THE LOCKNEY BEACON

• SERVING THE RICH IRRIGATED SECTION OF FLOYD COUNTY •

VOLUME 51

LOCKNEY, FLOYD COUNTY, TEXAS, THURSDAY, AUGUST 28, 1952

NUMBER 20

School To Start Monday Morning

The Lockney Public Schools will begin the 1952-1953 term Monday morning, September 1. Due to lack of facilities, no general assembly or program is planned for the first day of school but students and teachers will go immediately into the work of arranging schedules and assigning lessons.

At the high school, the schedules of students who have enrolled previously will be checked, new students will be enrolled, short class periods will be held and books will be issued.

At the grade school, students will be enrolled and books issued. The buses will make their usual runs at the usual time Monday morning but school will probably be out some earlier than usual Monday. Lunch will not be served at the lunchrooms on Monday. Bus drivers who have previously driven will make their same routes.

The lunchrooms will serve their first meals on Tuesday. Mrs. Ernest Spradlin will be in charge of both lunchrooms.

The school faculty still has three vacancies. Supt. W. C. Irons said Wednesday. One of these, a commercial teacher, is in high school and two in the grade school. Since there are vacancies, Mr. Irons said that some teaching assignments were still not made and probably would not be made until Saturday when the general faculty meeting is held.

A list of the faculty now employed was announced by the superintendent as follows:

High School: W. C. Irons, superintendent, F. M. Smith, principal, Miss Algene O'Daniel, Mae-Lee Brewer, Mrs. Mildred Zeigler, Elvin Lyon, Mrs. Virginia Lyon, Mrs. Hortense Ball, Mrs. W. C. Irons, Mrs. Lucille Jordan, Shelly M. Lantrip, Mrs. Mary Ringwald, Neil Henderson Jr., Curtis Kelley.

Grade School: Weldon Dodson, Principal, Miss Ann Williamson, Mrs. Alma Dutton, Mrs. Evelyn Terry, Floyd Jordan, Mrs. Loretta Jones, Miss Katherine Norris, Mrs. Lou Brewer, Mrs. Viola Conner, Miss Janice Thompson, Mrs. Nora Ayres, Miss Pauline McReynolds, Mrs. Marjorie Wood, Mrs. Impogene Myers, Mrs. Josie Allen, Miss Nellie Brown, Mrs. Clay Muncy, Mrs. J. W. Lantrip, and Miss Joan Brown, school nurse.

Colored School Opens

The first colored school in the history of this district will also open Monday morning. The school building, a part of the former Sterley school house, was moved into Lockney and set down southeast of the Patterson Gin on land donated to the district by R. E. Patterson. Teacher will be Miss Allie Lenora Terrall of Fort Worth.

Scout Swimmers Win Awards At Meet

Lockney Boy Scouts have recently won several awards in Scout swimming meets. Last week Roland Watson, son of Mr. and Mrs. Glen Watson, won two blue ribbons in the district swim meet for Boy Scouts at Lubbock. Previously Roland and Gene Handley, son of Mr. and Mrs. Harmon Handley, won five places in the Scout swimming meet at Roaring Springs.

Roland and Lonell Hays, another local Scout, attended the Scout Patrol Leaders camp at the Philmont Scout Camp near Las Vegas, N. M. They spent a week at the camp and were taught many things concerning the patrol leaders duties while there.

The local Scoutmaster, Dalton Newton, has recently resigned and moved to Amarillo. Assistant Scoutmaster Leonard Finley is now in charge of the troop and he is asking that all Scouts be sure to be present at the next regular meeting of the troop, Tuesday evening at 7:30 at the Scout Hut. He is hoping that all the Scouts will be present.

GO TO CHURCH SUNDAY.

Monday Is Dollar Day In Lockney

Next Monday, September 1, is Dollar Day in Lockney and it is a day to save for the economy-minded shopper. Lockney merchants are advertising special prices for that day in this issue of The Beacon. Shop at home and save money is the slogan for the day.

Football Squad Starts Workouts Next Monday

Coaches Curtis Kelley and Elvin Lyon of Lockney High School will begin football practice with the Lockney Longhorns next Monday, Sept. 1. Coach Kelley said Tuesday that they would probably have some workouts in the daylight and hold a longer session under the lights at night for several days.

Kelley and Lyon will have a rebuilding job on their hands this year after losing eight regulars and a number of other lettermen from last year's gridiron squad. Kelley said the real question marks for the squad this year are the positions of full back, center and quarterback. He has Norton Baker running at the fullback slot vacated by Ray Ferguson, the all-district back on last year's team. Baker is showing up good, Kelley said, but he has a big role in trying to fill Ferguson's shoes.

The graduation of Barry Thompson, center, left a big hole there but John Dorman and Marion Cross, both big boys, are working for that position. At the quarterback slot big Bill Paschal and Jimmy Williams are being tried and are doing good although lacking a little on polish, Kelley said.

Kelley and Lyon will have 18 lettermen from both the A and B squads with all the B squad lettermen being promoted this year to the A squad.

"We have potentially a very good team," Kelley said this week. "The boys this year use their heads, they mostly have good size and we could develop into a really good football team. Another thing in our favor is the boys' desire to play. They are really anxious to get going and we may fool someone before the season is over."

Kelley and Lyon expect the following boys out for practice next Monday:

Backfield: Norton Baker, Bill Sherman, C. B. Smart, Lewis Foster, Bill Paschal, Jimmy Williams, Allan Ray Pinner, Phillip Daniel, Jimmy Scott, Roger Conner.

Ends — Aubrey Cox, Teddy Carthel, Billy McAda, Charles Vaughn, Verbie Roberson, Jimmy Rankin, Elmo Fortenberry, Doyle Crouch.

Tackles — Deanie Quisenberry, Kenneth Williams, Clifford Williams, Johnny B. Griffin.

EARL COOPER was elected sheriff of Floyd County in the voting Saturday, defeating incumbent Leland Hart by 281 votes. Cooper is a former deputy sheriff and city officer for Lockney.

Earl Cooper Wins Sheriff's Race

For the first time in a good many years a Lockney man has been named sheriff of Floyd County. Earl Cooper of Lockney won the Democratic nomination for that office in the second primary voting last Saturday, defeating the incumbent, Leland Hart, by 281 votes in the county. The final total was 1731 for Cooper and 1450 for Hart.

The race was a hot one and had brought forth much activity by friends of both the participants. Large newspaper advertisements and radio announcements were used freely.

Although Cooper garnered most of his strength in the north part of the county, where he had 75 percent of the vote, he ran good in most all boxes and carried one Floydada box, Southeast Floydada by a few votes. Hart's biggest majority was in the Southwest Floydada box where he held a 171 vote lead.

Cooper is a former deputy under Hart and ran against him two years ago but was defeated by about 200 votes.

P. O. (Pat) Sterling of Floydada won the race in Precincts 1 and 4 for Justice of the Peace, defeating Judge O. B. Olson by a little more than 100 votes.

Leroy Saul of Kress won his race for representative in the newly created 89th legislative district, defeating J. W. Walker Jr. by approximately 800 votes in the four counties. Saul carried every county in the district, reports say. Although he ran far behind Walker in the first primary in Floyd County he caught and passed him in the second primary to carry the county 1440 to 1398.

Joe S. Moss of Garza County lost his race for Associate Justice, Court of Civil Appeals, 7th District with Ernest O. Northcutt of Amarillo winning by about 8,000 votes. Northcutt carried Floyd County 1389 to 1185.

Frank Culver of Tarrant County, again carried Floyd County by a big majority, polling 1575 votes in this county to 559 for his opponent, Spurgeon Bell. However Culver held only a small lead in the state returns but apparently would win the race. Latest reports gave Culver 311,340 votes to 302,824 for Bell. Only a few counties remained incomplete in this count.

Martin Dies, unopposed candidate for congressman-at-large, led the ticket, of course, polling 2602 votes in this county out of the approximately 3175 votes cast.

Returns in Floyd county were almost complete at 8 o'clock Saturday evening with only one box, Allman, being out. Pump trouble in this case held up the election judge and the returns came in about 9 p. m.

Motley Sheriff Re-elected
In Motley county Sheriff John Stotts edged out his opponent, J. D. Spray by 622 votes to 603.

Saul Wins Race For Representative

Leroy Saul of Kress won the race for representative in the 89th legislative district by a wide margin. Saul carried every county in the district despite the fact that his opponent, J. W. Walker Jr., lived in Hale County.

Although tabulations were not complete here, only a few votes were out in Hale and Briscoe county and the missing boxes were not big enough to have any effect on the race.

The vote by counties was:

County	Saul	Walker
Floyd	1440	1398
Hale	1146	906
Swisher	537	175
Briscoe	223	60
Total	3346	2539

Northcutt Wins

Incomplete reports show that Ernest O. Northcutt of Amarillo has a total of 29,515 votes to 20,855 for Joe Moss of Post in the race for Associate Justice, Court of Civil Appeals, 7th District. Some counties were incomplete but apparently Northcutt had a lead large enough to assure his nomination.

No One Hurt In Car-Tractor Wreck

A collision of a 1951 Chevrolet driven by Edgar Horton of Plainview and a Ford tractor driven by MacBurnett Davis Tuesday morning on the Sandhill farm-to-market road south of Lockney resulted in considerable damage to the car and the tractor but no one was injured.

Horton farms south of Lockney and was on his way to his farm when he started to pass the Ford tractor. Davis, not realizing a car was behind him, turned off the road to the left and the collision resulted. The tractor belonged to Barney Manning. The automobile turned over as a result of the collision and the body was very badly damaged. The tractor was broken into, it was reported.

Standolind Takes Lease Near S. P.

Latest lease transaction reported for Floyd County, where Standard Oil Co. of Texas has a new discovery in the southern part of the county, has been made by Standolind Oil & Gas Co. in the northeast part of the county, 15 miles northeast of Lockney.

Paying \$1 rentals, the company took 1,600 acres for 5-year term in Blocks D-2 and G&M, GC&SF RR Survey. The acreage is located some 22 miles north of the Stanotex No. 1 Minnie Adams, Pennsylvanian discovery.

6-County Singers To Be Here Sun.

Singers from six counties of the area will gather in Lockney Sunday for their quarterly meeting. The Six-County Singing Convention, headed by B. R. Bassel of Plainview, will meet at the City Auditorium in Lockney starting Saturday night at 8:30 and running all day Sunday, Mr. Bassel said.

The All-Indian quartet from Lawton, Okla., and the Stamps-Baxter Field quartet will be present along with a number of other quartets and other singers. Mr. Bassel invites everyone to be present for the singing. C. M. Lyles of Floydada is vice-president and Mrs. Earl Raper of Plainview is secretary.

The convention is composed of singers from Hale, Floyd, Briscoe, Motley, Cottle and Hall Counties. Many singers from other areas usually attend.

Johnson Accepts Call To Local Church

Gerald Johnson, educational and song director of the First Baptist Church at Shamrock, has accepted a call to the same position in the First Baptist Church of Lockney and will move here next Tuesday. The local church voted Monday night to extend a call to Mr. Johnson after he and his wife had attended services here and he had led the song service.

Mr. Johnson will fill a vacancy created by the recent resignation of Royce Dowell. Mr. and Mrs. Dowell plan to move the first of the week to Fort Worth where he will enter Southwestern Baptist Theological Seminary. They have been with the local church since last November.

Mr. Johnson at one time lived in the Aiken community and was ordained to preach by the Aiken Baptist Church, it was reported here. He attended Wayland College, Plainview, and was at one time pastor of the Baptist Church at Sterley. He will attend Wayland again after moving here and will complete his work there.

Mr. and Mrs. Johnson have a six-year-old boy.

Negro Dies In Hay Field Thursday

Willie Williams, 52 years of age and a colored man from Childress, died about 3 o'clock last Thursday afternoon in a hay field on the R. E. Brown place in the Prairie Chapel community.

Williams was helping to load a hay truck when he complained of being too warm. He was told to sit down in the shade of the trailer and rest a few minutes, which he did. About five minutes after he sat down, he suddenly slumped to the ground. He was rushed to the local hospital where he was pronounced dead.

Williams was working for Geo. F. Weir, the truck driver. Also helping to load the truck were Samuel Weir and another colored man, Leroy O'Neal.

The body was carried to the Carter Funeral Home here and then returned to Childress for burial.

Mrs. S. V. Williams returned last Saturday from a trip to Pryor, Oklahoma, where she visited her daughter, Mrs. Mae Haddan and other friends.

Burglars Raid City Monday Nite

Burglars raided the business district and industrial area of Lockney Monday night striking eight places of business and getting away with merchandise and money. No accurate estimate of the total loss was available Wednesday.

Sheriff Leland Hart and deputies, Alton May and Pat Murphy have all been working on the case and Tuesday filed charges against one man and were looking for two others. Some clothing found behind the Faggard Dry Goods where one of the men had changed clothing was being held and the owner believed to be identified. No arrests had been made Wednesday at noon according to a report from the sheriff's office.

The following places of business were burglarized Monday night:

At Faggard Dry Goods the burglars broke in through an air conditioner and stole a quantity of clothing. Missing Tuesday was six pairs of boots, 23 western shirts, four suede jackets, six pair levis, a quantity of men's sox, several hats and leather belts. They overlooked a sack of money in the store. Some of the clothing stolen was found Tuesday in a caliche pit west of town. This included two hats, a jacket, a pair of boots and a shirt. Found at the rear of the store Tuesday morning was an old hat, an old pair of boots and an old shirt. One of the thieves had apparently changed into some of the stolen merchandise.

At Lockney Lumber & Supply the thieves broke a plate glass in a side door and stole about \$9 in cash from a coke machine and a few pennies in the cash register. Leon Wofford, owner, said that the glass was the biggest loss. It cost around \$20.

The thieves broke a rear window at Baxter & Smith Grain Co. and found only about 40 cents laying on the cash register. They also helped themselves to some soda pop here.

They then went to Consumers Fuel Association where they broke a glass out of the front door and then broke the lock. Here they made away with \$3.35 in change.

At Patterson Grain Co., next door, they also broke a glass out of a door and opened it. They made away with between \$4 and \$5 from a coke machine operated by the Boy Scouts and also about \$1 in change took from the company's safe.

The thieves also broke into the Taylor Laundry here, breaking out a rear window and getting off with \$15 in money and a flash light.

They struck the "66" Drive-In Cafe on Highway 70 and made away with \$32.50 in cash from a cigarette machine and \$1.50 in pennies from the cafe cash register. They also tried to batter open a juke box but were unable to do so.

They struck at the Highway Gulf Station, next door to the cafe, getting away with \$25 in silver. They entered here by a rear window.

Any Veteran May Now Apply For Educational Aid

Veterans with service anywhere in the world since the start of the Korean conflict, June 27, 1950, now may apply for education and training under a new Korean GI Bill, Veterans Administration announced.

A limited number of application forms are available at Veterans Administration Regional Office, Lubbock, Texas, and bulk shipment of the forms will be received in the immediate future.

Although Post Korean veterans may submit completed application forms now, VA cannot pay educational allowances for training for any period that begins prior to August 20, 1952. The four-page "Application for a Program of Education and Training" has five sections which must be completed by the veteran: (1) identification of the veteran; (2) program of education and training applied for; (3) education and training received while on active duty; (4) civilian education; and (5) employment experience. These five sections are contained on the first two pages. Page three is for VA use only and the last page contains instructions for the veteran to follow in completing the form.

Photostatic or certified copies of all discharges from the Armed Forces since June 27, 1950, must accompany the completed application. VA advises veterans to take great care in planning and outlining the program of education and training in the second section of the form, since VA may not approve more than one change of program under any circumstances.

After VA approves an application, it will issue a "Certificate for Education and Training" to the veteran which he can present to the educational institution or training establishment to show approval of his program. Veterans should make sure that the school or business establishment is approved by the appropriate state agency for training under the Korean GI Bill (Public Law 350, 82nd Congress.)

The Korean GI Bill prohibits VA from approving a program of education or training leading to an educational, professional or vocational objective for a veteran who is already qualified for such objective.

The new Korean GI Bill provides up to 36 months of training to veterans who were on active duty on or after June 27, 1950.

—the date of the outbreak of fighting in Korea—regardless of where they served. While in training, these veterans may receive an allowance from the Government to cover part of their expenses.

A limited number of application forms are available at VA Contact Office, Amarillo, Childress, San Angelo, Odessa, Pecos.

OUR REVIVAL

Our revival is fast drawing to a close. What's done for Christ must be done quickly. Little time is left for you to make that decision that would give Christ first place in your life. Your opportunity as a Christian to witness to others is fast drawing to a close. Even tho the revival services will close Sunday night, let us pray that the revival spirit will continue.

THE MISSION OF THE CHURCH

The mission of the church is to save the souls of men. That is its true mission. It is the only mission of the church. That should be its only thought. The moment any church admits a singer who does not sing to save souls; the moment a church calls a pastor who does not preach to save souls; the moment a church elects a deacon who does not work to save souls, it ceases in so much to be a church and to fulfill the magnificent mission God gave it.

Every concert, every choir service, every preaching service, every Lord's Supper, every agency that is used in the church must have this great mission plainly before its eye.

We are here to save the souls of dying sinners. We are here for no other purpose. And, the mission of a church being so clear, this is the only test of a real church.

RR Commission Study Potential Floyd Co. Well

Austin. — New oil production claimed for a Floyd County well is under study by Texas Railroad Commission engineers.

Discovery allowable rights and a new field designation of Floydada (Pennsylvanian) are asked by Standard Oil Co. of Texas for the pay producing in its Minnie Adams et al Well No. 1.

Tom B. Garber, Standard engineer, testified the well, drilled to 7,785 (-4,662) feet, was completed in the Pennsylvanian Reef Limestone through open hole from 7,598 (-4,475) feet. On 18-hour potential it flowed 141 barrels of 38.8 gravity oil with a gas-oil ratio of 1:199.1. A 24-hour potential taken July 29 and 30 showed 162 barrels of oil pumping with a 1:149.1 gas oil ratio.

Evidence presented at public hearings indicates that this production is some 1,500 feet deeper than any production in the Floyd County area.

The State Board of Water Engineers have advised that fresh sub-surface waters be protected to the top of the red beds, estimated at 300 to 350 feet in this area.

Commission engineers will study the requests and make their recommendations to the commission.

SERMONETTES FROM REVIVAL TABERNACLE

3:10. "But the day of the Lord will come as a night: in the which the heavens shall pass away with a great noise, and the elements shall melt with fire, and the earth also and the works that are therein shall be burned up."

... living in the days near the fulfilling of this scripture. Yes, this world and the works thereof are being burned up. In fact we are living so close to this scripture that we can already see how the world is being burned up. We have the atom bomb. Scientifically the atmosphere is literally filled with atoms, ready to explode, so all we lack is just one atomic chain reaction explosion to fulfill this scripture. 3:10.

... say, "I wish you wouldn't say things like this that scare people and cause them to have bad thoughts. God hasn't called us to make a flowery speech about what we think, but He has called us to preach about Him who is the author of II Peter 3:10. But thanks be to God that when He created this world with this curse that it should burn, He also left a fire escape for us to take to escape this terrible destruction. The escape was the last creative work that God did. It is for fallen man. It makes our hearts sad to see that we are multitudes that will never find their fire escape. Our blessed redeemer attaches the fire escape to our world.

... say, "Tell us what is the fire escape and how to use it?" The fire escape is the Cross of Jesus Christ. He has given us one huge message to the world through His death and that was the crucifixion of the FLESH. Jesus said, "I am the way, the truth, and the life: no man cometh unto the Father, but by me." Matt. 14:6. We were in Gethsemane on His journey back to the cross on Golgotha's hill directly in the path that God had mapped out for him. We hear him as he says, "O my Father, if it be possible, let this cup pass from me: nevertheless not as I will, but as thou wilt." Yes, if you would follow Christ there is a way and a cross for you.

... individual affair, we must each one with Godly help repent of our sins and tell God we are willing for Him to do what He will. God will in turn give us His peace, that we must bear without grumbling. Jesus bears His Cross alone and all the world go with Him. There's a cross for everyone and there's a cross for me.

Providence News

By Mrs. Wilfred Stoerner

The glory of the home is hospitality. The crown of the house is Godliness.

Friends of Mrs. Bob Payne of this community were indeed saddened with the news of Mrs. Payne contracting polio while on a vacation trip in Colorado. She was returned to Plainview Polio foundation where she is receiving treatment. We all wish for her Gods blessings for a speedy recovery.

Mr. and Mrs. Marvin Scheele and Miss Marie Scheele motored to Borger last week visiting Mr. and Mrs. Vernon Collins. Miss Marie will accompany Mr. and Mrs. Vernon Collins on their vacation to Chicago where they will visit friends.

Mr. and Mrs. Albert Keim, Mr. and Mrs. Bill Schmidt visited Mrs. Melvin Keim and son of Felton, Texas, recently.

Mr. and Mrs. Stewart McKillip of Plainview visited in the home of Mr. and Mrs. Walter Boedeker Sunday afternoon.

Mr. and Mrs. Wilfred Stoerner were invited to a hot dog and ice cream supper in the lovely home of Mr. and Mrs. V. D. Ross Jr. of Hale Center Saturday night.

Mr. and Mrs. L. B. Brandes and Debra attended a birthday supper Wednesday night in M. C. Nance home.

Mr. and Mrs. Joe Zimmerman had as guests during the past week Mr. and Mrs. Harry Zimmerman and children, Nancy and David of Allerton, Iowa.

Mr. and Mrs. Ben Brandes, Mr. and Mrs. Wilfred Stoerner were dinner guests in the home of Mr. and Mrs. Adolph Schaffner of the Sterley community Sunday.

Miss Clara Sammann visited in the home of Mr. and Mrs. Ted Boedeker Sunday afternoon.

Mr. and Mrs. Virgil Brasher visited Mr. and Mrs. Brasher of Petersburg Sunday. Sunday evening they were supper guests in the home of Mr. and Mrs. Alvin Dietrich of Plainview.

Mr. and Mrs. B. H. Quebe had as Sunday dinner guests Mr. and Mrs. Sid Calhoen and family of Plainview.

Mr. and Mrs. Charlie Boedeker, Mr. and Mrs. E. M. Quebe and Mrs. Ben Quebe enjoyed a dinner party in Plainview Sunday noon.

Mr. and Mrs. Helmuth Quebe were visited Sunday evening by Mr. and Mrs. Stewart McKillip of Plainview.

Rev. and Mrs. Leo Roy Brandes and Maria Joy are spending the week with Mr. and Mrs. Ben Brandes, also visiting friends and relatives.

NEW DEAN AT TSCW

Texas State College for Women at Denton will open its 50th anniversary session September 16 with Dr. Vernon L. Wharton as Dean of the College and its Graduate Division. Dr. Wharton, prominent southern sociologist and historian, also is known for his work in the counseling and guidance of students.

Ladies Attend Missionary District Meet

The ladies of W. M. F. of Trinity Lutheran Church of the Candle Light Circle attended the annual Lubbock District Meet at Roscoe, Texas. The main speaker of the day was Mrs. Rathke of New Guinea. She has devoted many years of mission work in New Guinea. Mrs. Steinbring of Austin, the Texas District President was also present and brought an inspiring message. Those attending were delegates Mrs. H. L. Anderson, Mrs. Ben Quebe, Mrs. Ben Brandes, Mrs. Wilfred Stoerner; visitors Mrs. Karl Sammann, Mrs. Ted Boedeker, Mrs. Marvin Scheele, Rev. H. L. Anderson, Wilfred Stoerner. The District meet next year will be at Slaton, Texas.

Mr. and Mrs. Clark Harris, Joan, Caroline and Ronnie, Rev. and Mrs. N. S. Daniel, Sam and Phillip spent last week in Pecos, N. M., fishing.

L. D. Bartee Successor To Ralph Cogdill

Dallas — The State Fair of Texas is bracing itself for 16 days of bedlam, Oct. 4 through Oct. 19, when the comedy team of Dean Martin and Jerry Lewis bring their inimitable brand of lunacy to the State Fair Auditorium.

The two zanies, who catapulted from obscurity to the top attraction in show business in three short years, promise something new in idiosyncrasy for State Fair visitors. Joining forces as a team, they threw the rule book out the window, insulted customers, ran through audiences in their underwear and, in short, created bedlam. After leaving eastern nightclubs in shambles, the two madcaps descended on Hollywood and that city, accustomed to unusual and bizarre antics, is still reeling from the stunts of the twin cyclones.

When bent on entertaining and audience nothing is spared. Props are demolished, the cast is knocked from the stage, clothing is generally left in shreds, and after the customers leave, exhausted from laughter, the vitamin kids are apt to do a complete show in the lobby of the theatre.

Mail orders for the mammoth Martin and Lewis show will open Sept. 1.

MORE PORK with LESS GRAIN

with **RED CHAIN WA-MO**

A Scientifically Balanced Hog Supplement

You can raise hogs on grain alone . . . but it's mighty poor economy. Tests prove that it requires 12 bushels of corn alone to make 100 pounds of pork. Compare this with 6 bushels of corn and 50 pounds of RED CHAIN WA-MO to do the same job. It's mighty easy to figure that the RED CHAIN Way is the cheaper — more efficient way to raise hogs.

RED CHAIN WA-MO provides high levels of animal and vegetable proteins, minerals, and vitamins including B₁₂ and Antibiotic Feed Supplements. These latter aid in speeding up the growth of hogs and promote better health in the digestive tract. They supplement the nutritional factors in grain and make for greater feeding efficiency.

Land Scape Work Shop Scheduled

A Landscape Work Shop will be held in Big Spring September 3 and 4. The work shop will be sponsored by the Extension Service in District 2, in cooperation with the Experiment Station there, and the Big Spring Junior College. Sessions will be held in the Junior College.

There will be group meetings on Trees and Windbreaks, Shrubs for the Southwest, Planning the Home Grounds, Insect control for Ornamentals, Cuttings and Cutting Beds, and Flower Arrangement.

All present may attend the section on Flower Arrangement. A tentative arrangement has been made with Mrs. Albert Morrow of Morton to give this demonstration. Mrs. Morrow is a National Judge and Teacher in Flower Show Schools.

The Work Shop is specially planned for members of Home Demonstration and Garden Clubs, Home Demonstration and Agricultural Agents, and any others who are interested in improving their home grounds.

Each days program is complete within itself, so that persons attending may go either day.

HAS POLIO

Mrs. Robert Payne of the Providence community is in the polio ward of the Plainview Hospital with what has been diagnosed as non-paralytic polio. She became ill with the disease while on a vacation trip to Colorado. Her condition was reported as satisfactory this week.

Watsons Observe 60th Anniversary

Mr. and Mrs. W. C. Watson of Lockney were honored with a family dinner at the home of their son, Glen Watson, on Thursday night, August 21, celebrating the couples 60th wedding anniversary.

Those enjoying the occasion were Mr. and Mrs. Douglas Watson, Mr. and Mrs. Verlon Watson and son, Keith, Mr. and Mrs. Bill Watson and sons, Oran and Lonnie, all of Tullia; Mr. and Mrs. Floyd Huff, Mr. and Mrs. George Turner Jr., and children, Cynthia and Paul. Another daughter of the couple, Mrs. France Baker of Lubbock, was unable to be present.

Mr. and Mrs. Watson were married at Van Alstine, Texas, on August 21, 1892. They have lived at Lockney most of the time since 1908 but have lived in Swisher County a part of that time.

FAMILY REUNION HERE

The children of Mrs. M. F. Nigh along with grandchildren were all here at her home for a family reunion Sunday, August 17. Those present to enjoy the day were: Mr. and Mrs. E. V. Nigh and daughter, Barbara Joyce of Hale Center; Mr. and Mrs. M. O. Nigh and son, Larry Joe of Muleshoe, Texas; Mr. and Mrs. T. J. A CLEAN CITY IS A SAFE CITY!

WANDA KELLISON, daughter of Mr. and Mrs. R. R. Kellison of the Aiken community, will be married Friday morning to Gene Collis, son of Mr. and Mrs. L. R. Collis of Lockney. The ceremony will be performed at 9:30 a. m. Friday at the home of the bride's parents.

Smith-McGilvary Vows Exchanged

The marriage of Carol Smith to Reuben Clinton McGilvary Jr. was performed Sunday at 4 o'clock in the First Baptist Church in Plainview. Rev. John N. Cross read the double ring rites.

Miss Smith, daughter of Mr. and Mrs. Julian B. Smith, Olton route, Plainview, is a graduate of Plainview High School and Baylor University.

Mr. McGilvary is the son of Mr. and Mrs. R. C. McGilvary of Hereford. He is a Lockney High School graduate and Texas Tech graduate. The family formerly lived at Lockney.

William Lee Bean of Lockney served as best man and the feminine attendants were Mrs. Sam Reddell, Hollis, Okla., matron of honor, and Miss Toni Williams of Lubbock, maid of honor.

The bride was given away by her father, Julian B. Smith. Her gown was of white chantilly type lace over slipper satin and styled with a fitted bodice with buttons extending down the front, with a pointed stand up collar.

The couple are taking their wedding trip to New Mexico and for a wedding attire the bride chose a bronze silk shantung suit with cobra and velvet accessories. They will make their home at 607 1/2 North Weatherford St. Midland, following their return September 1.

F. S. Shearer of Lockney is back in Amarillo for treatment. He recently underwent an operation at an Amarillo hospital and is now staying at the home of his son, Cecil Shearer, while under treatment.

Byars Reunion Held Sunday

The family of the late A. J. Byars met in the MacKenzie State Park Lubbock, Sunday, August 23, for the first reunion the family has ever held. Four sons, N. T. A. Byars of Floydada, Walter Byars of Lockney, and Baylor Byars of Lockney and Gus Byars of Fort Sumner, N. M., and two daughters, Mrs. Pearl Dilday of Amarillo and Mrs. Flora Mitchell of Lockney were present. Only one daughter was not able to attend, Mrs. Maggie Ault of Baird.

Dillard-Love Reunion
Held in Lubbock
The annual Dillard and Love
reunion was held Monday, Aug-
ust 20, at the MacKenzie State
Park in Lubbock. Around 135
were present at the gathering.
The morning devotional ser-
vice was opened by Rev. Lonnie
Bowlen of Houston. Rev. and
Mrs. V. F. Love of Colorado City,
sang a special song accompan-
ied by Rev. Love on the guitar
and their daughter, Shirley, on
the accordion.
A scripture was read and a
short talk was made by Rev.
Horace Reeves of Carlsbad, N. M.
Rev. and Mrs. J. G. Strickland
of Rails, Rev. and Mrs. C. J.
Love of Seagraves, and Mrs. Ben
Dillard and daughter, Thelma
Deen, of Boaring Springs also
sang.
There was an election of offi-
cers. Elected were Joe Fortenberry
of Lockney, president, and Char-
lie Dillard, secretary-treasurer.
The group voted to have the re-
union in Lubbock again next
year. A nice offering was re-
ceived for the expense of the re-
union.
A. J. Hammons dismissed in
prayer before lunch.
At noon a lunch was spread
that everyone enjoyed. The
afternoon was spent visiting
friends and relatives.

MRS. MARR BACK
Mrs. Ella Marr was returned
to the Lockney General Hospital
from Amarillo last week end.
Mrs. Marr is slowly improving

Cooper Expresses Thanks To Voters

THANKS TO THE VOTERS
I am very grateful to the vot-
ers of Floyd County who elected
me to the office of Sheriff of
Floyd County last Saturday. It
is indeed an honor to have peo-
ple like you vote and elect me to
that office and I want you to
know that I appreciate it very
much. With the cooperation of
the people I will do my best to
make Floyd County a good sher-
iff.

In due time I hope to get bet-
ter acquainted with all the peo-
ple of the county I want you to
feel free to bring your problems
to the Sheriff's office at any
time and we will try very hard
to give you the best of service.
Thanks again for your vote.
Sincerely,
EARL COOPER.

Local Men Make Soil Tour Recently
Several local men went on the
farm tour into Colorado last
week sponsored by the Fort
Worth & Denver Railroad. Pur-
pose of the tour was to show
local farmers the farming meth-
ods in Colorado. Stock farming
and feeding and rotation farm-
ing were the chief items of inter-
est in the tour.
The men left Monday and
spent the week in Colorado, re-
turning Saturday. They visited
Rocky Ford, Greeley, the area
north of Denver and other parts
of Colorado. Making the trip
from Lockney were W. E. Terrell,
Lloyd Readhimer, Kenneth Wof-
ford, J. R. Belt, John T. Carthel,
and Herman King. The First
National Bank of Lockney paid
expenses of the local men.

Mrs. Lena Mae Haddan has
returned to her home in Pryor,
Oklahoma, after spending three
weeks with her mother, Mrs. S.
V. Williams and other relatives.

EDITORIAL

Reprove not a scorners, lest he hate thee; rebuke a wise man and he will love thee.—Proverbs 9:8.

It's school time again. Probably the little boys and some of the big boys won't appreciate us reminding them of that fact but it is school time again just the same. Going to school is a great American privilege — one that many students do not appreciate. In fact the opportunity to learn is so common and so easy that most boys and girls take it as a matter of course and some even rebel at the insistence of parents and teachers that they apply themselves. But students are no different from their parents. Adults have many privileges available only in this country which they do not appreciate. Some day it may be that America will lose her privileges because she doesn't appreciate them.

The Lockney schools this year will be starting off under a new administration. Probably some

changes will be made in some of the school policy and also in the school routine. Mr. W. C. Irons, the new superintendent of schools, has certainly impressed the people of the district with his business-like attitude and his ability to get things done. It is apparent that Mr. Irons knows the school business and that he vitally interested in the welfare of the school he is serving. May we suggest that if he has the backing and the understanding of the people of the district his work will be more satisfactory to all and the system will operate much more smoothly.

Although we have not been able to secure the exact total of votes cast in either primary it is apparent that almost as many votes were cast in the second Democratic primary as were cast in the first primary. This is an indication that people will vote if they are interested enough in the election. Floyd county cast 3429 votes in the sheriff's race in the first primary and 3181 in the same race in the second primary, a drop of only 248 votes. Comparing this with some counties where the vote was only half of the first primary vote, it looks very good. We trust the West Texas Chamber of Commerce, in their contest for getting out the vote, will take notice of this vote.

Lockney continues to build. New houses are going up and they are nice, well built houses. Occasionally we get a new business building. Some of the prettiest homes in West Texas will be found in Lockney and others are being built that will equal them. The city is growing. Despite the fact that houses are being completed every week still it is almost impossible to find a house that is for rent. Callers come to The Beacon office every week seeking a house to rent. Two years ago some were saying that Lockney had reached the saturation point in building. But it has continued to build and still needs houses.

Desirable building lots are the big problem in Lockney. Home builders are now buying and building on the lot in order to secure desirable locations. Isn't there a plot of ground on the border of the city that could be bought, cut up and made into a nice addition to the city? We must have more room from some source.

OUR DEMOCRACY — by Mat LABOR DAY

A day when Americans, whose brains and hands produce our wealth and make us strong, can proudly "look upon their work and find it good."

With Our EXCHANGES

POLITICAL QUACKERY

One of the most noticeable techniques of quackery is that in which one first scares the patient to death, and then no cure is needed. If he breathes the next day, he thinks the quack must have helped.

We note that Sen. Mike Monroney of Oklahoma has discovered the vast quackery which has been operating in relation to the FEPC propaganda of the New Deal-Fair Deal days.

Yesterday he commented that "events themselves are making a political has-been of the compulsory fair employment issue."

High employment plus general business activity has accounted for much of the disappearance of discrimination (and of course those two factors are always going to be the most important in employment patterns, for the majorities or minorities.)

Then for decades the breakdown in discrimination has been going on throughout the nation—without great fanfare, without legal pressure. The issue may well have been dead politically before it was even raised. But it was good quackery to scare the patient.

And it was designed to do what? Well, of the "divide and rule" politics of the Deas did it oppose two groups against each other in such fashion that men were made to defend points

they did not even believe. Northern demagogues could point to Southerners who were "discriminating" when actually an economic pattern was establishing the employment situation. And naturally the Southerners fought back against such demagoguery.—Amarillo Daily News.

Serving as mid-wife to a political candidate while election returns are being delivered is a frightful experience. The uncertainty and suspense produces a state of coma which spreads in waves of painful silence between layers of tobacco smoke and fear. To mother any kind of ambition means the sacrifice of many tranquil hours.—Matador Tribune.

MERCHANT IN BETTER SHAPE

The old cry of "Buy At Home" is still heard in many towns, although not as loud nor as exciting as it used to be because towns like Slaton, Idalou, Ralls, Post and Tahoka have more to offer home town folks than ever before, when compared to what the merchants have in the larger cities like Lubbock, Amarillo, Dallas, etc. The comparison is mentioned because it might be that the smaller towns are not offering much better selections than used to be obtainable, but because the offerings in the larger towns are not nearly as varied and much higher in price than in years gone by. It is a fact that the manufacturers are catering to the smaller business firms because they do not insist on discounts on purchases in large amounts, the little fellow pays off quicker and his financial affairs are not complicated and, in this day and time, the smaller merchants are better credit risks. Now is the time for the independent operator to get better established, to get more of the profitable business that is available because big business does not have the advantage it used to have. The manufacturers do not want to be at the mercy of big sprawling chain stores that can, by switching lines, break manufacturers of most any line of product and both the manufacturer and the retailer are in better shape to get together than ever before.—The Slaton Slatonite.

FLYING SAUCERS?

Carl Simpson don't know whether he saw flying saucers or not. He just saw something, he says, and you can draw your own conclusion. The other night he stepped out on his front porch and saw a large round red object appear in the northeastern sky and move southward. Just as it passed the zenith it flared up, turned white, and disappeared. The object appeared to be about the size of a full moon when it comes up in the east. Then a second object appeared, identical to the first, followed the same course and also disappeared. There were five of them in all, says Mr. Simpson, and he insists he didn't see any flying saucers. But he saw something. — Trends in Crosbyton Review.

South Plains

by Mrs. Murray Julian

Rev. Clifford Potts closed out the revival meetings on Sunday evening. The week ahead will be a busy one with Brotherhood meetings on Monday and Tuesday nights at the Plains Baptist Encampment. Wednesday night there will be baptismal services at the First Baptist Church in Floydada, with Rev. John Allen officiating. On Friday night at the South Plains Church the heads of the departments will meet to make up the budget for the coming year.
 Mrs. Jones, formerly of Arkansas has been visiting her son, Dock Jones and his family Thursday and Friday of last week. Mrs. Jones plans to spend the coming winter with a sister in Silverton.
 Bert and Jo Hays, from Plainview, came to visit their sister, Mrs. Robert Reeves, last Sunday and they were visitors at church Monday night. The mother, Mrs. Hays, visited in the Reeves' home on Tuesday and they all came to church Tuesday evening.
 Mr. and Mrs. Gene Edmonds and children arrived home Sunday morning from Cameron, where they had been visiting Mr. Edmond's parents since Thursday night. Murray Julian accompanied Gene Edmonds as far as Fort Worth on Thursday. As Mr. Edmonds went to get his family at Cameron.
 Dillah Cummings, who has been visiting her parents, Mr. and Mrs. Zack Cummings is in Dallas at present with friends. She has had a month's vacation from her work in San Francisco, California, where she is book keeper for an automobile firm. The parents went to Salt Lake City for a week end, a few weeks back, and Mona and Jean from Denver, returned home with them. Dillah met them and she and her sisters had two weeks together there.
 Dr. and Mrs. Wayne Greer from Lockney with their two small children visited Mr. and Mrs. Albert Stewart on Sunday afternoon and evening.
 Visitors at church on Thursday morning from Lockney were Mr. and Mrs. H. S. Calahan, Sr., Mrs. Jack Calahan, Mrs. Frank Brown and Charlene and Mrs. Rexrode.
 Mr. and Mrs. Grigsby Milton and girls went home with Mrs. Frank Brown and Charlene on Thursday and had dinner and spent the afternoon visiting at the Brown home.
 Mr. and Mrs. Arby Mulder, Nathan and Catherine went to Floydada after church Sunday to have dinner with Mr. Mulder's mother, Mrs. Sippie Mulder.
 Rain amounting to an inch fell on part of Bryan Karr's farm on Thursday afternoon. Higginbotham and others in that vicinity had good amounts and the rain came as far as the south end of the Staniforth farm. While

do much good, it did cool the area, and Thursday evening more scattered showers fell in our neighborhood.
 Mr. and Mrs. Ick Reed and small son from Dumas, spent the past week end visiting Mrs. Reed's mother, Mrs. Lena King and aunt, Mrs. Carrie Bostick here in South Plains.
 Mr. and Mrs. J. B. Thames and children spent Sunday afternoon visiting with Mr. and Mrs. H. S. Calahan Jr. and their girls. They went home from church with them and all enjoyed Sunday dinner together.
 Mr. and Mrs. George Robertson went to Hereford Sunday after church and visited with their daughter, Mrs. Liburn Hamilton and family, and Mrs. Elvin Wilson and family. They had supper together on the lawn at the Hamilton home and afterwards all went to see Mr. Robertson's parents, Mr. and Mrs. G. W. Brumley and their met old friends from Dallas, Mr. and Mrs. Finch and children.
 Mrs. Ruth Burnett and Sharon, from San Antonio, Mr. and Mrs. Alex Cannon, Mrs. Walter Brown and children from Amarillo, and Mr. and Mrs. Bruce Rich from Plainview all went to Carlsbad, N. M., Thursday evening to spend the week end visiting Mr. and Mrs. Bill Harper. The visit was occasioned by the return of Kenneth Harper, who has been in Officers Training Camp, in Virginia, and is home on a twelve day leave.
 Rev. Clifford Potts, Rev. Chas. Joiner and Rev. and Mrs. John Allen had dinner on Tuesday with Mr. and Mrs. John Smithman; Wednesday they were at the home of Mr. and Mrs. Raymond Upton; Thursday at Mr. and Mrs. Bryan Karr; Friday with Mr. and Mrs. Walter Wood, and on Sunday Mr. and Mrs. Grigsby Milton served dinner to the ministers and their families. Supper during the week was supplied by Mrs. L. T. Wood on Wednesday and on Friday by Mrs. Murray Julian. Mrs. Potts visited during the week with her parents, Mr. and Mrs. T. T. Hamilton in Floydada, and on Wednesday evening they were all out to church at South Plains.
 Dinner guests at the home of Mr. and Mrs. Sterling Cummings and Kim, on Sunday, were Mr. and Mrs. Bryan Karr, Elton and Yvonne, and Mr. and Mrs. Shelby Calahan, Beth, Johnny and Jerry.
 Visiting in the home of Mr. and Mrs. John Key West most of last week were Miss Hester West from Abilene and Mrs. David Matthews from Burbank, California.
 Mr. and Mrs. Sim Reeves and Carol from Plainview were at Church in South Plains Sunday evening. Carol is leaving Monday, August 25 for Dallas where she will be an instructor at the Buckners Orphans Home during the coming school months.
 There will be a PT-A meeting at the school house on Tuesday afternoon, August 26, to make plans for the coming months of school and get the lunch room in order, to plan menus and get grocery lists made out for the school term.
 Mr. and Mrs. Dock Jones and children went to Hereford Monday to visit their daughter, Mrs. Davis and family, and help celebrate the first birthday of the newest member of the Davis family, the baby boy.
 Golden Wedding Anniversary
 Mr. and Mrs. W. M. Sanders of Floydada celebrated their

fiftieth wedding anniversary on August 24, Sunday afternoon at the home of Mr. and Mrs. Otho Sanders who live on the Silverton highway near South Plains.
 Open house was held for their friends and relatives during the afternoon from three to five, and one hundred and seven guests were registered during that period.
 Gold and white were the colors used on the dining room table where a beautiful cut work tablecloth was spread over a gold cloth. The heart shaped cakes of gold and white decorated by Mrs. Otho Sanders were delicate and lovely, and they were cut in squares and served with punch, mints and nuts to the guests. The gifts were presented in one of the flower filled rooms, and after congratulations Mr. and Mrs. Sanders and wishing them happiness in the years to come, the guests viewed the beautiful gifts. We send congratulations and best wishes to Mr. and Mrs. Sanders.
 Mr. and Mrs. George Beedy were hosts to Mrs. Beedy's brother, M. Woodrow Martin, his wife and two daughters from Clovis, who came to spend a pleasant week end with the Beedys.
 Mr. and Mrs. Otho Sanders had a singing at their home Tuesday night when a group of old friends from Lone Star arrived. Those who attended were Mr. and Mrs. J. H. Hall and family, Mr. and Mrs. W. D. Nance and family, Mr. and Mrs. Buck Lancaster and family and the following youngsters besides the Sanders immediate family, David Hartman, Sue Jean Lastis, the Rev. and Mrs. C. Y. Pickens and Mr. and Mrs. C. E. Bartlett from Floydada.
 Mr. and Mrs. R. E. Young and children made a trip into Oklahoma over the week end to see an aunt who is ill there, and they returned home on Sunday.
 Grigsby Milton helped move his mother, Mrs. Milton and Linnie to their new home in Amarillo Monday. He took their personal belongings up in the pick up and he was home by night fall. Mrs. Milton and Linnie have lived in our community so long and it is with regret that we see them go so far away.
Birthday Dinner For Bud Higginbotham
 Mr. and Mrs. Bryant Higginbotham were hosts to a group of youngsters and parents on Monday, August 25, when their youngest son, Bud celebrated his birthday with an outdoor barbecue and a supper. The children played games during the evening and Bud enjoyed opening his packages from his playmates. The group then gathered around the barbecue pit and roasted weiners and were served potato salad, baked beans, relishes and lemonade. After the supper, the cake was brought out with seven lighted candles on it, and everyone wished Bud a happy birthday. Small friends who gathered

to help Bud celebrate were Eddie and J. Frank Parks, Donita and Barbara Milton, J. Ronald and Katy Taylor, Winfred and Dale West, Bruce Julian, Yvonne Karr, Jimmie Upton, James A. Higginbotham and the parents present besides Mr. and Mrs. B. Higginbotham were Mr. and Mrs. J. P. Taylor, Mr. and Mrs. Grigsby Milton, Mrs. John Allen, Mrs. Murray Julian, and Mrs. Raymond Upton.
 Mr. and Mrs. J. P. Taylor have started building on their three bed room home and have been working a week on it. We are all very happy for them.
 Rev. Chas. Joiner was a supper guest at the home of Mr. and Mrs. Grigsby Milton and girls on Tuesday evening and they all attended church services together.

You can be RIGHT... when you're wrong!

Asked their opinion, 8 out of 10 motorists rated LEE DeLuxe as a "premium" tire.
 They were right... on performance. Test after test on all roads prove LEE DeLuxe tires deliver a "premium" margin of safety and service.
 But they were wrong... on price! There's NO "premium price" tag on LEE DeLuxe tires. They cost no more than any other reputable first line tire. But what an extra measure of value they deliver!
 We'd like you to know why LEE DeLuxe tire users buy set after set. Come in and meet the "premium" tire minus the "premium price". And our "premium" service goes with it!

First Bale At Quitaque-Turkey

Quitaque. — Both Quitaque and Turkey have received their first bale of this season's cotton crop. Quitaque's coming in today (Thursday) and Turkey's on Tuesday afternoon.

The bale at Quitaque was taken to the Paymaster gin where it was ginned without charge. The cotton was raised on the Oct Payne place south of town which is being worked by Marvin Wheeler, Mgr. Earl Wise of the gin, stated that the bale weighed 415 pounds, was pretty nice cotton, would grade about middling, and the gin bought the seed at \$73 per ton.

The first bale at Turkey was taken to the Paymaster gin there about 5 o'clock Tuesday afternoon by Jamathew Eudy. The bale produced about 430 pounds of lint and 800 pounds of seed. The cotton was classed 13-16 by Roy Fuston of the Paymaster gin. A premium of \$132.50 was made up for the first bale, which was ginned free of charge.

A CLEAN CITY IS A SAFE CITY!

Irrigation Comes To Cottle County

Paducah. — Six farmers in Cottle are beginning to irrigate their cotton fields for the second time as the county continues to starve for rain.

These men — Oney Owens, Jack Tippen, Ewell "Shanks" Walker, Levi Goodwin, Clyde Perkins and Buster Tippen — have begun what is apparently destined to be a successful experiment with irrigation here.

Possibly four more wells will be drilled here very soon. Irrigation could easily help local farmers ease the pressure in their aged-old dependence on the weather.

Oney Owens alone of the group is beginning his second year of feeding moisture to the fields with his two wells. Almost all of the irrigated cotton in the county is doing extremely well.

Although only between 345 and 370 acres are being tried, these few wells could cover a possible 645 acres.

Hard water is no problem with irrigators here as the water used has a total hardness of only 950 parts per million—16% sodium. As comparison, the stream flow east of Hackberry where the road crosses the river has 7640 parts per million.

The water is satisfactory — good to permissible — with good soil management and irrigation practice, according to most reliable sources. It carries 1.62 tons per acre foot of solids.

The seven wells range in depth from 122 to 174 feet and are capable of pumping from 600 to 1,000 gallons per minute. All are eight-inch pumps.

The last five farmers installed their irrigation systems after planting time this year and are having some trouble covering the land. These five wells were drilled with 18-inch holes and 14-inch casing used.

The first two wells, on the Owens farm, were drilled 16 inches and have 14-inch casing. All seven have 120 foot pump settings.

Of the group, Owens is irrigating over 65 acres and could do so; Jack Tippen, 100 acres, potential 85; Goodwin, over 50 — potential 100; Perkins, 50 — potential 80; Buster Tippen, over 40—potential 120.

Terry Perkins Gets Navy Commission

Terry Perkins, son of Mr. and Mrs. Frank Perkins of Lockney was among the men awarded ensigns' commissions in graduation ceremonies at the school's only officer candidate school at Newport, R. I., last week.

Ensign Perkins, who received his commission as an officer of the line, is also a graduate of Lockney High School and Texas Technological College. He is in Lockney at present visiting his parents before reporting to duty on the West Coast.

According to men who know bass best, it's 2 to 1 that the bass will at some time or other knock every fishing theory into a cocked hat. Bass are experts at breaking the rule, so if its a full stringer you're after, you'd better break a few too. Who are we to say whether they should or shouldn't thunderbolt to the surface to down a tempting morsel when they should be cooling off on the bottom in a shady hole? And why expect them to hit that strange lure this summer just because a bronze-back went kill-crazy and smashed it last summer. Chances are he got tired of having it thrown at him.

The point is this, don't be hamstrung by one bait or pet fishing theories. Learn to use your own judgment when a particular set of conditions prevail. Be smart enough to try out a few tricks of your own. Switch plugs often, resort to bushy bass bugs, streamers, try surface baits and deep running lures. Learn to "think like a fish" if you were a bass, where would you go to cool off, warm up, and feed under given weather conditions. Most baits will catch fish, but for real effectiveness they must be "fished" properly. There are three important things to be remembered if your baits are to be given the chance they deserve.

First, you've got to place your lure where fish are at the time you are fishing. About 80 per cent of the water of a lake or stream has no game fish in it, so you've got to locate the depth of water and the kind of cover where you are most likely to find the fish you are after. The next step is to use a lure that is adapted to the depth and kind of water you have selected. Lures are made for definite conditions so make certain you put the lure into the use for which it was designed.

Now least you forget, your fishing and Hunting License expire August 31 and the dove season opens September 1.

Mr. and Mrs. Clarence Maier left this week for an extended trip to the Northwestern part of the nation and will probably go over into Canada. They expect to be gone six or eight weeks.

SUNLOVER

Five gay cotton bags that once contained feedstuffs for the chickens now double as a becoming changeabout costume for a sun-lovin' lass. It's another pretty print from the feed store fashion salon. MEDITATION It is said by some men, that the New Testament writers contradicted themselves on the subject of works. Let us reason together and determine if the writers contradicted themselves, or does present day theology contradict the writers. First, let us notice that the New Testament speaks of three different classes or categories of works. This fact will be born out by the following scriptures. 1. The works commanded of us by God. 2. The works of the law of Moses. 3. Works of our own righteousness, our own invention, works without faith. Let us notice first the works commanded men by God. Matt. 7 verses 24 thru 27. Luke 6 verses 46 thru 49. 1st. John 2 verses 2 thru 4. Let us notice next the works of the law of Moses. Galatians 5 verses 1 thru 4. Galatians 2 verse 21. Romans 9 verses 31 thru 33. Romans 3 verse 20. Romans 3 verse 28. Let us notice works of our own righteousness or works without faith. Ephesians 2 verses 8 and 9. Romans 4 verse 2. 2nd Timothy 1 verse 9. Corinthians 1 verses 29 thru 31. Titus 3 verses 5 thru 8. Let us compare these scriptures sincerely and diligently, and ask ourselves "Did these writers contradict themselves, or do they contradict the things I believe and practice? Man tells us there is nothing we can do to save ourselves, except believe. Or we are justified by faith only. James 2 verses 17 and 24 tells us this doctrine is not so. In Philippians 2 verse 12 Paul wrote and told them to work out their own salvation with fear and trembling. In Galatians Paul said in chapter 5 and verse 6 that faith which worketh by love avails in Jesus Christ. We do the commandments of God because we believe what he tells us to do to be saved and to maintain that plane of salvation. We are not, as we are unjustly accused, trying to earn our salvation, but are trying to do the works that God has told us to do. In Revelations, Jesus said "be thou faithful unto death and I will give thee a crown of life." The doctrine of salvation by faith only has built a paved road to Heaven. In Matthew 7 verses 13 and 14, Jesus said "Enter ye in at the strait gate; for wide is the gate, and broad is the way, that leadeth to destruction, and many there be which go in thereat: Because strait is the gate, and narrow is the way, which leadeth unto life, and few there be that find it." We urge you to think and study the word of God and to do the works commanded by God. You are welcome. Main Street CHURCH OF CHRIST LOCKNEY, TEXAS

September 6th Is Inspection Deadline

September 6th is the deadline for state automobile inspection and the Lockney inspection stations at "Whitey" Baccus and Lockney Auto Co. are both busy. A survey last Monday showed that about 85% of the cars in this part of the county have been inspected, it was reported.

Band Members Are Called To Practice

Members of the Lockney High School band are called to practice sessions Thursday and Friday mornings of this week, according to Shelly M. Lantrip, the new band director. The band will meet at 9 a. m. each day and all band members are urged to attend, he said.

Burglars Raid—

(Continued from page 1) thieves broke into the Seale Drive-In Concession stand last Friday night where they made away with \$14 in cash from the stand and \$37.50 from the cigarette machine. The machine was badly damaged in forcing it open. The thieves in this case knocked a panel out of a door to enter the building. Drive-in theatres at Floydada and Plainview have been struck recently in a very similar way.

New Type Pump Is Demonstrated

A new type lake pump was being used on the Hall Ferguson farm, three miles south of Lockney last week and it appeared to be doing a good job. The pump is a Springer pump, manufactured at Plainview, and it is a new idea in pumping. Made in the form of a screw or auger, the pump is simply an 8 foot piece of 10 inch pipe with a ball bearing on one end and a rubber water bearing on the other. A 2-inch shaft runs through the pipe on which is an auger. The whole pump is mounted on a tandem trailer and is very mobile. The pump is backed up to the lake edge, dropped by a windlass into the water and the pumping started.

Grade School Lunch Room Renovated

The Lockney grade school lunch room building has recently been renovated and improved and is now a very attractive place to eat. The work on the building was completed this week.

On the exterior of the building many of the white asbestos shingles have been replaced. On the interior the floors were sanded, asphalt tile was laid to cover the entire lunch room floor and the interior has been painted.

Other improvements include a new water line to the drinking fountain in the grade school. Previously it has been difficult at times to drink from the fountain due to the lack of pipe from the city mains to the building.

David Huckaby Is Killed In Accident

David Huckaby, 11-year-old son of Mr. and Mrs. J. T. Huckabay of the Sandhill Community about 12 miles south of Lockney, died shortly after noon Saturday in Pitts Hospital in Floydada of internal injuries received about two hours earlier when the car in which he was riding near his home overturned.

David's brother, Gary Dean, 13, driver of the car, was only slightly injured.

The boys had been out to a field to inspect the flow of water from an irrigation well.

Funeral services were held at 3 p. m. Sunday in the First Baptist Church in Floydada with Rev. Dave Chabbin, pastor of the Sandhill Baptist Church, officiating.

Other survivors are a brother, Jimmy, two sisters, Jo Ann and Barbara Gene; and two grandmothers, Mrs. Bill Wortham, Austin, and Mrs. George McMillan, Washington.

BUILDING STUDIO

Mrs. Charles L. Record is building a frame building, 18x22 on the lot just north of Allen's school store at the Lockney grade school and will use it as a studio where she will teach piano and accordion this school term. The building is expected to be ready by September 8 when her classes will start.

Mr. and Mrs. Leonard Brooks of Childress visited Mrs. Ella Marr in the local hospital Sunday afternoon.

Mrs. Willie Anderson week end in Spur where she visited her sister, Mrs. Johns and family.

Some merits of the pump are low operating cost and ease of moving, Mr. Ferguson said. He had the pump attached to a 11 inch canvas pipe and was running from 55 to 90 2 inch tubes. The water was being lifted 7 or 8 feet into an irrigation ditch. The pump lowered the water level in the 20-acre lake on the Ferguson farm about 2 inches per day, Mr. Ferguson said. The new type pump will be made in various other sizes and will retail for around \$800, it was said.
