Providence News

By Mrs. Wilfred Stoerner

An ounce of loyalty is worth a pound of cleverness.

The residents of Providence are indeed thankful for the nice moisture received Sunday night. One and one half inches fell at Providence.

Mrs. Homer Hill and daughter of Amarillo were all day guests in the home of Mr. and Mrs. Wilfred Stoerner Tuesday. Mrs. Hill is a long time friend of Mrs. Stoerner.

Mr. and Mrs. W. M. Toliner Sr. of Plainview were all day guests of Mr. and Mrs. Ben Brandes Tuesday.

Mr. and Mrs. Karl Sammann of Plainview were dinner guests of Mr. and Mrs. A. D. Shaffner Sunday.

Mr. and Mrs. Karl Sammann of Plainview visited in the home of Mr. and Mrs. Marlin Miester late Sunday afternoon. Mr. and Mrs. Tom Roberts of Plainview were also visitors in the Miester's Sunday.

Guests in the home of Mr. and Mrs. Edwin Barker Sunday were Mr. and Mrs. J. E. Barker and children of Martin, Texas, Mr. and Mrs. R. L. Baker of Edmondson, Mr. and Mrs. L. M. Baker and family of Providence, Mr. and Mrs. Klyce Ooley of Providence.

Visiting in the home of Mr. and Mrs. R. G. Stoerner Sunday were Mr. and Mrs. Wilfred Stoerner, Mr. and Mrs. Hubert Stoerner and son.

Mr. and Mrs. Helmuth Quebe and family had as Sunday dinner guests Mr. and Mrs. George Rupp and family of Fort Smith, Arkansas, Mr. and Mrs. Walter Boedecker, Mrs. Stewart McKillip of Plainview. In the afternoon the group visited Mr. and Mrs. Charlie Boedecker and fam-

ily in their beautiful new home. Mr. and Mrs. T. H. Boedecker visited in the home of Mr. and Mrs. Walter Boedecker Sunday night.

Stewart McKillip, a former resident of this community, is a patient of the Veterans Hospital, Amarillo. His condition is improved.

Rev. and Mrs. H. L. Anderson had as Sunday dinner guests Mr. and Mrs. Ernest Sammann and son, L. R. and Mrs. Jennie Wardlow.

Sunday guests in the home of Mr. and Mrs. Joe Zimmerman were Mr. and Mrs. E. A. Gilbreath and family of Clovis, N. M. Mrs. Ben Brandes visited in the Zimmerman home late Sunday afternoon.

Home Demonstration Club Meets

The Home Demonstration Club met at the Providence club room. Mrs. Charlie Boedecker as hostess.

Roll call was answered with members favorite Bible verse.

The program consisted of 4-H club girls work. An interesting report was given by Miss Focine Bodeker on the recent 4-H club encampment she attended.

Delicious refreshments of punch and cookies were served to the following: Mmes. Sam Jones, H. L. Anderson, E. M. Quebe, Marvin Scheele, Clarence Brandes, Worthing, Ben Quebe, Ted Boedecker.

Candle Light Circle Meets

The Candle Light Circle met in the educational unit of the Church Sunday, July 1st at 2 p. m. Mrs. H. L. Anderson was hostess and Program Chairman. Program opened with singing of theme song, "Come into my Heart," followed by scripture reading and prayer by Rev. Anderson. Mrs. Richard Matthews gave an interesting book review on the book, "Literacy as Evangelism." Mrs. Otto Schrieber had Bible Study on Book of Revelations.

Outlook editor was Mrs. Ben Quebe. Mrs. Richard Matthews opened the business meeting.

Rev. Anderson expressed his thanks to ladies of Circle for their work done on the Anniversary Celebration.

Mrs. Wilfred Stoerner gave a report on the work done by Womens Missionary Federation of Trinity Lutheran Church at Wichita Falls. The ladies served dinner to all service men attending Church there on Sunday. Its a home cooked meal away from home.

A rising vote of thanks was given to Mrs. H. L. Anderson for her fine work done on giving the Book Review on book "More Than Bread," for our book study. Meeting closed with Lords prayer.

Delicious refreshments were served to the following: Mmes. Richard Matthews, Ben Brandes, William Murphy, Hubert Stoerner, Henry Sammann, Karl Sammann, H. L. Anderson, Otto Schrieber, Ted Boedecker, Adolph Shaffner, Leo Boedecker, Albert Keim, Wilfred Stoerner, Mr. Richard Matthews, Mrs. Hubert Stoerner, Rev. H. L. Anderson, Mr. Otto Schrieber, Mr. Ted Boedecker, Mr. Albert Keim.

Luther League Members Attend Choral Union Practice

The following attended the Choral Union Practice at Wilson, Texas, Sunday night: Albert Scheele, Rev. H. L. Anderson, Robert Matthews, Cecil Boedecker, Miss Rosalie Matthews, Miss Clara Sammann, Miss Marie Scheele.

Trinity Lutheran Church

H. L. Anderson, Pastor
B. F. Sammann, S. S. Supt.
Albert Scheele, Choir Dir.
Mrs. Jack Faver, Organist
July 8th: Choir rehearsal 8:30 p. m.

July 8th: Sunday School 10 a. m. Divine Service 11 a. m. Regular Quarterly Congregational meeting July 15th. Keep this date open. Be at Church on that Sunday.

Mr. and Mrs. Ed Whitfill and Mr. and Mrs. Roy Patterson left this week for Canada where they will spend some time vacationing.

Mr. Barley Wright and Mr. Carroll Boyd were in Lubbock Sunday and attended the Sacred Harp Singing convention.

Mr. and Mrs. Arthur Nigh are in El Paso this week where they are attending a reunion of an ordinance company.

Lovvorn-Allen Marriage Vows Are Exchanged

Mr. and Mrs. E. R. Lovvorn, Route 1, Lockney, announce the recent marriage of their daughter, Madeen, to M. Sgt. Carlton Allen, son of Mrs. Betty Allen of Dexter, Mo.

Rev. Aaron Shaw, pastor of the First Baptist Church of Happy, read the double-ring service in the home of the bride's parents. An improvised altar decorated in an all white floral theme featured the setting.

Mrs. Lake Pylant of Wayland College, Plainview, pianist, played the traditional nuptial selections.

For her wedding, the bride chose a floor length gown of white marquisette and lace. Her veil of net and lace was attached to a halo cap, and she carried a white Bible topped with red rosebuds. For something old, she carried a handmade handkerchief, which Mrs. Charley Merrick carried at her wedding, and her single strand of pearls was a gift from the bridegroom.

Attending her sister as matron-of-honor, Mrs. Oscar Ray Wiley wore a gown of mint green marquisette. She carried an arm bouquet of yellow roses and fern.

M. Sgt. E. W. Crump of Oil City, La., was best man.

Mrs. Lovvorn, mother of the

bride, wore a gown of ice blue satin and lace accented with a corsage of pink carnations.

Following the ceremony, the bridal party was feted at an informal reception.

Mrs. Allen was graduated from Plainview High School. She has been working as an interior decorator in Lubbock, Sergeant Allen is stationed at Reese Air Force Base, Lubbock.

After a wedding trip to Dexter, Mo., the couple is to be at home in Lubbock.

Mother Harper's Message Of Thanks

Innumerable are the treasures within my heart, and most outstanding of them all are the blessings that come my way through my association with each of you. It is no wonder that inexpressible joy and happiness are mine.

To each of you who have helped to brighten my life I say "thank you" but it seems so small an expression and not comparable to the message within my heart.

Always down Friendship's Evergreen Lane there will stroll with me the wonderful friends that I have been privileged to make. Often we have heard, "Make new friends, but keep the old; those are silver, these are gold."

But as a result of my 95 years I can deeply appreciate these words: To me comes the thought by experience taught, presenting a broader view; the same strands of gold that I found in the old were found shining bright in the new.

So I join the poet in the sentiment of the following poem. How applicable it is to the experiences I have learned in my near century.

"It is my joy in my life to find At every turning of the road, The strong arm of a comrade kind To help me onward with my load; And since I have no gold to give, And love alone must make amends, My only prayer is while I live— 'God make me worthy of my friends'."

MOTHER HARPER.

The elephant is one animal that cannot get all four feet off the ground at the same time.

Floyd People Attend 4-H Meet

Five 4-H Club members and one Adult Leader from Floyd County were among the delegates from District 2 who attended the annual 4-H Round-Up at College Station. Four chartered buses took the boys and girls and their leaders. They were accompanied by extension agents.

Delegates going from Floyd County were Alice Latta, Frances Allen, Don Pope and Lavon Shearer, all members of the County-wide 4-H Club. Jean Porter, who also belongs to the county-wide Club, represented Floyd County in the state 4-H Dress Revue contest. Mrs. Lloyd Allen, who accompanied the groups, as adult leader for the Sand Hill 4-H Club.

Elimination in state contests held Monday. The dress revue was held Tuesday evening with 145 girls from over the state participating. Achievement night was Wednesday when all contest winners were recognized. Vesper services were held on Sunday evening and a 4-H Friendship party was held for the boys and girls on Monday evening. The Round-Up programs were held Monday and Tuesday with all delegates, leaders and extension personnel attending. The theme of the Round-Up was "Working Together for World Understanding."

The Floyd County Farm Bureau donated \$25 toward the 4-H girls' trip to the Round-Up.

Delegates and Leaders returned from College Station Thursday, arriving in Lubbock about 6:00 p. m. Miss Leila Petty, and Bob Gibson, Floyd County Extension Agents, remained at

College Station for the Agents' conference and returned at the end of the week.

Wanda Jack, Elven House Marriage Vows Sunday

A candlelight ceremony the morning of June 17 united in marriage Miss Wanda Elaine Jack, daughter of Mr. and Mrs. Sam Jack of Lockney, and Elven House, son of Mr. and Mrs. E. A. House of Tulla. The vows were read in the home of the bride's sister, Mrs. Jack Bickley in Plainview.

Dean Brookshire, Church of Christ minister, read the double ring ceremony before a mantle decorated with greenery and white satin bows flanked with candelabra and baskets of white and pink gladioli.

The bride wore a ballerina length white net dress over satin. The bodice was fashioned with a high neckline and cap sleeves. Her hat was white lace trimmed with tiny rhinestones and she carried a white orchid with white satin streamers atop a white Bible. For something borrowed the bride wore a lavallier which belonged to her mother.

Miss Betty Joe Arthur was maid of honor. Donald Stout attended the groom as best man. Also attending were Mary Louise Rigdon and Dale Brown. The candles were lit by Betty Jo Arthur and Dale Brown.

The mother of the bride wore a dusty rose dress with brown accessories and a corsage of white carnations. The bridegroom's mother chose a rose dress with navy and white accessories. She wore a corsage of white gardenias.

A reception was held in the

home after the wedding. The table was laid with a cream lace cloth. A crystal punch bowl and double candelabra with lighted pink tapers decorated the table. The three-tiered pink and white wedding cake was topped with a miniature bride and groom. The cake was served by Betty Jo Arthur, and Mary Louise Rigdon served the punch.

Those attending the wedding were the immediate families of the bride and groom, and very close friends. Besides relatives, the following were present: Dale Brown and Donald Stout of Tulla, Melba and Bobby Williams, Plainview, Mary Louise Rigdon, Lockney and Betty Jo Arthur, Levelland.

For her going away outfit, the bride chose a navy pique sleeve-

less suit with navy and white accessories. Her corsage was a white orchid. After a wedding trip to points in Colorado, the couple will make their home in Plainview.

The bride is a graduate of Lockney High School with the class of 1950. The bridegroom graduated from Tulla High School in 1949.

Aside from cheese, rats also enjoy doughnuts, apples, sweet potatoes, and peanut butter.

MRS. PERCY Q. TATE

Percy Tate Is Married To Miss Patsy Roe Brashier

Announcement has just been received here of the marriage on June 1 of Percy Q. Tate of Odessa and Miss Patsy Roe Brashier of Monahans. Formal candlelight vows, enhanced by brilliant altar decorations were read in the Monahans First Baptist Church.

The bride is the attractive daughter of Mr. and Mrs. John E. Brashier of Monahans. Parents of the groom are Mr. and Mrs. D. D. Tate, who live south of Lockney.

Rev. Cecil Pearson, pastor, was officiant for the double-ring ceremony.

Jade foliage formed an altar backdrop, flanked by baskets holding white gladioli, larkspur and majestic daisies. Four branched candelabrum lighted the altar with cathedral tapers. Roe Zumo, El Dorado, Ark., cousin of the bride and Jerry Pat James were candle lighters.

The bride, given in marriage by her father, J. M. Brashier, was radiated in a gown of white slipper satin, designed with an overlay of silk tulle edged with chantilly lace. The shirred bodice was fitted to the long, flowing skirt that fell into a graceful chapel length train. An illusion, off-shoulder yoke was edged with wide ruffled of chantilly. Lace also rimmed the long petal-pointed sleeves, fastened with tiny self-covered satin buttons.

Her tiered veil of illusion was held to a tiara of seed pearls. The circular veil was finger-tip. She wore a strand of pearls, a gift of the bridegroom. White rosebuds, encircled with misty pink calla lilies and white and pink showers of satin ribbons fashioned her bridal bouquet. Joyce Jean Young, the bride's cousin, maid of honor, wore a off-shoulder blue organdy gown, the yoke trimmed with pink silk rosebuds. Draped at the sides and front, the skirt repeated the floral trim. Her flowers were blue carnations designed into a nosegay. As a headdress, she wore a halo of blue carnations.

Danny Kay Blair, flower girl, wore pink organdy designed to harmonize with the maid of honor. She had a tiara of pink carnations in her hair. Betty Beavers and Mavis Tate, sister of the bridegroom, Lockney, were bridesmaids. Their gowns were yellow organdy with V necklines, rimmed with double collars. Each carried nosegays of yellow carnations and wore halos of the same blossoms.

Roger Ray Goza, a cousin of the bride, was ring bearer, wearing a white suit and carrying twin rings on a white satin pillow. Kenneth Tate, Floydada, brother of the bridegroom, was best man and ushering were

Vernon Grove, Odessa; Dan Teuton, Lockney; Billy James Muckelrath and Carol Dyer, Jr., Lubbock and Douglas Solsberry, Snyder.

Webb Jenkins, Kermit organist, played prelude wedding music and accompanied Mrs. James Walsh, vocalist, who sang, "My Wonderful One," and James Walsh whose benediction song was "The Lord's Prayer."

Complimentary to Mr. and Mrs. Tate, the bride's parents entertained following the nuptials with a reception in their Monahans home.

Spring flowers ornamented the rooms. The bride's table featured pink carnations and larkspur in a handsome arrangement. The three-tiered wedding cake was decorated with a miniature bridal couple. Pat Vaught served cake and Charlene Bond poured lime frosted punch. Mrs. Harmon Williams registered wedding guests.

For traveling, the bride changed into a white gabardine suit with navy accessories and pink carnations from her wedding bouquet. The couple left for Miami, Fla., on a wedding trip.

Mrs. Tate, an outstanding West Texas beauty, was winner of several revue festivals and represented her hometown at the El Paso Sun Carnival. After her high school graduation she was employed in the Monahans First State Bank.

Tate, past president of the Odessa Junior Chamber of Commerce, was graduated from Lockney high school and Wayland College, Plainview. He has been employed at Odessa for several years with Humble Oil and Refining Co.

Upon their return, Mr. and Mrs. Tate will be at home in Odessa. Included in the out of town wedding guests were Mr. and Mrs. D. D. Tate and Mavis, Lockney; Kenneth Tate, Floydada; Mr. and Mrs. Dan Teuton and daughter, Vicki, Lockney, and a large number of Odessa and Kermit friends.

INTERMEDIATES ENJOY PICNIC AT CAMP GROUND

At a picnic held at the Baptist Camp grounds in Blanco Canyon Wednesday afternoon forty intermediate boys and girls with their sponsors enjoyed the afternoon in several hours of recreation.

IN OREGON

A card from J. B. Seale states that he and his family have traveled as far as Eugene, Ore., on their vacation trip and that they are having lots of fun and are feeling fine.

Mahon Reports Farm Labor Bill Making Progress

Representative George Mahon reports from Washington that the so-called Poage Farm Labor Bill has now passed the House and is in conference between the House and Senate. The House rejected the so-called Douglas Amendment to the bill which would make it a felony for a cotton farmer to knowingly employ a Mexican citizen who was in the United States illegally. The object of the Poage Bill is to simplify the process of bringing Mexican labor from the Republic of Mexico to help in the harvesting of cotton and other crops — labor that will be greatly needed if the 1951 Texas cotton crop is to be harvested. Mahon participated in seeking passage of an amendment by Congressman Rogers of Pampa which would have repealed existing federal law prohibiting employment in agriculture of children under 16 years of age when school is in session. The amendment was held out of order and was not adopted. Both Rogers and Mahon have separate bills pending which would accomplish the same purpose but to date favorable action has not been taken. Mahon expressed elation over the passage of the Poage Bill. He said that there had been a rumormongering that the President might veto the bill when it arrived at the White House for his signature. However, he felt that the President would be compelled to approve the bill in view of the tremendous importance to the national defense effort of procuring additional labor for the harvesting of the 1951 cotton crop.

Acheson and Counsel

WASHINGTON, D. C. — From left, a State Department Security agent; Adrian Fisher, State Department legal counsel, and Secretary of State Acheson leave the Senate caucus room following the cabinet member's testimony at the Senate probe of Gen. MacArthur's ouster.

J. G. McGuffey Passes Away

Funeral services for J. G. McGuffey, 58, were held in the Lemons Funeral Chapel Sunday afternoon, June 24 at 3 o'clock. Eugene Looper of Lubbock officiated. Mr. McGuffey suffered a heart attack at 3 p. m. on Friday preceding his death and passed away at 3:05 Saturday morning. He had lived in Floyd County for 24 years prior to moving to Plainview seven years ago. Survivors include his wife and four daughters as follows: Mrs. A. C. Burnett, Fordyce, Ark.; Mrs. Alton Noland, Floydada; Mrs. J. W. McDonald, Amarillo; Mrs. Jaquita Volkman, Lubbock. Also surviving are five grandchildren, one sister, Mrs. Sippie Mulder, Floydada; three half-brothers, Clarence McGuffey, El Paso, Lawrence McGuffey, Mesa, Ariz., Edgar McGuffey, Albuquerque, N. M., and several nephews and nieces. All were present for the last rites with the exception of the last two mentioned half-brothers.

Hospital News

In hospital: Mrs. Grace Byars, Gus Whited, Harold Deen Griffith. Dismissed: Mrs. Bud Still, Mrs. W. P. Webb, Mrs. Dan Teuton, Josephine Garza and baby, Dr. N. E. Greer, Perta Longoria, Ralph McGuire, Cathy Brotherton, Jane Reynolds.

HAS OPERATION

Mrs. D. O. Aldredge, former resident of Lockney now living in Amarillo, underwent major surgery at the Lubbock Memorial Hospital Tuesday. Her condition was described as satisfactory following the operation. Janie is visiting here in the home of Rev. and Mrs. N. S. Daniel while her mother is in the hospital.

ASHBYS AT HOME

Mr. and Mrs. H. D. Ashby have returned to their home here after spending several months with their daughter at Denver City. Mrs. Ashby, who fell and broke her hip some time ago, is improving and is able to be about on crutches.

Floydada Officials Open Bids On Fire-Fighting Equipment

Floydada. — Members of the city council in Floydada opened bids for the new fire fighting equipment at their regular meeting last week. Oden Chevrolet company of Floydada was successful bidder to furnish the new truck and Howe Fire Equipment company of Anderson, Ind., submitted low bid for other equipment. The Floydada firm was low among five bidders to furnish the truck, with a bid of \$1,850, and the Indiana company was successful among three bidders for the equipment with a bid of \$6,671. Delivery of the new fire fighting apparatus is expected in October. The truck will be outfitted with a triple combination pump of 500-gallon capacity and will have a 400-gallon booster tank. Other business of the council included the signing of a contract for additional curb-to-curb paving. The proposed project is expected to include several blocks.

1950 Loan Cotton Pooled August 1

All 1950-crop loan cotton still under loan on August 1 will be pooled for producers' accounts, according to T. J. Hutchins, secretary of the Floyd County Production and Marketing Administration Committee. The loans mature July 31. Since the market price of cotton during the year was well above the loan rate for most qualities of cotton, only 8,002 bales were placed under loan. Through May 17 a total of 4,522 bales had been redeemed, leaving loans outstanding on 3,480 bales. Producers may either sell their "equity" in the loan cotton or redeem the cotton from the loan and then sell it in the open market. At present prices, Mr. Hutchins said, farmers should be able to dispose of most of their loan cotton at prices that will give them some profits above the loan and charges against the cotton. The Baltimore & Ohio was the first railroad in the United States. Most of us spend one-third of our lives in bed and asleep.

EDITORIAL

Render therefore to all their dues: tribute to whom tribute is due; custom to whom custom; fear to whom fear; honour to whom honour.

Have you read the Declaration of Independence lately? It makes thrilling reading, if you will try to visualize the conditions under which the great men who composed it were laboring. Abused by the very nation they should have been able to succor and lean upon in their struggle for existence, the colonists took desperate measures to secure for themselves what we today consider common everyday freedoms. How little we appreciate their efforts as well as the freedom they won for us. We quote in part:

"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain inalienable Rights, that a-

mong these are Life, Liberty and the pursuit of Happiness. That to secure these rights, Governments are instituted among men, deriving their just powers from the consent of the governed."

Can you imagine such a declaration being made in Russia? Liberty and the pursuit of happiness are things unknown in that dark and dreary land, and many times even life itself is denied some without cause or reason.

"We therefore, the representatives of the United States of America, in General Congress, Assembled, appealing to the Supreme Judge of the World for the rectitude of our intentions, do in the name and by the authority of the good people of these Colonies, solemnly publish and declare, that these United Colonies are, and of right ought to be, free and independent states; that they are absolved from all allegiance to the British Crown... And for the support of this Declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, our fortunes and our sacred honor."

This great step was a serious matter and could have resulted in dire consequences to the brave men who pledged "our lives, our fortunes and our sacred honor" to the cause. However a Divine Providence willed differently and the new great nation was formed. We need to remind ourselves over and over again of this great event and to appreciate more each year its importance to those of us living in this time.

Of course the cause has been defended many times over and thousands of lives have been lost defending the rights of a free people. Those events are also important and should be remembered. We do not believe that there is any indication that we will not have to defend the cause again and again. Wars continue to happen despite the efforts of men and nations, despite the professions of all nations that they seek peace. They will continue to happen as long as men are selfish and cruel and seek only their own welfare, forgetting all others. The vision of a warless world is, in our opinion, a beautiful but unattainable dream.

OUR DEMOCRACY — by Mat

A Declaration by the Representatives of the UNITED STATES OF AMERICA OURS TO CARRY ON

When, in the course of human events it becomes necessary for a people to dissolve the political bonds which have connected them with another, it is the duty of that people to assume among the powers of the earth the separate and equal station to which the laws of nature and of nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

ONE HUNDRED AND SEVENTY FIVE YEARS AGO, 56 BRAVE MEN SIGNED THIS DECLARATION AND PLEDGED TO SUPPORT IT WITH THEIR LIVES, THEIR FORTUNES AND THEIR SACRED HONOR.

THAT VALIANT BAND NOT ONLY FOUNDED A NEW NATION, BUT BEQUEATHED TO US THE INDOMITABLE WILL, THE FEARLESS SPIRIT OF FREEDOM, THAT BURNED IN THEIR HEARTS AND THOSE OF THEIR COMPATRIOTS.

OUR NATION LIVES BECAUSE OF THE SPIRIT OF THE SIGNERS LIVES. "THE DAY WE CELEBRATE SHOULD BE A DAY OF REDEDICATION TO THEIR IDEALS."

With Our EXCHANGES

DELAY OF UMT PROGRAM IS WEAK SPOT OF DRAFT BILL. On the positive side, the new draft bill finally approved by congress offers these gains: It lowers the draft age from 19 to 18 1/2 years, lengthens the term of service to two years, and reduces physical and mental requirements for draftees. All these measures will contribute to the necessary expansion of the nation's military manpower pool. The bill also runs for four years, thus assuring the armed forces of a certain continuity in manpower policies.

Finally, it endorses the principle of universal military training. Since that principle never before has gained approval in congress, its acceptance must be rated as progress. But, on the negative side, the great disappointment is that this measure did not in fact set up a UMT program but put it off to a future date.

The bill establishes a five-member commission, of whom three are to be civilians, to frame a program to give six months' military training to all youths between the ages of 18 and 19. After appointment by the president and confirmation by the senate, the commission must bring in its report within four months. If congress approves the plan, the president can start it any time he likes.

Dial 710 - KGNC AMARILLO STATION 6:25 A. M. Thur. & Sat.

Let Uncle Jay Tell You About The FLASHOTRAC SYSTEM

Baker FLASHOTRAC CO PLAINVIEW, TEXAS

House members seem to be hoping that some kind of improvement in the world situation, perhaps an end to the Korean war, will afford them the excuse they seek to shelve UMT four months hence as they have done every year up to now.

Our military leaders are virtually unanimous in recommending UMT as the only sane way to assure this country the well-trained reserve of manpower it needs to fight a modern war. Public opinion polls indicate the American people fully support the idea.

Yet lawmakers who appear more concerned with the next election than the next generation persist in regarding UMT as a painful program which they dare not embrace — Wichita Falls Record News.

RISE IN SAVINGS

One of the great bulwarks of democracy is the ability of free people to return to an even keel after swinging to an extreme.

The rise in savings after stampede consumer buying, provoked by the Korean war and fears of shortages, is a good case in point. People nowadays are satisfying essential wants with an eye to bargains, but they are not hoarding more than they could possibly need. Normal demand is an effective deterrent to inflation, and savings are a powerful remedy against higher prices.

To define this return to an even keel as deflation is inaccurate. The results of moderation in consumer buying will be beneficial to business, the people and the economy as a whole. Booms may be exhilarating but they are false stimulants that lead to adverse reaction. We would like to see government itself employ some of the thrift that is being practiced by the people.—Fort Worth Star Telegram.

Form-Cotton Is Quality

Station — The final cotton is its performance. Points out J. M. Ward, Agricultural Experiment Station, and other experimenters recently made a study of the quality and fiber characteristics of mechanically ginned cotton on the High Plains. Specially developed varieties are better for the use of mechanical gins than are open-boll varieties.

Ward said. Gins are operating at capacity during the harvest. High Plains growers choose of either storing seed cotton or leaving it in the field to be harvested later in the season. Practice full scale and most of the storage on the ground in the cotton of the same staple length. And these yarns processed into strong durable fabrics.

Initial Copy Publication Laws Book Presented Price Daniel

TEXAS' ATTORNEY GENERAL PRICE DANIEL took time out on Father's Day to receive the first copy of his new book, "Texas Publication Laws", as a gift from his family. Gathered around the Attorney General are Mrs. Daniel and the four children—John, Price Jr., Houston, and Jeanie. In spite of a big job and a big family, Daniel found time to edit the law book on newspapers and public notices as a public service for the Texas Press Association.

State Seeking Applicants For Highway Patrol

Austin. — Homer Garrison, Jr., Director of the Texas Department of Public Safety, announced today that the closing date for receiving applications for appointment as Texas Highway Patrolmen is July 10th.

Young men who are citizens of the United States and who have resided in Texas for at least one year immediately preceding the date of their application and who are between the ages of 21 and 35 years, inclusive, with a minimum height of 5 feet, 8 inches; and who meet the other necessary physical, mental and character qualifications may secure application blanks from their nearest Texas Highway Patrol District Office or by writing directly to W. J. Elliott, Chief, Texas Highway Patrol, at Austin.

Garrison pointed out that the Patrol offers excellent advantages in working conditions to young Texans who are interested in career law enforcement.

Applicants who successfully pass the exhaustive character investigation and field examinations will be thoroughly schooled at the Department's headquarters in Austin early this Fall before assignment to duty posts over the State.

World's Lightest Wood

Tano, found in Siam and the Malayan Peninsula, is believed to be the world's lightest wood. It is preferred by the English in making sun helmets.

American rabbits do not dig the holes they live in; European rabbits do.

New Insecticide Is Dangerous, Dr. Cox Says

Recently a new insecticide highly poisonous not only for insects but also for man and animals has become available commercially said Dr. Geo. W. Cox, State Health Officer. It is known under the trade name of "Parathion" and has proved quite effective for certain agricultural uses.

Because of its extremely high toxicity it would be desirable if its use could be restricted to a few individuals who could make a business of applying it and educate and equip themselves so as to insure the maximum of safety. In Texas and a number of other states, however, there are no laws making such restricted use possible. Therefore, a brief statement of warning is being offered.

"Parathion in the pure state is a brownish liquid with a high boiling point and a peculiar odor. It mixes but slightly with water, but is completely soluble in alcohol, acetone and certain other similar solvents. Under factory conditions it is usually mixed with a powder such as talc or bentonite as a carrier and appears on the market as a powder which has absorbed the parathion.

"Its toxic effect may result from breathing the dust, as a result of swallowing contaminated substances, or by absorption through the skin. The latter may be indirect absorption such as from contaminated clothing.

Safe use is dependent on the use of precautionary measures so as to prevent contact. The user should seriously study and observe these precautions. The user should also be alert for symptoms of poisoning so that a physician may be in attendance without delay should he be needed. Atropine, a potent medicine, has been mentioned as an antidote. It should be borne in mind that this is another poison about as dangerous, if improperly used, as is parathion. It should only be used under competent medical direction.

New Texas Corn Hybrid To Be Released In 1952

College Station. — Seed of Texas 30, a new corn hybrid developed by the Texas Agricultural Experiment Station, will be available for use by farmers in 1952, announced Dr. J. S. Rogers, agronomist in charge of corn breeding work for the Experiment Station.

This newcomer represents a combination of inbred lines of Yellow Dent and Yellow Sur-

cropper varieties. It produces larger ears than either Texas 26 or 28. In eight tests conducted in the past two years, Texas 30 averaged slightly higher yields per acre than Texas 24, 26 or 28—the three most popular corn hybrids now grown in Texas.

The new hybrid matures slightly earlier than Texas 24 or 28, but it is five to ten days later in maturing than Texas 26.

Tests have shown that Texas 30 is well adapted to the Blackland Prairie and the East Texas Timber Region. Rogers, who developed Texas 30 and other recent Texas corn hybrids, said, "past behavior of the breeding of this new hybrid indicates that

it will have a very wide range of adaptation and probably can be grown successfully wherever other Texas hybrids are recommended."

Broad tests are being made with Texas 30 this year, and a good supply of seed should be available for 1952, Rogers said.

"International spending has gone a long way toward bearing out the scientists who claimed the world is flat." — Shannon Fife.

The ashes of a six-foot man will usually weigh between 8 and 9 pounds after cremation.

Petersburg Voters Approve Bond Issue

Petersburg. — Voters of the Petersburg Independent School district approved a \$50,000 bond issue last Saturday by a vote of 47 to 19 in a better-than-average turnout at the polls.

The funds will be used to construct four additional classrooms, an agricultural and mechanical shop building, general repairs to existing structures and to connect the schools with the city sewer system.

Supt. H. A. Owens said the

election was called after a petition bearing the names of 80 voters was presented to the school board.

FORESTS CAN BE IMMORTAL

When a mine is worked continuously it eventually gives out, but the forest is a renewable resource which, when properly cared for, goes on forever and ever.

TREES VERSUS COTTON

More cellulose can be grown on an acre of land with trees than with cotton.

Don't Let Scrap Waste Away, Sell It to Aid Defense, Farmers Urged

Will steel output be increased? That depends to a great extent on whether farmers move their iron and steel scrap promptly, says the Committee on Iron and Steel Scrap of American Iron and Steel Institute.

Thousands of tons of scrap—vital material in steelmaking—are idle in junk piles on farms, and some of it is wasting away, says the Committee. If farmers promptly sell this material to local scrap collectors, it will be moved to steel mills or foundries for the production of defense equipment and essential civilian items. All scrap is urgently needed—whether a few pounds, a few bushels or a ton or more.

Farmers will help themselves by the sale of the scrap and will help strengthen the United States. Each day about 2,000 carloads of purchased scrap are required by steel mills and foundries. The mills are operating at a record high rate and using more scrap than ever before.

Old tools, wornout parts of tractors, trucks, cultivators and other implements; broken and discarded pieces of metal and other scrap should be taken to town and sold right away to the local scrap dealer. Every pound of scrap which comes back to steel mills helps to make two pounds of new steel, on the average.

If the scrap is unusually bulky, preventing its easy transportation by the farmer, the scrap dealer can be called or the local farm agent can be asked to work out an arrangement.

"Farms are one of the big sources of scrap," says the Committee. "Never have farmers had a greater stake in the nation's steel output."

"More scrap from farms means more steel."

"This vital material must not be allowed to waste away. There is no place for waste in the United States today."

Army Is Seeking Civilian Workers

Fort Sam Houston. — The United States Army is inviting 2300 civilians to accept employment at Army installations in Austria, Germany, Alaska, Okinawa and Japan.

At salaries which range from \$2650 to \$7600 per year, the Army urgently needs construction and maintenance personnel; communication engineers and technicians; automotive engineers and mechanics; safety engineers, engineering and survey aides; draftsmen; typists and stenographers; librarians, industrial and cost accountants; auditors, storekeepers and warehousemen property and supply clerks; tabulating machine operators; economists, and public health physicians. Civilian personnel in Alaska and Okinawa receive an additional 25% allowance in pay; and in Japan it is 10%.

Transportation will be provided both ways to successful applicants and, in addition, all Army facilities available to military personnel will be furnished to civilian employees who take advantage of the offer.

The approximate cost of living for a civilian employee overseas compares most favorably with the cost of living at home. In Alaska subsistence will cost the single worker \$75 per month; in Austria and Germany \$60; in Okinawa \$45 monthly, and in Japan only \$35. Civilians who sign up for the minimum 2-year tour of duty have the opportunity to save a very large part of their earnings.

Interested applicants should contact their local Texas Employment Commission Office immediately for further details.

SPENDING SUMMER HERE

Thomas Camp, who recently completed his pre-med work at Texas University, is here to spend the summer with his uncle and aunt, Mr. and Mrs. Sid Thomas. He will do some farming while here.

Young Camp has been chosen to attend the State Medical School at Galveston as a member of the National Pre-med Honor Society. He is the son of Mr. Joe Page of Alpine, formerly of Lockney.

FOREST PRODUCTS OFTEN RIDE THE RAILS

Forest products make up one out of every ten carloads of revenue-producing freight hauled by American railroads in an average year. This is about seven percent of the gross railroad freight revenue collected.

GO TO CHURCH SUNDAY.

Plant Flowers Now For Late Summer Blossoms, Sadie Says

College Station. — Now is the time to set out young flowers or plant seeds for late summer bloom. Sadie Hatfield, Home-stead Improvement Specialist for the Agricultural Extension Service of Texas A. & M. College, says the seedlings will come out to take the place of the early flowers as they stop blooming.

The best standby for late summer is the zinnia. This flower comes in many sizes from the tiny "Tom Thumbs" to the "Giant Flowered" and you can have them in double or single blooms in any color. Miss Hatfield recommends the Mexican zinnia, a small, unusual plant, which is easy to grow. She says it is small enough to use in corsages, and the plant reseeds itself each year.

Another hardy annual flower is the sunflower. You can get this plant in the single or double blossom, in red or yellow. She especially recommends the red, for it is a true mahogany-like color, which is beautiful. Another similar plant is the Mexican sunflower or Tithonia which grows tall and is a good background, or fence plant.

The yellow cone flower is a hardy native plant which is good for cut flowers, and once started it comes back each year. It is a labor-saving flower.

Other suggestions for late summer annuals are petunias, Princess Feather, snow-on-the-mountain or milk weed, gaillardia, marigolds, salvia, vinca or portulaca. The specialist recommends a moderately rich soil with deep watering once a week.

Posting Of Beef Prices Delayed Until August 1

Lockney. — The Office of Price Stabilization announced that the requirement that retail meat sellers publicly post ceiling beef prices by June 25 would be postponed until August 1.

In view of the fact that mechanical difficulties had forced a delay in the intended June 18 posting date, and that August 1

is the end of the present price level based on the first 10 percent roll back of live cattle prices, it was decided to delay posting of the charges for the brief period of time before that date. On August 1, new lower price levels at retail are scheduled under the present regulations.

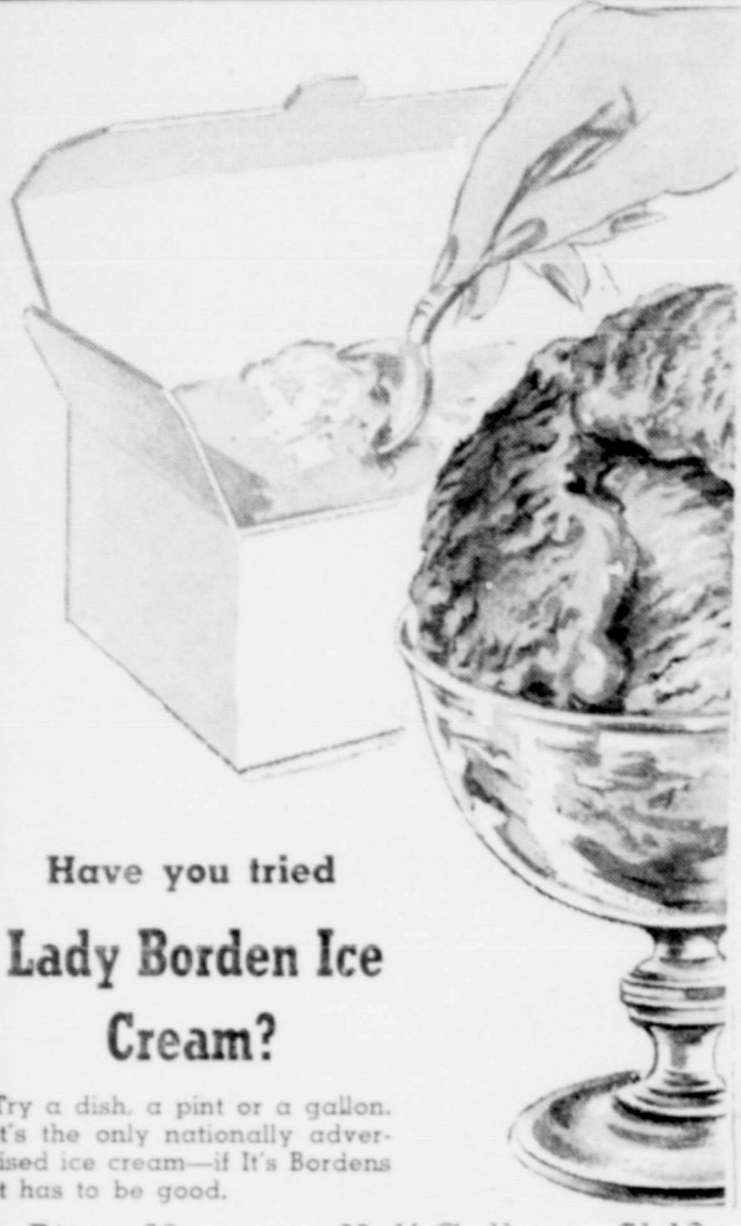

In addition OPS officials said continued study of the operation of the program indicates that a few adjustments in prices of some cuts may be necessary, to bring them in line with others in the same region.

Meantime, it was pointed out, the order requires that all prices be posted on the beef cuts on display that these prices are below ceiling prices.

Kosher beef retailers required to post their prices on their charts, OPS said.

Also, any other retailer who desires to post for the benefit of their customers may prepare their own prices in the regulations when it was passed.

Huntin' AND Fishin'

By Harve Pennington

This is the time of year that bass fishing comes into its own. Most baits will catch fish, but for real efficiency they must be fished properly.

There are three important things to remember if your baits are to be given the chance they deserve: First, you got to place your lure where fish are at the time you are fishing. Eighty per cent of the water of a lake or stream has no game fish in it, so you got to locate the depth where you are most likely to find the fish you are after. The next step is to use a lure that is adapted to the depth and the kind of water you have selected. Lures are made for definite conditions so make certain you use the lure for which it was designed. Most good lures remind a fish of a minnow, frog, crawfish or insect. If the fish you are after are feeding on frogs, then it is logical to choose a lure that looks or acts like a frog. The same applies to minnows—select a lure that looks like a minnow.

Study the action of the lure you use. What speed should you use when retrieving it? Should it be slow or fast? Should it be retrieved immediately, or should it lay before you start to reel it in? If your lure is a frog, make it act like a frog. Cast it in weed beds, lily ponds, even on the shore and then retrieve slowly in little spurts as a frog would swim and rest. Ever notice how a minnow darts like mad and then slows down to idling speed? Make your minnow type lure do that, too. If you are fishing a crawfish let it settle to the bottom then advance it with short jerky movements with a few pauses between.

Mr. and Mrs. Othel Ball and boys of Amarillo spent last week end in the Tom Ashburn home.

Mr. and Mrs. M. D. Lynn and family spent the week end on a fishing trip and visiting at Decatur, Fort Worth and Eden.

G. H. Phenis, J. P. Truett and John Perry Truett left Sunday for a fishing trip this week near Alpine in the Davis Mountains.

Control Of Flies On Stock Urged By Cattle Experts

College Station. — Flies affecting livestock cause tremendous loss to the farmer each year. Therefore, it is to the livestock man's advantage to provide the best possible control of these pests.

R. O. Dunkle, Young county agricultural agent, reports that many ranchmen in Young county are spraying their herds for hornfly control. Dunkle estimates that if one-half of the cattle in the country were sprayed regularly through the fly season, beef production would be increased over half a million pounds.

Charlie Caev, Kaufman county cattle breeder, said recently that the cattle in his herd, which were sprayed last year, were at least 10 percent better than unsprayed animals.

It is usually necessary to apply specific control measures for each species of fly, says James A. Deer, assistant entomologist for the Texas Agricultural Extension Service.

Deer points out also that different control measures are required for different types of livestock. Dairy cattle should not be sprayed with insecticides that may contaminate the cows' milk.

He suggests that livestock men contact their county agricultural agents for the latest recommendations on controlling hornflies, stable flies, horse flies and house flies. Hornflies alone may cost the livestock producer 50 pounds or more of beef per animal a year.

CARD OF THANKS

We wish to take this opportunity to express our sincere appreciation for the kindness and sympathy, also the beautiful floral offerings, at the loss of our beloved husband and father, J. G. McGuffey.

Mixtures Suggested For Insect Spraying

There was quite an infestation of bag worms and tent caterpillars last year and reports show that the pests are at it again this year. Spraying should have started in May but a consistent spraying program started now will be helpful.

These spray mixtures are suggested by Miss Leila Petty, County Home Demonstration Agent:

1. Six pounds lead arsenate to 100 gallons water.
2. Four tablespoons toxaphene to 1 gallon water.
3. Three tablespoons chlordane to 1 gallon water.

A bucket sprayer is comparatively inexpensive and will reach the tops of ordinary trees.

A combination of 90 parts dusting sulfur and 10 parts copper will retard blackspot and mildew on roses. There is a Floral dust containing dusting sulfur and "Fermate" fungicide to control fungus diseases and rotenone and methoxychlorate kill the insects.

For chiggers, spray or dust the lawn with 1/4 pound of landane per acre or 1 to 2 pounds of toxaphene or chlordane. If you spray, put on about 25 gallons of spray per acre. If you dust dilute the chemical with 25 pounds of flour or some other carrier. Sulfur dusted on the lawn is an effective measure against chiggers.

Gail Kellison left Sunday night for a visit in San Antonio with Mr. and Mrs. Geo. P. Mizell Jr., former Lockney teachers.

Mr. and Mrs. Lee R. Viall of Amarillo spent Sunday here visiting her parents, Mr. and Mrs. Walter Beall.

Mrs. E. A. Cox returned Sunday night after spending several days in Plainview with her daughter, Mrs. Glenn Carroll and Linda.

Lockney Students Make Texas Tech Honor Roll

Three students from this community made the honor roll at Texas Technological College for the spring semester, according to the roll just released by college officials.

The students on the honor roll ranged from a 3-point average down to 2.56 average. They were enrolled for 12 semester hours and constituted the upper five per cent of the student body.

Lockney students on the honor roll were:

Edwin D. Langford, a senior engineering student, with a straight A average.

Bobbe Atwood, Senior business administration student with an A minus average.

Beth L. Kellison, a sophomore arts and science student with an A minus average.

From Floydada, Pauline Denison, a freshman arts and sciences student and Homer E. Kennamer, a Junior engineering student were on the honor roll with A minus averages.

W. T. Gas Co. Asks Rate Hike

The West Texas Gas Company will file an application asking with the City of Lockney asking for an increase averaging 15.8% in local gas rates, according to information released by the company this week. The company will seek increases in between 50 and 60 cities and towns it serves in West Texas.

C. I. Wall, president of the company, has also filed an application with the Texas Railroad Commission asking permission for the raise, but the Commission Monday refused to take action on the matter and received the application only after insistence on the part of the company officials. The Commission will only review the matter in cases where the city refuses to allow the requested raise in rates, it was said.

Increase in costs of material, labor, taxes, gas purchased for resale, and other items was given as the need for the rate in-

crease. This is the first time the company has asked for an increase in rates, it was said. All other changes have been to lower rates.

The general rate increase would be as follows if granted: First 2,000 cu. feet per month—62 1/2 cents per 1,000, the same as at present.

Next 48,000 cu. feet per month—55 cents per 1,000, an increase of 10c per 1,000.

Next 50,000 cu. feet per month—50 cents per 1,000, an increase of 20 cents per 1,000.

Thus it is indicated that heavy users will be the patrons who feel the increase the most.

The company figures showed that under present rates in 1950 they grossed \$29,582.32 from Lockney. Under the new rates they would have grossed \$34,264.52, an increase of \$4,672.20 or 15.8%.

At Crosbyton, a town of comparable size, they grossed in 1950 \$27,911.01. Under the new rates they would have grossed \$31,953.33, an increase of \$4,042.32 or 14.5%.

At Floydada they grossed in 1950 \$54,642.91. Under the new rates they would have grossed \$62,470.85, an increase of \$7,827.94 or 14.3%.

The minimum charge of \$1.25 per month would not be changed, as indicated above, and 23% of gas consumers do not use more than the minimum.

The average annual residential consumption for the year 1950 was 86,000 cu. feet, and under the new rate this would cost the consumer only around \$6.00 per year more than under the present rate, it was pointed out by company figures.

Local city officials have received no word from the company concerning the application although publicity concerning the proposed increase has been released by the company.

South Plains

by Mrs. Murray Julian

Last night's fine rain turned out to be quite general. Most all the neighbors had their wheat out, and quite a few had a good start on their plowing of the fields. An inch to an inch and a half rain was reported around South Plains, and there was no hail.

Mrs. Roy Childress and daughter, Mary Louise, spent the week end with Roy Childress at the farm here. Mrs. Childress and Mary Louise are attending summer school at West Texas State College at Canyon. Both are working on their master degrees, and intend to get their degrees by the end of the second quarter this summer. There are still two weeks of the first quarter left. Mary Louise has a teaching position at Portales, N. M. this fall and she will go there to teach in the junior high school. She will teach english and speech.

W. M. S. meets today, July 2, at 3 p. m. at the church for Bible study. Mrs. Dock Jones will be the leader for the study, and every member should try to be there, as all reports for the year should be in. The W. M. S. ladies are working on the club house down at the Baptist encampment putting up new curtains at the windows, and fixing new shower curtains. The men are having new screen doors and window screens put on the cabin.

The Wm. Staniforths were hosts at a lovely barbecue dinner given on Friday night. Those who attended from Floydada were: Dr. and Mrs. John Kimble, and Mr. and Mrs. Rex Brown, Mr. and Mrs. E. R. Campbell from Gainesville, and Barbara Barnard from Barwise. Miss Barnard stayed the night at the Staniforths and Saturday Mr. and Mrs. J. H. Barnard visited them, and Staniforths and their guests spent a pleasant evening of Canada.

Enie-Meenie-Minie-Mo — Who Drove?

Floyd County officers were saying enie meenie minie mo the first of this week in an effort to discover who was driving the 1950 model Buick that overturned on a dirt road just southwest of Lockney Sunday afternoon. Two colored men, both under the influence of something stronger than soda pop, climbed out of the wreckage, but each declared that the other was driving when Deputy Sheriff Alton May went to investigate the wreck.

However sometime Monday, one Albert Scott decided to plead guilty to a DWI charge and the other negro, Ted Ford, pleaded guilty to a drunkenness charge. Judge Frank L. Moore fined Scott \$150 and costs and Ford \$50 and costs.

When Deputy Sheriff May reached the scene of the accident Scott was complaining loudly of a broken leg and other injuries but examination at the local hospital failed to reveal any injuries other than superficial bruises and cuts.

The Buick, borrowed from another Plainview negro, was badly dented around the top and sides but was unharmed otherwise.

Previous to turning the car over, the negroes had backed into the front of the Braselton Implement Co. building in Floydada and broke two large plate glass windows. As a result of officers were already on the look-out for them.

UNCLE BEN REECER IS UP AGAIN

Uncle Ben Reecer, who recently underwent two serious head operations in a Dallas hospital, came home last Friday and is able to be up on the streets again this week. Uncle Ben was injured when knocked down by a car here about a month ago.

"When I started work, I used to dream about getting the salary I'm starving on now." — Herald, Calgary.

HOT AT MIDLAND

A clipping which was submitted for review to the Beacon recently, indicated that it has been warm at Midland. The clipping stated that the temperature reached only 87 degrees. Previously the thermometer had gone to 107, 108 and 109.

Horses have two sets of teeth just as humans do.

Bobby Harston —
(Continued from page 1)

arrangements were pending late Wednesday.

Bobby was a member of the eighth grade graduating class of C. N. Townsend school here in May. He was active in sports in the grade school, participating in boxing and football. He was a very popular boy and had many friends among his schoolmates.

Survivors in the immediate family are the parents and a 9-year-old sister, Patsy Sue.

W. C. Mercer of Fort Hood spent last week end here.

OFFICE SUPPLIES at The Beacon Office.

ginbotham fell out of a tree and sprained his arm. Bruce Julian has an eye infection, and had to go to the doctor. Maxine Vaneek was also ill and had to be rushed to the physician. It turned out to be indigestion, and we hope this week is less exciting for them all.

Ralph Childress has been home quite a few days from the hospital in Amarillo. He was able to be out at church last Sunday, and we are all very glad he is feeling strong again.

Bert Sewell arrived home last Tuesday after an extended visit with his daughter, Margaret, and family, who live in Missouri, and another daughter, Ima Jean who resides in Albuquerque, N. M. He also spent a few days with a brother in Shamrock. We are glad to report he is feeling better at present, but he was quite ill for two weeks while he was with his daughter in Missouri.

Mrs. O. R. Sanders and Verita and Mrs. Raymond Holt and Wanda Gail, all from Hereford, brought Martha Lee Sanders home on Friday, after she had spent the week visiting in Hereford. They all came and visited all day Friday with Mr. and Mrs. Otho Sanders, Mrs. C. E. Bartlett and Mr. and Mrs. W. M. Sanders from Floydada, also were all day guests with Sanders Friday.

Mr. and Mrs. Arthur Brown and Karen from Lockney, arrived home last Wednesday evening after spending a pleasant week with Mr. Brown's mother, Mrs. Ormand and her husband, in Arkansas. The Ormands live near Siloam Springs, Ark.

Little Diane Callahan has the mumps at present. She is the oldest of Junior Callahan's two children.

Mr. and Mrs. E. R. Campbell from Gainesville, Texas were the week end guests of Mr. and Mrs. Wm. Staniforth Sr. and Mr. and Mrs. Wm. Staniforth Jr. They had spent the past week at Cucharas Camp, Colo., but in their trip here encountered every kind of weather. Hot dry winds, in eastern New Mexico, icy weather in Colorado, rain and hail from Amarillo on down, and they arrived here in the terrible dustier which occurred Friday afternoon.

The community is planning an ice cream social on Wednesday night, July 4, at South Plains ball park for Rev. and Mrs. Guest who are leaving the next day. No one has a house large enough to take care of all those who will come to wish good luck to Rev. and Mrs. Guest, as they go out into another field.

The Home Demonstration Club will meet Wednesday, July 11, at the home of Mrs. Jones, with Mrs. Albert Stewart as co-hostess. It is such a busy time, and that week is the scheduled youth's camp week, with our junior boys going down to the Baptist encampment, and as Mrs. Jones and four other women will go to serve on the tent, down at the encampment, the club may hold its meeting at the school house. It will be announced later.

Several of our youngsters have been ill this past week. Bud Hig-
