

# THE LOCKNEY BEACON

The Only Medium Covering The Rich Irrigated Section Of Floyd County.

VOLUME 47

LOCKNEY, FLOYD COUNTY, TEXAS FRIDAY, FEBRUARY 4, 1945

NUMBER 22

## Longhorns Go To Spur Tonight For Basketball Game

The Lockney Longhorns basketball team will go to Spur tonight (Friday) for a district basketball game with the Spur Bulldogs. Although the Bulldogs have led the league most of this season they are now resting in second place and the Longhorns will endeavor to push them a little further down the ladder. All three teams, the boys A and B teams, and the girls team will play at Spur with play starting at 7 p. m.

The Longhorns played the Floydada Whirlwinds here last night (Thursday) but the score was unavailable at press time. The game was postponed recently because of bad weather.

The Longhorns won their game last Friday night with Crosbyton played on the local court. The A team defeated the Chiefs 27 to 21 and the Lockney girls overwhelmed the Crosbyton girls 32 to 4. The B team did not play.

On Tuesday night at Matador the Longhorns lost to the Matadors 35 to 27. The girls also lost their game 18 to 15 but the Longhorn B squad won easily 27 to 5.

Next week the Longhorns tackle the three toughest of the league all in one week. They play Floydada there Tuesday night, Spur here Wednesday night and Abernathy here Friday night.

Coach Metz Lafollete is hard at work with all his boys teams and has taught them a lot of basketball in the past few weeks.

**Abernathy Takes Lead**

Abernathy took the lead in district 3-A this week by defeating Spur 45-31 at Spur. Abernathy has only one loss to two for Spur and two for Floydada.

In another district game Crosbyton defeated Paducah 38-25 Tuesday night.

## Henry Hodel Changes To Cosden Products

Effective Friday, January 28, Henry Hodel became the local distributor of Cosden gasoline, oils and greases, he announced this week. He has been Sinclair representative for the past 15 years here.

Mr. Hodel said that the Sinclair Company was withdrawing all distributorships from West Texas and concentrating on areas closer to their production.

Mr. Hodel has purchased the local warehouse and equipment of the Sinclair Company and his firm now will be a home-owned and home-operated business. He will call it the Henry Hodel Oil Co.

Mr. Hodel will continue to handle Sinclair Pennsylvania oils and greases. He stated that he had a large demand for these Sinclair products and that he would continue to stock them for those customers who preferred them.

**Will Take On New Customers**

Another announcement of importance was the fact that he is now in position to take on new customers in the gasoline field. The shortage of gasoline the past year has prevented the servicing of any new accounts but with the change Mr. Hodel will be able to furnish gasoline to almost anyone who needs it, and he will welcome new accounts.

The V. L. Webster service station, where Mr. Hodel has his office, will also handle Cosden Products.

## ZEKE BROTHERTON IN FT. WORTH HOSPITAL

Zeke Brotherton, former night watchman for the city, is now in a Fort Worth hospital where he is receiving treatment for a lung infection. Mr. Brotherton has been ill for several weeks. His wife is with him at Fort Worth. No word of his condition was available here Wednesday.

A card from Mrs. Brotherton this week states that they expect to be in the Harris hospital for three more weeks. She urged any Lockney people who are in Fort Worth to come by and see them. They are on the second floor, room 224. Mrs. Brotherton said that her husband had been through a number of tests and that he was holding his own.

## Supt. Sidney Reeves Returns Home Tuesday

Supt. Sidney Reeves returned to his home Tuesday afternoon after undergoing an operation at a Dallas hospital last week. He is doing fine, he reports, and expects to resume his duties in the school system probably Monday of next week.

His mother, who was seriously ill, is also improving, he said Thursday.

## Boy Scout Week Is Feb. 6-12

The nation's 2,200,000 members of the Boy Scouts of America will mark the 39th anniversary of the organization during Boy Scout Week which opens Sunday, Feb. 6, and closes Feb. 12.

The anniversary will be observed in every city and town and most villages and hamlets throughout the nation and its territories. Its theme this year is "Adventure—That's Scouting!" and the activities during the celebration will be related to the theme.

During the week many store windows will be given over to the Boy Scouts for displays of their handicraft and to demonstrate some of the useful skills they acquire at their meetings and in Scout camps. New members will be inducted through investiture ceremonies.

## Boy Scout Sunday

Next Sunday is Boy Scout Sunday. It will be marked in countless churches of all denominations. Scouts and leaders will attend religious services in uniform. Those of Jewish faith will hold their observances in synagogues and temples on Friday evening, Feb. 11 and Saturday Feb. 12. Many sermons, addressed to the Scouts, will touch on some aspect of the Boy Scout Week theme.

The programs of Scouting, leaders in the organization say, prepare Scouts to face the future, helping to build a new world with construction, not destruction as the goal. Scouting in the 42 nations recognized by the Boy Scout International Bureau has an enrollment of 4,409,780 Scouts and leaders.

They are striving, Scout leaders say, for a future of peaceful living where every man is a brother to every other man, regardless of his race, creed or color.

The World Friendship Fund of voluntary contributions from Scouts and leaders totaled \$135,000 in a little more than three years. Through it, Scouting in 46 lands received assistance in rebuilding their organizations following the war's disruption.

**Honor Volunteer Leaders**

In hundreds of communities, Scouts, their parents and institutions sponsoring Scout Units, will unite in paying their respects to the volunteer adult leaders whose contributions of time and effort in behalf of youth makes those units possible.

Among the 557,057 adult volunteer leaders in the Boy Scouts of America 42.6 per cent were once Boy Scouts. Their educational achievements are higher than the national average.

While only 23.5 per cent of all adult males in the United States at the 1940 census are high school graduates and only 7.5 per cent are college graduates, 53.5 per cent of America's adult Scout leaders are high school graduates and 29.7 per cent are college graduates.

National Scout officials say that 47.2 per cent of all Scout Units are made possible by the sponsorship of churches and synagogues of all faiths. Civic groups make possible 23.6 per cent, community centers sponsor 12 per cent, while schools stand sponsor (Continued on Page 3)

## Mrs. Glen Bowers New Supervisor Of Nurses At Hospital

Mrs. Glen Bowers, a registered nurse, is the new supervisor of nurses at the Floyd County Co-operative Hospital here. Mrs. Bowers succeeds Mrs. Pearl Martin, who resigned recently.

Mrs. Bowers is the former Roberta Barber, daughter of Mr. and Mrs. Floyd Barber of Lockney and is well known here.

## Annual Floyd County Irrigation School Scheduled Here Next Thursday

### 2445 Polls Paid In Floyd County

A total of 2445 poll taxes were paid in Floyd County to February 1. County Tax Assessor-Collector T. T. Hamilton announced this week. In addition, 28 exemption certificates were issued making a total of 2473. This is about 800 less than the total of polls and exemptions last year.

Mr. Hamilton said that his office began the issuing of auto and truck license plates Tuesday morning. These plates may be put on the vehicle as soon as they are purchased. The passenger car plates this year are orange color with black letters and figures. They start in Floyd County with AM5250.

### Officers Elected For Red Cross

Officers for the Floyd County Chapter of the Red Cross were elected at a meeting held in the County Superintendent's office at Floydada Tuesday afternoon.

Officers selected were as follows:

- Chapter Chairman—Carl Minor, Floydada.
- Vice-chairman—Frank Perkins, Lockney.
- Secretary-Treasurer—Mrs. Virgil Shaw, Floydada.
- Director, 3 year term—John Stapleton, Floydada.
- Fund Raising Chairman—George Caven, Floydada.
- Fund Raising vice-chairman—J. W. Reue, Floydada.
- Home Service Chairman—J. G. Wood, Floydada.
- Disaster Preparedness Chairman—Clarence Guffee, Floydada.
- Home Nursing Chairman—Mrs. S. W. Ross, Floydada.
- First Aid Chairman—James F. Potts, Floydada.
- First Aid vice-chairman—Joe Parrish, Lockney.
- Junior Red Cross Chairman—Mrs. H. G. Barber, Floydada.
- Junior Red Cross vice-chairman—Mrs. J. E. Cox, Lockney.
- Publicity Chairman—Mrs. Fred Zimmerman Jr., Floydada.
- Production Chairman—Mrs. L. F. Martin, Floydada.

The annual fund-raising drive will begin March 1 as usual, and the quota this year in Floyd County is \$2,000. Last year's quota was \$3,000 and this was oversubscribed by \$800.

Carry-over directors for the county chapter are Frank Dougherty and Dwight Jackson of Lockney.

### March Of Dimes Drive Extended Until February 7

The March of Dimes drive in Floyd County has been extended until February 7. It was announced this week by Guy Ginn, county campaign chairman. The extension was decided upon because of the bad weather of the past three weeks.

Joe Parrish, Lockney chairman, said that the drive would also be extended in Lockney and that those people who desired to contribute to the March of Dimes and had neglected to do so, may leave their contributions at the Southwestern Public Service office.

Mr. Parrish said Thursday that the Lockney contributions from all sources now totaled in the neighborhood of \$400 and that he was hoping that the total would pass the \$500 mark before the campaign is closed.

### T. J. Honea Is Doing Fine

A letter from Mrs. L. M. Honea reports that T. J. Honea underwent an operation at Scott & White hospital at Temple on Thursday of last week and that he has been doing extremely well. She stated that unless an unexpected flareup came, he would be able to come home soon. She reported 8 inches of snow at Temple.

### Paving Planned By Local Residents

A number of local people are planning on doing some paving of streets adjoining their property when the paving contractor for the Lone Star road moves his equipment into this area, according to reports reaching The Beacon.

The paving will probably have to be done by blocks, if this contractor follows the same policy the previous one used. If so, residents should be talking with other residents of their block and making plans now to have the paving done.

The city will probably do some paving, Mayor Brunner said Thursday but the cost of paving city streets must be borne by the property owners.

One road especially needing paving is the street from South Main to the grade school, the street in front of the grade school and probably the street on the north side of the Main Street Church of Christ to the grade school campus.

### Billy Earl Terrell's Lamb Wins Reserve Champion At Show

Billy Earl Terrell's Southdown lamb, Corky, placed second and was named reserve champion in the fat lamb class at the Southwestern Exposition and Fat Stock Show at Fort Worth the past week. Billy had another lamb that placed eighth in the same class.

The lamb brought the highest price ever received for a lamb by a Floyd County 4-H club boy. Swift & Co. paid \$2.50 per pound for it.

Billy has shown lambs of championship quality several times during his 4-H Club career and has prospects of winning some of the major shows with his outstanding sheep during coming years as a 4-H club member.

### Cooper Resigns As Deputy Sheriff

Earl Cooper has resigned his position as Deputy Sheriff of Floyd County, he announced this week. Mr. Cooper had been a deputy under Sheriff Leland Hart since Hart first became sheriff of Floyd County, more than two years ago. He has worked in this part of the County, serving Lockney and the surrounding area.

Cooper has been employed as a special officer of the city, effective Feb. 1 and will serve in that capacity. He has issued the following statement:

"For reasons of my own I am resigning as deputy sheriff. I want to thank each and everyone of you for the co-operation you have given me while working as your deputy sheriff. At present I have accepted a job as special officer for the City of Lockney. I will appreciate your co-operation in the future."

Sheriff Leland Hart's office reported Thursday that the position was still vacant at that time.

### Two Lockney Boys Win Weights In Amarillo Gloves

Two Lockney boys won their weight title in the Amarillo Golden Gloves bouts held last week.

At 160 pounds, in the high school division, Calvin Pyle won the title, defeating Francis Hunt of Pampa Saturday night.

In the heavyweight division of the open class, Bill Thompson won the title and the right to represent Amarillo at the state meet in Fort Worth. Thompson defeated Clyde Jones of Perryton for the title.

All other Lockney boys entered in the tournament were eliminated before the finals.

### Full Day's Program Planned At Theatre

The annual Floyd County one day irrigation school will be held at the Plains Theatre in Lockney next Thursday, February 10. It was announced this week by County Agent A. L. Hartzog. The program will begin at 9:30 a. m. and will continue through the day.

A special feature of the day will be the lunch which will be served at the noon hour by the Business Men's Club of Lockney. All those attending the school will be furnished the lunch without charge.

The irrigation school, while devoted to the problems of irrigation farmers, will also contain much of interest to dry land operators who do not plan to irrigate. The tentative program includes a number of outstanding men from Texas Experiment Stations, A & M College, and private farming interests, who are outstanding in their particular field of agricultural development.

All farmers of this area are urged to attend this one day school which is planned for their information and benefit. Mr. Hartzog said. The time has been moved up to February so that farmers will not be busy with their farm work and will have ample opportunity to attend.

Following is the tentative program:

- 9:30 Welcome—Marvin Cox, President of the Lockney Business Men's Club.
- 9:45 Methods of Applying Water—Robert Thurmond, Extension irrigation specialist.
- 10:30 Cotton Breeding Work and Cultural Methods at Lockview Farm—Robert Stewart, manager and plant breeder.
- 11:15 Fertilizers in Irrigation—Duke Thornton, Extension Agricultural Chemist, A&M College of Texas.
- 12:00 Lunch—Guests of Lockney Business Men's Club.
- 1:00 Mechanical Harvesting of Cotton—Don Jones, superintendent of Lubbock Experiment Station.
- 1:45 Weed Control in 1945—Duke Thornton
- 2:30 Production of Certified Seeds—W. A. Goeth, State Field Seed Inspector.
- 3:15 Irrigation Methods (slides)—Robert Thurmond.

### Ford Tractor Is Destroyed By Fire

A 1948 model Ford tractor belonging to Fred Dorman was destroyed by fire Monday afternoon at the Dorman home south of Lockney.

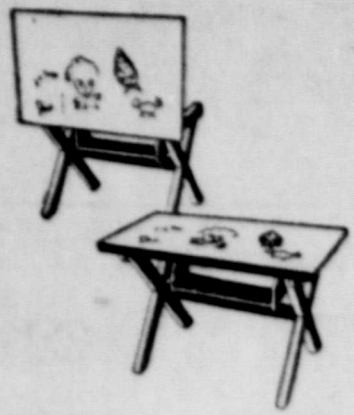

The origin of the fire was unknown but thought to have been caused by a short in the wiring. The tractor had just been driven into the tool shed a few minutes before it was discovered blazing. Mr. Dorman, smelling smoke, went to investigate and found the tractor in flames. He quickly hitched a pick-up truck on it and pulled it out of the shed. One rear tire was all that was saved on the tractor.

Mr. Dorman's quick action in pulling the tractor out of the shed prevented the destruction of several other implements and tools in the shed.

### Thursday Markets

Poultry	
Heavy Hens, 4 lbs. and over	26c
Light Hens, under 4 lbs.	24c
Cocks, pound	12c
Eggs, No. 1, dozen	38c
Cream

## Providence News

The Home Demonstration Club meeting was postponed, due to weather at 2 o'clock with Mrs. B. H. Quebe as hostess. But will meet on Tuesday Feb. 8 as hostess.

Mr. and Mrs. Martin Schuette and children visited friends and relatives in Slaton and Idalou last week.

Mr. and Mrs. Walter Sammann visited with Mrs. Fred Sammann and Mr. and Mrs. B. F. Sammann Jr. on Saturday.

Delores Samman was admitted to the Lockney Hospital for a tonsillectomy on Monday.

Valera Samman was admitted to the Lockney Hospital for treatment on Sunday.

Janice Mathis has been on the sick list the past week.

Mr. and Mrs. Morris Nance were guests in the home of Mr. and Mrs. L. B. Brandes and Debra on Sunday.

Rev. and Mrs. Anderson entertained the Luther League members with a social at their home on Sunday evening.

The Lutheran Ladies Aid Society will meet on Sunday at 2 o'clock with Mrs. Ben Quebe as hostess.

Carolyn Jo Sammann was an all night guest of Maebeth McLaughlin on Monday.

### ATTEND STOCK SHOW

Mr. and Mrs. George Turner Sr., Mr. and Mrs. George Turner Jr., and Mr. and Mrs. Glenn Mitchell left Monday for Fort Worth where they will attend the Southwestern Exposition and Fat Stock Show.

Mr. and Mrs. R. C. Mitchell spent from Sunday until Thursday of this week in Fort Worth attending the Fat Stock Show.

## Boy Scout Week

(Continued from Page 1)  
for 15.7 per cent of Scout Units in all three age levels.

**Adventure Found in Scouting**  
"Adventure—that's Scouting!" the theme of Boy Scout Week this year is a reality for hundreds of thousands of Boy Scouts. They enjoy thrilling experiences in the 791 long-term camps maintained by Local Scout Councils and an even greater number of short-term camps for outings of one to three days. Camp property owned or leased by the Boy Scouts of America comes to more than 250,000 acres with a value of over ten million dollars.

For experienced Scout campers there is the Philmont Scout Ranch of 127,000 acres of plains mountains in northeastern New Mexico, owned and operated by the National Council of the Boy Scouts. It was the gift of Waite Phillips who also gave the Scouts a modern office building in Tulsa, Okla., the income of which is used to develop the ranch for the use by all Scouts in America.

There were 1,650 Scout tours authorized by the National Council. Before the trips began, each party was required to have its leadership properly certified, its route and equipment approved and adequate resources assured.

A group of Bay City, Mich., Scouts, using bus, train, boat and plane traveled way up north to Fairbanks, Alaska. Montreal was visited by Charlotte, N. C. Scouts. Scouts from Lancaster, Pa., visited Key West, Fla., and Santa Clara, Calif. Scouts visited British Columbia.

Several hundred Senior Scouts enjoyed long canoe trips starting from Scout Canoe Bases. St. Louis Senior Scouts went on Mississippi River cruises. Coast Guard vessels were floating homes to New York and New Jersey Sea Scouts for cruises from one to five weeks.

At Columbus, Ohio several hundred Senior Scouts took part in a "sky meeting," each young man making a glider flight. From the suburbs of Chicago, 44 Senior Scouts and leaders flew to the Philmont Scout Ranch in New Mexico.

Air Scouts of Bellefontaine, Ohio built a replica of the Kitty Hawk Pylon in their community to honor the Wright Brothers and were thrilled when 3,300 persons attended their dedication exercises.

More than 2,000 Senior Scouts took part in "air encampments" at 20 Air Force Bases and each had one or more flights in Air Force planes.

**Sought Ancient Culture**  
Led by a veteran Scouter who is an archaeologist, one Scout party, sponsored by the Museum of New Mexico and School of American Research, searched for hidden remnants of an ancient culture in the southwest.

Over 200 Senior Scouts took part in

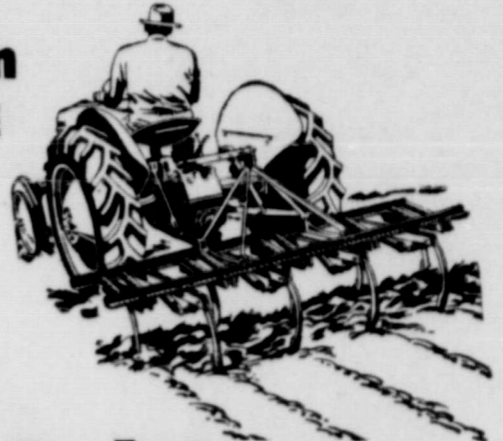

a great historical demonstration in Wisconsin, traveling over the ancient Indian and early explorers' water highway from Green Bay to Prairie du Chien where they remained several days.

Perhaps the greatest single adventure that came to a Boy Scout in recent years the trip made by Explorer Scout Arthur Owen of Beaumont, Texas. The Ronne Antarctic Research Expedition which sailed from Beaumont in Jan. 1947 invited the Local Scout Council to select a Scout who could contribute to the effectiveness of the exploring party.

When the explorers returned in April 1948 from their 14,000-mile round trip to Palmerland in the Antarctic, its leader, Comdr. Finn Ronne, U. S. N. R., had this to say of Scout Owen:

"He has assisted in sailing our ship, the 'Port of Beaumont, Texas' to and from the Antarctic. He has participated on one of the longest sledge trips made in the Antarctic—1,180 miles. He has done very good work on the expedition and has been an outstanding example of the fine character the Boy Scout organization has helped to give the young men of our country."

## Dearborn LIFT TYPE

## Field Cultivator really gets down and digs

Spring-actuated shanks permit points to ride over stones or roots and reset themselves automatically. Variety of points available.

Use it shallow for eradicating weeds or mulching . . . or set it full 9 inches deep and really churn the soil. It leaves land in shape to hold moisture and resist wind erosion.

The Dearborn Field Cultivator can be attached to a Ford Tractor in one minute. Hydraulic Touch Control means easy lifting for turns and transport. See it! And remember us for genuine parts and expert service.

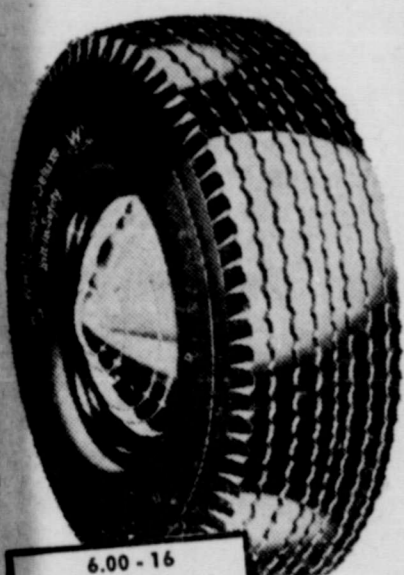

## DEARBORN WINDY SUB-SOILER

Come in and see a demonstration of this sub-soiler. It chisels from 12 to 16 inches deep, allowing water penetration up to 40 inches wide. This sub-soiler meets the approval of the District Soil Conservation Committee. Priced at—

\$55.00

Maybe you're the "slow" one!

Have you been a little slow about giving your engine the extra protection it needs for winter-weather driving? It's easy to change now to winter-grade Conoco N<sup>th</sup> Motor Oil and the extra protection of an engine that is OIL-PLATED!

Because free-flowing Conoco N<sup>th</sup> actually fastens extra lubricant right to cylinder walls. This extra OIL-PLATING protects working parts from winter's grinding "dry-friction" starts . . . from metal-eating combustion acids . . . and from power-robbing sludge and carbon due to wear.

So stop trouble before it starts . . . Oil-Plate for Extra Protection!

### Sterley News

By Mrs. M. A. Boone

Despite the snow and freezing temperature a large crowd of very interested people gathered at the school house at Sterley Friday night to dis-

cuss the Farm-to-market Highway. Many interesting facts about roads were related to us by Judge G. C. Tubbs, Commissioner Hugh Counts and Engineer James F. Poits. A quartet from Lockney entertained with several songs which were enjoyed by all. The meeting adjourned with every-

one happy with the good news that in the near future Sterley would have a hard surface farm to market road. Mrs. Roy Barr and daughter, Laura, is visiting her parents, Mr. and Mrs. G. E. Patterson.

Mrs. J. N. Southard and children left Thursday for Los Angeles, California, to join her husband who is working there.

Mrs. A. H. Suiter visited her daughter in Lubbock Thursday.

Mr. Everett Rivers is at Hart this week doing relief foreman work for the Fort Worth and Denver.

Mr. and Mrs. Dubert Melton moved this week to Bagdad, Arizona. We are sorry to lose this family from our Community but wish them the best of everything in their new home.

Mrs. M. C. Bonner left Saturday for Phoenix, Arizona, to visit her sister. Mrs. G. P. Nelson is on the sick list this week. We hope she will soon be well again.

Mrs. L. A. Claborn visited her daughter, Mrs. Margaret Shearer in Plainview Monday.

Mr. and Mrs. Harris of Silverton spent Sunday with Mr. and Mrs. James Harris.

Mr. and Mrs. Finis Weatherly of Hart visited friends in Sterley Monday night.

Mrs. G. E. Patterson returned home Sunday from Temple where she underwent major surgery. We are happy that she is able to be back at home.

C. B. Humphrey and James Stack are in Ft. Worth this week.

Mr. H. H. Carrigan of Amarillo and Mr. Cheatum of Childress are in Sterley this week doing extra train service for the Fort Worth and Denver Railroad.

Mr. and Mrs. W. B. Mullins returned Tuesday from a few days visit with their sons in Abilene, Tex.

#### MRS. BRYANT HERE

Mrs. E. R. Bryant of Fountain, Colo., has been here visiting her mother, Mrs. R. C. Bennett and other relatives.

Mr. and Mrs. Pepper Martin of Hart spent Saturday night with her parents, Mr. and Mrs. Johns Cox and family. They also visited Mr. Martin's sister, Mrs. Bob Merrell and Mark Wade Saturday evening.

### First Aid For Broken Limbs And Shrubbery

COLLEGE STATION—Nature dropped a coating of ice over two-thirds or more of the state recently at least once, anyway.

This chilly pastime of Old Man Winter has literally put many of the trees and shrubs in cold storage. And a cloak of ice usually does more harm than good to our ornamental plants used in landscaping home yards and lawns.

First aid is generally necessary for these thousands of shrubs damaged by ice storms if the plantings are to regain their natural shape and beauty. Broken, split and bent branches and wounds all need a different treatment. Where the weight of ice has caused branches to break several feet from the trunk, pruning will help. Remove the hanging limb where it has broken off, then select a side branch between the break and the tree trunk. Cut off the limb at this point. Follow up by pruning to reshape the plant.

Sadie Hatfield, extension landscape gardening specialist of Texas A. & M. College, says that badly split branches won't grow back and heal over even though they are tied in place. Such split limbs should be removed at the trunk, leaving no stub at all. It's usually safer to prune off the split branches, and all the splintered and rough edges should be smoothed off before a wound paint is applied.

White or orange shellac makes good wound paint, says Miss Hatfield. Or you may make a mixture of your own if you so desire. Here's how: Heat eight parts (by weight) of resin and three parts of boiled linseed oil. Paint this mixture on to the bark ring and hardwood area.

Branches that are merely bent over by the weight of the ice don't need quite as much care. They may be pulled back into place and held with strips of gunny sacks or cloth. Miss Hatfield advises not to use wire and hard strings, as these may cut and injure the limbs. By the time the cloth rots away, the tree limbs ought to be growing back in their original

shape. But if they aren't, you may need to cut part of the bent limb away.

Ornamentals such as the arborvitae which have been disfigured by the weight of ice may be sheared. However, they can usually be bent back into their original shapes, Miss Hatfield says.

So if you've had any shrubs or trees that were put in cold storage

by Old Man Winter, then some first aid work needs to be done on your own front yard.

Those of the Baptist Church made a business trip to Wednesday of this week. Interest of the proposed new included Rev. E. J. Cobb, Handley, Mrs. Hilburn, Horton Howell.

### Babson Discusses "Free Food"

Babson Park, Fla., Jan. 28.—While we are worrying about Russia and World War III, we must not forget that at any time some great revolutionary invention may develop which will take everyone's attention, for a while, off of Capitalism, Communism and every other "ism." I have in mind electronic experiments to greatly reduce the cost of canned fruit, vegetable and other juices whereby the new mineralized electrically enriched product will be more tasty and healthier than the present commercial products.

#### PHOTOSYNTHESIS EXPLAINED

Your value is measured by your energy, although this may be spiritual energy, mental energy or physical energy. This last shows itself in farm work, road and building construction, factory and office jobs and even home cooking or bed making! To develop energy is the reason for eating, drinking and breathing. Upon this need of food for energy, the agriculture of every nation is based and, in fact, exists.

But from where does your energy come? It comes from the Sun in a wonderful way. The Sun's electrical energy, supplemented by air, water and minerals, is stored by photosynthesis in the vegetable products which we eat. After eating, by a reverse process, this Sun's energy is turned back again into human energy by electrical forces within our bodies. This is the entire story if you are a vegetarian. In case you eat meat, fish, eggs, etc., then there is also another intermediate process; but even then your energy really comes from the Sun.

Sun, water and air are already free. Hence, it will be necessary only to spend a very little for minerals and certain electric rays—to create human energy. This might make it unnecessary for us to eat the products of the soil except for bulk and as luxuries. Our appetites would be satisfied electrically and we would need never

be hungry.

I believe that one of the laboratories of the Atomic Commission is now working on such a dream. The carbon atoms may show the way. With such a discovery there would need be no fundamental change in our present physical set-up. We would continue to get our energy from the Sun; but a large percentage of the present cost of raising foods would be eliminated. The first step would be to apply these experiments to canned juices of various kinds and later perhaps to dairy products. These will exceed in taste and nutrition certain present products and will give us the Sun's energy in a far cheaper and more efficient manner.

#### WHAT WOULD HAPPEN TO BUSINESS?

What such a discovery would do to us economically I leave to your imagination! A limited amount of farmlands would be wanted for industrial products. Rayon, pulp, plastic and many other manufactured materials will always be dependent upon products of the soil. We, moreover, will continue to demand certain "whole" vegetables and fruits. Our stomachs require bulk which cannot be satisfied by juices or pills. When one considers the labor now engaged in the raising and processing of products now sold as juices, many million

people might be thrown out of work and forced into other occupations.

Lands now used for fruit and some other agricultural purposes could decline in value. Railroads which depend largely upon the transportation of certain agricultural products, fertilizers, farm machinery, etc. could suffer. On the other hand, other lines such as building, clothing, fuels, automobiles, recreation and real estate in sunny states could have a great boom. This confirms the need of broad diversification in our investments which I have constantly preached in this column. Of course this change is not coming all at once. Electronic juice and milk may be healthier than present non-enriched liquids, yet no juices can equal properly grown whole fruit and leafy vegetables of which we should eat much more.

#### WHAT ABOUT WORD WAR III?

Such a discovery today could completely upset Russia's plans. With birth control and electronic foods, the arguments for Communism would disappear. Then we could have real world peace and a powerful United Nations. In fact, it is reasonable to believe that scientists at Argonne, Ill., Brookhaven, L. I., and Oak Ridge, Tenn. have this thought as their incentive which keeps them at work.

## Pleasant Valley Club Meets Jan. 24

The Pleasant Valley Home Demonstration Club met January 24 at the home of Mrs. A. M. Dorsey. The club year books were passed out and plans for the year were discussed with the meeting was a stork shower for Mrs. Ralph Thayer.

Those present were Mrs. Lee Pope, Mrs. Clark Harris, Mrs. Lynn Miller, Mrs. W. A. Starnes, Mrs. Ralph Thayer, Mrs. A. M. Dorsey, and Mrs. Roy Wilkes.

The next meeting of the club will be with Mrs. Clark Harris on Feb. 8th.

## Demonstration Club Meets Thursday

The Lockney Home Demonstration Club met Thursday, January 27 at the home of Mrs. I. A. Applewhite. The program featured a New Year's Personality Check under the direction of Mrs. Applewhite.

A Quiz on our Work was given by Mrs. M. S. Johnson, and Questions and Answers about T. H. D. A. were asked by Mrs. M. L. Anderson.

The subject, Let's Houseclean Our Club, was discussed by Mrs. W. L. Morgan.

Members present were: Miss Josephine Smith, Mrs. Henry Bollman, Mrs. Frances Ramsey, Mrs. W. L. Morgan, Mrs. I. A. Applewhite, Mrs. M. S. Johnson, Mrs. M. L. Anderson.

Next meeting will be a covered dish luncheon on February 24 in the home of Mrs. W. L. Morgan.

## "42" Party Benefits March Of Dimes

Benefitting the March of Dimes drive in Floyd County, Mr. and Mrs. Clark Harris were hosts at a "42" party on Friday night of last week. Scene of the party was an army barracks which the Harris had purchased recently for housing labor. Mrs. Harris is chairman in the Pleasant Valley community for the March of Dimes drive.

String music was furnished during the evening by Chester Mitchell, Ralph Thayer, Ray Eston, Roy Wilkes, and Clark Harris. The Home Demonstration Club of the community furnished sandwiches, cookies, cakes, pies, coffee, hot chocolate and cakes. Two cakes were auctioned off by Bob Muncy and brought a nice sum. The cakes were baked by Mrs. Ralph Thayer and Mrs. Roy Wilkes. Fifty-five dollars was raised for the fund and Mr. and Mrs. Harris expect to see other people of the community who were unable to attend and take their contributions to the March of Dimes.

Those enjoying the party were Messrs. and Mmes. Lee Pope, Wayne and Joyce, Bud Pope and Rex, Ralph Thayer and Freddie, Bob Muncy and Norman, Ray Aston, Lynn Miller, Janice, Jerry, R. C. Mitchell and John David, Chester Mitchell, Shirley, Warren and Neil, Weldon Smith and Dan, A. M. Dorsey, Johns Cox, Nova and Wanda Mae, Roy Wilkes and Linda, Edwin Hammonds, Eddie and Jimmy, Shirley Race, Donnie and Johnny, and the hosts, Mr. and Mrs. Clark Harris, Joan, Ronnie and Carolyn.

## MRS. MILLER RETURNED TO LOCKNEY

Mrs. Wilbur Miller who underwent major surgery Thursday of last week at Lubbock Memorial Hospital was transferred to the Floyd County Co-Operative Hospital here Tuesday of this week. She has been given several blood transfusions.

## Mrs. Glenn Mitchell Is Shower Honoree

A tea shower honoring Mrs. Glenn Mitchell, nee Arlene Turner, was given in the spacious new home of Mrs. W. L. Thomas Saturday afternoon, January 28 from 2 to 4 o'clock. Mrs. Thomas, Mrs. George Turner Sr., mother of the honoree, the honoree and Mrs. Rhea Mitchell were in the receiving line.

Corsages of carnations and jonquils were presented to the honored guests. Pink and white gladioli were used at vantage points throughout the entertaining rooms.

The serving table draped with a white linen and rayon cloth was centered with an attractive arrangement of pink and white gladioli and fern on a reflector. Crystal candleholders with silver tapers flanked the centerpiece. A crystal tea service was used. Misses Ilene Harris and Kay Norman served spiced cake squares topped with white icing decorated with pink rose buds and Bohemian tea.

Mrs. Byron Ford secured names for the bride's book.

Hostesses for the occasion were Mmes. N. S. Daniels, Faye Messer, Edwin Johnson, W. L. Thomas, F. L. Brown, B. E. Harris, Edgar Hays, Byron Ford, Earl Norman, G. M. Brunner, Troy Ray, W. A. Campbell, Doyle Harrison, J. P. Truett, Hugh Carroll, Harmon Handley and Jake Griffith.

## BLENDENS PURCHASE WATSON HOME HERE

Mr. and Mrs. H. E. Blenden have purchased the W. C. Watson home on South Main Street in Lockney and will occupy the house as soon as the roads permit moving their furniture in from their farm south of town. Mr. and Mrs. Watson are living at present in the Floyd Huff home west of town. They plan to build near the high school building it was reported to The Beacon.

**Vocational Ag Boys Visit Stock Show**

Twenty-three vocational agriculture students of Lockney High School, accompanied by their instructor, F. L. Montandon, and Earl Cooper as bus driver, attended the Southwestern Exposition and Fat Stock Show at Fort Worth the past week end.

The group left here Friday morning and returned Sunday afternoon. They were particularly interested in the fat stock exhibits, it was said.

Those making the trip were: Edgar Hartley, Charles Dippery, Dwayne McLeod, Holby Dean McLeod, Ray Ferguson, Dick Campbell, Don Bart- ram, Bobby Baxter, Garland Cox, Deanie Henderson, Dale Tjerce, W. L. Rowell, Don McLaughlin, Eugene Tannabill, Jerry Cooper, Herbert Watson, Gene Collins, Joe Cunyus, David Catlin, Lynn Ray Smith, Delbert Shearer, Weldon Graves, Win- fred Graves, F. L. Montandon and Earl Cooper.

**Moisture And Cold Continue In Area**

Falling moisture and cold weather continued to hold sway in West Texas the past week with the coldest weather of the winter striking here Monday and Tuesday. The temperature hovered around zero both Monday and Tuesday morning but had moderated by Thursday and the snow and ice was thawing.

Moisture the past week has amounted to .22 of an inch. This added to the moisture of the past three or four weeks brings the total to slightly more than four inches, the most first of the year moisture recorded in this area since records have been kept.

**Brother Of Hugh Counts Dies Saturday**

E. L. Counts of Glen Rose, brother of Hugh Counts of Lockney, passed away in a Fort Worth hospital Saturday morning. His death was attributed to heart trouble. He had been in ill health for ten years. Mr. Counts stated.

Funeral services were held at Irving Monday afternoon. Burial was in the Irving cemetery. Mr. and Mrs. Counts of Lockney attended the services.

Survivors include his wife, three sons, five brothers, and four sisters.

Mr. and Mrs. W. B. Mullins spent the weekend in Abilene visiting their sons, Carl and James, students at Hardin-Simmons University. They also visited a son, Wayne Jr., at Brownfield.

Rev. E. J. Cobb was in Lubbock Thursday of last week.

Mrs. Edwin Johnson was returned to her home Monday from the local hospital and is improving nicely.

**Hospital News**

Floyd Huff was admitted Tuesday for medical treatment.  
J. L. Dagley is showing some improvement.

Mrs. D. I. Bolding was admitted Tuesday for medical treatment.

## PREPAREDNESS REAL OBJECTIVE

Nearly two years ago, Congress passed a law called The National Security Act of 1947. Its purpose was "to provide a comprehensive program for the future security of the United States." Under this law, steps have been taken to improve the organization and the efficiency of the nation's military establishments. Unfortunately, the notion is widely held that the intent of Congress in passing the law was the outright and immediate "unification" of the armed forces. For example, the public has been given the impression that The National Security Act intends that we shall have one air force and only one, and that the Navy violates the spirit of the law in not turning over all its

air activities to the Department of the Air Force. In reality, the law states just the opposite, by directing Congress to "provide three military departments for the operation and administration of the Army and the Navy (including Naval Aviation and the Marine Corps), and the Air Force." It clearly states that the purpose is to provide for the "authoritative coordination of these agencies and unified direction under civilian control but not to merge them."

Senator Gurney, Chairman of the Armed Services Committee, points out that "neither the Navy alone, the Air Force alone, nor the Army alone is capable of supplying the needed military strength of the United States. If Congress believed one of them could, it would have taken steps to eliminate the other two in the interest of economy. That this was not done testifies eloquently to Congressional opinion concerning the need for all three branches."

Naval aviation is the heart of the modern Navy. It is a highly specialized branch of the military services. It requires a type of flying alien to any other aviation activity. And it is significant that the Hoover Commission, in studying the entire government structure, including national security, has rejected the idea of merging Naval aviation with the Air Force.

If ever there was a time when the citizen and the voter must exert himself to obtain accurate information in public issues, it is now. The controversy over so-called unification of the armed services is a case in point. The real objectives are efficiency, economy, and military preparedness. Unification should not become a catch word to trip the unwary.

**THE MINIMUM WAGE PROBLEM**  
The great increase in living costs has created an understandable de-

mand for an increase in the minimum wage. However, we should realize the dangers that would result if the minimum wage were raised to too high a level.

The minimum wage is precisely what the name implies. It is the bare minimum on which a worker can maintain himself. It is not supposed to provide for even the simplest luxuries. It is, in other words, the wage paid to a very small minority of workers who are completely inexperienced, are learners, or are congenitally incompetent and unambitious and cannot develop even minor skills. It is designed to protect this class of workers from employer exploitation, and that is all.

Any worker, with a bare minimum of aptitude, and a desire to get ahead, soon passes out of the minimum wage bracket. He is given higher pay for the sound reason that he is worth more, can do more things, can produce more.

It has been argued that relatively high minimum wage would make little difference because it would affect comparatively few people. But past experience indicates that this theory just doesn't work out in practice. For example, when minimum pay is raised, the unskilled worker may receive nearly as much as a skilled worker. The latter naturally becomes dissatisfied, and demands more for himself. So it goes, all the way up the line of job classifications and pay scales. Inflation gets another big boost forward.

A high minimum wage could lessen opportunity for beginners, for the reason that industry would have to hold costs down by employing as few of them as possible. This is clearly a case where we should move clearly, and only after exhaustive analysis of all the potentialities.

## BOY SCOUT WEEK

"Boys will be boys," they say. But we're sure you'll agree they'll be better, friendlier, happier boys if they're in the ranks of the Boy Scouts of America. For 29 years, the Boy Scouts have made an increasing contribution to a better America through a well-planned, up-to-date program to meet boy's interests.

It's a program of adventure that appeals to every boy, when he knows about it. And there's the rub. Many a boy of 12 or over still needs to be informed of the exciting activities of Scouting. Many a parent needs to discover the values of Scouting for his boy. Many an adult needs to find out the enjoyment to be derived from helping boys find themselves through Scouting. Many a civic institution should look into the merits and advantages of sponsoring a Troop of Boy Scouts.

For these reasons we're taking the opportunity—during Boy Scout Week—to fulfill our obligation as an information-medium, by reminding you of your responsibility to the boys of America—the Men of Tomorrow!

Mr. and Mrs. Johns Cox, Nova Jean and Wanda Mae, Mr. and Mrs. Pepper Martin of Hart and Mrs. E. C. Cox of San Bernardino, Calif., visited Mr. and Mrs. T. B. Cox and family in Hereford Sunday.

J. C. Powell left Tuesday for Tucson, Ariz., for a visit with his brother, Garth Powell and family.

### Neighboring Citizen Advises Canyon Citizens To Trade Here

We wish that each and every citizen of Canyon and Randall county could have heard a visiting speaker last week when he deplored the practice of so many Canyon people rushing out of town to do their trading.

This man has been in the grocery business in Amarillo for many years. He states that he advised Canyon people to come right back and do their trading.

Just why do people rush away from home to do their shopping? Do they actually think that merchandise can be bought by merchants in big towns at a lower price than Canyon merchants pay?

No, they are convinced that they should rush away from home just to be going some place other than Canyon to trade with people whom they do not know.

The same is true of people of Amarillo, who rush down to Dallas; and Dallas folks go to St. Louis or Chicago; while folks in these cities think they should go to New York. And where to New Yorkers go? To Paris or London of course!

We are very, very foolish folks when it comes to doing our buying.

Look around Canyon and see just how much stuff you have been buying out of town at higher prices than you would have to pay in Canyon. You should be surprised.—Canyon News.

## GROWING VEGETABLES

Of interest to farmers in the Crosbyton area who are putting down irrigation wells this year is the project being started at Lorenzo, whereby vegetables will be grown on a commercial basis in the county for the first time. Irrigation farmers in this area will watch the new crop with much interest, with the view in mind of establishing a similar project here in the future.

Eighteen men of the Lorenzo area have signed up to devote 220 acres of their land to the production of potatoes and onions. They are pioneering a new crop on the South Plains which may mean a great future in this area: a crop which will produce or fail. Since none of the farmers are experienced in this line they must learn by experience.

Each man will plant his 20 acres, irrigate, fertilize and cultivate it. The buying will be done by an experienced man who will buy a carload of plants or seed at one time and deliver it to the farmers.

Planting will be done with two planting machines, purchased jointly by all the farmers. These two machines will plant all the acreage.

Dusting is to be done by a dusting service in Lubbock. The company will send out two airplanes fully loaded to fly over each farm and dust the plants for insects. A certain price has been set by the company which was suitable to all the farmers.

Harvesting will be done by machines; picked up by laborers, and taken to the packing shed by truck in Lorenzo. This packing shed will be built soon, according to Arthur Lay, Lubbock produce buyer, who is to build the shed.

W. R. Kimbrough, county agent, stated: "I think it is a very good idea for the farmers to plant these vegetables, because they will have another crop to 'drop back on' in case prices of cotton and feed drop in the next few years."—Crosbyton Review.

Ladies Stations

Kate Adele Hill, District Agent. Monday morning the women were guests of station KOBH where they inspected the equipment and were interviewed during broadcast. A luncheon was given at the Hilton Hotel at noon. Station KFYO was one of the hosts for the program. Following the lunch the guests visited Station KSEL.

C. of the radio staff of the U. S. Dept. of Agriculture, and Mr. Andy Adam of the A. & M. College Extension Service participated in the radio clinic that was held during the day for the women and Extension Agents. The high winners in the contest from Floyd County were Mrs. L. A. Claborn of Sterley, Mrs. C. L. King and Mrs. Raymond Teeple of Lone Star, and Mrs. J. C. Odom of the Friendship Home Demonstration Club. None of these women was able to attend the meeting because of bad weather.

Special Committee To Study Tax Problems

LUBBOCK—Gov. Beauford Jester has appointed Dr. Reginald Rushing, head of accounting and finance department of Texas Technological college, to serve on a special committee to study problems of taxation in Texas. An organizational meeting of the committee is set for Jan. 31 in Austin.

It is the Governor's desire that this group will prepare data on such subjects as description, yields and administration of present tax structure of state and local governments in Texas; present fiscal problems of county and city governments in Texas and a description of possible solutions; possible abolition of State taxes which are obsolete and unimportant; other changes in the State tax structure and administration which may be indicated.

The material gathered by this committee working with state officials will be presented by the Governor to the Legislature.

Dr. Stuart MacCorkle, University of Texas, is chairman. Members include Rushing, Dr. E. T. Miller, University of Texas; L. P. Gabbard, Texas A&M; and Bullock Hyder, North Texas State Teachers College.

State officials include Robert S. Calvert, state comptroller; Jesse James, state treasurer; Hall H. Logan, chairman, state board of control.

Mr. and Mrs. Guy Allen of Plainview, former Plainview residents, are vacationing in the valley for a month. They are at Donna.

R. C. Mitchell Is Chester White Field Representative Here

R. C. Mitchell, farmer south of Lockney, and former teacher of vocational agriculture, has been appointed part-time field representative of the Chester White Swine Record Association. The appointment was made by letter by Mr. Levi P. Moore, Secretary of the Association of Rochester, Indiana. The registered swine organization has fieldman in all the leading hog producing states where large numbers of purebred Chester Whites are found. Up to date, Texas has had no field representative, but because of the increasing popularity of this breed it was felt there was a need for representative. Mitchell will take that time necessary from his regular farming operations to act as part-time booster for the breed. His principal duties will be to visit breeders, assist in arranging swine shows, and reporting to the Association on the progress. Attractive premiums will be offered at the major shows and fairs in Texas for full classes of the breed and additional prizes for Grand Champions provided they are registered Chester Whites.

Mitchell is establishing a small herd of registered Chester Whites on his farm. He plans to visit the Southwestern Exposition and Fat Stock Show in Ft. Worth January 28.

Burdian's donkey starved to death when placed equidistant between two hay stacks. He was unable to choose which to eat first.

### Earl Edwards Jr. Is High Point Man On A&M Judging Team

Earl Edwards, Jr., Floyd County 4-H Club boy, now enrolled at A. & M. College was high point man on the winning A. & M. College Dairy Judging Team at the Fort Worth Fat Stock Show this week, according to information received at the County Agent's office. A. L. Hartzog, County Agent said that Earl Jr., was high point man both in judging Jerseys and in the entire contest. Earl Jr. was a member of the winning National Dairy Judging Team, composed of 4-H Club boys from Texas at the All American Jersey Show at Columbus, Ohio, year before last. Earl is a former winner of the National 4-H Club Dairy Production Contest, The Herman Heep Contest for Junior Dairymen of Texas and the National 4-H Club Achievement Contest, each of which gave him a \$200.00 scholarship to be used at the agricultural college of his choice. The coming year will climax his career of 4-H Club work as he is now 20 years of age. The Agent said that young Edwards had established one of the most brilliant records in 4-H Club work of any boy in Texas and his dairy demonstration has been both profitable for him in money and rich in experience.

His present dairy herd of Registered Jerseys is outstanding for its quality and is composed of many show winners. Among them being winners of the Panhandle Plains Dairy Show, junior and open classes for many years, also winners of the Floyd County Junior Livestock Show, The Waco Jersey Show, some of which were members of the Texas Junior Jersey Meet which showed at the Dallas

Fair and four other State Fairs also winning 1st place Junior Dairy Herd of the Nation at the All American Jersey Show at Columbus, Ohio. One member of his herd has stood first in her class at the Columbus Jersey event which is of National and International scope. The Agent said that Earl Junior's accomplishments would long stand as a record of achievement but he said that other Floyd County 4-H Dairy Club boys were progressing nicely and that the development of Don Pope, son of Mr. and Mrs. C. T. Pope, Floydada, Route 4; R. W. Smith, son of Mr. and Mrs. John Edwards Smith of Baker Community; Billy and Bobby Carmack, sons of Mr. and Mrs. C. B. Carmack of Sand Hill Community; Donald Farish, son of Mr. and Mrs. Clyde Farish of Lone Star Community; Johnny B. Griffin, son of Mr. and Mrs. J. T. Griffin of Lone Star Community and Bob Hartman, son of Mr. and Mrs. Harry Hartman of South Plains, were among the Junior dairymen being watched with considerable interest by the Agent's office and the county's dairymen as they are following in the footsteps of EARL EDWARDS, Jr. and all are good prospects for National Dairy Winners.

#### PRO FOOTBALLER RETURNS TO WT

CANYON—Duane Byars of Lockney, former West Texas State College football star now under contract to the Los Angeles Rams, professional team, will return to WT for the second semester.

Byars played tackle with the Buffaloes in 1947. Last spring he accepted a contract with the Rams. During summer practice he received an injury and is now on leave of absence.

Byars is married to the former Jeanette Palmer of Plainview.

He is the son of Mr. and Mrs. Baylor Byars of Lockney.

### Lone Star News

By Mrs. Harold Griffith

The following ones were on the honor roll at school last month: Eighth grade—Betty Sue Farish; Third grade—Larry Jarrett, Donald Farish, Sandra Lawson; Second grade—Duane Griffith.

Rev. and Mrs. G. C. Tiner were luncheon guests of Mr. and Mrs. L. C. Winters last Sunday.

Mamye Lou Nance of Amarillo spent last week-end with her parents Mr. and Mrs. W. D. Nance.

Joe Nance, son of Mr. and Mrs. W. D. Nance was recently treated in the Lockney Co-operative Hospital.

Mr. and Mrs. L. C. Winters visited in the G. C. Tiner home Thursday night.

G. B. Johnston Jr. attended the Golden Gloves Tournament in Amarillo last week.

F. F. A. boys to attend the Fat Stock show in Fort Worth last week end were Bobby Clyde Baxter, Deanie Henderson and Garland Cox.

Weldon and Winifred Graves attended the Fat Stock Show in Fort Worth last week-end.

L. M. Reidhimer and Harold Griffith attended the fights in Amarillo Friday and Saturday nights.

Mr. and Mrs. Reed Lawson visited in the Jack Frizzell home Thursday.

Mr. and Mrs. Clyde Baxter attended the Fat Stock Show in Fort Worth last week-end.

Mrs. L. M. Reidhimer and girls spent Friday night with Mr. and Mrs. Lowell Jarrett and Larry.

Mr. and Mrs. Walter Griffith spent the week-end in Plainview with their children. Mrs. Griffith remained this week with Mr. and Mrs. Kenneth Griffith to help out as Mrs. Kenneth Griffith was being treated in the Plainview Hospital.

Mrs. Ira Graves was cook at our lunch room last week since Mrs. Ivy was caught in Floydada and due to the bad roads was unable to make it out here. She is back this week coming out while the ground was frozen.

Mrs. Bob Tiner has been ill with the flu.

Mr. and Mrs. Howard Watkins and Sherry spent the week-end in Plainview with relatives. They also visited with Mrs. Howard Mosley who is in the Plainview Sanitarium.

Mr. and Mrs. Bascom Baxter and children visited with his mother Mrs. John Baxter Sunday afternoon.

Mr. and Mrs. Harold Griffith and son visited her parents, Mr. and Mrs. V. D. Harris Sunday afternoon.

Mr. and Mrs. L. M. Reidhimer and daughters visited in the Jack Frizzell home Sunday evening.

Mr. and Mrs. Clyde Farish and children visited in the W. T. Rankin home Sunday afternoon.

Mrs. Obie Peugh and Loretta will go to Dallas this week where Loretta will receive a check-up in the Scottish Rite Hospital.

Mr. and Mrs. Howard Watkins and Sherry visited in the Lowell Jarrett home Sunday night.

Mrs. A. E. Frizzell is home from Floydada where she has been at the bedside of her father who is ill but improved at this writing.

Mr. and Mrs. Reed Lawson and Sunny visited Mr. and Mrs. Lowell Jarrett Saturday night.

### MAIN STREET CHURCH OF CHRIST

#### Man's Weakness With God's Strength

Man within himself and apart from God has no power to save his soul.

Divine religion has ever been a religion of faith.

Man in his weakness can believe and obey the things taught of God and enjoy the blessings wrought by the power of God.

In order to receive blessings from God one must never doubt the faithfulness of God while he obeys the commandments of God.

The approved faith of the Bible is the belief and practice of the things taught of God in the Bible.

The eleventh chapter of the Hebrew letter is proof of the above statements. Please read it.

### George B. Marshall Rites Held Friday

George B. Marshall, 42, former district clerk and assessor-collector of Floyd County, passed away Tuesday morning of last week in a Roswell Hospital. Funeral services were held Friday at the First Baptist Church in Floydada. A large crowd attended the rites.

Mr. Marshall had been ill for more than two years. He had been employed at Amarillo and Pampa after his term as assessor-collector, but had been unable to work for the past several weeks.

Survivors include his widow, one son, Ben, 7, and three daughters, Barbara, 16, Myrna, 12 and Mariene, 4; his parents, Mr. and Mrs. L. A. Marshall of Floydada; three brothers and two sisters.

### Bands To Meet At Ralls Thurs.

The high school bands of Lockney, Ralls and Slaton will meet at Ralls Thursday night of this week where they will go over the contest music which will be used in the band clinic at West Texas State College, Canyon, in the Spring.

Director George Atwood said that Earl Ray, noted Texas Tech director will be the guest director at the gathering.

The first band concert of the season has been postponed because of the bad weather will probably be held around February 24, Mr. Atwood said.

### Rev. and Mrs. Spence At Work In Japan

A letter from Rev. and Mrs. Raymond Spence received the past week state that they are already at work at their duties as missionaries in Tokyo, Japan.

They state that they hear English news broadcasts with up to the minute news every day, they get American magazines, and the "Stars and Stripes", an Army newspaper.

Language is their big difficulty at present. The opportunities are many in Japan and they are anxious to master the language so that they can be more useful. Among their work at present is the teaching of a Bible class of about 250 students each Tuesday evening.

They would like to hear from friends. Their address is Raymond Spence, Tokyo Foreign Missionaries, APO 500, Postmaster, San Francisco, Calif.

### Blenden Relative Dies In Kansas

James Bunnell of Arkansas City, Kansas, died in a Denver hospital Thursday of last week and funeral services were held at Arkansas City Sunday afternoon. He was a brother-in-law to H. E. Blenden of Lockney and a father of Dick Bunnell of Floydada.

Mr. and Mrs. Blenden and Mr. and Mrs. Bunnell attended the services in spite of extremely bad roads and weather.

Mr. Bunnell had been in ill health about two years.

### New Arrival

A baby boy was born to Mr. and Mrs. Walter Taack at Plainview Hospital on January 27. He weighed six pounds, six ounces and was named William Wayne. Mrs. J. F. Dollar of Irick and Mrs. W. E. Taack of Plainview are grandparents.

### Hershel Carthel To Speak At PTA Meet

Hershel Carthel will be the principal speaker at the Lockney Parent-Teacher Association meeting next Tuesday afternoon at 3 o'clock. It was announced this week. The meeting will be held at the Methodist Church. The time has been set in the afternoon in order to avoid conflict with the basketball games.

Mr. Carthel will report on his recent trip to Washington, D. C., where he witnessed the inaugural ceremonies. He and his son, Teddy, and brother, Chester made the trip.

### Have You Tried Chiropractic for Your Health Problems?

DR. HUET

You may say that your greatest problem, your biggest worry, is the state of your health. Make it an adventure. There is no poison that hasn't its antidote, no disease that hasn't its remedy, no day without its possibilities.

Chiropractic is a new way to health, but it is simple, common sense, and adds nothing to, nor does it take anything away from, your body. It simply cleans channels, sets free nature's forces and gives her a chance to perform the wonder restoration and preservation as only she can do.

Appease your worries. Perhaps you can get well the Chiropractic way. trial. Make it an adventure and you will be thrilled with the results.

### CUTS FROM CASES
