Dial System Will Be Cut-In At Noon Co. Board Consolidates Lockney School District

NEW FANGLED MACHINE—These new fangled machines, like Lockney's new dial telephone system, doesn't bother Mrs. J. B. Harper or Mother Harper, as she is known. Just turned 95 years of age, Mrs. Harper is very alert and hears plenty well enough to talk over the telephone. The new dial system will go into use today (Thursday) at noon.

Lockney's new \$100,000 dial telephone system will be placed in service at noon today, according to J. C. Oakley, manager of the Southwestern Bell Telephone Company. The change will be made in just a few seconds, without interrupting service, he said.

Telephone men have been engaged in checking and testing the equipment to be sure all is in readiness for the change. At noon a signal will be given and all connections to the switchboard in the old telephone office will be broken.

At almost the same moment, another group of telephone men in the new building will release the dial switches—and fast, accurate dial equipment will start handling Lockney's telephone calls.

The instant the new system is in service, every telephone number in Lockney will be changed. The new numbers are listed in a new dial telephone directory which has been delivered to all customers here. About 750 copies were required.

Oakley emphasized that users here should look up the new numbers in the new directory after the change. "All old numbers will be wrong numbers," he said. "Those who dial an old number will get either a wrong number, or no one at all." Instructions on the use of the dial telephone are in the front of the new book.

"The change will climax many months of work by telephone men and women, here and elsewhere. To bring dials here, a new telephone building was erected; the new system, especially designed and 'tailor-made' to meet Lockney's needs, was engineered, manufactured, shipped, and installed; dials were placed on all telephones in town; and thousands of feet of wire and cable, as well as literally millions of small, hand-made connections, went into the new system.

"When the change is made Thursday, any telephone user in Lockney can, by turning a dial, talk across the street, across the state, or to almost any point in the nation.

"We are proud to be growing with this community. The new dial system is a part of our program to meet the communications needs of the people here, now and in the future."

Mrs. Faye Messer has been employed as business office agent for the company and will accept payments for telephone bills at her office in the City Hall.

Operators to Plainview
Most local operators will go to work for the company at Plainview. The Beacon was informed this week. Mrs. Jake Smith, local chief operator will work there as will Miss Josephine Smith, Miss Emma Stalbird, Mrs. O. Wayne Ross, Mrs. G. L. Sims, Miss Juanita Tinsley and Miss Mary Louise Rigdon. Two other operators, Mrs. Alice Wylie and Mrs. Mary Jo Scott will not go to work at Plainview. Some of the ladies will drive back and forth while others will move to Plainview.

Cousin Killed In Auto Crash
Raymond Hanson, 20 years of age, of Lamesa was killed instantly Saturday night, June 30, in a head-on collision near Matador. He was a cousin to Jimmie Stevenson of Lockney. Also killed in the crash were Harlon Grissom and Miss Annelie Lovelady, both of Lamesa. Five soldiers in the other car were injured, some of them seriously. Mr. and Mrs. Stevenson and Mr. and Mrs. R. C. Rogers went to Matador after receiving news of the accident.

Mr. and Mrs. W. E. Terrell and family, Mr. and Mrs. Melvin Potts and family, Mr. and Mrs. R. H. Ford and family spent several days last week at Chama, New Mexico on a fishing trip.

Ira G. Broyles Buried Friday

One of Lockney builders and pioneer business men passed away in a Houston hospital Wednesday of last week, July 4. He was Ira G. Broyles, who came to Lockney with his parents in 1894 and engaged in business here in early days.

Mr. Broyles underwent an operation about three weeks previous to his death at St. Joseph Hospital and had gone to the home of his son in Houston to recuperate. He became suddenly worse and was rushed back to the hospital. Death came early Wednesday morning. He was injured in a fall from the roof of his home here in February of 1948 and had never completely recovered.

Funeral services were held at the Main Street Church of Christ in Lockney Friday afternoon at 4 o'clock conducted by the Minister Charles Goodnight. Interment was in the Lockney Cemetery with Carter Funeral Home in charge of arrangements. Mr. Broyles was a member of the Main Street Church.

Mr. Broyles was born in Coryell County, Texas, March 31, 1879. His parents, Mr. and Mrs. W. E. Broyles brought their family to Lockney to live in 1894 and he had spent most of the remainder of his life here. He was at one time employed on the old XIT ranch with headquarters at Channing. In later years he was in the lumber business here and at other times engaged in farming. He was among a group of early day business men whose pictures were run in The Beacon recently.

He was married to Miss Lorena Gunn in 1909.

About two months ago he went to San Antonio to visit his wife who is employed there and from there went on to Houston to visit his son.

Survivors include his wife of San Antonio, two sons, Wayne E. Broyles and Robert D. Broyles, both of Houston; two sisters, Mrs. Ethelyn McAdams of Lockney and Mrs. Clara Shelton of Afton; three brothers, Robert Broyles of Kilgore, I. B. Broyles of Fort Worth, and John Broyles of Weatherford.

Sgt. Randolph To Be Buried Here

Sgt. Raymond R. Randolph, killed in action in Korea on September 5, 1950, will be buried in the Lockney Cemetery soon. The body is now enroute to the States.

Sgt. Randolph is the son of Deputy Sheriff and Mrs. L. B. Randolph of Earth, Texas. His father was reared in the Cedar Hill community. His grandmother, Mrs. H. T. Randolph, his aunts, Mrs. A. S. Mize, Mrs. W. B. Wilson and an uncle, L. B. Randolph, still live at Cedar.

Sgt. Randolph was 35 years of age when killed. He had been wounded in July, 1950, went back into action in August and his death came in September.

Services for the soldier will be held in Lockney but arrangements have not been completed. The date of the arrival of the body is not known yet, his father said Wednesday. Carter Funeral Home will be in charge.

Father of the dead soldier was the son of Mr. and Mrs. H. C. Randolph, pioneer residents of the Cedar Hill community. The family moved to this area in 1891.

New Gulf Station Opens Saturday

The new Gulf service station built at the corner of Bryant and South Main will be open Saturday and Al Willis, manager is celebrating by offering a lot of prizes.

The newly erected brick and tile structure is a decided asset to the business district of the city. From the gleaming paved drive ways to the wash racks, it is equipped with the latest and best service station equipment.

Mr. Willis will be assisted in the operation of the station by Audvie Barnett and Raymond Denmore. The station will feature clean rest rooms, battery service, Gulf tires and tubes, items for the home and car, free call for and delivery service, as well as all Gulf products.

Mr. Willis invites everyone of this community to come in and register one time each day for the next week. Prizes will be awarded on Saturday, July 21 and the registrant is not required to make a purchase in order to register.

Flash-O-Gas Office Also in Building
The Lockney offices of the Baker Flash-O-Gas Co. will also be housed in the station building, Mr. Willis said. They have been in the Baker building just across the street while the new building was under construction.

Herbert May Is Electrician Here

Herbert A. May has joined the Plains Plumbing and Electric firm here as an electrician and is already on the job, it was announced this week.

Mr. May is the son of Deputy Sheriff and Mrs. Alton May of Lockney and has had considerable experience as an electrician. The firm is now prepared to do all kinds of electrical repair and installation.

Hospital News

In hospital: Mrs. Grace Byars, Gus Whited, Petra Longoria, Diane Calahan, daughter of Mr. and Mrs. H. S. Calahan Jr., Doodle Milton. Dismissed: Harold Deen Griffith, Mrs. Bud Still, Petra Longoria, Diane Calahan.

Diann Woodburn of Van, Texas, is here visiting her grandmother, Mrs. E. L. Woodburn.

Attending UENM Summer School

Weldon Dodson, principal of the Townsend Elementary Grade School here has been in Portales, New Mexico the past five weeks attending the University of Eastern New Mexico. He is working on his Masters Degree. Mrs. Dodson and the children are with him there and the family plans to return in another three weeks when summer term closes.

The Dodson child who was admitted to the Plainview polytechnic center was not related to the local family.

Sidney Reeves, superintendent of Lockney Schools is also a student of U. E. N. M. working on a masters degree in administration and education. He and the Dodsons have been spending the week ends here. Mrs. Reeves and Mike are spending the summer at home.

Mr. Eugene Tremble, band director here is to receive his Masters Degree in music from North Texas Teachers College this week end and plans to be in Lockney soon to start summer band school.

10 Called For Induction July 10

The first order for induction in some time was issued this week by Selective Service Board No. 45 for Floyd, Motley, Swisher and Hale Counties. The men were ordered to report July 10. They are:

- Hal Herbert Courtney, Northfield, Texas.
- Victor Albert Ebeling, Kress, Texas.
- Billy Eugene George, Chama, N. M.
- Donald Clark Green, Route 3, Floydada, Texas.
- Thomas Calvin Parker, Plainview, Texas.
- Howard Gordon Patton, Kress, Texas.
- Delbert Elwood Porter, Petersburg, Texas.
- H. L. Rowell Jr., Tulla, Texas.
- Weldon Winifred Singleton, Amarillo, Texas.
- L. T. White, Plainview, Texas.

Cotton Out-Grows Thrip, Agent Says

A thorough survey of the cotton crop in Floyd County has been made by County Agent Robert H. Gibson and Ass't. County Agent Cecil Lewis for cotton insects. Their investigations reveal that most cotton has outgrown the thrip and that further thrip spraying is unnecessary, they said. Some fields have been and are being damaged by careless weed worms or webworms. Most of these fields have been controlled by toxaphene applied at the rate of 2 lbs. per acre. A few fields are showing heavy to light damage from lice. Fields being damaged by lice should be sprayed with 1/2 pint of 4% TEPP (Tetra Ethyl Pyrophosphate) per acre. TEPP when applied at the rate will effectively control any thrip or flea hopper in the cotton at that time. Anyone using TEPP as a spray should use extreme caution in avoiding fumes or coming in contact with this person in any way. It has caused death to humans and animals, but can be applied safely if the person uses caution. Very few flea hoppers have been found. A few lygus bugs were found. From this inspection the County Agents are recommending that producers stop spraying cotton for thrip unless they are found in great numbers.

Cotton fields should be inspected several times during the week for fleahoppers, careless worms, lygus bugs, and small boll-worms. No further spraying are necessary until these insects are found in damaging numbers.

Inspections of corn in tasseling and silking stage reveal an abundance of corn ear worms eggs. Spraying these fields where possible with 2.3 lbs. of two parts toxaphene and one part DDT or 2.3 parts toxaphene will give profitable control.

Cotton fields are being damaged by a fungus growth called angular leaf spot and high winds. These two things are causing most of the ragged appearance of the cotton.

Harris and Jimmy, McAllen; Mrs. Roy Riley, Canyon; Mr. and Mrs. E. E. Gee and Jerry and Mrs. Mollie Walling, Amherst; Mr. and Mrs. W. C. Morris and son, James Edward of Natalia.

To get a start, the specialist recommends planting seed or sod. Planting sod is preferred. If you sow seed, you may get a poor stand. Select sod of seed bearing plants and you will have less mowing to do. Get sod two or three inches square and three to five inches deep. Place twelve to eighteen inches apart to cover your lawn immediately. Water well and keep out the weeds.

EDITORIAL

This is my commandment, that ye love one another, as I have loved you.—John 15:12.

Today (Thursday) will see the last of the manually operated telephone switchboards in Lockney. The telephone operator will be no more as far as local calls are concerned and patrons of the telephone company will be dealing with a cold, calculating machine when they go to call their friends across town or in the country.

Most of us have had a "mad on at the operator" at one time or another, but we are fearful that this new fangled machine is not going to eliminate all the troubles. We are still going to call numbers and find them busy and there might even develop some kinks in this thing—amazing to where you end up talking to yourself. We're not expecting or forecasting a lot of trouble with it but we don't think it

will be the answer to every problem.

Too, we're going to miss some of those personal services we've been getting. Several times, we have tried to get a number only to find it was busy. Then when the parties were through talking the operator would call us and tell us we could have the number now. We don't expect the dial system to do anything like that. And we don't expect to pick up the telephone and say "Give me so-and-so's residence." That dial don't remember numbers by names.

Another thing that dial system is not going to be blowing any fire sirens or tornado warnings in the dead of the night. We don't know what arrangements have been worked out but we know the dial system won't be it.

Don't get us wrong now. We're not regretting the change so much. Progress must be served, we suppose, but we do hate to see all these ladies move off or be thrown out of work. And there will be some services that we miss.

We offer our congratulations for a job well done to Mrs. Jake Smith, Mrs. O. Wayne Ross, Miss Josephine Smith, Miss Emma Stalbird, Mrs. G. L. Sims, Miss Juanita Tinsley, Miss Mary Louise Rigdon, Mrs. Alice Wylie, Mrs. Mary Jo Scott and all the ladies who have come and gone before this time. We also offer our regrets that they will be forced to seek employment elsewhere. We hoped it could be worked out differently.

Getting back to the dial system, we believe that it will be worthwhile for everyone to study the dialing instructions in the new directory and get acquainted with this new type of telephoning just in case something comes up that you need a number in a hurry. And remember that every number in the book has been changed. Familiarize yourself with the new numbers that you call most.

TELEGRAPH SERVICE IS POOR

Western Union has a statement on its telegraph forms which welcomes criticism from patrons. We hope that is true.

Rails is practically without outside communication by telegraph except for certain super-banking hours Monday through Friday. Several times during the few years telegrams have been dispatched to local residents on Saturdays and Sundays. Messages received on these days are not delivered. Sometimes they arrive by regular mail three or four days later. Sometimes they do not arrive at all.

But the most annoying instance of corporate stupidity is Western Union's policy to call a person "collect" from Lubbock to deliver a message that should have been delivered in Ralls. Failing facilities to deliver such message locally, it seems hardly just to force the addressee to pay a telephone toll to receive a message the sender has paid for delivered in Ralls.

When a person in Chicago files a telegram to Ralls, he pays a toll charge for that telegram to be delivered here. He is not informed at the time Western Union accepts his message and his money that the telegram will not be delivered in Ralls. He is not informed that the company's policy is to place a long distance telephone call, collect, from Lubbock in order to reach the addressee. What the company is engaged in is a mild form of swindling. It is accepting full toll charges at one end then collecting another at the other end.

AMERICAN GESTAPO

Several Crosbyton merchants received a visit from a member of the Gestapo last week—a representative of the Federal Reserve System enforcing Regulation W. This man, who has the authority to demand access to the records on every business deal many merchants make, left Crosbyton with evidence he indicated would make criminals of practically every appliance dealer in the city.

What big crime did these merchants commit? They committed the heinous offense of making it possible for some people to buy stoves, refrigerators and other appliances who otherwise could not have had them. These merchants weren't even selling scarce merchandise—every one of them were overstocked on the items sold and good business practices dictated that they get out from under the merchandise. To do otherwise would affect their credit position adversely.

But this makes no difference to our American Gestapo. Government officials now have the authority to pry into everything the merchant does—telling him what he must get as down payment, what prices he can get for his merchandise, taxing him a third of his net sales—regulating him just as merchants in fascist and communist lands must be regulated.

And if he commits the terrible offense of selling some working guy a refrigerator without getting enough down payment, he is eligible for a heavy fine or even imprisonment. It doesn't make any difference how many refrigerators the dealer may have on the floor and in the warehouse; it doesn't matter if the customer has the best credit rating in town; the Gestapo says you must still get that one-third cash down payment—Trends in Crosbyton Review.

ASPIRIN BUSINESS GOOD

The old saying "It is an ill wind that blows no one any good" must be true. Within the last week we were listening to the radio and heard the announcement of the ten per cent increase on the cost of newsprint. We immediately reached for the aspirin, which of course, helped the aspirin business. It seems as though everything is bound to help some one.—Waldobora, Maine, Press.

GOOD HEALTH

1. WHAT CAUSES MOST CHRONIC DISABILITY?
 Answer to Question No. 1:
 The greatest cause of chronic disability in the United States is arthritis and other rheumatic diseases. The total number of victims is as great as the combined population of Los Angeles and Chicago, 7,500,000. There are 147,000 persons completely disabled from these causes, 800,000 partially disabled and more than 6,000,000 who suffer from continuous or recurrent pain. New drugs and treatments are helping many and offer the hope that medical science will add yet another to its list of conquered diseases.

2. WHAT IS MOST IMPORTANT IN ATOMIC CIVIL DEFENSE?
 Answer to Question No. 2:
 Trained health personnel is of supreme importance in defense against the results of atomic bombardment. Hospitals may be bombed out but it would be difficult to wipe out the trained personnel of an entire metropolitan area. So long as there are doctors, nurses and first aid workers in sufficient numbers, the injured can be cared for. Some member of every family should have first aid training.

3. DID SURGEONS ALWAYS WEAR WHITE GOWNS?
 Answer to Question No. 3:
 Before the days of anti-septic surgery, surgeons wore their oldest coats for operating and sometimes used the same coat for as long as 20 years. After Dr. Joseph Lister's discovery of the principle of antiseptics a radical change in dress occurred. Eventually the sterile hospital gown and mask as we know them today were adopted. Modern surgical cleanliness has saved countless lives.

HERE FROM CALIFORNIA

Alex Applewhite Jr. who is stationed at Moffitt Field, Calif., a naval air station has been spending the past two weeks with his parents, Mr. and Mrs. I. A. Applewhite. Several days of his visit has been marred by a severe throat infection causing him to be hospitalized two days. He plans to leave the last of this week for a visit in Dallas with his brother, Jack before returning California.

Gail Kellison returned home Sunday night after spending a week in San Antonio with Mr. and Mrs. Geo. P. Mizell.

WTCC Members Will Meet In Plainview

Ablene. — Members of the West Texas Chamber of Commerce from 28 cities will meet Monday, July 16, in Plainview for a barbecue dinner and discussion of the organization's expanded activities and general program of work. B. P. Bludworth, WTCC president, announced today.

The meeting has been arranged on invitations of WTCC officials and civic leaders in the Plainview area. This will be the eighth of a series of conference with small groups of key men held in larger cities of the region in recent weeks. These meetings have stimulated much interest in work of the organization. The other meetings were held in Wichita Falls, Abilene, Monahans, Denton, Vernon, El Paso, and Pampa.

Fred H. Husbands, executive vice president and general manager, will report on the enlarged program of work outlined for the coming year, and an additional staff personnel engaged to work on activities and projects. Community-level services are being emphasized in the objectives to be accomplished in 1951. Other WTCC staff members will be present.

Members in the following cities have been invited: Tulla, Lubbock, Canyon, Dimmitt, Littlefield, Levelland, Hale Center, Abernathy, Floydada, Crosbyton, Matador, Lockney, Muleshoe, Hereford, Silvertown, Ralls, Lorenzo, Slaton, Brownfield, Farwell, Friona, Morton, Tahoka, Seminole, Seagraves, Post, Spur and Petersburg.

Mr. and Mrs. Arnold Johnson of Albuquerque, N. M., were week end visitors in the J. B. Johnson home here. They also visited relatives at Quitaque.

Buffalo Grass Is Good For Your Lawn

College Station. — Buffalo grass will make a good covering for your lawn. It is a time saver because it is drought-resistant and low growing. This grass is recommended for West Texas by Sadie Hatfield, Homestead Improvement Specialist, for the Extension Service of Texas A. & M. College.

The specialist says the grass is sometimes called "mesquite grass" or "curly mesquite grass" and even "short grass. It grows from South Texas to the Dakotas. It is a favorite of cattlemen for their stock. This is the grass used by early settlers on the plains for making sod houses.

Buffalo grass does best on tight soil, but does not grow in the shade. Nitrogen fertilizer and barnyard fertilizer with plenty of water force the growth much taller than the usual 3 to 5 inches. So be careful not to over fertilize and make extra mowing necessary.

The specialist says early fall and spring are best for sodding Buffalo grass, but many people are successfully starting lawns, any time of the year, if they have plenty of water. See your county Extension agents for further information. They will teach you to recognize Buffalo grass.

Mr. and Mrs. J. H. Cooper and Carol visited A. E. Perkins in the Amherst Hospital Sunday. Mr. Perkins is suffering from a ruptured ulcer of the stomach. He has been seriously ill but is now some improved. He formerly lived here.

W. C. Mercer Jr. of Camp Hood near Waco spent last week end here with his father and friends.

By Mrs. Donald Johnson

Mr. and Mrs. R. S. Johnson and son and Marvin Jones of Hale Center were guests in the Donald Johnson home Saturday night and Sunday. Mr. and Mrs. E. L. Jones and Melvin also of Hale Center came for Sunday dinner.

Mrs. B. J. Phillips was hostess at a Stanley party in her home Friday afternoon. Cakes and cookies were served to the following: Mrs. B. O. Barrett, W. D. Nance, H. H. McPherson, Jack Nix and Nancy, Bailey Henderson

and LaJuan, Bob Tiner and sons, Donald Johnson and children, the hostess and Mrs. Hershey.

Tommy Cope of Arizona is a visitor in the Howard Mosley home this week.

Attending a picnic at Palo Duro Sunday were Mr. and Mrs. Reed Lawson, Mr. and Mrs. Jack Frizzell, Howard Watkins, and Duwayne Griffith.

Mr. and Mrs. A. E. Frizzell visited Sunday in the Milton Frizzell home at Rock Creek.

Mr. and Mrs. Don Myers of Canyon spent the Fourth of July holidays here with his mother, Mrs. Olive Myers.

Anti-Commies Gain

ROME, ITALY — Incomplete returns from Italy's local elections pushed communists out of the city halls of scores of cities and towns, including the important seaports of Genoa and Venice. The four anti-communist parties had polled a big enough majority to keep control for another 5-year term of all the 13 provincial capitals at present under their administration and in addition gained Genoa and Venice. Cardinal Ildelfonso Schuster, outspoken anti-communist churchman of Milan (above) shown casting his vote against the red peril.

Gov't Urges Caution But Goes On Spree

Abilene. — While the Administration has repeatedly appealed to the nation's consumers to help combat inflation by putting off buying whenever they can, Federal government has been making such purchases as 68,000,000 can openers since the start of the Korean campaign a year ago. There are about a million and a half men in the Army.

This is brought out in a recent report by the taxation and legislation department of the West Texas Chamber of Commerce.

The report points out that the President has told business men to avoid piling up inventories, to increase efficiency wherever possible, and to keep prices down; that he has asked employers to conserve manpower and urged all to work harder and longer, and forego wage increases or more profits.

The Federal bureaucracy obviously does not want to play on the nation's anti-inflation team, the report states.

Some examples of Federal purchasing of goods:

Army Ordnance recently purchases 6,000,000 gallons of paint

in quart and gallon cans. This was a full year's requirement, but the Army sought delivery in 60 days. This huge order for paint in civilian size cans, rather than in 5-gallon cans, was criticized by paint suppliers and admitted as unwise by the Army.

The Army set up a requirement of 4,636,000 web belts for 1951. This is three belts per man, although only one is issued per man per year. Its 1951 requirement for combat boots was set up at 11,753,000 pairs, although the total consumption was estimated 4,800,000 pairs.

Last January the Quartermaster Service bought 3,000,000 pounds of oleomargarine at 25 1/2 cents a pound. At the very same time the Department of Agriculture was selling 5,500,000 pounds of surplus butter to Italy at 15 cents a pound.

Reports of the Byrd committee show that the number of civilian employees on the Federal payroll had jumped 2,184,681 on December 31, 1950 to 2,409,121 as of April 30, an increase of 224,440 in four months. This means that the Government has been filling new positions at the rate of 1,870 per day, every day in the month.

Recently an official of the new Defense Transportation Administration reported that that agency is "stockpiling" stenographers "against the needs of the future."

Co-Eds Favor Three Child Families

Denton. — Mothers of the future favor a three-child family and modern methods of discipline, a poll of 100 coeds at North Texas State College revealed recently.

A cross-section of the campus female enrollment also indicated that the girls want to marry an "understanding" man, in most cases patterned after their own fathers. The poll was conducted by the Campus Chat, student newspaper of NTSC.

Asked the number of children they expect to have, the majority of the coeds set the number at three. However, one coed, who prefers a "roving type" of husband they would have no children at all.

The majority of the females questioned stated that they would definitely use the modern concept of discipline on their youngsters. They were in favor of banning the "rod" and trying to prevent frustrations which might cause the child to be "bad."

Sounds Roll Call For Business Youth

NEW YORK — American youth now has the greatest opportunity for recognition and advancement in business management in the history of the nation. During the "middle term" of the national defense program — from the present through 1953 — it is the young men from the farms and cities who will make America invincible in industry and arms.

James J. Nance, one of the country's top business leaders, told an audience of management officials that industry's first objective is to accept full responsibility for producing defense materials. At the same time, stabilization and expansion of the working force, and progress toward an advancing standard of living are also prime targets for management, the president of Hotpoint said.

New management talent can be discovered in every business organization among the young men who have started their careers since the war. This is one phase of planning for the "middle term" in the nation's dual economy, which Nance termed "a greater challenge to American business than all out peace or all out war."

One girl was content with "mother's techniques" of caring for children. "I'll be inclined to do things the way they've been done in the past," she said; "these new ideas don't make for very peaceful homes."

"What kind of father do you want for your children?" the coeds were asked. He should be "appreciative and affectionate toward the children—and good-looking," interviewers were told.

Mr. and Mrs. Gavin Marr, Jeanie and Debbie of Albuquerque, N. M., spent last week end in the home of Mr. and Mrs. R. E. Marr, Jeanie remained for a two weeks visit.

Mr. and Mrs. J. H. Cooper and Carol left Tuesday for Dallas where they expect to spend the remainder of the week.

Mr. and Mrs. Jack Cooper, Shirley Ann of Morenci, Arizona, and Shirley Huffine of Amarillo visited relatives here Friday night.

South Plains

by Mrs. Murray Julian

Mr. and Mrs. Bruce Rich and daughter from Plainview were at church Sunday, and Mr. Rich preached the morning and evening services. He is a student at Wayland college. Everyone enjoyed his good sermons. There will be preaching next Sunday, also, so everybody be sure and come.

Several friends and relatives from here attended the funeral of Bobby Harston, which was held in Lockney Thursday afternoon. His drowning was a terrible tragedy, as Bobby was loved by everyone. Those who went from South Plains were Mr. and Mrs. Elmo Reeves and children, Mr. and Mrs. Fred Fortenberry and Elmo, Mr. and Mrs. Z. C. Cummings and Zach, and Mr. and Mrs. Andrew Sanders and children. We extend sincere sympathy to all the family.

Martha Lee Sanders spent from Tuesday until Saturday of last week with her maternal grandparents, Mr. and Mrs. C. E. Bartlett of Dougherty.

Mrs. Ray Hulick and small sons, Scotty and Jerry, will arrive Wednesday afternoon to spend a week with her aunt, Mrs. Murray Julian and family. Mrs. Hulick resides in Albuquerque, New Mexico.

Mr. and Mrs. Fred Fortenberry and Elmo spent Wednesday, July the fourth in Amarillo visiting Mrs. Fortenberry's brothers and families. There are three of the McCain brothers residing in Amarillo.

Mr. and Mrs. Bruce Rich and Linda, from Plainview were Sunday dinner and supper guests at the home of Mr. and Mrs. Sim Reeves last Sunday.

Walter Wood is in the hospital at Plainview with an infected foot. He was taken to the hospital on July 4th. They thought at first the disease was phlebitis, but he is much better at present, and it is hoped he might get to come home from the hospital on Monday.

Mrs. J. C. O'Neal, from San Francisco, Calif., is visiting at present at the home of her sister, Mrs. Truman Bradshaw and family. She arrived last Saturday for an extended visit with her sister.

Mrs. Dock Jones and Mrs. H. L. Marble with four of the intermediate girls will go to the Blanco Baptist camp on Tuesday morning and help serve that day. Sim Reeves will take the junior boys of South Plains on Wednesday and then on Thursday Murray Julian will take the boys and bring them home on Friday afternoon. The boys who plan to

go are James Higginbotham, Eugene Beedy, Kendis Julian, Victor Bond and Winfred West.

Mrs. Truman Bradshaw has been fortunate in having several of her brothers and a sister visit her this summer. On Saturday her brother, Cliff Miller and Mrs. Miller from Deming, N. M., and another brother, Dave Miller, and wife and Hattie, Mildred and Clarence, all arrived and stayed over the week end and until Tuesday of the following week visiting with the Bradshaw family.

Little Diane Calahan was taken to the hospital on Saturday afternoon. She has been having the mumps, but was not getting along very well.

Mr. and Mrs. Jimmy Davis, Jimmy, Jr., and Sherill, took Mrs. Davis' brother, Jerry, home on Saturday to their parents, Mr. and Mrs. A. L. Wright of Pampa. They spent the week end there and arrived home on Monday. Jerry Wright has been visiting the Davis family for a few weeks.

Grigby Milton is confined to his home this week and last with a case of the mumps. It seems there is no let up of that disease in our community.

Mr. and Mrs. I. H. Park's boys, Eddie and Jay Frank, went to Amarillo last week and spent the week visiting their grandmother, Mrs. J. G. Shearer, Mr. and Mrs. Z. D. Blaine came on Sunday from Amarillo and took the boys back with them, and then brought them home this past Sunday.

Mr. and Mrs. Jim Magnuson from Amarillo spent Sunday before last with Mrs. Magnuson's cousin, Mrs. Jack Yeary and family.

Mr. and Mrs. Jack McGowan and sons, formerly of Tucumcari, N. M., came to visit her parents, Mr. and Mrs. Walter Woods Saturday, and they left on Tuesday for their new home at Cody, Wyoming, where Mr. McGowan will be stationed for some time.

Mrs. H. T. Bradshaw was hostess to the Crochet Club of South Plains on Wednesday, July 4 at her home. The regular members Mrs. Lee Pearson, Will Sims, Early Pritchett and P. M. Smitherman were present, and a guest, Mrs. J. C. O'Neal from San Francisco. Cake, punch and coffee were served at the

close of a pleasant afternoon.

Mrs. L. T. Woods and Jaunelle left Saturday morning to visit her mother, Mrs. S. C. Waller at Tucumcari, N. M. Her sister, Mrs. Lyle Hailey, from Casper, Wyoming, is visiting this sister, whom she had not seen for a long time. She intends to be home this week.

Mrs. Shelby Calahan has been ill at her home since Thursday of last week with the mumps. Her three children have not had them, and they have been staying with Mrs. Calahan's mother, Mrs. Gilbert Bean, and with Mrs. Raymond Upton and other members of the family.

Mrs. Dock Jones and Mrs. Albert Stewart will be hostesses at the South Plains Home Demonstration Club on Wednesday, July 11, and the meeting will be held at the home of Mrs. Jones.

Mr. and Mrs. Louis Vanek from Waco, Texas, and Mr. and Mrs. Henry Bezek and children from Corpus Christi, Texas are now visiting Mr. and Mrs. Frank Vanek and children. The Louis Vaneks are Mr. Vanek's parents, and the Bezekes are Mr. Vanek's sister and family. They arrived Saturday afternoon.

Mr. and Mrs. Rufus Young have announced the coming marriage of their daughter, Meri, to Don Sherbut of Floydada, on Saturday, July 14. The marriage will take place at the Young home.

Rev. and Mrs. R. C. Guest left Thursday for their new home, which is located near Levelland. They were presented with a beautiful mirror and a Martha Washington bedspread after the

close of the party which was given the Guests at South Plains on Wednesday night, July fourth, and the gifts were from all their friends, not just the church members.

Mr. and Mrs. George Weast, Mr. and Mrs. John Smitherman and Rev. C. A. Joiner went to the hospital on Sunday afternoon to see Mr. Walter Wood. He is reported feeling better, we are glad to say.

Mrs. Marvin Montague and children spent all day Monday visiting at the home of her aunt, Mrs. George Weast and family.

On Wednesday, July 4, Mr. and Mrs. George Weast entertained at a lawn and garden party for their daughter June, and her husband, E. T. The occasion was their eighth wedding anniversary. Those who attended the party were Mr. and Mrs. W. M. Daniels from Floydada, Mr. and Mrs. Robert Smith Jr., from Sterley, and the hosts, Mr. and Mrs. George Weast.

Mrs. Frank Vanek and children called on Mrs. Gene Edmonds and children on Thursday afternoon of last week.

Mrs. E. E. Joiner and Gordon, and Patsy and Maxine Vanek visited the Murray Julian home last Wednesday afternoon.

Mr. and Mrs. O. R. Beard from near Cedar Hill community were Sunday afternoon visitors at the home of Mr. and Mrs. Bryant Higginbotham.

Mrs. L. M. Beck from Turkey is staying with Mrs. Sula Julian in Lockney at present. Mr. and Mrs. M. M. Julian drove to Turkey after church Sunday to bring Mrs. Beck to stay with Mr. Julian's mother.

Mr. and Mrs. George Weast spent the past week end in Amarillo visiting with their daughter, Mrs. E. T. Evans and family. They shopped some Amarillo on dollar day, on Monday.

Dr. and Mrs. J. G. Pruitt visited at the home of Mr. and Mrs. Harvey Pearsey in Norwalk, Calif., in their visit out there on the coast. Mrs. Pearsey was formerly Ida Mae Willis of South Plains.

Mr. and Mrs. J. K. West, Winfred and Dale, Mr. and Mrs. Kenneth Bean and Kendis Julian went on a picnic to Roaring Springs last Sunday and enjoyed a day of outing.

The Texas Farm and Ranch Safety Committee is planning a statewide safety program and it's aimed at eliminating accident hazards from the rural areas; and making every citizen, young and old, safety conscious and mindful of their responsibility in such a program. Week of July 22 is National Farm Safety Week.

Scout Investiture Service Held

Girl Scout Troop No. 4 and Troop No. 5 held their investiture service Friday night at eight o'clock in the Methodist Church.

The program was presented as the scouts stood in horseshoe formation. Color guards stepped forward and all gave the pledge of Allegiance to the flag. The entire group sang "America the Beautiful" and Hope Cox then gave the history of girl scouting. Each girl came forward and gave the scout promise, lighted a candle, then gave the salute and hand shake. The leader presented each with her scout pin. All reported the Scout laws and sang "Girl Scouts Together" in unison. They joined hands and repeated the Scout prayer.

Refreshments were served to the Girl Scouts, their parents and leaders.

Participating from Troop No. 4 with Mrs. Chester Mitchell and Mrs. Milton Ashton as leaders were: Patsy Ashton, Luella Lowe, Rita Sue Johnson, Janice Hays, Shirley Mitchell, Linda Baxter, Peggy Ford, Barbara Ann Rigby, Nancy Bollman, Debra Ferguson, Patricia Gray.

Troop No. 5 Scouts with Mrs. M. Wiley and Mrs. Peyton Powers leaders were: Glenda Foad, Jane Chandler, Loy O'Brien, Charlyne Brown, Delores Brown, Betty Graham, Virginia Caldwell, Gayle Rucker, Judy Terrell, La Juan Sandlin, Hope Cox, Jean Wofford, Lahoma Rowell, Peggy Buckner, Kay Golden.

Brownie Investiture Ceremony Held

The investiture ceremony for three Brownie troops was held at the Methodist Church on Friday, July 6th at 5 o'clock. Mothers of the girls and interested friends were invited guests.

Floral appointments were in charge of Mrs. Jack Taylor and Mrs. Fritz Schacht, leaders of Troop No. 2. Mrs. Geo. Webster, Mrs. Charley Boedeker, leaders of Troop No. 1 and Mrs. Warren Embree prepared the refreshments.

The following program was presented: Flag ceremony by Troop No. 1, song "America" by the group, Brownie Smile Song, Brownie Promise, Demonstration of a part of the Brownie story, presentation of Brownie pins. Mrs. Charley Boedeker acted as master of ceremonies.

Girls to be invested were: Troop No. 1: Karen Brown, Janice Boedeker, Janice Carthel, Bonnie Sue Glenn, Carolyn Harris, Linda Harris, Suzanne Harper, Myrna Loy Newton, Paulette Kropp, Joy Plekens, Nancy Schacht, Nancy Webster, Jan Brewer, Jane McClure.
