

Growing Up

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	I Corinthians	13	11-13
Monday	II Timothy	3	15
Tuesday	Psalms	144	9-15
Wednesday	Psalms	92	1-15
Thursday	Ecclesiastes	7	8
Friday	I Thessalonians	5	14-15
Saturday	Hebrews	12	1-2

Would you like to be a child forever? Would you like to go sledding each time it snowed without a thought of shoveling the front walk or checking the firewood supply?

If at first you say yes, think again. Childhood is wonderful, but there are few of us who would want to be confined to it forever. Our natural urge toward growth is a strong one. We instinctively want to progress mentally, physically, and spiritually.

Nature will take care of a large part of the mental and physical part of our growth. But for our spiritual development, we must look toward the Church.

It is never too late to start learning—and you will find the Church the most patient of teachers. Start attending services this Sunday.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — "The first month's sugar, The second month's pie, The third month you can work ... And so can I!" This ancient bit of verse, written for newlyweeds, might apply to the usual pace of legislative sessions, with short meetings and long week ends in the early months, followed by an around-the-clock grind. But this year lawmakers are being urged to cut short the honeymoon.

With committees appointed and put to work, Speaker Waggoner Carr urged House members to be "especially industrious" to save both time and money. Answers, he said, will "not be any easier to find next summer than this winter and spring."

Appropriations Committee responded by putting itself on a five-days-a-week, eight-hours-a-day schedule, aimed at having the big appropriations bill ready in 60 days. Ordinarily,

other legislation is held back until appropriations decisions are made.

HOUSE COMMITTEES — After Carr defeated Rep. Joe Burkett Jr. of Kerrville for speaker, suspense centered on how Burkett supporters would fare in Carr's committee lists.

Outcome was that Carr men, naturally, received all choice posts and approximately 86 per cent of committee chairmanships. Of the 43 House committees, 37 are headed by Carr supporters, four by definite Burkett supporters and two by persons whose vote was not known.

Top committees and their leaders are: Appropriations, W. S. Heatly of Paducah, chairman, John Huebner of Bay City, vice chairman; Revenue and Taxation, V. L. Ramsey of Beckville, chairman, Frates S. Seeligson of San Antonio, vice chairman; State Affairs, Richard Cory of Victoria, chairman, Max C. Smith of San Marcos, vice chairman; Oil and Gas, Wesley Roberts of Lamesa, chairman,

Richard Slack of Pecos, vice chairman.

Constitutional Amendments, James M. Cotten of Weatherford, chairman, Frank McGregor of Waco, vice chairman; Insurance, Carl C. Conley of Raymondville, chairman, Joe Chapman of Sulphur Springs, vice chairman; Motor Traffic, H. J. Blanchard of Lubbock, chairman, Rufus Kilpatrick of Beacom, vice chairman; Agriculture, Truett Latimer of Abilene, chairman, Harold B. Parish of Taft, vice chairman.

SENATE COMMITTEES — Less dramatic, but fully as important to legislative processes, were Lt. Gov. Ben Ramsey's selections of Senate committees.

Top posts were concentrated among veteran Senators, experienced in government, and in accord with the conservative philosophy predominant in the Upper House. Heaviest responsibility will be in the hands of Sen. Dorsey Hardeman of San Angelo, State Affairs chairman, and Sen. William S. Fly of Victoria, Finance chairman.

Other committee leaders include State Affairs, Jep Fuller of Port Arthur, vice chairman; Finance, Preston Smith of Lubbock, vice chairman; Agriculture and Livestock, George Moffett of Chillicothe, chairman, Culp Krueger of El Campo, vice chairman; Labor and Management Relations, George Parkhouse of Dallas, chairman, Krueger, vice chairman.

Also Oil and Gas, Frank Owen III of El Paso, chairman, Moffett, vice chairman; Insurance, Floyd Bradshaw of Weatherford, chairman, Owen, vice chairman; Transportation, Abraham Kazen Jr. of Laredo, chairman, William T. Moore of Bryan, vice chairman; Constitutional Amendments, Bill Wood of Tyler, chairman, Jimmy Phillips of Angleton, vice chairman.

GAS "EXPLOSION" DUE — Battle lines are being drawn swiftly and heavy artillery rolled up for the fight over Gov. Price Daniel's tax program, particularly the gas severance tax.

Industry spokesmen criticize the governor's program as "short-sighted" and deplore the increasing of levies on sources already being taxed. Gas men promised to fight the severance tax, if passed, all the way to the U.S. Supreme Court.

But Governor Daniel declared he'd gotten many more bouquets than brick bats for his plan. Only opposition, he said, was from those who want to tax "everything from shirts and shoes to bassinets and baby buggies."

Rep. George T. Hinson of Mineola, who introduced the gas bill in the House, said it would bring in \$1.06 from out of state for every \$1 paid by Texans.

HANDS OFF — Governors of 28 other states have joined him, says Governor Daniel, in a fight against President Eisenhower's proposed 1 1/2-cent raise of the federal gasoline tax.

This tax field should be left to the states, the governor believes, Texas Highway Commission, he pointed out, is asking for a one cent raise in the state gasoline tax to help pay mounting road building bills.

Under the present federal aid formula, Daniel estimated that with a 1 1/2-cent federal tax increase, Texans would pay \$137,000,000 more in gasoline taxes than would be returned to the state for highway building.

GRIST FOR THE SESSION — Most of the bills which will be

stirring up the air in the next few weeks already are in the mills. Among them are these measures which would:

PROVIDE FOR PARTY REGISTRATION by voters at the time they pay their poll taxes, by Rep. Jamie Clements of Crockett. Only persons registered as party members would be allowed to participate in primaries and conventions.

RAISE TEACHER PAY by approximately \$800 a year, and lengthen school year to 190 days, by Rep. L. DeWitt Hale of Corpus Christi. This follows recommendation of Hale - Alken school study committee, of which Hale was vice chairman.

INCREASE LIQUOR TAXES from \$1.40 to \$2.50 a gallon, by Rep. Pete LaVelle of Texas City. This was one of Governor Daniel's recommendations to bring in an estimated \$18,000,000.

TAX CORPORATION INCOME on a graduated scale, by Rep. Dean Johnston of Houston, to raise an estimated \$20,000,000 annually.

INCREASE TRUCK WEIGHT limit from 52,420 to 72,000 pounds, by Rep. R. L. Strickland of San Antonio. Same bill was defeated after stiff fight last session.

REQUIRE OPEN MEETINGS by all governmental agencies, except where they are now required by law to be confidential, by Rep. Truett Latimer of Abilene.

CHANGE PRIMARY ELECTION dates from July and August to the first and fourth Tuesdays in May, by Rep. Marshall O. Bell of San Antonio.

GIVE ALL CITIES of more than 10,000 full authority to regulate wages and hours of firemen and policemen, by Rep. Ben D. Sudderth of Brownwood. This is a matter of sharp controversy. A counter measure, introduced by Rep. Bob Johnson of Dallas, would reduce hours and increase pay for firemen and policemen.

PROVIDE A NEW University of Texas medical branch. Rival bills are being pushed — one by the Austin delegation directing that the school be built in Austin, and another by the Antonians, specifying their

home city. PROHIBIT LABOR UNIONS from using regular dues and assessments for political purposes, by Sen. George Parkhouse of Dallas. Unions would be required to file an annual audited financial statement with the Secretary of State.

LOAN STATE FUNDS to communities to help establish local homes for old people, a constitutional amendment proposed by Rep. Murray Watson of Mart.

SET BUTTERFAT CONTENT of milk offered for sale at a minimum of 3 1/2 per cent, by Rep. Steve Burgess of Nacogdoches.

RAISE UNEMPLOYMENT BENEFITS from \$28 to \$40 a week and extend pay period from 24 to 39 weeks, by Rep. Roger Daily of Houston.

REQUIRE EMPLOYERS to recognize a collective bargaining agent supported by a majority of employees, by Reps. Clyde Miller and Robert Eckhardt of Houston.

ALLOW HIGHER SPEED limits on Texas highways. One proposal, by Rep. Bill Jones of Dallas, would raise maximum from 60 to 70 m.p.h. Another, by Reps. Tom James of Dallas and Louis Anderson of Midland, would permit Highway Commission to regulate maximum up or down, as road conditions justify.

ABOLISH POLL TAXES as a requisite for voting, by Reps. B. H. Dewey of Bryan and Maude Isaacks of El Paso.

HAVE DEMOCRATIC EXECUTIVE committee members elected by direct primaries, rather than selected at the state convention, by Rep. Dewey.

REPEAL THE LAW requiring that a local vote be taken before a school can desegregate, by Rep. Don Gladden of Fort Worth.

MAKE ARLINGTON STATE College a four-year school, by Sens. Doyle Willis of Fort Worth and George Parkhouse of Dallas. Similar proposals were put forward for John Tarleton College at Stephenville and Midwestern University, Wichita Falls.

ALLOW LEGISLATORS to set

their own pay by a two-thirds defeat of the last pay record vote, a constitutional amendment by Sen. Dorsey Hardeman of San Angelo, on Sunday, by Sen. Ray Bowen of Hardeman was a leader in the McKinney.

MRS. JAMES ROY KIDD

LINDA FAY BAXTER BECOMES BRIDE OF JAMES ROY KIDD

Miss Linda Fay Baxter, daughter of Mr. and Mrs. Clyde Baxter, 203 S. W. Fifth Street, became the bride of James Roy Kidd, son of Mr. and Mrs. J. W. Kidd, Lockney, in an impressive double ring ceremony performed by candlelight in the home of the bride's parents, Thursday, January 29, at 6 o'clock.

S. A. Freeman, minister of the Main Street Church of Christ, read the vows as the couple stood before an arch entwined with white stock and tropical foliage and centered with white wedding bells tied with white bridal satin. Seven branched candelabra holding white tapers and accented with white stock and tropical foliage flanked the arch. Potted palms completed the decorative background. Arrangements of white pom poms mums and pink roses in crystal holders adorned the mantle.

Traditional wedding music was played by Miss Janice Hays, pianist, who also accompanied Mrs. Robert C. Baxter, sister-in-law of the bride, as she sang "Oh Promise Me" and "Perfect Love". Given in marriage by her father, the bride wore a formal gown of imported Chantilly lace and bridal taffeta. The molded bodice featured a Sabrina neckline, long petal point sleeves, and a back fastening of small self-covered buttons. From this stems a magnificent skirt embellished with crisp taffeta choux atop a cascade of shirred ruffles flowing into a graceful chapel train. Her elbow length veil of silk illusion was attached to a crown of lace and sequins. She carried a colonial bouquet of white phalaenopsis and pink stephanotis nestled in white net showered with pink bridal satin streamers.

Miss Shirley Mitchell attended the bride as maid of honor. She wore a waltz length gown of aqua chiffon over taffeta designed with a fitted bodice featuring brief sleeves and sweetheart neckline. The bouffant skirt was accented at the waistline with a crushed cummerbund of taffeta forming a bustle bow at center back. She wore matching accessories and a crown of rose lace. Her colonial bouquet was of pink roses nestled in pink net with a shower of pink satin streamers.

Coy Kidd attended his twin brother as best man.

Robert C. Baxter, Lubbock, brother of the bride, was usher. Miss Lawauna Taylor and Miss Rita Johnson, cousin of the bride, were candelighters.

Reception At a reception held in the home following the ceremony

the bride's table was covered with white lace over pink and centered with a three-branched candelabra banked with pink stock, white pom poms mums and fern. The bride's bouquet completed the floral appointments. At one end of the table was a crystal punch service and at the other was an elevated three tiered cake topped with a miniature bride and groom standing beneath an arch. The reflector holding the cake was surrounded by pink net ruffles.

Flower arrangements were placed at vantage points about the house.

Miss Rita Johnson and Miss Lawauna Taylor presided at the table and Miss Eleane Baxter, cousin of the bride, secured names for the register. Miss Janice Hays played piano selections during the entertaining hours.

In the house party were Mrs. Ike Johnson, Mrs. Bascom Baxter and Mrs. Billie R. Dorsett, Lemesa, all aunts of the bride, Mrs. Austin Meriwether, and Miss Linda Gammage.

When the couple left for a short wedding trip the bride was wearing a blue and white wool suit, small white flowered hat and other accessories of blue. Her corsage was from her bridal bouquet.

The couple is now at home in the Barker apartments in Lockney.

A senior in Lockney High School, the bride is continuing her school work. Her husband attended Lockney High School and is now employed at Paymaster Farms, northwest of Lockney.

TELEPHONE TALK
by J. C. Oakley, Manager

Today, You're Still Paying World War II "Emergency Taxes" On Your Telephone Bill
Next time you're checking over the charges on your monthly telephone bill, take a real close look at the second line from the top. Notice the figure indented under the word TAX.
I imagine you've seen it so often you hardly even pay any attention to it any more. And yet, it deserves your very special attention because it's about the closest thing to an unfair tax you'll ever be required to pay.

10% Federal Excise Tax
Most of that amount represents federal (U.S.) excise taxes — 10c on every dollar of local and Long Distance phone service.

Doubtless few people even remember, but federal excise taxes were World War II emergency taxes designed to help raise money for defense, and to discourage use of vital telephone lines which were then needed for essential war time purposes. When they were put on the books, the Chairman of the Ways and Means Committee told Congress, "The increases on present excises, and new taxes, are temporary and will expire after the war."
Well, the war is over. But you and I are still paying the taxes.

Continuing World War II emergency taxes on an essential item like telephone service is so unbelievable it's almost funny. Except it's a little hard to laugh when you're being belted in the pocket book that hard.

Only On Telephone Service
Of the four essential household utilities—gas, water, lights, telephone — only your telephone service is subject to excise taxes.
And as if the tax itself isn't enough, there's also a hidden cost involved. You pay that, too. You see, we have to collect the tax and pass the proceeds along to Uncle Sam. This extra bookkeeping and billing adds to the expense of running the telephone business. Since we get the money to operate the business from only one source . . . our customers . . . you not only pay the tax, but the cost of collecting it as well.

If you feel as I do, that this unfair tax should be repealed, I invite you to write Senators Lyndon Johnson and Ralph Yarborough and Representative George Mahon and tell them so. One more reminder won't surprise them. They'll already have heard about it from me.

Wylene Freeman, Bennie Joe Williams Exchange Vows

Miss Wylene Freeman, daughter of Mr. and Mrs. S. A. Freeman, Lockney, became the bride of Bennie Joe Williams, son of Mr. and Mrs. Lloyd S. Williams of Oklahoma City, in a double ring ceremony performed Friday, January 23, at 8 o'clock at Main Street Church of Christ. The bride's father, minister of the church, read the vows.

Music was provided by a men's quartet from Abilene Christian College. Doug Young of Laramie, Wyoming, sang, "Through the Years", "I'll Fledge My Love", and "We'll Walk With God" as solos. The prayer song, "Be With Us Lord" was sung by the quartet composed of Kyle Ellison, Ralls; Charles Wilks, Taylor, Texas; Jimmy Treat, Crosbyton, and Doug Young.

The church was decorated with an archway entwined with large white mums and greenery with a cluster of white wedding bells accenting the arch. Candelabra and groupings of palms completed the setting. Family pews were marked with white satin bows and a white cloth covered the church aisle.

Mrs. Delbert R. Langford,

Plainview, was matron of honor. Bridesmaids were Miss Gayle McDermott, Loveland, and Mrs. Al Ogren of Abilene. The attendants wore identical sheath dresses of red velveteen featuring sabrina neckline and empire waistline. They carried bouquets of white baby mums showered with bridal satin streamers. Their headpieces were red velveteen crowns with tulle forming a small veil.

Wilbert Williams, brother of the bridegroom, was best man. Groomsmen were Jerry Daugherty, Kilgore, Texas; Bill Conner, Oklahoma City; Rex Earnhart, McAlester, Oklahoma; and Jerry Anstead, Abilene.

Candlelighters were Miss Deanne Bussie from Shreveport, Louisiana, and Miss Nancy Williams, sister of the groom. Their dresses were identical to those of the bride's attendants. Their wristlets were small white mums.

Given in marriage by her brother, Doyle Freeman, the bride wore a floor length gown of nylon tulle and Chantilly lace featuring a bouffant skirt of tulle ruffles and lace over taffeta. The fitted bodice of Chantilly lace over taffeta featured tiny scalloped sleeves and scalloped Sabrina neckline. Lace in the skirt front gave an apron effect and ruffles in back trailed full length forming a chapel train. Her finger-tip veil of illusion cascaded from a fitted band of iridescent sequins. The bride carried a white Bible marked with a white orchid and feathered carnations showered with satin streamers.

For her daughter's wedding, Mrs. Freeman chose an azure blue suit with white accessories. Mrs. Williams, mother of the bridegroom, wore a navy suit with velvet trim and white accessories. Each wore a white corsage.

Reception A reception was held in the home of the bride's parents immediately following the ceremony. The bride's table was laid with white net and centered with the bride's and her attendants' bouquets flanked

MRS. BENNIE JOE WILLIAMS

by red tapers in silver holders. At one end of the table was a silver punch service and at the other was a three tiered wedding cake topped with a miniature bride and groom. Members of the houseparty were Miss Jane Mitchell, Anton, who registered the guests, Miss Lou Alice Chappell, Houston; Miss Phyllis Mullins, Longview; and Miss Linda Baxter, Lockney. Others assisting with the hospitalities were Meses. Clyde Baxter, Lloyd Wofford, L. M. Honea, J. C. Widener, Quentin Adams, Wilson Kermickel and Hamilton Gammage.

For a wedding trip the bride traveled in a tweed suit accented with a touch of tangerine, black accessories, and a white orchid corsage taken from her bridal bouquet.

The bride graduated from Olton High School in 1955 and is now a senior elementary education major at Abilene Christian College. She is a member of the GATA social club; Alpha Chi, national honor society; Kappa Delta Pi, Major-ette for the Wildcat Band, President of the Zellner Dorm Council, a justice of the Student Court and was elected to Who's Who Among Students in American Universities and Colleges.

The bridegroom graduated from Putnam City High School in Oklahoma City in 1955. He is now a senior marketing major and a member of the Galaxy Social Club, Mabee Dorm Council and the Business Administration Club. He is now employed with Sears-Roebuck in Abilene.

Tax Man Sam Sez:

How to determine the number of income tax exemptions you get shouldn't be too much of a problem for most taxpayers. However, more people get tangled up with the Internal Revenue Service in an audit of their tax return over dependents than any other item. The law is liberal on allowing exemptions for children attending schools even though they may have earned enough income to file a return on their own. The taxpayer must make sure that each dependent meets the requirements spelled out in the tax instructions. It pays to carefully study your tax instructions on dependents. You may find you are entitled to some extra \$600 exemptions by reading these instructions. On the other hand you may find that you are not entitled to an exemption and save yourself an audit by Internal Revenue.

More miles are back in a gallon of regular-grade gas—up to 10% more—and Chevy's new Hi-Thrift 6 engine puts them there. It also gives you more "git" in the speeds you drive the most.

Here's an engine that always seems able to coax extra miles out of a tank of regular-grade gas. In fact, if you're one of those drivers who keep tab on things like gas mileage, you'll soon see for yourself that this new Hi-Thrift 6 gets up to 10% more miles a gallon.

Another thing you'll like about this 135-h.p. 6 is the

extra pep it gives you for passing and climbing hills. This is due to higher torque at normal speeds.

It may be hard to believe anything that looks and moves like this '59 Chevy can be such a stickler for economy. But—whether you pick the Hi-Thrift 6 or a vim-packed V8—this is just one more reason Chevy's the car that's wanted for all its worth. Stop by your dealer's and see.

Degge Will Be Here Saturday

Beginning Saturday, February 7, Douglas Degge, supervisor of the Noxious Weed Control District may be contacted at Consumers Fuel Association in Lockney. This arrangement has been made in order that the farmers in the Lockney area may more conveniently secure information and make plans for the treatment of their noxious weeds. The Floydada office will be closed on Saturday mornings.

The Noxious Weed Control Board is urging that farmers who have farms which are badly infested with bindweed come in and discuss the different methods of control with Mr. Degge, for there are several different methods of keeping down the growth to enable a crop to be made in them and thus keep them in check. With planting and harvest season just around the corner, the purchase of clean, certified planting seed and clean harvest equipment cannot be over-emphasized. This is especially true for the farmer whose land is free of noxious weeds.

Robert Lee Smith, chairman of the Board and Mr. Degge will attend the Annual Weed Supervisor's Conference at McPherson, Kansas on Feb 25 and 26. Kansas has had a weed control program for more than 20 years which is similar to the one being set up in Texas now. Valuable information will be obtained at this conference in helping our fight to eradicate noxious weeds in Floyd County.

Floyd Men Receive Awards On DeKalb Grain Yield

Several Floyd County men were given awards for high yields of DeKalb grain sorghum at the DeKalb banquet Thursday at the Hilton Hotel in Plainview.

Ray Sissney was awarded a plaque for first place yield in Briscoe County. He harvested an average of 6529.07 pounds of DeKalb grain sorghum from a selected five-acre tract on his farm north of Lockney. He used F-62a variety.

In Floyd County Clyde Farish won first place in yield but wasn't present to receive his award. His yield was 6498.74 pounds per acre on a selected five-acre plot. He lives in the Lone Star community.

Fred Jackson of Floydada, Route 4, was second in the county and Stringer and Mount of Floydada, Route 1, were third. Jackson and Doyle Mount were present to receive awards. Their yields were 6347.03 and 5983.56 pounds respectively.

Tom Moore of Lockney was fourth in this county with an average yield of 5483.56 on the selected five-acres.

Many farmers who grew DeKalb failed to enter the contest and perhaps some of these had greater yields than those listed above, according to Tom Marr, local DeKalb dealer.

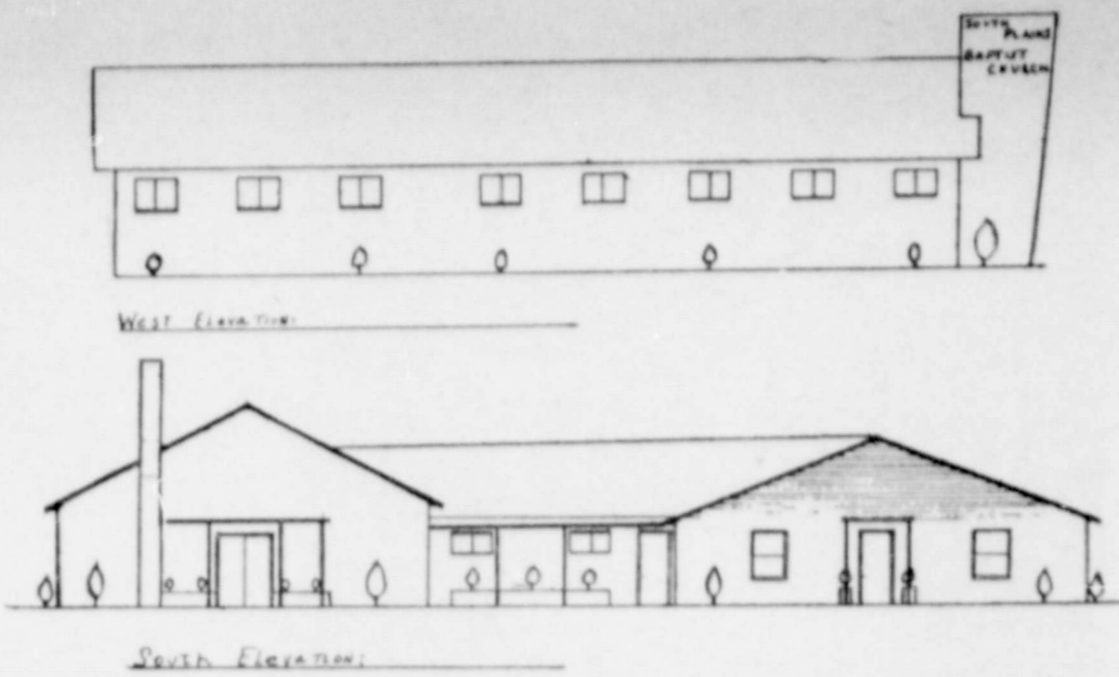

The state winner, Joel Stavlo of Hansford, was present and received awards for his production. Stavlo harvested an average of 11,862.32 pounds per acre off a selected five-acre plot on his farm near Hansford. He received a wrist watch and his wife a set of silverware among other awards. His variety was DeKalb F-62a.

The national winner on DeKalb production was Roger Heim of Modoc, Kansas, who averaged 11,988.99 pounds per acre on a selected five-acre plot. His variety was DeKalb F-62a.

State DeKalb corn winner was Gene Ezell of Bovina with a yield of 136.49 bushels per acre.

Attending the banquet from Lockney were Mr. and Mrs. Ray Sissney, Thomas Marr and Edgar R. Hays.

THE NEW AUDITORIUM of the First Baptist Church of South Plains is pictured in an architect's sketch. Construction is underway now on the building.

S. P. Church To Construct New Auditorium

The First Baptist Church of South Plains has begun construction of a new auditorium and educational space. A ground breaking ceremony was held on Sunday, January 11, and the work is progressing, according to the pastor, Rev. John Gillespie.

The new building is to be of masonry construction, of modern design and will have refrigerated air-conditioning. The auditorium will seat 228 people. The complete construction job, which will include a new roof for the present building, will cost \$35,000, members say. The auditorium will be built adjacent to the present building with a connecting hallway.

In the ground-breaking ceremony, Sim Reeves, chairman of the board of deacons, turned the first shovel of dirt and H. S. Calahan Jr., chairman of the building committee, turned the second. The construction is expected to be completed the latter part of April.

The church was organized on July 27, 1906, with five charter members. It was named "Bethel Missionary Baptist Church" and met in the old Sunset Schoolhouse, two and a half miles north of the present South Plains. In 1929 the church built and moved into the present basement type building located in South Plains. At that time

Light Snow Brings Little Moisture

A light snow which fell here Sunday brought very little moisture to the area but made roads slick and travel hazardous. The snow "stuck" in lister furrows and on freshly broke land and wet these fields some but otherwise was of little value from a moisture standpoint. It was probably about two inches deep on the average and was very powdery and light.

Vegetable Shed Owners To Meet

Members of the Lockney Vegetable Shed, Inc., will meet at the Plains Theatre here Monday evening of next week, February 9th. It was announced this week by Raymond Rucker. The meeting will start at 7:30 o'clock.

Officers of the organization will be elected and by-laws adopted. All members are urged to be present.

In 1938 the first operational radar to be installed in a U. S. Navy ship was placed in the USS New York.

Light Snow Brings Little Moisture

Mist which froze as it fell covered roads north of Lockney with ice Saturday night. The snow on top of that made travel difficult.

Low temperature for the week end was about 10 degrees above zero. The sun shone brightly Tuesday afternoon and Wednesday and mercury was rising.

The first successful cross-country radio transmission from an airplane was received by the Naval Research Laboratory in 1928.
