Minute Editorials

He that hateth his brother is in darkness and walketh in darkness and knoweth not whither he goeth, because that darkness hath blinded his eyes.—John 1:1.

WE WISH someone would whisper to Mr. Adlia Stevenson and tell him that he isn't making himself any votes by insisting on the stopping of H bomb tests in this country. Seems to us it would be foolish to stop and let the Russians catch up with us. Maybe Mr. Stevenson feels that he could trust the Communist government to do what it says it will do but we haven't learned to trust them that much yet.

THAT BIG ELECTION is just a short way off and we hope everyone is planning to vote. Perhaps no previous presidential election has created so much interest in Texas as the one in 1952 and the election this year. A lot of people are taking a big interest this year, perhaps more than they did in 1952, and some of them are spending their money to push their cause — on both sides of the fence. As long as most of the American people take an active part in elections we will have nothing to worry about.

from those who would overthrow our present form of government.

AREN'T THOSE Lockney Longhorns going? We're surely proud of the way they have played consistently good football all the season. We're proud of their method of play also. They seem to always conduct themselves as good sportsmen and play the game fair. Almost always our penalty yardage is less than those we play. Good luck to you Longhorns — but get ready for those Spur Bulldogs.

WE STARTED last week to discuss the Constitutional amendments which will be voted upon soon. Last week we discussed the first three. This week we discuss the fourth, fifth and sixth.

THE FOURTH constitutional amendment deals with increasing the allowable cost to the state and to the members for the teachers retirement system. Seems now that the system, set up a good many years ago, does not allow a teacher to retire with enough income to exist upon and the teachers are willing to increase their payments to the system if the state will do the same so that their retirement benefits may be increased to where a teacher can retire with enough money to at least exist. Local school teachers and teachers organizations are boosting this amendment and asking that the voters approve it at the polls. Certainly it seems that if the teachers are willing to spend their own money on it it should be approved.

THE FIFTH amendment would increase the total bonds which the state can issue for the veteran's land program by \$100,000,000 and would change the membership. The program started out with \$25,000,000 in bonds, was increased to \$100,000,000 in bonds in 1951 and now this amendment would increase the bonds allowed to be issued to \$200,000,000. All the old bond issue has been used. At present the membership of the Veterans Land Board is composed of the Governor, the Attorney General and the Commissioner of the General Land Office. The amendment would change the board to be composed of the Commissioner of the General Land Office and two citizens of the State to be appointed by the Governor with the advice and consent of the Senate.

THE SIXTH amendment would change the oath of office taken by appointive state officers. It would not change the oath taken by elected state officers. The amendment would add to the present oath the statement that the appointive officer has not made or offered bribes in order to be appointed to their offices.

NEXT WEEK we will discuss the last three amendments to be voted upon.

With Our EXCHANGES

- GOOD ADVICE EVEN FOR YOU
1. Avoid fried meats which are angry to the blood.
 2. If your stomach disputes you, lie down and pacify it with cool thoughts.
 3. Keep the juices flowing by jangling around gently as you move.
 4. Go very lightly on the vice, such as carrying on in society. The social rambler ain't restful.
 5. Avoid running at all times.
 6. Don't look back. Something might be gaining on you. — Scoop Sez in Muleshoe Journal.

ON RAISING YAMS

Our neighbors to the west, in Motley county, have struck upon a plan that may supplement their farm and ranch income.

Douglas Meador, editor and publisher of the Matador Tribune, and S. J. Braselton Jr., a Roaring Springs implement and irrigation contractor, recently made a trip to Frio county where they studied processes of sweet potato farming.

According to their report in the Matador Tribune, they "visited a single field where 100 acres of sweet potatoes were near maturity, with an esti-

mated yield of 500 bushels of choice quality yams per acre." They found that county to have "soil and climate almost exactly the same as in this area, except for a slightly longer growing season. Rainfall (in normal years) is almost identical. All sweet potato production was effected by sprinkler irrigation from deep wells in the hot water Carrizo sands." Farmers are expecting about \$1 per bushel on sweet potatoes in the field and the average yield is about 300 and 400 bushels per acre— Most of the harvest is by contract and the farmer receives his money immediately.

Could be that the two Motley county men could have something there. In fact Cot the county farmers should be on the lookout for a similar plan. There is definite need in this county for a supplement to cotton, particularly in years like this one. —Paducah Post.

IS THIS BOOTLEGGING?

In today's Index there is a story on the arrest of Wilson Hardin, Childress grocerman, who has been charged with being in the business of a retail liquor dealer without having paid a special tax.

Hardin was charged yesterday in federal court in Wichita Falls and he was arrested by undercover officials of the Texas Liquor Control Board and the Alcohol and Tobacco Tax Unit of Dallas.

My only observation of such a move is that Wilson Hardin is no more guilty than are dozens of other merchants in Childress or any town in the nation.

I do know that bay rum and similar alcohol-containing liquids have had terrific sales in Childress for years and years. It had gotten so bad in Childress a few months ago that one of our wholesale firms quit handling bay rum.

Incidentally, more than half of our DWI cases are not men and women drunk on whiskey but persons intoxicated on bay rum and such. —Morris Higley in Childress Index.

May 4, 1607 was the date of the first permanent English settlement in North America.

Long Ago In Lockney

Items of interest from the files of The Lockney Beacon.

October 28, 1926

In a front page article the committee of men who sponsored the consolidation of eight school districts with Lockney District state they are willing to go along with the majority as to whether the law is repealed. "We believe we were right in the first place, and we know the best interest of the children of the districts affected were at heart when the action was taken, but if the majority of the people can not see it that way, we don't believe it is right to force them to accept consolidation, and therefore, we are willing and ready to help undo what has been done," the article states.

Mrs. Joie McElroy, 49, wife of J. E. McElroy, died at the family home on the Calahan ranch southwest of Lockney at 5:30 p. m. Friday, Oct. 15 of appendicitis.

Mrs. T. W. Willmon, pioneer of Floyd County, living eight miles south of Lockney, died Sunday night at her home. Mr. and Mrs. Willmon moved to Lockney some twenty-five years ago, and are well known to the old settlers of the county. She is survived by her husband and five children, Mrs. Frank Copeland of Gunter, Texas; Mrs. Willie May, Miss Mary Willmon, Dallas; Webster Willmon, Dallas; and Luther Willmon.

The 7-year-old daughter of Mr. and Mrs. W. G. Bishop, who live on the Monroe place, in the Calahan ranch was seriously injured Wednesday when she fell from a fender of a car which she was riding. The car passed over her body and she is in a serious condition.

The Lockney Longhorns were defeated by Littlefield Friday at Littlefield by a score of 13 to 0.

Texas Tech has enrolled 1356 students this fall as compared to 867 this time last year. The

increased enrollment has led a serious shortage of room space. 860 students men and 495 are women. Margaret Collier was president of the new Littlefield B. Y. P. U. of the Church Sunday. Other officers are Mildred Carter, Y. P. C. Jerry Barton, Gene Gertrude Collier, Gene and Carl Mann and Ruel

October 27, 1944

Major Eldon Hill, son of Mrs. T. B. Hill, of Falls, returned veteran missions as a Marine. He learned first hand how to appreciate his eyes. Slivers of glass pierced his while flying on a mission.

Clinton Mitchell, son of Mrs. Elmer Mitchell, of Sterley residents, who at Petersburg, was wounded according to information reaching here. He is recovering in a hospital. It was said, Mitchell a star Longhorn football player. He also started in the Flight Officer Austin. Whether has reached his station overseas and is somewhere in Italy according to information received. He is with the Army Air Corps.

The War Chest Drive reached \$4000.00 in the Thursday Quota for the city is \$6200.00.

T-Sgt. Arvie L. Newton in Germany according to information received. His parents, Mr. and Mrs. Newton.

ELECTRIC RANGE AND WATER HEATER FIT INTO ANY PLAN...

the modern way!

It's 1956... start now to live better electrically. See your Reddy Kilowatt Electric Appliance Dealer

Plan your home around electric living. You can start with a built-in electric range which consists of the electric surface units and the electric oven, or if you prefer, you can choose the popular "stand-up" electric range. Either way you'll find that electric cooking blends into the decorative scheme of the modern home. Electric appliances are modern to use; best of all they even LOOK modern. The electric water heater can be a part of the kitchen cabinet line giving you more table top work space and a silhouette which marks your kitchen as up-to-date. And, remember, an electric range and water heater require no vents or flues. They are perfectly safe, too. Yes, electric cooking and electric water heating fit into any plan whether you're building new or remodeling. You CAN live better electrically.

Longhorns Remain On Top In 2-AA

The Lockney Longhorns remained on top in District 2-AA standings this week with a perfect record while all other teams had at least one defeat. Post fell to the Longhorns last Friday evening and Floydada lost to Abernathy to wipe out all other undefeated teams. The Longhorns margin over the Post Antelopes was 6-0 while Abernathy defeated Floydada 12-6 in a game at Floydada. The third district game saw Spur ramble over Slaton 52 to 6 at Spur in a one-sided game that marks Spur as the team to beat for the Longhorns.

Library News

The 1929 Study Club is working on a new project of taking books to the Rural Schools. Mrs. C. W. Denison has placed sixty books in the school at Dougherty. She reports that the children are eager to read the books and the teachers appreciate this service offered by the club. They also plan to carry books to South Plains and other rural schools in the county. This project takes the place of the Saturday morning story hour which was carried on for more than three years. Floyd County residents will be interested to know that our branch library at Lockney is about to outgrow the present space. Mrs. H. H. Mills, librarian at Lockney has every shelf full, and is trying to figure out a space to put more shelves. The shelves in the Floydada library are filling up rapidly, and we are happy to report that the accession record shows a total of 6331 books. **Memorial Books** Given in memory of Mrs. E. T. Evans by Andrews Ward P. TA; Mr. and Mrs. W. C. Snodgrass; Charles and Elyne Reid. Given in memory of Mrs. W. H. Harrison by Mr. and Mrs. J. B. Bishop. **Other Gifts** Magazines by Mrs. Kinder Farris; Judge O. P. Rutledge. Call YUeen 3-3578 if you would like to have a book delivered by the Books on Bikes Club.

Knox Crews Injured At Plainview

Plainview—Knox Crews, retired Plainview banker, who was seriously injured Thursday in a highway accident near Matador was reported late Friday to be improving, according to attendants at the Stanley Hospital in Matador. Crews was injured Thursday when his auto collided with a truck on U. S. Highway 70 near Matador. He suffered several fractured ribs and a punctured lung. The unloaded truck, owned by Texas Explosive, Inc., of Lamesa, collided with Crews' auto. The driver of the truck was not injured.

SCORE CARD

What the GOP has done TO YOU!

- 1 Resisted Democratic steps to curb human suffering and promote prosperity. Examples: branded Social Security a "cruel hoax"; tried to prevent \$1 minimum wage.
- 2 Gave huge tax favors to corporations and the rich, crumbs to most of us. Tax Act of '54 gave 73% of dollar relief to corporations, 9% to under-\$5,000 families.
- 3 Enacted Taft-Hartley. Stacked NLRB with pro-management men. Welshed on Eisenhower promise to repeal union-busting provision of Taft-Hartley.
- 4 Vetoed Democratic farm bill with firm 90% supports. Let farm income fall 22%. Favored forcing "marginal" farmers off the land. Cut crop supports.
- 5 Cut funds for enforcing antitrust laws. Let small-business profits fall more than 50%. failures rise, credit wither, and interest rates rise substantially.
- 6 Looked on contentedly as stockholders' income rose 24% (1952-55) while average person's take-home pay gained only 8%. Stockholders got best of it, 3 to 1.
- 7 Brought the Democratic public power program to a halt and sponsored a carnival of giveaways to private utilities. Examples: Hells Canyon; Dixon-Yates.
- 8 Stalled on school crisis, then (in 1956) defeated school aid in the House, where 61% of Republicans voted death blow to bill for \$1.6 billion in Federal help.
- 9 Steadily resisted the REA electrification program. Voted to kill all farm ownership loan funds (1947). Fought rural telephone expansion. ('49).
- 10 Mr. Eisenhower had no civil-rights program until April of this election year. Even then he ignored the GOP Platform on FEPC, anti-lynching and anti-poll-tax.
- 11 Tried to cripple Marshall Plan and military aid to Free World. Opposed Point 4. Bewildered our allies with brink-of-war, massive retaliation and other blusters.
- 12 Delayed Air Force buildup by \$5 billion budget cut. Locked up funds voted by Democratic Congress to retain Marine strength. Opposed help for veterans.

What the Democrats have done FOR YOU!

- 1 Pioneered farm supports. Social Security, minimum wage, bank deposit insurance, and improved them (as \$1 minimum wage, low retirement ages for women and disabled).
- 2 Fought to give tax break to all, not just corporations and the rich. Example: 96% of House Democrats voted in '54 to raise everybody's personal exemption by \$100.
- 3 Produced the Wagner Act, guaranteeing to labor the right to organize and bargain; opposed the anti-labor Taft-Hartley Act, and fought hard for its revision.
- 4 Raised farm income from \$1.9 billion in 1932 to \$13.5 billion in '52. Fought in GOP years to restore price supports at 90% and promote prosperity for farmers.
- 5 Enacted, and enforced energetically, three great antitrust laws. Made loans at low interest rates to small business - helped free enterprise where it begins!
- 6 Increased the average person's take-home pay, as well as stockholders' income, by 20% (1949-52.) The same for each, unlike the sharp difference in GOP years.
- 7 Started a public-power program which has given cheap electricity to city homes; to expanding industry, including defense factories, and to one-dark farm homes.
- 8 Pressed for Federal help in coping with the critical schoolroom shortage. Voted in favor of the bill for \$1.6 billion aid but saw it beaten by GOP in House.
- 9 Wrought a vast transformation in life on the farm by launching the rural electrification and rural telephone programs. Made credit obtainable by the farmer.
- 10 Kept faith with the Party's Platform by pressing constantly for action on many fronts to better the lot of all, regardless of race, creed or national origin.
- 11 Stemmed the tide of Red expansion with Marshall Plan, Truman Plan and NATO. Fostered bipartisanship in foreign policy. Co-operated with our allies.
- 12 Fought for strong defenses and resisted Eisenhower cuts in Armed Forces. For the men still in uniform, forced an extension of the GI Bill of Rights.

Never before in history has anything built by man traveled so far in so short a time —by land or sea!

An announcement of decisive importance to anyone about to buy a new automobile

The most exhaustive endurance test ever given an automobile has just been completed by two stock '57 Fords—identical in every respect with cars now being offered by Ford Dealers.

Under the supervision of the United States Auto Club and the Federation Internationale de Automobile, each of these two '57 Fords traveled 50,000 miles in less than 20 days. Ford No. 1 averaged 108.16 mph for the entire run... Ford No. 2, over 107 mph. These averages include time for all pit stops.

In all, the '57 Ford smashed 458 national and international records.

This test was run on the Bonneville Salt Flats in Utah... it was the longest left turn in history.

A car, like a man, is known by its deeds, not words. That is why, we at Ford, despite our confidence in our '57 cars, let their deeds of accomplishment speak for themselves.

Therefore, we engaged an independent engineering organization to test our '57 cars more thoroughly than any other cars have ever been tested before—in this country or abroad.

We provided them with '57 Fords—cars identical with those now offered by Ford Dealers. The rest we left up to them.

Here is what they did:

They took these cars to the Salt Flats at Bonneville, Utah.

Here, twelve of the world's greatest drivers took over.

In relays they drove these cars night and day for a distance greater than twice around the world... a distance equal to 5 years of normal driving.

Not in all history has a man-built machine traveled so far in so short a time—by land or sea!

But this was not a test of speed—but of endurance of the "Inner Ford." A trial to take the measure of Thunderbird Y-block V-8 power without qualification of any kind. A test of running gear—of brakes, of materials in body and chassis. Of steering and roadability, yes, and comfort, too!

A test, indeed, such as no other cars have ever undergone, let alone successfully concluded.

Surely they have told you, in decisive terms, that they are worth more when you buy... and when you sell!

Your Ford Dealer will gladly place at your disposal the new kind of Ford that means a new kind of value for your car-buying dollar—the greatest the world has ever seen.

Longhorns Edge By Post 6-0

	Lockney	Post
First downs	8	11
Yards rushing	150	159
Lost rushing	18	29
Passes attempted	2	11
Completed	1	3
Yards passing	4	73
Yards penalties	20	45
Fumbles lost	3	0

Only a rock-ribbed defense kept the Lockney Longhorns from going down in defeat last Friday evening against the Post Antelopes in a District 2-AA game. The strong Longhorn defense just wouldn't budge when the going really counted and that was the difference in the ball game. The score was Lockney 6, Post 0.

Not discounting a strong Post defense, the Longhorn offense wasn't as sharp as it has been in previous games. The boys were down some from previous weeks and that coupled with a slippery field plus three very costly fumbles held the Longhorns to a minimum on offense.

Bill Race made the only Lockney score from the Post one after he had set the touchdown up with a quick kick from the Longhorn 41 which

rolled out on the Post 7. The Antelopes lost 4 in two plays from this point and kicked out to their own 30 from which point the Longhorns drove for a touchdown in 10 plays.

The Antelopes passing gave the local boys some anxious moments and almost set up a touchdown on two occasions, in the second quarter and in the fading minutes of the game late in the fourth. The Post boys completed only three out of eleven but the ones they completed really counted.

But what really won the game was the Longhorn defense. In the second quarter the Antelopes completed a pass to the Longhorn 10½ yard line. Four plays later the Antelopes had gained a net of a half a yard. The Longhorns took the ball on the 10.

In the fourth quarter the Antelopes passed and ran to the Longhorn 12. From here they went to the seven in four plays where the Longhorns took over.

For the Longhorns fumbles stopped at least two drives for them deep in Post territory. It was a close, exciting game all the way and the result was not decided until the final whistle blew.

Here's the game:
Jerry Williams received for the Longhorns, drove straight up the middle, burst into the open about the 50 and was finally hauled down from behind on the Post 31. The Longhorns made a first down on the Post 20½ in three plays but on the next play Gene Handley's pitch-out to Williams was wild and the ball was given to Post on the 25 despite the fact Williams was doubled up over the ball.

The Antelopes made a net of 1 in three plays and kicked to Lockney 35. The Longhorns drew a 5-yard penalty but Williams on a reverse ran to the Post 42. Another wild pitch-out here gave the ball to Post on their own 46. The Antelopes drove to the Lockney 40 in three plays, lost 8, tried two passes and kicked to the Lockney 16. The Longhorns couldn't make a first down and kicked back to Post 32. Here the Antelopes started a drive, making first downs on their own 44, on the Lockney 46, on the Lockney 35, a fumble lost 8, they made 4 and then a pass Williams to White was good to the Lockney 10½ yard line. The Antelopes made ½ yard each on the first two plays, made 2 and then lost 2½ on

fourth down with the Longhorns taking the ball on the 10. Williams made 7 and 1 and then Hardy took a pitch out but slipped down and lost 6. The Longhorns kicked to their own 44. Post was penalized 15, lost 4, tried a pass incomplete, was penalized another 15 yards and kicked to the Lockney 28. The Longhorns couldn't make a first down and kicked to Post's 31 and the Antelopes returned the kick back to the Lockney 41. Here a fumble gave Post the ball on their own 49, they drove for a first down on the Lockney 38 but lacked a half a yard making another first of the next series and that ended the first half.

Post received to start the second half, getting back to their own 31, couldn't go and kicked to Hardy who handed off to Handley and he ran back to the Post 43. The Longhorns lost 4 on the first play, made 10 on the next three and Post took over on their own 37. They couldn't gain and kicked to Handley who took the ball on his own 25 and ran up the east sideline for 75 yards and the touchdown. However a clipping penalty against the Longhorns nullified the score and put the ball back on the Longhorns 39. The Lockney boys made 2 in two plays and then the ball was centered directly back to Fullback Bill Race who quick-kicked with the ball rolling out of bounds on the Post 7. It was a 52 yard kick.

The Antelopes made 1, lost 5 and then kicked to their own 30. The Longhorns made 2, 4 and 3 and then Race drove to the Post 17 for a first down. Hardy made 4, Race 5 and then a first down on the Post 7. Race made 6 and then drove over for the score. Try for point failed and the score was 6-0.

The Antelopes returned the kick-off back to their own 33, drove to the 48 for a first down, then another first down on the Lockney 33 they made 2 on four successive plays with the Longhorns taking the ball on their own 25. Hardy ran to a first down on the Lockney 40. Race made 6 and 3. Post was penalized five and the Longhorns had another first down on the Post 44. They made 3 and then Williams broke loose to the Post 33, the Antelopes de-

fense stiffened and the Longhorns made only three yards in three plays but Handley on a keeper ran to the Post 21 for a first down, here the Longhorns lost 5 and lost 2 when Williams slipped down in the mud, a pass was incomplete and another pass was good for only seven yards giving the Antelopes the ball on their own 21.

Here the Antelopes started a drive that scared the Lockney fans badly. They completed successive passes to the Lockney 49, and the Lockney 35 and then on a fake pass ran to the Lockney 12. They made 3, had two passes incomplete and on fourth down swept the end for two with the Longhorns taking the ball on the 7. Post was penalized five on the first play from scrimmage and that ended the ball game.

John T. Bloxom, 83, Dies in Plainview

Funeral services for John T. Bloxom, 83, were conducted at 2 p. m. Monday in the First Presbyterian Church here.

The Rev. Emmett Armstrong, pastor of the Children's First Methodist Church and the Rev. Frank Travis, pastor of the Plainview First Presbyterian Church officiated.

Bloxom died late Friday at the home of his daughter, Mrs. Louis Jurack after a long illness.

He was born Sept. 18, 1873, at Mansfield and came to Plainview in 1942 from Lockney where he moved in 1925 from Sweetwater.

He and Annie Jane Rhodes were married Feb. 3, 1908, at Dora. Mrs. Bloxom died in 1942.

Bloxom was a farmer and a member of the IOOF for many years.

Survivors are two daughters, Mrs. Jurack, Plainview, and Faye Lewis Bloxom, also of Plainview; six grandchildren and two great-grandchildren.

Burial was in the Plainview Cemetery under the direction of the Wood Mitchell Funeral Home.

One bottle of tea from the Boston Tea Party is still in the Massachusetts Historical Society Rooms.

VISITING RELATIVES

Mr. and Mrs. Zoel Watson and Doyle of Albuquerque, New Mexico are here this week visiting her father, B. R. Carthel, her uncle, G. H. Carthel and other relatives. The Watsons are former residents of Lockney.

Doleful Senators Due Shock When Ike Wins, Fears Doc

One of the strongest Eisenhower men in our town is Doc Brown. Doc says he just can't put up with Stevenson's socialized medicine program he doesn't like about Adlai, but that one is enough for him, he says. Doc is a pretty outspoken cuss, but he's a good doctor. At least, he's the best one in town, being the only one, and our people always call him when they get sick whether they like his politics or not.

The other day several of us were standing around in front of the post office, talking politics—some Eisenhower men and some for Stevenson—when Doc walked up looking glum. One of the Stevenson men said: "Hey, Doc, what's the trouble, did Ike just call you in some bad news?"

Doc Brown said no, he hadn't heard from Ike this week, but he was worried.

"Not about Ike, you understand," he told the Stevenson fellow. "Ike has got it made. Even the Stevenson people are beginning to admit that. Poor old Adlai isn't going to get any farther in this race than he could throw Kefauver's coonskin cap with the tail cut off."

"The ones I am worried about are these out-of-state senators who are coming down here to Texas to tell us how to vote. I sure feel sorry for those boys. It must be tough to face life with their attitude."

"To hear them tell it, this country is in a terrible shape. All the farmers are starving, all

the businessmen are going and all the working people keep barely making ends meet. Only reason some little morrow is that they know the United States will fall if we stand from listening to the politicians."

"Of course, they know correct the situation over the draft and do away with the Atlantic Union which is a country, and everything all right."

"These things are too tant, of course, for these ans why they voted against Texas tidelands bill."

"As a medical man, I am worried about the great shock senators are going to over the election and this country being peaceful, prosperous, progressive. It's liable to them all in bed."

And Doc Brown walked on shaking his head. Of course, Stevenson man caught on, Doc was hurrying him, and didn't like it much, but he'll have to call him the next one of the kids gets the doctor in town.

Truly,
Tex

Scouts Will
Help Get The
Vote Out

More than 6000 Cub Scouts, Scouts, Explorers, and Boy Scouts of America will help their adult leaders of the South Plains Council will help their part in their national Get-Out the Vote campaign on Friday, November 2nd. On that day, along with nearly four million fellow members across the nation they will call on a total of 35,000,000 homes to leave on front doornobs a Liberty Bell hanger urging citizens to vote. They have been conducting a bipartisan campaign, without favor to any candidate or party. It has been sponsored jointly with Freedom Foundation, Inc. of Valley Forge. The message on the Liberty Bell hanger reads: "Vote as you think but vote November 2nd. Use your freedom to elect the man you want. Householders will be asked to display these hangers in their windows indicating their intention to vote. Boy Scouts of the South Plains Council, which administers Scouting programs in 20 counties of the South Plains area, have displayed a total of 20 posters last September. Mr. W. H. Tinney, Council Commissioner in charge of Disposition of the South Plains Council said he expects about 1000 Cub Scouts, Boy Scouts, Explorers, and leaders will be on the job to place Liberty Bell hangers on the doorknobs of a total of 32,000 homes in this area.

Plains Cotton Growers Help On Texas ASC Suit

Directors of the Plains Cotton Growers, Inc. last week voted to contribute \$5,000 towards expenses of West Texas cotton producers involved in a suit with the Texas Agriculture Stabilization and Conservation Committee over 1956 cotton allotments. George Pfeiffenberger, Executive Vice-President of the Plains Cotton Growers, said the organization believes the West Texas producers are right and want to see the court case to a conclusion. Pfeiffenberger said the Plains Cotton Growers Directors also voted to contribute another \$5,000 if it be needed in this fight. The Directors voted this action at the regular October Board of Directors meeting, held last Tuesday (October 9) in Lubbock. At the same time the directors of the Plains Cotton Growers endorsed Amendment No. 4 which will be on the November 6 ballot pertaining to letting state institutions re-invest money in other approved state programs such as experimental agriculture research stations. Pfeiffenberger said the PGC directors were interested in getting more state funds available for agricultural experiment and research work. The Plains Cotton Growers are sponsoring a short staple cotton conference in Lubbock November 1-2 at which technical experts in all phases of the cotton industry have been invited. At this meeting the PCG hopes to help draft both a long-range and an immediate plan for improving the status of West Texas short staple cotton.

School Menu

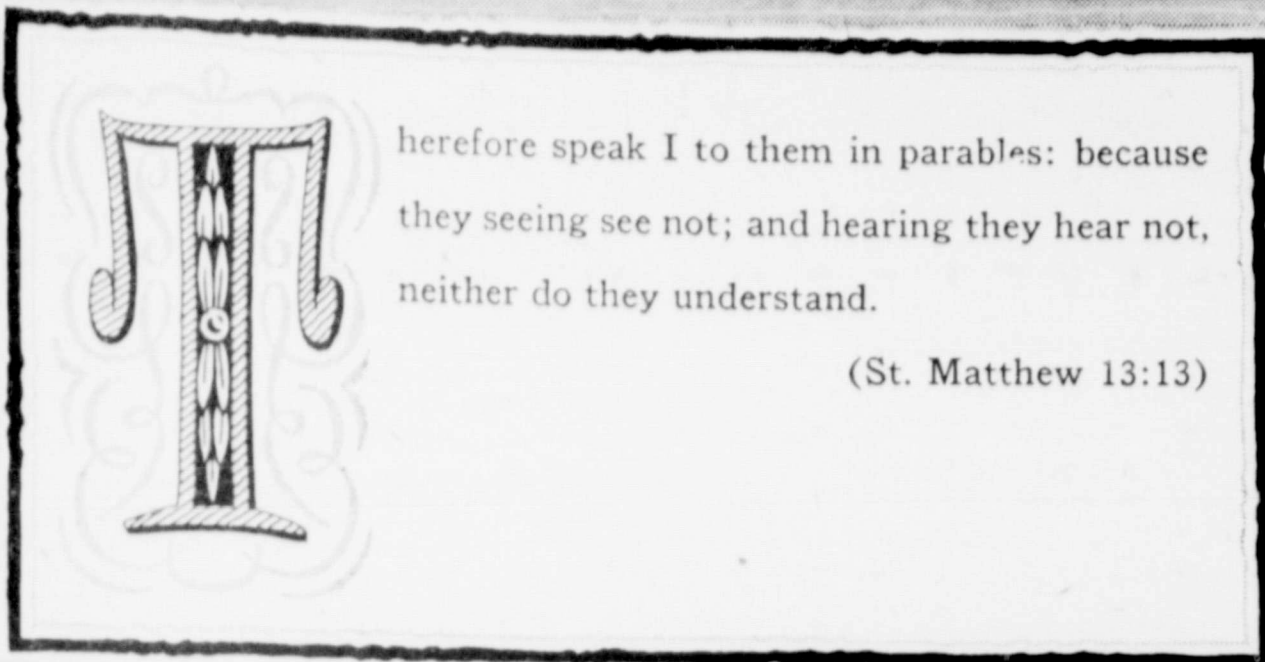

October 27 November 3
Monday: Sausage and gravy, creamed potatoes, English Peas, corn stick, milk, enriched bread, cherry cobbler.
Tuesday: Baked beans, hot tamales, fresh tomato slice, cooked cabbage, corn bread, apricot halves, milk.

Friday: Swiss steak, creamed carrots, buttered asparagus, macato wedge, hot rolls, butter, banana pudding, milk.

ON HUNTING TRIP

Several local people enjoyed a deer hunting trip last week at Rifle, Colorado. They returned with seven bucks and three does. They encountered an inch snowfall at Leadville but none elsewhere. Those enjoying the outing were Mr. and Mrs. Wayne Whitehead, Mr. and Mrs. R. H. Ford, Mr. and Mrs. Gene Yearly, all of Lockney, Mr. and Mrs. L. C. Cook, and Mrs. E. L. Whitehead, all of Texas, Texas. The party left Friday, Oct. 12 and returned Thursday, Oct. 18.

GO TO CHURCH SUNDAY.

THE PARABLE

Therefore speak I to them in parables; because they seeing see not; and hearing they hear not, neither do they understand.

(St. Matthew 13:13)

THE PARABLE is the basis of all religious education. From infancy through adult life we learn spiritual truths only as they are interpreted for us in terms of every-day experience.

OUR CHURCHES follow the example of the Greatest Teacher. Simple precepts or more complex doctrines are brought to us in vivid illustration. Lessons, sermons, hymns—even church architecture and ritual—are full of human narrative, word pictures or traditional symbolism to help us grasp and apply God's truth.

SPIRITUAL MATURITY must come to us through the effective teaching and practical guidance our churches provide. Our souls cannot grow simply by seeing a church on the corner, or hearing folks talk about religion. Worshipping and learning every Sunday, we will understand Christian truth in living terms and use our understanding to serve God and man.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Compensation to farmers for reducing their 1957 crop winter wheat acreage below their wheat allotment, designating such acreage for inclusion in the Soil Bank's Acreage Reserve program, will be in the form of negotiable certificates. The certificates may be redeemed in cash through regular banking channels or in grain by the producer to whom they are issued.

Higher yields from Texas 620 were made than from pure varieties under the same conditions, and it was as easy to combine as any variety. However, indications were that Texas 620 may lodge or fall worse than other hybrids, especially

Sorghum Hybrids Produce Well

College Station. — Grain sorghum hybrids produced 10 to 25 percent more grain per acre than pure varieties in 155 field demonstrations in 1956 from the Lower Rio Grande Valley to the Panhandle.

The farmer demonstrations cooperated with the Texas Agricultural Experiment Station to obtain information on the performance of grain sorghum hybrids under a wide range of growing conditions and how the grain combines.

Twenty-five thousand pounds of seed were furnished for the demonstrations by certified seed growers from their crossing blocks of 1955.

Seed of sorghum hybrids were developed and released by the Texas Agricultural Experiment Station in 1954 for increased production in 1955.

"Two types of demonstrations were conducted," Ben Spears, extension agronomist who headed up the tests, said. "The 'package type' included packets of seed of several different hybrids and pure varieties which county agricultural agents distribute to farmers. Both hybrids and pure varieties were grown under the same conditions and harvested by hand to compare yields."

The second type, field demonstrations, was conducted on larger acreages under farmer's growing conditions and the grain was combined.

In general, Texas 610 appeared to have the widest range of adaptation, Spears pointed out. However, where soil moisture conditions were favorable at harvest several farmers reported Texas 610 was slower in drying than Martin, the most widely planted variety in Texas. In most demonstrations farmers reported also that Texas 610 was as satisfactory as Martin for combining.

Soil moisture conditions were poor in most of the McLennan county demonstrations, and for the State as a whole hybrids gave a better comparative performance under inadequate soil moisture conditions than pure varieties.

In an irrigated demonstration in Central Texas Walter Manske of Route 1, McGregor, harvested 1,480 pounds of Texas 610 an acre compared with 990 pounds of Martin.

Manske commented, Texas 610 was more difficult to combine than Martin as the moisture content was higher at the time of combining. Also 610 had a chaff disagreeable to the combine operator.

He was the only farmer who reported a disagreeable chaff.

All hybrids were considered early — time from planting date to blooming stage compared with late varieties such as Plainsman and Caprock which require 70 days or more.

"It's well to point out that under extreme drought conditions mid-season maturing type hybrids such as Texas 650 in several fields produced less grain than an early variety such as Combine 7078," said Spears.

Tests also show that Texas 650 and Texas 660 performed better under irrigated conditions than on dryland, as compared with the other hybrids, he added.

A Williamson county farmer, Raymond W. Malzer, harvested 25 percent more grain an acre from Texas 610 than Martin, 1,687 pounds compared with 1,098 pounds.

Higher yields from Texas 620 were made than from pure varieties under the same conditions, and it was as easy to combine as any variety. However, indications were that Texas 620 may lodge or fall worse than other hybrids, especially

where soil moisture conditions are favorable for early growth but unfavorable when the grain reaches maturity.

Durwood Miller near Bishop in Nueces county harvested 4,800 pounds of Texas 610, 4,196 pounds of Texas 601 and 3,914 pounds of Texas 650 an acre compared with 4,028 pounds of Martin.

This demonstration compared favorably with other tests made in the Coastal Bend and Lower Rio Grande Valley areas.

In a South Plains demonstration by G. L. Williams of Garza county, Texas 601 produced 3,113 pounds an acre compared with 2,833 pounds of Combine 7078.

Williams said he noted very little difference in harvesting either sorghum. The hybrid tested 13 percent moisture and the Combine 7078 contained 13.45 percent moisture at harvest. A 12 to 13 percent, or lower moisture content is desired in sorghum grain for combining and storing.

The program at the Lockney Toastmasters Club last Thursday evening was presented by a group from the Plainview Toastmasters Club and it developed in the form of a "trial" in which Edgar B. Hays, president of the local club, was charged with "boss" stealing.

Graddy Tunnell of Plainview was judge of the court with Hal Kerchoff and Jerry Cronin acting as counsel for the defense. Prosecution attorneys were James Angel, president of the Plainview Club, and Bob Hilburn.

After hearing depositions from various witnesses the attorneys summed up the evidence and made their appeals to the jury, which was made up of members of the Lockney Club. The obviously prejudiced jury voted the defendant "guilty." He immediately gave notice of appeal and asked for a change of venue.

The Lockney Club will present a program at the Plainview Club Monday evening of next week and all members are to attend this meeting.

Visiting here from Plainview Thursday were Olin Alexander, Graddy Tunnell, Bob Hilburn, Hal Kerchoff, Bob Wayland, Jerry Cronin, James Angel, Roe Strathair and Don Pemberton.

Girls Auxiliary Officers Installed

Mrs. Leslie Ferguson, Young People's Director, was installing officers for an impressive service Wednesday evening at 6 o'clock installing new officers of the Intermediate Girls Auxiliary of the Missionary Union of the Baptist Church.

Mrs. Harmon Handley, counsellor, presided at the service. Mrs. Ferguson presented the five star award to Mrs. Handley. The program included prayer, Bible study, Missions, stewardship and community missions. Mrs. Handley is co-counselor for the group. After the presentation of the charges Mrs. Edgar Hays sang the dedication song, "All in the Afters."

Refreshments were served from a table laid with white cloths and an arrangement of fall leaves and bronze mums. The girls were dressed in pastel colored formal gowns.

Mrs. A. O. Wines Is Garden Club Host

Mrs. A. O. Wines was hostess for a meeting of Lockney Garden Club Friday, Oct. 19. Ball call was answered with names of bulbs to be planted in October. Mrs. Tom Rankin brought the flower arrangement.

Mrs. G. C. Applewhite was in charge of an impressive installation service installing the following new officers: president, Mrs. Frank Roberson; 1st vice president, Mrs. T. V. Rankin; 2nd vice president, Mrs. Bob Smith; 3rd vice president, Mrs. Ruby Merriek; recording secretary, Mrs. A. O. Wines; corresponding secretary, Mrs. Edna Shaw; treasurer, Mrs. W. D. Lacey; parliamentarian, Mrs. E. C. Mitchell and historian, Mrs. Ewald Quebe.

Refreshments were served to Mrs. H. B. Coggin, G. C. Applewhite, Arthur Barker, Henry Ford, L. M. Honea, Dale Lacey, T. B. Mitchell, Alex Norris, Roy Patterson, Tom Rankin, Frank Roberson, Keltan Shaw, E. W. Smith, Harmon Handley, E. E. Greer and the hostess.

Aiken Friendship Club Meets Tuesday

Mrs. Martin Bradley of Aiken community was hostess for a luncheon meeting of Aiken Friendship Club Tuesday, October 16. Co-hostess was Mrs. Leslie Carlton.

Mrs. L. L. Duvall gave a demonstration on aluminum tray making and following the demonstration each member made a tray.

Members present were Misses Joe Birdsong, L. R. Collis, R. R. Kellison, Francis Montandon, O. D. Wofford, Martin Bradley, Leslie Carlton, and L. L. Duvall. Visitors present were Mrs. J. B. Briggs of Midlothian, Tex., Mrs. Gene Collis, Plainview.

WMU Social Meet Held Monday At Handley Home

The home of Mrs. Harmon Handley was the scene for a business and social meeting of the Baptist Womens Missionary Society Monday afternoon at 3 o'clock. Mrs. Leslie Ferguson was co-hostess.

During the business meeting Mrs. Fred Cooper, mission study chairman, organized a Round Table Reading group with 9 members. The Society adopted plans for community missions work during the next three months. An intercessory prayer league was formed with Mrs. E. A. McLeod and Mrs. B. B. Vernon as members of this committee. Definite aims for soul winning and Royal Ambassador workers were accepted.

Refreshments of pumpkin pie topped with whipped cream were served with coffee to Mrs. E. A. McLeod, George Webster Sr., Lula Woodburn, Della Cox, B. B. Vernon, V. H. Kellison, Howard Cooper, Fred Cooper, Thomas Marr, Tom Moore, E. J. Rogers, F. M. Smith, T. B. Mitchell, Ed Whit-Hill, Guy Sams, W. H. Martin, T. S. Fox, Hilburn Casey, Henry Moore, Andy Jolly and hostesses, Handley and Ferguson.

AN APPLE A DAY
It's a great time for apples, so use 'em every way you can. For instance, make baked apples often but vary them in interesting flavorsome ways. Log Cabin Baked Apples are fine examples: Core 6 baking apples and remove 1-inch peel from tops; place in baking dish, add 1/4 cup boiling water. Cover. Bake in a moderate oven 30 minutes. Uncover; bake 20 minutes longer, basting 3 times with 1 cup maple-blended syrup. While apples are cooling, baste again.

The discovery of dynamite enabled Nobel to endow the famous Nobel prize.

"CONCENTRATED FURY" of a tornado is unmatched among all natural disasters. Here civil defense rescue workers search among the debris of Udall, Kan., for some of the 74 dead and hundreds injured by the twister on the night of May 25, 1955. Special cutting and lifting equipment of the civil defense "Calamity Jane" rescue truck at left enabled them to reach many victims trapped by rubble who might otherwise have died in the first hours. (Winfield, Kan., Courier Photo)

SOIL CONSERVATION DISTRICT NEWS

FURROW IRRIGATION
By Patric W. Neil, Engineer
Soil Conservation Service

Furrow irrigation is a method of applying needed amounts of water to cropland to adequately meet crop needs. This may be accomplished by level or graded furrows. Experience has shown that for best results the grade down the furrows should not exceed three inches per hundred feet and that the grade should be uniform. The installation of an irrigation system involves several steps, namely: land preparation, layout, and construction. The type of land preparation to be used will be determined mainly by the topography, by the soil conditions, and perhaps by the type of crop to be grown. For graded furrows, it will usually be necessary to provide drainage facilities to dispose of rainfall runoff and excess irrigation water. Level furrows have the advantage of holding water where it is needed and, in most cases, are easier to irrigate properly. An irrigation system functions best when all of its parts are in good working condition. Although the irrigation system should work perfectly after completion, it will not continue to do so unless careful maintenance is followed. Irrigation water should be available at a rate adequate to meet peak use periods. For best results, the moisture holding capacity of the soil should be more than one inch per foot, and the intake rate should not exceed more than about two inches per hour. Very low intake rates, such as 1 inch per hour, are not desirable. If the intake rates are too high for flood-type irrigation, the use of sprinkler irrigation is advisable.

During the period when the crop needs water most, some irrigators make the mistake of trying to cover too much ground with irrigation water. A good rule to follow is to use ten g. p. m. of the water that is available on each acre to be irrigated during the peak use period. Perhaps, more preplanting irrigation should be practiced. If possible a heavy preplanting irrigation should always be applied. During the growing season, the soil moisture should be checked often and never allowed to fall very much below about 50 percent of the field capacity.

Mrs. Alice Beavers of Vernon and Mrs. Ed Kenschalo of Chillicothe, visited Mrs. Kenschalo's sister, Mrs. F. U. Payne and Mr. Payne Tuesday and Wednesday of last week.

At the Boston Tea Party 342 chests of tea were cut open and emptied into Boston Harbor.

YOUR VOTE COUNTS!

Local Couple In Car Accident

Rev. and Mrs. L. A. Blair, Lockney, were badly shaken and bruised in an accident at Plainview Friday afternoon about 2:30 when a Plainview trash hauling truck hit their car broadside.

The Blairs were traveling west on 6th and their car was hit by the heavy truck going south on Columbia. The Blairs were behind a large truck which was making a right turn onto Columbia when they entered the Columbia Street intersection. They were hit on the right side by the trash truck caving the doors in on the side where Mrs. Blair was seated. Mr. Blair was thrown to the pavement from the drivers seat.

An ambulance took the couple to a Plainview hospital where they underwent examination and were dismissed. No one was hurt in the Plainview vehicle. The body of the 1955 Studebaker which Rev. Blair was driving is said to be completely ruined.

The local couple is recuperating from shock and bruises at their home here. Visitors in the home Sunday included Mr. and Mrs. Robt. Jones and Mrs. R. S. Johnson of Hale Center.

led at a cost of \$3,000. A total of \$27,469.55 has been spent by the county for right of way for this project.

Approximate cost to the county for the highway improvement plan is \$43,500. The county has sufficient funds to pay because of a special 30¢ right-of-way tax voted three years ago.

MUSSER VISITORS

Visitors in the home of Mr. and Mrs. Ed Musser and family Sunday included Bob Musser, a son recently returned from service in Germany; Mr. and Mrs. John R. Smith and four children, Fort Worth; Ralph Musser and children, Ft. Worth; Mr. and Mrs. Edgar Raymond Musser and son, Amarillo; and W. E. Musser, father of Mr. Musser, whose home is Wichita Falls.

Halley's comet will reappear in 1985.

The Swiss flag is red with a white cross.

Buy Right-Of-Way From Ralls To Floyd County Line

Ralls — Right of way purchases for the widening of Highway 62 from Ralls north to the Floyd county line have been completed, according to County Judge Cecil Berry.

Right-of-way has been bought for the by-passing of Ralls at north city limits, entering Highway 82 just west of the United Compress & Warehouse Co.

Judge Berry said contracts for the work will be let in November or December.

The highway north to Floyd county will have 40 foot pavement. Through Ralls to Highway 82, the existing highway will be widened to 52 feet, and it will be curbed and guttered at a cost of \$13,000. At Cone curb and gutter will be installed.

WE FEATURE SERVICE FOR THE SICK

South Plains

By Mrs. Murray Julian

Deer season time is here and among those who have gone to Colorado to get venison were Mr. and Mrs. Rene Yeary. They were at Rifle, Colorado, Saturday and deer season opened Monday morning. In their party each hunter got his deer and the Yearys were home Thursday night with lots of venison for their deep freeze.

Mrs. Larry Faus is confined to her home for the next few weeks, but is able to have company. Many friends and neighbors have been dropping in during the last week.

Elton Karr was in Silverton for both services at the First Baptist Church Sunday. Elton has just begun his work in the ministry and gave a testimony at the morning service there and preached during the evening meeting. Many of the young folks from here went to Silverton Sunday night to hear him speak.

Rainfall was spotted in our area last week with 35 in the western part, around an inch in the east of South Plains near Junior Calahans, and 13 in the farthest east section. Sim Reeves reported just a small amount at his ranch.

Mr. and Mrs. Frank McClure left for Snyder Friday where they picked up her mother, Mrs. E. W. Newman and went on to Dallas for the weekend. There they met their son, Mr. and Mrs. Donald McClure of Houston and Mrs. Newman's brother, T. R. Brannon of Cleveland, Texas. Mr. Brannon and his sister had not seen each other for 40 years. The McClures are expected home early this week.

Mr. and Mrs. H. S. Calahan Jr., Vicki and Cathy went to Lubbock Tuesday of last week to see a specialist for Vicki and were again in Lubbock on business Monday of this week.

Guests in the home of Mr. and Mrs. H. L. Marble Friday and Saturday nights were Mrs. John Knox and Mrs. Tavia Wienhofer, Gene Alice and Carl all of Berger, who were visiting them and were also guests at the wedding of Nancy Ann Goughly and Harvey Dale Tardy in Floydada.

Mr. and Mrs. Bonnie Upton are to be congratulated on the birth of their first child, a daughter born in Floydada Oct. 19. She has been named Christy Dahlene. She weighed 8 and a half pounds. Grandparents are Mr. and Mrs. Raymond Upton, South Plains, and Mr. and Mrs. Luis Blum, Floydada. This is the first grandchild for each family.

Mr. and Mrs. Sim Reeves had Sunday dinner with their daughter and husband, Mr. and Mrs. Ted Bell in Floydada. The Bells are nearing completion of their new home in Floydada, near the grade school.

Mrs. Elvin Hutson and three children of Tullia came Friday night to spend the weekend with her sister, Mrs. Fred Fortenberry and family. Elvin Hutson was away on a deer hunting trip.

Mr. and Mrs. George Weast visited over the weekend at their cabin at Ruidoso, N. M. Guests from Roswell were Mr. and Mrs. Bud Goldston who enjoyed the Aspercade at Ruidoso with the Weasts.

Mr. and Mrs. Murray Julian had as guests at a 7 o'clock supper Monday night, Oct. 22, Mr. and Mrs. Arby Mulder, Nathan and Katherine, Mr. and Mrs. Grigsby Milton, Barbara Sue and Darla and Kendis and Bruce. The occasion was the birthday of Mrs. Milton.

Mrs. R. G. Dunlap and Mrs. J. D. Webb attended the Home Demonstration Council meeting at the court house in Floydada Saturday.

Bonnie Upton was home from WTSC Canyon and spent the week end with her parents, Mr. and Mrs. Raymond Upton.

Mrs. E. P. Smithman was hostess Wednesday afternoon to a group of friends who played canasta and forty-two at a "Vanishing Party". Each guest left a forfeit which was turned over to the South Plains PTA treasury. Mrs. Fritchett served cookies, cakes and coffee at the close to Mrs. S. D. Kinneburgh, J. D. Webb, John Smithman, H. L. Marble, Arby Mulder, John Key West, R. G. Cassel, Leighton Teeple, George Weast, Bill Beedy, H. R. Hartman, Jones Kinslow and L. T. Wood.

Mrs. Garvin Beedy was hostess at Tuesday morning at 9:30 to a group of friends who enjoyed an "Around the World" party.

Mr. and Mrs. Walter Martin of Seymour, former residents of our community spent Thursday night as guests in the George Weast home.

4-H Club girls met at the school house on October 15 with all their members present, and year books were filled out. After roll call answered with a good grooming idea, Mrs. Harriette Brummett gave a demonstration on Good Grooming.

VACATION TRIP

Mr. and Mrs. F. L. Brown and Mrs. Brown's sisters, Misses Anna and Maud Trentham of Spring City, Tenn., returned Thursday night from a vacation trip to points in New Mexico, Arizona and the West Coast. They also visited in Old Mexico. The Misses Trentham left here Monday for their home.

FORD TRUCKS COST LESS

... less to own . . . less to run . . . last longer, too!

• Before you buy your next truck, look at both sides of Ford's story of value. You'll like what you see.

Look at costs. Ford's first cost is low. Resale value is high. Modern Short Stroke engines—V-8 or Six—are designed for less friction, less wear, lower running costs. Maintenance costs are lower, too, because Ford trucks are built stronger for rugged long life.

Look at what you get and you'll

see you get more for your money in a Ford. For example, only Ford gives you modern, gas-saving Short Stroke power in every truck, V-8 or Six. More comfort with a Drivervized Cab. More safety with Ford's exclusive Lifeguard features.

Look carefully . . . consider everything. You'll agree Ford trucks cost less, give you more. If you want a great deal—a great deal more for your money—see your Ford Dealer.

The big fleets buy more Ford trucks than any other make

**Ferico Childers Aids
Curb Hub Cap Theft**

Detective Ferico Childers of Whittier, Calif. Police Department, son of Mr. and Mrs. C. E. Childers, Lockney is helping in a program launched at Whittier recently to mark hub caps for easy identity. Hub caps of motorists who desire the service are tattooed with the license number of the car free in filling stations in the city to halt the annual \$7,000 hub cap thefts.

Present license numbers are engraved on each of the hub caps so police will have a method of identifying them when reported stolen. Detective Childers said in a period of 10 months this year, more than \$7,000 worth of hub caps have been stolen in the Whittier area. He said that less than 10% of the thefts can be cleared up due to the lack of proper identification. The new method of identification is being used in the metropolitan areas and is expected to become widespread.

GO TO CHURCH SUNDAY.

SEALE DRIVE-IN THEATRE

HOW A TRUCK DRIVER BECOMES A HOBBS KNIGHT OF THE ROAD—More than 200 Texas truck drivers have been honored in the past two years by a state-wide program designed to recognize doers of good deeds on Texas highways, whether it be heroic action during a crisis or simple acts of consideration and courtesy. Typical examples of these acts are giving first aid at highway accidents, clearing wreckage from the highway and directing congested traffic; helpful assistance to stranded motorists; heroic acts ranging from saving motorists caught in flash floods to rescuing a small child who wanders out into heavy traffic; highway courtesy such as pulling off the highway to let faster vehicles pass on a hill or in heavy traffic. The Hobbs Knight of the Road program is co-sponsored by Hobbs Trailers, the Texas Safety Association and the Texas Department of Public Safety's license and weight division.

**Tech Reunion Set
For Nov. 2-3**

Lubbock — The largest Texas Tech student in history — 8,055 strong — will greet exes and friends during the annual Homecoming Activities Nov. 2-3.

The two-day gathering will include a Homecoming Queen coronation and bonfire Friday night, downtown parade Saturday morning, Texas-Oklahoma A&M football game Saturday afternoon and mammoth homecoming ball Saturday night in the Lubbock Coliseum.

Sandwiched between the major events will be numerous reunions and gatherings sponsored by classes, student organization and other Tech Units.

Registration of former Tech-

sans begins Friday afternoon (Nov. 2) at the Student Union Building and all major hotels. Lubbock hotels and motels are expected to be overflowing, and Tech exes are urged to make reservations early to avoid disappointment.

First major event will be election of new officers of the Ex-Students Association at the annual Council meeting from 1:45 to 4:30 p. m. Friday in the Student Union Building ballroom.

The Homecoming Queen Coronation will be at 7 p. m. in front of the Science Building. A pep rally and bonfire will follow. Tech students will pick the queen in an election the week before Homecoming.

Class reunions will be held Friday at 8:30 p. m. Members of the classes of '26-'38 meet in the Student Union Building Anniversary Room. Classes of '39-'46, in the Union's Student Workroom; and Classes of '47-'51 and '52-'56, in the old Rec. Hall.

Registration continues Saturday morning from 8-11 a. m. The giant homecoming parade gets under way Saturday at 10:30 a. m. and will move from downtown Lubbock to the campus.

**Mrs. Ada McDaniel
Rites Held Monday**

Plainview — Mrs. Ada McDaniel, 83, a resident of Briscoe County since 1889, died late Saturday at Plainview Hospital and Clinic after a few weeks illness.

Funeral services were conducted at 3 p. m. Monday at the Rock Creek Church of Christ in Briscoe County. Earl Cantwell, minister, officiated.

Mrs. McDaniel was the wife of Robert N. McDaniel who was a rancher for many years west of Silverton. He died in 1948. Since that time Mrs. McDaniel has lived in Plainview.

She moved to Briscoe County from Honey Grove, Tex., where she was born. She was a member of the Church of Christ.

Survivors include two daughters, Mrs. Ray W. Crouch, Meina, Ark., and Edythe Wimberly Wilson, Plainview; three sons, J. C. of Coors Bay, Ore., W. T. and R. N. both of Plainview; 21 grandchildren and 15 great grandchildren.

The American Flag was first used at Cooth's Bridge during the Revolutionary War.

Mrs. Olive Myers and Mr. and Mrs. B. J. Veal and Gary of Plainview spent last weekend in Midland visiting Mr. and Mrs. Jay McPherson and girls and Jimmy Myers.

TESTING COLOR FASTNESS

Pre-washing tip: Keep an old white bath towel near your washer or laundry tubs and use it to test color fastness. When there is doubt about a garment soak a small inconspicuous section briefly in lukewarm water, then blot it between folds of your "test towel." If the dye stains the white, even slightly, be sure to wash the garment separately in lukewarm soap or detergent suds and rinses. It's wise to wash it as quickly as possible and give it an extra-thorough rinsing.

Baked pork chops taste especially good on a cold crisp night. Serve with them cooked sweet potatoes glazed with ginger marmalade, thinned down with orange juice, adding a touch of grated orange rind, salt and melted butter.

Homecoming At W. T. State Nov. 17

Canyon — The day of the old grad—Homecoming—has been set at West Texas State College. The annual celebration for ex students, highlighted by a reunion of the silver anniversary class of 1931, will be held Nov. 17.

Scheduled later in the year than usual, the celebration will feature day-time events, centered around the afternoon football game between WT's Buffaloes and the Texas Western Miners.

Bigging attendance at WT's Homecoming during the past few years, has also forced other changes, particularly in plans for the traditional barbecue. Since nearly 6,000 persons dined last year on the outdoor cooked beefs, financing of the feast by contributions has had to be abandoned. A uniform price of 50 cents a plate will be charged this year.

Main calendar of events for the day includes registration at 8 a. m.; the Homecoming parade at 10:30 a. m.; the barbecue at noon; the game at 2 p. m.; club teas, smokers and parties at 4:30 p. m.; and the traditional dance at 8 p. m.

Affairs for the class of '31 begin Friday, Nov. 16, with a reception at the home of Dr. and Mrs. R. P. Jarrett in Canyon. Registration, a coffee hour

and reunion events Saturday morning in the Hall ballroom. In charge of the two Fortales, N. M. Hunt, vice-president, Class of '31, and E. J. ton, secretary.
