Postal Receipts Drop In Last Half Of Year

Postal receipts at the Lockney post office showed a decrease in the last half of the calendar year 1955. Despite a healthy gain in the first half of the year, the total receipts were 2.6% under those of 1954, according to figures released this week by Mrs. Jeffe Griffith, acting postmaster. Receipts for the year 1955 were \$21,134.34 compared to \$21,718.99 for 1954, a loss of \$584.65. However, the 1955 receipts were well ahead of those of 1953 when receipts totaled \$20,067.65. The 1952 receipts were \$17,508.60.

By quarters, the 1954 and 1955 receipts were as follows: First quarter, 1955, \$4,325.77, 1954, \$4,297.84. Second quarter, 1955, \$4,793.19; 1954, \$4,194.66. Third quarter, 1955, \$4,105.51; 1954, \$4,659.03. Fourth quarter, 1955, \$8,551.33; 1954, \$8,567.46.

The drop during the latter part of the year reflected crop conditions in this area, 1955 being one of the poorest crop years in this part of the county for several years.

Doyle Harrison Crowned Queen At Football Banquet

Miss Doyle Harrison, senior in Lockney High School and daughter of Mr. and Mrs. Doyle Harrison, was crowned football queen at the annual football banquet Monday evening in the High School cafeteria. The Lockney Quarterback Club was host for the evening.

More than 100 attended the gala affair including the football squad, their dates, members of the Quarterback Club and wives and school officials. The identity of the queen was not revealed until the time for crowning. She was one of four candidates, one each from the four classes in high school. Tri-captain Doyle McAda directed the coronation service and Tri-captain J. W. Dippery placed the crown on the queen's head. Her attendants were Debra Ferson, freshman, escorted by Wane Griffith; Betty Graham, sophomore, escorted by Jerry Williams; Shirley Warren, junior, escorted by Jerry Mickey.

A special throne had been set up in the banquet hall and she sat on that place during the remainder of the evening. Invocation for the occasion was given by Supt. H. H. Nicholas and dinner music was furnished by Gail Kellison.

Welcome on behalf of the Quarterback Club was extended by Edgar R. Hays with response by Tri-Captain Weldon Jones, who expressed his appreciation for the work of the Quarterback Club the past year.

Musical numbers were rendered by the Silver Bells, a girls quartet from the High School. Introduction of guests and the football squad and their dates followed.

Coach Elvin Lyon introduced Coach Aubrey (Red) Phillips of Texas Technological College who spoke on football and then showed a film of the Texas-exas Tech game last fall.

J. W. Dippery presented gift certificates to both Coach Rudy Haile and Elvin Lyon as gifts from the football team just preceding the benediction by High School Principal F. M. Smith.

Investigate Loss Of Checks To Co-op.

A postal inspector is investigating the loss of a number of checks mailed to the Lighthouse Electric Co-operative at Floydada. Some 15 or 20 checks are missing but just how they were stolen is uncertain if they were stolen. At least one check came through the bank with the name of the payee changed, reports here say. D. J. Phillips of the Lone Star community was one of those whose check did not reach its destination. Authorities suspect some one opening mail boxes at the Floydada post office, it was said, but have no proof as yet.

Forged Checks District Attorney John Stapleton said Wednesday that at least eight forged checks showed up at Floydada during December. The checks, most of them in the amount of \$47.00, had the name of Walter Wood forged on them. Checks were issued at Beall's Department Store, R&R Fashion Shop, Powell Grocery, Teeple Grocery and other places in Floydada.

Two men were picked up and questioned but proved to be innocent and were released. So far no other leads have developed.

Rev. and Mrs. H. B. Cogglin spent from Monday until Wednesday in Stamford where Rev. Cogglin attended a conference committee meeting.

Floyd County Soil Fertility Day Is Planned By Committee

The annual Floyd County Soil Fertility Day was planned by a committee headed by County Agent Bill Rodgers meeting at the high school cafeteria Tuesday evening. This will be one of a series of meetings held in several South Plains counties during the third week of February. Tentative date for Lockney is Friday, February 24th.

A. K. Hepperly, agricultural agent of the Burlington Lines, was host for the evening and opened the meeting by explaining that his company was interested only in helping farmers of the area to have better crops. The company has been aiding in the soil fertility meetings for several years.

Suggestions as to the topics of discussion for the day were received from members of the committee and also reports from District Extension Agent W. H. Jones as to who would be available to appear on the program. It was decided to hold the days program from 10 a. m. until 3 p. m. Other soil fertility days will be held during the same week at Silverton, Lubbock, Plainview, Levelland and Tulla.

Lockney Chamber of Commerce President Claude Holley told the group that the local chamber would furnish a barbecue lunch at the noon hour as has been the custom.

Present for the committee meeting were Mr. Hepperly of Denver, Colo., County Agent Bill Rodgers, Assistant Agent Lynn Pittard, District Extension Agent W. H. Jones of Lubbock; Macy K. Orman of Fort Worth, Burlington agricultural agent for Texas; Claude Holley, president, and Dick Whiteley, manager, of the Lockney Chamber of Commerce; Bert Bobbitt, Cecil Purcell, Fred Jackson, Gilbert Fawver, and R. G. Dunlap, all members of the board of supervisors of the Floyd County Soil Conservation District; Homer Steen of the Floyd County Hesperian, Edgar R. Hays of The Lockney Beacon, Carl Minor Jr. of the Floydada Radio Station KFLD, C. E. Childers, local FW&D agent, and Glen Cooper, farmer of this area.

Walter Hollums In Sheriff's Race

TO THE PEOPLE OF FLOYD COUNTY:

This is to announce my candidacy for the office of Sheriff of Floyd County, Texas, subject to the action of the Democratic Primary July 28, 1956.

For more than 36 years I have lived in Floyd County, and have farmed in the north, south and west parts of the county.

At this time I have had eight years service as a peace officer, all but one year of which was deputy sheriff under the late Fred Clark and the present sheriff. I spent one year as an officer in a defense plant during the war.

I am 49 years of age, in good health, and have the energy one needs as an officer. I believe in a firm, aggressive policy of law enforcement, with courtesy to all and special privileges to none.

My life in Floyd County is an open book, and I invite your investigation of my habits and character.

This is my first time to seek any public office, and I earnestly solicit your votes and influence. If elected I promise to render the very best service of which I am capable.

Walter Hollums.

Following the singing refreshments were served to Rev. and Mrs. H. G. Krebbs, Charles and Kenneth, Mr. and Mrs. Otho Sanders and Martha Lee, Mr. and Mrs. A. P. Sanders and Eulalia, Mr. and Mrs. Fred Fortenberry, Mrs. L. P. Harston and Patsy, all of Lockney.

E. J. Rodgers who has been recuperating from a serious illness is much improved and he may be able to return to work soon.

Open District Schedule Here Friday Night

The District 2-A basketball schedule will break open here Friday evening when the Muleshoe teams come to Lockney for three games. It will be the first district game of the season for all the teams playing, both boys and girls. The boys B game will start at 6:30.

The local teams will play Littlefield's team in the local gym next Tuesday evening in the second round of district games.

In the Floydada tournament last week end the local girls won their first game but hit the tournament winners, the Slaton girls in the next one and lost 56 to 34. The loss of star guard Betty Jean Jackson hindered the local girls efforts. She will be out of basketball for some time due to torn ligaments.

The boys lost their first game, defeated Matador and then were edged out by Crosbyton 43-41 for the consolation title. Gene Handley and Betty Jean Jackson of the Lockney teams were chosen all-tournament.

Two Longhorns On All-District

Two Lockney Longhorn football players were named on the all-district team in voting Monday night at Olton and four others received honorable mention. Named all-district were Bennie Ballard, defensive tackle and Weldon Jones, defensive guard. Honorable mention went to Doyle McAda on both the offensive and defensive teams at end; Gene Handley, quarterback; Jerry Workman at center and Jerry Williams at halfback.

Coaches Rudy Haile and Elvin Lyon were unable to attend the meeting which selected the all-district teams because of the football banquet. Coach Haile said that he felt that other boys on the Longhorn team deserved to make the all-district selections and perhaps would have had the local coaches been able to be present to pull for them.

Two teams were selected, an offensive team and a defensive team. Following are the two teams as named by the district coaches:

Offense: Ends — Wicker, Littlefield, and Edwards, Olton. Tackles — Hoover, Littlefield, and Cheek, Dimmitt. Guards — Herring, Dimmitt, and Lee, Littlefield. Center — Gafford, Dimmitt. Halfbacks — Bates, Dimmitt; Gray, Olton; Estes, Olton. Fullback — Greer, Littlefield.

Settle On Damage Suit Tuesday

A damage suit, in which Gale West was suing H. L. Marble of South Plains was settled out of court in Floydada Tuesday after the suit went through one day of trial. West was awarded \$1200 damages. The suit grew out of an auto accident on Highway 207 north of South Plains, when West's car skidded on wet pavement and overturned. He and his family required some medical treatment but were not seriously injured. West charged that Marble was negligent in allowing irrigation water to run over the highway.

Mr. and Mrs. H. T. Pinkerton of Lamar, Colorado and son, Billy Pinkerton of Great Lakes Naval Training Station were guests in the Fritz Schacht home Saturday and Sunday. Mrs. Pinkerton is a sister of Mrs. Schacht.

Cotton Farmers Employ Counsel, Plan Action

A group of Floyd County cotton farmers, dissatisfied with their 1956 cotton allotments, have employed G. H. Nelson, Lubbock attorney, and plan to take what action is necessary to protect their interests. Horton Howell, chairman of the executive committee said this week.

A meeting was called Monday night of all farmers who had contributed their money to help pay for attorney's fees. Some 40 farmers met at the high school auditorium here and after considerable discussion the group voted unanimously to employ Mr. Nelson. The group has some \$3,000 on hand at present.

The controversy over cotton allotments has been underway in this county for the past three weeks. Dissatisfaction stems from the fact that some farmers received a 20% cut in their cotton acreage allotments for 1956 after having taken another 20% cut in 1955. This 40% cut in two years places the cotton farmer in a precarious position, not leaving most of them sufficient acreage to make a living, members of the group said.

Cotton acreage has been allotted the past three years on a total cropland basis instead of history basis and the group says that this practice discriminates against them, allowing wheat farmers of the county to get their cotton acreage.

Review Committee Named

County ASC Office Manager Tom Hutchins said Wednesday that the review committee, appointed by the Secretary of Agriculture to review cotton acreage allotments where the farmer asks for a review, had been named but that he knew of no date set to review applications in this county. One member of a review committee is appointed in each county and the Floyd County member along with a member from two neighboring counties will serve as the review committee.

Mr. Hutchins said that of the approximately 100 applications for review received by his office only four would be permitted to appear before the committee when it does meet.

He said 61 applications received in the past few days by his office would be sent notices that their applications were "untimely," that is, filed too late. Of the 35 who did file an application in time, all but four would receive notices of "insufficiency," that is their application was insufficient.

Mr. Nelson is scheduled to be here Thursday of this week to go over the matter with the group he is to represent.

Fair Association Officials To Meet

Officials of the Floyd County Fair Association will meet Thursday evening in the high school cafeteria at Floydada. Among the items of business to come before the group will be the setting up of the 1956 fair program, the nomination of new directors, setting a date for the 1956 fair, naming delegates to the state meeting of fair association officials, and perhaps other matters.

The meeting will begin at 7 p. m. and Manager Dick Whiteley urges all fair directors to be present.

Officers and directors of the First National Bank were named Tuesday and stockholders heard a report from President Charles Duran in which he stated that he was "well pleased with the condition of the bank" in spite of the poor crop year.

"The bank is in excellent shape, much better than we once hoped for," Mr. Duran said. "Our deposits are higher and loans are lower than we thought they would be some time ago."

"We're going to try to have a good bank here and we desire the help of the stockholders, and all the people of the community," Duran said. Mr. Duran reported deposits as of January 9 at \$5,570,422.12 and loans, including overdrafts at \$1,491,327.31.

Mexican Boy Shoots Self Accidentally

Antonio Garza, 22, a Mexican farm hand employed by David Stowe of the Whitfield community, shot himself accidentally last Thursday afternoon when he picked up a 22 calibre rifle off a tractor. The bullet lodged in his right lung but his condition Wednesday was described as "improving" at the Lockney General Hospital where he is under treatment.

The young man was carrying the rifle on the tractor to shoot rabbits. He stopped the tractor, stepped off and reached for the gun but the trigger hung on something and the gun discharged. The hollow point bullet broke into several pieces and lodged in the right lung.

NEW ARRIVAL

Mr. and Mrs. Clarence Messimer are parents of a baby daughter, Rhonda Gail, born Tuesday, January 10 at 11:10 in a Plainview hospital. Rhonda Gail weighed 6 lbs., 1/2 oz., and is the first grandchild of Mr. and Mrs. Clarence McCandless of Lockney, Mr. and Mrs. Frank Messimer of Lockney are the paternal grandparents.

The City will soon ask for bids on a sewer extension project in West Lockney expected to cost in the neighborhood of \$19,000. Mayor J. E. Cox said Wednesday. The project has been in the planning stage for a year.

The sewer extension will require the installation of a sewer lift at a cost of \$7,500 which is included in the total of \$19,000. Mayor Cox said. The lift will be located on property along the Fort Worth & Denver right-of-way just north of the railroad intersection with Locust street if the City can purchase the land from the railway company. The lift will be an underground type with no offensive sight or smell, Cox said.

From the lift the sewer will go east a block and a half where it will empty into the old lines. The extensions will run south from the lift on Locust street along Southwest 8th street by the G. L. Sims home to the vicinity of the W. A. Cunningham home. This will be the main trunk line. Laterals will be run east from the main line to serve the area west and northwest of the high school building. Probably four or five laterals will be laid in this vicinity. All the area will be served with the exception of the Gentry estate which is undeveloped, Cox said.

The area west of the main trunk line can also be served by the line, when and if it is developed, Cox said.

The City Council approved the plans last Thursday night in regular meeting. They have employed the engineering firm of Robert, Merriman and Bowden of Lubbock. Plans are complete and bids will be called for very soon. The contract may be let in around 30 days and the project will require three months to complete, it was said.

The City has bonds which have been voted but are yet unissued to pay for the extensions. However Cox said the Council expected to pay for a part of the project out of the cash reserves of the City and did not plan to issue more than \$15,000 in bonds.

Little Interest In Water Dist. Election

There was little interest in the election of water district officials, held in this county Tuesday. Only 37 votes were cast in the county, 24 of those at Floydada and 13 at Lockney.

Marvin Shurbet, nominee for district director, received all 37 votes. Robert Lee Smith, nominee for county committeeman, precinct 2, received 13 votes at Lockney, none at Floydada.

E. L. Thomas, nominee for county committeeman in precinct 1, received 17 votes at Floydada, 6 at Lockney, L. D. (Buster) Simpson, another nominee from the same precinct received 8 votes at Floydada, none at Lockney.

Shurbet, Smith and Thomas were elected to their respective posts, according to these figures. There was some confusion about the voting with the Floydada voters not voting for the precinct 2 nominee for county committeemen and only a few Lockney voters voting on the nominee for precinct 1. However, officials said that all voters should have voted in all offices on the ballot.

Frank Dodson, Mrs. Dodson, J. C. Weathers and Mrs. E. L. Woodburn held the election here at the city hall.

The eyes of the Lord are in every place, beholding the evil and the good.—Proverbs 15:3.

THE PRESENT INSURANCE company mess in Texas and the fact that some state representatives have become involved brings to fore a problem that will be with Texas as long as we continue the present two-house legislature with a pittance for pay. A man who is paid \$25 per day for 60 days every two years must naturally do something else to make a living unless he is wealthy. That is one reason many members of the Texas Legislature take retainer fees from various organizations and represent that organization in its public affairs. Sometimes a legislator gets paid for doing some actual work for the firm and at other times the retainer fee is little more than a bribe. But the legislator must

have a living wage and since he doesn't get it from the state he gets it from other sources. It is an unfortunate situation.

IF TEXAS would reduce its legislative body to one house with possibly 50 members, pay them \$10,000 or \$12,000 per year, forbid them to represent any corporation, firm or individual while serving the state and put them on a 12 month of the year work basis, we're convinced that we would have a much better government and would avoid many of the messes we find ourselves in. Kansas has such a state government and as far as we know is well pleased with it. The present legislative system is as outmoded as the horse and buggy and the gasoline lamp. It was framed when conditions were much different than they are now and when men were expected to represent their district for the honor involved and not the pay. Times have changed and so should the legislative system be.

THIS IS ELECTION YEAR and many Floyd County people have not paid their poll taxes. True we will not have as many candidates to vote on this year as in previous years but still those to be elected will hold important offices and if you want to have a vote you'd better pay your poll tax not later than January 31.

A FEW YEARS AGO the London Spectator offered a prize for the best philosophy of life which could be written on the back of a postcard. The entry which won the prize could almost have been written on the back of a postage stamp. There were just eight words in it: "Love, trust, dare and go on doing it."

NO ONE has ever yet climbed the ladder of success with his hands in his pocket.

FARM PROBLEMS, OLD AND NEW

One of the most persistent fallacies that seems to be in the minds of many people is that farm surpluses are something new... and that our farm price problem has developed only during the years that we have had a federal farm program.

happened to farm people during the long years they ran the Government. It was the loss of farms and the failure of rural banks in the twenties that had a vital part in the total collapse of our national economy in the early thirties. The fact is the farm people was not to blame for the depression in 1933 because it was not they who were to blame for the depression. We had a national credit program in 1933. Anyone who was farming in 1934, 1935, and 1936 would know what happened. The only difference between 1934 and 1935 is that the farm people had some protection. Speaks softly and packs a powerful wallop!

THE BEL AIR SPORT COUPE—one of 19 high-priced-looking Chevrolets, all with 1956 Chevrolet styling.

Whether idling at curbside or cruising, this new Chevrolet talks in a well-mannered whisper. You scarcely ever hear more than a soft undertone of power from its deep-chested V8. (One reason is the hydraulic-hushed valve lifters now in all Chevrolet engines—V8 or 6.)

Soft-spoken, yes—but this handsome traveler packs a wallop that ranges up to 205 h.p.! It's charged with sheer action!

Action that can save you precious seconds for safer passing on the highway! Action that lets you take steep hills in stride!

Action that helps you zoom out of trouble spots almost as quickly as they develop!

And action isn't all. Chevy holds the road like part of the pavement! You feel added assurance in the way it clings to curves.

Of course, Chevrolet brings you the security of safety door latches in all models. Instrument panel padding and seat belts, with or without shoulder harness, are offered at extra cost.

Come in and drive a new Chevrolet. We've got one ready and waiting for you.

Floydada Accident Fatal To Meadow Woman Saturday

An accident about 7 o'clock Saturday night at the intersection of US highways 70 and 17 at Floydada claimed the life of Mrs. Blanche Grigsby, 73, of Meadow.

Mrs. Grigsby was a passenger in the car of her son, Harry Wesley Grigsby of Meadow, which collided with a 1953 International truck tractor and trailer at the Y-intersection at the Floyd County community. The tractor was being driven by Gerald Euwell Piper

of Paducah who was alone in the vehicle and uninjured.

Grigsby is a patient in the People's Hospital at Floydada. Mrs. Grigsby was transferred after the accident to Lubbock Methodist Hospital. She died about five minutes after reaching the Lubbock hospital, according to state highway patrolman Thurman Keffer of Plainview.

Exports of agricultural commodities from the U. S. during the July-November 1955 period were 4 percent larger than for the same period in 1954. Cotton exports, however, were less than half those for the 1954 period.

A Good Reason To Be A Farm Bureau Member!

The Farm Bureau's Life, Fire and Casualty Insurance Companies are legal reserve capital stock participating companies, organized under the laws of the State of Texas and subject to supervision by the Texas Board of Insurance Commissioners. They are listed among the top insurance companies of the nation, and after only 9 years of operation the Southern Farm Bureau Life Insurance Company alone is nearing \$200,000,000 of Life Insurance in force.

The sole purpose for the existence of these companies is to provide the best possible insurance service at the lowest possible cost to Farm Bureau Members of the Farm Bureau Organizations. Due to the fact that these companies are operated at low cost, high profits are not paid to stockholders and management, coupled with the preferred risk advantage of the farmer, these companies are making substantial savings to its members in the form of dividends. The Southern Farm Bureau casualty insurance company is paying as much as 50% of its premiums back to its policy holders; also, the Life and fire companies return a substantial dividend annually. These savings are among the many that are available to the members of the Farm Bureau. When you have a need for insurance, it would be good business for you to investigate these companies and find out for yourself that it does not cost, but actually pays to belong to the Farm Bureau. 39-4tc.

MAIN STREET CHURCH OF CHRIST
THOS. McDONALD
Preacher

I WAS AN ANTI-

Dennis Kellogg

My spiritually blinded eyes opened a few years ago as to the error of anti-ism. I had been brought up to believe Bible classes were wrong. Like all anti folks, I was inconsistent, but blinded to where I couldn't see it. I just took anti-ism for granted. Why shouldn't it be right? Big anti preachers said it was! They would talk about doing like the Bible said, inferring that the Bible gave every detail for carrying out a command and furthermore, that it said do it exactly like they were doing it.

None of the details for a church service are given, yet they could stand and sing an invitation song, pass the emblems, sing three songs, prayer, another song, then have someone preach or teach, and none of these details were in the command! Yet when Bible classes were mentioned, to them, they were foreign to the Bible! They asked for the kind of proof for a Bible class that they did not ask for any other arrangement to teach, such as radio, religious paper, etc. They didn't seem to know that a command authorizes some unspecified things necessary to the carrying out of that command, and that the unspecified things done would be Spiritual.

The anti spirit was always a self righteous attitude. Anti's were quick to point out the error of others in teaching the Bible, but didn't show a better way. Like the one talent man, they were "afraid" to try to do what God said do, because they might do it wrong. They remained in a state of lethargy waiting for a detail on the how! They were not afraid not to try a method, however. The do-nothing plan suited them just fine. Although they could find arrangements for a singing school under the command to sing, Eph. 5:19, but not a teaching school under the command to teach, Matt. 28:20. All they would have had to do was to make the same allowances for the teaching school to carry out Matt. 28:20 that they made for radio preaching and religious periodicals to carry it out, but they couldn't see it.

To see whether sheer curtains need sudsing home economists suggest this test. Crush several folds of curtain together and hold up to the light so that you can see through them. Welcome, Mr. Superintendent

We, the L. H. S. students, wish to welcome the new superintendent, Mr. Nicholas, to our school. It is, indeed, a privilege and a pleasure to have such a fine person at the head of our school.

A group of us girls from the Lariat Staff interviewed Mr. Nicholas and found him a very friendly, clever man of five-feet, seventeen inches tall. I am not saying what age our new superintendent is, but he gave June 8, 1903 as the date of his birthday. He and his wife have one daughter, Judy Kay, who is a junior in Lubbock High School. She may graduate during the summer, but, boys, don't get your hopes too high.

Mr. Nicholas has the following favorites: food, fried chicken; pastime, playing cards and dominoes; T. V. programs, Miss Brooks; color, blue; song, "Sixteen Tons"; sport, golf; likes, friendly people; dislikes, spinach; favorite teaching subject, history; pet peeve, people who want special privileges.

Mr. Nicholas declared, "My first impression of Lockney High School is that I am already beginning to feel that Longhorn spirit."

Lahoma Rowell Entertains With New Years Eve Party

Lahoma Rowell was hostess at her home for a delightful New Year's Eve Party.

A variety of interesting and funny games were played. These were followed by delicious refreshments of hot dogs, buns, fritos, potato chips, both sweet and sour pickles, olives, and the choice of a Dr. Pepper, a Coke or an orange drink. For dessert, we were served Angel Food cake with vanilla ice cream, topped with a cherry.

Those attending were Donice Casey, Gail Wilson, Bobby Brown, Roland Watson, Garland McClure, Glenda Ford, Wanda Cox, Lanell Johnson, Avenell Brand, Sunny Lawson and the hostess, Lahoma Rowell.

Senior Class Selects Class Play

During the past week, the senior class officers decided on a three-act farce-comedy, entitled "Desperate Ambrose." The cast is composed of six men and six women. This play abounds in youthful dialogue and hilarious situations which we think will afford the audience "the time of their lives."

As soon as the play-books arrive, each pupil, who wants a part, will have a try-out before a corps of teachers. This teacher-committee will make the final decisions.

Grow your calves when the growing is easy!

Size in a cow means MILK to you and size in a calf is easiest to get when that cow's a calf!

At no time in the life of a cow does she grow like she does when she's a calf. That's when Nature gives her that ingrown "want" to grow which, through proper feeding and management on your part, lets a calf triple... sometimes quadruple... her weight in four short months.

Purina's calf Chow teammates... Nursing Chow and Calf Startena, have what it takes to help calves grow to half their breeding weight in four months' time.

Purina Nursing Chow, a top milk replacer, supplies a baby calf's milk needs during her all-important first 30 days and provides growth-stimulating, disease-preventing vitamins, minerals and antibiotics as well.

Purina Calf Startena, a complete calf Chow, has been developed by years of laboratory research and on-the-farm testing to provide carefully-blended nutrients for strong bones, deep bodies and healthful vigor.

Raise your calves the Purina way with Purina Nursing Chow and Calf Startena. Let these famous calf Chows help you grow big calves today... for big cows tomorrow!

School Assembly Held January 3

On Tuesday, January 3rd, junior and senior high school pupils assembled in the high school auditorium.

Mr. Smith, senior high principal, gave a few helpful suggestions to improve our school. The importance of using the allotted time for study instead of idling around and wasting it, was stressed. Do not waste his, or stamp your feet, but applaud in the proper manner. No pupil is to leave a classroom unless it is a case of emergency. There should be no loud talking or boisterous conduct in the halls passing to and from classes. Be informed both the teachers and the student body that the mid-term test schedule was made and would be written on the blackboard in the first period classroom.

Pupils and teachers then returned to their respective classrooms.

Food For Thought

The biggest block to study a man's success is his brain. Some people can't study without notes with their eyes. A slip on the shoulder indicates there is wood higher up. Flattery is a form of soft soap. Soft soap you know is mostly lies. Sandwich — An unsuccessful attempt to make both ends meet. Nothing will make you lose ground like throwing mud. What you don't know may not hurt you, but it sure annoys a lot of folks. A woman may have to get a man, but it always ends in a tie. Homepower was a lot safer when only horses had it. The smallest package in the world is a man who is all wrapped up in himself. There's no better way to get ahead than to use the one you've got. Make yourself an honest man and then you may be sure there is one less man in the world. An interesting difference between mice and men is that mice never get caught in the same trap twice.

Floyd 4-H Boys And Agent Attend Tractor School

Two Floyd County 4-H Club boys and Assistant County Agent Lynn Pittard attended a tractor maintenance school at Lockney Wednesday, Thursday and Friday of last week. The boys, Max Marble and Dan Smith, both of the Lockney Senior 4-H Club, were junior leadership representatives from Floyd County.

The school was held in the agriculture engineering building at Texas Technological College, and was sponsored by the Standard Oil Company in cooperation with the Texas Extension Service.

The course of instruction included safety precautions and day-to-day tractor maintenance. The two boys who attended the school will pass the information they were given on to other 4-H club boys in this county through similar schools.

NOT BY ACCIDENT

A baby doesn't "just happen." He is created through a slow and intricate process designed by God.

Neither does a delinquent "just happen." He, too, is created—gradually—by little wrongs and big, all human-caused.

Insecurity, improper associates or environment and lack of love often push a child into developing criminal tendencies.

Neglect, lack of guidance, lack of education and religious training will cause him to weaken and become sick morally and spiritually.

Responsible mothers and fathers will endeavor to protect their children from these evils. They will love a child. They will supervise his activities, and see that he has adequate religious education.

They will see that he goes regularly to Sunday School and Church, and they'll go along with him.

As a responsible parent, be sure that you create a Christian—not a criminal.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
