The Minor League, or whatever the beginners in organized baseball are called, finished the season with the final game being played Tuesday evening. My grandson, Nathan, was first baseman for the Yankees, and incidentally a good one, and for that reason I have attended more baseball games this year than I have seen in many years.

From what I read in the newspapers and hear in other types of news media I was convinced that parents, other relatives and friends of the players made life miserable for the little fellows, the umpires and the coaches. That's not the case in Dimmitt, at least not at the games I attended. As well as I could determine the little fellows had a very enjoyable season and the coaches, umpires, fans and others who helped in the program are to be commended for making the season an enjoyable one for a bunch of little boys that like the game and play for fun.

A good rain Monday night brightened the faces of county farmers and enhanced the prospects for a bumper crop. A cloud, apparently centered over Lazbuddie and extending across Castro County, apparently remained stationary until it rained itself out. Most rain gauges in Dimmitt registered an inch and a half with varying amounts being reported from other sections of the county.

This has been a very fine crop year so far, weatherwise, with the exception of a hail strip in the north central part of the county last week. Local grainmen estimate that about one-third of the wheat crop has been harvested, and that harvest operations will be back in full swing within a day or two. Exceptionally high yields on dryland wheat are being reported and the yield on irrigated acreage is expected to be good.

### Debts paid, well leased by West Lawn

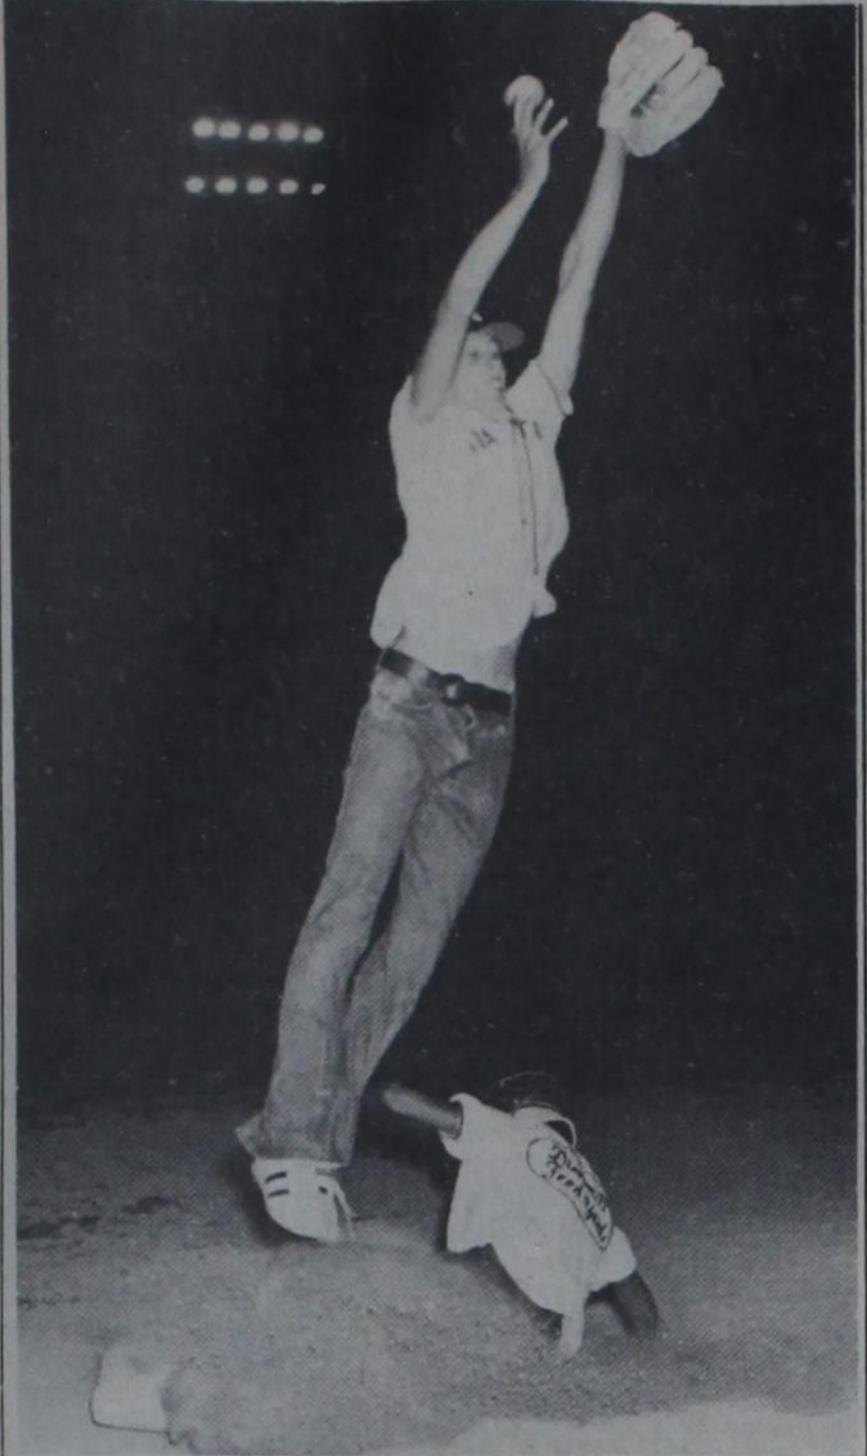

West Lawn Memorial Park has paid its debts at the bank and is no longer financially embarrassed, said Oleta Raper, secretary treasurer for the cemetery.

AND, WE have leased a well to eliminate the water problem, she added.

There will be a workday at the park Saturday. Everyone who holds stock, owns lots or has an interest in the cemetery in any way is urged to come.

According to Mrs. Raper, only around 10 of the more than 200 property owners and stockholders have been active in the workdays held over the past three years.

Officers of the park suggest that memorial donations be made to the cemetery fund in lieu of flowers.

**OVER AND UNDER**—Third baseman Joe Collins of the Junior Babe Ruth League Giants is caught in an over-and-under dilemma in the Giants' game against the Tigers Friday night—the throw goes over his glove as the Tigers' Cruz Holguin slides under. After the overthrow, Holguin jumped up and raced home to give his team a 6-4 lead. The Tigers went on to take a 14-8 victory. The Junior Babe Ruth League's regular season will end Monday night.

### Last rites held for Mrs. Crow

Katheryn Louise Crow, mother of Mrs. Patricia Bagley of Dimmitt, died last Wednesday in Plains Memorial Hospital.

Besides Mrs. Bagley, survivors include two sons, John of Jamertown, Calif. and Charles of Odessa.

### County hikes taxes on new construction

The county tax equalization board discussed tax increases on new construction with six county residents at a meeting Monday.

THE BOARD, made up of the county commissioners and tax collector Kent Birdwell, had notified 80 people subject to the increased rate, which amounted to \$5 at the most.

The commissioners also approved the county emergency disaster program.

### Blood bank set at city hall

The Coffey Memorial Blood Center will set up a blood bank in the Dimmitt City Hall community room from 4 to 6 p.m. Tuesday.

SPONSOR of the bank is Plains Memorial Hospital. Donations will be taken by Coffey staff members.

The center will be set up in the city hall since the facilities of the blood mobile have not been adequate to process all donors for the last two or three visits, said Jack Newsom, hospital administrator.

Donors and their immediate family will receive a blood insurance plan against the financial burden of any blood bank charges which they might incur for a period of one year.

The donation procedure will take about 15 minutes. All county residents are encouraged to make a donation.

### Mr. Everett's rites held

Joe Everett, Sr., a resident of Dimmitt for 14 years, died Monday at South Plains Hospital in Amherst.

SERVICES were held Wednesday at St. Mary Magdalene Catholic Church.

Mr. Everett, 74, moved to Dimmitt from Bovina. He had lived in Earth with his son for the past month.

ACCORDING to Woodburn, who was watching the incident from his field, the plane dumped its load of chemicals and started banking. The plane

then hit a cedar tree along a fence row, burst into flames and did a cartwheel about 50 yards into the cornfield.

A volunteer fireman said George had radioed in to the AAA office that a wing cable on the Cessna AgWagon was broken and that he was dumping his load.

He was spraying a cotton field for Otis Hastings.

## Weather plays trick-or-treat

Although crops in some areas of the county sustained hail damage during the week, the rain that accompanied the unsettled weather did more good than the hail did harm.

ONLY IN Hart was the hail damage severe. Crops in a two mile strip east of Hart from FM

145 on north suffered damage ranging from 20 to 100%. At least a dozen farms were included in the path of the damage.

Crop damage from a Thursday night hail storm six to ten miles north of Dimmitt has been estimated at about 10%.

Golfball size stones riddled the corn, and did minor damage to cotton and wheat in the area around 8 and again around 11 p.m. Gauges in the area measured from .75 to 1.35 inches of rain along with the hail. Monday night the area received an additional .5 inch.

Last Thursday in Dimmitt, the unsettled weather produced hail twice, with no reported damage. Around 7:30, stones ranging from pea to golfball size fell on the city for 10 minutes. At 10:15, hail again fell briefly, then turned to hard rain. The total rainfall was .25 of an inch.

Monday night, .67 of an inch was recorded officially in Dimmitt, but residents reported amounts from 1.2 to over 2 inches just outside the city.

Nazareth received very light hail last Thursday and about .1 of an inch of rain. Monday night, rainfall amounted to about 1.5 inches.

THE FLAGG area recorded .2 of an inch last Thursday and an inch Monday. They had no hail.

Frio received an inch of rain with some small hail last Thursday. The area was without electricity from 8:30 to midnight because a pole was down.

At Sunnyside, light, brief hail was reported Sunday night. The area received 1.1 inches of rain Monday.

A PLANE owned by Atmospherics, Inc. and flying for Better Weather, Inc. took a beating while seeding the clouds which drifted across Castro County Thursday night. Hail knocked out its windshield.

Beyers enjoy long trip to South America and Africa

By MYRTLE SHEFFY

Hugo and Dottie Beyer are home from a long trip by jet to South America and Africa. I was chatting with Dottie. She says they left Los Angeles May 18 for Lima, Peru. Stayed there a few days, took some sight-seeing tours by bus. Then the group flew up to Cusco for two days and took the train to Machee Peehee, very beautiful mountains, big and impressive. On to Rio, rested there for a few days, then flew across to Johannesburg, South Africa. Saw several of the area towns, had a safari trip, saw many animals, took lots of pictures. They stayed two nights and days in a privately owned place called Shoble, lovely place. They saw the big canyon near Johannesburg, many wild and pretty flowers along the way. Enjoyed every day of the trip, but "no place like home," until the next trip.

POLLY BELL had a two-week visit with cousins in Colorado Springs. She saw the mountains and enjoyed the cool climate.

Kenn and Janet Justice and 3 1/2-year-old Jennifer have moved here to 728 Oak Street from Abilene. Kenn is helping his dad Virgil Justice with his real estate and building houses program, also assisting with South Hills Manor Nursing Home.

And this weekend their guests were Ronnie and Darla Lorenz and girls Brooke and Robyn from Abilene, and Saturday evening they all went to Tulia to have Mexican food at El Camino, then back to the Palo Duro Canyon to see "Texas." They give the pageant high praise.

And the parents Mr. and Mrs. Virgil Justice and friends the Boyers of Hereford spent a few days at Red River in the New Mexico mountains.

WINSTON Waggoner and son Quint went to Sulphur Springs last week to visit his sister Alice and Larry Gamblin. Winston says he bought some "fine milk cows." He has the dairy.

Cindy Scoggin and her friend Don Belew of Amarillo and Mr. and Mrs. Larry Scoggin and children of Lubbock were Sunday dinner guests of their parents Babe Scoggin, dad Howard and grandmother Lois Bartlett.

Kylene Collins and Natalie Cline spent a few days at West Texas University at Canyon to attend a tennis camp. They will receive instruction from coach David Kent. The girls stay at the dormitory.

Raymond and Margaret Wilson had a good time with his relatives at the family get together at a big motel in San Antonio. Probably 28 were there.

MRS. DIXIE Bradley of Tucumcari, N.M. was the 75-year-old birthday girl awhile back on a Sunday her children gave her a big party in Dimmitt's Exposition Building. Cake, food and coffee were served to many friends. Her children are Weldon, Dent and Harold Bradley and Keith from Arkansas, Anna D. Gibbs and Emma Lou Hastings. Many grand and great-grand kids were there. The friends gave her a money tree.

Mr. and Mrs. Bruce Wiggins and sons Joe and Edward and their wives, all from San Antonio, visited with Billy Gwynn Davis Monday. The Wiggins are former Dimmitt residents.

Delton and Sue Tishler and son Mike and the three daughters spent a while at Lake Texhoma, fishing, swimming and resting. Mike attended a short course in horseshoeing at the school at Pottsboro, a place near the lake. The Tishlers live at Flagg. He is with the Fred Kuntz business.

WILLIAM and Ethel Zdenek came by here to visit cousins Gene and Connie Ivey. They were enroute home to Mobile, Ala. from an extended tour of the Northwest, Canada, Oregon, stopped to see kin in Denver, on south to El Paso, then here.

Melba and Henry Howell and Dorothy Ellis have returned from a two-week visit to San Diego, Calif. Dorothy visited her brother in Chula Vista. The Howells visited their children Don and family and Marilyn Gossett and family. Both the son and son-in-law are career Navy men.

Mayes and Alice Mitchell and children of Chico have been visiting Mayes' mother Leora Calhoun and his sister Bobbie Chester. Mr. and Mrs. Patterson Bain from Columbia, Mo. have recently moved to Dimmitt. They are making their home with their daughter and son-in-law Adeline and George Rush.

MRS. GEORGE Behrends (Myrtle) was hostess to a few members of her family last week. They are Willie Younger and Bill Johnson from Brownwood, another sister Vera Duree from Lubbock and her son C. J. Johnson and family also. All stayed over for Mrs. Georgia Henderson's birthday dinner and reception in the afternoon at the Exposition Building.

Birdie Neill was the birthday girl Wednesday, so the Elephant Club went to her house for dinner taking food. Members in town were Lois Bartlett, Ruby Maples, Maggie Boren, Mary Kirkpatrick. Guests were Dorothy Elder, Lorena Cates, Opal Browning Jarvis of Plainview, Birdie's daughters Waurene and Van Earl Hughes and Katharine and Frank Marx and Frank the 3rd from Corsicana. The Hughes, Marxes and Birdie did go to see "Texas" in the Palo Duro Canyon Saturday evening. This is the tenth year for the pageant and I hear it is better than ever.

CAROL DYER was hostess Wednesday with lunch for a few friends. They are doing needlepoint now. Ladies were Sue Merritt, Esta Vandiver, Nancy Hays, Dorothy Sheffy Myrtle Lois Moran and Shirley Stephens.

Mrs. George Bradford served a good salad and pie and coffee and bridge to her group Thursday. Guests were Jan Querze, Gladys Cleavinger, Maggie Boren, Retta Cluck, Myrtle Sheffy, Ruth Wooten, Cletha George and Jeanie Miller, who won high score. Jimmy and Jack Howell went to Panhandle one Saturday recently to attend the wedding of Kevin, son of Mr. and Mrs. Charles Howell. These guys are

the sons of Mr. and Mrs. Moss Howell.

Mr. and Mrs. Gerald Sitterle from near Houston came by to see their daughter Susan and Brook Merritt. They had been on a vacation trip through Arizona, Nevada, Wyoming and Colorado.

Floyd and Fern Dickey visited her parents in Wellington last week and then spent the rest of the week in Amarillo with their daughter Marilyn Beam and family. Marilyn is recuperating from recent surgery.

LLOYD AND Shirley Davis went to Los Angeles, Calif. taking a side trip by Las Vegas enroute home. Shirley says she lets the "one armed bandits alone at Vegas." Lloyd attended an engineers' meeting in Anaheim. He is plant engineer at Amstar and Shirley is secretary at the city office. Oh yes, they played golf in San Diego. Had a very good trip.

Ask Jimmie Chapman to tell you about the "rock" that fell off the mountain on top of his car near Barstow, Calif. No one hurt, just messed up his car.

George and Marie Bowen are home from a visiting trip to Dallas to see her son Dr. Steve and Linda Hutton. Dr. Hutton is doing his internship at Parkland Hospital and he helped get Tommy Stafford well when he had the wreck there a year ago. The BOWENS brought little granddaughter Edie home with them for a visit.

Henrietta and J. R. Nazworth are home from a fishing trip to Greenbelt Lake. They caught a

hundred pounds of channel cat. Now they brag about the pounds instead of how big.

MR. AND MRS. Al Gibbs went to Tucumcari last weekend to visit her mother Mrs. Dixie Bradley. Their daughter Ginger Gibbs is finally up and at work at Gibsons after a long stay in Plains Memorial Hospital. Seems she was involved in a car accident.

Sgt. and Mrs. Randy Hasley and family of Cannon Air Base in Clovis visited his parents the Vernon Hasleys last Thursday. Mrs. Hasley helps do flowers for Mattie Seale.

Several families have been on the move. For instance Richard and Jo Beth Shackelford live on the Stanford farm north of town and this week they and children Mark and Mona attended the grand wedding party and dinner for an aunt Joan and Lee Bishop of Quail. The dinner was at the Amarillo Club.

And Ed and Pam Woodard moved to 609 Maple Street, the house recently vacated by Gene and Mary Nell King, who went to Hale Center.

Johnny Davis moved to their house on Western Circle. You think of it as the George Blanton house.

And Richard and Delle Moore have bought and moved into the Kent Gabel house (the Emily Clingensmith house) on Northwest Second Street.

And Kent and Mary moved to the Flagg farm where he will be with his dad George and brother Tony with that big land acreage.

OH YES, Richard Moore is now out of the hospital, not able to work yet, from his injuries when his truck rolled over near Littlefield. And Delle's dad J. L. Dowty is back in Plains Memorial Hospital, very ill. We give him our good wishes.

Bobbie Edwad, LVN out at South Hills Manor, was going to her home in Hereford after work Thursday night. She hit one of the Simpson's dairy cows. The cow was killed, Bobbie was not, but the car she was driving received \$2000 damage. People passed, did not stop to help. Finally M. L. Simpson came, got the car and cow off the highway. And the phone did not work, but a lady did stop to take Bobbie home finally. A nice highway patrolman came, said what he had to say. The car belonged to Bobbie's dad Cecil Payne from Oklahoma City, who came to take the Edwad children home for a visit, but that visit had to wait. Glad the people were not hurt. Sorry about the milk cow.

MARY EDNA Hendrix went to Dallas this week to visit her daughter Sue and David Vaughan. Her kin went with her. Marie Howell and the other girls will mind the library while the "boss" is away.

W. E. and Eunice Thornton are home from a trip to Clearfield, Utah where they visited their daughter Irene and Donn Helmcke. They attended church and Irene sang a special song dedicated to her parents. It was their 31st anniversary. They went by Mount Rushmore

to see the statues of presidents on the mountains. Every place was pretty with flowers, grass and hills, stopped off at Colorado Springs to visit W. E.'s brother Julian and his family.

ANDY AND Helen Behrends were hosts at a Tuesday dinner for their family, Andrew and Kitten Behrends and Kristin from San Antonio. They went on to Colorado later, Mary Botkin and children Ryan and Shelby of Lubbock and the Dimmitt families of Bill and David.

G. D. Ingram and his son Buddy and family of Florence, Ala. came by to see cousin Rachel Graham and all were dinner guests of Rachel's daughter Dorothy and Ted Sheffy. Ted and Graham got all their wheat cut before the hail and rains. The rest of us watch the clouds and hope they move on.

Mr. and Mrs. Robert Goodwin of Mineral Wells were weekend guests of friends Russel and Myrtle Lois Moran. Russel says they were hungry so they came by. They probably

remember what good hot rolls Mrs. Moran makes. I do remember.

OPAL Bearden is home from a two-week stay in Florida. She went down with her sister Naomi Ruth Patton and her family to St. Petersburg and

Sarasota. They saw Disneyworld and Ringling Brothers Circus in winter quarters, a most interesting thing. There were hundreds of small shops to see at Sarasota as well as the circus. Kay and Patrice Finneran came down from Amarillo. [See CHATTER, Page 3]

A HAT WOULD BE SO MUCH COOLER! She must go to the native market for her physical needs. The straw hat would be so much better than the old scarf tied and knotted about her head. Sweet, cool air could come through that straw and that would feel so wonderful in this heat! Where does she go for her spiritual needs? Is there a church on the island? Does she know that she will be told about a great God there who will help her, guide her, and refresh her? How fortunate we are in this country that there is a church in every community. Spiritual help, refreshment of soul, fellowship and love awaits all who enter her doors. We invite you to attend Church this week. EVERYONE IN THE CHURCH THE CHURCH IN EVERYONE. The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God. TIMMY WILHELM AND PAM VEAZEY  
At Mount Vernon during Government in Action Tour

## Youths take capitol tour

Representing Deaf Smith Electric Cooperative on the annual Government-In-Action Youth Tour to Washington, D.C. this June were Pam Veazey and Timmy Wilhelm.

The two young people won the all-expense-paid trip to the nation's capital city by means of an oratorical contest.

Miss Veazey, the daughter of Mr. and Mrs. C. H. Veazey of Friona, will be a senior at Friona High School in the fall.

Wilhelm, the son of Mr. and Mrs. James Wilhelm of Happy, will be a senior at Nazareth High School in the fall.

Approximately 40 other young rural Texans participated in the 11-day bus trip.

During the June 9-15 stay in the nation's capital, they saw the US government in action, visited with their congressmen and senators and saw various government agencies and sites of historical significance.

Included on the 5-day agenda were visits to Arlington Cemetery and the Tomb of the Unknown Soldier, the National Archives, Mount Vernon, the Library of Congress and other places.

On June 11 the group met approximately 1,000 young people from 30 states for a program coordinated by the National Rural Electric Cooperative Association and a White House tour.

### Tigers win in seventh

The Tigers overcame the Giants 14-8 Friday night in a Junior Babe Ruth game with seven runs in the seventh inning.

THE TIGERS held a narrow lead through the first four innings, but the Giants tied it up in the fifth and then went ahead by one in the sixth.

A double play involving the Tiger third and second base-men protected the win.

At the plate, the Tigers col-

lected seven hits and 10 walks off Veals and Navarro, while eight Tigers struck out and one was hit by a pitch.

Bossett walked three Giants, hit two with pitches and gave up six hits. He also struck out nine.

Navarro of the Giants and Fewell of the Tigers each collected three RBI's.

### Softball results from Jr. girls

In junior girls softball last Monday the Rangerettes defeated the Bluebonnets and the Powder Puffs beat the Mini Tigers.

ON Thursday it was the Powder Puffs over the Bluebonnets. A game between the Mini Tigers and Rangerettes was called by rain.

### Summer brings lawn problems

Homeowners should take good care of their lawns during hot summer weather to prevent problems such as dry spots, thin turf and weeds.

St. Augustine Decline and brown patch are two diseases occurring in St. Augustine grass lawns, and chinch bugs and white grubs can also damage lawns if not controlled.

### Dimmitt girls at tennis camp

Two Dimmitt youngsters are among over 250 young tennis players participating in the fifth annual West Texas Tennis Camp this week (June 22-28) on the campus of West Texas State University.

CAMPERS from Dimmitt attending the first of three sessions include Natalie Cline and Kylene Collins.

"We try to do two things in this camp," said WTSU tennis coach David Kent. "One, we try to improve each individual's game, and two, we try to have some fun."

The camp is held on WTSU's 14 Laykold courts, the site of the 1976 Missouri Valley Conference tennis championships. Campers also have the use of the university's \$4 million Activities Center.

Kent and Amarillo pro Roland Ingram direct the camp.

### Miss Kleman attends camp

Noreen Kleman of Nazareth and over 150 area students are participating in the fifth annual West Texas Choral Music Camp this week.

THE CAMP is sponsored by West Texas State University. Guest conductor is Dr. Lynn Whitten of the University of Colorado. Assisting him are Tom Jennings of Canyon, John Woickowski of Pampa, Charles Rives of Roswell, Doug Morris of Hereford and Amarillo music educators Joel Shackelford, Jeff Ingham, Carolyn Kite and Lewis Unger. Nancy Glen is choral accompanist.

A concert will close the camp at 4 p.m. Saturday.

### Home and hobby Cakes offer good eating

By IRENE KEATING

This week I'd like to share some good recipes with you.

THESE cakes were made (and shared with the Extension Office) by Carolyn Young and Susan Marvin Hanners. I know that many of your families will enjoy them too.

#### Oatmeal Chocolate Chip Cake [Carolyn Young]

- 1 1/4 c. boiling water
- 1 cup sugar
- 1 stick oleo
- 2 eggs
- 1 1/4 cups flour
- 1 tsp. soda
- 1 cup uncooked oatmeal
- 1 cup lightly packed brown sugar
- 1 tbs. cocoa
- 1 pkg (6 oz.) chocolate chips
- 1/4 cup chopped walnuts
- 1/2 tsp salt

Pour boiling water over oatmeal, let stand for 10 minutes. Add brown sugar and white sugar and oleo. Stir until oleo melts. Add eggs, mix well. Sift flour, soda, salt and cocoa, mix well then add about 1/2 pkg. chips and pour batter into greased and floured 9" x 13" pan. Sprinkle with remaining nuts and chips. Bake for 40 minutes at 350°.

#### Apricot Pound Cake [Susan Marvin Hanners]

Grease and flour a tube pan, preheat over to 350°. Beat 4 egg whites until stiff. In another large bowl beat 4 egg yolks. Add 6 oz. apricot nectar to one yellow cake mix. Beat this slowly. Then gradually add 3/4 cup oil and beat 4 minutes. Fold in egg whites and 1 teaspoon lemon flavoring. Pour into pan and bake 40 - 50 minutes. Stays very moist if not overcooked. Makes 2 loaf cakes also. Cook about 35 - 40 minutes.

### Club to meet Tuesday night

The Fun After 50 Club will meet Tuesday night at 7:30 in the community room at the city hall.

Everyone is invited.

WASTE NOT, want not; wilful waste makes woeful want. —Franklin.

KNEE-BEND—An Astros batter goes low and takes a hefty swing as he foul-tips the ball during Friday night's game between the Astros and Yankees. It was the next-to-last night of action in the Minor League; the four teams finished their regular season Tuesday night.

### Drive nets \$179 for mental health

A recent drive for mental health in Dimmitt raised \$179.28 for The Texas Association for Mental Health.

TOM J. Caldwell, Jr., president of the citizens' association, expressed his appreciation to Mrs. Robert Buntyn, local chairman.

The Mental Health Association, the only nationwide citizens' group working on behalf of the mentally ill, has 20 chapters in Texas with over 10,000 members.

Volunteers in the association work to see that every Texas citizen receives adequate mental health treatment. Primary goals this year are children's mental health and community services.

As part of a preventive thrust in mental health education, the Association, in cooperation with the Office of Early Childhood Development, Texas Department of Community Affairs, sends a 28-part educational newsletter on child development to all first-time parents in the state.

"PIERRE," the largest post-parent education program in Texas, now reaches 81,000 families and by 1978 will reach 120,000 families.

## On Wall Street

By Bob Hill

A. G. Edwards & Sons, Inc.

Consumers are slowly, reluctantly beginning to spend some of their money. Attitudes are a lot more optimistic than they were six or eight months ago, but the memory of the worst recession in 40 years will linger for some time. It is frightening to go through a slide like the one we have just been through, especially if you don't remember the depression days of the 1930's.

MANY consumers are still playing it close because the two biggest worries are still unemployment and inflation. So, some major purchases are being postponed or consumers are "trading down," going from a large car down to a small economy model, easier on the gas bill. Not everyone is holding back, obviously. Plenty of buyers were out in the retail stores the past two weeks, lured by Father's Day promotions. Personal income was up 7.2% in the first four months of 1975 and, in April, consumers reduced their debts for the fifth

time in six months, reflecting a drop in installment buying of automobiles. Meanwhile, retail sales increased 2% in May over April and 6% over May of 1974.

Before the recession, inflation was the big consumer headache. That was displaced by recession and unemployment fears. Now that the economy is on the move upward, inflation has once again become the chief consumer worry. Consumers reflect this in the way they are postponing some major purchases and in the way they shop for necessities. The trend is toward factory outlets and discount stores instead of the standard name retailers and catalog stores.

The one industry benefiting from all this is the seed and vegetable industry. The move to home gardening finds plenty of justification when you note that lettuce prices in some states have jumped from 25 cents a head last winter to 69 cents a head.

## VETERANS' SERVICES

By BEDFORD W. SMITH  
County Service Officer

Please note that our office secretary for the summer months will be on duty Monday through Friday in our second floor courthouse office.

Jack Coker, Veterans Administration Regional Director, advises veterans headed for the first time this summer or fall for classrooms under the GI Bill to act promptly if they want advance payment of educational checks.

Coker noted a record 2.4 million veterans and military service personnel trained in fiscal year 1974, and the agency made 563,250 advance payments totaling \$211.3 million. So far this fiscal year, 659,300 payments in the amount of \$243.6 million have been made.

Advance payments were initiated in August 1973 to assist veterans who, after starting to school, find themselves in financial difficulty while awaiting their first VA checks.

Coker said a veteran who plans to enter school should first make certain he has a certificate of eligibility. If he hasn't, one should be obtained from the nearest VA office. We have forms for these and all other VA benefits in our office.

The certificate must be presented to the school of the veteran's choice. The school, if it accepts the veteran, will forward it and the enrollment certification to VA.

Coker explained that if the agency received this information at least 30 days before registration, veterans who train half time or more may pick up their first check when they register. The first check will cover training allowances for the first two months, or one month and a portion of a month, depending upon the registration date.

Under current rates, a single veteran in school full time receives \$270 monthly. Veterans with one dependent will receive \$321 monthly, with two dependents \$366, and those with three or more dependents receive an additional \$22 monthly for each dependent over two.

Half time rates are \$135 monthly for a single veteran, \$160 monthly for veterans with one dependent and \$182 monthly for those with two dependents. Veterans with three or more dependents receive an additional \$11 monthly for each dependent over two.

GI BILL enrollments have set two record highs, topping all monthly totals for the current GI Bill and exceeding all previous fiscal year totals in only nine months. Jack Coker announced recently.

Veteran enrollments under the Veterans Administration program reached 1.8 million high mark in March, pushing the total in the first nine months of the fiscal year to 2.158 million. This compares to 2.128 million for all of fiscal year 1974. Enrollment among active duty servicemen also was up—11,000 more than the fiscal year 1974 figure—bringing the total for veterans and servicemen to 2.370 million. College level trainees during the period numbered 1.501 million.

Coker added that the spurts followed enactment of a December 1974 law raising benefits by 22.7 percent.

Fifty-eight percent of all

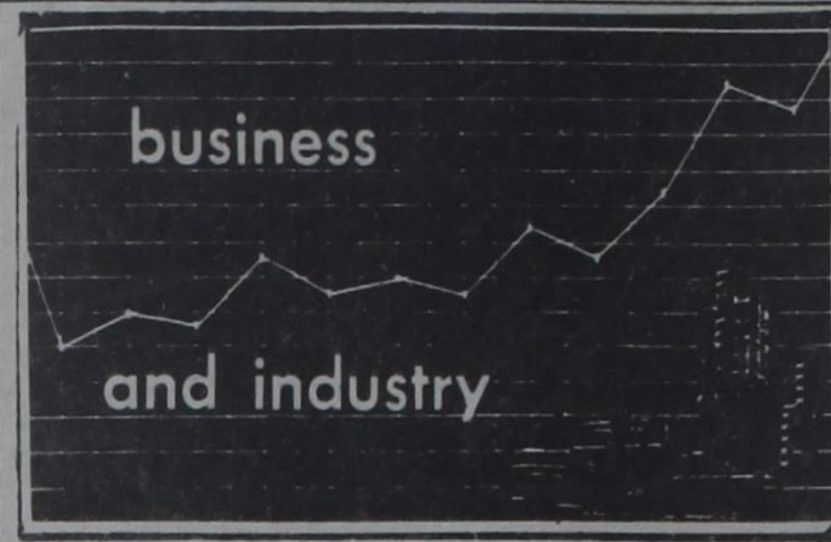

Vietnam veterans have used at least a portion of their eligibility. This compares to 50.5 who used World War II benefits and 43.4 using the Korean Conflict program.

"These increases in GI Bill use," Coker said, "are increases we can all take satisfaction in." He anticipates high enrollments to continue through the current school year spurred by the December raise in allowances.

March statistics also reveal an increase in another VA education program. The program for wives, widows and children of veterans and military service personnel attracted 62,400 trainees, an increase of 19 percent over March 1974.

Eligible educationally minded persons should contact the nearest VA office, veterans county service officer, or veterans service organization representatives.

NOTING that 355,000 veterans died during fiscal year 1974 and that 206,000 of these deaths were World War II veterans, Coker issued a reminder to veterans to make certain their survivors know what VA benefits they may be entitled to when death comes. "Not only should the veteran

We have several new books for the children to read this summer, some of these are: "Lighthouse Island" by Elizabeth Coatsworth. This is a short story of a boy who spent the summer on a lighthouse island in Maine with his aunt and uncle. Alex thought this would be a dull and lonely vacation but he soon discovered how fascinating living on an island can be.

"The Year Mom Won the Pennant" by Matt Christopher. The Thunderballs needed a coach badly, but Nick Vassey's mother was not what they had in mind. Yet she was the only parent who volunteered to coach, and without a coach there could be no team. The Thunderballs were bewildered, Nick was mortified, and their arch rivals, the Tornados, howled with glee. Everybody was in for a surprise. On the first day of the season, the Thunderballs won. Before they knew it, they were in a frantic race with the Tornados for the pennant.

"Louly" by Carol Ryrle Brink is a story about a camping trip. "Who mentioned the mountains? We are going in the backyard," Louly said. And under her imaginative leadership, Louly's friends Chrys and Cordy and Louly's little sister Pooh-Bah moved into a backyard tent. With her parents away, Louly's uninhibited soul bursts with ideas. Chrys, however, is suffering some qualms about doing her own thing.

"The Horse Comes First" by Mary Calhoun. What could be more exciting than a summer of horses, harness racing and life on a farm? Until he actually found himself there Randy had thought his summer in Olden, Iowa with his grandfather and aunt would be the greatest thing that could happen to him. Too soon he learned that with harness racing people, the horse comes first. And people, including Randy, have to find their own place.

Deaths from uterine cancer could be further reduced if every adult woman had a Pap test with her annual checkup and if postmenopausal women were checked by their doctors for any abnormal bleeding, says the American Cancer Society.

JACK EBELING AND AVERY THRASHER  
"Right on the Corner—Right on the Price"

## Ebeling joins Thrasher's Auto Sales

One of the newest and fastest-growing businesses in Dimmitt is Thrasher's Auto Sales, which opened Jan. 1 at South Broadway and Jones.

THEY MUST have the right formula at Thrasher's, for they've averaged selling at least 25 cars per month since their opening.

The young owner of Thrasher's Auto Sales is Avery Thrasher, who has been in the auto business 8½ years—ever since he was a senior in Canyon High School.

Thrasher's new associate is Jack Ebeling, who joined the firm this week. Ebeling has been in the automotive business here 15 years.

THRASHER AND Ebeling attend major car auctions in Amarillo, Lubbock, Clovis, Dallas and Fort Worth to find the best used-car bargains, and they keep an inventory of approximately 40 units. They also buy cars from individuals, sell locally owned cars on a commission basis, and provide a locator service for anyone who wants a specific model.

As an added service, Thrasher and Ebeling are now forming their own finance company to make on-the-spot financing easier for their customers.

THRASHER HAS been a competitor all his life. He overcame two bouts of polio as a child to become a top athlete at Canyon High School, then went on to play defensive back in football for the West Texas State Buffaloes.

He became a car salesman when he was a senior at Canyon High School, working half-days for an Amarillo dealer to help pay his way through college.

He was the sales manager for a Chevrolet dealership in Irving when he married Joan Braafladt of Dimmitt and decided to move here four years ago. He joined Dale Fowler Ford, Inc., as sales manager. Six months ago, he started his own business.

Thrasher is president of the Dimmitt Jaycees, a former "Jaycee of the Year" winner, is an officer in the Dimmitt Lions Club, and is president of the County Activities Committee.

EBELING HAS been an independent garageman and car salesman during his 15-year automotive career. He has leased his E&W Motors property to devote full time to selling.

A lifetime Dimmitt resident, Ebeling was the first man drafted out of Dimmitt during World War II. He is a member of the Dimmitt Volunteer Fire Dept., the Odd Fellows Lodge and the Castro Memorial Post, Veterans of Foreign Wars.

Thrasher's Auto Sales is "Right on the Corner—Right on the Price," and they promise, "If we don't have it, we'll find it."

## Couple at home in Elgin

Mr. and Mrs. Bobby Yates are at home in Elgin following a June 7 candlelight ceremony in the courtyard of Mr. and Mrs. Woodrow Killingsworth.

THE BRIDE is the former Donna Gayle Summers, daughter of Mr. and Mrs. Elbert Summers of Rt. 1, Dimmitt. Mr. and Mrs. Johnny Yates of Cameron are the parents of the groom.

The ceremony took place before an arch of greenery and triple candelabra amid hanging baskets and candles in the vine arbor. Ronnie Parker officiated.

Given in marriage by her father, the bride wore a gown of imported embroidered India gauze with cotton lace trim. The three-tiered skirt was gathered to a bodice featuring a square neckline accented with lace trim and bishop sleeves with wide lace cuffs. Her picture hat was banded and tied with the embroidered India gauze. She carried a nosegay of red garnet roses and gypsophelia, tied with red satin ribbon.

Matron of honor was Rose Ann Summers of Houston, sister-in-law of the bride. She wore a dress of voile in a print of muted primary colors on a natural background. It featured a large white notched collar, bishop sleeves with wide cuffs and an A-line skirt. Her white picture hat was trimmed in red ribbon and she carried a long-stemmed red rose.

ALLISON Summers was flower girl and Stephanie Killingsworth and Heidi Henderson were candlelighters. They wore full length dresses of printed voile with white pinafores and printed bonnets.

Best man was Johnny Yates of Rockdale, brother of the bride. Dean Summers was usher.

**More about Amstar breaks ....**

[Continued from Page 1] plant is expected to double to 30,000 bushels when the new refinery goes on stream in 1977. The plant will be processing approximately a million pounds of corn starch per day into the liquid "super sweetener."

Prime contractor for the project is the Austin Company, a nationwide construction firm which is conducting the project out of its Houston office.

**EXPLORING** family patterns and relationships of yesterday and projecting patterns for tomorrow help families live together better today, Dorothy Taylor, family life education specialist with the Texas Agricultural Extension Service, says.

**Doctors recommend vacation trips**

The traditional summer vacation trip of the American family is highly recommended by your doctor. The family needs to get away from home and office chores, forget day-to-day worries for a short time and generally get rejuvenated and ready to face another year.

**WHETHER** your vacation is a short trip to a nearby lake or the Gulf Coast, camping out in a national park, a plane trip abroad, or what have you, the Texas Medical Association lists a few things to keep in mind that will help avoid having the holiday spoiled by illness.

Depending on where you're going, you may need some vaccination shots. Tetanus, certainly, for anyone who expects to include some out-of-doors activities. Typhoid, if your journey includes areas where the

water supply is uncertain. Possibly smallpox, if you're visiting a foreign land where the disease is still present. Ask your doctor about these, and possibly other, immunizations.

Use common sense in regard to your vacation diet. Many a family trip has been spoiled by too many roadside hamburgers and soft drinks. A sound rule while driving cross-country is to eat lightly. Be cautious about heavy, rich meals, particularly if you're not accustomed to such at home.

Know what sort of climate you will encounter at your vacation spot and dress accordingly. It can get cold in the mountains or on the desert at night, even in midsummer. Good walking shoes are important to the wardrobe.

**IF YOU** wear glasses, take along an extra pair. Or at least a copy of your prescription. If you're taking regular medication, make certain your supply is adequate before leaving.

Finally, don't overdo it. Almost no one other than a trained athlete is ready for 36 holes of golf or five sets of tennis under a broiling sun.

Schedule your vacation to allow for daily rest periods. Do most of the driving in the morning hours and stop for the night in early or mid-afternoon.

Your vacation should be a holiday for rest and relaxation. It should not be a grind that necessitates another vacation to rest up from the vacation.

**TEXAS TALK**  
By Jim Hays

**Sorghum planted in a field of plastic?** That's one of the possibilities being studied by research groups now taking a hard look at a variety of water conservation programs. Experiments have actually been done in the Oklahoma Panhandle whereby plots were covered by large plastic sheets... holes cut in the plastic for the plants and irrigation water supplied under the plastic. Results... less than half the normal water required. Costs... terrible. So the search goes on with new attention focused on special breeding for water retention and improved plant utilization.

Tests at Oklahoma State University reportedly indicated that as much as 2 inches of water a year can be saved by planting sorghum in rows running north and south rather than east to west. Direction of rows, spacing of furrows and development of new breeds are all subjects the sorghum producer will be hearing a lot more about... especially if the weather forecasters are right.

**Fruit rot is common disorder in home gardens**

Fruit rot in certain vegetables is a common disorder in home gardens this time of the year, according to a vegetable specialist for the Texas Agricultural Extension Service.

**CALLED** "blossom-end rot," the problem is especially prevalent in tomatoes, squash and peppers, and is identified by water-soaked areas near the base of the fruit which rapidly turn dark and eventually rot.

The problem results from either too much moisture or not enough. Therefore, proper watering is important.

**Here are week's best food buys**

Produce counter variety and increasing supplies are seeing more activity in that section of supermarkets this week.

**CANTALOUPE** and corn supplies are up, so prices are down. Mrs. Gwendolyn Clyatt, consumer marketing information specialist, noted.

"Also, honeydews, watermelons and cherries are on most markets now—with prices moderate to relatively high," the Texas Agricultural Extension Service specialist added.

The same holds true for apricots, peaches, nectarines and strawberries.

Mrs. Clyatt reported moderate prices on okra, cucumbers, blackeye and purple hull peas—along with summer squash, radishes and green onions.

**PRICES** remain relatively high on dry onions and potatoes.

At meat counters, she termed fryer chickens, turkeys and eggs "good protein food choices, pricewise."

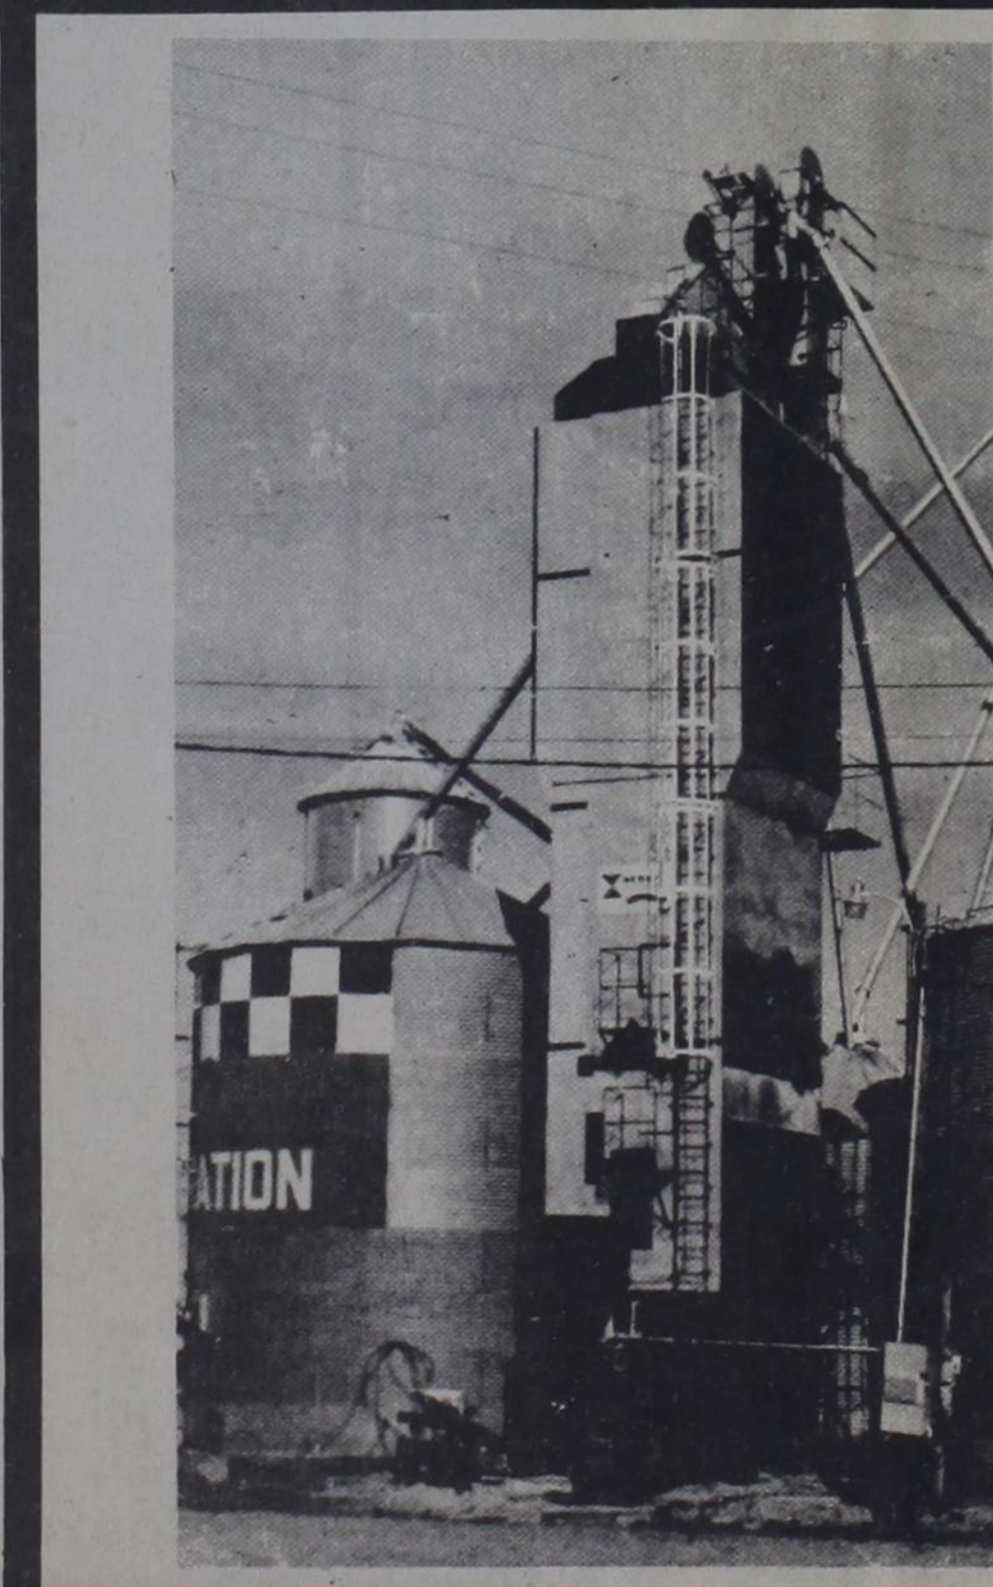

Look for best beef values on chuck roasts and steaks, round steaks, ground beef and liver.

**CONSUMER WATCH-WORDS:** To save money on bread, try chain-store brands and other less-advertised brands.

Also, compare prices of equal weights—rather than "large" versus "small" loaves. Day-old bread offers another chance for great savings.

**IF THE** home air conditioner isn't circulating enough cook air to make the rooms comfortable during hot, muggy days, check to be sure the air filter is clean and doesn't need replacing. Mrs. Lillian Chenoweth, family resource management specialist with the Texas Agricultural Extension Service, suggests.

**THE FIREFLY** only shines when on the wing; so it is with the mind; when we rest we darken. —Bailey.
