PTA Executives To Meet September 3

There will be a meeting of the Lockney Parent Teacher Executive Committee Tuesday, September 3 in the High School auditorium. Henry Ford, president, announced that the meeting will begin at 7:30 p. m. and will last one hour only. Parents and teachers alike are urged to be present and to take part in the organization's activities during the year. Mr. Ford makes the following statement:

When it is time for our children to go to school, it is time for us to think (anew) what we can do to help them. One of the most outstanding ways is to work with the teachers in school and through Parent-Teacher Organizations who have as their objective:

To promote the welfare of children and youth in home, school, church and community. To raise the standards of living. To secure adequate laws for the care and protection of children and youth. To bring into closer relationship the home and the school. To cooperate intelligently in the training of the child.

To develop between education and the general public united efforts as well as to give every child the highest advantages in physical, mental and spiritual education. If you believe in the merit of the foregoing statements, please sign your PTA Tuesday, September 3, when you take your children to school.

M. L. BREWER, left, Lockney High ag teacher, was elected a director of the Texas Vocational Agriculture Teachers Association at its annual meeting in Houston recently. He is shown with H. C. Weatherby of Shamrock looking over the association's program.

More Than 500 Cars Vegetables Shipped, Cantaloupes Moving

With more than 500 cars of vegetables shipped from Lockney thus far this year and the cantaloupe harvest just beginning, opinion here is that vegetable growing is definitely established in this community. M. W. Wiley, who has been very active in the enlisting of farmers in growing vegetables and is connected with one of the three packing sheds here, said Tuesday, "I believe that growing vegetables is definitely established in this community. We've had some hard knocks and will probably get some more but overall vegetables are a paying proposition. Of course, we can't make a fortune every year and it is not a business to be in one year and out the next. If farmers will plan at the beginning of each year to set aside a certain acreage to plant to vegetables and plant that acreage so that buyers will know they have a dependable supply, then we will have no worry as far as disposing of the product is concerned. We are already establishing a reputation for fine quality and that will help."

Wiley and his associates are operating actually two sheds in South Lockney on the Santa Fe tracks. The sheds were secured from the National Alfalfa Mill and with some improvements have proven to be very satisfactory. This firm has shipped close to 400 cars of onions this season and are still shipping onions despite the low market and light demand.

Sell For Export

Wiley said this week that his firm had sold 400 tons of onions just recently for export to Old Mexico and he considered that this would help to dispose of some of the local surplus. They are working on filling that order now. These onions will not be run through the grader at the shed but are field graded and sacked there and then trucked directly to Laredo where they are exported.

Clyde Farish of the Lone Star community harvested 35,100 pounds of onions from one acre last week but came back and took 35,920 pounds from the second acre of his field. He has 20 acres of onions of the Spanish Sweet variety. These are some of the onions being exported to Old Mexico.

In addition, Wiley's firm has shipped 38 cars of cantaloupes with the season hardly begun. They expect the cantaloupe harvest to last through September.

At the Lockney Vegetable Growers Association, some 60 cars of onions have been shipped to date. Demand has been light on onions most of the season and some have not been harvested due to lack of demand.

The Association has shipped 15 cars of cantaloupes thus far and will probably reach the peak of the harvest next week some time. Demand has been good on cantaloupes but the melons are slow to ripen due to the cool nights. The temperature dropped to a low of 62 degrees one night the past week and stayed there for four hours. The packing shed men say that this is not good on cantaloupes and slows the ripening process considerably.

All sheds talk about the excellent quality of locally grown cantaloupes. Wiley quoted one of Houston vegetable dealers who bought one car of cantaloupes reluctantly and two days later called back ordering two more cars. "These melons are better than Pecos Melons," the dealer said. Sugar content in local

melons is testing from 14% to 17%. The Beacon was told compared with the average of around 10%.

C. L. Harmon & Co. have the contract to harvest and pack vegetables for the Association. The Trautmann Bros. packing shed at the Leslie Ferguson farm, five miles north of Lockney, is busy and expects to be busier by next week. The firm is harvesting 320 acres of cantaloupes and have shipped 30 cars thus far, which is the equivalent of 8,000 crates. They harvested five cars Tuesday and expect to be harvesting around 3,000 crates or more than 10 cars per day by next week some time if the cantaloupes ripen as they should.

Cucumbers Paying Off

The cucumbers growers of the area are still harvesting and will continue to do so for some time. Gerald Sams, manager of the Craddock Food Co.'s shed here, said Wednesday that his firm has bought almost one million pounds of cucumbers through Tuesday night and he expected to pass that mark Wednesday night. He quoted a total of 996,835 pounds for which farmers had been paid a total of \$22,500. Monday was the biggest day thus far with 77,000 pounds coming to the packing shed. Farmers are averaging a little more than 2 cents per pound for the cucumbers.

Lettuce Growing

The lettuce crop in the area is growing and looking very good, shed men say. The market on lettuce now is quoted at \$3.00 to \$3.50 per crate to the grower. Lettuce harvest is expected to start about the latter part of September.

A few acres of turnips are being planted here, according to Dick Whiteley, Chamber of Commerce manager.

Longhorns Are Improving Every Day, Coach Says

The Lockney Longhorn football squad is a little "rusty" but is improving every day, Coach Rudy Haile said Wednesday. Some 30 boys are "camping" this week at the high school gymnasium and working out twice a day. Workouts began Monday morning.

Bruises and sore spots are the order of the day but for the most part the boys are in good shape and coming along fine, the coach said. Workouts are being held on Mitchell-Zimmerman Field from 8:30 to 10:30 each morning and from 4:30 to 6:30 each evening.

Scrimmages have been arranged with the Kress football team on Thursday night of this week and with Mator and Childress at Mator Saturday morning.

Coach Haile said that Jerry Williams, halfback, was looking very good, Cliff Hardy, the other halfback was doing fine and that Billy Karl Race, last year's fullback, was working out well at the quarterback slot. Kenneth Calloway and Dickie Barton are trying for the fullback post.

In the line John Hanst, Coy Kidd and Byron Brock are showing up exceptionally well. The boys who came up from the B squad are adding a lot to the team, the coach said. They are all looking good with Ronnie Harris and Jackie Calahan leading the "most improved" class.

First game of the season will be with Hale Center Friday evening of next week at Hale Center.

Rotary-Lion Battle Set For Friday Night

Amid threats by members of the Lockney Rotary Club to sue the Lockney Lions Club for libel plans for a fight to a finish softball game between members of the two clubs are about complete.

The libel threats came out of a letter written by a member of the Lions Club and published in the Beacon last week. The Rotarians are thirsting for revenge and may resort to the softball game to get satisfaction.

The game is set for Friday evening on Lockney Softball Field with action to get underway at 8 p. m. Smartering from three previous defeats, the Lions will probably be out for some revenge also and the fur is expected to fly.

The Lions will no doubt start their ace pitcher, Tom (Fireball) Moore but who will catch for him is a problem. No one can hold his fast ball. They are expected to use Clyde (Whizzer) Briley on short stop and are reported to be short on other infielders. They may have to use R. C. (Slow Poke) Mitchell.

The Rotary will probably start H. H. (Slim) Nicholas on the mound. Slim is known to have been a very effective pitcher in past years but his present quality is unknown. Catching will be Bob (Grapefruit) Miller and Dee (Steady) Copeland. On first base will be Art (Sluggo) Barker and playing short probably Charles (12%) Duran or Harold (First Base) Duvall. The Rotary is reported to be loaded with good baseball talent and is not worried about the outcome of the game.

The public is invited to attend the game and bring along about 50 cents each. A collection will be taken with the money going to the Lockney Pony League.

Tom Word Is Full Fledged Auctioneer

Tom Word of the Lone Star community is now a full-fledged auctioneer. Mr. Word graduated last week from the Reich American School of Auctioneering at Mason City, Iowa. He attended the school for two weeks along with more than 100 others who were learning the art of auctioneering.

Mr. Word said that he would be auctioneering for farm sales, livestock sales and other similar types of sales in this area.

Mr. Word is the only professional auctioneer in Floyd County.

Monday Is Dollar Day In Lockney

Next Monday, Sept. 2nd, is Dollar Day in Lockney and again local merchants are offering many outstanding values to shoppers of the area. Look at the advertisements in this issue of The Beacon and then come to Lockney Monday to do your shopping.

School Opening Set For Tuesday

Lockney schools will open Tuesday morning for the 1957-1958 term and all is in readiness with the exception of one vacancy in the faculty. Supt. H. H. Nicholas said Wednesday that the Board has not yet been able to fill the position of teacher of junior and senior English in the high school.

Actually teachers will begin their work today (Thursday) with a series of conferences and lectures. The faculty will meet at the high school building at 10 a. m. today and at 10:20 the elementary and junior high teachers will meet to hear reports from teachers who attend the reading conferences this summer at Alpine and Canyon. At the same time high school teachers will report to their building for work.

At 2 p. m. today Dr. E. W. Kirelles, head of the Department of Physical Education at Texas Technological College, will give a lecture on the physical education program for all public school grades. The lecture will be followed by a question and answer session conducted by Dr. Kirelles. The session is for all teachers of the system.

Friday morning at 8 a breakfast for the entire faculty will be served in the high school cafeteria. At 10 a. m. Friday Mr. C. G. Gray, director of the guidance program of the Lubbock Schools will talk to high school and junior high teachers about the home room and guidance program. Elementary teachers will report to their building for work.

At 1:30 Friday all teachers will report to their respective buildings to complete work for the beginning of school.

Classifieds Get Results, Dr. Says

"Those classified ads really work fast," Dr. B. A. Simmons told The Beacon last Thursday. "We advertised some furniture and sold almost \$200 worth by noon today," he said.

Dr. and Mrs. Simmons moved this week to Dallas where he will practice.

Guests in the D. E. Chesshir home over the weekend were Mr. and Mrs. B. C. Gonce and son of Amarillo.

Mrs. Bruce Lynn, her mother, Mrs. Sam Gilbreath of Plainview, and Sammy Lee Gilbreath returned home Friday after spending the past week in Grand Prairie. Mr. and Mrs. J. C. Summers and Rose accompanied them home.

OFFICIALS COMPLETE PLANS FOR FAIR SEPT. 12-13-14

Officials and directors of the Floyd County Fair Association have been working hard the past few weeks, and plans are now almost complete for the fair which is set for September 12, 13 and 14 at the Fair Building in Lockney.

Panhandle Will Build Another Warehouse Here

Dirt moving started this week in preparation for the construction of a fourth cotton warehouse here for Panhandle Compress & Warehouse Co. The warehouse will be built on their property at the west edge of Lockney, south of the Santa Fe tracks, according to Frank Hawkins, local manager.

The new warehouse will be 312½ feet by 160 feet in size, which is approximately 50,000 square feet. It will have a capacity of 7,500 bales of cotton and when it is finished the company will have a total capacity here of 22,500 bales of cotton.

Construction is expected to be completed by October 15. The building will be of sheet iron with an asphalt floor.

Board Adopts Budget Monday

The board of education of the Lockney Independent School District adopted their annual budget Monday evening, hired a cafeteria worker and attended to other minor matters.

The budget totals \$297,667.53, and is some \$8,000 less than the budget for the previous year. The reduction is due to the increase in building repair in last year's budget resulting to the school fire, Supt. H. H. Nicholas said.

Expenses as listed in the budget are as follows:

- Administration, \$21,708.00.
- Instruction (white) \$175,209.00.
- Instruction (colored) \$10,832.00.
- Other school services \$28,237.00.
- Operation of plant \$19,080.00.
- Maintenance of plant \$5,000.00.
- Fixed charges \$4,000.00.
- Capital outlay \$6,601.58.
- Debt service \$27,000.00.

Expected receipts will come from the following sources, Mr. Nicholas said:

- Federal funds, \$3700.00.
- State funds, \$180,010.45.
- County funds, \$1957.08.
- Local funds, \$76,000.00.
- Local bond fund, \$36,000.00.

A detailed copy of the budget is on file in the local school tax office, the Superintendent said, and available for examination by anyone interested.

Mrs. Mary Simmons was employed by the board as a cafeteria worker replacing Mrs. B. A. Cunyus, who resigned.

The board set the days for school closing along with the holidays for the year and other special dates.

Thanksgiving Holidays will be observed November 28 and 29 this year. School will dismiss at the close of school on December 20 and resume classes on January 2nd for the Christmas holidays.

Friday, March 7 will be a holiday due to the Texas State Teachers Association meeting. Easter holidays will be Friday, April 4 and Monday, April 7.

The first semester closes on January 17, and the second semester begins on January 20. Close of school is set for May 27.

Public Schools week will be observed this year March 3 to 8th.

Fair Catalogues Out

The fair catalogue was delivered the past week end to fair officials. Some 1400 copies were turned out in the printing shops at The Beacon and Hesperian. The catalogue is larger this year, has a bright red cover printed in black and yellow. The catalogue is 85 pages excluding index and cover. These catalogues may be secured at the county agent's office or the Farm Bureau office in Floydada or at stores in Lockney and Floydada. The Beacon office has a supply on hand for anyone who wants one.

The fair officials will meet again on Sept. 9th at which time the department superintendents are asked to be present. A work day at the fair building is set for Thursday, Sept. 5th, making preparations for the fair.

Twenty-one directors were present for the Tuesday night meeting.

Mr. and Mrs. Buddy Spradlin and Larry of Garland visited here last weekend with his parents, Mr. and Mrs. E. E. Spradlin.

Minute Editorials

I, even I, am He that blotteth out thy transgressions for mine own sake, and will not remember thy sins. — Isaiah 43:25.

SCHOOL TIME again. Some are glad and some are sorry. Most of the students are ready for extra-curricular activities, band, recess, football, class meetings, but some are not ready to take on those class periods again. Teachers? Well they're not saying much but we're presuming that some are dreading hitting the old grind. Most mamas also look with some misgiving on that deadline in getting junior off to school. But school, all in all, is good for all of us, pupils, teachers, parents, so we might as well welcome it with open arms and enjoy it while we can.

AS GOOD AS IT IS, however, we're agin that 11 or 12 month school proposition. Maybe we are set in our ways but we can't see the merit in a 12-month school term. We're thinking maybe the kids would get so worn out attending classes that they wouldn't learn as much in 12 months as they do in nine months now. And think of being a school teacher 12 months of the year. We're in favor of the status quo.

SEEMS TO US the vegetable business is definitely established in this community. The Lockney Vegetable Growers Association is growing every week. M. W. Wiley & Associates are handling more produce than any other local shed and Trautmann Bros. seem well satisfied with their operations here this year. Other vegetable packers are reportedly ready to come in if they can find suitable locations. It is in the interest of all that we do everything we can to help those who are here and those who want to come in. Seems to us farmers are more inclined to get in to the vegetable growing business. Sometimes you make lots of money, sometimes you don't but in the long run it seems to be a lucrative business. The Valley is wearing out and drying out, they tell us. Vegetable packers are looking for new territory. Lockney is getting lots of good publicity this year — and the local produce is good. It is among the best and better than a lot. If

PRESS FREEDOM

We are beginning to realize more and more that the so-called "civil rights" bill is and is an insidious thing indeed. Not only would it have denied our citizens a trial by jury, now it comes out that it would also deny the press its freedom of information and freedom of publishing that information.

The Walter Amendment to the bill would "make all proceedings of the Department of Justice secret, and would subject any revelation or use of such material to a penalty of a year in jail or a \$1,000 fine."

It wouldn't matter whether a person had been justly imprisoned, should a newspaper come to his defense, you can well see what would happen to that editor.

Bascom N. Timmons, Amarillo Daily News Washington correspondent, reported in his column last Monday, "Since World War II government censorship of news has been on the increase. It has reached the point where Abe McGreggor Goff, general counsel of the Post-office Department, openly declared at an Appropriations Committee hearing that he thought the public was receiving more departmental information than it was entitled to."

Many members of Congress have a secret sympathy with Goff's opinion which probably accounts for the failure of any defender of the Constitution in either House or Senate to condemn the Walter amendment.

Readers must keep ever in mind that the first step toward dictatorship is censoring the press, regardless of how remote, and the second step is elected and appointed officials holding secret meetings to conduct government affairs. — Cecil Waggoner in Claude News.

RESEARCH STATION MIGHT HELP SOLVE PROBLEM OF TOPPLING GRAIN SUPPORTS

A new organization, the High Plains Research Station, has come into existence. Its birth was recorded in 1956 without fanfare, though its inception was unique; according to modern ideas.

The research station, as we understand it, spurns government aid and tax money and preferring, instead, to operate on donations and free of government red tape. The announced object of the research center, to say the least, is wrapped up in the sole idea of helping farmers produce more with the same amount of land, water and at the same expense.

While water depletion is on the minds of all residents of the area, appearance of the research foundation is indeed timely. Most people will also grant that "it could make the difference" five, 10, 25 years

from now. Soil depletion is an equally important factor, though possibly not so timely at the present.

Among other things, the research station proposes to study new crops for the area; crops which might profitably replace some of those of the present day. Sponsors will, of course, study yields and methods, along with proper fertilization, in an effort to produce "more" with the same expenditure of water, soil and other resources.

Information of this type in the past would have meant literally millions of dollars in profits to farmers of the High Plains area, especially as the vegetable industry developed in the Hereford territory. And today, some people still contend that the "right crop" still remains to be uncovered.

All in all, the research foundation sounds like a project which the territory has needed for a long time. It has been sought on a state and federal level, only to be discarded by administrators. Whether the present station is the answer, only time will tell.

It does seem worthy of serious study and consideration, however. Every progressive farmer, interested in his future and his pocketbook, would do well to investigate it thoroughly and, if it merits his approval, to support it to the best of his ability—especially in these times when he faces the probability of even lower grain sorghum price supports on the area's base commodity. —Hereford Brand.

CROSS ROADS REPORT

Dear Editor:

Some of my over-privileged neighbors are not at coffee here these mornings. They are out chasing fish, running speed traps, exploring detours, and otherwise recreating themselves.

When I was young and prime I followed this custom also, going up and down the tourist trails, viewing the odd dress of mannerisms of the creatures you meet on same.

But I guess time has caught up with me. I can't bounce any more in a mere fifty weeks from the physical and financial impact of a two weeks vacation tour.

Fortenberry Reunion Held In Clovis

Descendants of the late Mr. and Mrs. J. C. Fortenberry of Cedar Hill community held their sixth annual reunion at the IOOF Hall in Clovis, New Mexico, Sunday.

Immediate brothers and sisters present were Jack and Hugh Fortenberry of Adrian; Mrs. C. V. Lemons, Mrs. J. R. Kelly, Mrs. Mae Taylor and Tom Fortenberry, all of Lockney; and Joe Fortenberry of Carlsbad, New Mexico.

Officials who served the past year were re-elected for the following term. They are Joe Fortenberry, president; Mary Dorris, secretary; Donald Fortenberry and Norma Dean Welch, historians.

Jake Fortenberry gave the devotional and several duets and solos were enjoyed along with group singing. The Rebekahs served a delicious covered luncheon at noon.

James K. Broseh Takes Miss Tinsley As Bride Thursday

A garden setting in the R. H. Tinsley home Thursday evening, August 22, was the scene for the wedding of Miss Juanita Tinsley and James K. Broseh.

Parents of the couple are Mr. and Mrs. R. H. Tinsley and Mr. and Mrs. Floyd Broseh of Electra.

Pre-nuptial piano selections were offered by Mrs. Victor Lyon of Aledo. She accompanied Joe Reeves as he sang "Always" and "I Love You Truly."

Rev. H. H. Segoe of the Lone Star Baptist Church read the double ring ceremony at 7 p. m.

Large palms flanked the immediate setting created by two large baskets of white gladioli and pink mums. Tropical foliage backed the scene and aisles were marked with pink satin columns tied with the same.

Miss Cleona Graves attended the bride as maid of honor. She was attired in pink net and lace over taffeta. The strapless bodice stemmed to a full, gathered skirt, ballerina length. She carried a nosegay of pink carnations against a white background.

Ray Broseh was his brother's best man.

Mr. Tinsley gave his daughter in marriage. She chose white nylon and lace over taffeta for her wedding. The fitted bodice featured a scoop neckline and she wore elbow-length mitts of matching material. Three lace tiers topped the full, ballerina-length skirt.

Her waist length veil fell from a tiara dotted with rhinestones and sequins. Her bridal bouquet, carried atop a white Bible, was white gardenias bedded in feathered carnations showered with white streamers tied in love knots.

For something old, the bride wore a brooch belonging to her grandmother, new was her wedding attire; she carried a white linen handkerchief belonging to Mrs. Lewis Willis.

A reception immediately followed the ceremony in the Tinsley home. White linen covered the serving table; it was centered with four pink candles placed amid an arrangement of pink gladioli. Guests were served from a three-tier wedding cake and silver punch service. Assisting with the house party were Miss Beverly Downe of Justin, Margaret Stuart of Lubbock and Mrs. Lewis Willis.

Mrs. Broseh completed two years at Wayland College and has been employed in Lockney by the First National and Cooper Insurance. Mr. Broseh earned his degree at Midwestern University in Wichita Falls and was an agriculture instructor at Gustine last year. The couple is now at home in Winthorst where he will teach agriculture in the high school this fall.

For a short honeymoon to New Mexico, the bride chose navy cotton and nylon. They returned August 25.

Out-of-town guests included Mr. and Mrs. W. T. Downe of Fort Worth; Mr. and Mrs. T. R. Tinsley and Bob, Stamford; Mr. and Mrs. Floyd Broseh and Ray, Electra; Mrs. G. R. Street, Mrs. Raymond Spurlock and Mrs. Raymond Cline, Plainview; H. P. Downe of Fort Worth; Tressie Thompson of Lubbock.

Virginia Dare, first child of English parents in the New World, was born at Roanoke, Va., in August, 1587.

Classmates Fete Bride-Elect With Shower Tuesday

Classmates of Miss Patsy Harston feted her with a bridal shower from 2 to 5 Tuesday afternoon in the Les Ferguson home. She is the bride-elect of Elmo Fortenberry.

A miniature bride and groom placed on a revolving reflector amid pink sweet peas and fern centered the serving table. Pink tapers in crystal holders flanked the center arrangement.

Focal point was a set of streamers bearing names of the betrothed couple.

Ecu lace covered the table from which guests were served punch, cookie thins and open sandwiches. Lawuana Taylor, Wetia Kent and Debra Ferguson assisted in serving.

Cut-flower arrangements of mums and roses were used at focal points throughout the home.

The hostess list included Misses Lawuana Taylor, Wetia Kent, Ann Griffith, Janice Hays, Elaine Cooper, Nedra McQueen, Mary Catlin, Linda Durham, Debra Ferguson and Mrs. Sue Casey. Their gift to the honoree was an electric coffee percolator.

Coffee Is Given Tuesday Morning

Members of the Pollyanna Club were hostesses Tuesday morning for a coffee in honor of Mrs. Dickie Smith in the J. D. Wood home. A pink and blue theme heralded the forthcoming blessed event.

Mrs. Alfred Smith of Pampa registered guests from 9 to 11 a. m. They were served frosted grapes, spiced cookies and tea or coffee from a serving table covered with natural linen. Centering the setting was a miniature wishing well and a pink rosebud arrangement.

Presiding over the gift rooms was Mrs. Bill Hammond.

Approximately 40 guests registered or sent gifts.

The hostess list included Mrs. Bill Smith Jr. of Plainview, Valca Thomas, W. R. Darnell, Joe Parrish, O. C. Allison, Lloyd Wofford, Owen Thornton, Leon Wofford, Lester Carter, Clark Harris, Ernest Tannahill, Cleatis Jeffcoat and J. D. Wood.

RETURN FROM TRIP
Mr. and Mrs. Henry Ford and Mr. and Mrs. Dudley Rainey of Newcastle returned recently from a two week vacation tour. They visited with Mr. Ford's sister, Mrs. Zuna Luster in Riverton, Wyoming, before going on to Yellowstone National Park. They then traveled through Wyoming and Montana and toured Glacier National Park in that state. In Canada they toured parts of Alberta and British Columbia provinces, returning home through Idaho, Washington, Utah, Colorado and New Mexico.

Dishes which were left at the Thomas home prior to the Parker funeral can be picked up at the Baptist Church.

LACKEY REUNION

Descendants of the late Mr. and Mrs. J. C. Lackey who lived in the Cedar Hill community gathered in the Plainview Park Sunday afternoon. The occasion was in honor of a granddaughter, Mrs. Larry Larson, her husband and twin daughters who live in South Dakota. A picnic supper was enjoyed by about seventy relatives.

County Survey Polio Victims Is Announced

A countywide survey to discover the current rehabilitation needs of all post-polio patients will be conducted by the Floyd County Chapter of the National Foundation for Infantile Paralysis, Barry Barker, chapter chairman, announced this week.

The local survey is part of a nationwide project by the National Foundation to compile a roster of polio cases of all ages and degree of disability, regardless of date of onset. The canvass here is to be completed by Sept. 10.

"Modern medicine has made impressive strides in developing new rehabilitation techniques in recent years," Mr. Barker said. "Pilot surveys already undertaken show that there are thousands of polio-handicapped in the United States who have not yet had an opportunity for medical evaluation to determine if they might benefit from these new techniques."

"Some of the techniques employed today for those disabled by polio and other causes were unknown or unused as recently as 10 or even five years ago."

"The March of Dimes organization, having scored a tremendous victory in its war on polio, does not now propose to walk off and leave the wounded behind, so long as help for them is possible. We wish to find everyone who has had polio, whether paralytic or non-paralytic. We want to know what their special problems may be, so that they may be helped to regain useful lives, if humanly possible, even though it will take a considerable period of time."

Mr. Barker said that the roster was to be made in close cooperation with the County Medical Society and member physicians, The Department of Public Welfare, Office of Vocational Rehabilitation, State Crippled Children's Service and county school systems also will

Dear Editor:
Considerable harping at some levels these days on what is called "academic freedom" and there is a question in the minds of some of us country folks as to just what this means.

Best I can tell from the bickering, though, academic freedom refers to a school teacher's right to teach kids his way, whether parents like it or not.

Like, say, you hire a teacher to instruct your cub in piano playing, and you are an enemy of academic freedom if you bellyache about it if this teacher feels like turning you out a piccolo player instead.

cooperate.

Information sought for each patient includes whether he is employed or attends school, if he can climb stairs and dress himself, whether he receives regular treatment and if he uses a respiratory aid. Information gained will be helpful to all such agencies and organi-

zations.
Mr. Barker asked that all persons who have had polio—whether disabled or not—secure a blank to be filled out at The Lockney Beacon office and return the blank not later than Sept. 10.

MRS. THOMAS DWIGHT PERKINS

Perkins Are At Home In Norman Following Late Summer Wedding

Mr. and Mrs. Thomas Dwight Perkins are at home in Norman, Oklahoma, following their late summer wedding in the First Baptist Church of Madill, Oklahoma, August 18. The bride is the former Miss Beverly Lou Baldwin of that city.

The Reverend H. E. Alsop read double ring vows at 4 p. m. before a background of candleabra and torchieres. Four baskets of giant mums and palms flanked the decorated arch. Pews were marked with white satin ribbon and glad-toll.

Mrs. Zelma Whiting of Madill, organist, played pre-nuptial selections, "Because" by Guy D'Hardelot, "Ganzone Americana" by Nevin, "At Dawning" by Cadman, and "Ava Maria" by Schubert. She accompanied Miss Nancy Holland of Ada who sang "I Love You Truly" by Bond and "The Lord's Prayer" by Malotte.

Maid of honor was Miss Jeanne Reeder of Oklahoma City and the bridesmaids, Mrs. Basil Marhofer, Ness City, Kansas, Miss Anita Henry, Ada, Mrs. Bill Don Baker, Elmore City, Okla., and Miss Mella Terrell, Paris, Texas.

The bridal attendants wore waltz-length dresses of coral antique taffeta. The empire bodices featured scoop necklines and stemmed into the flared skirts featuring back insets of finely pleated taffeta. Their matching velvet hats had circular veils sprinkled with rhinestones and they carried cascade bouquets of pom pom mums interspersed with coral ribbons matching their dresses.

Franklin Terry Perkins of Houston served his twin brother as best man. Ushering were Lewis L. Ferguson, Ponca City, Okla., Lyndon Boyer, Norman, James E. Viccia, New York City, Robert L. Bryson, Jr., Norman.

Given in marriage by her father, the bride was attired in a dress of white chantilly lace and tulle over taffeta. The basque figurine bodice of frosted lace was defined with a scalloped portrait neckline and fastened down the back with tiny covered buttons. The long lace sleeves tapered to petal points over her hands. A bouffant skirt composed of layers of misty tulle swept into a formal court train. Her veil of imported illusion fell from a scalloped lace contour crown

casading to misty tiers beyond her fingertips. She carried a stephanotis bouquet centered with a white orchid.

Parents of the couple are Mr. and Mrs. W. J. Baldwin of Madill and Mr. and Mrs. Frank Perkins, Lockney.

Mrs. Baldwin chose mauve lace and tulle over taffeta for her daughter's wedding and accessories of matching colors. Mrs. Perkins wore blue taffeta applied with medallions and matching accessories. Their corsages were white orchids.

Reception
A reception was given immediately following in the church parlors.

White satin beneath a green net overskirt covered the serving table which stood before a background of baskets of giant white mums and palms. The center floral arrangement was of white gladioli and carnations in teardrop design. Assisting with the houseparty were Meses. Edward R. Sturm, Dale DePue and Charles Butler, all of Oklahoma City, Mrs. John Elmore, Healdton, Okla., Mrs. Gene Howard, Tulsa, and Miss Nancy Jean Baldwin, Bonham, Texas.

A wedding trip to Lake Louise and Banff, Canada, was planned. Mrs. Perkins wore brown Italian silk and cotton for traveling. The sheath dress featured an Eton stripe crop jacket in taupe trimmed with brown velvet. Her corsage, a white orchid, was from her bridal bouquet.

The Perkins residence in Norman is 903 South Jenkins.

HANDLEY BOY IMPROVING

J. D. Handley is rapidly improving at this time after undergoing a delicate ear operation in Lubbock recently in an effort to restore his hearing. He is the son of Mr. and Mrs. Joe Handley. The success of the operation is as yet unknown.

HERE FROM AUSTIN

Mrs. Douglas Degge and children returned to their home in Austin Sunday after spending the week here with her mother, Mrs. Floyd Huff, and other relatives. Mrs. L. J. Witkowski and sons of Canyon were guests in the Huff home Friday.

Away from it all

Would you like to be able to go to a retreat like this when you are worried—a place where you could be alone with your thoughts—a place where you could untangle your problems?

If you would, then you are like most people. Everyone needs a retreat, at moments. And everyone has one! It isn't a mountain cabin or a seaside cottage—but it is a place far better suited to prayer and contemplation, a place to sort out old errors and make new resolutions. It is your church.

Let your church be your sanctuary. Go to it when you are troubled. You will find within its walls your moment of peace, and you will walk out into the street again far better able to make the most of your life.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

RASPBERRY JAM

Capture the sparkle and summertime flavor of ripe red raspberries in an easy-to-make jam. For 3 1/4 cups of crushed raspberries, use 7 cups of sugar and a tablespoon of lemon juice. Let this mixture stand 10 minutes. Combine one package powdered fruit pectin and one cup water in a preserving kettle, stirring until smooth. Then

place on the top burner of your range. Bring quickly to a full rolling boil, and boil for one minute. Remove from heat. Add the fruit and sugar mixture. Stir for 3 minutes. Pour into sterilized jelly glasses and let stand about 30 minutes. Cover with lids and freeze until ready to use. Makes ten 6-ounce glasses of jam.

Barker Named Polio Chairman, Patterson Is Drive Chairman

Barry Barker of Lockney was elected chairman of the Floyd County Polio Chapter and Dillon Patterson of Lockney was named county drive chairman for the 1958 March of Dimes in a meeting of members of the chapter at The Beacon office in Lockney last Friday afternoon.

Barker has been an officer of the chapter for several years and has served the past two years as drive chairman. He has led the county to reach a high goal in March of Dimes contributions for the past two years.

Patterson is local manager of the Pioneer Natural Gas Co. He is active in civic work and is a member of the Lockney Lions Club. A co-chairman will be selected at Floydada to help him organize the county for the March of Dimes in January.

Other officers elected were Frank Sharman of Floydada, vice-chairman; Joe Willson, Lockney, secretary; Jimmy Willson, Jr., Floydada, treasurer; Mrs. M. E. Shipp, Lockney and Mrs. Bob Collier, Floydada, women's division; Dr. W. J. Mangold, Lockney, and Dr. George Smith, Floydada, medical advisors; Edgar R. Hays, Kelton Shaw, Gene Bloys, Billy Henry, Glen Amburn, Ed Wester, members of the executive committee; Kenneth Rimmer, Floydada, director of publicity.

The chapter voted to take a survey of the county locating all victims of polio and making a list of them to be furnished to the national chapter. A number of bills for treatment of county polio patients were approved for payment.

"Sharpie" Goes To A Lot Of Trouble For \$20

A smooth operator went to a lot of trouble here over the weekend for \$20.00. But he got away with \$600 in hot check profits over the entire Panhandle and officers are looking for him now.

The man, his wife and three daughters, age 8, 15 and 16, came into the V&J Cafe here Saturday evening and ate supper. In conversation with Proprietor Jack Sims, the man expressed an interest in buying the cafe, commented on how busy the place was and even stayed late Saturday night to help clean up after closing hours. An agreement was reached on the purchase of the cafe and he gave Sims a check for \$1500 on a West Virginia bank. Later he said he needed some pocket change and asked Sims to cash a check for \$20 for him and Sims complied with his request.

The man and his family spent all day Sunday here and again Sunday night stayed late and helped to clean up after closing. He was to have taken over the cafe Monday morning.

But Monday the man disappeared and left his wife and children stranded in Amarillo. They claimed to know nothing of his whereabouts. The wife told officers that she had been

re-united with her husband last week in Baltimore. She had not seen him for three years prior to that time. Officers say that he is an ex-convict and has served time for forgery and theft.

The name he signed to the local checks was O. J. Prickett but his real name is unknown here.

He cashed a series of hot checks in Amarillo totaling nearly \$600 and had cashed a number of others while traveling to Amarillo from Baltimore, his wife told officers.

M. L. Brewer Named Director Ag Teachers Ass'n

M. L. Brewer, teacher of Vocational Agriculture in the Lockney Public Schools was elected to the board of directors of the Texas Vocational Agriculture Teachers Association at its summer conference held at the Rice Hotel in Houston, August 12-16. He was elected to a two-year term on the board to represent Area I in the association.

Mr. Brewer has taught vocational agriculture for seven years in Lockney and has been a member of the statewide association ever since he started teaching.

Among his other interests he is a member of the Lockney Lions Club, of which he is immediate past president, the

Floyd County division of the Texas State Teachers Association and the First Baptist Church. He is married to the former Lou Fretwell, and has one daughter, Jan, who is ten years old.

Kelley Hagood Is Killed Wednesday

Kelley L. Hagood, 27-year-old Floydada man and son of Mr. and Mrs. Cecil Hagood, was killed instantly about 2:30 a. m. Wednesday morning near Cone when his car rammed into an empty butane truck.

Hagood was reported to have been enroute to his farm in the Farmer community, Crosby County, when the accident happened. Injured was Harry McDaniel of Petersburg, driver of the truck. He suffered lacerations and bruises.

The car and truck were both demolished in the accident. Hagood was thrown out of the car.

Hagood's body is at Harmon Funeral Home in Floydada. No time for services had been set late Wednesday. His widow and their three children were in Cleveland, Ohio, visiting her parents when notified of the accident. She was due to arrive in Amarillo by plane late Wednesday afternoon.

Survivors include his wife three children, his parents and one brother, Dan, of Floydada.

Durham's Brother Dies At Lubbock

George W. Durham, 44, a retired Army master sergeant and brother to O. E. Durham, local Santa Fe agent, died Saturday afternoon at Reese Air Force Base hospital, Lubbock. Durham was ill only a few hours. His death was attributed to acute pancreatitis.

Funeral services were held Monday at 2:30 p. m. at the Highland Baptist Church in Lubbock. Rev. I. D. Walker and Rev. Gilbert Rhine officiated and burial was in Tech Memorial Park cemetery.

Durham retired from the army after 23 years of service last June. He had made his home in Lubbock since.

Survivors include his wife, three sons, George William, Richard and Rodney, all of the home; his mother, Mrs. Dora Durham of Lubbock; two sisters, Mrs. Clarence Blackburn and Mrs. O. E. Eubank Jr., both of Lubbock; the two brothers, Joe of Lubbock and O. E. of Lockney.

KNOW YOUR SOAP

Dirt uses up soap, which cleanses by surrounding the loosened dirt particles and holding them in suspension for a short time. This makes it important to use enough soap to

maintain lasting suds and know which soaps are best for heavy duty and which mildest for delicate fabrics.

Smith Preach In Revival Here

LeRoy Smith, a former boy, who is now assistant secretary of the Baptist General Convention, will do the preaching in a week revival meeting at the First Baptist here on Sunday, Sept. 15. Smith is the son of J. J. and the late Mrs. Smith, and lived east of Lockney for many years. He was married here and married the late Mrs. Thornton, daughter of Claude Thornton and the late Mrs. Thornton, manager of the Plains Hotel here. Smith has been a religious leader in Baptist work for many years. He is a well known evangelist and a revival preacher. Smith served his last year at Temple Baptist in Ruston, La., which had a membership of more than 2000. He spent eight years as secretary of Evangelism for the Baptist General Convention of Arizona. In addition to his position as associate secretary in Colorado, he is serving as Superintendent of Missions and Secretary of Finance for the Colorado state organization. In the past nine years he has been working a good part of the time in evangelistic work with more than 9,000 addresses to churches where he has been preaching. The revival here will extend through Sunday, Sept. 29 with meetings being held both morning and evening. Preparations for the meeting include a religious census to be made by members of the church in Lockney and the surrounding communities.

PTA Meeting Tuesday Evening

The first Parent-Teacher Association meeting of the school year will be held next Tuesday evening. The meeting will feature a reception for the teachers of the local school at a social hour, it was announced this week. The meeting will begin at 7:30 and be held in the high school auditorium. Invocations will be given by John T. Carter, a member of the school board, and welcome extended by Henry Ford Jr., president of PTA.

Special music will be presented during the program. The introduction of the school year will be made by President Oscar Golden and introduction of the faculty by Superintendent H. Nicholas.

Following the formal meeting the reception will be held in the high school cafeteria. Refreshments of "42" and dominoes will be enjoyed along with the social hour.
