SERVING THE RICH IRRIGATED SECTION OF FLOYD COUNTY

VOLUME 52

LOCKNEY, FLOYD COUNTY, TEXAS, THURSDAY, SEPTEMBER 10, 1953

NUMBER 22

## Longhorns Open Season Against Paducah Friday

The Lockney Longhorns open the 1953 football season Friday night of this week when they travel to Paducah to take on the Paducah Dragons, their rivals of several years standing. The game will be called at 8 o'clock.

The Longhorns have been drilling for two weeks in preparation for the game and although most are inexperienced boys, Coach Johnny Truelove was fairly well pleased with the team this week.

"We'll probably look a lot better with another week of practice but the boys are doing pretty good," Truelove said Wednesday. "The coaches were well pleased with the way the boys looked in scrimmage Saturday night against Kress but they didn't look good Friday night."

In the Saturday night scrimmage the Longhorns scored six times and held the Kress boys without a score. However at Kress on Friday night the teams were just about evenly matched, each one scoring one time.

Several new boys have come out this week to strengthen the team and the situation generally is looking better, Truelove said. New boys coming out this week are Donald Hill, Ralph Garroven, Carroll Carthel, Charles Vaughn and Jimmy Scott. Scott has had quite a bit of experience and Carthel played end during the spring practice period.

Injuries, none of them very serious, have been plaguing the Longhorns the past week. Jimmy Williams had an arch injury Saturday night but it appeared that he would be alright Wednesday. Cleon Wiley, a guard, has a bruised hip and will probably be unable to play. Other boys have charley horses and bruises which have slowed them down and hindered practice.

The Longhorns ran over the Dragons 46 to 18 last year but the Longhorns are playing with only two regulars from last season's team this year while the Dragons have every regular back except one from their 1952 team. The Paducah team boasts 18 lettermen featuring Hal Sandefur, 165 pound junior quarterback, who was named all-district last year, and Hershell Thaxton, 185-pound sophomore fullback.

The Dragon line features two 180 pound tackles and a 215-pound guard. The entire line will average 175 pounds. Probable starting line-up for the Longhorns was announced Wednesday as follows:

Jimmy Williams, Quarterback  
Eddie Joe Foster, left half  
Billy McAda, right half  
Allan Ray Pinner, fullback  
Marion Cross, center  
Weldon Jones, right guard  
Roy Johnson, left guard  
Deanie Quisenberry, right tackle  
Jimmy Rankin, left tackle  
Mickey Jones, right end  
Carroll Carthel, left end.

## Reed, 4 Mo. Myelitis

Four months old and Mrs. T. L. (Curtis) Reed was taken to the polio hospital Thursday of this week. She had been sick a while and had entered the hospital since Sunday. Her condition hadn't improved.

## Rural Schools Begin New Terms Monday

The rural schools of Floyd County began their 1953-1954 school term on Monday morning, September 7th, according to Clarence A. Guffee, County School Superintendent. Teachers in the schools are:

South Plains, J. B. Thames, Jr., Mrs. O. T. Hewitt; Sand Hill, W. A. Reeves, Mrs. J. C. Barnett, and Mrs. W. A. Reeves; Lakeview, M. J. Coleman, Mrs. M. J. Coleman; Lone Star, J. H. Hall, Mrs. Roy Childress; Dougherty, G. C. Tiner, Mrs. G. C. Tiner; Providence, Perry T. Brown and Mrs. Perry T. Brown.

A meeting of these teachers was held by Mr. Guffee for Saturday morning, Sept. 5th, at 10 o'clock in his office to discuss the years work and to review the new instructions from the Texas Education Agency.

Mrs. A. S. Grubbs and daughter, Willie Grace, of Friona spent Tuesday night here with Mrs. Grubbs' mother, Mrs. W. L. Thomas Sr.

## Mrs. Earl Minter To Be PTA President

Mrs. Earl Minter has agreed to accept the office as president of the Parent Teacher Association and will be officially appointed at an executive meeting held Thursday night at the First Methodist Church. This appointment was necessary due to the resignation of Mrs. Revis Harris.

Mrs. Chester Mitchell has been selected to fill the vacancy of the office of vice-president of the organization. Mrs. Fritz Schacht offered her resignation recently from that office.

## First Bale Is Ginned Tuesday

The first bale of 1953 cotton for this community was ginned at Patterson Gin here Tuesday just after noon. It came from the F. L. Montandon-Austin Meriwether farm in the Aiken community.

From 1740 pounds of seed cotton the bale turned out 520 pounds of lint with 700 pounds of seed. It was Paymaster cotton. It was judged to be middling 7-8 grade and staple.

Montandon and Meriwether are partners in the operation of the farm on which the cotton was grown. Montandon is a former agriculture instructor in the local schools and Meriwether has considerable acreage in this area under cultivation. The first bale last year came from the same farm and was ginned on Sept. 12.

The Lockney Chamber of Commerce will make up a premium among local merchants for the first bale. President Albert Willis said Wednesday.

First Cotton Bale  
First bale in the county was ginned Wednesday of last week at the McCoy gin in southwest Floyd County. It was raised by Olin Bryant on his farm south-east of McCoy. The 1,900 pounds of seed cotton yielded a 450-pound bale of lint and 820 pounds of seed.

Bryant received \$100 premium from the Floydada Chamber of Commerce, and \$100 per ton for his seed plus 50 cents per pound for his cotton paid by Dick Smith of the McCoy gin. In addition the board of directors of the Lockney Chamber of Commerce and Board of Development voted Tuesday night to give Bryant a \$25 premium. Bryant has announced that he will divide the premium he receives among the county's 4-H clubs and FFA chapters. He gave \$50 of the first \$100 premium to the 4-H club boys and \$25 each to the Lockney and Floydada FFA chapters.

## Final Farm Bureau Meet At Sand Hill

The final meeting in a series of community meetings sponsored by the Floyd County Farm Bureau will be held at Sand Hill tonight (Thursday) at 8 o'clock. President Chester Carthel of Prairie Chapel urged anyone that had missed the other meetings to attend this one. Everyone will be welcome, he said.

About 25 or 30 men were present at the meeting in Lockney Monday night. Other community meetings have been held in the county.

Matters of interest on national, state and community level have been discussed at the meetings. On a national level the matter has been a farm program that will be satisfactory to the farmer. On state level, the groups discussed farm-to-market roads and a tax on natural resources. Matters of community level included farm-town relations and community relations.

Directors To Meet  
President Carthel said that the board of directors of the county organization would change the time of their meetings from Thursday to Friday night for this time only and would meet Friday night of this week at the Farm Bureau office in Floydada. All directors and alternates are urged to attend.

Frances Dee Copeland has returned after a week's visit with relatives in Midland.

## Enrollment At Local Schools Totals 853

Enrollment at the Lockney schools totaled 853 Tuesday and it is expected that new students will be added for several days yet. Of the total enrollment 594 were in grade school, 225 in high school and 34 in the colored school.

Last year at this time the enrollment was five more than the present total—858 with 596 in grade school, 238 in high school and 24 in the colored school.

It is expected that the local schools enrollment will go well over 900 due to the influx of children of transient laborers when cotton harvest opens here.

Correction  
In listing the teachers in last week's Beacon an error was made in the sixth and seventh grades. It should have read: Sixth grade, L. D. Hawkins, Henry Price; Seventh grade, Miss Ann Williamson, Mrs. Alma Dutton.

## Willis Named Head Of C-C

Albert Willis, local manager of the Baker Flash-O-Gas Co. was named president of the Lockney Chamber of Commerce and Board of Development in a meeting at the City Park Tuesday night. Also elected were Bob Miller, vice-president, and Bill McClaskey, secretary-treasurer.

The group decided to elect seven directors to serve the organization and those elected were: R. E. Patterson, M. W. Wiley, Dwight Jackson, R. L. Knox Jr., W. O. Stuart, Joe Foster and F. L. Montandon.

A discussion on projects and aims of the organization followed the election of officers with President Willis presiding. He pointed out that the first task facing the group was that of organization. Also discussed were such matters as premiums for the first bale of cotton, a truck fleet for securing cotton harvesting labor for the community, housing for transient labor, benefits of the West Texas Chamber of Commerce, the organization of a retail merchants association, and the securing of the old oil mill here for some useful purpose.

Directors Meet  
Following the regular meeting the officers and directors met to consider some of the matters presented to the group. It was voted to solicit a premium for the first bale of cotton ginned here Tuesday, and to pay a \$25 premium to the grower of the first bale ginned in the county.

The directors named Sid Thomas as manager of the organization at no salary but with the understanding that his expenses in working for the organization would be paid.

The directors also voted to sponsor the organization of a local Retail Merchants Association. Ground work for this organization has been done by J. H. Cooper of Lockney.

President Willis was authorized to appoint several planning committees for the Chamber of Commerce and he will do that within the next few days.

## Thieves Raid Floydada Store

Thieves broke into the Glad Snodgrass Men's Wear store in Floydada Monday night and made off with an estimated \$2,000 in merchandise and \$15 in money. The culprits broke out a glass in a rear window of the building, apparently backed a truck up to the building and stole dozens of garments including western shirts, white wool sweaters, jackets, sox, wool sport coats, men's suits, dress shirts and trousers.

Sheriff Earl Cooper said Tuesday that his office had some very good leads in the case. The City of Floydada has a night watchman and a night patrolman but the thieves managed to escape detection during their operations.

OFFICE SUPPLIES at The Beacon Office.

SGT. ABNER R. (BOB) SMITH will arrive in San Francisco Thursday of this week, according to a telegram received by his sister, Mrs. Vestal Eiland of Lockney, left Monday afternoon for San Francisco to meet the returning serviceman.

## Sgt. Bob Smith, Ex-POW, To Land September 10th

Sgt. Abner R. (Bob) Smith, who has been a prisoner of war of the Communist Armies in Korea since November, 1950, will land at San Francisco today (Thursday) according to a telegram received the past week end by his sister, Mrs. Vestal Eiland of Lockney. Sgt. Smith was released in the exchange of prisoners of war on August 25.

The telegram to Mrs. Eiland stated, "Sgt. Abner R. Smith is passenger aboard U. S. N. T. Marine Phoenix, due arrive in San Francisco port of embarkation, Fort Mason, San Francisco, Calif. 10 September 1953."

The soldier's brother, Lewis B. Smith, and his brother-in-law, Vestal Eiland, both of Lockney, left here Monday afternoon at 4 o'clock for San Francisco where they planned to meet Sgt. Smith. Although they were not sure what the Army's plans for the soldier were, they hope to bring him directly back to Lockney and then on to Fayetteville, Ark., where his mother, Mrs. Alice Britt, lives.

Mrs. Eiland has received two letters from her brother in the past week. The first one written the day he was liberated. It follows:

Dear Sis and All:  
Today is the happiest day of my life I believe as I have just been released. Oh boy what a great relief. Will see you soon. The doctors seem to think I am alright, just need some good food which you know I will get now. Well, I am so excited that I can't hardly do anything. So see you soon. Oh yes, I made sergeant.  
Lots of love, your brother,  
Bob.

The second letter, written on August 27, said:

Dear Sis and All:  
Well, Sis, I am finally a free man again, but still pretty excited on account of getting out of the jungle and coming back to civilization. Chow is wonderful. Boy it is really great to be an American. People in the rest of the world don't know what it means. Boy I can't think of a thing to write. Will be home in about 20 days. So you be in Arkansas with all the family. I will pay your expenses there and back. So will see you soon. I made sergeant. Boy it really feels good.  
Lots of love, your brother,  
Bob.

## First 1953 Grain Here Last Week

The first loads of the 1953 feed crop arrived here last week. The crop is just dribbling in at present and is not expected to reach any proportions until after frost. The big feed crop in this section was planted late, after a sand storm had whipped out a good portion of the cotton.

C. L. Mooney of the Prairie Chapel community brought the first load of kaffir to Baxter & Smith Wednesday of last week. The grain tested 14.5 moisture and was making around 3500 pounds per acre.

Sam Moore brought in a load of early maize to Patterson Elevator here Thursday of last week. The maize graded no. 1 and tested 14% moisture. It was making around 3000 pounds per acre. Moore lives south of Aiken.

The market price on milo here Wednesday was quoted at \$2.25. Loan price on number two or better was set at \$2.39 but storage and service charges reduce this to about \$2.20 to the grower. It is expected that much of the grain will go into the loan if the market price falls any lower than it is at present.

## DWI Charge Filed Saturday Night

Sheriff Earl Cooper filed a charge of driving while intoxicated and driving without a driver's license against Bobby Cantrell of Floydada Saturday night. The defendant pleaded guilty to driving without a license in county court Monday morning and was fined \$25 and costs. He pleaded not guilty to the DWI charge and was released on bond.

On the same night Sheriff Cooper chased a Plainview man on Highway 70 between Lockney and Floydada at speeds up to 100 miles per hour before catching him. The man, Jimmy D. Kelley, was charged in Justice Court at Lockney with speeding, driving without a driver's license and excessive noise.

## Funeral At Aiken For Lucas Daughter

Funeral services for Sandra Ruth Lucas, two-day-old daughter of Mr. and Mrs. Clyde Lucas of the Aiken community, were conducted at 10:30 Tuesday morning at the Aiken Methodist Church. Rev. Charles Pickens, the pastor, officiated.

The baby died Sunday afternoon at the Plainview Hospital and Clinic Foundation.

Besides the parents, survivors are two sisters, Linda and Janice Kay; a brother, Don; the grandparents, Mr. and Mrs. O. A. Lucas, Aiken, and Mr. and Mrs. Joe Anderson, Lockney.

Interment was in Plainview Memorial Park.

## Will E. Sims Is Claimed Friday

Will E. Sims, one of Floyd County's substantial citizens, was claimed by death Friday afternoon near five o'clock after a short illness. Mr. Sims had been in ill health about two years but had been able to travel about and take care of his business affairs. He became ill Thursday and drove his car to Plainview for treatment returning home the same day. Friday his condition became worse and death followed.

Funeral services were held at the First Baptist Church in Lockney Sunday afternoon at 3 o'clock conducted by Rev. A. L. Shaw of Plainview, assisted by Rev. C. A. Joiner and Rev. R. E. Wiley, both of Lockney. Interment was in the Floydada Cemetery with Carter Funeral Home of Lockney in charge of arrangements. A large crowd attended the services.

Lockney Masonic Lodge No. 867 was in charge of the graveside rites, and the Floydada Legion Post presented Mrs. Sims with a flag, the deceased having been a veteran of World War I.

Mr. Sims was born near Crawford in McLennan County, Texas on June 28, 1891. The family moved to Floyd County in November of 1905 settling at Sunset, located just east of the present town of South Plains. Later Mr. Sims bought a farm 3 1/2 miles south of South Plains where he lived until two years ago when he sold the farm and moved into Floydada due to ill health.

On August 28, 1936 he was married to Mrs. Pearl Blaine and she is among survivors.

Mr. Sims was a veteran of World War I having served in France during that war. He was a member of Lockney Masonic Lodge for 38 years.

Mr. Sims was known in the entire county as a quiet, friendly man, whose Christian character made an impression upon all who knew him. He was converted and joined the Old Sunset Baptist Church in early life.

Survivors include his wife, three step-children, C. L. Record and Mrs. Revis Harris of Lockney, and Dale Blaine of Floydada; four sisters, Mrs. E. J. Thomas and Mrs. Guy Sams of Lockney, Mrs. Charles Flack and Miss Anna Sims of Plainview. Two brothers, Paul and Charles, preceded him in death.

## MASSIE WELL DOWN TO 4324 TUESDAY

The Sinclair J. M. Massie No. 1 oil test 4 miles north of Floydada was down to 4324 feet Tuesday at noon and drilling ahead. Pipe had been set and drilling was proceeding according to schedule.

## WTCC Asks Count Of "Lost Acreage" In Setting Quotas

Abilene. — The West Texas Chamber of Commerce today called on Administrator Howard H. Gordon of the Production and Marketing Administration to advise the Texas PMA committee to count in the 1952 and 1953 cotton and wheat acreage totals the "acreage lost because of abnormal weather conditions."

A proclamation of cotton acreage controls by Secretary of Agriculture Benson is expected in October which would impose acreage allotments county by county based upon a five-year average of acres in cotton in 1947, 1948, 1949, 1951 and 1952, and wheat controls have already been voted.

"Texas, particularly the western half of the State, will lose heavily when this average is computed because of drought conditions unless the intent of public law is followed," R. M. Fielder of Abilene, stated. He estimated that more than a million acres historically dedicated to cotton were lost to the drought in Texas in both 1952 and 1953.

Fielder, chairman of the agriculture and livestock committee of the regional chamber of commerce, said that Section 344 (b) of the Agricultural Adjustment Act of 1938, as amended in 1950, gives the PMA authority to make adjustments in drought areas. Specifically, the WTCC called for measuring and reporting for

the record:  
1—Land which was planted in cotton but on which cotton did not come up.  
2—Land which was prepared for cotton planting but on which nothing was ever planted because of inadequate moisture.

3—Land which was prepared for cotton planting but on which after lengthy waiting made cotton planting unseasonable, cover crops were planted instead to prevent wind erosion.

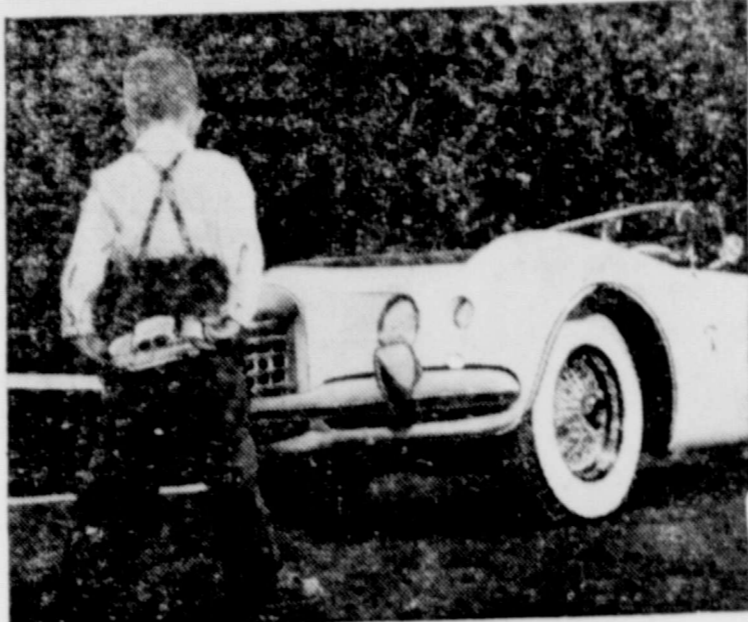

The request which the WTCC sent to Gordon states that the organization had been advised by Congressman W. R. Poage of Waco, a member of the House Agriculture Committee, that public law provides for upward adjustments for these conditions and that Gordon had stated before the House committee in August that the PMA had authority to make these adjustments.

"One of our directors talked to members of the staff of your state office and was advised that that office had received instruction from Washington that such acreage should NOT be included," the message to Gordon states.

"We realize that many of the counties—maybe all of them—have measured the cotton acreage and made their reports. We do believe, however, that the facts should be clarified and that action should be taken by your office to advise your state office that this acreage, because of the loss by drought in 1952 and 1953, must be included and that your county PMA officials should be specifically advised to review and remeasure the acreage in each county to be sure that land intended for cotton as pointed out in the three examples listed should be included in the figures for our West Texas counties and for our state if the 1952 and 1953 acreage totals are to show a fair and equitable situation."

The same request was made for Texas wheat acreage.

## BOY! WAIT 'TIL I GROW UP!

Five-year-old John Dwight Cervin gazes rapturously at Chrysler Corporation's advanced-design "idea car", the C-200, and gets some ideas of what he will be able to do when he is eligible for a driver's license. The hand-built car is a feature of Chrysler's touring automobile show, "New Worlds in Motion", which has visited 31 cities in the past two years. A million-dollar styling and engineering exhibition, the show is composed of over 100 separate displays which demonstrate the principles that make a modern car tick.

## Law Allows Payment For Chiropractic Under Compensation

Austin. — A good portion of the legislation passed at the recent session of the Texas Legislature will go into effect Wednesday, Aug. 26. This date is 90 days after adjournment, which is the time most bills become laws except under certain circumstances.

One of the new laws that will go into effect on this date will be an amendment to the Workmen's Compensation law which will permit insurance companies to pay for chiropractic services when workmen suffer back injuries or other ailments originating in the spine. Under the State Workmen's

Compensation Law that has been in operation in Texas, insurance companies were authorized to pay only for medical and surgical services.

With the new amendment, Texas becomes the 39th state to recognize the value of chiropractic in assisting workmen to get back on the job.

Insurance company executives have advised officials of the Texas State Chiropractic Association that between 50 and 75 per cent of the workmen's compensation claims in Texas in 1952 involved back and spinal injuries.

It is estimated that around \$17,000,000 was paid in claims in Texas last year.

Chiropractic leaders said here this week that the amendment to the law will be of interest to

all persons covered by workmen's compensation.

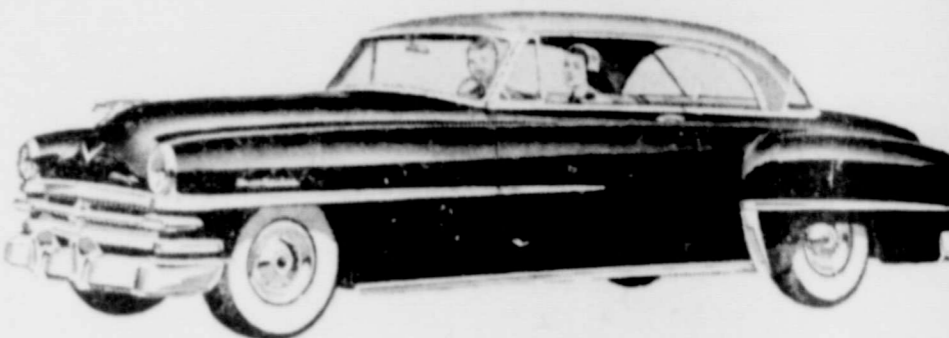

Another amendment to the Workmen's Compensation law that goes into effect Aug. 26 enables government workers in

cities, towns and villages to come under the compensation set-up. It also provides for chiropractic care.

A CLEAN CITY IS A SAFE CITY!

In 1951 61.2 percent of the total gross income in Texas from poultry came from the sale of eggs; broiler sales represented 27.3 percent and turkeys 11.5 percent.

It pays to trade **NOW** when sales are at a record high!

Waiting won't make your present car worth more... you can get the most for it RIGHT NOW by trading with us! **Leave For College**  
Members of Trinity Lutheran Church were overjoyed and felt God's blessings. We have a young man who answered God's calling to ministry. This is none other than Delbert Matthews. He is a 1953 graduate of Silverton. He was active in playing football for his school. He is the son of Mr. and Mrs. Leonard Matthews of Silverton. Delbert left Sunday afternoon for Texas Lutheran College, Seguin, Texas. We are sure all his classmates will indeed be proud of his decision to enter the ministry. We wish for him God's richest blessings.

Also leaving Tuesday to attend college at Texas Lutheran is Miss Clara Sammann. She will continue her studies. She is majoring in education. Mrs. Henry Sammann will return with her to their home in Seguin.

**Candle Light Circle Meets**  
The Candle Light Circle of Trinity Lutheran Church met in the educational unit of the church with Mrs. Adolph Schaffner hostess program chairman.

The program opened with singing and reading of Scripture Psalm 145. Prayer was by Mrs. Ted Boedeker. Mrs. R. C. Matthews brought the topic "The Way of Love" based on Joshua 24:15.

Those attending the annual style show at Plainview Friday were Mr. and Mrs. Wilfred Stoerner, Mrs. L. B. Brandes.

## OUR DEMOCRACY — by Mat

### CAREER MEN for the NAVY

THE CHAPEL

FOR MORE THAN ONE HUNDRED YEARS NOW, THE UNITED STATES NAVAL ACADEMY AT ANNAPOLIS HAS BEEN TURNING OUT "LONG BLUE LINES" OF CAREER OFFICERS TO HELP MAN THE FIGHTING SHIPS WHICH GIVE US A BLUNT MEASURE OF PREPAREDNESS — DEDICATED TODAY TO MAINTAINING THE HIGH STANDARDS OF THE LARGEST NAVY IN THE WORLD.

ner, Mrs. L. B. Brandes. Mr. and Mrs. Wilfred Stoerner visited Mr. and Mrs. Calvin Palmer of Plainview. Mrs. Palmer underwent surgery recently. She is recovering nicely. Week end guests at the home of Mr. and Mrs. Albert Kelm were Mrs. Eigner, Mr. and Mrs. Walter Kuhn of Austin. Ricky Kelm, son of Mr. and Mrs. Melvin Kelm was hospitalized last week due to kidney ailment. He is now home recovering.

At the morning Sunday School service Rev. H. L. Anderson gave 2 credit hour cards to the Sunday School teachers who completed a course in 2 credit hours in Sacred History of the American Lutheran Church Workers courses.

Those completing the course were Miss Marie Scheele, Miss Virginia Sammann, Mrs. Albert Sammann, Mrs. L. B. Brandes, Mrs. Wilfred Stoerner, Mrs. Richard Matthews, Mr. Wilfred Stoerner and Mr. Albert Scheele. Mr. and Mrs. Hubert Stoerner and family, Mr. and Mrs. Albert

## Soil Conservation News

Floyd Jackson, who farms in the Lone Star community has been following a better than average cropping system on a 160 acre farm. His cropping consists of alfalfa, wheat, grain sorghum and cotton with an occasional crop like barley or oats.

One of the best ways to point out the benefit in farming with a rotation like this, is to look at his yields.

When the most recent field of alfalfa was plowed up, it was followed by barley for 2 years which averaged about 80 bushels per acre. It was then farmed to cotton which produced 37 bales on about 20 acres.

This year he has the field in cotton again and it has a very good crop on it again.

With a cropping system like this, Floyd can keep a high production record on this farm and with crops like wheat, barley and grain sorghums in his system of farming he can maintain a good supply of organic matter in his soil, which will protect his land from blowing and maintain a good physical condition of his land.

This organic material will enable him to make most efficient use of his rainfall and irrigation water.

Progress is being made in getting some much needed waterways established. Carl Lemon of the Cedar Hill community has a wonderful stand of Weeping Lovegrass in a large flat waterway which two diversions will divert the water from several acres of land.

Milton Evans, of the Harmony community has a waterway established which will allow him to cut outside water off a steep slope which is being damaged by erosion. This waterway has been established with Weeping Lovegrass and Western wheatgrass.

It is very encouraging to see waterways in adverse years like this. If you need a waterway before you can accomplish a job on your farm, it would probably be good to discuss the job with one of these men, they seem to have the right idea to get the job done.

### HOME HINTS

Here's a snappy sauce for green beans: Fry 2 or 3 slices of bacon until crisp, on the top burner of your range. Crumble and add to the beans. Blend 2 tablespoons bacon fat with 3 tablespoons flour, 2 tablespoons prepared mustard, salt and pepper. Add 1 1/2 cups rich milk and stir until thickened. Serve over 3 cups cooked green beans.

Regardless of moisture conditions, when planting time for the fall and winter pastures come, do the planting job. Dust in the seed if necessary. For when it does rain, these pastures will be up and growing and use fertilizer in the sections of the state where the practice is profitable, the Extension Service says.

James Russell Lowell was the first editor of the Atlantic Monthly.

## Carthels Tour Scenic Points

Mr. and Mrs. John T. Carthel, James and Janice returned home Saturday night after spending a week touring scenic spots in neighboring states.

On Sunday the family enjoyed seeing sights and visiting Mr. and Mrs. Zoel Watson and family, and Mr. and Mrs. Herbert Watson and family in Albuquerque. In Arizona they visited the Petrified Forest, Painted Desert, Oak Creek Canyon and Grand Canyon.

In Utah they saw Brice and Zion Canyons then took a guided tour in Salt Lake City of the Temple Square where they heard an organ concert and an address on the Mormon faith.

Enroute home they enjoyed a boat ride on Grand Lake at Denver, Colorado and stopped in Pueblo to visit David Jameson, Bobby McCormick, and Elmo Fortenberry who attend Southwestern School of Commerce there, but found that the boys were in Lockney spending Labor Day holidays.

The Carthels report that they took their fishing equipment but found so many interesting sights they didn't stop long enough to fish.

Trade winds always blow from an easterly direction toward the equator.

Shaddock is another name for grapefruit.

Portugal is due east of New York City.

**Saul Forsees Under Ground Water Control**

Leroy Saul, of Kress, representative for this legislative district, told Plainview Lions Club members at their Wednesday luncheon that he expects some sort of state underground water control legislation to be passed within the next two or three years.

Saul called the club's attention to the repeated efforts in the past nine years to get underground water control legislation through the legislature and expressed the opinion that efforts will be continued until "some kind of control, I couldn't say what kind," is passed.

Saul, a member of the legislative conservation committee during the last session, said "Any time underground water was mentioned in the 21-member committee, there was a fight on." He said that people down state are convinced the Plains state is using up their underground water supply.

Saul told the group that geological circumstances make it impossible for this region to encroach upon the down state underground water resources, but added that such was the conviction nevertheless.

Saul discussed the proposed Canadian River dam and expressed strong personal opposition to the proposal that the

federal government acquire ownership of the dam when it is paid for under the provisions which such a project is proposed.

Saul said he estimated that 90 per cent of the legislation brought to the consideration of the House and Senate is prompted by selfish motives. He said a lot of it is designated to eliminate competition in business and professions.

Representative Saul expressed the opinion that there will be a special session of the legislature in October or January, most probably in January. He said he believes a compromise teachers' pay raise bill would be passed.

Saul expressed himself as favoring an additional tax on natural gas piped out of Texas.

### Soil Conservation Conference At Plainview Sept. 18

Plainview. — Farmers, businessmen, and soil savers from an area which includes thirteen towns and eight soil conservation districts will meet here September 18 to plan closer and more practical cooperation in saving topsoil.

The meeting will be held in the City Auditorium at 2:00 p. m.

Tenth in a series of conferences, the meeting here is part of a joint undertaking of local chambers of commerce, the West Texas Chamber of Commerce, and the Texas Association of Soil Conservation District Supervisors.

"The program will be carried over a five-year period, if necessary, to make possible better understanding by in-town businessmen of the operation of their own soil conservation districts," according to J. C. Porter, Wichita Falls, chairman of the WTCC Soil Conservation Committee. The effort is a long-range approach by the co-sponsors and is to be carried throughout the 132-county region served by the West Texas Chamber of Commerce.

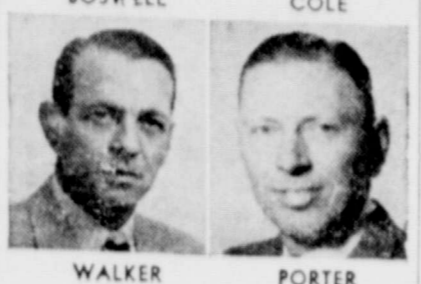

Porter will preside at the meeting. Participating on the program will be K. K. Moore of Wilson, vice-president of Area I of the Texas Association of Soil Conservation District Supervisors; Howard Boswell of Temple, assistant State Conservationist; John Cole of Temple, executive director of the Texas Association of Soil Conservation District Supervisors; Loyan Walker of Abilene, manager of the Agriculture and Livestock Department of the West Texas Chamber of Com-

BOSWELL

COLE

WALKER

PORTER

merce, and officials of the Plainview Chamber of Commerce.

Preceding the afternoon program, the Hole County Soil Conservation District will sponsor a field trip which leaves the Agriculture Building on the Court House square at 9:15 a. m.

Representatives will attend from the boards of supervisors of the Floyd County, Blackwater Valley, Swisher County, Running Water, Cap Rock, Lamb County, Hale County, and Parmer County soil conservation districts.

Towns to be represented include Abernathy, Dimmitt, Farwell, Floydada, Littlefield, Lockney, Muleshoe, Olton, Plainview, Quitaque, Silvertown, Sudan, and Tulla.

 Men's Brotherhood second Sunday at 8:00.  
 F. P. GRAHAM, Pastor.

#### HOME HINTS

Get out your best tall glasses for a Coconut Fruit Fluff because it's truly a "glamor dessert" although quick and easy: Mix 1 cup diced pineapple and 3 tablespoons sugar and stir until sugar is dissolved. Fold in 1/2 cup whipped cream and 1/4 cup coconut. Chill in your refrigerator. Makes 4 or 5 servings.

With acreage controls back in the picture, high acre yields become even more important. Legumes grown for soil improvement will help boost yields.

### Farmers Urged To Use Reductions To Improve Land

Fort Worth. — Southwestern wheat farmers, facing the prospect of a reduction in 1953-54 plantings, can help themselves and their land by using the government's acreage allotment program as an opportunity for improving land use and installing needed conservation treatment.

This is the opinion of Regional Director Louis P. Merrill of the U. S. Soil Conservation Service.

Based on information from the Amarillo Experiment Station, Merrill's recommendations for farmers who must cut wheat acreages are mainly these:

1. Use a diversified farming system to include wheat, sorghum, grass and livestock. Merrill pointed out that in such a system it would be beneficial to return any cropland west of the 100-inch rainfall line to grass for at least six years.

2. Where feasible, practice a flexible wheat-sorghum-fallow rotation.

3. Use cover crops and stubble mulch farming to help prevent wind and water erosion.

4. Put all land not suitable for cultivation into range or pasture. In humid areas, Merrill pointed out, crop rotation may be lengthened to include more grasses and legumes for livestock feed.

By all means, the SCS regional director said, the capabilities of the land should be used in deciding which acres should remain in wheat production. Land capability guides have been worked out for all wheat farming areas of the region and are in the hands of soil conservation district boards.

Switching a part of the wheat farmer's acreage to another crop such as grain sorghum, which is more suited to some soils of the areas, may actually mean greater net return to the farmer, Merrill explained. In addition, many thousands of acres of wheat lands year after year are producing scarcely enough to pay for harvesting. Many more thousands of acres are being farmed at a loss. These acreages could

very likely produce profitably in grass.

Above all, Merrill cautioned, effort should be taken to keep lands taken out of wheat from undergoing erosion damage. If stubble is sufficient, it should be carefully managed, he said. If the stubble has been destroyed, effort should be made to get a winter growing crop other than wheat on the land or, if time permits, a crop of grain sorghum. Even planted in August, grain sorghum normally can make sufficient growth to keep the land from blowing. Sandier lands of the wheat growing areas would be better off if they were farmed usually to grain sorghums, he said.

Emergency tillage to prevent wind erosion damage is just that — an emergency step to be taken

as a last resort, Merrill explained. Conservation measures are this costly and labor-consuming practice, he said.

#### ATTEND FUNERAL

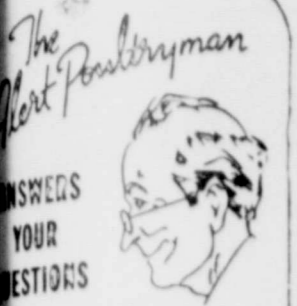

Mr. and Mrs. R. L. Powell and J. C. returned home from White-wright, Texas Thursday where they attended funeral services of Mrs. Powell's sister, Mrs. Ben Savage. This is the second death in Mrs. Powell's family recently, her brother, R. C. Caylor, having passed away July 7.

Rev. and Mrs. N. S. Daniel of Andrews spent Thursday and Thursday night visiting friends in Lockney. They also visited his parents in Floydada.

Hope McGhee and Shirley Reeves returned Saturday from a visit with Mr. and Mrs. H. H. McPherson of Havana, Ark.

#### GO TO CHURCH SUNDAY.

## To Celebrate 50th Anniversary Sunday

Mr. and Mrs. C. J. Roach of the Aiken community will observe their Golden Wedding anniversary next Sunday, Sept. 13, at their home three miles north and one mile west of Aiken. Open house will be held from 2:30 to 5:30 and their friends are invited to call during those hours.

## "I Am Debtor" Topic Of Mission Program

A series of programs for the annual Mary Hill Davis week of prayer for State Missions will be held at the First Baptist Church September 14-18.

Programs will be at 4:00 o'clock Monday, 6:30 on Wednesday evening and on Friday at 10:30 with a covered dish luncheon at noon. The subject for the week is, "I Am Debtor."

## 'Get Acquainted' Tea Planned Tuesday

The C. N. Townsend Parent-Teacher Association will be hosts at a "Get Acquainted" Tea to be held at the First Methodist Church here next Tuesday evening, with all teachers in the local school system and parents invited to attend. The meeting will begin at 8 o'clock.

The program for the P-TA meetings this year will be built around the state Parent-Teacher theme, "For Every Child These Benefits Through Better Homes, Better Schools, Better Communities."

The local association will inaugurate an extensive membership drive in the fall under the direction of Mrs. G. H. Gammage, membership chairman. Membership dues are 50c per year.

Mr. and Mrs. L. W. McCuiston and Jackie were in Brownfield Sunday where Jackie was usher in the wedding of Martin Line and Harlene Glenn.

## Allen-McPherson Vows Exchanged

The marriage of Sue Allen, daughter of Mr. and Mrs. Walter Allen of Plainview to J. P. McPherson of Hobbs, New Mexico, son of Mrs. C. P. McPherson of Lockney was solemnized Thursday evening at 7 o'clock in the chapel of the First Baptist church in Plainview with Dr. G. K. Rogers officiating at the double ring ceremony.

The floral decorations in the church were of large bronze mums and brown candles in white candelabra. Organ music was furnished by Jeannine Greene. She played "Because," "I Love You Truly," "Always" and the traditional wedding marches.

Carl McPherson, brother of the bridegroom, was best man and the bride's sister, Margaret Marshall, was the bridal attendant. She wore a brown ensemble with a corsage of yellow roses.

The bride and bridegroom wore matching suits of light beige and the bride had accessories of brown. She carried a white prayer book topped with two brown orchids. For something old and borrowed, she wore a pin belonging to her mother. It had been worn by the bride's great grandmother as a child. The bridal tradition was further carried out with a new blue garter and a sixpence in the bride's shoe.

Mrs. Allen was dressed in brown and had a corsage of yellow mums. The bridegroom's mother had a brown outfit and had coral accessories and corsage.

A wedding supper was held following the ceremony at the home of the bride's parents for relatives.

Attending from Lockney were Mrs. C. P. McPherson, Carl McPherson, Mary McPherson, Mr. and Mrs. Jay McPherson, Karen and Pamela, Mr. and Mrs. J. D. Wood.

After a brief wedding trip to Ruidoso, the couple will be at home in Hobbs, New Mexico, where McPherson is operating a tailor shop.

## EMPLOYED AT DALLAS

Mary Louise Manning has accepted employment with the Huttler Sash and Door Company in Dallas. She spent Labor Day holidays here with her parents, Mr. and Mrs. Barney Manning. Her cousin, Beverly Bennett, also employed in Dallas, accompanied her home for the week end.

## BAND MEETING CALLED

A meeting of all band mothers has been called by Mrs. V. H. Kellison for Thursday afternoon, Sept. 10th at 4 o'clock at the band hall.

## Texas Trends dallas fashion center

MARCY LEE of Dallas enhances a practical one-piece fall cotton dress with a redingote look, using multi-color stripes for a dickey-like collar and double inverted pleat. The lustrous fabric is a two-ply cotton by Galey & Lord. Harmonizing stripes are combined with solid gray, skipper blue, bronze, green, cardinal and tan in sizes 12 to 20.

## Lone Star Club Meets Tuesday

The Lone Star Home Demonstration Club met in the home of Mrs. E. O. Barrett on Tuesday, Sept. 1, with Mrs. W. D. Nance, president, in charge of the meeting.

The group, in business meeting, decided to set the date later for the completion of the copper work project. Mrs. Raymond Teeple brought the council report.

Topic discussed was "Health Problems," led by Mrs. Nance. The roll call, answered by "I bet you didn't know—" gave both helpful and amusing items. The care and prevention of T. B. was the chief thing discussed.

Mrs. Merrick and Mrs. Barrett assisted Mrs. Nance with the lesson.

Miss Leila Petty, home demonstration agent, gave an excellent demonstration on "Meat Salads." Mrs. Barrett served angel food cake and punch.

Members are urged to bring their apron at the next meeting, and have it wrapped. The committee will decide what will be done with the aprons. That meeting will be with Mrs. H. E. Frizell at 2 p. m., Sept. 15.

## WSCS Program Is Announced

Program for the Woman's Society of Christian Service of the Methodist Church for Monday, Sept. 14 at 3:00 o'clock will be as follows: Leader, Mrs. W. L. Thomas Sr.; theme, "Jesus' Ministry to Village People." Scripture: Hosea 10 epr., prayer, meditation; solo, "Behold a Sower Went Forth;" dramatization by Mrs. A. P. Barker and Mrs. Hugh Counts.

Talks by Mrs. Jack Taylor and Mrs. R. E. Patterson; "Some outstanding results of this investment" by Mrs. W. O. Stuart, "A Rural Center with Three Fields of Service" by Mrs. Paul Cooper.

## MOVE BACK TO LOCKNEY

Rev. Olan Beauchamp and his family have moved back to Lockney to make their home after living in Canadian the past year. His plans for the future are indefinite he says, but he's back because he likes Lockney.

A CLEAN CITY IS A SAFE CITY!

Mrs. Kenneth Tate and baby was dismissed 9-2.  
Mrs. A. E. Gibson was admitted 9-3 for medical treatment and dismissed 9-9.  
Mrs. D. M. Thomas was dismissed 9-6.  
G. B. Johnston was admitted 9-5 for medical treatment.  
Mr. and Mrs. Crus G. Santos are the parents of a son born 9-7, he weighed 8 lb. and was named Oscar.  
Mrs. G. E. Reves was dismissed 9-3.

## Orland Gilbert Makes Freshman Squad At McMurry

Orland Gilbert, son of Mr. and Mrs. Marvin Gilbert and a 1953 graduate of Lockney High, has made the freshman squad at McMurry College, Abilene. He called his parents Sunday to tell them that he had made the squad and moved into the football dormitory.

Orland was co-captain of the Longhorn football team last fall and was named all-district guard. Orland weighs only 170 pounds, which is comparatively light for a college football player, but he made the squad on hustle and determination along with his ability.

## MRS. THAYER HOME

Mrs. Ralph Thayer has completed her two-weeks course of treatment at a Dallas hospital and has been brought to the home of her sister, Mrs. Ernest Lee Thomas near Floydada. Although her trip back was very trying, it is hoped that she will soon show improvement.

Mrs. R. E. L. Stutts returned Monday after spending three days with her granddaughter, Mrs. Bill Hines of Levelland.

## District Deputy To Visit Local Lodge

The District Deputy, Arch Keys, of Plainview will pay an official visit to the Lockney Lodge, No. 867, A. F. and A. M., on their regular meeting night, Tuesday night at 7:30.

A film entitled, "The Temple on Shooters Hill," George Washington's Memorial Temple, will be shown according to an announcement by K. W. Cook, W. M.

## Maurice Tannahill Shows Improvement

Maurice Tannahill of Lockney who has been seriously ill the past three weeks is showing improvement now, reports a specialist from Dallas who diagnosed Mr. Tannahill as encephalitis.

Mr. Tannahill is a brother of Mrs. Joe Reeves, Ernest Wilburn Tannahill and son-in-law of Mr. and Mrs. Francis Carthel all of Lockney.

**County Budget Totals More Than Third Of Million**

Floydada. — The Floyd County Commissioners Court presented the proposed county budget to the taxpayers recently but very few people showed up to inspect it. Calling for more than a third of a million dollars the budget is probably the largest in the history of the county.

From taxes, assuming 100 per cent collection, their budget made up in July, indicates a total income of \$203,770, based on valuations estimated at \$14,350,000. As a matter of fact since all rendition sheets are now in, including rolling stock and intangible rolls from the state comptroller's office, the county's valuations closely approximate \$14,435,000, and the tax rolls show approximately \$205,795. Actually, collections have been running between 91 and 96 per cent in recent years, and the income from this source is reduced to that extent, except for income from the collections of delinquent taxes.

**Total Receipts About \$346,000.**  
To this, to get the total of what the commissioners will have to spend, should be added \$28,000 in the lateral road fund, an estimated \$78,000 from automobile registrations, \$4,000 in fines and forfeitures, \$17,400 in machine hire (road machinery to individuals for dirt moving, irrigation pits, and the like) \$2,500 in trial fees, and \$31,000 in fees of office (collected for various services by various and sundry officials none of which is retained by them).

Assuming 90 per cent tax collections from the current rolls and figuring in no delinquent collections, a nebulous figure, the receipts for the year should wind up at about \$346,000.

But, however important the job of a commissioner and allowing for the fact that the court does have considerable discretion in spending a portion of the taxpayer's money, the fact is that a very large part of this grand total of more than a third of a million dollars has been earmarked by vote of the people and by statute for definite purposes. The principal job of the commissioners thus is seen as one of making an outgo stay within the bounds of the receipts.

**Debts Take First Place**  
For instance, servicing the debts of the county will take \$63,508.75 this year. The total county debt at the beginning of the year will be \$823,000, of which \$36,000 of the principal will be retired. The interest bill will be \$27,508.75, the auditor's figures indicate. And from there the other items by the score set in:

A probable \$6,575 will be spent for court expenses, including jury fees, court reporter's salary, board for petit juries and the like. (District judge and district attorney are paid by the state.) Over \$10,000 is likely to be required to meet the general county road and bridge fund expense including maintenance, repairs and supplies, and travel.

Under the general fund expenditures are listed items such as travel at \$1,500, repairs and replacements \$4,000, cost of elections, auditing fees \$2,675, care of paupers and indigents \$5,000. Under agriculture and live-

stock are items that total \$11,810, including trapper, cannery expense, mileage, clerical and agent's salaries.

**List Of Bills Mounts**  
Feeding prisoners at \$3,000, assessing taxes, tax valuations, sheriff's mileage, car payments, warrant and interest, social security, postage, salary of service officer at \$2,940, county library at \$6,000 make a total of \$30,510. The general fund, always the whipping boy, taking all the totals will be out \$55,495, if no emergencies arise, or any of a dozen expenses that could arise, do not.

Utilities and telephone expense, chargeable to the permanent improvement fund based on experience, will run about \$8,000. Repairs and supplies will run another \$5,000, to which must be added major repairs not included above, \$4,000.

Total salaries of elective officials and their deputies including items chargeable to the officer salary fund will be \$54,099.80, the audit figures forecast. On top of this must be added three-fourths of the judges and commissioners salaries which come from the general road and bridge fund. Total of the social security bill for the year is likely to run \$3,000, travel expense incident to road and bridge upkeep is estimated to run \$3,600, insurance of property of the county another probable \$2,000.

After these expenses, and assuming there will be no calamities excessive road damage and the like the commissioners will have:

In precinct one, \$28,500, in precinct two, \$22,500, in precinct three \$19,000, and in precinct four \$20,500, to take care of wages, material and supplies and equipment operation.

Since most taxpayers judge their respective commissioners the condition of the roads and culverts within the immediate vicinity of their own places, these last figures above are what the commissioners have with which to "make their showing" out of the majestic total of a third of a million the budget shows they will have for all purposes for the year.

No right of way costs, no balliff's fees, no special venires, no capital outlays, no engineering and numerous other items that could enter into the cost of the county government for the year are given a place in the budget as such.

The way the county's \$1.42 total tax rate is divided up, now that the five-year re-allocation has run out, is as follows:  
July fund 15 cents, general fund 25 cents, permanent improvements 20 cents, library 5 cents, making 80 cents, the constitutional limit that can be assessed without a vote of the taxpayers. To this add the 15 cent road and bridge special tax to get what the auditor calls the operating fund rate of 95 cents. Above this comes the road bond levy of 35 cents and the court house levy of 12 cents to make the final figure of \$1.42

**CARD OF THANKS**  
I want to thank everyone for the many cards and letters I have received since I have been in the hospital. Especially do I covet the prayers of my friends as I feel that those prayers and good surgeons have brought me through this far.  
Mrs. W. J. Casey.

Rev. and Mrs. Waylan Vernon and children of Waco visited in the home of his uncle, Bert Vernon and family Sunday. Rev. Vernon is a student at Baylor University.

Mr. and Mrs. John Broyles of Weatherford is here visiting in the home of Mrs. Jeffie Griffith.

MEMBER OF TEXAS PRESS ASSOCIATION

Minute Editorials

But the wisdom that is from above is first pure, then peaceable, gentle and easy to be intruded, full of mercy and good fruits, without partiality and without hypocrisy.

The problem of farm surpluses has troubled this country in years past and is again rearing its ugly head. It is expected that cotton acreage quotas will be assigned farmers as has already been done with wheat quotas.

Objectives to combat surpluses have been set and those interested in the agricultural welfare have started working on these. They are: strengthening and expanding foreign markets for agricultural products.

high and using most efficient production methods on the nation's farms and ranches in order to increase the output per person. Regardless of what some may think, foreign markets are important to the American farmer and will be so long as he raises more products than the American people consume.

However, the time is coming, if the population of this country continues to increase as it has in the past decade, when the American people will consume most all of the production of the farmer and then the economic picture will change to the benefit of the farmer. Our population passed 160,000,000 people recently and this writer can easily remember when it was quoted at 120,000,000 people and there are quite a few people older than we are.

The Beacon editor has run afoul of Ed Durham concerning the poll tax. Quoting a copy of the Texas Almanac we said last week that the poll tax was first put in effect in 1916. Mr. Durham came up with a poll tax receipt issued in 1904 to show us how wrong we were.

"I'm so tired, I've been breathing all day." That classical remark came from a polio victim who had been confined to an iron lung and was learning to breathe without it again. These people, who breathe without the aid of the mechanical lung for a few seconds, then a few minutes and stretch it on into hours, have enormous courage and expend great effort in their breathing.

Who, ME? by Robert Osborn

With Our EXCHANGES

WHERE'S FREEDOM OF CHOICE?

Not many of you ever thought you'd see the day when a man had to join a labor union, or lose his job.

All major railroads of the nation have yielded to a demand by the unions that all employees who are not willing to join the union and pay dues shall be promptly discharged, no matter how long or how competently they have been working at their jobs.

The right to join a union is nationally recognized. The right is protected by federal law. But there is no law guaranteeing the right to stay out of a union if he so desires.

Forcing workers into unions against their will is a form of tyranny and a denial of the individual's freedom of choice. It levies a tribute upon the wages of workers in behalf of a private organization. It creates a monopoly of labor, and must eventually lead to widespread chaos among workers, employers and the general public.

If there is one shred of liberty left in this country, surely it is the individual's right to join a union or not join it, as he sees fit. To be forced into a condition of "servitude" where he must obey regulations obnoxious to him and to be compelled to act, work and "think in pre-conceived patterns laid down by union leaders is a violation of individual liberties in the broadest sense.

A bill has been introduced in Congress which would guarantee to every citizen the right to join or not join a labor union. Those who share this conviction should

make their wishes known to their representatives in Congress. — Ralls Banner.

DON'T CALL ME

Newsweek recently printed a letter from one of its readers, John J. Wicker, Jr., which began: "Everybody is in favor of economy; everybody is in favor of reducing taxes — but — and this is always a big BUT — everybody wants the economy applied somewhere else."

Wicker then said this situation reminded him of an British Army marching song which went about as follows:

"Call out the Army and the Navy Call out the blooming rank and file Call out the good old Territorials They'll face the danger with a smile.

"Call all the old battalions that made old England free— Call out my father, my brother, or any other— But, for Lord's sake, don't call me!"

The attitude has been dominant for 20 years. We've finally reached the point where if we are to have honest and economical government, which is an essential to our security and survival as military power itself, they're going to have to call you!—Hamilin Herald.

DID WE WIN—OR LOSE?

The majority of the GIs in Korea feel that the Korean War is the first in history which the United States has lost. This is the opinion of 1st Lt. Jack Taylor, a nephew of Mrs. Charlie Barton, who has just returned from 100 missions as a Sabre jet pilot. Taylor, guest speaker for the Rotary Club's noon luncheon session Tuesday, said that the United States has lost face with Orientals and many neutrals by not going ahead and winning the war.

September 13, 1923

Four hundred twenty students enrolled Monday morning. Of that number one hundred forty-four were enrolled in High School.

Mr. Wiley Stuart, manager of Stuart Hardware Company, will move his stock of hardware to the McCollum building on the east side of Main Street.

The sixteen-month-old baby girl of Mr. and Mrs. Frank Eoff, living on the Deavenport place northeast of Lockney, met with a very painful misfortune Thursday when she was bitten by a rattle snake. She was playing in the back yard when attacked and suffered two bites. The father killed the snake and the child was rushed to a doctor. Although little hope was given at first for her recovery, she is now well enough to be at home.

Mrs. W. M. Wood, 53 years of age, passed away at Plainview Monday morning. Mrs. Wood, mother of nine children, lived with her husband and family six miles east of Silverton.

C. R. Wilkerson... says that the first time he will visit Lockney...

Principal R. Y. Ramsey school, from Canyon and...

The first hole to be ginned in early morning by W. F. Campbell, who lives northeast of Lockney...

Approximately 1200 of the county are eligible to receive AAA stamps...

The first northern drove temperatures Monday morning at lowest reading for since 1915. Old time in the "sign" that killing frost is likely sixty days after the northern and thirty days after the first brisk cold...

Millions of grasshoppers grating over Lockney boring towns Tuesday settled on growing crops could be seen on sidewalks.

# PLAINS NEWS

by Mrs. Murray Julian

begin this morning fifty pupils enrolled in night grades. New first grade pupils are Peggy Young, Beth R. Thames, Jimmie R. Thornton and Patricia Shelby Calahan. Mrs. Shelby Calahan was the first P.T.A. member of the year and it was her idea to have the lunch price set at last year. Mrs. Hartman and Mrs. Curtis Pearson are in charge of the cook bus drivers for the year. Mrs. Brian Karr, J. B. and Clarence Foster, Mrs. R. V. Bartlett from Ft. Worth spent the week end with her parents, Mr. and Mrs. Bartlett. On Sunday they spent the day with her sister, Mr. and Mrs. Bartlett and family. That afternoon Mr. and Mrs. Bartlett and family, Mr. and Mrs. McManigal from Abilene and their daughters, Betty and Mrs. Cecelia came to visit. Mrs. Reeves took very ill Monday and was in bed at Lockney until when she went to the hospital. Mr. and

Mrs. Hansel Sanders. She is some better at present. R. G. Dunlap has been visiting friends and relatives in California this past week and is expected home this Monday. Mrs. Harvey Pearsey and Mrs. Jerry Pearsey and baby from Lockney went to El Paso early Sunday morning, as did Mr. and Mrs. Curtis Pearsey and Harvey, all of Norwalk, Calif., to meet Pvt. Jerry Pearsey, who was flown in Saturday from the west coast, on his way home from Korea. They arrived home Sunday night and on Tuesday of this week in the home of Mr. and Mrs. Menard Field in Floydada they honored Jerry with a family reunion. Jerry has been overseas a year and a half and all his friends welcome him home.

Mr. and Mrs. Don Shurbet and Pfc. and Mrs. Deral Young from Camp Hood, Texas were Labor Day and week end guests at the home of their parents, Mr. and Mrs. R. E. Young and family. All three of the children of Mr. and Mrs. Kendall Cummings have been quite ill this past week with throat and ear infection. Diane Edmonds was severely cut on the leg by a falling pane of window glass Sun. noon and was in the Floydada hospital from Sunday until Tuesday. The cut required 22 stitches and she will have to be out of school for two weeks or more.

The South Plains WMS met Wednesday, Sept. 2, for a study of Royal Service. "What is the Advance Program?" was the topic. Mrs. Dock Jones was elected president for the coming year, and other officers will be elected at the next meeting, Sept. 16. Those present were Mmes. Dock Jones, W. S. Spearman, Grigsby Milton, H. S. Calahan Jr., Shelby Calahan and Bryan Karr. Tuesday evening of last week Mrs. Wayne Greer and children of Lockney visited her parents, Mr. and Mrs. A. L. Stewart. Dean Stewart was home with his parents also over the long Labor Day week end, from Camp Hood, Texas.

The W. M. Stanfords gave a barbecue supper at their home on last Thursday evening. Several guests attended the supper and enjoyed the 32 chickens which Billy Stanforth Jr. barbecued at the big pit. Mrs. L. T. Wood was hostess at her home Thursday afternoon, Sept. 4 to a group of friends who spent an enjoyable time in games of Canasta. Refreshments of sandwiches, coffee, and cookies were served at the close of the afternoon to Mmes. John

## Texas Trends

—Dallas Fashion Center Photo  
**FRENCH CUFFS**, neat fly front and broad tunnel belt loops give this two-piece dress a custom tailored look. Leiter of Dallas makes this style in crushed raspberry, brown, beige or grey in a blended fabric that looks like wool.

Smitherman, George West, Bill Beedy, Ernest Smitherman and the hostess, L. T. Wood. Mr. and Mrs. Bryan Karr, Elton and Yvonne went to Ft. Worth Friday to spend the week end with his parents. They returned Sunday evening in time to get the children in school on Monday morning. Rev. and Mrs. W. S. Spearman and children went to Farmersville, Texas, on Friday to visit his parents. They did not return until Monday evening as Rev. Spearman preached a week end revival there. Rev. Clay Muncy preached the Sunday services at South Plains and Mrs. Muncy of Lockney was present at evening services with her husband.

Brotherhood meeting was held on this Monday evening with seven members present. Wednesday prayer services will be held and the nominating committee is asked to be present for a meeting after prayer service.

Mr. and Mrs. George West went to Amarillo to visit their daughter, Mr. and Mrs. E. T. Evans over Saturday and Sunday. Their granddaughters Carla and Sandra Smith from Sterley accompanied them and will spend this week up there. On Sunday the Wests went to Pampa where they attended a reunion of her family, the Davis'.

Ray Taylor, son of Mr. and Mrs. B. Taylor underwent a tonsillectomy at a Lubbock hospital on Friday of last week. He is doing much better after a year of rheumatic fever, and having to be out of school. It is hoped he can attend school as soon as he recuperates from the operation. He came through that fine we are glad to report.

The first Farm Bureau meeting of the fall was held at the South Plains school house on Friday evening of last week with several farmers attending.

Mr. and Mrs. J. B. Thames and children went to Lubbock to visit her parents, Mr. and Mrs. J. E. Leslie and her sister, Mr. and Mrs. H. L. Morrow, Wednesday and Thursday of last week.

Mr. and Mrs. Early Pritchett and children went to Plainview on a business trip last Tuesday and Mrs. Pritchett took Jimmy and Price to the birthday party of their cousin, Leroy Titus who was celebrating his 9th birthday.

Elmo Fortenberry, David Jameson and Bobby McCormick visited their respective parents over the Labor Day week end from Pueblo, Colo. On Sunday Mr. and Mrs. Fred Fortenberry and Elmo went to Amarillo to visit her brother, Mr. and Mrs. John McCain and family. Her cousin, Mr. and Mrs. E. L. McCain from Fort Collins, Colorado was also visiting with the McCains. Louise Pritchett had a slum-

ber party at the home of her parents, Mr. and Mrs. E. P. Pritchett on Thursday night. Girls who spent the night with Louise were Donita Milton, Juanel Brown, June Marble, Virginia Taylor, Bonnie Upton and Winnie Hartman.

We extend sympathy to the family of Will Sims who passed away in Floydada on Friday. He had lived in our community a great many years and the Sims home was a landmark in that vicinity. The neighbors and friends paid tribute to him on Sunday as he was laid to rest in Floydada. Mr. Sims will be missed everywhere he was known.

The annual Field reunion was held this past Sunday, Sept. 6 at the home of Mr. and Mrs. Menard Field in Floydada with Floyd Johnson, as co-host. The family over one hundred in number, went in a body to the City Park Church of Christ, and then dinner was served barbecue style by a colored couple at the Field home. Those from our community who attended were Mr. and Mrs. W. M. Stanforth Jr. and children and Mr. and Mrs. John Wilson and family.

Rev. A. C. Joiner will go to Abilene Saturday of this week to spend the week end with his brother who is ill. Ambrose Joiner and family. He will visit Mrs. W. F. Joiner at Tye and Terry Julian will accompany Rev. Joiner to Abilene where he will enter Hardin-Simmons University for the fall term which begins Sept. 13.

Chemicals will kill flies but they will not eliminate the fly problem. A clean up and strict sanitation program must be followed to eliminate their breeding places.

Storage holdings of shell eggs on June 30 were the lowest on record for the date. The egg-fied price ratio is the most favorable for the producer since 1949.

THE LOCKNEY BEACON, LOCKNEY, TEXAS, SEPT. 10, 1953

**ATTEND FAMILY REUNION**  
Mr. and Mrs. J. D. Huggins and O. J. Huggins of Lockney attended a reunion of the Husky family at Glen Rose, Texas, Sunday. Seventy-three relatives were present for the reunion.

Mrs. Clyde Dunn of Kermis spent last week end here with her sister, Mrs. Lula Woodburn.

Mr. and Mrs. George Beedy left last Thursday and returned Tuesday after a vacation in Colorado.

## This 100% Cold Rubber Tread guarantees you far more fire wear!

**Gates Silent-Safety Tires give up to 40% more miles**

If your driving is average, you can expect to get 10,000 miles of extra wear from this tire...because every ounce of rubber in the deep tread of the Gates Silent-Safety is all cold rubber—the wear-defying wonder rubber made by the "cold" process described in *Time*, *Reader's Digest* and *Popular Mechanics*.

Millions of miles of road tests prove conclusively that 100% cold rubber far outwears natural rubber in tire treads; naturally, a tire that keeps its non-skid far longer is a safer tire. Plan now to enjoy the safety, the better traction and longer wear of this great tire. Remember, when you buy Gates Silent-Safetys your tire dollars are protected by our unsurpassed guarantee.

**Scientific Tread Design**  
U. S. Patent No. D-100591

The scientific tread design of the Gates Silent-Safety gives better traction...grips the road firmly...reduces both slippage and tire squeal. See how extra deep the tread is, too...Slip a coin in the tread groove!

**Note this deep tread**

**Guaranteed against ANY failure** including blowouts, bruises, rim cuts, etc. for the entire tread life of the tire

**No time limit... No mileage limit**

**Trade worn tires NOW! \$5 to \$8 each for old tires**

Let your old tires help buy new ones! Depending on condition we'll allow you \$5, \$6, \$7, \$8 or more each for worn tires in trade on new, long-wearing Silent-Safetys.

**Bargain Spares**  
Inspected used tires—bargains at our low prices. Good for spares, trailers. Wide assortment to choose from.

"THE OLDEST BUTANE DEALERS IN THE PANHANDLE"

Lockney, Texas

**Feature And Three-  
Stooge Comedy Both  
In 3-D At Plains**

A movie treat that most every one will enjoy is scheduled to be shown at the Plains Theatre in Lockney Sunday, Monday and Tuesday of next week. It is all in three dimension.

The feature titled "Man in the Dark" stars Edmond O'Brien and Audrey Totter and is a crime thriller. The three-dimension film puts the audience smack in the middle of the dizzying heights of amusement park rides, fist-flying gang fights and the blazing cross-fire of police car chases.

The 3-Stooge comedy, their first in three dimension, is funnier than ever when the three Stooges turn detective and get in more trouble than a barrel of monkeys.

Edmond O'Brien in "Man in the Dark" portrays a gangster who is freed of his criminal tendencies by a frontal lobotomy brain operation; he loses his memory in the process. His ex-girl, who wants the \$130,000 stolen payroll he cached before going to jail, thinks the operation is a gag and tries to beat the information out of him while his girl friend, Audrey Totter, uses more feminine tactics to get the same information.

"Man in the Dark" again shows Edmond O'Brien in his favorite type of screen performance where he is seen as both the kingpin of the slickest robbers' crew and, after the operation, as the instrument of their destruction.

Audrey Totter, making her first appearance since her tour of Korean Army camps and her recent marriage, similarly plays both ends of the good and bad girl, as the gangster's sweetheart. She was last seen in Columbia Pictures' "Assignment - Paris."

**Wofford Reunion  
Held Here Sunday**

Those attending the Wofford reunion held here last Sunday at the city park were Mr. and Mrs. W. R. Wofford, Los Alamos, New Mexico; Mrs. Electa McConvery, John and Mary Ann, Santa Fe, N. M.; Martha Simmons, Santa Fe; Mrs. L. A. Wofford, Mr. and Mrs. Lloyd Wofford, Sue and Nelson, Mr. and Mrs. Leon Wofford and Jerry Lynn, Mr. and Mrs. Olson Allison, Donald, Darla and Diana, Mr. and Mrs. O. D. Wofford, all of Lockney; Mrs. Elnas Myrick of Lubbock; Mr. and Mrs. Jessie B. Wofford, Jersey, Jimmy and Judy, Mr. and Mrs. Kenneth Wofford, Jean, James and Jan, Mr. and Mrs. Claud Wofford, Mr. and Mrs. Thurman Travis and Danny, Lockney; Mr. and Mrs. Winston Wofford, David and Marion, Amarillo; Mr. and Mrs. Jake Smith, Miss Josephine Smith of Plainview;

Mr. and Mrs. John P. Smith, James Jake, John, Beta and Nancy of Carlsbad, N. M.; Mr. and Mrs. S. A. Bayley, Patsy and Don, Mr. Lee Wofford of Amarillo; Mr. and Mrs. Lewis Hobbs, Mr. and Mrs. C. E. Rope and Jeanne of Lubbock, Mr. and Mrs. Albert Gambin, Terry and Gary of Amarillo; Mr. and Mrs. Artist Hand and Dale Lee of Amarillo.

Visitors included Uncle Dick and Aunt Lula Ashby, Mr. and Mrs. Hugh Carroll and C. L. Anderson.

**E. J. Smith Family  
Hold Reunion**

The children of the late E. J. Smith gathered at the home of S. A. Bayley in southwest Lockney Saturday night, September 5. They enjoyed a picnic supper, music and visiting.

Attending were Mr. and Mrs. O. A. Stevenson and Max, Mr. and Mrs. Jake Smith, Josephine Smith, all of Plainview; Mr. and Mrs. John Smith, Jim, Jake, Pat and Dan, Mr. and Mrs. Bob Smith, Mrs. Luther A. Wofford, Mr. and Mrs. Lloyd Wofford, Sue and Nelson, Joe Brannon Darnell, Mr. and Mrs. Leon Wofford and Jerry Lynn, Mr. and Mrs. Olson Allison, Donald, Darla and Diana, and Mrs. Maud Calloway.

Dr. and Mrs. W. J. Mangold spent Sunday at Red River, New Mexico.

The Texas A & M College System Soils Testing Laboratory last year analyzed 7,790 soil samples. They were submitted from every section of the state with the largest number coming from the Gulf Coast area.

# The Greatest Gasoline Development in 31 Years

## New Conoco Super Gasoline

# with TCP

**Boosts power as much as 15%! Increases spark-plug life up to 150%! Gives you extra gas mileage, too!**

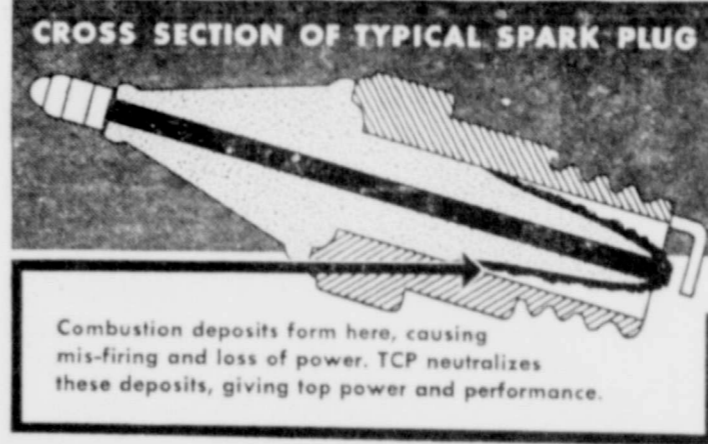

Here's the most revolutionary advance in motor fuels since the introduction of tetraethyl lead in 1922—new Conoco Super Gasoline with TCP, brought to you by special arrangement with Shell Oil Company. TCP is Shell's trademark for the remarkable additive originally developed for aviation fuels.

Now you can actually enjoy the benefits of an engine tune-up—just by changing to new Conoco Super Gasoline. Chances are, by the time you've finished your second tankful, you'll feel the increase in power. And you'll keep that extra power just as long as you use Conoco Super.

For Conoco Super with TCP is a new kind of gasoline. It overcomes the greatest single cause of power loss affecting most of the cars on the road today. Now, you can enjoy all the power that was built into your car.

**Why you need  
Conoco Super Gasoline with TCP**

In the average automobile, the by-products of fuel combustion constantly build up deposits on spark plugs and in combustion chambers. These deposits can "cheat" you of power in two ways. First, they actually short-circuit your spark plugs. This causes mis-firing. Second, deposits in the combustion chamber get red hot and cause the fuel to ignite before it should. This is called pre-ignition or "wild ping." The effect of fouled spark plugs and pre-ignition is a loss in power and a waste of gasoline.

**How TCP works**

TCP is a special chemical additive which is added to Conoco Super Gasoline. It was specifically developed to overcome the loss of power and fuel caused by combustion deposits. TCP neutralizes harmful deposits on spark plugs—your plugs spark as they should. It prevents deposits in the combustion chambers from causing pre-ignition—"wild ping" is controlled. Thus, every time you fill up with new Conoco Super, it's like getting your spark plugs cleaned and your engine tuned-up.

**TCP helps your car, whether new or old**

If you are driving a new car, with a high-compression engine, you need Conoco Super Gasoline to keep your car delivering all the power that was built into it. It will actually increase spark-plug

life up to 150%. If you drive an older car, with tens of thousands of miles on the speedometer, Conoco Super can restore much of the "new car" performance and power you've been missing.

Yes, a great new era in motoring is here for you. Drive into your Conoco station today and fill your tank with new Conoco Super Gasoline with TCP. You'll feel the difference by the second tankful!

**Questions and answers about  
New Conoco Super Gasoline with TCP**

- Q. What is TCP?**  
**Answer.** It is a cresyl compound, originally developed for aviation gasoline and used with great success in both military and commercial aircraft.
- Q. Has TCP been tested?**  
**Answer.** Yes, for millions of miles, in all kinds of cars, under all kinds of driving conditions.
- Q. What does TCP do?**  
**Answer.** It overcomes the power loss caused by deposits on spark plugs and in combustion chambers.
- Q. What does TCP do for new cars?**  
**Answer.** It helps them keep their original power.
- Q. What does it do for older cars?**  
**Answer.** It's like cleaning your spark plugs and getting a motor tune-up. You'll get back much of the power you're now missing.

**Now at your Conoco dealer!**

### Cooper Wins Style Event

W. Leo Cooper, of New York, won the hair styling contest where the winners and cossettes and cossettes were recognized by the contest with an award. The hair styling was a major event in the contest and is being held by leading artists. Cooper is a sister to Mrs. Cooper of Lone Star

and Mr. Cooper operates a farm four miles north of Lockney.

Mrs. Cooper's winning drew the spotlight of her profession to this section of the country, especially to Texas since the other six winners were from New York, Detroit and Wisconsin. Vienna, Hawaii, Japan and Canada were represented among the 12,000 who convened at the Statler Hotel headquarters. Thomas Frank, noted New York hair stylist, and Elizabeth Tischer of St. Louis were among the seven judges of the contest.

During the past few months Mrs. Cooper has taken time out from the operation of her shop where she had been busily engaged for the past twenty-three years just off the campus of West Texas State College in Canyon to fly several thousand miles in the interest of her profession. One trip led to the University of Maryland where she studied cosmetology, vocational psychology, art, line, design and chemistry.

A CLEAN CITY IS A SAFE CITY!

### Polio Funds Are Returned To Texas For Research

Dallas — The National Foundation for Infantile Paralysis today announced that through June 30, 1953, it had made 28 grants to eight Texas organizations totaling \$500,307.10 according to General Robert J. Smith, state March of Dimes chairman.

The eight institutions still have in operating funds some \$93,454.92 of the \$500,307.10 granted since 1938. General Smith pointed out.

Largest of the grants was \$137,751.14 to Baylor University for virus research and medical care with the second largest grant, \$116,859.57, going to the University of Texas for virus research.

The other six organizations participating in the polio program are Southwestern Medical College in Dallas; Crippled Children's Hospital in Marlin; Texas Scottish Rite Hospital; Jefferson Davis Hospital in Houston; Southwest Foundation for Research and Education in Dallas; and the Southwestern Poliomyelitis Respiratory Center in Houston.

Of the 28 grants, 17 for a total of \$189,419.83 were for virus research; four were for \$13,486.05 for treatment after effects; one for education in the amount of \$4,224.00 and six for medical care for a total of \$199,722.30.

General Smith said that the \$93,454.92 in unexpended balances from past awards was divided between Baylor University with \$47,739.92 remaining for medical care and \$45,715.00 by Jefferson Davis Hospital in Houston for the same purpose.

From 1938 through December 31, 1952, the March of Dimes campaigns in Texas have resulted in net receipts of \$9,998,309.94 of which \$8,716,145.54 or 87 per cent was actually spent in the state.

"It is of special interest to note that for the period January 1, 1949, through December 31, 1952, the March of Dimes campaign in Texas have netted a total of \$6,579,024.40 of which \$6,316,972.57 or 96 per cent has been spent in the state," General Smith said.

Tennis was purely an amateur sport until 1926.

### CARD OF THANKS

We wish to express our heartfelt thanks and appreciation to all those who made our watermelon selling venture possible. We give special thanks to Sid Thomas, who conceived the idea and put the plans into operation; to Chic Callaway, who hauled and furnished us with watermelons; Melvin Cooper, who kept our change box for us; to Kerry Page and Joe and Page Durham who helped in weighing and selling the melons; to all those who furnished labor in the construction of the stand; and to all our customers. It has been a very enjoyable experience for both of us. It has enabled us to greet old friends and to meet new friends.

We say thanks again and pray that God's richest blessings may fall on you all.

Sincerely,  
Hugh Carroll  
Gordon Derrell McAda.

### BUYS REGISTERED BULL

C. L. Mooney of Lockney has recently purchased the registered Brown Swiss Bull, Elsie's Jolly Jim No. 116461 from Floyd Stanforth of Plainview according to a report from Fred S. Isise, Secretary of the Brown Swiss Cattle Breeder's Association, Beloit, Wisconsin.

### NEW ARRIVAL

Mr. and Mrs. Joe Saddaris of Amarillo are parents of a daughter born Friday, August 28. The young lady was named Nancy. She is the granddaughter of Mr. and Mrs. G. M. Brunner of Lockney.

Taft, an ex-president, swore Herbert Hoover into office as president.

Upsala University is in Sweden.

Gilbert and Sullivan provided the tune for the song "Hail Hail the Gang's All Here."

## MYSTERY FARM NO. 12

This new farm house with the R on the chimney ought to be easily identified. It is located in this part of Floyd County and apparently there is a grain elevator on the horizon in the center of the picture. To the first person who correctly identifies the farm will go two tickets to The Plains Theatre or the Seale Drive-In Theatre. The owner of the farm will receive the original photo of this farm from Handley Shop & Pump Co. if he will come to The Beacon office not later than Monday and give us some details concerning the farm.

This demonstration was worth many hundreds of dollars to me!

I thought only a higher-priced car would suit me. But then I found out how much more Chevrolet offered for how much less!

rolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

You get greater getaway with the new Powerglide\*

A lot finer performance on a lot less gas. That's what you get with the new Powerglide automatic transmission. There's no more advanced automatic transmission at any price.

And it's the lowest-priced line

A demonstration will show you that Chevrolet offers just about everything you could want. Yet it's the lowest-priced line in the low-price field.

\*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

Chevrolet's field — the new 115-h.p. "Blue-Flame." Gearshift models offer the advanced 108-h.p. "Thrill-King" engine.

—right now! Chevrolet's improved brakes are the largest in the low-price field.

It's heavier for better roadability

You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chev-

Biggest brakes for smoother, easier stops  
An easy nudge on the pedal brings smooth, positive response

You can see all around

You look out and down through a wide, curved, one-piece windshield. The panoramic rear window and big side windows provide a clear view in all directions.

You get more power on less gas

That's because Chevrolet's two great valve-in-head engines are high-compression engines. In Powerglide\* models, you get the most powerful engine in

Let us demonstrate all the advantages of buying a Chevrolet now!

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

## Marion Day Jr. Dies At Clovis

Marion M. Day Jr., who was born and reared at Lockney, died at Clovis, N. M. Memorial Hospital on Saturday, August 15, according to information just received here. He was ill only a short time.

He was the son of a pioneer Lockney couple, Mr. and Mrs. Marion M. Day Sr., who at one time operated the old Day Hotel here. They are both dead now. He was known by the nickname of "Snooky." He was 38 years of age and was an employee of the Santa Fe railway and was well known in Clovis and that area as a golf player. He was a conductor and brakeman for the railway company and was active in the affairs of the trainmen's organizations.

He served four years in the Navy during World War II and was a member of Veterans of Foreign Wars, Clovis Country Club, the First Baptist Church and Elks lodge.

Survivors include his wife, three children, two brothers, Willie of Albuquerque, N. M., and Arthur of Dumas; and seven sisters, Mmes. W. E. Munsey of Portales, Keith Brumley of Houghton, Kansas; E. J. Yearout of Carlsbad, N. M.; Floyd Simms of East Vaughn, N. M.; and Marvin E. Jones of Clovis.

## Billie Virden Is Home From Korea

Billie Virden arrived this week from Korea for a visit with his parents, Mr. and Mrs. Bill Virden. He spent the past year in Korea in service with the Navy. He will be here until the 28th.

Billie has been in the Navy since March 9, 1948 and after his furlough home he will serve for two years in Japan, then return to the states to serve the next four years. He says that the Navy is a fine thing for young men.

## Mrs. Fulkerson Is Improving

Mrs. M. P. Fulkerson is showing some improvement this week, according to a report from her daughter, Mrs. J. P. Truett on Wednesday afternoon.

Mrs. Fulkerson underwent surgery on her hip about three weeks ago at Lubbock Memorial Hospital in Lubbock. She has been home about ten days.

## H. D. Club To Meet In Watson Home

Lockney Home Demonstration Club will meet Thursday afternoon, Sept. 10 at 2:00 o'clock at the home of Mrs. Raymond Watson. The meeting has been called thirty minutes early to allow more time for doing some work in craft.

**Vic Vet says**  
UNREMARKED WIDOWS OF CERTAIN DECEASED VETERANS MAY QUALIFY FOR GI LOANS. THE CERTAIN VETERANS ARE THOSE WHO SERVED DURING WORLD WAR II OR SINCE KOREA AND WHO DIED AS A RESULT OF THEIR SERVICE

For full information contact your nearest VETERANS ADMINISTRATION office

## Lockney Grads Start To College

A large percent of the 1953 graduates of Lockney High School are entering college this fall. Some have already begun activities while others are leaving the first of next week. To date 29 out of the class of 35 graduates have enrolled in colleges, universities or business schools.

Enrolled in Texas Technological College, Lubbock are: Frances Dee Copeland, Susie Parish, Alfred Smith, Audrine Rhine, James Carthel, Bill Sherman, June Ware, Kenneth Williams, Joe Taylor, Pat Frizzell who graduated two years ago and has been attending Wayland, has also enrolled in Tech this fall.

In Hardin-Simmons University at Abilene will be Teddy Carthel and Elizabeth Handley.

At Southern Methodist University, Dallas will be June Wiley and Norton Baker.

In McMurry College, Abilene will be Orland Gilbert, from the 1953 class and Elizabeth Tannahill who attended McMurry last year also.

John B. Griffin has enrolled at West Texas State, Canyon.

Jerry Irons will attend East Texas State Teacher College, Commerce.

C. B. Smart is attending Oregon College at Monmouth, Oregon.

Attending Watson's Business College at Plainview are Ann Cooper, Nancy Holland and Mary Jo Bonner.

Attending Southwestern School of Commerce, Pueblo, Colorado, are David Jameson, Bobby McCormick and Elmo Fortenberry.

June Haggard is in nurses training at T. C. U., and Harris Memorial Hospital, Fort Worth.

Gene Applewhite of the '53 class and Ronald Reece who graduated two years ago have enrolled in Texas University, Austin.

Pat Pylant Smith plans to attend Draughn's Business College in Lubbock.

Ruby Wilson is attending Lipper's Business College in Plainview.

Roger Conner is attending Draughn's Business College in Amarillo.

In addition to these is Sharline Strickland who lacked only one credit to graduate last year and is finishing her high school work and other courses at Southwestern Bible Institute at Waxahachie.

Myra Applewhite is beginning her second year at Southwestern Baptist Theological Seminary, Ft. Worth; Felicia Applewhite is a sophomore at Baylor. Sid and Mary Thomas are continuing their work at Baylor University. Waco as is Stanley Conner; Velma Seale Reeves is a senior at West Texas State as is Ewell Dee Kelley. Glenda Ann Readhimer of Lockney and her cousin, Jerry Rowell of Aiken are attending West Texas State in Canyon again this year. Bobby Baxter is a student at A. C. C., in Abilene; Dub Mercer has enrolled as a freshman at Hardin-Simmons University, Abilene. Peggy Floyd of Cedar Hill is enrolled at Texas Tech, and Mary Rigdon is attending Watson's Business College in Plainview. There may be others we haven't heard about.

Mr. and Mrs. J. D. Copeland and Celia Ann accompanied Mr. and Mrs. W. W. May of Sand Hill on a trip to Cloudcroft and the White Sands in New Mexico. They were gone Tuesday and Wednesday of last week.

Mrs. E. T. Thurman and Mrs. Udell Cunningham and Patti left Thursday morning to accompany their son and brother, A. C. Willis Thurman home from Sheppard Air Force Base for a fifteen-day furlough.

Mr. and Mrs. Myrl Dorcas spent last week end in Corpus Christi visiting relatives.

## Officials Of Retail Merchants Selected

"Kelley" Webster has been selected president of the Lockney Retail Merchants Association. Hershel Swepston, vice-president, and Kenneth Cook, secretary-treasurer, it was announced this week.

J. H. Cooper is manager of the association and has been working on the organization for the past month. It is expected that the association will be in operation soon.

S. A. Thompson, an old timer of this area, now living in Amarillo, was a visitor here Wednesday enroute back to Amarillo after visiting in Lubbock, Slaton and Littlefield. Mr. Thompson lived in this community for more than 50 years, coming here in 1890.

Visitors in the home of Mr. and Mrs. Loyd Widener last week were Mr. and Mrs. D. T. Petree of Abilene; Mrs. A. A. McGehee of Lubbock; Mr. and Mrs. Lewis Richards, Joy Phillips and Mr. and Mrs. Clifford Jester and children of Memphis.

Mr. and Mrs. Bill Turnage have moved back to Lockney after spending the past several months in South Texas. They are at home in an apartment at the home of Mrs. R. E. L. Stutts. He is employed with the Panhandle Compress here.

Mr. and Mrs. F. A. Zodrow of Tulsa, Oklahoma visited with Mr. and Mrs. T. S. Fox and Mr. and Mrs. Sid Thomas Monday.

Little Bruce Wayne Martin visited his grandparents, Mr. and Mrs. Johns Cox and Wanda last week while his parents, Mr. and Mrs. Pepper Martin of Hart were in Oklahoma City on business.

Pvt. and Mrs. Freddie Joe Ivy of Fort Hood, Texas, visited their parents, Mr. and Mrs. Johns Cox and Wanda and his parents, Mr. and Mrs. R. C. Ivy of Plainview the past week end.

## HAS OPERATION

Mrs. W. J. Casey underwent major surgery at Scott and White Hospital in Temple, Texas Wednesday of last week. A letter received from her Wednesday states that she is beginning to feel much better. Her address is: Room 485, West Bldg., Scott & White Hospital, Temple, Texas.

Mr. and Mrs. Herman King and Ben Richard spent last week end at Crader Lakes in New Mexico.
