

Surplus From '55 Enables United Chest To Pay Out

A surplus from the 1955 Floyd County United Chest Fund drive enabled that organization to take care of all obligations for this year and still have a little money left, chest officials said this week.

The fund drive for 1956 lacked some \$3,000 of reaching its goal but the surplus, and the reduction of \$500 in the allocation to Boy Scouts, enabled the Chest to take care of its obligations.

The goal for the 1956 drive was \$13,165. The drive, conducted in December and January, brought in only \$10,155.35. However the Chest had a balance of \$1,899.88 left from 1955 and this brought the total to \$12,055.23. Of the \$10,155.35 secured in the 1956 drive, Lockney and the area in Precinct 2 donated \$3,700.50, while Floydada and the major part of the county gave \$6,454.85 to the cause.

The only expenses of the drive was for advertising and campaign supplies which totaled \$293.00, paid to The Hebrarian and The Beacon.

The South Plains Council of the Boy Scouts of America agreed to reduction of their allocation from \$3500 to \$3000 in the county and thus the funds were allocated as follows:

Boy Scouts — \$3000.
Red Cross — \$3,200.
Salvation Army — \$2,500.
Heart Fund — \$800.
Cancer Fund — \$1,165.
U. S. O. — \$500.
Balance in the bank was \$972.3, officials said.

The Chest directors in a meeting last Friday night, approved the allocations. They also named Bill Hale of Floydada to the board replacing Mac Biggers, who moved away. Attending the meeting from this area were, Earl Minter, Willis Reynolds, Fay Pinner, Dwight Jackson, Charlie Andrews and Ewald Quebe.

R. T. Spence Will Be Buried Thurs.

R. T. Spence, 79 years of age, passed away at the family home here sometime during Monday night and funeral services are scheduled at the First Baptist Church Thursday afternoon at 2:30. Rev. R. E. Wiley, the pastor, will conduct the services and interment will be in the Lockney cemetery.

Mr. Spence had been in fairly good health in recent years despite his advanced age. He suffered a stroke about four years ago and attending physicians believed that another was the immediate cause of his death. He went to bed Monday night without complaining of any ill feeling, relatives said. When his sons, Claude and Theron, arose about 5:30 Tuesday morning to see about their father, who has been ill for several years, they found their father had passed away during the night. He had been dead for several hours when found.

Riford Tilden Spence was born November 24, 1876 at Weddell, Alabama. He came to Texas when a young man of 21 years, settling at McGregor, where he farmed.

On December 4, 1904, he and Marie Ellison were united in marriage by a Baptist minister at Nolanville, Texas. They observed their golden wedding anniversary here in 1954. The couple moved to Floyd county in December of 1907, settling on 320 acres of grassland six miles north of Lockney. They lived there until 1926 when Mr. Spence bought a section of land four miles southwest of Lockney. They built a home on this place and in 1934 put in some irrigation wells. They lived there until 1948 when they sold the farm and moved to Lockney to make their home.

Mr. Spence was a farmer all of his life. He also served his community as school trustee in both the old Bobbitt district, north of town, and in the Lockney district. Mr. Spence was president of the board and a member of Consumers Fuel Association here for several years.

He was converted and became a member of a Baptist Church 35 years of age. He was a member of the Lockney church at the time of his death and served the church as trustee and in other capacities for many years.

Mr. Spence is survived by his wife and six sons. All the sons are here Tuesday except Rev. Raymond Spence, who is working with the home mission at Berkeley, Calif. He is expected to arrive some Wednesday. The sons are: Claude and Claude of Lockney, and Amarillo, Russell of Amarillo, Rayburn of Maple, and Raymond. One brother, Taylor Spence, who lives in Louisiana also survives him.

Funeral services are set for Friday at 3 p. m. at the Lockney Methodist Church. Rev. H. B. Coggin, the pastor, will officiate. Burial will be in Lockney cemetery. Official Memorandum by W. E. GRIMES Judge of Floyd County

GREETINGS

There are now 642 4-H club members engaged in work of the 4-H club program in Floyd County.

This organization provides voluntary training for boys and girls between the ages of 9-21 in the county, not only in agriculture and home economics, but in preparation for better citizenship. For 40 years this training has been offered. For four decades Floyd County has profited from the 4-H club training given its young people.

This voluntary youth program has a nation-wide enrollment of more than 2,000,000, and 42 foreign countries now have organized 4-H clubs. In Texas there are now 121,044 4-H club members and more than 10,606 adult leaders engaged in work of the 4-H club program in Texas.

In Floyd County the 4-H club work is directed by the Agricultural Extension Service of the Texas A. and M. College System. The County Agricultural Agent, the county Home Demonstration Agent, and the Assistant County Agricultural Agent are responsible for developing and directing 4-H club work in Floyd County. They work with young people, parents, volunteer leaders, and Friends of 4-H club work.

As agriculture is important to the welfare of Floyd County, so better trained leaders are important to the future of our county.

NOW, THEREFORE, I, as JUDGE OF THE COUNTY OF FLOYD, do hereby designate the week of March 3-11, 1956 as

4-H CLUB WEEK

In official recognition whereof, I hereby affix my signature this 1st day of March, 1956

W. E. GRIMES, Judge of Floyd County.

REV. FRANKLIN E. SWAN, Baptist district missionary from Plainview, will be the evangelist in a revival meeting at the Aiken Baptist Church starting next Sunday, March 11. Holley Is Again C-C President

Claud Holley, executive vice-president of the First National Bank, was named to succeed himself as president of the Lockney Chamber of Commerce and Board of Development in a meeting of directors last Friday evening.

Mr. Holley had served the organization only two months, replacing Joe Holt, who moved away January 1st, and for that reason the directors felt that he should serve one full term in the office.

Other officers named from the board of 15 directors were Marvin Cox, vice-president and Edgar R. Hays, secretary-treasurer.

Dick Whiteley, who has served the Chamber as manager for the past 10 months, was again offered the position by the directors and accepted for the new year. His salary will remain the same as previously, \$300 per month.

Eight directors were named in the recent balloting to serve with seven hold-over directors. Those elected were Claud Holley, Kelton Shaw, Claude Brown, Dr. B. A. Simmons, Charles Baxter, Jerry Cooper, Ike Johnson and R. C. Mitchell. Hold over directors are Bob Miller, R. H. Ford, Lowell Bibrey, Oscar Golden, Marvin Cox, Edgar R. Hays and Bill McClaskey.

Drawings were made for terms with five directors each to serve one, two and three year terms.

The directors agreed to invite representatives of the various classes in high school to the banquet, and other arrangements concerning the annual meeting were made. The ticket committee, headed by R. H. Ford, went over plans for ticket sales.

School Trustee Election Apr. 7

The trustees of the Lockney School District have issued an order for a trustee election to be held the first Saturday in April, which is April 7. The terms of three trustees expire this year, they being Lavon Johnson, Robert Lee Smith and Frank Brown.

The election will be held at the high school building.

A nominating committee, composed of Leon Wofford, Gene Belt and Carl Lemons was appointed by the board to nominate candidates for the board. According to custom the new trustees will be elected from the areas of Lockney, Sterley and Ramsey.

TO HAVE OPERATION

Horton Howell of the Sterley community will enter Gaston Avenue Hospital in Dallas next Tuesday where he will undergo an operation for the correction of a back ailment on Thursday. He expects to remain in the hospital some two or three weeks before returning home.

Dr. Leon Hill of Amarillo, a humorous speaker of distinction, will entertain an expected crowd of some 200 at the Lockney Chamber of Commerce annual banquet and membership meeting Friday evening at the high school cafeteria. The festivities get underway at 7 p. m.

Dr. Hill, who has an incomparable repertoire of original stories, has been speaking before national associations and societies for the past 25 years. In 1955 he made 167 appearances in 27 states and this year has spoken before large groups in Michigan, Virginia, New Mexico, Missouri, Arkansas and Kansas.

Born in Carolina in 1904, Dr. Hill graduated from Atlantic Christian College and Baptist Seminary, Binghamton, N. Y., attended Southern Baptist Seminary at Louisville and Southwestern Seminary at Fort Worth. He has traveled widely and is in great demand as a speaker not only in the United States but in Canada and Old Mexico.

Outstanding Citizen To Be Named

Another feature of the night's program will be the naming of Lockney community's outstanding citizen for 1955. A semi-secret committee has been working on the selection for three weeks and the name of the person to be honored will not be revealed until Friday evening. The Chamber of Commerce directors expect to make this a feature of the annual meeting each year. A beautiful loving cup will be presented to the person and his or her name is to be engraved on it. It will be passed on to another the following year. Bob Miller, a member of the board of directors, will make the presentation.

Rounding out the program will be some barbershop quartet singing by "The Borsome Foursome," composed of J. D. Copeland, Cleatis Jeffcoat, J. B. Seale and Arthur Barker Sr. David Howell, a Lockney High student, will furnish piano music during the dinner hour.

President Claud Holley will be master of ceremonies for the evening and will welcome and recognize the guests. Manager Dick Whiteley will introduce the officers of the association.

The banquet will be prepared by Mrs. Olive Myers and her luncheon workers and will be served by the Homemaking girls of Lockney High School.

6 Candidates In Councilman Race

It will be a contest come April 3 when the City election is held since there are six candidates seeking three positions on the city council. The terms of three councilmen expire this year.

New candidates filing last weekend, just before the deadline, were Lloyd Wofford, Charles Baxter and Claude Brown. Previously filing were the incumbents Claude Hammond, Lloyd Readhimer and J. D. Wood.

Thieves backed a pick-up up to a sheep pen on the old Hugh Carrol place, between Lockney and Muncy last Saturday night and made away with 10 ewes and 7 lambs, as best he could count. C. K. Bennett, owner, said this week.
 The sheep had no marks or brands and no leads as to the culprits have been uncovered. Mr. Bennett has been losing a few sheep for some time and at one time lost a cow to thieves, he said.

250 Attend Soil Day Meeting

Some 250 people were in attendance at the eighth annual Soil Fertility Day meeting held at the Plains Theatre here last Friday, despite the high wind and sand.
 The meeting was presented through the co-operative efforts of the Burlington Railway, the Extension Service, the Floyd County Soil District board, and the Lockney Chamber of Commerce. A. K. Hepperly, agricultural agent for the Burlington from Denver, Colo., Macy K. Orman, agricultural agent from Fort Worth, County Agent Bill Rodgers and Dick Whiteley, manager of the Lockney Chamber of Commerce, were instrumental in the planning and arranging for the meeting. Members of the Floyd County Soil Conservation district board of supervisors also helped in the meeting along with several others.

The Paymaster Serenaders from Station KCB-D-TV at Lubbock started the meeting off in a fine way at 9:30 with a musical program. More than 100 were on hand at that early hour to hear the Serenaders perform.

R. G. Dunlap served as morning chairman and introduced Mayor J. E. Cox who welcomed those attending.

Mr. Hepperly spoke shortly on "Why Build the Soil" and was followed by Dr. W. O. Trogdon, agronomist with the Olin Mathieson Chemical Corporation of Houston who spoke on "Use of Organic Matter and Commercial Fertilizer."

"Crop Marketing and Surpluses" was the topic of Dr. Alvin Wooten, economist with the Texas Extension Service at A & M. College.

F. M. Vining, a dirt farmer from Westaco, told his story of soil building on his own farm to the interested group, to conclude the morning program.

The Lockney Chamber of Commerce was host at the noon hour to a barbecue served at the American Legion Hall. More than 200 were served and still there was barbecue left. The Sanchez Cafe here prepared the barbecue lunch.

Forrest Mickey was afternoon chairman and introduced Don Jones of the Lubbock Experiment Station who spoke on "Irrigation and Fertilization of Cotton."

Dr. Clark Harvey, assistant professor of Agronomy at Texas Tech talked to the group about "Different Cash Crops for Floyd County," and this was followed by a panel by four Floyd farmers. R. C. Mitchell spoke on "Soil Improving Crops." Jerry Cooper talked on "Experience With New Crops." Bob Gibson told of "Deep Plowing and Cotton Burrs," and N. S. Abbott talked on "My Experience With Bindweed."

Grandmother Has 19th Birthday

Mrs. Clara Stowe of Olney, mother of Clyde Stowe of Lockney, celebrated her 19th birthday Wednesday. Of course Clyde himself is quite a bit older than that but it is all true nevertheless.

Mrs. Stowe's birthday was February 29th and actually she is 80 years of age. Why wasn't Wednesday her 20th

birthday? Well, you see there was no Feb. 29 in 1900. That's just the way the calendar is arranged so actually Mrs. Stowe has had only 19 birthdays in all her 80 years.

Clyde and his wife and their daughter's family, Mr. and Mrs. F. G. Jones Jr. and children all joined with a number

of other relatives to visit the elder Mrs. Stowe last Sunday. The group met at old Fort Belknap, near Newcastle, for the

family gathering. All of her grandchildren were on hand for the occasion.

Mr. and Mrs. Jack Dempsie of Lubbock were guests in the Hoyette Hodges home Tuesday night.

Mr. and Mrs. Buell Orr of Graham spent Saturday and Sunday here visiting Mr. and Mrs. Claud Holley.

Surplus From '55 Enables United Chest To Pay Out

A surplus from the 1955 Floyd County United Chest Fund drive enabled that organization to take care of all obligations for this year and still have a little money left, chest officials said this week.

The fund drive for 1956 lacked some \$3,000 of reaching its goal but the surplus, and the reduction of \$500 in the allocation to Boy Scouts, enabled the Chest to take care of its obligations.

The goal for the 1956 drive was \$13,165. The drive, conducted in December and January, brought in only \$10,155.35. However, the Chest had a balance of \$1,899.88 left from 1955 and this brought the total to \$12,055.23. Of the \$10,155.35 secured in the 1956 drive, Lockney and the area in Precinct 2 donated \$3,700.50, while Floydada and the major part of the county gave \$6,454.80 to the cause.

The only expenses of the drive was for advertising and campaign supplies which totaled \$293.00, paid to The Hispanian and The Beacon.

The South Plains Council of the Boy Scouts of America agreed to reduction of their allocation from \$3500 to \$3000 in the county and thus the funds were allocated as follows:

Boy Scouts — \$3000.
Red Cross — \$3,200.
Salvation Army — \$2,500.
Heart Fund — \$800.
Cancer Fund — \$1,165.
U. S. O. — \$500.
Balance in the bank was \$567.23, officials said.

The Chest directors in a meeting last Friday night, approved the allocations. They also named Bill Hale of Floydada to the board replacing Eric Biggers, who moved away. Attending the meeting from this area were, Earl Minter, Willis Reynolds, Fay Pinner, Dwight Jackson, Charlie Andrews and Ewald Quebe.

R. T. Spence Will Be Buried Thurs.

R. T. Spence, 79 years of age, passed away at the family home here sometime during Monday night and funeral services are scheduled at the First Baptist Church Thursday afternoon at 2:30. Rev. R. E. Wiley, the pastor, will conduct the services and interment will be in the Lockney cemetery.

Mr. Spence had been in fairly good health in recent years despite his advanced age. He suffered a stroke about four years ago and attending physicians believed that another was the immediate cause of his death. He went to bed Monday night without complaining of any ill feeling, relatives said.

When his sons, Claude and Theron, arose about 5:30 Tuesday morning to see about their father, who has been ill for several years, they found their father had passed away during the night. He had been dead for several hours when found.

William Tilden Spence was born November 24, 1876 at Weddell, Alabama. He came to Texas when a young man of 21 years, settling at McGregor, where he farmed.

On December 4, 1904, he and Myrtle Ellison were united in marriage by a Baptist minister at Nolanville, Texas. They observed their golden wedding anniversary here in 1954. The couple moved to Floyd county in December of 1907, settling on 320 acres of grassland six miles north of Lockney. They lived there until 1926 when Mr. Spence bought a section of land four miles southwest of Lockney. They built a home on this place and in 1934 put in irrigation wells. They lived there until 1948 when they sold the farm and moved to Lockney to make their home.

Mr. Spence was a farmer all his life. He also served his community as school trustee in both the old Hobbit district, north of town, and in the Lockney district. Mr. Spence was president of the board and a director of Consumers Fuel Association here for several years.

He was converted and became a member of a Baptist Church when 35 years of age. He was a member of the Lockney church at the time of his death and served the church as trustee and in other capacities for many years.

Mr. Spence is survived by his wife and six sons. All the sons are here Tuesday except Rev. Raymond Spence, who is working with the home mission board at Berkeley, Calif. He is expected to arrive sometime Wednesday. The sons are: Fred and Claude of Lockney, Elmer of Amarillo, Russell of Ankeny, Rayburn of Maple, and Raymond. One brother, Taylor Spence, who lives in Louisiana also survives him.

Frank Dodson Is Victim Of Heart Attack

Frank Dodson, Lockney city judge and deputy tax assessor and collector for the county, died suddenly at his home here Tuesday afternoon about 6:20 o'clock. A heart ailment was described as the cause of his death. He had been feeling bad all day Tuesday and had remained at home. He had just finished eating supper when he fell to the floor.

Funeral services are set for Friday at 3 p. m. at the Lockney Methodist Church. Rev. H. B. Coggin, the pastor, will officiate. Burial will be in Lockney cemetery. A cablegram from Weldon Dodson, son of the deceased man, received late Wednesday said that he expected to arrive in Dallas Thursday morning. He lives in Vieques, Puerto Rico, and is flying home for the services.

Mr. Dodson had suffered a series of heart attacks in 1945 but his health improved and he had been fairly active since that time. In addition to his duties as city judge and deputy tax assessor and collector, he was secretary of the Germania Mutual Insurance local.

In previous years he served as manager for a baseball club here for several seasons, and was active in civic and sports affairs in other ways. He was a former member of the Shrine.

Mr. Dodson was a member of the Lockney Methodist Church and had been president of the Wesleyan Sunday School class in that church for several years.

Willis Franklin Dodson was born in Clay County May 24, 1888, the son of Mr. and Mrs. Willis Dodson. The family moved to Floyd County in 1891, moved away and came back in 1898 to stay. He attended school here and at Clarendon College.

He was married to Miss Ida Griffith on April 11, 1909 at Lockney and the couple have made their home here since.

Survivors include his wife, Mrs. Ida Dodson, one son, Weldon Dodson of Vieques, Puerto Rico; one daughter, Mrs. James Deavenport of Plainview; three sisters, Mrs. John Fry, Antonio, Mrs. Joe Wilson, Floydada, and Mrs. Lewis Hooker of Wichita Falls. Also five grandchildren survive, Jim Deavenport of Plainview, and Bill, Jeanette, Sallie and Kathy Dodson of Puerto Rico.

Official Memorandum

by
W. E. GRIMES
Judge of Floyd County

GREETINGS.

There are now 642 4-H club members engaged in work of the 4-H club program in Floyd County.

This organization provides voluntary training for boys and girls between the ages of 9-21 in the county, not only in agriculture and home economics, but in preparation for better citizenship. For 40 years this training has been offered. For four decades Floyd County has profited from the 4-H club training given its young people.

This voluntary youth program has a nation-wide enrollment of more than 2,000,000, and 42 Foreign countries now have organized 4-H clubs. In Texas there are now 121,044 4-H club members and more than 10,606 adult leaders engaged in work of the 4-H club program in Texas.

In Floyd County the 4-H club work is directed by the Agricultural Extension Service of the Texas A. and M. College System. The County Agricultural Agent, the county Home Demonstration Agent, and the Assistant County Agricultural Agent are responsible for developing and directing 4-H club work in Floyd County. They work with young people, parents, volunteer leaders, and Friends of 4-H club work.

As agriculture is important to the welfare of Floyd County, so better trained leaders are important to the future of our county.

NOW, THEREFORE, I, JUDGE OF THE COUNTY OF FLOYD, do hereby designate the week of March 3-11, 1956

4-H CLUB WEEK

In official recognition whereof, I hereby affix my signature this 1st day of March, 1956

W. E. GRIMES, Judge of Floyd County

REV. FRANKLIN E. SWANNER, Baptist district missionary from Plainview, will be the evangelist in a revival meeting at the Alken Baptist Church starting next Sunday, March 11. The meeting continues one week with services at 11 a. m. and 7:30 p. m. Connie O'Brien will lead the singing. Rev. Olaf Haile is pastor of the church.

Holley Is Again C-C President

Claud Holley, executive vice-president of the First National Bank, was named to succeed himself as president of the Lockney Chamber of Commerce and Board of Development in a meeting of directors last Friday evening.

Mr. Holley had served the organization only two months, replacing Joe Holt, who moved away January 1st, and for that reason the directors felt that he should serve one full term in the office.

Other officers named from the board of 15 directors were Marvin Cox, vice-president and Edgar R. Hays, secretary-treasurer.

Dick Whiteley, who has served the Chamber as manager for the past 10 months, was again offered the position by the directors and accepted for the new year. His salary will remain the same as previously, \$300 per month.

Eight directors were named in the recent balloting to serve with seven hold-over directors. Those elected were Claud Holley, Kelton Shaw, Claude Brown, Dr. B. A. Simmons, Charles Baxter, Jerry Cooper, Ike Johnson and R. C. Mitchell. Hold over directors are Bob Miller, R. H. Ford, Lowell Bilbrey, Oscar Golden, Marvin Cox, Edgar R. Hays and Bill McClaskey.

Drawings were made for terms with five directors each to serve one, two and three year terms.

The directors agreed to invite representatives of the various classes in high school to the banquet, and other arrangements concerning the annual meeting were made. The ticket committee, headed by R. H. Ford, went over plans for ticket sales.

School Trustee Election Apr. 7

The trustees of the Lockney School District have issued an order for a trustee election to be held the first Saturday in April, which is April 7. The terms of three trustees expire this year, they being Lavon Johnson, Robert Lee Smith and Frank Brown.

The election will be held at the high school building.

A nominating committee composed of Leon Wofford, Gene Belt and Carl Lemons was appointed by the board to nominate candidates for the board. According to custom the new trustees will be elected from the areas of Lockney, Sterley and Ramsey.

TO HAVE OPERATION

Horton Howell of the Sterley community will enter Gaston Avenue Hospital in Dallas next Tuesday where he will undergo an operation for the correction of a back ailment on Thursday. He expects to remain in the hospital some two or three weeks before returning home.

Dr. Leon Hill of Amarillo, a humorous speaker of distinction, will entertain an expected crowd of some 200 at the Lockney Chamber of Commerce annual banquet and membership meeting Friday evening at the high school cafeteria. The festivities get underway at 7 p. m.

Dr. Hill, who has an incomparable repertoire of original stories, has been speaking before national associations and societies for the past 25 years. In 1955 he made 167 appearances in 27 states and this year has spoken before large groups in Michigan, Virginia, New Mexico, Missouri, Arkansas and Kansas.

Born in Carolina in 1904, Dr. Hill graduated from Atlantic Christian College and Baptist Seminary, Binghamton, N. Y., attended Southern Baptist Seminary at Louisville and Southwestern Seminary at Fort Worth. He has traveled widely and is in great demand as a speaker not only in the United States but in Canada and Old Mexico.

Outstanding Citizen To Be Named

Another feature of the night's program will be the naming of Lockney community's outstanding citizen for 1955. A semi-secret committee has been working on the selection for three weeks and the name of the person to be honored will not be revealed until Friday evening. The Chamber of Commerce directors expect to make this a feature of the annual meeting each year. A beautiful loving cup will be presented to the person and his or her name is to be engraved on it. It will be passed on to another the following year. Bob Miller, a member of the board of directors, will make the presentation.

Rounding out the program will be some barbershop quartet singing by "The Borsome Foursome," composed of J. D. Copeland, Cleatis Jeffcoat, J. B. Seale and Arthur Barker Sr. David Howell, a Lockney High student, will furnish piano music during the dinner hour.

President Claud Holley will be master of ceremonies for the evening and will welcome and recognize the guests. Manager Dick Whiteley will introduce the officers of the association.

The banquet will be prepared by Mrs. Olive Myers and her lunchroom workers and will be served by the Homemaking girls of Lockney High School.

6 Candidates In Councilman Race

It will be a contest come April 3 when the City election is held since there are six candidates seeking three positions on the city council. The terms of three councilmen expire this year.

New candidates filing last weekend, just before the deadline, were Lloyd Wofford, Charles Baxter and Claude Brown. Previously filing were the incumbents Claude Hammond, Lloyd Readhimer and J. D. Wood.

The election will be held at the city hall here with F. L. Brown as judge.

High School Honor Roll Is Announced

Create in me a clean heart, O God, and renew a right spirit within me. Cast me not away from Thy holy presence.—Psalm 51:10-11.

FORTUNATELY, the Lockney school district is in good shape as far as buildings are concerned. The construction of the Junior High building in recent years has provided ample room, for the time at least, for all age students in the local schools. But there is a need in the high school, as was pointed out recently in a Rotary Club speech by Supt. H. H. Nicholas, for equipment. Some of the equipment, particularly that in the science department, is woefully inadequate. The high school needs new desks and chairs among other things. We're hoping the School Board will be able to work out some way to add some of the most needed equipment soon. Good teaching is many times partly wasted if adequate equipment is lacking.

MR. EISENHOWER has decided that he will seek reelection. Unless the Democratic party can take up some better issues than they have in the past, Ike will no doubt be re-elected. In the first place he is the most popular man to hold the office of President since FDR was in his prime. Re-

cent polls show Eisenhower's popularity at an all-time high. Ye editor has been disappointed in some of Mr. Eisenhower's stands, particularly on free enterprise and the farm program. We do not doubt Ike's sincerity but we think he has been listening to some bad advice. The Democrats have one course of action left. They can increase their majorities in the House and Senate and thus more or less control the legislation even though they do not win the presidency. They'll have to be satisfied with that course for four more years, we're thinking.

WHAT IS INTERPOSITION? There is quite a bit of talk about interposition since the Supreme Court has ruled that integration in schools must come. Quoting a letter from Attorney General John Ben Sheppard, interposition is, first of all, not a doctrine of nullification or rebellion. It is as old as the Constitution itself and had its inception from the same Founding Fathers. Interposition is an action on behalf of a state seeking to protect the state and its people from invasion of a reserved power of the State by the federal government. The people of the States as States created a federal government and delegated certain powers. All others were specifically reserved to the States. To preserve this system certain checks and balances were established. Interposition serves as another form of check and balance upon reserved powers.

INTERPOSITION IS NOT defiance, but a simple challenge whereby a State may properly limit the onrush of a government centralized in Washington.

JUVENILE DELINQUENCY and vandalism has become quite a problem in some cities. We're happy to say that, thus far, there has been little of it in this community. We're optimistic enough to think that the young people of this community have more sense, more pride in their community than to indulge in vandalism and other lawless acts. We trust that it will continue to be that way.

THESE KINDS OF troubles usually come from young people whose parents do not keep a close check on their activities. Any age boy or girl needs constant guidance and advice. Sometimes perhaps they resent or don't appreciate the advice and guidance of their parents but it is necessary just the same. The neglectful, wishy-washy parent is inviting his child to do things he shouldn't. Sometimes, of course, children get into trouble in spite of everything their parents can do. But that doesn't reduce the responsibility of the parent in any sense. We're highly in favor of Mr. Edgar Hoover's suggestion that parents be made financially and legally responsible for the acts of their children. They are morally responsible already — and it's a great responsibility.

GOOD INVESTMENT FOR AMERICA'S FUTURE!

With Our EXCHANGES

MAKING THE MOST

A law of life is that man is responsible for making the most of what he has. Happiness and success are in direct proportion to our obedience to this law. Sometimes we see humble people, blessed with little of this world's goods and perhaps even less innate ability — yet they develop to the maximum

that which they have. These are happy and successful people.

The older we get, the more we appreciate people who have humble positions but who accept them as a calling. We admire a janitor who takes pride in polishing the woodwork until it reflects like a mirror. We admire the gardener who takes pride in seeing that he misses not a single weed nor hoes up a single flower. A person who retires at night with the knowledge that he did a day of manual labor to the best of his ability can retire with the

satisfaction that he has performed all that life expected of him. — Thoughts for Thursday in Tullia Herald.

YOUNG PEOPLE OF TODAY TAKE LIFE SERIOUSLY

If the older people think the young people don't think, they should read these "Teenage Ten Commandments," adopted by 4,000 students.

1. Stop and think before you drink.
2. Don't let your parents down; they brought you up.
3. Be humble enough to obey. You will be giving orders yourself some day.
4. At the 1st moment turn away from unclean thinking.
5. Don't show off when driving. If you want to race, go to Indianapolis.
6. Choose a date who would make a good mate.
7. Go to church faithfully. The Creator gives us the week; give Him back at least an hour.
8. Choose your companions carefully. You are what they are.
9. Avoid following the crowd. Be an engine, not a caboose.
10. Be one of all-keep the original Ten Commandments. — The Hornet in Tullia Herald.

SOCIALISM OUT—GOOD TIMES IN

Four years after their release from the controls of state socialism, the English people are enjoying a higher standard of living than ever before. Employment is at an all-time high, unemployment at an all-time low.

Under Socialism, housing lagged badly in Britain; now, with restrictions lifted, 700,000 new units were put up in the two-year period, 1954-55. The steel industry, freed from nationalization and being restored to private ownership, is expanding its capacity to 22½ million tons by 1958—double the prewar figure. New industries are booming.—Industrial News Service.

Long Ago In Lockney

Items of interest from the files of The Lockney Beacon.

March 11, 1925

The census for the crop year of 1924 is now available and shows that the value of farm crops \$7,500,000. This figure does not include horses, cows, sheep, hogs, chickens, turkeys, poultry products, dairy products or truck farming products. The total value of the 1924 farm crop including those omitted in the first figure runs well over \$11,000,000. There is a little more than one-third of the tillable land in the county under cultivation and practically all of it is farmed under the dry farming process. Only a few wells are being used in the county for irrigation. With \$11,000,000 made only on one-third of the county land and most of that without irrigation, what will the county be worth with all the land under cultivation and most of it under irrigation?

Albert Puckett died at 8:10 p. m. Tuesday in Plainview hospital following injuries he received in a 30-ft. fall from a windmill. Surviving him is his wife and baby daughter.

He was an operator and gunner on a Flying Fortress operating from the Egyptian area. His ship was

shot down by an enemy pursuit plane about 30 miles out in the Mediterranean sea from Naples, Italy.

Staff Sergeant Wayland Patterson of Plainview, husband of the former Sammie Box, has been reported missing in action. Mrs. Patterson now lives in Plainview. She attended Lockney High School until two years ago. The couple have a nine months old daughter, Elizabeth Ann.

HOW TO WASH A CAT

Set the temperature control of your water heater at 110 degrees, which is just right if you want to wash a cat! Wear heavy canvas gloves to protect your hands, and stand the cat in a deep pan or sink and gently pour the warm water over him. Don't try to dip him into a pan of water or he'll "panic." Use a liquid soap and eucalyptus oil so as not to irritate the skin. Get all soap out by careful rinsing, wrap him in a warm turkish towel and deposit him in a spot free from drafts to dry.

NOTICE TO THE PUBLIC!

To whom it may concern:

It has come to my attention that there is some discussion as to my wife's salary in the Sheriff's office. She draws no salary whatsoever. My salary is \$4125 per year. If I hired an office deputy I would have to pay them out of my salary, which I can't afford to do.

On Wednesday, February 22, Mrs. Carpenter, sponsor of "The Lariat", entertained the staff in Room 201 during her off-period.

GROWERS REPORT INCREASED YIELD WITH "NA-CHURS" SEED TREATMENT AND LEAF FEEDING

The following excerpts from satisfied "Na-Churs" users are typical of the many letters received by the "Na-Churs" Plant Food Company from your own friends and neighbors. These folks have proven to themselves that "Na-Churs" Liquid Fertilizer can help increase yield, give better growth and advance harvest.

"I sprayed 5 gallons of "Na-Churs" on 3 acres of cotton in the middle of a 12 acre field. The increase in yield was at least 30%. I will use "Na-Churs" again next year." C. C. Swope, Wilson, Texas.

"In 1955 I treated 10 acres of irrigated cotton with 2 gallons per acre of "Na-Churs." This cotton made one bale per acre and was pulled two weeks before the untreated which made only 2-3 bales per acre. All of this cotton acreage had a heavy hail loss on June 25. In 1956 my plans call for seed treatment plus foliage spraying." Theo Campbell, Wilson, Texas.

EASY TO DO — SMALL COST PER ACRE

Treating seed with "Na-Churs" is easy. Simply sprinkle "Na-Churs" over the seed, mix until thoroughly moistened, and allow to dry. One gallon of "Na-Churs" will treat 8 bushels of seed and the cost is only a few cents per acre. Only a half bushel increase in yield will more than pay for "Na-Churs" seed treatment.

FOR MORE PROFIT — TRY LEAF FEEDING

Used as a companion with "Na-Churs" seed treatment, foliage feeding with "Na-Churs" can help your grain and cotton develop stronger roots. Application can be made with any type sprayer or by airplane. It's fast acting. Don't let this season go by without giving "Na-Churs" a try on your farm.

CALL US TODAY!

We have "Na-Churs" available for immediate delivery in 5, 30 and 55 gallon drums. Try "Na-Churs" for yourself. You be the judge.

THERE'S A MOUNTAIN of STRENGTH

Mount Lassen in northern California towers majestically heavenward, its immense size a tremendous sight to man. It has long been considered an inactive volcano, yet it maintains an active warmth in its depths that is shared with lakes and springs at its base.

Somehow it reminds you of the towering strength of Christianity. Christianity, like Mount Lassen, is visible to all in its vicinity. It is a mountain of strength, with endless opportunities for exploring its mysteries.

Christianity imparts warmth to all who approach it. From its depths there spring rivers of living water to quench the thirst of your soul. And though each person touching this mountain should take away with him all he could carry to scatter through the world, yet its bulk will not diminish.

Gaze upon that Christianity that is like a huge mountain. Be warmed, refreshed, and strengthened through fellowship and worship each Sunday at Church.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

FHA Meeting Held

Recently the F. H. A. had a all meeting. Mary Myers, the president, presided, and the customary opening ceremony was used. Discussion led to many necessary decisions. Mary discussed the area meeting which is to be held in Amarillo on March 15th. It was decided that the installation of new officers will be held in an assembly program on March 7th. March 15th was the date agreed upon for the Mother-Daughter Banquet. Mrs. Irons then spoke to the group about the silver tea service and the area meeting. The meeting then adjourned in the usual manner.

Student-Council Radio Program

Seven student-council members presented a radio program over KFLD in Floydada on Wednesday, the 29th. They were Gail Rucker as Mom, Joe Rigby as Chuck, Marvin Wells as Dad, Luther Williams as Bob, Ernestine Spradlin as Clara, and Elaine Cooper as Betty. The announcer was Eldora Boone. The radio script was written by Donald I. Wood, executive secretary of the National Student-Council. It was published by Radio House, a branch of the University of Texas, especially for use during Student Council Week in Texas from February 26-March 3. Free time was given us by the Floydada radio station.

Report On Student-Council Convention In Midland

La Juan Henderson and Rita Griffith, representatives to the student council convention, reported a delightful trip to Midland during last weekend. They arrived about 5 o'clock on Thursday, March 1. The two girls and Mr. and Mrs. Smith immediately went to the high school where La Juan and Rita registered and were assigned their lodging place during the convention. Mr. and Mrs. F. D. Breedlove were their very gracious hosts. That night the entire party attended the general session where they had the pleasure of hearing the president of the Texas Association of Student Councils, Tom Guiles. Afterwards, there was a party in the high school gym where the girls met many interesting boys and girls.

On Friday, La Juan and Rita attended several different meetings in which there were subject discussions that might materialize into projects suitable to their school. During the entire day, each representative attended the meetings of his choice. Our delegates feel sure that much helpful information was gained from these speeches and discussions. Friday ended with a delicious barbecue and campaign speeches by the students who were candidates for offices. That night, a party and a dance were given for all the representatives.

"A Matter of Choice" was the theme of the convention, and Dr. Bill Alexander of Oklahoma City, Okla., was the excellent speaker. The delegates wish that every L. H. S. pupil could have heard him. On Saturday morning officers for next year were elected and several reports from various committees were given. The session closed by singing "Auld Lang Syne," followed by the benediction.

Both Rita and La Juan wish to express appreciation to the student council for offering them this wonderful privilege and so much enjoyment.

Parent And Son F. F. A. Banquet

The Lockney F. F. A. Chapter held its annual banquet on Thursday, the 23rd in the high school cafeteria. Bill Musser gave the invocation, and the chapter officers gave the opening ceremonies. Billie Bigham, chapter president, introduced the special guest, and each boy introduced his parents. Johnnie Hanst gave the welcome. The menu consisted of baked ham, string beans, candied yams, hot rolls and jello salad. The dessert was apple pie with coffee or tea. The Silver Bells, consisting of Kay Golden, Loy O'Brien, Gail Rucker, Hope Cox and Gail Kellison furnished entertainment during the meal. About twenty F. H. A. girls did a commendable job as hostesses.

Ronnie Harris gave the history of the F. F. A., and Steve Handley gave the F. F. A. Creed. The chapter officers presented a surprise Chapter Farmer's Degree Plaque to Joe Handley who has done an outstanding service for the Lockney F. F. A. Chapter.

M. L. Brewer, Chapter Advisor, then introduced the guest speaker, Garland (Cotton John) Smith, the KGNC farmer and ranch reporter. "Cotton John" spoke on the cotton situation and the need of advertising cotton to get rid of the surplus.

The chapter officers gave the closing ceremonies. After the meeting, "Cotton John" made tape-recordings of Mary Myers' talk about "The F. H. A. Girls and Projects," of Loyd Widener's Marvyn Well's and Donice Casey's speeches in Kansas City. He also made a recording of Bill Musser's treasury report.

P. A. System

The Lockney High School recently had a P. A. Speaker installed in each classroom. On Monday morning, March 5, the new system was used for the first time. Music was played until the 8:45 bell rang, then Mr. Nicholas made a few announcements concerning school activities. Luther Williams read a short scripture from Proverbs. Mr. Nicholas stated that each morning we shall begin the day by having a scriptural reading and the necessary announcements.

The superintendent, principal, teachers and student-body are very proud of this P. A. system.

Thanks To Higginbotham Bartlett Lumber Company

Our senior high pupils wish to express appreciation to the Higginbotham-Bartlett Lumber Company for the five yardsticks which they gave us to use in diagramming on the blackboard.

We consider diagramming on the blackboard the best picture one can make of the parts of a sentence, and the yardsticks help to keep the lines straight and well proportioned. A mesquite tree requires about 2,000 pounds of water to produce a pound of leaves and bark while 800 pounds of the precious liquid will produce a pound of cotton or 600 pounds of grass. Worthless trees are moisture and money robbers.

Vote For Cheer Leaders

The Pep-squad met Monday and Tuesday of this week in the auditorium. The meeting was called to order by the president, Kay Golden.

Several things were discussed. One was that the organization is considering getting jackets and sweaters.

A discussion of try-outs for the 1956-57 cheer leaders was brought up before the group. Fifteen girls and one boy tried out following the freshman assembly March 6. They were Sally Cox, Janis Widener, Kay Golden, Charlyne Brown, Anita Durham, Betty Graham, Donna Dorman, Pat Crisp, Lesca Dee Dorman, Shirley Mitchell, Debra Ferguson, Jackie Boyd, Nelda Widener, Pat Vanek, Shirley Warren and Alvin Hayes.

After the try-outs ballots were passed out in each classroom in order to give every pupil an opportunity to vote for his five favorite cheerleaders. The following were winners in this election: Head cheerleader, Kay Golden. Other cheer-

leaders: Janis Widener, Charlyne Brown, Alvin Hays, and Betty Graham.

F. F. A. Lends A Helping Hand

The Lockney F. F. A. has been helping James Ansley with his sheep. About two weeks ago he came down with the mumps and has been unable to work with them. Mr. Brewer and the boys have been doing a fine job.

The F. F. A. hopes that James is well enough to show his sheep at the Lockney Fat Stock Show and at the Floydada Show on Tuesday, Wednesday and Thursday, March 6, 7, 8.

Gospel of Christ

MAIN STREET CHURCH OF CHRIST
THOS. McDONALD
Preacher

AN OPEN LETTER TO INDIFFERENT CHURCH MEMBERS

Our Dear Brethren and Sisters in Christ. Some of you we never see at church services. Others of you come occasionally. There must be some cause of this unfortunate situation. And it is unfortunate for any individual to start out in the Christian life and fail to keep the faith. Feeling that we are our brothers' keeper, we trust you will not resent our efforts to help you.

First, we would have you understand that none of us consider ourselves perfect. If we were perfect we would not need the church and we would leave it to those who do need it. Because we are not perfect of ourselves and because we daily stand in need of divine help in all our struggles to live right and be saved, we are holding on tenaciously to the church and its Head who is the "Savior of the body." (Eph. 5:22).

To you who have left the church and to you who are endangered by lukewarmness, let us say that in the light of New Testament teaching you are jeopardizing your souls and even forfeiting your hope of heaven in such a course.

If your waywardness or your indifference is caused by any mistreatment from any of us or by any misconduct upon the part of any of us, will you please bring it to our attention and we promise to do all in our power to make amends.

We want to assure you that we feel deeply interested in your spiritual welfare as well as our own. It is this genuine interest that is prompting this letter to you. We feel that we would not be held blameless should we neglect to teach and admonish and persuade you to change your present dangerous course; both for your own individual good and for the sake of the Cause of Our Lord and Master. There are several reasons why you should renew your faithfulness to the Lord now:

First, as already suggested, your own soul is at stake. "Be thou faithful unto death and I will give you a crown of life" said Jesus. "If any man draw back, my soul shall have no pleasure in him." (Heb. 10:38). "If ye keep my commandments, ye shall abide in my love," and "These things I command you, that ye love one another" are the words of our Lord.—(John 15.) Have you failed to add the Christian graces and become unfruitful, and forgotten the purging from your old sins?—(2 Pet. 1:1-12). Really, is it necessary that we argue to convince you that you have NO HOPE so long as you CONTINUE OUT OF DUTY — out of fellowship with the Lord and the church?

Second reason that you must face, in neglecting the church: You are to some extent influencing others all the time and are, by this example, hindering them in following Christ. It is not a pleasant picture to draw but by slighting your duty, you may cause honest souls to follow your example and be lost with you. Are you willing to take this grave responsibility?

Third reason: The church is weakened in its power to do good and save lost souls when any of its members are unfaithful. "The harvest is great and the laborers are few." "Why stand ye all the day idle?" "Go into the vineyard and work." "Today if ye will hear his voice, harden not your hearts." "The Lord is not willing that any should perish but that all should come to repentance."

We are praying for you.—Selected.
