## 40 Animals To Be Shown In Jr. Livestock Show

Indications here Wednesday were that more than 40 animals would be shown in the Third Annual Lockney Junior Livestock Show Saturday of this week. The entries will be beef calves, swine and sheep belonging to Future Farmers and 4-H club boys in this part of Floyd County.

Jesse Cox is General Superintendent of the show which is sponsored by the Lockney Rotary Club, Lockney merchants and others the past week donated more than \$200 in prizes to be given winners at the show.

Animals must be in place by 11 a. m. Saturday and the judging will be at 1 p. m., it was said. Animals are to be weighed at the Baxter & Smith scales here.

In the swine and sheep classes first prize is \$4 with second taking \$3 and all other entries \$1. The Grand Champion in each of these gets \$4 and a rosette with the reserve champion being awarded \$3 and a rosette.

In the fat beef classes first prize is \$10, second prize is \$7.50 and third is \$5 with all other entries getting \$2. The Grand Champion gets \$10 and a rosette while the reserve champion gets \$5 and a rosette.

Following are the classes scheduled for the show:

1. Fat Lambs, light.
2. Fat Lambs, heavy.
3. Grand Champion Lamb.
4. Reserve Champion Lamb.
5. Light Barrows.
6. Heavy Barrows.
7. Grand Champion Barrow.
8. Reserve Champion Barrow.
9. Breeding Gilts.
10. Sows that have farrowed.
11. Light Steers.
12. Heavy Steers.
13. Grand Champion Steer.
14. Reserve Champion Steer.

In addition a leather show halter is being offered for the best calf showman and a show stick is to be given as a prize for the best pig showman.

The show will be held at the PMA barns in south Lockney. Following is a list of the boys and the number of animals they expect to show. Possibly other boys, in addition to these, will have animals in the show.

Calves—Robert Lee Brown 2, John Alvin Dorman 1, Bobby Baxter 3, Ray Ford 2, Rayford Martin 1, Barry Thompson 2, Deanie Henderson 2, Wendell Sims 1.

Swine—Joe Taylor 2, Warren Mathis 1, Ronald Reecer 1, C. B. Smart, Jr., 2, Don Bartram 2, Joe Cunyus 2, Bobby Griffith 1, Jerry Bartram 2, Royce Carthel 1.

Sheep—Durrell Fortenberry 4, Norton Baker 1, Dorsey Lynn Baker 2, Eddie Fortenberry 2, Billy Terrell 4.

## Band Concert Set For March 15

Band Director Gene Trimble announced this week that the Lockney High School band would present their first concert of the school year at the City Auditorium on Thursday evening, March 15. The program will begin at 8 p. m.

Mr. Trimble said that he expected to have a 50 piece band ready for the concert. This is probably the largest band that Lockney High school has had in several years. He also said that the band would be using a number of new instruments for the first time in public performance. The school recently bought around \$2,000 worth of band instruments.

The music presented should suit all tastes since it will consist of some classical, some marches and some popular numbers, he said.

Admission of 50c will be charged with the money derived from the sale of tickets being used to help pay for the instruments. Members of the band will sell tickets in advance of the concert.

## Lockney Girls Win District; Enter Regional

The Lockney High School girls have won the district basketball title for the second year in succession and are today (Thursday) entering the regional 1-A meet at McLean.

The girls will play the Shamrock girls at 8:30 Thursday night of this week. The first game of the night will be between Canyon and Spur girls.

On Friday night Dalhart, who drew a bye in the first round, will play the winner of the Canyon-Spur game, while McLean, who also drew a bye, will play the winner of the Lockney-Shamrock game.

The championship and third-place games will be played Saturday night. First, second and third place trophies will be awarded and a 12-girl all tournament team will be selected, each of these being awarded a miniature basketball.

Only two towns invited the tournament, Dalhart and McLean, and McLean was selected over Dalhart.

The local girls earned the right to represent this district, 3-A, by sweeping every game in the district tournament last week at Wayland gym in Plainview. Playing against Paducah, Spur and Tullia, the girls came out of the tournament without a loss. Spur girls are the runner-ups in the district, having lost only to Lockney in the tournament.

All the district games were hard-fought, close games. The Longhornettes won each one by only four points. They led all the way in all the games but were never able to build up a comfortable lead in any of them.

On Monday night of last week, the local girls defeated Paducah 33-29. On Thursday night the girls defeated the tall Spur team 18-14 in a strictly defensive battle. The tall Spur guards held the Lockney forwards well in check with only an occasional break-through for a crisp shot, but Lockney guards Nelda Schaffner, Patsy Poteet and Pat Pylant did an even better job on the Spur forwards forcing them to take all their shots from far out in the court.

On Friday night the Longhornettes defeated the Tullia team 20-16 in another hard-fought close game, giving them a clean sweep of the tournament.

Starters for the Longhornettes were Velma Seale, June Wiley, Elizabeth Handley, forwards, Nelda Scaffner, Patsy Poteet and Pat Pylant, guards. Other players are Audrine Rhine, Ann Cooper, Susie Farish, Mary Jo Bonner, Betty Johnson, Rosemary McDonald.

Funeral services were pending Wednesday while relatives here were attempting to locate a brother in California and one at Brownfield.

Mr. Griffith had been a resident of Lockney all his life, having been born here on October 11, 1894. He was engaged in the cattle business here for several years.

He was married to Jeffie McGhee on July 22, 1921 at Lockney. The couple have made their home in and near Lockney since.

Mr. Griffith was a veteran of World War I, serving overseas one year with Company H, 141st Infantry of the 36th Division. He was discharged July 3, 1919.

He was the son of Daff and Mattie Griffith, pioneers of Lockney and Floyd County. His father passed away in 1921. His mother survives him and still lives here.

Other survivors include his wife, six brothers and one sister, as follows: Jake and Theo of Lockney, Roy of Plainview, Jim of Brownfield, Frank of Dallas, and Fred, who lives in California, and Mrs. Frank Dodson of Lockney.

Watch your expiration date.

## Warren Embree New Employee At Bank

Warren Embree is a new employee of the First National Bank in Lockney. He began work here Tuesday morning. He replaces John Parker who has moved to Aspermont where he will go into the farm implement business.

Mr. Embree comes here from Raymondville, Texas, where he was with the First National Bank for a short while. Prior to that he served as cashier of the First State Bank of Petersburg for about 12 years.

Mr. and Mrs. Embree have two daughters, Mary Virginia, age 9, and Carolyn Kay, age 4. They are living in an apartment in the second story of the bank building at present.

## LARGE NUMBER EXPECTED AT CHURCH DEDICATION SERVICES

A large crowd is expected to attend the dedication service at the Lockney Baptist Church Sunday. The dedication services will be held starting at 1:45 p. m. Speaker will be Rev. A. A. Brian, vice-president of Howard Payne College, Brownwood.

Regular services will be held Sunday morning starting at 10 o'clock. A basket dinner will be served at the church at the noon hour and a great many out-of-town people are expected. More than 200 invitations have been

sent to former members and friends.

Two former members of the church, Rev. Leonard Hartley of Edmondson and Rev. A. L. Shaw of Happy, will also appear on the program.

The church history will be told by Mrs. Sid Thomas. The church is 60 years of age this year. Mrs. Thomas will give a full account of the church's progress from its first organization.

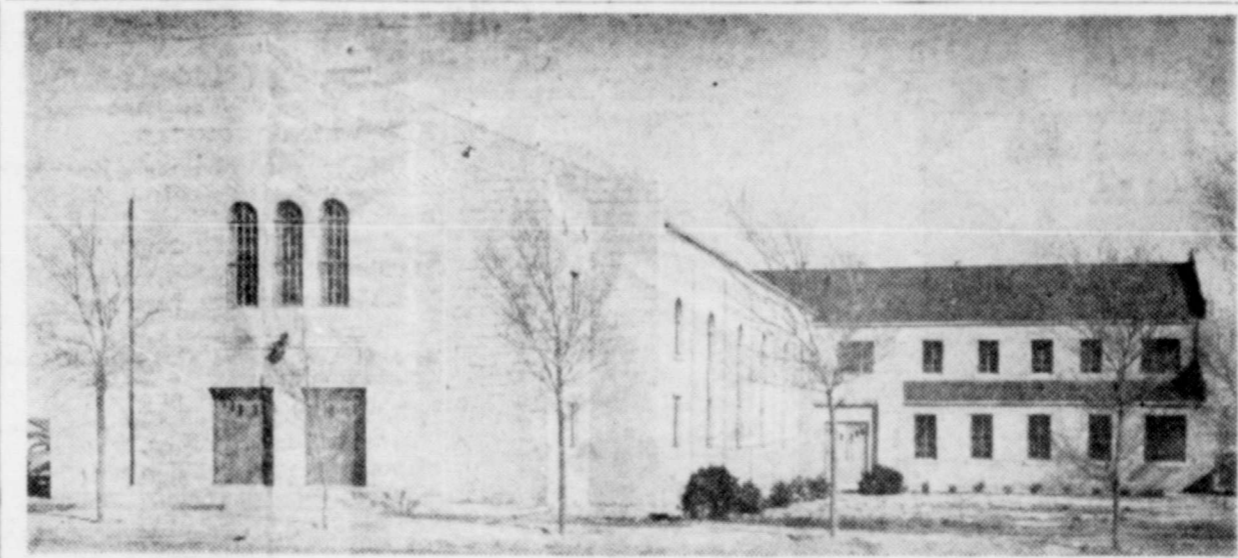

The note burning ceremony will be presided over by John

Hodel and R. T. Spence, both of whom have been a member of the church for a great many years. Mr. Hodel was on the building committee when the old church was constructed in 1918.

Rev. F. E. Swanner of Plainview, missionary of District 9 will preach at the evening service, following the meeting of the Training Union at 7 p. m.

Following is the program for the afternoon service:

- 1:45 Song Service — Hilburn Casey.
- 1:55 Prayer.
- 2:00 Recognition of Visitors—Rev. E. J. Cobb.

## Cedar Well Is Spudded In

The Houston Oil Company No. 1 John S. Lackey was scheduled to be spudded in about midnight Wednesday night, according to a report to The Beacon late Wednesday. The well is located a mile north and a half mile west of Cedar Hill.

The actual location is 990 feet west of the east line and 330 feet north of the south line of section 11, block D2. The derrick has just been completed and everything is in readiness for drilling, it was reported.

Depth is scheduled at 9,800 feet or production with a minimum depth of 8,000 feet. This is the second test in this area, a wildcat having been drilled and abandoned on the Meriwether land near Cedar about four years ago.

## Death Claims Wat Griffith

Wat Sterling Griffith, age 56 years, passed away at the family home here early Wednesday morning after a long illness. Mr. Griffith underwent an operation just a few weeks ago at the Plainview Hospital but had been in ill health for two years. His condition had been serious since the operation.

Funeral services were pending Wednesday while relatives here were attempting to locate a brother in California and one at Brownfield.

Mr. Griffith had been a resident of Lockney all his life, having been born here on October 11, 1894. He was engaged in the cattle business here for several years.

He was married to Jeffie McGhee on July 22, 1921 at Lockney. The couple have made their home in and near Lockney since.

Mr. Griffith was a veteran of World War I, serving overseas one year with Company H, 141st Infantry of the 36th Division. He was discharged July 3, 1919.

He was the son of Daff and Mattie Griffith, pioneers of Lockney and Floyd County. His father passed away in 1921. His mother survives him and still lives here.

Other survivors include his wife, six brothers and one sister, as follows: Jake and Theo of Lockney, Roy of Plainview, Jim of Brownfield, Frank of Dallas, and Fred, who lives in California, and Mrs. Frank Dodson of Lockney.

## Marvin Gilbert For Alderman

The name of Marvin Gilbert has been filed for the office of City Alderman. Deadline for filing for a place on the city ticket is Saturday night. There are two vacancies on the board of alderman and Gilbert's name is the only one to be filed up to Wednesday afternoon, Mrs. Faye Messer said.

D. E. Cox is on the ticket for the mayor's office, the only name so far in that race, and Mrs. Messer is the only candidate for the office of City Secretary thus far.

## Mrs. Messer Is City Secretary Candidate Again

Mrs. Faye Messer has announced that she will be a candidate for re-election to the office of City Secretary of the City of Lockney. Her statement follows: "I wish to announce my candidacy for City secretary. I am deeply grateful to all the citizens of Lockney for their past favors, and if you elect me your City Secretary for another term I will continue to try to make you a good one."

Sincerely yours,  
Mrs. Faye Messer.

Miss Nova Jean Cox returned Tuesday after visiting several days with her sister and brother-in-law, Mr. and Mrs. Pepper Martin of near Plainview.

## G. H. Rigby Passes Away

An illness of almost a year ended in death here last Tuesday for G. Hobart Rigby. Mr. Rigby passed away at his home in southwest Lockney about 9:45. He underwent an operation some time ago in an effort to relieve his illness. He had been bedfast since.

Funeral services will be held Thursday morning at 10 o'clock at the Lockney Baptist Church. Rev. E. J. Cobb, the pastor, assisted by Rev. N. S. Daniel, local Methodist pastor, will conduct the services. Interment will be in the cemetery at Peacock, his former home.

Mr. Rigby was born July 5, 1894 at Koisciuko, Miss. He was married to Miss Ima Lee Nelson in 1922 at Jayton, Texas. The family moved to Lockney from Peacock in 1944 and had made their home here since. He had been a member of the Baptist Church since 1921.

Mr. Rigby engaged in farming and was a water well contractor.

Survivors include his wife, four children, Mrs. Carlton Lambert of Aspermont, G. H. Rigby Jr., of Plainview, Joe Wiley and Rodney Rigby, both living at home. Also surviving is his mother, Mrs. Mary E. Rigby who makes her home here and his twin brother, W. H. Rigby of Lockney.

## Farm Bureau To Meet Tonight

The Floyd County Farm Bureau will meet tonight (Thursday) at the High School auditorium in Floydada for the purpose of electing new officers and re-organizing, officials have announced.

The meeting will start at 7:30 and every member of the county organization is urged to be present and have a hand in naming the officers.

Wayne Little, state field representative and Marvin Carter, state organizing director will both be present at the meeting, President Ben Quebe said, and will assist the group in setting up a complete county organization.

## Ford Stolen At Floydada Wed.

Deputy Sheriff A. K. May of Lockney said late Wednesday afternoon that he had picked up wireless from Floydada that a 1947 blue Ford coach had been stolen there Wednesday afternoon. Owner of the car was not given.

## Rainfall Here Measures .86

The rainfall last Saturday and Sunday measured .86 of an inch according to the gauge kept by Joe Holt at the Lockney General Hospital. This was divided into .02 on Saturday and .84 on Saturday night and Sunday, Mr. Holt said.

The rain was general over West Texas but was spotted as to amounts of moisture. Directly north of town the moisture measured slightly more than a half inch, while northeast it ran up to an inch, reports here say.

South and southwest of town the rainfall measured as much as an inch in some places while others showed only three-quarters.

Although it wasn't as much as farmers would like, the rain will be very beneficial to wheat. Despite green bug infestation, there is still a considerable quantity of wheat that will make, observers say, and the rain will give it a fresh start.

Wheat farmers are hoping that this moisture will be sufficient to allow the roots to get through to the underground moisture and if that happens they feel sure that a fair wheat crop will be made, if the green bugs don't completely eat up the crop as they did last year, of course.

The rain fell slow for the most part and saturated probably the top six inches of the soil. This will make the land plow better, since many farmers had found, the top soil too hard to plow.

### Plains Co-Op Stockholders Meet Tuesday

Stockholders of the Plains Cooperative, Inc., meeting at their plant in Plainview Tuesday afternoon heard what was termed one of the best financial reports in recent years.  
J. M. Jackson, Plainview accountant, presented the report. John A. Lloyd, Floydada, president of the board of directors, presided.  
In his report to the stockholders Jackson said the Cooperative operated last year with a net loss of \$354.83 after allowing for a depreciation in the amount of \$4,264.30.  
The annual report for 1949 showed a net loss of \$29,689.17 after depreciation. The auditor told the members that all bills had been paid and that the organization was in the soundest shape financially that it had been in some years.  
Members were told that the organization's mortgage liabilities had been reduced during the year from \$65,242.45 to \$22,726.83 as of December 31, 1950, and that further payments made during January had reduced this indebtedness to less than \$10,000.00 as of Feb. 13, 1951. The auditor's report was accepted as presented. Mortgage payments came from sale of capital assets.  
Directors were elected to succeed John A. Lloyd, Ellis Jones and John Hegi who resigned at the meeting. New directors are Frank Weil of Hale Center, John A. Lloyd, Floydada, and Ellis Jones of Plainview. Following the election of directors, the meeting adjourned.  
At the directors' meeting which followed, Frank Weil of Hale Center was elected president of the board, A. S. Nafzger of Olton was elected Vice-President and John Lloyd was named secretary. Other members of the board are E. G. Bryan of Rails and Ben Quebe of Lockney.  
Miss Tena Foster, student at Texas Tech, spent last week end in the home of Mr. and Mrs. Bill Wesley Jr.

### Graham Bill Is Killed, Revived

The Graham bill before the House of Representatives at Austin, was killed by the House committee on highways and roads Wednesday night of last week but was revived and given to the committee on State Affairs by a vote of the legislature Thursday, press reports stated.  
The bill would take away from counties their part of the surplus bond assumption money and give it to the State Highway department for building farm-to-market roads. Most West Texas counties are vigorously opposing the bill. Floyd county will draw approximately \$33,000 from the fund this year if the bill does not pass.  
The reason the bill was revived by the House and given to another committee, it was reported by members of the Farm Bureau, was that another member of the legislature appeared before the highways committee and attacked the author of the bill in a personal way, all without knowledge or consent of the Farm Bureau and other groups fighting the bill.

### County Council Hears Reports

The County Council of Floyd County Home Demonstration Club met Saturday, Feb. 17 at 2:30 p. m. in the County Court Room.  
Reports from all clubs in the county with the exception of a newly formed club in Floydada were given.  
The President, Mrs. Ruth Daniel, appointed Mrs. John Hoffman, Harmony, as defense chairman, representing the rural women in a new program being organized throughout the United States for civil defense. On a county level, the county judge will serve as chairman of this program.  
Mrs. C. A. Williams, Harmony, gave information on the better community project which their club has entered and the progress they are making with their community center.  
Miss Leila Petty CHDA announced touring meetings to be held in Lockney and Floydada the coming week.  
Mrs. Joe Wilson, Fairview, was guest speaker and gave a very interesting talk on "Wichita Falls

Hospital—As I Saw It." This was a very interesting talk as State Institutions are being studied by rural club women of Texas in carrying out a recommendation from the Texas HD Association.  
Those present for the meeting were: Mesdames Ruth Daniel, chairman, J. B. Smitherman, vice chairman, B. H. Quebe, secretary, S. J. Latta THDA chairman, Raymond Teeple, parliamentarian, Clyde Henderson, Center; Howard Drysdale, C. A. Coffee, Dougherty; W. E. Grimes, J. H. Buchanan, Friendship; T. L. Perry, Fairview; C. A. Robot Stops Cars in Test

Improvement in Chevrolet brakes is illustrated by this picture showing the difference in stopping distances between a 1950 and a 1951 car using exactly the same brake pressure. To eliminate the human element, engineers used a mechanical pedal pressure applicator (inset) on both cars. When the foot lever (1) is tripped the piston exerts a constant pressure on the brake (2).

Self-Employed Now Under Social Security

Self-employed persons come under the Social Security Act beginning January 1, 1951; however, in most cases the first report will be made at the regular tax paying time in March 1952, according to John G. Hutton, manager of the Lubbock office of the Social Security Administration. Among the self-employed persons are operators of stores, filling stations, theatres, taxi cabs, advertising agencies, logging contractors, brokers and certain others who classify themselves as independent contractors. The law specifically exempts farm operators, physicians, lawyers, dentists, architects, funeral directors, engineers, accountants, and a few other professions. An individual must have self-employment income of \$400.00 or more in a year to become subject to the law. Only the first \$3600 income in a year is subject to the tax. The tax rate is 2 1/2% from January 1, 1951 through December 1953. Partners in a business are considered as self-employed. A professional person may have self-employment income from sole ownership or a partnership outside his profession. Both wages and self-employment income may be credited up to \$3,600 per year. Benefits are computed from the average wage or average net self-employment income, or a combination of the two. A person just coming into the system who had no previous wage credits will not be penalized because he was not in covered employment prior to 1951. The law provides for a new start as a basis for figuring benefits. No one will be fully insured under the new start until he has obtained at least 6 quarters of coverage, which means he cannot become entitled under the new provisions before the middle of 1952. A free pamphlet explaining self-employment income and other provisions of the amended Social Security Act may be obtained from the Lubbock Social Security Office, 1311 Texas Ave., Lubbock, Texas. **BOY SCOUT NEWS**

The Explorer scout post No. 59 of Lockney met Friday, Feb. 16, with 15 present. The present membership of the post is 15, and of that membership, 13 were present with two guests. Plans were made for an Explorer trip to Reece Air force base in Lubbock sometime in March, and all explorers who have qualified for their apprentice rank by that time will be furnished with free transportation to the event. It has been announced by Scout headquarters that several tours of the base will be made, with airforce personnel acting as guides and instructors. Some of the training programs which will be visited will be the link trainers where pilot students are taught to fly on instruments (blind flying) under simulated flight conditions. Explorers will have an opportunity to ask questions about the trainers with the possibility of getting some "flying time" in them. It was also announced that there is a good possibility of explorers getting some actual flying time in the B-25 type aircraft which are used to train advanced pilots at the base. There will be certain requirements to be met in order for the explorers to get this flying time, one of which is to have their parents sign a "flight release" form relieving the air force of any responsibility in connection with the flights. It is assumed that the planes will be piloted by qualified air-force instructor pilots, and of course will be as safe as any flight can be. More about the flying angle will be brought out in the next few meetings.

**New Floydada  
Radio Station  
Is Approved**

Final approval has recently been received for the operation of a radio station in Floydada by the West Texas Broadcasters, Inc. A 240 foot transmitter tower has been erected and construction of a combination studio and transmitter is now underway. The station will use the call letters KFLD, and will operate on 900 kilocycles, according to Ed Holmes of Floydada who is president of the corporation. KFLD will be known as the "Voice of the Caprock Country" since it is to be located only 16 miles from the caprock. The new owners point proudly to the fact that the station will be nearer a number of communities than any other station. These towns include Floydada, Lockney, Ralls, Spur, Dickens, McAdoo, Matador, Whiteflat, Flo-mot, Quitaque, Crosbyton and Petersburg. Agriculture, business, and religious interests in the area to be served by the new station are looking forward with much interest to the completion of the station. Holmes states that unless material shortages become more acute the station is expected to go on the air sometime in March. KFLD will be a 250 watt station and will operate during daylight hours only. Jess Stanton, formerly with KVOP in Plainview, and at present associated with KERB in Kermit is to be the business manager. Stanton is engaged in employing additional personnel at the present time. Other associates in the station include Marshall Formby of Waco, and B. A. Robertson of Floydada. Formby has other radio interests including station KPAN in Hereford. Ed Holmes, president of the West Texas Broadcasters is associated with Rex Brown in the insurance business in Floydada. Holmes participated in a radio program over station KVOP in Plainview called "A Farmer's Life as He Lives It" for a number of years. B. A. Robertson, a lifetime resident of Floyd County is vice-president of the corporation.

**Annual South Plains  
Jr. Fat Stock Show  
Slated March 19-21**

Lubbock. — The South Plains Junior Fat Stock Show is scheduled to take place here March 19-20-21, it was announced recently by Arles Graham, chairman of the show. Increased premiums and five additional places in the Angus division indicate that this year's show may be the most successful in 18 years' history. Premiums are expected to hover around \$8,000 as compared to last year's high of \$7,300, Graham announced. Premium lists and entry blanks have been mailed to all county agents and vocational agriculture agents on the South Plains for distribution to 4-H and FFA club members. Dave Sherrill, Lubbock county agent, will serve as general superintendent of the show this year. He will be assisted by N. J. Robnett. Other officials in the various divisions are listed below. Fat Steer Division — W. B. Griffin, Tahoka, superintendent; Earl Sears, Lamesa, assistant superintendent; and W. L. Stangel, dean of agriculture division at Texas Tech, judge. Fat Barrow Division — Ollie Liner, Plainview, superintendent; Lee Roy Colgan, Lamesa, assistant; and N. C. Fine, Texas Tech, judge. Fat Lamb Division — J. L. Browning, Snyder, superintendent; Richard M. Cade, Seagraves,

assistant superintendent; and Ray C. Mowery, Texas Tech, judge. The auction sale of livestock will be staged at 10 a. m. on the last day of the show and will be handled by Kenneth Bozeman and Sons, Auctioneers. Announcement that the wage freeze has been relaxed to permit merit raises for the nation's workers certainly warranted big type. Imagine a government that has been encouraging non-production through shorter hours and equal pay to all workers regardless of ability, finally recognizing MERIT.

**VET EDUCATION DEADLINE**  
Veterans, discharged before July 25, 1947, must begin their educational training before July 21st, 1951, under the terms of present law, which extended to veterans the right to go to school after their discharge. Because most educational institutions begin their second semester in the next few weeks, the legal requirement means that veterans must soon get under the wire in order to be assured of their training benefits. There are some exceptions to the requirement but they do not apply to most of the veterans of World War II.—Hereford Brand.

AS WELL, PROF. SAYS**

Austin. — Decreased emphasis on spelling in elementary grades is causing a decline in high school students' spelling ability, Dr. Fred C. Ayer, University of Texas distinguished professor of educational administration, says. Dr. Ayer discovered the decline in his 1950 national survey similar to 1915 and 1925 investigations. In 1915, for example, 100 per cent of the ninth grade pupils tested spelled "trouble" right. In 1925, 95 per cent spelled it correctly, and in 1950 only 91 per cent could spell the word.

Mr. and Mrs. Jessie Wofford of Hereford spent on Friday until Sunday night with Mr. and Mrs. V. D. Harris.

MRS. JOHN HOWARD WARDEN, the former Miss Eleanor Wingo, daughter of Mr. and Mrs. W. H. Wingo of the Lone Star community.

## Eleanor Wingo Is Bride Of John Howard Warden

In the First Baptist Church at Port Arthur on Sunday afternoon, February 18 at four-thirty, with Rev. John M. Wright officiating, Eleanor Ruth Wingo, daughter of Mr. and Mrs. W. H. Wingo, of Lockney, became the bride of Mr. John Howard Warden Sr., of Houghton, Michigan.

The church was beautifully decorated. The background was formed with cathedral candelabra and jade and huckleberry

leaves, flanked by pedestal baskets of white gladioli and white stock.

Preceding the ceremony, Mr. Donald E. Hibbard sang "Because" and "I Love You," accompanied by Jimmie Don Tryer who also played the professional and recessional music.

The bride was given in marriage by her brother, Dr. W. J. Wingo of Houston. She wore an original model gown of mauve chantilly lace in ballerina length. The tight fitting bodice was fashioned with tiny covered buttons up the front, a soft Peter Pan collar of the lace, and long, close-fitting sleeves. The bouffant skirt was edged in patterns of the lace. Her halo veil of sheerest French illusion fell from a custom made crownless hat of matching chantilly lace, embroidered with seed pearls. She carried a colonial type bouquet of white hyacinth blossoms encircling a white orchid, with shower of hyacinth blossoms tied with white ribbons.

The bride's only attendant was Miss Victoria Whitfield of Dallas. She wore a pale blue marquisette dress in ballerina length. It was fashioned with cup sleeves, a lace trimmed yoke and turned back collar. She wore a tiara of pale pink hyacinth blossoms and her bouquet, similar to that of the bride, was of pale pink hyacinth blossoms.

Gerald L. Johnson of Tulsa, Oklahoma was best man, and the ushers were E. J. Schutz of Beaumont and Richard Warden of Houghton, Michigan.

Following the wedding, a reception was held in the home of Mr. and Mrs. I. L. Kiefer, 2501 Lakeshore Drive. The floral decorations were of white gladioli and white stock, and the centerpiece for the bride's table was of white candytuft and heather. The wedding cake was three tiered with a spiral of white flow-ers decorating the front. Traditional wedding bells, backed by maline, formed the top of the cake. It was served by Miss Elizabeth Wingo, of Norman, Oklahoma, sister of the bride, and Miss Betty Jean Davis of Fort Worth presided at the punch bowl. Miss Hulda Slagie was at the guest book.

The bride's going away costume was a navy and white Adele Simpson suit of sheer wool with navy and gold accessories.

Among the out-of-town guests were Mrs. G. M. Nutt of Sabin, Mr. and Mrs. Albert Nutt of Cotulla, Mr. and Mrs. J. H. Warden Sr. of Houghton, Michigan, Miss John Edna Palmer of Houston, Mr. and Mrs. W. H. Wingo and Miss Lillie Wingo of Lockney, and Mr. and Mrs. Gerald Johnson of Tulsa, Oklahoma.

Both Mr. and Mrs. Warden are graduates of the University of Texas where the groom was a member of Delta Tau Delta fraternity. Mrs. Warden also attended West Texas State College where she was a member of Gamma Phi Sorority.

After a wedding trip to Corpus Christi, Mr. and Mrs. Warden will be at home at 3048 Tenth Street, Port Arthur.

Detroit may have put the nation on wheels; but Washington certainly put it on skids.

## Bridal Shower Honors Mrs. Monty Barrett

A miscellaneous bridal shower honored Mrs. Monty Barrett, the former Bonnie Harrison, Wednesday afternoon, February 21, in the home of Mrs. W. D. Nance of Lone Star.

In the receiving line were Mrs. Doyle Harrison, mother of the

bride, Mrs. E. O. Barrett, mother of the groom, the honoree and Mrs. W. D. Nance.

Delicious refreshments of punch, fruit cake and open sandwiches were served from the lace covered table by Mrs. J. B. Mercer, Mrs. Bailey Henderson and Mrs. Raymond Teeple. The refreshment table was centered with the crystal punch bowl surrounded by lemon leaves and yel-

**4-H Boys Cotton Production Contest Is Set**

There will be a cotton production contest in District Two for all 4-H Club boys between the ages of 9 and 21 years old. This contest is sponsored by the Plains Co-op Oil Mill and all 4-H Club members in Floyd County are eligible to enter the contest. The purpose of this contest is to promote greater yields per acre of lint cotton on farms of the South Plains by improving the fertility and texture of the soil and by better cultural practices.

These awards of the program are as follows:

Irrigated lands highest yield per acre:	\$250.00
2nd	\$150.00
3rd	\$100.00
Dryland highest yield per acre:	\$250.00
2nd	\$150.00
3rd	\$100.00

Requirements and regulations are as follows:

This contest is open to any regularly enrolled 4-H Club member between the ages of 9 and 21 years of age on July 1st of contest year. Previous winners may not enter same contest again. Crop record books must be kept complete and turned in to the respective County Agricultural Agent by January 15, 1952 to qualify for yield contest. The County Agricultural Agent will submit the highest yield in each section to the District Agents office in Lubbock on January 20th to qualify for yield contest. Dryland in this contest is that land which was not irrigated during the previous year and will not be irrigated during the current crop year. Last summer fallowed will not be eligible this year.

Five acres cotton are to be entered in the contest, and must be staked off plainly and designated to the County Agricultural Agent or Judging Committee not later than July 1st by the 4-H Club member entering the contest. The crop must be the 4-H member's bonafide crop. He must own at least half share of the crop to be eligible.

Only highest number of pounds of lint cotton per acre will be considered for awards in this contest.

Any and all varieties of cotton grades and staples qualify and are acceptable. Three unrelated disinterested persons as well as the 4-H Club member's parents or guardian and County Agricultural Agent must certify.

First, as to measurements of the five acres entered by July 1st.

Second, all cotton on Record Book came from this same five acres, designated.

Third, gin tickets will be attached to Record Book to verify number pounds of lint cotton produced on the five acres designated on July 1st. The three designated persons who are to certify to the above should also be designated by July 1st. Winners will be selected on the basis of the acreage yields per acre on five acres of cotton.

Plans and awards are being worked out by the County Agent, Bob Gibson, and Floyd County Gins to have a similar contest on a county basis and the winners of the County Contest to be entered in the District Contest. Awards for the County contest will be announced as soon as they have been established.

**Irrigation School To Be In March**

County Agent Robert Gibson said last week that the annual Floyd County Irrigation School will be held sometime in March. Many of the schools are being held now and for that reason it is difficult to secure the speakers desired for the school.

Mr. Gibson said that the subjects to be covered in the school would be irrigation, cotton, cotton insects, irrigation well equipment and fertilizer.

By Mrs. R. C. Rogers

Delayed from last week  
Mrs. Jeff Deardoff of Levelland spent several days last week visiting in the home of her sister, Mrs. C. D. Kelley and Mr. Kelley. Mr. and Mrs. Connie O'Brien attended the funeral of Mr. O'Brien's sister-in-law, Mrs. Eva Harol at Eastland last Thursday. Our deepest sympathy goes to them.

Approximately thirty-five attended the "Sweetheart Banquet" for the young people at the Baptist Church Wednesday night. Miss Majorie Cox and Tommie Cox were crowned King and Queen for the occasion. The Queen was presented with a corsage of carnations by the toastmaster, Ben Shanklin of Wayland College. Others appearing on the program were Mrs. Lake Pylant and Miss Eulilia Burk. Mrs. Ben Shanklin and Carmon Franklin and Paul Spurgeon were also guests from Wayland College.

Mr. and Mrs. Witt Simpkins and Iva visited in the home of Mrs. Simpkins brother and family in Slaton Saturday.

Mr. and Mrs. Bud Dean and daughters left Friday for a visit with friends and relatives in Minnesota and Chicago.

**When you really like us**

You buy insurance because you're smart — not because you get a kick out of it at the time.

When we deliver an insurance policy, nobody ever says: "Oh boy, what a beautiful policy!"

But when somebody has a fire or a robbery or a lawsuit or a loss of some other kind, and we deliver a check from the insurance company —

—THAT is when people really like us. It happens frequently.

Bear with us when we try to get you to carry the insurance you should—but love us when we help you meet your loss. That's all we ask.

**Time To Plant Hubam Clover**

The proper time to plant Hubam clover is now thru March. This clover is one of the better legumes used for soil improvement. It adds nitrogen and organic matter to the soil and is a good chisel for soil, according to Ralph R. Cogdell, work unit conservationist of the Floyd County Soil Conservation District. The wider use of deep rooted legumes would reduce the need for and benefit from deep plowing. Hubam is an annual sweet clover that is used as a soil improving crop as well as a money crop. The seed crop may pay as much as a normal field crop does and the soil is also beneficial.

Plowing the crop under as a green manure crop probably does the soil more good, however. It is drilled with a wheat or grass drill into growing wheat, barley or oats on bare land. Last spring a big acreage was planted in this District. Some planted the seed in dry soil and tried to irrigate it up. Poor stands usually resulted, due to crusting. It is much better to irrigate before planting and then a light rain will assure a stand. Clover sown broadcast at the rate of eight to twelve pounds per acre is ample if the seed are good. The seed should be inoculated before planting for best results.

The clover will not grow very much until the small grain crop is harvested. Soon after harvest the crop should be irrigated if the ground is dry. The plants will reach maximum growth in late July or early August. It can be plowed under as a green manure crop, grazed off or left to mature a seed crop. If a seed crop is desired, bees should be used to get increased seed yields. The seed crop can be harvested and the land returned to wheat.

**Irick News**

By Mrs. Cloyce Chambers

Delayed from last week

Leroy Dudley, whose wife (nee Vivian Chambers) is a former Irick resident, suffered a serious heart attack Saturday, February 10. He and one of his employees were attempting to pull a wire out of the ground, at the time of the attack Mr. Dudley thought at first, that he had only wrenched his back. Upon examination at the hospital, he learned that the pain was caused from a blood clot. Mr. Dudley was released from the hospital to his home Sunday, the 18th. His convalescence will require about six weeks, his doctor informed him. He is, at present, allowed no visitors, but he would, no doubt, appreciate some cards from his friends at Lockney and vicinity. The Dudley's live at 1010 W. 9th St., Plainview.

Mr. and Mrs. Cloyce Chambers visited in the Leroy Dudley home at Plainview Sunday afternoon.

In the Lockney-Memphis quiz-down at Amarillo Saturday, Lynn Jolly of the Irick community, was an alternate for the sixth grade of Lockney. Mr. and Mrs. Andy Jolly, accompanied by Mr. and Mrs. Norman Caldwell of Lockney, made the trip to Amarillo with the children and report a very enjoyable trip.

Lynn Jolly was interviewed by "White's Man On The Street" Saturday while she was at Amarillo.

Guests in the home of Mr. and Mrs. Warren Graham Sunday were Mr. and Mrs. Delbert Graham and Mr. and Mrs. Jerry Graham from Plainview.

Mr. and Mrs. R. J. Battle, accompanied by Mr. and Mrs. J. L. Withrow, visited relatives in Lubbock Sunday.

Mrs. W. E. Taack and her sister, Mrs. Maggie Deiter and Mrs. Kate Schuster, are visiting relatives in Laverne, Okla. this week.

Mr. and Mrs. C. E. Blair visited Mrs. Blair's sister, Mrs. D. A. Barnhart and her family at Cone Sunday.

Mr. and Mrs. Olan Rexrode, from Vernon were visitors in the home of Mr. and Mrs. Fred Duvall Sunday.

Mr. and Mrs. John Holmes have been confined to their beds part of this week with the flu.

Mrs. R. J. Battle reports that her sister, who is ill at Floydada, is improving.

The monthly meeting of the members of the Jolly Stitches Club will be an afternoon session Thursday, February 22, at the home of Mrs. Andy Jolly, who lives two and one-half miles south of the Irick school building. Members of the club are urged to attend. Prospective members and visitors are cordially invited.

**New Instruction Service Offered Smaller Schools**

Austin. — A service to improve teaching in the state's smaller schools is being inaugurated by the University of Texas College of Education.

The new service will give advice and assistance to instruction supervisors in the smaller-school districts of Texas. It is being provided in cooperation with the Texas Education Agency, which is launching a long-term program for assisting smaller schools in developing effective instruction programs.

Dr. Mildred Hoyt, formerly of Stamford University will head the service. She has had successful experience as an instructional supervisor, as well as special training in the reading instruction field. She has been on the faculties of George Peabody College for Teachers and of the University of Virginia.

*Ford is the only Automobile Manufacturer Building Cars and Trucks in Texas*

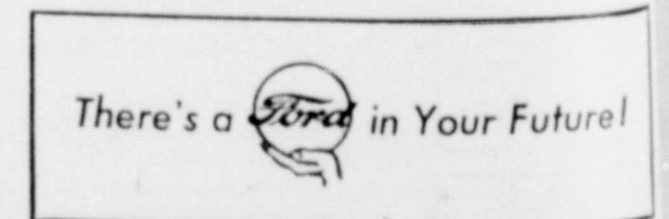

ALL THE FORDS made are not built in Detroit. There are plenty of them built right here in Texas—last year over 128 million dollars worth of cars, trucks, parts and products were made at Ford's Dallas Assembly Plant. What's more, 1,722 Texans put them together or followed through with their consignment to dealers in the Dallas, Houston, Oklahoma City and New Orleans Sales Districts.

The folks who work in Ford's Dallas Assembly Plant and District Sales Offices earn over \$7,000,000 every year. They spend it mostly in Texas. Texas benefits from Ford in other ways, too. For example: during 1950 Ford bought over \$1,000,000's worth

of material and supplies from Texas merchants and manufacturers and paid over \$7,500,000 for incoming and outgoing transportation. Then, too, there is a total of over \$148,000 paid by Ford in local and State taxes.

Yes, Texas is building a lot of cars and trucks for Ford . . . and in the process Ford is helping to build Texas, too!

# LOCKNEY BAPTIST CHURCH IS NEARLY 60 YEARS OF AGE

Although the actual date of its organization is a little confused, it appears from old stories that the Lockney Baptist Church is almost 60 years old, or perhaps slightly more than 60 years.

At any rate the church was organized in a dug-out belonging to R. M. Irick and in which he made his home, about one mile south of the present site of the Irick schoolhouse after he had written to R. B. C. Howell, a deacon in the First Baptist Church of Plainview and prominent in church circles in this area for many years. From one source the date of the organization of the church is given as the first Sunday in December, 1890 while another says May 15, 1891. Mr. Howell came to the Irick home bringing with him Rev. I. B. Kimbrough, then pastor of the Plainview church, and assisted in the organization of the first Baptist church in Floyd County.

Again the number of charter members are not certain, one source saying the church had 11 charter members while another lists 19. The 19 listed included Mr. and Mrs. R. M. Irick, Mr. and Mrs. T. F. Anderson, Mr. and Mrs. James K. Anderson, Miss Lillie Anderson, Miss Lou Anderson, Mr. and Mrs. T. F. Beall, Miss Beulah Beall, Mr. and Mrs. T. A. Cowart, Mr. and Mrs. J. T. Dagley, Mr. and Mrs. P. D. Windsor and daughter who later became a Mrs. Spears, and C. James, a school teacher.

Dr. Kimbrough was elected pastor to preach one Sunday of the month and other officers were C. James, Clerk, T. F. Anderson, superintendent of the Sunday school.

The church worshipped in the Irick home for several months and then held services in a schoolhouse. Their report to the association in 1892 showed 34 members with 5 officers and 65 attending Sunday School.

The church struck hard times and many moved away and the membership dwindled down to 8 in 1896. At this time J. W. Winn was called as pastor and under

his leadership the membership increased to 49 in 1899.

At the same time there was another small church worshipping in the Lone Star school house, a few miles north of the present town of Lockney. After consultation between the two churches it was decided that they would combine their memberships and move into the new town of Lockney forming the First Baptist Church of Lockney. This was done in March of 1899 and at the first meeting of the new church Mr. and Mrs. Elisha Dodson, Mr. and Mrs. Tom Dodson, Mr. and Mrs. Hanes Bobbitt, all of Lone Star and Mr. and Mrs. W. B. Clark of the Irick community joined the church.

The church membership had a disagreement about the sending of missionary funds in the fall of 1900 and the church voted to join the Llano Estacado Association and become a member of the Baptist Missionary Association. They remained a part of this association until 1910 when they again joined the Staked Plains Association, and became a member of the Baptist General Convention of Texas.

In the spring of 1904 there started a movement among the members to build a church building. Committees were appointed to solicit funds and the matter dragged along until 1906 when a building committee was appointed. The committee was composed of D. J. Muncy, N. H. Bobbitt, J. M. Malone, A. J. Byars, and W. B. Clark. Plans called for a building 30x40 feet and 14 foot falls.

This house was used until 1918 when a new building was completed. The old building was then sold to the Baptist church of Cedar Hill where it was moved and still stands.

In 1917 the church decided to build a new building and the present lots of the church was purchased and funds raised. The building committee was composed of D. P. Carter, Dr. G. J. Stapleton, W. A. Potts, John Ho-

del, W. J. Teaver, Ed Reeves, J. S. Barnett, and the pastor, T. J. Burnett. A contract was let for a building of brick and tile 52x90 feet to W. O. Stark and Mitchell, contractors. Later it was decided to add the annex to the east. The building was finished in 1918.

Records show that church discipline was much stricter in the old days, with members being turned out of the church for dancing, drunkenness, and other un-Christian conduct.

In June of 1910 23 members withdrew to organize a church at the old Meteor schoolhouse. The church name was later changed to the Baptist Church of Aiken.

The church worshipped in the brick and tile structure until it was destroyed when the roof caved in from the weight of sleet on January 12, 1949. Then the debris was cleared away and the move started to build a bigger church on the old site began.

The church had less than \$10,000 on hand in the building fund when the old church was destroyed but they were determined to build what was needed. It was estimated that \$100,000 would be needed to build a church that would be adequate. A building committee composed of Edgar R. Hays, chairman, Leslie Ferguson, Harmon Handley, Horton Howell, Mrs. Hilburn Casey, Hugh Carroll and Robin Byars was appointed, and working with the pastor, Rev. E. J. Cobb, the work was begun in May of 1949.

Meanwhile the church met in the City Auditorium, not having a house of their own to meet in.

The new building, constructed and furnished at a cost of \$102,000 was completed in February

of 1950, and the first service was held on March 5, 1950 with an all day service and basket dinner at the church. At that time the church owed \$19,000 on the building.

In December of 1950, the church owed \$15,700 on the building, a movement was started by the pastor and deacons of the church to pay off the indebtedness. By January 7 the debt had been reduced to \$4,900 and the final day for the building offering, January 21, found the church owing only \$3,900. On that day the membership and friends of the church gave \$4,400 to complete the payment of all indebtedness.

These taxes do not apply to wages you pay to your son or daughter under 21, or to your father, mother, wife, or husband. They do apply to wages you pay to a son or daughter 21 or over, or to other relatives and in-laws if they meet the above tests.

If you have one or more employees to whom you expect the taxes will apply, and if you are not already filing quarterly returns on Form 941 for business employees — YOU SHOULD IMMEDIATELY — fill out and mail the proper application form to the Collector of Internal Revenue for your district. If you are already filing Form 941, you need not file this application, but you should notify the Collector if you desire a copy of Circular A.

If you need more information before mailing the application consult the nearest Office of the Collector of Internal Revenue or the Social Security Administration. Your county agent or PMA county committeemen can also help.

Sunday visitors and supper guests in the home of Mr. and Mrs. V. D. Harris Sunday, Feb. 25 were Mr. and Mrs. Jessie Wolford from Hereford, Mr. and Mrs. Harold Griffith and children from Lone Star, Mr. and Mrs. B. E. Harris and Mr. and Mrs. Raymond Nelson and family from Plainview.

## Farmer's Social Security Liability Is Explained

Since farmers are now under obligation in some instances to collect and pay social security wages on their employees, The Beacon is copying here extracts from a government bulletin regarding the matter.

"THE OLD-AGE AND SURVIVORS INSURANCE SYSTEM under the Social Security law has been extended beyond commerce and industry to cover some farm employees. As in the case of commerce and industry, the system will be financed by taxes on the worker and the employer under the Federal Insurance Contributions Act. Beginning January 1, 1951, the farm employer will be liable, under the general conditions outlined below, for the deduction of the employee tax from the cash wages of his farm employees. The employer will be required to pay such employee tax, together with his tax as an employer, to the U. S. Collector of Internal Revenue for his district. For those hired farm workers who meet the requirements of the new law, this Government insurance provides:

"Monthly payments when they retire after reaching 65.

"Payments to their families when they die.

"These taxes do not apply to all farm employees. They do apply if a worker on a farm or in a farm home meets both of the following conditions:

(1) He must have been employed by the farmer continuously (whether or not doing farm work) for a full calendar quarter. No tax is due for agricultural labor performed in this qualifying quarter, which may be the last quarter of 1950.

(2) In the next quarter he is employed by the same farmer in agricultural labor on a full-time basis for at least 60 days, and his cash wages for these services are \$50 or more.

Generally speaking, after he has served the qualifying quarter, the employee will be covered in each succeeding quarter with the same employer as long as he continues to work at least 60 days on a full-time basis and earns cash wages of \$50 or more.

ONLY THE CASH WAGES PAID to your employees will be considered for benefit and tax

## Measles Are In Epidemic Stage

Austin. — Measles in Texas is reaching a mild epidemic stage at present, with outbreaks following closely the main lines of travel across the State, according to information made public today by Dr. Geo. W. Cox, State Health Officer.

"The peculiar pattern of this spread of measles re-emphasizes the fact that it is a contagious disease passed on from one person to another," Dr. Cox said. "Guard against exposure by avoiding contact with measles patients."

Dr. Cox said that measles alone is not necessarily a danger-

**Huntin' AND Fishin'**

By Harve Pennington

Last week we talked about sighting your .22 rifle with a scope and with iron sights and the lower line of sight, the bullet, with the 75 yard sighting, strikes the point of aim at about 10 yards from the muzzle, rises about 1 1/4 inches at 35, and is on the nose at 75, falls 4 inches at 100 and 10 inches at 125 yards. With either iron or scope sights and high-velocity ammunition, sighting in at 75 yards, then is the best bet, with the "regular" or "low-speed" .22 long rifle ammunition, a 75 yard sighting is still indicated if the rifle is scope equipped, although the trajectory is not so flat at mid-range. The bullet will rise 1 1/2 inch above the line of scope sight at 50 yards and fall 4 inches below at 100. With iron sights and their lower line of sights 75 yards is a bit too far to sight on for with the regular .22 ammunition. It is best in that case, to compromise on 65 yards as a 75 yard sighting would give a bullet rise of 1 1/2 inches at 25 yards and 2 inches at 50 yards, enough to make a miss on the head of a cottontail probably.

Sighted in for 65 yards with iron sights, the bullet crosses the line of sight at 10 yards, is 1 inch high at 25 yards and at 50 yards, on the nose at 65, 1 inch low at 75, 3 inches low at 85, 6 inches low at 100, and 12 inches low at 125 yards. All of which goes to show that a scope, with its higher line of sight, adds appreciable to the range of the .22 just as the use of high-speed ammunition does, and it also goes to show that as a practical game cartridge the .22 is through, even on large animals like jack rabbits at not much over 125 yards.

The man sighting in a .22 should do his first shooting at the distance where the bullet first crosses the line of sight, since it is surer and easier that way. He should then check at the longer distances. If you have a receiver sight with clicks or graduations for each minute of angle (the value of a minute being 1 inch at 100 yards, 1/2 inch at 50, and 1/4 inch at 25) you'll have an easy time sighting

in. Some scopes and receiver sights have clicks for 1/4 and 1/2 minutes, so make sure you know the value of yours. The chap with ordinary open sights will have a tough time. He should remember the rule, move the rear sight the way you want the point of impact to move, move the front sight just the opposite.

Every user of the .22 hunting rifle should have his weapon sighted in as suggested, and he should know his trajectory and the limits it imposes on a .22 when he does, he'll know that a 200 yard kill on a jack rabbit is in the nature of an act of God—and that he had but little to do with it.

What about the killing power of a .22? It is at once the most overrated and underrated cartridge ever made. Because of the light report and the nonexistent recoil, some people consider it about on a par with a BB gun. Actually, if given maximum elevation a .22 will carry almost a mile and still have enough penetration to kill or maim a man, if it happens to hit him right. For quick humane kills, however, the .22 is easily over-matched. It is about as good a jack rabbit cartridge as the 30-30 is a deer cartridge. It kills jacks well with well placed shots, poorly with poorly placed shots. The high speed hollow-point long rifle is the best killer.

**Dairy Cows Need Plenty Of Water**

College Station.—It takes a lot of water to produce a lot of milk, and dairy cattle do not always drink enough water during the winter months. Quite often, this is because an adequate supply of good water is not available.

Good water is clean and cool, but not colder than 50 degrees F. says R. E. Burleson, associate extension dairy husbandman of Texas A. & M. College. There should also be an adequate supply of water and the cows should not be forced to walk long distances for their drink. They prefer to stay in the barn or under a shed on cold days, and the water supply should be nearby.

The dairy cow is primarily a converter of roughages, reminds Burleson, and since roughages are usually dry feeds and comparatively high in crude fiber, the dairy cow needs a large amount of water for the digestion and absorption of feed nutrients and for the removal of waste from her body.

Burleson reminds also that milk is approximately 87 percent water. The lack of water will cause a more rapid drop in milk production than will the lack of most feeds.

The average dairy cow will consume from 100 to 120 pounds of water daily. Burleson says that a cow producing 60 pounds of milk daily may drink as much as 180 pounds of water. On the average, dairy cows need from two to three pounds of water per pound of milk produced.

**SW Life Reports Record Business**

MORT CRAPSTER

Southwestern Life Insurance Company today reported a record business year in 1950 as it released for publication the Company's 48th annual financial statement. Mort Crapster is local representative of the company.

Two new records were announced by Company President J. Ralph Wood, who said the Company's agency force in 1950 produced \$115,186,624 of new paid for business, which resulted in an increase in the Company's insurance in force to a total of \$829,222,242 at the end of the year.

Both the new paid-for insurance and the increase in insurance in force, \$67,578,223, are the greatest for any year in the history of the company.

The Company's financial statement shows 1950 year-end assets in a total amount of \$223,090,135.07, an increase during the year of \$22,957,213.66. Funds for safeguarding the savings of policyowners were increased by

the addition of \$1,000,000 to capital, \$500,000 to surplus, and \$628,098.98 to reserves for contingencies, which raised the total amount of capital, surplus and contingency reserves to \$20,952,645.90.

Following long-established policy, the Company in 1950 increased its loans on Texas real estate by \$17,492,822. More than \$74,000,000, about one-third of the Company's assets, are now invested in loans for construction or improvement of Texas homes, farms, or business properties.

Policyowners and beneficiaries received payments during the year of policy benefits amounting in the aggregate to \$10,289,556.81.

President Wood said Texans are buying larger amounts of life insurance than ever before. Policies delivered in 1950 averaged \$4834 in face amount. In 1949, the average was \$4,261.

### Auto License Plates Available Here

Auto license plates are available here now, according to an announcement by County Tax Assessor-Collector T. T. Hamilton Wednesday. Frank Dodson will register motor vehicles at the Lockney Auto Company here beginning Thursday, March 1.

It will be necessary for the owner to bring his 1950 registration receipt and title since Mr. Dodson will not have records to check from. Mr. Hamilton said. All title work must be done at the courthouse.

The auto license plates this year are orange background with black letters and figures. The numbers run from AZ-7800 to AZ-9999 and BA-10 to BA-1649.

### 94% Taxes Collected

Mr. Hamilton said that up to this time 94% of the taxes rendered in the county had been collected. The total collected now stands at \$286,530.11 while the amount on the roll is \$304,988.13.

### Poll Taxes Total 2345

Poll taxes paid in the county total 2345. Mr. Hamilton said. This number with 13 exemptions, makes a total potential vote of 2358. "We usually issue about 2800 in an off election year," he said.

### J. R. Readhimer Dies At Amarillo

J. R. Readhimer, father of Lloyd Readhimer of the Lone Star community, passed away at an Amarillo Hospital early Tuesday. He had been in ill health about a year and recently was injured in an automobile accident near Post. This was believed to have hastened his death.

Mr. Readhimer was a former resident of Plainview, but later moved to McAllen. Friday of last week he was being brought from McAllen to the home of another son, E. F. Readhimer, who lives six miles north of Plainview, when the car overturned on slick paving. In addition to his injuries, his wife was injured and so was a daughter, Mrs. O. H. Cox of Amarillo.

Funeral services were held at the Blackburn-Shaw funeral home in Amarillo Wednesday afternoon at 2 o'clock with interment at Amarillo.

Other survivors include two children, V. A. Readhimer of Amarillo, and Mrs. Mac Grice of Plainview. A number of Lockney and Lone Star people attended the services.

Isn't it marvelous that a man can walk miles by moving only two feet?

### Development Assn. Effort Continued

An effort to complete sale of memberships in the proposed development association for Lockney and western Floyd County will be made within the next two weeks, according to plans made by a group meeting at The Beacon office Tuesday night.

The plans for the association were made last year but sale of memberships in the organization have never been completed. Eight teams of two men each were selected to work on the selling job.

Purpose of the organization will be to look after the interests of both farmers and business men of this part of the county. Plans call for help in employment for both groups, marketing assistance, aid in development of new crops when acreage allotments are again in force, seeking industrial development for the city, and numbers of other projects.

It is planned to employ a paid worker to direct and co-ordinate the work of the organization.

Workers were requested to complete their solicitation by March 15. The teams are Al Willis and Lloyd Wofford, H. B. Machen and Tom Marr, Payton Powers and Jesse Cox, F. L. Brown and Brad Seale, Mort Crapster and Arthur Barker Jr., Dwight Jackson and Wayne McClain, Austin Meriwether and Joe Parrish, Edgar Hays and Claude Brown.

More than 60 memberships have already been sold in the proposed organization.
