LOCKNEY, FLOYD COUNTY, TEXAS FRIDAY, MARCH 10, 1950

Number 27

Hammond's Frozen Food Demonstration Wednesday at 2:00

Mrs. Emma Thornton, Home Economist, will give a Frozen Food Demonstration at 2 p. m. Wednesday, March 15, at Hammond and Company, Claude Hammond, International freezer appliance dealer, announced this week.

Mrs. Thornton will give an interesting, informative, demonstration on how to lower food costs through a new simplified system of food preservation. The public is invited to attend, Mr. Hammond said.

Eight File For City Alderman

There is no lack of candidates this year in the race for the three posts on the City Council. Eight candidates have filed for the places. Last Saturday night was the deadline for filing for places on the ballot.

Candidates filed include the three aldermen whose terms expire, J. D. Wood, J. D. Copeland and Lloyd Wofford, and these new candidates: J. H. Cooper, Fay Pinner, Bob Miller, Austin Meriwether and C. L. Record.

The election has been called for Tuesday, April 4 and will be held at the city office.

Terms of the mayor, city secretary and other aldermen do not expire this year.

Hundreds Meet First Train Sunday Night

Three or four hundred people were at the local Fort Worth & Denver depot Sunday night when the first FD&W train on the new fast passenger service schedule came through Lockney going east.

A number of people boarded the train here, some from Plainview and several from Lockney. Mr. and Mrs. Frank Perkins took the train to Dallas and Berry Hooten left for Glen Rose. Several boarded it for shorter rides.

The new train comes through Lockney going west at 8:39 each morning and returns at 10:12 each night. The train makes a trip straight into Dallas from Lubbock and passengers from Plainview are picked up here.

Inspector To Be Here Friday Interest Post Office Bldg.

Post Office Inspector D. C. Jernigan of Fort Worth will be in Lockney today (Friday) to contact any person interested in submitting proposals for leasing quarters for the local post office starting September 1, 1950.

The lease on the present building expires at that time, it was said.

Mr. Jernigan desires to contact any interested persons around 8:30 a. m. or as soon thereafter as possible, he said.

Meeting Continues at Assem. God Church

The meeting in progress at the Assembly of God church is continuing with good interest and good crowds, it was reported this week. Mrs. Eddy Strickland is preaching each night at 7:30.

In speaking of the religious life of the people Mrs. Strickland asked these questions: "I challenge you to think. Dare you answer these questions truthfully? What do you love most? Worldly pleasure? Material gain? Pride of life? or God? Are you saved or lost? Do you have perfect peace or unrest? Does your religion satisfy? Do you know beyond a shadow of doubt that you are saved? How much are you doing for God? Would you love to see Jesus today? Is there joy in the thought of His return? Do you love God's word? Where will you spend eternity? Careless soul, stop and think before it is forever too late! Eternity may start soon—heart attack, disease, car wreck, or the coming of the Lord—but eternity is ahead!"

Lions Club To Receive Charter Monday Night

The Lockney Lions Club, recently organized, will receive its charter Monday night in a special charter night meet at the American Legion Home here. The dinner will be served by the Baker Hotel Coffee Shop, starting at 7:45.

Lions District Governor Curtis Cryer of Borger will be principal speaker for the occasion and present the charter. Other guests are expected from Lions clubs of Hale Center, Petersburg, Plainview, Floydada, Silvertown and Matador. One hundred and fifty are expected to be present.

The Plainview Lions Club, sponsor of the local club, will provided the remainder of the program for the night.

The local club now has 35 members, Secretary Joe Wilson reports. Claude Hammond is president.

Stewart Selected As Outstanding Farmer In Co.

Robert Stewart, manager of the Lockney Farm, five miles west of Lockney, has been selected as outstanding farmer of the Floyd County Soil Conservation District, it was announced this week. Reason for Mr. Stewart's selection were given as follows:

Robert Stewart, as manager of Lockney Farm, has gone far beyond the requirements of his job to operate this farm to the best advantage; preserving the soil, conserving irrigation water and producing crops at a higher yield rate than average. He has done a great deal of experimenting with new crops, fertilizers and seed production that is valuable to agriculture in this vicinity.

Mr. Stewart signed an agreement with the Floyd County Soil Conservation District covering this 870 acre farm unit in July 1944, shortly after he assumed management. He has completed and is maintaining the four practices set up in the farm plan, under technical assistance of the Soil Conservation Service. The practices applied are: cover cropping 690 acres, crop residue management 861 acres, improved water application 861 acres and an improved pasture of 15 acres.

A check plot was turned over to Soil Conservation Service to determine results of fertilizing. Applications made under seven different conditions were compared with an area receiving no fertilizer. He also ran tests on a plot for irrigation efficiency study.

Legumes have been fertilized with phosphate and then turned under to add humus to the soil. Barnyard manure has been applied as an experiment.

Deheaded bundles are returned to the soil to maintain organic matter.

Production of certified sorghum seed and certified Paymaster cotton seed on Lockney Farm has contributed to improvement of grain and cotton produced in this area.

Mr. Stewart has been very cooperative in trying out new crops, including okra, gourds, sunflowers and sesame as possibilities for oil crops. He was among the first to try Hubam clover, Austrian Winter Peas and Vetch for pastures and soil building. Plans are being made to combine cattle business and permanent pasture grasses and seed production.

Mr. Stewart, and the entire personnel connected with Lockney Farm, contributed in a great way to the success of the annual field day tour sponsored by the district last May. Lunch was served on the lawn near the office with the trimmings for the barbequed beef and beans being furnished by Lockney. The staff at the farm arranged tables and assisted in serving the group of about three hundred.

(Continued on back page)

Local Fat Stock Show March 18

The Lockney fat stock show for local F. F. A. members and 4-H club boys in this part of the county will be held Saturday, March 18. The event is being sponsored by the Lockney Rotary Club. Details as to prizes and classes were not available this week.

Don Bartram of Lockney won third place with his entry in the heavyweight class of the Chester White division. Seth Johnson of Floydada won fifth in the same class. Others winners from the county were unavailable Thursday.

Junior Fat Stock Show March 29

The Floyd County Junior Fat Stock Show will be held on Wednesday, March 29, it was decided at a recent meeting of the directors. The show is sponsored by the Floydada Chamber of Commerce.

The show will be held according to the usual rules and regulations and plans of previous shows with some minor changes.

Bob Crowell will be the show manager and E. L. Angus is again the general superintendent. Assistant superintendents are H. G. Barber, F. L. Montandon, and Robert H. Gibson with Gibson also acting as secretary. Co-superintendents of the sheep division will be Harry Morckel and Earnest Lee Thomas. In the beef cattle division, Kinder Faris, Fred Cardinal, Ralph Johnson and Ralph Cogdell are co-superintendents, while the dairy cattle will be supervised by Chester Mitchell, N. S. Abbott, N. B. Stansell. Co-superintendents of the hog division are W. M. Ham-bright, R. C. Mitchell, Newton Goodwin and R. G. Dunlap.

The finance committee is E. L. Angus, J. B. Bishop, John W. Reue and Walton Hale. Judges are yet to be selected. The public address system committee is A. H. Rainer and George Cavin while the auctioneer will be Col. W. H. Seale.

Sale Clerks are Homer Steen and O. P. Rutledge while the sale committee is composed of Jim Word, Guy Ginn, Geo. Cavin, Fred Cardinal, Edgar Hays, and Fay Pinner.

The steer sitting committee is Jack Stansell, Billy Staniforth, Jr., Chester Mitchell and Ralph Cogdill. The showmanship committee is composed of Jack Stansell, Billy Staniforth, Jr., and Chester Mitchell. Show veterinarian is Dr. Early Joiner.

Use of Legumes To Be Discussed Here by Gibson

County Agent Bob Gibson will hold a series of discussions at Lockney, Floydada and Lone Star on the value and use of legumes as cover crops and soil builders in a crop rotation system.

Gibson states that general interest in the planting of legumes demands these discussions. The discussions will include recommendations as to varieties of legumes to plant, the time of year they should be planted, seed bed preparation, their value in comparison to commercial fertilizers and the cost of the various seeds as far as possible.

Every farmer should plant some of these legumes every year and Gibson is urging everyone to be present at one of these meetings. A portion of the meeting will be devoted to questions and answers in which every one is requested to take part. Come and ask your question and every effort will be made to give answers.

The meeting will be held Monday night, March 13, at 7:30 in the City Auditorium at Lockney, Tuesday afternoon, March 14, at 2:30 in the county court room (new wooden building) Floydada and in the school house at Lone Star Tuesday night, March 14, at 7:30.

Dr. W. H. Freeman Dies Tuesday

Word was received here Tuesday that Dr. W. H. Freeman, a pioneer doctor of this area, had died at his home in Sentinel, Okla. Tuesday. Funeral services were held Wednesday.

Dr. Freeman was well known by all pioneers of this area. He was one of the founders of the Lockney Christian College and served this country as an early day physician.

Kress Boxers Coming Here Tuesday Night

A high school boxing team from Kress is coming to Lockney for a team match with the local high school on Tuesday night of next week, it was announced Thursday by Supt. Sidney Reeves.

The local fighters took a 10-5 decision over Crosbyton in a match there last Monday night and the Crosby county boys will return the match here on Monday night, March 20.

Enumerators Can Apply for Position Starting Friday

Ralph C. Johnson of Daugherty, crew leader for the 1950 federal census in Floyd county, announced Tuesday of this week that he will receive applications for enumerators and give tests March 10, 13, 14 in the Chamber of Commerce building in Floydada. His office hours will be from eight to five on these days.

Mr. Johnson said that the only qualification necessary to be enumerator is a high school education. Those who take the country census must have access to a car.

There will be 13 enumerators in the county: Three in Lockney, four for Floydada, two for Precinct 1, two for Precinct 2, and one each for the other two precincts.

The training course will start March 28, and the actual census taking April 1. It will take approximately one month to complete the census, Mr. Johnson said. Pay for the enumerators will be based on the number of persons they interview in connection with the census.

Enumerators Can Apply for Position Starting Friday

Ralph C. Johnson of Daugherty, crew leader for the 1950 federal census in Floyd county, announced Tuesday of this week that he will receive applications for enumerators and give tests March 10, 13, 14 in the Chamber of Commerce building in Floydada. His office hours will be from eight to five on these days.

The training course will start March 28, and the actual census taking April 1. It will take approximately one month to complete the census, Mr. Johnson said. Pay for the enumerators will be based on the number of persons they interview in connection with the census.

Girls Lose In State Tourney

The Lockney High School Longhornettes had the misfortune to draw last year's state champions, the Seagoville girls team, in the first game of the state tournament and lost Wednesday night by a score of 46-15. The tournament is being played at Baylor University gym, Waco.

Coach Curtis Kelley reported by telephone that the girls were bothered by stage fright and didn't play up to par but the fact that Seagoville had their entire state champion team back from last year didn't help either.

The Seagoville team led 22-7 at the halftime intermission. For the locals Betty Handley was high with seven points and Kay Norman had six points.

The girls will now enter the consolation round but the coach did not know who they would play or when when talked to Wednesday night.

Cotton Center and Dimmitt, two other teams representing West Texas advanced by wins with Cotton Center defeating Aledo 42 to 35 and Dimmitt defeated Bynum 35 to 28.

Meadow was defeated by East Chambers 48 to 25.

3-Act Comedy To Be March 17th

A clever, fast-moving three-act comedy is being prepared for presentation at the City Auditorium on March 17, it was announced this week. The Parent-Teacher Associations are sponsoring the play and proceeds will be used to remodel the stage and pay for new curtains and scenery at the auditorium.

The comedy is titled "Her Emergency Husband" and the setting is the home of a couple who have a family row and turn their house over to friends, but not the same friends. The situation becomes very involved before it is finally straightened out.

Cast includes Mr. and Mrs. F. L. Montandon, Mr. and Mrs. Bob Miller, Mr. and Mrs. K. W. Cook, Mr. and Mrs. Hershel Carthel, Mr. and Mrs. Sid Thomas, Mrs. M. W. Wiley and Barry Barker.

Remodeling Underway

A remodeling job at the auditorium has already started with work being done on the stage. Advertisements for a new curtains have recently been sold here and the new curtain, electrically operated with new scenery, is scheduled to be up in time for the play on March 17.

Business Men's Club To Meet Tues. Night

The Lockney Business Men's Club will hold their monthly meeting next Tuesday night instead of Tuesday morning, it was announced this week by Fay Pinner, secretary.

The meeting will start at 7:30 and will be held at the Baker Hotel, it was said. All business and professional men and women are urged to attend.

Sid Thomas on All-District Team

RALLS—Abernathy, Floydada and Spur landed two positions each on the All-District 3-A basketball squad announced Wednesday by D. W. Brantley, Ralls high school coach.

Ten players, six from the North zone and four from the South bracket, were selected on the all-district aggregation.

Abernathy, the district champion, placed Esten Blackmon and Darrell Stephens.

Floydada, which finished second in District 3-A before going on to take third in Region 1-A, landed Bob Finley and Junior Perry as all-district choices.

Duane Durham, six-foot-eight center, and Guard Melvin Lindsey were chosen from Spur, the regular season South zone titlist.

Rounding out the all-district squad were Sid Thomas, Lockney; Rockne Geisecke, Matador; Dwayne Bolander, Ralls, and Charles Caraway, Tulla.

Berry Hooten boarded the new FW&D passenger train here Sunday night to go to Glen Rose where he expects to spend several days.

GIVE

to the

1950 FUND

Red Cross Drive Off To Good Start

The first of the Red Cross fund drive has been very favorable, according to Edward Wester, chairman, with four communities reporting complete, and a total of \$205.00 to be credited to the drive.

Mrs. Oliver Allen and Mrs. Vinson of North Floydada were the first to complete the drive with \$20.00 for the fund. Others completing the drive were Leonard Smith of McCoy with \$50.00, Bill Smith of Antelope with \$38.50, Milton Harrison of Lakeview with \$22.50 and the City of Floydada, incomplete with \$62.00. Other communities have reported that their soliciting is progressing rapidly and if the "good work" continues at the same rate, Mr. Wester feels that they will be able to reach the county quota of \$22,200 in less time than the 18 days designated.

Mr. Wester reports that the community chairmen and their workers have been very loyal in their willingness to cooperate in the 1950 Red Cross Fund Drive. "And may I say that what these volunteer workers are doing is one of the most vital expressions of the obligations which are inherent in the working of a free society. It is not just important to Red Cross but to the whole of Democracy, for the voluntary effort in behalf of our neighbor strengthens the fiber of democracy," said Mr. Wester.

Blanchard to Run For Representative

According to a story appearing in the Dallas Morning News this week H. J. (Doc) Blanchard, now senior law student at Southern Methodist University, will enter the race for representative from the 120th district, comprising eight counties in this area.

Blanchard now calls Lockney his home, and is the husband of the former Mary Ruth Thomas, daughter of Mr. and Mrs. B. A. Thomas who live just northeast of Lockney. Blanchard's home was formerly at Sudan, which is in the same legislative district.

Blanchard has visited here a number of times and is well known here. He spoke recently at a luncheon of the Lockney Rotary club. He is an outstanding student and leader at S. M. U.

Local Cannery Great Asset To Community

By F. L. MONTANDON

Vocational Agriculture Instructor

In an interview recently with Mrs. Sally Griffith, able, active, and enthusiastic supervisor of the local cannery stated that from eighty to one hundred thousand cans of food were preserved each year at the canning center. This enormous amount consists of local grown fruits, vegetables, fruit cakes, plum puddings, chili, kraut, meats and meat products such as the famous "Sally Griffith Tamales." As many as 1600 cans of tomatoes were canned in one day last summer by some students from Wayland College.

The canning center serves at least 300 families yearly, offering free service and supervision to patrons who do their own work. Custom canning is also done on a percentage basis, the people doing the work taking a certain percentage of the canned goods. For example, if a person wanted a beef canned, the ladies doing the work would charge him 30 per cent of the total number of cans; tamales, green beans, tomatoes, fruits would run 40 percent; peas 50 percent.

Nearly every day people from many towns and counties as far as hundred miles away call in for canning service, but of course the local patrons must be taken care of first.

Lockney Cannery

Pictured here is an interior view of the Lockney cannery along with the ladies who were working in the cannery on the day the picture was made. From left to right the ladies are

Mrs. Tom Rigdon, an employee of the plant, Mrs. C. V. Lemmons and Mrs. Leon Wofford, who were doing some canning of their own; Mrs. Sallie

In addition to the canning service rendered by the center, many people prepare food for their locker boxes, render lard and make soap at the cannery. Mrs. Griffith stated that about 2500 pounds of soap was being made each year. Good homemade soap is hard to beat and this is an excellent method of disposing of surplus fat, waste grease, and beef and hog trimmings, while at the same time cutting down some on family expenditures.

Griffith, supervisor and Mrs. C. L. Calloway, another employee of the cannery. To the left you can see the large retorts or pressure cookers, further back the exhausts vats. On top of the vats are some home-made soap and lard which the cannery turned out on this particular day. In the right center is the electric food grinder and electric sealer. Other equipment is not shown.

The cannery was started back in the "lean" years as a WPA project, then during the war it was under the Food Conservation Program and was supervised by the local Vocational Agriculture Department of the high school. Today it is sponsored by the county commissioner's court. About half of the equipment is owned by the county and the other half by the local school.

During the war much food was canned by families who had boys in the service and was sent

overseas to them. Food sent in this way was received in good condition and was of course welcomed by service men.

Mrs. Griffith believes that one reason for the success of the cannery is the fact that farmers grow an almost endless amount of vegetables near their irrigation wells but have little time to can them, so they gather them up and bring them to the cannery. Also many people who live in town either do not have a suitable place for a garden or feel that they cannot afford the water bill, the time and the effort necessary to grow vegetables are willing to work for a part of the food which they can, thus making life easier for both parties.

I believe that a big reason for the success of the cannery is also the result of expert supervision and organization by Mrs. Griffith. There is always a pleasant atmosphere at the center regardless of how busy the ladies are.

Also local grown vegetables and other foods have been found to be far superior in food values to most canned foods which is another advantage in preserving and using home grown foods.

With all of the advantages which we have in our favor, why wouldn't a commercial cannery flourish here? We have the land, we have the water, we have the know-how, we can grow the goods, we have a building that possibly could be secured, transportation facilities, enough population to furnish labor. Why wouldn't it succeed?

Mr. and Mrs. Ed Whitfill and Mrs. Ethel Floyd left Monday for Santa Fe, N. M. to visit relatives.

E. M. Shearer and family of Breckenridge spent the week end with his parents, Mr. and Mrs. F. S. Shearer. They also visited their grandmother, Mrs. Ella Marr.

Floyd Girl Attends Recreation Meeting

Marlene Hollums of the Harmony community returned Sunday night from a week's stay in Athens, Texas, where she attended a Recreation Laboratory. This laboratory was sponsored by the Extension Service, churches, Farm Bureau and other organizations interested in recreation for the youth of the state. The meeting was held at a church youth camp.

Marlene is very enthusiastic about the Recreation Laboratory. She said there was something doing every minute from the time they ate breakfast at 7:00 each morning until campfire services in the evening. Games and songs were first on the program each day, with a discussion period following. Mr. Murry Cox of WFAA Dallas; Miss Avis Akers, Women's editor of the Progressive Farmer and an editor of one of the Tyler newspapers were among the discussion leaders.

Craft work was done after lunch each day. Metal work, leather work, puppetry, rope, and small crafts were done. Creative dramatics, singing classes, and square dances finished off the afternoon. After a supper a party was held. These were Family Relations, Lantian Americans, Colonial, Indian, Plantation, and Western Day. Costumes made the parties more fun. The Camp Fire ceremony closed the day.

Marlene was one of the 70 people from all over Texas who attended the Recreation Laboratory, and the only 4-H Club girl from District 2. She made the trip with Miss Eleanor Ferguson, assistant Home Demonstration Agent from Hale County. Others attending from District 2 were Edd McLeroy, Hale County assistant Agricultural Agent, and Mrs. McLeroy, James Lindsey, 4-H boy of Plainview, and Mr. Bolding of the Hale County Farm Bureau.

Marlene will be sharing her

Mr. and Mrs. Frank Perkins left for Dallas Sunday night on the new train to spend several days.

GO TO CHURCH SUNDAY.

training with 4-H Clubs and other organizations in the county.

Arnold Johnson of Albuquerque, N. M., visited his parents, Mr. and Mrs. J. B. Johnson, week end. He also visited his sister and family at Quitaque.

J. R. Graham's daughter, Borger has been a visitor at Graham home.

Protection!

Our Automobile Liability Policies Afford You Complete Protection!

What would happen if you were in an automobile accident in which you were responsible? One of these policies will protect you in every way. It Provides for you:

1. Legal Defense.
2. Bail Bond.
3. Bodily Injury Liability.
4. Property Damage Liability.
5. Medical and Funeral Costs.

We can write a policy for as low as \$25.00 per year. Ask us about it.

Conservation District Enters Annual Contest

Floyd County Soil Conservation District has again entered the annual "Save the Soil and Texas" soil conservation program sponsored by the Fort Worth Press with the Fort Worth Press and the El Paso Post. This is the fifth year these firms have sponsored contests of this nature. A total of \$10,000 in prizes, medals and awards for meritorious work will be given over the state.

The district board of supervisors have chosen Robert H. Crowell, the business and professional man who has rendered the most unselfish service to soil conservation. The supervisors awarded Mr. Crowell for this honor the following reasons:

Robert H. Crowell, manager of the Floyd County Board of Development since May of 1948, has proved to be a valu-

able professional man to the cause of the Floyd County Soil Conservation District. In his business connection he is associated with many professional men and farmers and it is quite common for him to do missionary work for the conservation program as he goes about other duties. Due to his experience with Soil Conservation Service he is capable of advising and giving technical assistance.

Mr. Crowell did a big part of the planning and contact work to make the annual field day sponsored by the District a success. He met with the Jaycees, explaining the window display contest, which resulted in their organization offering cash prizes to the FFA students and 4-H club members winning the contest. He also contacted the Chamber of Commerce, explaining that the District needed assistance in sponsoring the field day, resulting in that organization furnishing barbecued beef for the noon meal. Bob was personally responsible for contacting individuals preparing the meat and cooking beans. He worked with Mr. Stewart of Lockview Farm on plans for serving the meal and assisted with registering and serving about three hundred farmers and visitors attending the tour. Mr. Crowell also worked in close cooperation with County Agent Robert H. Gibson in working out the route to be taken to view soil and water conservation practices being applied on ten farms within the district.

Services voluntarily rendered are very often as essential and beneficial as work of the paid professional and in many cases that type of assistance serves a purpose no one else can offer. In appreciation for his distinguished unselfish service to the cause of soil conservation the district commends Mr. Crowell as an outstanding voluntary conservationist.

Services voluntarily rendered are very often as essential and beneficial as work of the paid professional and in many cases that type of assistance serves a purpose no one else can offer. In appreciation for his distinguished unselfish service to the cause of soil conservation the district commends Mr. Crowell as an outstanding voluntary conservationist.

Tech Holstein Cow Gets High Rating

LUBBOCK—Tech Premier Alcartra, a registered Holstein-Friesian cow owned by Texas Technological college, has completed a 365-day production test of 583 pounds of butterfat and 17,373 pounds of milk made in Herd Improvement Registry.

The cow was milked three times daily and was 4 years, 7 months when she began her test period. The report came from the Holstein-Friesian Association of America, Brattleboro, Vt.

Lee Wofford of Amarillo visited from Saturday until Wednesday with his sister, Mrs. Jake Smith, and brother, Luther Wofford.

Local Motor Company Receives Award

The coveted Four-letter Award which Ford Motor Company is bestowing on qualifying Ford dealers today is in possession of "Whitey" Baceus of Lockney.

Presentation of the handsome certificate—which signifies the highest badge of distinction a Ford dealer can earn was made by B. H. Barlett, manager, parts and accessories sales department, Ford Motor Company, Dallas.

The four letters—FMSF—represent simultaneously the high Ford dealer performance level that must be earned, and the over-all new Ford company chal-

lenge, "Ford Must Stand First." Dealer recipients, under the new Four-Letter program, must match their individual dealer operation with the company's four key franchise essentials: Sound finances, efficient management, competitive spirit, and modern facilities.

Competitive spirit is measured by the dealers recognition of community interest between the company and himself, and also by his cooperation in programs to create customer goodwill. His sales and service facilities must

measure up to the most modern standards.

Efficient management embraces dealership objectives, activated personnel training programs, advertising programs, control of expenses, and methods of handling used car and truck business.

The certificates carry the signatures of John R. Davis, vice-president and directors of sales and advertising; Walker A. Williams, general sales manager; Ira B. Groves, Southwestern regional sales manager; and District Sales Manager Paul O. Larson.

Civil Service Seeks Guards at Reese

The Civil Service Commission announces examinations for filling vacancies in the position of guard at the entrance salary rate of \$2450.00 per annum. Employment will be with the Veterans Administration Regional Office, Lubbock, Texas. Applications will be accepted only from persons entitled to veterans preference. Application forms and additional information may be secured from the post office; the Executive Secretary, Board of U. S. Civil Service Examiners, Veterans Administration Regional Office, 1612-20 Nineteenth Street, Lubbock, Texas; or from the Regional Director, 14th U. S. Civil Service Region, 210 South Harwood Street, Dallas 1, Texas.

Mrs. Conde Davis and Mrs. Joe Anderson and Billy left Monday to visit their mother and grandmother, Mrs. J. C. Brooks of Alvarado. Mrs. Brooks is ninety-one years old.

The shot fired by the American colonists at Concord was the "shot heard round the world."

Mr. and Mrs. Richard Patterson visited friends in Brownfield last week end.

Dr. Cox Urges Clean Up Now

AUSTIN—Dr. Geo. W. Cox, State Health Officer, says that the season of the year when typhoid fever is most prevalent will soon be here and urges everyone to clean up their premises to eliminate flies and other insects. A town is only as clean as the individual citizens and public health should be everyone's concern.

The typhoid germ travels from an infected person to the well person; this is generally accomplished by water, milk, flies, fingers, or food. Every case is contacted by way of the mouth and digestive system.

A carrier is a person who has had typhoid fever at some time and who even after recovery carries the germs of the disease in the urine and discharge of the bowels. Carriers who are careless in their personal habits are likely to infect any food they handle with the unwashed hands. Some of the most serious and far-reaching outbreaks of the disease have been caused by drinking milk or eating foods that have been handled by carriers. Persons may be carried without knowing it.

Typhoid fever is unnecessary and preventable. Every case is due either to community negligence or to the carelessness of some individual. Persons planning a vacation or a trip where sanitation may not be rigidly

enforced should protect themselves against this disease by being immunized. Its prevention is accomplished by the enforcement of public health measures to protect food, milk, and water supplies and by immunization. The purity of water, milk, or food cannot be judged by looking at it, so the best thing to do is to play safe and have your physician protect you.

Mr. and Mrs. G. D. Tate of Denver City visited Saturday night with Mr. and Mrs. Marvin Cox.

Save Your Chicks from Pullorum

Beat deadly pullorum disease, save valuable chicks! Treat with Dr. Salsbury's Sulfa, drug aid that cuts pullorum death loss sharply. Use Sulfa first 7 to 10 days, or at first signs of pullorum. Easy to use. Economical. Ask for Dr. Salsbury's Sulfa.

Mrs. Donnie Bybee Honored With Tea Shower

Mrs. Donnie Bybee, the former Vera Jo Rogers, a recent bride, was honored with a tea shower March 4, in the home of Mrs. W. L. Thomas, Sr.

Mrs. Thomas, Mrs. Bybee, Mrs. Joe Rogers, the honoree's mother, and Mrs. Delbert Bybee formed the receiving line. Mrs. Henry Hotel assisted the guests in registering in the bridal book.

Mrs. Revis Harris and Mrs. Sterling Cummings presided at the tea table, which was covered

with a lace cloth. The punch bowl flanked by candles formed the centerpiece. Napkins with "Vera Jo and Donnie" were blue and silver. Guests were served punch and iced cakes.

Hostesses were Meses. W. L. Thomas, Sr., G. L. Sims, Laura Stinebaugh, Dorsey Baker, Lowell Copeland, Revis Harris, W. A. Campbell, Hugh Counts, N. S. Daniel, Earl Norman, Henry Hotel, Luther Fowler.

Ninety guests registered and sent gifts.

Miss Mildred Thomas is visiting her sister, Mrs. H. J. Blanchard and family in Dallas.

Piano Pupils of Mrs. Russell In Recital Tues.

A large crowd attended the piano recital Tuesday evening at the Methodist Church at which 37 pupils of Mrs. G. D. Russell were presented and played for the appreciative audience.

Pupils of Mrs. Russell appearing on the program were: Joy Pickens, Chuffy Bayley, Warren Mitchell, Carolyn Harris, Joan Harris, David Pickens, Don Smith, Patsy Ruth Bybee, Patsy Sue Harston, Janice Boedeker, Delores Russell, Shirley Mitchell, Sonja Sue Bruner, Nancy Nix, Judy Bruner, LaJuan Henderson, John Perry Truett, Margie Sechrist, Joyce Pope, Oleta McCandless.

G. A.'s MEET AT CHURCH

The Mildred Crabtree G. A.'s of the First Baptist Church met Monday at 4 p. m. in the church. Twelve members were present. Mrs. Guy Sams taught a mission book, "The Greshams of Greenway," by Marel Brown.

OES To Have Call Meeting Friday Night

The local chapter of the Order of the Eastern Star will have a call meeting Friday night, March 10, for the purpose of initiatory work, it was announced by Mrs. Jewell Kennady, reporter. The meeting is to start at 7:30.

Methodist Notes

The last two afternoons the air has been so full of sand and dust that the sun could not shine through. Often our lives are so full of problems, problems of making a living, problems of health, of fear, chronic worry, a sense of inferiority or some other worry that the spirit of God cannot shine through into our life.

The living Christ changes the lives of all who allow Him to do so. When Christ becomes the guiding focus of our lives we are different persons. We have a new strength, a new outlook on life, a greater concern for people and a greater longing for justice and peace.

Rev. Marvin Boyd, our District Superintendent, will bring the evening message Sunday. We urge all who possibly can to be present.

B&PW Club Has Business Meeting Tues.

The Business and Professional Women's Club had a business meeting at the home of Bernice Miller Tuesday evening, March 7. The year's project for the club was discussed at the meeting. Lucy Dean Record entertained with piano selections.

Refreshments of strawberry pie, whipped cream, and coffee were served to Clara Copeland, Lucy Dean Record, Wilma Brown, Wanda Newman, Ada Bailey, Velma Cox, June Bybee, LaVerna Brunner, and the hostess Bernice Miller and Faye Messer.

WSCS Has Social Monday

After an interesting contest conducted by the W. S. C. S. of the Methodist Church, the "Winning Fords" were feted by the "Losing Chevrolets," with a delightful St. Patrick's day social in the home of Mrs. W. L. Thomas, Sr., Monday afternoon.

As the guests arrived, Mrs. A. P. Barker, presiding at the refreshment table, served dainty cakes squares decorated with green motifs and tea.

Mrs. N. S. Daniel led the devotional, after which several Irish songs and games were enjoyed under the direction of Mrs. D. O. Aldredge.

At the conclusion of the social, Mrs. Olive Myers, president of the W. S. C. S., presided during a short business meeting.

Members of the society present were Meses. N. S. Daniel, W. O. Stewart, T. V. Rankin, Fannie Brown, Johnson, R. E. Patterson, N. E. Greer, Paul Cooper, Buck Sams, Frank Dodson, Olive Myers, F. O. Schacht, S. M. Piller, D. O. Aldredge, A. P. Barker, Hugh Counts, Delbert Bybee, Hartman, J. H. Weathers, L. W. McCuiston, W. L. Thomas, Sr.

Mr. and Mrs. O. D. Wilson of Greeley, Colo., are here visiting Mrs. Wilson's sister Mrs. Theo Griffith.

CARD OF THANKS

We wish to thank our friends and relatives for their kindness during our recent bereavement.

Mr. and Mrs. Louis Ray Staap.

C. J. Taylor is visiting his parents at Cumby, Texas.

Kelton Shaw attended a wheat identification short course at Texas Tech held under the auspices of the Texas-Oklahoma Wheat Improvement Association Tuesday.

Farm Bureau Plans Membership Drive

The Floyd County Farm Bureau held a dinner at the B & M Cafe last Tuesday night for the purpose of organizing the 1950 County-wide Farm Bureau membership drive, states Ben Quebe, County Farm Bureau president.

Wayne Little, District 2 Membership Director, was the principal speaker and gave a very interesting discussion of the agricultural situation from the farmer's viewpoint.

Members from most all parts of the county were present and it was decided that the membership drive would begin Saturday, March 11 and end March 18, 1950. Mr. Quebe said that workers would work in groups of two or three and efforts will be made to contact every farmer in the county.

Thala and Albertine Foster, students at Texas Tech, spent the week end with their parents, Dr. and Mrs. D. R. Foster.

Bobbie Lou Casey entertained Velma Avant, Leda Preston, and Margaret Green as week end guests in her home. All are students at Wayland College.

Revall Druggist Attends Club Meet

"Vitamin research is going forward at a steady pace and the tendency of the American vitamin-conscious public seems to be toward more potent vitamin products," reported Bob Miller of the Lockney Revall Drug Store. He attended a meeting of the state Rexall Club at the Lubbock Hotel in Lubbock Tuesday night.

Mr. Miller added that the meeting evidenced a distinctly optimistic note toward business for the year. He said it was both the consensus of the druggists attending as well as executives of the Rexall Drug Company of Los Angeles.

The meeting of the Rexall Club is an annual affair held for the mutual benefit of the members as well as maintaining a personal contact with Rexall Drug Company executives. More than fifty independent druggists from throughout the state who hold the Rexall franchise were present. The sessions had W. O. Eades, Rexall sales manager for this district, presiding.

Hospital News

Mr. and Mrs. H. D. Wright had a son, born March 2, weighing 8 pounds, 3 ounces, named Larry Dee. The mother and baby were dismissed March 6.

MEMBER OF TEXAS PRESS ASSOCIATION

Thou madest him a little lower than the angels, thou crownedst him with glory and honour, and didst set him over the works of thy hands.—Hebrews 2:7.

The fellow who boasts that he can drink or leave it alone and doesn't leave it alone reaches the point where he can drink and can't leave it alone. His friends then feel sorry for him and say, poor Bill, liquor got him, he can't leave it alone and it won't leave him alone.

The Post Office Department is threatening the time honored institution the penny post card. Reason: the post office department has increased its expenses to the point where it needs more money to meet them. If it increases the cost of the post card to two cents it should double the size. You can't say two cents worth on a penny post card.

The shell behind which a bur-flusher conceals his true self is really very thin.

There was more genuine interest in this country over the recent election in Britain than there has been in British affairs for many years. One reason, perhaps, is that we are paying a lot of the bills in Britain these days and are getting tired of supporting the Socialist-Labor government and its fantastic experiments.

Nations are never grateful as they should be to their patriots who have saved them when disaster threatened. The most recent example is the vote in England, Winston Churchill, who more than any other man in the whole British Empire, rallied the people in the blackest hour of English history and gave them the courage to face a critical disaster at one point in the war, was second choice by the voters of Britain in the recent election. It takes lots of courage to be a true patriot and a real statesman.

We are strange people. We bemoan the fact of inflation which is skyrocketing the prices of living to almost unattainable heights and sue the A & P grocery stores for selling foods cheaper.

As we recall it, during the time we were sending Russia ten million dollars worth of war material a day to save her from Hitler's armies, she didn't issue a single squawk about the hated capitalistic system which made the little donation possible. That all came up after she was saved from destruction by the capitalists.

We now have the A-bomb and are working on the H-bomb. As we understand our alphabet this leaves us only 24 more letters to go.

A local woman who raised a large family says she doesn't know at what age children are the most trouble. "Mine," she says, "were never any trouble at any age." Her neighbor down the street who reared two says that hers were trouble at all ages.

Ever notice that if an individual does the things that he ought to do and lives according to the Good Book as nearly as he can for the first fifty years of his life he gets so that he likes to live that way, and wouldn't enjoy any other way of life?

WAIT TILL HE SEES THE CHECK!

With Our EXCHANGES

PART OF PATTERN IN RUSSIAN DESIGN

In the wake of the State Department's official break with Bulgaria Tuesday an American correspondent who observed the Vogeler trial, reports that Hungary shows every sign of deliberately provoking a termination of diplomatic relations by ourselves. The State Department's point-blank charge of persecution of Vogeler and the Briton, Sanders, is a welcome indication of our man's innocence. Were he actually guilty as charged, the government would not intervene even vocally.

There can be little question of Bulgaria's determination to force the action Washington has taken. Not imitating the move themselves, the Red Government succeeds in using two propaganda weapons: first, that the ministry has been a subversive center; second, that the United States affronts the Bulgarian people. Hungary and others in turn follows the same course.

All of this has a meaning. Tito, isolated as the result of taking a different course, has given proof, were it necessary, that independent action is not tolerated by Moscow. The Bulgar Reds would not dare to raise a hand except as Moscow puppets. It is imperative to keep in mind that every action of this has been blue-printed for them and that they have executed it to order.

The pattern may be merely to assure exclusion of the Western Powers from the satellites to avoid the deviation of another Tito. Moscow clearly wants no colleague made happier by western aid. This may be all that there is to the moves.

But it is possible, too, that this is a consolidation of ground before the cold war moves into a more heated stage. That has to be considered.

As far as we are concerned, the dismissal of Bulgar diplomats from Washington closes one swinging gate for the penetration of messengers of Red evil. No one is afraid of the little bad wolf, but it is just as well to send him packing about his business.—Dallas News.

WORTHWHILE EFFORT

The Texas Water Code committee authorized by the Legislature last year, has scheduled a series of regional meetings next month in an effort to draft an acceptable law to conserve the water resources of the State. Rep. Preston Smith, of Lubbock, is a member of the group.

The hearings will be held in Amarillo, Wichita Falls, Stamford, Dallas and Houston. Attendance, at best, will be small, considering the importance of, and public interest in, the problem.

The committee, therefore, has suggested that a local committee be named in every community to cooperate in the effort to solve both local and State water problems.

The suggestion is a wise one. Each community should designate a group charged with the specific responsibility of studying with fine-comb thoroughness any water code proposed; of offering any constructive suggestions that might come to the attention of the members.

Such committees might be helpful in working out one of the State's most difficult problems. Of perhaps more importance they would afford protection against the enactment of a code

Planning and Care of Farm Buildings of Great Importance

COLLEGE STATION — Farm buildings require management along with maintenance and the more uses that can be made of the buildings the more profitable they are to the farm business. W. S. Allen, extension agricultural engineer-buildings of Texas A. & M. College, compares farm buildings to a specially designed machine and notes that parts of the machine that will receive the greatest amount of wear are provided with special lubrication. He says farm buildings should get the same attention.

Improper roof and ground drainage, he points out, are chief causes for failure in farm building. Water dripping from the roof of a building will splash dirt and water against the foundation and may cause the building to settle over a period of time will cause parts of the building near the ground to rot. Good management, he says, will include gutters and downspouts to take the water from the roof and away from the building and its foundation. Grading and drainage are mighty important items in prolonging the useful life of a building.

He points out that the use of wood preservatives and paint on farm building is a good investment and will add years to their useful life. Wood preservatives should be used on all parts of the building near the ground and too, termite proofing should be included in all farm building construction.

Roofs and roof coverings are most important, he adds. Selection of the roof covering should be carefully thought out and planned according to the needs and uses of the proposed building. If it is going to be a large permanent structure, a long-lasting type of roofing should be used. A cheaper type can be used on the temporary structures. Regardless of the type of roofing used, he says it should be put on correctly and kept in good repair. Leaks can cause lots of damage to the structure as well as to the materials or products stored in the building.

Changes in farming operations call for changes in the type and kind of farm structures, points out Allen. This may mean that existing buildings should be torn down and rebuilt or may be a remodeling job would be cheaper. He says there is little excuse for putting up with inconvenient buildings on the farm. Either rebuild or remodel them and this may involve a new location.

He says that many farm and home accidents are caused from improper building management and maintenance. Don't wait, he says, until a building becomes a hazard to repair it. Pre-checks should be made on foundations, framing, roofs and parts of the farm building to see that they are in good condition. If damaged or weak boards found, make the necessary repairs and replacements. It saves you time and trouble on and the accident you may save a doctor bill or a limb.

C. Mercer, Eddie Wayne Cooper, Billy Sloan, Johnny Woods and Arvel Sloan.

Miss Annie Murphy of Lockney and Miss Bonita Glover visited with Miss Wanda Jack Monday night.

Paul Glover of Amarillo visited with his parents, Mr. and Mrs. A. K. Glover, over the week end.

Long Staple Cotton Procedure For The 1950 Crop Explained

Long staple cotton acreage planted in all Texas counties, other than eleven "designated" counties, cannot be exempt from the 1950 farm acreage allotments and marketing quota until the staple length of each bale of cotton produced from such acreage is established by a Board of Cotton Examiners to be one and one-half inches or more.

The designated counties are El Paso, Hudspeth, Culberson, Reeves, Loving, Ector, Ward, Brewster, Presidio and Jeff Davis. Floyd county farmers who plan to plant long staple cotton in 1950 should understand that for such acreage and production therefrom to be exempt from the

1950 farm acreage marketing quota, established to the county committee the production of long staple cotton was ginned on a gin, and (2) each bale of long staple cotton must contain one or more in length.

Antonio and Austin and attending to business.

Mr. and Mrs. Clyde Farish and children visited in the Jack Frizzell home Tuesday night.

Mr. and Mrs. Tom Edd Wells and children of Halfway with Mr. and Mrs. Silman James and children of Plainview visited the Tom Wells on Sunday.

Fruit Growing In Floyd County

By LEILA PETTY
County H. D. Agent

It is not too late to set out fruit trees even though they may have done better if set out earlier. The home orchard owner should strive to have a good assortment of fruit that will ripen as nearly as possible throughout the growing season. By having several kinds as well as an assortment of varieties, the chances for having an adequate supply of fruit each year is insured. Unfavorable weather conditions such as late frost rarely destroy fruits of all kinds. With this in mind, the following kinds are suggested for Floyd County:

Mrs. D. J. Phillips and Derrell visited in the Harley Workman home Wednesday.

Howard Watkins visited in the M. O. Peugh home Sunday afternoon.

- Apples: King David, Delicious, Golden Delicious.
- Pears: Bartlett, Le Conte, Garber.
- Cherries and Cherry Plums: Opata, Sapa, Wanita, Haska.
- Peaches: Early Wheeler, Golden Jubilee, Hale Haven, Elberta, Frank.
- Sour Cherries: Montmorency, English Morello.
- Plums: Omaha, Burbank, Pools Pride, Damson.
- Grapes: Manito, Beacon, Ellen Scott, Extra, Bailey.
- Pecans: Western Schly, Burkett.
- Strawberries: Gem, Mastadon, Dewberries: Young.
- Two varieties of cherry plums, Opeta and Sapa, are dwarf trees suited to a windy country. The quantity of fruit borne by these trees is amazing as is attested by two growers in Floydada. Mr. Lon Davis has several trees in his home orchard in west Floydada that have been most prolific. Mr. and Mrs. Lindsey Graham have a number of trees on their farm north of town. Each small

tree had at least a bushel of fruit last year, according to the Grahams. Two or three should supply a family's needs, they said.

There is no reason why families in Floyd County can't grow all the dew berries they need, says Mrs. Henry Willis of Center and Mrs. Harmon Handley of Pleasant Valley, who have had berries for a number of years.

Strawberries are grown by many people with gratifying success.

Mr. and Mrs. Arthur Cox and son from Amarillo spent the week end with Mr. Cox's mother, Mrs. E. A. Cox.

Gene Messer, student at Texas Tech, visited with his mother, Mrs. Faye Messer, last week end.

Mrs. Clyde Applewhite and T. J. Honea left Saturday night by plane from Amarillo for Rochester, Minn. where Clyde Applewhite underwent surgery at Mayo's Clinic Monday.

A & M College Offers Scholarship Awards

COLLEGE STATION — The principal of the Lockney high school received this week an announcement and application form covering the 1950 Opportunity Awards scholarship competition of Texas A. & M. College.

Four-year scholarships paying the winners \$200 to \$400 each year, are available. They are designed to make a college education possible for boys of outstanding ability who require financial assistance.

Mr. and Mrs. Charles Gibson of Mt. Blanco are parents of a new baby, Charise Jo, born Feb. 28, weighing seven pounds, seven ounces. Mrs. Annie Allen of Lockney is the baby's grandmother.

Mr. and Mrs. H. P. Clemons of White Face visited Saturday night in the home of Mr. and Mrs. A. P. Barker.

If You Are 85, 45 or 3, Hadacol Helps All Ages

HADACOL is good for all ages, bringing five of nature's B vitamins and important minerals to the young and old alike. Recently the HADACOL folks received the good news that among the countless thousands who had been benefited by HADACOL were a lady of 85, a man of 45 who felt like he was 18, and a beautiful little girl only three years old.

Mrs. Edmond Doucet, of Church Point, La., is 85 years old, having thousands of friends in the picturesque Evangeline section of Louisiana where she was born and has spent all of her life. These friends are happy to know that Mrs. Doucet feels better now than at any time in two years and gives the credit to HADACOL.

MRS. DOUCET

HADACOL I felt a real improvement and after the twelfth bottle of HADACOL I felt like I was 18 instead of 45. I am feeling perfectly well."

"My three year old daughter, Joan, had lost her appetite," said Mr. Dugas. "Her cheeks were pale and she cried often. I started giving Joan HADACOL and after three of the large economy size bottles she is now healthy, has an excellent appetite and her disposition is perfect."

JOAN

"I had been sick for almost two years and was suffering with gastric disturbances and bloating. I was run down, had lost weight and had to stay in bed most of the time. I lost courage and felt that there was no hope for me."

Mrs. Doucet had tried many preparations without apparent beneficial results when she heard the glorious news about HADACOL.

"After taking several bottles of HADACOL I felt like a new person," said Mrs. Doucet. "I eat anything I want without ill effects and sleep well. I feel much stronger."

Neville Dugas, of Route 1, Box 101 B, Carencro, La., is a successful farmer who had worked early and late at all kinds of hard work and it wasn't so long ago that he wondered if he would ever be able to work that way again. He had tried many medicines, but felt no better.

"I had all kinds of stomach disturbances," said Mr. Dugas. "My stomach was so bloated that it felt like it would swell up and burst. I suffered with gastric disturbances, heartburn and was run down and nervous. I had no appetite and suffered with headaches and I couldn't sleep at night. I was so drawn and pale that my friends had difficulty in recognizing me. After the third bottle of

MR. DUGAS

All three of these people were suffering from a lack of B vitamins and the minerals which HADACOL contains. HADACOL comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away. It is easy to understand, therefore, why countless thousands have been benefited by this amazing tonic, HADACOL.

A lack of only a small amount of B vitamins and certain minerals will cause digestive disturbances... Your food will not agree with you... You will have an upset stomach... You will suffer from heartburn, gas pains and your food will sour on your stomach and you will not be able to eat the things you like for fear of being in misery afterwards. Many people also suffer from constipation. And while these symptoms may be the results of other causes, they are surely and certainly the symptoms and signs of lack of B vitamins and minerals which HADACOL contains. And if you suffer from such a deficiency disorder, there is no known cure except the administration of the vitamins and minerals which your system lacks.

It is easy to understand, therefore, why countless thousands have been benefited by this amazing tonic, HADACOL.

So it matters not how old you are or who you are... it matters not where you live or if you have tried all the medicines under the sun, give this wonderful preparation, HADACOL, a trial. Don't go on suffering. Don't continue to lead a miserable life. Many persons who have suffered and waited for 10 to 20 years or even longer, are able now to live happy, comfortable lives because HADACOL supplied the vitamins and minerals which their systems needed. Be fair to yourself. Temporary relief is not enough for you. Give HADACOL a trial—Adv.

Yellowstone Falls, Wyoming

50,000 Miles - No Wear!

- 1. Proved by Punishing Road Test!** For 70 days, six brand-new cars roared over searing highways along the Mexican border... putting sensational new Conoco Super Motor Oil to one of the cruelest tests ever devised. After 50,000 miles of continuous driving, engines showed no wear of any consequence... in fact, an average of less than one one-thousandth of an inch on cylinders and crankshafts. Original factory polishing marks were still visible on piston rings!
- 2. New-Car Mileage!** Test engineers were astounded at the remarkable record of economy. Gasoline mileage for the last 5,000 miles of the run was as good as for the first 5,000 miles... actually there was an average difference for the fleet of only 4/100 of a mile per gallon. This punishing test... equal to 5 years' normal mileage... proved that Conoco Super Motor Oil—with proper crankcase drains and regular care—can keep your new car new.
- 3. New-Car Power! Quicker Starts!** Yes—Conoco Super Motor Oil's extra protection keeps that factory flash... that showroom smoothness... year after year! Conoco Super Motor Oil OIL-PLATES metal surfaces to make your engine last longer, perform better, use less gasoline and oil! Conoco Super Motor Oil virtually stops wear before it starts... keeps your engine new and clean. Astounding new Conoco Super Motor Oil proved to be the great new modern wear-fighter!

dred. The group observed several interesting practices being carried out on this farm. Mr. Stewart spoke on the program that followed the barbecue lunch, explaining some of the work he is promoting.
Mr. Stewart does not wait for a special invitation or occasion to talk conservation. He is always ready to discuss anything pertaining to agriculture with any group or neighbor. Mr. Stewart has assisted in a great way to establish conservation practices on the land in his community by advising and cooperating with his farmer neighbor.

Wm. McGehee In Mayor's Race

Wm. McGehee of Hereford has announced that he will be a candidate for mayor of that city according to a story in the Hereford Brand the past week.
Mr. McGehee is a cousin to the late Tom McGehee of the Lone Star community. He is a former resident of this county and was County Judge at one time.

S. S. Representative Here Wednesday

Day after day, the Social Security Administration is receiving claims from relatives of deceased persons who have delayed applying for benefits because they didn't know they were entitled to insurance! Since claims are retroactive only to within three months of the date making the claim, application for benefits should be made as soon as possible by the survivors of the deceased wage earner.
A representative of the Lubbock social security office will be in Lockney at the post office at 8:00 a. m., March 15. Eligible persons should see this representative then, or write the Social Security Administration, 1311 Texas Avenue, Lubbock.

ORPHANS HOME SUPPLY TRUCK TO BE HERE

A supply truck from Tipton's Orphans Home will be at the Main Street Church of Christ Tuesday, March 21 to pick up donations that people of this area would like to leave there for the home, Mrs. L. M. Honea announced.

GO TO CHURCH SUNDAY.

Jr. Fat Stock Show

(Continued from page 1)
must still have their lamb teeth.
7. Hogs in the fat classes must weigh at least 170 lbs. Those in the breeding class must weigh at least 160 lbs. Barrows and open gilts may be shown in the fat classes, but the same animal cannot be shown in the fat breeding classes.
8. Both 1st and 2nd places in the light and heavy steers and barrows will compete for Grand Champion and Reserve Champion.
9. Since 1944 animals exhibited may be fed in any manner suitable to the individual, but calves may not enter dry lot classes that have had milk within 90 days of show date.
10. Animals will show on weight at time of entry. Weight ticket made at time of entry will be required on any animal in question. Scales at Producer's Elevator have been designated as official for beef cattle. Scales at show ground official for swine. This is for show purposes only.
11. The decision of the judges shall be final.

Prizes Listed

Five prizes are being offered in each class with a first prize of \$5, second \$3 and three of \$2 each. Grand champion in each class will be given an extra \$5 and rosette, with reserve champion in the fat calf division getting an additional \$3. For the best Jersey, best Holstein and best Shorthorn a prize of \$5 each and breed champion ribbon is offered.

The following classes will be judged:

- Fat Calf Division**
Dry lot steers or heifers under 850 pounds.
Dry lot steers or heifers over 850 pounds.
Milk fed steers or heifers under 850 pounds.
Milk fed steers or heifers over 850 pounds.
Grand Champion and Reserve Champion (to be selected from 1st and 2nd place animals of the above 4 classes).
- Group of 3 fed by one boy (milk fed or dry lot).**
- Swine Division**
Fat pigs 170 pounds and under 240 pounds.
Fat pigs 240 pounds or over.
Pen of 3 fed by one boy.
Breeding gilts.
Sows that have farrowed.
Grand Champion Female.
- Sheep Division**
Fat lambs.
Breeding ewes.
Group of 5 fed by one boy.
- Dairy Division**
D. H. calved on or before July 1, 1949.
D. H. calved Jan. 1, 1949 to July 1, 1949.
D. H. calved Jan. 1, 1948 to Dec. 31, 1948.
Dairy Female calved Jan. 1, 1947 to Dec. 31, 1947.
Dairy Female calved before Jan. 1, 1947.
Grand Champion.
Showmanship (50 percent on condition of animals, fifty percent on boy's showmanship).

When turned loose to feed at will, a horse will eat himself to death, while a mule will eat only his fill.

Cotton Acreage Premeasurements Now Available

Floyd County cotton growers can arrange for official measurement of their 1950 farm cotton-acreage allotments prior to planting time, the Floyd County Production and Marketing Administration committee announced this week.

To get the measurement service, which is being provided on a cost basis, a cotton farmer must file a written request with the county PMA office prior to April 3, 1950, says G. B. Johnston, committee chairman. The rate to be charged for the service in Floyd County has been established at \$5 per farm plus \$1.25 for each plot to be planted to cotton plus 3c for each acre in the cotton allotment, and payment based on this rate must be made at the time the request for measurement is filed.

"The premeasurement is purely optional," says Mr. Johnston, "and is offered as a service to growers who prefer to have an official measurement to use as a planting guide."

The chairman explains that all cotton acreage in the county will be measured as soon as possible after the cotton "comes up" to determine compliance with the acreage allotment - marketing quota program. When compliance is checked, the farm will be considered to be within the farm acreage allotment if the crop is planted within the premeasured area.

Mr. and Mrs. Edward Campbell and family of Hale Center and Mrs. Katherine Campbell of Duncan, Okla., visited Mr. and Mrs. W. A. Campbell of Lockney Sunday.
