VOLUME 56

LOCKNEY, FLOYD COUNTY, TEXAS, THURSDAY APRIL 18, 1957

NUMBER 2

C. Boedeker Is Re-Elected As Fair President

Charlie Boedeker of the Prairie Chapel community was re-elected as president of the Floyd County Fair Association at a meeting of the board of directors Tuesday evening. The meeting was held at the Commercial Hotel at Floydada.

Raymond Rucker of the Pleasant Valley community was elected vice-president and Sam Puckett of Floydada was named secretary-treasurer.

Mainly details concerning the fair next fall were discussed and a number of committees were appointed. Due to financial difficulties, the board decided to dispense with the services of a fair manager this year. Dick Whiteley, Lockney Chamber of Commerce manager, has been acting in that capacity. The board will handle the details of management this year, it was decided.

Among the events already scheduled for the fair is kids day on opening day, Thursday, Sept. 12. Students will be admitted free until 6 p. m. Fire works displays will be presented the first two nights of the fair. The board voted to invite the Floyd County Black Angus Association to tie their annual field day in with the fair this year.

A singing has been scheduled for Saturday afternoon with a trophy to be given to the best quartet. On Saturday night a square dance contest will be held with a trophy being presented to the best square. The committee to handle details on these events are Mrs. John Smitherman, Mrs. Burl Holt and Chloma Williams.

It was also decided to give a trophy in each department of the fair to the exhibitor compiling the largest number of points. The cotton wardrobe style show will be held again this year.

Superintendents of the various departments were named as follows: Livestock — Doyle Mount. Women's Department — Juanita Tinsley. Agriculture Department — Willis Reynolds.

In addition the following committees were appointed: Catalogue space and advertising — Sam Puckett, Willis Reynolds, Chloma Williams, Kenneth Cook. It was decided that all advertising and space fees would be collected for cash.

Commercial space — Mrs. Burl Holt, Sam Puckett. Building and grounds committee — Raymond Rucker, Shirley Erwin, Chloma Williams, Fred Cardinal.

Booster trip — Raymond Rucker, Sam Puckett, Fred Cardinal.

Commercial Exhibits — Mrs. Nancy Moreckel, Willis Reynolds.

Gifts and tickets — Fred Cardinal, Shirley Erwin, Raymond Rucker.

Carnival committee — Willis Reynolds, Fred Cardinal, Kenneth Cook, Doyle Mount.

Attending the meeting were Mrs. Burl Holt, Mrs. Chloma Williams, Juanita Tinsley, Mrs. Harriett Bennett, Doyle Mount, Mrs. Nancy Moreckel, Mr. and Mrs. John Smitherman, Shirley Erwin, Kenneth Cook, Raymond Rucker, Fred Cardinal, Willis Reynolds, Charlie Boedeker.

The next meeting of the board will be Tuesday, May 14.

Lighthouse Elec. Annual Meeting To Feature Prizes

Many valuable prizes featuring electrical household appliances will be given away during the annual all-day meeting of Lighthouse Electric Cooperative, Inc., to be held at the Lighthouse Baptist Assembly grounds Saturday, April 27.

Site of the meeting is in the canyon approximately eight miles south of Floydada, just off the Ball's highway. Beginning at 10 a. m. the program will include a business meeting with the election of two new directors, a barbecue lunch at noon and drawing of prizes.

Nominated as directors are Maurice Campbell and E. W. Walls of District for three-year term; John Smitherman and Eugene Gilley of District 3 for three-year term.

An interesting program is being planned, included in the list of prizes is a Pfaff sewing machine, a portable television, a toaster oven, electric skillet, a cream freezer, portable mixer, irons, electric shavers and many other useful items. There will be a small door prize for everyone and balloons for the children.

Mrs. Harvey Cash of Canyon spent this week in the home of Mrs. Lula Woodburn. Mrs. Cash was accompanied to Lockney by her daughter, Mrs. O. J.

LOCKNEY'S FLASH. Jerry Williams, is shown here winning the 100-yard dash in the Region I track meet at Lubbock last Saturday. From left to right is Charles Neblett of Canyon, who won second and Tim Casner of Fort Stockton, who won third. Four Longhorns will go to the state meet in Austin in track events.

Baptist Church Begins Revival Easter Sunday

Revival services will begin at the First Baptist Church next Sunday morning at 11:00 o'clock. Dr. A. C. Donath, pastor of Emmanuel Baptist Church, Tucson, Arizona, will be the evangelist. The meeting will continue through the week closing the following Sunday, April 28.

R. E. Callahan, music director of the First Baptist Church, Tulsa, will lead the singing.

Services will be held each weekday at 10:00 a. m. and 8:00 p. m. Prayer services will begin each evening at 7:30.

An extensive campaign is underway by the church membership to pack the pews for the services. The public is extended a cordial invitation. A large crowd is expected each night in the week to hear Dr. Donath, former missionary to Africa, as he delivers soul-stirring messages punctuated by inspiring experiences.

Dr. Donath spent seven years as a Southern Baptist missionary to Africa, was pastor of First Baptist Church, San Angelo about seven years and prior to going to Tucson a year ago, was pastor of Congregational Baptist Church.

While here Dr. Donath will be a guest in the Sid Thomas home.

Liquor Charge Brings \$400 Fine

Joe Plance pleaded guilty to a charge of possession of beer for purpose of sale in County Court at Floydada Monday and was fined \$400 and costs. Judge J. D. McBrien assessed the penalty.

W. T. Dorsey of Floydada has been charged with driving while intoxicated and entered a plea of not guilty. He was released on \$500 bond.

Pete Garza pleaded guilty recently to a charge of possession and also one of transporting. He was fined \$100.00 and costs in the first case and \$150.00 and costs in the second case. Deputy Sheriff's Cap Carthel and Ray Hardin arrested Garza.

Deputy Carthel pointed out this week that all liquor and beer confiscated by local officers is turned over to the State Liquor Control Board and taken to the Lubbock office. The Liquor Control Board then disposes of the intoxicants through the state office.

Easter Services At Providence

Special Easter services have been planned at the Trinity Lutheran Church, Providence, according to announcement this week.

Worship services will be conducted on Good Friday beginning at 10:30 a. m. Holy Communion will be administered during the service. The sermon will be delivered by the pastor, Rev. A. K. Windecker, based upon the last words of Jesus, "It is Finished."

Easter services will be conducted at 11 a. m. Sunday. The sermon theme will be "He Is Risen."

The public is cordially invited to both services, it was said.

Weed District Vote Expected

Floyd County voters will ballot probably some time in the near future on a noxious weed control district, it appeared this week after a public hearing Tuesday by the Commissioners Court.

Some 75 were present for the hearing and the group was overwhelmingly in favor of the district. County Judge J. D. McBrien said he called for a straw vote and most voted in favor with three or four opposing.

The required petitions and the finances were presented to the Court some time ago.

The weed control district is a project of the Floyd County Farm Bureau, in fact the local Farm Bureau wrote and sponsored the passage of a law through the state legislature making such a district possible. The move came about because of the prevalence of bindweed and some other noxious weeds in this county.

The plan for the weed control district was presented to the Court by J. J. McInosh, last year's bureau legislative chairman.

Judge McBrien said Wednesday that he did not know exactly what date the Court would set for the vote but that they would probably call the election at their next regular meeting.

Lone Star Singing Set Next Sunday

Lone Star Community Singing convention will be held Sunday, April 21 at 2 p. m. in Lone Star Community Center. Wade Steele is president and Edith Sanders is secretary-treasurer of the organization. The public is extended a cordial invitation.

Floy Baxter Is Valedictorian Of Senior Class

Miss Floy Baxter, daughter of Mr. and Mrs. Bascom Baxter of the Lone Star community, was named valedictorian of the graduating class of Lockney High School Tuesday by Principal F. M. Smith. Miss Baxter won the honor by the slim margin of 1-100th of one point over Miss Carolyn Cunningham, who will be salutatorian of the class. Miss Baxter's average grade over the past two years is 92.88 while Miss Cunningham's average stands at 92.87. The latter is the daughter of Mr. and Mrs. Herman Cunningham of Lockney.

Three other students had grades averaging better than 92 for the two years. Other honor students, as announced by Principal Smith, and their grades are: Katie Rucker, 92.79; Neida Widener, 92.68; Lajuan McCormick, 92.46; Marvin Wells, 91.81; Laquita Helms, 90.9; Rita Griffith, 90.3.

Local Delegates Bring Back P-TA Convention Honors

The local delegation to the 27th annual Conference of the 14th District, Texas Congress of Parents and Teachers, held in Brownfield April 10, brought home honors received by the local organization on three records books. In addition to these Mrs. Burl Holt, president of Lockney Parent-Teachers Association, was awarded a life membership.

Lockney's History Book, prepared by Mrs. Art Barker, Year Book with Mrs. J. M. Tye as chairman, and Publicity Book, Mrs. Henry Ford Jr., chairman, all received Superior rating which is equivalent to blue ribbons.

Life memberships were awarded during a banquet Tuesday night honoring past district presidents.

A series of Workshops were held with Dr. Martin L. Cole, dean of Eastern New Mexico giving the keynote address. Dr. Per Stensland, head of Adult Education department, Texas Tech and Dr. Bruce Browning of the Tech Education faculty, were among the moderators.

Attending the meeting Wednesday were Mrs. R. B. Holt, Mrs. Fete Mosley, Mrs. Wayne Greer, Mrs. Henry Ford Jr., and students, Miss Gayle Rucker and Aubrey Green.

Mrs. Nichols left one of the eggs at The Beacon office the past weekend and it is on display in our window.

Four Longhorns To Enter State Meet At Austin

A four-man track team will represent Lockney in three events in the state meet May 2-4. The powerful team, Jerry Williams, Nelson Wofford, Gene Handley, Clifford Hardy, is the Longhorn's first team in the state contest in 14 years.

The Longhorns earned the right to enter the state meet by placing first or second in Class A of the Regional I meet at Texas Tech Saturday.

Lockney High School's last athletes to appear in a state track meet was in 1943 when Clinton Mitchell won a second place and tied the then-present state record (9.6 seconds) in the 100-yard dash. Also in the 1943 state meet Johnnie Partrick finished fifth in the mile run.

Leading the Longhorns in the state meet will be lightning-fast Jerry Williams, Williams, who won first place in the 100-yard dash Saturday, has yet to be bested in either a practice or meet race this year in the century. The best time made by Williams this year is 9.75; but due to bad weather he was clocked at 10.3 in the regional meet.

Nelson Wofford, frequent winner in the 220-yard dash, finished second behind Tim Casner, Fort Stockton, in that event in regional. Lockney's 440-yard relay team (Hardy, Handley, Wofford, Williams) shaded Fort Stockton for second and the right to compete in the state meet.

Also in Regional I meet Gene Handley placed fourth in broad jump.

Red Raider Relays

The Longhorn's four state-bound performers will compete in the Red Raider Relays at Texas Tech Saturday, April 26. To State Meet

Lockney's team, along with Coach Rudy Halle, will leave Wednesday, May 1, for Austin and the state meet. The meet will be May 2-4 with the team returning Sunday, May 5, according to Coach Halle.

Mail Service Is Expected To Get Back To Normal

Local mail service is expected to get back to normal before the week end, although Postmaster Jeffrey Griffith had received no official word on it up to Wednesday afternoon. The signing of the bill by President Eisenhower to give the postoffice department an additional \$41 million dollars brought a statement from Postmaster General Summerfield that service would be restored.

Effects of the curtailed order here included the closing of the postoffice window for business Saturday morning and no rural mail delivery on Saturday. Mail was put into the boxes as usual.

Further curtailment was in the making but wire reports say that these curtailments will not be carried out. On April 29th the ban of third class mail was to go into effect and the ban on money orders was effective the same date.

Old Settlers Will Meet Saturday

The committees named recently to make plans for the annual Old Settlers Day in Floyd County will meet again Saturday of this week to report on plans and make further arrangements. It was announced. The group will meet in the district court room and all interested are invited.

Hen Lays Easter Eggs For Nichols

Mr. and Mrs. Alvin Nichols have two hens which are laying Easter eggs, already colored. The hens are known as Acron hens and originally came from Burma. The eggs are light green in color.

The hens are small, red in color with black tails. Mr. and Mrs. Nichols secured some of the eggs last year at Weatherford, and hatched them out here.

Mrs. Nichols left one of the eggs at The Beacon office the past weekend and it is on display in our window.

Cotton Planting Time—86 Degrees

With the thermometer hitting a high of 84 Tuesday afternoon and 86 Wednesday afternoon, the cotton planting bug is beginning to bite some local farmers. Some are threatening to put their planters in the field Monday or Tuesday of next week if the weather, stays warm.

Paul Cooper, the earliest cotton planter in the area, already has 15 acres in the ground which was planted last week.

Local ginners say that with continued warm weather, lots of cotton will be planted next week.

Joe Rigby Named President Of Student Council

Joe Rigby, an honor student, was named president of the Lockney High School Student Council in voting among the student body last week end. The results of the election were announced Monday by Principal F. M. Smith.

Other officers named were Kelly Harrison, vice-president; Janice Hays, secretary; Bill Musser, treasurer.

Principal Smith said that requirements for the offices of president and vice-president say that the student must be a junior and have a grade average of 85 or above. For the offices of secretary and treasurer, the student may be in any class from the 8th through the 11th and must have a grade average of 80 or above.

The student body first held a preferential primary to select nominees for the various offices, Mr. Smith said. The four highest in the primary were certified to the nominating committee, which is the present student council officers. The nominating committee then selected two of the number to be voted upon by the student body by secret ballot.

Joe's opposition candidate for president was Kay Golden. Kelly's opposition candidate for vice president was Gayle Rucker. Janice's opposition candidate for secretary was Debra Ferguson and Bill's opposition candidate for treasurer was Oyama Buchanan.

Class representatives to the Student Council will be elected the first of next school year, Mr. Smith said.

Lease Activity Picks Up Here

Joe G. Sauer, reportedly representing one or more major oil companies, has been working in the Lockney area for the past two weeks securing a block of land for oil lease. He is paying \$3.00 per acre bonus and \$1.00 per acre yearly rental on a 10-year contract. He is from Midland.

The block in this immediate area is northeast of Lockney. Mr. Sauer started off seeking a 6,000 acre block. It was reported, but new rumors say that he may go as high as 20,000 acres. He is working further east, going off the cap and as far away as Quitaque. He is also reported to be seeking leases north into Briscoe and Swisher counties.

E. R. Harris and Revis Harris of Lockney Real Estate are assisting Mr. Sauer in the leasing activity.

Local opinion is to the effect that the leasing activity does not necessarily indicate any drilling activity in this area within the near future although such is entirely possible.

4-H Club Girls Contest Saturday

A demonstration contest will be held by 4-H Club Girls next Saturday at 9 a. m. in the REA Lighthouse, Floydada.

Demonstrations included in the contest will be dairy foods, individual and team; vegetable, team; farm and home electric, team; farm and home safety, team; public speaking individual.

Contestants are to bring all their material for demonstration and turn in their 4-H records when they register Saturday.

Mrs. Robin Taylor, County HD agent of Swisher County will judge.

File Civil Suit In \$42,000 Hot Check Case

A civil suit seeking to recover "the value of the sheep" was filed in 72nd District Court, Lubbock, Wednesday, by H. E. Frizzell of the Lone Star community. The suit came about after Frizzell had received a "hot" check in the amount of \$42,149.92 for 2,060 head of sheep.

The suit was filed against the L & H Sheep Company, L. E. Lincoln and Ocell C. Herman, partners, Armour & Company and other purchasers of the sheep.

Lincoln has been charged with defrauding by worthless check in district court at Plainview and officers are now seeking his whereabouts.

No date has been set for the trial of the civil suit but it probably will be tried within the next two or three months, attorneys said.

Frizzell bought the sheep as feeders last fall and finished them for market at his farm eight miles north of Lockney. On March 30 Frizzell sold the sheep to the L&H Sheep Company, delivering them to the Plainview stockyards and receiving his check there. Some of the sheep were reportedly sold in Plainview and some of them shipped to Chicago.

When the check bounced, Frizzell called Lincoln and was assured that "the money will be there tomorrow," it was reported here. Lincoln then disappeared and officers are still looking for him.

Lincoln's wife lives on a farm she inherited from her father near Shallowater. She told officers that she knew nothing of her husband's business transactions and that she has not seen him since March 30.

Calls Meeting On Cantaloupes

M. W. Wiley said this week that he is inviting farmers of this area to a meeting at the Lockney High School auditorium Friday evening to discuss growing of cantaloupes. The meeting is set for 8 p. m.

Present at the meeting will be Charlie Flynn, president of the Gateway Produce Co. of Laredo, Texas, who is interested in cantaloupes in this area. "We want not less than 6.00 acres and up to 1,000 acres of cantaloupes in this area this year," Wiley said Wednesday. He said that the Gateway Produce Co. is one of the largest in the United States and that they import cantaloupes from Old Mexico as well as grow them in Texas and Arizona.

"We especially invite all farmers who think they might be interested in growing some cantaloupes," Mr. Wiley said.

Onions Growing

After surviving a blizzard and a freeze, the onions in this area are growing and responding nicely to the warm weather, Mr. Wiley said. He and his associates have more than 500 acres of onions contracted in the immediate Lockney area and around 800 in West Texas.

Wiley said that the recent rough weather set the onions back some but there was very little loss and the crops are looking good now. Many farmers are now applying anhydrous ammonia for the first time. Harvest time for the onions runs from June 10 to September 10.

The market situation continues to look good, Wiley said. The present average market on onions is \$2.50 to \$2.75 per 50 lb. sack. The lower valley is practically through harvest, the Laredo area is past its peak, and the winter garden area and coastal bend area are now in the peak of onion harvest. The four areas harvest has not caused the market to weaken, Wiley said, and the onions are not going into storage.

Next area to harvest will be North Texas but that area is not up to par in onion production, reports here indicate.

Cub Pack Meeting Set For Tonight

A Cub Scout pack meeting will be held tonight (Thursday) starting at 7:30 p. m. at the Scout Hut, Cubmaster Thurman Davis said this week. All Cub Scouts, Den Mothers, parents and others interested are invited to attend.

GO TO CHURCH SUNDAY.

With men it is impossible, but not with God; for with God all things are possible. — Mark 10:27.

BLACKMAIL is about the only way you can really describe Postmaster General Summerfield's order to curtail mail service. In the first place the Postmaster General knew from the beginning of the year how much money he had to operate on for the year. Why couldn't he have curtailed his operations for the entire year if curtailment was necessary? The drastic action he took last week then would not have been necessary. Secondly, it is against the law for the head of any department to spend more than one-fourth of its annual funds in any quarter's operation. Obviously General Summerfield has broken that law. Thirdly, the curtailment he instituted was apparently designed to cause inconvenience to customers and dissatisfaction among the tax payers more than to save money. For instance the rural route carriers who did not carry the mail Saturday received their salary just the same. The only thing saved was their mileage which doesn't amount to a great deal.

IF SUMMERFIELD is allowed to get away with such high-handed methods of pressuring Congress into giving him more money, then other department heads will probably try the same thing. The time for Congress to stop this thing is now.

"HOW DUMB can you get." Sometimes we think that expression rightfully describes our State Department. According to Rep. Frances E. Walter, Democratic of Pennsylvania, recently three plane loads, about 400, known tubercular bed patients designated as Hungarian refugees have been flown into the United States and placed in hospitals to be treated at government expense. The government is committed to pay \$19 per day per patient. Of all the Hungarian refugees admitted in recent months following the Hungarian rebellion, it is estimated that 20% were Freedom fighters, 40% were Communists and criminals and 40% opportunists seeking to escape a harsh life.

HOW WOULD the country editors of this nation vote on major public questions if they were in their Congressman's shoes? The American Press, which is an independent magazine for hometown newspapers, decided to find out by means of a survey. In its March issue it publishes the results, tabulated from the replies of 794 country editors, representing every section of the country. Here, in brief form, are some of the questions and findings ("No Answer" replies are not included in this summary, hence the percentages do not total 100.)

1. Should the President have the authority to use U. S. forces in the Middle East if he deems it necessary to stop Communist aggression? The "Yes" faction has the overwhelming majority — 71 per cent to 27 per cent.

2. Should foreign aid (which has been running at about a \$1 billion annual rate) be increased, decreased, or maintained at the same amount? Only 5 per cent of the editors say more, while 63 per cent say less and 26 per cent favor the same amount.

3. Should John Foster Dulles continue as Secretary of State? Mr. Dulles is given a vote of confidence — 57 per cent to 38 per cent.

4. Should farm price supports be returned to the old 90 per cent of parity level? Only 22 per cent favor this, as against 74 per cent opposed.

5. Should corporation taxes be moderately reduced, by returning to the rates of some years ago? This is a close one, with 32 per cent favoring reduction, 35 per cent favoring continuance of and 29 per cent endorsing reductions on the first \$25,000 of profit.

6. Should corporations be exempt from taxation on that portion of earnings they distribute as dividends and upon which individuals pay taxes—that is, should this form of double taxation be eliminated? The vote is 69 per cent "Yes" to 28 per cent "no."

7. Should any budget surplus be applied to reducing taxes or to reducing the national debt? A big majority, 70 per cent, prefers to reduce the debt, as against 25 per cent favoring tax cuts.

8. Should the bill authorizing a minimum of \$600 million a year of federal money for school construction be approved? Here is another close one — 45 per cent of the editors say "Yes" and 53 per cent "No."

9. Should bills requiring that cooperatives and savings and loan associations be subject to the same taxation as other businesses, be approved? The "Ayes" have it, overwhelming — 86 per cent to 12 per cent.

10. Should first-class postage rates be raised to 5 cents, along with the provision that air-mail would be used when possible? This proposal received a "No" majority of 60 per cent, as against 39 per cent saying "Yes."

11. Should the Vice-President be relieved of his job of presiding over the Senate, and given specific executive duties? The editors strongly favor this much-discussed possibility by a margin of 63 per cent to 33 per cent.

The American Press prints pages of comment from country editors on these and other issues. One thing is clear — whatever side or solution they

"YOU'VE GOT TO REDUCE!"

With Our EXCHANGES

WRITE! A Congressman can know the temper of the folks back home only if they communicate it to him in plain words. Startling numbers of Americans are doing just that — on a common theme: Cut the budget! Many Congressman are surprised by the volume and intensity of this mail. Possibly they thought their constituents had been numbed to multibillion budgets and the allegedly painless extraction of a sizable portion of their earnings at the source every payday.

But the politicians should have remembered the proverbial straw that broke the camel's back. President Eisenhower's \$71.8 billion budget seems to be having precisely that effect. And, for all their brave oratory and economy spiels, more Congressmen will do little about cutting that budget — unless they are ordered by the taxpayers to get in there and slash.

That's a job for all taxpayers, not just a vociferous handful. It's a job for millions of taxpayers who never before have written their Senators and Representatives — and, for that matter may not even know who they are or where to address them.

If enough people howl — and howl in writing, in letters addressed to their Senators and Representatives — the administration's horrifying \$71.8 billion budget can be cut to sensible proportions. And dormant recommendations from the Hoover Commission can be activated, for permanent multibillion economies.

If there is a real hope — and there is — of trimming the fat out of government spending, dealing inflation a body blow and paying the way for tax and debt reductions, that hope rests with you and your judicious use of a pen, a sheet of paper, an envelope, a stamp and the nearest mailbox. If you can't wait, telegraph.

All hope of fighting government-caused inflation, of bringing tax relief within sight rests with you and your indignation, translated into blunt words, readily understood by Congressmen. — New York World Telegram.

Dear Editor: I see where President Ike says it is the poorest kind of economy to reduce the national budget just by cutting off a few millions here and a few millions there.

Which my unhappy neighbor says may be right but he is favorable to even a poor kind of federal economy in preference to none at all.

Says he is tired of having to cut a few dollars here and a few dollars there off his personal budget just so the government can build swimming pools in Fort Said, tennis courts in Iraq, and other similar economical deeds.

More petroleum moves over Santa Fe than over any other railroad in the country

The 2,384,000,000 gallons of petroleum that Santa Fe moves every year is the river that flows on wheels.

It's so large that it makes Santa Fe the No. 1 petroleum railroad in the country.

This flood tide of oil gives heat and power to farms, factories, military installations and homes all over the nation.

The tremendous demand for petroleum, in all its forms, poses special problems for Santa Fe. For it requires speed and service to keep that river flowing full force. Here are a few of the ways we get the job done:

We move empty tankers just as fast as full ones, so no vehicle will stand idle.

As new oil fields are opened up, we stand ready to serve them. And when new developments take place within the industry, we adapt ourselves to take care of them.

As an example, take liquefied petroleum gas. The demand for it has skyrocketed in the last 10 years, because with this "bottled gas" rural families can cook and heat with gas just like city people. And the railroads have made it possible for them to get it.

Santa Fe runs special LPG trains when the demand for this product requires it. In a year, these trains carry enough LPG to heat over 500,000 homes from November through April.

This is just a part of the story of the dependable transportation service Santa Fe is providing to essential industries that contribute so much to the welfare of our country.

THERE'S AN ELECTRIC HEATING METHOD FOR EVERY HOME NEED!

Electric Heating is CLEAN, MODERN, AND SAFE!

Now, instantaneous, comfortable heating — of course, it's electric! Whether you are building your new home, remodeling or adding a room to your present home, you can use electric heating. The advantages you have with your electric working appliances are also yours with electric heating. Electric heating is the cleanest form of heating known. Now is the time to solve your heating problems for next winter and years to come. For information, without obligation, see your Public Service Company manager.

- * YOUR PRESENT HOME**
* **CEILING HEATING UNIT WITH CIRCULATING FAN**
Ceiling heating units are ideal for bath rooms, hallways or kitchens. They can be used as the main heat source or as auxiliary heating. A flip of the switch gives you heat where you want it and, if desired, a controlling thermostat can be added for automatic operation.
- * **RADIANT-CONVECTION WALL HEATERS**
This type of electric heating you've seen many times either in portable heaters or in wall-mounted units. Such electric heating units are inexpensive, can be thermostatically controlled and are easily installed. One answer to the problem of heating a room added on.
- * **RADIANT GLASS, METAL or CERAMIC PANELS**
Nearest thing to the warmth of the sun's natural heat rays is electric radiant heat. Heating coils are embedded in a heat conducting material which, through radiation, warms your family, floors, furniture. These units, mounted on wall, near floor, come in various sizes, up to 30 1/2 inches long.
- * **HEAT LAMPS**
Heat lamps are used where quick spot heating is desired — over work benches, in garages, working on the family car, etc. A regular lighting bulb, or it can be installed permanently in bathroom, ceilings, etc.
- * **YOUR NEW HOME**
* **BASEBOARD HEATING UNITS**
Electric baseboard heating is completely inconspicuous since it can be painted to match or contrast with wall colors. Installation is met by installation along outside walls only. Furniture can be placed anywhere without interfering with your heating.
- * **EMBEDDED CEILING CABLES OR PANELS**
As in all electric heating your furnace is miles away (at the electric power plant). You turn on a switch and get completely clean electric heat. Continuous coils are run back and forth across entire ceiling area and then covered with plaster or texture paint material. Heating system is completely out of sight.
- * **THE AMAZING NEW HEAT PUMP**
Here's the amazing "heat pump" which uses the principle employed in your electric refrigerator to "pump" heat in your winter and cool air in the summer. It's a combination central unit which costs approximately the same as the central heating and cooling units in conventional use. No matter the outside weather, the "heat pump" adjusts immediately to give you the weather you want inside your home.

Farewell Party For Langfords Planned

A farewell party for the D. Langfords will be held this (Thursday) evening, April 18 at J. H. Widener home, south of Lockney. It was announced Tuesday by Mrs. Widener. The ladies of the Main

Street Church of Christ will be hostesses and everyone is invited to attend. It will be a come and go affair. Time is 6:00 to 8:30. Mr. Langford is retiring as rural route carrier out of Lockney after 33 years of service here. His last day will be Friday of this week. They will move to Lubbock where they have a home.

Maine is bordered by only one other state.

SW Public Service Employees Honored

Southwestern Public Service Company entertained its employees in Lockney, Floydada and Silverton with a dinner party at the Plains Hotel dining room, Lockney, Thursday evening, April 11.

Following the meal games of "42" were played.

Enjoying the hospitality were Mr. and Mrs. Joe Gidden, Mr. and Mrs. Fred Thaxton, Mr. and Mrs. Doyle Gibson, Mr. and Mrs. W. J. Adams Jr., all of Floydada; Mr. and Mrs. Kenneth Tate, Mr. and Mrs. Glen Lindsey of Silverton; Mr. and Mrs. Joe Parrish, Mr. and Mrs. Ray James, Mr. and Mrs. Carl Blair, all of Lockney.

Joyce Hammonds Weds Jap Clemons

Miss Joyce Dell Hammonds, daughter of Mr. and Mrs. C. T. Hammonds, Floydada, became the bride of Jap T. Clemons, son of Mr. and Mrs. Jap T. Clemons of Brownfield, in formal wedding rites performed Saturday at 1:30 p. m. in the chapel of the First Baptist Church, Floydada. Rev. W. C. Bryant, pastor of First Southern Baptist Church, Colorado Springs, read the double-ring ceremony.

Mrs. Bill Hardin, organist, played traditional wedding music and accompanied Miss Joy Porter as she sang "At Dawning," "Through the Years," and "The Lord's Prayer."

Miss Roy Nell Hammonds attended her sister as maid of honor. Bridesmaids were Miss Linda Hammonds, sister of the bride, Miss Sarah Pinson of Forney, and Miss Ina Jean Noland, Floydada.

Lindy Clemons of Brownwood served his brother as best man. Ushers were Dick Collins of Pampa; Jessie West, Amarillo; Elvis Lowrance, and Melvin Lowrance.

The bride, a graduate of Floydada High School, attended Hardin - Simmons University, Abilene, and Texas Tech. The bridegroom attended Hardin - Simmons University and is currently employed as electronic specialist with the Santa Fe Railway. The couple will make their home in Lubbock. The bride will be remembered as having represented Floyd County as Farm Bureau queen two years during area contests.

Legion Auxiliary To Meet Monday

The American Legion Auxiliary will meet next Monday, April 22 at 7:30 in Plains Hotel. All members are urged to attend.

HOME FROM COLORADO

Mr. and Mrs. Ben McGhee returned home Sunday after a visit in Palsade Colorado, with their daughter, Mrs. Bill Wesley and family. Mrs. McGhee has been with her daughter since February and Ben was there the past ten days. Mrs. Wesley, the former Shirley McGhee, and her eight-months old twin son have been ill. They were both well and doing fine when the McGhees left.

Mrs. Guy Sams Club Hostess

Mrs. Guy Sams was hostess to El Progreso Study Club Wednesday, April 10 at 3:45 p. m.

Roll call was answered with "Gardening Hints."

Mrs. W. R. Mauldin of Plainview reviewed "Social Life in the White House" based on Bess Furman's "White House Profile."

Refreshments were served to Mmes. Milton Ashton, Clyde Briley, B. A. Simmons, Ed Whitfill, Leslie Ferguson, Henry Schacht, C. J. Taylor, Bill Hod-el, T. B. Mitchell, Henry Hodel, Clyde Applewhite, E. M. Quebe, Chester Mitchell, Mauldin and the hostess.

Birthday Party Honors 4-Year-Old

Mrs. Bob Tiner honored her daughter Cindy with a party on her fourth birthday Tuesday, April 16 from 1:30 to 3:30 at the Tiner home in Lone Star Community.

Guests included Karen Smith of Bangor, Maine; Anette Brandon, Roaring Springs; Linda Folsom, Amarillo; Deborah, Tommie and Julie Nance, Patricia and Sharon Jarrett, Kay Johnston, Joyce and Nancy Wiggington, Margaret Galloway, Paula Hall, Lena Kay Merrell, Debbie and Priscilla Carthel, Debbie Johnson, Perry Joe Keeter, Larry Tiner and the honoree.

Mothers present were Mmes. C. E. Smith, Bangor, Maine; F. E. Brandon, Roaring Springs; P. M. Cooper Tom Nance, Claude Jarrett, James Wiggington, A. C. Galloway, Laverne Carthel, Bill Hall, Bob Merrell, Donald Johnson, Joe Keeter.

Busy Mothers Have SS Class Luncheon

The lovely home of Mrs. Melba Harper in Plainview was the scene of a luncheon Wednesday at noon for members of the Busy Mothers Sunday School Class of the Lockney Methodist Church and their guests. Mrs. Harper is the daughter of Mrs. Leslie Floyd, a class member.

Mrs. H. B. Coggin gave a Bible Quiz, Mrs. W. L. Thomas brought the devotional and Mrs. Fritz Schacht sang several songs, accompanying herself at the piano.

Special guests included Mrs. Paul Cooper, Mrs. F. O. Schacht, Mrs. Frank Dodson, Mrs. Maudie Stalcup, and Mrs. Arthur Williams of Plainview, whose mother, the late Mrs. Arthur Thomas had been a class member. Members present were Mmes. J. H. Weathers, W. L. Thomas Sr., Fannie Brown, Hugh Counts, Leslie Floyd, H. B. Coggin, W. H. Fields, Mattie Griffith, Pearl Hall, E. R. Harris, Delbert Bybee and the hostess, Mrs. Harper.

KITCHEN COMPLETES CYCLE RETURNS TO FAMILY

In the file of kitchen planning, we appear to have progressed through several eras: first, the tiny, efficient cubbyhole the size of a motorboat galley; then the surgical affair in spotless and monotonous white, and now back to a larger room, but with important differences from the old days. The kitchen is expanding to include new equipment, and years of experience have shown us that as a family rallying ground, the kitchen is once more as popular as in the days of open-hearth cooking in one-room cabins.

GO TO CHURCH SUNDAY.

SOUP FOR MR. AND MRS. SPRATT

If you are dieting and your husband is not for the other way around, here's an ingenious solution that was suggested by a top fashion writer: Heat a can of condensed chick-

en with rice soup, adding a can of water as directed. Fill the dieter's soup bowl with the rich, tasty broth and dish out the remainder, with the rice and chunks of meat, to the other diner.

Senator Johnson Pushes Grazing Bill

Senator Lyndon B. Johnson's bill providing for the establishment of a deferred grazing program in drought-stricken areas has been reported favorably by a unanimous vote of the Senate Agriculture Committee.

"I am going to get this bill up for action in the Senate as soon as I can," Senator Johnson said, following the Committee's favorable report. "I am hopeful that we can get it passed soon."

Similar legislation, sponsored by several Texas Congressmen, has been approved by the House of Representatives.

Senator Johnson's bill would require the Secretary of Agriculture to provide a program in the drought areas under which farmers and ranchers would receive payments for deferred grazing as a means of allowing the land to recover its productivity. As amended by the committee, the bill would be effective for five years after enactment, would provide for limited use as well as non-use, and would provide for payment at rates not more than the fair rental value of the land for normal grazing. Payment to any one person would

DR. MAURICE EWING WINS MORE HONORS AT COLUMBIA

Dr. Maurice Ewing, direc-
 tor of the Lamont Geological
 Observatory of Columbia Uni-
 versity, has been awarded the
 degree of Doctor of Science by
 the State University at Utrecht,
 The Netherlands, according to
 word received yesterday (Thurs-
 day) at Columbia. The honor-
 ary degree was conferred on Dr.
 Ewing by Professor Dr. H. W.
 Obbink, rector of the State Uni-
 versity, on the occasion of its
 321st anniversary.

Dr. Ewing was reared in
 Lockney, graduated from Lock-

Cooperative To Be Liquidated

Plainview. — The Plains Co-
 operative Inc., at Plainview
 will be liquidated on April 22.
 The date marks the final
 meeting of the stockholders of
 the cooperative that at the
 peak of its business processed
 cheese and butter, operated a
 turkey hatchery and locker
 plant that did a million dollar
 business annually.

There now are approximately
 1,000 stockholders, said Frank
 Weil, Hale Center, chairman of
 the board. When they meet at
 1 o'clock a week from Monday
 at the city auditorium their
 shares will be paid off and the
 Plains Cooperative, Inc. will be
 no more. Preferred stock has
 already been liquidated.

Organized in the late 1920's,
 the cooperative was one of the
 economic stand-bys for the
 area. Merchants and farmers
 alike recall that cream checks
 at one time were circulated like
 money, the checks sometimes
 not reaching the banks until
 every available signature space
 had been filled.

Wednesday the board of di-
 rectors consummated sale of
 the building and 100 foot lot
 it occupies on East Fifth Street.
 The buyers were Truman Mein-
 ecke and James Crossland.
 Crossland said the property was
 bought as an investment.
 Plainsman Supply has it leased
 at present.

A really thorough shampooing
 calls for at least two sudings
 followed by a very careful
 rinsing with very warm water.
 If you wash your hair at the
 wash basin, rinse with an un-
 breakable cup or hose spray
 attachment. If you shampoo
 in the shower, tilt your head to
 catch the warm water spray.

Funds Assured For First Building At Lubbock College

Sufficient funds have been
 subscribed to insure cost of
 construction of the Adminis-
 tration Building, the first of
 four buildings to be erected for
 Lubbock Christian College. This
 announcement was made jointly
 today by Dr. F. W. Mattox,
 President, and Paul Sherrod,
 Chairman of the Board of Trust-
 ees of the new school, who
 said that the Groundbreaking
 Ceremonies would take place
 on the site of the school, 5500
 19th Street in Lubbock, at 2:00
 p. m. Saturday, May 4th.

This building will house ad-
 ministrative offices, the libra-
 ry in the four story tower of
 the building with a large read-
 ing room, auditorium and 18
 classrooms.

Prior to the afternoon affair
 a Senior day will be held at
 8:00 A. M. to which all high
 school Seniors of West Texas
 and Eastern New Mexico are
 cordially invited. Beginning at
 8:00 A. M. registration will be
 taken followed by an opportu-
 nity for the Seniors to meet the
 faculty members of the school
 to discuss the College, work
 offered and schedules or any
 other matters interesting to
 prospective students. Entertain-
 ment will follow this period
 and a free barbecue will be
 served at noon.

It is entirely possible that
 one wing of the permanent
 girls dormitory will be started
 soon, to be completed by the
 opening of school in September.
 The groundbreaking will be
 a novel event in that everyone
 attending is invited to bring
 a shovel and take an active
 part.

**A new age of automobiles
 begins with this car**

Touch a button—in less than a minute
 the steel top disappears magically into
 the trunk—and you're in a supremely
 elegant convertible. It's two cars in one!

Here Today! The FORD SKYLINER—world's only Hide-Away hardtop

Once in a long, long while a car comes
 along that people remember and talk
 about for years after its introduction.

The first model "A" Ford was such a car . . .
 The first Ford V-8 was such a car . . .
 The first Ford Thunderbird was such a car . . .

Today Ford Division is proud to an-
 nounce still another car that many say
 is destined to become the most famous
 Ford of all; The Skyliner—world's only
 hide-away hardtop.

If you plan to buy a new Ford, or al-
 ready own one, the fact that Ford cre-
 ated this car is important to you. For
 all the exhaustive research, planning
 and testing that went into the Skyliner
 is evidence of the engineering skill you
 get in every Ford model.

The Ford SKYLINER, the only all-steel
 hide-away hardtop, is a car for history.

This is an old dream of Detroit, a
 dream of two generations of motorists.

And today Ford has made that dream
 come true—in steel.

But the story behind this dream is a
 story of men who refused to accept "no"
 for an answer. In the Ford tradition they
 kept striving toward the goal long after
 others had given up the chase.

To understand this Ford spirit you
 must go back to 1908. That was the year
 when many Detroiters smiled smugly as
 Henry Ford announced, "We will build
 a motor car for the great multitude . . .
 so low in price that no man making a
 good salary will be unable to own one."

And they did.

Today, nearly a half century later,
 Ford continues to cause the "experts" to
 change their tune. When you see this
 all-steel hardtop that retracts into a con-
 vertible, you'll be seeing a car that many
 said would never be mass-produced.

But Ford did it.

It was December 1956—after eight
 years of research, planning, experiment-
 ing and testing—when Ford unveiled this
 masterpiece . . . unveiled it amid all the
 pomp and splendor of the New York
 Automobile Show.

And now this history-making car, this
 prototype of a whole future generation
 of cars, is ready for your own personal
 inspection in the showrooms of many
 Ford Dealers.

Plan to see it soon. And ask your Dealer
 to show you the exciting advances in all
 models of the new Ford line for '57.

It's the newest new kind of **Ford**

1. It's an all-steel hardtop with sleek Victoria styling . . . 2. Touch a button and presto! It's a sun-loving convertible!

Rebekah Lodge Installs Officers

At a meeting held at the IOOF hall Monday night at 8 o'clock three new officers were installed by Lockney Rebekah Lodge No. 259.

Mrs. Darla Hanumit was installed as recording secretary, Leona Crank, RS-VG, Audrey Simpson, LS-VG.

Hostesses for the occasion were members of the Past Noble Grands Club. The club honored Mrs. Essie Conner, Noble Grand of Lockney Lodge and Jane Markus, Noble Grand of Floydada Lodge No. 77 with lovely gifts. Mrs. Dimple McGavock made the presentation. Refreshments of coffee and individual cakes led in pink and green were served.

Members of the PNG Club present were Mmes. McGavock, Eva Whitfill, both of Lockney; Jewel Reeves, Past District Deputy President; Velma Berry, District Deputy President; Artie Reeves, Alva Reeves, Thelma Jones and Ora King. Another visitor of the local lodge for the evening was Mrs. Gladys Pruitt of Plainview Lodge No. 309. Mrs. Pruitt is now residing in Portales, New Mexico, where she is employed as a nurse. She has been visiting her daughters, Mrs. Marlin Anderson and Mrs. Joe Wilson this week.

Birthdays

A birthday dinner will be held at the lodge hall Tuesday, April 23 at 8 p. m. honoring Warren Graham, Loretta Graham, E. V. Crank, Truett Hilbre, Pearl Prickett. The refreshment committee, Mmes. Flots Reed, Dimple McGavock, Leona Crank and Lillie Anderson urges all members and their families to be present for this occasion. A part-time complete dinner has been planned.

Painting Party Set For Wednesday

The Jolly Stitches Club is sponsoring a Dresden painting party in the A. D. Morris home all day Wednesday, April 24 beginning at 10 a. m. Everyone is invited to attend and bring a covered dish for lunch.

Mrs. Louis Jurack of Plainview will help with the painting.

Cox Home Scene Of Jr-Sr Party

The Leslie Cox home in Lockney was the scene for a party honoring members of the junior and senior high school classes following the Junior-Senior banquet Friday night.

Laid with lace over blue, the refreshment table, appointed in crystal was accented with the Easter motif. Centerpiece was of blue and yellow iris. Sally Cox and Jan Widener served assorted cookies and fruit punch following a session of games.

Hostesses were Mrs. Loyd Widener, Mrs. Horton Howell and Mrs. Leslie Cox.

Thirty-two guests registered for the occasion.

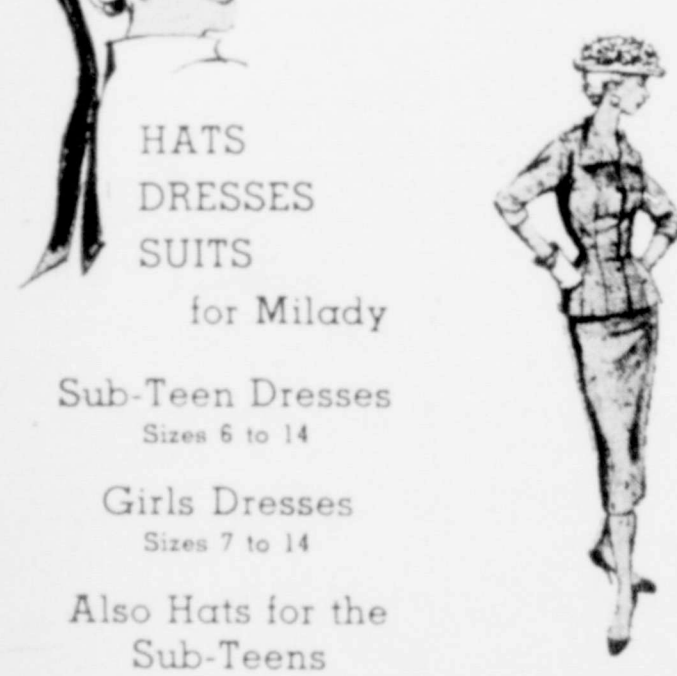

A syllabus is a non-alcoholic drink made of milk and wine.

Jr.-Sr. Banquet Names Favorites

Amid a garden of moonlight and roses Lockney High School junior-senior banquet took place Friday night in Hilton Hotel, Plainview, revealing the senior favorites as selected by the junior class.

David Howell, junior class president and MC for the program, presented the following senior class favorites: Lynn Jolly, daughter of Mr. and Mrs. W. A. Jolly, and David Frizzell, son of Mr. and Mrs. Jack Frizzell, most popular; Rita Griffith, daughter of Melvin Griffith, and Marvin Wells, son of Mr. and Mrs. Ernest Wells, most likely to succeed; Nelda Widener, daughter of Mr. and Mrs. Dale Widener, and Jerry Workman, son of Mr. and Mrs. J. H. Workman, friendliest; Katie Rucker, daughter of Mr. and Mrs. Raymond Rucker, and Lowell Hays, son of Mrs. Verna Newton, most representative. They were presented gifts.

Supt. H. H. Nicholas gave the invocation followed by the welcome by David Howell and response by Richard Watson, senior class president. Musical numbers throughout the evening were presented by a girls sextette from First Baptist Church, Plainview; Sally Cox gave the senior class prophecy; Jerry Workman read the class will and the class history was given by Floy Baxter. Edgar Hays offered the benediction.

Entrance to the garden of roses was marked by blossomed peach trees and an archway trellis flanked by white picket fence entwined with pink roses. Green grass carpeted the floor and enhanced the scene in front of the speakers table where a blue and white fountain stood next to a white picket fence laden with roses. Colorful imitation buds played in the fountain spray. A canopy of glittering stars was accented by a blue moon. Laid with white, the banquet tables featured a center arrangement of pink roses pierced by a quarter moon flanked by pink tapers in silver holders and pink satin stars sprayed in silver and banked with greenery. Place cards and programs were attractively dressed in pink and silver.

Dear Editor:
My tolerably successful neighbor has been working on his income tax return for the last few days and says his most costly and demanding dependent is Uncle Sam.

Says the old gent is taking a third of his income and about all he gets in return is such questionable temporal blessings as statistics on whooping cranes, brain laundry service, protection against getting rich, etc.

Which he don't think is any bargain. The Lord makes available many more important items and only asks a ten per cent rakeoff on a man's income.

Farish Jerseys Win At Plainview

Jerseys owned by Donald Farish of the Lone Star community won a number of places in the club show Jersey division at the Pashandle-Plains Dairy Show in Plainview this week. Donald is a member of the Lockney High School Future Farmer chapter.

His Jerseys won first place in the sub-junior division, first junior heifer, first senior heifer, first in junior yearling and first in the 2-year-old cow and over. The 2-year-old went on to win the title as champion of the Jersey division of the club show.

Donald pooled three of his Jerseys with one belonging to Roland Watson of Lockney and the herd won first place in the county herd class.

Mrs. H. A. Hillery Dies Saturday

Mrs. H. A. Hillery, 59, sister of Mr. Lloyd and aunt of Mrs. Dorman Mrs. Hillery passed away Saturday in a hospital at Wichita Falls after a short illness. She became ill the Sunday previous to her death.

If you have a large kitchen and small children, clear a corner for play, where they'll be under your watchful eye but not under foot. Or, maybe you have a very small kitchen and older children. A counter-high opening in the kitchen wall, through which food can be conveniently passed to the dining room, breakfast room, or an outside porch may relieve crowded conditions. A snack bar near the range is another handy step-saver.

Mahon Predicts Three Billion Cut In Budget

Washington — Rep. George Mahon of the 19th District of Texas said here this week he is confident Congress will cut a minimum of three billion dollars from President Eisenhower's budget.

The Congressman, in his capacity as Chairman of the House Subcommittee on Military Appropriations, has been conducting hearings on the President's request for 38 billion for the Army, Navy and Air Force since late in January.

Mahon said that "we will reduce the defense budget as far as this can safely be done. Of course, we must proceed with caution and no reduction can be permitted to imperil the security of the United States."

Defense officials have declined to recommend any cuts in the Defense budget, but they are preparing at Mahon's request a statement showing how a three and a half billion dollar reduction would be applied if made by Congress.

The House Appropriations Committee of which Mahon is a member, has upon his motion approved bills at this session reducing the President's overall budget in the sum of one billion dollars.

The West Texan noted that he had been "much encouraged over the widespread demand among the people generally for reduced spending and more efficiency and economy in government. This is a good sign and if the people will remain on the warpath their efforts will prove very helpful," Mahon said.

He added that "while no one knows just what the final reduction in the President's budget may be, I feel confident the Congress will whack off a minimum of three billion dollars."

Mahon feels that consideration of tax cuts should be postponed until more progress is made in reducing government spending.

The budget as originally submitted by the President called for 72 billion dollars for the fiscal year beginning July 1, 1957.

School Out For Easter Holidays

The Lockney schools will observe the Easter holidays this week end with school being dismissed both Friday and Monday. This is some of the annual holidays traditionally observed by the local system.

No special event is planned for the week end for teachers, school officials said.

REA Service Rules Urged

Austin — The State Affairs Committee recommended Tuesday to the Senate passage of a modified bill allowing co-ops to serve electricity to suburban customers.

The committee voted 16-2 yesterday on the bill by Sen. Charles Herring which originally was designed to set aside the principal effect of a recent Supreme Court decision. The court had ruled that rural electric co-ops could not serve customers in an area annexed by a city or in areas where private power company service is available.

As rewritten by Sen. Dorsey Hardeman, chairman of a subcommittee, the bill would not permit an REA to take on new customers in an annexed area or an area that was no longer "rural," except under specified conditions.

The modified draft said that when part of a REA system has been annexed into a town the REA can continue to furnish service to its former members, and provide service to new customers within 1,000 feet of its line who have not received service elsewhere and if service is not available from other sources.

In Canada a gallon measures almost five quarts.

Are We Counting on the Other Fellow to Take Care of Our Future...

when he may not be working at the job

This is a good way to arrange for an unsatisfactory future . . . physical or economic.

For instance . . . some of us depend on our good neighbors to spend **THEIR** money in the home community to keep it going so we can make a living in it . . . while we do **OUR** buying somewhere else.

But . . . sort of like when a couple of fellows in a car each thinks the other one is driving . . . the habit of "Letting George Do It" can darken the future if George happens to be letting YOU do it.

And, anyhow, even if we **DO** have lots of good neighbors trading at home to support **US**, and

our schools and churches and other community activities . . . **THINK** how much **BETTER** all of these would be supported if **ALL OF US** were buying everything we could at home.

Trading with home merchants is just good practical business sense **anyhow** . . . because we automatically get more for our money from them than out-of-town stores can give us . . . the **EXTRA PREMIUM** of community prosperity that only home business establishments can throw in for free with the goods we buy.

It Pays to Buy where you Live

YOU get everything that your money pays for . . . merchandise **AND** a trade-invigorated community live in . . . when you buy from your home town merchants . . .

Library News

For the young reader, "The Story Behind Great Books" by Elizabeth Rider Montgomery gives the story of how the great books of the world were written. Long John Silver, Sherlock Holmes, Don Quixote, Rebecca of Sunnybrook farm, the Virginian, Ivanhoe, Lorna Doone and a host of other fictional characters are as familiar to young readers as their school-mates and neighbors. The stories of how these people of famous novels were created to enchant mankind provide a unique and fascinating adventure into the realms of imagination. How John Bunyan wrote "The Pilgrims Progress" in prison; how a cure for weak eyes produced that magnificent tale of the sea, "Two Years Before the Mast"; how a pioneer preacher wrote "The Hoosier Schoolmaster"; how a dream was transformed into "Rebecca of Sunnybrook Farm"; how a desire for revenge produced the fantastic people of Gulliver's Travels — these are a few of the fascinating true stories in "The Story Behind Great Books."

Boys and girls will enjoy a visit to other lands through a series of books "The Land and People of — Italy — Spain — Scotland — South Africa — Australia — Norway and Canada." The books contain color plates, photographs and maps as well as a useful appendix of facts and figures.

South Plains Council Names New Officers

Election of new officers and approval of the 1957-58 budget was the highlight of the annual business meeting of the South Plains Council of the Boy Scouts of America in the Lubbock Public Library Building Monday night.

About 90 representatives from the 20 county area comprising the South Plains Council attended the session. An institutional representative and an elected member-at-large from each sponsoring institution make up the governing body.

Dr. Davis Armistead, Lubbock, was elected President of the Council for the next year. Vice President named are Ralph Krebs, Lubbock, public relations; H. P. Clifton, Lubbock, C. H. Cummings, Lubbock; Dr. Dale Rhoades, Crosbyton; Rev. Harry Vanderpool, Littlefield; Tut Tarwater, Plainview; and C. W. Tarter, Lamesa.

J. Ed Waller, Lubbock, will be Council Treasurer and Guy Eagen, Lubbock, will be assistant Treasurer.

The Council Commissioner the next year is Charles Alexander, Lubbock.

The new National Councilmen are Joe T. Salem, Sudan; K. N. Clapp, Lubbock; Dr. F. B. Malone, Lubbock; J. Ed McLaughlin, Ralls; John F. Lott, Post; and J. M. Willson, Sr., Floydada.

A great deal of interest was taken in the proposed budget by every representative present. The budget proposed for the South Plains area was set at \$105,000 for the 1957-58 activities.

The South Plains Council consists of 247 units of Boy Scouts, Cub Scouts and Explorer Scouts. At present about 6,733 boys aged 8-17 years participate in Scout activities on the South Plains. The Council set a goal to increase this number to 8,170 boys by the end of the year.

Dr. Armistead pointed out to the Council "for each boy now participating in scouting on the South Plains there are four more boys that would welcome the opportunity to enjoy Scout work."

Activities of the scouting will be under the direction of Council operating committees. These committees will be under the direction of the following: Jim Lumas, camping and activities; Dr. Wallace Hess, health and safety; Phil Carter, organization and extension; Howard Schmidt, advancement; Frank McLaughlin, Finance; and John Lott, leadership and training.

Veterans Buy 3907 Acres Land

Austin — Thirty bids on forfeited land offered for sale Wednesday by the Veteran's Land Board have been accepted, Land Commission Earl Rudder said Thursday.

Bids accepted totaled \$190,913.07.

Altogether, 424 bids totaled \$1,640,628.21 on 51 tracts of land were received. A total of 3907.70 acres were bid on.

Roger E. Davidson of Corpus Christi placed the highest bid, \$8549, on 166 acres in LaSalle County.

Most popular tract of land was 206 acres in Fannin Co., which drew 28 bids. High bidder was Thomas G. Moore of Dallas, who offered \$8100.

Land offered for bidding was originally purchased through Veteran's Land Program, but was later forfeited because buyers were behind in payments.

Mrs. Cap Carthel left Thursday of last week for a visit in Alexander, Louisiana, with her daughter, Mrs. H. F. Howard, Mr. Howard and children. She plans to stay about ten days.

TELEPHONE TALK

by J. C. Oakley, Manager

POST CARD CANVASS

I feel sure that by now each of you in Lockney has received a post card from the Telephone Company, asking for your comments and criticism of your telephone service and the company that provides this service.

We are not seeking compliments. If any of you have criticism, we would like to know them. We know and feel that comments from you, our customers, will help us to give you the kind of service you want.

We hope that you will take time to fill out the return half of your card and mail it back.

Contacts will be made on everyone who replies unfavorably and we will make every effort to clear up the source of complaint or dissatisfaction.

HAVE YOU NOTICED?

Except for times when Mom has to let out a cuff or a seam, parents seldom realize how fast their children grow.

I guess that's because it's hard to notice much change from one day to the next.

With telephone service, it's the same way. Growth and improvement go steadily on and on — almost unnoticed.

One big reason for this is that you can't always SEE changes and improvements in telephone service.

Today, for instance, we may begin using some new rubber compound to keep circuits better protected from rain or ice. Next month maybe it will be something to help us spot cable troubles more quickly. Next year, perhaps a new way of making your telephone voice sound more natural.

Improvements like these, made behind the scenes, come along month after month, year after year. They're just part of our efforts to make your telephone service more convenient and dependable — and as low in cost as possible.

Call by number. It's twice as fast.

PTA Says Thanks To Counis Crew

The Lockney Parent Teacher Association this week expressed their thanks to Commissioner Hugh Counts and his crew who have used the big county machinery to level off the play grounds at the C. N. Townsend elementary school. Mrs. Lavon Johnson as spokesman said that the PTA certainly appreciates the work of the men.

The PTA has also recently sponsored the setting out of shrubs at the grade school, all this being a part of a beautification program there.

Dear Editor:
I see where general postmaster Summerfield got a little exasperated at Congress on account of they wouldn't give him as much money to run the post office as he wanted as quick as he wanted it.

So he announced a program of creeping sabotage of the postal service until these undisciplined legislators come to heel.

Which may give ideas to other bureaucrats as to how they can put pressure on tight Congressmen. And the mail service may henceforward be known as the black-mail service.

Dear Editor:

The economics experts tell us that we are in an era of great prosperity in this country, but I figure it must be the most under-financed prosperity in history.

On account of it seems like everybody is complaining that he can't get enough money. School teachers, farmers, union members, business stockholders. Postmaster General Summerfield and others don't think they are getting as much as they need.

When some are not getting enough money, it seems logical that somebody else is getting too much. But it isn't me.

Airplane-Speeds Cotton Growing

Harold Loden is using the airplane to speed development of a new stormproof cotton plant.

Instead of getting just one crop a year, the Lockview Farm seed breeder has two annual yields by using experimental plots near here and at Igula, Mexico.

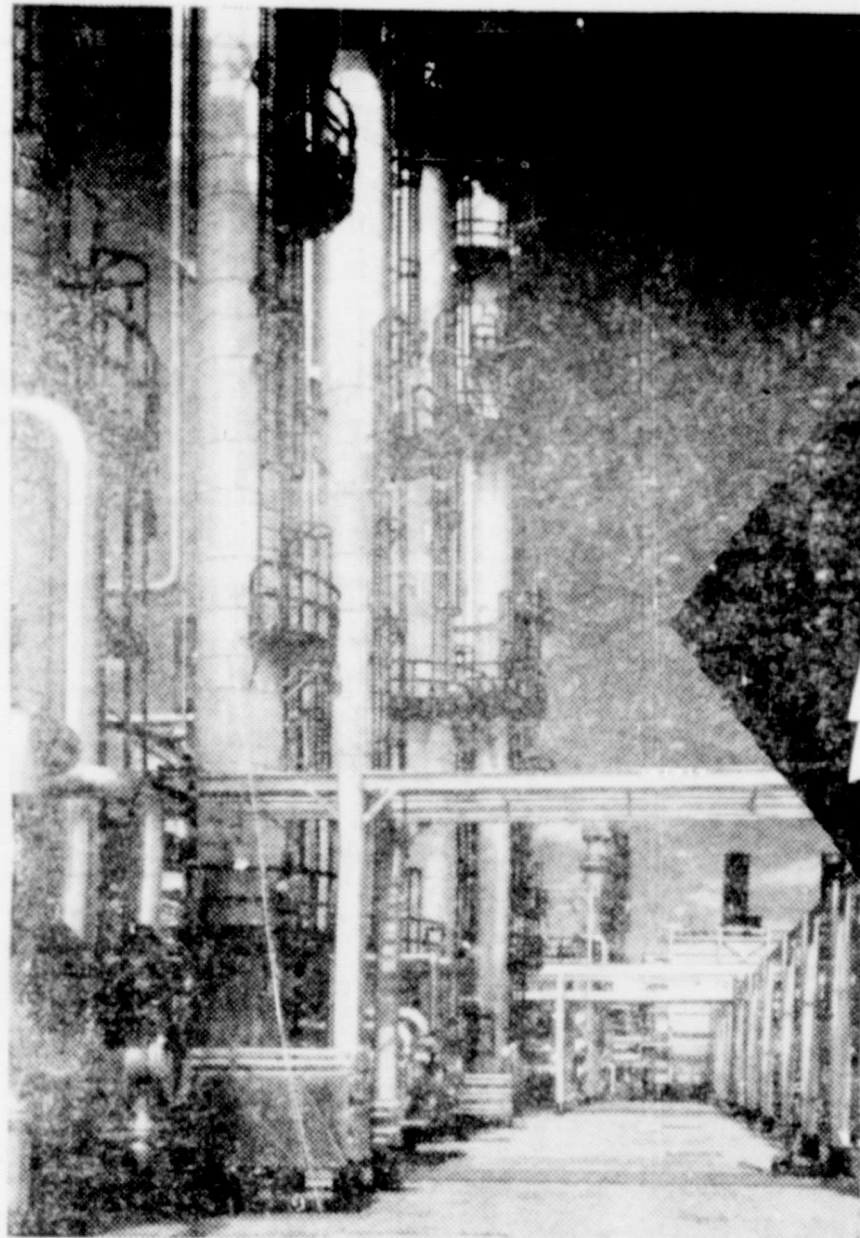

Seed from 110 selections of the stormproof cotton raised last year here were flown in November for planting.

That crop is now about ready to be gathered. Dr. and Mrs. Loden left Plainview Sunday by air for Mexico. At Igula, 75 miles south of Mexico City, the scientist will select seed samples and bring them back here for spring planting on the Lockview farm.

MEAT OVEN—NEW FEATURE

The American kitchen will produce a far greater variety of meals than ever before practical. The homemaker can try Shish Kebab, barbecued spare-ribs and rotisserie turkey. More than ever, the gleam of bright colors and shining metal finishes will make work at the range more pleasant. And more automatic controls will make it easier. There's a new feature called the meat oven, entirely separate from the bake oven, that gives you a choice of regular grill broiling, rotisserie broiling and deep-pan barbecue broiling.

It takes about 770 gallons of water to refine each barrel of crude oil — enough water to suds and rinse 43 loads of family wash in the automatic washer.

Cotton Farmers...

Yes, there are good, practical reasons why so many West Texas farmers are changing over to **PANHANDLE MUTUAL HAIL ASSOCIATION** hail insurance. A few of the reasons are listed below:

1. The Panhandle Mutual Policy is the only cotton policy that does not have the replant clause.
2. We do not adjust cotton on the stand population basis.
3. We do not defer our losses until fall.
4. Our adjustments are prompt and honest adjustments made by local adjusters.
5. Free cancellation due to crop failure until June 15.
6. This is a farmer's company.
7. No interest charge on notes until after maturity.
8. The only company which has an arbitration clause in the hail policy.
9. Our policy is written to fit West Texas cotton farming conditions.
10. We limit our liability per township and per section as to avoid overloading.
11. The last and most important is the fact that we now have catastrophe reinsurance with the Lloyds of London as added protection to our West Texas farmers against hail years.

Mrs. P. F. Ford Buried Tuesday

Mrs. P. F. Ford, 86 years of age, passed away at the Lockney General Hospital about noon Monday after suffering a heart attack early last Thursday morning. Funeral services were held at the Lockney Methodist Church Tuesday afternoon at 2:30 o'clock conducted by Rev. H. B. Coggin, the pastor.

Mrs. Ford, despite her advanced age, had been active, cooking her own meals and taking care of her self. She became ill Wednesday and early Thursday morning her condition became such that she was removed to the hospital.

Mrs. Ford was born November 17, 1870 on a ranch owned by her father near Raton, N. M. Her maiden name was LouAnn Johnson. While a young woman the family moved to Cooke County, Texas, where they settled. She was married to P. F. Ford in January 1890 in Cooke County.

Mr. and Mrs. Ford lived there until 1920 when they came to Floyd County, settling on a farm between Cone and Floydada. About 1938 they moved to Lockney to make their home. Mr. Ford passed away May 8, 1941.

Mrs. Ford was a member of the Lockney Methodist Church and had been a church member since she was 17 years of age. Survivors include one son, Henry Ford Sr. of Lockney, and one daughter, Mrs. Zuma Luster of Riverton, Wyoming; four grandchildren and nine great-grandchildren. One sister, Mrs. Labusky Rainey of Fort Worth, also survives.

Mrs. Luster was unable to attend the services because she was seriously injured in an auto accident the same day her mother became ill. According to information reaching the Ford family here, Mrs. Luster and several friends were enroute to or from Thermopylae, Wyo., when the accident happened. Details of how it happened were unknown here. She suffered a broken ankle, broken hip, fractured pelvis, broken ribs and cuts and bruises. Attending physicians believe that she will recover. She is in a hospital at Casper, Wyo., at present.

Mrs. Ford was buried in Lockney Cemetery. Pallbearers were Gilbert Bean, Guy Sams, Buck Sams, Lavon Johnson, V. L. Webster, Arch Crager. Carter Funeral Home was in charge.

Mrs. A. A. Sweatt Passes Monday

Funeral services for Mrs. A. A. Sweatt were held at the Lockney Methodist Church Wednesday afternoon at 2:30 o'clock. Conducting the services were Rev. H. B. Coggin, local Methodist pastor and Rev. C. A. Strickland of Floydada, Assembly of God minister. Mrs. Sweatt passed away Monday morning in the Peoples Hospital at Floydada. She had been seriously ill for some time, having suffered a heart attack on March 9th. Mrs. Sweatt was 87 years of age.

Mrs. Sweatt had made her home with her daughter, Mrs. Johns Cox of the Pleasant Valley community, south of Lockney, for the past 20 years.

She was born July 27, 1869, at Waldo, Arkansas. She was married to James H. Sweatt in 1887 and they lived for a time in Oklahoma. In 1924 the family came to Lockney in covered wagons and settled two miles south of town. Mr. Sweatt passed away on November 1, 1936. Mrs. Sweatt was a lifetime member of the Methodist Church.

Survivors include three sons, Obie, Hale Center; Roosevelt, Rubottom, Okla.; and Old, Plainview; two daughters, Mrs. Johns Cox of Lockney and Mrs. Willie Branstetter of Lawton, Okla.; one brother, Jim McClain, and one sister, Mrs. Leat Stirling, both of Waldo, Arkansas. Twenty-five grandchildren and 27 great-grandchildren also survive. Three sons preceded her in death.

Interment was in the Plainview cemetery. Pallbearers were Alton Noland, Weldon Smith, O. E. Patterson, Murrett Dorsey, Linton Pruitt, Ray Aston. Carter Funeral Home of Lockney was in charge.

Cotton Meeting Moved To May 7

The mass meeting of cotton farmers and business men of this area, at which representatives of the National Cotton Council will present facts concerning the cotton market, has been changed to Tuesday night, May 7th, it was announced this week by Lester Carter, local chairman. Senior class play will be given at 7:30 p. m.
