LOCKNEY, FLOYD COUNTY, TEXAS, FRIDAY, FEBRUARY 18, 1949

NUMBER 24

## Spur Wins First Game In District Basketball Playoff

ABERNATHY, Feb. 16—Spur Bulldogs turned in a tight 51-47 victory over Floydada here tonight in the opening game of a single round robin tournament to decide the basketball championship of District 3-A.

The race ended in a three-way tie between Spur, Floydada and Abernathy and the single round robin tournament was decided on as the best way to play off the tie.

It was a stern chase all the way for the Whirlwinds, who almost came from behind in the closing moments to trip the winners. But the desperate players taking shots from all over the court, weren't able to connect.

Spur started off in command of the game and kept it all the way. The Bulldogs held a narrow 12-11 margin at the end of the first period, increased their lead to 35-20 at the half for their greatest margin and still were out in front by 44-31 at the end of the third period.

At this point Floydada began to find the range, hooking shots from all over the floor. They began to cut the Spur lead rapidly until, with two and a half minutes to play, the Bulldogs were clinging to a 49-47 lead.

But Floydada wasn't able to hit at this point and Spur managed to survive the threat.

Durham pitched 23 points through the nets to lead Spur to victory, while Bob Finley had 16 for the losers.

Thursday night Abernathy will play Floydada in the second game of the tournament, and the following night the Antelopes will meet Spur. The District 3-A championship will go to the team able to win two games.

## Floydada Man Dies Of Polio

Joe R. Robertson, 22, of Floydada died of bulbar poliomyelitis at the West Texas Polio Center in Plainview early Monday night.

Robertson complained of not feeling well Sunday but did not take to his bed until Monday. He died within a few hours after being admitted to the polio center where he underwent a tracheotomy and was placed under oxygen. Physicians at the center said the case diagnosed as bulbar polio. He was treated at a Floydada hospital a few hours before being brought to Plainview by ambulance.

Funeral services were conducted at 2:30 Wednesday afternoon at the Floydada Baptist Church. Rev. L. A. Doyle, and Rev. R. E. L. Muncy of Floydada officiated.

Robertson was a member of a well thought of Floyd County family. He was married July 4, 1947 to Miss Iris Charlene Myrick of Floydada who is among survivors.

Other survivors are the parents and ten brothers and sisters, James Edward, Melvin L. Earl George, Geneeth Dean and Jerry Mack Robertson. Lena Fay, Bobby Jean, Patsy Docie, Patricia Ann and Karen Sue Robertson.

Robertson was the second polio patient to be admitted to the center this year.

Robertson, a farmer, was born March 10, 1926, near Floydada. He graduated from the Floydada High School in 1943 and soon afterwards entered the U. S. Marines, serving two years, thirteen months of which was spent in the South Pacific.

He was a member of the Lakeview Baptist Church in Floyd County. Interment was in the Floydada cemetery.

Mr. and Mrs. Bill Ed Whitfill and children, Mr. and Mrs. Charles Whitfill, Mr. and Mrs. Ben Whitfill and children, Silvertown; Mr. and Mrs. J. Floyd Howe and children, Panhandle are all in Corpus Christi this week visiting their parents and grandparents, Mr. and Mrs. Ed Whitfill who are vacationing on the coast.

Mr. and Mrs. Howard Cooper and Carol spent Tuesday and Tuesday night visiting in Quitaque with Mr. and Mrs. Dick Cooper.

## Lockney Gains 15% In Fire Ins. Rate

The City of Lockney gained 15% over last year in their fire insurance rate, it was announced this week. The new rate goes into effect March 1.

Last year Lockney had a 15% penalty on the rate because of fire losses of the year. This year the rate will be neutral with neither a penalty nor a credit, making fire insurance cost 15% less than it cost the past year.

## Basketball Girls Enter Tournament

The Lockney High School girls basketball team, representing Floyd County, entered the district basketball tournament at Spur Thursday night of this week. The winners of the tournament will then be eligible to enter the state tournament at Austin. The local girls are scheduled to play the second place team from Kent County, which is reportedly Jayton.

Two teams from each county will enter the tournament which will be completed Saturday night. Coach Curtis Kelley's girls have been showing steady improvement this season and are expected to make a good showing. Most of them are sophomores and he is looking for an outstanding team to be back next year.

## Probable Date Jr Live Stock Show March 30

The tentative date for the Floyd County junior live stock show has been set for March 30, according to County Agent A. L. Hartzog, and Chamber of Commerce manager Bob Crowell.

A planning meeting of the show committeemen was Saturday, February 12. These committeemen, with others to be added later, include E. L. Angus, Kinder Farris, Fred Cardinal, James Word, Guy Ginn, Henry Barber, A. L. Hartzog, John W. Reue, F. L. Montandon, Harry Morckel, George Caven, A. H. Rainer, Bob Crowell and James Murphy.

The committeemen will confirm the date set for the show and make plans for the sale of fat animals show.

## Stapletons Adopt Boy And Girl

A little three-year-old boy and his baby sister, who will be 2 in May, have been taken for adoption by District Attorney and Mrs. John B. Stapleton and are now at the Stapleton home in Floydada.

Mr. and Mrs. Stapleton asked for the children and in a hearing the father asked the court to award the little fellows to them.

The boy, born February 18, 1946, and therefore soon to have a birthday, has been named John Beaty Stapleton, Jr. He will be called Johnny.

The baby girl is Sandra Jean. She was born May 4, 1947. She also will take the name of her adopted parents.

## Mrs. R. L. Mosley Passes At Brownwood

Mrs. R. L. Mosley, mother of Mrs. T. B. Mitchell of Lockney, passed away at her home in Brownwood early Saturday morning. She had been in ill health for the past 12 years.

Funeral services were held at the University Baptist Church in Abilene Monday afternoon at 3 o'clock conducted by Rev. Taggart, a family friend. Burial was in the Abilene cemetery. Mrs. Mosley was a former resident of Abilene.

Survivors include six daughters and two sons as follows: Mrs. Mitchell of Lockney, Mrs. R. B. Reece of Big Bear City, Calif., Mrs. Sig Faircloth of Eastland, Mrs. Tom Womack of Abilene, Mrs. H. H. McGregor of Abilene, Mrs. Willie Keel of College Station, C. B. Mosley of Newport News, Va. Sixteen grandchildren and 13 great-grandchildren survive.

Attending the services from Lockney were Mr. and Mrs. T. B. Mitchell, Mr. and Mrs. R. C. Mitchell and David, Mr. and Mrs. Glen Mitchell, Mr. and Mrs. Rhea Mitchell, Wesley and Sandra and Chester Mitchell.

Mr. A. B. Ellis is visiting in Shannon with her daughter, Mrs. Foy Duncan, Mr. Duncan and daughter.

## Robert B. Mercer, Pioneer Of Floyd County, Is Dead

Robert B. Mercer, a pioneer of Floyd County and Lockney, passed away Friday morning at Olney at the home of his daughter. Funeral services were held at the Lockney Methodist Church Saturday afternoon at 2 o'clock, with burial in the Lockney Cemetery beside the grave of his wife who passed away about five years ago. Rev. H. G. Bryant conducted the rites, assisted by the local Methodist pastor, Rev. N. S. Daniel. Mr. Mercer was 94 years old.

Mr. Mercer was born in Kentucky October 7, 1854. He moved first to Collin County, Texas, moved back to Greer County, Oklahoma and then came to Lockney about 1905. He had made his home here since with the exception of the past few years when he had been living with his daughter at Olney.

Survivors include two children, Mrs. W. R. Logan of Olney and Sable Mercer of Oklahoma. Also 25 grandchildren and five great-grandchildren survive.

## Fair And Warmer For This Area

"Fair and warmer" was the rule for the weather on the plains of Texas this week and Floyd County farmers, and most everyone else, was glad of it.

No forecast for a blizzard from the north or even additional moisture was heard up to Thursday morning, a welcome relief from the forecasts of the past few weeks.

The past weekend brought an additional 14 of an inch in moisture according to the gauge kept by G. A. Barton. The moisture started Saturday afternoon when a shower fell, mazing the roads slick and adding to the already muddy streets. Sunday was a foggy day with slight mist and ice formed on wires and trees during the day.

Sunday night saw additional sleet fall and add to the moisture. But Monday the weather began clearing with ice melting away with but little damage to wires or trees, and the weather has been fair and warmer since.

Commissioner Hugh Counts road crews are already at work on the rural roads, trying to get them back in shape after the beating they took during the extreme wet spell of January.

Meanwhile residents and business houses are still clearing mud away and hoping that the mud season is over for a while.

Visiting hours at the Floyd County Co-operative Hospital here have been changed and the hospital staff is asking the public to co-operate in observing the hours set. It was announced this week. The following times have been set as visiting hours:

Morning: 10:30 until 11:30. Afternoon: 2:00 until 4:00. Evenings: 7:00 until 8:30.

"We are trying to improve our nursing service and the shortage of nurses has led us to make these changes in our visiting hours," one member of the staff said. "We will appreciate it very much if you will help us by observing these hours."

## Cemetery Assn. Donors Are Listed

The following contributors to the Lockney Cemetery Association have been reported by Mrs. L. M. Honea, secretary-treasurer:

Sam Ramsey, \$15.00. Dr. E. O. Nichols, \$10.00. R. A. Howell, \$10.00. Arthur Hilton, \$10.00. Don Griffith, \$10.00. G. B. Johnston, \$10.00. Mrs. Quillan, \$5.00. Mrs. E. V. Hartman, \$5.00. John Stapleton, \$5.00. Olin Riding, \$5.00. R. E. Crosswhite, \$5.00.

## B&PW Club Plans Benefit Party

A benefit "42" and bridge party will be held at the Wanda Baker office on Tuesday night, February 22, sponsored by the Lockney Business & Professional Club, it was announced this week.

Everyone is invited to attend. Admission of 50c will be charged.

Mrs. Payton Powers spent from Thursday until Monday night of this week at Crowell visiting friends.

## Court Agrees To Move Cannery

The Floyd County Commissioners Court told Supt. Sidney Reeves Tuesday that they would move the Lockney Cannery to a new building and fix up the building suitable, providing the cost was no more than \$2,000. The school has secured an army surplus building from the San Angelo Army Airfield and will move the building here soon. The location has not been decided upon as yet, Supt. Reeves said. It will be six weeks or two months before the cannery will be moved.

## Fair And Warmer For This Area

"Fair and warmer" was the rule for the weather on the plains of Texas this week and Floyd County farmers, and most everyone else, was glad of it.

No forecast for a blizzard from the north or even additional moisture was heard up to Thursday morning, a welcome relief from the forecasts of the past few weeks.

The past weekend brought an additional 14 of an inch in moisture according to the gauge kept by G. A. Barton. The moisture started Saturday afternoon when a shower fell, mazing the roads slick and adding to the already muddy streets. Sunday was a foggy day with slight mist and ice formed on wires and trees during the day.

Sunday night saw additional sleet fall and add to the moisture. But Monday the weather began clearing with ice melting away with but little damage to wires or trees, and the weather has been fair and warmer since.

Commissioner Hugh Counts road crews are already at work on the rural roads, trying to get them back in shape after the beating they took during the extreme wet spell of January.

Meanwhile residents and business houses are still clearing mud away and hoping that the mud season is over for a while.

## Appeal Arguments For Jones Heard At Austin Wednesday

District Attorney John B. Stapleton and Meade F. Griffin, special assistant, of Plainview, argued the state's side in the W. Fred Jones case before the Court of Criminal Appeals in Austin Wednesday of this week. Col. E. A. Simpson of Amarillo represented the defense.

Jones was tried the last time in Crosby County charged with murder of H. C. Love Jr., at Floydada on October 27, 1946. He was convicted and again given the death penalty. He had appealed the case and it is now being considered by the appeals court.

District Attorney Stapleton said Thursday that he did not expect a decision on the appeal for several weeks but that the court could render a decision early as next week.

## Counts Says "Thanks" For Help On Roads

Commissioner Hugh Counts this week expressed his thanks to the numbers of farmers who last week used their tractors and ditchers to drag the roads over this precinct. "I appreciate the co-operation of everyone who helped with the roads," Mr. Counts said.

Mr. and Mrs. Richard Patterson of Lubbock spent last weekend here with his parents, Mr. and Mrs. Roy Patterson.

## Thursday Markets

## Relieve distress of MONTHLY FEMALE WEAKNESS

Are you troubled by distress of female functional periodic disturbances? Does this make you suffer from pain, feel so nervous, tired—at such times? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's has a grand soothing effect on one of woman's most important organs! **LYDIA E. PINKHAM'S VEGETABLE COMPOUND**

## When Your Back Hurts—

And Your Strength and Energy Is Below Par  
It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.  
You may suffer aching backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.  
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Use Doan's today.

Geo.

EVERYONE always needs whatnot shelves. It is a reproduction of the shelves recently in Colonial homes or special tools are made to make this shelf. Perhaps the most important piece of equipment is a 25c coping saw. The size pattern offered specifies the material amount needed. Simple step directions are to simply trace the pattern and saw and assemble. It takes more than two turn out a professional.

Send 20c for Newcastle Pattern No. 31 to East-Brook Company, Dept. W, Pleasanton, Calif.

### Pasture Rotation Controls Parasites

A few years ago caused such heavy losses and lambs in the north some ranchers were in business. Research attention by veterinarians, experts, and sheep men overgrazing as the cause of the trouble. Rotation of pastures, reasonable growth of grass and lambs were vital to heavy losses and devastating parasites. So, men, who practiced rotations and the feeding of minerals the year are relatively free from losses.

Oil Conservation District News

Floyd County Soil Conservation district held a called meeting of supervisors on Thursday, February 9th. They voted to send copies of the 1948 annual report covering the progress results...

ator Kilmer B. Corbin and State Representative I. B. Holt.

Applications for district assistance were approved on the following farms: W. F. Carthel, A. T. Moore, Howard Bishop, S. J. Latta, and W. P. Sims.

Conservation plans were approved for the following cooperators: Cecil Purcell, C. L. King, L. G. Rhine, W. G. Kinard, Malvin A. Jarboe, O. G. Mayfield, R. R. Ferguson, Clark Catas, T. E. Davis, Ray L. Latham and...

J. W. Day, Jr.

Soil Conservation Service technicians assigned to the district made several moisture penetration, boring with soil augers, recently. The depth of moisture varies from 24 inches to 36 inches on wheat land that had been in wheat previously. The 36 inch penetration was on wheat land that had blown out and chisled solid.

H. R. Patterson of Floydada reported a yield of grain sorghum of 6664 pounds per acre. This land was first year out of four years of alfalfa plus 100 pounds of nitrogen fertilizer. Similar land treated with 100 pounds of nitrogen fertilizer yielded 3380 pounds of grain sorghum per acre.

Rev. and Mrs. N. S. Daniels and Phillips spent from Wednesday until Saturday on business in Lefors and Pampa. Rev. Daniels has been ill since Saturday with the flu but was better this week.

Girls To Show Best Own-Made Outfit In 4-H Dress Revue

Fashion forecast... definitely more feminine!

Well, Texas 4-H Club girls won't be all dressed up in "buttons and bows" when they model a costume of their own making in the forthcoming 1949 annual 4-H Dress Revue, but they will be wearing the most becoming styles in work, school and party clothes.

All the fun, excitement and accomplishment afforded by the Dress Revue—to say nothing of the economy—has made it one of the most popular contests among 4-H girls, according to reports of State Club leaders and the girls themselves.

Again this year Simplicity Pattern Co. will provide all wards in the National 4-H Dress Revue program totaling \$11,150. They include silver medals for county winners and an all-expense trip to the 1949 National Club Congress in Chicago for state winners.

Mrs. T. J. Cook of Huntington Park, Calif., is here visiting her daughter, Mrs. Willard Pierce, and family. A brother and sister from California also visited Mrs. Pierce.

Mrs. H. Trussell of Big Spring has been here the past few weeks visiting her daughter, Mrs. H. B. Machen and family.

Lockney High

Jerry Sims Tiny Foster Kay Norman Illene Harris

Welcome guys and gals to another edition of the happenings around the campus of L. H. S. Today we had assembly and the football jackets were awarded and did our men look handsome in those new maroon and white jackets.

CAN YOU IMAGINE?

Mr. Reeves without a smile—Martha Whitfill with a report card of F's—Donnie Bybee without a bashful grin—Joyce Carthel without a camera—Jerry Sims quite and collected—Joe Keeter without a laugh—Carolyn Kellison without a nice voice—Eldora Jewerson without an argument—Ewell Dee Kelley without a football suit—Almeta Wilson loud and roudy—or a school without a spirit?

TWEET! TWEET!

Mrs. Grimm, in her first period English class was about to explain something new. She said, "Now everybody listen, we are going to get into some deep water!"

In her second period English class Mrs. Grimm was trying to explain to the class how to choose the direct objective of a sentence.

"Now if I said, I gave Kay a grade, what would I give her?" she asked? "Probably an F," piped Donnie Bybee.

Miss Norris: "Does your father ever scold you for your low grades?" Ewell Dee Kelley: "No, I always remind him that I am the exemption on his income tax!"

Jimmy McGowen, one ingenious student, says that spectacular is one who sits in the grandstand and watches a football game. The word is "spectator," Jimmy.

STRICKLY NONSENSE

"In my day I was a bird of a stenographer," says one lady to another. "I know the kind, sort of an Underwood pecker," answers the lady.

Wonder why all great men were born on holidays? Hmm, something to think on!

Isn't it remarkable how those filling station people know exactly where to set up a pump and get gas! Said the toe to the sock, "Let me through, let me through!" Said the sock to the toe, "I'll be darned if I do!" Did he went? Am he gone? Did he leave I all alone? Oh cruel fate to leave I so. It cannot was!

Before and After:

Up to thirty a woman wants a man with a future; after forty, she wants a future with a man. (Joy Keeter, were you behind this one)

A pipe cleaner is a hair pin with long underwear. A scandal is something that has to be had to be good.

**Aiken News**

By Mrs. M. B. Salmon

S. A. McGowan and Tommie Weathers made a business trip to Amarillo Wednesday.

Oscar Lucas and Wiley Moore were in Plainview Wednesday attending to business affairs.

Several from this community attended the irrigation school at Lockney Thursday.

Mrs. J. R. Hurst visited Mrs. Harry Copeland Friday.

Mr. and Mrs. Wiley Moore and Aunt Bessie Woods visited in the home of Mr. and Mrs. Arch Keys Jr. in Plainview Friday afternoon.

Mrs. Vernon Campbell, Mrs. Lois Williams and Mrs. Bill Wesley visited Mrs. Sennie Rodgers in Lockney Hospital Friday.

Junior Wesley met James Hilton Powell in Plainview Saturday morning. He is home on a furlough.

Mrs. Wiley Moore visited Mrs. Thurmon Thomas Saturday afternoon.

Mr. and Mrs. Robert Shoppa and family visited friends and relatives at Vernon Friday and Saturday.

Lee Burns and Clinton of Matador visited in the home of Mr. and Mrs. M. B. Salmon Saturday.

Mr. and Mrs. Leck Powell, James Hilton, Mrs. Jack O'Conner, M. B. Salmon, Lee Burns and Clinton were dinner guests in the home of Mr. and Mrs. Bill Wesley Saturday. Mr. and Mrs. Lois Williams were afternoon visitors.

Rev. Holcomb of Wayland preached at the morning service at Aiken Baptist Church Sunday.

Little Charlotte Seago is ill with the measles. The community wishes her a speedy recovery.

Mr. and Mrs. M. B. Salmon were dinner guests in the home of Mr. and Mrs. Vernon Campbell Sunday.

Mrs. Sennie Rodgers, visited in the home of Mr. and Mrs. Bill Wesley Monday night, Tuesday and Tuesday night.

Mr. Stafford is on the sick list. The community wishes him a speedy recovery.

Visitors in the Harper-Kenady home Saturday and Sunday included Mr. and Mrs. B. F. Harper, Kenneth and Nadine of Carlsbad, New Mexico; Bradford Beedy of South Plains and Mrs. C. E. Bly of Olton. Mrs. J. H. Harper has been convalescing from a fall received on December 17. She is feeling much stronger now and is able to sit up.

Mr. and Mrs. Ralph McGhee and little three-year-old son, George moved to Lockney Thursday of last week. Mr. McGhee will be associated with Tom Hankin in farming.

**Hubam Clover Seed Crop Still Pays**

COLLEGE STATION—A hubam clover seed crop that was harvested in 1947 is still paying dividends.

This time it's in increased cotton yields per acre, according to Jack Davis and the results on his Ike community farm in Ellis county.

Davis got out the record book and kept all cotton weights throughout the picking season. His weights were kept on four rows of cotton following hubam clover, and four more rows in the same field of cotton following cotton, reports County Agent W. M. Love. Both plots were planted and cultivated the same day.

Here's what the record book shows. The cotton following hubam yielded 750 pounds of seed cotton on an acre basis. The cotton following cotton yielded 510 pounds per acre. So the hubam-cotton plot beat the other by 240 pounds.

That didn't satisfy Davis enough, so he took the cottonseed to a laboratory and had them analyzed to see if the hubam caused any difference in the chemical make-up. And the last analysis had been run, he found that the cottonseed from the hubam plot was a little higher in everything but moisture content. Here's how the seed analyzed that were grown on the hubam land: 19.9 percent oil; 4.34 per-

cent ammonia; 4 percent free fatty acid in the oil; and 7.50 percent moisture. The grade calculation on this bunch of seed ran 110.5, and the estimated yield of oil and cake was 335 and 975 pounds respectively.

The cottonseed from the cotton following cotton plot came out slightly lower in nearly all cases. The report showed this batch of seed had 18.9 percent oil; 3.95 percent ammonia; 3 percent free fatty acid in the oil; and 8.30 percent moisture. The grade calculation ran 104.5, and the estimated yield of oil was 313 pounds. The cake was 886 pounds.

F. C. Elliott, extension cotton work specialist of Texas A. & M. College, says agronomists had already found that better quality planting seed can be had from the hubam-cotton combination. Germination generally runs at least 90 percent, as compared to 80 or 85 with the other types.

George Chance and T. D. Wilson, cotton growers in Brazos county, have reported as high as 98 percent germination with cottonseed grown on land that was in hubam the season before, says Elliott.

Mrs. R. L. Spence was in Amarillo one day last week where she received treatment for her eyes.

Mr. and Mrs. Jack Cooper and family spent last weekend in Ruidoso, New Mexico with relatives.

**Petersburg Adds Gym And 2 Class Rooms To School**

PETERSBURG—The Petersburg Independent School district recently let a \$52,000 contract for construction of a gymnasium and two class rooms. Jack Nelson, Lubbock contractor, is to begin construction immediately.

The board of trustees has completed purchase of the Thomas Borrow home near the school plant for use as a honemaking department.

The gymnasium will be built at the north end of the high school building. This will be a modern gymnasium in every way. The actual playing floor will be 48 ft. by 88 ft. as compared to 34 ft. by 64 ft. for the old gymnasium. It will have approximately 88 percent more floor space and the ceiling will be two feet higher than the old gym. It will have oval shaped steel backboards, and will seat approximately 500 people.

The contract also calls for the adding of two more classrooms to the grade school building.

The old gymnasium located in the grade school building will be converted into a modern auditorium. It will be remodeled to increase hearing efficiency. It will be redecorated and new scenery purchased. A new floor will be put in and permanent seats installed.

It is also planned in the future to have a Home Economics cottage and a vocational agriculture workshop, but the plans are not yet complete.

Mr. and Mrs. Ross Cooper left this week for several days visit in Ruidoso, New Mexico where they will visit with his parents, Mr. and Mrs. J. E. Cooper and family.

Jack Long who has been employed at Patterson Gin for some time moved back to Ballinger Wednesday.

**NTSC ENROLLMENT 4681 THIS SEMESTER**

DENTON, Tex.—A total enrollment for a spring semester has been set at North Texas State College, where 4,681 students are enrolled during the first semester.

The total shows an increase of 200 above the previous year's 4,477 set last spring. The enrollment this spring is 4,681.

AN HISTORICAL EPISODE OF LIFE IN THE GREAT SOUTHWEST

**INDIAN WAYS AND TIMES**

BY EVETTS HALEY  
ILLUSTRATED BY H. D. BUGBEE

AS A PROUD REGION reaches a measure of maturity it is inclined to hark back to the lessons of its beginning, much as reflection and reminiscence follow action with a man of age. It is easy now to recall that white settlers once rushed to cross over and forget these southwestern plains, mesas and breaks—this section that even those tough travelers found so austere, so severe, so unforgiving.

But as the trails of these first white men—Santa Fe traders, gold seekers, army explorers and others—cut their significant ruts through the clean sod, a race of rugged red men went their free and independent ways along dim trails, the beginnings of which were even then lost with age. Scientists still potter around in ancient ruins and ponder the origins of the Indians, artists continue to portray their life and customs in lasting oils, and historians dig into the written records to depict in print their durable nature. In the light of all the records, those of the Great Plains and the bordering mountain ranges were a notable breed.

There were the wily Apaches and the more stable Utes on the western

fringes, the mighty Comanches and the Kiowas on and around the Staked Plains, and the fighting Cheyennes and a host of others farther north. In a way, and by modern standards, they lived upon a squalid level of subsistence. Fortunately for those who cherish the heroic qualities of the human race, however, their glory was not dependent on their plumbing, but on their rugged character and their dauntless courage.

Still this is not to gloss over the violence of their period or the savagery of their deeds. For nearly a hundred years on the Southwestern frontiers, it was never gentle but it was war to the knife. For those wars then, as are wars now, were for survival. The pattern of the story in this section is generally known. Marble

shafts mark the spots where bitter memories record the deeds: Carson's fight on the Canadian; Mackenzie's battle in the Palo Duro; Chivington's massacre on the Big Sandy; Custer's on the Washita; embattled buffalo hunters fighting for their lives at Adobe Walls; and many others just as important and sometimes more commendable.

Yet on through the sixties and seventies these mighty warriors held the southwestern peaks and plains to within the memory of our oldest men—until the regions round about were fairly civilized and settled. Only when the combined forces of the Texas Rangers and the regular army from outposts in Kansas, present Oklahoma, Texas and New Mexico—with a riotous sprinkling of outraged settlers—moved against them,

was their resistance definitely broken. And then their tactics and their strategy—models of mobility and movement—were apparently forgotten until the late world war.

And while a mechanical age makes a mockery of distance, there is still something wildly challenging to the imagination in the magnificent sweep of the Comanches, from their buffalo ranges on the upper reaches of the Arkansas across half a continent, to depredate upon the cattle ranches of central Mexico. There was the stubborn mettle of determined men in the long resistance of the bloody Apaches in their mountain strongholds. There was pathos and tragedy, as well as bold maneuver and military genius, in the last flight of the Cheyennes from the hated reservations in Indian Territory, back to their ancestral home on the northern ranges. And finally, when all were subdued and beaten, if never conquered, they simply submitted with the grave stoicism and the high and haughty dignity of worthy warriors and real men.

In retrospect, it should be conducive to civilized tolerance to realize that there is no monopoly upon virtue in the rugged realms of the human heart.

### Tech Students Hitch-Hiking To South America

The enchantment of road proved stronger than that of a class room for Tech students who started on an international hitch-hiking trip instead of joining class registration lines. Warren of Lubbock and Jimmie Arm-Littlefield, will leave the States at Brownsville after inoculations necessary to Mexico, Central and South

America. They will make the trip on foot except for generous motorists that may from time to time give them a lift, Henegar said. They have packs of their own design which hold their clothing, cooking utensils, plenty of writing supplies and a camera. The boys plan to bring back enough data for a good story series and numerous pictures. From Panama, which they will reach going overland via Mexico, they are planning to take a native boat to Columbia, S. A., and from there travel down the west coast, crossing the continent at Toluva, and returning up the east coast. Henegar described their trip as a

"sharecroppers tour of Latin America" as they plan to live mainly off the land. The only thing definite in their schedule is a "hope to be back in time to start to school next fall." Both boys are graduates of Littlefield schools and have planned the trip since grade school days. They are journalism majors at Texas Tech. Theodore Roosevelt was the first United States President to go below the surface of the sea in a U. S. Navy submarine. John's Hopkins University is in Baltimore, Md.

### Pension Bill For Veterans Introduced

AUSTIN.—Three major bills backed by the Veterans of Foreign Wars have been introduced in the 81st Congress, according to S. A. Childers, Waco, Texas commander of the VFW. Congressman James E. Van Zandt, three times commander in chief of the VFW, has introduced a bill for a uniform pension plan to cover veterans of all wars. His bill asks for \$43.20 monthly for a World War I veteran when he reaches age 62, and upon reaching age 65 he would be presumed to be permanently and totally disabled and would receive \$90 monthly. This is the pension now received by Spanish-American War veterans who have attained the age of 65. For partially disabled World War I veterans who have not reached age 62 the following schedule of pensions would be set up: 25 percent disability, \$32; 50 percent disability, \$50; 75 percent disability, \$72, and 100 percent disability, \$90. Veterans who are totally disabled and who require regular aid and attendance would be paid \$120 monthly under provisions of the bill. Rep. Edith House Rogers, Mass., has introduced a bill calling for a reduction in income limitations in order to make allowance for the increased spiral in living costs. At present a veteran or his dependent who is receiving a pension cannot earn more than \$1,000 annually if single, or \$2,500 if he has a family. Mrs. Rogers's bill would raise these amounts to \$2,000 income for single and \$3,000 for married veterans or their dependents. Rep. John Rankin, Miss., has introduced a bill calling for a 25 percent increase in pensions and compensations, which are held to be inadequate under present living conditions. All three of these bills are based on mandates of the 49th annual convention of the VFW, held at St. Louis last September, and recently approved by the VFW's national legislative committee. Connecticut is called the Nutmeg State.

### Providence News

A group of friends gathered in the Providence club room on Saturday evening, honoring Mr. and Mrs. Arthur Clay and boys with a "42" party. Mr. and Mrs. Clay's home and entire house hold belongings were destroyed by fire. Gifts were presented them and refreshments of cookies, sandwiches and hot chocolate were served. The Providence senior children were entertained with a skating party at the Plainview skating rink on Friday evening by the losing side of the "March of Dimes" contest. Parents attending were Mr. and Mrs. M. C. Scheele, Mr. and Mrs. Bill Buth, Mr. and Mrs. Harold McLaughlin, Mr. and Mrs. Robert Burkhu, Mr. Ted Boedeker, Mr. Walter Sammann, Mr. and Mrs. Leo Mathis, Mr. and Mrs. J. Brown. A very enjoyable evening was spent. The Home Demonstration club met on Tuesday, Feb. 8, at 2 o'clock with Mrs. B. H. Quebe as hostess. The year books were filled out. Refreshments were served to eleven members. Our next meeting will be Tuesday Feb. 22 at 2 o'clock with Mrs. L. B. Brandes as hostess. Valera Sammann was admitted to the Lockney Hospital on Thursday evening for a tonsillectomy. She returned to her home on Saturday. Mrs. J. W. Mathis was admitted to the Lockney Hospital on Monday of last week for treatment. She returned to her home on Tuesday of this

week. Delores Sammann was an overnight guest of Foneine Boedeker on Thursday. Carolyn Sammann was an overnight guest of Arline Matthews on Thursday. Maebeth McLaughlin was an overnight guest of Delores and Carolyn Sammann on Tuesday. Mr. and Mrs. Walter Sammann went to Lameca and O'donnell on Monday and to Littlefield, Texas, Tuesday on business. Mr. and Mrs. Harold McLaughlin and girls visited with Mr. and Mrs. Martin Schuette and children on Tuesday evening.

### INTERSCHOLASTIC LEAGUE STATE MEET MAY 5-7

AUSTIN, Texas.—Plans are now under way for the state-wide University of Texas Interscholastic League annual meeting, May 5-7, in Austin. Schools from Conferences AA, A, and B will bring students to the University campus for participation in the many areas of League competition. Annual basketball tournament for AA, A, and B Conferences will be held March 3-5. The City Conference meet, including San Antonio, Houston, Dallas, and Fort Worth schools, will be held in San Antonio, May 13-14, and the first City Conference basketball tournament is slated for March 11-12 in Houston. One who believes stock market prices will fall is a "bear."

### CHIROPRACTORS POINT OUT---

DR. D. R. HUET

DR. H. C. LEWIS

That all bodily function is directed and controlled by the nervous system. Sensation is carried to the brain over a network of nerve fibers. Responding impulses set the glands and muscles to action in what is called metabolism or normal function. Sometimes, however, due to a fall or mishap, these nerve channels become blocked in a measure. This usually occurs when they leave the spinal cord itself. When this occurs, resistance will be lowered and eventually ill health and irritableness may come upon you. Chiropactors are trained to locate and adjust these spinal displacements. They set free the life forces and soon you are cheerful, happy, yourself again. The thoughts you think and the smiles you wear as the sun shine everywhere, the poet tells you. So do your part to make the world a little happier. FROM CASES—V. L. Case No. 8,385—Woman, age 45, had severe pains in neck and head, faulty elimination, dizzy spells at times. She did not sleep well and had chronic pelvic disorders. After giving chiropractic a trial, all her various symptoms disappeared. V. L. Case No. 11,728—Woman, age 44, had a nagging pain that ran down her left leg to the foot. She nervous also, had headaches and became tired easily. When nothing else brought relief, Chiropractic cleared up the misery within a few days.

## O. E. S. Has Regular Meeting Monday

Monday evening, February 14, the chapter met in regular session. Worthy Matron Anna Dell Quebe presided. Twenty-two members were present.

The Valentine motif was used in the refreshments. Serving were Mrs. Ruth Cox and Mrs. Katherine Rucker.

On Thursday, March 10, at 2 p. m. a special meeting has been called. The Deputy Grand Matron, Sister Bell Hromas will make her official visit at that time. Hostesses for the occasion are Mmes. Jewell Kenady, Laura Stapleton, Vanita Andrews, Edith Cooper, and Virgie McCandless. All members are requested to be present.—Reporter.

## Pleasant Valley Club Meets With Mrs. Harris

The Pleasant Valley Home Demonstration Club met at the home of Mrs. Clark Harris for its regular club meeting on Feb. 8.

Miss Petty gave a very interesting demonstration on "Planning to Landscape."

Mrs. Dorsey and Mrs. Wilkes are the club leaders for Landscaping, and they gave a demonstration on "Pruning Evergreens."

Those present were Mmes. Lee Pope, W. H. Pope, Rhea Mitchell, Roy Wilkes, Chester Mitchell, Edwin Hammonds, Clark Harris, Weldon Smith, Robin Byars, Claude Hammit, A. M. Dorsey, Ralph Thayer, and Miss Lella Petty.

The next meeting will be held Feb. 22 with Mrs. Claude Hammit, and will start at 2 o'clock.

## Bernice Ellis Is Valentine Bride

Climaxing the Valentine segment Monday, February 14 Miss Bernice Ellis, daughter of Mr. and Mrs. A. B. Ellis, Lockney became the bride of John Morris (Boots) Cunningham, son of Mr. and Mrs. W. A. Cunningham, Lockney. The wedding ceremony was performed by Rev. English, pastor of the First Methodist Church, Clovis, New Mexico where the vows were exchanged.

The bride was attractive in a tan suit with brown accessories. She wore a corsage of white carnations. For something old she wore a turquoise ring, for something new she carried brown gloves, borrowed was a diamond dinner ring and for something blue she wore a garter. She also wore the traditional penny in her shoe.

Mrs. Cunningham is a graduate of Lockney High School and of Watson's Business School, Plainview. For the past year she has been employed by West Pharmacy in Plainview as bookkeeper.

Mr. Cunningham, also a graduate of Lockney High, served with the Army in the ETO and has been engaged in fuel trucking here for some time.

Following a wedding trip to Tucumcari, New Mexico and East Texas the couple will be at home in Lockney.

Attendants at the wedding were the bride's sister and brother-in-law, Mr. and Mrs. Lowell Copeland and brother, Aaron Ellis all of Lockney.

## E. A. Roberts Celebrate Wedding Anniversary

Mr. and Mrs. E. A. Roberts of Lockney were honored with a dinner on their 58th wedding anniversary on February 6 at the home of their daughter and family, Mr. and Mrs. C. T. Harris of Hobbs, New Mexico. The occasion also marked Mrs. Roberts' 75th birthday. The honorees were married at Bonham, Texas in 1891.

Places were laid for Mr. and Mrs. E. A. Roberts, Mrs. J. C. Roberts and daughter, Ladonna Sue of Lockney; Mr. and Mrs. Shorty White and son, James of Tucumcari, N. M., John Harris, Hobbs, N. M., and the hosts, Mr. and Mrs. C. T. Harris and Betty.

In the evening the group was entertained by Clifford May with moving picture scenes of interest throughout New Mexico.

Attending the evening's entertain-

ment other than the above mentioned A. C. May, were Mrs. Belvee Davis and Mr. and Mrs. Clifford May and son, Allen and some time in Hobbs, turn introduced the speaker of the evening, Mrs. Goree Applewhite. Mrs. Applewhite is a very talented dramatist having taught dramatics and allied arts at Wayland College and in the Plainview public schools for several years. She very cleverly "horrified" her audience with various fictitious episodes relative to ordinary living experiences. At the close of the program a gift was presented to Mrs. Applewhite by Mrs. Lucy Dean Record and Mrs. Dorris Greer presented Mrs. Haltheock with a gift from the club.

The following club members and their bosses enjoyed the occasion: Wynona and Olson Allison, Edna Mae and T. J. Honea, June and Wayne Bybee, Margaret and Fred Dorman, Edell Sams, Dee Copeland, Wanda and Pete Newman, Frances O'Hearn and guest, Mrs. Lucy Thomas, Estell and Payton Powers, Imogene and Joe Holt, Faye Messer, G. M. Brunner, Emma Thornton, Jesse Cox, Mary Ida and C. H. Rose, Bernice and Sam Miller, Dorris and Wayne Greer, Lucy Dean and C. L. Record, Wilma and Claude Brown, Clara Copeland and A. P. Barker, Sr.

## Lester Carters Are Honored Tuesday

Mr. and Mrs. Lester Carter were honored with a dinner in their home last Tuesday night by members of the Pollyanna Club. The occasion was the Carters' fourth anniversary.

The dining table was beautifully decorated with red and white carnations, silver candles and crystalware.

Following the meal, games of progressive "42" were played with high score going to Mrs. Barney Manning and Charlie Smith. The club gift, Cereals glassware, was then presented to the honorees.

Those attending were: Mr. and Mrs. Joe Parrish, Mr. and Mrs. Leon Wofford, Mr. and Mrs. Charlie Cross, Mr. and Mrs. Lloyd Wofford, Mr. and Mrs. Derrell Wood, Mr. and Mrs. Charlie Smith, Mr. and Mrs. Pont Darnell, Mr. and Mrs. Barney Manning, Mr. and Mrs. George Mizell and the honorees.

## B & P W Club Hold Boss Banquet

One of the highlights of the Business and Professional Women's Club year is an annual banquet honoring the bosses of club members on Tuesday night of this week. The event this year proved to be a hilarious affair with Mrs. Goree Applewhite, Plainview as entertainer. The banquet was held in the basement of the First Methodist Church with the ladies of the church serving the meal.

The banquet tables were decorated in the valentine motif featuring colorful hearts as center pieces and place cards.

Mrs. Sam Miller was master of ceremonies and gave the welcome address following the invocation offered by Mayor G. M. Brunner. Mr. Brunner gave the response followed by the introduction of guests by each club member. Mrs. Lucy Dean Record entertained with an accordion number and introduced Mrs. Willie Merle Haltheock, Hale County School Superintendent, Plainview, who in

### LOCKNEY REPRESENTATIVE INVITED TO WTSC FETE

**CANYON—West Texas State** College will hold its second annual Plains Personality Pageant on the campus March 4. Growing of the college Personality King and Queen is the culminating occasion with princess and Princesses of the court coming from are high schools and junior colleges.

Last year 25 schools sent participants in the spectacular event and more are expected this year as it was scheduled earlier. Tentative entertainment plans call for a play in the Branding Iron Theatre, Variety Show and a tea. The pageant will be held at night in Burton Gymnasium.

All expenses for the delegates will be paid plus an overnight stay on the campus, announced George Black, Student Senate president, sponsor of the event.

Schools invited to send members of the Coronation Court are: Amarillo, Borger, Brownfield, Canadian, Canyon, Childress, Clarendon, Claude, Crosbyton, Dalaart, Dimmitt, Dumas, Friona, Floydada, Happy, Hereford, Jeffers, Levelland, Littlefield, Lockney, Matador, McLean, Memphis, Muleshoe, Olton, Paducah, Perryton, Phillips, Plainview, Quanah, Quitaque, Seminole, Shamrock, Silverton, Spearman, Spur, Stratford, Sudan, Tulla, Turkey, Vernon, Wellington, Wheeler, White Deer and West Texas High. Amarillo, Clarendon and Frank Phillips Junior Colleges have also been invited.

### HELP FOR NEEDY STUDENTS AT T. U.

**AUSTIN, Texas—High school** graduates who need a little financial help to enter the University of Texas next fall can apply for 50 Wilbur S. Davidson \$100 scholarships for freshmen.

To qualify, a high school graduate must show financial need, be of good character, and rank in the top half of his class.

The scholarships were offered for the first time in 1948, and are designed to provide freshmen students with money to enter the University and pay living expenses until they can find jobs.

Interested students should write to the dean of student life University of Texas, for application blanks.

The U. S. Navy has released nearly 80 percent of its war surplus.

### METHODIST CHURCH NEWS

The weather has been cold and wet but the spirit of our church is warm and welcome. We would like some pretty Sundays, but we know that God is wise, and it is He who rules the elements. We urge all who can to come to services.

We are a busy people. We are all seeking to have an abundant life one way or another. But let us stop and ask ourselves seriously, of what does an abundant life consist? Not in lands, not in substantial bank accounts, not in any material wealth. To have an abundant life is to put God first in our life, and serve Him with all our heart and mind and soul.

We put forth every effort to have our children in school each school day and that is good, but I wonder if we realize that it is even more important that that child be educated spiritually. "For what shall it profit a man if he gains the whole world and lose his own soul?" And what shall it profit our children if they gain great learning but lose their interest in church and Sunday School?

We are planning a spring revival. The date will be announced soon. Visit the new people in our community. Invite them to church. Please notify your pastor of any new people or sick people that he should visit.

Remember this: "We cannot do every thing every where, but we can all do some thing some where."  
Newton S. Daniel, Pastor

### IN TRAINING SCHOOL

Miss Margaret Weathers, daughter of Mr. and Mrs. J. C. Weathers of Lockney, is now in a Western Union Training school at Springfield, Mo., where she will spend eight weeks. She passed her examination for the school at Sweetwater and will probably be employed there or some other city in this vicinity when she completes training, it was reported.

Mrs. Johna Bilbrey and Miss Vera Joe Rogers are attending Lipperts Business College, Plainview. Vera Jo had attended Texas Technological College, Lubbock, several months until recently when she began a business course.

The U. S. Navy's XM-1 airplane, which set a new world record of 179 hours in the air without refueling, had 200 gallons of fuel remaining at the end of its flight.

### Kimbrough Plans Change In Lineup

**CANYON—The new football** rules will force coaches to keep a punter in the game at all times next fall, and Coach Frank Kimbrough, West Texas State College, plans some shifts in his line-up to meet this requirement.

Although he has not yet set spring training dates, Kimbrough already has completed plans for it. Bill (Canadian Comet) Cross, 145-pound scat back sensation of the Border Conference, will be shifted to the fullback position so that he can carry the ball more often, run to either side, and, if the occasion demands, do some punting.

Deane Wright, reserve end from Spur, will be moved to tackle. This move, plus the material coming up from last fall's fine freshman team, will give Coach Kimbrough more reserve strength at end, tackle and guard, the lack of which was a glaring weakness last year.

A recent applicant to enlist in the Navy was a determined young man. Told that he could not qualify because the little finger on his right hand was paralyzed, he had the finger amputated and re-applied. He got in.

Mr. and Mrs. T. J. Honea returned home last Wednesday from Temple where T. J. had undergone an operation. He is doing fine at present.

Prince Von Bismark was chiefly responsible for the unification of Germany.

### THREATS TO PRIVATE BUSINESS

"Private business in this country is confronted by the uphill task of preserving itself from starvation brought on by ever-increasing competition conducted by government," says Railway Age in an editorial in its current issue.

"How big a job this is going to be is plainly indicated by the demonstrable fact that a substantial majority of the American electorate has lost its one-time veneration for the principles of economic freedom."

"Only a modest gift of horse sense is required to reach the conclusion that if people are going to oppose socialism only in the special cases where it is to their immediate interest to do so, then capitalism can never expect to command a majority of the votes when any specific project for

### Baxter & Smith Grain Company

socialization is proposed. For example, the socialization of the steel industry not only might do no direct harm to the railroads and other consumers of steel—it might even give them a selfish advantage, by increasing the supply of steel and reducing prices by transferring a part of the cost to the taxpayers. The further spread of socialized electric power would similarly benefit all large users of electricity, by providing power at prices subsidized by taxation.

"The only chance capitalism has of mustering up enough votes to prevent its extinction lies in the prospect that people who do not want their own businesses socialized will, somehow, get smart enough to oppose socialism for the 'other fellow' as well as for themselves."

### Educational Films Are Available

Denton, Tex.—The newest look in education is visual instruction.

Seeing is learning for elementary school children and college students alike. Whether it's a four-minute reel on the importance of clean hands, Walt Disney's 44-minute film, "South of the Border," or a scientific movie explaining electrochemistry—pictures teach fast.

In 1940 Texas State College for Women started developing a film library and since then has supplied educational movies to schools and civic groups over the state. Films valued at \$1,000 were purchased last year and a similar addition is planned during 1949.

"As a means of vicarious experience, especially in teaching young children, the film can't be replaced," according to Mrs. Marion DeColigny, of the Education Department, who helps select the movies.

Services of the TSCW film library with its silent, sound and color movies on almost every educational subject are available to any person or group in the state for a small rental fee. Club plans offer the films at reduced rates to frequent users.

Visual instruction is finding its way to the top of educational devices. Last summer the largest class in the TSCW Education Department was the audio-visual instruction course.

More than half the class were in-service teachers—they and their principals have learned that films are actual teaching tools as much as books from the library.

The problem of rabies control is one dealing with human beings. And the solution to this problem is one part science and 99 parts human relations.

### With Our EXCHANGES

#### THE CARDINAL IS IN TROUBLE...

Josef Cardinal, Catholic Primate of Hungary, is on trial in Budapest for treason, spying, plotting against the government and black marketing.

On the day of his arrest a Catholic publication in England declared that the Hungarian government, operating inside the Communist orbit, would administer a new drug which would break the will of the defendant in court and cause him to confess.

Confess the Primate did last week. It is not known whether any such means were employed to wring a confession from the Catholic leader, but information gleaned from American correspondents in Hungary the past few months supports the government's charges.

It is reported that the Cardinal owns over a million acres of land—largest landowner in the country. On that land, charges Vice Premier Matyas Rakosi, are 100,000 serfs who labor for the glory of the Cardinal and the Roman Catholic church. When Hungary nationalized the land, the property was confiscated and given to the peasants who worked it. Since that time the Cardinal has, according to charges spear-headed a movement directed toward overthrow of the established government.

If the charges are true, it is not the first—nor the last—time that ecclesiastical organizations have established feudal baronies and reduced a segment of the population to serfdom. A few years ago the Catholic church owned 90% of the tillable soil of Mexico. So strongly entrenched, was the church, shackles had to be broken by a bloody revolution.

Acquisition of land and income property is an objective of nearly every religious denomination in the United States today. All such denominations should take a page from history, where it is written in human sacrifice that it is no more noble to be the slave of a religious order than of a tyrant.

#### LEARN TO LET GO

If you want to be healthy morally, mentally and physically, just let go.

Let go of the little bothers of everyday life, the irritations and the petty vexations, that cross your path daily. Don't take them up and nurse them, pet them, and brood over them. They are not worth while. Let them go.

That little hurt you got from a friend, perhaps it wasn't intended, perhaps it was, but never mind, let it go. Refuse to think about it.

Let go that feeling of hatred you have another, the jealousy, the envy, the malice, let go all such thoughts. Sweep them out of your mind, and you will be surprised what a cleaning and rejuvenating effect it will have upon you, both physically and mentally. Let them all go; you house them at deadly risk.

But the big troubles, the bitter disappointments, the deep wrongs and the heart-breaking sorrows, tragedies of life, what about them? Why, just let them go, too. Drop them, softly maybe, but surely. Put away all regret and bitterness, and let sorrow be only a softening influence. Yes, let them go, too, and make the most of the future.

Then that little pet ailment that you have been hanging on to and talking about, let it go. It will be a good rid-

dance. You have treated it royally, but abandon it; let it go. Talk about health, instead, and health will come. Quit nursing that pet ailment, and let it go.

It is not so hard once you get used to the habit of—letting go these things. You will find it such an easy way to get rid of the things that may mar and embitter life that you will enjoy letting them go. You will find the world such a beautiful place. You will find it beautiful because you will be free to enjoy it—free in mind and body.

Learn to let go. As you value health of body and peace of mind, let go—just simply let go.

—Medical Talk.

### Chiropractors Oppose Basic Science Bill

AUSTIN—Dr. L. George Grupe of San Angelo, vice-president of the International Chiropractors Association, charged here today that enactment of a basic science bill now pending in the Texas Legislature would give the State Medical Association a "life and death" grip on all forms of treatment used by practitioners of the healing arts.

"The Basic Science Bill is still just as unsatisfactory to the people of Texas now as it was two years ago, four years ago, or six years ago," Dr. Grupe said.

"The State Medical Association is desperate this year to establish a medical monopoly—so desperate that it has cloaked its usual legislation in a new name in an effort to deceive the people."

He pointed out the legislation the medical association is seeking is called a minimum standards act this year.

"It is the same Basic science bill the people of Texas through their representatives in the Legislature have rejected time and time again."

"The State Medical Association is still demanding that practitioners of all healing arts approach the question of disease, causation and correction from the same point of view—that all should be masters of certain medical subjects from an allopathic point of view.

"The chiropractor does not, and never has, claimed to be a general practitioner of medicine. He is a specialist, who believes that many ailments originate in the nervous system of the spine and can be corrected by

### Dr. Cox Warns Of Impure Milk

AUSTIN—As a safeguard against the serious and disabling disease known as undulant fever or Malta Fever, Dr. Geo. W. Cox, State Health Officer, advises Texans to drink milk only from approved sources. Undulant fever is usually acquired by human beings as a result of consuming raw milk or raw milk products from cows infected with Bang's disease.  
 Raw milk or milk products can be consumed with safety only when they are known to be produced by cows tested and found to be free of Bang's disease. Pasteurization, of course, will kill the germs if present.  
 To assist in lowering the incidence of undulant fever all dairymen should remove cattle infected with Bang's disease from their herds as soon as the disease is discovered. Even if the milk is made safe for human consumption by pasteurization, infected cows are still a menace to health since they can transmit the disease to healthy animals and to their owner and other persons who handle them.  
 "Undulant fever from cattle", Dr. Cox said, "is one health hazard we can eradicate in our State through absolutely safe milk supplies from dairy herds free from Bang's disease. Unless a herd is known to be free from this infection, only pasteurized milk should be used so that the disease cannot be passed on to the consumer of milk and dairy products."

### Buffalo Gridster Has Knee Operation

CANYON—It could be that a great deal of West Texas State College's football prospects for next fall depend on a surgeon's knife.  
 Big Pete Bromley, 260-pound guard from Clarendon, recently underwent a knee operation. If the operation cures an ailment which kept Bromley out of play for most part last year, the Buffaloes' football chances will be greatly enhanced.  
 Sometimes a knee operation is successful and sometimes it isn't. Time alone will tell in Bromley's case. Year before last he was rated as one of the best guards in the Border Conference. During the summer vacation he hurt a knee when a team of mules ran away with him. He tried to play, but it was no go, the knee being re-hurt each time until toward the end of the season he did not even suit out.  
 Of course, the team's fortunes do not entirely depend on how well the surgeon's knife did its job on Bromley's knee, but if the star lineman does return to form next fall, they will be greatly improved.

The U. S. Naval Supply Depot on Trinidad, British West Indies, maintains its own self-supporting tropical plantation, on which are grown tropical fruits and vegetables for the use of American military personnel on the island.

### Three New Teachers Added To Wayland

Three new teachers were added to the faculty and staff at Wayland College this semester bringing the total to an all-time high of 55, according to Dean Floy S. Wise.

Among them is Walter M. Lassiter of Fort Worth, who completed his requirements at Wayland this last semester for graduation. He has accepted a position as journalism instructor and art and layout director for the Wayland World Press. Mrs. Ruth Reisdorph, who is also teaching in the Central Grade School here, has been secured for a newly-added

class in Arts and Crafts under the departments of Education and Church Recreation. She received her B. S. degree at the Diversified Art College, Weatherford, Okla., attended the Kansas City, Mo., and obtained her M. A. degree at West Texas State Teachers' College.

J. Ulman Moss of Cordo, Ala., missionary to Columbia now on furlough, will teach missions in the Bible department and Spanish in the Language department. He is an alumnus of Howard College in Birmingham, Ala. and the Southwestern Seminary in Fort Worth. (His wife, the former Ruth Jordan of Floydada, is an ex-student at Wayland.)

### Lone Star News

By Mrs. Harold Griffith

Mrs. Jack Frizzell and baby daughter Mary Amber are home from the hospital at Lockney.

Mr. and Mrs. L. M. Reidhimer and girls attended the Fat Stock Show in Fort Worth last week-end. While in Fort Worth they visited in the home of Mrs. Reidhimer's sister Rev. and Mrs. A. A. Peacock and family.

Mr. and Mrs. Reed Lawson and Sunny with Mr. and Mrs. Lowell Jarrett and Larry attended the Fat Stock Show last week end. They were guests in Mrs. Lawson's sisters home while in Fort Worth, Mr. and Mrs. Van Brooker.

Mrs. Walter Griffith is home after spending ten days in Plainview with relatives.

Mr. and Mrs. Clyde Farish and children attended the Stock Show in Fort Worth last week-end and visited relatives in Hillsboro, Texas.

Mr. and Mrs. W. T. Rankin visited with Mrs. T. S. McGehee in Plainview last Friday.

Mr. and Mrs. Chester Griffith and Linda of Lubbock visited in the Walter Griffith home from Wednesday until Saturday.

Mrs. Clyde Farish visited with her mother, Mrs. D. M. Marshall of Aiken Friday.

Those enjoying "42" in the L. M. Reidhimer home on Thursday night were Mr. and Mrs. Clyde Farish and children, Mr. and Mrs. Reed Lawson and Sunny, Mr. and Mrs. R. L. Knox, Mr. and Mrs. Harold Griffith and Mary Ann Rankin.

Herman King, A. O. Foster and L. M. Reidhimer were in Amarillo Friday on business.

Those spending the night in the L. M. Reidhimer home on Sunday night were Mr. and Mrs. Lowell Jarrett and Larry with Mr. and Mrs. Reed Lawson and Sunny.

Mr. and Mrs. A. E. Frizzell visited in the home of her parents, Mr. and Mrs. Goins of Floydada Friday.

## The All 'Round Tractor

ALL 'ROUND THE FARM  
ALL YEAR 'ROUND

Why buy a tractor that gives you only part-time service? Working time is what counts, and the Ford Tractor does such a variety of jobs that it "works more hours, saves more hours."

Ford Hydraulic Touch Control, Implement Position Control, Triple-Quick Attaching of implements... and the big Dearborn line of implements makes this THE all 'round tractor. By all means, come in and get the facts. You will like our parts and service departments, too.

Braselton Implement Co. Inc.

Your Authorized Ford Tractor Dealer  
Floydada, Texas

January was the most costly month Southwestern Bell Telephone Company ever has known—\$10 million dollars damage from ice, sleet, floods, zero cold, wind. Winter's paralyzing blows brought the most costly disaster in company history, and also the most extensive.

From San Antonio and Pecos, through most of central and west Texas, diagonally across Oklahoma, southeastern Kansas, northwest Arkansas, and Missouri to Hannibal on the banks of the Mississippi River, new storms caused additional damage every few days. And floods in Arkansas washed out miles of long distance lines. The areas affected are shown on the map above.

These figures show the extent of the damage: 24,000 poles down, 36,000 crossarms broken; 4,800 long distance circuits knocked out; 53,000 telephones temporarily silent; 200 communities isolated for a time.

### Service restored quickly

Two things made it possible to restore service quickly.

First, the diligence and skill of 4,200 telephone men. They came with their trucks and tools from all parts of our company territory and from other Bell System companies—Mountain States, Illinois Bell, Southern Bell.

Disregarding personal hardships and in the finest traditions of the business, these men worked from dawn to dark—from "can" to "can't" as Plant men say—seven days a week, under conditions that were always difficult. Sometimes they could scarcely walk on the ice crust, and their trucks were immovable on slippery highways. But, one

## LOCKNEY LUMBER & S

Leon Wofford, Manager

# January Telephone Damage Reached Ten Million Dollars

way or another, they got to where they were needed, they got the job done.

Reason No. 2—the teamwork that characterizes System service.

Western Electric Company, supply unit of the System, marshaled its nation-wide resources. From Western's warehouses or outside suppliers in 45 communities scattered through 21 states, the materials moved, at

A steady stream of poles, crossarms, drop wire, insulators, steel strand, tie wire—all the things that had smashed—flowed into the iced area. At no time work held up by lack of supplies.

Wire shipments during the month were more than was required by Southwestern Bell in all of the first quarter of 1948 for normal purposes. In addition to thousands of poles, crossarms, and tons of pole-line hardware were moved by truck, by express, and by air into storm areas.

### Equipment is standardized

In the Bell System telephone equipment is standardized. The parts that fit in Texas work equally well in Missouri, Oklahoma, Arkansas, Kansas, or anywhere else. Thus, the construction gangs from the other companies found equipment puzzles—and their own tools worked perfectly.

Bell System teamwork met the challenge of the storms. Most of the service has been restored. But permanent repairs, especially on toll lines, will take months complete. For every wire damaged by the storm must be retied and "resagged" to meet Bell System standards before the job will be finished.

**FIRST AID to the AILING HOUSE**  
by Roger C. Whitman

QUESTION: "When we moved into our apartment, we purchased from the previous tenant the inlaid linoleum on the kitchen floor. The quality is excellent, but the color is a dirty gray-green in a marbled pattern. Is there any product which will stain or dye the linoleum (not paint) so that we can get a deep blue tone and still retain the marbled effect?"

ANSWER: I do not know of any stain or dye for that purpose. But you may be able to get the effect that you want by stippling in two colors, or else by applying a "spatter-dash" finish. For the stippling, first cut a large sponge in half. Apply an oil floor paint of the background color that you wish on the floor. When this has dried, paint a section of clean board with a second color that you will use for stippling, press the flat, cut side of the sponge on this fresh paint, and then press this on the linoleum. The pattern of the cut sponge thus will be transferred to the floor.

For a spatter-dash effect, use a stick and a brush with a rather long bristle. Dip the brush into the paint and wipe off the excess. Strike the brush ferrule against the stick so that the paint will come off in drops on the floor. (The floor should already be painted with the background color.) Try these methods first on pieces of boards to get the knack. See that the linoleum is absolutely clean and dry before you start to paint, no grease or wax.

Reducing Lamb Losses  
Fortifying sheep rations with cobalt and iodized salt is a promising means of cutting down lamb losses on some farms.

EASY! EASY!  
Luscious Bran Muffins  
... with Raisins!

Tasty Kellogg's All-Bran and luscious raisins... a mouth-watering flavor combination!  
2 tablespoons 1 cup sifted shortening flour  
1/4 cup sugar 2 1/2 teaspoons baking powder  
1 egg Kellogg's All-Bran 1/2 teaspoon salt  
1/2 cup milk 1/2 cup raisins  
Blend shortening and sugar thoroughly; add egg and beat well. Stir in Kellogg's All-Bran and milk. Let soak until most of moisture is taken up. Sift flour with baking powder and salt; stir in raisins. Add to first mixture and stir only until flour disappears. Fill greased muffin pans two-thirds full. Bake in a moderately hot oven (400° F.) 25 to 30 minutes. Make 9 marvelous muffins.

"What is man that thou shouldest magnify him? And that thou shouldest set thine heart upon him? And that thou shouldest visit him every morning, and try him every moment? Job 7: 17-18.

"For it is written. As I live, saith the Lord, every knee shall bow to me, and every tongue shall confess to God. So then every one of us shall give account of himself to God." Rom. 14:11-12.

**COME—BRING YOUR FRIENDS**

**W. A. Record, Minister**

**Mrs. Rose To Speak Sunday**

Mrs. Bonnie M. Rose will speak at Sandhill Sunday afternoon at 2:30 o'clock. Everyone is invited to hear her. The following article is written and presented for publication by her:

In order to win life's big battles against sin we must build the right kind of character by being victor over life's little battles. Literally we must be an overcomer every day.

Here is a promise in I Corinthians 10:13 to which we have a right to claim as our own. "There hath no temptation taken you but such as is common to man: but God is faithful who will not suffer you to be tempted above that ye are able, but will with the temptation also make a way of escape."

In 1940 this paper published a little poem that came from my heart. I was wanting to live for God then.

Its the little things that count in life

The things you want to do  
The things you say, the things you think

Those things are really you.

It is our living every day that spells victory or defeat.

There are many promises to the overcomer. We find a gracious one in Revelation 2:26 "And he that overcometh, and keepeth my works unto the end, to him will I give power over the nations."

Mrs. Henry Hodel and Mrs. Roscoe Snyder of Plainview spent Tuesday and Wednesday in Amarillo where they heard Mrs. Joe Coffee review "The Big Fisherman" by Lloyd C. Douglas.

Mr. and Mrs. Hugh Carroll visited relatives at Seminole, Kermit, Odessa and Goldsmith the past week end.

**Honored On 25th Wedding Anniversary**

Mr. and Mrs. M. C. Nance were entertained in their home Wednesday night, February 9 with a party honoring them on their 25th wedding anniversary.

Several friends of the couple called during the evening and enjoyed visiting together for awhile. Gifts were later presented to the couple and several pictures were taken.

The serving table, covered with a lace cloth, was centered with a three tiered cake topped with a Silver Wedding decoration. The couple cut the first piece of cake and then the guests were served. Mrs. L. B. Brandes, daughter of Mr. and Mrs. Nance, served the cake. Miss Barbara Nance and Miss Dorothy Diffe served coffee and punch to the following: Mr. and Mrs. Otho Noland and family of Hereford; Ray Smith and family of Tulla; C. W. Tannahill and family of Lockney; Ray Clements of Plainview; Albert Kelm of Plainview; Rankin Fain of Plainview; L. B. Brandes and Debra of Lockney; C. E. Flippen of Hart; Walter Boedeker of Lockney; J. E. Stain of Plainview; Misses Kay Clements, Dorothy Diffe, Barbara Nance, Eva Lee Brandes and Mr. Sturmer.

**CORN-O-CIDE** for tired, burning feet. Helps to relieve pains from corns and calluses. Baker Merchandise—Dry Goods. 224c

**NOTICE TO BIDDERS**

Sealed proposals addressed to the Mayor and City Council of the City of Lockney, Texas, will be received at the office of the City Clerk, City Hall, Lockney, Texas, until 2:00 P. M. March 1, 1949, for furnishing all necessary materials, machinery, equipment, superintendence, and labor for constructing certain Water and Sewer System Improvements for the City of Lockney, Texas.

Bidders must submit Cashier's or Certified Check issued by a bank satisfactory to the Owner, or a Bidder's Bond from a reliable Surety Company, payable without recourse to the order of G. M. Brunner, Mayor, in an amount not less than Three Thousand Dollars, as a guaranty that Bidder will enter into a contract and execute bond and guaranty in forms provided within ten (10) days after notice of award of contract to him. Bids without required check or Proposal Bond will not be considered.

The successful Bidder must furnish performance bond on the form attached to the Specifications in the

Mechanic, Workman or type of Labor	General Prevailing per diem wage based on 8-hour working day	General Prevailing Hourly Wage
Skilled	\$12.00 to \$15.50	\$1.50 to \$1.93 1/4
Semi-Skilled	8.00 to 12.00	1.00 to 1.50
Unskilled	8.00	1.00

**Homecoming Day At NTSC Is Saturday**

DENTON, Tex.—Saturday, Feb. 19, will be homecoming day at North Texas State College for the Moonmaids, featured vocalists with Vaughn Monroe's orchestra who get their start singing on NTSC stage shows.

Returning to the campus with Monroe to give two shows, one a radio broadcast, the Moonmaids will have a chance to renew acquaintances they made as students at NTSC before they joined the orchestra in New York in 1946.

Although two former NTSC students have left the Moonmaids to get married, three of the four members of the group are still former North Texans. These are Mary Jo Thomas and Tinker Cunningham of Denton and June Hiett of Arlington.

And the fourth member of the quartet, Maree Lee of Ohio, has been a round the North Texans so long that she feels almost like an NTSC ex, too.

**SPEAKS AT WAYLAND**

CANYON—Dr. James P. Cornetta, president of West Texas State College, spoke to students of Wayland College in Plainview in an assembly address last week.

Mr. and Mrs. Clyde Applewhite who have been visiting in Mineral Wells for several weeks are spending this week in Mexico City. They expect to return to Mineral Wells Sunday.

amount of 100 per cent of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or other Surety or Sureties acceptable to the Owner.

All lump sum and unit prices must be stated in both script and figures. The Owner reserves the right to reject any or all bids and to waive formalities in case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. Unreasonable (or "Unbalanced") unit prices will authorize the Owner to reject any bid.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions. Bids must be submitted on the Proposal Form attached to the Specifications.

Attention is called to the fact that there must be paid on this project not less than the general prevailing rates of wages which have been established by the Owner as the following:

Mechanic, Workman or type of Labor	General Prevailing per diem wage based on 8-hour working day	General Prevailing Hourly Wage
Skilled	\$12.00 to \$15.50	\$1.50 to \$1.93 1/4
Semi-Skilled	8.00 to 12.00	1.00 to 1.50
Unskilled	8.00	1.00

The bidder's attention is also called to the special provisions concerning minimum wage rates and hours of employment included in the specifications and that compliance must be insured with House Bill No. 54 of the 43rd Legislature and House Bill No. 115 of the 44th Legislature of the State of Texas, and also all Federal Wage and Hours Legislation applicable.

Instructions to bidders, proposal forms, specifications, and plans are on file at the office of City Clerk, Lockney, Texas.

Copies may be secured from H. N. Roberts & Associates, 1310 Avenue Q, Lubbock, Texas, upon deposit of \$25.00 each, which deposit will be returned to the Contractor on submission of a bona fide bid on the work, and return of the Plans and Specifications not later than 10 days after date for receiving bids, or upon returning the Plans and Specifications immediately after examination of same, and advising the Engineer that bid will not be submitted; otherwise, the deposit shall be forfeited. No obligation is assumed to return deposit under other conditions.
