

# THE LOCKNEY BEACON

SERVING THE RICH IRRIGATED SECTION OF FLOYD COUNTY

VOLUME 51

LOCKNEY, FLOYD COUNTY, TEXAS, THURSDAY, OCTOBER 9, 1952

NUMBER 26

## LONGHORNS TANGLE WITH WHIRLWINDS FRIDAY NIGHT

The Lockney Longhorns and the Floydada Whirlwinds will be playing for the Floyd County football championship Friday night on Wester Field at Floydada and most everyone will be there.

The annual battle between the two Floyd County teams always draws a big crowd and this one will be probably a little bigger than usual due to the doubtful outcome of the game. Game time will be 8 p. m.

The Longhorns have been more or less preparing for this game for two weeks and the Whirlwinds probably longer. Coaches Curtis Kelley and Elvin Lyon were working the boys on running plays Wednesday but no heavy contact work was in prospect. The Longhorns are already beset by injuries and they could be hurt worse if one or two key men were injured. Teddy Cartel, end, who suffered a dislocated shoulder two weeks ago is working out this week and will probably be a starter but will not play the full game, the coaches indicated. Johnnie B. Griffin, reserve tackle, suffered a broken hand this week and will probably not see action and Roger Conner, defensive end, who had an attack of appendicitis last week will probably be back in action, part of the time at least.

The Longhorns will be ready mentally as they always are when they play Floydada and Kelley expects that they will be out there doing their best. The Whirlwinds, with eight starters back from last year's team have been roaring through their opposition with ease. They defeated Paducah 52-0 last week, a team the Longhorns defeated 46-18 the previous week. They have won over Raifs 32-0, and Crosbyton 60-0. They are rated as champions of District 2-AA already although they have yet to play a district game.

Although the Longhorn team has only three starters from last year's team against the Whirlwinds eight starters, and although the Whirlwinds are reputed to have some weight advantage over the Longhorns, it will still be a great battle and it is hard to find anyone in Lockney who believes that the Whirlwinds can win from the Longhorns. The fact that the locals have won over the bigger Floydada school five years in a row will give the Whirlwinds considerable incentive to start the record the other way this year. But the Longhorns will be battling to keep the record clear and that will be some incentive also.

For the Longhorns C. B. Smart, Bill Sherman, Bill Paschal and Norton Baker will probably do most of the ball carrying. Paschal is the man under and will handle the ball. Smart has been the big ground gainer for the Longhorns aided by some effective blocking both in the line and downfield. In the line Co-captains Joe Taylor and Orland Gilbert will be leading the other boys to stop the Whirlwinds in their tracks.

Billy Carmack, quarterback for the Whirlwinds was the big noise in the Floydada boys win over Paducah. He passed and ran for six touchdowns. Adrian Helms is another outstanding back in the Whirlwind lineup.

Probable starting line-ups for the two teams are:

Longhorns			Whirlwinds		
Name	Po.	Wt.	Name	Po.	Wt.
Teddy Cartel	E	175	Brooks Chapman	E	160
Aubrey Cox	E	150	Kerwin Baxter	T	180
Deanie Quisenberry	T	170	Lewis Reddy	G	168
Kenneth Williams	T	185	Don Barber	C	180
Joe Taylor	G	175	Bert Grimes	G	170
Orland Gilbert	E	170	Charles Hartman	T	165
John Dorman	C	165	Franklin Stovall	E	165
Bill Sherman	B	125	Bill Carmack	QB	160
C. B. Smart	B	160	Adrian Helms	HB	158
Bill Paschal	B	200	Connie Bearden	HB	150
Norton Baker	B	160	Dane Clark	FB	170

## Earliest Frost In History Does 10% Cotton Damage

Local gin men are estimating that the Tuesday morning frost in Floyd County did no more than 10% damage to cotton. Some estimates ran as low as 5% and others up to 15% with the average running about 10%.

The frost, hitting on Tuesday morning, October 7, was the earliest in the history of the county as far as The Beacon could determine. A thin skim of ice was found by some people on water outside and Joe Heit, local weather observer, reported that minimum temperature of the night was 32 degrees.

R. E. Patterson, veteran ginmer of the area, said Wednesday that he did not believe the soft bolls would stain the cotton unless another freeze came before they dried out. "I have examined a number of soft bolls and find that the rind is not cracked. Since the rind is not cracked the juice will not get into the cotton and stain it but the boll will sit there and dry out and will make some cotton. If a freeze hard enough to crack the rind had hit with the frost then the cotton would have been stained. I have seen light frosts before such as this one and have never seen the cotton stain unless a freeze comes hard enough to crack the boll."

The frost did a cheap job of defoliation for farmers of the area, however, and will cause cotton to open sooner. An examination of several fields showed that some leaves were still green on the bottom of the stalk and farmers will probably not be able to run strippers until another frost or freeze comes.

There was a wide diversity of opinion among farmers as to the amount of damage. Some farmers were saying that cotton was damaged a third of a bale to the acre while others said the frost would help the cotton harvesting and did more good than harm.

Ginning was picking up this week and the four gins in Lockney reported total ginnings at 1374 while these and gins at Aiken, Lone Star and Sterley all combined had ginned 3150 bales. Some farmers were looking for hands Wednesday and it is expected that a number of hands will be arriving here this week end.

## Two Killed, Five Injured In Floyd County Auto Accidents This Week

### Pledges Of Blood Being Sought

Local people are being asked to sign a pledge to give one pint of blood when the Red Cross Bloodmobile comes to Lockney on October 16. The local committee, headed by Rusty Baccus, are this week signing up local residents with a goal of at least 150 pints of blood. Probably 250 pledges will be sought since some will be hindered in appearing to give the blood, Mr. Baccus said.

"We urge that every able-bodied person volunteer to give one pint of blood on the day the bloodmobile will be in Lockney," Mr. Baccus said. "Not because we have a certain quota to reach but because the blood can really save a soldier's life. It's the least we can do for the forces in Korea. A pint of blood is badly needed by the fighting forces."

The pledge cards were being distributed through clubs as well as workers and Mr. Baccus said that a table would be set up in Lockney Drug Friday and Saturday of this week to secure blood pledges. Those who have cards are asked to sign them and return them to Mrs. Thelma Hodel soon. The signer may designate the time of day which will be most convenient.

"There is no substitute for blood and no way has been found by which a synthetic may be manufactured," Mr. Baccus said in discussing the need for whole blood. "Basically, whole blood has never been synthesized. The only source is the human body and that is likely to remain its only source. Plasma, the fluid part of the blood, may some day be successfully manufactured from plentiful chemical but it has not yet been done."

A man lives only a matter of minutes without a constant supply of oxygen carried to his tissues by red blood cells. It was explained. Plasma is blood with red blood cells removed. It is a natural body fluid and performs some of the functions of whole blood.

## Billy Terrell Killed Tuesday

Funeral services for Billy Earl Terrell will be held at the First Baptist Church here today (Thursday) at 2:30 p. m. with Rev. N. S. Daniel, local Methodist pastor, and Rev. R. E. Campbell of Plainview officiating. Interment will be in Memorial Park cemetery at Plainview.

Billy Earl Terrell, 18-year-old son of Mr. and Mrs. W. E. Terrell, who live two miles south of Lockney, died Tuesday night about 8:30, an hour after he was injured in an auto collision at the corner of West College Avenue and Southwest Fourth Street. Terrell's car collided with one driven by Mrs. Jesse R. Byrd who lives in West Lockney.

Injured in the accident was Miss Joann Samples, daughter of Mr. and Mrs. C. H. Samples, who was riding with Terrell and Mrs. Byrd. Miss Samples received a broken jaw and a cut on the head and Mrs. Byrd received cuts and bruises. Neither were believed to be seriously injured although Miss Samples is in the Lockney General Hospital for treatment.

Terrell, driving a 1951 Plymouth was traveling north on Southwest Fourth street and Mrs. Byrd, driving a 1949 Ford, was traveling east on College Avenue. The Byrd car struck the Plymouth about the rear door as Terrell dodged to the right to avoid the collision. The Plymouth apparently turned over and landed on its top and then rolled 180 feet coming to rest on all four wheels a half block down the street and headed in the same direction it had been traveling. Miss Samples was thrown out of the car the first time it went over which possibly saved her life. Terrell was found lying about a car's length back of the car. Gasoline from the gas tank caught fire and burned along the trail the car had followed as it rolled over.

Terrell suffered a broken back, a crushed chest and a punctured lung, it was reported. He was brought to the Lockney hospital where attending physicians put him under an oxygen mask and gave him glucose. He was then rushed to the Plainview hospital in a Carter ambulance but died enroute. He was conscious for a time after the accident.

Mrs. Byrd was thrown from her car in the accident but escaped with minor injuries.

Billy's parents were in East Texas in a business and pleasure trip at the time of the accident and were not located until 10:30 Wednesday morning. They arrived in Lockney about 5 p. m.

Survivors include his parents, one brother, Jerry, two sisters, Clyde and Judy, his paternal grandmother, Mrs. J. T. Terrell of Plainview, and his maternal grandparents, Mr. and Mrs. Clyde Young.

No announcement concerning funeral services had been made late Wednesday.

## Plunkett's Show To Appear Here Oct. 13

Plunkett's big new stage show will set up in Lockney on Monday, October 13 for a three night stay. The big tent will be erected on the lot just south of the Lockney General Hospital.

The tent show appeared here about three years ago and drew good crowds. It is reputed to be a clean show featuring comedy, trained animals, trampoline and acrobatics.

An entire change of program will be made each of the three nights with a 3-act comedy and vaudeville be the feature attraction. The doors open at 7 p. m. each night and the show starts at 8 p. m.

## FLOYD COUNTY, TEX.

**FLOYD COUNTY WINS**—The outstanding exhibit of agriculture at the Panhandle South Plains Fair was displayed by Floyd County and arranged under the direction of Bob Gibson, county agent. The display, judged on backboard, the foreground and products,

was awarded the \$100 first prize in competition with six other counties. Floyd County placed second in 1951. Shown above are, left to right, Walter Y. Wells, general superintendent of the Agriculture Department at the Fair, and Gibson.

Tragedy rode the highways of Floyd County the past week, resulting in the death of two persons and injury to five others, one of them seriously, in auto accidents.

Dead are Tom J. Smith, 50 years of age, killed Sunday night when the car in which he was riding turned over about 3 miles northwest of Floydada on Highway 70, and Billy Earl Terrell, 18-year-old son of Mr. and Mrs. W. E. Terrell, killed Tuesday night in an auto collision in west Lockney.

The injured are Louis R. Steel, driver of the car in which Smith was riding, Joann Samples, daughter of Mr. and Mrs. C. H. Samples, who was riding with Terrell, Jim Bazore and Paul Louis Ross, injured in an auto accident near South Plains Sunday and L. W. Salesbury, hurt in an accident at the highway intersection in southeast Lockney Sunday afternoon.

The accident which claimed Smith's life happened when the driver started around a line of carnival trucks and met another car, friends of the man reported. He was forced into the bar ditch and the car overturned several times, throwing Smith about 20 feet. He suffered a fractured skull, and chest injuries. Steel was brought to the Lockney General Hospital by Carter ambulance where he was treated for a broken leg, lacerations and abrasions. They were traveling west at the time of the accident.

**Boy Seriously Injured**  
Paul Louis Ross, 13 year old Plainview boy is in a very serious condition in the Plainview hospital. He was injured when a pickup truck he was riding in overturned Sunday on a country road a mile east and a mile south of South Plains. The boys has head and internal injuries. Jim Bazore, driving the pickup, was treated for minor injuries. Both were brought to the Lockney General Hospital and the Ross boy was later transferred to the Plainview Hospital. Bazore was dismissed from the hospital after treatment.

**Intersection Accident**  
L. W. Salesbury received first aid treatment for cuts on the forehead Sunday afternoon after an accident at the highway intersection in southeast Lockney. Salesbury was riding with William Hollis Tanner of Floydada and the Tanner car had driven up to the highway intersection and stopped, according to Highway Patrolman Thurman Keffer. A car driven by Billy Loyd Thurman, coming in from Floydada turned off the highway onto the Lockney loop and side-swiped the Tanner car, it was reported. Thurman is the 14-year-old son of Mr. and Mrs. Ted Thurman of Lockney. Tanner and Thurman were not hurt in the accident.

**Funeral Services Tuesday**  
Funeral services for Mr. Smith were held Tuesday afternoon at the Carter Funeral Home with Rev. A. C. Hamilton, Baptist pastor at Plainview officiating. Interment was in the Floydada

## CASH MARKETS

Poultry	
Heavy Hens, 4 lbs. and over	18c
Light Hens, under 4 lbs.	16c
Cocks, pound	6c
Eggs, No. 1 dozen	50c
Geese, pound	12c
Ducks, pound	12c
Young Tom Turkeys	20c
Young Turkey Hens	25c
Cream	
Butterfat, No. 1, pound	68c
Hides	
Hides, No. 1, pound	5c
Grain	
Wheat, per bushel	\$2.18
Milo, per cwt.	\$2.85
Alfalfa Hay	
No. 1 dehydrated, in field, per ton	\$25.00
Baled hay, at mill, per ton	\$30.00

Try a sandwich spread, creaming butter with a pinch of mustard, a touch of lemon juice, and a suggestion of chopped parsley. Use whole wheat bread. This spread can be made in advance and stored in the gas refrigerator until ready for use.

Use the simmer burner of your automatic gas range when making soup with turkey bones for stock. Season them well with chopped onions, parsley, carrots and herbs. Long slow cooking makes this combination a welcome dish for the whole family.

### Longhorns Win From Kress 33-12

Statistics	
	Lockney Kress
First downs	12 9
Yards rushing	272 105
Yards lost	2 33
Passes attempted	8 4
Passes completed	3 1
Yards passing	102 49
Interceptions	0 1
Yards of penalties	45 20
Opponents fumbles recovered	3 1

The Lockney Longhorns won their first district game of the year from the Kress Kangaroos last Friday night playing on Mitchell-Zimmerman field here. The score was 33-12.

The Longhorn first stringers played the first half of the game running up a 33-0 score and then Coaches Curtis Kelley and Elvin Lyon put in reserves and B string and allowed them to play until the final few minutes of the game. Kress scored twice against the reserves, but was unable to make one first down against the Longhorn regulars.

A pass from Paschal to Smart was good for the first Longhorn score early in the first quarter. It covered 55 yards. Sherman kicked the point to make it 7-0. A pass from Sherman to Foster was good for 15 yards and a second score soon afterward. Norton Baker, Longhorn full-back bucked over for the third and fourth scores. Little Bill Sherman carried over from 10 yards out for the final Lockney score early in the third period. He also kicked three of the five point attempts.

Kress scores came in the third and fourth periods and late in the game Kelley sent the first string back into the game. They quickly drove down to Kress 8-yard line where the final whistle caught them before they could score.

The Longhorns kicked to Kress who returned the ball to the 21. A 5 yard penalty for offside against the Longhorns was called but on the first play the Kangaroos lost five, then made 5 and lost 1. They kicked to the Lockney 50. Two plays made 4 yards and a fumble was recovered but lost a yard. On fourth down the Longhorns carried for no gain and the ball went to Kress on downs on the 43. The Longhorns were again penalized five yards for offside and a fumble lost 15 for the Kangaroos. They made 2 and then Taylor broke through to drop the ball carrier for a 2 yard loss. The Kangaroos kicked and it was returned to the Lockney 43. Paschal passed to Smart who went over standing up for the touchdown. Sherman kicked the point to make it 7-0.

The kick-off was returned to the Kress 27 and on the second play a Longhorn recovered a fumble on the Kress 26. Smart

made 2 yards and Sherman a third period and could go no further. A fumble gave the Longhorns the ball on the same line. Sherman carried over for the score and kicked the point to make it 33-0.

The kick was returned to Kress 28. Kress failed to gain and kicked out on the Longhorn 10 yard line. With Baker, Smart and Paschal alternating in carrying the ball the Longhorns made first downs on their own 25, on the 47, on the Kress 29 and then Smart carried over for the score. However, the play was nullified by a penalty and the Longhorns penalized 5 yards. The drive started again going to the Kress 10 where a fumble was recovered by a Kangaroo. The Kangaroos handed the ball back to the Longhorns on another fumble this time on the Kress 5 yard line. From this point the Longhorns drove over for the score. Sherman kicked the point to make it 19-0.

The kick was returned to the Kress 29. The Kangaroos couldn't go and kicked to Sherman on the 30. A hand-off to Smart carried to the Kress 35 but the Longhorns were penalized 15 yards for clipping. Sherman then carried to the Kress 30 for a first down. Two passes were incomplete and Smart made 2 then Paschal connected with Sherman on a pass to the Kress 10. Baker drove over for the score and Sherman kicked the point to make it 26-0. This ended the first half of the ball game.

Band performances at the half-time period were both very attractive and interesting. The Kress band formed a football, a letter L and then the letter K. They played the school song and other numbers.

The Lockney Band show had an Indian theme. The band members formed a teepee on the field and held an Indian war dance. A part of the members went over to the Kress side and formed a K but the remaining group immediately made war on them. However the whole thing ended with a peaceful note as the groups sat down and smoked a peace pipe together.

The Kangaroos received the

ball on their own 10 to start the third period and could go no further. A fumble gave the Longhorns the ball on the same line. Sherman carried over for the score and kicked the point to make it 33-0.

Here the Longhorn reserves took over and the Kangaroos started a drive. They made their first down of the ball game on their own 30 but a 15 yard penalty for holding stopped the drive and Jimmie Williams brought the kick back to his own 40. The Longhorns made a first down on the Kress 46. A penalty also stopped the locals drive and Hance brought the kick back to his own 30. They started another drive making first downs on the Kress 44, on the Lockney 46, a pass was good to the Lockney 26, another first down on the Longhorn 16, and then drove over for the score. Try for point failed. Score 33-6.

Williams brought the kick back to the Lockney 25 and the Longhorns started a drive of their own. They made first downs on the 50, on the Kress 38, but a pass here was intercepted by Kress who returned to the Lockney 46. Foster dropped the ball carrier for a 9 yard loss but another pass was good to the Lockney 21. The Kangaroos drove for a first down on the Longhorn 10 and then an offside penalty aided the Kangaroos in going over for another score. Try for point failed and the score was 33-12.

Kelley sent the first string back in at this point and Sherman took the kick back to his own 30. The Longhorns quickly drove down the field making successive first downs but the final whistle caught the ball on the Kress 8 yard line.

The mean diameter of the earth is 7,920 miles.

### MEDITATION REMISSION OF SINS

This is a subject which should be of importance to everyone. All ought to be concerned about the remission of their sins. It is a subject that can not be considered in the light of human reasoning. Some try to make "light" of the scriptural teaching on the remission of sins by human reasoning.

John 3:5 "Jesus answered, Verily, verily, I say unto thee, except a man be born of water and of the Spirit, he cannot enter into the kingdom of God." Some will try to explain away the water that Christ mentions here by trying to apply it to the physical birth. Dear friends this cannot be done. In verse three, Jesus said, "Except a man be born AGAIN . . ." Verse five tells how we are born again. Also, wouldn't it be foolish to tell a man that he had to be born (physically) before he could be born (spiritually). Now, can you have the remission of your sins except you be in the Kingdom.

Acts 2:38 "Then Peter said unto them, Repent, and be baptized every one of you in the name of Jesus Christ for the remission of sins . . ." Some try to explain this passage away by saying that the for here is "because of." Let us notice. The Greek word here translated "for" (eis) means unto, into, in order to. To further prove the point. In Matt. 26:28 we have exactly the same phrase used. "For this is my blood of the new testament, which is shed for many FOR THE REMISSION OF SINS." Now for those that would try to make for (eis) in Acts 2:38 mean "because of," does the for (eis) in Matt. 26:28 mean "because of."

Again, in Acts 22:16. "And now why tarriest thou? arise, and be baptized, and wash away thy sins, calling on the name of the Lord." Friends, how can we misunderstand such language?

Eph. 5:25-26 "Husbands, love your wives, even as Christ also loved the church, and gave himself for it: That he might sanctify and cleanse it with the WASHING OF WATER by the WORD . . ." What is this by being born of water and the Spirit. Did not the Spirit give the Word?

Rom. 6:7 "For he that is dead is FREED from sin." How do we become dead that we might be FREE from sin. Read the third and fourth verses of the same chapter. "Know ye not that so many of us as were baptized into Jesus Christ were BAPTIZED INTO his death? Therefore we are buried with him by BAPTISM into death . . ." Now who is DEAD that there might be a "freeing" from sin. How do we become dead in the sense that Paul used it on this occasion?

Now, a scriptural baptism is not just a DIPPING in water. There are things which must precede immersion in water before it is baptism according to the scriptures. It must be preceded by faith, Acts 16:31. It must be preceded by repentance. Acts 2:38; 17:30. So Paul in the Colossian letter Chapter 2 verse 12 describes it thus: Buried with him in baptism, wherein also ye are RISEN WITH him through the FAITH of the operation of God . . . CAN YOU SAY IN VIEW OF COL. 2:12 THAT BAPTISM EXCLUDES SALVATION BY FAITH. IT IS IN FAITH THAT WE ARE BAPTIZED AND RISEN WITH HIM." Do you have faith in the Word of God, in view of all of the foregoing scriptures, if you say that scriptural Baptism is not essential to the remission of sins.

COMPANY

28 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

Staff Made

Bonnie Cox, specialist for the Extension Service of M. College since appointed acting demonstration leader October 1. She will be Hearn who is leave of absence Extension Service un assignment in

agent in Guadalupe and Jackson Counties and as district agent. She taught for one year in public schools previous to entering the Extension Service.

Miss Cox is a member of the American and Texas Home Economics Associations; Delta Kappa Gamma; Epsilon Sigma Phi; and the Bryan-College Station Business and Professional Women's Club.

Mae Belle Smith, acting district agent, has been appointed acting organization specialist to do other organization work during the year.

A farm building burns somewhere in the United States every fifteen minutes. Many of these fires could be prevented if rural residents would take the time to seek out and remove fire hazards from their premises.

State-wide women's organizations in Texas will conduct a volunteer registration campaign beginning November 11 and ending on the 27th to promote a home family plan for Civil Defense.

We'd rather have a wart on our nose than a debt on our hands.

SHE IS A TOP COOK — Mrs. A. H. Kreis of Floydada proved that she is one of the better cooks on the South Plains when she won three awards in competition for pickles, and canned fruits and vegetables at the Panhandle South Plains

Fair in Lubbock. She is shown above holding her first prize jar of pinhead green beans and the second prize jar of pickles. She also won third prize for plum jelly. Entries and attendance at this year's Fair is breaking all previous records.

Agriculture Gets Top Billing At Texas State Fair

College Station. — Texas' two billion dollar agricultural industry is being featured at the 1952 State Fair of Texas, October 4-19, in 12 exhibits which graphically illustrate the big story. The Story Book of Texas Agriculture idea, which proved popular with last year's 2,000,000 fair visitors, is again being used but with redesigned displays featuring sound effects, animations and live animals.

The Agricultural Extension Service of the Texas A. and M. College System is responsible for the story book phase of the agricultural exhibits. Each of the 12 Extension districts will present a large show-window type exhibit depicting agriculture in the area. 4-H Club and Negro Extension work will also be portrayed in appropriate exhibits.

The exhibit representing the Panhandle area will feature wheat; the South Plains, fattening hogs on grain sorghum and live pigs will add life to this display; the Rolling Plains will feature chemical control of mesquite; corn will get top billing from the North Texas area; a mechanical dairy show, wearing a wreath of Tyler roses and "giving milk", will emphasize the importance of the dairy industry in Northeast Texas; mechanical cowboys busy branding a steer will be used to add interest to the beef cattle exhibit from the Trans-Pecos area; wildlife, represented in two live fawns and stuffed turkeys and quail, will stress the value of this resource to the Edwards Plateau area.

Also from the Heart of Texas, a mechanical crow and scarecrow will talk over—Texas style—the latest developments in agriculture in their section; colored pictures and a brooder house full of live chicks will be used by the Piney Woods district to emphasize the importance of broiler production and improved rural living in their area; pecans will feature the South Texas exhibit and a mechanical sheller will be operated by Connie Cracker; diversification and farm family activities — mechanized — will come from the Gulf Coast district and the Rio Grande Plains will feature cotton.

All exhibits or book chapters will be correlated with a Texas sized map showing the many and varied soil type areas of the state. These and many other exhibits dealing with agriculture will be housed in the Fair's Agriculture Building. Youth and adult alike should

find the answers to a lot of questions that may have stumped them by making a careful study of the exhibits. Most citizens of the state are either directly or indirectly affected by what happens to agriculture and all are urged to visit the agricultural show when they visit the fair.

If crookedness and thievery continue, the life insurance companies had better be selling fire insurance policies to some people, 'cause they'll sure need 'em where they are going.

He who thinks himself more cunning than others is merely deceiving himself.

GOOD HEALTH

Answer to Question No. 1: Most skin moles are harmless birthmarks. If, however, any mole or wart shows change in size or color, consult your doctor. He will probably advise removal and examination of the tissue to learn if cancer is present. Moles, if located where clothing irritates them, should be removed as a precaution.

Answer to Question No. 2: Modern medicine is a vast and complex science. It is impossible for any one doctor to know everything about all the different branches. Different specialists may work together as a team or group so that any one patient

may benefit from their combined knowledge and special skills. Some groups include members of allied professions such as dentists and physical therapists. Answer to Question No. 3: Every infant should be vaccinated against smallpox and given inoculation against diphtheria and whooping cough. Repeat before entering school. Children should also be immunized against tetanus upon entering school, when play may result in the puncture-type wounds that could become tetanus infected.

## Warns Of Scarlet Fever Danger

Austin. — The State Department of Health has just issued a warning in regard to scarlet fever, as the number of cases usually increases during the fall months. The majority of deaths from this disease occur from October through February.

Scarlet fever is a very contagious and serious disease. Grown people may contract it, but children under 15 years are especially apt to have it, if exposed. It is especially dangerous for children under 5 years, and Dr. Geo. W. Cox, State Health Officer, warns mothers to "not let your children take any chances with scarlet fever. Call the doctor as soon as the first symptoms appear."

If your child has contracted scarlet fever, the first signs you may notice are that he seems tired, restless and out of sorts. Usually, there is a sore throat, chills, vomiting, or convulsions and fever. His skin is dry and hot. His tongue is furred, and, under this white coating, it is red and swollen. In ordinary cases, these early signs are followed in a day or two by a rash. Little flat red points, close together, appear first on the neck and chest and soon the rash, very red in color, spreads over most of the body.

The doctor is required by law to report the case to the local health officer. Do your part by following carefully the quarantine instructions which the health officer will give you, since a severe or fatal case of scarlet fever may develop from contact with some one who has a light attack. Children who have had scarlet fever, or who have been exposed, must not return to school until permission is given by the health officer and physician.

### DATE BAIT

There will be stars in the eyes of a young college belle when she swaps the eyes of the stag line in July 'n Jill's lovely date frock of rich Merrimack velveteen. Head embroidery on the white bordered tank top adds elegance, and the princess line flatters the slim figure, the National Cotton Council says.

## Do Your Frozen Foods Score?

College Station. — How do the foods you prepare for your home freezer score? Probably high with your family when they eat and very high with you when time is saved in preparing the daily meals.

If you're entering any of your frozen food products in the State Fair this fall, you'll have a chance to learn how to score them. The foods and nutrition specialists for the Agricultural Extension Service of Texas A. and M. College have a score card for this purpose.

First, how practical is the selection of the food? Does it supplement the family food supply whether it was fresh, frozen, canned or preserved in some other way.

The specialists say the second part scores the method of preparation. Were the vegetables properly scalded before they were quick frozen. Are the fruits still bright because they were treated to prevent discoloration? Were the chickens properly bled? Are the baked products of good quality?

Then the scores considers the pack. Is there an air-tight seal on the container? Is it filled adequately? Is the package labeled. Is there an outside protective covering such as moisture proof cellophane container.

The fourth item on the score card has to do with the quality of the food. Does it taste natural? Is the color bright? Has there been any dehydration?

Check with your county home demonstration agent for the bulletin on freezing foods.

Mrs. A. E. Thornton of Ralls spent last week here in the J. P. Truett home. She is an aunt of Mrs. Truett.

A CLEAN CITY IS A SAFE CITY!

## MARS Now Available For Messages To Service Men

It is now possible for the public to employ the facilities of the Military Affiliate Radio System (MARS) in sending messages and greetings to personnel in the service anywhere in the world except combat zones and "Iron Curtain" countries, according to information received at Texas Military District headquarters.

The purpose of the MARS program is to train its members for use during emergencies and

disasters. This training will be greatly enhanced if the public responds by using this service. MARS members thereby would handle a large volume of traffic which will increase operational efficiency, declared Maj. J. R. Bates, radio officer of the Signal Corps Section, Fourth Army headquarters.

The public is invited to send messages—especially to personnel in the Armed Forces. Messages must be written and deposited with their nearest recruiting station which will send them to a "ham" station for transmission. Individuals desir-

ing to send messages via MARS are requested to provide name, rank, serial number, APO and organization of addressee.

Members of Fourth Army MARS have been requested to notify their respective local recruiting station indicating their willingness to act as message outlets and to also make arrangements for the handling of messages. Although there are MARS stations at most locations where messages would be dispatched, it is possible in some cases that messages would not be delivered due to lack of MARS facilities. It is pointed out that

if a message is of importance, it should be sent through normal commercial channels. Follow-up messages may be sent by MARS.

The service rendered by "ham" radio operators during all types of emergencies is well known throughout the world. When the North Koreans struck in Korea during June 1950 one of the primary means of communications between Japan and Korea was "ham" radio stations.

Very recently, as a result of the efforts of the "hams," the evacuation of some civilians at New Braunfels and Seguin was greatly enhanced by continuous com-

munication which securing of military other materials to accomplish this task.

The dairy cow is eight weeks pregnant during this dry period comes with milk during the next lactation and a better calf.

To do his job right must have the very best information.

GO TO CHURCH

## You brought him back alive . . .

Out of every 100 wounded American servicemen who reach the most forward hospitals in Korea, 97 are being saved.

If that sounds like a statistic, remember that it's based on flesh—and blood. *Your* blood.

Among the 97 that your blood can help bring back alive are such statistics as the tall, skinny kid on the next block . . . the husband of the woman you met in the grocer's . . . or someone with the same mail address as yours . . .

Remember, too, that the need for blood has never been so great.

Today, your Armed Forces are short 300,000 pints of blood a month. Precious reserves of blood and plasma are vanishing at an alarming rate.

We tell you this because we don't think you have to be coaxed or coerced into giving blood. We think that, like many good Americans,

you probably haven't realized how serious the situation is. Knowing that it is serious, we know you're going to give blood. Perhaps, even made a date to do so already.

Please keep that date. You'll find yourself in swell company because everyone is rolling up his sleeves these days, from the man to the mayor.

Get on line with them now . . . the effort required is negligible, the reward beyond any estimation. The blood you give today saves someone's life tomorrow!

What Happened to that Pint of Blood You Were Going to Give?

LETTERS TO THE EDITOR

September 18, 1952

To All Texans:

I am a housewife, and I am a Democrat (or am I?) who is going to vote for Eisenhower. Also, I intend to split the ballot to do it. Since he is a Republican, and the man I want for President—I don't see why anyone should hesitate to vote for the man they want. We are Democrats, but we are, or should be, first of all, Americans. Americans who will fight for their Constitutional rights, by voting for the people they believe will help them do this, for the people who will work to better this country and everyone in it, instead of filling only their own pockets and those of their friends.

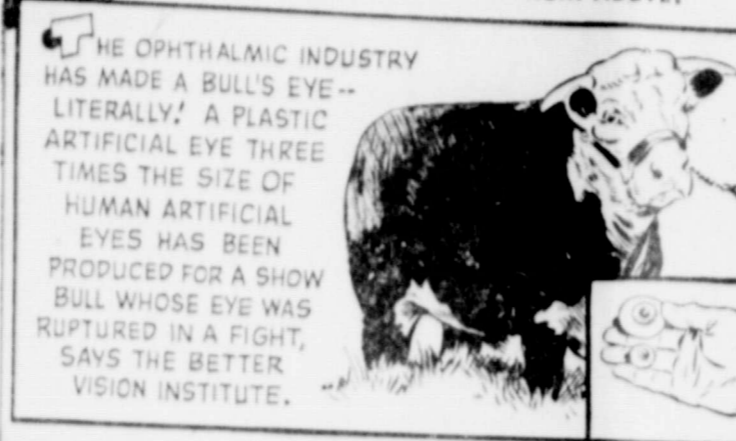

I believe that Eisenhower is just as honest and sincere in his desire to help the people—all the people, as anyone could be. I believe he would walk softly and carry a big stick—and use it if he needed to. If every person who wants a clean government, and a better life for all Americans as well as the rest of the world, would get behind Ike and support him, a whole lot of that mess in Washington and the mess the whole world is in would be cleaned up.

I do not believe that Stevenson is interested in the American people. I believe he was chosen to feather the nest of the Democratic leaders, and to give them more power. Power over the American people, that is. If they

FOOD FOR THOUGHT

How may I be a Christian?  
Many are not satisfied to take God's plan of salvation, they seek to add such good works as church membership, baptism, and the keeping of other commands that Christ gave us. We should never minimize Christian works but we should put them in their proper place. No where in all the Bible is salvation dependant upon works. God says in Eph. 2:8-9 "For by grace are ye saved through faith; and that not of yourselves: it is the gift of God: NOT OF WORKS lest any man should boast."

NOTICE TO YOUNG PEOPLE

We have added a new class in your department. Mr. Eldon Roberts is the new teacher and has the older boys class. The three girls classes have been rearranged to make for a better Young Peoples Department.

LET'S GO

A complete set of officers and teachers have been elected for this new year. Their success depends upon your cooperation. Let's make this the greatest Sunday School year yet.

can take the tidelands, who knows but they'll be taking our farms next. Truman and Stevenson don't know the meaning of the words "Fair Deal." I believe in a square deal, and the only way we can get a square deal is to elect Ike. He's the man who I believe will do ALL HE CAN to give us a square deal in every deal. I believe that Ike would listen to any deal and weigh all evidence before saying "I will do this or that." I believe he will admit when he is wrong and try to right his mistakes. Stevenson or Truman wouldn't and won't. Haven't yet, anyhow. Oh, Stevenson has his points—a great sense of humor, for instance. He can laugh and joke about the Korean war when our boys are fighting and dying over there. He can laugh and joke about the high cost of living when every housewife knows how hard it is to make ends

## Brownie Troop Makes Dolls For Hospital

Members of Brownie Girl Scout Troop No. 2 of Lockney have recently made a doll and a wardrobe and presented it to the Lockney General Hospital for use of small patients. They also gave some Bible story books to the hospital and to the polio ward of the Plainview hospital.

Mmes. Wallace Allen and F. O. Schacht are leaders of this Brownie troop and the members are: Bonnie Catherine Allen, Bertha Amaya, Ann Brown, June Caldwell, Marie Harris, Laveta Jones, Kay Martin, Kathy Potts, Ruth Ann Rivers, Charlotte Seago, Margaret Schacht, Charlotte Ann Taylor, Rhea Watson, Barbara Ann Withrow.

## H. D. Club Meets With Mrs. Cooper

The Lockney Home Demonstration Club met in the lovely new home of Mrs. Howard Cooper on Thursday, September 25.

The meeting was called to order by the president, Mrs. Thomas Marr. Roll call was answered by "What Have I Planted Today—Seed or Deed?"

The capital report was given by Mrs. Thomas Marr. Mrs. S. J. Latta gave a very interesting report of her trip to the THDA Meeting held in Kingsville.

Miss Lelia Petty gave a report on new fall styles.

Refreshments were served to Mmes. Ross Cooper, I. A. Applewhite, J. S. Hill, N. S. Abbott, W. M. Whorton, F. L. Brown, Henry Bowman, F. L. Anderson, Garland Sams, Frank Messimer, M. D. Lynn, M. S. Johnson, Raymond Watson, E. L. Stapp, W. E. Marr, L. W. McCuiston, Thomas Marr and the guests Mmes. S. J. Latta, J. H. Berry, Guy Sams, Clyde Hill, Harmon Mills and Miss Lelia Petty.

The next meeting will be held on Thursday, October 9 in the home of Mrs. N. S. Abbott.

Mr. and Mrs. Ed Whitfill spent last week end visiting with her sister in Brownfield, Texas.

## Bostick-Whited Vows Read

Mrs. Carrie Bostick and Mr. Gus Whited were married in a simple ceremony performed by the County Judge in Clovis, New Mexico on Saturday, September 27.

Mrs. Whited is employed at the Lockney General Hospital.

Mr. Whited is employed with the Bryan and Hoffman Road Construction Company. They will make their home here.

## Eastern Star To Have Call Meeting

The Lockney Order of the Eastern Star will have a call meeting Monday night October 13 at 7:30 p. m. for the purpose of initiation and the celebration of the Chapters birthday.

All members are urged to attend. Hostess for the evening will be Georgia Readhimer, Maye Crager, Mary Ruth Blanchard and Mable Stapp.

## P. T. A. TO MEET

The C. N. Townsend P. T. A. will meet Tuesday night, October 14 at 8 p. m. at the Baptist Church. The theme of the program will be "Faith in our School."

Ernestine Spradlin will present a piano solo and Junior Williams will sing a solo.

Superintendent W. C. Irons will be the guest speaker.

Delegates will be elected to send to the State Convention.

All members are urged to attend.

## EASTERN STAR MEETS

Lockney Order of Eastern Star met Monday night, October 6 in a regular meeting. In the absence of Worthy Matron and Worthy Patron Loraine and Herman King, Myrtle and Frank Messimer filled their stations.

The study group voted to begin study Tuesday afternoon at 2:30 in the Masonic Hall. All members are welcome.

Eastern Star School will be December 13 in Plainview.

MRS. LAFAYETTE BOONE

## Fortenberry-Boone Vows Solemnized In Church Friday

The Assembly of God Church in Lockney was the scene of the marriage of Miss Patsy Fortenberry, daughter of Mr. and Mrs. Tom Fortenberry of Cedar Hill and Lafayette Boone, son of Mr. and Mrs. Marvin Boone of Sterley. The double ring ceremony was performed Friday, October 3 at 7:30 p. m.

Rev. Olan Beauchamp officiated at the candle light ceremony before an altar decorated with arrangements of white mums in baskets of Jade and Emerald with white wedding bells in the center of the arch.

Proceeding the ceremony, Mrs. Troy Ray, accompanied Mrs. Leighton Teeple as she sang "O Perfect Love" and "I Love You Truly."

"Because" formed the musical background for the vows. The traditional wedding marches were used.

Given in marriage by her uncle, Mr. George Taylor of Lockney, the bride was attired in a full length gown made of white nylon net over satin with long pointed sleeves. Rhinestones outlined the net yoke. Her fingertip veil of illusion fell from a seeded pearl tiara. She carried a white Bible topped with feathered carnations and white stock flowers with white satin streamers.

Miss Gydolene Beauchamp was maid of honor. She wore a rainbow net and taffeta gown with an acaolotte of pink net. She carried a bouquet of pink carnations.

Bridesmaids were Mrs. Eddie Joe Fortenberry and Miss Eldora Boone, sister of the groom. They wore orchid net and taffeta gowns and carried a deep purple aster bouquet.

Melvin Keim served as best man. Eddie Joe Fortenberry and Garland Tucker, cousins of the bride, served as ushers to the 150 guests.

The candlelighters, cousins of the bride, Misses Lawuana Ann Taylor and Nelda Fortenberry were dressed in orchid net and taffeta with white carnation wrist corsages.

The traditional something old was a diamond ring belonging to her aunt, Mrs. Naoma Stevenson. Something new was her wedding dress which was made by her grandmother, Mrs. T. M. Smith, something borrowed was a handkerchief from Mrs. Eddie Joe Fortenberry and something blue was a garter.

For her daughter's wedding, Mrs. Fortenberry chose a grey suit with black accessories. Mrs. Boone chose a plum color suit with black accessories.

## Reception Is Given

Immediately following the ceremony a reception was given in the church parsonage by Mrs.

Olan Beauchamp, Miss Sharrine Strickland presided at the brides book where eighty guests registered.

Misses Norma Dean Kelly and Darlene Fortenberry presided at the serving table which was laid with crocheted cloth with pompoms surrounding the punch service. The three tiered wedding cake was topped with a miniature bride and groom.

For the wedding trip to Carlsbad, New Mexico the bride chose a plum color suit with black accessories. The couple will be at home in Childress after October 8.

Mrs. Boone has lived in the Cedar Hill community all her life. She graduated from Lockney High School with the class of 1950. Mr. Boone is a graduate of the Turkey High School. He is employed as a telegrapher for the Ft. Worth & Denver Railroad Company in Childress. He was recently discharged from the armed forces after serving in Korea.

## Bobby Miller Has Birthday Party

Mrs. Bob Miller entertained her son with a party on his sixth birthday Sunday, October 5 from 3 to 5 p. m.

Refreshments of individual cakes with candles and ice cream were served to Paul Barker, Marsha McClelland, Donna Lynn Record, Sandra and Carla Smith, Cheryl Catham, Mike Crum, Joe Holt, Jr., Sheryl Kelley, Tommy and Mike Willis, Tommy Joe Sherman, Francis and Mark Montandon and Joe Dean Hammond.

## "Atomic City" To Show At Plains

A timely and compelling film drama about the people who tensely live and work within the guarded walls of the huge atomic energy plant at Los Alamos, New Mexico, will be on view at the Plains Theatre Tuesday and Wednesday of next week when Paramount's "The Atomic City" plays.

Actually filmed at Los Alamos as well as in Santa Fe, downtown Los Angeles and the 1,400-year-old Puye Indian cliff-dwelling ruins, "The Atomic City" is a fictional thriller that considers what might happen if enemy agents tried to pry military secrets from the research workers at the plant.

As staged in vivid documentary style by director Jerry Hopper, the story socks out the wide-ranging complications when a nuclear scientist's son is abducted by foreign agents. The ransom price is a top-secret atomic formula, and the distracted father must choose between the safety of his son and his country.

When the F. B. I. swings into action the super manhunt is on, and in the race against time to rescue the boy and nab his kidnapers, the amazingly efficient modern crime detection machinery of both state and federal police agencies is brought excitingly into view.

An outstanding cast is headed by Gene Barry, Lydia Clarke, Michael Moore, Nancy Gates and Lee Aaker, the last an eight-year old youngster who reportedly turns in one of the surprise performances of the year.

"The Atomic City" was produced by Joseph Siatron.

## ATTENDS CANYON MEET

Mrs. Raymond Teeple who is District Chairman, U. S. O. Scrap Books, Mrs. E. J. Foster, member of the 7th District Hospitality Committee and Mrs. Charlie Merrick, President of the Lone Star LaVentana Study Club attended the annual fall meeting of the board of directors and club presidents of seventh district Texas Federation Womens Clubs in the auditorium of the Branding Iron Theatre, West Texas State Teachers College in Canyon on Thursday, October 2.

The brightest side of politics is on the inside.

## P. T. A. OFFICERS

The Executive Committee of the C. N. Townsend P. T. A. met Tuesday, October 7 in the home of Mrs. J. Foster.

Those present were J. Foster, Loran Myers, Robert Lee Terry, J. R. Naylor, Revis Harris, F. O. McPherson, N. H. R. Belt and Mr. W.

The installment only method so that will induce do things on time.

Gridders Split Two With Abernathy

Lockney school football teams won one game and lost one to Abernathy Tuesday night on the Abernathy field. The Shorthorns, grade school football team, defeated the Abernathy grade school 25 to 12 but the Longhorn B squad lost their game to the Abernathy B squad 6 to 0.

For the Shorthorns Stevenson made two touchdowns, Thornhill caught a long pass from Williams for another and Williams made one touchdown. Coy Stevenson made one extra point to account for the Lockney score.

Coach Kelley sent in his reserves to play the latter part of the game.

Bobby Stevenson, half back on the Shorthorn team suffered a cracked rib in the game and was treated at the local hospital Wednesday morning.

The Longhorn B squad out first downed the Abernathy boys especially in the last half but an Abernathy ball carrier broke loose for a long run to score and that won the game. The B squad looked much improved over their last game.

Mrs. W. S. Rexrode returned to her home last week after visiting with her sister, Mrs. B. A. Bryant in Long Beach, California for two weeks.

OUR DEMOCRACY by Mat

FREEDOM MAKES THE DIFFERENCE

WHEN A PEOPLE TRADE THEIR BIRTHRIGHT OF FREEDOM FOR SO-CALLED "SECURITY," THEY HAVE BOUGHT THEMSELVES A MESS OF POTTAGE. EXCEPT BY THE WILL OF THEIR RULERS, THEY CAN BE SECURE NEITHER IN THEIR HOMES, THEIR WORK, THEIR PRESENT NOR THEIR FUTURE—AND HISTORY PROVES THAT THE WILL OF RULERS IS A WEAK REED TO LEAN UPON.

BUT WHEN A PEOPLE HAVE CHERISHED THAT BIRTHRIGHT;

—WHETHER IT BE MATERIAL SECURITY OR THAT OF THE SPIRIT, FREE PEOPLE HAVE MORE OF IT THAN THOSE WHO ARE NOT FREE DARE DREAM OF.

Rotary Works For World Peace, Chapman Says

Rotary Clubs in 83 countries throughout the world are united in an endeavor to promote international understanding, good will and peace. That was the message of Alton B. Chapman of Floydada, Governor of District 183 of Rotary International, in addressing the Rotary Club of Lockney at their meeting last Friday noon following a conference with local Rotary officers, directors and committee chairmen on Thursday night.

In addition to the activities of Rotary's 7,600 Clubs within their own communities to promote this objective, Judge Chapman explained, Rotary International has spent more than \$1,000,000.00 in recent years through its program of student fellowship, which enables outstanding college graduates to study for one year in countries other than their own, as ambassadors of good will. Since this program was established in 1947, 394 Rotary Fellowships have been awarded to students in 48 countries. Two have been selected from this District, but only one, Jerry Briscoe of Amarillo, actually completed his study. The program has grown so rapidly that this District will be entitled to one student every other year.

"With fellowship and service to others as its keynote, Rotary provides a common ground for 360,000 business and professional executives throughout the world, regardless of differing nationalities or political or religious beliefs," the Rotary District Governor emphasized.

Claude Brown is president of the local Rotary Club and presided at the meeting on Friday as well as the conference.

Lockney, Abernathy Both Have 4-0 Record

Both Lockney and Abernathy is District 3-A have four wins and no losses in the present football campaign. Last week the Antelopes defeated New Deal in a district game 32 to 0 while the Longhorns won from Kress 33-12.

Other game results of interest to local fans were: Stanton 13, Crosbyton 7. Springlake 25, Hale Center 13. Ralls 18, Post 13. Floydada 52, Paducah 6. Olton 14, Happy 6.

VISITS WITH RELATIVES

Mr. and Mrs. W. C. Singer and her mother, Mrs. J. E. Newton visited the first of the week with relatives in Gainsville. Mrs. Newton visited in Ardmore, Oklahoma while Mr. and Mrs. Singer also visited in Denison. They also visited with their brother and son in Roosevelt, Oklahoma.

GO TO CHURCH SUNDAY.

Services For Jim Dagley Held

Funeral services for James Levi (Jim) Dagley were held at the Main Street Church of Christ in Lockney Sunday afternoon at 3 o'clock, conducted by Minister George DeVoll. Interment was in the Lockney cemetery with Carter Funeral Home of Lockney in charge.

Mr. Dagley passed away at his home here about midnight Thursday after a long illness. He was injured in an auto accident about four years ago and never completely recovered his health. About six months ago he suffered a cerebral hemorrhage and was unconscious most of the time until his death.

Mr. Dagley was born January 8, 1879 at Greenville, Hunt County, and moved to Floyd County with his family in 1891. He was married to Miss Della Shackelford on October 6, 1951 and the couple celebrated their Golden Wedding anniversary last year with a family gathering here. Mr. Dagley had operated a sheet metal and tin shop here for many years. Since he was an early day settler of the county he enjoyed attending the pioneer meetings and talked with old timers of the area.

The family farmed for a while and he, along with others, experienced the hardship of early pioneering. His well-known limp was acquired while freighting with wagon and team in the early days. His work varied from a school teacher to carpentering and contracting until he established his own business, the tin shop, in 1908. He served the community as tinner, blacksmith master plumber, and miller. He also was in the farm implement business for a time.

The last few years of his life he was very active in the Old Age Protective Association and served the organization as state president at one time.

He was baptized in August, 1904, and for a time was an active worker in the old Christian College Church here.

Survivors include his wife, five daughters, Mrs. R. C. Carbon, Weatherford; Mrs. L. C. Gotcher, Lockney; Mrs. D. L. Laughry, and Mrs. H. C. Moore, both of Fort Worth, and Mrs. Tom Gardner, Oklahoma City; six sons, J. A. Dagley, M. F. Dagley, L. J. Dagley and Elbert Dagley, all of Lubbock; U. V. Dagley of Corpus Christi, and Delbert Dagley of Alva, Okla.; his mother, Mrs. N. C. Dagley, 94 years of age, of Lockney; three sisters, Mrs. A. R. Meriwether and Mrs. T. B. Hill of Lockney, and Mrs. Jim Baker of San Francisco, Calif.

Twenty-three grandchildren and two great grandchildren also survive. One grandson, Gerald Corbin, died on Okinawa in 1945.

Pallbearers were L. M. Honea, Robert Smith, C. E. Childers, Lloyd Wofford, Austin Meriwether, Frank McClure. Honorary pallbearers were H. P. Puckett, Floyd Barber Sr., S. C. Quisenberry, J. H. Fowler, J. B. Seale, Walter Byars, Al Smith, Arthur Byars, Tom Dean.

Mrs. Reeves is still in the Lockney General Hospital receiving treatment but was reported Tuesday to be doing fine. It is expected that he will be dismissed this week. He viewed his wife's body at the funeral home but was unable to attend the services.

Mr. and Mrs. Reeves lived on a farm north of Lockney until thirteen years ago when they moved to California. He was employed with a furniture firm in San Bernardino.

Mrs. Reeves was born Sept. 9, 1899, at Oglesby. She was married to Robert Reeves at Lockney Sept. 3, 1920.

Other survivors are three daughters, Mrs. Bob Giffney, Mrs. Jack Wells and Mrs. Wendell Mosley, all of San Bernardino; two brothers, Raymond Blount, Tulla, and A. B. Blount, Floydada; two sisters, Mrs. George Newman, Lubbock, and Miss Opal Blount, Floydada. Three grandchildren survive. All members of the immediate family except Mr. Reeves and Mrs. Wells attended the funeral.

Interment was in the Lockney cemetery.

Floyd Girls Win At Lubbock Fair

Winners from Floyd County in the 4-H Club girls' division of the Panhandle South Plains Fair held at Lubbock last week have been announced as follows:

- Snap Beans, third place, Jo Ellen Jackson. Tomatoes, second, Dolores Barnett. Beet Pickles, first, Dolores Barnett. Peach Preserves, third, Carolyn Raley. Jelly, third, Dolores Barnett. Woven Pot Holders, third, Nancy Bollman. Quilted Pot Holders, third, Thelma Ferguson.

All canned foods, textiles, and clothing that were sent to the Fair should be picked up by their owners at the office of the Home Demonstration Agent in Floydada.

Mrs. L. G. Morris is here visiting her daughter, Mrs. Fritz Schacht and family for a few days. Her home is in Liberal, Kansas.

Hospital News

Mrs. Ella Marr is a medical patient. Thomas Laguna underwent major surgery 10-3-52. Porfirio Esparza Sanchez is a medical patient.

Mrs. Henry Glen underwent minor surgery 10-5-52. She was dismissed 10-6-52.

Yolando Mercado is a medical patient. Bernabe Nunez is receiving medical treatment.

Jo Ann Samples is receiving treatment for injuries received in a car accident 10-7-52.

Wanda McLendon is a medical patient.

Mrs. J. W. Taylor underwent major surgery 10-8-52. Dismissed:

Mrs. Jack Jaffeot and baby.

Mrs. D. R. Allen and baby. Mrs. Felix Garcia and baby. T. F. Anderson Douglas Meriwether. Mr. D. Gibson. Arturo Sanata. Mrs. Lula Copeland. Frank Blake. Mr. and Mrs. J. B. Wright are the parents of a son born 10-5-52. He weighed 7 pounds and has been named Johnny Raymond. Mr. and Mrs. Robert Bradford, Floydada, are the parents of a girl born 10-5-52. She has been named Mary Perpetua and weighed 4 pounds and 8 oz. Mr. and Mrs. Hilario Leal are the parents of a daughter born 10-8-52. She weighed 9 pounds.

CARD OF THANKS

In memory of my husband and our father we wish to thank each and everyone for the beautiful flowers, food and especially the kindness and sympathy shown in our sorrow. We are very grateful to all who helped during his illness.

May God bless one and all. Mrs. J. L. Dagley and children.

Mrs. Hoyette Hodges returned last week end from Memphis where she visited friends and relatives for a week.

### EDITORIAL

Thus saith the Lord, let not the wise man glory in his wisdom, neither let the mighty man glory in his might.—Jer. 9:23.

A presidential candidate had this to say:

"For one reason or another, even a wisely led political party, given long tenure in office, finally fails to express any longer the will of the people, and when it does so fail to express the will of the people, it ceases to be an effective instrument of party government. It is far better for such a political party, certainly better for the state, that it should be relegated to the role of critic and that the opposing political party should assume the reins of government."

That saying fits very well the present political situation but it was spoken by Franklin D. Roosevelt in 1932 when he was campaigning for the presidency.

There is considerable talk a-

mong some about the prosperous times and how the Democratic Party has brought about prosperity for everyone. We do not believe that this is quite accurate. If we remember rightly—and we're old enough to remember—this country didn't have flush times until after World War II started. Back in 1939, when the Democratic party had been in power for seven years, we weren't very flush with money. Were you? We managed to live and pay the grocery bill along about that time but we certainly didn't have any excess money. Again, if we remember right, the farmers of the Lockney area weren't very flush with money in 1942 when we came here. That was 10 years after the Democrats took over and one year after the war started. Is the Democratic administration really responsible for the prosperity of this country?

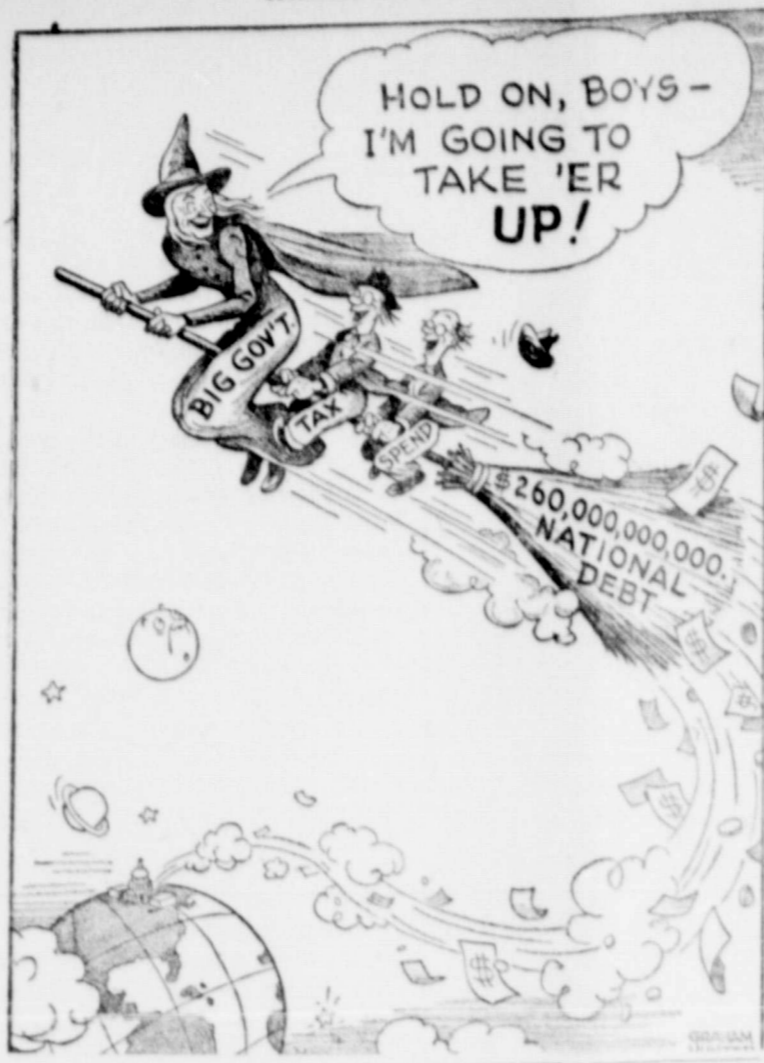

The real reason for the plentiful supply of money is the war. War industry created employment and that in turn created prosperity. And who is paying for the prosperity? We will have to pay for it some time. It's just as though we had borrowed a large sum of money and threw a big party. But the time for payment is coming and someone will have to pay. Of course the war expenditures were necessary. We had to go to war whether we wanted to or not. But the Democratic administration didn't bring on enough prosperity for us to notice it unless they want to claim credit for the war. Even Mr. Truman probably wouldn't do that.

Thinking along that line we invite your attention to an article in this issue of The Beacon in the "With Our Exchanges" column quoting Congressman George Mahon and taken from The Lubbock Avalanche. It's worth reading.

Have you voted in our presidential poll? We are disappointed in the number of people that have cast a ballot in this poll. We would like a good representative group and that we don't have as yet. Clip the coupon in this issue of The Beacon and mail or bring it in if you haven't already voted.

All the demons are said to have lived in Pandemonium.

### HALLOWE'EN 1952

### With Our EXCHANGES

#### TOUGH YEARS AHEAD

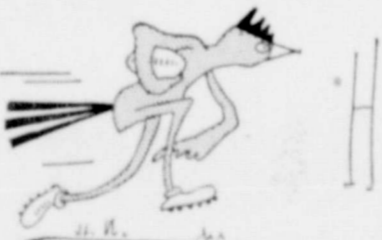

Congressman George H. Mahon, preparing to embark next January on his tenth consecutive two-year term as a member of the House of Representatives, was talking politics the other day, but without partisan flavor. He was discussing problems which will face either Gov. Adlai Stevenson, or Gen. Dwight D. Eisenhower, whichever wins on November 4.

"What every American needs to know," said Mr. Mahon in so many words, "is that the next President—whether he be Eisenhower or Stevenson—will likely face one especially overpowering problem sometime within his four-year term. He will have to lead the nation through either an all-out shooting war with Russia and her satellites—or a tremendous economic upheaval."

That Mr. Mahon's prognostication, unhappy though it may be, is well-grounded, few will deny. Sometime between January, 1953 and January, 1957, the Russians will decide the time has come to strike—or our strength, and that of our allies, will have become so great as to eliminate the possibility of world-wide hostilities. Should this latter come to pass, as all humane persons everywhere sincerely hope, the American economy will be seriously affected. When our economy becomes seriously affected, a man-size recession—or a rip-snorting depression—is certain to be encountered.

Our economy today is based upon defense production and manufacture.

When the time arrives when there is no need for a continuation of defense production and manufacture, the base of our economy will be terribly strained

### Make that goal!

And to make that goal, to earn those extra poultry profits, you should give your birds the benefits of Avi-Tab. Dr. Salsbury's Avi-Tab in the mash 10 days each month will make a big difference in the performance of your birds. Start with Avi-Tab soon!

sound and the fury for what they are and make his selection on the real, the big, the serious issues. Whoever wins on November 4 is going to have a big job—an almost suffocating job—to do in the four years which will follow. We need in those four years the best man available and, especially, the man more likely to attract to his administration the very finest, fairest and most experienced brains available in the land.

### "BITING THE HAND THAT FEEDS YOU . . ."

A few weeks back The Brand carried an editorial regarding juvenile delinquency in Hereford. It was a pretty good editorial. At least it made several mothers and fathers mad at the paper. A few people even went so far as to say they did not believe Hereford had any juvenile delinquency.

At Lawton and Park Avenue this week the Hereford Rotary Club erected a safety exhibit, chiefly for the ultimate purpose of saving student lives. It was a nice display with a wrecked car under a sign which said: "Check your speed. Check your Car. Check Accidents."

We use the past tense, because Wednesday night vandals tore down the sign, even going so far as to toss an official Texas Highway Department "School-Slow" sign aside.

There are, of course, several ways to look at the incident. Some are sure to say, "Boys will be boys." Others will talk about the need for some way to entertain our young people. One or two might substitute the garage for the old fashioned wood shed and still another one or two will say that the newspaper has no business prying into such affairs.

Actually, we do not consider the offense a great crime. We do wonder, however, if the persons who damaged the sign would have done so had they stopped to think twice. The Rotary Club erected the sign at considerable expense and trouble with the sole idea of protecting our students. To show appreciation by tearing down the sign seems to us a bit ungrateful.—Hereford Brand.

Every citizen should whinny the wheat from the chaff in the campaign; recognize the

## South Plains

by Mrs. Murray Julian

Mr. and Mrs. Arby Mulder and Nathan went to Albuquerque, N. M. last Friday morning to visit Mr. and Mrs. O'Dell Mulder and children over the week end and they all enjoyed seeing the New Mexico State Fair and the parade on Saturday morning. Mrs. Murray Julian accompanied the Mulders and she visited with two sisters and two nieces and families and attended the Fair. They returned home Monday evening, hence too late to write the South Plains news last week.

Mr. and Mrs. L. T. Wood attended the Amarillo Tri-State Fair on Monday of last week and Mr. and Mrs. Bill Beedy went on Tuesday as did Mr. and Mrs. George Weast. Mr. and Mrs. Owen Thornton and their children went to the fair in Amarillo on Friday and spent the day.

New officers took their places Sunday, October 1 at the South Plains Baptist Church. Robert Reeves took up his duties as Sunday School Superintendent; church treasurer is Bryan Karry; church secretary, Mrs. H. J. Marble; song leader, Walter Wood; clerk, Mrs. L. T. Wood; adult teacher, Rev. Chas. Joiner; young people teacher, J. B. Thomas; intermediate teacher, Mrs. L. T. Wood; junior teacher, Mrs. Bryan Karry; primary teacher, Mrs. Robert Reeves and beginner teacher is Mrs. J. H. Allen. Pastor of the church is Rev. J. H. Allen.

Sunday evening of last week Mr. and Mrs. George Weast had Sunday supper guests from Lubbock, Mr. and Mrs. Carol Davis and Mr. and Mrs. Paul Sanford and three children.

Rev. and Mrs. J. H. Allen had guests from Fort Worth on Monday and Monday night. Rev. Allen's brother and wife, Mr. and Mrs. Robert Reeves, enroute home from a vacation stopped for an over night visit.

### H. D. Club Meeting

The South Plains Home Demonstration Club met on Wednesday, September 24, at the home of Mrs. Owen Thornton in South Plains, with Mrs. Harry Hartman

acting as co-hostess for the occasion. Roll call was answered to the question, "What Have I Planted Today — Seed or Deed?" Miss Lella Petty introduced Miss Den Finkner of the Harmony Club, who was a delegate to the state T. H. D. A. meeting and who came to give a very interesting account of her trip. She was one of 950 delegates who had the distinction of being a member of the fabulous Klondike.

Miss Petty followed Mrs. Finkner in a fine demonstration of "What's New in Fall Styles." Miss Petty showed fabrics of many different hues and textures and talked of the newest fall styles which everyone enjoyed.

The next meeting of the club will be at the home of Mrs. Ernest Smitherman with Mrs. Rex Smitherman as co-hostess. This will be an important meeting on October 8 with election of officers and meat demonstration by the food leaders Mrs. John Smitherman and Mrs. Bill Beedy, Mrs. Owen Thornton and Mrs. Harry Hartman served a delicious plate of fruit salad, sandwiches, cookies and coffee to Misses J. B. Thomas, L. T. Wood, Walter Wood, Bill Beedy, John West, Murray Julian, Arby Mulder, Grigsby Milton, Ernest Smitherman, Horace Marble and guests Miss Petty and Mrs. Den Finkner.

Mr. and Mrs. Kenneth Jones and children of Silverton came home with Mr. and Mrs. George Weast last Sunday after church and they had dinner and spent the afternoon with them.

Mrs. Arby Mulder had a call meeting of the South Plains P-TA at the school house on Friday, October 3 at 3:45 p. m. There were 22 members present at this meeting and it was voted to set the luncheon at thirty cents a meal. The Halloween Festival was planned under the guidance of Mrs. Shelby Calahan, committee chairman. Every mother is to bring one half dozen sandwiches and a pie to the Halloween party and to take care of her own booth, the decorating, etc. Mrs. Kinnibrugh and Mrs. L. T. Wood are helping Mrs.

Calahan plan the Festival, which will take place on Halloween, October 31.

Mr. and Mrs. Fred Fortenberry had as their guests at dinner last Sunday, Rev. and Mrs. F. R. Pickens and baby of the Sterley Methodist Church.

Rev. Chas. Joiner taught his Sunday School class and left soon after to attend the Hale Center dedication which was an all-day affair on Sunday, Oct. 4. Rev. Joiner, a former pastor of the Hale Center Baptist Church.

Sunday callers at the G. F. Weast home last week were Mr. and Mrs. David Bates who spent the afternoon and evening with the Weasts.

Mr. and Mrs. Murray Julian, Terry, Kendis and Bruce went to Lubbock last Tuesday night to see the Ringling Bros. Circus, which was attended by 17,000 people and several thousand were turned away. It was a wonderful show with magnificent animals and breath taking floats.

Mr. and Mrs. George Beedy spent Sunday evening visiting with Mr. and Mrs. Otho Sanders.

Mr. and Mrs. Helmut Quebe and family and Mr. and Mrs. E. A. McLeod were visitors at the home of Mr. and Mrs. Bryan Karry on Sunday afternoon of this week.

Mr. and Mrs. H. S. Calahan Sr. arrived home Monday in Lockney after spending the past week visiting relatives in Louisiana and seeing Mr. and Mrs. Arthur Brown and Karen, who lived formerly in Lockney. Mr. and Mrs. Hilburn Casey took their parents on the vacation trip which took them to Malvern, Arkansas where the Browns live and they came back by way of Dallas where they visited with Mr. and Mrs. Carl Calahan.

Mrs. Buri Little from Sherman, Texas was an all day visitor on Thursday of this past week at the home of Mr. and Mrs. G. F. Weast.

Community Club of South Plains was well attended on Thursday, October 2 at 7:30 at the club room of the school house. Ten couples played games of "42" during the evening and coffee was served at the close of

the party. The next meeting will be on Thursday, October 16 and each family is to bring a covered dish for the supper which everyone will share before the evening games.

Mrs. Milton and Linnie were visitors in church on Sunday night as they came home with Mr. and Mrs. Grigsby Milton and girls from Amarillo to be here and in Lockney for the next two weeks. Captain Ormond Milton had been visiting his mother and Linnie in Amarillo and on Sunday Mr. and Mrs. Grigsby Milton went up to see him before he moves to his next destination, which will be near St. Louis, Mo. He has been stationed in Denver, Colo. at Lowry Field for many years.

Mr. and Mrs. Gene Edmonds, Sue, Diane and Benny went to Amarillo on Saturday morning. They took Benny to the doctor for a check up and came home Saturday afternoon.

Martha Lee Sanders writes from Denton, where she is attending North Texas State Teachers College, that she is majoring in music education and is taking voice along with other subjects.

Mrs. E. C. Graves and daughter, Shirley, of Oakland, Calif., who had been visiting her mother at Seymour, Texas, spent this Monday visiting at the home of

Mr. and Mrs. George Weast. She was a dinner guest at noon as was Mr. and Mrs. Robt. L. Smith and children. Mrs. Shelby Calahan and children came to see Mrs. Graves and Shirley while they were here. Mrs. Graves was a former resident of this community.

Sunday night visitors at the home of Mr. and Mrs. George Weast were Mr. and Mrs. O. C. Rampley and boys of Silverton and Mr. and Mrs. James Davis and girls who live near Silverton. Mr. and Mrs. E. T. Evans and children from Amarillo also spent the past week end with her parents, Mr. and Mrs. Weast.

Mr. and Mrs. O. R. Beard, Mr. and Mrs. Leland Hart and Mr. and Mrs. Kenneth Hart went to Albuquerque, N. M. Wednesday afternoon to take in the New Mexico State Fair and they stayed through Thursday and returned home Friday.

Mr. and Mrs. Kenneth Bean announce that little Sue Diane is under Dr. Overton's care in a Lubbock hospital and is gaining and doing fine. They will get to bring her home as soon as she can be out of the incubator and has gained a certain amount. We all hope that will be very soon.

Tommy McCowan spent Saturday and Sunday visiting his grandparents, Mr. and Mrs. Walter Wood.

### Important To Know Poisonous Snakes

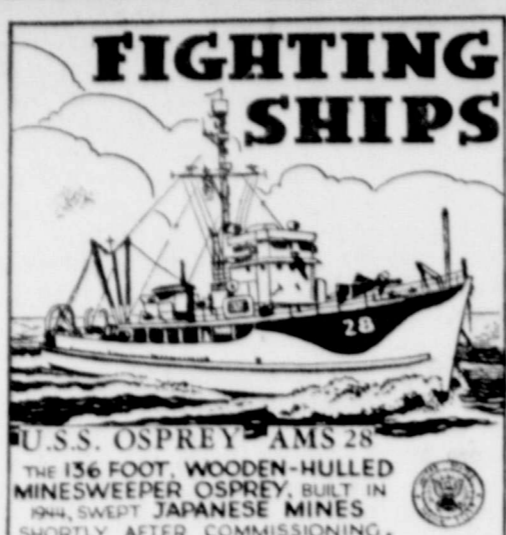

College Station. — Someday your life may depend upon how quickly and accurately you identify a snake. Only four of the 103 species of snakes known in Texas are considered dangerously poisonous, says R. E. Callender, specialist in wildlife conservation for the Texas Agricultural Extension Service. He urges Texans to become familiar with these poisonous snakes so that positive identification can be made quickly in case a member of the family is bitten.

The four species of snakes that are poisonous are the rattlesnakes, copperheads, cottonmouth moccasin and the deadly little coral snake. Rattlesnakes are easily identified by their rattles; the copperhead by its chestnut-brown hour glass markings over light brown or brownish gray background color; the cottonmouth moccasin is a dirty brown in color and is usually found around water — on old logs or driftwood and they can bite under water. The coral snake is the beauty of the group, but adds Callender, it's also the most deadly. Don't, says the specialist, confuse it with the more commonly found king snake because the mistake could be fatal. The color rings of the coral snake are red, yellow and black and completely circle the body and if the red ring touches the yellow, you've found a coral snake. Treat him with care.

Fangs for ejecting the poison are common to all poisonous snakes. The marks left by the fangs are a sure identification sign. The venom injected by the rattlers, copperheads and water moccasins is known as hemotoxic venom because it effects the blood cells. The coral snake, on the other hand, injects a neurotoxic venom and it effects the nervous system. Antivenins, which are available at most drug stores, are ineffective for treating the bite of the coral snake.

Snakes can be discouraged from moving in on the home lot, says Callender, by keeping the place clean. Rubbish should not be allowed to accumulate and trash should be removed for such debris about the place is usually inhabited by rats and mice. These rodents are favorite food for snakes and unless kept under control, snakes will move in to clean them up.

Here's a word of advice from

**U.S.S. OSPREY - AMS 28**  
The 136 FOOT, WOODEN-HULLED MINESWEEPER OSPREY, BUILT IN 1944, SWEEP JAPANESE MINES SHORTLY AFTER COMMISSIONING.

AT THE OUTBREAK OF KOREAN HOSTILITIES, THE OSPREY WAS ORDERED TO A PRE-ASSAULT SWEEPING OPERATION AT POHANG.

THE ENEMY STRUCK HER ON OCTOBER 29, 1951 WHEN ONE MAN WAS WOUNDED AND A HOLE WAS TORN IN THE DECK BY FIRE FROM ENEMY SHORE BATTERIES OFF WONSAN, KOREA.

AFTER 19 MONTHS OF CONTINUOUS DUTY IN KOREA, THE OSPREY IS STILL SWEEPING MINES AND THE MEN OF THE MINE SWEEPERS MERIT THEIR SLUGAN, "WHERE THE FLEET GOES - WE'VE BEEN!"

Callender on what to do in case a person is bitten by a poisonous snake. Keep the victim quite; don't let them walk, become over-heated or take alcoholic stimulants. Don't cauterize the wound with strong acids nor inject potassium permanganate. Get the victim to a doctor as soon as possible but first aid measures will help. Apply a tourniquet above the bite and make cross cut incisions at bite and on to the advancing edges of the swelling. Apply suction with the mouth or a suction cup but release the tourniquet every 15 minutes to keep up circulation. Inject antivenin, if available, as soon as possible. After the injection, release the tourniquet and continue the suction. In the meantime have the patient on the way to a doctor or the doctor on the way to the patient.

Callender warns that hunters and campers should never go to the woods without a snake bite kit. He urges home owners to keep their premises clean and to be on the look out at all times for the poisonous snakes. All except the rattler strike without warning — and the rattler sometimes does his biting before sounding off — so the safe thing to do is stay out of the way of all snakes and discourage them to stay out of your way.

It's probably true that all things come to him who waits; but we're inclined to believe that they are likely to come too late to do any good.

It's kinda tough going nowadays when we have to do without so many things that our parents never had.

#### WRITTEN FARM LEASES PREVENT DISPUTES

At this time of year, landlords and tenants alike are thinking about farm rental arrangements for 1953. While many operate from year to year on the basis of verbal agreements regulated largely by local customs, written leases are better and may save disagreement and hard feelings between the parties.

Farming is a business and should be conducted in a businesslike manner for best success. Rental contracts involve a full year's work by the tenant and possibly thousands of dollars for both parties. A few dollars spent on a properly drawn lease is good business economy.

A farm lease is not a simple paper. Printed lease forms often turn out to be traps if not understood, or if not properly executed. A farmer-tenant contract is intricate and of such importance to both parties concerned that amateur draftsmanship is risky.

Fixing of cash rent or designing the length of term are relatively simple. Yet, even in these matters, ambiguity or incompleteness can cause bitter disputes and expensive lawsuits.

A loosely drawn property description may have consequences entirely unintended by either landlord or tenant. Where rent is to be based on acreage, an accurate description is doubly important.

In addition, there are legal rules to substitute for some omissions in written leases. For example, a holdover by the tenant may automatically renew the contract if the lease is silent on the subject. It is as important to know the results of omissions as to know the courts' interpretation of the language used.

There are many matters which should be covered by a properly drawn lease. For instance, if a tenant is to farm on a share basis, care should be taken to define what expenses are to be paid by the parties as well as what shares are to be taken out. A lease should cover such things as who is to make repairs, what land is to be cropped, whether the tenant can cut timber, wheth-

### OUR DEMOCRACY — by Mat

#### CALLING ALL AMERICANS

VOTING IS A PRIVILEGE TO BE CHERISHED, A RIGHT TO BE EXERCISED AND A DUTY TO BE PERFORMED.

How a person votes is his own business, but as an AMERICAN CITIZEN, HE OWES IT TO HIS COUNTRY AND TO ALL OTHER CITIZENS TO VOTE. THIS IS ESSENTIAL TO THE CONTINUING VITALITY OF THE DEMOCRATIC PROCESS.

VOTE - IT'S YOUR HERITAGE

er loss of a building by fire or other cause frees the tenant, or whether the landlord must accept a sub-tenant.

One great cause of difficulty with leases is blind faith on the part of the persons involved that all differences of opinion can be worked out. Poor memories as to verbal agreements can cause disputes between persons even though they are both honest and generous.

Many of the possibilities that should be covered by a properly drawn lease will not occur to inexperienced persons. The rent-

ing of land deserves a written contract, and it is a contract too important to be entrusted to anyone other than an expert.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

Girls, you can't make your husband feel like a Pagan God by placing a burnt offering before him at mealtime.

### Farmers Lost 4 Buildings Per Hour By Fire, Says Report

College Station. — Four an hour, that is the number of farm buildings burning somewhere in the nation. Experience shows that only about 50 per cent of the loss is covered by insurance and the remainder is a complete loss to farmers.

With replacement costs for buildings, machinery and equipment high and in some cases in short supply, agricultural producers, says E. C. Martin, state leader for the Texas Agricultural Extension Service, can not afford to let fire hazards go unnoticed on their properties. Martin points out that 90 per cent of all farm fires can be traced to one or more of the following hazards: improper storage and use of gasoline and kerosene; unsafe wiring, overloaded electrical circuits, failure to replace worn cords and defective electrical appliances; defective stoves and furnaces; careless smoking habits; spontaneous ignition of hay or other stored materials; sparks from chimneys or bonfires falling on flammable roofs; defective chimneys and failure to protect buildings with lightning rods.

Periodic checks of all farm buildings should be made, says Martin, to make sure that the stage isn't being set for a destructive fire. Finding the hazards, however, is not enough they must be removed.

Prevention should be the num-

ber one item aimed at reducing efforts to reduce these emergencies. Fire fighting should be available in working order. As hand extinguishers, ladders, power sprayer, etc. all should be kept. Make sure, says water pumping out of fire in the winter building, and utilizing the water in tanks or located near building.

Fire prevention every member of to be most effective action is needed, gists that much organized through organizations. He a good fire prevention will supplement many of the same cause fires also. More fire fighting is needed in the and organizations existence are urged to consider subjects that will even in the securing of equipment and train operate it. He says done because such already in operating areas.

Lockney Beacon

### Bargain Rates On Daily Papers Are Now Available

The Beacon is now authorized to accept subscriptions to a number of daily newspapers at the annual fall bargain rate.

The Fort Worth Star Telegram bargain rates just announced are \$13.95 per year for the daily and Sunday or \$12.60 per year daily only. This is a considerable saving from the regular rate of the Star Telegram which is \$18.00 per year for daily and Sunday.

The rates on the Amarillo Daily News are \$13.00 for the daily and Sunday and \$10.00 per year for the daily only.

The Lubbock Morning Avalanche rates are \$12.95 per year for daily and Sunday and the daily is \$11.00 per year.

The Beacon can also accept subscriptions for the Abilene Reporter and the Wichita Falls Record News but we do not as yet have the bargain rates on these two papers.

You can always save money by renewing your daily at The Beacon office.

Here's a good way to get color and workability into the modern all-gas kitchen: have sink, drainboards and counters in the same color of clay tile that is used for the floor. This type of tile comes in a wide range of shades.

Split bananas lengthwise and saute in butter and a squeeze of lemon juice. Serve with soft custard sauce that has been made the day before and stored in the gas refrigerator.

OFFICE SUPPLIES at The Beacon Office.

FFA SUPPORTERS TO RECEIVE HIGH HONOR—Cal Johnson, left, of the Sears Roebuck Foundation in Dallas, and E. R. Alexander, head teacher trainer at A. & M. College, have been selected for their outstanding work among Texas Future Farmers to receive the Honorary American Farmer Degree, the highest national FFA honor, at the National FFA Convention in Kansas City October 14. The American Farmer Degree will be awarded also to 35 members of the Texas Association of Future Farmers. Mr. Johnson's recognition is given in appreciation of the now famous Sears Livestock Program which he directs for Future Farmers. Mr. Alexander was chosen for the honor for his outstanding leadership in the field of agriculture education during the past 25 years.

### White Clothing Prevents Night Accidents—Kulp

Austin. — Dress as a ghost, not as a witch on Halloween, the Texas Division of the American Automobile Association advised youngsters today in connection with the AAA's hints for Halloween safety.

"If you wish to hide your identity, disguise yourself from your friends, not the driver," Paul R. Kulp, Texas Division manager said. "Dressing as a ghost will increase your safety as a pedestrian because a driver can distinguish persons wearing or carrying something white sooner."

Wearing white after dark is a basic safety measure, but it is particularly timely for Halloween when costumed figures often dart into the street. Kulp said, adding, "the frivolity of Halloween often outweighs good safety habits, but traffic accidents don't take a holiday unless everyone cooperates. Remember these basic safety rules for Halloween night, and every night:

1. Wear or carry something white, preferably white shoes.
2. Walk on the left side of the road.
3. Where there are no sidewalks, step off the paved portion of the road when meeting an oncoming vehicle.
4. Cross at a lighted intersection wherever possible.

### BREAKS RECORD

Orland Signal Vol. Sable, a 7-year old Jersey cow in the herd of Chester Elliff, Tulla, Texas, has broken another Jersey record. She has just completed a 305-day production record of 16,139 pounds of milk and 1,052 pounds of butterfat — more fat than any Jersey in this country has ever produced in 305 days. She was the 365 day National butterfat champion in 1949 with a production of 1,223 pounds of fat and now she's the 305 day record holder also. The average Texas dairy cow produces about 140 pounds of butterfat during a lactation period. It pays to keep the good ones.

There's still time to plant winter legumes. Don't forget to make liberal use of fertilizers and inoculate the seed before they are planted.

### School Savings Available Here

The Lockney post office now has a plentiful supply of Schools Savings Stamps and albums ready for the new school season. Postmaster H. B. Machen announced today, "We have received shipments of both stamps and albums during the summer recess and are fully prepared to continue serving all of our schools," he added.

Machen also stated: "There is every reason to anticipate a far heavier demand for Saving Stamps this year than at any time during the peacetime years. The School Savings campaign last fall, which proved such an outstanding success, created keen interest in the program on the part of teachers and students. The drive, which added 5,815 new school savings programs throughout the country, will be continued during the first semester of this school year. It is expected that nearly 5 million students will be in Stamp Day schools by the end of this calendar year."

"It is hard to visualize the great benefit this one program will have for our country with 5 million children saving nickels and dimes and building the habit of thrift. School savings have been on the uptrend the past three years," he continued. "Stamp sales in the nation's schools increased from \$10 million, 800 thousand in 1950 to \$14 million in the 1951-52 school year."

Postmaster Machen also announced that the new improved Series E Bonds are now available. In describing the new bond he said: "It is now better than ever. Your return on this bond is 3 per cent, compounded semi-annually, if held to maturity. It also provides higher cash values in the earlier years. Proof of its popularity is evidenced by the fact that the cash value of E Bonds now outstanding has mounted to \$34.9 billion, the highest ever attained."

Escaloped potatoes baked in the oven of your modern automatic gas range come out with a new taste sensation if you mix vegetable juice cocktail with milk.

MR. AND MRS. J. H. (HOP) WEATHERS PHOTO BY JAY ED PARSONS

### Observe Fiftieth Anniversary Here

About 200 relatives and friends attended a gala open house event held Sunday afternoon, Sept. 28 in celebration of the Golden Wedding anniversary of Mr. and Mrs. J. H. (Hop) Weathers of Lockney. The home of Mr. and Mrs. Ed Whitfill of Lockney was the scene of the celebration and hosts were the children and grandchildren of the honorees.

In the receiving line with Mr. and Mrs. Weathers were Mrs. Whitfill, Len Weathers and Tommy Weathers. All the grandchildren except two were present. They are Lavon and Teddy Samples, both in service.

Gifts were received and displayed by Mrs. Robert Cathy, Mrs. C. H. Samples and Mrs. T. J. Bonds.

Joann Samples and Patsy Allen, granddaughters of the honorees presided at the guest book.

Musical entertainment for the afternoon was supplied by Mrs. C. L. Record. The serving table was covered with a yellow satin cloth overlaid with arian lace. The centerpiece was an original arrangement of flowers and figures on a styrofoam base, which was covered with a wide gold ribbon. In the center was a beautiful bouquet arrangement.

abab, Barbara McNeill, and Miss Leila Petty, Home Demonstration Agent. The introduction was given by Jackie Johnson.

### County 4-H Club Has Meeting Mon.

The County-wide 4-H Club had its regular monthly business meeting in the Extension office Kitchen Monday evening at 7:30. Jackie Johnson presided in the absence of the president, and Joanne Huckabay acted as secretary.

A committee was appointed to investigate prices of lumber for the 4-H Club Welcome signs that the club hopes to place at the entry of the main highways into the County. The committee is Troy Lee McNeill, Bobby Green, Jackie Johnson and Mr. Gibson, County Agricultural Agent, assisting.

The club will meet on October 20 at the VFW Hall for its regular monthly recreation meeting. The time was changed to 7:00 o'clock. It was decided to have the recreation meeting in November on the first Monday night and the business meeting the third Monday night. This change is for November only.

A play on Safety in the Home was given by Marcelita Green, Margaret Lovell, Joanne Huck-

### Two Killed—

(Continued from Page 1)

cemetary, Carter Funeral Home of Lockney was in charge of arrangements.

He had resided in Lockney most of his life. He was born at Fayburg, in Collin County, December 6, 1902.

Survivors include his wife, who has been a patient in the state sanitorium at Sanitorium, Texas for the past year, four daughters, Clara Mae, 8, Georgia Fay, 7, Treasure Lee, 6, and Tommy Sue, 18 months; his father, Al Smith of Lockney; three brothers, Charlie and Joe Smith of Lockney, and Woodrow Smith of Amarillo; three sisters, Mrs. A. C. Galloway, Mrs. Jimmy Smith and Mrs. Elmer Swafford, all of Lockney.

At one end of the table was a miniature bride and groom with the date 1902. At the other end was a double wedding ring encircling a large gold candle with the date 1952.

At one end of the table was a three tier cake topped with miniature bride and groom with a circlet of gold leaves bearing the numerals "50". The fall punch bowl was at the other end of the table.

The napkins were engraved in gold with Lena and Hop.

Assisting with hospitalities in the dining room were Mrs. H. D. Weeks, Mrs. Tommy Weathers, Mrs. Loyd Bonds, Mrs. Len Weathers, Mrs. Tommy Evans and Mrs. Vaughn Allen.

All out of town guests were feted previous to the open house at a dinner in the home of the honorees.

Mr. and Mrs. Weathers were married September 28, 1902 at Celeste, Texas. Officiating minister was Rev. McArthur, a Baptist minister. They have lived in

Lockney about 46 years.

An interesting fact about the honorees is that Mr. Weathers father was a pioneer Baptist preacher of this area and Mrs. Weathers father was a pioneer Methodist preacher of the area.

Pictures were made during the day of two different groups representing four generations.

Their children are Mrs. Robert Cathy, Dublin; Mrs. Vaughn Allen, Clovis; Mrs. H. D. Weeks, Amarillo; Mrs. C. H. Samples, Lockney; Mrs. T. J. Bonds, Happy; J. L. Weathers, Plainview and Tommy Weathers, Muleshoe.

### Vote To Require—

(Continued from Page 1)

Associations' action. The Floyd County committee is composed of T. B. Mitchell, Sid Thomas and Marvin Shurbet. Reports are that the committee will require that wells be no closer than 600 feet and they hope to keep them as far as a quarter mile apart.

Jack Taylor of Lockney is the district committeeman from this area.

Tom McFarland of Lubbock, manager of the H. Plains Water Conservation District, presided at the meeting.

Speakers on the morning program included W. L. Broadhurst of Austin, Tom Craig of Amarillo, and Norris P. Swanson, irrigation specialist with the Soil Conservation Service.

Broadhurst and Craig agreed in recommending the district employ professional engineering help in working out well spacing rules.

General trend of all discussions was to urge enforcement of water conservation rules on a county and district level in order to prevent control from slipping to state and federal agencies.

Attending the hereford meeting from Lockney were Taylor, Mitchell and Thomas.

### New Dry Goods Store Here

A new dry goods store is being readied here. The Wanda Baker building, next door to Darnell Grocery is being remodeled inside and Mr. and Mrs. Dewey Koslosky of Lamesa will install a stock of dry goods. The store will probably be open within the next few days, Mr. Koslosky said Wednesday.

### Know Who You're Giving A Check To!

M. W. Wiley, president of the First National Bank, this week issued a warning to local people about giving checks to strangers. "You better know who you are giving the check to and that you are going to get what it pays for," Mr. Wiley said. "A magazine salesman was in town last week and cashed a number of checks at the bank. There will be other people in here with things to sell and schemes to get money and local people ought to be careful about who they buy from," he said.

### School Has Early Hours For Harvest

In order that school students may help in the cotton harvest, the Lockney schools are meeting at early hours. Beginning Monday morning of this week school began at 8 a. m. Taking 30 minutes for lunch, the school is dismissed at 2:30.

Supt. W. C. Irons said Wednesday that this schedule enabled the school to hold full class periods and meet all time requirements of the state school law on attendance.

The present schedule will probably be in effect for several weeks, it was indicated.

### Library Committee To Meet Mon. Afternoon

The Floyd County Library Committee will meet in the Library room at the court house Monday afternoon at 3:30, it was announced this week. Committee members are urging everyone from the Lockney area who is interested in the library to attend the meeting. Plans for the establishment and operation of the library will be made.

### Pledges Of Blood—

(Continued from page 1)

blood. Whole blood, blood plasma and plasma substitutes are all life savers in shock cases and will increase the volume of blood which is vital to keep the patient alive until whole blood is available.

"The need for blood and blood derivatives is urgent," Mr. Baucus said. "Your donation of a pint of blood may mean the difference between life and death for some soldier."

The blood given here will be flown to Fort Worth and sent from there to the fighting front. The bloodmobile will set up here at the First Baptist Church and will receive blood from 8 a. m. until 4 p. m.

### New Drive-On Highway

The J and J Drive-On Highway is now open to traffic. Owners of the road are Joe Burch and W. J. Burch. The new business large hamburgers, burgers and foot-long long with cold beer. The announcement was made this week.

### Local Man Radio-TV In

There are 31 students at the University Radio Workshop. After successful students were advised to take a course, which is part of the extension radio and television program. Among the group is Billy Joe Ball, Mrs. C. E. Ball of Lockney.

Mr. and Mrs. L. Audrine and Wanda Monday after relatives in Dallas, has been at the brother, who has been ill for the past year, ported that he is well at this time.
