Joiner Dies Plainview

A. Joiner, 74 years of age, Saturday night at Plainview. He had been a resident for more than 30 years. He had been in poor health and died of a heart attack at his home. Funeral services were held at 10 o'clock in the morning at the Peoples church in Plainview. Burial was in the Peoples cemetery. Survivors include Mrs. Dale Wood of Plainview, Dr. Early Joiner of Plainview and Mr. and Mrs. Alphonso of Cedar Hill.

February 26, 1876 at Joplin, Mo. Mr. Joiner came to this country in 1917. Survivors include five sons, W. A. of Compton, J. M. of Redonda Beach, J. H. and B. L., both of Plainview; four daughters, Mrs. Nichols, Sweetwater, Mrs. Greer, Dallas, Mrs. George Grand Prairie, and Mrs. Neal, Plainview; two brothers, C. A. Joiner of South Plains and George A. Joiner of

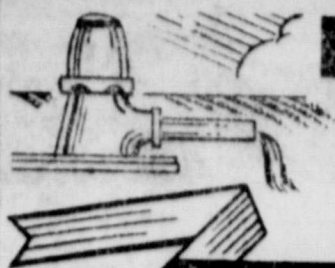

Heart Singers Meet At Lubbock

Heart singing concert will be held at the Primitive Baptist Church, 23 Avenue B, Lubbock, all day Saturday. It was announced by the organizers.

Key Students On Honor Roll

Lockney students attending Tech College were placed on the honor roll of the college for the spring semester, according to Miss Elyvyn Clewell, registrar at Tech. These students were considered to rank in the upper five percent of the class.

Among those on the honor roll were Edwin D. who were among 38 college who made the honor roll straight A record. In the honor roll were Martha and Wanda Rhine.

THE LOCKNEY BEACON

SERVING THE RICH IRRIGATED SECTION OF FLOYD COUNTY

VOLUME 48

LOCKNEY, FLOYD COUNTY, TEXAS, FRIDAY JUNE 30, 1950

NUMBER 43

Evangelist

Pictured here is Rev. Don McKinney and his family of Yukon, Okla. Rev. McKinney will preach in a revival meeting beginning at the Assembly

of God Church Sunday morning. Shown with Rev. McKinney is his wife and their little daughter, Donna Lou, who will be here with him.

Pioneer Observes 94th Birthday

Mother Harper, as she is known to her many friends, observed her 94th birthday on June 21 in the Boyce Kenady home. Many friends and relatives were present to help her celebrate the occasion. Birthday cake and ice cream were served to the honoree and guests. Sons and daughters present were Nellie Bolin of Plainview, May Bley of Olton, Jewell Kenady and Jim Harper.

Mrs. B. E. Harris' Mother Dies

Mrs. B. C. Willis of Floydada, mother of Mrs. B. E. Harris of Lockney, died at the Peoples Hospital in Floydada Monday night, June 19 after an illness of only a few days. A heart ailment was reported as the cause of death. Mrs. Willis became ill on Thursday before her death and was taken to the hospital Friday when her condition became serious.

Mrs. Willis was born Norah Belle Fawver, daughter of John A. and Melvina Fawver on November 18, 1880 and came with her parents from Missouri to Floyd County in November 1891. She was married to B. C. Willis on September 7, 1898. Her husband preceded her in death in 1922.

Survivors include five sons, Clifford, Emmett and Henry of Floydada; Edgar and Floyd of Amarillo; two daughters, Mrs. Hugh Alexander of Olton and Mrs. Harris of Lockney, and by 15 grandchildren. She is also survived by three brothers, George Fawver, John A. Fawver and L. B. Fawver all of Floydada and by four sisters, Mrs. R. H. Willis, Floydada, Mrs. Eli Johnson, Vernon, Mrs. Maud Walker of Phoenix, Arizona, and Mrs. Ada Pruitt of Farmington, N. M.

Funeral services were held Wednesday afternoon, June 21 at the First Baptist Church in Floydada conducted by Elder H. Hall of Ralls. Interment was in the Floydada cemetery. Pallbearers were her grandsons, Dave Willis, Kenneth Willis, Junior Alexander, Byron Ford, Lloyd Baugh and Gavin Marr.

Plainview Census Shows 14,023

Plainview has a total of 14,023 persons according to the preliminary figures released this week by the Bureau of the Census. Hale county has a total of 28,113.

Plainview's total shows an increase of 5,810 over the 1940 count of 8,213, an increase of 71%. The county total was up 9,300 from the 1940 figure.

Development Meet Postponed Week

Because of so many conflicts with the scheduled organization meeting of the Lockney Development Association on Friday night of this week, the development committee decided Wednesday to postpone the meeting one week—until Friday night, July 7.

Meanwhile a meeting of the development committee will be held in order to complete plans and work out details as far as possible.

Mrs. P. F. Ford Seriously Hurt In Accident Mon.

Mrs. P. F. Ford, 80 years of age, was seriously hurt in an auto accident on the Providence road west of town about 4 o'clock Monday afternoon. She is in the Floyd County Co-operative Hospital here for treatment.

Mrs. Ford was riding in a pickup with her grandson, Byron Ford, his wife and baby when the vehicle struck a pile of caliche in the middle of the road. Although the pickup didn't turn over it ran over four piles of the caliche before coming to a stop.

The extent of the elder Mrs. Ford's injuries were not immediately determined but her condition was reported as serious by relatives. Byron suffered an injury to his leg but was not hospitalized. His wife received a badly cut lower lip, a broken tooth and cuts and bruises and stayed in the hospital one day while the baby had some scratches and bruises. All were suffering from shock.

The front end of the pickup was badly damaged. The accident happened near the Oscar Golden place just north of Aiken.

B. J. Wofford To Head Masons

B. J. Wofford will be installed as worshipful master of Lockney Lodge No. 867, A. F. & A. M. at installation services Friday night of this week. Other officers to be installed include Hubert Frizzell, senior warden; Edwin Rhea Mitchell, junior warden; Hugh Counts, treasurer; Bob Miller, secretary; Charlie Boedeker, tiler; K. W. Cook, senior deacon; Raymond Rucker, junior deacon; Bob McAninch, senior steward; Glenn Cooper, junior steward; C. L. Record, chaplain.

The installation ceremony will begin at 8 p. m. and Ray Lowe of Plainview will be the installing master. Hershel Green of Floydada will be marshal. All Master Masons are invited to attend. Charlie Boedeker, the retiring worshipful master, said this week.

"Don't Throw Trash In Ditch"—Counts

"Please don't throw your trash in bar ditches along the county roads," Hugh Counts asked this week of residents in Precinct 2.

"We have to get our machines down in those ditches and work them and you can imagine how much trouble it would make if someone threw trash in your field where you were running your cultivator. Sometimes people throw their trash right in the mouth of a culvert and that stops up the culvert and causes the water to run over the road."

"We will appreciate it very much if you will take your trash and junk to the junk yard and not throw it out in the bar ditches along the road," Mr. Counts said.

Mr. Counts wishes to thank everyone in advance for their cooperation in this matter.

Mrs. Blanche Phegley of Denver City has been visiting this summer with her daughters, Mrs. Mort Crapster and Mrs. A. P. Barker, Jr., and their families.

Rain Totals 1.21; Wind Damage Probably High

Heavy rains accompanied by strong winds struck this area between three and four o'clock Thursday morning leaving in its wake considerable property damage.

The rain here measured 1.21 according to the gauge kept at Hammond & Company and most of that fell within the hour mentioned. Bar ditches were still full of water early Thursday morning and light rain fell at intervals. Lockney is almost completely isolated as far as telephone service goes. Mrs. Jake Smith, chief operator reported. Telephone and power lines are down at several points.

A quick survey showed the following property damage: The awning on the front of Lockney Frozen Food building was blown loose at one end and fell to the sidewalk. The roof on the Taylor Laundry was almost blown off and several large holes were made in it.

A barn on the E. A. Bonner place just northeast of town was torn to splinters, reports here say, and a gas storage tank on the same place was blown down.

Doors and windows were blown out of the house occupied by R. G. Brown on the Crager farm north of town.

Two skylights were blown out of the Hammond & Company building.

Window lights were blown out of the Harmon Handley home southwest of town and this almost resulted in fire destroying the place. Mrs. Handley was mopping water and having no lights she had lighted some burners on her cook stove. She attempted to pull the stove away from the wall when the gas line broke and the fire quickly covered the entire stove. Quick action by Mr. Handley in shutting off the gas at the main tank saved the house from destruction.

Limbs were blown from trees and other damage, probably amounting to thousands of dollars was done by the winds.

Adding to the excitement was the shutting out of the local fire siren causing many to think it was a tornado warning. The siren blew several times before it could be stopped.

County Council Elects Officers

The Floyd County Home Demonstration Council met Saturday afternoon in the court room in Floydada. Mrs. C. L. King, Council Chairman, presided. Thirteen Clubs were present and answered roll call with club activities during the past month.

Seven clubs had voted to donate \$4 each toward a scholarship for a 4-H Club girl in the district. The Sunnyside Club recently added six picnic tables to the roadside park east of Floydada that they sponsor. They spent \$78.50 for materials and labor.

Letters of appreciation were read from Mrs. Jewel H. Strasner of Post, and Miss Kate Adele Hill of Lubbock.

The Council voted to buy "Dolly-Duzits" to raise funds. Other business included plans for a county-wide meeting on Insect Control to be conducted by Mr. Guy Carpenter of Lubbock, District Extension Entomologist, and the women's Dress Revue to be held in August. Plans were made by the 4-H Leaders Committee to serve the Rotary Club twice in July. The Yearbook Committee will meet June 29.

Reports of the 4-H Round-Up at College Station were given by Mrs. J. P. Taylor, adult leader, Shirley Womack, and Patricia Spears, 4-H Club girls, and Miss

GEORGE MAHON

George Mahon Announces For Reelection

Announcement of his candidacy for reelection to the House of Representatives from the 19th District of Texas is being made formally through the press of the District by Congressman George Mahon. Mahon has met filing requirements in all the counties of the District.

"It now appears" said Mahon "that Congress will be in session up to and beyond July 22, the date of the Primary, and I will have very little opportunity to visit and campaign over the District. I thus am taking this method of again presenting my candidacy to the voters of the 19th District."

By virtue of his congressional tenure at the will of the voters, only 47 of the 435 members of the House are now senior to Mahon. By reason of congressional seniority procedure, this gives the 19th District a position of prestige possessed by relatively few areas in the country. Mahon ranks No. 3 on the powerful House Appropriations Committee and is Chairman of the subcommittee handling appropriations for the Armed Services.

Said Mahon in his announcement: "As your representative in Washington, I have been confronted with many difficult problems, as has been the case with you folks at home. You have cooperated with me and placed your trust in me in matters of greatest importance. We are now in a very dangerous and difficult time in the history of the nation, and as the representative from the 19th District, I am seeking as best I can to measure up to the terrific responsibilities confronting our government."

Mahon said that he wanted to thank the people for the wonderful support they had given him through the years and that he would continue to do everything in his power to do a good job in Washington for the people of the 19th District.

At this time, in addition to his regular assignments, Mahon is aggressively seeking to prevent passage of a pending proposal which would shift a large portion of the West Texas cotton acreage allotment to Central and South Texas in 1951.

Earlier in the session Mahon secured approval of the House of the bill he handles which provided funds for the operation of the Army, Navy and Air Force. The Senate has not yet passed the measure and final agreement between the House and Senate cannot be secured until this is done.

Cannery Opens For Season Mon.

The Lockney Cannery will open Monday, July 3 for the summer canning season, according to an announcement made this week by Mrs. Theo Griffith, supervisor of the cannery.

It will be open from 8:30 until 5:30 each day, Monday through Friday, Mrs. Griffith said. The cannery will be closed July 4, but that will probably be the only holiday observed, she stated.

Final Plans For First Primary Have Been Made

Final plans for the first Democratic primary on July 22 have been made and the ballot has been completed, according to word from Homer Steen, county chairman this week.

Reports indicate that balloting may be some lighter this year than two years ago with County Tax Assessor-Collector T. T. Hamilton reporting only about 2800 qualified voters.

Costs of holding the primaries were set last week by the county committee at between \$1,700 to \$1,850 and this prorated out among the candidates ranging from \$10 to \$140.

The ballot will include the name of J. E. McDonald for Commissioner of Agriculture despite the state Democratic Committee's refusal to put it on. The courts ruled otherwise.

Congressman George Mahon has an opponent in the person of Anton Mike Rippe of Howard County.

For State Representative, 120th district, Harold M. LaFont of Hale County is opposed by H. J. (Doc) Blanchard who calls Lockney his home. He is the husband of the former Mary Ruth Thomas, daughter of Mr. and Mrs. B. A. Thomas.

Alton B. Chapman is unopposed for Judge, 110th Judicial District, as is John Stapleton for Attorney of the same district.

A new name on the ticket is Ben P. Ayres for the office of County Chairman of the Democratic Party.

County Judge G. C. Tubbs has two opponents in his race for reelection, those being W. E. Grimes and Frank L. Moore.

County Attorney Enos T. Jones, District Clerk Mary L. McPherson and County Clerk Margaret Collier are all unopposed.

Sheriff Leland A. Hart is opposed by Earl Cooper and J. R. (Bud) Still, both of Lockney.

Assessor-Collector T. T. Hamilton is unopposed as is County Treasurer Mrs. Sam A. Spence and County Surveyor W. D. Newell.

Races are scheduled in both Justice of the Peace offices in the county with O. B. Olson and Walter A. Gound running for Justice of the Peace, Precincts 1 and 4 while in Precincts 2 and 3 there are three candidates, W. G. (Bill) Rigdon, J. J. Harris and Frank Dodson.

County Commissioners Hugh Counts in Precinct 2 and P. L. Hart in Precinct 4 are without opponents this year but Commissioner W. C. Plumlee in Precinct 3 is opposed by A. D. Monk and there are five men running for the post of commissioner, Precinct 1 to succeed the late Fred Clark. They are Leonard H. Smith, J. K. Holmes, C. O. Spence, E. W. (Wheeler) Turner and W. H. (Bill) Brock.

Baxter-Smith Erect Seed Building

Baxter & Smith Grain Company are erecting a building at their elevator here to house a seed cleaner and treater. The building is in the final stages of construction now but the machinery will probably not be ready for installation for several weeks yet, Charles Baxter said.

psychologists and salesmen.

So much has been heard of late about the Amerasia case that a brief statement of just what is involved in it might be of interest. The case gets its name from a small magazine published in New York by the name of Amerasia. The case opened in 1945 when federal agents raided the magazine office and found 1700 documents and papers that had been taken from the secret files of the Army and the Navy intelligences and the State Department. Some of the papers contained some top-most war-time secrets, telling of the locations of our fleet units. Six persons were arrested in the raid of federal agents. Two escaped with fines. Charges against four were dismissed and one of the six is still in the employ of the State Department. The hearing was held in secret and the true facts were not and have not since been revealed to the public. The fact that the magazine, Amerasia, had only 1700 circulation and that its editor was Russian born gives rise to the suspicion that the documents were not stolen for the use of the magazine but that the magazine was being used merely as a front for Communist fact gathering organization. Why the case was never permitted to go to trial but was effectively hushed up is but one of the questions that is being asked now. All efforts to inquire into the case were successfully blocked until Senator McCarthy leveled his charge of Communism at one of the six who were arrested in the raid and who is still in the employ of the State Department. Growing pressure forced the inclusion of the Amerasia case in the present hearings. An effort will be made to secure a full discussion of the case and discover if possible the reasons for the "whitewash" and the secrecy. Universal opinion favors a complete airing of the case. The Tydings committee is in a position to give that airing. If it fails to do so Congress should lose no time in naming another committee to do the job.

A lot of people do not believe all that Senator McCarthy charges regarding Communists in the government, but there is a feeling that there is something to it and that besides talking about it should be done.

Groves of the largest and most prolific Magnolia trees in the world are near Huntsville.

THE DAY WE CELEBRATE

With Our EXCHANGES

INFLATION STEP

The bill now pending in Congress which would insure bank deposits up to \$10,000, as compared with the present limit of \$5,000, seems less significant because of what it proposes than because of what it implies.

The basic purpose of deposit insurance was, and is, to protect persons of relatively modest means who might be wiped out by a bank failure. The \$5,000 limit originally set was considered adequate for that purpose. Depositors with larger balances were too few to concern Congress in the drafting of the protective legislation.

But, since inflation set in, the number with cash assets of more than \$5,000 obviously has grown startlingly. Such depositors are sufficiently numerous and sufficiently interested to get favorable Senate action on the bill which would raise the maximum to \$10,000. The measure now depends in the House, where eventual passage is regarded as virtually certain.

MR. GULL GOES TO WASHINGTON

For the time being at least, the country is intrigued by the spectacle of a Texas Republican going to Washington. Until the novelty wears off, Representative Ben Guill, the Pampa real estate man who recently became the first Texan to reinforce the GOP side of the House in 19 years, will have to get used to functioning with the national spotlight upon him.

It doesn't take a political analyst to point out that Representative Guill had the benefit of a Democratic vote split among ten candidates. While this factor has been minimized and explained away by Republican spokesmen, the fact remains that Representative Guill was elected to office by less than one-fourth of the votes cast, a showing which

Persons still are comparatively few with deposits of that amount to protect. But it is profoundly indicative of the state of the national economy that there are enough of them to justify consideration of a law to safeguard balances of that amount.—Lubbock Avalanche.

is but slightly better than the 21% of its votes that Guill's district gave the Dewey-Warren ticket in 1948. The acid test, of course will come this November, when it will be determined finally whether Ben Guill is to be remembered as a political freak or as a harbinger of the break-away in Texas from the almost solid Democratic tradition.

Representative Guill, naturally would like to see the latter come about. In a letter to this writer he states, "I hope that my election really means a step in the direction of making Texas a two-party state. There can be no doubts as to the merits of the two-party system, and I do feel that the voters here have expressed a desire in that direction."

Much can be said for Representative Guill's aspirations to see Texas become a two-party state. From an observation of the two-party system as it operates in other states it may be noted that, among other things, it has the desirable effect of clarifying political issues during a campaign. Battle lines are drawn in accordance with party principles, and elections bear little resemblance to the free-for-all which often characterize Texas primaries. The two-party system has the additional effect of promoting a higher type of candidate, for a party on the outside will strive to present as distinguished a slate as possible, knowing that a slate of strong candidates will have an excellent chance to unseat the shopworn incumbents.

Texas would do well to consider these and other arguments for the two-party system. Ben Guill's election would seem to suggest that this is as good a time as any to re-examine our tradition of "party loyalty" in Texas. In the light of the metamorphosis of the Democratic party nationally, individual voters should pause to decide whether the party they have been following is still the proper vehicle for expressing their political beliefs.—Jayton Chronicle.

Mr. and Mrs. Arnold Johnson of Albuquerque, N. M. were weekend visitors in the home of his parents, Mr. and Mrs. J. B. Johnson. They also visited Mr. and Mrs. W. E. Helms and son of Quitaque.

Boston, Mass., has the largest drydock in the United States.

Long Ago In Lockney

Items of interest from the files of The Lockney Beacon.

June 4, 1908

Last Saturday morning Z. T. Riley, E. L. Ayers, J. P. Posey, and Lee Wofford left for Silverton to attend the picnic and big railroad rally.

J. A. Nail came in last Monday and had the Beacon continued to his address since it was stopped while he was blessed with the small pox quarantine.

Miss May Dial left Saturday for Tullia where she will visit her cousin for a month.

This week sees the college foundation laid and half of the blocks made and seasoning.

Frank H. Ford, formerly a settler of this county, is here again after being in Kansas and Bee county for two years.

August 30, 1918

In the run off primary last Saturday, Judge W. B. Clark was defeated 69 votes by John Howard for the county judge office; G. F. Rigdon defeated J. F. Dollar five votes for Commissioner of Precinct No. 2.

Elder T. W. Phillips of Ft. Worth has been engaged by the Christian Church as their regular minister.

Those who will be on the program of the Epworth League Sunday evening are Bowden Visor, Claude White, Wallace McGhee, Berle Visor, Mae Whitfill, Martha Brotherton, Ruth Ford, and A. B. Brown.

T. H. Stewart and family left

Tuesday in their car for Denton, Texas for a visit.

Mrs. C. L. Busby received a card from her son, Frank, saying he had landed safely in France.

Lester and Albert Smith returned last Saturday from a ten days visit at Lamesa.

Easier Maintenance

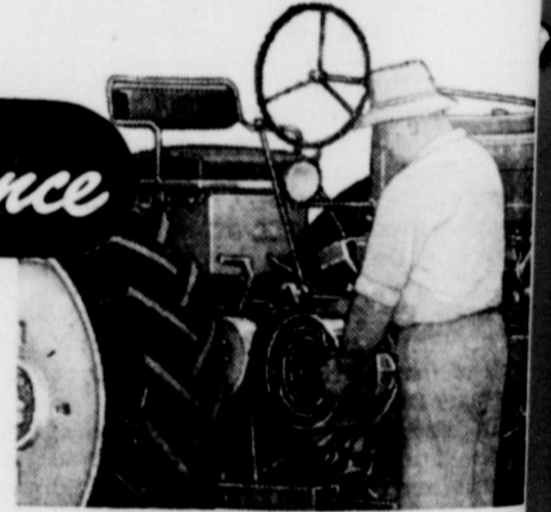

one more reason why John Deere is first choice of the tractor-wise!

You'll never know how much easier it is to keep a John Deere Tractor in top condition until you own one.

Adjustments are fewer; parts are more accessible; maintenance is far easier . . . far more economical. Much of the servicing can be done right on the farm without outside help. The clutch, for example, can be adjusted in five minutes or less; clutch facings replaced in less than fifteen minutes. Brake, steering, and other adjustments are quickly and easily made.

This easier, more economical maintenance is due to the greater simplicity and easier accessibility of John Deere 2-Cylinder Tractors.

You'll find maintaining a John Deere Tractor over the years is easier and costs less than any other tractor on today's market. See us for complete details.

- In addition, John Deere Tractors offer:
- OUTSTANDING ECONOMY
- GREATER DEPENDABILITY
- LONGER LIFE
- GREATER COMFORT
- OUTSTANDING QUALITY
- EASIER HANDLING
- COMPLETE INTEGRAL EQUIPMENT
- UNEXCELLED VIEW
- GREATER ADAPTABILITY
- HYDRAULIC POWER TROL
- ROLLO-MATIC
- LUGGING POWER

Mr. and Mrs. M. B. Salmon and Carolyn Campbell visited Mr. and Mrs. J. M. Tye Sunday afternoon.

"WILDCATS" HAVE RECORD YEAR

The petroleum industry drilled an estimated 6,680 "wildcat" wells in 1949, the largest number in any year since the discovery of oil in 1859. "Wildcats" are exploratory wells drilled in unproved territory. Since only one in five is a success, they involve great financial risk.

Mr. and Mrs. Bill Armstrong and children of Wichita, Kan. visited with her grandmother, Mrs. Laura Stapleton, and other relatives here Monday enroute to Carlsbad.

Methodist Notes

We had 179 in church school Sunday. We would like to get back up to that 200 mark. Invite someone to church and Sunday School this week.

Our Vacation Bible School started off in a fine way. We had 91 enrolled the first day and 15 teachers. We feel that this number will increase. We will have our closing program Sunday night.

We had our First Quarterly Conference Sunday night. Our church is looking forward to a great year's work. We were glad to have our District Superintendent and his family with us.

Your pastor is planning to attend the Mission Training School at Mt. Segwajah at Fayetteville, Ark., July 10-13.

Thoughts For the Week: No one can be truly educated who lacks a knowledge of the Bible.

Youth and beauty fade; character endures forever. Newton Daniel, Pastor.

Mrs. Lnella Roland of Pomona, Calif., has been visiting recently in the home of Mrs. E. M. Whorton. The two ladies have been friends since childhood, attending school together in Cherokee county, Ala.

July 4th Week End Expected To Be Deadly

The July 4th week-end consisting of Saturday, Sunday, Monday and Tuesday is calculated to be the deadliest in the history of July 4th traffic in Texas according to Colonel Homer Garrison, Jr., director of the Texas Department of Public Safety.

"Our statisticians, who are usually accurate, have estimated that 36 people will be killed in traffic accidents during this four-day period," Garrison said. "The Highway Patrol will be on the job early and late with instructions to curb excessive speed and apprehend those drivers who endanger their own lives and the lives of others."

Colonel Garrison requests drivers to assist traffic officers by observing the following rules.

1. Drive well within the posted or legal speed limits.
2. Do not pass another vehicle unless you have a clear road ahead.
3. Driving is a full time job. Do not let your passengers distract your attention.
4. Be sure to check your tires, brakes, and lights before starting.
5. Stop often for NON-intoxicating refreshments.
6. Wear dark glasses during daytime driving. Eye fatigue will result in miscalculating distances.
7. If there is a question of right-of-way, give it to the other fellow. The few seconds you might lose will be a great contribution to safety.

TRANSPORTATION MIRACLE

Scientific distribution methods developed by the oil industry make it possible to move a gallon of oil (which weighs about seven pounds) from Texas to Boston cheaper than a postal card can be mailed the same distance.

Mr. and Mrs. Marlin Davis of Dallas visited Saturday with their niece, Mrs. Richard Patterson and her family.

Brazil, South America, produces over two-thirds of the world's coffee. Camp Colorado, Texas, was once commanded by Col. Robert E. Lee.

YES! Through investments made in your Public Service Company, Our stockholders are in reality the "owners" of Southwestern Public Service Company. Their dollars are behind generators, substations . . . transmission lines . . . all the equipment that helps keep low cost electric power "on the line." Many, many folks . . . you, your neighbor . . . the minister down the street . . . all help run our company. Yet, no one of them owns more than 2% of the total stock.

Money from your savings account, or your life insurance policies more than likely has been re-invested in your Public Service Company. So you see, this company really belongs to the people . . . works for the people. American business is actually run by you . . . the American customer!

Takes it easy all the time!

Make no mistake! Although most cars use the Fluid Drive principle that Chrysler first introduced 12 years ago—there's an all-important difference in automatic gear shifting today! Chrysler and only Chrysler gives you full control of your car. While others shift you up and down—even when you don't want to shift—Chrysler's simple, cool-running transmission takes its orders from you. Even at 12 miles an hour, in slow moving traffic, you're in high while others shift down to lower gears. How much quieter your engine runs! How much more smoothly! What a difference in high-gear economy! Come see what Fluid Drive does for you! Examine Chrysler workmanship . . . compare the quality of materials . . . discover the benefits of Chrysler engineering! You'll find built-in value all the way through that has no equal! Extra money's worth, we're sure, that will make you a Chrysler buyer for life!

Advantages of Chrysler's Fluid Drive

Automatic Gear Shifting—with full control of your car! Better traction—safer on slippery roads. Convenience of clutch for easier parking. Slower Engine Speeds—reduced noise, wear. Saves gasoline! Drive in high while others drive in low in traffic.

Advantages of Chrysler's High Compression Spitfire Engine!

Waterproof Ignition—prevents stalling in rain or high water! Lubricated Cylinder Walls—chemical protection for increased life. Floating Power—helps eliminate vibration. Superfinished Parts—reduce friction, last longer. Exhaust Valve Seat Inserts—reduce need for valve grinding! Full Flow Oil Filter—keeps oil clean!

Chrysler's Advantages in Comfort and Safety

Functional Design—full room for your head, legs, shoulders. Easy to enter and leave! Safe Guard Hydraulic Brakes—smoother stops, less pedal pressure. Cyclebonded linings for double the wear. Electrically Operated Windshield Wiper—constant speed all the time! Chair-Might Seats—no crouching, you sit naturally! Safety Rim Wheels—won't throw tires after blowouts at normal speeds.

Party Celebration For James Wofford

James Ray Wofford, son of Mr. and Mrs. Kenneth Wofford, was honored with a party as celebration of his sixth birthday, Monday, June 26. The festive occasion was held in the home of his grandmother, Mrs. John Belt.

Refreshments to delight the guests were ice cream and birthday cake, decorated with six candles and cowboys. Party favors were balloons and whistles.

Entertaining games were provided for the honored and Trudy Jarrett, Carolyn and Steve Belt, Roger and Jolene Dorman, Carolyn Hastings, Pat O'Brien, Johnny and Ronnie Belt, Diana Allison, Jean Wofford, Mrs. John Belt, Mrs. Bob Jarrett, Ann Belt, Mrs. Gene Belt, Mrs. Kenneth Wofford.

WSCS Has Program On Spiritual Life

Mrs. L. W. McCuiston opened the W. S. C. S. meeting at the Methodist parsonage Monday afternoon. There were 20 members present.

Mrs. A. P. Barker, the leader for the program, "Spiritual Life," led the group in singing, "Win Them One by One." She read the 12th chapter of Romans for the scripture reading for her subject. Mrs. A. B. Brown gave a reading, "Two Cripples who came to Church."

Mrs. J. H. Hartman adjourned the meeting by giving the closing prayer.

Mrs. H. A. Leaverton returned Sunday to her home in Big Lake, Texas with Mr. Leaverton after visiting a month in the home of her son, H. R. Leaverton.

Shower Compliments Recent Bride

A tea shower honoring Mrs. Robert Huckaby, a recent bride, was given in the home of Mrs. Blain Holt Friday afternoon, June 23, from 3 until 5 o'clock.

Mrs. Holt, the honoree, Mrs. H. B. Handley, and Mrs. Jim Rogers were in the receiving line.

Guests were assisted in registering by Fredda Bybee.

Presiding at the serving table were Lela Cole and Shirley Holt. The serving table was decorated with lovely yellow and white lilies and daisies. Pineapple punch and cake squares decorated with yellow flowers and green leaves were served.

Out of town guests registering were Mrs. Lois Odom, Mrs. Frances Odom, Mrs. J. C. Mayfield, all of Crosbyton, and Mrs. Merle Mayfield of Floydada.

Hostesses honoring Mrs. Huckaby were Fredda Bybee, Lela Cole, Peggy Turner, Melba Turner, Shirley Holt, Shirley Cooper, Pat Pylant, Ann Cooper, Audrine Rhine, Velma Seale, Mary Rigdon, Bobbie Cross, Cleva Crouch.

Mary Bonner, Jeanette Pickens, Wanda Dorman, Glenda Readhimer, Bettie Sue Farish, Beverly Norman, Kay Norman, Wanda Kellison, Barbara Mullins, Nelda Schaffner, Jeanine Foster, June Wiley.

GINGHAM GIRL!

Gingham may be an old-fashioned fabric, but it is up-to-the-minute in this season's fashions. Here, blue gingham by Galey & Lord with the new dobby dot effect is used for a chic strapless dress with a deep cowl which snaps on for town wear. Adele Simpson designed this glamorous cotton, the National Cotton Council reports.

Mauldin-Robertson Vows Are Read

Mr. and Mrs. Elmer Mauldin of Plainview are announcing the marriage of their daughter, Doris Elmatine Mauldin, to Billy Dale Robertson, son of Mr. and Mrs. A. H. Robertson of Kress.

A double ring ceremony was read for the couple by Dr. A. Hope Owen, June 17, in the First Baptist Church in Plainview. Vows were exchanged before an arch flanked by palms and baskets of white gladioli. Candelabra holding white tapers and a background of greenery completed the altar decorations.

Miss Mary Frank Day, organist provided appropriate nuptial music and the traditional wedding marches. Mrs. Embury Douglas sang "Because" and "I Love You Truly."

Dorothy Mauldin attended her sister as maid of honor. She wore a blue nylon sheer net dress with matching bonnet and carried a colonial bouquet of pink roses.

Bridesmaids, Sue Robertson, Mildred Greenbough, Charlsie Bohannon, Joyce Churchwell, Wanda Carter, Martha Dailey, were dressed in pastel colored net over taffeta and carried colonial bouquets of white carnations.

Kay Robertson was flower girl. Dale Mauldin and Bill Teagle lighted the candles.

Serving the groom as best man was Buster Blunt of Kress. Ushers were Pete Hudgins, Buddy Reed, Hoyt Curry, Jr., Wesley Cartwright, Bill Roberts and Jessie Hamilton.

The bride, given in marriage by her father, was attired in a colonial style gown of white nylon sheer with a net yolk. Her full skirt terminated in a train. The fingertip veil of illusion net and chintilly lace was held in place by a tiara of seed pearls. She carried a white Bible topped with a white orchid, showered with Stephanotis and satin streamers.

Immediately following the ceremony a reception was held in the Mauldin home. Mrs. Raymond Barr of Lockney assisted in serving.

The couple will be at home at 1215 Nassau, Plainview.

The bride attended school in Lockney and the groom in Kress. He is engaged in farming near Floydada.

OES MEETS MONDAY

Order of the Eastern Star, No. 437 will meet for a regular meeting Monday night, July 3 at the Masonic Hall. The meeting will begin at 8:00. All members are urged to be present.

D. W. Aycock, son of G. R. Aycock, of the U. S. Navy, has been here for the past ten days visiting. He returned Tuesday to San Diego where he will join his ship, the battleship Massachusetts.

Mr. and Mrs. J. B. Seale, Jr. of Amarillo were guests last weekend in the home of his parents, Mr. and Mrs. Brad Seale.

LIVE AND LET LIVE

Anne Hashagen Is Bride Of Lt. Tate

Mr. and Mrs. Charles H. Hashagen of White Oak Shade Rd., New Canaan, Conn., announce the marriage of their daughter, Miss Ann Kyle Hashagen to Lt. Grayson Dee Tate, Jr., son of Mr. and Mrs. Grayson D. Tate of Denver City.

The ceremony was read Saturday, June 17, at 3 p. m. in the New Canaan Congregational church with Rev. Merrell F. Clark officiating.

The bride, given in marriage by her father, wore a gown of renaissance lace over net and satin and a finger tip length veil flowing from a bonnet of matching lace. She carried an old-fashioned bouquet of white roses and baby breath.

A reception was held in the garden at the bride's home.

After a wedding trip to Martha's Vineyard and a visit to the bridegroom's home, the couple will be stationed at Fort Devins, Mass. Lt. Tate was graduated from U. S. Military academy at West Point this month.

Mrs. Jesse Wofford and children of Hereford spent the week end here visiting her parents, Mr. and Mrs. V. D. Harris and other relatives.

Elizabeth Handley At Camp Mystic

Elizabeth Ann Handley, daughter of Mr. and Mrs. Harmon Handley of Lockney, is taking part in the first term summer activities at Camp Mystic, a girls camp located on the Guadalupe River, 18 miles northwest of Kerrville.

Mr. and Mrs. F. C. Harrison are camp directors and Miss Ruth Helen Knoepfl is the head counselor.

The Kiowas and Tonkawas, the two camp tribes, add spice and excitement to camp life. Elizabeth is a member of the Kiowa tribe.

Tea At Rochester For Mrs. McMeekan

Mrs. Jimmy McMeekan, former Lockney resident, was honored Friday, June 16, with a Pink and Blue seated tea in the home of Mrs. I. E. Alvis in Rochester.

In the receiving line were Mrs. McMeekan and her mother, Mrs. S. C. Quisenberry of Lockney.

Guests were lead in games by the hostesses.

The house was decorated throughout with gladioli, roses and honeysuckle. Punch, cakes, and mints were served. Plate favors were tiny pink diapers filled with candies.

Approximately 50 guests were present.

CARD OF THANKS

We wish to express our appreciation and thanks to our many friends, neighbors and relatives who were so wonderful to us during the illness and death of our loved one.

Especially do we appreciate the lovely flowers and the delicious food. May God bless each of you for your kindness.

The Colvin Family.

Hospital News

J. J. HARRIS
FRANK DODSON
W. G. (BILL) RIGDON

Blow Hazard On Floyd Land Is Great—Cogdell

The blow hazard for Floyd County Soil Conservation District for another year is great according to Ralph R. Cogdell, Work Unit Conservationist. Approximately 100 thousand acres of land had a complete wheat failure on it this year. Almost this much more acreage has had a limited wheat harvest with little crop residue. Severe blowing usually occurs after years of crop failure. Several things can be done to reduce the chances of severe blowing. The management of crop residue (stubble) by keeping it near the surface and not burning it. Planting sorghum on land where moisture is favorable. This is especially important for chalky and sandy soils or any other type that blows easily. Large blocks of summer fallowed land can be divided by planting sorghum strips. When sorghum crops are harvested a tall stubble of 12 inches or more should be left on the surface. Early planting of wheat, if moisture conditions are favorable, will establish a good cover. Summer fallowed wheat needs more growth to protect land from blowing than wheat drilled where a large amount of crop residue has been left on the top. A good cover crop of growing plants or stubble from past crops is the best protection against soil blowing. If these methods can not be applied, the land should be roughed up and kept in a cloddy condition. Emergency tillage is costly and has to be done when the weather is disagreeable. Getting a sorghum crop or an early planting of wheat should reduce the need for it.

On irrigated land, the planting of vetch and winter peas on bare ground and cotton land makes a good cover crop. The land is protected from soil blowing and is made more productive at the same time.

A small unprotected area can start a large area to blowing. Farmers should be prepared to stop the small areas before they become large by use of emergency tillage methods.

Good cover crops of growing vegetation or dead residue will check the blow hazard and now is the time to plan to grow this protection cover.

North Floyd Gets Rain Monday

Most of the extreme north part of Floyd County received a rain Monday afternoon ranging from one inch to 4 1/2 inches it was reported here.

The rains stopped about 8 to 10 miles north of town. Reports reaching The Beacon included these: Kenneth Moody, 3-4 inch; Jack Nix, 2 to 3 inches; Wade Steele, 4 1/2 inches; Walter Sammann, 1.10 inches; Marvin Scheele, 2 inches.

Hot Weather Follows
Hot weather followed the showers of the week and the temperature soared to more than 100 degrees both Monday and Tuesday. Forecasts call for continued hot weather.

Juniors Attend Baptist Camp

A number of Junior boys from the Baptist Church attended the Baptist encampment at Blanco Canyon from Monday until Wednesday this week.

Boys attending were Donice Casey, C. F. Barker, Dee Nix, Jaudon Cobb, Gene Handley, Don Vernon, John Perry Truett, Jerry Newton, Johnny Hay, Glenn McCandless, Bennie Pat Ferry, Harold Shearer, Gale Wilson, Derrel Waldroupe, David Howell.

Counselors from Lockney were Rev. E. J. Cobb, Hilburn Casey, Mrs. Wesley Hay, Mrs. Clarence McCandless, Mrs. Clay Muncy, Mrs. Bert Vernon.

Harold Jeffcoat Gets Baseball Scholarship

Harold Jeffcoat, who has been attending a baseball school at Waxahachie for the past few weeks has received a scholarship to attend another and more advanced school at Huntsville next February according to reports here this week.

The Waxahachie school is under the direction of C. D. English, scout for the Chicago Whitesox and Harold has made quite an impression with the scout, reports say. He is expected home in a few days.

Watch your expiration date.

J. T. Hill Given Degree At Denver

Jacob Truman Hill, son of Mr. and Mrs. Pat Hill of Lockney, was among the 2500 students to receive degrees during June commencement exercises at the University of Denver.

Hill studied marketing and salesmanship and was granted a B. S. in business administration by the large Colorado school.

ATTEND YOUNG ADULT'S CONFERENCE

Mr. and Mrs. A. P. Barker, Jr. and Mr. and Mrs. C. L. Record attended the young adult's conference of the Methodist Retreat at Ceta Glenn Canyon June 24 and 25. They attended worship and classes and were entertained with recreation at night. Bishop W. C. Martin gave the address Sunday morning.

DILLARD'S WHITE ROCK LAYS 'EM BIG

A white rock hen owned by Mrs. C. W. Dillard is trying to make up for the high price of feed by laying big eggs. Mrs. Dillard brought one in to The Beacon office the past week which measured 6 3-4 inches around one way and 7 inches around the other. It weighed 3 1/2 ounces.

Mr. and Mrs. Scott McGehee of Clovis, N. M. visited Sunday with her parents, Mr. and Mrs. T. T. Threet. With them was the Threet's granddaughter, Sandra Threet of Denver who is visiting the McGehee's this summer.

TIDELANDS WEATHER BUREAU SET UP

Oil well drillers operating on steel platforms a score of miles out in the Gulf of Mexico receive weather reports pinpointing conditions around their "islands." Thanks to oil industry experiments, the new service saves lives, time, and money by accurate, up-to-the-minute warnings of local squalls and storms. This oilman's weather bureau stresses wave heights and wind velocity, in contrast to government reports which emphasize rain and temperature changes.

RESEARCH SALVAGES OIL AND WAX
A process to salvage valuable oil and wax from the settlings or waste material, in the bottom of petroleum storage pits and tanks has been developed by the Bureau of Mines, in cooperation with several oil companies. A test with 2000 barrels of waste stored for several years in an open pit, recovered nearly 600 barrels of clean oil containing 15-18 per cent of valuable microcrystalline wax.

There is probably no small fish that can be found in so many different waters and so willing to attack bait, whether real or artificial, as the rock bass. Known by a lot of names ranging from rockie to Goggle Eye—because of his big, red eyes—he is a feeder of the first water, and stands very high as a delicious pan fish when caught in good, cold, running water. He is a lover of company, rarely seen alone. In still water he is more often found around under water weed beds, stumps, etc. Seldom growing in excess of 3-4 of a pound in weight, he is scrappy often fooling even the knowing angler into thinking it is a black bass on his line. Among the more familiar or common lures on which the rockie can be taken are live minnows, size being no obstacle. Upon worms and grubs he is an

eager feeder, there seeming to be no end to his appetite. Grasshoppers and small frogs also fall prey to this little fellow's hunger, as for artificial lures, much sport can be had when the may flies are swarming the banks and falling on the water, by casting for him with nature lures. He is not as particular and choosing a fish as the trout or bass. Most any fly will serve to get him. He is also guilty of attacking the more vicious looking artificial plugs. All in all, though looked down upon by numerous anglers after larger game fish, the rock bass has often been fallen back upon to fill an empty creel.

If you have the fishing urge, let me advise you to take up the casting of artificial lures. It is commonly referred to as bait casting, despite the fact that it is far removed from worms, frogs and minnow buckets, and nothing in the way of line bait will enter your equipment. The lure caster's requirements is simple—a good rod, a free running reel and several good lures such as surface lures, shallow running lures and deep running lures, and buy standard makes. Don't make the mistake of buying lures at the 10¢ store. They may look good to you but they won't catch fish. The people that make the good lures have spent, in some cases, years experimenting with them and getting the action in them that will catch fish. After you have learned to use them, you can go anywhere there are game fish and day in and day out, catch more and larger ones than if you used the liveliest frogs that ever baited a hook.

There is nothing slow about casting with artificial lures. It is not a waiting game. You do not sit on the end of a pier or doge away in the sunshine. It is all action and from the moment you are on the fishing grounds and have your rod assembled, you will be busy shooting your lure into every place that is likely to hold a feeding fish. Your success will depend on the judgment you use in selecting the right spots in which to drop your lure and the accuracy with which you place it. A reasonable degree of skill is easily attained and after that fishing is never a waiting game. No longer do you wait for the fish to come to you. It is you who go after the fish. You can cast into every spot likely to hold one. Even when they are few and far between, there is as much satisfaction in casting accurately as there is in making a bull's eye shot with a rifle.

The largest fish ever caught, a 15 ton whale-shark, was taken in 1912 off the Florida Coast by Capt. Charles H. Thompson of

OUR DEMOCRACY — by Mat

THAT BOLD SCRIPT IS THE HANDWRITING OF ONE OF THE SIGNERS OF THE DECLARATION OF INDEPENDENCE, WHO WROTE IT THAT WAY SO EVEN KING GEORGE III COULD READ IT WITHOUT SPECTACLES. NOW, 174 YEARS LATER, THE VALIDITY OF THE PRINCIPLES OF THAT FAMOUS DECLARATION ON WHICH OUR WAY OF LIFE WAS FOUNDED MEETS WITH A WORLD-WIDE CHALLENGE FROM TOTALITARIANISM. IN THE SPIRIT OF THE SIGNERS, LET US, BEFORE ALL THE WORLD, REDEDICATE OURSELVES TO THE CAUSE OF FREE MEN AND INDEPENDENCE AND—LIKE JOHN HANCOCK—ASSERT OUR POSITION IN WORDS SO BOLD AND CLEAR THAT EVEN THE BLINDEST OF DICTATORS CAN READ THEM WITHOUT SPECTACLES.

Miami, after a 36-hour struggle. The fish was 45 feet long and its liver alone weighed 1700 pounds. Pillings of Knight's Key trestle were smashed like match sticks when the fish casually flipped his tail and the propeller of a 30 ton yacht was crushed when an attempt was made to tow the fish. A seagoing tug was finally recruited and the whale-shark was towed 110 miles to Miami where it was beached and viewed by thousands. Well, that was one big one that did not get away.

Nothing can so quickly convert a joyous hunting or fishing trip into a painful "bust" as ivy poisoning, which, when extensive, can be dangerous, as well as disagreeable. Take along a small bottle of household ammonia. When you know you've touched poison ivy, sop the area affected with plenty of the undiluted ammonia. This will kill the ivy acid. If the tiny, whitish, itching, blisters have already appeared, break them by rubbing

with a clean cloth and apply plenty of the full strength ammonia. The alkali will burn, but it will neutralize the ivy acid. If the case is very severe, and covers a large area, the patient should see a doctor.

However, if you always have the ammonia along, you can usually "break up" the poisoning

at the start. Persons sensitive to poison ivy may usually keep free from its effects by keeping a watch out for it. Suspect every three leaved plant you see, particularly if glossy green, or green and reddish. "Leaflets three — let it be" is a good rule to follow strictly.

Pop-Sorghum Is New Corn Development

College Station—Pop-sorghum—a cross between Haiti's Petite mil and India's Shalu developed by plant breeders of the Texas Agricultural Experiment Station—has one big edge on popcorn.

The hull is thinner and more tender so there is less husk to lodge between the teeth. It's just as delicious—most of the few people who have sampled it so far say more so—and as nutritious as popcorn.

The expansion of pop-sorghum is around 15 to 1, about the same as the popcorn varieties of 10 years ago, but not nearly so high as the 25-30 to one expansion of the large grained popcorns of today.

R. E. Karper, agronomist in charge of Texas A. & M. grain sorghum investigations, said the aim was to come up with a farm or home confection for areas where sorghum does well and corn does not. As it turns out, its small size makes it a natural for packaged caramel and candied confections.

Mr. Karper also sees possibilities for its use as a puffed breakfast cereal. Pop-sorghum stays crisp for a considerable time after being popped.

The Texas station has distributed a small amount of pop-sorghum seed to seedsmen for increase and distribution to the trade. No further seed is available for distribution in 1950.

Mr. and Mrs. Lewis Busby, Mrs. Nettie Hancock and children visited last weekend with Mrs. Busby's brother, R. A. Williams and family at Clarendon.

Your driving "score" will be low for operating costs . . . high for power and performance . . . when you OIL-PLATE your engine with new Conoco Super Motor Oil.

Proved by 50,000-Mile Road Test! After a brutal 50,000-mile road test, engines lubricated with new Conoco Super Motor Oil showed virtually no wear at all . . . in fact, an average of less than one one-thousandth of an inch on cylinders and crankshafts.

This means that—with proper crankcase drains and regular care—new Conoco Super Motor Oil can keep new-car power . . . new-car performance . . . new-car gasoline mileage . . . year after year!

Ask Your Mileage Merchant for Conoco Super Motor Oil today! It's far and away the champion of 'em all!

Come in and let me tell you about "50,000 miles no wear!"

CONOCO Super MOTOR OIL

62nd CONTINENTAL OIL COMPANY

ANOTHER STRIKE

AGAINST THE PUBLIC AND INDUSTRY AND AGRICULTURE SERVED BY FIVE WESTERN RAILROADS

President Truman's EMERGENCY BOARD recommends a 40-hour week and a pay increase of 18 cents an hour, or \$1.44 a day for switchmen represented by the Switchmen's Union of North America.

• Notwithstanding the tremendous increase in their expenses involved, the

Railroads' answer to Board is . . . YES!

Union leaders' answer to Board is . . . NO!

In face of Board findings to the contrary, union leaders insist on 48 hours pay for 40 hours work. This would be an average increase of 31 cents an hour, or \$2.48 a day. So Union leaders have called a completely unjustified strike on 5 Western railroads, effective June 25.

On June 15, an Emergency Board appointed by President Truman under the terms of the Railway Labor Act recommended the railroads grant switchmen a 40-hour week and a wage increase of 18 cents an hour, or \$1.44 for an 8-hour day.

Despite the added financial burden involved, the railroads are ready to accept these recommendations, as they have always accepted Emergency Board recommendations on national issues.

But the leaders of the Switchmen's Union refuse to accept! They demand an average increase of 31 CENTS AN HOUR OR \$2.48 A DAY—although their present earnings are substantially higher than those of workers in other industries!

Board Says Demands Unjustified
In its report, the Board declared this demand unjustified by all the evidence presented. It also pointed out that it would give the switchmen an unfair pay advantage over other groups of railroad employees, and would add too great a burden to railroad costs.

Here is another case of a railroad union flouting the findings of an Emergency Board—another case of calling a crippling

strike in an outrageous and reckless attempt to force demands which the Board clearly labels as unjustified!

Leaders of the Switchmen's Union are calling this strike in defiance of the Board—in defiance of the facts—and at the expense of the public!

In its report on this case, the Board made this statement:

"The railroad industry, the Board believes, needs above all else a period of relative stability to adjust and adapt itself to present competitive post-war conditions."

Despite this warning, the leaders of the Switchmen's Union are upsetting the apple-cart—forcing a completely unjustified strike against everybody who uses the railroads.

FIVE WESTERN RAILROADS AFFECTED BY THE JUNE 25 STRIKE

The five railroads affected by this strike, which goes into effect at 6:00 A.M. local time, Sunday, June 25, 1950, are:

- Chicago Great Western Railway Company
- Chicago, Rock Island & Pacific Railroad Company
- The Denver & Rio Grande Western Railroad Company
- Great Northern Railway Company
- The Western Pacific Railroad Company

It is time to put an end to such American tactics!

The Answer to a Raw Attempt At Dictatorship is "No!"

In the interest of the public who depend on the railroads every day, there can be only one answer to this outrageous and dictatorial action by the leaders of the Switchmen's Union. And that answer is—

We are publishing this and other advertisements to talk to you at first hand about matters which are important to everybody.

Philippine Defenders Entitled To Citation

Austin, Tex.—Colonel Oscar B. Abbott, Chief of Texas Military District, received information that ex-Prisoners of World War II who served in the Philippine Defense Campaign and those who fought in the Philippine Campaign in 1944-45, are entitled to the Philippine Republic Presidential Unit Citation Badge.

Each individual must submit a request for proper forms to the American ex-Prisoners of War National Headquarters at Bellevue, Washington. After receiving the form, they must be filled out in quadruplicate and mailed to Headquarters National Defense Forces, Camp Murphy, Quezon City, P. I. The forms may be obtained by request in writing and no charge is attached for this service.

The portion of the order authorizing this foreign decoration for American Service personnel reads as follows:

"... The Philippine Republic Presidential Unit Citation Badge is awarded to all members of the Armed Forces of the Philippines including members of the Philippine Merchant Marine and all members of the Armed Forces of the United States in the war against the Japanese Empire during the period December 7, 1941 to May 5, 1942, and during the Philippine Campaign of Liberation in 1944 and 1945."

Joyous confidence and eager anticipation both shine in the eyes of 7-year-old Virginia Lee Brown, Borger, Texas, polio patient in the out-patient clinic of the Texas Scottish Rite Hospital for Crippled Children in Dallas. L. R. German, brace maker (left) has assured Virginia that she will soon walk again. Her father, T. A. Brown, (right) lends a helping hand in fitting the specially made braces. Many children, polio victims and others, get the best possible medical care and attention at the Scottish Rite Hospital. The charity hospital, now serving humanity for 27 consecutive years, is supported by contributions from kind-hearted Texans all over the state.

Amarillo Boy Wins Parks Scholarship

Lubbock. — Pete Aboytes of Amarillo will study chemical engineering at Texas Technological college as a Hiram Parks scholar.

Selection of Aboytes, Route 3, Amarillo, as winner of the 1950 scholarship given annually by Mr. and Mrs. Hiram Parks, operators of a chain of theaters in Texas, was made by the Texas Tech committee on scholarships and awards. Funds totaling \$350 a year are made available with any high school graduate of Latin-American descent in the Panhandle or South Plains eligible.

Aboytes, son of Felipe Aboytes, laborer for the Santa Fe railroad, was among the top fourth of the May graduating class of Amarillo high school. He is 17 years old, the oldest of four children, majored in English, science and mathematics, was a member of the student council in high school and lettered in wrestling.

In his letter of application, studied by the staff of the Foreign Language department, young Aboytes said he desired to be a chemical engineer and needed financial help to come to Tech. He pointed out that he has worked on farms, in grain elevators and other activities.

Mr. and Mrs. Parks, in setting up the scholarships, said they hoped to encourage deserving Latin-American students to continue their education through college and in becoming leaders among their people. They pro-

vide \$350 annually to a student in each of the four classes at Texas Tech who maintain high grades. A new scholar is selected each summer.

Journalism Head Named At Tech

Lubbock.—Appointment of J. Russell Heitman, news bureau director of the University of Alabama and secretary-manager of the Alabama Press association, as head of the Texas Tech department of journalism has been announced by Pres. D. M. Wiggins. Heitman, 45, will succeed Cecil Horne, head of the department since its organization in 1934 and director of Tech publicity since 1936. Prof. Horne, who has reached the retirement age for administrative officers, will remain in the department as full professor.

Mr. and Mrs. Gene Leggett and daughter from Houston visited Mr. and Mrs. Bill Hodel last weekend.

Watch your expiration date.

4-H Girls Vie For Honors In Dairy Foods Demonstration

June is dairy month. Milk production hits its annual high, and according to the U. S. Department of Agriculture, this month may set an all-time record.

Trying for a record, too, are some 4,200 Texas 4-H girls who are thinking up new ways to use the abundant supply of milk. They are participating in the 1950 National 4-H Dairy Foods Demonstration program, and will vie for top honors in county as well as in state and national competition.

Under guidance of local club leaders and Extension agents, the 4-H'ers work individually and in teams to show club members and other groups the latest methods of preparing tasty, nutritious dairy foods. Favorites in the summertime menus for Texas 4-H families are ice cream, milk drinks, frozen desserts and cottage cheese dishes.

While a demonstration looks easy, it is by no means easy to achieve, reports a national champion. Many hours of study and practice go into perfecting a demonstration before the girls are ready to step on the stage in their crisp white uniforms —

poised, confident and sure of their subject. They also must be ready to answer questions from the audience afterwards.

Awards for outstanding performance are provided by the Carnation Company, sponsors of the program. Gold medals are presented to county winners, while each state winner is given a handsome watch. A trip to the National 4-H Club Congress in Chicago next November is in store for eight national champions.

Last year national and state honors were won by Alice Faye Davis of Leming. Gold watches also were presented to Gerolean and Grace Elaine Gisler of Victoria. They also were awarded county medals, along with 26 other 4-H Club members.

The program is arranged by the National Committee on Boys and Girls Club Work and supervised by the Cooperative Extension Service.

HERE FOR SUMMER

Karry Martin of Long Beach, Calif., arrived here recently to visit his aunts, Mrs. Buck Sams and Miss Juanita Thompson for the summer. Karry, an 8-year-old boy, made the long trip by bus unaccompanied.

Lone Star News

By Mrs. Harold Griffith

There was a community ice-cream supper and farewell party for Rev. and Mrs. G. C. Tiner Wednesday night at the home of Mr. and Mrs. W. T. Rankin and children. The Tiners are moving to Roaring Spring, Texas to live and where Rev. Tiner will be pastor at the Baptist church there. The community will miss them very much but wish for them much happiness and contentment in their new home.

Mr. and Mrs. Clyde Farish attended the funeral in Floydada last Wednesday of Mrs. B. C. Willis.

Mr. and Mrs. Royce Glenn Smith of Lipan visited in the Jack Frizzell home from Tuesday until Thursday. Mr. Smith is a nephew of Mrs. Frizzell.

Those enjoying ice cream in the Bob Merrell home last Tuesday night were Mr. and Mrs. D. J. Phillips and family, and Mr. and Mrs. Gene Belt and sons.

Betty Ann Nance visited in Plainview last week with her sister and family, Mr. and Mrs. Olin Grant.

Mr. and Mrs. Harold Griffith attended the funeral in Floydada last Wednesday of Mrs. B. C. Willis.

L. M. Readhimer was treated in the Floyd Co-operative hospital from Friday until Sunday evening for the flu.

Mary Ann Rankin spent Thursday night and Friday with Jimmy Dee Smith in Lockney.

Mrs. W. T. Rankin with Mrs. Ben McGhee were in Lubbock last Thursday morning on business.

Mr. and Mrs. Harold Griffith and sons were dinner guests in the V. D. Harris home Wednesday night. Others present were Mrs. Jesse Wofford and sons of Hereford, Mrs. Raymond Nelson and Janie of Petersburg and Irene Harris.

Mary Evelyn Manning and Mr. and Mrs. Bailey Henderson and LaJuan were visitors at the hospital in Plainview Friday to see little Vickie Rodgers who is still being treated there for burns received some time ago.

Mrs. W. T. Rankin and Mary Ann visited with Mrs. R. C. Phillips Friday afternoon.

Betty June Jackson spent Saturday and Sunday visiting Janie Rhodes.

Mr. and Mrs. Floyd W. Jackson carried their daughter to Austin Saturday.

Mr. and Mrs. J. B. Nance visited in Plainview Sunday with Mr. and Mrs. Olin Grant and boys.

Rev. and Mrs. Ross Harmonson of Plainview were dinner guests Sunday in the G. C. Tiner home. Rev. Harmonson preached Sunday morning and night for the people.

Mr. and Mrs. Jack Frizzell and children with Mr. and Mrs. Reed Lawson and Sandra were dinner guests Saturday night in the Lowell Jarrett home.

Pat Frizzell was a dinner guest Sunday in the Clyde Farish home.

Jimmie Rankin visited with Eddie Joe Foster Saturday.

Mr. and Mrs. Reginald Brown and children of Clovis, N. M. were dinner guests in the W. T. Rankin home Sunday.

Visitors in the L. M. Readhimer home late Sunday afternoon were Mrs. Almada Rowell and

Big Four-Day Rodeo Slated At Levelland July 1st Thru 4th

Residents of Hockley county and the Levelland area this week were making extensive preparations for a four-day rodeo, expected to be the best in the history of the six-year-old Levelland Rodeo association.

The show which starts on July 1st and climaxes on the Fourth is expected to draw spectators and top contestants from the entire area.

Stock for the four-day show will be furnished by Buck and Tommy Steiner of Austin. Steiner has promised one of the greatest strings of bucking stock ever turned into a west Texas arena and Levellanders are expecting an outstanding show.

Rodeo fans will be treated to the best in saddle bronc riding, bareback bronc riding, bull and calf riding and bulldogging. Added prizes of \$500 have been made available for winners in each of these contests as well as \$300 in prizes for the ladies sponsor contest. A total of \$3,300

in prize money has been added for the entire show.

The four days of western festivities will get underway at 5 p. m. on Saturday, July 1, with a mammoth parade staged in downtown Levelland.

A special barbecue for Sheriff Posse guests has also been scheduled by the Levelland Rodeo association. The barbecue will be held at the rodeo grounds immediately following the parade and prior to the opening rodeo performance.

Square dancers from neighboring cities will join Levellanders in special square dance contest Monday night. Prizes will be awarded to winners in this event and dances at the rodeo clubhouse will follow rodeo performances on Saturday, Monday and Tuesday night.

Rodeo Secretary D. N. Bills summed up the possibilities for an outstanding four days of fun in this way: "This rodeo shows prospects of being the best we have ever had."

He has a string of outstanding stock, a lot of hardworking civic club and Rodeo association members and a promise of some of the area's best rodeo performers to make his prediction come true.

Bobby Louise Buth is spending this week in Ruidosa, N. M. as guest of Shirley Brown.

Mr. and Mrs. Ralph Brown and girls returned to Ruidosa, N. M. on Monday, after spending the past three weeks here in their country home, and also visiting with their children.

Mrs. Ben Quebe, Mrs. M. C. Scheele, Mrs. Ben Brandes, Mrs. L. B. Brandes, Mrs. Wilfred Stoerner and Mrs. Albert Scheele attended a Stanley party in the home of Mrs. Virgel Brashear on Monday afternoon.

Providence received a wonderful rain Monday afternoon. Mr. Scheele reported 2 inches fell on his farm. Others reported from .70 to 1.10 inches. This will certainly benefit the on-coming crops.

The Luther League boys of Providence played the Luther League boys of Slaton a game of softball on Sunday, June 25. The score being 4-5 in favor of Providence. The Slaton boys invited Providence team to Slaton Sunday, at 3 p. m. to play another game of softball. Both teams played good last Sunday.

The mens softball team of Providence also played Liberty Sunday evening, score being 1-18 in our favor. Monday night the Providence men played Aiken team, score being 9-15 in favor of Aiken.

Rev. H. L. Anderson left this week for Columbus, Ohio to join his wife and son and spend his annual vacation with friends and relatives there. Mrs. Anderson and David have been out there since the first of June.

Trinity Lutheran Church H. L. Anderson, Pastor L. B. Brandes, S. S. Supt. Albert Scheele, Choir Dir. Mrs. Jack Faver, Organist July 2nd. No Sunday School or Worship will be conducted this a. m.

The "Candle Light Circle" meets at 3 p. m. in the Educational Unit, with Mrs. Ben Quebe as hostess. Rev. D. L. Schorlemer of Amarillo, Pastor of the "Beautiful Savior Lutheran Church," will be guest speaker. His topic will be on "American Missions."

July 3rd. Evangelism meeting at 8:30. There will be a guest speaker. Choir rehearsal every Wednesday at 8:30 p. m.

Seed Laboratory Reopened At Tech

Lubbock.—Establishment of a State Seed laboratory on the Texas Tech campus has been announced by Dr. A. W. Young, head of the department of plant industry.

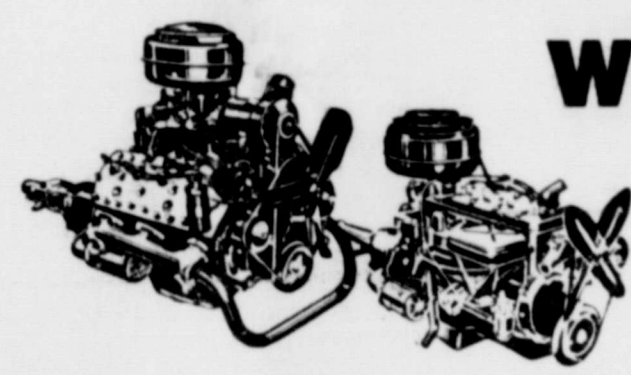

The laboratory, in charge of Robbie L. Gill, Tech graduate, will serve West Texas farmers and seed dealers in testing seed samples, including those from the West Texas area used as a basis for enforcement of the Texas Seed Act.

Tech and the state division of agriculture will cooperate in operation of the laboratory in Room 116 of the agriculture building. J. E. McDonald, state commissioner of agriculture, has advised Dr. Young that reopening of the Lubbock setup will result in better operation and service in testing and in law enforcement.

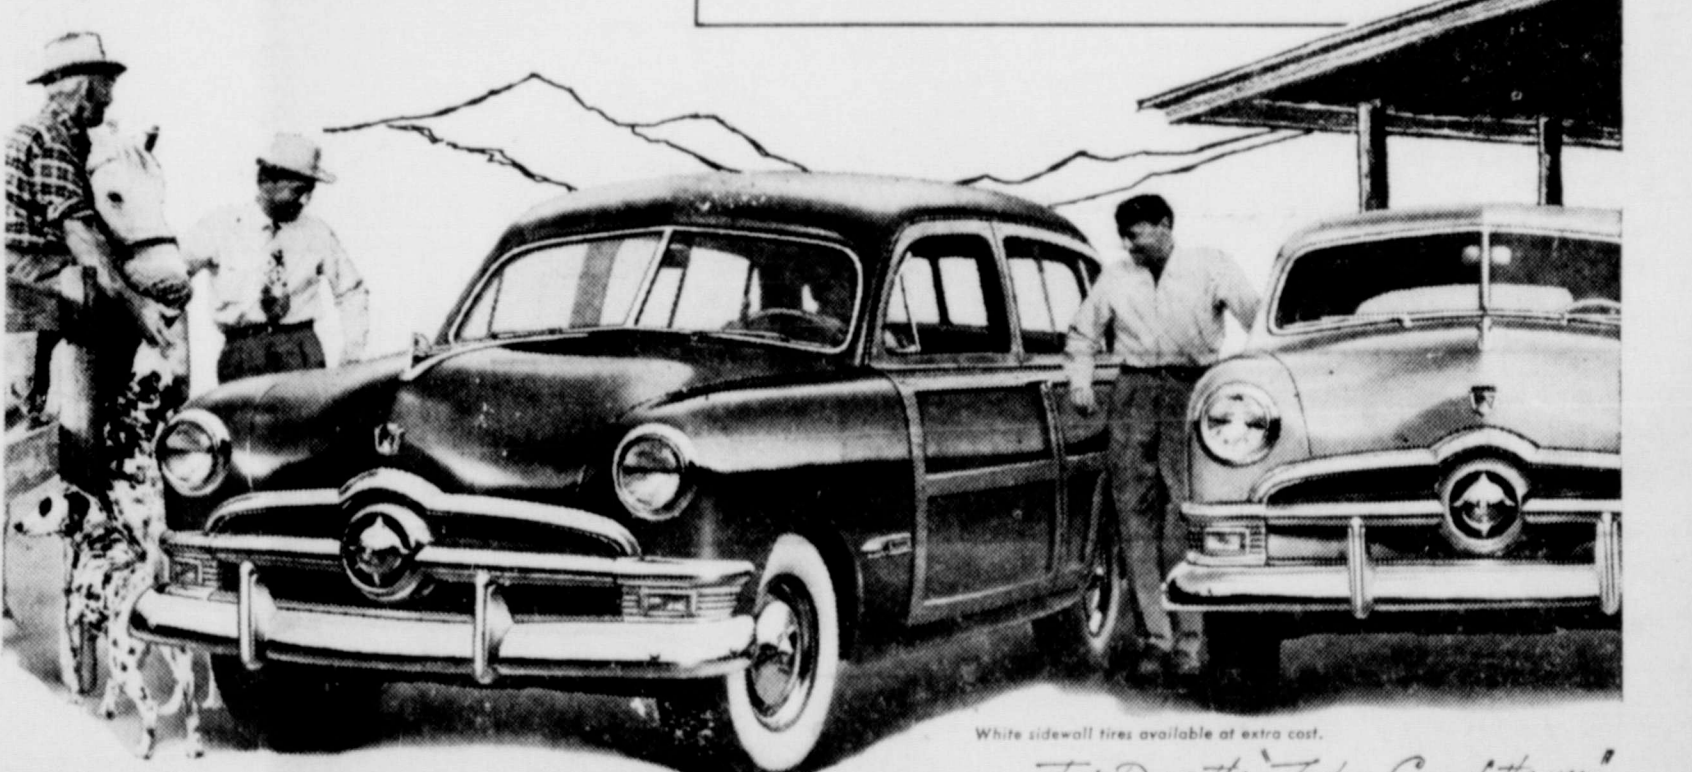

Dr. Young said the most modern equipment has been installed and officials are hopeful farmers and dealers will use facilities to the fullest extent.

Legion Wins Two—
(Continued from page 1)
Reecer and Thompson were on the mound for the Lions.
In the final game of the night the Legion won another game, defeating Brunnier 19 to 10. The Brunnier team gathered more hits, 14 to 10, but errors in the field was too much for them. Bybee pitched for the winners while Newman, Shell and Johnson pitched for the losers.

The Lockney Ladies' Team was defeated 5-4 by the girl's team from Spur last Friday night at the local field. Polly Barnett was the pitcher, Betty Givens the catcher.

Leonard Hartley Ordained Sunday

In a service performed Sunday afternoon, June 25, at Edmonson, Leonard Hartley was ordained to the ministry.
Rev. E. J. Cobb preached the ordination sermon, and Leonard's father, W. R. Hartley led the ordination prayer. Rev. A. L. Shaw of Happy also took part in the service.
Leonard will be supply pastor at Edmonson until fall when he will enter college.
Attending from Lockney were Rev. and Mrs. Cobb, Mr. and Mrs. C. D. McCandless, Mr. and Mrs. Jack McCandless of Ralls, Mrs. B. B. Vernon, Mr. and Mrs. W. R. Hartley, Edgar Hartley and Bonnie Singer.

Mr. and Mrs. Leslie Floyd left Thursday for Corpus Christi where they will visit their daughter, and for Harlingen where they will be for an extended time.

County Council—
(Continued from page one)
Petty, County Home Demonstration agent.

After Council was adjourned Mrs. Raymond Teeple called the T. H. D. A. Committee to order for a business meeting and the election of a county T. H. D. A. Chairman and delegates to the state convention at Big Spring. Mrs. Jno. Smitherman was elected to serve as Secretary. Mrs. Teeple asked that the T. H. D. A. PLAN OF WORK report form, and the books read from the approved reading list be sent to her. She read the names of nominees for delegates and candidates for state officers in the Association.
Mrs. S. J. Latta of Sunnyside, was elected to serve as the County T. H. D. A. Chairman for the next two years. Delegates elected were Mrs. S. J. Latta, Mrs. P. F. Bertrand of Homebuilders; and Mrs. W. E. Grimes of the Friendship Club. Alternates elected were Mrs. Donald Finkner of Harmony; Mrs. J. E. Tierce of Lockney; and Mrs. Lee Pope of Pleasant Valley.

Present at the Council meeting were Mrs. C. L. King of Lone Star, Chairman and Mrs. Jno. Smitherman of South Plains, Secretary; Mmes. W. B. Jordon of Center; Ruth Daniels of Dougherty; W. E. Grimes and W. H. Bethel of Friendship; Donald Finkner and Everett Miller of Harmony; P. F. Bertrand and O. G. Mayfield of Homebuilders; J. E. Tierce of Lockney; Raymond Teeple of Lone Star; R. L. Pope, Pleasant Valley; L. B. Brandes, Providence; C. B. Carmack, Sand Hill; A. V. Womack, Sand Hill; Lenton Lanhan, South Plains; Wesley Hay of Sterley; S. J. Latta, Sunnyside; and Miss Petty agent. Visitors were Mrs. J. P. Taylor of South Plains and Mrs. E. H. Spears of Dougherty, and Misses Shirley Womack and Patricia Spears.

R. E. Dickson, Of Spur, Dies Monday

Spur.—R. E. Dickson, who long has been closely identified with the agricultural progress of West Texas, and who has been superintendent of the Spur Experiment substation since 1914, died at 3:40 p. m. Monday in West Texas hospital in Lubbock. He was 61.
Funeral services were conducted at 10 a. m. Wednesday in the First Christian church. Burial was in Spur cemetery.
Pioneer in Farm Work
To most farmers and stockmen of the rolling plains, Dickson was the personification of agricultural research in Texas. He was the author or co-author of many reports announcing research findings that now are commonplace in agricultural economy. His outstanding work brought him numerous citations and awards.

Lions Win But Rotarians Protest

The Lockney Lions Club won a protested decision over the Lockney Rotary Club in the softball game played on the Lockney lighted field last Friday night. The final score was 19-11.

The Rotarians led most of the way but the Lions, through the use of what was described as "questionable tactics" pulled ahead in the last inning and won the game. On the mound for the winners were George Webster and Howard Thornhill while Mort Crapster and Curtis Kelley pitched for the losers.

The Rotarians particularly objected to the Lions practice of "protruding too far over home plate while at the bat." It was reported. It appeared that this practice was a considerable handicap to the Rotary club pitchers and hindered them in their efforts to get the ball over.

Another common objection was the officiating. Rotarians reported. The official was reported to be a member of the Lions Club in disguise and his decisions were reported to have been very biased.
Fortunately no blood was shed in the encounter although it was necessary for Deputy Sheriff Olan Poteet to arrest two prominent members of the clubs in order to quiet the noise and confusion. Deputy Poteet placed the handcuffs on Mayor G. M. Brunnier and Claude Hammond, president of the Lions Club and chained them to a post in centerfield.

Art Barker Sr. entered the picture at this point and sought to get even with the chained up pair for some long past wrong by hitting and kicking them while they were chained to the post. Rumors of a suit against Art for assault and battery with intent to do bodily harm have been floating around this week.

Another star for the Rotarians turned out to be Jake Griffith whose powerful hitting was a major factor in the game even though Jake did have trouble getting to first base. It was reported that Jake had trouble with his feet and traveled most of the distance on his face.
However, local drug stores reported that linament sales the day following the game were disappointing in spite of an advanced "special price" for members of the clubs.

The Rotarians are preparing to throw a challenge for a return game in the face of the Lions, officials said this week. They also plan to challenge the Floydada Rotary Club to a game it was said.

Each club realized a net amount of about \$19.00 from the Friday game which will be used in local projects.

Falfurrias, Texas, was named from an Indian word meaning "the land of heart's delight."
