INTEREST PICKS UP IN FIRST DEMOCRATIC PRIMARY JULY 26

Floyd County voters, apparently not much interested in elections earlier this year, are showing increased interest in the first Democratic primary, July 26, just 10 days away. Candidates are bombarding the voters with requests for support, both verbally and with literature of all kinds, and the response indicates that the voter is taking notice now and will probably turn out in good numbers come election day.

County Clerk Margaret Collier said Wednesday that only about 20 absentee ballots had

The Beacon will co-operate with The Hesperian at Floydada and others in gathering returns of the primary election July 26. The big election board will be up on Main Street as usual and the returns posted as fast as they are obtained.

been returned to her office but that she had a large number mailed out and expected the absentee votes to flow in next week. Last day to cast a ballot absentee is Tuesday, July 22.

In this part of the county most interest is in the race for Commissioner, Precinct No. 2 where six candidates are in the running. Incumbent Commissioner Hugh Counts is opposed by Buck Sams, Raymond Martin, Bob Jarrett, Elmer L. Burleson and Ray Canon. It is the largest group of candidates for this office in a good many years.

There are four candidates for Justice of the Peace, Precincts 1 and 4, the office now held by Pat Sterling. His opponents are Ed Griffin, E. H. Boling and Andy Jackson.

Over in Commissioner's Precinct No. 4 Bill McNeill, appointed to the office last year, is opposed by Jimmie Price.

Actually these are the only contested races in the county, none of them being county-wide offices. County Judge J. D. McBrien, District Clerk Mary McPherson, County Clerk Margaret Collier, County Treasurer Troye W. Stansell all are seeking re-election but are unopposed.

The race for State Senator, 30th District, is drawing a lot of attention as Representative Leroy Saul of Kress and former State Senator Karl Lovelady of Muleshoe seek to unseat Senator Andy Rogers of Childress. All candidates are campaigning hard in the big 30th district, with many other individuals and groups taking an interest in the race on one side or the other.

Also drawing considerable interest is the race for State Representative, 89th District, composed of Floyd, Hale, Briscoe and Swisher counties. None of the candidates are office holders since the incumbent, Leroy Saul, is running for State Senator. Each county has a representative in the race as follows: R. Franklin Stovall of Floydada, H. G. Wells of Tullia, Thomas L. Tolliver of Plainview.

Floydada Bank Stock Is Sold, Officers Same

E. L. Norman, president of the First National Bank at Floydada, announced Wednesday that the controlling interests in the bank, owned by Glad Snodgrass and Kinder Farris of Floydada, and J. V. Nelson of Amarillo, had been sold. Purchasers of the stock are listed as Fred Zimmerman Jr., Mark H. Martin, W. S. Poole, Billy Staniforth Jr., Billy Staniforth Sr., E. M. Collins, E. L. Norman, C. H. Bedford, Gene Collins Jr., Harold Elders, all of Floydada, Bill and W. L. Norman of Dougherty, and others.

All present officers of the bank will remain and there will be no change in personnel, Mr. Norman said.

Norman said that immediate attention would be given to construction of a modern banking house and the expansion of the board of directors. Additional shares of stock will be offered Floyd County citizens interested in buying into the bank, Mr. Norman said.

Weed Control Mass Meeting Called Tuesday

The Floyd County Farm Bureau board of directors and the Floyd County Weed Control committee have called a county-wide meeting for Tuesday evening of next week, July 22. Purpose of the meeting is to discuss the control of bindweed and vegetation on all county roads, farm-to-market roads, and highways in the county. The meeting will be held in the district court room in Floydada starting at 8 p.m.

O. L. Crain, district highway engineer of Lubbock, will be present for the meeting. All county officials, county agents, and other officials of the county as well as all farmers and ranchers are urged to be present.

Illness May Be Polio-Encephalitis

Henry Harden, employee of Patterson Grain Co., is in Plainview Hospital under treatment for what physicians believe to be either polio or encephalitis. He is not seriously ill, however, and his condition was improving this week, friends said.

Henry became ill Friday of last week. He was sent to the Plainview Hospital after examination by local physicians. Whatever the nature of the illness, it is believed to be a light case and he should be able to leave the hospital within a week, The Beacon was told.

Onion Demand Steady, Price Still Too Low

The demand for yellow onions is strong this week but whites are weak. The Beacon was told as local packing sheds Wednesday. The price is still too low for farmers, with the market on whites quoted 7s low as \$1.15 per sack. Some yellows have been sold as high as \$1.60, however, and expectations are that the price will be stronger.

At the Lockney Packing Shed the grader has been fairly busy. Crops graded this week include those of Revis Harris, Paul Kropp, Bruce Whitlock, Howard Mosley and Hugh Marble.

Next field to be graded will be Raymond Rucker's, it was said.

At Gateway Produce, crops graded include those of J. R. Belt, Raymond Ford, L. M. Readhimer, John Walker. The early onion crop is about gone. Spanish Sweets will start coming in within a week or 10 days, it was said.

Yield has been only fair thus far, with 300 bags per acre being high. Some fields are running less than 200 bags. Quality is also fair.

The onion harvest will probably last three to four weeks, The Beacon was told.

Cucumbers Starting
The cucumber harvest is getting underway and should really start to roll next week. At the Craddock Food Co. shed in south Lockney, only about 22,000 pounds have been handled thus far but it is still a little early. The shed was open Wednesday and will be open again Friday afternoon at 5 o'clock. Next week they expect to stay open every day.

The "cukes" are averaging above 2 cents per pound. Farmers picking Wednesday included Gerald Sams, Howard Cooper, Ray Sissney and Herman Thornton.

Kermickel Is New Rotary Club President

W. P. Kermickel, local attorney, was installed as president of the Lockney Rotary Club last Friday. Ceremonies were held during the regular noon luncheon meeting of the club.

Other officers installed were Jerry Cooper, vice-president; Henry Ford Jr., secretary-treasurer; and Leroy Durham, sergeant-at-arms.

New directors are Claude Brown, R. M. Olsen and Mondell Mills. Leslie Ferguson, retiring president, is automatically a director.

President Kermickel presented a gift of appreciation to Miss Janice Hays, who served the club as pianist the past year. Miss Debra Ferguson will be the club pianist for the new year.

Edgar R. Hays was the installing officer.

Guests for the event included Mrs. Wilson Kermickel, Mrs. Claude Brown, Mrs. Henry Ford Jr., Paul Barker, all of Lockney; J. M. Collins of Plainview; I. T. Graves and Rex Brown of Floydada.

W. D. Laceywell Buys Champ Gilt

W. D. Laceywell, Chester White swine breeder living west of Lockney, has purchased a registered Chester White gilt which was reserve grand champion gilt at the Fort Worth Exposition and Fat Stock Show last spring.

Laceywell bought the gilt from Harvey Richardson, famed Chester White breeder of Elmore City, Okla. The gilt won first place in the junior gilt class at the Fort Worth show and then went on to win reserve grand champion, Mr. Laceywell said.

Mr. Laceywell has purchased a number of outstanding show animals and is improving his line of Chester Whites each year.

D. D. LANGFORD IMPROVING
D. D. Langford of Lubbock, who suffered a heart attack last week, is reported to be some improved, local friends said.

Farm Bureau Queen Contest Friday Evening

Contestants

CHARLYNE BROWN

GAYLE RUCKER

JANIS WIDENER

JUANELL WOOD

MARISUE BURLESON

FREIDA SMITH

Eight Floyd County young women will vie for the title of Farm Bureau queen in the annual contest set for Friday evening of this week. The Floydada high school auditorium is the setting of the affair. The girls will wear formal dresses.

Entries in the contest include Linda Hammonds, Freida Smith, Charlyne Brown, Gayle Rucker, Juanell Wood, Janis Widener, Sue Flenniken and Marisue Burleson.

Winner in the county contest will be given an expense paid trip to the A&M workshop and the district contest. The state winner will be given a \$500 allowance for expenses to the National Farm Bureau Federation in Boston in December.

The contestants will be required to make a one-minute speech on "Why My Family Should Be A Member of Farm Bureau," at the conclusion of a number of questions asked by the master of ceremonies, Ned Bradley. Some of the questions to be asked are:

How long has your family been in farm bureau?
Is your father or brother actively engaged in agriculture?

What are his major crops?
How much do you help with the farm work?

What is your favorite household duty?
What part of farm work or farm life do you like best?

Do you think you would like to continue living on the farm?
Do you think that agriculture and ranching have an important place in our national economy?

Do you believe that we should build the soil as well as practice soil conservation?
In your particular part of the country, what factor causes most of the soil erosion?

How far along have you gotten in your schooling?
What are your future plans?
If you get to complete your education, in what field do you expect to major?

What part does Farm Bureau play in your community life?
In what way do you think Farm Bureau can best serve your family?

Why are you glad your family belongs to Farm Bureau?
Members of the committee making arrangements for the annual queen contest include: Mrs. David Batley Jr., general chairman; Mrs. Howard Gregory and Mrs. B. A. Robertson, decoration committee; Mrs. Wayne Batley and Mrs. Robert Lee Smith, publicity committee; Mrs. Ewald Quebe, queen

Rehearsals for the queen contest will be held this (Thursday) evening at 7:30 at the Floydada high school auditorium.

Following is a short description of each girl in the contest:

CHARLYNE BROWN, daughter of Mr. and Mrs. Frank Brown of Lockney, is 18 and plans to enter Texas Tech in the fall to major in Home Economics. She was a cheerleader in Lockney High School and likes to cook and sew. Charlyne is sponsored by the Sterley Home Demonstration Club.

Olin Shearer Dies Thursday
Olin T. Shearer, 50, brother of Fred Shearer of Lockney, died at his home in Plainview last Thursday night of a heart attack.

Funeral services were conducted at 10:30 a.m. Saturday at the First Methodist Church, Dr. J. H. Crawford, pastor, officiated. Interment was in Lockney Cemetery.

Mr. Shearer was born August 5, 1907, in Jones County. He and Ava Davies were married at Clovis, N. M., July 30, 1937. The family lived in this county for a time but moved to Plainview in 1946. He was on the police force there for a time but has been employed by the Plainview Mattress Factory for the past several years.

Mr. Shearer was a member of the Silverton Methodist Church. Survivors include his wife, two children, Tommy and Donnie, both at home; one step-daughter, Mrs. Elaine Reed of Wynnewood, Okla.; one step-son, Jess Stallings, Texaco; four brothers, Elbert, Plainview; Ernest, Alpine; Clarence, Vernon; and Fred, Lockney; two sisters, Mrs. Beulah Maddox, Lovington, N. M., and Miss Lillian Shearer, Seminole. Three brothers are deceased.

Methodist Revival Begins Sunday
Revival at the First Methodist Church in Aiken will begin this Sunday with the pastor preaching the first sermon. Rev. H. V. Caraway of Trenton who is scheduled to preach will arrive Monday and preach for the Monday night service. Marvin Marshall of Aiken will lead the singing.

Morning services will begin on Tuesday at 11 a.m. and night services will begin each night at 8:00. Everyone is invited to attend.

Singing At Lone Star
The Third Sunday Singing will be held at the Lone Star Baptist Church, Sunday. It is scheduled to begin at 2 p.m. and everyone is invited to attend.

Free Show At Plains Friday
An added attraction for the big 4-day city-wide July Clearance sale in Lockney this week end is the free show at the Plains Theatre Friday afternoon. Starting at 1:30, the Plains will show a group of cartoons and 2-reel comedies until 5 p.m. In addition balloons and favors will be given the kiddies.

This is no admission charge and everyone is invited to come and see this special show, according to J. B. Seale, manager.

Also on Saturday afternoon the Plains will give one free admission with each paid adult admission. The picture for the Saturday show will be "The Long Haul" starring Victor Mature. This show will also begin at 1:30 p.m.

LOCKNEY MERCHANTS are co-operating in a merchandising effort this week probably as big or bigger than anything staged locally in a good many years. The city-wide July Clearance with all leading merchants participating should prove to the people of the area that their patronage is wanted and appreciated in Lockney. Also we believe that the quality of merchandise sold locally will please those who trade here. The days are gone when a merchant may do nothing but wait for someone to come in and buy. Such course today is a sure way to a slow death from a patronage standpoint. We commend Lockney merchants who are working at the job of attracting business. It's the only means of survival.

WHAT IS the importance of the precinct meetings? Probably most voters have never attended a Democratic precinct meeting and don't know what goes on and the purpose of the meeting. Here is what happens: At the precinct meeting resolutions are adopted to express the desires and policies of the majority of those attending. If they want to condemn the Governor or recommend the repeal of the liquor laws, such is put into the form of a resolution, presented to the body, and, if pass-

ed, goes on to the county convention as the desire of the precinct convention body. Also delegates to the county convention are elected at the precinct convention and these delegates are carefully selected to represent the majority. Thus the precinct sent the ideas and purposes of convention is the only place where a voter can openly express his convictions and desires concerning the Democratic party and its policies.

AT THE COUNTY convention the various delegates from the precinct convention meet and, if there is disagreement as to policies and purposes, then the majority of delegates favoring any certain resolution or idea again have their way and out-vote those opposing. The county convention elects delegates to the state convention and these, of course, are carefully selected to represent the ideals and purposes of the majority at the county convention.

THE FIGHT this year will be between those who favor the regular Democratic party state committee led by those favoring Governor Price Daniel, and the splinter group calling themselves the "Democrats of Texas," or DOTS. Governor Daniel has sought to heal up the split in the Democratic party and bring the forces together to present a united front at the national convention. But the DOTS will have none of that. Apparently they believe that their leader, Mrs. Frankie Randolph, is the only person capable of leading the Democratic Party in Texas and they are out to take over the party machinery. The decision as to who will control the Democratic Party in Texas will be made at the precinct conventions. The question is who will lead the party the next two years—Governor Price Daniel or Mrs. Frankie Randolph. It is as simple as that.

IS IT NECESSARY for an office holder to approve or vote for special privileges for minority groups in order to stay in office? Almost every minority, and most of us are members of a minority group in one way or another, has its pressure groups who seek for that minority group some special privileges legislative-wise or otherwise. Makes us wonder if it's out of date for an office holder to try to be fair to all with special privileges to none. Is it no longer popular to stand for the common good instead of listening and heeding the cries of the pressure group who makes the most noise? Seems that there is a difference between a politician and a statesman there.

THINK TWICE, VOTE CAREFULLY

Recent insurance scandals, along with the bribery conviction of James E. Cox, State Representative of Conroe, should provide considerable food for thought among Texas voters, who have less than 30 days to make up their minds concerning county and state officials for another two to four years.

With the election also comes the question of pay to our office holders. Is the salary high enough to attract and support capable men? This issue is controversial but, during the past six months, we have heard several men decline to seek office on the grounds that they "cannot afford the luxury."

We do not profess to know the reason — or the cure — but we do feel that some general improvement among office holders, especially on the state level, is in order. The first and most important step in this direction will necessitate a careful study of candidates on the part of voters before they cast their ballots.

There is no better time to

start thinking than right now — Hereford Brand.

ECONOMY AT HOME

Economy is good, but it also has its drawbacks, according to a Hereford man who was telling me that his teenage daughter has a deal whereby she buys the groceries for the week — and gets to keep the difference she saves. It is working out fine, except the mother is limited to one coke per day, no cigarettes and the other evening, when pop started to take a second helping of meat, he got his hand gently slapped. I had to promise not to use any names, but I can sure understand how it would happen. (The man says: "We figured it

would be good training for our daughter but, so far, my wife and I seem to have been learning all of the lessons." — Jimmie Gillentine in Hereford Brand.

SPLINTER GROUP

Ever heard of the DOT? Kind of a third-party affair, going under the high-sounding name like Grape-Nuts, which is neither grape nor nuts. Actually should be named L.L.L. Labor, Liberal, Loyalists which they represent. LABOR: that's a good solid bloc of votes they would like to control, and will offer anything for, including unionization of farm labor. LIBERAL: extremely so, and favoring all the word implies. LOYALISTS: to whom, nor the party, as they have created a "house divided." Not the state, as they make no claims of backing any form of states rights. Not to principal, unless it could be to the principal of revenge for Mrs. Frankie Randolph, who spent most of the 1956 state Democratic convention in the cattle barns instead of the air conditioned auditorium. — Happy Herald.

Dear Editor:

I note that many communities have been busy rigging up recreational centers and stuff to keep their kids occupied and out of devilment this summer.

Some places where folks are neglecting their duty in this matter, many of their juveniles won't be able to find anything to do but work.

Which my crusty neighbor says is liable to get them in the habit of being useful and carrying their own weight, and this will make them practically unfit for modern society.

Capt. Phillips Tours Japanese Imperial Palace

As thousands of Japanese citizens made a pilgrimage from all over Japan to Tokyo for just one look into the Imperial Palace grounds through the Gate of Superstition, Capt. Delbert C. Phillips, a Floyd County boy, was on the inside looking out. While in Japan as project officer for the Hickam AFB swim team, Capt. Phillips was offered a once-in-a-lifetime chance to tour the grounds and palace of the Japanese government. All of the 285 acres of the palace grounds were toured except the inner moat where the Emperor and his family actually live.

He was especially impressed by the condition of the buildings, some of which were built in 1457. One of the newest additions to the palace grounds is a new Rolls Royce automobile with the Emperor's emblem in solid gold.

Captain Phillips, son of Mr. and Mrs. B. R. Phillips of the Lone Star Community, will return to Hickam AFB, Honolulu, Hawaii, after completion of the AAU swim try-outs in Japan.

NEW ARRIVAL

Born to Mr. and Mrs. Pepper Martin a baby girl on July 14 at 11:45 a.m. in the Plainview Hospital. She weighed 7 pounds and nine ounces and was named Charlotte Ann. She has one brother, Bruce Wayne who is six. Grandparents are Mr. and Mrs. John Cox of Lockney and Mr. and Mrs. M. A. Martin of Lone Star.

New Senate Hand Aided Democrats

When William A. Blakley was appointed to the U. S. Senate in 1957, he was a political unknown in Texas. But Washington awaited his arrival with great interest. So close was the party balance in the Senate that Blakley's vote was the difference between Democratic and Republican control.

True to his Democratic tradition, Bill Blakley voted with his fellow Democrats. They have been in control ever since.

New Bill Blakley seeks his first elective term in the U. S. Senate. A vote for Blakley is a vote for sound, Democratic government.

VEGETABLE RESEARCH—An organization known as the Texas Hi Plains Council which covers several counties in the High Plains has made a request for Vegetable Research to be conducted by the Lubbock experiment stations.

The members that represent Floyd County on this council are R. R. Ferguson, Floydada, H. L. Moseley, Sterley, R. B. Holt, Muncy, and Gene Probasco. Erick Probasco is also serving as chairman of this council.

This council is planning a series of meetings for bankers, vegetable growers and many other interested people on the research program that is being sought by the council. They will need all of the support they can get to get this program through.

Plans of the meeting will be announced at a later date.

HOME DEMONSTRATION WORK—Miss Phyllis Roggenbroff has taken over the duties as Home Demonstration Agent. She is getting located and many of you ladies might like to come by and meet her.

4-H CLUB WORK—Four boys and four girls will be attending Leadership Camp next Tuesday through Thursday in Lubbock. Each boy and girl will receive training on certain phases of leadership and will be able to use it in the County. The boys attending are James Hale, Harmony, Robert Overstreet, Warren Mitchell, Lockney, and Billy Don Colston, Dougherty. The girls who will attend the 4-H leadership camp are: Dvana Beth Scott and Nelda Jo Ramsey of Harmony, Frieda Smith, Dougherty, and Sue Flenniken of Lakeview.

Floyd County Boundary Case Is Remanded

Austin—The Texas Supreme Court has reversed the tide in a legal battle between two Floyd County neighbors over land boundaries.

The suit arose between W. C. Wisdom, Mars Ratliff and J. H. Widener over title to two small strips of land along the south boundary of Section 71, Block G and the north line of Section 58, Block G. Wisdom claims 1.25 acres and Ratliff claims 1.5 acres also claimed by Widener.

In trial court in Floyd County the boundary was ordered surveyed and the line established. The effect of the line was to give Widener part of the land claimed by his neighbors.

The high court has now reversed this boundary line and remanded the case to the trial court for further proceedings.

The action came on an appeal by Wisdom from both the trial court and a court of civil appeals decision affirming the lower court.

The county surveyor was the only witness offered at the trial as to the correct boundary line. He said that he set up two different boundary lines in 1953 and 1954. The trial court accepted neither but chose, instead, to effect a new one by projecting a line from the east and west ends of the different boundaries.

In effect, this was a new boundary that "split the difference" between the opposing claims of Ratliff and Wisdom on the one hand and Wisdom on the other. This was an error, the high court ruled.

Child Recovering From Dog Bites

Ralph Edward Langley, four-year-old Plainview boy who was badly mauled and bitten by a Great Dane dog last Saturday, is recovering satisfactorily in Plainview Medical Center. The incident occurred on the Neal Langley place in the Liberty Community, east of Lockney.

The boy was visiting his uncle, owner of the dog, and reportedly tried to put his arm around the big dog when the dog turned on him and attacked him. One of the child's ears was mangled, one eye was injured and he suffered other cuts about the face and head. The ear was almost torn from his head, it was said.

The child was given emergency treatment at the Lockney General Hospital and later transferred to Plainview for further treatment. He is the son of Mr. and Mrs. Ralph Langley of Plainview.

The dog is being held for observation. It is not ordinarily vicious, the owner said.

"Work Break" For Farmers Help To Prevent Accidents

College Station—A "break" in morning and afternoon work hours is as important to farmers as to city workers, according to the Texas Farm and Ranch Safety Council.

In fact, these "breaks" in work routine can prove especially important in this day of farm mechanization because they reduce the possibility of accidental deaths and injuries and improve work efficiency as well.

The farmers who just can't spare the 10 or 15 minutes required to get off the tractor, walk around or maybe have a snack of something to drink in mid-morning or mid-afternoon, should be reminded that recent accident studies indicate that the highest percentage of farm accidents occur during the late morning and mid-afternoon hours.

Farm wives can help, too. They can serve as break reminders to their husbands by packing a mid-morning and mid-afternoon snack and taking it to the field.

There is another angle to the work break idea, too. This gives mothers an opportunity to take children to the field to watch their father operate the machines they find so fascinating. This is the safe way of satisfying the children's curiosity and makes a much anticipated event in the daily life of the youngsters.

So, why not follow the advice of the Texas Farm and Ranch Safety Council and take time out for a mid-morning and mid-afternoon break? It can pay off in safety, pleasure and efficiency.

Two Injured In Auto Accidents

A car driven by Carlos Arellano of near Lockney, went out of control and overturned on U. S. Highway 70, two miles east of Aiken early Sunday morning. The car turned over twice. Arellano is under treatment at Lockney General Hospital for injuries, not believed to be serious. Another passenger, Venancio Salazar, was thrown from the car but not injured. The car, a Dodge, was badly damaged.

A car driven by Randall King, 17, of Amarillo, collided with a tree two miles west of Aiken on Highway 70 Monday morning. The driver apparently went to sleep while driving.

A 1956 Chevrolet driven by Harmon Handley of Lockney struck an old model car driven by a colored man when the colored man started to cross the highway in east edge of Plainview Tuesday morning of last week. No one was injured but the Handley car was damaged about \$200.

Dwight Perkins Awarded \$2,820 Ethyl Fellowship

Norman—Thomas Dwight Perkins of Lockney, has been awarded the \$2,820 Ethyl Corporation graduate research fellowship in chemical engineering at The University of Oklahoma for the 1958-59 academic year.

Perkins, 29, is working on his doctor of philosophy degree. He received a bachelor of science degree from Texas Tech in 1949, the master of science degree in chemical engineering at OU in 1956, and was a special instructor in the OU chemical engineering school during the 1957-58 school year.

Perkins will do his doctoral research work on "the effect of solid state dislocations on catalytic activity, a challenging and interesting area for exploration," he said.

Dwight is the son of Mr. and Mrs. Frank Perkins of Lockney. He is a 1947 graduate of Lockney High, received his B. S. degree from Texas Tech and served four years in the U. S. Navy. He has won a number of other scholarships.

Mr. and Mrs. Lavon Johnson, Judy Mary, and Jerry, and Mr. and Mrs. Melvin Cooper and Wayne left Monday morning for a two weeks trip to Antelope, Colorado.

Mr. and Mrs. C. L. Record and Donna Lyn, Mr. and Mrs. G. E. Tannahill and Johnny, Mr. and Mrs. Clark Harris, Ronnie and Carolyn, Ike Johnson, Rita and Tommy and Sam Roach spent last week fishing Cox, the honoree and the hosts.

Sure-footed Man Serves Texas

The colorful language of the ranch and trail seems to fit Bill Blakley, who made his start in life as a working cowboy. He still rides and ropes with the hands on his ranch at roundup time.

Speaking of Blakley's service as U. S. Senator in 1957, the Dallas News said: "... If he was as unassuming as an old boot, it was nevertheless a well polished boot that never wobbled or wandered from its purposeful path. For this man Blakley is a sure-footed man who knows exactly where he stands and what he believes."

Texans will vote to return William A. Blakley to the Senate on July 26 because he truly represents the spirit, traditions and views of all Texas.

Jerry Holmes In Jet Training

Jerry D. Holmes of Lockney is among the 14 Texas Tech Air Force ROTC cadets taking a four weeks summer camp training at Williams AFB, Arizona.

Learning to exist in 112-degree desert heat and flying in jets on gunnery missions are a part of the routine for the group. All the cadets have completed two jet training flights with Air Force pilots at the fighter base as part of their summer training. They will be senior AF ROTC cadets at Texas Tech next fall.

Commanded by Lt. Col. Edwin L. Heller, veteran World War II and Korean Conflict ace, the cadets have also experienced ejection seat rides and altitude chamber "flights" in addition to the usual classroom work and rigid inspections at Williams AFB.

After completing the senior year of academic and AF ROTC work at Tech next spring, the cadets will be commissioned as second lieutenants in the U. S. Air Force Reserve. They will serve three or five years active duty tours, depending on the type of assignment they have requested.

Intermediates Go To Camp

The Intermediate G.A.'s and R.A.'s of the First Baptist Church are spending this week at the Plains Baptist Assembly in a camp for their age group.

Those who attended the Girl's Auxiliary camp Monday through Wednesday noon were Dixie Ford, Judy Holt, Ann Brewer, and Kathy Potts. They were sponsored by Miss Jovonne Taylor.

Those who are attending the Royal Ambassador's camp, which began Wednesday afternoon and will end Friday noon, are Alvin Vernon, Ricky Collins, Derrel Kent, Warren Mitchell, H. Young and Bennie Crank. They are sponsored by Rev. Charles Broadhurst.

CARD OF THANKS

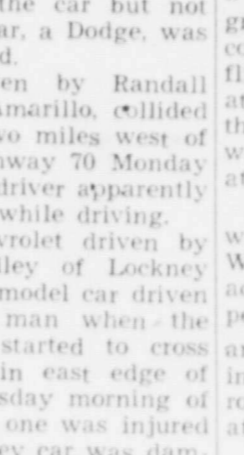

I would like to express my sincere thanks and appreciation to all of my friends who visited me, sent flowers, cards or gifts during my stay in the hospital. I especially want to thank Dr. and Mrs. Crum, the nurses, and the entire hospital staff for their consideration, kindness and thoughtfulness.

Sand Hill News

By Mrs. James Jeffress
A good slow rain would be greatly appreciated this week as the row crops are beginning to need a drink. Quite a few have mentioned starting the wells this week. A sprinkle fell Saturday night, after the dust storm.
The fields are full of cotton blooms and many bolls have

been reported. A few insects have been spotted in fields of cotton such as boll worms, so probably some will start spraying this week.
Mrs. Ann Ferguson was hostess to a Stanley party in her home Tuesday afternoon. Stanley games were enjoyed during the afternoon. Mrs. James Jeffress was lucky lady. Mrs. Estelle Copeland from Plainview was the demonstrator. Refresh-

ments were served to Mmes. Rafe Ferguson, Spencer Hatley, Leon Ferguson, Hammonds, Pontor Finley, W. S. Ferguson, James Jeffress and Grandmother Finley.
We are sorry to report Mrs. Edward Baird is back in the Lockney General Hospital, but her condition was reported as improving Monday afternoon. We hope she can be home with her family very soon. She was hospitalized Monday with pneumonia.

Mrs. W. R. Billington underwent major surgery Saturday morning at Lockney General Hospital. Mrs. Billington was in the operating room five hours, but her condition is some improved at this time.
Billie Gail Holmes left Saturday for a few days visit in cool Colorado. She will be visiting Richard Graves and his sister while there. She made the trip with Mrs. Graves from Floydada. They will return Friday.

Sunday dinner guests in the home of Mr. and Mrs. Jim Holmes were her daughter, Mr. and Mrs. Johnny Stokes and family from Crane, and Mr. and Mrs. James Jeffress and family. Grandmother Holmes is still visiting them this week.
All R.A.'s planning to attend camp, remember they will leave July 23rd so have your equipment ready to leave about noon.
The G.A. girls left Monday at noon to spend three days at

the Baptist Encampment. Mrs. Bill Rowland accompanied the girls. Those attending were Beverly Jeffress, Mary Starkey, Norma Sue Hollums, Linda and Kathy Rowland, Wanda Coffee and Lois Donaghue.
Mr. and Mrs. Johnny Stokes and family from Crane spent Saturday night visiting in the home of her cousin, Mr. and Mrs. James Jeffress and family.
The R.A.'s met Friday night at the church. From the looks of that meeting the boys need

to have a membership. Those present were Gary Coffee, Cecil Jackson, Jeffress and Bill Rowland. The next meeting will be this time.
The Sand Hill Baptist is presenting a Study Bible beginning Monday. Everyone is extended invitation to attend.

...fields white to harvest

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	John	4	31-38
Monday	Matthew	9	35-38
Tuesday	Luke	10	1-9
Wednesday	John	15	1-8
Thursday	John	15	16-17
Friday	John	4	19-24
Saturday	Matthew	28	18-20

Jesus had that piercing perception of spiritual opportunity!

Others saw teeming cities and quiet villages. He saw fields white to harvest. People were not simply people—they were souls to be brought to God.

It is a mistake to think of our churches as institutions. It is inaccurate to measure their strength by the size of buildings, or the number of members on the roll.

The strength of any church is its outreach. Constantly it seeks to win souls. And as it wins them, it enriches lives! It inspires men and women, boys and girls, with the same intense eagerness to win still others to the Christian faith.

The fields are white to harvest . . . with souls like yours and mine!

McLaughlin - Reynolds Vows Pledged In Twin Ring Service

In a double ring ceremony read at 7 o'clock Thursday evening in the sanctuary of the First Baptist Church, Miss Maebeth McLaughlin became the bride of Jim Bob Reynolds. Their parents are Mr. and Mrs. Harold McLaughlin, Providence Community, and Mr. and Mrs. Willis Reynolds, Lockney.

The altar was banked with palms accented with tall baskets of pink mums interspersed with pink tapers rising from cathedral candelabra. Centering the arrangement was a large orchid, satin and lace fan adorned with pink mums. A satin-covered table and kneeling bench completed the altar decor.

Rev. Frank Travis, pastor of First Presbyterian Church, Plainview, read the vows.

Miss Justice Hays played the nuptial prelude and accompanied a trio, Gayle Rucker, Cheryl Rucker, and Mrs. Gene Handley, as they sang "Indian Love Call", "Whither Thou Goest" and "The Lord's Prayer."

The former Miss McLaughlin, given in marriage by her father, wore a floor length gown of imported chantilly lace over slipper satin with deep lace tiers over pleated illusion. The Queen Anne collar and yolk of illusion were applied in lace

roses. The fitted bodice was finished by tiny covered buttons down the back of the gown.

The bride carried an orchid surrounded with pink roses on a white Bible. Her only jewelry was a sweetheart necklace with a single diamond, a gift from the bridegroom.

For something old the bride carried her grandmother's wedding band which is over sixty years old; borrowed was a white Bible from Mrs. Jim Jones, cousin of the bride; blue was a garter; and new was the wedding attire. For luck she wore a penny, inscribed with the Lord's Prayer, in her shoe.

Miss Patsy McLaughlin was her sister's maid of honor. Bridesmaids were Miss Jane Reynolds, sister of the bridegroom, Mrs. Don McLaughlin, sister-in-law of the bride, Mrs. Cleon Wylie, cousin of the bridegroom, and Miss Arlene Matthews, all of Lockney.

The attendants wore street length dresses of silk organza over taffeta fashioned with a boat neck at the front, cut deep in the back of the fitted bodices with full puffed sleeves and full skirts. They carried white lace fans with orchid mums and streamers to match the dresses and wore large pic-

MRS. JIM BOB REYNOLDS

ture hats of the same material as the dresses. The maid of honor's dress was pink and the bridesmaids wore orchid.

Miss Judy Jackson, Floydada, cousin of the bridegroom, and Miss Janis Widener, Lockney, lighted the candles. They were dressed identical to the bridesmaids.

Miss Janice Sprawls, Plains, cousin of the bridegroom, was flower girl. She wore a dress similar to those of the attendants. Danny McLaughlin, nephew of the bride, was ring bearer.

Mrs. Joe Richard Noland, Floydada, registered the guests as they entered the church.

Derrell Waldroupe, Lockney, served the bridegroom as best man. Groomsmen were Don McLaughlin, brother of the bride, Cleon Wylie, Larry McCormick, all of Lockney; and Joe Richard Noland, Floydada.

Ushers were Jake Wofford and D. K. Jackson, cousins of the bridegroom and Roland Watson, all of Lockney; Charles Martin, Pampa, cousin of the bride.

For her daughter's wedding, Mrs. McLaughlin chose a dove blue sheath dress of chantilly lace and pink accessories. Mrs. Reynolds, mother of the bridegroom, wore a dress of blue silk trimmed with matching lace and chose white accessories. Both wore orchid corsages.

Following the ceremony a reception was held in the church parlor. The bride's table was laid with a white net cloth over

orchid. Pink tapers in crystal candelabra flanked the four-tiered wedding cake. Pink and orchid gladiolas surrounded the punch bowl with attendants' bouquets on the corners of the table.

Cake squares and cherry punch were served by Meses. Jimmy Heard and Larry McCormick, Lockney; James Starr, Plainview; Johnny Cline, Dimmitt; and Jim Jones, Amarillo.

Mrs. Reynolds was attired in a black and white checked suit, with white accessories and an orchid corsage, as the couple left for a short wedding trip to Colorado Springs.

The couple is now at home in Lockney. The bride, a graduate of Lockney High School and Watson's Business College, Plainview, is employed as bookkeeper at Rhodes Super Market. Her husband was also graduated from Lockney High School and Watson's Business College and attended Texas Tech. He is employed by the Lockney Beacon.

Bride-Elect Is Feted

Miss Nedra McQueen was honored with a bridal shower in the home of Mrs. Bobby Harden, Monday from 2 to 5 p.m.

Hostesses with Mrs. Harden were Mrs. L. A. Catlin, Mary Jean Catlin, Elaine Cooper, Aileen Musser, Peggy Ford, Janice Hays, Shirley Mitchell, Launa Taylor, Ann Griffith, Wetta Kent, Linda Baxter, Mary Jones, Pat Fortenberry, Pat Anderson and Nancy Bollman.

In the receiving line were Miss McQueen, Mrs. J. O. McQueen, Mrs. Cecil Pinner, and Mrs. Harden.

On a table covered with a white cloth, a center arrangement featured pink and white lilies in a blue container. White cupcakes and pink punch carried out these colors. Corsages of white carnations were given to the bride-elect, her mother and the mother of the bridegroom.

Mrs. Ralph Donnell and children of Abilene visited here in the home of her parents, Mr. and Mrs. L. G. Rhine over the week end.

GO TO CHURCH SUNDAY.

Class Of '46 Has Reunion

A small group of the Class of '46 had a get-together Saturday night, July 12, at the Odd-fellow lodge hall.

Because of weather alerts and not being able to contact everyone, only nine of the class were able to attend. All those attending were Kendall and Dorothy (Weiland) Cummings, Kay, Kelvin, and Zecha of South Plains; Charlie and Donna Gloyna, and her niece, Grace, of Petersburg; Mrs. Joannie (Thomas) Fairman, Mike and Robert, and Mrs. Kirk Miller of Texico, New Mexico; Mrs. Laverne (Rhine) Donnell, Mark and Steven of Abilene; Billy and Norma Jo Griffith, Teresa and Billy Wayne of Plainview; Mrs. Ninalie (Foster) Williams and Nina Rhea; Thurman and Jewel Dean (Wofford) Davis, Danny and Donna Carol; Mrs. Flois (Cunningham) Reed and Darlene, all of Lockney; Mrs. L. G. Rhine and Mrs. Ben McGhee, mothers of members of the class, and Mrs. Dee Copeland who was the class sponsor.

Plan was made for a bigger reunion next year and home made ice cream and cookies were served.

Family Reunion Here Sunday

Mr. and Mrs. H. C. Griffiths were hosts to their children and grandchildren at a family reunion here Sunday. Attending were Delmer Griffiths and family of San Diego, Calif., E. E. Griffiths and family of Plainview, Mrs. Doyle Roberts and daughter of Lubbock, Mr. and Mrs. John Starr, Abilene, Myrtle Henry and family of Plainview, Miss Margaret Stephens of Amarillo.

Mrs. M. C. Cook and children returned Sunday from a visit with relatives at Van Alstyne and Greenville, Texas.

ON VACATION TRIP

Mr. and Mrs. Tom Simpson and children left Monday with her parents, Mr. and Mrs. A. A. Soucek of San Antonio, for Chicago where they will visit with Mrs. Simpson's relatives. They will also tour other areas of the north and expect to be gone about three weeks. Mrs. Carver Monroe of Silverton will be in charge of the Plains Floral Shop while the Simpsons are gone.

TO HAWAII

SK 3-c Morris ... left Friday for San Diego where he will board a ship for Hawaii. Morris, son of Mr. and Mrs. Raymond Morris of Lockney, will be on duty at Pearl Harbor for 12 weeks. Navy command school.

On May 15, 1957 Silverton was also struck by a devastating tornado. On the morning of September 16, Representative Leroy Saul presented a bill in the Texas House of Representatives and secured its passage by unanimous consent authorizing \$10,000 in state aid for Silverton.

SENATOR ANDY ROGERS did nothing to get the approval of the State Senate for the bill and thus it died. Silverton received no state aid during their trying hour.

State Bank Of Floydada Established

Walter Woodrum of Muleshoe and Lubbock has announced plans for establishment of the First State Bank of Floydada. Olla Watson Sr. of Floydada, who released the announcement said several Floyd County people will be associated with Woodrum.

\$300,000 has been subscribed as capital stock and application has been approved by the State Banking Department. The bank's location has not been definitely determined.

Woodrum, his wife and daughter plan to reside in Floydada. Woodrum is president of a Muleshoe bank and chairman of the board of a bank at Seneca.

Both he and Mrs. Woodrum are West Texas natives. He was born and reared at Paducah, Mrs. Woodrum is the daughter of Mr. and Mrs. T. C. Sandlin, Spur pioneers.

Chickens Mustn't Run Loose—Law

The city officers are having some complaints about chickens running loose and chicken owners are reminded that there is a city ordinance prohibiting this. City Officer Alton May said Wednesday.

Owners must keep their chickens penned on their own property, Mr. May said. Charges may be filed for violation of the ordinance, he said.

W. D. Laceywell Wins Carcass Evaluation Contest

W. D. Laceywell of Lockney, Chester White swine breeder, won second place in a carcass evaluation contest at the Texas Tech swine short course in Lubbock last Friday. Laceywell was competing against agricultural agents and swine breeders from over West Texas.

First place winners in the adult class of the evaluation contest was Tommy Hewlett, Lubbock Berkshire breeder.

Laceywell was awarded a trophy for his place in the contest along with special prizes of feed.

The short course included numerous lectures and demonstrations by outstanding swine men of the South. Some 300 swine breeders, feeders, agricultural agents and vocational agriculture teachers from West Texas attended the course.

Howell's Aunt Dies Saturday

Mrs. P. T. Boston died suddenly in Amarillo while undergoing an operation Saturday. Death was believed to be caused by a heart attack brought on by the operation.

Funeral services were held Monday afternoon at 2:30 in the First Baptist Church in Shamrock where she lived, and burial in the Shamrock Cemetery. Those attending from Lockney were Mr. and Mrs. Horton Howell, Carol and Ken. Mrs. Boston was an aunt of Mr. Howell.

Demo Primary —

(Continued from Page 1) and W. H. Tennyson of Silverton. All are young fellows, students in the University of Texas law school with the exception of Tennyson, who is retired mail carrier at Silverton.

Price Daniel is the only candidate for governor who has a force openly campaigning for him in this county. Seeking his second term, Daniel is opposed by W. Lee O'Daniel of Dallas County, Henry B. Gonzalez of San Antonio and Joe A. Irwin of Dallas County. Unbiased polls indicate that Daniel will win this one in the first primary.

George Nokes, a young attorney from Waco, is giving Ben Ramsey, incumbent Lieutenant Governor, a run for his money in that race.

For United States Senator William A. Blakley of Dallas is trying to unseat Ralph Yarborough, now serving a part term in the Senate. Blakley and Yarborough both are making a very active campaign, and both have groups working for them in this county. The issue is described as liberal versus conservative.

Other contested races on the Floyd County ballot are:

Associate Justice of Supreme Court, Place 1: Robert W. Hamilton, Midland County; Wilmer B. Hunt, Harris County; J. Edwin Smith, Harris County.

Associate Justice of Supreme Court, Place 4: Sarah T. Hughes, Dallas County; Joe Greep-hill, Travis County.

Commissioner of General Land Office: L. J. Dimmitt, Dallas County; Bill Alcorn, Brown County.

Commissioner of Agriculture: Glenn H. Kothmann, Bexar County; Tom Griffin, Bastrop County; John C. White, Wichita County.

High School Majorettes To School

Five high school majorettes and two drum majors will leave Saturday night for Galveston to enter the Treasure Isle Twirling Resort. These girls are Patsy McLaughlin, Donna Raughman, drum majors, Carolyn Merrell, feature twirler, Patsy Ashton, Rita Falls, Nancy Boliman, and Carolyn Harris, majorettes.

They plan to take classes in signalling fire batons, strutting, solo and ensemble twirling, marching, and dance routines. They will return in a week.

Shotgun Blast Ends Life Of 10-Year-Old

An accidental shotgun blast last Saturday afternoon ended the life of a 10-year-old girl, Linda Marie Pope, daughter of Mr. and Mrs. Houston Pope. The accident happened on the Garland Francis farm, 16 miles north of Lockney and one mile east in Briscoe County.

The 410 gauge charge struck the little girl in the left breast, severing the artery between the heart and the arm. She died almost instantly.

Investigating officers said that the little girl and her brother, Jerry, age 13, were visiting at the home of Fred Lanthrop, who is employed by Francis. The children were playing in a trailer house at the rear of the residence when the Pope boy and Jimmy Lee Lanthrop started scuffling over the shotgun. Linda was sitting on a couch when the gun went off accidentally and struck her.

Mr. and Mrs. Lanthrop rushed to the trailer house upon hearing the shot and found the little girl already dead. Her parents were not present when the accident happened. A Carter Ambulance went for the body.

Justice of the Peace Mrs. Bertha Pavlicek of Silverton rendered a coroner's verdict of "death from accidental gunshot wound." John Lanham, Briscoe County sheriff, and Ray Harden of Lockney, Floyd County deputy, investigated the accident.

Funeral services for Linda Marie were held at the First Baptist Church here Monday afternoon at 3 o'clock. Rev. Charles Broadhurst conducted the services and burial was in the Lockney Cemetery under the direction of Carter Funeral

H.M. Linda was born Feb. 16, 1948, near Paris, Texas. The family came to the plains in 1949 settling near Shallowater. Later they moved to Floyd County, and lived in Lockney on South-west 3rd Street last year while Linda attended school here. She was in the third grade and was promoted to the fourth grade at the end of school.

Survivors include her parents, three sisters, Mrs. Betty Sue House, Tyler, Texas; Mrs. Margie Lou Owens, Lockney; and Kathy Jean Pope, age 3, of the home; three brothers, Joe H. Pope, in California; Jerry Dale, age 13, and Bobby Wayne, age 8, both of the home. Also surviving are her grandparents, Mrs. Ella Spencer of Detroit, Texas; Mr. and Mrs. C. R. Watkins of Idalou.

The Pope family moved to their present home in April of this year. He is employed by Melvin Thacker. They formerly lived at South Plains.

Council Refuses Sewer Extension Request Monday

In a meeting Monday evening the Lockney City Council turned down a request for a sewer line extension in north-east Lockney. Mayor J. E. Cox said that 10 persons had signed the request agreeing to take city sewer service if the line should be built. However, he said, that the extension would require the building of 4200 feet of sewer and that the number of connections would not justify the expenditure for the extension.

The Council heard an audit report by Robert Matzger of Plainview and attended to routine matters.

Mrs. Hugh Carroll returned Tuesday from a two weeks trip to Goldthwaite for a family reunion and to Dallas to visit her son, James Carroll and family.

Plainview Sets Out-Of-Town Night For Baseball Game

The Plainview Baseball Association has set Monday evening, July 21, as out-of-town night at the Plainview baseball park and are inviting fans from all the area towns. A prize will be given to the town with the largest number present.

The Plainview Athletics will play the Carlisle team on Monday night and game time was announced.

Mr. and Mrs. Milton Owen Thornton and family recently returned from a vacation trip to New Mexico, Colorado. The Adams family returned Wednesday evening and the Thornton family returned Thursday evening.

National Debt Estimated At \$280 Billion

The national debt of the United States has been "re-estimated" at \$280 billion, instead of the \$250 billion limit of the current issue of the Chamber of Commerce publication says. The article takes into account the financial obligations of the federal government in the \$900 billion figure, and to the United States, the world's most generous article says: "The article says: 'The all Federal obligations perspective we find in the United States is in the of a debtor who has many promises, of so many people, financial auditing could determine his exact position.' 'Congress has continued to make new commitments for loans and guarantees to home buyers, farmers, veterans, foreign governments and small businessmen which the Budget Bureau figures will total about \$22 billion and cost nearly \$1.5 billion this fiscal year alone. This is about \$1 billion more than the credit load last year.' 'Just what the Federal government considers its over-all

pay, commitments to spend, and assumed obligations. The promises to pay, the article states, are in the form of government bonds in the form of or recognized national debt. This portion of the debt in round figures is approximately \$275 to \$280 billion. The commitments to spend on the part of the Federal government range at an average of about \$110 billion. Although much of this money will be collected from taxpayers, the article contends: "That the money has not yet been collected for the commitment to spend does not alter the fact that this is an obligation for which the Federal government has signed on the dotted line." In discussing the obligations which have been assumed by the Federal government, the article points out that most of the major obligations are in the form of Social Security, veteran's pensions and benefits, agricultural payments, public health and education programs and Federal housing subsidies. "Congress has continued to make new commitments for loans and guarantees to home buyers, farmers, veterans, foreign governments and small businessmen which the Budget Bureau figures will total about \$22 billion and cost nearly \$1.5 billion this fiscal year alone. This is about \$1 billion more than the credit load last year." "Just what the Federal government considers its over-all

Program Pays 1 1/2 Millions To Area Farmers

Dear Editor:
My objective neighbor is at this time objecting to the kind of TV programs she gets to look at.

Says she is tired of non-funny comedians and smart people winning money. What she would like is more Western movies, showing cases of where virtue prevails by means of fast-healing cowboys with six-shooters.

Seems that she is one of those folks who like to get away from reality and enjoy fiction, such as where the hero rides into town to save the people, and it don't turn out the Bad Ones have been paying for his horse feed all the time.

D. E. SCOTT
Crossroads, U. S. A.

College Station — Over one and one-half million dollars is being paid to landowners in the Plains area of Texas through the Great Plains Conservation Program, according to Lynn Pittard, extension assistant soil and water conservation specialist.

This is a voluntary program which applies to 98 counties in the Plains area, says Pittard. It provides cost-share assistance for any approved soil and water conservation practice. Operators may receive up to 80 per cent assistance, depending on the practice. Contracts are signed for 3 to 10 years duration.

Pittard points out that most any practice dealing with soil and water conservation will be approved. Some of the practices now underway are reseeded to grass cultivated land that is actually unsuitable for cultivation, brush control, stubble mulching and deferred grazing.

Since the program started in late February, he says 303 contracts, including 565,814 acres, have been signed. This means that payments averaged \$2.85 per acre.

The Soil Conservation Service handles the administration of the program. More information about it may be obtained from local county agricultural agents.

To The Voters Of Precinct 2:

I, Elmer L. Burleson, am asking for your vote and support for the office of County Commissioner of Precinct No. 2. I do so in the belief that I can serve you well, and with the promise that, if elected, I shall do so to the best of my ability.

I am familiar with every road in the Precinct. If not at the present, I will know something about every piece of property along every road, and try to do those things along each road in the interest of the land, and the property next to it.

I look at the job of County Commissioner as being a member of the Board of Directors of a pretty big business. In other words, a Commissioner is a member of a Board of Directors of a \$15 million corporation or business. It is a business which belongs to the people — every one of us. Your County Judge is the Chairman of this Board, and the Commissioners' Court runs this business, which affects every man, woman, and child of the county.

A Commissioner should know how to get the most done for each dollar spent. He should keep in mind at all times that every nickel spent is tax-payer's money.

He should know the values of property, and do everything possible to equalize values to bring about the lowest possible tax rate for state and county levies. In this way, and by watching closely every expenditure made, is the only way your taxes and my taxes can be reduced.

If you see fit to elect me as your Commissioner, I will conduct your affairs, which come under my jurisdiction, as carefully and as conscientiously as if they were my own — and even more so, if that is possible, for the responsibility is greater.

Voters are entitled to know something of the life and background of a candidate who seeks their support for any public office.

I am 62 years of age, in good health and can do any kind of work. I served 4 years in the Army of World War I. I attended grade schools in Jones County, finished high school in Abilene, Texas, and have had two years of business school.

I have ranched and farmed all over the Southwest and have bought and sold property all over the Southwest. I operated three of the big cattle ranches in Texas, such as the T Diamond near Abilene, Texas, The I Bar near San Angelo, Texas, and The SMS Ranch near Stamford, Texas. The last eleven years I farmed 5 miles Northwest of Lockney and I invite you to ask my neighbors out there and my neighbors here in Lockney where I now live, concerning my reputation.

Having lived in the country all my life, I know what it means to have all-weather roads, and REA. If elected your Commissioner, I will work for better roads and cooperate in matters of rights-of-way for REA facilities.

If you feel that I am qualified for the job and worthy of your support, I assure you I will try hard to deserve your trust and confidence, and will be very grateful to you.

Thank you.

Elmer L. Burleson

LIFE OF J. F. LOCKNEY IS TOLD BY DAUGHTER

(Editor's note: Recently the Beacon editor was in correspondence with Mrs. Alez Lockney Ramsey Reynolds, daughter of J. F. Lockney for whom the City of Lockney was named. At that time we requested her to give us some details on the life of her father. Following is her story.)

A Scotsman whose name was Locknair (meaning near the lake) came from Scotland via Germany to New England, was with Washington at Valley Forge and then married an English girl.

Two of his grandsons lived in different parts of Virginia.

ARTHUR B. DUNCAN ABSTRACT COMPANY
MAUD E. HOLLUMS
Owner and Manager
South East corner Square Floydada, Texas
Oldest and most complete abstract plant in Floyd Co. Prepared to render prompt efficient service on everything in the line of land titles.

Their mail would get mixed up and with the slow travel and long distances of those days it was quite a nuisance. So one of the Locknairs changed the spelling of his name to Lockney. His children were James Henry, John, Frederic and a girl whose given name has been drifted under by the sands of time. She was married to a Mr. Gumm. At about the age of 20, James Henry went to Missouri and wed Mary Hunt. Their children were:

Nova Zembla, born in 1884.
Johnson Frederic, born April 25, 1888 at Longwood, Missouri.
Lydia Letria, born 1872.

Johnson Frederic (J. F.) Lockney and Bay Nollie Martin were married April 24, 1887, at Haskell, Texas. Johnson or "Jownny" as his folks called him, would have been 29 the next day. Nollie was 23. Their children were:

Laurence L. Lockney, born at Lockney, Texas.
Zela L. Lockney, born at Lockney, Texas.
Nugent L. Lockney, born at Haskell, Texas.

Glen E. Lockney, born at Floydada, Texas.
Alex Lazell Lockney, born at Memphis, Texas.

Problem A. Lockney, born at Memphis, Texas.
Erin Lockney, born at Amarillo, Texas.

Azel Elisa Lockney, born at Four Mile Creek, Chavez County, New Mexico.

Back to J. F. Lockney: Mrs. Reynolds says:

"Dad loved the printed word, also the spoken one. He was the don't fence me in type. I guess that came in part in coming from a line of cow men.

The drought of 1884 put the Lockneys out of the cattle business so he became a merchant at Haskell, Texas. His heart being too kind to refuse credit to hungry pioneers, he soon saw that he was going to be hungry too, so selling what was left he and his family moved to Lockney (which wasn't there yet) along with a cousin, William Carey, and they homesteaded land, cut it up into lots and lo! there was your town of Lockney, Texas.

"I have Cushing's Manual, printed in Boston in 1877 that Dad used as a guide for proper procedure for town laws and officers. He was mostly self-educated, a student of philosophy, science, Latin and a smattering of chemistry. He was a great reader and subscribed to several magazines and papers which followed him from one remote location to another and every now and then back numbers arrived by the two sack full.

"J. F. and Nollie started 'The Lockney Advocate' (now I would love to have a copy of that paper) at Lockney, Texas in October 1889. They ran it until June 1890, sold out and moved to Floydada, where they started 'The Floyd County News' ran it from 1890 until March 1895, sold out and went back to Haskell staying there until November of the same year.

"They went to Wichita Falls and bought a print shop, publishing the 'Wichita Warrior' from 1895 to 1897, moving then to Memphis with Nollie's brother, Hubert Bee Martin. The three published the 'Hall County News' from 1897 to Sept. 1901, sold out and moved on to Amarillo, a town of 2500 population in 1901. The three bought and published 'The Western Advocate,' until 1905. All through the years my mother kept a case of body type in the home and 'set type' between chores and kids.

"Starting something and getting it going was what Dad loved and as soon as it was a success he lost interest, wanted to move on and begin again. Woe is me for I took after him. In 1903 Uncle H. Bee married a tiny girl about 4 feet, 11 inches, weighing 85 pounds who was at least half brains, which the 'Western Advocate' needed badly as Dad had made a success of it and was beginning to neglect it and dream of green fields over the hill.

"The Lockney children learned their ABC's from the block type in the office and Laurence and Zela 'set' type by the time they were ten. Nugent was printer's devil.

"Laurence wrote for the 'Stars and Stripes' while overseas in World War I and had a paper at Greenville, Calif., until his death in 1943.

"In January of 1905 J. F. could no longer resist the call of the then wilds of New Mexico. Selling to Bee and Beatrice Martin, he loaded his family, a few household goods and a lot of books into covered wagons and pulled out for the Sacramento Mountains. In New Mexico he freighted and trapped. Laurence was too steeped in printers ink to take to the vixens so at 17 he got a job on 'The Advocate' at Artesia, worked there until about 25, went to Alamogordo, N. M. and was linotype operator there until going overseas with the engineers of World War I. Zela wanted to be a reporter or printer but ladies didn't do that in those days so they argued her out of it, which was a hard job to do to any Lockney even by another Lockney. When she was 18 she insisted on going to work, so Mom agreed to her getting a lady-like job in a millinery shop at Artesia where we lived. Zela worked a week, came home and gave the money to Mom and said, 'Now I'll tell you — I'm setting type for the other paper.' Laurence was working at the 'Artesia Advocate' so after a family conference, they decided being as they couldn't help it, they would allow her to be a 'tramp' printer. Her parents were secretly elated over her ambition and nerve, so she kept her fingers smudged in printers ink off and on all through the years and she still writes for newspapers. She now lives at Middletown, Calif.

"Nugent 'took back' after the common side and the rest of us were removed from the 'evil effects' of the clang of presses and the smell of fresh ink.

"J. F. continued to try his hand at different trades. Seems half of my life was spent in a

covered wagon. Being a chip off the old block I loved it. Having used his head right, Dad 'squatted' on different land, improved it (usually a cabin and a small pasture) never stayed long enough to build, sold the improvements and into the wagon again.

"Dad had taught one six months term of school when he was 18 and Nollie was a school teacher. The younger kids had very little regular schooling. We were taught at home and the important thing, we were taught the lesson of learning whether the lesson turned up in print or in life.

"Dad went to Aris, N. M., to Hope to Artesia to Four Mile, 10 miles from post office and store of Dunean, to Orogrande, to Alamogordo, back to Four Mile, back to Hope, and Artesia, back to Four Mile, all in Eastern New Mexico. During these years he freighted, ran a second hand store and livery stable, hauled ore, farmed and went into the great business, built up a herd of 900 head with 400 head on the shares, sold out and into the covered wagons again, off to the Black Range in Western New Mexico.

"I was then 18 and those distant camp fires, setting suns, whispering winds, under a star bright sky with the lonesome wail of the coyote and a lobo's howl still are sheer poetry to me.

"Dad and Nugent 'took up' 320 acres each of Taylor land four miles west of the continental divide in Cochero County, N. M., just in the edge of the heavily pine timbered Gila Forest. He and the three boys, Nugent, Glen and Problem (who, by the way, got his name thusly: in 1900 when the Russian, Japanese, Chinese problem was the main subject of all editors and editorials someone asked Dad what the new baby's name was, and he answered, 'Oh it's a Japanese - Chinese problem, and the Problem stuck) did contract work, built drift fences, dug wells, and made corals. They did work for the Diamonds on the head of the Gila River and the Ladder Ranch across the divide east. Then Nugent and I married Stella and Glen Ramsey. Glen married Minnie Chandler, one month later and Prob went to the copper mines at Santa Rita. So that left J. F., Nollie and six year-old Azel alone on the home place, 29 miles from the post office and general stores of Winston, N. M. Dad moved to Ch-

I see where Dominican General Trujillo didn't pass at the U.S. Army College, in spite of it looks like a man with his superb natural talent for wasting money ought to have got a very high grade at this school.

Evidently they don't have a class there in Winnie Friends and Influencing Movie Queens, or the general would have got his diploma just for his grade on this subject.

Same say the general only made his high rank by arranging to be born the son of a big shot, but some of my most high-toned neighbors got there by this same clever ruse.

D. E. SCOTT

loride and then Los Cruces to school Azel. In 1925 J. F. moved to Silver City, N. M., bought a place at 1715 Durango. Problem married Lillie Chambers and went into the sawmill business and Azel worked as a nurse at Fort Bayard and married Lou Pruitt.

Dad couldn't take retirement. He aged fast. While in the Black Range he had hunted and trapped a lot and now missed the trap line and the game trail. His only pastime now was political and being in an agnostic religious argument. He loved wit and humor.

"One time while a freighter he was in Hope and saw a stranger among the group of Hopesites. Dad was a little man. The stranger was a big fat man. Just for a laugh, Dad walked up to him and without a word circled the stranger, eyeing him up and down, stopping in front of him and said, 'You know the difference between me and you is what you eat goes to belly and what I eat goes to brains.' The stranger or angrily answered, 'I don't eat damn little.' Dad laughed and told that.

"He died February 22, 1943, is buried at Silver City and lies by his side.

"If more people could give some of its gleam, the world would be a happy place in spite of necessary tribulations."

NEW OFFICERS

July 1st brought about new officers for our Rotary and Lions Club, with Wilson Kermickel being installed as President of the Rotary Club and Leon Wofford as President of the Lions Club.

These two civic clubs, realizing their responsibility to the community, emphasized the need for training their new officers by them attending various conferences.

Wilson Kermickel attended a three day Rotary District Conference held in Amarillo and certainly came back with more knowledge of the workings of Rotary.

Leon Wofford and Virgil Thomas, secretary, attended a conference in Matador, held by Deputy Governor Tut Tarwater on the Lions Club operations organizations.

Congratulations to these new officers and may the 1958-1959 year they will preside over their organizations be a fine and prosperous one for each club.

TIP FOR BUSINESSMEN

Ever try answering your out-of-town mail with long distance calls instead of letters?

Nothing can beat long distance when it comes to getting things done.

Just the other day, for example, I had three or four letters on my desk, all waiting to be answered. I just couldn't seem to get to them. Finally, I picked up the telephone and called the people. In 20 minutes I was through. I must have saved myself at least an hour's work.

Try doing it that way yourself. When you do, I think you'll like the quick action you get — as well as the small amount it costs.

DRESS UP YOUR KITCHEN

A lot of people who have remodeled their kitchen add a finishing touch by ordering a wall telephone in color to blend with the new color scheme.

You don't have to remodel, of course... a wall telephone in color will brighten your present kitchen — if you reach for the telephone and bake a cake at the same time.

There are seven attractive colors... light pink, cherry red, white, moss green, ivory, pastel yellow, and light beige. Table model telephones are available in all these colors, too, plus aqua blue and rose pink. Call the telephone company today to put more color in your kitchen — or any other room in your home.

Call by number. It's twice as fast.

"Settling" Discussed
Nothing is as discomfiting to a home owner as the doors and zig-zag cracks caused by what we refer to as "settling."
What happens, of course, is that the house isn't sinking in the center, but the outside walls are being pushed three to ten feet of...
This area is clay. When it swells—when it dries it shrinks. Not only does it shrink and down, but it...
Whenever we get a gully, or a zealous gardener, or the petunia beds near the house, the clay sops up moisture, then expands the edges of the...
Naturally, something has got to give.

What to do about it? Well, the less moisture there is to sog up the clay, the less movement there will be. Naturally, you can't regulate rainfall—but you can take it easy on watering the flowers. And the ground can be sloped so puddles don't form near the base of the house.

Please don't ever rush around the first day after a rain and cut the bottoms off your sticking doors. What usually happens here is not movement of the house, but the doors absorb moisture, then they swell. If you'll wait, chances are they'll dry out and go down to normal size. A good preventive measure for this swelling is to seal all edges of the doors with a coat of paint or two. Sometimes when a door is hung, it has been shaved off a bit to make it fit better, and that open grain absorbs moisture like mad.

As far as jacking up the house is concerned, if you're a do-it-yourselfer, you can get 10" or 12" wedges made of 2x4's from most any lumber yard, and drive them between the girders and piers under your house. You'd be amazed how that little job keeps the dishes in your cabinets from rattling.

Bulletin On Small Grains Available

College Station—Small grains occupy a unique place in Texas agriculture because they are suited to so many uses and are grown from the 50-inch rainfall belt and mild climate of Southeast Texas to the 15-inch rainfall belt of Northwest Texas where winter temperatures are often very severe.

They are used extensively as grain and forage crops in Texas. The combined acreage of wheat, oats and barley generally exceeds six million.

Statewide small grain tests have been conducted to provide information on the best varieties to grow in the several areas, and to provide a means for final testing of experimental strains before they are named new varieties and distributed to growers.

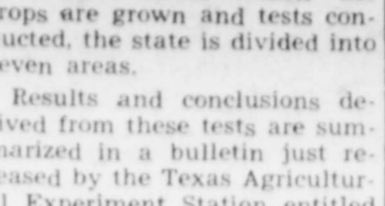

Because of the wide diversity of climate under which the crops are grown and tests conducted, the state is divided into seven areas.

Results and conclusions derived from these tests are summarized in a bulletin just released by the Texas Agricultural Experiment Station entitled "Performance of Small Grain Varieties in Texas, 1949-57."

Yields of experimental strains are not included in the bulletin—only yields of commercial varieties are covered.

Some of the topics included are growing areas and test locations; climatic conditions and soil types; field design of tests and experimental data. It contains information on barley, oats and wheat. This 19-page bulletin may be obtained upon request from the Agricultural Information Office, College Station, Texas. Ask for bulletin 899.

Dear Editor:
I note that Washington officials have many problems these days, including what to do about people wanting to force rich gifts on them all the time.

My giftless neighbor says he can't rightly sympathize with these unhappy folks as he don't know what it's like

to be plagued with gift-bearers.

Mostly he has always had to struggle to keep people from taking things away from him, but he would like to try a little taste of this gift glut, just to see if the spirit and the flesh are both weak in him, too.

Artie Baker Predicts Four Bales At Pecos

Four bales of cotton to the acre in the Pecos area is the prediction of Artie Baker, and is attested by his wife.

Baker, former merchant, banker, farmer, and a handy man with money, has more than 800 acres of cotton growing down there.

He has had as high as 1,100 but sold one place with 200-acre cotton allotment.

Much of this allotment has been obtained by buying cotton allotment from people whose water supply has been depleted or who for other reasons, had rather have money than the cotton acreage.

Baker says that old growers control the county committee and that it has been the policy

there to approve the transfer of allotments from land to land, season to season.

Thus he buys a few hundred acres of allotment each year, paying \$50 to \$60 per acre per annum.

Sometimes as much as \$100 per acre is paid.

The practice has been ended, Baker said, but those who have heretofore contracted for acreage are permitted to obtain same.

The Bakers said that in 1956 they averaged three and one-seventh bales per acre. Last year it was dry and 2.7 bales per acre was their average off of more than 800 acres. This year, reasonable rain having fallen, they are told their 810 acres might average four bales.

With Baker was his wife, a personable Hollander.

Don Schacht, son of Mr. and Mrs. Fritz Schacht, returned recently after spending a month visiting his aunt and uncle, Mr. and Mrs. Floyd Douglas of Kismet, Kansas.

Mrs. H. Martin, Mary, Francis and Susie of Childress visited friends here Friday. Nadine Cumby and Bill Hays returned with them to spend the week end.

KNOW YOUR SENATOR!

900 Attend Program And Tulia's Biggest Banquet

Citizens from a broad area of the High Plains produced what many termed an unprecedented show in Tulia, March 31st. The area -- the fifteen county Thirtieth Senatorial District of Texas. The "Show" -- an Appreciation Dinner-Program honoring State Senator Andy J. Rogers of Childress. 30 to 100 persons from each of the 15 agricultural counties turned out for the evening-long program in the cafeteria and auditorium of Tulia High School. 75 business and farm leaders from outside the district joined in the "Chorus of Thank You's" to the Senator. A majority of the Panhandle-South Plains Representatives and Senators, also two major daily newspaper representatives were present.

ANDY ROGERS: Senator With A . . .

'SIX - ROW POLITICAL TRACTOR' WHO THEY ARE: WHAT THEY ARE SAYING:

INDEXING

By MORRIS HIGLEY

Andy Rogers may be defeated some day. He may not run for re-election. At least he has not announced.

But win, lose or draw, Andy Rogers has something to remember that is fine and wonderful.

His most memorable moment must be the Appreciation Dinner and program given Monday night at Tulia.

I have never seen anything like it in my life. I do not think anyone who attended has ever seen anything like it.

—Mr. and Mrs. N. D. Rogers, along with Georgia Ann and, of course, Andy must have felt wonderful Monday night. And still do.

The idea for the Appreciation Dinner did not originate in Childress. In fact, as far as I know, Childress residents did not have anything to do with it.

And when Andy heard about the proposal, he said that it could not be done.

Andy was wrong. And I imagine right now he is happy that he was wrong. I would be.

A dozen leaders in the district were programmed to speak. Typically, represented a cross-section of Plains life.

One was the Senator's pastor. He lauded the honoree for his fight against liquor, narcotics, and lewd literature. "Senator Rogers is always on the right side of every moral issue," said the churchman. "He wants and works for a high moral atmosphere to prevail."

A county teachers' association president called attention to Senator Rogers' work in behalf of public education. A Memphis druggist related that Rogers has always had an "open ear" for the small businessman.

A district judge praised the quality of legislation introduced and supported by the Senator. A mayor and insurance man emphasized the value of Andy Rogers' fight against corruption in Austin, particularly in connection with the insurance investigations.

Said an official of one of the veterans' organizations: "Andy told us for a long time there was serious trouble in the veterans' aid program. He was right. And when this was cleaned up, Andy worked hard to see that this good program was not scrapped."

A newspaper editor and publisher, a former president of the Panhandle Press Association, observed: "This is the first time I've ever heard of people traveling so far just for a state senator. But it's fitting," he added, "for Andy Rogers for a job well done."

Spokesmen for the major farm organizations expressed approval of the Senator's record on farm-to-market roads, local improvement of underground water, rural electrification, and other legislation of concern to agriculture. Said the farm spokesman who rounded out the program: "In view of all Andy Rogers has done for agriculture, I'm amazed to hear from the other speakers here this evening that he's had time for such effective work for so many others, too." The farmer concluded:

"Andy Rogers must use a six-row political tractor!"

The Senator acknowledged the praise-filled evening with obvious humility. He spoke humbly, too, of his "alone personal" friend — Lewis B. Taylor of Austin and Waco—who had been stricken with a fatal heart attack there a few minutes earlier.

"To the series of 'thank you's' which had been expressed during the evening, Rogers responded: "What's been accomplished, you've done. The credit belongs to you, to my parents, and to my wife who have all supported me strongly. I really feel like I owe you all an appreciation dinner."

Governor Daniel Protests Scheme Minimum Wages For Braceros

Price Daniel and other governors of New Mexico have urged the U. S. Department of Labor to set a minimum wage for Mexican braceros on piece-work.

Telegram sent to James Bell, Labor Secretary, Daniel and Edwin L. Anderson of Arizona went in support of the Bureau and southwest farmers and ranchers who employ braceros from south of the border.

The governors met with farm organization spokesmen and farmers June 25 in El Paso. A meeting of bracero users was held the previous day in San Antonio to discuss the recent directives issued by the Labor Department in connection with Public Law 78, the Mexican labor program. Glenn White, Dist. 13 director, and Gene Leach TFB legislative director, represented the state Farm Bureau at this meeting. TFB President J. H. West, in telegrams to Senators Lyndon Johnson and Ralph Yarborough, called the recent directives issued by the Labor Department "completely unworkable."

West conferred with Governor Daniel June 27 in Houston on the Mexican labor program and other agricultural matters. He stated that Governor Daniel was working "very closely" with Farm Bureau to try to alleviate the present Mexican labor situation.

In the telegram Governor Daniel and the other governors sent to Secretary Mitchell, they said it is "apparent that new interpretations of Public Law 78 by Department of Labor are contrary to the intent of Congress and will bring economic disaster to farmers in the state of Texas."

Daniel further stated that it has been definitely established that the farmers are willing to give all available domestic farm labor first preference and that domestic labor will be employed before use is made of bracero labor. He added that farmers are willing to pay braceros prevailing wages in each locality for similar work by domestic farm laborers and to comply with all other provisions of the Mexican farm labor law.

"However," Governor Daniel declared, "the Department of Labor's new proposal to set minimum wage on piece-work is grossly unfair and unworkable." The Texas Governor explained that crop harvesting has been traditionally paid for by the piece-work method, such as cotton picking per one hundred pounds picked, etc. He added that domestic workers perform piece-work harvesting on this basis and "strongly" recommended that this method of payment be permitted for braceros doing similar work.

He stated that it would be "grossly unfair" to domestic workers for braceros to be paid on any other basis.

Miss Lawuona Taylor returned Wednesday, July 9th, after spending a week and a half visiting in Childress with her cousin, Mr. and Mrs. Lafayette Boone and Paula.

Miss Kay Martin spent the past two weeks visiting in Amarillo with her cousin Miss Carol Ann Light.

Dear Editor:
 My sees-all neighbor says he notes that the government is now giving away large quantities of food to hard-up U. S. citizens.
 Says, though, our own people don't get near as cour-

teous service at the manna counter as foreigners get, and often have to wait in line for two or three hours for their Washington handout.

Which he thinks is pretty inconsiderate of the authorities, who likely don't realize this waiting for service usually ties up a housewife and the family car right when her teen-age kids are needing it.

Guide On Irrigated Cotton Released

College Station — "Texas Guide for Growing Irrigated Cotton" is the title of a new bulletin just released by the Texas Agricultural Extension Service.

The guide points out periods

Elect Judge Sarah T. **HUGHES** To Supreme Court

John B. Stapleton **LAWYER** General Practice of Civil Law Courthouse Floydada Telephone YU 3-2197

of peak water use and information on other production factors important to producing cotton efficiently under irrigation. It discusses such topics as planting dates, seeding dates, fertility requirements, weed control, disease and insects, defoliation, and harvesting.

The bulletin also has a section devoted to water use and plant development and contains a thorough discussion of when to irrigate.

It can be a valuable source of information to anyone interested in this subject. Local county agents have the guide or it can be obtained from the Agricultural Information Office, College Station, Texas. Ask for B-896.

On July 21, 1930, Marine Capt. Arthur Page made the longest recorded blind flight up to that time, from Omaha, Neb., to Anacostia, D. C., a distance of 1,000 miles. He received the Distinguished Flying Cross posthumously for the flight, having been killed in the Thompson Trophy Race only a few weeks later.

GO TO CHURCH SUNDAY.

LETTERS TO THE EDITOR

Dear Editor:

Every voter who wishes to remain free in voting on the issues that arise during this election year, without waiting for some boss (labor or other wise) to tell him what to do, would do well to make it a point to attend his or her precinct convention at 2:00 p. m. July 26th at their regular voting box.

A great many of us, who are normally conservative, teamed up with a crowd two years ago that promised to help us on a farm bill in Washington. This crowd turned out to be affiliated with the union labor crowd (as differentiated from laboring people) which supports the U. S. Department of Labor. We all know what a curve that department has thrown to this area.

We believe in the right to handle our own State and local affairs without interference from Washington bureaucrats; but Senators Yarborough and Gonzales, who exemplify the DOTs, appear to think we should submit to whatever Washington does or says.

We all know we have the right under our constitution to run our local affairs such as schools and we can continue to exercise that right if we stand up to be counted at our precinct convention since that is the only effective way to curb the power of the Washington government.

We must send delegates to the state convention that support Gov. Price Daniel since that is the only way the conservatives can retain control of the Democratic party in Texas. Governor Daniel said in a speech July 1, 1958 that "all Democrats who believe in majority rule and the rights of our state should band together and turn back the threat of the DOT minority splinter organization."

DOT is an unofficial liberal-informal group named Democrats of Texas. It has conducted a running fight with the State Democratic Executive Committee, which Daniels' friends control. DOT, headed by National Committeewoman Frankie Randolph of Houston, has vowed to take over precinct conventions and thus the party machinery.

"Mrs. Randolph and her DOT associates," said Daniel, "are waging an all-out campaign to capture the precinct conventions in order to fashion a Democratic Party in Texas like the one they have in Michigan. This is still Texas and the vast majority of Texas Democrats are not ready to surrender to boss control and minority rule."

"If DOT takes over the party and government of this state, it will be due solely to the failure of a majority of our people to vote and attend the precinct conventions on July 26."

Be sure and attend the precinct convention held at 2:00 p. m. at your voting box on July 26, 1958. W. P. Kermickel.

The first convoy escort duty of the U.S. Navy started July 1, 1800, when a fleet of 14 merchant ships sailed from Batavia, Dutch East Indies, around the Cape of Good Hope to the U.S., under the guard of the frigate Essex.

CROSSROADS REPORT BY E. SCOTT

Dear Editor: I see where a self-ordained expert says the women-folks have took to bags in order to tantalize and make the men wonder what they are hiding.

Like back when a glimpse of a girl ankle was worth a trip to town on Saturday night and a long cold stake-out on a windy corner.

But my observant neighbor says it is going to be hard for the girls to keep it a secret how they are built, unless they change some other dress habits, or else somebody invents sack type halters and shorts.

Boling Makes Statement To Voters

To the Voters of Precincts 1 and 4:

I am taking this means to let the voters know I am still in the race for Justice of the Peace. I have not been able to see all you voters because I had to work as much as I could and I have been handicapped for transportation but I am asking your vote and support. If I am elected I will promise to do the very best I can. I feel that, as I have worked with the city, county and state officers I have become acquainted with the duties of the office and will show equal fairness to all, no special favors to anyone.

I will surely appreciate your vote and support for your next Justice of the Peace. 14-3te E. H. (Heck) Boling

MANEUVERS WITH PASTRY

Many areas of creative cookery are open to cooks who master the art of making good pastry. Napoleons, strudels, patty shells, puff paste, fried pies, tarts and main dish pies such as chicken pie are just a few of the interesting dishes that start with pie crust dough. For tentional, flaky pastry, be sure to preheat the oven to 400 degrees. One-crust pies, such as custard, should be baked for 30 to 40 minutes. Two-crust pies, such as custard, should be baked for 30 to 40 minutes. Two-crust fruit-filled pies should bake in an oven preheated to 425 degrees for 45 to 55 minutes. Pie shells without filling should be baked at 450 degrees for 10 to 12 minutes.

NEW STYLE CHEESE SANDWICH

Here's a new version of America's favorite sandwich to bake in your oven. Slash a loaf of Italian or French bread in regular slices without cutting through the bottom crust. Insert slices of American, Mozzarella or process Swiss cheese into the slashes and brush with melted butter. Place the loaf in oven, preheated to 350 degrees. Bake about twenty minutes, or until the cheese melts and the loaf is piping hot.

"Actual Experience"

WITH MY ELECTRIC HOME FREEZER PROVES WHAT I USED TO HEAR THE HOME SERVICE ADVISORS SAY!"

says **MRS. ROBERT J. ELSEY**, 4213 ONG • AMARILLO, TEXAS

"I was a secretary at the Public Service Company and I used to overhear the Home Service Advisors tell about electric home freezers—how they saved money—how you could get better meals—how you could preserve the garden-freshness of vegetables—how a freezer could save a housewife lots of time. What they said made sense to me but the words just can't equal the actual experiences of owning your own home freezer. I find that everything those girls say is true—especially do I find the freezer ideal for entertaining," says Mrs. Elsey.
