Spur Wins Regional Baseball Title

By defeating Slaton 6.0 last Saturday at Slaton, the Spur Bulldogs won the regional baseball title. Joe King, the Bulldog hurling ace, struck out seven men and didn't issue a walk during the game. It was the first loss of the season for Slaton who won the 4-A title. The Bulldogs defeated The Lockney Longhorns earlier in the season for the 3-A title and then went on to defeat Dalhart 11-3 for the bi-district title.

Vacation Bible School June 5-9

The annual vacation Bible school will be held at the Lockney Baptist Church June 5-9 it was announced this week by Rev. E. J. Cobb, pastor. All boys and girls from the nursery through the Intermediate departments are invited to attend he said. The school will be held each morning from 9 to 12 o'clock. Department superintendents were announced as follows: Intermediates, Mrs. Harmon Handley; Juniors, Mrs. T. B. Mitchell; Primaries (to be selected), Beginners, Mrs. E. J. Cobb; Nursery, Mrs. Glen Cooper. A number of other workers have been selected also.

Truck Load Of Hay To Jacksonville, Fla.

Probably the record distance for hauling a truck load of Floyd County alfalfa hay was recorded here Monday when a trucker from Jacksonville, Fla., loaded his refrigerator truck with seven or eight tons to be hauled back to his home.

The trucker had brought a load of citrus fruit to Amarillo from Florida and apparently decided to load up and make his return trip pay also. He purchased the hay from the Winifred Hargis farm south of town, paying \$18.00 per ton for No. 1 baled hay in the field.

Attend Methodist Conference

Those attending the 41st session of the Methodist Northwest Texas conference at Big Spring, Texas, this week are Rev. and Mrs. N. S. Daniel, Mr. and Mrs. Arthur Barker, Jr., Mr. and Mrs. C. L. Record, Leslie Floyd, and W. J. Griffith.

Floyd Students Get Degrees At Tech

A number of Floyd County students received their degrees from Texas Technological College, Lubbock at commencement exercises held at 8 p. m. Monday night of this week, May 22. A total of 1,011 students received bachelor or masters degrees at the exercises.

Those from Lockney receiving degrees and their degree and major subject were: Thala Mildred Foster, BA, sociology; Robert Willard McCollum, BA, government;

Betty Thomas Roach, BS in education with major in elementary education; Newton Goodwin, BS in Ag. Education. Howard Dale Smith, BBA, inter- trade;

William Thomas Teuton, BBA, economics; Teddy Jack Crager, ME, education. McCollum, Roach, Smith and Teuton completed their work in January, 1950.

Students from Floydada receiving degrees are: Kenneth Eugene Probasco, BS in agriculture with major in agronomy; James Edward Lovell, BBA, accounting;

Elmer Denzil McMillan, BBA, accounting; Billy Jack Eudie, BBA, comm. teach. Hal Ray Hall, BS in Mech. Engr.

Softball League Play Starts Tuesday Night

Manager Curtis Kelley announced this week that league play for the Lockney Softball League would begin in earnest Tuesday night of next week. Eight teams are entered in the local league and since they are all about evenly matched, some good games are expected, Kelley said. Considerable interest has already been shown in the games that have been played. Schedule of games for next week is as follows: Tuesday night: Irick vs. South Plains, Brunnier vs. Fire Department. Thursday night: Lone Star vs. American Legion, Providence vs. Aiken.

Teams that have entered and their managers were announced by Kelley as follows: American Legion, "Whitey" Bacus, manager. Brunnier Lumber Co., Horace Jones, manager. Lockney Fire Department, Howard Thornhill, manager. South Plains, John Smitherman, manager.

Irick, Jack Dollar, manager. Aiken, Witt Simpkins, manager. Lone Star, Lloyd Reidhimer, manager. Providence, Harold McLaughlin, manager.

Mayor Will Open League In the first game next Tuesday night, Mayor G. M. Brunnier will officially open the league play by tossing out the first ball. Regular standings as well as batting averages, etc., will be kept by the official score keeper, Burl Holt. Umpires will be Cap Carthel, W. G. Kinard and Raymond Meriwether. Others will be added later, it was said.

Rules and regulations for operation of the league have been adopted by the managers of the various teams along with league officials. Mr. Kelley will have the responsibility of operating the league according to these rules, it was explained.

The new lights were turned on for the first time Monday night of this week and two games were played Tuesday night with the Legion team defeating Lone Star and South Plains topping the Fire Department. Practice games have been going on for two or three weeks. Admission of 9c will be charged for admittance to see the games and a concession stand will also be operated by the league for the purpose of helping to pay operational expenses.

A league tournament is planned to start June 30 and continue until July 4th with the final games being played on that date, Kelley said.

To Receive Degree From Baylor June 1

Jeanne Thomas, daughter of Mr. and Mrs. Sid Thomas of Lockney, will receive her BA degree from Baylor University in commencement exercises scheduled for June 1. Jeanne majored in English and Spanish. Her parents will be present for the graduation exercises.

Degree Received From WTSC, Canyon

Calvin Applewhite, son of Mr. and Mrs. G. C. Applewhite received his BS degree from West Texas State College, Canyon, on May 21. He majored in manual training and business. He will teach manual training at the college this summer.

ATTEND HOSPITAL MEET

J. D. Copeland, business manager, B. E. Harris and G. D. Turner, directors of the Floyd County Co-operative Hospital here, attended a meeting of hospital managers and directors at Friona Tuesday night. Discussion of hospital business methods was heard.

The group will meet with the local hospital on June 20, Mr. Copeland reported.

Brunnier Starts Addition To Yard

A new, modern office building is the addition now going up at the Brunnier Lumber Co. on South Main Street. The new office is 26x36 feet and of modernistic design. In addition to the firms' office the building will house display showrooms for merchandise and appliances.

The exterior will be asbestos and redwood siding with the street side of the building carrying lots of plate glass. Completion of the building is expected within the next 30 days, it was reported.

Mrs. Kimble Is Taken By Death

Mrs. Mattie Hasey Kimble, 67 years of age, died in the Lubbock Hospital Friday of last week after an illness of about 10 days. Mrs. Kimble had been a resident of Lockney since 1929 and was at present living in the southwest part of town. She had lived in Floyd County for 49 years.

Mrs. Kimble was born November 21, 1882 at Athens, Ga. Her parents were Mr. and Mrs. J. F. Jackson. She was married to D. W. Kimble in 1897. He preceded her in death 45 years ago.

Funeral services for Mrs. Kimble were held at the West Side Church of Christ in Lockney Sunday afternoon at 3 o'clock, conducted by O. W. Kirk of Floydada. Interment was in the Lockney Cemetery.

Survivors include three children, W. R. Kimble of Amarillo, J. E. Kimble and Mrs. Lucy Billington, both of Lubbock. Five grandchildren of Lockney and Dink Kimble of Amarillo, also survive as do four great-grandchildren, and one sister, Mrs. G. O. McGinley of Austin.

Wesley Daniel Is McMurray Graduate

Wesley Daniel, son of Rev. and Mrs. N. S. Daniel of Lockney, was among the one hundred and thirty-five seniors who graduated from McMurray College, Abilene, in commencement exercises Tuesday morning of this week.

Wesley was a ministerial student and has already been preaching at various churches in West Texas.

Big Spring Man In Race For Congress

Anton Mike Ripps, of Big Spring, Texas, will be in the congressional race of the 19th district this year. He recently made application for the Floyd county Democratic Primary ticket when he visited every county in the district.

Mr. Ripps, a hearty, retired locomotive engineer of 65 years, plans to campaign actively. His already announced opponent is George Mahon of Colorado City, present representative from this district.

Betty Wingo To Receive Degree From TSCW June 5th

Denton. — Miss Betty Wingo, daughter of Mr. and Mrs. W. H. Wingo, Lockney, is among 278 candidates for bachelor's degree to be awarded at Texas State College for Women.

Degrees will be conferred at 9 a. m. on June 5 in the college main auditorium. Dr. L. H. Hubbard, president of TSCW, will be commencement speaker.

Miss Wingo, a bacteriology and introduction to medical technician student, is a member of Beta Beta Beta, biology fraternity, and Alpha Chi, national scholastic fraternity. She is listed as an A average student at the college.

Mr. and Mrs. Frank Messimer, Clarence and Charlene, spent the weekend at Hydro, Oklahoma, visiting Mr. Messimer's brother and family.

Old Settlers To Get Barbecue

Free barbecue will be served to everyone without charge at the Old Settlers get-together next Monday, May 29, at Floydada, it was announced this week by Mrs. Maud Hollums, secretary. The dinner will be served at 12 noon. It has been the custom to serve barbecue every ten years. Mrs. Hollums said and this year will mark the sixtieth anniversary of the founding of the county. The county was organized May 28, 1890.

The parade will form at 2:30 o'clock at the First Baptist Church and many horses and riders as well as vehicles are expected to be in it.

The meeting this year will be held at the American Legion building and grounds and on the city hall grounds adjacent, it was decided. The get-together is usually held on the court house grounds but this is impossible this year since the courthouse is being torn down and rebuilt.

A carnival will be in Floydada and other types of amusement will be available for those attending.

New Butane Co. Organized Here

The Lockney Butane Company, composed of Henry Hodel and George Webster, has been formed here and will be in operation and ready to serve customers by next Monday, May 29, it was announced this week by Henry Hodel.

Headquarters of the new company will be at the V. L. Webster Service Station, telephone 131, and delivery will be made to farm or home at any time, it was said.

The company will handle butane and propane and also some equipment such as storage tanks, tractor tanks and carburetors, etc. They have purchased a new truck and delivery tank.

Mr. Hodel emphasized that he would continue in the wholesale gasoline and oil business and that this new connection would have no effect on the Henry Hodel Oil Co.

Special Services For Methodists Sun.

There will be a Layman's Program for service at the Methodist Church Sunday. G. M. Brunnier will be in charge of the worship service.

Those on the program will be Buryl Holt who will sing a solo, F. O. Schacht will give a talk on Church Finance, and Mort Crapster will talk on Church Loyalty. J. J. Harris will lead the prayer.

Be sure and hear this program. Let everyone be in his place. Come and support these men and your church by your presence.

Sunday night the ladies will have charge of the service. The regular prayer groups will meet and everything will be carried on as usual.

Pray for our conference as it meets this week. Newton Daniel, pastor.

Home Ec Course Begins June 5

There will be a summer short course for all girls interested in Home Economics this year from June 5 to June 16 at the high school. Classes will meet in the mornings from 9:00 until 12:00. Girls will be allowed to take any phase of Home Economics, child care, food preparation, or garments, Mrs. Willie Younger, teacher, announced this week.

Silverton Boosters Here Tuesday

Tuesday afternoon a caravan of Silverton boosters were in town advertising the Silverton Rodeo, which will be held this weekend, May 26, 28, and 28. They promise a good show to all who will attend.

Memorial Day Services At Cemetery Tues.

A covered dish luncheon and a short service immediately following the lunch will feature the Memorial Day services at the Lockney Cemetery next Tuesday, it was announced this week by Ed Carter.

As is the custom, those who are interested are urged to come and work their grave lots in the morning. Mr. Carter said the cemetery was not in bad condition but that a good working now would prevent it from getting that way.

Everyone attending is requested to bring a covered dish and the noon meal will be spread together.

Rain, Some Hail Falls Tuesday

Scattered showers, some of them measuring up to an inch of moisture, along with some hail fell in various section of the county Tuesday afternoon.

A cloud carrying rain and hail swept across the north part of the county from west to east bringing moisture to the Providence community, Sterley, South Plains and the areas between. Moisture at Sterley measured .40 of an inch while Mason Davis reported .60 of an inch just east of Sterley. South Plains was reported to have received a good inch along with some hail. No hail damage was reported since most crops were not up.

Ira Cox reported an inch of rain at his place in the Ramsey community and also some hail but not much damage except to gardens.

Most parts of the county still need moisture but in the area north and west of Lockney a great deal of cotton is already up to a good stand and some of it has been worked once.

County Infantile Paralysis Foundation Officers Named

Floyd County officers to lead the local chapter of the National Foundation for Infantile Paralysis during the year 1950 were named in a meeting of interested persons Monday night at Floydada.

The officers are: Walter Collins, Floydada, county chairman; Jewel Elza, Floydada, vice-chairman; Earl Crow, Floydada, treasurer; Edward Wester, Floydada, secretary; A. H. Kreis, Floydada, Edgar Hays, Lockney, Dr. C. M. Thacker, Floydada, Jake Watson, Floydada and G. C. Tubbs, Floydada, executive committee.

Medical advisory committee chairman is Dr. D. W. Douglas, Floydada; woman's activities committee chairman, Mrs. Robert McGuire, Floydada, public information chairman, Phil Steen, Floydada.

Mrs. Allen's Sister Dies At Brownfield

Mrs. G. C. Perry of Brownfield, sister to Mr. J. B. Allen of Lockney and C. J. Roach of Aiken, died May 5 at her home there. Funeral services were held at the First Christian Church in Brownfield on Sunday, May 7 with the pastor of that church officiating.

Survivors include her husband, four children, four sisters and three brothers. Attending the services from Lockney were Mr. and Mrs. J. B. Allen and Bill, Mr. and Mrs. Wilborn Tannahill and family.

Allen New Baptist Pastor At Floydada

Rev. Earl Allen, of Seagraves, Texas, is the new pastor of the First Baptist Church of Floydada. He will move to Floydada May 29.

Rev. Allen has a wife, who taught school in Seagraves, and a daughter, 4 years old.

Rev. L. A. Doyle resigned the Floydada church about nine months ago.

Winston Williams Killed By Stroke Of Lightning

A flash of lightning struck Winston Williams as he was plowing in a field just north of Aiken Tuesday afternoon, killing him instantly. The tractor on which he was riding was unharmed by the stroke and continued in operation until it was stopped by other people.

Young Williams was 21 years of age and a former resident of this community. He is the son of Mr. and Mrs. T. B. Williams of Plainview and a nephew of R. W. Smith and Mrs. Sam Jack.

Williams was working on the Alvin Yarborough place, which he had rented, and was pulling a go-devil. The lightning hit him in the head, it was reported, and he fell backward but did not fall off the tractor. Edgar Stovall was working in the field about 100 yards away and saw the accident. He stopped the tractor, removed the boy from it and called for help. A Carter ambulance from Lockney brought the boy in to the local hospital but he was dead upon arrival.

Funeral services were held Wednesday afternoon at 3 o'clock at the Main Street Church of Christ here. Dean Brookshire of Plainview conducted the services and interment was in the Lockney cemetery under the direction of Carter Funeral Home.

Winston was a 1948 graduate of Plainview High School but had attended grade school in Lockney. The family moved from this community to Plainview several years ago.

Survivors other than his parents are three brothers, Duane, Bobby and Weldon, and one sister, Melba, all living at home.

Blood Typing Service Offered Three Nights

The Lockney Blood Pool will be open for blood typing and Rh factor determination on June 1, 2 and 3, from 7:30 until 9:00 p. m. It was announced this week by Joseph H. Holt, technician at the Floyd County Co-operative Hospital.

Last year almost 100 people of this area had their blood typed in order to form a "living blood bank," and record of each blood type is kept at the hospital for use in an emergency when needed. Many people have asked that this service be made available again so that entire families might have their blood typed. Mr. Holt said. Cards giving the type of blood and Rh factor will be issued as in the past. Mr. Holt pointed out that knowing your type of blood can save your life in the event of an accident and people are urged to carry the cards on their person or in their cars for this purpose.

There are no age limits this year and children as well as adults may be typed.

Cost for the blood type and Rh factor will be \$1.00 as it was last year. This charge represents the actual cost of the materials used. These three nights are the only time the service will be available this year, Mr. Holt said.

Pat Leaverton is visiting relatives in Dallas this week.

Silage Crop Is Valuable To Dairy Farmers

College Station.—Dairy farmers will be missing a real bet if they fail to produce and store a silage crop this year. Right now the ratio between the price of milk and the cost of feed is a factor that is now causing the dairy farmer to spend sleepless nights trying to figure how he can cut production costs. R. E. Burleson, associate extension dairy husbandman of Texas A. & M. College, says a plentiful supply of silage will certainly help with the solution.

He says silage, next to pasture, is the cheapest source of feed for the dairy cow. It is the best substitute for pastures and is need-

ed when the pastures no longer furnish good grazing.

Burleson has it all figured out on a per acre basis and suggests that plans be made now to plant the silage crop. He says there are a number of good silage crops that can be grown in Texas. Atlas sorghums is one of the favorites and he uses it to illustrate what a good silage feeding program can be worth to a dairy farmer.

He says atlas will produce from 10 to 18 tons of silage per acre but for the example he's using the lower figure of 10 tons. A ton of atlas contains about 17 percent total digestible nutrients—that's the part of the feed a cow can actually use in producing milk—and that means 3,400 pounds of total digestible nutrients per acre.

It is a known fact, he says, that after a cow maintains her own body, she can produce 139 pounds of 4 percent milk from 100 pounds of TDN. So, he figures from the 3,400 pounds of TDN, she can produce about 4,700 pounds of 4 percent milk and all from one acre of atlas silage.

Now for the dollars and cents angle. He says the average price for milk in Texas is around 5 cents per pound and 5 times 4,700 is \$235.00. He points out that silage can be produced and stored for about \$5 per ton and this would mean the 10 ton crop would cost \$50 per acre. It all adds up to this; with \$50 worth of silage, it is possible for a dairy farmer to produce \$235 worth of milk and according to Burleson that is one way the dairyman can cut production costs.

He adds that a minimum of three tons of silage should be put up for each cow in the herd. Double the figure to take care of the lean and unproductive years. Anyway he concludes, it doesn't take very many acres to produce the silage tonnage that most dairymen need but the crop must be planted, harvested and stored before it can be used and now is the time to start the first operation.

An Alaskan seal skin is so light and pliable that an entire pelt can be passed through a napkin ring.

65 per cent of the pupils attending school in this country attend one teacher and two teacher schools.

Heart Disease Is No. 1 Killer

Austin.—Heart disease is the number one killer in Texas and last year there were 18,003 deaths from diseases of the heart, said Dr. Geo. W. Cox, State Health Officer.

What kind of a heart have you? The periodic check-up with your physician will tell you. The Tuberculosis Survey in the state conducted by the Texas State Department of Health has brought to light many non-tuberculosis abnormalities, some of these have been heart conditions.

The three present major forms of heart trouble are: rheumatic heart disease, high blood pressure and coronary heart disease. Rheumatic heart disease, the most common type of early life, occurs as the result of one or more attacks of rheumatic fever. It is a public health problem for which very little has been done, yet with early diagnosis and proper medical care during the acute and convalescent stages, children who develop rheumatic fever can be largely spared from rheumatic heart disease in later life.

Another major cause of heart trouble is high blood pressure or hypertension. This is the most common heart disease of middle

age. There is a great deal that is not known about this disease, but we do know that it is most common in people who are overweight, and that it is associated with long, continuous nervous strain, high tension and constant worry. Treatment of high blood pressure is fairly successful in the majority of cases.

Coronary heart disease is a disease of the arteries which supply the heart muscle itself with blood. A majority of persons survive the first attack, and with good medical care, rest and common sense precautions, may even live a normal life span. Syphilitic heart disease can be prevented by early and adequate care of the systemic disease, a problem which has been simplified by the use of penicillin.

Research in the medical sciences is constantly improving the

outlook for the cardiac patient, yet each individual must assume the responsibility for obtaining the benefits of this knowledge from his physician for himself and family.

Farmers who plan to use increased production of grains for feeding livestock should begin now to plan build the equipment they need. A feeding program provide the most profitable market for the expected increase in the output of grains.

NEIGHBOR YOUR SOUTHWESTERN PUBLIC SERVICE REPRESENTATIVE

One of the most important parts of Public Service is being a part of the community life in the cities and towns we serve. Wherever you find a Public Service representative you'll find a "good neighbor." You know him... he might go to your church, perhaps his kids play ball with yours, or maybe you worked with him on last year's Red Cross Campaign.

But, whoever he is, you'll find him an active member of your community, truly dedicated to "Public Service"... making certain there is low-cost

dependable electricity to meet every community need... helping to make your community a better place to live.

SOUTHWESTERN PUBLIC SERVICE COMPANY

25 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

Santa Fe expresses its thanks

A note of appreciation to employees, patrons and friends who stood fast during the firemen's strike

During this grave emergency we are proud that Santa Fe kept operating — not completely, but nevertheless still operating. Not a wheel was derailed; there was not a single personal injury. This was made possible only because of the response of loyal employees—many responding beyond their normal call of duty.

Our passengers and shippers showed both patience and understanding, and Santa Fe was heartened by their appreciation of our unswerving purpose.

Your understanding, help, and loyal cooperation are deeply appreciated.

THE ATCHISON, TOPEKA & SANTA FE RAILWAY COMPANY

A Marks It's 15th Anniversary

Rural Electrification Administration marked its 15th anniversary May 11, 1950, with the announcement that its borrowers week had put into operation

their one millionth mile of power line and brought the number of rural consumers receiving electric service from REA financed facilities to 3,200,000. In making the announcement, REA Administrator Claude R. Wickard said an estimated 85 percent of the Nation's farms are now receiving central station

YOUR DRUGGIST IS YOUR DOCTOR'S RIGHT HAND MAN!

electric service, as compared to about 11 percent when the REA program was created May 11, 1935. REA in the past decade and a half has made loans totaling more than \$2,100,000,000 to 1,067 locally-owned business groups. Most of the REA borrowers—977—farmer-owned electric cooperatives.

"With the construction of new facilities moving at a rapid rate, the area coverage pledge of REA borrowers to make electricity available to all rural people in their service areas is progressing very satisfactorily," Mr. Wickard said.

He warned, however, that the job of bringing service to the estimated 900,000 farms and thousands of non-farm rural establishments still without electricity would become increasingly difficult. This is because the areas yet to be reached are more isolated and have less density of population. In addition, adequate low cost power is difficult to obtain in most instances.

The REA official pointed out that the national average of power used on REA-financed lines during the month of December 1949, was 141 kilowatt hours per farm, nearly 2 1/2 times the average in December 1941.

"This figure," he said, "is growing constantly, and it is far exceeded on many individual farms in areas where sufficient power is available at low cost so that the farmers can fully utilize it."

Mr. Wickard declared that if farmers are to realize the full benefits of modern living and farm methods that come from electrification, it is essential that REA borrowers have sources of power which will assure a dependable supply of electricity at a price the farmer can afford to pay, and facilities which have the capacity to give satisfactory service.

Commenting on REA's new lending program for the expansion and improvement of rural telephone facilities, Mr. Wickard said loan allocations totaling \$778,000 already have been approved by the agency to five commercial companies and two newly-formed cooperatives. More than 400 other telephone loan applications have been received

and are being considered by REA.

The new program was authorized by the rural telephone amendment to the Rural Electrification Act, enacted on October 28, 1949. This program follows closely the REA pattern for electrification loans.

As concerns the Floyd County Rural Electric Cooperative which serves farm areas in this and adjoining counties, the program begun in 1938 is beginning to show results.

Having completed the present irrigation plans for Lone Star in Floyd County the contractor is going to work in the Harmony and Dougherty communities. A recent bid letting resulted in another construction program in Hale and Floyd Counties for irrigation facilities which is expected to carry considerable load by the 1951 season provided material shipments are not delayed.

"Connecting irrigation wells to the existing line is going on about as fast as facilities and time will permit," stated J. C. Ginn, President of the Board of Directors.

Commencement At Wayland May 29

Plainview—Commencement exercises for the second four-year graduating class of Wayland College will be held on Monday, May 29, with Dr. Chester Swor of Jackson, Miss., as speaker.

The Rev. P. D. O'Brien of Big Spring will preach the baccalaureate sermon on Sunday, May 28, at the First Baptist Church here.

An International Night service will be held Sunday evening, with Dr. Swor as speaker.

Besides the 35 June graduates, seven received their diplomas at mid-semester, and 24 will finish in August.

Nova Jean and Wanda Cox were guests of Mr. and Mrs. Pepper Martin of Hart last Friday and Saturday. They attended the Hart FFA rodeo.

Dinner guests in the home of Mr. and Mrs. V. D. Harris on Sunday were Mr. and Mrs. Harold Griffith and sons, Mrs. Walter Griffith and Mr. and Mrs. Kline Nall and girls of Lubbock.

TCU To Graduate 584 On May 31

The largest class in Texas Christian University's 77-year history will be graduated at the University's 1950 Commencement exercises May 31, according to figures released today by Registrar S. W. Hutton.

A total of 584 persons will receive degrees, compared with the 531 persons in the May graduating class of 1949, currently the all-time record.

The 584 degrees to be conferred include 518 bachelor's degrees for regular undergraduate work and 66 graduate degrees. The latter include 11 Bachelor of Divinity degrees from TCU's Brite College of the Bible and 55 master's degrees from the Graduate School.

Four honorary degrees will also be conferred at the Commence-

ment exercises Wednesday evening.

Doctor of Divinity degrees will go to Dr. Riley B. Montgomery, president of the College of the Bible, Lexington, Ky., who will give the Commencement address; and to the Rev. Newton J. Robinson, minister of Hillyer Memorial Christian Church, Raleigh, N. C., who will preach the sermon at Baccalaureate services May 28 at 11 a. m.

Doctor of Laws degrees will be given by Lewis Ackers, Abilene, rancher and prominent Disciples of Christ Layman, and Miss Charlie Noble, Fort Worth, long-time educator in the Fort Worth public schools.

Mr. and Mrs. L. W. McCuiston visited relatives in Valley View and Fort Worth the latter part of last week.

INSURANCE

is a lifetime affair...

Life Insurance is important business, both for you and for your Southwestern Life agent - who is building his reputation and career on the kind of job he does for you.

It is essential in proper financial planning to re-examine your life insurance needs from time to time. Your Southwestern Life representative serves you well when he adjusts your insurance program as required to meet changing life circumstances. This is an important aspect of the work of a career life underwriter.

The carefully selected and thoroughly trained Southwestern Life agent represents a Texas company, now in its 48th year of service to Texans.

Dinner Celebrates Birthday For Mrs. L. A. Wofford

Mrs. L. A. Wofford was honored with a dinner celebrating her 60th birthday May 21 at the home of Mr. and Mrs. Leon Wofford.

Those joining in the celebration were Mrs. Wofford's children, Mr. and Mrs. Charles Whitfill, Mr. and Mrs. Lloyd Wofford, Mr. and Mrs. Mace McPherson, Mr. and Mrs. Olson Allison, Mr. and Mrs. Leon Wofford, and other guests L. A. Wofford, Mr. and Mrs. David Stowe, and June Heck.

Mr. and Mrs. George Webster visited in Dallas until Wednesday this week.

Surprise Party Honors Joe Parrish

Mrs. Joe Parrish and daughter surprised Mr. Parrish with a birthday dinner celebration at their home Sunday, May 21.

Guests present to honor Mr. Parrish on his birthday were Mr. and Mrs. Delmer Parrish of Lubbock, Mr. and Mrs. Chester Parrish, Mr. and Mrs. Efford Parrish and daughter, Mr. and Mrs. Greed Parrish of Floydada, Mr. and Mrs. Clinton Denning of Plainview, Mr. and Mrs. Edd Dunavant and son, Mr. and Mrs. Boyce Mosley and daughter of Lockney.

A house guest of Carolyn Cobb this week is her cousin, Earlene Anderson from Denver City.

Announce Engagement

Mr. and Mrs. Elmer Mauldin are announcing the engagement and approaching marriage of their daughter, Doris to Bill Robertson, son of Mr. and Mrs. A. H. Robertson of Kress. The wedding is set for June 17th at 6:30 p. m. in the First Baptist Church, Plainview.

The bride-elect is a graduate of Lockney High School and is employed with the telephone office in Plainview.

Mr. Robertson is a Kress high school graduate, spent four years in the Navy and is now engaged in farming near Kress.

Naylor-Truelove Vows Read In Kress Saturday

Miss Mayme Ruth Naylor and John Hardy Truelove were united in marriage in a double ring ceremony conducted by the Rev. Russell McAnally in the First Methodist church in Kress, May 20, at 11 a. m. The bride is the daughter of Mr. and Mrs. E. H. Denney of Kress and the groom is the son of Mr. and Mrs. John E. Truelove of Vernon.

The bride was given in marriage by her stepfather, E. H. Denney. Her bridal dress was of white chiffon over white taffeta, ballerina length. Her headdress was a heart shaped crown with a fingertip veil of illusion.

Miss Evelyn Linville of Haskell was maid of honor.

Curtis Kelley of Lockney was best man and Charles Mason and Ray Tomsu the ushers.

Mr. Truelove is the football coach at Kress high school. He is well known here.

Durham-Ford Rites Read Thurs.

At a marriage ceremony performed Thursday evening, May 18, 6:00 at the Methodist parsonage, Miss Alice Durham of Plainview became the bride of Henry C. Ford, Jr., of Lockney.

The bride is the daughter of Mrs. N. L. Durham of Electra, and the groom is the son of Mr. and Mrs. Henry Ford, Sr., of Lockney.

Rev. N. S. Daniel and Dean Brookshire of Plainview officiated at the double ring ceremony.

The bride chose a blue crepe dress for her wedding, accentuated by pink accessories. Her hat was decorated with a nosegay and a blue veil that tied under her chin. Her corsage was of pink roses.

Her maid of honor was Miss Peggy Cunningham of Lubbock. She wore a beige organdy dress with green and beige accessories and a pink rose corsage.

Byron Ford attended his brother as best man.

The bride's mother wore a black dress with a pink rose corsage. The mother of the groom was attired in a green linen dress and wore a red rose corsage.

The rooms were decorated with garden flowers for the ceremony.

Mrs. Fritz Schacht sang "Because" before the wedding vows were read, and "The Lord's Prayer" as the couple knelt on a satin pillow as the prayer was read. She was accompanied by Mrs. C. L. Record, who also provided the traditional processional and recessional and muted background music during the rites.

Reception Follows

A reception was held at the parsonage immediately following the ceremony. Mrs. L. R. Durham of Electra presided at the brides register.

The serving table was centered with pink carnations.

The wedding cake was decorated with pink roses and topped with a miniature bride and groom. Mrs. Byron Ford served the cake and Mrs. Joe Nichols of Electra, sister of the bride, presided at the crystal bowl of pink punch. Mrs. N. S. Daniel assisted in serving.

Guests at the wedding other than the bridal party and those in charge of the reception were the bride's mother, Mrs. N. L. Durham, the groom's parents, Mr. and Mrs. Henry Ford, Mike Ford, Mr. and Mrs. Robert Lee Smith, Bob Miller, Arthur Barker, Jr., Fritz Schacht, Mr. and Mrs. Pete Newman, Mr. and Mrs. L. A. Cooper. Guests from Electra were Mr. and Mrs. Joe Nichols and family, Mr. and Mrs. L. R. Durham, O. D. Durham, Murray Durham. From Plainview were Mrs. Dean Brookshire, Miss Wanda Crisp, Miss Opal Batts, Mrs. Joe Degg, Miss Joyce Canlier.

After the reception the couple left for a wedding trip at Trinidad, Colorado.

The bride was employed at Plainview. The groom attended Lockney schools and Texas Tech. He served in the Navy during the war.

The couple will be at home in Plainview where the groom is teaching a Veteran's Refrigeration course at Wayland College.

WMS HAS SOCIAL

The W. M. S. of the Baptist Church met at the parsonage Monday afternoon for a business and social meeting. Mrs. T. S. Fox brought the devotional. After the business meeting games were played.

Hostesses Mrs. E. J. Cobb and Mrs. Guy Sams served refreshments of ice cream and angel food cake to 12 members present.

The largest cause of destructive fires in the United States is careless smokers.

LaJuana Taylor Celebrates Ninth Birthday

Mrs. George Taylor entertained her daughter, LaJuana Ann Taylor, with a party celebrating her ninth birthday Saturday, May 20.

After playing games, the guests were served decorated birthday cake from a table centered with a bouquet of iris and carnations.

Children present were Rita Sue Johnson, Debra Ferguson, Linda Baxter, Hope Cox, Nan Griffith, Max Stevenson, Randy Baccus, Jimmy Baccus, Mike Reeves, Janis Hays, Elaine Cooper, Mary Alice Potter, Shirley Ann Mitchell, Tommy and Jimmy Thornhill, Sherril Kelly, Jerry Taylor, and the honoree.

June and Joyce Carthel, daughters of Mr. and Mrs. John L. Carthel are visiting in their parents home this week. June has taught at Whiteface the past year. She and Joyce will return to Tech Monday for the summer.

"AS YOU LIKE IT" HOSE are made by Berkshire Hosiery Mills and better hose cannot be made. Advertised in Vogue and Good Housekeeping. We now offer this line of hose to the Lockney trade. Baker Mercantile—Dry Goods, 38-tfc.

Junior Delphin Club Has Meeting Thurs.

The last meeting of the Junior Delphin Club of Plainview for the club year was held at 3 o'clock, Thursday, May 18 at the home of Mrs. Rhea Mitchell.

The program was given by two club members. Mrs. W. J. Messick spoke on the topic, "Why Federate?", pointing out that in unity there is strength. Mrs. J. O. Bass reported on the district seven convention of Federated Clubs at Memphis, Texas. Mrs. Roland Zeigler, Jr., presided over the business meeting.

After the meeting was adjourned refreshments were served to members present: Mesdames R. M. Carter, C. E. Cook, L. C. Smith, George M. Stokes, Cecil Watson, Charles Walker, C. D. Wofford, Zeigler, Messick, and Bass.

VISIT IN OKLAHOMA

Mrs. S. G. Miller, Mrs. Bob Miller and son, Bobby, returned Wednesday from a weeks visit to points in Oklahoma. At Pryor, Oklahoma, on Friday of last week they attended a wedding of Mrs. Miller's niece. They visited her brothers at Eufaula, Oklahoma and a sister in Oklahoma City before returning home.

When tillage begins, other arts follow. The farmers, therefore, are the founders of civilization. —Daniel Webster.

ATTEND FUNERAL OF AUNT ON SUNDAY

Mr. and Mrs. M. D. Lynn and family of Lockney, Mr. and Mrs. Bill Taylor and family, Mrs. Claudie Hemphill and son of Floydada, were called to Lamesa Saturday of last week because of the death of an aunt, Mrs. Josie Holladay. Mrs. Holladay was 100 years of age at her death.

Funeral services were held Sunday afternoon at a Lamesa Funeral Home with Rev. L. N. Lipscomb officiating. Burial was

in the Lamesa Memorial Park.

The deceased lady is survived by three daughters and six sons as well as numerous other relatives. Her husband died in 1922.

Lena Sue Pylant was home Thursday night attending the graduation exercises. She returned Friday morning to Canyon, Texas, to complete this year's work at West Texas State College.

There was considerable disappointment and dissatisfaction last week when the word reached this community that the 1950 census would probably not be much over 1600. Most of us had expected more than that and some had expected much more. But that's the way it is and there's no use in crying over spilt milk. The city is no worse off today than it was before we found out what the census would probably be and we were getting along pretty well then.

Rather than cry over spilt milk why not get together and try to do something about that census. Most of us have been sitting around tending our own knitting, letting the other fellow tend his and doing nothing in a cooperative way to attract more people. Most all cities the size of Lockney have a chamber of commerce or some such organization. Why not let's organize something of the sort and all of us get in behind it and spend enough time to make it go. The trouble with civic organizations in Lockney the past few years has never been the lack of money. Always it is the lack of time. It is hard to find anyone who is civic minded enough to spend some time working for the common good.

Sure it will cost us a little money to have a lively organization but it will be an investment well worth while. Of course we may sit around and eventually find an oil field in our laps or some such other good fortune but the chances are against it. If we want this town to continue to grow we'd better try to help it a little. Are you ready?

Lockney has grown more in the past eight years than the census would indicate for the reason that the town shrunk even more after the 1940 census was counted. The Editor came here in 1942 and we'll bet that there weren't more than 1000 people here at that time if that many. Everyone had gone off to work in war plants or to fight the war or to seek a better business location and the city was quite dead. In fact we remember looking down Main Street one Saturday night at 9 o'clock and seeing only one car parked on the street. Conditions have improved immeasurably since that time and we know that the town has grown considerably more since we came here than the difference in the 1940 and the 1950 census figures. The population in our estimation has increased probably 700 or 800 people since 1942.

The thing we don't want to do is to let the city shrink again to its 1942 size. A good live civic organization would help prevent that. Let's get to work.

FLAG DAY, 1950.

With Our EXCHANGES

BALANCING IT
Hayato Ikedo balanced the budget of Japan. Reporters asked him how he did it. The finance minister obliged them: "We just did it."

"First, we reduced the government subsidies to industries, and second, we let go 250,000 of the 1,500,000 persons on the government payrolls. "If you pay less subsidies to business you save money. You also lessen controls so that you don't have to have so many people on the payroll to enforce them?"

How about importing Hayato Ikedo? We need him. — Dallas Morning News.

WARNING: DYNAMITE!
The persistent campaign that is being made for federal aid to the public schools is being promoted by two apparently conflicting organizations, the Roman Catholic Church and the Communistic elements of our population. The Catholic leaders maintain that in fact the education of the child is not a proper function of the Government but is the function of the Church, by which they mean the Roman Catholic Church only. They are openly seeking Government funds for the transportation of children to the Catholic parochial schools, for the purchase of text books and for the payment of teachers. In many sections of our country where they dominate they are teaching the doctrines of their church to the children in the public schools. It is their purpose with the aid of federal funds to make it legal to teach Catholicism in the public schools to the end that eventually they may make America a Catholic country. They would destroy the good old American doctrine of the Separation of Church and State. They want a union of Church and State with the church dominating the state.

On the other hand, the Communists are using the labor unions, Negro organizations, and even some of the great church organizations to induce the Federal Government to grant aid to the public schools to the end that in the course of time the said Government shall control the public schools and abolish segregation of the races in the public schools and everywhere else. The abolishment of all segregation laws and all race discrimination laws is one of the chief aims of Communism. They want to compel the white children to sit with colored children in the schools and they hope that eventually they may thereby be able to bring about social equality and even amalgamation of the races.

THE CHRYSLERS ARE COMING

Now Chrysler's rolling at top production . . . new, new beautiful cars are being shipped as fast as possible. And they're coming in a rainbow of colors—in all kinds of smart body styles, from long, low and lovely sedans . . . sleek convertibles . . . to America's most beautiful hard top convertible, the Chrysler Newport.

Once again we're ready to demonstrate how great engineering . . . great comfort . . . great performance . . . great safety make the greatest possible

difference in the value you get for your money! And you'll find a car priced just right for your pocketbook—for Chryslers come in a wide range of prices from the sensationally modest priced Royal and Windsor models up through the luxurious New Yorkers and Saratogas to the glorious Crown Imperials.

Come see the most beautiful Chryslers of all time. Drive them! Compare them! And you'll be doubly glad you waited!

I'll sue you for plenty-- and then some
are your liability limits high enough? — by Don Herold

People sue for more these days. Being sorry won't help you. You'll need money and lots of it.

This goes for automobile injuries and deaths and damages, and for other accidents for which you are liable.

So cover yourself **PLENTY**. You'll be surprised how much more protection you can get for so few more dollars.

Check with us to see if you carry enough and find out how little more adequate protection costs.

OFFERS TO PAY FRIENDS IF HADACOL DOESN'T HELP

HADACOL HELPS SUFFERERS OF VITAMIN B₁, B₂, NIACIN AND IRON DEFICIENCIES

Mrs. Wallace tells her granddaughter, Maynell Wallace, over the phone how HADACOL brought relief to her.

Mrs. Belle Wallace, 449 Formwalt St., S. W., Atlanta, Ga., is so grateful to HADACOL for the blessings it has brought her that she has recommended HADACOL to a number of her friends. She told them she would pay for their bottles of HADACOL if it didn't help them. She explains with a smile that she hasn't had to pay any of her friends, because HADACOL has helped them.

Mrs. Wallace, who is 74 years old, has five children, seven grand-children and two great-grandchildren. She was suffering from a deficiency of Vitamins B₁, B₂, Niacin and Iron, which HADACOL contains.

Mrs. Wallace said: "I couldn't sleep or eat until I started taking HADACOL. I'd lie awake and toss and turn until the small hours of the morning. I was highly nervous. I couldn't even thread a needle. But, since I've been taking HADACOL, my nerves are as steady as can be. I couldn't eat because when I did my stomach would puff and bloat and fill with gas. I am on the 7th bottle of HADACOL and my stomach is so much better."

Appetite Good

"I have a good appetite and my stomach does not bloat or fill with gas. I sleep like a log. I have recommended HADACOL to a number of friends and have told them that if it didn't help them, too, I'd pay for it, but I didn't have to because HADACOL did help them. HADACOL has done me more good than anything I have ever taken."

© 1950, The LeBlanc Corporation

Why Be Satisfied With Temporary Relief?

HADACOL also helps build up the hemoglobin content of your blood (where iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body—to the heart, liver, kidneys and lungs—even to the eyes, hair and nails) to help repair the damage that such a deficiency may be causing there. Countless thousands are benefitting from HADACOL. Why don't you give it a chance to help you? Why continue to suffer? Remember, HADACOL doesn't give temporary relief. Instead, it treats the real cause of your illness when, as so often, it's due to such deficiencies. That's why it's so effective; that's why it is accomplishing such amazing results.

You'll Feel Great . . .

. . . with the first few bottles you take, or your money back. There is only one HADACOL and it is sold on a strict money-back guarantee. So give this remarkable HADACOL medicine a chance to help you. It's never too late to start taking HADACOL. Many who despaired of improvement found that HADACOL was almost like a miracle for them. Remember that HADACOL is amazingly different and amazingly effective because it treats the real cause of deficiencies of Vitamins B₁, B₂, Niacin and Iron. Make up your mind to take HADACOL regularly. Refuse substitutes. Insist on the genuine. You can't lose a cent because it's sold on a strict money back guarantee. Only \$1.25 for Trial size, Large Family or Hospital size, \$3.50.

WTCC Criticizes Nichols' Speech

ber of Commerce officials have labeled as "unfair, misleading, and inaccurate" statements recently made by Marvin C. Nichols, Fort Worth consulting engineer, in an address in Coleman, April 28 at a meeting sponsored by the Texas Water Conservation Association and have challenged him to produce better plans than those offered by the WTCC for solving West Texas' water problems.

J. M. Willson, Floydada, President of the WTCC, and Homer D. Grant, Lubbock, President of the West Texas Domestic Water Association, companion organization of the WTCC, signed a lengthy letter addressed to Nichols in reply to his criticisms.

In his Coleman address Nichols, member of the Fort Worth firm of Freeze and Nichols, charged that "West Texas water development has been retarded in the last year by activities of the West Texas Chamber of Commerce and the Bureau of Reclamation," and he further stated West Texas water needs have been exaggerated, that presentations of the WTCC have been deceiving, and that cost of constructing projects privately or by the state would be less than that which would be involved in projects built with money borrowed from the Federal government.

The Willson-Grant letter to Nichols stated that the WTCC made preliminary water supply engineering surveys for 20 different cities and that acting on these surveys four cities, Jacksboro, Archer City, Iowa Park, and Ranger, are solving their water problems. They stated the surveys were made on invitation of city officials and without charge to the cities.

"The facts also show," continued the letter, "that with our support and on our joint invitation with the different groups, the Reclamation Service has made and is now refining six large river basin multi-city water supply studies calculated to provide some 75 of our cities with

Medicine King

SENATOR DUDLEY J. LeBLANC

HADACOL sales or shipments have reached the amazing total of 5,000,000 bottles since January 1, more of any one tonic than has ever been sold in so small an area in so short a time.

Senator Dudley J. LeBlanc, Founder and President of The LeBlanc Corporation, Lafayette, Louisiana, makers of HADACOL, said the sales and shipments would have been far greater if his company could have obtained enough material to meet the demands.

"We have been several hundred thousand bottles behind in shipments since January 1," said Senator LeBlanc. "It looks like we just cannot catch up because every time we increase production the demand increases."

Senator LeBlanc credited the South's heaviest newspaper schedule with much of the success of HADACOL.

an adequate water supply at their city gates for 30 years or more."

With reference to the Nichols statement that the WTCC has retarded the West Texas water development, WTCC-WTDWA officials challenge the engineer to "explore your own activities in this connection. How much West Texas water have you helped to impound for use outside the confines of West Texas? How many reservoirs have you built in West Texas without adequate watershed?"

The letter cited an instance where the firm represented by

Nichols has collected a substantial fee for engineering a private plan for one West Texas city to reach a 30-year cost of \$2,838,000, and stated that the same project would cost \$1,369,000 if federally-financed under a self-liquidating plan.

Nichols criticized the proposed Canadian River project in the Texas Panhandle by saying the cities interested in the proposed \$85 million project have been falsely informed that the probable cost of water from the reservoir would be only 7½ cents per 1,000 gallons. To this the Willson-Grant letter stated "it seems that you are going a bit out of the way to criticize the 7½ per 1,000 gallon figure on the Canadian project when this figure was quoted on basis of no interest. The Canadian multi-city project was also referred to as the 'best water project, with more payable returns, than ever yet has been presented to the government' and since you are casting reflections on these projects, may we again challenge you to present a better government project, and can you advise how the Panhandle and South Plains towns are going to solve their water problems without such a multi-city project?"

The third challenge thrown out to Nichols in the WTCC letter came at the end of the following series of statements explaining the organization's water policy and program in reference to his charge that West Texas domestic water problems have been exaggerated: "The score or more of our communities which have been forced to haul their domestic water is evidenced to the contrary. The scores of other

communities having poor water also give evidence to the contrary. The 40 or more communities in the West Texas Brazos River watershed, all having both water quantity and quality difficulties, again show that water problem has not been exaggerated. We say that if there is any criticism due here, it should be that we have not exaggerated the problem enough or soon enough.

New PHILCO REFRIGERATOR

Ain't It The Truth by Chester Klock

STELLA THOUGHT SHE COULD GET SOMETHING "DIFFERENT" IN THE BIGTOWN'S ART AND GIFT SHOPPE — BUT LOOK —

OH, A BOOK ALWAYS MAKES A NICE GIFT FOR SOMEONE IN THE HOSPITAL — YOU SAY SHE ALREADY HAS A BOOK? WELL, GIVE HER ANOTHER ONE — I'M JUST CRAZY ABOUT BOOKS MYSELF! I KNOW, WHEN I WAS IN THE HOSPITAL, I BLAH BLAH BLAH —

OH MY GOODNESS! HOW DO YOU SHUT HER OFF? SHE HASN'T EVEN GIVEN ME A CHANCE TO SAY WHAT I'D LIKE TO BUY! THESE BIG TOWN CLERKS CERTAINLY DO HAVE A LINE OF CHATTER!

YES, AND AREN'T THEY ALL ALIKE? REMEMBER BERTIE'S WEDDING ANNIVERSARY? THEY INSISTED THAT A PAINTING OF NAPOLEON'S GRANDMOTHER WOULD MAKE A LOVELY GIFT. JUST LISTEN TO ME, STELLA — IT'S ALWAYS BETTER TO SHOP IN LOCKNEY

HURRY, MOMMY — THIS TIME THE POLICEMAN IS GIVING DADDY A TICKET FOR DOUBLE PARKING!

PATRONIZE YOUR LOCAL MERCHANTS — AND WATCH YOUR TOWN GROW!

Plane Crash Should Be Reported To AAF

Reese Air Force Base at Lubbock announced this week that Lockney is located in the "area of responsibility" assigned to that base, if any accident of military aircraft or Air Force personnel occurs in this vicinity.

Should a crash occur in this immediate area, attention to the following suggestions should be given:

Get in touch immediately by telephone with Reese Air Force Base (Lubbock, 3-1951). When the operator on the base answers, inform her of the nature of the emergency and ask to be connected with Extension 120-the Airdrome Officer.

Operators will ask for the following information:

- 1. Whether the person calling actually saw the crash, and if not, how and by whom it was reported to him.
2. The name and address of the person calling and the city

and telephone number he is calling from.

3. The location of the crash and road directions (highways numbers or other designation) to reach the scene.

4. If possible, the type of airplane and numbers.

5. Whether or not the pilot is on fire.

6. If possible, extent of injuries of personnel aboard aircraft.

The caller will be requested to remain, or to post someone, at a designated location, and where necessary, to act as guide for the crash convoy which will be dispatched as soon as possible after the report is received at Reese Air Force Base.

It is suggested the peace officers or others administer first aid to injured persons as soon

as possible. Guards should be placed until Air Force personnel arrive. They are requested to try to prevent unnecessary property damage. Personal effects or monies scattered by the crash are to be turned over to military authorities.

Reese Base asks the cooperation of all citizens in case such events occur.

Silage, next to pasture, is the cheapest source of feed for the dairy cow. Now is the time of year to plant a crop for the silo.

In 1950, 70 percent of the U. S. population lived on farms. In 1950, only 18 percent live on farms.

GO TO CHURCH SUNDAY.

Announce New Name More Awards In 4-H Dairy Program

Chicago. — Announcement has been made by the National 4-H Club Committee of changes in the name and awards of the 4-H Dairy Production program.

Now named the National 4-H Dairy Achievement program, awards have been increased to a maximum of four sterling silver medals for winning members in each participating county. The State champion's award will be a gold watch.

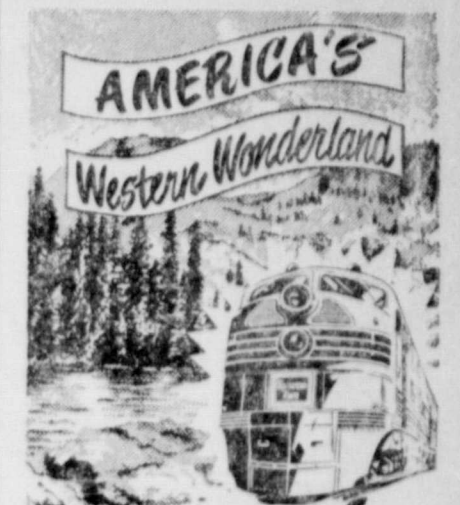

Sectional awards also have been increased to twelve educational trips to the National 4-H Club Congress in Chicago. The national awards remain the same—six \$300 college scholarships. All awards are provided by Lederle Laboratories division, American Cyanamid Company.

Texas has accepted the program for 1950, which will be conducted under the direction of the Cooperative Extension Service.

Among the program's objectives is to help 4-H Club members understand the full meaning of cleanliness, sanitation and animal health as applied to the production and care of milk and dairy products. The participants are encouraged to practice these principles at home as well as demonstrate them in their community. Also, they learn to appreciate the contribution of science and its application to the dairy industry.

County Extension agents will furnish full information regarding this program.

Cotton fabrics that are washable, durable, closely woven, reasonable in price and attractive in color and design are most practical for slip covers.

5th Div. American Legion To Meet At Amarillo

Amarillo.—Three state American Legion commanders, the governor of Texas and a member of the Texas Railway Commission will be among those upon the program for annual Fifth Division convention of the American Legion to be held here Saturday and Sunday, May 27 and 28.

The convention will be the occasion for the formal opening and dedication of the new \$115,000 American Legion home of the local Hanson Post No. 54, Wayne Middleton, Commander.

Joe Spurlock, Commander of the Department of Texas; Dick Warren, Commander of the Department of Oklahoma and Seaborn Collins of the Department of New Mexico will be on the program with Governor Allan Shivers of Texas and Col. Ernest O. Thompson of the Texas Railway Commission. Col. Thompson was the first commander of the local post and will preside at the dedication of the new home. Legionnaires from the 16th, 17th, 18th, 19th and 21st Congressional Districts which compose the American Legion's Fifth Division will send representatives from more than 200 posts to the convention. Fifth Division Commander is W. J. "Bill" Sohl of Alpine who will preside. The Fifth Division now has a membership of 24,822 Legionnaires for 1950.

Tomme Nephew Youngest Graduate At Ralls High

Marvin L. Tomme, nephew of Calvin, Lee and Charlie Tomme of Lockney, was the youngest member of the Ralls high school graduating class.

Marvin, son of Mr. and Mrs. L. M. Tomme of Cone, is 15 years old. He completed the 12 year school course in 9 years, finishing grade school in 6 years with a 93.13 grade average, and finishing high school in 3 years with an average of 91.8. He plans to enter Texas Tech this year.

Mr. and Mrs. Calvin Tomme and Louise, Mr. and Mrs. R. L. Tomme and Billy attended the commencement exercises at Ralls May 19.

Services Will Be Held At Sandhill

Regular services will be held at the Sandhill School Sunday, May 28. It was announced this week by Mrs. Bernice M. Rose. Mrs. Dora Raper of Plainview will conduct the services, speaking to the congregation at 2:30 p. m. and meeting with the Juniors 10 or 15 minutes earlier.

Mrs. Raper came here from the Mississippi district of the Assembly of God Church, Mrs. Rose said. All are invited to hear her speak.

Mrs. Rose is visiting her mother, Mrs. S. M. Lester in Texarkana. Mrs. Lester is convalescing from an operation performed May 17. She is at St. Michael's hospital in Texarkana, Ark.

Husky Injured In Fall Sunday

Mrs. H. B. Sparkman of Lockney was called to Kermit this week because of injuries received by her son, Laverne Husky when he fell from a ladder while installing an electric line Sunday.

X-rays indicated that Husky received a broken vertebra. Husky, an employee of the Community Public Service Co., was several feet above the ground when the line broke and his ladder fell, throwing him to the ground.

He was scheduled to be put into a cast Tuesday of this week where he must remain for some time.

Hospital News

Ernest E. Eberling Jr. was admitted May 19 for an appendectomy.

T. E. Cowart was admitted May 23 for medical treatment.

Mrs. E. C. Austin was admitted May 19.

Mrs. L. G. Morris was dismissed May 18.

Mrs. Weldon Burk and daughter were dismissed May 20.

Wayne Bybee was dismissed May 23.

Glen Welch is still improving.

Gordon McAda Thanks Friends

I wish to thank all my friends who have made it possible for me to receive treatment for my ailment. I don't know how I can ever repay you for your kindness, maybe someday, somehow I can. If I continue to improve in the future as much as I have since I have been getting this treatment I think, God willing, I may be able to walk again pretty soon. It's a wonderful thing to know I have so many friends behind me who are interested in my welfare. I pray that

I may prove worthy of your help and kindness. Gordon McAda.

Mr. and Mrs. Hamid Davis and James visited Mrs. Davis's sister, Mr. and Mrs. J. R. Wells in Ranger last weekend. They were accompanied by Breckenridge by Mr. and Mrs. Price Webb where the Webb's visited her sister, Mr. and Mrs. Aubrey Hobson and family.

Mrs. Jack Patton and family of Amarillo attended the high school graduation exercises Thursday night.

RIDGEWAY BUYS FARM IN WHEELER COUNTY

Mr. and Mrs. A. V. Ridgeway closed a transaction this week in which they purchased a farm at the edge of Moore's in Wheeler County. They expect to move to the farm next fall. The place has 20 acres and is well improved and modern. Mr. Ridgeway said. The couple moved here from the Providence community about a year ago.

Mrs. Frank Messimer, Charles and Ledell Colvin, visited Mr. and Mrs. Gene Reynolds at Edverton Tuesday afternoon.
