church.

**School Insurance**  
Insurance for the new North Fort Worth school building was the subject of consideration by the school board, which met Thursday night. It is said that the amount of insurance to be taken out on the building will range from \$25,000 to \$35,000, but no definite steps have been taken in the matter. That North Fort Worth is entitled to second-class rates of insurance, by reason of having improved fire fighting devices in use by the fire department and having the requisite number of paid men on duty constantly was announced by the representatives of the various companies present at the meeting and was received with enthusiasm by the members of the board.

The contractors presented estimate No. 6, calling for \$1,562.52, which was allowed by the board.

Other routine matters were attended to and small time was left for the consideration of the program to be carried out at the dedication to take place Thursday, as announced in The Telegram of Sunday. It was decided, however, to request the mayor and several other prominent men to participate in the exercises. Other features of interest will be provided.

**Personal**  
Mrs. Dawson and daughter, Miss Cressie, have returned to their home in Stephenville, Texas, after a visit to Mrs. Bishop in Rusk street, North Fort Worth. Miss Ellen Hewett spent Wednesday in Dallas.

Miss Card of Denton, Texas, is the guest of her sister, Mrs. G. F. Coffey, in North Fort Worth, this week. Lester Osborn, who has been the guest of Mr. and Mrs. G. W. Maner in North Fort Worth this week, will return to his home in Denton, Texas, Monday.

**DRIVING PARK SITE  
FIXED BY DIRECTORS**  
Track Will Be Built North of Arlington Heights Boulevard, West of Frisco Tracks

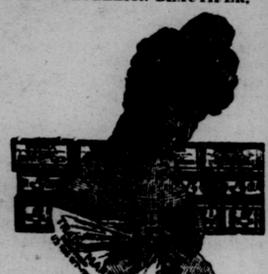

At a meeting of the directors of the Driving Club, held Thursday night, location of the park and stables was fixed upon a site of thirty acres north of the Arlington Heights Boulevard, just west of the Frisco tracks, rather than south of the city, as at first proposed. A lease for fifteen years will be taken upon the property, which is owned by the Evans. The Arlington Heights Traction Company makes a donation of \$500 to the club in consideration of the location and offers to extend its tracks to the park.

A committee was appointed, consisting of Messrs. Waggoner, Mason, Cantrell, Matson and Wood, to arrange for the track and grounds.

The club will be incorporated with a capital stock of \$10,000, and 400 shares will be issued. Securing of the charter has been placed in the hands of M. A. Spoons.

# For the Little Ones

## To Keep Their Digestion Perfect

Nothing is so Safe and Pleasant as Stuart's Dyspepsia Tablets

Thousands of men and women have found Stuart's Dyspepsia Tablets the safest and most reliable preparation for any form of indigestion or stomach trouble.

Thousands of people who are not sick, but are well and wish to keep well, take Stuart's Tablets after every meal to insure perfect digestion and avoid trouble.

But it is not generally known that the Tablets are just as good and wholesome for little folks as for their elders.

Little children who are pale, thin and have no appetite, or do not grow or thrive, should use the Tablets after eating and will derive great benefit from them.

Mrs. G. A. Crotley, 535 Washington St., Hoboken, New Jersey, writes: "Stuart's Dyspepsia Tablets just fill the bill for children as well as for older folks. I've had the best of luck with them. My three-year-old girl takes them as readily as candy. I have only to say 'Tablets' and she drops everything else and runs for them."

A Buffalo mother, a short time ago, who despaired of the life of her babe, was so delighted with the results from giving the child these Tablets that she went before the notary public of Erie Co., N. Y., and made the following affidavit:

Gentlemen: Stuart's Dyspepsia Tablets

were recommended to me for my two-months-old baby, which was sick and puffy and the doctor said was suffering from indigestion. I took the child to the hospital, but there found no relief. A friend mentioned the Stuart Tablets and I procured a box from my druggist and used only the large sweet lozenges in the box and was delighted to find they were just the thing for my baby. I feel justified in saying that Stuart's Dyspepsia Tablets saved my child's life.

Mrs. W. T. DETHLOPE.  
Subscribed and sworn to before me this 12th day of April, 1897.

HENRY KARIS,  
Notary Public in and for Erie Co., N. Y.

For babies, no matter how young or delicate, the tablets will accomplish wonders in increasing flesh, appetite and growth. Use only the large sweet tablets in every box. Full-sized boxes are sold by druggists for 50 cents, and no parent should neglect the use of this safe remedy for all stomach and bowel troubles if the child is ailing in any way regarding its food or assimilation.

Stuart's Dyspepsia Tablets have been known for years as the best preparation for all stomach troubles whether in adults or infants.

ORDINANCE NO. 939 An ordinance amending ordinance No. 922, entitled, "An Ordinance Establishing the Rates and Rules of the City of Fort Worth City Water Works," passed by the city council at a regular meeting held Dec. 4, 1904...

Section 1. That section 1, article 4, of ordinance No. 922, entitled, "An Ordinance Establishing the Rates and Rules of the City of Fort Worth City Water Works," passed by the city council at a regular meeting held Dec. 4, 1904, be amended to read as follows:

Section 1, Article 4. The water furnished to consumers by the Fort Worth city water works shall be charged for at the rate of 20 cents per one thousand gallons. The minimum amount of water charged for to a consumer shall be as follows:

A resident with a water closet without hydrant shall be charged for 1,250 gallons of water per month, and shall pay the sum of \$1.50 per quarter, which includes the meter rent.

All other services shall be charged for 3,000 gallons of water each month and shall pay not less than \$2.55 per quarter, which includes the meter rent.

In case where the consumer uses an excess of the minimum rate allowed in any month the said excess shall be collected each month.

Where there is more than one house or consumer on a single service line each house shall be provided with a meter and shall pay the minimum charge. Where more than one house uses water from the same hydrant each house shall pay the minimum rate, as provided above, except only one meter rental shall be charged.

When deemed necessary for the protection of the city a deposit of a sufficient sum to pay for one month's water may be required by the water works department where the consumption is greater than would be covered by the minimum meter rental.

Meters furnished by the water department shall be charged for at the following monthly rental:

Meters of size up to and including 1-1/4 inches, a rental of 25 cents per month. Of size larger than 1-1/4 inches, 50 cents.

Consumers failing to use the amount of water allotted to them by the minimum rate for any month cannot apply the amount not used to the succeeding month's supply.

Section 2. This ordinance shall take effect and be in force from and after its passage and publication, as required by law, and all laws or parts of laws in conflict herewith are hereby repealed.

**MORE BUSINESS FOR LOCAL BANKS**

**Territory Clearings Could Be Made Here**

**NOW GO TO KANSAS CITY**

**Disagreement Over Charges Is Likely to Result in Transfer of Accounts**

Since the action taken by the Oklahoma and Indian Territory bankers at Sulphur, I. T., at the beginning of this week, in virtually withdrawing from the Kansas City clearing house, the opinion has been advanced by Fort Worth bankers that this business could be handled through this city as readily as through Kansas City, and it is further asserted, the proposition which the Kansas City clearing house refused to accept from the bankers in the two territories would be considered a favorable business proposition by the bankers here, being such that a legitimate profit is believed to be afforded from its operation.

The proposition of the territory bankers, which was refused by the Kansas City clearing house, was one in which the territory bankers asked for a rate of 15 cents maximum and 10 cents for any fraction of money up to \$50.

C. H. Colvin, cashier of the American National Bank, says: "I see no reason why Oklahoma and Indian Territory banks should not use Fort Worth as a clearing point. The proposition which I understand the Kansas City clearing house refused to accept from the territory bankers involves rates that could be accepted with profit through Fort Worth."

It is learned that no active steps have been taken by the Bankers' Association in the territories as to the establishment of a clearing house with territory capital, but that the association would endorse such enterprise in the absence of any convenient and reasonable clearing point beside Kansas City. It has been suggested by them that it is quite possible for Fort Worth to acquire a direct interest in such enterprise, some going so far as to suggest its establishment here.

**Resolutions Passed**  
The Bankers' Association, during its

session, passed the following resolutions, which may be taken to be significant of the existing conditions with reference to the Kansas City clearing house:

"Resolved, That the resolution adopted and recommended by the executive committee in session at Guthrie, Okla., on Sept. 11, be not concurred in and that the proposition contained therein be rejected. Be it further

"Resolved, That we recommend the charge to be made to the Kansas City bank at 15 per cents \$100, with a minimum charge of 10 cents on all cash letters calling for returns, provided that said banks extend to us the same par facilities heretofore in force, and provided further, that in case their items are handled by their clearing house association, that each bank be sent its own items. It is further

"Resolved, That each bank be allowed the privilege of making any arrangements with the Kansas City correspondent that it may decide upon with them, and that we make no attempt to disturb any arrangements now in force or hereafter entered into between the members of this association and the members of their corresponding banks.

"Whereas, It has been the practice of the Kansas City Clearing House Association to use the express companies in making their collections on points that would not accede to their demands. Be it resolved, That in case the associated banks of Kansas City refuse to accept the proposition sent out in the foregoing recommendation (that is, 15 cents per \$100, etc.) and continue the practice of collecting through the express companies, it is recommended that all the members of this association withdraw all their business and balances from the Kansas City banks."

**Would Cost Little**

Comparatively little expense would be involved in the establishment of a general clearing house in this city. A city clearing house is already in operation, with the local banks as members. A room is occupied by this association in the rear of the First National Bank, with R. C. Martin as secretary.

Fort Worth clearings are made direct to correspondents. This city and Dallas are already the center of clearings for Texas points and it is entirely feasible to add the territories to this field.

**Would Increase Deposits**

Such action by the territory bankers would serve to largely increase the deposits of Fort Worth banks and also increase interest on daily balances. The amount of this advantage would, of course, be dependent upon the amount of clearing done through this place.

Another important item in the consideration of the matter is its connection with the grain trade. The development of Fort Worth as a grain center has already swelled the business of local banks in territory business, particularly from Oklahoma, many firms there having opened accounts here since the establishment of this city as grain center with headquarters of the state association. An advantage, it is pointed out, would be afforded the territories in ability to draw direct upon banks here for credits.

**BITTEN BY MOCCASIN**

PARIS, Texas, Sept. 22.—A youth named Harvey, living near Maxey, was bitten by a large moccasin snake Monday evening while swimming in Sanders creek with companions. He was unable to secure the services of a physician until the following day and has been in a critical condition since he was bitten.

★ ★ ★ ★ ★ ★ ★ ★ ★ ★

Alum baking powders are detrimental to health. In most foreign countries their sale is prohibited. In many states in this country the law requires that alum and alum-phosphate powders shall be branded to warn consumers that they contain an unhealthful ingredient, while in the District of Columbia, Congress has forbidden absolutely the sale of food that contains alum.

Alum baking powders may be distinguished by their price—one cent an ounce or from ten to twenty-five cents a pound.

**Jewels Stolen From House**

NEW YORK, Sept. 22.—Jewels valued at several thousands of dollars, it was discovered yesterday, have been stolen

from the home of H. Van Rensselaer Kennedy, in Hempstead, L. I. The articles were taken within the last two or three days in the absence of the family. It is

believed the jewels were taken while only two or three servants were in the house. Mrs. Kennedy did not report her loss. Dr. Ray, Osteopath, telephone 553.
