## Longhorns Play Tough Olton Here Friday

A tough Olton team will come to Lockney Friday night of this week for a non-district game. The teams both play in Class A football but are in different districts.

The game will be called at 8 p. m. on Mitchell-Zimmerman Field, and barring any more rains, the field should be in fine shape for play.

The Longhorns are ready for the game, Coach Curtis Kelly said Wednesday, although three starters who were out last week will still be unable to play. They are Don Bartram, right end, Bobby Baxter, right tackle, and Tip Jeff.

### RESERVED SEATS TO REMAIN SAME

Supt. Sidney Reeves said Wednesday that reserve seat ticket holders would occupy the same seats that they had last year. To occupy a reserve seat you must present your reserve seat ticket. If the ticket is lost it will be replaced if the holder will come to the high school building and contact Mr. Reeves. If that is impossible, Mr. Reeves will be at the entrance to the reserved seat section Friday night and will replace as many tickets as possible at that time.

Coach Kelly expects to start the same team he started last week, he indicated Wednesday. Olton has an experienced ball team, most of the boys playing on the team which last year tied for the district title. They have five boys on the team that played against Kress two years ago for the regional championship. The Olton team has plenty of weight and they will be hard to beat, Kelly said.

They defeated Muleshoe 6-0 last week in a non-district game. A large crowd is expected to attend this first home game of the season.

Following is the probably starting line ups for the two teams:

Lockney Longhorns			
No.	Name	Po.	Weight
28	Teddy Carthel	RE	170

## Quebe New Hospital Board Member

Ewald Quebe has been appointed a member of the Lockney General Hospital board of directors filling a vacancy left by the recent death of L. A. (Berry) Hooten. Mr. Quebe served on the board for several years previously and is well acquainted with the hospital affairs. He lives in the Providence community.

## Soil Tour Route Is Announced

Route for the annual Floyd County Soil Conservation field tour was announced this week by the district office. The tour will be held Thursday of this week starting at 9:30 a. m.

Following is the route planned to follow:

9:30 Leave agriculture building in Floydada.  
9:45 J. T. Hueckaby, utilization of shallow water lake by bench leveling.  
10:15 Buck Sams, grain sorghum following alfalfa, vetch following sudan grass for temporary pasture.  
10:45 F. L. Montandon, display and explanation of district's equipment.

11:15 Jack Taylor, utilization of lake water through underground concrete pipe system for irrigation.

11:45 Oscar Golden, perennial eye and sweet clover on benches.

Ralph Cogdill said Wednesday that it might be necessary to omit one or two stops during the latter part of the tour due to the muddy roads.

## Scout Finance Campaign Soon

Dr. F. B. Malone, President of the South Plains Council, Boy Scouts of America, announced today that J. M. Willson, Jr., of Floydada has been selected as Campaign Chairman of the simultaneous Council-wide Scout Finance Campaign to be conducted from October 8th to November 5th this fall.

Mr. Willson has been very active in Boy Scouting affairs for the past several years and currently is serving as Chairman of the Council's Finance Committee. Mr. Willson is active in Lions Club, Rotary Club, American Legion, and is an active worker in the Methodist Church. The Council-wide Scout Finance Campaign for the support of the Council's work for the year 1952 will start with the Big Gifts Committee's Kick off in all of the communities of the 20 counties on October 8th. General Solicitations groups will kick off on October 15th. All communities will report and check in their results at the Annual Council Business meeting and banquet to be held at the First Baptist Church in Lubbock on November 5th.

Mr. and Mrs. Roy Scott left Wednesday for Brownwood where he will enter school at Howard Payne College. Mr. Scott has been employed here at Pylant Grocery. He is a ministerial student.

## Negro Given 5 Years For Murder

W. C. Burton, a negro, was sentenced 5 years in the state penitentiary by a jury 110th District Court at Floydada last Thursday. He was charged with murder of a negro woman, Betty Johnson, on the France Carthel farm near here last December.

Two months of the time the negro had been in jail was deducted from his sentence.

The attorney's arguments were heard Thursday morning. The jury received the case just after lunch and returned their verdict about 3:30.

## Open House For New Courthouse Monday Evening

The open house for the newly rebuilt Floyd County Courthouse at Floydada will be held Monday evening of next week, Sept. 17 and the program and arrangements are complete, according to John Stapleton, who is a member of the program committee.

Principal speaker during the evening will be Judge E. C. Nelson Jr., of Amarillo and who was reared in Floyd County. He is the son of the late E. C. Nelson, who was president of the First National Bank at Floydada and county school superintendent at the time of his death.

The speaker served in World War I from Floyd County and later served as county judge of this county. After moving to Amarillo he served as county judge of Potter County and was later Judge of the 47th Judicial District Court. He is at present a member of the legal staff of Phillips Petroleum Co.

According to plans for the evening, the open house and reception is to be from 7:15 until 8:15 at which time the entire courthouse will be open and visitors will be able to see it all. Refreshments will be served.

An informal band concert by the Floydada High School Band will precede the main program which begins in the district courtroom at 8:15 p. m. Following is the program as released by Mr. Stapleton.

America — Myron Kattner, leader.

Invocation — Rev. N. S. Daniel.  
Welcome Address — Judge Frank L. Moore.

Remarks — George L. Fawver, G. C. Tubbs, Judge Alton B. Chapman.

Music — Floydada High School Band.  
Address — Judge E. C. Nelson Jr.

National Anthem — Floydada High School Band.  
Benediction — Rev. Alfred C. Stone.

Accept Courthouse  
The Commissioners Court has approved and accepted the new Floyd County Courthouse. The Court and the contractors agreed on a \$2250 deduction from the contract price because of the excessive time used by the contractor in completing the building.

Work has begun on the grounds surrounding the courthouse.

## Hospital News

Bill Gordon is a surgical patient.

Dr. and Mrs. Wayne L. Greer are parents of a daughter born Sept. 9. The young lady has been named Debra Kaye. She weighed five pounds, 12 ounces. She has a brother, Joe Neil, now two years of age. Grandparents include Dr. and Mrs. N. E. Greer of Lockney.

Mr. and Mrs. Larry Amaya are parents of a son born Sept. 11. He was named Lauro and weighed five pounds, eight ounces.

Mr. and Mrs. V. H. Denton are parents of a daughter born Sept. 10 weighing eight pounds, 12 ounces. She has been named Linda Elaine.

Josephine Smith was dismissed Wednesday after medical treatment.

GO TO CHURCH SUNDAY.

## Near Four Inches Rain This Week

Nearly four inches of rain has fallen in Lockney since Friday of last week and some nearby farming areas have received five or more inches of moisture.

The rains began last Friday afternoon when 13 of an inch fell here and up to an inch and a half fell in the Sterley area. Then on Saturday an inch more fell here and over most of the county.

But the big rain came Tuesday when 2.61 inches fell in Lockney, according to the gauge kept by Weather Observer Joe Holt. The rains on Tuesday began about 2:30 and fell more or less steadily until about 5:30. The wind came in hard gusts at times but no damage was reported here. Streets were flooded during the rains with water running hub deep on cars at many places, particularly intersections.

The rains so far have done no particular damage to crops but farmers were hopeful that clear weather would prevail now and allow fields to dry. The wet weather was expected to encourage the boll worms and other pests and renewed efforts to control them will probably be necessary.

The moisture will put the fields in fine shape for wheat sowing and many drills will probably be started once the fields dry sufficiently.

The Saturday rain was general over most of the South Plains but the rain on Tuesday was spotted and the rainfall here was the heaviest reported by daily newspapers.

A norther blew in Wednesday morning lowering temperatures somewhat and, added to the recent rains, relieving the excessive hot weather that has covered this area for several weeks.

### Start Dehydrator

The dehydrator at the National Alfalfa Mill here began operations again Tuesday morning after being shut because of the week end rains but did not operate long due to the additional rains Tuesday. The mill has started dehydrating the fifth cutting of hay this season and prospects look good for a sixth cutting, according to Manager J. D. Wood.

## Pulling Prices Announced By Labor Bulletin

The farm labor bulletin, published by the Texas Employment Commission, reveals that cotton pulling prices in most areas ranges from \$1.75 to \$2.00 with hauling in addition from 25c to 50c per hundred.

The latest bulletin dated Sept. 7, shows pulling at Knox City at \$1.75 and \$2.00 with weighing and hauling from 25c to 50c. Prices at Haskell are the same.

At Waxahachie, Terrell, McKinney and Bonham the price quoted varies from \$1.75 to \$2.50 delivered. Picking is quoted at \$3.00 delivered. Cotton in this area is making from a quarter to a half a bale per acre. In all these areas the TEC reports no crops better than "fair." Some of them are rated "poor."

No price has been established in this area due to the fact that very little pulling has been done.

## Lockney Man Will Get Navy Discharge

Petersburg—Lieut. Robert T. Foote, former Lockney resident who docked in San Diego several weeks ago on the ship U. S. S. Winston, will enter a discharge center Saturday and upon completion of his discharge from the Navy will join his parents, Mr. and Mrs. W. C. Foote sr., of Petersburg in Phoenix, Ariz.

Lieut. Foote has served in Korea and Japan since last September. He will return to Lockney and resume his position as assistant coach and faculty member in the Lockney school system.

## New Weather Equipment Received

Local Weather Observer Joe Holt has received some new weather equipment that will add to that already set up here, he said this week. The equipment purchased by the First National Bank, included a wind gauge, which indicates the direction of the wind, and a wind speed indicator. The equipment will be set up at the Lockney General Hospital, where Mr. Holt is employed.

Mr. Holt already has an official rain gauge and a maximum-minimum thermometer.

## Will Vote Again On Consolidation

County Judge Frank L. Moore issued an order Wednesday for another election in the Lockney school district and the Lone Star school district to determine if the two districts shall be consolidated for school purposes. The election is set for Saturday, October 6. This will be the second election to be held on this question, the first ended in a 41-41 tie vote on Saturday, Sept. 1.

The petitions asking for the election were circulated Tuesday and delivered to the Judge Wednesday, it was reported to The Beacon.

Election officials appointed by Judge Moore were: Lockney: Frank Dodson, presiding judge; T. B. Mitchell, Mrs. Frank Dodson, clerks; Lone Star, G. B. Johnston, presiding judge; Mrs. Floyd Jackson and Mrs. W. H. Wingo, clerks.

## Enrollment At Local Schools Hits New High

Probably a record enrollment for all time was reached at the Lockney schools this week. Supt. Sidney Reeves said Wednesday that 230 were now enrolled at high school and 553 at the grade school for a total of 783.

He also said that the enrollment would probably increase still more when cotton harvest starts since that is usually the case in this area. Harvest labor bring their children with them to the area and enter the children in school. Mr. Reeves predicted that the local enrollment might go as high as 875 or 900 pupils.

## OPS Man Here Thursday

Department and furniture stores, jewelry and variety stores, and all other firms covered by Ceiling Price Regulation 7 and its amendments may obtain information regarding pricing and pricing formulas under their pricing charts if they will contact C. M. Erickson who will be in Lockney Thursday afternoon of this week. He will maintain offices at the First National Bank.

Specialists from the Lubbock district office are here on that day every week to help merchants in complying with the government's price stabilization program. Businessmen are invited to take advantage of the clinic to bring their firms into complete compliance.

## Floyd County Old People To Meet

A meeting of the old people of the county who depend upon old age assistance will be held at 2:30, Saturday, September 15 in the county court room at Floydada. It was announced this week by members of the Floyd County Pension Club.

"This meeting is of utmost importance to everyone depending on old age assistance for a livelihood," the announcement said. "Please come and let's look after our interests while we can. It will be too late very soon."

## First Bale In County Ginned Here Thursday

The first bale of cotton in Floyd County from the 1951 crop was ginned at the Lockney Gin last Thursday for Bill Watson who farms south of town. Lester Carter, manager, said that the bale was ginned at 2 p. m. Thursday from 1860 pounds of seed cotton. The bale weighed 497 pounds and 710 pounds of seed were caught.

The First National Bank is working up a premium for Mr. Watson, it was said.

This is the first time in several years that the first bale in the county has been ginned at Lockney, the dry land cotton in the south part of the county usually maturing earlier than cotton of this area. The first bale here was almost exactly a month earlier than the first bale ginned last year, that being ginned on October 5. The harvest last year was delayed by heavy September rains. It was also earlier than the 1949 first bale, that being ginned here on Sept. 22.

Several bales were ginned in the county on Friday following the first bale by one day. Patterson Gin Co. of Lockney ginned a bale for Harmon L. Handley of the Pleasant Valley community. This bale weighed 523 pounds of lint ginned from 2080 pounds of seed cotton with 820 pounds of seed.

Paymaster Gin at Aiken also ginned a bale Friday. This bale was for Floyd Terrell of the brick community. Terrell had 1940 pounds of seed cotton, and got a 495 pound bale with 940 pounds of seed. The bale graded strict middling light spot 7-8ths.

The Farmers Co-Op Gin at Floydada ginned the first bale for Floydada also Friday. The cotton was grown by M. W. Raley on the Ed Holmes place at Sand Hill. It weighed 400 pounds, ginned from 1610 pounds of seed cotton with 540 pounds of seed. Grade was middling light spot 15-16ths.

Actually the first bale of cotton ginned at Plainview came from Floyd County, it was reported to The Beacon. The first bale ginned there was grown by Floyd Terrell of Irick community and was turned out by Co-op gin in Plainview Tuesday of last week, Sept. 4. The 1985 pounds of seed cotton turned out 513 pounds of lint and 910 pounds of seed.

Very little cotton is open in this area so far and harvesting is not expected to get under way to any extent until the first part of October.

Meanwhile farmers were carrying on their warfare with careless worms, boll worms, leaf worms and other insects that seek to damage or destroy the crop. Infestation in this area is not serious as yet but farmers are watching their crops closely and spraying whenever infestation shows up.

Mr. and Mrs. E. R. Harris of Lockney and Jack Harris of Silverton returned Tuesday evening from a weeks visit with the Harris' son, Hollis Harris and family at Compton, Calif.

## Blood Typing Urged For All Floyd County

Blood Typing of all individuals is one of the goals of the Civil Defense Committee of Floyd County, according to an announcement by Mrs. John Hoffman, Civil Defense Chairman. Arrangements have been made for this very important service through the Lockney Hospital at Lockney, and the People's Hospital in Floydada. Dates have been set for the evening of September 17-18-19 and the hours are from 7:30 to 8:30 each evening.

It is hoped that every person in the county will avail themselves of this opportunity for it might be of great value in saving a life in case of emergency. Typing will be done for 50 cents a person and it will include the RH factor as well as typing.

Other civil Defense activities planned for the near future are Home Nursing and First Aid. Mrs. Roy Wilkes, who is Defense Chairman of the Home Demonstration Club at Pleasant Valley, has just completed a Home Nursing Course at Texas Technological College and will teach this in the near future.

Floyd County will have one or two representatives at an Instructors Course in First Aid at Lubbock September 17-21 and this course will be offered to the people at a later date.

### Methodist Notes

We had a splendid rain Saturday night. Something kept a lot of Methodists at home Sunday morning. I do not know if it was the rain, or if it was just a good morning for sleeping.

Here is a little poem that has been used by some other preacher, that I would like to have every member of our church who was absent read:

#### Where Were You?

"I came to your church last Sunday,

I walked up and down the aisle, I noticed your seat was vacant," Said the Master with a kindly smile.

"Yes, I was at home," I answered "Some folks from up Salem way Drove down for a week-end visit, So we stayed in the house all

day."

Or, "I had an awful headache,"

"I had a roast in the pan."

Or, "we overslept this morning,

But I go when ever I can."

The Master gazed at me sadly,

As he was about to speak,

"My child," He replied "are there

not

Six other days in the week?"

I saw I had grieved my Master,

As slowly He turned away,

And I vowed He'd not find me

absent.

Again on His hold day!

Let us all be in our place next

Sunday and that means Church

School. Would you be one to

grieve the Master? There were

189 present, we want 300 by Rally

Day, Sept. 23. Come and bring

someone with you.

Remember to pray each morn-

ing when you hear the chimes

## 4-H Boys And Girls Enjoy Camp

The County-wide Camp for 4-H Club boys and girls was held last Thursday and Friday at the Baptist Encampment grounds south of Floydada. Swimming, soft ball and other directed games, a talent show, and eating made up the activities of the Camp.

An election of the county group was held after the talent show Thursday evening. Lavon Shearer was elected president, Troy Lee McNeil, vice president, Juanice Shearer, secretary, and Marlene Raley, reporter.

Several parents came for supper on Thursday evening and the following Leaders spent the night at the Camp with the boys and girls: Mr. and Mrs. O. G. Shearer, Mrs. Lloyd Allen, Mrs. L. T. Wood, also Miss Lella Petty and Ebert Gibson, Extension Agents.

Mrs. Murray Julian community received about four inches of rain at the week end, and the rain was general around here. Farmers and everyone are over the moisture, and night's cool temperature brought a blessed relief from the heat.

John Allen of the South Plains Baptist Church, baptized boys and girls, at Baptist Church Baptist Church, Floydada, last Sunday: Ragan, Frankie D. Pritchett, Juanelle and Ronald Taylor.

Mrs. Bill Beedy and Mrs. Bradford Saturday night the week end. The neighbors, Grigsby Mil-

tons, attended to their home while the Beedy's were away at the wedding of their son, Bradford, whose marriage took place on Sept. 9.

The South Plains Home Demonstration Club will hold its Wednesday meeting, Sept. 12, at the school house, due to the fact that all the ladies will bring card tables and use them in making the lamp shades. Mrs. Raymond Teeple will hold a demonstration on the making of lamp shades, and the club will meet at 1:30.

Mr. and Mrs. E. P. Pritchett and children were Sunday dinner guests at the home of Mr. and Mrs. Grigsby Milton. Mr. and Mrs. Frank Vanek and children called after dinner at the Miltons, and the several families went to Floydada to the baptismal services at the church.

The South Plains Crochet Club

held its regular weekly meeting on Wednesday afternoon, Sept. 5 at the home of Mrs. Lee Pearson. Mrs. E. P. Pritchett was ill and could not attend. The members sewed during the afternoon, and Mrs. Pearson served a delicious refreshment plate to Mmes. Truman Bradshaw, P. M. Smitherman, and Will Sims.

Farmers in our community have been spraying the last week for the careless weed worms that have infested the cotton crops. Several, including W. M. Staniforths and Orby Beard used the airplane as means of spraying, but others used attachments on tractors. The heavy rains of the week end washed much of the insecticide off the cotton.

Mr. and Mrs. Fred Fortenberry and Elmo went to church at Silvertown Sunday morning, and saw many old friends and relatives there. They went home with Mrs. Fortenberry's brother, Clifton McCain and family and had dinner there and spent the afternoon. They had no church at Sterley on account of the muddy roads.

Martha Lee Sanders will go back to college at NTSC at Denton next Sunday. The dormitories open on that date, and she will get settled for the opening of school. She is majoring in music.

Mr. and Mrs. George Beedy were hosts to a group of friends at a supper given at their home on Saturday evening. Mrs. Beedy served dinner to: Mr. and Mrs. John K. West and Dale, Mr. and Mrs. R. G. Dunlap and two children, Mr. and Mrs. Willard Dunlap and son, from Los Angeles, Calif. Mr. and Mrs. Otho Sanders, Martha Lee and Curtis, Mr. and Mrs. Ralph McGuire and Martha and George Beedy.

Mr. and Mrs. Roy Childress spent Friday evening at the home of Mr. and Mrs. Grigsby Milton and girls, and they all had supper together.

Mr. and Mrs. Bryan Karr and children from Fort Worth, who have been spending some time visiting relatives here and in Lockney, returned to their home Sunday. We were glad to see them out to church at South Plains during the revival. Mr. and Mrs. H. S. Calahan, Sr., and Mr. and Mrs. Arthur Brown from Lockney also attended church, and were welcome visitors, as were Rev. and Mrs. Joe Wilson from Fairview community, and others from surrounding communities.

Otho Sanders went to Hereford with relatives to attend the funeral Sunday of Mr. J. M. Brownlow. Mr. Brownlow lived in Dougherty for a good many years, and helped to build that town. He had lived in Hereford for some time.

Mr. and Mrs. George Beedy went to Clovis, N. M., Sunday morning, where Mrs. Beedy's father and mother reside. They had had word that T. P. Martin, her father, had a heart attack. Mr. Martin celebrated his birthday here at Mrs. Beedy's not too long ago, and has been in good health until now.

Louise Childress was home Saturday and Sunday visiting her parents, Mr. and Mrs. Roy Childress. She is teaching her first year in the profession, at Portales, N. M.

Mr. and Mrs. Raymond Upton and children went to Clauene, on Friday and visited Rev. and Mrs. R. C. Guest, former pastor and wife from South Plains. They all went on to Levelland that evening to a revival meeting to hear Marvel Upton, Raymond's nephew, preach the sermon. We are glad to hear that the Guests are fine, and the Uptons enjoyed their visit Friday and Friday night with them.

Mr. and Mrs. J. H. Barnard and daughter, Barbara, from the Barwise community, were guests at the home of Mr. and Mrs. W. M. Staniforth Sr. and Mr. and Mrs. W. M. Staniforth Jr. last Thursday and Thursday night. They all enjoyed having supper together at the Staniforth home.

Roger Sanders went with his father to Lubbock Saturday to get a check up at the doctors, where he had surgery done on his nose a week ago.

A musical entertainment was

honoree in a miscellaneous shower given last Monday, Sept. 3, at the home of Mrs. George Beedy at South Plains. Mrs. Billy Bean was a recent bride, married Aug. 19. Mrs. Beedy's home was a bouquet of color, flowers of many hues filled the rooms, and the dining table, where the punch and little cakes were served, was lovely in a lace cloth, and the bride's favorite color, gold, was used in her corsage, which was of gold dahlias, and in the flowers and around the service of cut glass. Golden punch was served to the guests as they came in and were greeted by the hostesses, and iced with yellow, were passed to the guests. The bridegroom's mother, Mrs. Gilbert Bean, wore a corsage of pink dahlias, but the bride's own mother, and her sister, were both unable to be there. Mrs. Revis Harris read a mock ceremony, to the merriment of the company, and then the many lovely gifts were unwrapped by the bride. Hostesses for the affair were Mmes. Sim Reeves, Rufus Young, Sterling Cummings, Grigsby Milton, John West, Harry Hartman, Horace Marble, Will Sims, Revis Harris, Bill Beedy, John Smitherman, George Weast, Dick Guest, Albert Stewart, Herman Thornton, Wade Deavenport, and George Beedy. The number of guests who registered at the party was nearly fifty. Mr. and Mrs. Billy Bean are still residing at Plainview, but are trying to find a home in Lockney, where she will soon be at work at the school, as school nurse. Mrs. Bean will begin work on Sept. 15.

**Making Poultry Pay**  
—THE DR. SALSBUARY WAY

It is estimated that about 23 lbs. of feed are needed to rear a pullet to maturity. This means each pullet represents a sizeable investment by laying time, in both feed and management. One way to protect your investment is to use Dr. Salsbury's Germex in poultry drinking water. Germex sanitizes water, kills many harmful bacteria, viruses, and molds.

**Floyd County Soil Conservation News**

C. T. Morrison, Jr., who farms his quarter section of irrigated land south of Lakeview, has just recently seeded eight acres of pasture composed of yellow blossom clover and perennial rye. Mr. Morrison plans to plant 50 acres of clover next year.

Alton Chapman has a good crop of soy beans on twenty-five acres of the Dan Ralls farm three miles west of Dougherty. The beans were seeded with intentions of turning under a green manure crop but they have produced such a bountiful seed crop, the seed may be harvested and then the vines will be turned under.

Harmon Handley has twenty acres of alfalfa planted in parallel benches. He reports the yield was exceptionally heavy and it did not give any trouble in cutting and haling.

A. D. Schaffner, farming his quarter section of land east of Lockney, planted an acreage of cow peas last year with the intention of harvesting the seed crop. The heavy rains did not permit him to harvest them so he turned them under. This year he has cotton on this piece of land as well as on land that was in cotton last year. The cotton on the land where the peas were turned under is much better, has a better color and a heavier crop on it.

B. H. Quebe is having another twenty acres of his farm in the Providence community bench leveled. He has already established benches on eighty acres and has been so well pleased that he wanted to level this additional area.

Mr. Quebe is installing some underground pipe line to water his benches. He has also seeded about 10 acres of alfalfa recently.

### EDITORIAL

Let us not therefore judge one another any more; but judge this rather, that no man put a stumbling block or an occasion to fall in his brother's way.—Romans 14:13.

Recently almost all newspapers, both daily and weekly, had something to say about the military extravagance and wasting of money. Especially were we all concerned about that 68 million can opener, and those Navy oyster forks. A report by Representative George Mahon to Congress and printed in the Congressional Record, throws some light on these expenditures and shows that things are not always what they seem.

Mr. Mahon went so far as to send us one of the can openers. It is a very small, simply operated thing and cost the government 1 1/2 cents each, according to his report. He brings out the fact that a man in combat in Korea is given his combat rations in cans. Therefore he must have a can opener. Men in combat are issued one of these little openers each day if they need them. If they are re-used they must be sterilized and men in combat have very little chance for such things. The Army saved \$17,000 by not putting keys on the cans and using the individual can openers. Mr. Mahon pointed out and the Army would rather have them this way. Mr. Mahon believes, and it appears he is right, that the purchase of 68 million can openers was the thing to do and he is chairman of the appropriations committee. So that's that for the can openers.

There was another flare-up about some oyster forks. Mr. Ma-

hon says that the Navy did waste about \$26,000 during World War II on oyster forks but that the facts are not as bad as the stories that have been circulating. The Navy did have about 11,000 dozen oyster forks on hand—not 1/2 million as some stories reported. The oyster forks cost about 18 1/2 cents each. Mr. Mahon also scotches the story of the Navy buying 1,300,000 dresses for WAVES when they had only 10,000 WAVES in uniform. He says that it is about 1% true.

The Congressman from this district says in his speech to the Congress that there have been cases when the armed forces were wasteful and extravagant. He also says that his committee is trying very hard to wake up those in charge of expenditures and cause them to be more diligent in their requirements and expenditures. He says, "In my opinion, the military establishment is not too well managed. We need a better management from top to bottom." Let us hope that he is successful in his efforts.

Turning from politics to football—there will be a game in Lockney Friday night of this week. The Olton Mustangs will be here for a non-district game. We hope that Lockney fans will be on their toes and be as hospitable as possible. The impression that we make on visiting fans and teams certainly has a very direct bearing on the reputation of this community elsewhere. Let's don't boo the opposing team or the officials. Let's don't have any drunken fights. Let's try to treat the people who come here as our guests. We don't warn against these things because Lockney fans are in the habit of doing them. They are not. But we could do them and we shouldn't. We have seen things like this happen at other places. Let's don't do them here.

Drunkenness has no place at a football game or anywhere else. If a man or woman must drink they ought to do it in their own home and stay there. Making a fool of oneself at a football game doesn't help the home team, the home town or the person who does it.

## Bible Reading, Prayer Unite The World

NASHVILLE, TENN.—When the famous cartoonist, Tom Little, learned that more than 50,000 churches distribute the English edition of The Upper Room and that, through its sixteen editions, the circulation is world-wide, he made the above drawing to show how Bible reading and prayer and meditation can draw the people of the world together.

The Upper Room in Japanese is the fastest growing of the foreign editions, although new editions in Europe are also reporting good progress. Through the pages of this devotional guide,

individuals and families share the same Bible reading, prayers, and meditations each day, not only in America, but around the world. The circulation of the English edition alone is believed to be the largest ever achieved by a religious periodical.

The new September-October issue carries meditations written by residents of 31 countries including Princess Wilhelmina, former queen of the Netherlands, and one Chinese who, since he wrote his meditation, has been liquidated by the Communists.

They have done a good job of that.

For the good of the unions and for the good of the American working people, it would be a tragedy for their eyes ever to get "too big for their stomachs."

There has to be a saturation point someday, so it's dangerous for union leaders to befuddle the main picture with hair-brained demands like some of them make.—W. W. K. in Hereford Brand.

### DRAFT DODGING

A recent announcement by the state Selective Service director to the effect that thousands of 18-year-old Texans are failing to register for the draft tends to bear out a statement made this week by J. Edgar Hoover, Chief of the FBI. Hoover said that "the moral fiber of the youth of today is weaker than it has ever been and on a whole they have a total disregard of the law." No truer statement could be made concerning those young men who refuse to register for the draft. Their act is a flagrant disobedience of a law passed to protect not only them but the entire country. It is an act which classifies the individuals guilty of committing the act among the worst of criminals. Any person who refuses to assume his share of the load in defending his country, and at a time when others are giving their lives so that he may stay free, is as bad as a traitor. At this time no reports have been received of any young men in Garza county having failed to register. If there are any, their parents, friends or relatives should urge them to register at once. The youths alone are not any more guilty than those who might know of their flagrant disregard of the law. Accessory to the fact almost equals the disrepute of the act itself. The director's announcement that approximately 2,000 Texans have failed to register since January 1, was followed closely by a FBI announcement that its office would begin an immediate check into the situation. This is as it should be and every man who has willfully neglected his duty should receive the stiffest penalty possible.—Post Dispatch.

Today, 42% of all the officers and 51% of all the enlisted men of the fleet are activated reserves.

## With Our EXCHANGES

### SOME LABOR UNION DEMANDS ABSURD

Sufficient evidence that we're living in the age when everyone expects "something for nothing" was contained in a recent news item showing the demands made on a midwestern packing plant by the CIO Packinghouse Workers union.

Some of the "local" demands made over and above the working changes asked by the international union, reach the heights of absurdity.

Two free holiday hams per employee per year; two hours paid travel time for each working day

per employee; a day off each birthday for each employee—paid at the regular eight-hour day rate by the company; free lunches furnished by the company or a dollar in pay in lieu of them, and the 30-minute lunch hour to be considered working time; and meats to be sold at wholesale to company employees.

From this, we wonder how much longer it'll be before an honest working day will be supplanted by "goon force" and "goon logic?"

Organized labor has come too far as a necessary part of our economic system to go off half-cocked now. Labor unions were formed to correct certain inequities existing between employee and employer.

## WASHING BACK TO SCHOOL

LET REDDY DO IT!

Yes, when it's "Back To School" for the children, it's "Back To Big Washings" for Mother. But there's no reason to break your back with hand scrubbing or wringing or hanging the clothes on the line. Let Reddy Do It.

Reddy's wash day team, automatic washer, clothes dryer, ironer and electric water heater, will carry all the heavy wash day load for you. They make washing simple, if not downright easy — and they leave you fresh for many other household duties.

Reddy's back is strong—it's electrified — put your washday work on him.

The officers for this year are Mrs. Sam Jones, President, Mrs. Edwin Barker, Vice President, Mrs. W. E. Johnson, Secretary, Treasurer, Mrs. Klyce Ooley. The P. T. A. meets the first Thursday of every month. Parents, mark this date on your calendar.

Business at hand included the planning of a lunch room equipment. A donation will be asked by residents of Providence community. A social hour was enjoyed after business. Those attending to show their interest in their school were the following: Mr. and Mrs. Marvin Scheele, Miss Marie Scheele, Harold McLaughlin, Mr. and Mrs. William Murphy, Mr. and Mrs. Russell Crouch, Mr. and Mrs. Felix Young, Mrs. Sutton, Mr. and Mrs. Edwin Barker, Mr. and Mrs. Norman Smith, Mrs. Klyce Ooley, Mr. and Mrs. W. E. Johnson.

The center of any community is the school so lets keep it that way. Lets not have a vacant school house as many communities have permitted to happen these past few years.

Mr. and Mrs. Walter Boedeker visited Mr. and Mrs. Skay Foster of Plainview Sunday. They also called on Werner Boedeker who is improving at Plainview hospital.

Jimmie Lindermann, son of Mrs. Adolph Lindemann is home on furlough. He is home on leave

before being shipped for overseas service.

Mr. and Mrs. Ben Brandes had as Sunday dinner guests, Mr. and Mrs. James Brandes and family of Petersburg.

Mr. and Mrs. Bob Herring and family of McGregor are visiting friends and relatives in this community. Friday and Saturday nights they spent with Mr. and Mrs. Albert Scheele and family. Sunday night they spent with Mr. and Mrs. L. B. Brandes and had dinner with Mr. and Mrs. Marvin Scheele. In the afternoon they visited Mr. and Mrs. Ben Brandes. Monday night they were supper guests of Mrs. Henry Samman and Miss Clara Samman.

Mr. and Mrs. Ernest Samman left Sunday for a trip to Colorado. They left their son, Alfred with Miss Clara and Mrs. Henry Samman.

#### David Scheele Honored With Birthday Party

Mr. and Mrs. Albert Scheele honored their son, David on his 4th birthday Sunday afternoon. Various games were enjoyed by the children. The parents enjoyed playing 42.

Those attending and bringing gifts for the honoree were the following: Mr. and Mrs. Bruce Rigler and children, Mr. and Mrs. Hubert Stoerner and Larry, Mr. and Mrs. L. B. Brandes and Debra, Mr. and Mrs. Bob Herring and family, Mr. and Mrs. Marvin Scheele, Miss Marie Scheele, Mr. and Mrs. Helmut Quebe and family, Miss Fonzine Boedeker, Larry Boedeker, Merlin Boedeker, Master Alfred Samman, Elbert Samman, Jess Wayne Samman, Rev. H. L. Anderson, Mrs. Henry Samman.

Miss Clara Samman, Miss Roslee Matthews and Miss Nelda Shaffner were home from Lubbock over the week end.

Dinner guests Sunday in the home of Mr. and Mrs. Wilfred Stoerner were Mr. and Mrs. Hubert Stoerner and son, Larry of Plainview.

Mrs. R. G. Stoerner returned to her home Monday after spending 10 days in Plainview hospital. Her condition is improved. Mr. and Mrs. Norman Smith

and family toured through the following states on their vacation: Arkansas, Missouri, Kansas, Oklahoma.

Edwin Barker, Kenneth Snelling and the E. H. McNally boys went fishing at Buffalo Lake Saturday.

### Longhorns Look Good In Game At Littlefield

The Lockney Longhorns lost their first game of the football season to Littlefield last Friday night but they looked good in doing it. The score was 25 to 13 but the Longhorns were leading in the game in the third quarter as they had in most of the second.

Norton Baker, who usually does the blocking work for the other ball carriers, started the Lockney scoring by going through the line and breaking into the clear from his own 48 yard line. Smart kicked the point. The Wildcats had scored previously in the first quarter on a series of rushing plays but failed to make the point and the score was 7-6 in Lockney's favor at the close of the first quarter.

A heart-breaker for local fans occurred in the second quarter when Ray Ferguson, fleet full back for the Longhorns, broke loose and ran 65 yards for a score but the play was called back because the backfield was in motion.

Later on in the second quarter, C. B. Smart threw a long pass to End Bobby Griffith who was in the clear with two blockers but Bobby just couldn't hold it.

Late in the second quarter, the Wildcats, aided by a 15 yard penalty, swept the Longhorns ends for a score but again failed to make the point and the count was 12 to 7.

The Longhorns didn't take long to score in the third quarter. The Wildcats received and worked the ball to the 50 but a fumble was recovered by an alert Longhorn. From this point, C. B. Smart broke through to outrun the Wildcat secondary and score standing up. Try for point failed and the score was 13-12 in the Longhorn's favor.

Late in the third quarter, Walden of the Wildcats, swept around end and ran to the 8 yard line before being dropped. Three rushing plays scored for the Wildcats but they just couldn't make the point—they tried rushing plays for it—and the score was 18 to 13.

The Wildcats scored their last touchdown in the fourth quarter when Walden broke loose from the 45 yard line. They made the extra point this time and the score was 25 to 13.

For the Longhorns C. B. Smart's excellent punting was one factor in holding the Littlefield aggregation. Barry Thompson, big Longhorn center, was the outstanding man on defense, getting into most plays. All the Longhorns played a magnificent game considering their Class AA foe and local fans were well pleased with the showing they made.

**Other Results**  
The Floydada Whitebirds gave a good account of themselves in tying the Slaton Tigers 6 to 6. Slaton was predicted to win this one.

Crosbyton, one of the Longhorn district foes, lost to Post 39 to 7 in a one-sided game.

Abernathy, another district foe, won from the Morton Indians 20 to 6.

Olton, whom the Longhorns play this week end, defeated Muleshoe 6 to 0.

Hale Center, another district contender with the Longhorns, lost to Dalhart 21 to 13.

**Soil Conservation District News**

Horton Howell, of Sterley, has recently completed an underground concrete pipe system between a lake and a weak well with which he pumps water down hill from the well and up from the lake. By having this connection he can use all lake water, all well water or he can pump from both at the same time, which will pump approximately three times as much water as the weak well.

This is the first system of its kind to be installed in this County and has created a wide interest. Among those who have visited the farm to observe the operation of this system, have been some from Lubbock and Dallas.

Horton has irrigated his cotton with this system and he estimates that it will increase his cotton production by fifty bales. The actual cost of running this system is less than the cost of operating the well.

The pipe line that has been established and the plans that Horton has for the future have been worked out from the various problems connected with trying to irrigate about four hundred acres of cultivated land. Even with three wells he was not able to handle the water with the most desirable results because his strongest well was located to take care of only a small portion of his best land and the weakest well he had was located where it needed to cover a large area of land.

There are two other wells on this farm that are to be connected by underground pipe this fall. As soon as this line is completed, he wants to bench level the sloping land and establish improved pasture for stock farming. In the distant future this underground pipe and the lake pipe line will be connected.

Mrs. Walter Boedeker, Mr. and Mrs. Harold McLaughlin, Mr. and Mrs. Marvin Scheele, Mr. and Mrs. Johnson left Thursday for Colorado, returning Sunday night. All reported an enjoyable trip. Mr. and Mrs. Sam Newman, Miss Helen Newman, vacationed in Springfield, Missouri. They visited Mr. and Mrs. Elmer Scneider while there.

The complete pipe line was installed under Production and Marketing Administrations program, with the assistance of Soil Conservation Service technicians.

**Senate Bill To Increase Old Age Pensions**

Washington.—The Senate has passed a bill which, if the States take full advantage of it, will increase old age pensions \$3 a month beginning October 1.

The bill is in the form of an amendment to the Social Security Act sponsored by Senator Ernest W. McFarland of Arizona, Senators Tom Connally and Lyndon B. Johnson of Texas, and 20 other Senators. It must still be approved by the House.

The \$3 monthly increase would also apply to payments to the blind. Federal contributions to States for aid to dependent children would be increased an average of \$2 per month per recipient.

"These small increases are overdue and are more than justified by the rising cost of living," Senator Connally declared. "When the bill was before the Finance Committee, I urged and voted for increases of \$5 a month for the aged and the blind and of \$3 a month for dependent children. Average old age assistance payments in Texas in May were only \$32.74, which is obviously not enough to live on."

The bill as passed by the Senate included a provision requiring the States to maintain their present payments so that the full amount of the increased federal contributions would be passed along to the recipients.

In the case of Texas, this should mean a \$3 a month increase for 90 per cent of the 222,155 old persons receiving pensions; if the Texas Department of Public Welfare makes appropriate adjustments in its standards of judging needs, Ten per cent of the pensioners are already receiving the State's maximum of \$50 a month and would get the increase only if the maximum were lifted to \$53.

The bill also makes it possible for Texas to give a \$4-a-month increase to recipients of aid to dependent children by increasing the state payment only by \$1 a month. This would bring the average payment up from a little less than \$12 a month to about \$16 a month. Under the present law, the State puts up \$3 and the federal government \$9. Under the Senate bill, if the state put up \$4, the federal government would put up \$12.

**Teubel Speaks To Farm Loan Ass'n**

Henry Teubel of Tulsa was the principal speaker at the annual stockholders meeting of the Floydada National Farm Loan Association of Floydada Saturday. Mr. Teubel gave a very interesting talk, speaking of the good the Federal Land Bank does for farmers and ranchers.

Menard Field, vice-president of the association gave a report of the year's activities of the directors and loan committee. The secretary-treasurer, Jake B. Watson, explained the financial report for the year.

Raymond Rucker, president and chairman, told the assembly of the expiration term of one of the directors, Sim T. Reeves. He called for nominations from the floor, and Sim T. Reeves and John K. West were nominated. By Secret ballot Mr. Reeves was reelected for another three years.

Upon adjournment of the meeting, a delicious barbeque was served to the following members and guests:

**The Legend Of The Dogwood**

(Note: Mrs. Fannie Brown left this little article at The Beacon office with the thought that many people would like to have a copy of it. We publish it herewith.)

At the time of the Crucifixion the dogwood attained the size of the oak and other forest trees. So strong and firm was the wood it was chosen as the timber for the Cross.

To be thus used for such a cruel purpose greatly distressed the tree and Jesus, nailed upon it, sensed this and in His gentle pity for all sorrow, said to it: "Because of your regret and pity for my suffering, I make you this promise: Never again shall the Dogwood Tree grow large enough to be used for a Cross. Henceforth it shall be slender and shall be bent and twisted, and its blossoms shall be in the form of a cross—two long and two short petals.

"And in the center of the outer edge of each petal there will be nail prints. And in the center of the flower, brown with rust and stained with blood, will be a crown of thorns—so that all who see it will remember it was upon a dogwood tree that I was crucified, and this tree shall not be mutilated nor destroyed but cherished and protected as a reminder of My agony and death upon the Cross."

**Remove Odors From Home Freezer**

College Station.—If your home freezer accumulates unpleasant odors from spoiled food, you may have difficulty removing them.

Mrs. Bernice Claylor, Home Management Specialist for the Extension Service of Texas A. and M. College suggests several methods of dispelling the odor from the freezer. First, try washing all the interior surfaces of the freezer with plenty of soap and water. Then go over them with a cloth wrung from clear water. Wipe dry. If this doesn't dispel the odor, wash the freezer with soda water, using 1 teaspoon baking soda to each quart of warm water. Then, if the odor persists, try vinegar, using about 1 cup to a gallon of water, or household ammonia in the same proportions.

But if none of these suggestions prove effective, don't give up. Try using heat to bring out the odor particles and get them into the air. Put something like a toaster or electric heater inside the freezer to heat. Then use an electric fan for about 2 hours to blow the air out.

The specialist says activated

charcoal in the warm freezer will absorb odors released by the heat, or a commercial, wick-type air freshener may be used. When the odor has been removed or reduced to where it is of no consequence, the specialist suggests a final washing inside surfaces of the freezer with soda water. Activate charcoal left in for a while to up any residual odor.
