SERVING THE RICH IRRIGATED SECTION OF FLOYD COUNTY

VOLUME 51

LOCKNEY, FLOYD COUNTY, TEXAS, THURSDAY, JUNE 5, 1952

NUMBER 8

## Fire Dept. And Providence Lead Softball League

After a week of play the Fire Department team and the Providence team were leading the Lockney Softball League each having won two games and lost none. The Lone Star boys were running second with two won and one lost, the American Legion and South Plains teams were in next position with one won and two lost while the Aiken and First Baptist teams were in the cellar, neither having won a game. The Aiken team has lost one while the Baptists have lost two.

There has been some talk of Aiken pulling out of the league but it was reported Wednesday that they would probably stay in. If they should pull out, the schedule would be played as it is with the team playing Aiken drawing a bye each time, according to Raymond Meriwether, high commissioner.

Results of games since the league started play are as follows:

South Plains 28, Legion 14.
Lone Star 17, Providence 24.
First Baptists 8, Fire Department 9.
South Plains 8, Providence 10.
Legion 6, Lone Star 9.
Aiken 4, Fire Dept. 11.
Lone Star 7, South Plains 4.
Baptists 10, Legion 18.

Team	W	L	Pct
Fire Dept.	2	0	1.000
Providence	2	0	1.000
Lone Star	2	1	.666
Legion	1	2	.333
South Plains	1	2	.333
Aiken	0	1	.000
First Baptist	0	2	.000

The schedule for the next week of play:

Thursday night, June 5: Providence vs. Aiken, South Plains vs. Fire Department.

Friday, June 6: Legion vs. Providence, First Baptist vs. Aiken.

Tuesday, June 10: South Plains vs. First Baptist, Legion vs. Fire Department.

## Four Sharps To Be At Providence

"The Four Sharps," a quartet of Plainview will present a concert in the auditorium of the Providence School Friday evening, June 6th at 8:30 p. m. The concert is under the sponsorship of the youth organization of Trinity Church of Providence.

The quartet is composed of Emmett White, Ernie Brock, Homer Garrison, Riley Armstrong and Bundy Bratcher accompanied. Joining in the program with the quartet will be the Ragle Sisters, who were well received during the Round-Up Program along with soloist, Corp. Edgar Webb.

The entertainers will present an hour and a half program, for which there will be no admission charge. A door offering will be received at the close of the program, the receipts of which will be used by the youth of Trinity Church toward the purchase of a piano for the educational unit of the church. The public is cordially invited to enjoy the musical program which this group is known to present in an entertaining fashion.

## Four Called For Induction June 4

Four men from the area of Selective Service Board No. 45, covering the counties of Hale, Floyd, Swisher and Motley, were ordered to appear for induction Wednesday of this week, June 4. They were:

Harold Franklin Middleton, Plainview.

Henry Gaddy George Jr., Tulla, Johnnie James Wilkinson, Dallas.

Garland Ross Clark, Hale Center.

In addition Billy Joe Seale was transferred to the local board from Corsicana and was inducted with the above group.

## Fire Destroys Griffith Barn

Fire of undetermined origin completely destroyed an old barn on the Thee Griffith place at the south edge of Lockney Wednesday afternoon. The barn was just south of Highway 70 on the north side of the Griffith place.

Mr. Griffith has just recently moved some hay from the barn and nothing was in it when it was destroyed, he said. No insurance was carried. The barn was 30 years old. Mr. Griffith thought that boys playing in the barn might have caused the fire.

The barn burned very quickly and in 30 minutes after the fire was discovered there was nothing but a heap of coals. The Lockney Volunteer Fire Department prevented the fire from spreading to grass around the place.

The Fire Department was called late Wednesday when a tractor fire burning at the rear of the Lockney Implement Co. caught a light pole on fire. The pole was extinguished with very little damage.

## Death Claims W. S. Rexrode

W. S. Rexrode of Lockney, a resident of this county for 36 years, passed away at his home here late Sunday. Mr. Rexrode had been seriously ill for about 10 days and had been in ill health for several years.

He suffered a cerebral hemorrhage in 1941 and another last December. A third came two weeks ago and resulted in his death. He never regained consciousness. Death came at 6:30 p. m. Sunday.

Funeral services were held Tuesday afternoon at 2 p. m. at the First Baptist Church of Lockney of which he was a member. Officiating was Rev. J. R. Naylor, pastor of the church. Rev. A. L. Shaw, pastor of the First Baptist Church of Happy and Rev. E. J. Cobb, pastor of the North Tucson Baptist Church, Tucson, Arizona, were also present. Burial was in Memorial Park cemetery, Plainview. Carter Funeral Home of Lockney was in charge of arrangements.

pallbearers were Hubert Frizell, Harold Griffith, Paul Cooper, E. A. McLeod, Edgar R. Hays, Leslie Ferguson, Frank McClure and Arthur Nigh.

A large crowd of relatives and friends attended the services and flowers covered the entire front of the church auditorium. Many out-of-town people were among the crowd.

William Salathiel Rexrode was born September 15, 1878 at Allen, Collin County, Texas. During his school years he attended Baylor University. On August 11, 1902 he was married to Miss Bessie Roney of Crowell and the couple moved to Eldorado, Okla., where he engaged in farming. In 1916 the family moved to a farm in the Lone Star community, north of Lockney, where they lived until 1947 when they moved to Lockney to make their home. Mr. and Mrs. Rexrode would have celebrated their Golden Wedding anniversary had he lived until August.

Mr. Rexrode became a member of the Baptist Church when he was 16 years of age. He had been an active church worker until his health failed, serving as a Sunday school teacher, church clerk, and in other offices. He was a member of the Lone Star and Sterley churches for many years previous to moving to Lockney. He was a quiet, unassuming man who had the respect of the entire community.

Survivors include his wife, five children, Minor Lee and Jewell Rexrode of Lockney, Mrs. R. L. Jones Jr. of Hale Center, Rev. Marcus Rexrode, pastor of the First Baptist Church of Haskell, Mrs. Wendell Green of Plainview; two brothers, Taylor Rexrode of Tatum, N. M., and Dave Rexrode of Plainview; four daughters, Mrs. Sallie Smith of

## Board Has Not Filled Vacancy

The County School Board has not appointed anyone to fill the vacancy caused by the recent death of Ben Quebe, according to County Supt. Clarence Guffee. Mr. Guffee said that the board would not have a regular meeting until the first Monday in August and the appointment would not be made until that time unless a special meeting was called, which he did not anticipate.

## Helmuth Quebe New President Of Farm Bureau

Floyd County Farm Bureau, the 650 member farmer family organization, has a new president in the person of Helmuth Quebe of Providence, who for several years has been secretary-treasurer. He succeeds his uncle, Ben O. Quebe, whose death took the organization's first and only president since the Farm Bureau was organized in the county.

R. C. Mitchell, who was first vice-president and succeeded to the presidency automatically, asked that he be relieved of the responsibility, sponsoring Quebe to succeed to the place. Quebe has been secretary-treasurer of the farm group for several years. Mitchell, in addition to his farm operations, is Texas field man for one of the leading registered swine organizations. He felt unable, he said, to take on another public service.

Harry Morekel of Floydada was named to succeed Helmuth Quebe as secretary-treasurer.

The meeting at which the new set-up of officers was decided upon was held last Thursday night at Floydada National Farm Loan Assn. office in Floydada.

There was no other changes in the official personnel of the county set-up. R. C. Mitchell remains first vice-president. Jack McIntosh is second vice-president, other directors being Horton Howell, Albert Scheele, George Turner, Verner Hodell, Bill Norman, Harry Hartman, Robin Fortenberry, A. O. Foster, J. S. Hale, Jr., and Tom Porter. Residences of these directors give practically a county-wide contract among farm families.

This spring the bureau conducted a quite successful membership drive, which was spearheaded by Ben O. Quebe, the deceased leader, despite failing health.

The board of directors in their meeting also named a field man or service representative for the county group which will have a fulltime service agent for the first time. He is W. R. Puckett, who comes to Floyd county from Big Spring, and has set up quarters in the Floydada National Farm Loan association building in Floydada. Mr. Puckett already has begun his work in the county. He has a wide range of services for farm and ranch family needs, that are handled for the Farm Bureau organization members.

Farmers Hear MacFarland Talk On Water Problem

A group of farmers meeting in the City Auditorium Tuesday night of this week heard Tom MacFarland, secretary of the Hill Plains Water Conservation District No. 1, discuss the new law under which the district was set up and tell of its importance to the farmers of this area.

Colored films relating to water erosion and conservation were shown to the group also.

An effort was made to feel out local farmers attitude toward a well spacing regulation, but very little discussion was heard on the subject. Some farmers thought that well spacing regulations might be alright while others were doubtful. The local group took no official action on the matter either way.

## Board Meets With New School Head

The board of trustees of the Lockney school district held a meeting Tuesday night attended by Mr. and Mrs. W. C. Irons along with Supt. Sidney Reeves. Mr. Irons will assume his duties as superintendent of the local school system on July 1 succeeding Mr. Reeves who is going to Quitman.

The board and the new superintendent went over school policies together, discussed the school building program, the teacher situation and other school matters.

During the session Mrs. Royce Dowell was employed as a teacher in the elementary school. Mr. Irons will employ a school secretary and business manager after he assumes his duties in July, according to "Whitey" Bacus, president of the board. Several have applied for the school secretary position, he said.

The Finley Roofing Company of Plainview was awarded a contract to repair the roof at the C. N. Townsend school. The roof was damaged recently by a hail storm and the company agreed to repair the roof for the insurance adjustment. Most of the building will be re-roofed.

## Get Ready For Girls Day Camp

A training course for Girl Scout leaders Wednesday prepared the ladies for Girl Scout Day Camp set for next week. Mrs. J. N. Weaver of Dumas was here Wednesday and conducted the training course. She will also direct the day camp. The course was held at the Methodist Church. The group also completed final plans for the camp.

The adult leaders will meet again with Mrs. Weaver next Monday and hold a camp-out. This will take the leaders through the same procedure as the camp for the girls which begins Tuesday.

The girls camp will be held Tuesday through Friday from 9 a. m. until 2 p. m. The enrollment is expected to reach 100. The girls were reminded this week by leaders that they are to bring a drinking cup and a paper sack lunch each day. They are also asked to wear a sun hat and shoes suitable for hiking. They must not wear backless suits because of danger of sunburn, it was said.

## Chiropractor To Open Office Here

Dr. E. A. Hewitt, chiropractor, will open offices here in the new building being constructed in the 100 block of North Main probably about June 15, he said this week. Dr. and Mrs. Hewitt and their three children, Dorothy 15, Gene 10 and Kenneth 7 months, have already moved here and are living in the C. D. Kelley house on South West Third street.

Dr. Hewitt is attending the State Chiropractors convention at Dallas this week but will be back in town Monday. He is taking care of patients at his home until the office is ready.

Dr. Hewitt has been practicing at Plainview for the past 18 months and previous to that was at San Antonio.

## JOE S. MOSS HERE

Joe S. Moss, candidate for Associate Justice of Appeals, Seventh District, Amarillo, was in Lockney Tuesday afternoon, in the interest of his candidacy.

Mr. and Mrs. Perry Casey from Artesia, N. M., are here visiting the C. H. Rose family.

## Jeffcoat Takes City Watchman Job

Jack Jeffcoat decided the past week end to accept the position as city night watchman to which he had been elected by the City Council recently and began his work Sunday night. His salary is the same as former officer Earl Cooper drew, \$250 per month, Mrs. Faye Messer said.

## Rev. N. S. Daniel Returned Here

Rev. N. S. Daniel, local Methodist pastor, was returned to the Lockney church in appointments read at the Northwest Texas Methodist Conference last Sunday. The meeting was at Lubbock. Rev. Daniel is in the midst of a building program here and members were hopeful that he would be returned.

Very few changes were made in the appointments in the Plainview District. Rev. Marvin Boyd remains as district superintendent, Rev. Charles Y. Pickens was returned to the Aiken-Sterley circuit, Rev. Tilden E. Armstrong was returned to Floydada, Rev. M. G. Brotherton was returned to Matador.

Changes were made in pastorate at Levelland, Ropesville, Wilson and Sundown.

## Demo Committee To Meet Monday

The County Democratic Executive Committee, composed of the precinct chairmen and the county chairman, will meet Monday of next week, June 9 at 2:30. It was announced this week by Ben P. Ayres of Floydada, county chairman. The committee will meet in the county court room.

Purpose of this meeting is to fix the hour and place of meeting for the precinct conventions to be held on July 26 and the county convention which meets on August 2. The committee will also select presiding judges to hold primary elections in the various election precincts of the county and select a primary committee of the county executive committee.

The county executive committee is scheduled to meet again Monday, June 16 at 9:30 a. m. in the county court room at which meeting they will determine the order in which names of the candidates will appear on the ballot and will determine the cost of holding the primary elections and apportion and assess such cost against the various candidates for nomination.

Mr. Ayres is urging that all precinct chairmen attend these meetings. Precinct chairmen in this area are: W. M. Knight, Sandhill; C. H. Rose, East Lockney; C. H. Andrews, Aiken; M. C. Scheele, Providence; H. E. Frizzell, Lone Star; J. K. West, South Plains; R. G. Dunlap, Cedar Hill; T. B. Mitchell, West Lockney; Bert Bobbitt, Sterley.

## Bryan & Hoffman To Top Streets

The City Council has let a contract to Bryan & Hoffman, paving contractors, to put one coat of asphalt and a coat of rock on all city streets paved in the first paving campaign here several years ago. The company will also repair the shoulders and all holes in the paving.

Contract price is 17 1/2 cents per square yard, according to Mrs. Faye Messer, city secretary, and the total cost will run between \$5,000 and \$6,000 it was estimated. The company is required to begin work within three weeks.

The asphalt coat and rock put on the Lockney loop this week was the work of the highway department and is not part of the city's contract, Mrs. Messer said.

Mrs. W. L. Thomas Sr. and Mrs. Maud Myers plan to leave Friday morning for Del Rio, Texas to visit Mr. and Mrs. Edwin Johnson and boys.

## Lakeview Well Creates Lots Of Oil Interest

The Lakeview wildcat oil well, which came in last Thursday afternoon, has created a lot of oil interest in Floyd County. The well, known as Standard Oil Company of Texas No. 1 Minnie Adams, is located 8 miles south and slightly east of Floydada.

The first major oil shows were recovered on a 2 1/2 hour test from 7,598-7,622 feet when 2,800 feet of 36.1-gravity oil flowed by heads after the tool was closed. There was no formation water reported on this test.

More Show Found

This week the well was being cored deeper after a drillstem test over the week end recovered more oil.

This latest 2 1/2-hour test was from 7,619-7,637 feet. Gas surfaced in 8 1/2 minutes but no fluid came to the top while the tool was open. Recovery was 1,800 feet of mudcut oil which was 80 per cent oil. There was no formation water found.

Operator representatives said the test tool was being plugged by cavings throughout the test, and therefore the test was not as successful as might have been. Many of the holes in the test tool were plugged by the circulating mud and cavings, shutting off oil which might otherwise have entered the tool.

Unidentified Formation

The lime formation in which the tests are being made has not been positively identified. Informal sources reported Monday it is a Pennsylvanian lime, but of unidentified age.

A core of lime bleeding oil was recovered Saturday.

The core from 7,622-7,636 feet yielded 14 feet of lime. Thirteen feet of this had good porosity and was bleeding oil. There were no signs of water.

Other Tests Planned

Two contracts have been let for test wells in the vicinity of the discovery and others are planned, according to reports here. Tests are planned on the Jim Willson land, on the Lovell Jones place and on the Breed place, all in the vicinity of the well.

15 Miles From Production

Only previous production in the county is 15 miles to the west in the small Irick field of Hale and Floyd Counties. Production there is from the Pennsylvanian between 5,804-5,901 feet. The first Floyd County well was completed in July, 1948, with a daily potential of 406 barrels of oil. The present total field allowable is 200 barrels of oil daily.

Location of the No. 1 Adams is 1,980 feet from west and 700 feet from north lines of section 32, P. D. Adams survey.

## New Fixtures At Knox Grocery

An almost complete set of new fixtures have been installed at Knox Grocery here. A new meat case, a new walk-in cooler, new shelves and a new dry rack were all installed over the week end. The new fixtures are modern and efficient and will enable the store personnel to give better service, Mr. Knox said.

By Mrs. Wilfred Stoerner

There is something sweeter than deserving Praise: the feeling of having deserved it.

Guests visiting in the Hubert Stoerner home were Mr. and Mrs. Henry Schmidt and family of Wichita Falls.

Word has been received here of the arrival of a baby girl to Mr. and Mrs. Dick Bear of Wichita Falls. Mrs. Bear will be remembered as Verdell Shultz.

Mr. and Mrs. R. G. Stoerner visited in the home of Mr. and Mrs. Hubert Stoerner Thursday afternoon.

Visiting in the Wilfred Stoerner home Saturday afternoon were Mr. and Mrs. V. D. Ross Jr. and family of Hale Center.

**Pink and Blue Shower Honors Mrs. Melvin Kelm**

A delightful pink and blue tea shower given in the lovely home of Mrs. Marvin Scheele honored Mrs. Melvin Kelm Thursday afternoon, May 29th.

Guests were greeted at the door by Mrs. Jack Faver. Presiding at the guest register was Mrs. B. F. Sammann Jr. The lace covered table was centered with delicate pink cut roses. Crystal candle holders with pink candles added to the table decorations. Presiding at the crystal punch service was Mrs. Virgil Brasher, assisted by Mrs. Ernest Sammann and Mrs. Marvin Scheele. A sparkling punch was served with white cake squares, decorated pink baby shoes as favors were served. A miniature cradle with a small plastic baby doll inside added color and charm to plate refreshments.

Mrs. Albert Scheele lead the group in several clever games appropriate for the occasion.

A large useful selection of baby gifts were presented to the honoree. Those attending were Mmes. Walter Hofeman, Paul Halter, Albert Kelm, Tom Word, Joe Zimmerman, J. W. Question: Who will be caught up to meet Jesus when he comes in the clouds? 1. Thess. 4:17. "Then we which are alive and remain shall be caught up together with them in the clouds to meet the Lord in the air."

Answer: The New Testament Church.

Q. Who is the New Testament Church?

A. The body of Christ.

Q. Who is the body of Christ?

A. The body of Christ is a group of Born-again believers (you will know when you are born again) who will come forth to perfection.

Q. What will it take to bring the body of Christ into perfection?

A. It will take the 5 ministries that Christ died for, that he might give unto men. Eph. 4:11, 1. Cor. 12:14.

Q. What are these ministries?

A. Eph. 4:8-11 "And He gave some, apostles; and some, prophets; and some, evangelists; and some, pastors and teachers."

Q. How will these 5 ministries bring the body to perfection?

A. With the gifts of the Spirit.

Q. What are the gifts of the Spirit?

A. The gifts of the Spirit are nine in number. 1. Cor. 12:8 "For to one is given by the Spirit the word of Wisdom, to another the word of knowledge by the same Spirit; To another the gifts of healing by the same Spirit; To another the working of miracles; to another prophecy; to another discerning of spirits; to another divers kinds of tongues; to another the interpretation of tongues."

Q. What is perfection?

A. Perfection is unity of faith.

Q. What is unity of Faith?

A. Unity of faith is all born-again members of the body seeing things as they are.

He that hath an ear to hear let him hear.

He that believeth shall be saved but he that believeth not shall be damned.

Canst thou believe?

Q. Believe what?

A. Believe God's Word.

Mr. and Mrs. Troy Ray. (Adv.)

**Babson Discusses Savings**

Babson Park, Mass. — The man in the street has done as much this year to stop inflation and stabilize our currency as all the government regulations put together. I wonder if the average American realizes how much he has really helped to curb inflation through restraining his urge to spend and by voluntary saving? He has done a job that ought to make the front pages of every paper in the country. I say this because only through a program of natural, voluntary savings can America keep strong.

**Politicians Stool The Credit**  
You can be sure that in this election year the politicians will be taking the credit for what you have done. They will tell you that inflation has been slowed to a standstill by their price and wage controls, their heavy tax program, and their tightening of consumer credit. No one of us is going to be stupid enough to deny that an aspirin or a Seltzer may help a headache. But unless we are very stupid indeed, we realize the aspirin is only a sedative, not a cure. A look at the record since the close of the war shows the politician to be a good hawk of patent cure-alls but a mighty poor diagnostician.

Sometimes, after awakening from an overdose of drugs, the hang-over which follows is worse than the pain one first endured. As a result, the American people have lost confidence in the politician's patent medicines and have decided to try an old-fashioned remedy—THRIFT. This old-fashioned remedy is producing some phenomenal results. It has actually caused a halt in the inflation epidemic.

**The Real Story About Savings**  
Through voluntary savings our people more than doubled their 1951 savings over 1950, putting better than \$22 billion into the

At the same time, consumer debt held steady for 1951: only 34% of disposable income after taxes, and but 32% of savings. Yet, the same potential to spend was there.

More people are earning more money than in any previous post-war year; incomes are better for 25 million families. They could have gone on a spending spree, but they didn't. My guess is that they didn't because the average man has lost faith in the politician and his panaceas. He is wondering if he can keep afloat if prices go much higher. So he is beginning to put a little money aside for harder times. He is less and less inclined to mortgage his future for a TV set or a new car. People everywhere who have good wages ought to continue to save as much as they can while the going is good.

**How Is The Money Being Saved?**  
Bank accounts and savings banks are still the most popular places to save money. This last year the nation's 529 mutual savings banks reported an all-

time high in new savings accounts, with 3 million more accounts. Despite this exceptionally good year for the banks, there is a trend away from buying U. S. Savings Bonds. The number of families that have become interested in mutual investment trusts and other stocks has tripled in the last couple of years, while the number who have put their savings into real estate has increased about 80%. I hope that small investors who are now buying stocks for the first time will not be disappointed. The high prices at which most popular stocks are now selling are danger signals. The small saver, especially, should know that at only one point in history (1929-30) were stocks selling higher than they are today, and he should remember well what happened then!

Baptist Notes

Mulling over the timeworn excuses people give for not going to church, the Rev. Grant H. Elford of Lake Crystal, Minn., and Dr. Ronald Meredith of Fresno, Calif., on a trip together, compiled this list of reasons "Why I Do Not Attend the Movies."

- 1. The manager of the theatre never called on me.
2. I did go a few times, but no one spoke to me. Those who go there aren't very friendly.
3. Every time I go they ask me for money.
4. Not all folks live up to the high moral standards of the films.
5. I went so much as a child, I've decided I've had all the entertainment I need.
6. The performance lasts too long; I can't sit still for an hour and three quarters.
7. I don't always agree with what I hear and see.
8. I don't think they have very good music.
9. The shows are held in the evenings, and that's the only time I am able to be at home with the family.

WASHINGTON AND SMALL BUSINESS

By C. WILSON HARDEE

There is a strong drive in Congress to prevent any renewal of government power to regulate consumer credit, or installment buying, when the present authority expires on June 30.

It is fairly well taken for granted that the suspension of Regulation W was made at this time so that the power would not be taken away from government by Congress.

Government control of installment buying does furnish government with a heavy club to use against industries that depend on consumers being able to buy on a pay as you go basis.

While much has been written on the evils of installment buying, there is one indisputable argument in favor of installment buying which cannot be overlooked. That point is the fact that Americans own more autos, more homes, more radios, more television sets, and more household furnishings than any other people in the world.

And added to that strong point is the recognition by government itself of the need and value of installment payments.

That is why income taxes are now collected in advance from each pay period.

On the basis of installment tax payments, the government has been able to carry on such worldwide socialistic experiments as the Marshall Plan and its successor, the MSA. In fact, the American installment plan has made it possible for billions of world populations of independent nations

to be given away to Europe.

For example, according to MSA reports, during the first 96 days of this year, shipments to Europe alone, not counting Asia, averaged \$13,866,366 per day, Sundays and holidays included. Some days as much as \$45 million have been given away.

So the argument can be pinned down to this point, too.

"If it is economically unsound for American consumers to use free credit, on terms arrived at between seller and buyer, to purchase tangible property for the use of American families and provide American employment, then is it not even more economically unsound to collect taxes on an installment plan to aid European cartels and monopolies?"

There is also the argument advanced that free credit often induces an American family to foolishly buy some luxury on the installment plan.

But on the other side of the picture are facts like this example, MSA Bulletin No. 81 reports the gift of \$1,600,000 worth of American coal to Austria. Thus, American taxpayers not only pay for the coal, but also for its transportation from the U. S. to Austria which is just next door to some of the world's largest coal fields. And the taxes supporting such moves are collected on the installment plan.

It is probably the time for somebody to define terms, starting with just what is foolishness.

But an adequate definition of the word foolishness would probably cause too much embarrassment in many places in Washington.

MRS. EDGAR A. HARTLEY

## Ceremony Unites Bonnie Singer And Edgar Hartley

The marriage of Bonnie Singer, daughter of Mr. and Mrs. W. C. Singer and Edgar A. Hartley, son of Mr. and Mrs. W. R. Hartley took place in an impressive double ring ceremony at the home of the bride's parents Sunday afternoon, June 1, at three o'clock.

Rev. Leonard A. Hartley, pastor of the First Baptist Church of Edmondson, Texas and brother of the bridegroom, read the vows before double windows flanked by arrangements of roses and larkspurs.

Mrs. John Munselle played "I Love You Truly" as a prelude.

Given in marriage by her father, the bride wore a street length dress of blue salyna accented with blue lace and rhinestones. She wore white accessories and carried a white Bible topped with white carnations. For the traditional something old she carried a wedding handkerchief belonging to her mother, something new was her wedding attire, something borrowed was her Bible and something blue was a garter.

Carol Lou Vennum, niece of the bride was maid of honor. She was dressed in a frock of frosty pink tissue shantung with white accessories. Her corsage was white carnations.

Kenneth Hartley of Pampa, nephew of the groom, was best man.

A reception was held immediately following the ceremony. Laid with a lace cloth, the serving table was centered with a tiered wedding cake, flanked by bouquets of carnations. Mrs. N. L. Singer of Littlefield served the cake after the bridal couple cut the first piece. Miss Dorothy Jo Hartley presided at the punch bowl.

Thirty-seven guests attended.

For traveling the bride chose a navy blue suit with red accessories. After a tour of north Texas Mr. and Mrs. Hartley will be at home near Lockney where he will farm.

The bridegroom was graduated from Lockney High School in 1951. The bride was a member of the Lockney 1952 graduating class of which she was chosen Football queen.

Mr. and Mrs. J. A. Killer of Las Vegas, N. M., spent the week end visiting in the home of Mr. and Mrs. Frank Dodson and Mr. and Mrs. Hugh Counts.

SUN-BOUND

You'll be dressed right for American beaches and playgrounds this summer in White Stag's Wrap Around sun jumper, the National Cotton Council reports. Another Sun Bonnet Chambray style for 1952, this cool wrap-around outfit has a small blanket pin in back for "social security."

## Barbara Bradley Is Recent Bride Of Carroll Sammann

In a double ring ceremony performed Thursday evening in the chapel of the First Baptist Church of Plainview, Miss Barbara Bradley of Memphis and Carroll Sammann of Providence were united in marriage.

Miss Bradley is the daughter of Mr. and Mrs. N. F. Bradley of Memphis and Mr. Sammann is the son of W. W. Sammann of the Providence community.

Marshall Walker, Spearman, officiated for the ceremony. Altar decorations included an arch of tropical greenery flanked on either side by white lighted tapers in seven branch candelabra and tropical greenery.

Harold Carson of Olton played pre-nuptial selections on the organ. Joe Fulcher sang "Because" and "I Love You Truly." The traditional wedding marches were used.

Miss Bradley chose a white ballerina length dress of imported swiss organdy styled with a draped off shoulder bodice caught with seed pearls and a very full skirt scalloped around the bottom. The dress was worn over white taffeta. Her fingertip veil of bridal illusion was held in place with a heart shaped crown of shirred illusion and seed pearls. Elbow length lace mitts completed the ensemble and she carried a colonial bouquet of lace and stephanotis centered with a white orchid.

Maid of honor was Miss Betty Robbins of Hereford. She wore a ballerina length dress of navy organdy styled with an off shoulder bodice and a bertha type drape. She carried a bouquet of large pink daisies tied with satin streamers.

Best man was Charles Crouch of Bethany, Okla., and John Winters of Wellington was usher.

Mrs. Bradley, mother of the bride, chose a two piece dress of powder blue linen with navy blue and white accessories for her daughter's wedding. She wore a corsage of white carnations.

Immediately following the ceremony a reception was held in the church parlor. The table was covered with lace cloth over pale

green and centered with the three tiered wedding cake topped with a miniature bride and groom. Mrs. Charles Durning, sister of the groom from Odessa, presided at the punch bowl and Miss Laura Brooks cut the cake. Assisting in serving were Miss Ella Bradshaw of Bovina and Miss Onetta Carr of Berger.

For the wedding trip the bride chose a rose beige Italian silk two piece dress with white accessories and an orchid corsage.

Mrs. Sammann is a graduate of Memphis High School and has been attending Wayland College the past two years. At Wayland she was a member of the Wayland Words Speech Choir.

The groom is a graduate of Lockney High School and at the present time is in the service station business in Plainview. The couple will make their home in Plainview.

## Griffith-Williams Vows Exchanged In Georgia

In a quiet double-ring ceremony performed at Blakely, Georgia, Mary Joyce Griffith became the bride of Sergeant First Class Robert Williams on May 19 at 8 p. m. o'clock Judge D. C. Morgan, at whose home the marriage was solemnized, read the vows. Only attendants were Mr. and Mrs. Roy Morgan of Blakely, Georgia.

The bride was attractive in a street-length dress of blue nylon net over taffeta with which she wore a white lace hat. Other accessories were also white.

Mrs. Williams is the daughter of Mr. and Mrs. L. J. Griffith of Lockney. She attended Lockney High School.

Mr. Williams attended Lockney High School before entering the army two years ago. He has recently been transferred from Camp Rucker, Alabama to Camp Irwin, California where he will be on maneuvers for six weeks.

Mrs. Williams, who is here with her parents, will join her husband when he returns to Camp Rucker.

The 52 cards in a deck represents the number of weeks in a year.

## Federal Food and Drug Administration Imposes Regulations on Marketing of Wheat

For the past few years the Food and Drug Administration has been carrying a sanitation program in the flour mills that does not permit the use of weevil infested wheat to be used in the production of flour.

The Food and Drug Administration is now applying regulations which insure that only sanitary wheat is sold for human consumption.

Altho no definite tolerance for filth in wheat have been given, approximately 1000 tolerances have been released and any wheat showing evidence of filth in excess of these quotations will be subject to condemnation for human consumption.

The appropriate tolerances are as follows:

1. WHEAT CAN NOT HAVE MORE THAN 3 WEEVIL EXIT HOLE KERNELS PER 100 GRAMS OF WHEAT. (¼ pint wheat or approximately 4200 kernels.)
2. WHEAT CAN NOT HAVE MORE THAN AN OCCASIONAL RAT OR MOUSE EXCREMENT PELLET.
3. WHEAT CAN NOT HAVE BUT AN OCCASIONAL BIRD EXCREMENT PELLET.
4. WHEAT CAN NOT HAVE ANY EXCESSIVE AMOUNT OF ANY KIND OF FILTH.

The Grain Dealers of this territory urge the cooperation of the Wheat Farmers in meeting these regulations. REMEMBER THAT WHEAT WITH A HIGH MOISTURE CONTENT IS AN INVITATION TO WEEVIL INFESTATION, HEAT DAMAGE, MUSTY WHEAT. WHEAT HARVESTED SHOULD TEST 13% MOISTURE OR LESS FOR STORAGE. WHEAT WHICH WILL BE SOLD AS HARVESTED MAY CONTAIN UP TO 14% MOISTURE WITHOUT DOCKAGE.

PENALTIES ARE SEVERE IF INSPECTORS FIND A CAR TO BE CONTAMINATED FOR THEN IT MAY NOT BE SOLD FOR HUMAN FOOD BUT MUST BE DESTROYED FOR ANIMAL FEED. DISCOUNTS IN PRICE IN SUCH CASES APPROXIMATELY 75 CENTS TO \$1.00 PER BUSHEL.

### EDITORIAL

Let us not therefore judge one another any more; but judge this rather, that no man put a stumbling block or an occasion to fall in his brother's way. — Romans 14:13.

Many people in this area are receiving a small simulated newspaper called "Headlines." The particular issue received here is solely concerned with General Ike Eisenhower's candidacy for the presidency and it uses every possible means to cast reflection upon the General and smear his name and his intentions. If those who receive this so-called newspaper will look inside they will see that it is edited by one Joseph P. Kamp. For your information we would like to point out that Mr. Kamp is head of an organization called

the Constitutional Educational League. That is a high sounding but names do not always indicate the nature of an organization. Mr. Kamp has served some time in jail for contempt of the House Campaign Expenditure Committee and has been indicated for another refusal to reveal his business to the Congress is not a man to be trusted with advice on politics.

Any fair-minded person, whether he is for or against Eisenhower, will be against unfair smear tactics and the spreading of lies and half-truths in an effort to injure the reputation of the General. Yet that seems to be the main business of the "headlines."

Mr. Kamp, however, is not the only person spreading tales that are obviously meant to smear Eisenhower regardless of their truth. Taft's national campaign headquarters are doing the same thing. The campaign, on the part of Taft's side, is getting bitter. Obviously Taft is frightened that Eisenhower will keep him from securing the nomination and that fright has turned to desperation.

We don't claim to know very much about politics but it is fairly obvious even to the average voter that the Republicans are trying to throw away their only opportunity to get a Republican in the White House. The independent voter will not vote for Taft in very great numbers. Taft is one of the ultra-conservative, old line Republicans of which the country is fed up with and wants no part of.

It is our prediction that if the Democrats nominate anyone at all, Taft cannot be elected. On the other hand, the Republicans can probably win the presidential race with Eisenhower against any man the Democrats can nominate. In other words people will vote for Eisenhower but won't vote for Taft. The recent escapade at Mineral Wells will not do anything toward winning votes for Taft and may make votes for Eisenhower even in states other than Texas. The average man doesn't like the idea of being forced into something, and he wants the majority to rule.

Who will the Democrats nominate is something that is troubling most Democrats right now. Because Truman took so long to make up his mind about whether he was going to run or not, no other Democrat had a chance to get himself publicized sufficiently to hold a commanding lead in the voting. Of course Mr. Kefauver is way out front but when you count his pledged delegates you will find that he has about one-fourth of what he will need for nomination. The South will stay with Russell of Georgia probably but whether they can nominate a Southern man is very questionable. Personally we wouldn't care for any of Mr. Harriman or Mr. Barkley. Both are first line politicians who would find it hard to see the bad in the Democratic party and clean it up.

## OUR DEMOCRACY

### PLATFORMS and CANDIDATES

FROM ALL STATES IN THE UNION, MEN AFFILIATED WITH OUR TWO MAJOR POLITICAL PARTIES WILL BE HEADING SHORTLY FOR CHICAGO FOR THE NOMINATING CONVENTIONS THAT ARE PART OF OUR ELECTORAL PROCESS. ALL AMERICA LOVES A BIG SHOW—AND THESE WILL BE BIG SHOWS.

BUT MORE IMPORTANT, OUT OF THE SHOUTING AND THE TUMULT, THERE WILL EMERGE THE CANDIDATES AND THE PLATFORMS ON WHICH THEY WILL GO BEFORE THE PEOPLE. THE ISSUES WILL BE JOINED. EVERY CITIZEN WILL HAVE FULL OPPORTUNITY TO FORM HIS OWN CONVICTIONS—AND A SOLEMN RESPONSIBILITY TO VOTE THOSE CONVICTIONS ON ELECTION DAY.

BE SURE TO VOTE THIS YEAR.

#### FIGHT ISN'T OVER

Congressional passage of the Tidelands Bill over the President's expected veto of the measure is more to be hoped than expected. The two-thirds majority necessary to override Mr. Truman's action almost certainly could be obtained. But the Senate, which is scheduled to vote on the proposition first, is the big hurdle. A vote there to reverse the White House is possible, but not probable. If the expected happens, however, it will not mean the end of the fight by the states for their tidelands and the enormous wealth they represent—now calculated at a minimum of \$40 billion. It will be just another lost round in a battle to establish the ownership by individual states of property they held without question until Mr. Truman ordered the seizure—the most gigantic confiscation of wealth by the federal government in the history of this country. The fact that his action subsequently was upheld by a Supreme Court composed entirely of appointees of the New and Tru Deals has not proved that fairness and justice prevailed in this case. The strategy to be adopted in the tidelands fight, if the present round is lost, remains to be determined. But the logical supposition is that tidelands bills will be introduced in congressional

session after congressional session until finally one is enacted into law, with or without Presidential approval.

Or the time may come when a change from Tru-Deism in the White House will lead to a change in the political complexion of the Supreme Court—one which will discharge its constitutional duty of protecting the American people from abuses of executive powers. The court, as now constituted, has failed and refused to do that.

Just how long the tidelands fight may continue is anyone's guess. It may be prolonged through many years. But it is safe to predict that it will not end until the confiscated tidelands are

restored to their rightful owners—which are the states they border.—Lubbock Avalanche.

#### INDIAN LOGIC

An Indian was hailed in court, charged with not paying his income tax. The Red Man asked the judge why he should pay income tax. The judge painstakingly explained that Uncle Sam needed the money so that when he, the Indian, got sick or too old to work or got out of a job, the Great White Father would be able to send him some money to take care of him.

A light of understanding flashed over the Indian's face. "Judge," said he, "that just like my dog and me. He good dog. He hard working dog. When he work much hard he come to me, bark and say, 'Boss, I work much hard, give me nice piece meat.'"

"I take big sharp knife, cut off piece his tail and say, 'You good dog, you work much hard, here nice juicy piece meat for you.' He so dumb, he no know difference. It big laugh—he lick my hand for give him piece his own tail." — Claude News.

### GM Builds New 'Two-Way' Plant in Texas

Construction work has begun on the new General Motors "dual purpose" plant (above) at Arlington, Texas, where GM's Buick-Oldsmobile-Pontiac Assembly Division will build a Grumman-designed airplane for the United States Navy and assemble passenger cars simultaneously. The flexible layout of the plant will permit combined aircraft-automotive operations or it can be converted in a matter of days to either total aircraft or total automotive production, depending upon military requirements. The "dual purpose" plant idea was first proposed a year ago by C. E. Wilson, GM president, as a means of maintaining strong military and civilian production levels without disruption of plant facilities or working forces. Most of the Buick, Oldsmobile and Pontiac cars produced in the Arlington plant will be for distribution in Texas.

### Undulant Fever Season Now On

Austin. — This is the season when an increase of undulant fever may be expected, according to Dr. Geo. W. Cox, State Health Officer.

An undulant fever patient suffers from chilly sensations, or severe shaking chills, sweats, and high fever. The patient loses weight and becomes weak. If the illness is of mild type, the patient may find it hard to remain in bed, but if he tries to keep on with his work he finds he has not sufficient energy.

Symptoms often continue for a number of weeks before recovery occurs. Fortunately undulant fever has a low death rate. Body temperature may reach a higher mark each day than the day before for some time, and then gradually return to normal over a period of several days. Fever may be absent for some days and come back again in the same way as before, registering higher each day and then gradually going lower. The patient's temperature chart will resemble smooth waves or undulations. The appearance of the temperature curve in typical cases has given this disease the name undulant fever.

Undulant fever is one of the infectious diseases known to be transmitted from animals to

man. It is caused by a bacterium, *Coccobacillus burnetii*. The disease is common in the Southwest, especially in the Texas Panhandle. It is also found in the West, the Northwest, and the South. human beings. In hogs and cows, the germ produces a great economic loss because it causes contagious abortion. When this same germ invades the human body, the resulting disease is undulant fever. Prevention is dependent upon (1) eradication of the disease in farm animals, (2) careful pasteurization of dairy products, and (3) avoidance, in so far as possible, of direct contact with infected animals.

### Drouth And Heat Didn't Stop Soil Improvements

College Station — Soil improvement through the use of legumes and a seed improvement program including the principal crops produced in the state are listed by the agronomists for the Texas Agricultural Extension Service as major achievements for 1951.

Their annual report shows that despite the severe drouth, Texas farmers plowed under for soil improvement 1,513,398 acres of legumes with an estimated value of more than \$15 million. A total of 44,452,400 pounds of legume seed were harvested and their value was in excess of \$3.5 million. Principal seed crops were sweetclover, hairy vetch, alfalfa and singletary peas.

The agronomists report that last year's hybrid corn contest was somewhat on the record smashing order. Nine out of the 15 prize winners had included legumes in their crop rotation. Eight contestants in Red River County produced in excess of 100 bushels of corn an acre. The 165.4 bushels produced by Harold Watkins, a 4-H boy, say the agronomists was the highest officially recorded yield ever made in Texas. His contest acre was planted on land where Austrian winter peas had been plowed under the year before and he

### used liberal amounts of fertilizer.

Reports received from the counties show that a total of 49 adults and juniors produced more than 100 bushels of corn per acre last year.

Reports received from the demonstrations were used to show the value of foundation and certified planting seed. In 1941 when seed of adapted Texas corn hybrids first became available less than one per cent of the corn acreage was planted to hybrids. In 1951, 65 per cent of the Texas corn acreage was planted to hybrids. The increased production from the 1,546,000 acres planted to hybrids in 1951 was estimated at five bushels per acre over open pollinated corn and at \$1.50 per bushel amounted to \$11,590,000.

The agronomists credit several practices with increasing corn yields in the state including the use of legumes and fertilizers, closer spacing of the plants, improved cultural methods and of course planting adapted corn hybrids.

County agricultural agents last year supervised demonstrations involving Comanche, Westar, Quana, Wichita and Triumph wheats; Mustang, New Nortex and Fulltex oats and Wintex, Texan and Gollad barleys. The new Gollad barley in early tests has shown much promise as a grazing crop in south Texas.

The newer varieties of grain sorghums Redbine 60 and 66 and Combine kafir 60 were widely used by farm demonstrators. Golden and B-2851 were the commonly used varieties of flax tested.

A tabulation of all county reports show that 6,114 field crop demonstrations involving 378,484 acres were completed during 1951. The increased value of the crops produced on these demonstration acres over crops produced by non-demonstrators in the same areas was set at \$9.5 million. That increase, points out the agronomists, was due to the use of better seed which gave higher yields and better quality

### Farmer's Question Corner

#### WHAT ABOUT CAT DISTEMPER?

Q: Is distemper a very serious problem among cats?

A: Yes, it is one of the most common of all cat diseases.

Q: What causes distemper?

A: A highly contagious virus. It affects cats of all ages, but weaned kittens less than a year old are the principal victims.

Q: How does distemper act?

A: First symptoms include loss of appetite, vomiting, extreme weakness. There may be rapid loss of weight. Later there may be scouring, sore, ulcerated mouths, nasal discharge, difficulty in feeding. The affected cats will hang over feed and water.

Q: Is distemper always fatal?

A: No, but the death rate may run as high as 80 percent.

Q: Is there any cure?

A: Cats may sometimes be saved by prompt administration of anti-feline distemper serum and careful supportive treatment.

Q: What can be done to prevent distemper?

A: Vaccination affords the best protection. The veterinarian administers two small doses of vaccine about 10 days apart. Cats usually are protected for life after they have developed immunity.

Q: Is vaccination expensive?

A: No, it is inexpensive. On farms, cats are so important in control of rodents that the cost of vaccination is a minor thing in comparison to the good they do in saving grain and preventing other rat damage.

Holy Land Trip For Pastor At Floydada Is Surprise Gift

Floydada. — A check for \$2,200 to cover the cost of a trip to the Holy Land was the surprise gift presented Rev. R. Earl Allen, pastor of the First Baptist Church on a recent Monday night...

The presentation was made by John B. Stapleton, president of the brotherhood. The pastor plans to spend six weeks on the journey to the east in company with Dr. C. M. Thacker. They plan to leave here the last week in July.

The church had previously voted to give the pastor a six weeks vacation. Friends in and out of the Baptist church and

citizens of Floydada and some members of the Seagraves Baptist church, where the Allens formerly lived, made the trip possible. The check was presented as a love offering and in appreciation of his work in the church here and at Seagraves. Pastor Allen was so emotionally surprised, he could not make a speech of appreciation, nor was one expected from him.

ONE-A-DAY HOME HINTS

If you have cooked rice left over, add a quarter of a cup to your griddlecake mixture and fry lightly on the griddle of your gas range. Serve with crushed fruit or syrup.

Deanie Howard of Pantex, Texas, is here visiting his aunts, Mrs. W. A. Taylor and Mrs. Gene Rogers and their families.

South Plains

by Mrs. Murray Julian

The South Plains Baptist Vacation Bible School ended on Friday, May 30, with commencement exercises in the evening at the church. 47 children and teachers were enrolled during the school and they gave a very commendable performance on this last night. Bibles were presented to each department for the most memory verses learned during the week of study.

Mr. and Mrs. Sterling Cummings and Kim, went to Siloam Springs, Arkansas, Friday of last week and spent several days visiting Mrs. Cummings' parents, Mr. and Mrs. Earl Norman. They returned home Wednesday evening.

Rev. Chas. Joiner arrived home after a five weeks stay in Abilene, Texas where he has been visiting a brother, Ambrose, who has been quite ill. He visited other relatives there, also. He was under a doctors care in Abilene, and on Monday he intends to enter a Lubbock hospital where he will undergo some skin grafting. He will be in the hospital several days.

Refreshments were served at the church for the Vacation Bible School students and their teachers the past week, at the middle of the morning recess. On Wednesday, Mrs. Z. C. Cummings and Mrs. H. L. Marble served, on Thursday, Mrs. I. H. Parks and Mrs. J. B. Smitherman were hostesses and on Friday Mrs. Walter Wood and Mrs. Bill Beedy served refreshments.

The W. M. S. meets at the church on Wednesday, June 4 for a study of the Bible. The W. M. S. will serve at the boys camp on July 10 and those who are making cup towels and pot holders for the camp, please bring them to this meeting.

Mona and Jean Cummings arrived at the home of their parents, Mr. and Mrs. Zach Cummings on Friday from Denver, Colorado, where they both are employed. The whole family left on Saturday for Farmersville, to see Mr. Cummings' father who is very ill at this time. They intend to stay down there until a change is noted in his condition.

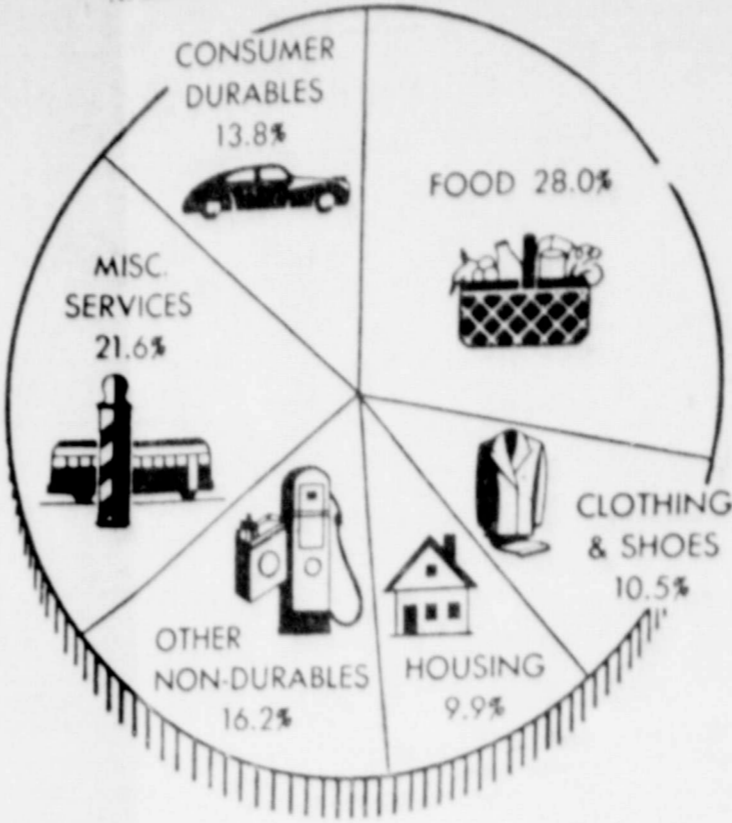

Carol Reeves visited her parents, Mr. and Mrs. Sim Reeves and other relatives over the week end. She arrived home from the Seminary at Fort Worth on Friday evening and went back to resume her school work Sunday evening.

Mr. and Mrs. Murray Julian, Bruce and Kendis and Dale and Winifred West were dinner guests at the home of Rev. and Mrs. John Allen on Sunday.

Mr. and Mrs. Jack Calahan and son went to Malvern, Arkansas, to visit Mr. and Mrs. Arthur Brown last week and brought Mrs. Brown and Karen home with them on Monday to visit relatives

WHERE CONSUMER DOLLARS GO

The outlook for consumer goods in 1952, as indicated by a National Association of Manufacturers study, follows:

FOOD: Food supplies in 1952 are expected to be sufficient to maintain domestic food consumption per person at least as high as in 1951.

CLOTHING AND SHOES: Industry operating more than 20% below peak capacity. Plenty of room for expansion if demand increases.

HOUSING: Increase in population, 1940-1950, 13%; increase in number of available residences, 23%.

OTHER NON-DURABLES: No scarcity in sight for tobacco, alcoholic beverages, gasoline, or other items in this category.

MISCELLANEOUS SERVICES: Includes laundries, barber shops, transportation, etc. No scarce materials involved.

CONSUMER DURABLES: Consumers well stocked up already, and the prospective supply will be adequate.

here and at Lockney. Kazen contracted the measles during the week and kept the families from having a reunion. Mr. and Mrs. Shelby Calahan and children are taking Mrs. Brown and Karen back to Malvern on Monday and they will visit with them a few days before returning home.

Mr. and Mrs. Jim Hays, Bert and Jo, from Plainview, visited their daughter and husband, Mr. and Mrs. Robert Reeves and Mr. and Mrs. Sim Reeves and family on Sunday afternoon.

The South Plains Home Demonstration Club will meet at 2:30 on Wednesday, June 11, at the home of Mrs. Otha Sanders with Mrs. Fred Fortenberry as co-hostess. Mrs. I. H. Parks will give a demonstration on basket making. All who intend to make a basket bring a card table, an ice pick and be on time as the demonstration will take two or more hours. You will not want to miss any of it.

Mr. and Mrs. Mose Damron, who have been teaching this past winter at Canadian, came to visit Mr. and Mrs. Ernest Smitherman on Friday afternoon and that night they went to the home of Mr. and Mrs. John Smitherman and had a good visit with both families. The Damrons spend a good deal of their summer vacation around Matador visiting with relatives.

Mrs. Sim Reeves' brother, Mr. E. P. Austin, from Abilene, arrived Wednesday to spend the night with the Reeves' family. They found Mr. Austin waiting for them when they arrived home from Floydada, where they had spent the day attending the Old Settlers Reunion.

Mr. and Mrs. Jack Calahan and Jackie Don and Rev. C. A. Joiner were dinner guests at the home of Mr. and Mrs. Bryan Karr on Sunday. During the afternoon they all went to the home of Mr. and Mrs. E. A. McLeod near Lockney, where they visited with them and Mrs. Arthur Brown and Karen.

Mr. and Mrs. Clayton Bond and children and Arlene Hoeksema went home with Mr. and Mrs. Grigsby Milton and girls after church on Sunday and spent the afternoon and had dinner together.

Mr. and Mrs. John Smitherman went to the home of Mr. and Mrs. Bruce Whitlock near Lockney and spent the afternoon with them on Sunday.

Mr. and Mrs. Dock Jones and children went to Amarillo on Sunday to spend the day visiting Mr. Jones' brother, Mr. Glen Jones and family. Coming home in the evening they drove in a blinding rain storm until they reached Tulla.

**Hunting and Fishin'**  
By Harve Pennington  
A long light casting rod and a light reel and line and the smaller lures can be used. A bass will take a small lure in his mouth when he strikes but he seldom takes all of a large plug. And he can throw a large lure better than a small one because of the weight. Most plug fishermen cast with a short stiff rod but they will land more fish on a light longer rod. We all know you can kill a fish quicker on a 9 ft. rod than on a casting rod and it is a sporty way to fish.

We have received several letters from friends telling us of the big fish that they lost. I am sure I couldn't solve their problem, and besides I hope they don't land all the big ones for I want some left when I get there. But I can tell you this if I was losing fish consistently I would change my way of fishing. When you land a large bass you have outsmarted him but when you lose him it's a sure thing he has outsmarted you and that's why he is large.

The reason so many plug fishermen lose their fish is dull hooks, more especially on the larger lures. All new plugs need their hooks sharpened and about all of the barb filed off. An old bass has a tough, boney mouth and there is not much of the time that the barb will penetrate anyway so why bother with it. On the smaller plugs the hooks are smaller and sharper.

After all it is the sport and relaxation that we want when we go fishing. If we landed all the fish we hooked that would take part of the sport out of our fishing. Most places where there are game fish the days limit is 5 bass per day and that should be enough for any one. As Walter G. says, "Who wants to come home with a sack full of dead fish?"

### 1,800 Expected For Texas 4-H Roundup In June

College Station. — Recognition for achievement and entertainment are the primary objectives of the 1952 Texas 4-H Roundup. The 1,800 4-H club members, local adult leaders and extension agents who are expected to attend will find all planned programs and activities aimed at achieving the two objectives.

According to A. H. Walker, chairman of the Roundup program, the first planned activities are scheduled for Monday afternoon, June 9 and include visits to spots of interest on the campus of Texas A. & M. College. The Monday night program will feature an outdoor party for all 4-H members at the "Grove" and at the same time Chancellor and Mrs. Gibb Gilchrist will honor all 4-H leaders with a reception at their home on the A. & M. Campus.

Tuesday is the big day. Sixteen judging and demonstration contests will be held to pick the state winners in as many different 4-H fields of work. The delegates to the Roundup and the leaders will participate in the program which formally opens the 1952 state meeting and they will hear Dr. G. C. Baker, Jr., chaplain. Southern Methodist University, discuss "Tomorrow's Honors." Periods devoted to group discussions and recreation for the 4-H delegates will follow the general meeting while the 4-H leaders will confer on "How to be a Better 4-H Leader."

The afternoon session will feature Captain Don Lawrence, Department of Public Safety, with a special program on firearms. Beginning at 2 p. m., a tour of the A. & M. College Campus and the new agricultural facilities will be made. A tea honoring all 4-H members who have won state and national awards is scheduled for 4:30 p. m., Social Room, Memorial Student Center.

The winners, teams and individuals, will be presented in a series of meetings to be held in the MSC between 6 and 7 p. m.

The State 4-H Recognition Banquet is scheduled for 7:30 p. m. The Sears-Roebuck Foundation is sponsoring the banquet and the state winners and local leaders will share the spotlight. An outstanding entertainment program has been arranged by Mr. C. T. Johnson, southwestern area director for the Foundation.

The Roundup will be officially over after breakfast on June 11.

June has been designated as Dairy Month. Dairymen are encouraged to support their state ADA program and to study their operations for possible changes that will make their operations more efficient.
