FIVE GENERATIONS of one family are pictured here. The picture was made November 2 at a family gathering at Tulla. Pictured left to right, little Lea Anna Wylie, her mother, Mrs. Paul Wylie of Morton; her mother, Mrs. Melvin Chandler of Tulla; her mother, Mrs. E. J. Rodgers of Lockney, and her mother, Mrs. H. C. Turner of Shreveport, La. Little Lea Anna is Mrs. Rodgers' 10th great-grandchild and Mrs. Turner's 10th great-great-grandchild. The gathering was at Mrs. Chandler's home.

Highway Department Will Spend More Than \$100,000 In County

The Texas Highway Department will spend more than \$100,000 in Floyd County within the next year on reconstruction and reconditioning existing roads, according to announcement this week by department officials.

A contract was awarded to Kerr & Middleton of Lubbock this week for the reconstruction of grading, structures, base and surfacing of Farm-to-Market road No. 651, between Highway 70 and Lakeview in southeastern Floyd County. The road takes off from Highway 70 about five miles east of Floydada going south. The distance contracted is 7.1 miles. The contract price is \$74,195.28.

Engineer Sam Fowler of Floydada will be in charge of the project and it is estimated that the work will require 100 days to complete.

In addition the Highway Department will put a seal coat on some 25 miles of hard-surfaced roads in the county during 1959. These projects include:

- Seal coat on 8.5 miles of road from FM 784 to US Highway 62 south of Floydada on FM 579, \$7,900.
- Seal coat on 2 miles of road from Hale County line east on FM 783, \$1,800.
- Seal coat on 11.8 miles of road from U. S. Highway 70 to Crosby county line, on FM 28, \$11,800.
- Seal coat on 2.5 miles of road from Hale County line to Providence on FM 788, \$2,300.

Ashton And Elam Are Western King, Queen

Pat Ashton and Larry Elam were crowned Western King and Queen Friday morning in an assembly program climaxed with Western and Twirl Week at Lockney High School.

Runners-up in the secret ballot contest were Pat McLaughlin and Ronnie Thornton.

Miss Ashton is a senior personality, co-editor of the Lariat, has been a member of the band four years, and is an active member of FHA, FTA and Creative Writers of which she is vice-president. She has been a majorette for the band the past three years.

Larry has been a member of the football team for four years, playing in the position of guard. He is also a member of the Future Farmers of America and the Bachelors Club.

Preceding the ceremony was a beard growing contest. First place winner was Kenneth Callaway, second and third place winners were Don Smith and Garland Sams. Mr. Heatherly received honorable mention.

Lee Pope Has Been Seriously Ill

Lee Pope of Bynumville, Mo., a former resident of this community, has been seriously ill, according to word from his wife. Lee underwent a serious major operation on November 11, but is improving satisfactorily at this time. Mrs. Pope reports he is expected to be able to go home soon. He would like to hear from some of his friends in this area. His address is Lee Pope, Bynumville, Mo.

Local Stores Will Observe Thanksgiving

Most local stores and places of business will be closed Thursday this week in observance of Thanksgiving. This is one of the four holidays sponsored by the Lockney Chamber of Commerce.

County offices at the court house in Floydada will be closed for the day and most other towns in the area will observe Thanksgiving.

No special event is planned here. The Abernathy-Spur regional football game will be played at Plainview High School stadium at 2:30 Thursday and many people from Lockney will attend.

Cox To Combine Agencies Dec. 1

J. E. Cox, who recently purchased the Carl McAdams Insurance Agency and the J. H. Cooper Agency, has already taken over the McAdams Agency and will take over the Cooper Agency and combine the two on December 1st, he said this week.

The new agency, to be known as J. E. Cox Insurance Agency, will do business in the present location of the Cooper Agency.

Mr. Cooper said this week that he would maintain a connection with Mr. Cox and still write some insurance through that agency. They will continue to make Lockney their home.

Mr. McAdams said he planned to retire. He and Mrs. McAdams will continue to live here.

Both men are expressing their thanks for patronage during the time they were in business here in advertisements elsewhere in The Beacon.

Local Girls Receive Dormitory Offices

Misses Jean Wofford and Kay Golden were elected recently by secret ballot as student representatives of Randall Hall on the campus of West Texas State College, Canyon.

The two local girls were among seven girls elected from the hall for this honor. Approximately 300 freshmen and sophomore girls live at Randall.

The representatives are responsible for helping see that the dormitory rules are practiced by its occupants.

Jean and Kay, along with the other students from here attending WTSC, will be home Wednesday afternoon for Thanksgiving holidays. They will return to school Monday.

Red Cross Drive Chairman Named

Louis Anderson of Floydada has been named to head the campaign to raise \$3200 in Floyd County for the American Red Cross, according to Carl L. Minor, county chairman. The campaign will be conducted during the month of March.

Mr. Anderson is manager of Beall Bros. Department Store at Floydada.

Floyd Joins With Other Counties In Bookmobile

Floyd County has joined with four other counties in this area in a bookmobile demonstration for a one-year period. Floyd County Commissioners Court met with representatives of the State Library Association last Thursday at Floydada and agreed to the one-year demonstration. Members of the County Library Board were also in the meeting.

Other counties involved are Crosby, Dickens, Garza and Kent. There is no cost to the county in the demonstration. County Judge J. D. McBrien said, but the demonstration will be for a one-year period only.

Purpose of the Bookmobile demonstration is to further extend library services to rural areas. The Bookmobile will make regular stops at specified points in rural areas in the counties for the distribution of books. The exact route and stops of the unit will be worked out later.

Mrs. Ewald Quebe of Providence and Mrs. J. H. Barnard of McCoy have been appointed to represent Floyd County on the board which will work out the routes and stops for the Bookmobile. Mrs. W. R. Daniel of Floydada is alternate. This board will hold its first meeting in Crosbyton on December 3.

Vegetable Men To Appear On County Program

A number of experts on vegetable research and marketing will appear on a program for vegetable growers to be held Thursday afternoon of next week, December 4, in the district court room at Floydada. The meeting will start at 1:30 p.m.

Martin A. Bloom, agricultural economist, fruit and vegetable branch, Farmers Cooperative Service, USDA, of Washington, D.C., will be the principal speaker. Mr. Bloom has conducted surveys throughout the nation on vegetable marketing and should be able to present ideas to Floyd County farmers on how to enhance their competitive position in the fresh vegetable market. County Agent Cecil Lewis said this week.

Others on the program will include Robert W. Cooper extension farm economist; Jimmy Rosborough, extension horticultural marketing specialist; and Dr. Harold Sovenson, economist, Texas Experiment Station.

County Agent Lewis said that the program promises to be a very informative one on vegetable research and will be beneficial to all those who attend.

Price Webb Is Killed Saturday

William Price Webb, 36, was killed about 11 p. m. Saturday when his car overturned six miles east of Albany, Texas, on Highway 180. Mr. Webb was a former resident of this community and was a brother to Granville Webb of Aiken and Mrs. Aubria Kent of Lockney.

Funeral services were held at 2 p. m. Monday at the East Sherman Baptist Church, Sherman, Texas, his former home. Burial was in Memorial Park Cemetery there. The Webb and Kent families left early Sunday for Sherman to attend the services.

Webb was employed by Paymaster Farms while living in this area. Recently has been working for Paymaster as a truck driver at Abilene.

Survivors include his parents, Mr. and Mrs. J. Lee Webb of Sherman; three brothers and four sisters, including the local people.

Webb was a veteran of World War II and was awarded the Purple Heart.

Tommies Are New Grandparents

Mr. and Mrs. Verbie L. Robinson of Hawthorne, Calif., are proud parents of a baby girl born Saturday, November 5, at the Continella Valley Community Hospital at Hawthorne. The baby weighed 6 pounds, 14 1/2 ounces and was named Jonita Louise. Grandparents are Mr. and Mrs. R. L. Tommie of Hawthorne and Mr. and Mrs. E. L. Robinson of Portales, N. M. Great-grandparents are Mr. and Mrs. Arie Glover of Compton, Calif., and Mrs. C. J. McClure of Lockney. Mr. and Mrs. Robinson both attended Lockney High School before moving to California in 1953.

Sailors Are Coming Home

Derral Waldroupe, son of Mr. and Mrs. A. N. Waldroupe, and Harold Shearer, son of Mr. and Mrs. F. S. Shearer, are expected home this week after completing boot training at U. S. Naval Training Center at San Diego, Calif. Derral will return to San Diego after his leave to attend a medical school and Harold will attend an electronics school at the Great Lakes Naval Training Center near Chicago. Derral made the highest grade of any man in his company in a special test given at the conclusion of boot training and was given special recognition.

Raymond Smith Is Recovering From Fall Injuries

Raymond Smith, manager of the Farmers Gin at Lone Star, is recovering at his home in that community from injuries received in a fall at the gin last Thursday night. Smith had climbed to the top of the gin to unstop a clogged pipe and fell 18 feet to the concrete floor. He suffered a broken pelvis bone and a severely bruised left arm and wrist. He was treated at Lockney General Hospital.

Smith was alone in the gin when he fell. He managed to get to his feet and walk a few steps but fell again and crawled several feet to where he could attract the attention of an employee, who rushed him to the hospital.

He will have to remain in bed another two weeks and then will oo on crutches for a while.

Lockney \$\$ Days This Week End

Lockney merchants are again offering many special bargains on Dollar Days Friday, Saturday and Monday. The monthly Dollar Days or month-end sale has proven to be very popular with people of the community.

For those who enjoy shopping for bargains, we invite you to look through the advertisements in this issue of The Beacon which offer many outstanding bargains in good quality merchandise. It's just plain sensible to do your Dollar Day shopping at home. Try it this month.

Seven Called For Induction

Seven men have been called for induction into the armed forces on December 1st and another 18 have been ordered to report for physical examination on the same date by Selective Service Board No. 45, covering Hale, Floyd, Swisher and Motley counties.

The following are ordered to report for induction:

- Floyd County — John Ethel Campbell.
- Hale County — Olan Glenn Goldston, Kermit Rex Campbell, Bobby Gene Jones, Vance Dean Jones.
- Swisher County — Thomas Eugene Berry, Wendell Gene Sluder.
- Benito Castillo, transferred from Texas Local Board No. 107.

The following are ordered to report for physical examination:

- Floyd County — Walter Sanford Simmons, Glad Lynn Norman, Robert Lee Pleasant, Pierce Keith Marble, Doris Luther Hopkins, Glendol Alton Martin, Calvin Lynn Wylie.
- Hale County — Lawrence Wayne Bishop, Boyd Rubben McMillan, Billy Jack Gentry, James Lee Hicks, Gilbert Leon Costilla, Everett Ray Duvall, Jackie Leo Williams, Albert Edward Thompson.
- Swisher County — Emmett Dave Burleson, Jr., Hugh Elliott Poage.
- Motley County — Doyle Rue Moore.

Man Burned In Tractor Fire

Harold Green, an employee of E. O. Barrett, was burned about the hands, face, throat and legs last Wednesday afternoon when a tractor caught fire on the Barrett farm, 1 1/2 miles south of Lone Star store. Green was treated at Medical Surgical Hospital and his condition is not believed to be serious. He was improving Wednesday.

The model 70 John Deere tractor had an estimated \$600 damage to it, Mr. Barrett said. A unit of the Lockney Volunteer Fire Department went out and extinguished the blaze.

Friday morning of the week previous a tractor of the same make and model belonging to L. L. Rhodes was almost destroyed by fire. The tractor was being used by hired hands on the Rhodes farm six miles northeast of Lockney when it caught fire.

Origin of the fire is unknown but Mr. Rhodes said that probably the hands had let some vapor out of the butane tank and when they stepped on the starter the vapor exploded. Loss was estimated at about \$1200.

The Lockney Fire Department took a truck out to the fire and extinguished the blaze.

THANKSGIVING SERVICES AT LOCAL CHURCHES THIS WEEK

Special Thanksgiving services will be held at the Lockney Methodist Church this Wednesday evening starting at 7 o'clock, according to Rev. E. Lee Stanford, pastor.

Special music will be furnished by the Children's Choir and the Junior Choir. Rev. Stanford will bring the Thanksgiving message to the congregation.

"Everyone is invited to attend the services," Rev. Stanford said in his church bulletin this week. "Let's show our gratitude to God by attending the Thanksgiving service and expressing our thanks to Him."

Providence Service

A special Thanksgiving service will be held at Trinity Lutheran Church at Providence Thursday at 11 a.m. A special offering for the maintenance building at Texas Lutheran College, Seguin, will be taken. Everyone in that community is urged to attend this service.

Abernathy, Spur Clash Thursday At Plainview

Bulldog Stadium in Plainview will be the site of the regional Class AA clash between the Abernathy Antelopes and Spur Bulldogs on Thanksgiving Day. Kick off time is set for 2:30.

Abernathy, District 2-AA champs, won the right to play in regional with a thrilling 26-20 triumph over Dimmitt in the bi-district battle last Friday at Plainview. The Antelopes scored in the final minute to gain the win.

Only defeat suffered by Abernathy this season was at the hands of Lockney, 22-12.

The steadily improving Spur eleven won a surprising 30-8 decision over Crane at Crane last Friday in their bidistrict tussle. The Bulldogs downed Floydada, 8-0, for the 3-AA crown.

In an early season contest Abernathy downed Spur, 20-8. The Bulldogs, a traditional late maturing club, are now rated about even with Abernathy.

Cotton Crop Is 82% Harvested

The cotton crop in this part of Floyd County is 82 percent harvested, according to an average guess by ginners of the area. A survey by The Beacon late Tuesday revealed that the gins at Lockney, Lone Star, Aiken and Sterley have ginned a total of 39,626 bales to date. If the 82 percent estimate is correct the gins will total something more than 48,000 bales during the season. This survey does not include gins at Providence which would add several thousand bales to the total.

The four gins at Lockney have turned out a total of 19,296 bales thus far, the survey revealed.

The northwest Floyd County figures run close to those in a county-wide survey made some three weeks ago by The Beacon and The Hesperian which brought forth an estimate that the county will gin more than 100,000 bales from the current crop. At that time ginners estimates indicated that a total of around 50,000 bales would be ginned in this part of the county.

Seven Called For Induction

The following are ordered to report for physical examination:

- Floyd County — Walter Sanford Simmons, Glad Lynn Norman, Robert Lee Pleasant, Pierce Keith Marble, Doris Luther Hopkins, Glendol Alton Martin, Calvin Lynn Wylie.
- Hale County — Lawrence Wayne Bishop, Boyd Rubben McMillan, Billy Jack Gentry, James Lee Hicks, Gilbert Leon Costilla, Everett Ray Duvall, Jackie Leo Williams, Albert Edward Thompson.
- Swisher County — Emmett Dave Burleson, Jr., Hugh Elliott Poage.
- Motley County — Doyle Rue Moore.

Uptons Open In New Building At South Plains

Mr. and Mrs. Raymond Upton of South Plains are holding formal opening of their grocery store in their new building Saturday of this week, Nov. 29th. The building was just recently completed by A. H. Neal of Plainview and they have moved from their old location to the new building.

"Everyone is invited to attend our opening and visit with us," the Uptons said this week. "We certainly appreciate the loyal customers we have had so many years at South Plains and we believe that we are in position to serve you better now than ever before."

The Uptons first opened their store at South Plains in 1945. Later they sold out and were out of business for three years but have been back in business there for several years. They have the South Plains post office in their store and Mrs. Upton serves as postmaster.

Baptists Reach Goal In Special Offering Sunday

A goal of \$10,000 for a special offering at the First Baptist Church was exceeded last Sunday when membership of the church gave a total of \$10,040.72. Additional money was coming in first of the week to add to the Sunday total.

Rev. Charles Broadhurst, pastor, was very pleased with the offering. He said the money will be used to pay for a building recently purchased and remodeled to house a colored church in this community, to furnish a room in a new dormitory at Wayland College, to purchase a building for additional Sunday School room at the local church and for Sunday School equipment.

Local Basketballers Host Floydada Tues.

Local basketball fans will get their first look at the Longhorns and Longhornettes Tuesday when they play hosts to Floydada squads.

Lockney teams opened their season Tuesday evening at Crosbyton. Scores were unavailable due to The Beacon being printed a day early this week for Thanksgiving.

Bridal shower at Crisp, Lowell

Joe Mark Nolan born at 8:27 p.m. Nov. 16, to Mr. and Mrs. Nolan having 11 living children. The baby weighed 8 lbs. on arrival at Lockney Hospital and will be with his parents at Floydada, when released from the hospital this week.

The mother is Mrs. Sandra Sams, daughter of Mrs. Gerald Sams and Mrs. Gerald Sams. Other grandparents are Mr. and Mrs. E. E. Weiss, Plainview, Texas; Mr. and Mrs. L. Spence, Fort Worth, Texas; Mrs. Fannie Brown, mother.

EDITORIAL

O give thanks unto the Lord, for He is good; for His mercy endureth forever.

REV. EDWARD W. GREENFIELD, editor of Spiritual Mobilization's journal "New Perspectives in Faith and Freedom," has expressed sentiments about Thanksgiving which are very thought provoking:

"It is easy to be grateful in prosperity; it is not so easy to be grateful in adversity. We have been taught to 'count our blessings,' and sometimes to recognize troubles as 'blessings in disguise.' Seldom have we been led to think of the very fact of adversity as something for which to give thanks.

"But reflect a moment. If there were no evil, how could there be good? If there were no trouble, how could there be triumph? If it were not for ugliness, how could we appreciate beauty? Were it not for sin, what meaning would we find in salvation? As someone has said, 'If everything was heavenly, heaven would be hell.'

"When therefore, this Thanksgiving, we give thanks for our prosperity, consider giving thanks for the obstacles that have had to be overcome in order to get what we have. And be grateful that there are still in this world enough hardship, ugliness, ignorance, falsehood, oppression, and the danger of new oppressions, that none of us can hide behind the excuse of having nothing to

do, nothing to challenge us. There is so much evil yet to be overcome, that life can be a singing struggle, adding zest and therefore reason for living and Thanksgiving, for all of us."

AN EXECUTIVE of one of the country's largest advertising agencies says that this is the "saddest year" in TV history, with program quality and public interest both sinking. He added that it might be a good idea for newspapers to stress the value of their departments as the best selling climate for advertisers who have cooled toward TV. Magazines are aggressively doing that.

—oOo—
J. EDGAR HOOVER, director of the FBI has announced that special law enforcement conferences will be held wherein his organization will outline to state and local law enforcement officials the co-operative services the FBI provides in connection with bombings and threats of bombings against educational and religious institutions. He believes these outrages can be materially reduced by an aroused public opinion, a coordinated effort on the part of Federal, state and local law enforcement agencies, and by stern treatment of the perpetrators.

HOW FAR CAN runaway inflation go? Germany has provided a classic example. Prior to the inflation that began in 1919, the mark was worth about 25 cents. In late 1953, it was valued at 4.2 billion to the dollar.

THE 75TH ANNIVERSARY of Standard Times will occur on November 18th. On that day, in 1883, all railroad clocks in the United States were set to the then-new standard. Before that there were more than 100 different local times under which trains were being operated, to the continuing confusion of all concerned.

—oOo—
CHANGING TIMES reports that the cost of running state governments may total \$25 billion this year — five times the 1946 figure. It adds that, as a rule, increased costs must be met with higher taxes, as most of the states have ended up their surpluses and are in debt to the hilt.

—oOo—
THE HIGHEST COURT in Maryland has unanimously ruled that a four per cent sales tax and a two per cent gross receipts levy on advertising imposed by Baltimore is unconstitutional insofar as they apply to newspapers, radio and TV stations, and their customers.

With Our EXCHANGES

"STATES' RIGHTS"

The words "States' Rights" have been banded around with reckless abandon during the past few years, but we wonder how many people actually stop to calculate the full impact of the controversy.

Recently, the Houston Chronicle came up with the following figures, which are close to every Texan:

"During fiscal 1958, which ended last June 30, Texans paid \$2,697,309,000 in taxes to the federal government. This figure becomes more impressive to Texans when they are told that this amount would run the state government for two years, wipe out the current deficit and also take care of the \$150,000,000 deficit anticipated for the next biennium if additional revenues are not obtained. In addition, there would be a round \$500,000,000 left over with which the state could give state colleges the money they are begging for, could increase salaries of public school teachers, could step up the highway program and still would have more than enough money left over to permit abolition of the state ad valorem tax."

The situation can hardly be

attributed to the Republicans or to the Democrats, chiefly because it has grown and flourished under both parties. It is, instead, a general result of individuals looking to the federal government rather than to themselves for assistance.

Meanwhile, deficit spending has dropped the American dollar to 48 cents of its 1938-39 value. Worse still, our federal government is still overspending, instead of balancing the budget.

Since neither Congress of any administration indicates a halt to excessive spending, the ultimate solution is up to the people.

While a few protest, the multitude continues to look to federal levels for direction and assistance. A grass roots revolt would possibly cure the situation, as many observers predict. Unfortunately, however, the people who live at the grass roots—labor, farmers and small town business men — do not seem too alarmed over the situation. Most of us these days

Dear Editor:
I see where the Choctaw Indians are on the world-warpath because the Indian Bureau don't aim to let them vote on who will be their next tribal chief.

Last chief they elected probably didn't suit the Potomac brass. No life-ad-justment course in the school where he got educated, so he don't know how to give in.

My beat neighbor says our people - picked state chiefs don't always suit the feder-als, either. Likely we will soon be just like the Red Man, with our governors appointed by the Great White-and-Black Father in Wash-ington.

in the U.S. and Texas will be
present.

4-H CLUBS

The County Wide 4-H club
organized for the 1958-1959 club
year Monday night. The officers
elected were: President,
Warren Mitchell; Vice - Presi-
dent, Billy Colston; Secretary-
Treasurer, Norman Hopper;
and Reporter, Robert Overstreet.

The first order of business
was the preparations for the
4H float in the annual Christ-
mas Parade to be held in Floyd-
ada. The president, Warren
Mitchell, appointed committees
to work on different portions of
the float. The club will meet

next Monday night, Dec. 1, in
a special meeting to finish
preparations for the float.

This 4-H Club is designed
particularly for 4-H Club mem-
bers of high school age.

A Beef Steer Trimming and
fitting demonstration was held
for 4H members Saturday, Nov.
22, in Floydada. The boys clip-
ped and trimmed their steers
as part of their feeding demon-
stration.

A similar demonstration will
be held in Aiken on December
6 on the Oscar Golden farm.

4-H Club members are fitting
and feeding 31 steers, 51 lambs,
and 97 barrows in preparation
for the spring livestock shows.

**Clarendon College
Reunion Dec. 6**

Former students and teach-
ers of Clarendon College are
planning to observe the sixtieth
anniversary of the founding of
the college with a reunion at
Clarendon on Saturday, Dec. 6.

Clarendon College, the oldest
in the Panhandle, opened Sept.
5, 1898, with some 75 grade
school pupils, and became the
outstanding junior college in
Texas, and an A Grade senior
college. For 29 years this dis-
tinctively Christian College
served Northwest Texas, New
Mexico and Southwestern
Oklahoma.

Registration will begin at
three o'clock Saturday after-
noon, December 6, at the Clar-
endon Press.

A successful man is one who
can make more money than
his wife can spend. And a suc-
cessful woman is one who can
find that kind of a man.

Money doesn't talk today. It
just goes without saying.

A straight tip on a sure
thing usually demonstrates the
uncertainties of life.

**Lockjaw Is
Still Prevalent**

Tetanus, often called lock-
jaw, is still prevalent in the
United States. Figures for 1958
show that there were 447 cases
of the disease in the country
from January 1 to November 1.
Twenty five of these cases oc-
curred in Texas.

The history of tetanus goes
way back. This disease was
clinically described by Hippo-
crates and Arataeus very ac-
curately.

In 1885 Nicolaier produced
the disease experimentally in
animals. He did this by inocu-
lating them with garden soil.

Four years later, Kitasato
isolated the bacilli in pure cul-
ture. He went on to produce a
tetanus toxin in 1890 and the
antitoxin a year later.

For the past five years the
incidence of the disease has
been holding its own in Texas,
fluctuating only little. The dis-
ease is caused by the introduc-
tion of the tetanus bacilli into
the body through a wound.

The bacilli in turn produce a
toxin which reacts in much the
same manner as a poison on
certain bodily functions.

It is characterized by stiff-
ness of the jaw and neck mus-
cles. Before the development of
antitoxin, about 80 per cent of
all afflicted persons died.

The disease was more pre-
valent then because of few
paved roads and sidewalks, be-
sides the abundance of horses
and other animals before the
coming of automobiles. Today,
soils, street dust and animal
excreta are still the principal
reservoirs.

Since 1941 the U. S. Armed
Forces have protected their men
with tetanus toxoid. During
World War II there were only
12 cases of tetanus in the Army

and Air Force. Six had not re-
ceived the toxoid shots and two
had received the toxoid, but
not an emergency booster. Out
of 600,000 battle wounds, only
one case developed tetanus.

Meanwhile in the Navy there
were two deaths from four
cases. Only one had not been
fully immunized. Compared to
high tetanus rates of other
warring nations, low incidence
among allied troops proves the
benefits of tetanus toxoid.

In contrast to the antitoxin
the toxoid does not contain
horse serum, a decided advan-

tage for allergic people.

Active protection can be ob-
tained from inoculations of the
tetanus toxoid with a booster
shot at regular intervals as
suggested by your physician.
Anyone who is subject to incur
open injury such as construc-
tion workers and farmers should
protect themselves. And cer-
tainly little children running
around barefooted need the
protection of tetanus toxoid. (A

Health Education Division of

MOTHER-DAUGHTER BANQUET IS "WINTER WONDERLAND"

"Winter Wonderland" was the theme for the FHA Mother-Daughter banquet held Thursday night in the high school cafeteria. Approximately 150 FHA members, mothers and other guests were in attendance.

Tables were laid with white cloths sprayed with blue centered with arrangements of snow covered spruce branches,

pine cones and accented with white, blue and silver glow candles.

Miss Janice Hays, president of the Big Sister FHA Chapter, acted as master of ceremonies and gave the welcome. Miss Jackie Lou Frizzell, president of the Little Sister Chapter, gave the invocation. Response from the mothers was given by

PLAN WEDDING — Mr. and Mrs. Bert Vernon announce the engagement and approaching marriage of their daughter, Bettye Manon, of Fort Worth to Joe Howard Cruse, also of Fort Worth, son of Mrs. Homer Clay Cruse, Temple, Oklahoma.

Bettye is a 1954 graduate of Lockney High School and a 1957 graduate of T.C.U.-Harris College of Nursing. She is now employed by Dr. C. O. Terrell, Pediatrician of Fort Worth.

Mr. Cruse is a graduate of Temple, Okla., High School and is now employed in Fort Worth.

The wedding is planned for January 30, 1959, at 7:30 p.m. in the North Fort Worth Baptist Church.

New Comers Club Hears Tom Simpson

Tom Simpson of Plains Floral Shop, spoke at a meeting of the New Comers Club Wednesday, Nov. 19 during an afternoon meeting held at the Payton Powers home.

Mr. Simpson gave an interesting demonstration on Christmas decorations.

Mrs. Wilson Kermickel, president, presided and plans were made to have a Christmas party on Dec. 11 at the grade school cafeteria for members and their husbands. Guests are to bring toys, clothing and food for needy children.

Anyone interested in becoming a member of the club is asked to contact the president.

Coffee and brownies were served by the hostesses, Mrs. Troy Stafford, Mrs. Douglas Meriwether, Mrs. Bobby Johnson and Mrs. Payton Powers.

Lockney FHA Girls Take "Homemaker" Examination Tues.

Lockney High School homemaker students will be among the large number of senior girls who will take the "Homemaker of Tomorrow" test Tuesday of next week.

By taking a homemaking knowledge and attitudes test, they will compete for \$106,000 in college scholarships and an educational tour which this year includes the middle west in addition to historical sites in the east.

Enrolled in the Betty Crocker Search for the American Homemaker of Tomorrow this year are 348,150 girls from 12,260 schools. This is the largest number of participants in the five-year history of the scholarship program. Growth has been steady since 1955 when 187,463 girls in 8,040 schools participated.

The 1959 All-American Homemaker of Tomorrow will be announced in Minneapolis April 10 at the American Table Dinner in the Leamington Hotel's "Hall of States." She will be selected from among 48 state Homemakers of Tomorrow and the representative from the District of Columbia, each chosen in a written 50-minute examination which will be administered in the schools Tuesday.

The All-American Homemaker of Tomorrow will receive a \$5,000 scholarship. The runner-up will receive a \$4,000 grant, third place winner a \$3,000 award and fourth place winner a \$2,000 scholarship. Each of the other state Homemakers of Tomorrow will receive a \$1,500 scholarship and the runner-up in each state will receive \$500 toward her college education.

The immediate objective of the 349,150 participants in this coast to coast homemaking program will be naming the Homemaker of Tomorrow in each participating school. The school winner's paper will then be entered in state competition. The test is designed and judged by Science Research Associates.

Each school Homemaker of Tomorrow will receive a home-making pin manufactured by Josten's which represents the slogan, "Home is Where The Heart is." The school of each state winner will receive a set of the Encyclopedia Britannica.

Mrs. Edgar Hays, The Sophomore Trio, Glenda Harden, Carolyn Harris and Janice Boedeker, sang "Winter Wonderland", accompanied at the piano by Ann Brown. Dinner music was played by Janice Carthel.

"Merry Christmas, Mr. Baxter" was reviewed by Mrs. Robert Lee Smith.

Gifts were presented to Jake Wofford and Wayne Cooper, FHA beaus, and to Mrs. Wilma Adams, FHA sponsor.

The banquet menu consisted of cranberry cocktail, ham with orange and pineapple sauce, green beans, baked potatoes, lime jello with pears, hot rolls, butter, pumpkin pie with whipped cream, tea or coffee.

Mrs. Conde Davis visited in Plainview Sunday afternoon with Mr. and Mrs. Duard Brown. Mr. and Mrs. Harrison Davis and son of Post, Mr. Davis is a brother to the late Conde Davis. Another of his brothers, Wright Davis of Jacksboro, his son, Sam Davis and wife of Lubbock visited Mrs. Davis Monday night.

S.S. Classes Have Thanksgiving Event

The T.E.L. Class and Bert Bobbitt's Men's Class enjoyed a Thanksgiving supper at the First Baptist Church Monday night, followed by games at the home of Mr. and Mrs. T. B. Mitchell.

A Thanksgiving song was sung and R. C. Mitchell gave the invocation.

Enjoying the social meeting were Messrs. and Mmes. R. C. Mitchell, O. C. Bailey, F. M. Smith, T. B. Mitchell, Ben McGhee, J. R. Richards, Clayton Weathers, W. B. Mullins, E. A. McLeod, H. E. Musser, Earl McCready, W. O. Whitehead, B. B. Vernon, Hugh Marble, F. U. Payne; Mrs. F. Visage, Mrs.

Hugh Carroll, Mrs. E. J. Rodgers, Mrs. Jewell Kenedy, Mrs. F. S. Shearer, Bert Bobbitt, H. B. Sparkman and Joe Reeves.

El Progreso Club To Meet Today

El Progreso Study Club will meet Wednesday afternoon at 4 o'clock in the home of Mrs. Milton Ashton for a program on "Professional Women of Today."

Roll call will be answered with "Women in the News."

Huntsville Girl Is Bride Of Richard Franklin Stovall

Judge and Mrs. Max Rogers of Huntsville, Texas, announce the marriage of their daughter, Ivy, to Richard Franklin Stovall Jr., son of Mr. and Mrs. Richard F. Stovall of Floydada.

The ceremony was solemnized on Thursday, October 30, in St. John's Methodist Church in Austin with the Reverend W. G. Birkner officiating.

Miss Nancy Galloway of Dallas attended the bride as maid of honor and the bridegroom was attended by Temple Dickson of Sweetwater.

The bride is a student in Texas University where she is affiliated with Zeta Tau Alpha social sorority. She is a graduate of Persan's School of Design in New York City.

The groom was graduated with a business administration degree from Texas University. He is currently a senior in the school of law of the University of Texas. He is a member of Pi Kappa Alpha social fraternity and Phi Alpha Delta, honorary legal fraternity.

After a wedding trip to Monterey, the couple is at home at 307 East Thirty-Third Street, Austin, Texas.

Gift Tea Honors Frankie Sparkman

Miss Frankie Sparkman, bride-elect of David Hartman, was complimented with a gift tea Friday afternoon in the home of Mrs. Edgar Hays. Guests called from 4 to 5 o'clock.

The refreshment table was covered with white embroidered linen cutwork centered with a white and silver horn of plenty filled with white carnations and green leaves sprayed in silver. Double branched silver candelabra flanking the flowers held white tapers flecked with silver glitter. Shirley Mitchell served spiced tea and coffee from a silver service and Debra Ferguson served cake squares topped with a confection leaf and white carnation, carrying out the bride's chosen colors of mint green and white.

Mrs. Gene Pigg presided at the register. Janice Hays furnished piano music during the entertainment.

Hostesses were Meses. Leslie Ferguson, Edgar Hays, B. B. Vernon, Harmon Handley, Gene Pigg, Jewell Rexrode, Thomas Marr, Chester Mitchell, Howard Cooper, Bill Hodel, W. B. Cates, Hilburn Casey, C. D. McCandless, J. B. Teaff, Sid Thomas.

Rainbow Girls Will Give Drama Dec. 5

"Peace Around the World" is the name of the drama to be presented by approximately 75 Rainbow Girls on Friday evening, Dec. 5, in the high school gymnasium. Representing the nations of the world, the girls will be dressed in colorful costumes as world travelers in song.

F. M. Smith will be master of ceremonies. The invocation will be given by Oscar Golden followed by the pledge of the allegiance. Rev. Charles Broadhurst will read the scripture on peace.

Pat McLaughlin will give a reading entitled "I Believe", accompanied at the piano by Elaine Cooper. The six drama sprites, Pat McLaughlin, Jane Rhodes, Jo Readhimer, Charlotte Taylor, Polly Sue Gilbert, Kim Mickey and Diana Allison, will sing "He's Got the Whole World in His Hands".

The entire chorus of girls will join in singing "We've a Story to Tell to the Nations" and "Sweet Peace", followed by

W. C. Eiland, W. A. Taylor, Buck Kellison, Guy Sams, Clyde Seaman and T. S. Fox.

"Prayer Perfect" sung by Mrs. Edgar Hays. Concluding the program will be a colorful drill done by all the girls and as they kneel, Elaine Cooper will sing "The Lord's Prayer". Drill leaders will be Carolyn Merrell and Janice Hays.

Admission price is 75 cents for adults, 35 cents for students.

TO THE PEOPLE OF THE LOCKNEY AREA!

It gives me pleasure to announce that I have purchased the insurance agencies of Carl McAdams and J. H. Cooper and will combine them in one agency to be located in the building now occupied by the Cooper agency.

I will be in position to write most all kinds of insurance including fire, hail, windstorm, comprehensive, liability, and all kinds of auto insurance.

I appreciate very much the many pleasant dealings and associations I have had with the people of this area at Lockney Auto Company during the past 31 years. You have been very generous and kind to me during those years and I am grateful. I trust that our pleasant associations may continue. I certainly want your friendship and goodwill in my new business and you may be sure I will count it a privilege to serve you in any way possible.

WE'RE THANKFUL

To Our Friends and Customers!

We have sold our agency to Mr. J. E. Cox who is well known to most of you. We believe he will offer you the same service we have tried to offer.

We would like to take this means of expressing to each of you our gratitude for your loyal patronage and confidence. Our dealings with you have been a pleasant experience for us and will mean a lot to us in the future.

We will be associated with Mr. Cox in the business for some time yet and sincerely hope you will continue your loyal patronage to this agency.

Again we say to each of you "Many Thanks."

THANKS, FOLKS!

I have sold my insurance agency to J. E. Cox and will retire from the business. I wish to take this opportunity to thank everyone who has favored me with your insurance business during the past years. I appreciate every favor you have shown me. It has been a real pleasure dealing with you folks and I have enjoyed every minute of it.

I will continue to make Lockney my home and will still consider you my friends. I trust that you will continue to give Mr. Cox your insurance business because I know that he will serve you in a very satisfactory way.

Thanks again to everyone.

SOIL CONSERVATION DISTRICT NEWS

The fourth annual Farm-City Week is being observed this week throughout the United States and Canada. The Department of Agriculture is again cooperating with this observance by helping to promote better understanding between rural and urban people. Regardless of our individual desires to build well, we cannot, by ourselves, do very much. There must be a combined effort between rural and town people to do the job as it should be done. Cooperation means success. Towns do not just grow — they are the result of unending work by groups of citizens who place the welfare of others above their own private wishes. This is an effort that requires the best in every-one.
 Interest in the Great Plains Conservation Program is increasing. Quite a few applications have been made lately and several contracts have been signed. The government under this program will share the cost with individual farmers and ranchers from 50 to 80 per cent of the average cost for installing conservation practices on their individual farms. Technicians of the Soil Conservation Service will be glad to explain this program to you.
 Several land levelling jobs and thousands of feet of pipe have been installed since farmers begun harvesting their crops. Cost share payment on this work was provided by the Agricultural Stabilization Committee, while the Soil Conservation Service provided the technical assistance in getting the individual practices installed.
 Contact SCS for help in carrying out a conservation plan on your farm or ranch. Phone YU 3.2352 in Floydada.

HIGH OR LOW BISCUITS

Some folks like high, soft, fluffy biscuits. Others like their baking powder biscuits low, crisp and crusty. You can use the same recipe for making either type. The difference comes in placing them on the baking sheet. For high biscuits, roll the dough to 1/2-inch thickness, then place them close together on the baking sheet. As they rise the biscuits touch each other, keeping the sides soft. For crisp, crusty biscuits, leave an inch of space between each biscuit. Be sure to preheat the oven to 425 degrees. That is a must for flaky, tender biscuits.

FEATHERY FRITTERS

Fer fresh corn fritters that are crispy outside and light as a feather inside, beat 3 egg yolks until light. Add 1 and 2/3 cups fresh corn that has been scraped from the cob with the dull side of the knife. Add 1/2 teaspoon salt, 1/4 cup sifted flour and fold in the 3 egg whites which have been beaten until stiff. Heat enough oil for deep fat frying over the automatic top burner heat control of your range. Set the control at 375 degrees. Fry the fritters, a few at a time, until golden brown. Serve with maple-flavored syrup, baked ham or fried chicken, a tossed salad and fresh fruit dessert.

LUXURIOUS TABLE

Budget priced tablecloths are now available that look like fine linen. They are made of dacron and rayon and can be had in rectangular shape or in a round version with luxurious fringe. The cloths can be washed in suds and warm water and placed in a gas clothes dryer to dry at low heat. Remove from the dryer before thoroughly dry and fold carefully. A quick once-over with a warm iron is all the grooming the cloths need.

 Refrigeration — Refrigerators are bulging with turkey and ham for Thanksgiving. Extension foods specialists pass under that sanitary and proper storage importance to the appetite appeal and taste.
 Turkey should be cooked in aluminum foil or paper and stored in refrigerator at 36 to 38 degrees F. Whole birds may be cooked for three days; cooked birds without such as barbecued should be refrigerated at 36 to 38 degrees F. Wrapped foil or waxed paper, be kept up to three days.
 Left-over stuffing is especially important. Specialists suggest all stuffing from the

bird. Wrap meat and stuffing separately in waxed paper and store at 36 to 38 degrees F. Use gravy and stuffing within one or two days and heat thoroughly before serving.
 Questions are often asked on freezing uncooked stuffed birds. This is definitely not recommended by specialists.
 It is best to thaw a frozen bird before roasting it, specialists say. To do so, loosen the wrapping, but leave it on, and place turkey in the refrigerator to thaw. This may take two days or more depending on size of the turkey.
HOW TO SPOIL A CHILD
 Allow a child to do as he pleases without regard to the interests or comfort of others and you start him off on a lifetime of punishment. According to Margaret Spader, home service editor of the Gas Appliance Manufacturers Association, young children need and welcome the firm support of adults who will not let them behave in antisocial ways. Children should be taught very young what is right as well as what is wrong. It will save punishing and guilt feelings in the years to come.

FIRST THANKSGIVING CELEBRATED IN 1621

It would be hard to find an American who is unfamiliar with the story of our first Thanksgiving celebration when Governor Bradford proclaimed a day of thanks for the abundant harvest in the autumn of 1621. School children enjoy hearing about the Plymouth colonists who, after reaping and storing their crops, shot wild turkeys and made ready a feast.
 The Indians too, got into the spirit of the white man's Thanksgiving and appeared at the settlement carrying deer to be roasted. White and red men sat down together at the food-laden tables to give thanks for a bountiful harvest and a kind Providence.
 Few people realize the important part in our national Thanksgiving played by President Abraham Lincoln. For it was he who, in 1863, issued the first national Thanksgiving Proclamation in November for a day of thanks.
 This beautifully written Proclamation, in the characteristic style of our 16th president, reads in part:
 "The year that is drawing toward its close has been filled with the blessings of fruitful fields and healthful skies. . . They are the gracious gift of the most high God, who while dealing with us in anger for our sins, hath nevertheless remembered mercy."
 "It has seemed to me fit and proper that they should be solemnly, reverently and gratefully acknowledged as with one heart and one voice by the whole American people. I do, therefore, invite my fellow citizens in every part of the United States, and also those who are at sea and those who are sojourning in foreign lands, to set apart and observe the last Thursday of November next as a day of thanksgiving and praise to our beneficent Father who dwelleth in the heavens."
 "And I recommend to them that, while offering up ascriptions justly due to Him for such singular deliverances and blessings, they do also, with humble penitence for our national perverseness and disobedience, commend to his tender care all those who have become widows, orphans, mourners or sufferers in the lamentable civil strife in which we are unavoidably engaged, and fervently implore the interposition of the almighty hand to heal the wounds of the nation and to restore it, as soon as may be consistent with the Divine purposes, to the full enjoyment of peace, harmony, tranquility and union."

Candidates For Hiwy Patrolmen Are Sought

Future patrolmen of the Texas Department of Public Safety will be selected January 20 throughout Texas in examinations to be given young men between 21 and 35 years of age.
 In announcing the date for the selection exams, Col. Homer Garrison, Jr., director, said approximately 170 vacancies now exist in the ranks of the Texas Highway Patrol. He said applications will be accepted until January 12.
 Young men interested in these important positions may obtain detailed information from DPS offices located in Austin, Waco, Dallas, Houston, Corpus Christi, Midland and Lubbock. Any officer of the Department of Public Safety and the Texas Employment Commission will talk to you at length concerning the interesting jobs.
 New patrolmen will draw \$300 per month while training and will live in the modern Law Enforcement Academy in Austin throughout the training period. At the completion of the formal schooling, new pat-sock leaves, a modern retirement program, low cost insur-

Dear Editor:
 I note it claimed that sometimes when a citizen disagrees with a government wheel he all of a sudden commences to have trouble about his income tax.

Which my crafty neighbor says is logical, on account of when the Revenuers are looking around for another victim to harass, they naturally pick on folks with expired influence.

Says he figures that some day only Democrats will pay taxes when Republicans are in power, and vice versa, and if a man is fast enough on his feet he can enjoy a happy and tax-free life.

ACCOMPANIMENTS WITH PORK
 The Swedes like spiced prunes or apricots with pork dishes. The Chinese make a sweet and sour sauce using pineapple chunks and green peppers with pieces of pork. The French like an herb seasoning stuffing and a sprightly light wine. Margaret Spader, home service editor for the Gas Appliance Manufacturers Association suggests you vary garnishes and accompaniments when serving pork. Avoid starchy, fat dishes. Serve low-calorie vegetables such as broccoli, spinach, sauerkraut, brussel sprouts and celery with pork dinners.

Referendum On Cotton Acreage December 15

College Station — How farmers vote in the cotton marketing quota referendum to be held throughout the Nation's cotton-growing area on December 15 will determine whether quota penalties will apply, the kind of allotment program in effect, and also the level of price support for 1959 crop cotton. The referendum therefore is of vital concern to every cotton grower, says Searcy M. Ferguson, Chairman of the Texas Agricultural Stabilization and Conservation Committee.

The marketing quota program will be in operation for next year's crop, the chairman explains, if at least two-thirds of the votes cast in the referendum are in favor of the pro-

gram. In that case, farm operators will have an opportunity to elect a choice between (A) complying with their "regular" farm allotments—with upland cotton, or (B) complying with an increased farm allotment 40 per cent of parity lower than under the first choice; quota penalties will apply to any cotton produced in excess of the chosen allotment.

If more than one-third of the votes are against quotas, there would be no quota penalties, only the "regular" allotments would be available, and the price support level to eligible growers would drop to 50 per cent of parity.

All farmers who were engaged in the production of upland cotton in 1958 will be eligible to vote in the referendum.

The referendum will be held between the hours of 8 a.m. and 6 p.m. on Monday, Dec. 15.

Sgt. Glenn McLeod On Okinawa Island

S-Sgt. Glenn McLeod has been in Okinawa since the first of November with the U.S. Air Force. He expects to be on the island about 18 months.

His wife, the former Ruby Wilson, daughter of Mr. and Mrs. Carl Wilson, Lockney, and the couple's four boys, Michael, Gary, David Wayne and James Ray are in Denver, Colo., visiting his parents, Mr. and Mrs. Frank R. McLeod while he is away.

For those who want to remember Glenn with cards or letters his address is S-Sgt. Glenn McLeod, A F -17383658, 33rd Air Rescue Sq., Box 6, APO 235, San Francisco, Calif.

A charge of \$1.00 for three shots will be made. Signs will be placed on the road directing the way to the shoot.

GIFT EXTRAS—This washable cotton knit pajama set by Hanes is designed for Christmas giving. A holiday carol book is tucked away in the festive gift box in which the red and white pajamas are attractively packaged.

County Council Plans Xmas Party

The Floyd County Home Demonstration Council, in a meeting Saturday afternoon, made plans for the annual Christmas party and heard reports from various committees.

The Christmas party will be held December 13 in the Council room at the court house, beginning at 2:30 p.m. Committees were appointed as follows:

Tree and decorations, Mrs. Lynn Miller and Mrs. G. W. Smith; table decorations and dishes, Mrs. Monroe Schultz and Mrs. Glenn Pool; refreshments, Mrs. Jennie Cates and Mrs. E. B. Norrel. The finance committee will purchase gifts for the Council officers. Entertainment will be furnished by the Recreation committee.

All Council members for this year and new members on the next year's Council are invited to attend. Each person who attends should bring a gift of \$1.00 value to be exchanged.

The county agent, Miss Phyllis Rogendorf, announced an officers training meeting to be held December 1st. All who should attend will be notified. Each club should have a parliamentary and they should be appointed by Dec. 1st, it was stated.

Lockney had a very interesting exhibit of candle making and a family tree. Mrs. Henry Bollman was in charge of the exhibit. Lone Star will have the exhibit at the January Council meeting.

Seven clubs were represented at the meeting, three officers and five visitors were present.

Parade Of Progress Off The Press

"Miracle Area, U.S.A." — the story of the great South Plains in 160 pages of facts and photographs — is now available as the 1958 edition of the Parade of Progress comes off the press.

Featuring 33 communities in the fertile 19 counties that comprise the heart of this expansive Texas-New Mexico region, the Parade of Progress yearbook is being sent to industrial and investment corporation executives throughout the nation, Robert G. Wilson, Lubbock publisher, announced.

Of particular interest will be the four pages devoted to the progress and prosperity of Lockney during the past year. "The yearbook is designed to tell the story of the South Plains and the economic potential that exists here," Wilson said. Copies are also being placed in college and high school libraries for ready reference on current area history.

In addition to being a modern "almanac" of civic and economic information about South Plains cities, photographs of community leaders, education, business and industrial sites and churches are featured.

Skeletons of prehistoric man show that TB found its way into cave homes just as it invades modern ranch homes and apartments.

Failure demonstrates the fact that there is also plenty of room at the bottom.

Dear Editor:

I see where a Texas appeals court wiped out the sentence of a convicted murderer because his defense attorney hadn't paid his dues to the lawyers union.

My woolgathering neighbor says evidently this is to punish society for letting a scab lawyer work.

Says it may some day get to the point where if a doctor neglects his AMA dues, his patients will have to be shot, on account of it won't be legal to live on time bought from a non-union doctor.

A NEW SERIES in the 1959 Ford line—the Galaxie—captures more of the taste and styling flavor of the Thunderbird than any other Ford model. Compared here, the Galaxie Town Victoria in the foreground bears a strong resemblance to the 1959 four-passenger Thunderbird—especially in the roof area, yet it is priced to sell only \$48 above comparable models in the Ford Fairlane 500 series. The new luxury series includes six different body styles and will be available at Ford dealerships in early December.

VEGETABLE GROUP SEEKS RESEARCH PROGRAM FOR AREA

Dick Whiteley, Kenneth Probasco of Floydada, who is president of the Council, presided over the meeting. Dan Gregory of Hale County is secretary.

Dr. Raymond Elliott of Texas Tech talked on a request for the establishment of a vegetable research program for the High Plains of Texas. The agricultural experiment station at Lubbock has agreed to set aside 80 acres for experimental research of vegetables for the High Plains district.

Counties to be involved in the program are Hale, Floyd, Lamb, Lubbock, Swisher, Bailey, Crosby, Cochran, Castro, Parmer, Deaf Smith, Dawson, Gaines, Lynn, Yoakum, Perry and Hockley.

Other speakers during the meeting were Jess Osburn, state representative; Joe Cole, extension service; Jim Hildreth, in charge of research at Texas A & M; and Bud Jones, district agent over County agents of

this area.

Mr. Toothachre, representative for Texas Citrus and Vegetable Growers and Shippers, presented a bill which would provide for the appointment of a citrus and vegetable commission for Texas. The commission would regulate standards and conditions of vegetables being processed and sold in Texas.

The bill will be presented to the state legislature in January. Anyone wishing to read a copy of the bill should contact Mr. Toothachre at 306 E. Jackson, Harlingen, Tex.

Vegetable production on the South Plains has expanded from less than 6,000 acres in 1949 to over 53,000 acres in 1959. The estimated income from the 1958 crop with normal prices and yields, will be approximately \$36,000,000. The amount represents six and four tenths per cent of the total crop income from only one and two

Dear Editor:
My Labor and Religious expert neighbor says people like me who don't know anything about these subjects had ought to keep our traps shut about same.

But, now, if it got to be a national policy that nobody talked unless he knew what he was talking about, things would sure be quiet everywhere.

It would be pretty depressing, what with no coffee-time conversation, hardly any letters to the editor, no government bulletins, and Congress so quiet you could hear the treasury surplus growing.

The present need for vegetable research lies in the fact that rapid development of vegetable production on the High Plains has been largely dependent on information obtained from vegetable research and grower knowledge in the Rio Grande Valley, Arizona and California.

For sound development of the vegetable industry on the High Plains, research is urgently needed to evaluate locally the principle factors that influence yield, quality and market ability of crops. Examples of these factors are 1. adapted varieties, 2. soil fertility levels, 3. insect and disease control, 4. weed control, 5. irrigation and water management, 6. cultural practices.

Lack of information on the control of insects and diseases in 1957 alone reportedly reduced the income of the growers by several million dollars.

Modern Turkeys Much Different From Pilgrims'

The turkey which struts the barnyard today probably would not recognize the gobbler that provided the Pilgrims with their first Thanksgiving feast. The resemblance between the two birds is comparable to the "before and after" pictures

which accompany most body-building advertisements. The pilgrim bird was a skinny, scraggly, long-legged athlete who toughened up the meat on his bony frame by scooting through the woods at a rapid clip. According to The World Book Encyclopedia, the modern turkey is an overstuffed, full breasted beauty with a much larger body and short, meaty legs. Exercise for modern adult turkeys consists of walking around the barnyard at a slow, deliberate pace.

"Eligible Voter" For Cotton Vote Is Described

College Station — Farmers "eligible to vote" in the upcoming referendum on 1959-crop cotton marketing quotas has been defined by Searcy M. Ferguson, Chairman, Texas Agricultural Stabilization and Conservation Committee. "The general rule is that anyone who engaged in the production of upland cotton in 1958 is eligible to vote in the December 15 referendum," the Chairman explained. "This, of course, would include all persons—whether owner, operator, tenant, or sharecropper—who had an interest in the 1958 upland cotton crop.

"However, under provisions of law now in effect, the term 'eligible voters' also includes some other persons whose right to vote on cotton quotas may not be so well understood," Ferguson declared. "For instance, any grower who had a 1958 cotton allotment for his farm but who produced no cotton this year is also eligible to cast a ballot on 1959-crop quotas.

"Likewise, a farmer who placed his 1958 cotton allotment in the Soil Bank is eligible to vote in the December 15 referendum.

"These are the principal classes of persons who are defined as 'eligible,' " the Chairman stated, "but persons may also qualify to vote as a guardian, administrator, executor, or trustee for another person. In such a case the person for whom he is acting may not also vote.

"Each individual's rights to vote depends upon his or her own qualifications," Chairman Ferguson concluded, "and this applies to husbands and wives, as well as minors who were engaged in the production of cotton in 1958."

Where any person has a question about his eligibility to vote in the December 15 referendum on 1959 cotton marketing quotas, he is urged to get in touch with his local county ASC office where he may obtain all the necessary facts.

While some men battle their way to the top, others bottle their way to the bottom.

Dear Editor:
I see where a university professor is going around giving lectures on the Art of Creative Cussing, and amateur cussers from all over are flocking to hear him.

My sensitive neighbor says he hopes this leads to more elegance in all kinds of cussing, from the irk relieving type to the show-off variety.

Says cussing has been in a rut for a long time, and didn't even show any noticeable improvement when women took it up.

MENU FOR PHEASANT DINNER

Start with a small cup of cream of mushroom soup and crisp warm crackers. Then bring on the pheasant stuffed with rice and giblets, currant jelly and a chilled dry white wine. Spinach, kale or brussel sprouts are compatible vegetables and waldorf salad is a texture contrast. For desserts: concord grape pie or deep dish apple pie. Roasting tips for pheasants, preheat oven to 375 degrees and cover the breast with strips of bacon.

A man never gets so rich that he can afford to lose a friend.

Self-made men should be more careful in selecting the materials they use.

TELEPHONE TALK

by J. C. Oakley, Manager

IDEAS FOR '59

One of the biggest "brainstorm" sessions of the year now is being conducted by Southwestern Bell Telephone Company.

The 3 telephone men and women here in Lockney along with all other telephone employees, are participating in "Ideas for '59," a program to encourage ways to improve telephone service and our business operations.

All telephone men and women are attending meetings to offer their suggestions on new and better ways to do their jobs and run the business, which is a suggestion for saving paper clips or a better design telephone equipment and buildings.

All ideas will be examined by top officials of the company, and suggestions which are accepted will be included in our company's program for next year. But telephone people who make good suggestions won't necessarily have to wait until next year for them put into effect. Good ideas with local application which will help us provide better service or do our jobs better or more economically, will be put into effect IMMEDIATELY.

The company has always encouraged new ideas from employees, but the "Ideas for '59" program provides a system for insuring that all suggestions are considered and the people making them will get recognition.

The end result? Better telephone service, constantly improving through the years, for you and all our customers.

A NEW FAMILY PLAN

For some time now, railroads and airlines have been telling people about "Family Plans." Well, I never heard of an older couple who thought up their own "Family Plan" for get-togethers with their married children living out of town.

Since Sunday always seemed the loneliest day without the family around — and because long distance rates are lower all day — they set up a regular Sunday calling schedule for their sons and daughters. On the first Sunday of the month, Bill, the oldest son, calls on the whole family on the line; on the second Sunday it's the middle boy, Ralph, Jane, the only girl (she has a little girl of her own) calls on the third Sunday, and on the fourth Sunday, it's Tom's turn. He's the youngest, and just married.

I didn't learn what happens when a month has four Sundays, but I do know that these Sunday calls turn a lonely day into a happy one for the folks back home.

TOUCHDOWNS BY TELEPHONE

Many telephone employees aren't as lucky as I am when it comes to football. Usually—if I can duck out of projects my wife saves up for me to do on Saturdays—can enjoy a game on radio or television.

For other telephone people, football is work because broadcasts and telecasts, as well as news accounts of the games, are flashed from city to city over telephone company lines.

Here in our part of the country, where there is so much interest in football, it takes a lot of skilled telephone people and a lot of telephone facilities at work to keep fans in touch with what's happening to their favorite teams.

Call by number. It's twice as fast.

Men Would Have Opposed Thanksgiving Celebration

Men would have opposed to their shoe store on December 13, 1621. It is known that their idea was to become a national holiday celebration for millions of people in the United States and Canada.

Pilgrims were dead-end "annual" holidays, and to celebrate even on Easter.

to research experts in the World Book Encyclopedia. Pilgrims referred to the holidays of the Roman Empire as "Roman holidays." They believed in only when Providence sent them a particular sign.

prove their disdain for a calendar-fixed celebration. The Pilgrims did not

erson called such Government-proclaimed holidays a "Monarchical practice" and ignored thanksgiving during his eight years in office.

Mrs. Sarah Hale, editor of Godey's Lady Book, worked for 30 years to promote the idea of a national thanksgiving day. Mrs. Hale had a double-barreled attack — she printed editorials promoting the idea and also included tempting recipes for Thanksgiving delicacies.

In 1863 Lincoln proclaimed that the last Thursday in November would be Thanksgiving Day. Each year afterward, the President of the United States formally proclaimed that Thanksgiving should be celebrated on the last Thursday of November.

However, some descendants of the original New England Puritans refused to observe the holiday, claiming that Thanksgiving should be inspired by the Deity, not by politicians.

The most recent Thanksgiving controversy arose when Franklin D. Roosevelt switched the date of the holiday from the fourth to the third Thursday in November. He hoped to help business by making the shopping period longer between Christmas and Thanksgiving.

Newspapers and magazines carried editorials advising readers to ignore the President and some Governors flatly advised their states to celebrate Thanksgiving on the traditional day. Three years after the change was made, Congress restored Thanksgiving to the fourth Thursday.

In view of this stormy history, it might be well to have a thanksgiving to give thanks for Thanksgiving.

Formby Announces For Governorship In 1960 Campaign

Wichita Falls — State Highway Commission Chairman Marshall Formby said recently he will seek the Democratic nomination for governor of Texas in 1960 "unless something happens to the contrary."

He was here for the dedication of a section of the new Red River Valley Expressway. Formby, whose home is in Plainview, said groups over the state have pledged their support.

He told the Wichita Falls Record-News he plans to open his campaign after his term on the highway commission expires Feb. 15.

Formby, 46, was born near Como, in Hopkins County. He graduated from Texas Tech and received a law degree from the Baylor University.

Formby served with the Army Corps of Engineers in Europe during World War II.

Dear Editor:

I see where some labor officials are in favor of a profits tax, which my savvy neighbor says they likely figure only people in business would have to pay.

But he says they might get fooled on this point, on account of wageworkers all make a profit, too, and would likely have to pay taxes on same.

Says the difference is profit when a man sells his time for any more than the cost of enough beans to keep him from starving, a gunny-sack to keep him from freezing, and a little FHA bush to sleep under.

Wylene Freeman Named To Who's Who At ACC

Abilene — Wylene Freeman, Abilene Christian College senior from Lockney, has been named one of the students to represent ACC in the 1958-59 edition of Who's Who Among Students in American Universities and Colleges.

Miss Freeman is the daughter of Mr. and Mrs. S. A. Freeman of Lockney and she is a 1955 graduate from Olton High School. Elementary education is her major at ACC.

She is majorette for the Wildcat Band, serves as president of Zellner I Amity Council, is a member of W Club, women's honor organization; of Gata Social Club, of Alpha Chi scholastic fraternity, and of the student court.

Candidates for Who's Who are chosen on the basis of their character, leadership, honesty, dependability, attitude and future promise.

SEASONING FOR PORK

Sage, ginger, garlic, mustard, thyme and rosemary are the herbs to use with pork. For a 5-pound roast, mix 1 tablespoon salt, 1 tablespoon paprika, 1 teaspoon dry mustard and ¼ teaspoon ginger together and rub over the surface of the uncooked meat. Or, make 5 or 6 slits into the roast and

THE LOCKNEY BEACON, LOCKNEY, TEXAS, NOV. 27, 1958

stuff a piece of garlic into each slit. Sprinkle your favorite herb and salt over the top. Carving tip: allow a 15-minute rest period when the roast comes out of the oven. The meat will slice easier and you'll have time to make the gravy while the roast relaxes.

Drinking to another man's health isn't going to improve your own.

Men who are loud and noisy seldom are a howling success.

It takes a raft of friends to keep some people afloat.

THANKSGIVING is here and we all want to pause and express our individual thanks for the many good things of life.

The blessings of association with friends and acquaintances of this community and the opportunity of serving you is among our most cherished blessings.

On this Thanksgiving Day, 1958 we are thankful for a thousand blessings that have come our way. They are too, too numerous to mention, but one of the chief Blessings is your patronage and good will. We do appreciate that more than we can tell and trust that we may merit a continuation of the same. Thanks a million from all of us to all of you.

Home Business Firms Give Us Values

that Nobody Else Can Match

It's a fact . . . our home merchants and service establishments give us a special type of Bargain every time we spend a dollar with them.

And no competitor of theirs in another town or city can give us . . . who live in this area . . . anything like as good a deal.

It's simple economics: the dollar we spend at home buys about the same goods that it will buy anywhere else . . . but . . . to make every purchase at home a better bargain, we also get to share in, and to profit from the more prosperous community that larger trade volume naturally builds.

And this Extra Value . . . which we do not get when we spend our money in somebody else's community . . . is the real key to our own greater individual prosperity and enjoyment of life.

Studies Soil And
Water Conservation**
Conservation of soil and
water is receiving major atten-
tion in the research program at
the High Plains Station of the
Texas Research Foundation. A
new phase of this program was
initiated last week with bench
leveling of the sloping land a-
round the lake getting under-
way.
This is a cooperative program
with the Soil Conservation Ser-
vice and the Floyd, Hale, Lub-
bock, and Terra Blanco Soil
Conservation Districts. J. E.
Hancock Manufacturing Co. of
Lubbock, Plains Machinery Co.
of Lubbock, and West Texas
Equipment Co. of Amarillo are
assisting in the layout and de-
velopment of the benched area.
The project is designed to
compare the efficiency of water
usage on irrigated slopes (1 to
3%) in contoured rows, level
benches, and rows running
down the slope. Measurement
will be made of applied water
(both rainfall and irrigated)
and water lost by runoff. Cost
of production, yields, soil ero-

ion loss, and the effective use
of water will be factors con-
sidered in this experiment.
The Advisory Council of the
High Plains Station considers
the use and conservation of
water as the "number one"
problem of the irrigated High
Plains. Harold Hinn, Chairman,
stated this week. A soil and
water engineer will be added to
the staff at the Station after
January 1, 1959, to implement
the water study program re-
cently adopted for the Station.

Enclosed please find money

I would like to congratulate
you on your coverage of the
Longhorn football team. I am
naturally interested in them
because I played the center
position on both the basketball
and football teams in '24-'25
and '25-'26 when W. D. Biggers
was superintendent and E. F.
Baker was coach in 1924 and
1925 and Matt Noble was coach
in 1925 and 1926. Incidentally,
while I was playing, the name
of Longhorns was accepted and
also in January of 1926 was
the first year that sweaters
were issued to the players.

Now and then I read in your
paper of some of my old class-

it well worthwhile to keep my
subscription paid up.

MRS. JIMMIE HEARD WRITES OF CONDITIONS IN GERMANY

Nov. 12, 1958
Dear Mr. Hays,
I arrived in Stuttgart at 7 o'clock Thursday night and was met by Jim. The Army furnished us a car and driver which was very nice of them. We went to our apartment and spent the night. Next morning we ate our first breakfast in Germany, which was very expensive. Everything here is food, clothing, gasoline, furniture and household plants such as ivy. One small plant costs \$4.00. These are German prices: one egg costs six cents, meat is very high and isn't good, their breads are delicious, also very hard. A loaf of bread will cost as much as ours. Last night I bought half a loaf, Jim and I ate nearly all of it.
The clothing and dressing is very different. The German people don't wear bright colors at all, mostly blacks and dark blues. They wear heavy stockings and shoes. That is to help keep warm. The children wear long pants, some blue jeans.
The weather is always damp and cold. Today it is raining and cold, temperature is 25 degrees. They say it gets down to 20 and 30 degrees below zero. Last year they had 30 inches of snow.
Transportation isn't too good. They have trains, buses and street cars but don't run when you want them to. There are thousands of little cars over here and sometimes I think I will step on one but manage not to.
The people here love to walk and believe me they can. I can't begin to stay up with these girls that live in the apartment house. They always kid me about people from Texas being so strong and tough.
Our landlord is a very nice German man. He owns a manufacturing plant, hotel, apart-

The urban or "city" 4-H Club is no longer an exception in Extension work, according to statistics released by the USDA. The number of 4-H'ers living in urban areas has increased more than 28 percent since 1954. Country cousins are fast becoming city folks, while the distinction between farm and city boys and girls is virtually non-existent.
Proof of these changing times and people can be found during the National 4-H Club Congress in Chicago where approximately 1,300 youth assemble annually. The date this year is Nov. 30 to Dec. 4.
These future citizens come from all parts of the United States, Alaska, Hawaii, and Puerto Rico. All are members of local 4-H clubs, and all have achieved top state rating in a specific 4-H award program.
They represent the 2,200,000 rural and urban 4-H'ers who continually strive to "make the best better." Those who are selected each year by the State 4-H office to attend the National Congress, have accomplished just that.
These talented teenagers travel by train, plane, and bus to reach the Windy City where they will join their fellow 4-H'ers and adult leaders in a week of new and interesting adventures.
Many business firms and private citizens cooperate with the National Committee on Boys and Girls Club and the Extension Service to make the Congress possible. Not only are the trips paid for, but other valuable awards are provided for state and county 4-H winners. College scholarships will be presented to 200 national champions.
Among the 4-H award donors are: Mrs. Charles R. Walgreen, Chicago; Standard Brands Inc., Arcadian Products Dept. of Allied Chemical Corp., American Forest Products Industries, Wm. Wrigley Jr. Co., Pure Oil Co., Homelite, a Division of Textron, Inc., Olin Mathieson Chemical Corp., Armour & Co., Santa Fe Railway System.

Pilot Plant At Tech To Aid In Cotton Research

Lubbock—The pilot spinning plant at Texas Tech College, recently re-activated by the Plains Cotton Growers, Inc. and Tech, is expected to be fully utilized in expanded quality evaluation research as announced by the National Cotton Council.
A tag of "utmost urgency" has been placed on the need for evaluating the quality of raw cotton and relating it to manufacturing performance, it was announced recently after a meeting of the cotton industry's subcommittee on quality research.
Pilot spinning laboratories at both Tech and Clemson, S. C., will be used. Evidenced strongly indicates that excessive amounts of short fibers seriously affect cotton's spinnability. As a result, emphasis will be placed on efforts to determine how to measure the percentage of short fibers in cotton as an aid to placing the proper spinning value on cotton.
The subcommittee emphasizes the immediate need of controlling the drying of seed cotton in the gin. It called for an expanded effort to develop a combination of equipment and instruments to apply heat automatically in proportion to the moisture content of the seed cotton.
The subcommittee said early educational efforts will also be made by the National Cotton Council and other organizations in conjunction with research studies to take established information on the effects of over-drying and over-machining at the gin to cotton growers and ginners in time to get improvements for the 1959 crop.
