Grand Champion Barrow—Bob Hambright, 4-H.

Pen-of-3 Barrows bred by one owner—Billy Hambright, first and second; Bobby Baxter, third; Gordon Hambright, fourth.

(Continued on back page.)

Crop Committee To Be Set Up Today

Ben Quebe of Providence has been chosen chairman of a county-wide CROP committee for Floyd County and has called a meeting of all interested farmers, pastors and other citizens of the county to meet today (Friday) in the County Court Room at Floydada at 2 p. m. for the purpose of perfecting a county organization.

The purpose of the CROP committee is to promote the donation of agricultural products and canned goods to help feed the destitute children of war torn lands in cooperation with church organizations set up for the same purpose.

A. H. Kreis was elected treasurer and Bob Crowell, secretary of the county organization at the preliminary meeting last Thursday in Floydada. All those interested are invited to attend the meeting today.

County-Wide Tours Planned By Clubs

Two county-wide tours to homes of demonstrators in Home Demonstration Clubs in Floyd County have been planned for Tuesday and Wednesday, November 9 and 10. Tentative plans have been made for each days tour. They will start from the Extension Office in Floydada at 9:30 each morning.

Tuesday's itinerary is as follows: Mrs. W. H. Hilton (living room demonstrator) Sunnyside club (in Floydada) and Mrs. W. A. Lovell (Food dem.) Sunnyside club; Mrs. R. M. Stovall (living room) Friendship; Mrs. Sam Lide (Food) and Mrs. Orland Howard (living room) Dougherty; Mrs. Payne Roberts and Mrs. A. G. Cardinal (Food dem.) Baker; Lunch at Harmony club room. Afternoon: Mrs. Jim Bernard (living room) Harmony; Mrs. J. W. Day Jr. (living room) and Mrs. Harlan Day (Food dem.) Starkey; Mrs. Raymond Williams (living room) Homebuilders; Mrs. S. V. Allen (living room dem. for Lakeview) in Floydada; Mrs. Kate Collier (refinished furniture, Lockney club) in Floydada; and Mrs. G. N. Shirey (living room dem. for Sunnyside) in Floydada.

Wednesday, November 10: (Start from Extension office) Mrs. Woodrow Wilson (Food dem.) and Mrs. C. W. Burton, (living room) Center; Mrs. George West and Mrs. Wade Davenport (living room) South Plains; Mrs. G. E. Patterson (living room) Sterley; Lunch Sterley Club room. Afternoon: Mrs. Thurston Rankin (living room) and Mrs. Clyde Farish (Grade A Dairy barn) Lone Star; Mrs. Dave Mathis (Food dem.) and Mrs. Ben Brandes (living room) Providence; Mrs. Robin Byars (Food dem.) Pleasant Valley; Mrs. W. M. Knight (living room) and Mrs. Lynn Miller (Food dem.) Sand Hill; Mrs. J. M. McNeill (living room) Center; and Mrs. O. G. Glassmoyer (living room dem. for Dougherty Club) in Floydada.

Each person attending the tour should bring a covered dish for the noon lunch, and dishes and silver for serving. The clubs where lunch will be spread will furnish coffee and bread. The public is cordially invited to attend this tour.

Matadors To Come Here For Football Game Tonight

The district football contest between the Lockney Longhorns and the Matador Matadors will be played on the Lockney field tonight instead of the Matador field as originally scheduled it was announced recently by local school officials.

The game will be called at 8 p. m. tonight on Mitchell-Zimmerman Field in Lockney and the Longhorns will be seeking their sixth straight district win. The Matadors, on the other hand will be looking for their first win in district play, having lost four straight. Of course the Longhorns will be heavy favorites to whip the Motley county boys, but reports indicate that the Matadors have been improving lately in their football and they may be able to give the Longhorns a much closer battle than most fans think.

The Longhorns need only this game to clinch the district title since all other teams in the district have lost at least two games except Spur and the locals have already defeated that team. The Longhorns play their last district foe here on November 11, that being the Paducah Dragons. They could lose that game and still win the district, but aren't expected to have much trouble with the Dragons.

Results Last Week

In games last Friday night the Longhorns nosed out Floydada 15-12, Abernathy defeated Ralls 14 to 0, and Crosbyton whipped Matador 20 to 0.

Games scheduled this week include: Matador at Lockney

Paducah at Ralls

Abernathy at Spur

Floydada and Crosbyton have open dates.

The district standing is as follows:

Team	W	L	Pct.
Lockney	5	0	1.000
Spur	3	1	.750
Floydada	3	2	.600
Crosbyton	3	2	.600
Abernathy	2	3	.400
Ralls	1	3	.250
Paducah	1	3	.250
Matador	0	4	.000

Aged Mexican Lady Dies In Blaze

An aged Mexican woman, Senora Felicitas Garza Vda. de Ferna, perished Monday when fire destroyed the two story house on the W. L. Thomas place three miles southwest of Lockney where she was living.

Four families of Mexicans were occupying the house and working for Mr. Thomas, it was reported. Origin of the fire was uncertain, some reporting it started from a short in electrical wiring while others said that a kerosene stove exploded.

Apparently the dead woman's children attempted to remove her from the blazing structure, since three of them were suffering from burns on the hands. It was reported to The Beacon that she was ill and was occupying a bed downstairs when the blaze started.

The fire started about 4:30 and the Lockney Volunteer Fire Department was called but the house was destroyed before they could reach it. Justice of the Peace T. Z. Reed held the inquest late Monday.

The lady and her family were from Kenady, Texas, and had come here to help with the cotton harvest. Three sons, Pedro, Reynaldo, and Leopolda, and one daughter, Carmelita, are all here. Another son, Aurelio is in Kenady. Pedro, Reynaldo and Carmelita were treated for burns and the latter for shock at the local hospital.

Other families occupying the house included that of Anacleto Valdesa, his wife, seven children and grandchildren; Alfonso Escamilla and wife and 6 children; Jesus Flores and wife, three children and two brothers of the wife.

The clothing and most all other possessions of the four families were destroyed in the blaze.

The body was returned to Kenady Wednesday by the Carter Funeral Home. Funeral services were held there Thursday.

Mrs. Maurine Thompson and son, Tommie of Alice are here visiting her parents, Mr. and Mrs. Jim Watson.

Buried Wednesday

MILES NALL CLARK

Miles died suddenly Sunday afternoon, October 24, while playing at the W. E. Terrell home south of town. He was buried Wednesday of last week in the Lockney cemetery after services at the local Methodist Church. He was son of Mr. and Mrs. R. J. Clark and a student in the eighth grade here.

Mrs. King Elected Chairman Of County Home D. Council

Mrs. C. L. King of Lone Star was elected chairman of the Floyd County Home Demonstration Council effective January 1, 1949, in a meeting of that organization last Saturday, October 30, in the County Court room in Floydada. Other officers elected were Mrs. Lynn Miller of Sandhill Club, vice-chairman, and Mrs. J. B. Smitherman, of the South Plains Club, secretary-treasurer.

Mrs. Carrick Snodgrass, retiring chairman, presided over the meeting. Twenty-two members, five officers and ten visitors representing fifteen clubs were present as was Miss Leila Petty, county home demonstration agent.

Mrs. O. C. Vinson reported that the Center community had raised \$300 for the purpose of furnishing a room in the people's hospital at Floydada.

Mrs. W. C. Sims reported for the cannery committee that ten thousand cans of food had been canned at the Floydada cannery in September. She also reported that 100 families had been benefited through canning on the halves.

Mrs. Carrick Snodgrass was elected to represent the council as queen at a Town Hall program to be held in Floydada November 15.

Mrs. Raymond Teeple, Mrs. A. H. Kreis, Mrs. J. B. Smitherman, Mrs. C. A. Caffee and Mrs. George West attended the State Convention of The Texas Home Demonstration Association in Temple on October 14, 15 and 16. More than eight hundred club women attended the convention which used as its theme "Harmony in the Home—Peace in the World." The Floyd County ladies who attended brought inspirational reports to the council. Mrs. Raymond Teeple reported that each county was urged to stress music and a better radio listening program in its club work in 1949.

City Gets Delivery On New Fire Truck

The new fire truck, almost completely equipped was delivered to the City of Lockney Wednesday by Mr. Curry of Amarillo, representative of the Detroit Fire Apparatus Corp.

The new truck is on a Chevrolet chassis with a cab and has a 95 horse-power engine. The pump throws 500 gallons a minute and the truck comes equipped with a 200 gallon emergency tank. Equipment also includes 600 feet of new 2 1/2 inch hose, with all pipes and nozzles, emergency ladders, hand extinguishers, etc. The truck is highly recommended by the chief of the Amarillo Fire Department, it was said.

The cost of the truck was a little more than \$6,000 city officials said. The new home of the Lockney Volunteer Fire Department is nearing completion and will be ready for occupancy soon.

Truman Carries Floyd County, Texas And Nation

Harry S. Truman, despite the efforts of Republicans, Dixiecrats, Wallaceites, the Prohibition Party, the Socialist Party and the Gallup poll carried Floyd County, Texas and the nation as a whole in the general election Tuesday.

With all returns in for this county except two small boxes—Harmony and Goodnight—the totals showed Truman with 2110 votes, Dewey with 334, Thurmond with 119, Watson with 12, Thomas with 13 and Henry Wallace 1.

Late reports Thursday morning gave Truman a good chance to get 304 electoral votes to 189 for Dewey and 38 for Thurmond. In state returns Truman had 472,448 votes to 180,912 for Dewey, 64,911 for Thurmond, 2,329 for Wallace and 416 for Norman Thomas.

In the U. S. Senate race Johnson carried Floyd County easily but not as much as Truman. Johnson had 1863 votes to 612 for Jack Porter and 44 for Sam Morris.

Johnson had nearly two-to-one lead in the state over Porter in incomplete returns. The totals showed Johnson with 458,949 to 232,228 for Porter.

Other Floyd County returns showed Beauford Jester with 2331 votes for governor to 210 for Lane and 16 for Overholt. George Mahon had 2383 votes in this county for representative, 19th Congressional district, to 139 for Mohler D. Temple of Lubbock.

Amendments Carry

Reports Wednesday indicated that all eight constitutional amendments would carry in the state with the possible exception of number eight which was running very close but had a slight lead in favor. In Floyd County all the amendments carried by good majorities except the number eight which was defeated. Results of the voting in this county for each amendment was reported by County Clerk Margaret Collier as follows:

County Employees Compensation—For, 1041, against 551.

Legislative redistricting—For, 1170, against 285.

Community property partition—For 1063, against 350.

Gubernatorial succession—For 1004, against 300.

Homestead Exemption—For 1256, against 231.

County officer salaries—For 1048, against 370.

Advalorem Tax—For 855, against 370.

Judges retirement—For 536, against 821.

Annual Boy Scout Financial Drive To Be Made Monday

The annual drive for funds for the South Plains Council of the Boy Scouts of America will be held in Lockney next Monday, November 8. Members of the Lockney Rotary Club will make the drive here.

The money secured in this drive goes to pay for the maintenance of the Council headquarters and to pay salaries of field men of this area. Some money also is being used to improve camp sites at Camp Haynes near Silverton and at the Boy Scout camp near Post.

A big dam has recently been built across the draw at Camp Haynes and the result will be an 8 or 10 acre lake when the water fills the draw, it was reported. This has long been a popular camp site for Boy Scouts and has in recent years been given to the Boy Scouts by the Haynes estate.

New Minister For Main Street Church Arrives Thursday

The new minister for the Main Street Church of Christ in Lockney moved into the parsonage here Thursday. He is Mr. W. A. Record and comes here from Brownwood. His family consists of his wife and a daughter, Charlotte, 15 years of age.

Mr. and Mrs. C. C. Hackney visited Friday in Plainview.

Plans Taking Shape For Homecoming November 11

SOME STORES TO CLOSE THURSDAY

Some Lockney stores will probably be closed next Thursday, Armistice Day and Homecoming Day for ex-students of Lockney High School. The barber shops will close. The Beacon Office will probably be closed, and possibly others will close all day.

Other stores will close at noon and still others will be closed just during the football game in the afternoon. All stores have been requested to close for the football game from 2:30 until 4:00.

Kenneth Don Hill Is Buried Monday

Little Kenneth Don Hill, 4 year old son of Mr. and Mrs. James Hill, finally lost his fight for life against leukemia. The little boy who had patiently fought the ravages of the dread disease for almost a year, passed away Friday night of last week at the John Sealy Hospital in Galveston.

At one time his parents had hope that he would survive the disease. That was when he was carried to the Galveston hospital and treated with a newly discovered drug. His condition improved immeasurably and he finally recovered enough to be brought home. That was about three months ago. But his blood count fell again and he was returned to the hospital for further treatment about October 1. This time the new drug didn't seem to be effective and death came on October 29.

Kenneth Don was born in Lockney on December 8, 1943. He had lived all his life in this immediate area.

Funeral services were held at the Lockney Methodist Church Monday afternoon at 2:30 o'clock conducted by Rev. N. S. Daniel assisted by Rev. E. J. Cobb. Arrangements were in charge of Carter Funeral Home and burial was in the Lockney cemetery.

Survivors include his parents, one brother, Mickey Charles; his grandparents, Mr. and Mrs. E. C. Blackshear of Sunray, and Mr. and Mrs. Pat Hill of Lockney, and a number of aunts, uncles and cousins.

Spotted Rain And Showers Fall Sunday

Spotted rains and showers fell in West Texas Sunday afternoon and Sunday night, with some areas receiving only a shower while others were struck with downpours.

The local rainfall, according to the gauge kept by G. A. Barton, totaled .35 of an inch. Two showers fell, one measuring .25 and the other .10.

The Providence community received about two inches of rain, the Lone Star community one inch and South Plains one inch, it was reported to The Beacon.

West of Alken heavy rain fell, amounting to more than an inch and a half and caused a number of cars to slide into the bar ditch on Highway 70. Rain was so heavy for a short period that the auto drivers could not see where they were going, it was said.

Plains reported .26 of an inch and Floydada only showers. Amarillo had the heaviest rainfall, totaling 3.40 inches there. Rain was reported in the Silverton area and considerable crop damage resulted.

Shooting Firecrackers Prohibited By City

Your city officials request that everyone refrain from shooting firecrackers and sundries within the corporate limits of the city.

We are receiving numerous complaints from the sick and this also creates a fire hazard due to the dry leaves and grass at this time of year.

This will become an ordinance effective today.

Your City Officials
By G. M. Brunner, Mayor

Local Business Men Will Furnish Free Barbecue For Exes

Plans for the first annual homecoming for ex-students of Lockney High School are rapidly taking shape as the November 11 date draws near. Program, feed and parade committees are busy at work this week completing plans and making arrangements.

The business men of Lockney will furnish a free barbecue at noon on Thursday for the exes and their families. The meal will be served at the grade school cafeteria building here.

Beginning Monday morning, November 8, everyone is urged to dress western style and to turn their beards loose for the remainder of the week.

On Wednesday night a homecoming bon fire will be held just west of the high school building and everyone is cordially invited to attend.

At 10:00 Thursday morning registration of the ex-students will begin at the high school building. This will continue until 12:30 p. m. All ex-students must register and receive badges prior to the barbecue for only those who have badges will be permitted to attend the free barbecue, officials said.

Following the barbecue a parade will be held starting at 1:30 and featuring the Lockney High band, floats by business, professional and civic organizations. Those who plan to have floats in the parade are requested to notify George Atwood, band director, who is in charge of this event.

Feature of the homecoming day will be the football game between the Lockney Longhorns and the Paducah Dragons, the two teams who last year shared the District 3A grid crown. It was the Paducah eleven who knocked the unbeaten ranks last season and the Longhorns will have blood in their eyes this year to avenge that defeat. They are expected to enter the homecoming game with a perfect district record—six wins and no losses.

Incoming correspondence is indicative of the interest that is being manifested in the first homecoming and ex-students from at least seven different states of the nation have signified their intention of being present. Exes from Illinois and New Jersey will rival each other for the prize offered for the one traveling the greatest distance to the festivities. States other than Texas which also definitely will have representatives are New Mexico, Arizona, Colorado and Oklahoma. Possibly other states will also have representatives here.

It was emphasized that all former residents of the area will be welcomed to the homecoming day. However, the barbecue will be limited to ex-students of Lockney High School. This does not mean just those who have graduated from Lockney High but includes all ex-students whether they are graduates or not. Supt. Sidney Reeves said Thursday.

Weekend visitors in the Ed Whitfill home included Mrs. George Barows and daughters, Betty Barrows, Mrs. Bill Kreutich, all of Santa Fe, N. M. Mrs. Carl Bullock and Sue of Briceland, Calif. Mrs. Lee Floyd and granddaughter, Donna Newson of Brownfield.

Sturdy Express Wagon For Junior to Have

IF YOU want to make some little boy happy and at the same time develop his interest in woodworking, build one of these sturdy express wagons from the full size pattern offered below. It is easy to build.

Pattern is merely traced on the wood specified. Use then saws and assemblies exactly as and where the pattern indicates. Full size patterns—step-by-step instructions and numbered assembly illustrations take all the mystery out of building. All materials can be obtained at your local lumber yard. No special tools are required.

Send 35c for Pattern No. 46 to East-Bldg Pattern Company, Dept. W, Pleasantville, N. Y.

A cheerful Christmas note is the news that your Christmas budget can be made to perform wonders with little time and effort. Just write down the names of friends who smoke; then visit a neighborhood dealer. He'll be well stocked with gay cartons of mild, flavorful Camel cigarettes and pound tins of mild, mellow Prince Albert Smoking Tobacco—the National Joy Smoke. Both gifts come ready-dressed in colorful Christmas containers. You can even dispense with the usual fussing with cards, due to the novel space provided for personalized season's greetings on the wrappings of both items. Your budget will like these modest gifts. And your friends are certain to welcome holiday-sent Camels and Prince Albert! (Adv.)

Beware Coughs From Common Colds That HANG ON

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

Relieves Distress of MONTHLY FEMALE WEAKNESS

Also Helps Build Up Red Blood! Do female functional periodic disturbances make you suffer pain, feel so nervous, irritable—at such times? Then try Lydia E. Pinkham's TABLETS to relieve such symptoms. Pinkham's Tablets are also very effective to help build up red blood in simple anemia.

Lydia E. Pinkham's TABLETS

That Nagging Backache

May Warn of Disordered Kidney Action
Modern life with its busy and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—often heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pain, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by graders, urologists everywhere. Ask your neighbor!

DOAN'S PILLS

Breeding Lambs At Very Low Figure

COLLEGE STATION.—The lamb situation looks a little different for the coming year.

During recent years, and especially since the war, sheep raisers have been sending a bigger share of the lamb crop to the slaughter houses than they used to. At the same time they have kept back a smaller number for breeding purposes—to use in flock replacements.

C. H. Bates, extension farm management specialist of Texas A. & M. College, says that with the prospective winter wheat acreage high and with a good supply of moisture in the sheep raising areas, lambs will be in pretty strong demand to put on the wheat pastures. And most ranchmen expect to hold back more ewe lambs than usual this coming year.

A relatively higher price for both mutton lambs and wool than was received a year ago along with lower feed costs point toward a big increase in next spring's lamb crop.

On Texas farms and ranches last January there were just over 7 and

a half million sheep and lambs. This was a record low, says Bates.

USDA economists say that the wool clip was the smallest it has been in the last quarter of a century. Farmers and ranchmen have averaged about the same amount of wool per fleece as usual, but they just didn't have as many sheep to shear. Sheep numbers can only increase if more lambs are kept for stock purposes. With the high prices of meat, farmers and ranchmen have sent more of their lambs to market than in past years, and have kept fewer for breeding stock.

Lamb prices have tended to go up right along with other meat prices, say the economists, but the sheep business depends on the profits from both wool and lambs. And the rise in wool prices has not been as much as the meat price rise during the past several years.

This is why the sheep raisers have kept so few lambs for flock replacements, says Bates, and sheep numbers are now the lowest in 75 years of record.

Decalogue is the name given the Ten Commandments.

National Flower Week

National Flower Week is being observed for the fourth time this year, the week of November 7-14, to pay tribute to flowers and what they mean in our everyday lives. Mums are at the height of their glory this week, along with football games. In the language of flowers, mums mean "You're a wonderful friend."

According to the Society of American Florists, almost every flower has a meaning of its own. Red roses say "I love you," gladioli plead "Please give me a break," and pink carnations promise "I'll never forget you." Orchids say "Lady, you're beautiful," and sweet peas, "Thank you for a lovely time."

Providence News

Mr. and Mrs. Ralph Brown and girls of Ruidoso, N. M. visited in the Providence and Prairieview communities last week.

Miss Shirley Brown of Ruidoso, N. M. spent the week end with Miss Dolores Brown.

Mr. and Mrs. Jackson of Lubbock were week end visitors in the home of their daughter, Mr. and Mrs. B. H. Quebe.

Little Jimmie Dean Buth, son of Mr. and Mrs. Bill Buth is back in school, after undergoing a tonsillectomy at Plainview.

Mr. and Mrs. Walter Sammann and girls visited relatives in Slaton and Idalou on Sunday.

Quite a large number of this community attended the Lockney-Floydada football game on Friday night, which we think was again a very good game. The score being 15-12 in favor of Lockney.

Patsy Brown of Ruidoso, N. M. spent last week visiting in this community as guest of her school chum friends, Dolores Sammann, Focine Roedecker, Maebeth McLaughlin and Janice Mathis. She also visited school, returning to her home on Sunday.

Rev. and Mrs. H. Anderson and son Davey, visited with Mr. and Mrs. Walter Sammann and girls on Wednesday evening.

Mr. and Mrs. Milton Schuette and son of Idalou, were visiting in the home of Mr. and Mrs. Martin Schuette and children on Friday.

This community received a very nice rain of 1.70 inches on Sunday afternoon, which should be a big benefit for the wheat farmers.

A large crowd turned out for our Halloween Carnival Saturday evening, Oct. 30. Proceeds from this will help furnish our club room.

Mr. Sam Jones has been on the sick list the past week.

Mrs. Ben Brandes and Mrs. M. C. Scheele attended the Cooking School at Plainview last week.

Mrs. Evaloe Reed of Lockney visited with her parents, Mr. and Mrs. Ben Brandes on Sunday. Mrs. Reed is a private nurse at the Lockney Co-op hospital.

Mr. and Mrs. Arthur Sammann and Yvonne of Tulla visited in the Providence community on Saturday.

Mr. and Mrs. Leslie Ferguson attended homecoming at WTSC, Canyon Saturday.

Mrs. Hilburn Casey and Mrs. Harmon Handley spent one day last week in Plainview.

On March 21 and September 22, the nights and days are of equal length all over the world.

RADIATORS CLEANED AND REPAIRED

Winter will soon be here and for protection of your car your radiator should be in good condition. Let us clean and repair it for you now before cold weather.

Demonstration Clubs Study Foreign Lands

A study of the different countries of the Americas was presented by Home Demonstration Clubs in a county-wide meeting at the court house in Floydada Wednesday. Each club had previously presented a study of the country they had chosen in their September meetings. The county-wide meeting was to give all other clubs the benefit of the information they had gathered together about these countries. Countries studied from Greenland on the North to Argentina on the South.

The day's program was planned by the Education-Expansion Committee of the County Home Demonstration Council. The committee is composed of Mrs. C. L. King, Lone Star, Chairman; Mrs. R. S. Harless, Starkey, Precinct I; Mrs. Otho Sanders, Starkey, Precinct II; Mrs. J. B. Smitherman, South Plains Precinct II; and Mrs. J. W. Smith, Lakeview, Precinct IV. Mrs. King presided at the meeting.

Mrs. Ruth Daniels of Dougherty gave a very informative paper on Nicaragua. Its geography, the people and customs and other facts about the country were interesting to all. The foods of the people were especially interesting.

Mrs. J. L. Heims of the Center Club discussed Venezuela which is especially important for its vast oil fields.

Uruguay was the country chosen by the South Plains Club and ably discussed by Mrs. R. C. Guest. "Uruguay has a democratic form of government and if the people don't vote in elections they are fined," was one of the especially pertinent remarks made by Mrs. Guest.

Panama was presented in a clever radio interview by Mrs. Ray Smith and Mrs. Poyner Roberts of Baker. Mrs. Smith posed as "Mr." Smith and was the interviewer and questions about the country of Panama was answered by Mrs. Roberts. Mrs. Roberts showed a rug made of llama skins which had been sent from Panama.

Greenland was discussed by Mrs. A. H. Kreis of Friendship. Greenland is a vast island covered almost entirely with an ice sheet and inhabited mostly by Eskimos. On this island are the farthest fields north in the world. Mrs. Kreis had a map to show the location of Greenland.

"A beggar sitting on a sack of gold" was the way Mrs. S. J. Latta of Sunnyside described Mexico, the country her club had studied. In addition to her discussion of the country, which included the fact that Mexico produces a third of the world's silver, Mrs. Latta showed some handwork from Mexico which included primitive pottery and baskets; drawnwork, and a silver pin from the silver mines at Tasco.

Mrs. J. P. Moss of Homebuilders discussed Brazil. Brazil is unique in that many city streets are paved with iron ore. Portuguese is the national language of Brazil instead of Spanish as is the case with other countries. Diamonds are interesting products of this country.

The Guianas were discussed by Mrs. G. W. Smith and Mrs. R. L. Nichols of Lakeview. In these countries are the highest waterfalls in the world. The French Guiana is a penal colony for France.

The Lone Star Club studied Chile, and they had some first hand information from this country which was given by their guest, Rene Costello Fernandez, whose home is in Temuco, Chile. Mr. Fernandez is an advanced student at Wayland College. His talk was most interesting.

The country of Paraguay was studied by Harmony and was presented by Mrs. Charles B. Smith. Before discussing Mrs. Smith added information about Chile as seen from the viewpoint of her sister who has lived there many years. She said the status of women is higher in Paraguay than in other South American Countries. They have had so many wars the men have been killed off so they are outnumbered.

Facts about Argentina were given by Mrs. S. L. Holmes, Sr. of Starkey. Mrs. R. S. Harless gave everyone a little test to see how many countries each could locate on a map of South America. Those who knew most about their geography were Mrs. H. L. Marble of South Plains, Mrs. Charles Smith of Harmony, and Mrs. Sula Julian of South Plains. Prizes were products from South America: a pound of coffee, bananas, and chocolate bar.

A covered dish luncheon was served at noon in the Extension office kitchen.

Those present were Mmes. Raymond Evans, J. D. Eaves, J. P. Moss, P. F. Bertrand, O. G. Mayfield, W. A. Cates, J. E. Horton of Homebuilders; William Culppepper, Rafe Ferguson, R. S. Harless, J. K. Holmes of Starkey; A. H. Kreis, Lee Rushing

of Friendship; Ray Smith, Poyner Roberts of Baker; S. J. Latta, W. A. Lovell, W. H. Hilton, Sunnyside; John Smitherman, R. C. Guest, Harry Hartman, Geo. Veast, Art Willis, H. L. Marble, Sula Julian of South Plains; A. M. Dorsey, Pleasant Valley; Chas. Trowbridge, Charles B. Smith, Mather Carr of Harmony; J. L. Heims, Center; R. L. Nichols, G.

W. Smith, Lakeview; Ruth Daniels, C. W. Bartlett, Dougherty; C. L. King, Clyde Parish, Herman King, Ben McGhee, Lone Star; Miss Leila Petty County Home Demonstration Agent, and Mr. Fernandez.

Dr. and Mrs. D. R. Foster attended the Tech-Rice football game at Lubbock Saturday.

How To Control Peach Tree Borer

COLLEGE STATION.—It's the peach tree borer again. He does an awful lot of damage, but it doesn't take much to stop him before he gets started. And this is the time of year he starts working, says C. A. King, associate extension entomologist of Texas A. & M. College.

Just clear the grass and weeds from around the tree trunk and build the ground level up a little. Pour one-half pint of diluted ethylene dichloride emulsion on the ground around the mature bearing trees. For the younger trees just 2 to 4 years old, use only one-fourth of a pint, and cover the liquid with a few shovelful of dirt.

You'll find directions for diluting this stock solution on the manufacturer's container. And the material may be applied any time after the leaves shed in the fall until early April if the temperature is above 45 degrees and the ground is not too wet.

Another good control of the peach tree borer is paradichlorobenzene crystals. Just break the soil crust from 15 to 18 inches around the tree and clear out the grass and weeds. Then sprinkle the crystals in a circle around the tree about two inches from the base. One ounce is enough for mature trees, but sometimes one and a half ounces is needed for extra large trees. For trees 3 to 5 years old use three-fourths of an ounce, and for younger trees sprinkle around about one half ounce.

Cover the crystals over with soil as soon as they have been sprinkled around, and pack the dirt with a shovel. The best time of year to apply these crystals is between October 20

CHIMNEY SWEEP ON MISSION TO MOSCOW . . . Because he had lost all faith in formal diplomacy and striped-pants negotiators for peace, Arthur Cuttriss, 43-year-old London chimney sweep, appointed himself ambassador of the working man and started to plan his own mission to Moscow. Cuttriss (left) is shown with Lewis Rothwell, a bobbin-winder, as they called at the Russian consulate in London to see about visas. He hopes that a man-to-man talk with Stalin will settle the whole problem of world peace. The two "envoys" will use this little car for the trip to the Russian capital. They're taking along a change of clothing and three extra gallons of gas.

and November 15.

After about six weeks, tear down the mound of earth and remove the crystals, says King.

Either the ethylene dichloride or the paradichlorobenzene crystals will give a good control of the peach tree borer.

By Mrs. M. B. Salmon

Mr. and Mrs. Jesse Starkie and children visited Mr. J. E. Hampton and Nell last Monday night.

Mr. and Mrs. M. B. Salmon visited Mr. and Mrs. Lawrence and Charlie Andrews Monday night.

Mr. and Robert Barnett recently moved to Lockney.

Several ladies from this community attended the cooking school at Plainview last week and enjoyed it very much.

Mrs. H. C. Copeland gave a Stanley Party Thursday afternoon. Those attending were: Mrs. L. L. Scott, Mrs. Delbert Rose, Mrs. J. R. Hurst, Mrs. J. C. Thomas, Mrs. M. B. Salmon, Mrs. A. C. Bogle, Mrs. J. B. Ellerd, Mrs. C. C. Fish and Mrs. D. A. Wade besides the demonstrator Mrs. Asters and her daughter-in-law from Floydada.

Mr. J. E. Hampton and Nell visited Mr. Joe E. Hampton and family of Amarillo last week.

Mrs. Edd Gordon is visiting in Arizona this week.

Mrs. Wiley Moore spent Friday night, Saturday and Sunday night in Plainview at Mr. and Mrs. Arch Keys Jr. She taken care of Little Jimmie and Janice while their parents attended the homecoming in Lubbock.

Little Charlott Warren spent the weekend with her grandparents, Rev. and Mrs. Howard Martain.

Mr. and Mrs. Oscar Lucas have gone to Graham for medical treatment.

Mr. and Mrs. H. C. Copeland and family visited friends and relatives hereford Sunday.

Mrs. Butch Tucker and Mrs. Sam Moore's youngest son and his friend were guests in home of Mr. and Mrs. Sam Moore over the weekend.

Mrs. Floyd Compton and Mrs. Howard Martain visited Mrs. Pernice Swear at Plainview Hospital last Tuesday night. She is ill with leukemia.

Mr. and Mrs. Ivan Thompson visited Mr. and Mrs. Bill Wesley Sunday afternoon.

David Martain visited Sunny Scott Sunday.

Mr. and Mrs. M. B. Salmon and Miss Juane'l Martain were dinner guest in home of Mr. and Mrs. Floyd Compton Sunday.

Mr. and Mrs. Connie O'Brien visited friends at Lamesa over the week end.

Mr. and Mrs. Arch Keys Jr. and family were dinner guest Sunday in home of Mr. and Mrs. Wiley Moore.

Mr. and Mrs. Ruel Cook and children of Los Alamos, N. M. spent Friday night in the home of Mr. Cook's sister, Mrs. Leslie Ferguson, Mr. Ferguson and girls. Saturday the Cook family visited in Canyon and attended WTSC homecoming.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.

Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

DOAN'S PILLS

Plains High In Farm Income

AUSTIN, Texas.—Texas farm cash income totaled \$230,550,000 in September, climbing 24 per cent above August, the University of Texas, Bureau of Business Research reported.

In comparison with September 1947, farm income slid 5 per cent, reflecting decreased sales of cotton, wheat, hogs, sheep, and mohair.

Farm income stepped up seven-fold from August in Trans-Pecos, and more than doubled in Red Bed Plains and Southern High Plains.

On the other hand, farm income decreased sharply from August to September in the Lower Rio Grande Valley, Southern Texas Prairies, South Texas Plains, and Coastal Prairies.

Cotton brought Texas farmers \$120,063,000 in September, for the greatest source of income. Second, cattle sales totaled \$27,466,000.

The Grand Prairies District turned in \$80,416,000 in September, and the Red Bed Plains' income, totaling \$26,731,000, was second highest in the State.

From a year earlier, farm income

stepped up from 2 to 45 per cent in the Trans-Pecos District; East Texas Timbered Plains, Red Bed Plains, Western Cross Timbers, and Black and Grand Prairies. Other districts turned in decreases from a fractional dip in Edwards Plateau to an 85-per cent drop in the Lower Rio Grande Valley.

For the first nine months of 1948, farm income totaled \$1,110,949,000, or 5 per cent below a like period in 1947. Declines were recorded by Southern High Plains, 43 per cent; Red Bed Plains, 21 per cent; Western Cross Timbers, 7 per cent; and Lower Rio Grande Valley, 4 per cent. Other districts turned in gains from 1 per cent in Southern Texas Prairies to a 25-per cent rise in South Texas Plains.

The greatest rise of the ocean's tide at any one point is 50 feet.

Lamb Feeding Experiment In Progress At Tech

LUBBOCK—The third and final phase of experimentation in lamb feeding will begin at Texas Technological college in November under the direction of R. C. Mowery, professor of animal husbandry and assistant head of the department. Approximately 112 days will be required to complete the experiment which is being conducted with 105 grade Rambouillet lambs. The two comparisons being made

in the survey are between Martin milo and Plainsman milo, and in the harvesting of Martin milo in the fields with lambs.

Carroll Wilson, a graduate student from Lubbock is conducting the experiment under Mowery's supervision. Findings of the two previous tests together with the final survey will be presented in Wilson's thesis material.

Dairy farmers are losing 50 million dollars worth of milk a year due to brucellosis. That doesn't count nearly two hundred thousand calves that would have made about five million dollars worth of veal.

Longhorns Near District Title By Defeating Winds

The Lockney High Longhorns took a step nearer the title of gridiron champions of District 3-A last Friday night by defeating the Floydada Whirlwinds on the Floydada field. The score was 15-12.

The Longhorns dominated the play most of the way and had a much larger edge in statistics than the score would indicate. The Whirlwinds were held to practically no gains in the first half while the Longhorns were racking up their 15 points. However in the second half the Whirlwinds blew hot while the Longhorns were blowing cold and the county capitol boys slipped across two touchdowns, one coming on a pass interception and a 75 yard run by Bishop and the other set up on a long pass completed from Jeter to Handley.

However, the Longhorns threatened to score just as the half was ending and was on the Whirlwinds five yard line with three downs to go when the game ended.

The Beacon's statistics showed that the Longhorns gained 292 yards from scrimmage while the Whirlwinds were gaining 80. Of these totals 172 came in the first half for the Longhorns and 110 in the second half. The Whirlwinds gained seven yards in the first half and 73 in the second half. The Longhorns lost seven yards from scrimmage for a net of 275 while the Whirlwinds lost 16 yards for a net of 64 yards.

Further statistics showed 12 first downs for the Longhorns to three for the Whirlwinds. The Longhorns attempted eight passes, completed two and had one intercepted. The Whirlwinds attempted seven passes, completed two and had three intercepted. The Longhorns gained 14 yards with passes while the Whirlwinds gained 52 yards the same route.

The Longhorns were penalized seven times for 35 yards while the Whirlwinds were penalized three times for fifteen yards.

The largest crowd in District 3-A history watched the game Friday night. An estimate crowd of 3,000 people paid a little more than \$1700 to witness the gridiron struggle.

Lockney's two big tackles, Delbert Shearer and Ewell Dee Kelley came in for their share of praise on pass defense, each of them intercepting a Floydada pass. Donnie Bybee, center, also intercepted a Whirlwind pass, giving the Whirlwinds three interceptions out of seven attempts with two completions.

Calvin Pyle shared offense honors with Jerry McCulloch, Jack Cole, and Jimmy McGowen. Pyle, left end, hasn't carried the ball much this season but he carried it five times Friday night, making one score and nice gains on other plays. McCulloch did a large part of the ground gaining with his hard running. McGowen also did some nice running, while Strickland at his blocking back position was clearing the way for his teammates.

Here's an action report of the game:

The Longhorns won the toss and chose to receive. The kick was returned to the Longhorn 28 yard line. The locals made 4, 5 and 5 for a first on the 42 yard line, made eight in three plays and kicked to the Floydada 31. The Whirlwinds made one, lost three, completed a pass for five, and then kicked over the goal line.

The Longhorns took the ball on the 20, and despite a five yard penalty made a first down on the 33, made 6 on the next play and then Jerry McCulloch broke loose to the Floydada 33 before being downed. Three plays made first on the Floydada 16. The Longhorns then made 8, were penalized five, lost one, made 5 and lost one with the ball going over to the Whirlwinds on the 11 yard line.

On the first play from scrimmage the Whirlwinds lost four, made nothing and then Jeter, on an attempted pass from a spread formation, was hit by Calvin Pyle and Charles Hammitt behind the Whirlwind goal for a safety and two points for Lockney.

The Whirlwinds chose a free kick following the safety and Pyle took the ball back to the Floydada 39 yard line. They made 1, completed a pass to the 29 for a first down, made another first on the Floydada 18, a third on the Floydada four and McGowen rammed the ball over for the score. He missed the point however, the kick being wide.

The Whirlwinds received and returned to their own 33 yard line. They made 2 and then on an attempted pass the ball was slapped and tackle Delbert Shearer grabbed it out of mid-air for the Longhorns on the Floydada 31. The Longhorns made four, had a pass incomplete and then Calvin Pyle, on an end around play carried to the Floydada 10. The Longhorns made one, nothing and then Pyle came a round again to carry the ball over for the score. McGowen kicked the point this time and the score was Lockney 15, Floydada 0.

The Longhorns, not content with this, almost scored again before the half time period came.

The Whirlwinds received and returned to their own 34. They made four, were penalized five, and then threw a pass which Donnie Bybee intercepted and returned to the Floydada 11. On the first play the Longhorns were penalized five, they made 4, and had two incomplete and then completed one, McCulloch to McGowen for five yards, but the Whirlwinds took the ball on their own 6. They kicked to their own 48 yard line as the half time period came up.

Longhorn Resurrected
The Longhorn Band and Pep Squad put on a show at the half resurrecting a Longhorn who, it was reported, had been buried at the Whirlwind pep rally Thursday night.

The Whirlwind Band gave an impressive drill featuring a twirling baton affair on each end. The lights were turned off during this demonstration.

The Whirlwinds received the kick off at the start of the second half, returning to their own 37 yard line. They failed to make 10 and kicked to the Longhorn 32. The Longhorns were penalized 5, had a pass incomplete, made 21 yards, lost one and kicked to the Floydada 33.

Jeter broke loose to the 50 yard line for the Whirlwinds first first down of the game. They failed to make 10 on the next series of downs and kicked to the Longhorn 29. The Longhorns made 3 and then McGowen broke loose to the Floydada 42 yard line before being downed. The Longhorns made a first on the Floydada 29 and then on a short pass into the flat zone, Bishop came in fast and intercepted the pass for the Whirlwinds, running 75 yards for the score. The point was missed and the score was Lockney 15, Floydada 6.

The Longhorns received and returned to the Longhorn 35. They were penalized five yards, made 13 and kicked out on the Floydada 36. The Whirlwinds made a first down on the 50, failed to gain and kicked over the goal line, the Longhorns taking the ball on the 20.

They made a first on the 37, failed to gain and kicked to the Floydada 45. The Whirlwinds had one pass incomplete and then Jeter dropped back and passed to Handley who ran to the Longhorn eight before being downed. In three tries the Whirlwinds carried the ball over for the score. The point was missed and the score stood Lockney 15, Floydada 12.

The Longhorns received and returned to their own 39 yard line. They made six, were penalized five and kicked out on the Floydada 29. The Whirlwinds were penalized five, and then Kelley intercepted a pass returning it to the Floydada 26. They made a first on the Whirlwind 10, and then drove to the Floydada five. Here the final whistle blew.

Don't throw the celery tops away. They can be saved and chopped up fine or dried for future use in soups, stews, creamed vegetables, dressing or vegetable loaf.

You don't have to be a fisherman to miss a good catch because of a weak line.

Scientists are seeking a substitute for gasoline. The surest one we know of is a pair of shoes.

Master Cleaners

Save \$30. PER BALE
IN COTTON HARVESTING COSTS

with a JOHN DEERE TWO-ROW COTTON HARVESTER

The easiest way to boost your cotton-growing profits is to use a John Deere No. 15 Two-Row Cotton Harvester. Based on 1947 labor cost, it saves \$30 or more per bale over hand pulling . . . does an excellent job in any crop that's suitable for mechanical stripping.

Handling two forty-inch rows at a time, the No. 15 does a clean, efficient once-over job of saving bolls. Its work is considered by many gin operators superior to cotton stripped by the average hand puller.

With the John Deere, you, too, can make short work of your harvest . . . get all your cotton to the gin before bad weather causes crop losses. For details, see us the next time you're in town.

We have hookups to mount the Harvester on John Deere tractors Model A, B and G, and on IHC tractors, model H and M. They can also be installed on certain other types of tractors.

A small deposit will hold one of these harvesters until you are ready for it. We will come and get your tractor, install the cotton harvester and deliver it back to your farm at no extra cost. There were approximately 40 of these machines sold in the Lockney trade territory last year and we can supply you with the names of the purchasers if you wish to talk it over with someone who bought one last year.

La Ventana Study Club Meets

Mrs. Ben McGhee was leader on a musical program at a meeting of the La Ventana Study Club Tuesday afternoon at the home of Mrs. Bill Johnston. Mrs. McGhee gave a "Brief History of Music." Mrs. Clyde Parish spoke on "The Power of Music."

Mrs. Herman King and Mrs. McGhee sang "The Bells of St. Mary's" and "Love and Grow."

Mrs. Parish played "Prelude in A major," Chopin, and "My Happiness."

Members attending were: Mesdames Clyde Baxter, Jack Brian, Clyde Parish, Hubert Frizzell, Vestal Hastings, Herman Huffman, Albert King, Herman King, Clois King, T. S. McGeebe, Ben McGhee, Joe Reeves, Robert W. Smith, and the hostess Mrs. Johnston.

The next meeting will be with Mrs. Hubert Frizzell on Nov. 9.

B & PW Club Give To Worthy Cause

The regular meeting of the Lockney Business & Professional Women's Club was held Tuesday evening in the studio of Mrs. Lucy Dean Record, with Mrs. Wanda Baker presiding.

The matter was discussed and it was voted to give \$25.00 to the Home Economics girls to help purchase new furniture for the club room. The club also voted to contribute to the Minnie L. Maffeth fund and the Chinese nursing fund. It was suggested by the committee in charge that pie and coffee be served at the Thanksgiving party instead of the traditional turkey and that the money saved be given for some worthy charity. This was discussed and it was voted to divide the money equally between the Red Cross and the infantile paralysis fund.

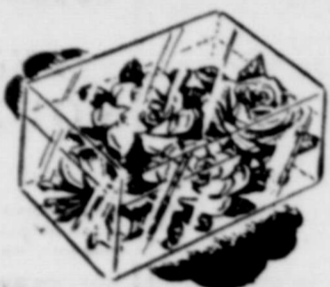

A new member was voted into the club.

The meeting was then turned to Mrs. Wynona Allison who gave a short talk on work of our legislature.

Those attending were Miss Hazel Guerry, Meses. Imogene Hoff, Frances O'Hearn, Faye Messer, Rex Jackson, Edna Mae Honea, Clara Copeland, Margaret Dorman, June Iybee, Wilma Brown, Mary Ida Rose, Wanda Baker and the hostesses, Wynona Allison, Bernice Miller and Lucy Dean Record.

Mr. H. B. Harris and son, Dick, Mr. and Mrs. Fred Payne of Belin, N. M., spent Sunday with Mr. and Mrs. C. C. Mason.

Wayne Weathers Weds Wyoming Girl

Wayne Weathers and Miss Juanita Irwin of Lyman, Wyoming, were united in marriage on October 18 at Grand Junction, Colo.

Wayne is the son of Mr. and Mrs. Clayton Weathers of Lockney. He was reared here and is a graduate of Lockney High School with the class of 1939. He served three and one half years in the Navy during the war and a few months after his discharge began work for a pipe line company in Colorado where he is still employed.

Mrs. Weathers is formerly of Colorado, where she lived most of her life. The couple are making their home at Lyman for the time.

El Progreso Club Met Wednesday

The El Progreso study club met in the home of Mrs. Laura Stapleton Wednesday, October 27.

Roll call was answered with "A New Word for your Vocabulary."

Lovely refreshments were served to eleven members. The next meeting of the club will be in the home of Mrs. Hershel Carthei on November 10.

Providence H. D. Club Met Tuesday Oct. 26

The Providence H. D. Club met on Tuesday Oct. 26 at 2 p. m. with Mrs. Ted Boedeker as hostess.

After roll call, Mrs. Bill Buth, president, filled out a list on different subjects that club members did the past year, to help improve homes, gardens, and landscaping of yards.

Mrs. Martin Schuette and Mrs. Walter Sammann assisted by the hostess Mrs. Ted Boedeker served quick breads and spiced tea to Mesdames Ben Quebe, Helmut Quebe, B. J. Quebe, L. B. Brandes, Ben Brandes, Norman Smith, Dave Mathis, J. W. Mathis, Harold McLaughlin, M. C. Scheele, H. Anderson, R. C. Matthews, Bill Buth, Sam Jones, and Charlie Boedeker. The next meeting will be Tuesday Nov. 23, at 2 p. m. with Mrs. Ben Brandes as hostess.

Mrs. Cummings Is Honoree At Shower

Mrs. Kendall Cummings was named honoree at a pink and blue shower given Wednesday afternoon, Oct. 20 from 3 to 5 o'clock in the home of Mrs. J. P. Truett and Mrs. M. P. Fulkerson.

The serving table was laid with a lace cloth and centered with an arrangement of dahlias flanked by pink and white tapers. White cake squares decorated with storks, were served with punch. Miniature storks were plate favors.

Hostess were Meses. Hilburn Casey, Pete Newman, H. Cunningham, Udell Cunningham, Connie Reed, Charles Smith, Grigsby Milton Jr., J. C. Wilson, J. P. Truett and M. P. Fulkerson.

Turn In Recipes For Band Mothers Cook Book Now

Mrs. J. B. Seale, president of the Band Mothers Club, has requested that all ladies who have recipe blanks for the band mothers cook book should turn in those recipes by Monday. Other ladies who wish to contribute their favorite recipe to this cook book, may write the recipe out on a plain white paper and turn it in, she said. All recipes must be in by Monday, Mrs. Seale emphasized.

The Band Mothers Club will again sell corsages for the home coming game here on November 11. Mrs. Seale said. Orders for the maroon and white corsage should be placed with a member of the club or of the band.

The Club sold 180 corsages for the Lockney-Floydada game. The proceeds from this sale will go to the band uniforms. Mrs. Seale expressed the thanks of the band mothers for the support given them in their efforts to raise money to pay for the uniforms.

Hatchetts Are Moving To East Texas

After having spent the past 40 years on the same farm in the Lone Star community, Mr. and Mrs. W. B. Hatchett are moving this week to a place they recently purchased near Stephenville. They have sold their farm to their daughter and son-in-law, Mr. and Mrs. Bascom Baxter.

Mr. Hatchett said that he has retired from farming and that he will do nothing more strenuous than raise chickens on his new place.

Mr. and Mrs. Hatchett settled on the farm near Lone Star 40 years ago and had lived on the same place since. They have been active in church and community affairs and have had considerable part in the building of their community and of Floyd County. Their many friends sincerely regret to see them move away.

CARD OF THANKS

We want all our friends to know that we deeply appreciate the many words of sympathy, the kindness shown us, the food and the beautiful flowers with which you were so generous at the death of our darling sonny boy, Miles. We especially want to thank Mrs. W. L. Thomas for her gracious hospitality. May God bless each one of you is our prayer.

P. T. A. Carnival Huge Success

The annual P. T. A. Carnival held Saturday night was a huge success. A large crowd of patrons enjoyed the festivities and took part in the shows and contests.

P. T. A. officials wish to thank all those who helped in any way to make the project a success. Especially do they thank the local business houses, as well as Meads Bakery, Lubbock, for donating all the bread and buns used in serving. A little more than \$800.00 was made from the carnival.

The freshman candidate, Glenda Ann Readhimer, won the honors for high school Halloween queen. La Juan Henderson, candidate from room 4B of grammar school will also be crowned. The coronation of these queens will take place at the next P. T. A. meeting which will be held at the high school gym on Nov. 9. Many of the other candidates will be attendants and will choose their escorts for the occasion.

A business meeting will be held preceding the program when it will be determined how the money from the Carnival will be used. Also on this occasion parents are asked to bring a soup bowl and spoon if possible to be donated to the grade school lunch room in appreciation for its use during the Carnival. Library books are also needed and patrons are asked to bring from their homes books which would be suitable for the grade school library.

Pyle Selected As Player Of The Week

Calvin Pyle, left end for the Lockney Longhorns, was selected this week as "Player of the Week" in the Texas Panhandle by Frank A. Godsoe Jr. of the Amarillo Daily News because of his outstanding performance in the Lockney-Floydada game last Friday night.

Among the exploits with which Pyle was credited in the Floydada game were: scoring one safety by tackling Jeter behind the goal line, scoring one touchdown, returning a punt 21 yards to launch another scoring spree for the Longhorns, carried the ball from scrimmage five times for a net gain of 41 yards.

Godsoe was also highly complimentary of the Longhorn's two tackles, Ewell Dee Kelley and Delbert Shearer, as well as Jerry McCalloch, the slashing fullback.

Card of Thanks

We wish to thank our friends in Lockney, the staff of the Co-operative Hospital and Mr. Ed Carter for their kindnesses during the time Mrs. Mudgett was in the hospital. We shall long remember your thoughtfulness.

Mr. and Mrs. Jerry Mudgett

Card of Thanks

I wish to thank my many white friends for the flowers given me during the time I was ill in the hospital.

Minor Repairs Made and Buttons Replaced without charge at Brown's Cleaners

Lone Star News

By Mrs. Harold Griffith

Parts of this community received more hail damage Sunday night along with a strong wind and rain. Much damage was done to the unharvested grain and cotton.

J. B. Johnston was treated for a severe case of flu at the Lockney hospital from Wednesday until Friday afternoon of last week.

The Lone Star PTA met Thursday night in a short business session after which tables were set up for 42. Prizes were given to the best dressed "ghosts" in three different groups. Refreshment of doughnuts, coffee and cocoa were served to a large crowd. It was voted to have a box supper the first part of November to raise money for any expenses that should arise.

Pat Frizzell spent Wednesday night with Harold Dean Griffith.

R. L. Knox Jr. of Springlake, Texas and Betty Starns of Canyon attended the football game at Floydada Friday night and then visited in the R. L. Knox home awhile before returning to Canyon that night.

Miss Lavern Frizzell who has been working in Plainview, Texas is home for awhile with her parents Mr. and Mrs. A. E. Frizzell and Pat.

Mr. and Mrs. Luther Watkins and Mr. and Mrs. Melvin Watkins of Plainview, Texas visited Mr. and Mrs. Harold Watkins and Sherry Sunday.

Mamye Lou and Bobby Dean Nance of Amarillo, Texas visited their parents Mr. and Mrs. W. D. Nance and family over the weekend.

Mrs. Grant Barkley and children spent from Thursday until Monday at Lakeview, Texas visiting her parents Mr. and Mrs. G. S. Harris.

The Lone Star Home Demonstration Club met Tuesday November 2, 1948 with Mrs. H. E. Frizzell.

Mr. and Mrs. Tom Wells and Nell with Mr. and Mrs. Hubert Griffith and girls spent Sunday visiting Mr. and Mrs. Tom Ed Wells and children of Halfway, Texas.

Mr. and Mrs. J. C. Fletcher with Mr. and Mrs. D. A. Wallace of Plainview spent Sunday with Mr. and Mrs. Jack Frizzell and children.

Mr. and Mrs. Bobby Tiner and son with Jackie Lou Frizzell were lunch guests Sunday of Rev. and Mrs. G. C. Tiner.

Johnnie B. Griffin Jr. and Bobby Clyde Baxter entered some of their dogs in the 4-H Club Hog Show Saturday in Floydada. Johnnie B. won second place in Light Duroc class, third place with his Junior boar and First place on his sow entered in the show. Bobby Clyde won Third on his pen of three and Third and Fourth places on his Heavy Duroc. It is nice to have young boys interested in worthwhile enterprises.

Mr. and Mrs. D. M. Marshall of Aiken visited Mr. and Mrs. Clyde

Parish Sunday afternoon. Other visitors in the Parish home was Mr. and Mrs. L. M. Readhimer.

Mr. and Mrs. Lee Davenport and Roy Lynn visited Mr. and Mrs. Lowell Jarrett and Larry Saturday.

Mr. and Mrs. Milton Frizzell and children spent Sunday with Mr. and Mrs. A. E. Frizzell.

Mr. and Mrs. Lee Settles of Plainview, Texas with Mr. and Mrs. Bud Buckner were guests Sunday of Mr. and Mrs. E. E. Buckner.

Several families from this community attended the Halloween Carnival at Lockney Saturday night. Glenda Ann Readhimer, who was the freshman nominee, was elected Queen. She wishes to thank everyone for the help they gave her in this race. She will be crowned at the next PTA meeting at Lockney.

David Frizzell spent Sunday with Jimmie Rankin.

Mr. and Mrs. W. T. Rankin returned home Friday from Arkansas.

Nita Jo Readhimer spent Sunday with Sunny Lawson.

Mrs. R. L. Knox spent awhile Monday afternoon with Mrs. L. M. Readhimer.

Harold Dean Griffith spent Friday night with Bobby Clyde Baxter.

Mr. and Mrs. Bob Merrell spent Sunday visiting relatives in and around Flomot, Texas.

Mr. and Mrs. W. B. Hatchett have moved to their home near Stephenville, Texas.

Glenda Ann Readhimer spent Saturday night and Sunday with Betty Sue Parish.

Mr. and Mrs. W. H. Wingo went sight seeing around Hereford, Texas one day last week.

Mrs. Jennie Thomas of Amarillo, Texas visited her daughter, Mrs. Albert King last week.

Mr. and Mrs. Lowell Jarrett spent Sunday visiting his parents, Mr. and Mrs. Charlie Jarrett of South Plains.

Mr. and Mrs. Tom Scarborough and girls from Amarillo spent Wednesday night and Thursday with her parents, Mr. and Mrs. J. B. Nance and family.

Jim Thomas of the United States Navy visited his aunt, Mrs. Albert King and family several days last week.

Mr. and Mrs. Floyd W. Jackson and Betty June spent Sunday with Mrs. J. W. Jackson.

Mr. and Mrs. J. B. Nance visited their son Hugh Nance and family of Silverton awhile Saturday night.

Mrs. R. L. Knox, Mrs. W. H. Wingo, Mrs. Herman King, G. C. Tiner, and G. B. Johnston held the election at Lone Star Tuesday.

Mr. and Mrs. Herman King spent Monday afternoon in Lubbock visiting with Mrs. Peyton Reese who is ill in Lubbock Memorial Hospital.

Mr. and Mrs. Ed Garis of Wolfe City, Texas spent Sunday night with Floyd W. Jackson.

Mrs. Albert King and Jim Thomas visited Mrs. Brooks Jones Thursday afternoon of last week.

Mr. and Mrs. Bob Tiner and son spent Monday night in Roaring Springs, Texas visiting her parents Mr. and Mrs. C. E. Smith.

EASTERN STAR WILL MEET MONDAY NIGHT

The Lockney Chapter of the Order of the Eastern Star will meet Monday night, November 8 at 7:30 for a regular meeting. All members interested in drawing names for Christmas please be present.

Committee

Mr. and Mrs. J. J. Harris returned Friday from a visit with their daughter, at Center Point and also with relatives at Brownwood and Lubbock.

Miss Gleyann Earle Norman, daughter of Mr. and Mrs. Earl Norman and student at Texas State College for Women at Denton, was at home last week end.

Mr. and Mrs. J. R. Graham returned Sunday night from a visit with their daughter, Mrs. A. O. Fite and family near Borger.

THE SMOKER'S RESPONSIBILITY

The cigarette you just reached for is more than a little paper tube filled with tobacco. It is a potassium chlorate torch that will burn at a high heat until it is consumed to ashes. The chemical is mixed with the tobacco in order to make it burn steadily.

The significance of this should be clear to anyone. The apparently harmless cigarette is one of the greatest menaces to life and property when carelessly handled. Last year, careless smokers were responsible for 130,000 fires—many of which caused death, injury and high property damage. Will the total be greater this year?

The rules for safe handling of cigarettes, and all other tobacco products,

are simple enough. Always put them out in an ash tray or some other safe container when you're done with them. Never throw a burning butt from a car—this particular type of carelessness has caused some of the worst forest fires the country has known. That's one reason the car makers put an ash receiver in cars. And, above all, don't smoke in bed. A cigarette will set bedding afire far more quickly than most of us realize—as many a smoker has learned to his sorrow. And smoking in bed has sent a legion of smokers into the hereafter prematurely.

So, if you smoke, accept the responsibility that goes with it—the responsibility to use tobacco safely, in accordance with the rules.

Mudgetts Not Hurt Seriously In Wreck

Mr. and Mrs. Jerry Mudgett of Station, former Lockney residents, were neither injured to any extent when their car collided with another eight miles east of Floydada Sunday night a week ago.

Mrs. Mudgett was treated at the Co-operative Hospital here and then went to the George Myers home to recuperate. She left Thursday morning of this week for her home in Station.

The accident happened when a car in front of the Mudgett car slowed down and turned off the highway. Both cars were badly damaged.

An important detail in making dress collars with a professional is to trim the seam to a quarter-inch and clip off the corners after stitching around the edge.

One pound of lead arsenate in 25 gallons of water will kill the moss on trees. Keep the mixture stirred well while spraying.

Dr. Marshall To Visit China Xmas

Plainview, Oct. 22—A Christmas trip to China is being planned by Dr. J. W. "Bill" Marshall, president of Wayland College, who announced today his intention to visit the home churches of several Chinese students now enrolled here.

He is going to Shanghai to accept an invitation to conduct a special revival meeting in the Grace Baptist Church, of which the Rev. Charlie Chi is pastor. Dr. Chi expects to return with Dr. Marshall to conduct a south-wide evangelistic conference for Southern Baptists.

Dr. Marshall also plans to visit such China cities as Canton and Hongkong and north China centers like Peking. The Shanghai visit will be something of a repeat performance, because he conducted a revival at Grace Church in 1940.

Christian leaders are being invited to join the China-bound party, which is due to leave by plane the second week in December, with stopovers in Honolulu and Tokyo. Orientation lectures are planned for the travelers.

Dr. Marshall plans to return to the United States about the first of January, but other members of the party may stay on longer. Details for transportation are being arranged through Thomas Cook and Sons. Those interested in going may write Dr. Marshall.

He also announced that preliminary plans are being made for Wayland students to attend a youth congress next summer in Sweden.

Colds Are Highly Contagious, Dr. Warns

We have all had the experience of involuntarily moving away from someone in a crowd who suddenly coughed or sneezed. It could be that the offender's nose or throat was merely sensitive to dust in the air, but we take no chances. No one wants to catch a cold, and with good reason.

The movement away from the cold sufferer is based on sound and unpleasant experience. The "common cold" is no respecter of sex, age or season. Everybody knows that a cold can mean days of coughing and sneezing, that "stuffed up" feeling or a running nose, with the victim looking almost as miserable as he feels. Worst of all, although no one dies of just a cold, it can lead to serious complications that may cause grave and even fatal illness.

Colds are highly contagious. They are caused by a virus, or germ, so small that it cannot be seen with an ordinary microscope. It travels from sick person to well person and is most frequently spread by droplets or moisture sprayed into the air when the person with a cold sneezes or coughs.

A cold is an infection and, as in the case of all infections, we can discourage cold germs from taking hold by keeping to a well-balanced, nourishing diet, getting plenty of rest, sleep and fresh air, dressing comfortably and in keeping with the weather and avoiding chill and excessive fatigue.

When precautions fail, as they frequently do, and the first unwelcome symptoms of a cold appear, the victim should stay at home. This prompt action may shorten the cold's existence and lessen the likelihood of complications as well as reducing spread to others. Plenty of rest is an important factor in treating a cold. The cold victim should have plenty of liquids including water, fruit juices and clear soups.

If a fever develops, the patient should go to bed and call a physician.

Anyone who has a cold should exercise common sense and courtesy to prevent spreading it to others. He should "keep his distance" in laughing and talking with others. He should cover all his sneezes and coughs, not with his hands but with his handkerchief or preferably with tissues that he can dispose of easily and inexpensively. The cold victim should wash his hands frequently, because he handles his handkerchief or paper tissues, then handles articles that are used by others and in that way spreads his cold germs.

Remember that a cold is more than a temporary nuisance. Neglected, it can become the forerunner of pneumonia, serious ear trouble, bronchitis, sinusitis and other serious illnesses.

Carefully planned kitchen lighting and handy outlets save time and money and help do away with much of the fatigue that comes from working long hours in the kitchen.

Nearly all of the terms used in music are from Italian.

Why Girls Leave The Farm Is Shown In Survey

COLLEGE STATION—If you're looking for a husband, your chances of finding him are better in the country than in the city.

Yet rural young women leave the farm much earlier than young men and the migration rate is higher.

Why? Recent studies conducted by rural sociologists in Washington State may have the answer. College girls were asked to give their preferences for a choice of husbands. Professional men were rated first, with business men second. The reasons given for not wanting to marry farmers had nothing to do with the man or his occupation, but his environment. The girls didn't like the social disadvantages, isolation, hard physical labor and long hours, as well as proper educational advantages and smaller incomes that are usually found in rural areas.

Mrs. Eloise Johnson, extension family life education specialist of Texas A. & M. College, says the study gave no indication that college education turns young women against farming—in fact, the higher the education of the girl's parents, the more favorable she is toward marrying a farmer. And girls from farm homes preferred farmers for husbands almost as often as professional men.

The majority of these students, she says, expressed willingness to become farm wives if they could have the same conveniences, income and cultural and educational advantages on the farm as in town.

"They like the idea of 'being your own boss' on the farm," Mrs. Johnson says. "Enjoyment of country life and the skills used on farms are reasons for wanting to live in the country too, as well as the fact that farm life is favorable to raising children, happy family relations and better health." And yet they continue to leave the farms for the cities, where their chances for marriages are lower. The reasons given by these college girls are worth consideration by farm organizations and other groups interested in farming and farm life, Mrs. Johnson concludes.

Mr. and Mrs. Vernon Armstrong and children visited Mr. Armstrong's parents, Rev. and Mrs. E. C. Armstrong at Pampa the past week end.

Mr. and Mrs. Skeet Thornton returned Thursday from a visit with friends at Joplin, Independence and Kansas City, Mo.

Sterley News

By Mrs. M. A. Boone

About 3/4 inch of rain fell in this community Sunday night. Cotton farmers hated to see this rain but it will benefit the young wheat.

Mr. and Mrs. J. D. Nelson and children visited Mrs. Nelsons parents of Quannah over the week end.

Mr. and Mrs. H. O. Gian and Shirley Paye visited Mr. and Mrs. Emmitt Johnston Sunday.

Mr. and Mrs. Denton of Portales, New Mexico visited Mrs. Dentons parents Mr. and Mrs. W. B. Mullins Saturday and Sunday.

Mr. and Mrs. Bud Perkins of Tur-

key visited Mr. and Mrs. Hubert Melton Saturday night.

Mrs. Gian of Floydada is spending this week with her daughter Mrs. Emmitt Johnston.

A. D. Yarbrough and family visited relatives in Dalhart over the week end.

Gordon Wakefield is visiting his sister Mrs. A. K. Glover this week.

RAM DONATED TO TECH

LUBBOCK—A Southdown ram for breeding purposes has been donated the animal husbandry department at Texas Technological college by Thomas B. Poe Jr., prominent Southdown breeder.

Mr. Poe is a former Texas Tech student.

TROUBLE IS HE'S INELIGIBLE . . . Any football coach might be excused for going dreamy-eyed over the idea of getting a tackle the size of this Kodiak bear, which is what these members of Brown university's gridiron staff are doing. This nine foot four inch stuffed specimen was presented to Brown by the school's Midwest alumni. Coach Rip Engle (second from left) probably is thinking that the bear would be a bear at backing up the line.

Mexican Woman Dies Here Monday

Mrs. Julia Bustos, 23 years of age, died in the Floyd County Co-operative Hospital here Monday. Mrs. Bustos gave birth to a baby 10 days ago and complications developed which caused her death, it was reported.

She was the wife of Apolinar Bustos

and the couple had been employed in gathering cotton for Casey, northeast of town. She was born at Fortress, Texas, near San Marcos, and the couple had come to this area recently it was reported.

Funeral services were held Tuesday with Carter Funeral Home of Lockney in charge of arrangements. She was buried in the Lockney Cemetery.

NOTICE TO THE PUBLIC

Due to the constant increase in supplies and operating expenses, the State Board Inspector has recommended that the barber shops of Lockney increase their price on haircuts.

Therefore, effective immediately, the price on haircuts at our shops will be 75c.

We will continue to appreciate your patronage and will strive to give you the best barber service.

Net Farm Income Expected To Drop During Next Year

COLLEGE STATION—On the average, prices paid for Texas farm products will go down a little in 1949; prices farmers pay for things they buy will probably be a little higher than they were last year.

It all up to an expected 1949 net income on Texas farms and ranches of some 5 to 10 percent below that of 1948, but still greatly above any pre-war year.

That's a two-sentence summary of the 1949 farm prospects as seen by Tyrus R. Loom, extension economist and professor at Texas A. & M. College, who returned last week from the National Agricultural Outlook Conference in Washington, D. C.

As to farm commodities, livestock products seem to hold the most favorable price position. The most speculative situation is indicated for fruits and vegetables. No sharp decline generally is expected, but certain individual commodities in this grouping may experience serious "short-run" seasonal declines. In between, these two groups of commodities is the outlook for cotton and grain, with cotton holding a more favorable spot.

Meanwhile he expects prices of automobiles, farm equipment and building materials to be as high or perhaps even higher than in 1948. Some economists, he says, think a general increase of 5-8 percent may be expected.

You may pay a little less for radios, some items of household equipment and textiles.

The outlook interpretations are based on present supply and demand situations and requirements of existing government programs. Timm points out. Drastic changes from normal weather conditions, or a major overhauling of the government's programs, could change the picture completely.

To avoid deterioration while in storage, many parts for Navy planes are now being bought and distributed sealed in "tin cans."

Napoleon was born in Corsica in 1769.

ENDURANCE . . . Fred Vincent (left) and Bert Simons, both of Dallas, Tex., pose in the cockpit of the light plane in the attitudes they will assume alternately while trying to establish a new endurance flying record.

Cotton Machinery Development Is Shown On Booklet

COLLEGE STATION—A summary of the best recommended practices in the mechanized production of cotton in Texas has just been released by the Texas Agricultural Experiment Station.

Bulletin 704, by H. P. Smith, research agricultural engineer of the Texas Agricultural Experiment Station, and D. L. Jones, superintendent of the Lubbock Experiment Station, presents highlights of cotton production and shows how mechanization has been developed to meet these problems.

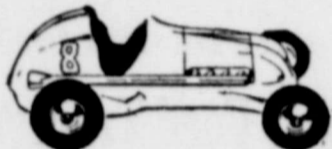

Early Texas farmers produced cotton with the hand hoe and the sweep stock leading mule-drawn planters and cultivators were not developed until the 1880's and 1890's.

Outstanding progress has been made in mechanization since the introduction of the row-crop tractor about 25 years ago. Tractormounted middle-brokers planters and cultivators were developed about 1930. Though strippers and pickers were experimented with nearly 100 years ago, there was little progress in their use until attention was given to the effect of varietal characteristics on their performances.

This bulletin, "Mechanized Production of Cotton in Texas," lists each phase of Texas cotton production discusses the various labor and time-saving machinery which has been developed to handle it. Fifty-five illustrations show these mechanized tools and their relationship to cotton production problems.

The greatest rise and fall of the ocean's tide is at the Bay Fundy, New Brunswick, Canada.

Parasites On Cattle Cost Farmers Money

COLLEGE STATION—Most of the stockmen know there hasn't been much grass in the pastures and on the range this year. There hasn't been enough to feed the cattle, so there sure isn't enough to feed the cattle parasites too. But lots of farmers and ranchmen are feeding them, and it's costing an awful lot of money to do so, says C. A. King, associate extension entomologist of Texas A. & M. College.

Cattle that are free of parasites have a better appearance, are healthier and are more productive than cattle that have to keep switching flies off, or rubbing against the fencepost to scratch the ticks. Cattle lice and four kinds of ticks are the parasites that bother cattle most in the winter time.

Cattle are bothered by lice more in the winter and early spring when the hair is long, so the best time to treat cattle for lice is the fall of the year. Both rotenone and DDT are good for the control of lousy cattle. If you use rotenone, two treatments two weeks apart will give a good lice control. Here's the recipe: one pound of 5 percent rotenone and 10 pounds of wettable sulphur for each 100 gallons of water. Or you can use 50 percent DDT wettable powder to each 100 gallons of water.

Four ticks common to Texas cattle are the Lone Star tick, the spinose ear tick, the Gulf Coast ear tick and the winter tick. All are blood suckers and cause the cattle to lose weight if there are enough ticks.

The Lone Star tick can be controlled by dipping every two weeks, beginning when the ticks are found and stopping when they are gone. Eight pounds of 50 percent wettable DDT in 100 gallons of water used as a spray or dip is recommended for tick control. The spinose ear tick is a common cattle parasite throughout most of Texas, and can be controlled by treating the ears of livestock with stock 1029, using a small paint brush. Also it's important to treat all salt, mineral and feed troughs with equal parts of kerosene and lubricating oil.

The Gulf Coast ear ticks are found in a 100 mile area from the coastline along the Gulf of Mexico. A good treatment inside the ear and out with stock 1037 kills any ticks present and holds them off from three to six weeks. The winter tick is found down around San Antonio. A spray or wash with eight-tenths percent DDT will get rid of these winter ticks.

Farmers and stockmen will notice better and bigger gains on their livestock if they keep the lice, ticks and mites away, especially during the winter months, says King.

WORK CONTINUES IN UVALDE CAVE

AUSTIN, Texas—Work continues in a Uvalde cave in the home of some Indians who were terrible housekeepers.

The University of Texas Memorial Museum and the Anthropology department have staff members working daily, removing and analyzing debris left in the cave by Indians who may have lived there anytime before 1500 A. D. The project is expected to require another month or more.

INTREPID STEEPLEJANE—That fabulous Mary, Mary quite contrary description might fit Mary Trapuzzano of Pittsburgh, Pa., who prefers to earn her living by doing a he-man's job. Mary is shown climbing a 100-foot tower which she is helping to dismantle in the Dravo corporation yards near Pittsburgh. She works for her dad and is as good as any male member of the crew.

12 Floyd Students In Wayland College

Plainview, Oct. 28—Twelve students from Floyd County are among the 541 enrolled at Wayland College. President J. W. "Bill" Marshall announced today.

They are Lester Marion Britton, Gilbert Van Collins, Margart June Green, Harold Seth Johnston, Fred W. Lloyd, Mr. and Mrs. William H. O'Dell, Leonard W. Wilson from Floydada and Bobbye Lu Casey, Henry Clay Jr. Ford, Helen Janet Huffman, William A. Poe from Lockney.

Collins, son of Mr. and Mrs. W. G. Collins, is a sophomore planning to be a business man. Green, daughter of Mr. and Mrs. James E. Green, is a freshman majoring in English, she is preparing to be a youth director.

Johnston, son of Mr. and Mrs. Sidney Johnston, is majoring in agriculture. Lloyd, son of Mr. and Mrs. John A. Lloyd, a sophomore is also majoring in agriculture.

Mr. and Mrs. O'Dell, Mr. O'Dell is a senior majoring in history and Mrs. O'Dell is a junior majoring in music. Wilson, son of Mr. and Mrs. Walton

B. Wilson, is a freshman majoring in agriculture.

Miss Casey, daughter of Mr. and Mrs. Hillburn Casey, a freshman is majoring in business. Ford, son of Mr. and Mrs. Henry C. Ford, is a sophomore planning to go into business. He is a member of the Masonic Lodge.

Britton, son of Mr. and Mrs. I. J. Britton, is planning to be a missionary. Huffman, daughter of Mr. and Mrs. Herman Huffman, is a freshman majoring in Bible, she is preparing to be a youth director. Poe, son of Mr. and Mrs. Otto Poe, is a Freshman majoring in business mathematics. He is a member of the American Legion.

The Wayland student body of 541 numbers about 30 more than were enrolled here at the same time last year, the registrar's office stated. There has also been an increase in the faculty and staff, from 28 last year to 51 this year.

Improvements on the campus include a new science building, with plans nearing completion for the erection of a new dormitory for girls to match the new boys' dorm, McDonald Hall.

GO TO CHURCH SUNDAY

Soil Conservation District News

The Floyd County Soil Conservation District held its regular monthly meeting on Tuesday, November 2, in the agriculture building. New officers of the District were elected for the coming year. R. G. Dunlap was re-elected chairman, Cecil Purcell was elected Vice-chairman, W. H. Nelson was re-elected treasurer and W. F. Ferguson was elected secretary.

Mr. Nelson is the Districts delegate to the annual Texas State Soil Conservation Board convention that is to be held in Brownwood on November 9 and 10. He, along with two other members of the board, expect to attend this meeting.

Applications for District assistance were approved for the following:

H. A. Tardy, D. L. Wright, W. A. Curb, Henry and William Hinton, W. G. Walker, Mrs. Harry N. Jones, Ben Quebe and Malvin A. Jarboe.

Agreements were also approved for the following: L. M. Baker, G. W. Smith, Claud Patton and Lloyd Nelson, Travis Parr, Wallace Allen, J. M. Williams, Greer Christian and A. W. Curb.

The field crew of the Soil Conservation Service ran some contour ditch lines for C. R. Reed of McCoy last week. These lines are to water wheat.

Some ridge ditch lines and row directions were run for Grady Walker of Floydada.

At Lexington, Massachusetts, was fired "The shot heard round the world."

A sweetheart for a winter start!

Want to get off to a good start? Then let your Conoco Mileage Minder...steer you right...

He'll tell you that when it comes to fast, smooth winter starts, a lot depends on having the right kind of oil in your engine. He'll tell you, too, the right oil is winter-grade Conoco N# Motor Oil. For two reasons:

First, because winter-grade N# is specially refined for cold-weather performance. It's lighter...freer-flowing. Saves wear on your

battery...and on your nerves...because it gives you faster starts.

And second, N# oil extra-protects against "dry" friction starts...saves wear on engine parts...because it contains a special, added ingredient that actually OIL-PLATES metal surfaces. And this extra film of lubricant stays up...won't all drain down, even overnight!

So, if you want to start off right—and right off—on the next wintry morning...

Make a date to Oil-Plate!

Splendid Cough Relief Is Easily Mixed at Home

To get quick and satisfying relief from coughs due to colds, mix this recipe in your kitchen. Once tried, you'll never be without it.

First, make a syrup by stirring 2 cups granulated sugar and one cup of water a few moments, until dissolved. A child could do it. No cooking needed. Or you can use corn syrup or liquid honey, instead of sugar syrup. Then get 2½ ounces of Pinex from any druggist. This is a special compound of proven ingredients, in concentrated form, well-known for its quick action on throat and bronchial irritations.

Put the Pinex in a pint bottle, and fill up with your syrup. This makes a full pint of splendid medicine and you get about four times as much for your money. Never spoils. Tastes fine.

And for quick, blessed relief, it is surprising. You can feel it take hold in a way that means business. It loosens the phlegm, soothes the irritated membranes, and eases the soreness. Thus it makes breathing easy, and lets you sleep. Money refunded if not pleased in every way.

Pinex Is Swift Acting!

"Things Are Natural Now!"

"For over 15 years constipation had me down. Now, ever since I started eating KELLOGG'S ALL-BRAN daily, things are natural—and what relief that is."—Miss Hazel Rufnyder, Pottstown, Pa.

If your diet lacks bulk for normal elimination, this delicious cereal will supply it. Eat an ounce every day in milk—and drink plenty of water. If not satisfied after 10 days, send empty carton to Kellogg Co., Battle Creek, Mich., and get **DOUBLE YOUR MONEY BACK**.

Throat specialists report on CAMEL MILDNESS

30-Day Test of hundreds of Camel Smokers revealed

NO THROAT IRRITATION DUE TO SMOKING CAMELS

In a recent test, hundreds of men and women all across the country smoked Camels—and only Camels—an average of one to two packages a day—for 30 consecutive days. Each week their throats were examined by noted throat specialists—a total of 2470 examinations—and these doctors found not one single case of throat irritation due to smoking Camels.

Prove it Yourself! Make the Camel 30-Day Test in Your "T-Zone"

with a
Lux-Ease
LOUNGE-ROCKER CHAIR

Now you can buy a genuine "Lux-Ease" at a price within reason.

You can't know how comfortable a chair can be unless you sit in a LUX-EASE Lounge Rocker chair. It's soft, deep and contour fitting. It furnishes perfect relaxation and comfort.

Patented construction, including convolute springs which provide the "Zephyr Action" rocker motion, make this chair outstandingly different from other platform type chairs.

Thomas E. Lee Passes Away

Thomas E. Lee, a resident of this area from 1944 until the spring of 1947, passed away suddenly at his home in Odessa Tuesday of last week. Mr. Lee had been in ill health for some time. His death was attributed to a heart ailment.

Mr. Lee owned and lived on the old King place in the Lone Star community during the time he lived in Floyd County. He sold his farm and moved to Odessa from here.

Funeral services were held at the Church of Christ in Odessa Wednesday afternoon, October 27, at 3 p. m. Burial was in the Odessa cemetery.

Mr. Lee was born in Alabama in 1883. He came to Texas years ago and lived at Petersburg a while before moving to Lockney. He was married to Mrs. Shshrona Davis in July 1915.

Survivors include his wife and four children as follows: Mrs. Ray Pinner, Lockney; Oscar Lee, Lockney; Mrs. L. Stelzig of Muleshoe, Malcolm Lee of Littlefield; two step-children, Tina Davis of Odessa and Mrs. Elmer Terrell of Hamlin, Texas.

Special Meeting Of Legion Post Is Called

A special meeting of the Landrum Post No. 141 of the American Legion has been called for Monday night at 8 o'clock by Wayne Bybee, first vice commander. The meeting will be held at the Legion home on North Main Street.

Mr. Bybee said that this will be an important meeting and that a number of matters would be discussed, among them the Legion's part in the homecoming celebration here on November 11.

He urged that every member of the post be present and invited all veterans to be present.

Davis Infant Buried Wednesday

The infant son of Mr. and Mrs. Casey Davis of Aiken was buried in the Lockney cemetery Wednesday, with rites at the graveside. The baby was born prematurely Tuesday and lived only a short time.

Rev. N. S. Daniel, pastor of the Lockney Methodist Church officiated at the services which were held at 11 a. m.

Mrs. S. S. Stobeker of Plainview visited here last Wednesday with Mrs. G. W. Smith and other relatives.

Floyd Pioneer Dies In California Tues.

The passing of another Floyd County pioneer is recorded in the death of Mrs. Chloe Light Key, following a stroke, in her home in Los Angeles, Calif., Tuesday of this week. Mrs. Key had suffered from a heart ailment for many years. She was 72 years of age.

A sister of the late Mrs. D. J. Thomas, Mrs. Key came with her father to the Starkey community in the early 90's. After her marriage she lived in California a while but returned in 1917 to operate a photographer's studio and the first beauty shop in Lockney. Since the early 20's she had lived in Los Angeles.

She is survived by two sons, Valoy and Vebra Key, both of Los Angeles. Other survivors include her brother, Walter F. Light of Walsenburg, Colo., her nieces, Mrs. Dana Harmon of Dallas, Mrs. J. L. Oswalt Sr. of Gravette, Ark., Miss Carma Thomas of Lockney and Mrs. J. Nolan Moore Jr. and Miss Thelma Thomas of Tulsa, Okla., and one nephew, Harve C. Light of Ann Arbor, Mich.

Mrs. W. B. Sandifer spent last week at Lubbock with her daughter, Mrs. Thurmon Brown and family. The Browns are the parents of a new baby girl.

Highway Cabins Almost Complete

Four cabins being built on Highway 70 in south Lockney are almost complete, it was reported this week by Mr. and Mrs. J. H. Carothers who are building the cabins. The cabins are modern and part of them will be rented to local residents. Mr. Carothers said. Others will be used as tourists cabins. It will probably be two or three weeks before they are ready for occupancy.

The couple plan to put in a service station, trailer camp and other conveniences for the traveling public eventually.

Janet Huffman, a student in Wayland College, Plainview, spent last week end in Waco attending a convention of the Baptist Student Union. She also visited her cousin, Mary Margaret Webb, who is attending Baylor University.
