Dear Editor:

I see where the 1959 Maid of Cotton says during her term she will make all public appearances with her clothes on. On the grounds that what she looks like without same is a private matter.

Says she will put on a bathing suit only to go swimming, and won't pose for cheese-cake photos.

My jaded wolf neighbor says this way she will stand out like one rose in a garden of steams among other beauty queens, besides being a relief to eyes wearied by live cheese-cake we will be seeing in the super-markets and everywhere else next summer.

Pastor-Laymen Conference At Wayland College

Plainview. — The 38th Panhandle Plains Pastor's and Laymen's Conference, set for Jan. 26-27 at Wayland Baptist College, will have as guest speakers Dr. C. Oscar Johnson, former president of the Baptist World Alliance, and Dr. Jack MacGorman, Southwestern Baptist Seminary professor.

To join with Wayland in celebrating its Golden Anniversary, this year's program committee, headed by Dr. Carl E. Bates, Amarillo, has invited five persons to prepare historical sketches of five men who helped establish Baptist work in West Texas and has arranged for one session to include the historical pageant to be produced by the college at Plainview High School auditorium.

Monday morning's service begins at 10 o'clock with Bill Sutter, Amarillo, directing the singing. President A. Hope Owen of Wayland brings the Welcome address. Dr. MacGorman, associate professor of New Testament at Southwestern Baptist Seminary, begins the five Bible study periods at 10:35. Tom Parrish, Wayland's director of development, will give the first historical biography on Dr. J. H. Wayland, founder of the college, at 11:10 and Dr. Johnson, visiting professor of Bible at Berkley Baptist Divinity School, Berkley, Calif., will bring the first sermon at 11:35.

The afternoon session begins at 2 o'clock with Harold Davis, Levelland, in charge of the music. Dr. Cecil Goff, Dumas, speaks on "The Reach of God" and Dr. D. M. Wiggins, Lubbock, gives the historical sketch on Dr. I. E. Gates, first president of Wayland and former pastor of First Baptist Church, Plainview. Both Dr. Johnson and Dr. MacGorman will continue their Bible study and sermons at each of the sessions.

Monday evening the hundreds of Baptists in attendance will see the historical pageant depicting Wayland's 50 year history since its charter was granted in 1908. Tuesday morning at 10 Bob Callahan, Pampa, leads the song service. Dr. Roy McClung, Plainview, speaks on "Today's Problem in the First Century." Dr. G. W. McDonald, president emeritus of Wayland, gives the historical sketch on the Rev. G. I. Britain, pioneer pastor and missionary on the Plains. For the 2 o'clock afternoon session, Gene Kitterman, Odessa, leads the song service. Rev. Jack Pearce, Lorenzo, speaks on "Unfeigned Faith." Floyd Studer, Amarillo, gives the third historical sketch on Dr.

portant means of enhancing our educational and cultural well-being. "I wish to congratulate the forward-looking county officials and the library leaders in these West Texas areas who are taking the necessary action to bring about this vital service to their people."

Explaining the program further, Harwell said the value of inter-county cooperation in library service has been demonstrated in the areas which have been served to date. He said it has been proved that virtually any request for books and other informational materials can be filled through interlibrary loan. This has been supported by the collections of the State Library itself, in cooperation with the loan division of the University of Texas, Texas A&M College, and other institutions.

Since the first State bookmobile program was launched on January 7, 1958, he continued, some 60,000 books have been circulated among 6,000 readers in the small towns and rural areas of the 11 counties involved.

He said each demonstration area is provided with an up-to-date bookmobile, a "traveling librarian" and a driver, and a circulating collection of some 6,000 books which are carried to pre-determined stops in remote areas of the participating counties.

"It is significant to note," Harwell added, "that in every case the circulations of existing small libraries in a bookmobile demonstration area have shown huge increases — in many instances more than 100 per cent."

The State Librarian also complimented the county officials and library leaders in areas where bookmobile demonstrations are coming to an end "for their untiring efforts to bring about continued mobile library service and its inherent cooperative practices with local financing."

And I Quote . . .
"The trouble with money is it talks too much and buys too little." — Imogene Fey.
"College never hurts a man. Unless, of course, he is the student's father." — Franklin P. Adams.
"A special committee is trying to make the U. N. less wordy, and we're against it. That's the place where talk is better than its alternatives." — Changing Times.
"Socialism is indeed the great leveler. But the fact that the leveling is always downward seems to escape most theoretical socialists." — Leonard E. Read.

"Inflation is a hidden tax, with no exemptions or deductions. It is the cruellest tax of all, because it falls on the poorest the hardest." — Samuel B. Pettengill.

State Librarian Congratulates 10 Counties In Bookmobile

Austin — Texas State Librarian Witt B. Harwell today congratulated officials of 10 West Texas counties for taking "far-reaching steps toward better, modern-day library service for their people who live in the small towns and rural areas."

Harwell's statement was in connection with the completion of preliminary arrangements between the local authorities and the State Library which will soon bring mobile library service to two groups of five counties each in the West Texas

region. Officials in each of the counties have indicated a desire to participate in the program and, in some cases, the final agreements already have been signed.

As soon as possible after January 31, 1959, a multi-county bookmobile demonstration which has been serving Burnet, Blanco and Llano counties in Central Texas will move to Crosby, Dickens, Garza, Floyd and Kent counties.

And sometime after March 15, 1959, the demonstrations now serving the Rio Grande Valley counties of Hidalgo, Starr and Willacy will move to Dawson, Gaines, Hockley, Terry and Yoakum counties.

In each case, the demonstrations will be conducted for one year without cost to the counties cooperating, then move on to other groups of neighboring counties wishing to participate in the state-wide program which is conducted by the State Librarian under the Library Services Act.

"At the close of each demonstration," Harwell said, "it is hoped that the participating counties which have been pooling their library facilities into a cooperative system for their respective areas will continue this fine cooperation under a locally-financed arrangement."

The State Librarian explained that the purpose of the Library Services Act is to promote better library facilities for the people who live in areas where this service is inadequate or non-existent.

"In these critical times," he said, "we are daily being challenged on the world scene in the ever-accelerating race for knowledge. The increasing use of libraries by men, women and children is one of our most im-

Dear Editor:

I see where a lady columnist comes out with the claim that women are better liars than men, which my windy neighbor says is an unfair comparison.

Says men and women mostly practice this art on each other, which gives the girls the overwhelming advantage of having softer material to work on.

Claims they are not entitled to credit for superior preparatory skill when they can use a pretty smile and a pat on the arm to score with some pop-up lie which a man couldn't get to first base with.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The Staff of Life

Have you tried to satisfy your appetite with a bit of candy or a hurried snack? The keen edge of hunger may leave—but only temporarily.

There is another hunger innate in each of us. It is a spiritual hunger, our desire to have protection and help from God. Sometimes we do not really recognize this need. We feel only a restlessness, a longing for something better, an unexplained loneliness.

We often try to satisfy this mysterious hunger with the sweets of pleasure, to cover it up with the hurry of many activities. But it can never be really satisfied until we know God as our Heavenly Father, His Son as our Saviour.

Jesus Christ said, "I am the bread of life; he that cometh to me shall never hunger."

In the Church we find this Christ who offers us the true bread from heaven, the bread which alone satisfies our spiritual hunger.

STATE CAPITAL Highlights AND Sidelights
 by Vern Sanford
 TEXAS PRESS ASSOCIATION

Austin, Texas. — Texas 56th Legislature soars off the launching pad this week. Predictions are that it'll be orbiting around the Capitol for many months to come — certainly long enough to put to good use the air conditioners newly installed in the legislative chambers. Many have suggested the 56th will have to have one or more special sessions before it can solve all its pressing problems. Certainly before they can leave, the lawmakers will have to perform the thankless task of levying many more millions in state taxes. Additionally, they'll be beset on all sides for new spending programs which would call for even more taxes. After several months of this, outer space may look invitingly calm compared to the Texas Capitol.

HOPE FOR CREDITORS — State Liquidator C. H. Langdeau reported his office is making progress toward clearing up some of the stickier problems resulting from insurance company failures. Langdeau told the Senate Investigating Committee that if some proposed property sales go through, creditors of US Trust and Guaranty will get a 10 per cent payment. They have previously received a 31 per cent payment. Cecil Rotsch of the liquidation division told the committee that ordinary life policies of bankrupt Estate Life Ins. Co. had been reinsured and the unsound industrial policies cancelled. In an earlier report the Senate committee had charged Insurance Commissioner William A. Harrison with negligence contributing to the downfall of Estate.

meeting of TEC's advisory council called to consider proposed changes in the unemployment compensation laws. Commission Chairman Perry Brown is recommending that the weekly checks be upped from \$28 to \$35, the 24-week pay period to 36 weeks and that there be a one-week waiting period before payments begin. R. F. Newman, labor's representative on the Commission, recommended payments pegged at 55 per cent of the average salary. At present \$78 weekly average, benefit checks would be about \$43. Newman also recommended extending the unemployment law to firms with only one employe. Labor spokesmen on the council were critical of Brown's one-week waiting period proposal and even more critical of Brown and Commissioner Maurice Acers. State AFL-CIO President Jerry Holleman accused the two commissioners of voting down the appeals of jobless workers. Management representatives declared the commission's first responsibility was to get people employed, not to pay out benefits.

HIGHER PRICES SEEN—1959 may be the year for another round of inflation, warns the University Bureau of Business Research. BBR noted that even with the recession there was no drop in prices during 1958. Hence, the expected expansion in business in the coming year might mean some sharp price rises.

BATTLE LINES DRAWN — Representatives of Texas Municipal League and spokesmen for the State Firemen's and Policemen's Associations tried to have a friendly get-together. Purpose: to share views on future legislation on firemen's wages, hours and pension plans. Municipal League wanted to talk about its plan to put more control of wages and hours in the hands of city councils, rather than the Legislature. Firemen and policemen were more interested in their plan to get the Legislature to limit working hours in cities over 10,000. After a stormy session the two groups admitted they were "poles apart." Each gave notice they'd stick by their guns and fight it out at the Capitol.

AT IT AGAIN — Texas Employment Commission, a frequent battle ground for labor-management hassles, is caught in the cross-fire again. It was touched off at a

James Polk was the only speaker of the House of Representatives to become president. According to research experts with The World Book Encyclopedia, Polk ran against Henry Clay in 1844. It was the only campaign in which both candidates were former speakers.

THIN KITTY — State Comptroller Robert S. Calvert's official revenue estimate for 1960-61 is more of a storm warning than a forecast.

Calvert expects the state's general fund deficit to hit \$65,234,703 by the end of this biennium next August. Under the present tax set-up, he estimates revenue to the same fund during the next two years would total \$180,697,245.

After the deficit is taken care of, only \$115,000,000 would be left for 1960-61 spending. It's a pretty thin kitty when compared with the \$282,000,000 appropriated from general revenue for 1958-59. It means the state will have to raise \$167,000,000 more just to maintain its present "standard of living."

Comptroller Calvert's official revenue estimate this year is a far cry from the one he made two years ago for the 55th Legislature. In that well-heeled era Calvert forecast approximately a \$50,000,000 surplus. No one paid much attention to outgoing House Speaker Jim Lindsey's prophecy that spending needs would outrun this figure.

In good years and bad, the Legislature is bound by law to hold its appropriations within the comptroller's revenue estimate.

TREASURE HUNT — A number of economies plus stricter levying and collecting of present taxes might net the state as much as \$74,599,957 without new taxes.

This report was made by a financial study committee headed by Secretary of State Zollie Steakley. Committee was appointed by Gov. Price Daniel last summer.

Its six cash-raising ideas: (1) put more tax-collecting personnel in the comptroller's office, (2) cut out tax exemptions for beer and cigarettes sold on military bases, (3) increase franchise tax rate, (4) consolidate state "housekeeping" services (such as telephones), (5) increase fees charged by state agencies and (6) establish a "conservatorship" for the state to take over unclaimed money (such as bank accounts) and personal property. Senate Investigating Committee also inquired into the comptroller's work, was told that additional personnel would make it possible to collect

McADOO BOYS, TULIA GIRLS CHAMPS IN LONGHORN MEET

McAdoo boys and Tulia girls became champions of the First Annual Longhorn Basketball Tournament Saturday night before approximately 1,500 partisan fans. The battling Eagles edged past Floydada, 62-58, in an overtime thriller and the Hornets tallied three points in the final seven seconds to down Muleshoe's girls, 49-47.

Lockney's first basketball tournament was termed a success by Coach Troy Lemley, meet director. Fans turned out well with the gymnasium reaching a near capacity both Friday and Saturday nights. The teams were well matched and played fine basketball.

Following the final game Saturday night Supt. H. H. Nicholas and Coach Lemley presented trophies to the top three winners in each division and boys consolation.

Local merchants sponsoring the trophies were Byrd Pharmacy, Lockney Drug, Claude Brown, Handley Shop & Pump, Lockney General Hospital, First National Bank, Minor Insurance, "Whitey" Baccus Motor Co., Knox Grocery & Market.

The lead changed eight times and the contest was tied 10 times in the exciting boys championship game. Floydada held a slim advantage at the end of the first three quarters—12-11, 29-23, 43-40. The count was knotted, 54-54, as time expired in the regulation game, sending the battle into a three minute overtime.

Leroy Scott hit a jump shot with one minute gone in the overtime to send McAdoo ahead, 56-54. Twelve seconds later Don Vickers tied the score with a jump shot. With 1:22 remaining on the clock Richard Graves sent the Whirlwinds into the lead with two free throws.

Then McAdoo took over! Teague connected for a bucket and Scott sank another to push the Eagles in front, 60-58, with 40 seconds to play. Seconds later Don Harris iced the game away with two charity tosses.

Teague was high point man with 27. The Scott brothers, Leroy and George, added 14 each to the McAdoo cause. Bill Gilliland made 17, Bill Patterson had 15, Don Vickers sank 13 for the losers.

McAdoo brought their season record to 18 wins, no losses. Coach Fabian Lemley's quintet, who has dropped Floydada three times this season, are good bets to reach the Class B state championship finals.

Tulia and Muleshoe locked horns in another thriller. With seven seconds to play and Muleshoe holding a 47-46 lead, Vicki Culwell of the Hornets sank two charity tosses to pull Tulia into a 48-47 advantage.

In the harried attempt to sink another basket a Mulette forward fouled a Tulia guard. Marlene Dietrich calmly sank the free throw to give Tulia their final margin of victory.

Neither team held over a four point advantage as the lead swayed back and forth 11 times during the battle. The contest was deadlocked on seven occasions. The lead changed four times during the final two minutes.

Misses Culwell and Dietrich paced the winners with 21 and 16 points. High point for the game was Gwen Williams of Muleshoe.

In the battle for boys third place, the host Longhorns overcame a 15-14 first quarter deficit to take a 48-35 victory over Post. Lockney held a 25-17 halftime advantage and moved ahead 34-27 after three periods.

Big Milton "Moe" Mickey scored 22 for the Longhorns and Terry Clark added 13. Jimmy Short had 18 for Post. The game was the first in the Saturday night session.

Muleshoe and Tulia "B" squared off in the boys consolation contest Saturday afternoon. The Mules held a slight lead over the scrappy Tulia boys throughout the contest, holding quarter advantages of 16-11, 26-21, 34-33, and winning 44-38.

James Shepard, 12, and Roger Mitchell, 10, paced the Muleshoe attack. For Tulia Bobby Howard had 17 and Jerry Vandergriff tallied 13.

In the second game Saturday afternoon Lyndell Dennis and Gay Burrow accounted for 24 and 16 points as McAdoo topped Lockney, 49-27, for third place in the girls division. Janice Boedeker scored 16 for Longhornettes.

The winners were ahead at the end of every stanza—13-10, 23-15, 39-29.

Lockney-Floydada Battle
Lockney and Floydada boys tangled Friday night in one of the tournament's most exciting games. The Whirlwinds trailed for three periods, but used a strong fourth quarter to win, 50-47.

The Longhorns, who owned as much as an eleven point lead in the second quarter, were ahead 17-8 and 27-22 at the end of the first two quarters. The Whirlwinds began to pull up in the third stanza and trailed 36-35 as time ran out in that quarter.

The lead see-sawed back and forth in the final quarter until Graves hit two free tosses with 1:30 remaining. After that Floydada was never headed.

Vickers and Patterson tallied 13 for the Whirlwinds and Danny Shipley accounted for 11. Mickey canned 20 for the Big Red. Jimmy Minter added 16 for the Lockney team.

McAdoo whalloped Post, 53-41. Friday night to enter the finals. The Eagles, although not hitting at their usually hot pace, led after every quarter—11-3, 21-15, 36-25.

In girls games Friday night Tulia and Muleshoe won the

right to enter the Saturday finals with wins over Lockney and McAdoo.

Tulia was ahead all the way in trimming the Longhornettes, 61-36. Marlene Dietrich, 20, Twila Haught, 17, Vicki Culwell, 16, paced the winners. Janice Boedeker and Pat Buchanan shot in double figures for the local girls with 20 and 13.

Muleshoe found McAdoo girls tough in the first and second stanzas but won going away, 47-29. The Mulettes trailed 9-12 after the first quarter but pulled ahead 23-14 at intermission.

Gwen Williams again paced Muleshoe with 24. Gay Burrow was high point for McAdoo with 14.

In the opening battle of the tournament Thursday night Post downed Tulia "B" 45-31 in a boys game. The Post quintet, who had a great height advantage, led all the way. Jimmy Short with 15 and Scotty Pierce with 13 paced the winners. Max Swinburn with eight was high point for Tulia "B".

The Floydada girls were eliminated, 43-29 by Muleshoe in the second contest Thursday. Muleshoe held quarter leads of 11-6, 25-13, 35-19, 43-29. Gwen Williams put 23 points through the hoop for Muleshoe and Sallye Redd made 16 for Floydada.

Floydada sent the Muleshoe Mules to the consolation bracket with a 54-37 win in Thursday's finale. Patterson scored 27 points as the Whirlwinds used a strong fourth quarter to pull away. The Mules trailed 26-23 midway in the third period before Floydada opened the gap.

Roger Mitchell, 17, and Derrell Oliver, 10, were high point for the Muleshoe quintet.
