NUMBER 11

Close Race In Softball League

A close race in the Lockney Softball League continued this week with Providence maintaining a slight lead over the Fire Department and the "whizz kids" from Lone Star not far behind.

South Plains gained more than any other team of the league during the past week, winning two and losing none to jump from sixth place to fourth place with an even 500 percentage.

Providence dropped their first game in league play to the South Plains boys Tuesday night by a score of 9 to 3. Wilson was pitcher for the South Plains team and held the Providence team to a few scattered hits while his team mates were hitting Goodwin, the

TO FORFEIT GAMES

Managers of the various teams in the Lockney Softball League voted in a called meeting Wednesday night to ask Providence to drop from their roster their star pitcher, Goodwin and to forfeit all games he had participated in since the group considered him ineligible to play in this league. He lives at Floydada, it was reported and the managers had adopted a rule at the first of the season allowing only players who live in this territory to participate. The Providence team was using the player through a misinterpretation of this rule, it was said.

Providence fireball ace, rather freely. The Lone Star kids almost hung a defeat on the league leading Providence team last Friday night. The score was tied 2-2 going into the eighth inning when Providence scored in the bottom half to win the game 3-2.

Other game results the past week were:

Last Thursday night the Fire Department defeated Lone Star 7 to 6 and South Plains defeated the Lockney Legion 10 to 8.

On Friday night Providence slipped by Lone Star as told above and the second game, between the Fire Department and the First Baptists, was postponed on account of the weather.

On Tuesday night of this week, South Plains hung a defeat on the Providence club and Lone Star defeated the Lockney Legion team 6 to 4.

Team	W	L	Pct.
Providence	7	1	.875
Fire Dept.	5	1	.833
Lone Star	5	3	.625
South Plains	4	4	.500
First Baptists	2	4	.333
Lockney Legion	2	6	.250
Aiken	0	6	.000

Schedule this week:

Thursday, June 26: Fire Boys vs. Aiken, South Plains vs. Lone Star.

Friday night, June 27: Lockney Legion vs. First Baptists, Providence vs. Aiken.

Tuesday night, July 1: South Plains vs. Fire Boys, Lockney Legion vs. Providence.

Stanley Conner On Baylor Honor Roll

Stanley Conner, son of Mr. and Mrs. J. R. Conner of Liberty and a graduate of Lockney High School, was named on the dean's list of honor students at Baylor University, Waco, for the spring semester of 1952. A total of 103 students were on the list.

The list was composed of students who had maintained an "A" average during the period.

Six County Singing Convention Sunday

The Six County singing convention will be held at Plainview High School auditorium Sunday, June 29th, starting at 10:00 a. m. and continuing all day.

The all Indian quartet from Lawton, Oklahoma, and the Stamps Baxter field quartet will be in Plainview with other outstanding quartets.

All singers and listeners are invited to be present.

B. R. Bassel from Plainview is president and C. M. Lyles from Floydada is vice-president.

Water Consumption Here Record High

Probably a record high for water consumption in the City of Lockney was reached this week when local residents consumed around 500,000 gallons of water per day, or about 300 gallons for every man, woman and child in the city.

Water Superintendent Harmon Mills said that the city had plenty of water, however, and barring any trouble, would have no difficulty in furnishing customers all the water they wanted.

The local water system has an automatic pump which starts when the level in the storage tanks reach a certain mark. The pump usually pumps 12 to 14 hours per day, sometimes pumping several hours in a stretch without gaining any in the level of the tank. The city has two wells, one capable of pumping 800 gallons per minute and the other producing close to 400 gallons per minute.

Masonic Officers To Be Installed

New officers of Lockney Lodge No. 867, A. F. & A. M. will be installed in a special meeting Saturday evening of this week, according to announcement by H. E. Frizzell, retiring worshipful master.

The meeting will begin at 7:30 with a feed and the installation will follow. Officers to be installed are:

Rhea Mitchell, worshipful master; Kenneth Cook, senior warden; Harmon Handley, junior warden; Jim Bert Bobbitt, senior deacon; Glen Mitchell, junior deacon; Ed Carter, secretary; Hugh Counts, treasurer; Bob Miller, senior steward; Ben Wood, junior steward; H. E. Frizzell, tiler.

Charlie Boedeker will be the installing officer and G. D. Russell, installing marshal. All members are urged to attend the meeting.

Baby Buried Here Monday Afternoon

Etoyle Carol Rason, 5 weeks old daughter of Mr. and Mrs. C. A. Rason, was buried here Monday afternoon after funeral services at Carter Funeral Chapel, Rev. J. R. Naylor, local Baptist pastor, conducted services for the infant at 2:30 p. m.

The baby had never been well since birth it was reported. The family lives on the George West farm, east of Lockney.

Survivors include the parents, two brothers, one sister, and the grandparents.

Methodist Pastor Given New Car

Rev. Charles Y. Pickens, pastor of the Methodist Churches at Aiken and Sterley was presented with a new DeLuxe bioge colored 2-door Chevrolet Monday of this week by members of the two churches. The car was purchased through the Lockney Auto Co.

Rev. Pickens has been pastor of the two churches for two years.

Rev. and Mrs. Pickens appreciated the gift very much, it was reported. This was the first time a church had ever given him such a gift.

Mrs. E. M. Lawson Hurt In Fall

Mrs. E. M. Lawson is in the Lockney General Hospital where she is recuperating from injuries received in a fall at Kit Carson cave, near Gallup, N. M., last Thursday. Mrs. Lawson, Mr. Lawson, their son, Reed Lawson and family were on a vacation trip and were leaving the cave when she fell against a stone wall, breaking three vertebra in her back and her right shoulder. She was treated in a hospital at Gallup until Saturday when she and Mr. Lawson flew here by plane. She is recuperating satisfactorily, according to her daughter, Mrs. Henry Rowell.

'Old Tack' Is Dead!

"Old Tack," known more formally as Gene Howe, is dead. He took his own life with a gun early Wednesday morning on a lonely road out of Amarillo, it was reported. He had been brooding over ill health for some time, associates said. He was one of the outstanding newspaper men of the nation. The profession has lost one of its leaders.

Candidate Speaking At Lone Star Mon.

A candidate speaking will be held at the Lone Star school house Monday night of next week, June 30. The affair is being sponsored by the Lone Star Home Demonstration Club and the Lone Star softball team.

The Lone Star folks will present a short program and the candidates will be given opportunity to speak later. The program will begin at 8 o'clock.

Sandwiches, pie and drinks will be offered for sale and everyone is invited to attend, reports from the community said.

Rotary Officers Attend Assembly

President-elect Claude Brown and Secretary-elect Arthur Barker Jr. of the Lockney Rotary Club spent Monday in Canyon where they attended the annual Rotary district assembly. Purpose of the meeting was to instruct officers of all clubs in the 183rd Rotary district in their duties.

District-governor-elect Alton B. Chapman of Floydada was in charge of the day's program. More than 100 Rotarians were present and every Rotary club in the district, comprising most of the Panhandle and South Plains was represented with the exception of two.

The group witnessed the installation of the officers of the Canyon Club at the noon luncheon. The meetings were held in the West Texas State College cafeteria.

Commencement For Vacation Bible School Friday

Commencement exercises for the Daily Vacation Bible School at the Assembly of God here will be held at the church Friday evening at 8:30. It was announced this week by Rev. E. R. Greer, pastor.

The church is this week completing a two-weeks vacation Bible school with a good enrollment and much work accomplished, Rev. Greer said.

Everyone is invited to attend the commencement Friday evening and see the work done by the students as well as enjoy the program of the evening, Rev. Greer said.

Report More Oil At Floyd Wildcat

A drillstem test was reported, unofficially, to have been taken at the Standard Oil Co., Texas No. 1 Minnie Adams, southern Floyd County wildcat.

The test was said to have been taken from 7,680-7,705 feet. At the end of 3 hours yield was 150 feet of free oil. No water was recovered. It was indicated that operators were drilling deeper.

Coring deeper in search of more pay in the Cisco lime was slated Monday.

Operator started deepening operations after flow died on an 18 1/2-hour drillstem test of open hole from 7,602 to 7,680 feet. The well had flowed by heads, for five hours during the test, with production ranging from 13 barrels down to one-half barrel of oil hourly. Recovery was 7,500 feet of oil, with no water.

Officials of Standard Oil Co. of Texas announced last week that no more reports will be given on the No. 1 Minnie Adams, until the south-central Floyd County discovery is completed.

When casing was pulled after a drillstem test from 7,602-7,680 feet, 7,500 feet of oil with no water was found in the pipe. The 18 1/2-hour test previously had flowed 37 barrels of free oil during a 5-hour period, after which the flow ceased.

Flowing pressure ranged from 575 to 2,375 pounds and shut-in bottom-hole pressure was 2,525 pounds in 30 minutes.

The prospector is 1,980 feet from west and 700 feet from north lines of Section 32, P. D. Adams Survey, 8 miles southeast of Floydada.

Mrs. Howell's Father Dies Suddenly

John A. Meekma, father of Mrs. Horton Howell of Sterley, died suddenly Tuesday morning in the Amherst hospital. Mr. Meekma had recently undergone surgery and was believed to be recuperating when death came as a result of a blood clot, it was reported here.

Funeral services were held Wednesday at 2 p. m. at the Valleyview Baptist Church in Lamb County. Burial will be in the Olton cemetery. Rev. G. C. Applewhite of Lone Star assisted Rev. T. J. Dobson of Plainview in conducting the services.

Mr. Meekma was born December 22, 1882. He moved to Olton 49 years ago.

Survivors include his wife, six children, Mrs. Howell of Sterley, Archie Meekma of Bryan, Mrs. Florence Cancro of Hyattsville, Md., Mrs. Glenna Mae Fanning, Patty Ray Meekma and John Doyle Meekma, all of Olton.

ATTEND FUNERAL

Alvin Nichols and daughter, Mrs. Glen Whitfill returned from Fort Worth Sunday where they attended funeral services for his uncle, M. C. Griffin of Aledo, Texas. Mr. Griffin was 88 years of age.

Brothers In Service

A 2-c DWAYNE McLEOD, also a son of Mr. and Mrs. F. R. McLeod, is stationed at Brooks Army Air Base, San Antonio. He is a file clerk.

A 3-c BOBBY D. McLEOD, son of Mr. and Mrs. F. R. McLeod, is stationed at Sault Ste-Marie, Michigan with the Army Air Force. Bobby has been trained a control-tower operator.

GO TO CHURCH SUNDAY.

John Kendall Killed By Lightning Wednesday

Rotary Officers To Be Installed Friday Noon

New officers of the Lockney Rotary Club will be installed at the noon luncheon program Friday of this week. G. M. Brunner, past-president of the local club, will be the installing officer and will present the Rotary Inauguration program.

Officers to be installed will be Claude Brown, president; Joe Parrish, vice-president; Arthur Barker Jr., secretary; O. C. Bailey, Harve Pennington, C. L. Record, and J. E. Cox, directors.

Rotary's fiscal year starts July 1.

B&PW Officers Installed Tues.

New officers of the Lockney Business & Professional Women's Club were installed in ceremonies Tuesday evening of this week at the home of Mrs. Ellen Wiley. Mrs. Estelle Powers was co-hostess for the occasion.

Installing officer was Mrs. Margaret Fletcher of Amarillo, past district director. Officers installed were Mrs. Ada Bailey, president; Mrs. Birda Foster, first vice-president; Mrs. Estelle Powers, second vice-president; Mrs. LaVerne Brunner, third vice-president; Mrs. Wanda Baker, secretary and Mrs. June Bybee, treasurer. An impressive flower ceremony was used.

Following the installation Mrs. Ruby Travis of Dumas, district director, gave an inspiring talk on "The Emblem."

Mrs. Clote Phillips, outgoing president of the Dumas club was a guest at the meeting.

The Lockney Club voted to give \$50 to the City Park fund and accepted one new member.

Members present were Mrs. Ada Bailey, Wanda Baker, June Bybee, Frances O'Hearn, Tangy Hargis, Rita Webster, Birda Foster, Bettye Knox, Marie Embree, Miss Lella Petty and the hostesses.

Revival Begins At Revival Tabernacle

A revival meeting will begin at Revival Tabernacle Church Sunday, it was announced this week. Rev. L. D. Fuller of Nederland, Texas, will come here as the evangelist and Rev. and Mrs. J. H. Fowler of Edcouch, Texas, will be here working also. Services will be held each evening at 8:15.

Formal dedication of the Revival Tabernacle building to the Lord will be held Sunday afternoon at 2:30. Ministers from different parts of the country will be present for the service.

"Brother Fuller is coming in power and demonstration of the Spirit," Mr. and Mrs. Troy Ray said in announcing the meeting. "He will have a message of restoration, a message glorifying Jesus Christ, the head of all things pertaining to the church. All are invited to come and be with us in these services.

"We of Revival Tabernacle wish to take this opportunity to express our appreciation for all the encouraging words that have been spoken. They have been a blessing and help to us. We also wish to thank the business firms and individuals in the town who have given free will offerings to this work of the Lord, Jesus said, 'In as much as ye have done it unto the least of these my brethren, ye have done it unto me.' We pray that the Lord will bless you and yours and restore unto you fourfold," they concluded.

Visitors this week in the home of Mr. and Mrs. Pont Darnell were her mother, Mrs. W. M. Collins and her sister, Mrs. Leslie Gilbert, both of Amarillo.

Lightning struck and killed John Kendall, 1952 graduate of Lockney High School, late Wednesday afternoon on the Hershoff Carthel farm, 4 miles north of Lockney. The tragedy happened about 7 o'clock. He was the son of W. R. Kendall of Lockney and was a popular and high ranking member of his class. He was 18 years old.

John had been working for Mr. Carthel for some time and was driving a tractor cultivating cotton. Mr. Carthel was also on a tractor in the same field and noticed that John's tractor had stalled after a light shower. He drove his pickup down to the tractor and found John. He picked him up and rushed him to the Lockney General Hospital but he was pronounced dead upon arrival. It is believed that he was killed instantly. A singed place in his hair indicated that the bolt had struck him on the head.

Funeral services were pending late Wednesday night but will probably be held Friday. The body is at Carter Funeral Home.

John was an outstanding student during his high school days here. He held the highest scholastic average in his class the past year and was named to Who's Who by the local faculty. He was an outstanding basketball player, being named on the all-district team this year and was recently awarded a basketball scholarship to Texas Tech, his classmates reported. He was also a member of the football team alternating at quarterback the past year. He was a member of the track team, of the FFA chapter and of the Honor Society. He was voted the senior "most likely to succeed" at the Junior-Senior banquet this year.

John was born in Lockney on May 27, 1934. The family had lived at Abilene and Amarillo before moving back here about 18 months ago.

Survivors include his father and stepmother of Lockney, one sister, Mrs. Floyd Saddler of Odessa, one brother, Bill Kendall of Abilene, and his grandmother, Mrs. J. W. Weak of Claude. His own mother died when he was six months old.

Hank Decker Quits As Abernathy Pilot

Abernathy, — Hank Decker, former West Texas State College star cager, recently resigned his position as head basketball coach at Abernathy High School.

Decker has been at Abernathy as a coach and teacher since Dec. 7, 1950. His basketball team won the district championship last season, but was defeated in the regional playoffs. Decker, since 1951, also served as track coach.

H. D. Club Meeting Postponed Week

The Lockney Home Demonstration Club, scheduled to meet Thursday of this week, has postponed their meeting and will meet Thursday of next week, July 3, it was announced Wednesday.

Soil Conservation News

The Floyd County wheat harvest is coming to a close. Most farmers will be plowing their wheat land soon.

According to W. F. Ferguson, Chairman of the Board of Supervisors of the Floyd County Soil Conservation District, some few farmers may be wanting to burn their wheat stubble to get rid of it. This is a poor practice and the few farmers who do it should weigh the advantages of returning their residue to the soil against the convenience in plowing.

The organic matter on the surface of the soil serves as a barrier to soil removal by the forces of water or wind. The residue makes the soil hold more water per foot depth, and also aids in preventing crusting and topsoil deterioration. It also cuts down the rate of evaporation, serves as protective cover against extreme temperature and keeps the soil open for free movement of air and water.

These advantages gained will more than offset any trouble that it may cause in plowing and cultivating. Farm machinery has been improved and developed that permits the widespread use of residue.

Under irrigation, some few farmers may want to burn their wheat stubble in order to make double cropping easier. Soil fertility goes down rather fast under irrigation with single cropping. Usually the crop yields that follow double cropping are much smaller and the profit is less.

More profit can be made by making bigger yields from single cropping. When soils are low in organic matter, their porosity is poor and much of the water that should go into the land drains off. Soils that are low in organic matter do not have the capacity for holding available moisture, and crops will suffer in dry years. Crop residues, properly managed, will not only help hold the soil in place, but will increase the penetration of the moisture.

Without a protective cover of vegetation, either dead litter or growing crops, the wind takes its toll of productive soil. Even the wheat stubble will blow if permitted to become depleted in organic matter, and are left bare of a protective cover. The most fertile part of soil is organic matter and fine particles. This is what is blowing away, and the infertile sand is left behind.

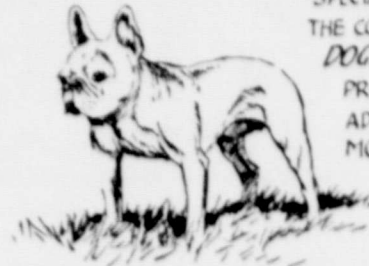

The time to prepare against erosion is during the growing season, preceding the blow season and heavy rains. It takes very little effort each year to keep the soil built up, as the crop is taken off, but if it is allowed to become depleted in organic matter it takes a period of several years to restore this essential content. Under the best management of continuous cropping, there is a slight loss of organic matter.

Wheat stubble left on or near the surface is recommended by the Chairman of the Board of Supervisors of the Floyd County District as the best measure against all types of erosion, as well as for maintaining soil fertility.

Mr. and Mrs. Danver R. Johnson, Douglas and Lanigh from Marquette, Kansas are here visiting Rev. and Mrs. J. R. Naylor and family.

Sermonettes From Revival Tabernacle

In the world today there are scribes that are teaching that miracles have ceased. But we know that this miracle working power is what made Jesus different from other men. Jesus said in Matt. 16:24 "If any man will come after me, let him deny himself, and take up his cross, and follow me." Jesus said, John 14:12 "He that believeth on me, the works that I do shall he do also, and greater works than these shall he do; because I go unto my Father."

There are scribes that are teaching that Christ died for so that he might give unto men in Eph. 4:11, namely, apostles, prophets, evangelists, pastors, teachers, are not for us today, and the nine gifts of the Spirit in 1 Cor. 12:8-10 (namely, Word of Wisdom, Word of Knowledge, Faith, Healing, Miracles, Prophecy, Discerning of Spirits, Divers kind of Tongues, and Interpretation of Tongues) are not for us today.

The gift of divers kind of tongues and the gifts of healing are the most criticized gifts of the Spirit that are in operation in the world today. Some teach that prophecies, tongues, and knowledge have ceased, but this is not so. Tongues are languages and they have not ceased; knowledge is on the increase; and prophecies certainly are not done away until the coming of the Lord. Suppose we say for just a moment that these three gifts have ceased. In 1 Cor. 13:13 "And now abideth faith, hope, and charity; but the greatest of these is charity." Heb. 11:6 "Without faith it is impossible to please him; The leper was cleansed by faith Luke 17:19. The blind man received his sight by faith Lk. 19:42. Faith saved the woman in Simon's house Lk. 7:50. By faith Peter walked on water because when he started to sink Jesus said Matt. 14:31 "O thou of little faith, wherefore didst thou doubt?" Rom. 1:17 "The just shall live by faith." Therefore if faith is gone we shall all be lost. While on the other hand if faith is still here (in the world) then faith healing is still here.

All that you need for body and soul can be found through

faith in Christ Jesus. "For my God shall supply all your need according to his riches in glory by Christ Jesus". Phil. 4:19. So our prayer at Revival Tabernacle is "O God, may thy people be freed from the doctrine of the scribes and pharisees and accept and believe thy word."

We would like to ask all born-again Christians to join with us to pray for Gordon Darrell McAda that God will loose him from this terrible disease of arthritis. We would ask you to pray with the compassion that you will if

WHEN YOU TRY POWER STEERING... HERE'S WHERE TO COME FOR IT

You've heard about it and read about it. Now, if you haven't felt what Power Steering does for you, we invite you to try it first in a Chrysler New Yorker . . . where you will find full-time (not partial) Power Steering!

What happens is this . . . You handle the steering wheel in normal fashion. But 4/5 of all the work is done for you by hydraulic power, constantly at your command. Also, you turn the wheel 1/3 less distance now for every maneuver . . . the feeling you get of utter control is as wonderful as it is new.

Even at a standstill you can turn the wheel easily. Now, parking is shorn of its troubles (and fatigue!) . . . and you can negotiate traffic, awkward drives, and garage doors precisely and with ease.

You can double the longest day's drive you've

ever known . . . end up free from shoulder strain. Rough roads, soft snow, mud? . . . the power that steers now prevents the car's "steering back" at you. The course held, at any speed, till you want to turn. Yet, with this 5-times greater control, your feet is always the same.

Why not come try it? Learn the growing thousands of motorists never be without Full-time Power Steering from now on. Drive a Chrysler . . . the Difference!

Mr. and Mrs. Hilburn Casey, Bobbye Lu, Jontha Lee and Donice, Mr. and Mrs. C. H. Rose, Mr. and Mrs. C. L. Record and Donna Lynn, and Mrs. W. L. Thomas Sr. attended a family reunion Saturday at Odessa of the Casey family honoring Mrs. G. C. Fair- ey.

Mrs. Lucille Fairman from Goldthwaite spent this week visit- ing Mr. and Mrs. Mark Fair- man and Mr. and Mrs. Fred Mc- Kenzie and Kim.

LETTERS TO THE EDITOR

Del Rio, Texas Box 802 June 18, 1952

Dear Mr. Hays: Enclosed find check for \$5.00 (five dollars) for which please renew our subscription to the Lockney Beacon for 2 years. We really enjoy the Beacon as it keeps us in touch with the people there, however, we have not re- ceived it too regularly since we moved to Del Rio, so please check the address.

We like Del Rio. The town is quite old. The people are very nice and friendly. In fact we have never been more royally welcomed anywhere than here. It seems they have gone all out to make us feel at home. We have a nice place to live. The town is in the midst of a build- ing spree now. The housing situa- tion here like every where else is very inadequate to meet the demands of the people com- ing in. We were fortunate to find what we have. Edwin was among the first of the employees of Barfield Construction Co. to come down and found this place and rented it even tho the boys and I didn't move down for six weeks.

We have had some very hot weather. Two days this week the temperature reached 102 degrees. This is the HOTTEST HOT place I ever hope to see. Most everyone has air conditioning, as yet we don't have. We live right up on top of a little hill and if there is any breeze at all we get the benefit of it.

They tell us there are several nice places to go fishing but as we are not a family of fisher- men we haven't been. However, we have seen some nice places where people fish, also picnic places. We enjoy just riding as there are several places of inter- est around. Perhaps you already know that the highest railroad bridge in the world is right here near Del Rio. While mother and Myers were here last week we drove out there and we crossed the Pecos river canyon crossing. From this crossing you can see where the Pecos river empties into the Rio Grande river. Really I guess it is 40 or 45 miles out but you know down here the cit- ies are so far apart. We have driven out to the old landmark known as Judge Roy Beans of- fice known as Law west of the

Warns Politicians

DR. LOUIS H. BAUER of Hempstead, New York, new President of the American Medical Association, who this week urged both major political parties to write platforms which "disavow all threats to our Constitutional independence and liberty."

CHICAGO—Warning both the Re- publican and Democratic Parties that the eyes of the world will be upon them during their July con- ventions in Chicago, the new Presi- dent of the American Medical Asso- ciation Tuesday fearlessly met of integrity who will be guided by the highest concepts of national welfare and world freedom.

Dr. Louis H. Bauer of Hempstead, New York, in his inaugural address delivered here at the 101st Annual Session of the AMA, declared that "a candidate who emerges from a smoke-filled room will be the candi- date of defeat."

The People Watch The two major political parties and their leaders have the task of giving the American people a Government that serves rather than a Government that dominates. Dr. Bauer said. Then, addressing his re- marks to the July convention dele- gates, he added: "You will not be alone in the con- vention hall. In these days of na- tionwide radio and television you will have millions of Americans watching you, testing your sincer- ity, weighing your judgment, ana- lyzing your motives."

Pecos. The original building is still standing. The Highway Dept. has taken it over and are maintaining it just as a "Curio." I guess. There is nothing there to see but the old building and a few pictures and some old relics that belonged to Judge Bean, quite interesting. That is about a 60 mile drive from here.

And of course we have been over to La Ciudad Cilla Acuna, Mexico. We are only 2 miles from there. It is quite a little city with its horse drawn taxis. We

went to a Bull fight. We saw this Pat McCormick, the girl from Big Spring. I believe she is, fight. Edwin and the boys liked it but I can't say that I did. This girl is to fight again July 4th.

Well, Mr. Hays I didn't mean to ramble on for so long, but we are enjoying our stay here so much that I just like to pass on to you some of the things we are able to enjoy here. This "moving around" has been and will be quite an experience for us as neither Edwin or I have ever travelled very much. I was born and reared in Floyd Co. and was hardly ever out of the coun-

ty! Ha! There are so many things in Texas to see. One doesn't real- ize it until you get to sort of wandering around. We hope that our wanderings will not stop from here. Of course, we have been to San Antonio to the Breckenridge Park and Zoo and of course we didn't get out of there until Mack and Mike be- gan fussing to go back. We left like the colored man who went in just ahead of us. You see the admission is 25 cents a person. The first we saw were these beautiful birds in all their beau- tiful colors of pink, blue and greens and especially the flam-

ingos. This colored man turned to his wife and said "I've al- ready seen" a quarters worth."

One more thing. The Chamber of Commerce has taken over the city pool and are giving free instructions in swimming to all who wish to take part. Mack and Mike are taking the course. Now I'm closing.

Sincerely, Mrs. Edwin S. Johnson.

Mr. and Mrs. C. Louderback returned last Wednesday from Indiana where they saw the In- dianapolis speed races.

MY PREACHER

"I owe him enough of my time to help in his work whenever he may need me. I owe him trust that he may be free to serve the church unhampered by criticism and fault-finding. I owe him respect as the ambassador of God, sent to teach me a better way of living than the selfish sordid existence I might be guilty of but for his guidance. I owe him prayer that God may make his services a blessing to everyone with whom he comes in contact."

I got Conoco's NEW 1-2-3 "50,000 Miles No Wear" Service!

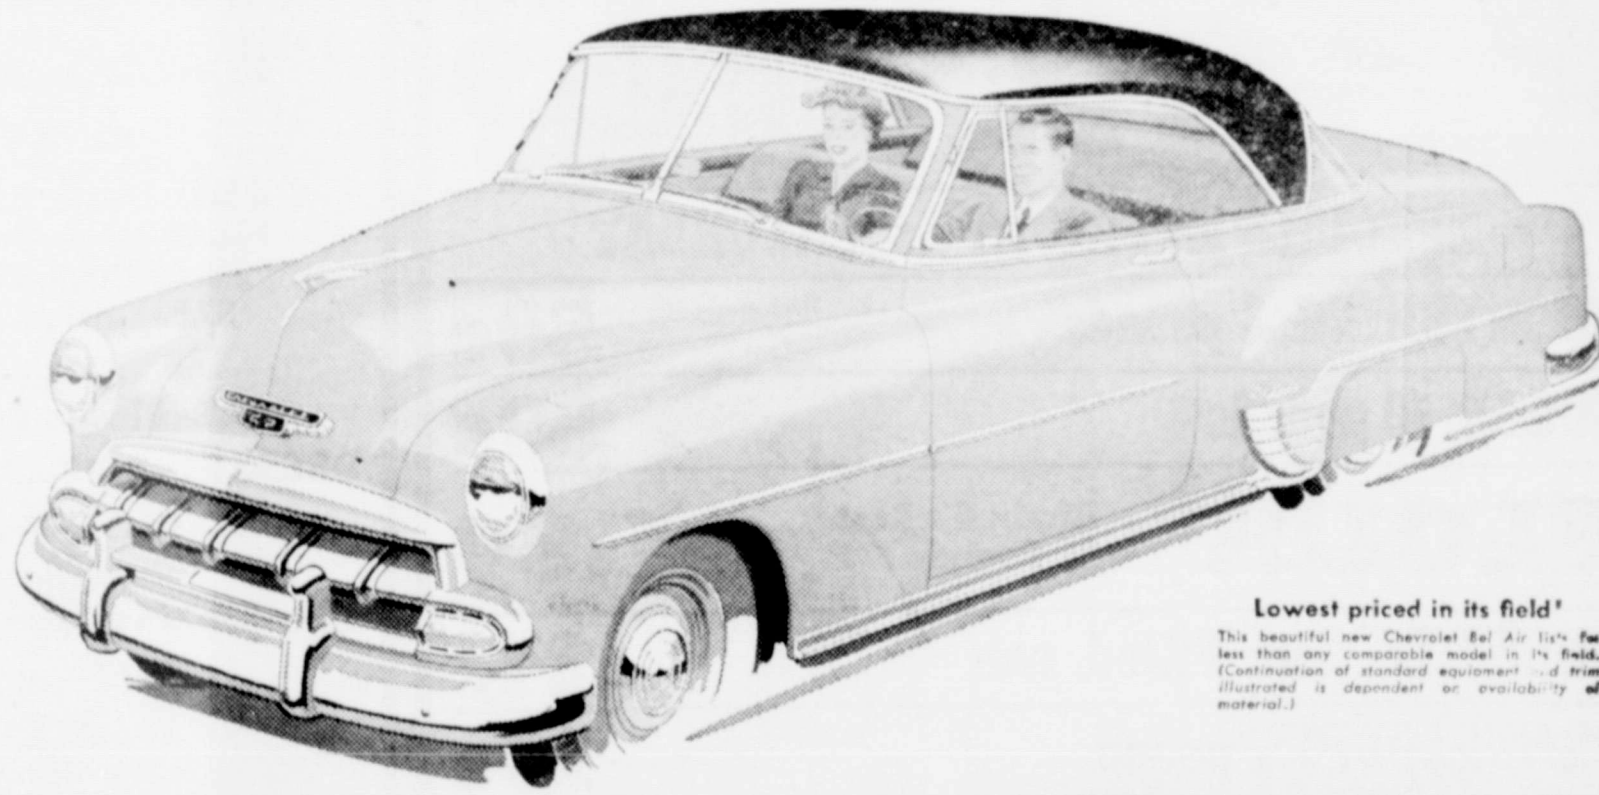

Drive to your nearest Conoco Mileage Merchant and ask for Conoco's great new "50,000 Miles—No Wear" Service—a service that helps your engine stay like new year after year, perform better, use less gasoline and oil! It's exactly the same service that kept test cars near in Conoco's spectacular "50,000 Miles—No Wear" road test! In that famous 50,000-mile test, with 1,000-mile drains and proper filter service, test car engines showed no wear of any consequence—in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000. Now you can get this same 1-2-3 "50,000 Miles—No Wear" Service, at your Conoco Mileage Merchant's, today!

Get the Famous "50,000 Miles—No Wear" Service!

Illustrations showing car maintenance steps: 1. He'll Recondition Air and Oil Filters! 2. He'll clean filter elements, replace dirty cartridges, record mileage. 3. He'll check mileage to be sure filters have been serviced at proper intervals. 4. He'll refill with great Conoco Super Motor Oil! Conoco Super is fortified with additives that curb dangerous accumulation of dirt and contamination — protect metal surfaces from corrosive combustion acids—fight rust—OIL-PLATE against wear.

Grace Muncy Weds Floydada Boy

Miss Grace Muncy and Lieutenant Bernie B. Parkey were married in Roswell, New Mexico, on Monday afternoon, June 9, at 4 o'clock, with the Rev. A. A. DuLaney, pastor of the First Baptist Church officiating.

The bride chose for her wedding, a rose, brown faille and lace afternoon dress with navy accessories.

After a short trip Lieut. and Mrs. Parkey are at home at 324 West Missouri street, Floydada, until the middle of July, when he will report on the West Coast to embark for Korea.

The bride is the youngest daughter of Mr. and Mrs. Edd Muncy. She was graduated from Floydada High School with the class of 1950 and for the past two years has been a student at Baylor University, Waco. Lieutenant Parkey is the son of Mr. and Mrs. D. J. Parkey of the Harmony community and was graduated from Petersburg High School in 1947. He graduated from A. and M. College in June 1951, and entered the United States Army in October 1951. He has been stationed at the San Marcos Air Force base.

Mrs. Parkey will remain in Floydada and make her home with her parents while her husband is overseas.

Pollyanna Club Met Tuesday

The Pollyanna Club met Tuesday afternoon in the home of Mrs. Pont Darnell. The time was spent in sewing.

Refreshments were served to 10 members: Mmes. Joe Parrish, Barney Manning, Albert Waldroupe, Charlie Smith, Charlie Cross, Lester Carter, Warren Embree, Derrell Wood, Olan Thornton, and the guest was Mrs. Melvin Ray of Littlefield.

The next meeting will be Tuesday afternoon at 3 o'clock July 8, at the home of Mrs. Warren Embree.

Mrs. Marvin Ray of Littlefield is spending a few days with her sister, Mrs. Charlie Cross.

Carolyn Haithcock Weds Floydada Man

Carolyn Merle Haithcock and William Ronald Hale exchanged wedding vows at 8 o'clock Saturday evening in rites performed by Rev. A. L. Shaw of Happy in the First Baptist Church of Plainview. Soft burning candles against an abundance of greenery formed the altar decorations for the double-ring ceremony.

Parents of the couple are Mrs. Willie Merle Haithcock of Plainview, and Mr. and Mrs. Walton P. Hale of Floydada. The bride is a Plainview High School graduate and received her Bachelor of Arts degree in Journalism from Texas Tech this spring. The bridegroom, a staff sergeant in the Air Force stationed at Sheppard Field, Wichita Falls, graduated from Floydada High School and attended Texas Tech prior to entering the service.

Organist, Mrs. Charles Dean, played "One Alone," Romberg; "Nocturne in E Flat," Chopin; "Liebestraum," Liszt; and "Ave Maria," Schubert; as the nuptial prelude. During the ceremony "Traumerai" by Schumann was offered. Selections of the soloist, Sam Allen, were "O Promise Me," DeKoven, and "Yours Is My Heart Alone" by Lehár.

The father of the groom, Walton Hale, was best man. Ushers included John Calvin Carter, Plainview; Sam Andrew Hale and Robert McGuire, Floydada; and Kelly Hagood, Dumas.

Mrs. John C. Carter served the bride as matron of honor and bridesmaids were Clevanne McGhee, Mary Ruth Shannon, Rosemary Bloodworth, Matador; and Mrs. Bill Lewis Yoes, Tatum, New Mexico.

The bride, who ascended the altar on the arm of her uncle, Duncan Trapp of Tulsa, Oklahoma, wore a dress of white nylon tulle over bridal satin fashioned with a basque bodice tiny satin covered buttons. Chantilly type lace studded with rhinestones outlined the off shoulder effect and covered the short sleeves. The bouffant skirt was appliqued with a band of Chantilly lace that extended from the front hemline over the hip-

line and the full length of the chapel train. Her fingertip veil of illusion fell from a sheer bonnet of starched lace. She wore mitts of tulle over satin and carried her Rainbow Bible topped with a white orchid.

In carrying out the traditionals the bride wore her great grandmother's wedding ring, something borrowed and old. For good luck, she had a six pence in her wedding shoe.

The feminine attendants were identically clad in gowns of pink organdy designed with low necklines, puffed sleeves and bouffant ballerina length skirts that had rows of embroidery and scalloped work at the hemline. The skirts were tied at the waist with pink taffeta sashes.

The headdresses were halos of pink velvet flowers dotted with rhinestones. Their mitts were of pink pleated organdy and they carried colonial bouquets of pink roses tied with maline.

Following the ceremony, the couple was feted at a bridal reception in the parlor of the First Baptist Church. In the receiving line with the pair were the bride's mother, the bridegroom's parents and the attendants.

The bride's cake was a double heart, trimmed with pink roses.

Mrs. C. Alvin White of Lubbock, cousin of the bride, cut the cake and Mrs. J. Oliver Bier poured. They were assisted by Mrs. R. L. Haines, sister of the groom and Mrs. Duncan Trapp, the bride's aunt. Others in the house party were Mesdames Cleve McGhee, R. Jones Goode, A. S. Line, J. B. Kidd, W. L. Kidd, Lee Nowlin, C. L. Craig, who registered the guests, Misses Mary Jo Craig, Wanda Bloys, Peggy Carter of Tahoka, and Luan Carter, Pernica Lou Sharp furnished music during the reception.

The mother of the bride wore a navy blue dress with a corsage of pink gladiolas and pink accessories. The bridegroom's mother had a cornflower blue crepe dress with a white gladiola corsage and white accessories.

When the newly weds departed on their honeymoon trip to Monterrey, Mexico, the bride wore a pink silk shantung taffeta dress with a matching spencer jacket. Her costume was accented with pink and white accessories and a white orchid corsage.

The couple will make their home in Wichita Falls where the bridegroom is stationed at Sheppard Field upon their return

Mrs. Sid Thomas Jr. Honored At Tea

Mrs. Sid Thomas Jr. was complimented Friday afternoon with a bridal tea in the educational department of the First Baptist Church. The serving table was covered with lace and centered with an arrangement of candleabra nested in babybreath and sweetpea. Jontha Lee Casey and Mrs. Mae Howard served and Bobby Lu Casey played soft

music. Hostesses for the occasion were Mmes. Buck Kellison, Marvin Cox, Horton Howell, Georgia Hamst, Edgar Hays, Leslie Ferguson, Fay Pinner, E. A. McGee, A. D. Schaffner, Earl Cooper, Hilburn Casey, Ben McGhee, Harmon Handley, Bert Vernon, Henry Hodel, Luther Rhine, Frank Brown, Dee Copeland, W. A. Taylor, F. M. Smith, Loyd Readhimer, C. H. Rose and C. L. Record. Misses Audrine

Rhine, Gail Kellison and Bobby Lu Casey. Elizabeth Handley secured names for the guest book. A large number called and sent gifts.

Tommy Camp, student at the University of Texas medical school at Galveston, arrived here this week to spend the summer with his aunt and uncle, Mr. and Mrs. Sid Thomas and his grand-

Mrs. Wayne Green Hostess At Party

Mrs. Wayne Green was hostess at a bridge party in the afternoon. Those who attended were Mrs. Maud P. Vada Webster, Mrs. Estelle Powers, Edna Lucille Hodel, Vera and Mrs. Green. Watch your eyes

If you have cup cakes left over for several days why not slice them in halves, put a scoop of ice cream between the halves and serve with hot fudge sauce. A dessert that children will like and poppa and mamma, too.

An aviator, in World War I, was an ace after he shot down five enemy planes within his own lines.

The fiercest blow that can be struck by an animal is that of a whale's tail.

About a million square miles of Australia is regarded as uninhabitable.

GOOD HEALTH

1. HOW EARLY SHOULD A BABY BE INOCULATED AGAINST DIPHTHERIA?

2. WHAT IS THE HILLSDALE PLAN?

3. WHAT IS AN OTOSCOPE?

Answer to Question No. 1:
1. A baby should be inoculated against diphtheria between the ages of three months and nine months. It is dangerous to wait any longer because the disease is particularly serious in very young children. There were 15,536 cases of diphtheria in 1940. Early figures for 1950 indicate the number of cases has been halved during the ten-year period.

Answer to Question No. 2:
2. Doctors in Hillsdale, Michigan, conduct each physical examination of a patient with the possibility of cancer in mind, since early detection is the primary factor in curing cancer. Thereby every doctor's office becomes a small cancer clinic. This has been accomplished by complete cooperation between citizens and doctors in a joint effort to detect cancer early.

Answer to Question No. 3:
3. An otoscope is an instrument which directs a ray of light into the ears, making it possible to detect abscesses and other disorders.

NINGTON MOTOR CO.

Lockney

South Plains

by Mrs. Murray Julian

Rev. and Mrs. John Allen attended the Young Peoples Camp at the Baptist Encampment on Tuesday and Wednesday of this week. Mrs. Allen's sister, Ariene Hoeksema left by bus for her home in Fort Worth last Friday after spending several months visiting with the Allens at the parsonage. People have been so busy in the harvest fields that W. M. S. was not held on Wednesday and the prayer meeting was cancelled on Wednesday evening.

Corp. Jack Reeves, who is stationed in Washington, D. C., came home Wednesday to visit his parents, Mr. and Mrs. Sim Reeves for several weeks. They have a crew helping in the harvest work at the Reeves' home at present. Jack will not have to report for duty until July 7.

Mr. and Mrs. Ed Davis and children from Hereford came to spend Sunday with Mrs. Davis' parents, Mr. and Mrs. Dock Jones and family.

Mr. and Mrs. Rufus Young and children were supper guests on Sunday at the home of Mr. and Mrs. Grigsby Milton and girls.

Mrs. George Robertson went to Hereford on Tuesday night to stay with her daughter and family for the next ten days. She has a new granddaughter born Wednesday, June 18 in Hereford, and this makes Mr. and Mrs. Robertson's sixth grandchild. Mr. Robertson spent the past week end in Hereford visiting with his wife and the children.

Mr. and Mrs. W. M. Stanforth Jr. and Sara, were callers at the Murray Julian home on Wednesday afternoon.

Mrs. Harvey Pearsey, from Norwalk, California, has been visiting friends and relatives here for the past several days. She

and Mrs. Grigsby Milton and girls Tuesday night. Rev. and Mrs. Guest are brand new grandparents to Robert Earl Hutsell born on June 16. We offer congratulations to them on the birth of their first grandson.

Mr. and Mrs. George Weast, Mr. and Mrs. E. T. Evans and Mr. and Mrs. Fred Fortenberry attended the funeral Monday afternoon at Lockney of the infant Rascor baby, who passed away Saturday, and who was only five weeks old.

Mr. and Mrs. A. P. Sanders and Eulalia were dinner guests and afternoon visitors at the home of Mr. and Mrs. Fred Fortenberry Sunday.

Mr. and Mrs. Bryan Karr and children were Sunday dinner guests and afternoon visitors at the home of Mr. and Mrs. Grigsby Milton and girls.

Mrs. Walter Brown came from Amarillo on Saturday to attend the 96th birthday celebration of her grandmother, Mrs. J. B. Harper in Lockney. She was a visitor at the South Plains church on Sunday and went home with Mr. and Mrs. Murray Julian and boys to spend Sunday with them. On Monday morning Mrs. Brown and Rev. C. A. Joiner drove to Carlsbad, N. M., where they will spend a week visiting Mr. and Mrs. B. F. Harper and family, Mrs. Brown's parents and Rev. Joiner's niece and family.

Little Norma Allen spent the past week end with her aunt and uncle, Rev. and Mrs. John Allen at the parsonage in South Plains, while her parents, Rev. and Mrs. Earl Allen were attending meetings at Brownwood.

A niece, Helen Weaver, from Olney, Texas, and a cousin, Milford Myers from Pennington, Gap, Virginia, have been visiting Mr. and Mrs. Rene Yeary for the past several days.

Sharon Burnett, from San Antonio, arrived Monday noon to spend a week with her cousin, Terry Julian and his parents, Mr. and Mrs. Murray Julian and family. She will go to Pueblo, Colo., on July 1, where she will accompany Mr. and Mrs. Kenneth Burnett on a tour of the western states.

Among those who attended the golden wedding celebration of Rev. and Mrs. Joe Wilson at MacKenzie State Park in Lubbock on Wednesday were Mr. and Mrs. Sim Reeves, Mr. and Mrs. Bill Beedy and Rev. Chas. Joiner.

Mr. and Mrs. Otho Sanders and their children went to Hereford Sunday and spent the day visiting with Mr. and Mrs. O. R. Sanders, brother of Otho Sanders. Richard stayed in Hereford and will work in the harvest which is just getting a good start over there.

Rev. and Mrs. E. C. Guest and small granddaughter were over night guests at the home of Mr.

Good Circulation!

FOR THE FIRST TIME—

HOME UNITS FOR MASSAGE

ARE AVAILABLE TO YOU!

Niagara enables one to improve the necessary CIRCULATION for better health. It helps to relieve aching muscles, soothes ragged nerves, and massages away excess poundage mostly accumulated through lack of proper circulation.

When we consider that many diseases are mainly the result of obstructed and impaired circulation and that fat is formed where circulation is poor, we can easily recognize why a person with good blood and normal circulation is rarely underweight, overweight or feels sluggish.

This penetrating, soothing internal massage received by use of this equipment has proven to give relief to sufferers from Sinus, Arthritis, Rheumatism, and Neurotic Pains, Constipation, Hypertension, Varicose Veins, Paralysis, Asthma, and many other circulatory ailments, by doctors.

Mr. and Mrs. Cloyce Chambers visited Sunday with their son, Gerald Chambers at Texas Tech.

LETTERS TO THE EDITOR

18 June 1952

Dear Mr. Hays: For the past several weeks I have been receiving the "Beacon" and, even though it is three or four weeks late, enjoy it very much. I had written mother to send it to me and she reports that you are sending it gratis. This gesture I appreciate very much, but would be glad to take a regular subscription for the paper.

Japan, and my work, have proven equally enjoyable, and rather than looking forward to the time for my contract to expire, I am going to regret when such time arrives. My work is in the Geographic Branch of G-2, Military Intelligence, and fortunately for me, everything that passes through the office is classified material. I say fortunate because it certainly eliminates explanations of what I do. In fact, it even eliminates "shop talk" after duty hours.

As for Japan, my greatest difficulty is not having sufficient time to go to, and see everything that is of interest. Rather than try to write a synopsis of letters already written, if you are interested, please ask mother if you may read her letters. Actually, I don't know what might be of interest to people in general. If you should have any suggestions on some subject that might prove interesting to the people "back home" I would appreciate very much having such a suggestion. I eliminate politics because I am not interested and the newspapers and radio in the States carry more on the political situation than the local agencies.

Recently I purchased a 35mm camera and have begun a collection of color slides from places I visit here on the islands. After my return to the States there will probably be plenty of opportunities to exhibit them, and I would like very much for you to see the collection. As for souvenirs, I am not collecting a large amount, in fact, very few. The main reason for not making such a collection is that the expense involved is prohibitive for me, and too, I find that souvenirs are primarily dust collectors and serve no practical use.

In the 15 May 1952 edition of the "Beacon" I read with interest the part of the editors column about visual aids and vocational education. Actually, all it would take for the Lockney school system to go forward in progressive education is for some interested person to get behind the idea and push — hard, and promote interest among students, faculty and patrons. Of course the students would be the easier of the three to acquire interest because they could, and would immediately see the advantages

GORGEOUS GOLFER

It's pretty Virginia Mayo, Warner Brothers star, taking time out from the set of "The Iron Mistress" to get in a round on the golf course. Naturally she wears a becoming sports outfit of gray cotton gabardine.

of such progressive types of education.

One disadvantage you mention is the prohibitive cost of such projects to the school system, unless it was done on a statewide basis. Actually it could be started and probably make advances for constructive observation for other schools. As for film to be used in the education program, there are many places where film can be obtained on a loan basis, costing the user only postage for shipment of the film. Films covering a wide range of subjects, both technical and non-technical is a service rendered by the Army. Other organizations which produce film for an educational purpose are big manufacturers such as General Motors, General Electric, International Harvester, Remington Rand; publishers such as Readers Digest, Cornet; films such as Merrill Lynch Pierce Fenner and Beane, brokers, and scores of others. Any of these mentioned will send catalogues of films available on request. There are many places other than the ones mentioned and with a little inquiry, films could be obtained on any subject desired.

Of course visual aids are almost a prerequisite to vocational training. The Army, particularly in Officer's Candidate School, stress the use of visual aids in all courses, particularly those of technical nature. Vocational education workshops, which are the most important part of such training, are usually costly to build or install, however, with a slight amount of ingenuity and a great deal of enthusiasm, any school, even Lockney, could have an outstanding vocational department. You, Mr. Hays, are the one person in Lockney who could promote and or cultivate enthusiasm for such a project.

As for visual aids and possibly vocational training being a detriment to reading ability for students, here again the Army has done more to disprove that idea than any other organization. Many colleges and universities have inaugurated programs, but the Army has much larger and better programs of "Rapid Reading Courses." These courses, I might add, are given entirely by visual aids methods. Even though these courses are given on a voluntary basis, it is astounding the number of GI's and particularly officers who take the courses. At Fort Sill, Okla. where I worked before coming to Japan, the "Rapid Reading Cour-

se" improved the reading speed of some men as much as 30 times. That is to say, they could read 30 pages of material when they finished the course in the same length of time it had taken them to read one page when they began the course. That, my friend, is an improvement.

Well, enough of this. Just interested. Again I wish to thank you for the paper, and for your kindness in sending it to me. Sincerely,

Mr. B. L. Allen

Battle Plan For Polio Outlined

Austin. — A long-range battle plan against rampaging polio was outlined Wednesday by the State Department of Health.

State Health Officer Dr. Geo. W. Cox recommended these eight points of action in combatting the disease which this year is striking harder at Texas than at any other part of the nation:

1. Spot spray insect breeding places after they have been cleaned up and destroyed. Spraying indiscriminately might kill a few insects on the wing, but it won't do the job. It might kill valuable plants and create a false sense of security.
2. Get rid of animal shelters in urban areas. They cannot be kept clean and consequently create a health hazard as fly breeders.
3. Get rid of dump piles, tin cans, old tires and accumulated debris which breed flies and mosquitos and provide harborage for rats.
4. Provide a properly operated sewerage system, and get rid of all surface toilets. Dr. Cox believes surface toilets constitute one of the major health hazards facing Texas.
5. Provide a source of pure water.
6. Protect food supplies in wholesale business houses, retail shops, and in private homes.
7. Make regular inspections of all premises to see that no possibility exists for fly breeding. If you have flies, somebody is maintaining a breeding spot.

8. Garbage should be placed in fly tight garbage cans until time of disposal. Tubs, boxes, lidless garbage cans, etc., are of no value.

He urged each home owner to assume responsibility for keeping his property clean inside and out. This will help protect you and your neighbor. More people have been struck down by polio this year than ever before.

He said it takes months and months to clean up a city, and that it "takes forever to keep it that way." The program must be continuous. "It will take from one to five years to really clean up our larger cities," Cox said.

"This is the same program we have followed and published for the past ten years. People have got to get over the notion that spraying alone will keep their city fly-free," Dr. Cox declared. "The only way to kill flies is to do it methodically, block by block, by eliminating their breeding places."

"They carry many diseases — diarrhea, typhoid fever, cholera,

trachoma, just to name a few. I firmly believe an 8-point program is the only way to see a lessening of polio in the future."

Oil Reserves Increase

Despite withdrawal of 100,000 barrels, proven reserves of oil and natural gas in West Texas were 1,416,000,000 barrels according to a report published in the organization's journal today.

nal declared, "developments has covered but a fraction of the area considered productive and almost eligible for the 'proven category'."

Giant Speedometer Cuts Accidents

To make motorists conscious of speed limits, the Seattle, Wash. police department has put into operation a Powerglide Chevrolet with a precise speed check mounted at the rear.

Warm Weather Brings Food Poison Danger

Austin — Bacteria grow more readily in warm weather and this increases the danger of food poisoning, warns Dr. Geo. W. Cox, State Health Officer.

with custard fillings. So if anyone in your family takes his lunch to work during the coming hot months, be careful of the foods you put in the lunch, and don't include any of these foods.

HAS YOUR HOUSE OUTGROWN ITS INSURANCE?

Houses have been growing again—in value that is. Better check and see if your insurance is too scanty.

If your house should burn tonight, how much would it cost you to rebuild it at today's new higher building prices?

The same kind of yard stick should be used in insuring your household furnishings. Don't be half insured — be insured.

Come in and talk with us about your insurance program.

CHURCH OF CHRIST

LOCKNEY, TEXAS

Norton Baker Named Lone Star Farmer

Norton Baker, son of Mr. and Mrs. Dorsey Baker of Lockney has been named a Lone Star Farmer and issued the Lone Star Farmer degree by the Texas branch of the Future Farmers of America.

Norton and McLee Brewet, local agricultural instructor and coordinator of the Future Farmer chapter here, along with possibly one more member of the local FFA chapter, will attend the 24th annual state FFA convention to be held at Dallas July 16-18. An awards banquet will be held on Thursday night, July 17 at the Adolphus Hotel and Norton will receive his Lone Star Farmer degree there.

The Lockney High FFA pick-up, recently presented to the school through donations of local business men and farmers and through "Whitey" Baccus, local Ford dealer, will be in the parade during the convention.

OFFICE SUPPLIES at The Beacon Office.

Hot Weather And High Winds Here

Unusually hot weather and equally unusually high winds marked the weather on the high plains the past week.

Winds up to 25 miles per hour have been blowing steadily for several days from the south and southwest. However the wind died down Wednesday giving local people a welcome respite from wind and dirt.

Temperatures went as high as 100 on Saturday of last week for the high mark of the past few days. Temperature each day, as recorded by Joe Holt, local weather observer, were:

June 19—97-66.
June 20—97-63.
June 21—100-68.
June 22—99-68.
June 23—99-68.
June 24—96-76.

Miss Nellie Brown, teacher in the Lockney school system, is recuperating at her home in the Sand Hill community after a serious operation in the Lubbock hospital.

SNELSON IMPROVING

Charles Snelson, who was seriously injured in an auto accident at Aiken last week, is improving as fast as expected in the Plainview Hospital. It was reported Wednesday by relatives. He suffered a compound fracture of the left leg and head and neck injuries when his car overturned three times following a collision.

OUT OF SCHOOL

Mr. and Mrs. Ben Wood arrived here Tuesday after several months in Dallas where Ben attended the Dallas Institute of Mortuary Science. He received his diploma last week. They plan to make their home here now, Ben said.

Miss Wanda Cox of Lockney spent several days this week with Mr. and Mrs. Freddie Joe Ivey of Plainview.

Large Crowd At Theatre Opening

The opening of the Seale Drive-In Theatre last Thursday night brought out an almost capacity crowd, Manager J. B. Seale said. He was very pleased with the reception given the new place of amusement and reported that business had continued good all this week.

OUT OF THE ARMY

Pfc. and Mrs. Palmer J. Wylie arrived in Lockney Monday from Fort Lee, Va., where Palmer received his discharge on June 12. He had spent a little more than three years in the Army, a portion of that time in Korea. He served with the Quartermaster Corps. The couple are visiting his parents, Mr. and Mrs. J. R. Wylie of Lockney.

BILLY BYBEE HERE

C. S. J. Billy Bybee arrived here Thursday of last week to visit his parents, Mr. and Mrs. Delbert Bybee. He has only a short leave but had asked for an extension. He is serving on the U. S. S. Stockham out of Newport Rhode Island.

RETURN FROM VACATION

Mr. and Mrs. C. A. Gloyna and children and their daughter and family, Mr. and Mrs. LeRoy Weathers of Plainview, returned last Saturday from a 10 day trip through the Yellowstone National Park and points in Montana and Colorado. The Gloyna family also attended a family reunion at Giddings Sunday and visited in San Antonio.

Myra Applewhite of waco, daughter of Mr. and Mrs. G. C. Applewhite, Lockney, spent last week end at Mt. Pleasant, Texas, where she acted as bridesmaid at the wedding of her friend, Sue Gilpin. She also visited Mary Leigh Anderson.

CARD OF THANKS

We wish to express our deep appreciation for the many kindnesses extended to us during our recent bereavement. We shall always remember the many things you have done for us.

I. N. Ledger
Mrs. John Price and family
L. K. Ledger and family.

Watch your expiration date.

Bites Off More Than He Can Chew

A big toad frog "bit off more than he could chew" out at the H. F. Kidd home this week. Mr. Kidd brought the toad into The Beacon office Tuesday to show us what it meant by the old saying. The frog had tried to swallow a 4-inch chicken bone. He had managed to take in three inches of it but that is as far as the bone would go. The remainder of the bone was sticking out his mouth. The bulge formed by the swallowed end of the bone could be seen on one side of the frog's "tummy." Unless he gets a little help that frog is in bad shape.

ANDERSON VISITORS

T. Sgt. and Mrs. J. C. Anderson of Pocasset, Mass., left Saturday to return home after spending a three weeks vacation here visiting his parents, Mr. and Mrs. Joe Anderson and other relatives. Also visiting in the Anderson home were their daughter and family, Mr. and Mrs. Claude Nichols, Claudia and Nicky of Boulder City, Nevada.

Mrs. W. O. Jetton and son, Marvin, of Gainesville, are here visiting in the home of Mr. and Mrs. H. C. Griffiths. They are former residents of Lockney. Another son of Mrs. Jetton's, Ray, who has been in the Army for several years, is receiving his discharge soon. Ray will get a medical discharge. He was badly wounded in the fighting in Korea some time ago.

Mr. and Mrs. Harrison Huls of Eufaula, Okla., visited last week end with his grandmother, Mrs. Gilbert Huls. They also visited Mr. and Mrs. S. G. Miller and Mr. and Mrs. Bob Miller and family.

Mr. and Mrs. George Lee Golleher and family and Mrs. Eugene Golleher, all of Wichita Falls spent this week with Mr. and Mrs. E. C. Stapp and family. They will also visit Carlsbad Caverns. Larry Wayne Stapp will accompany them.

Mrs. Pepper Martin and Buree of Hart and Mrs. Freddie Joe Ivey of Plainview visited their parents, Mr. and Mrs. John Cox Friday.

Fire Department Called Tuesday

The Lockney Volunteer Fire Department was called to the rear of the Ayres home on West First Street Tuesday on account of a trash fire. However when the first truck arrived it was discovered that someone had stolen all the gas from the truck tank and firemen were unable to start the pump motor. The second truck was called and extinguished the fire without damage. Fire Chief Lowell Bilbrey was investigating the gas stealing angle this week.

Mr. and Mrs. Jude Harris, Sandra and Linda Joy of Beeville were overnight guests of Mr. and Mrs. John Cox and Wanda Thursday night.

Mr. and Mrs. E. K. Colorado Springs, Okla. last week in the home of parents, Mr. and Mrs. Bennett.

C. C. Mason of N. M., is spending here visiting the W. Fred Paschal and Lillies.

Betty Vernon returned day from a two week stay at Ridgecrest Baptist Ridgecrest, North Carolina enjoyed the trip.

Mr. and Mrs. T. M. and Mrs. B. B. Olton and B. B. Olton spent the week of last and Arlington, returned to Wichita visited Monday and
