Appraiser Finishes Work On Six Parcels Of Land In Area
Bob Miller of Lockney, appraiser for the county in the appraising of right-of-way for highway 70 improvements, has completed work on six parcels of land in rural areas, he said Tuesday. The appraisals will be turned over to the State Highway Department for approval and then to the Floyd County Commissioners Court for approval and negotiations with the owner. Miller said that he will not handle the appraisal on industrial property but that this type property will be handled by an appraiser from the State Highway Department. This will include most of the property along the highway within the county of Lockney and in Aiken.

FARM MANAGEMENT SHORT COURSE TO BE TAUGHT HERE

Two schools in Floyd County are to offer five day short courses in farm management during the month of March.

The first course is scheduled to get underway at 7 a. m. Monday, March 16, in the vocational agriculture building at Lockney High School and will run through Friday, March 20. The second short course is scheduled to be held at Floydada beginning at 7 p. m. Monday, March 23, and extending through Friday, March 27.

The short courses are being organized by vocational agriculture teachers M. L. Brewer of Lockney and H. G. Barber and Lloyd Cook of Floydada. Instructor in the farm management training will be Lloyd Bergsma, Farm Management Specialist with the Vocational Agriculture Service. Bergsma formerly was an employee of Doanes agricultural Digest, a commercial firm providing management information and counsel for farmers and ranchers on a nationwide basis. During his tenure with Doanes, Bergsma became familiar with farming in the area through his work with community development projects undertaken by Doanes Agricultural Digest. Farmers interested in participating in the farm management short course should contact one of the vocational agriculture teachers in the sponsoring schools. Enrollment in each short course is to be limited to 20 and an entry fee of \$2.00 per person is to be charged according to the vocational agriculture teachers organizing the short course. According to Bergsma, the courses will be built around farm planning. He states that he expects to cover such things as use of market outlook information in the farm business, keeping and using records; farm income tax, securing and using credit wisely, and selecting the right combination of enterprises for efficient use of labor, capital, and equipment.

Bergsma is one of six specialists now available to conduct specialized training under the auspices of the public schools, according to Walter Labay, Area Supervisor of vocational agriculture. Services of specialists are available through a program sponsored by the Vocational Agriculture Division of the Texas Education Agency. Under the program, specialists are stationed at Texas A&M College and their services are arranged by application through the offices of the Area Supervisors of Vocational Agriculture, Labay said. Specialists are now available in the fields of farm management, dairying, insect control, farm electrification, tractor maintenance, and farm welding, according to Labay.

Red Cross Fund Drive Underway
The annual Red Cross Fund Drive is underway in Floyd County with a goal of \$3200.00. Louis Anderson of Floydada is county drive chairman and Clyde Briley is Lockney area chairman.

Mrs. Wilson Kermickel has asked all members of the Newcomers Club who will help in the fund drive in the residential area of Lockney to meet at the Kermickel office Friday afternoon at 3 o'clock to help in this phase of the drive. The Club has voted to assist, she said. Downtown Lockney will be worked by Joe Parrish, Dillon Patterson and J. E. Cox. Community chairmen have been announced as follows: Prairie Chapel, Mrs. Herman Huffman. Erick Community, Mrs. Melvin Potts. Sterley Community, Mrs. Robert Lee Smith. Aiken Community, Harold Duval. Providence Community, Mrs. Sam Jones. Pleasant Valley, Mrs. Clark Harris. Ramsey Community, Johnny Race. Lone Star, Mrs. H. E. Frizzell.

Zogi Revue Will Be Presented Here Mar. 17

A show filled with humor, fantasy, music, illusions and exotic excursions into the world of make believe will be presented at the High School auditorium here on Tuesday evening, March 17. It is called The Zogi Revue and will be sponsored here by the Band Boosters Club.

Laverne Carthel, president of the band organization, has announced arrangements for the show which features "Stars of Today" and Prince Zogi in person. Zogi has been a favorite of the stage for a quarter of a century. This is the first time since 1955 the show has been available for one night stands. "We are happy to be able to bring a Revue of this size to Lockney," Mr. Carthel said, "and we are confident it is the best."

Glamorous costumes, intricate stage setting, unusual displays, and routines will capture the fancy and grip the attention of those who see this captivating revue.

School Matinee

Special arrangements are being made so that boys and girls of school age will have the opportunity to attend a special school matinee at 2:30 p. m. Officials of the Band Booster Club believe this attraction to be so outstanding that they want to make it possible for every boy and girl to enjoy this stage production.

Special settings, dozens of trunks and crates of equipment, costumes, lights, illusions and stage props for this extravagant production fill a baggage car to the doors. Forgettable scenes and illusions, exotic costumes and dazzling talent combine to make the Zogi Revue one of the most entertaining hits on the road this season.

Some of the breath-taking scenes in this elaborate production are The Hindu Sack Mystery, The Silver Sphere that floats in the air, The fantastic European Flower Garden, The London Ghost Cabinet which seems to prove the existence of life in a fourth dimension. Novelty acts, music, dancing, comedy and spectacular feats make the Zogi Revue appealing to both old and young. It is a fast moving, colorful, exciting show that tingles with wonder and amusement. The show starts at 8 p. m. Admission will be \$1.25 for adults and 60 cents for students at the evening show.

LHS Speech Class Will Present Two Plays March 19

The Speech Class of Lockney High School will present two plays at the High School Auditorium Friday night, March 19, beginning at 8 o'clock. Titles of the plays are "Shadow of a Dream" and "Quiet Please". Directors for the presentations are Mrs. Pearl Hughes and Mrs. Ina Thornton. Admission tickets will be 50 cents and 25 cents.

Bennett Gets Five Years

Medford Bennett, 39-year-old Lockney colored cafe owner and bootlegger, was assessed five years in the state penitentiary Wednesday afternoon in 110th District Court at Floydada for the murder of Prentiss D. Bagby on last November 28. The jury found Bennett guilty of "murder with malice." The verdict came at 5 p. m. Bennett was remanded to jail until Friday when it is expected that he will either accept the sentence or appeal it. The testimony in the case was completed about 4 p. m. Tuesday. Court was recessed until Wednesday morning when attorney's arguments were heard and the Court's charge to the jury was made. The jury took the case at 11 a. m. The trial began Monday and the selection of a jury was completed that afternoon in time to hear one witness, Ed Carter, Lockney undertaker, was the first witness on the stand. The defense sought to show "self defense" in the case all during the trial. Bennett's counsel was Attorneys Robert Allen of Henderson and Richard Stovall of Floydada. District Attorney John Stapleton prosecuted. District Judge L. D. Ratliff of Spur presided. Members of the jury were F. M. Trowbridge, foreman; Ernest Carter, R. L. Trice, A. R. Dorsey, David Battey Jr., A. C. Pratt, Howard Mosley, G. E. Tannahill, Ernest Fowler, G. L. Fawver, R. E. Irby and Travis Jones.

Lockney Lodge To Receive Highest Award

R. E. Shepherd, Grand Master of the I. O. O. F. Lodge in Texas, has awarded Lockney I. O. O. F. Lodge No. 93 the "Model Lodge Plaque", one of the highest awards available to a lodge of this kind. Announcement came this week from District Deputy Grand Master C. C. Reed of Lockney.

The award will be presented by officers of the Grand Lodge in a meeting tonight (Thursday) at 8 p. m. at the high school cafeteria. A program has been planned for the occasion and all Odd Fellows and Rebekahs are urged to be present. The award came as a result of the local lodge's excellent work in community service as well as in lodge work. The Beacon was told. The local lodge has organized a "walking blood bank" and has been instrumental in securing donations of blood for the ill. They have also been active in ministering to the sick and distressed and have participated in graveside service for a number of their members who have passed away.

The local lodge co-operates with other lodges in the state in maintaining homes for orphans and old folks as another phase of their ministry to their fellow man. They have rated high among lodges of the area in the securing of new members, in the presentation of degree work and in generally efficient operation of the lodge.

Five File For Alderman Posts

Five names were filed before the deadline last Saturday for the full terms as city alderman. Two are to be elected of the five. Filing for the full terms were Kelson Shaw and Jimmie Hodel, both presently serving in the office, and Clyde Briley, Tommie Montandon and Edgar R. Hays. The election is set for Tuesday, April 7th.

Filing for the unexpired term of Charles Baxter was J. D. Copeland. Mr. Baxter resigned recently effective April 7th. Mayor J. E. Cox is also unopposed on the ballot. Thus four positions in the city governing body will be filled in the April election with only two of these positions contested.

Olen Harris Named Prexy of American Society In Brazil

Olen C. Harris, son of Mr. and Mrs. V. D. Harris of Lockney, was named president of the American Society of Sao Paulo, Brazil, in a meeting of the Board of Governors on February 13th. Mr. Harris is well known here, having visited here on numerous occasions and he owns considerable property in this area. Mr. Harris and his family have lived in Sao Paulo for a number of years and he is connected with Anderson, Clayton & Co. there.

Local Spellers Will Enter County Bee On March 20

Candy Thornton, daughter of Mr. and Mrs. Elmer Thornton, and Tom McCreedy, son of Mr. and Mrs. Bucky McCreedy, will represent Lockney Junior High School in the county spelling bee to be held in the county court room at Floydada on March 20. The two were selected by an elimination contest in the local junior high recently. They are both 8th graders. Possibly some 6th graders may enter the 6th grade section of the contest but they haven't been selected as yet. Mrs. Alma Dutton said Tuesday.

LIVESTOCK PRICES GO HIGH AT JUNIOR SHOW AUCTION

Livestock prices went high Wednesday afternoon at the Floyd County Junior Livestock auction sale. The grand champion steer, showed by George Willis, Petersburg FFA member, was bought by the First State Bank at Petersburg for \$1.05 per pound. Thus the 912 pound Hereford brought the high school boy almost \$1,000.00. The reserve champion steer, a Black Angus showed by Larry Golden, 4-H club boy, was purchased by the First National Bank of Lockney for 80 cents per pound. It weighed 963 pounds. Willis is the son of Mr. and Mrs. G. H. Willis of Petersburg and attends Petersburg High School. Larry is the son of Mr. and Mrs. Oscar Golden of Aiken and is 12 years old. He attends school at Lockney. The grand champion barrow, a Poland China shown by Johnny Lewis of Lone Star, was bought by the First National Bank of Lockney for \$1.05 per pound. It weighed 199 pounds. The reserve champion barrow was a heavy weight Hampshire shown by Stanley Abbott, Lockney 4-H club boy, and was bought by the First National Bank of Lockney at 85 cents per pound. It weighed 216 pounds. David Mitchell, Lockney 4-H club boy, showed the champion lamb in both the fine wool and the medium wool classes. Baxter & Smith of Lockney bought one at \$2.10 per pound and the second was sold to the First National Bank of Lockney at \$1.60 per pound. The lambs weighed 94 and 86 pounds. The champion Southdown and Southdown cross lamb was shown by Mike Shurbet of Petersburg and was bought by the First National Bank of Floydada for \$2.00 per pound. It weighed 111 pounds. Highest bidding, however, wasn't done on the champion animals. Duane Griffith, Lockney FFA member, sold his fat lamb to three firms at Lone Star for \$3.50 per pound. The lamb weighed 101 pounds. Names of the purchasers weren't available at press time. Bidding was high at this time and other lambs went as high as \$2.20 per pound.

The first place drylot heavy weight steer was shown by Dwight Teeples, South Plains 4-H club boy. It was a Hereford and was bought by Morrison Gin, Clubb Elevator and Upton Grocery, all of South Plains for 75 cents per pound. Ricky Kellison's 2nd place Black Angus in the same class was bought by Farmers Gin at Lone Star for 65 cents per pound. Warren Mitchell's Hereford, placing first in the lightweight drylot class, was sold to Baxter & Smith Grain Co. of Lockney for 56 cents per pound. Neil Mitchell's heavyweight milked, which was named grand champion of the Lockney show, won second place in that class at the county show. It was sold to Muncy Elevator for 50 cents per pound. David Mitchell's Chester White barrow, which won first place in the heavyweight division, was sold to Patterson Grain Co. of Lockney for 46 cents per pound. Billy Rivers, Petersburg FFA, showed the first place lightweight Hampshire, and it was purchased by Wayne Biggers of Petersburg for 40 cents per pound. The first place Spotted Poland China barrow was shown by D. K. Jackson of Lockney and was bought by Hi-Plain Gin of Lockney for 41 cents. Randy Lucewell, Lockney 4-H club boy, showed the first place lightweight Chester White barrow and Neil Mitchell, Lockney 4-H, showed the first place heavyweight Poland China but

Consumers Show 20% Increase In Year's Business
The auditor's report, given at the annual meeting of stockholders of Consumers Fuel Association of Lockney, held last Friday evening in the Lockney High School Cafeteria, showed an increase of almost 20% in business for the calendar year of 1958 over 1957. The report showed gross business in 1958 of \$331,034.93 compared to \$279,939.64 for 1957. The net margin for 1958 was \$13,942.08 and the firm paid a federal income tax of \$4,182.62, the report showed. Paul Cooper was re-elected as director of the association. Around 175 persons were present for the banquet meeting. The meal was served by members of the Lockney High Future Homemakers Association.

Sell Lone Star Property
The Consumers Association recently sold their property at Lone Star, operated as Lone Star Oil Co., to Russell Smith Jr. The transfer of the business was effective January 15 and the two parties are in process of transferring the property. The consideration was \$3500 for the building and grounds and the merchandise was sold to the new owner at inventory.

Lockney Man Dies In Plane Crash Thursday

Kenneth Kilpatrick, 35, of Lockney, was among the 14 persons who died in the crash of a commercial airliner near Managua, Nicaragua, early last Thursday morning. Kilpatrick worked at the Lockney Co-operative Gin here all last fall. He left December 15 for Nicaragua where he went to work in a gin plant. He had made a practice of following the ginning season working in the Rio Grande valley in the summer, then coming to the High Plains for the fall run and then going to Central or South America to work when the season was completed here. Kilpatrick's family lived here, making their home in one of the Barker apartments on West Locust, and were expecting him to arrive home within hours when news of the tragic accident came. He was scheduled to leave Managua at 8 a. m. Thursday and to arrive at Lubbock at 11:15 a. m. Friday, friends here said. The family was looking forward to a happy family reunion. Funeral services for Mr. Kilpatrick were held at the Nazarene Church in Erick, Okla., Tuesday at 3 p. m. Burial was in the Erick cemetery. Mrs. Kilpatrick and children plan to move back there soon, friends said.

The accident happened soon after the plane had taken off from the Taca International Airport for New Orleans. Witnesses said that two engines failed when the plane was about a half mile from the end of the runway. The pilot apparently tried to make a belly landing in a muddy field near the airport but the plane bounced into the air and came down on its back. The pilot and co-pilot, both Americans, were killed in the crash. The body was flown to Amarillo and then carried by funeral car to Erick for services. Survivors include his wife, Mrs. Ardella Kilpatrick; one daughter, Sandra, age 14 and a freshman in Lockney High School; one son, Douglas Edward, age 6; his parents, Mr. and Mrs. C. J. Kilpatrick, Pawhuska, Okla.; two sisters, Mrs. Douglas Neil, Hominy, Okla., and Mrs. Olin Rose of Portland, Ore.; four brothers, Robert of Skyhook, Okla., Vernon, Pawhuska, Lee of Kansas City, Mo., and Raymond of Verdalia, Washington.

Attending the services from Lockney in addition to the family were Mrs. B. B. Vernon, Don and Alvin Vernon, Mrs. Walter Green, Mrs. Alta Warren, Mrs. Doyle Poole, Lynda Poole, Arlene Purcell, Doyle Poole Jr., Vincent Felty, Willie Mae Woody, Mrs. Ross Cooper.

Tickets To Chamber Banquet Going Fast
Ticket sales to the annual membership meeting and banquet of the Lockney Chamber of Commerce and Board of Development are going at a brisk pace this week. President Fred Byrd said that about 100 had been sold up to Wednesday afternoon. Deadline for purchasing a ticket to the banquet is Thursday noon, March 19. The banquet will be Friday evening, March 20, in Lockney High Gymnasium. Tickets are on sale at both drug stores, Brown's Cleaners, The Lockney Beacon, Baxter & Smith Grain Co., or from any director of the Chamber. Owen Thornton, a director, has sold quite a number of tickets this week.

IN GALVESTON
Mrs. Hilburn Casey, Baptist Associational WMU president, is in Galveston this week attending a state WMU executive meeting. She left Sunday and is expected home the last of the week.

PRINCE ZOGI will perform many mysterious feats in the show to be presented here Tuesday evening of next week at the High School auditorium. The show is sponsored by the Band Boosters Club.

EDITORIAL

The rich and the poor meet together: the Lord is the Maker of them all. — Proverbs 22:2

SENATOR LYNDON JOHNSON is apparently concerned over the Soviet's deadline for the Western powers to get out of Berlin. In his weekly letter he urges that every minute be used to get this nation as strong as possible to meet whatever comes when the Communist deadline expires. The question he asks is: Shall Berlin be remembered as the deathbed of democracy — or as the graveyard of aggression? Most of us probably have not given much thought or interest to the Soviet's May deadline. It may mean much more than we may think.

IF NUMBERS count for anything the two junior stock shows in the county were both very successful. Quality also was very good and competition was keen. These three elements all go to make for good, wholesome endeavor for the boys involved. It also speaks well for the ag instructors and county agents who have so much to do with teaching the FFA and 4-H club members. The shows are worth all the cost.

THE RECENT tragic story enacted here in which a man killed a woman and then was sentenced to serve 99 years in the state penitentiary leads us to one final, inescapable truth: There is no real happiness outside of decency. However much a human desires happiness, unless his behavior is in some measure decent and honorable (certainly none are perfect) he will be forever plagued with unrest, discontent, unhappiness and at times downright hatred of those around him.

TYPICAL of the Texas Legislature: Sunday beer buying will continue but Sunday auto buying will be banned. A bill to ban beer sales on Sunday has been sent to an unfriendly House subcommittee because a spokesman for the "drys" irritated committee members but a bill to stop auto sales on Sunday was approved by the Senate Transportation Committee and has a good chance of becoming law.

FOOD FOR THOUGHT — In 1923, a group of the world's most successful financiers met at the Edgewater Beach Hotel in Chicago. Present were: The president of the largest

independent steel company. The president of the largest utility company. The greatest wheat speculator. The president of the New York Stock Exchange. A member of the President's Cabinet. The greatest "bear" in Wall Street. The president of the Bank of International Settlements. The head of the world's greatest monopoly.

COLLECTIVELY, these tycoons controlled more wealth than there was in the United States Treasury, and for years newspapers and magazines had been printing their success stories and urging the youth of the nation to follow their examples. Twenty-five years later, let's see what happened to these men.

THE PRESIDENT of the largest independent steel company — Charles Schwab — lived on borrowed money the last five years of his life, and died broke.

The greatest wheat speculator — Arthur Cutten — died abroad, insolvent.

The president of the New York Stock Exchange — Richard Whitney — was recently released from Sing Sing.

The member of the President's Cabinet — Albert Fall — was pardoned from prison so he could die at home.

The greatest "bear" in Wall Street — Jesse Livermore — committed suicide.

The president of the Bank of International Settlements — Leon Fraser — committed suicide.

The head of the world's greatest monopoly — Ivar Kreuger — committed suicide.

All of these men had learned how to make money, but not one of them had learned how to live.

FROM THE PORTLAND OREGONIAN: "The new mortality table compiled for insurance companies and comparisons with the previous one issued 18 years ago and with statistics on life expectancy for 1868 show the tremendous progress which has been made in stamping out death — causing childhood diseases. Ninety years ago an infant at birth could expect to live 41.5 years. By 1941, this expectancy had been stretched to 62.3 years and since then another six years has been added. The average life span of a newborn child thus has been increased by 27 years in less than a century."

BY THE TIME the current fiscal year ends next June 30, the Tax Foundation finds, total spending for all units of government may reach \$145 billion. This will represent a new high of \$2,706 per family. By comparison, as recently as 1948, the burden per family was \$1,250.

THE SILVER TRAP
Americans are trapped today due to the odd twist of the Supreme Court plus a legislative drive for "Civil Rights." The gnawing little "lefties" have planted well their seeds for destroying us. The cause of the Negro is being used to destroy the very thing it proposes to uphold, "Civil Rights."

The Civil Rights legislation passed in 1957, is dominated by an appointed "commissioner" of commissioners and a separate attorney general. Part III, which some legislators are attempting to pass now, you can be called on the carpet solely under the guise you "had some intent" to interfere with Civil Rights. You could be convicted, fined and imprisoned without jury trial and right to appeal.

Dear Editor:
I see where a Pennsylvania Senator is very upset about he says patriotism is going out of style in the U. S., and us people don't love our country any more except maybe when holding down a government job.

My tax-pooped neighbor says he is not either any less patriotic than he was when the government just carried our mail, fumbled our foreign affairs, and sent us garden seed.

Says the flame of patriotism does sort of flicker a little, though, when it gets close to a Form 1040.

FARMERS UNION WILL BUILD SAFFLOWER MILL IN AREA

The Texas Farmers Union has announced plans to build a safflower oil mill in 1960 to be located in West Texas or the Panhandle. Local members of the Floyd County Farmers Union are hopeful that the mill can be secured for Lockney but said this week, after conferring with state officials, that probably the location would not be selected until later in the year and that the number of acres of the new crop planted in a given area will have some bearing on where the plant is located.

The mill, when built, would be owned jointly by the Texas Farmers Union and Safflower Oil Corp., of Boulder, Colo. Fifty-one per cent of the stock will be owned by Farmers Union and the remaining forty-nine per cent by the Safflower Corp.

Announcement of the new plant was made recently following an executive board meeting of Texas Farmers Union, and Ted Lord, president of Safflower Oil Corp. The oil mill will have a capacity of 2,000 tons per day and would cost about \$500,000. The plant would operate 24 hours per day the year round and would employ 50 or more persons.

Farmers Union board members and the Safflower Corp. have agreed to solicit a minimum of 20,000 acres of the oil-bearing plant and have agreed upon a contract price of \$62 per ton to the grower for this year. Yield usually runs about three-fourths that of grain sorghum, according to Ray Sinsney, president of the Floyd County Farmers Union. Safflower requires the same cultural practices as does grain sorghum and can be harvested with a combine as grain sorghum. In dollar terms this would be about twice as much money per acre as grain sorghum.

A number of meetings will be held over the area at which contracts for the grower will be available. Seeds should reach the area within two weeks, it was said. Dr. Wade Parkey, the agronomist who has conducted the research on the plant for the Department of Agriculture, will speak at these meetings and explain the Safflower program and answer questions concerning the new crop.

The meeting at Lockney, originally scheduled for March 13, has been postponed and will be scheduled later along with all meetings scheduled for the week starting March 9. All these meetings were cancelled due to the inability of Mr. Lord and other Safflower Corp. officials to attend. The first scheduled meeting will be at Hereford on March 17. Other meetings are Hale Center, March 18, Abernathy, March 19 and Lorenzo, March 20. Meetings in this area will be announced later.

Dwight Wilson, head of the new project development, National Farmers Union, Denver, Colo., and Mr. Lord, explain that Safflower is a relatively new cash oil-seed crop that "is becoming increasingly important."

They said it will be well adapted to High Plains farming operations. While a small acreage is reported to have been grown in the Panhandle, the crop has never been produced commercially in this immediate area.

Safflower oil is used primarily as a raw material in the paint and varnish industry where it competes mainly with linseed oil and processed soybean oil, Lord explained. Recently, it also has been used as an edible vegetable oil.

Prices were reported to have averaged about \$76 per ton in 1957 in California, where most of the present crop is grown. The crop commanded slightly higher prices last season, it was reported.

The average yield in California in 1957 was 1550 pounds per acre, compared with 1700 pounds in 1956. The 1957 growing season in general was poor because of lack of moisture, Lord said.

From a national crop of only 40,000 acres in 1940, the crop expanded to a record 168,000 acres in 1958. About 100,000

More Than 400 Visit Schools During School Week

Public Schools Week closed last Thursday after a series of special programs highlighting the usual activities of the 952 students attending Lockney schools. More than 400 guests responded to invitations to visit school during the week.

Students and teachers continued to fulfill a crowded calendar of events over the week end and through Wednesday of this week. Several members of the Future Teachers Association attended a state meeting at Denton, leaving Thursday and returning Sunday evening. Approximately 40 members of Future Homemakers Association attended an area meeting Saturday in Amarillo. Teachers from the schools spent Friday in a district meeting of Texas State Teachers Association at Lubbock. On Saturday a large number of 4-H boys and girls and Future Farmers took part in the Lockney Junior Livestock Show at the Fair Building here where approximately 200 entries were viewed. Monday through Wednesday found the youthful livestock raisers showing and selling their prized animals at the County Junior Fat Stock Show.

New Land Bank President Named

The Board of Directors of the Federal Land Bank of Houston in a meeting February 16, elected Hal Weatherford to become president of the Bank effective March 1. He will succeed Mr. Sterling C. Evans who recently resigned, after serving as president for over eighteen years, to devote full time to his personal farming and ranching interests.

After a background in national farm loan association and commercial banking fields, Mr. Weatherford came to the Land Bank in April 1937 as Supervisor of the Loan Division and has served as Vice President since 1951.

Future Teachers Enjoy Denton Parley

Registration to the state Future Teachers of America convention at Denton Friday and Saturday totaled approximately 1400. Seven Lockney students, accompanied by Mrs. Mildred Zeigler and Mrs. Edgar Hays returned Sunday afternoon from Denton and points of interest in Dallas and Wichita Falls. Camille Webb of Vernon was elected as the new president of FTA.

Students enjoying the trip were Ann Griffith, Debra Ferguson, Janice Hays, Joe Mack Holmes, Leslie Wilkes, Jackie Don Calahan and Milton Mickey.

Broiler? Fryer? What's the Difference

The words "broiler" and "fryer" are interchangeable. They refer to young, tender chickens about 9 weeks old. They weigh 1 1/2 to 3 1/2 pounds. The tender meat lends itself to frying, barbecuing and broiling but the cooking temperature must be watched because the tender meat becomes dry and tough when cooked at high heat.

LOCKNEY BOWLING LEAGUE (Men)

Seale Drive in moved into sole possession of the Lockney Bowling League lead Monday night by winning three games from Lockney Lumber & Supply. First National Bank is a close second, one half game behind. The Bank team won two of three games from United Elevators, Providence.

In other action Monday, Flash-O-Gas gained third place winning two of three games from Crume Gin, Providence. Roland - Gordon Oil Co. won 2-1 over Brown's Department Store.

Junior Lee of the Bank had high game and series, 199-511. High games for the other teams: United Elevators, Helmut H. Quebe, 171; Flash-O-Gas, Warren Graham, 175; Crume Gin, Robert Matthews, 137; Roland-Gordon, Bobby McCormick, 194; Brown's Dept. Store, Bucky Duval, 141; Seale Drive In, Cleon Wylie, 162; Lockney Lumber, Cliff Hardy, 154.

First National Bank had the team high, 2120. Seale Drive In was next with 2095.

Team records: Seale Drive In, 6-0; Bank, 5-1; Flash-O-Gas, 4-2; United Elevators, 3-3; Brown's Dept. Store and Roland - Gordon, 2-4; Lockney Lumber and Crume Gin, 1-5.

LUCKY STRIKE LEAGUE (Women)

Jack & June Shop increased their lead by winning two of three games from Dixie Cafe, Monday night. Keeter Grocery remained in second, although they lost two games to First National Bank.

High game and series was were rolled by Ann McCormick of Jack & June — 163 and 440.

Other team highs: Irene Lee, 162 and 417 for Dixie Cafe; Marty Smith, 130 and 376 for Keeter Grocery; Sibyl Childers, 113 and 301 for FNB.

Team records: Jack & June, 5-1; Keeter Grocery, 3-3; Dixie Cafe, 2-4; Bank, 2-4.

Both leagues play under the handicap system. That is, the team with the best average in a match must spot their opponents 70 per cent of the difference in the two teams' averages. In several instances Monday night, teams which knocked off the most pins did not win.

Mix together 1 envelope unflavored gelatin, 2 teaspoons instant coffee, 1-3 cup sugar and 1-8 teaspoon salt. Add 1 and 3-4 cups boiling water and stir until gelatin is completely dissolved. Pour half of the mixture into sherbet glasses, filling them only half way. Chill in the refrigerator along with the remaining mixture. When the coffee jelly is thick enough to mound when dropped from a spoon, beat it with a rotary beater until light and fluffy. Spoon the mixture on top of the clear gelatin in the sherbet glasses. Serve with brandy-flavored whipped cream. Serves 4 to 6.

County May Go Under New Fish And Game Laws

A proposed law that would add Floyd, Hale, Lamb and Bailey Counties to the panhandle and south plain area now under the direct supervision of the Texas Game and Fish Commission is being circulated over the counties by Senator Andy Rogers and Representative H. G. Wells.

The legislators consider the move a good one for the protection of the wild life of the counties and will place the bill in the legislative hopper at an early date unless they learn of material opposition in one or more of the counties. This is their report to newspapers and Commissioners Courts in all the four counties.

The bill is patterned after a law passed in 1949, which was introduced by Senator Grady Hazelwood. It placed all of the counties from the top of the Texas Panhandle to a line running east and west from New Mexico on the east, running along the southern boundaries of Farmer, Castro, Swisher and Briscoe counties, then dropping down to the southern borders of Motley and Cottle, under the direct supervision and control of the Texas Game and Fish Commission.

Senator Rogers and Representative Wells report they

have a request from the Commissioners Court and many leading citizens of Hale County asking that these four counties be added to the list of counties under the direct supervision of the Texas Game and Fish Commission. Floyd and Lamb County citizen also have requested that they be placed in the same category, they report, no names given.

"It is our thought from the experience of the counties to the north of Hale, Floyd, Lamb and Bailey, that it would be beneficial for said counties to be added to this State Game Commission Authority," says their report to the local authorities and newspapers. "It is our intent, if we do not receive heavy criticism of such a plan to proceed with such legislation. If any of the four counties do not wish to be included their name or names will be stricken from the bill."

Mrs. Mickey McDonald of Amarillo spent Sunday and Monday here visiting her sister, Mrs. Alton Noland.

Sand Hill News

By Mrs. James Jeffress
Another dust storm raged Monday morning and many fields started blowing. About four inches of good moisture would be appreciated right now.

Our deepest sympathy goes to Mrs. Lynn Miller on the loss of her mother, Mrs. James Corde, who passed away Saturday night. The funeral was held Monday at the Church of Christ in Lockney.

Mr. and Mrs. Billie Dale Stringer and Christy were dinner guests in the home of Mr. and Mrs. Grover Coffee and family at Dougherty Sunday.

Elaine Starkey celebrated her tenth birthday Sunday with a birthday dinner. Those attending were Mr. and Mrs. Joe Hampton and family, Amarillo, and Mr. and Mrs. Charlie Starkey and family, Flomot.

Mr. and Mrs. M. B. Swanner were in Lubbock Sunday visiting Mr. and Mrs. Ken Swanner. Mr. and Mrs. Kirk Slater Jr., Bells, visited their son, Mr. and Mrs. Kirk Slater Jr. Saturday.

Their granddaughter Betty Jean returned with them to Ralls for a few days visit. Sunday guest of Mr. and Mrs. Dale Stringer was Jimmy Morrison of Plainview.

The Woman's Adult Sunday school is planning a social for Thursday afternoon, March 5, in the home of Mrs. J. T. Huckaby. All members are urged to attend and bring a guest.

Mrs. Fred Jackson's home was the scene of a bridal show-

er Thursday honoring Mrs. Gary Dean Huckaby. Gary and Murlene were united in marriage February 14 and are at home in Sand Hill community where he is engaged in farming with his father.

The Training Union banner was given Sunday night to the Young People's class which had the highest monthly grade.

Mr. and Mrs. J. T. Rowland and family visited relatives in Brownfield over the week end. Sand Hill Baptist Church has lost thirty members who have moved away in the past two months. Attendance is way down and we would like to extend a special invitation to everyone to come worship with us, if you have no church home.

We will try to make you feel welcome. Sunday school begins at 11 a.m., preaching service is at 7 p.m., Wednesday night prayer services at 7:30.

Brotherhood of Sand Hill Baptist Church met Monday night with president, Ed Noel, giving the devotional. J. B. Marshall, guest speaker, told of missions in Alaska. Refreshments were served by James Jeffress and Stinson Stringer.

Edd Noel, J. M. Williams, M. B. Swanner, Kirk Slater, Billie Stringer, Bill Rowland and J. B. Marshall. The next meeting will be April 6th at 7:30 p.m. at the church.

W.M.U. met in an all day meeting Tuesday, with the Calvary Baptist Church of Floydada as their guest for a Week of Prayer program. A covered dish luncheon was enjoyed at noon in the home of Mrs. Bill Rowland. Eight ladies attended from Floydada and nine from Sand Hill.

Sand Hill Club met Wednesday with Mrs. H. F. Jackson, hostess. Twelve members answered roll call with something about their chosen foreign country. The club will furnish ten pies at the stock show March 10 to help the 4-H Clubs. Mrs. Hollis McLain announced that the Bookmobile will return here March 27th.

Plans for a box supper were completed for Friday, March 13, at 7:30 at the school house. This is a community party and

MAHON REPORTS ON CRITICAL AGRICULTURE, DEFENSE NEEDS

By George Mahc?

AGRICULTURE: On March 6, I joined a number of other Members of Congress in urging the Secretary of Agriculture to reconsider his action in slashing milo supports. We pointed out that the 31 cents per 100 pounds cut in milo for 1959 was all out of proportion to the support price for corn and that the heavy reduction would be disastrous to many grain sorghum growers.

We called Mr. Benson's attention to the fact that milo was of about the same feed value as corn and that the law requires that relative feed values should be considered in fixing grain supports. Mr. Benson pointed out that under the law he has the authority to consider other factors. He gave the group no encouragement. The next move will be a hearing on the problem by the House Agriculture Committee on March 13th.

NATIONAL DEFENSE. We are in the seventh week of hearings on the President's defense budget. Scores of witnesses have testified. From the facts presented, it is clear that the U. S. in the over-all, is militarily stronger than Russia. It is also clear that we are behind in the vital field of long-range ballistic missiles. In the intercontinental ballistic missile race it is estimated that we will lag behind Russia through 1963. When we consider that the ICBM is, no doubt, to become the major weapon of the future, we cannot regard this second place role without concern. We are now giving much consideration to the problem of how to close the missile gap. The situation is disturbing, but we must bear in mind that our bomber striking power is still quite capable of destroying Russia. In fact, each side is becoming increasingly more capable of destroying the other. This points up the urgent necessity for a genuine settlement of major international problems.

FOREIGN AFFAIRS: Most Democrats and Republicans alike view the illness of Secretary Dulles as a serious blow to the country at this critical point in our foreign relations. No one is equipped to step immediately into Mr. Dulles's shoes. There is full agreement that we must stand firm in the presence of danger in the Berlin crisis. But more is required than determination. There must be day-to-day planning and decisions. The President is doing the best he can to meet a difficult situation. It is certain that he will be fully supported by Congress.

The Berlin controversy has become increasingly more serious in recent weeks as a result of Khrushchev's further demands and maneuvers. He appears determined to try to kick the Western powers out of Berlin. It is thought that he will stop short of war, but miscalculations in an atmosphere of threat and bluster constitute a real danger of a shooting war.

SPENDING: The President recently submitted a balanced budget for the coming fiscal year, but the balance hinges on some important "ifs." For example, the budget as presented would be thrown off balance if Congress, as now appears likely, refuses to raise the gasoline tax by 1 1/2 cents per gallon

or rejects the increase in the first-class postage rate from 4c to 5c. Also, there are indications that the President's revenue estimates are unduly optimistic.

The controversy between the President and Congress over who is chief culprit in big spending focuses public attention on a very vital issue. The unassailable truth, based on official Executive figures, is that the President more spending authority since he has been in office than Congress followed the recommendations of the President, the Executive branch would have spent, or had on hand to spend, large additional sums.

I believe that Congress will moderately increase the President's defense budget, but I hope the over-all budget can be kept in balance. The government departments may spend money as a result of direct appropriations by Congress, or as a result of authority granted by Congress to withdraw funds from the Treasury without consideration by the Appropriations Committee, a system known as the "back-door" method. I am supporting legislation to block the back-door method. During the last two years, Congress cut the President's requested spending authority in appropriation bills by about \$5 billion, but increased sums requested through the so-called back-door method by about \$2 billion. If all spending authority were channeled through the Appropriation Committees of Congress, the Congress and the county could more easily keep tab on government spending and the pressures for economy would be greater.

FHA Members Go To Area Meet Saturday In Amarillo

Thirty members of the Lockney High School Chapter of Future Homemakers of America attended the Area I meeting held in the Municipal Auditorium, Amarillo, Saturday.

The total attendance was 2,416 of which 2,053 were chapter members, 142 homemaking teachers and 221 parents.

After a day-long program of entertainment and educational features, including a panel discussion, the youthful, colorful meeting came to a close as the newly elected president, Joyce Jan Barton of Mador, who succeeded Jerry Gregory of Petersburg, repeated the FHA creed:

"We are the Future Homemakers of America. We face the future with warm courage and high hope. We have the clear consciousness of seeking old and precious values. We are the builders of homes, homes for America's future, homes where living will be expression of everything good and fair . . . homes where truth, love, security and faith will be realities, not dreams."

Mrs. Wilma Adams, homemaking teacher, and Elaine Cooper, Area I historian, attended a meeting of area officers Friday night in preparation for the Saturday session.

Students attending were Donna Dorman, Lesca Dee Dorman, Donna Workman, Donna Baughman, Marie Harris, Gayle Kendrick, Eula Lila Sanders, Elaine Baxter, Brenda Carter, Jackie Frizell, Jane Phillips, Frances and Mary Jones, Betty Jefferson, Barbara Rigby, Pat Buchanan, Jody Pate, Shirley Mitchell, Donna and Joann Smith, Nancy Bollman, Mary

The Life-Giving Word

"Being born again, not of corruptible seed, but of incorruptible, by the word of God, which liveth and abideth forever"—(1 Peter 1:23). The best evidence of divine inspiration of the Bible is the Word itself, and the above test of the life-giving word is an outstanding example. As in natural propagation, life only can produce life, so spiritual life must be and is produced by the "seed", the word of God—(Luke 8:11; 1 Pt. 1:23). In it God has planted the germ of spiritual life.

Perhaps it is not so simple after all, for, as scientists have never been able to see the germ of life in a kernel of grain, so no man is wise enough to discern how God puts into His Word, His spirit and life, true as we know this to be—(John 6:63). Romans 1:16 declares the gospel of Christ to be the power of God to save. No wonder of earth is more profound than that of a wicked man converted to Christ by the word of God, which has produced faith in his heart. Once worldly and evil, he is now holy in life, charitable in heart and his life is a benediction in his community.

NEIL, DAVID MITCHELL WIN IN LOCAL LIVESTOCK SHOW

A pair of 11-year-old cousins — Neil and David Mitchell — swept away most of the top honors in the annual Lockney Junior Livestock Show held in the fair building here Saturday. Some 200 animals were exhibited in the show and competition was keen in all classes.

Neil Mitchell, son of Mr. and Mrs. Chester Mitchell and a H Club member, showed "Lenny", a 940 pound Hereford, grand champion in the steer division. Judge Gene Barnett had a difficult decision choosing between Mitchell's calf and reserve champion, a 1030 pound Angus exhibited by Larry Golden.

The grand champion steer was purchased from Kenneth Lewis of Steventville, Texas. Golden's Angus was bred on the farm of his father, Oscar Golden of Aiken. Larry is a 12-year-old 4-H member.

In the swine division, David Mitchell showed the grand champion, a 230 pound Chester White, and Neil Mitchell had the reserve champion, a 230 pound Poland China. David also exhibited the winning pen of three barrows, all Chester Whites. The grand champion was bred by R. C. Mitchell, David's father.

Linda Abbott, daughter of Mr. and Mrs. N. S. Abbott, showed a Hampshire to first place in the gilt class.

First place in the fine wool lamb class went to Wayne Taack, a 4-H member; James Ansley, FFA member, claimed the blue ribbon in the medium wool class; 4-Her David Mitchell exhibited the first place animal in the Southdown and cross class. Young Mitchell had the top pen of three lambs.

Winners of showmanship awards were: swine division, Byron Brock; lamb division, James Ansley; steer division, Ronnie Harris. All are senior FFA members in Lockney High. Gene Barnett, judge at the Lockney show for several years, is vocational agriculture instructor at Plainview High School. Lockney Chamber of Commerce and Board of Development sponsored the event and awarded almost \$600 in prize money.

Most of the animals shown here Saturday were entered in the Floyd County Junior Livestock Show at Floydada this week and were auctioned following that show.

Formby Completes Term On State Hiway Commission

Austin — In March, Marshall Formby, West Texas lawyer and businessman, completes a six-year term of office on the State Highway Commission. Formby was appointed a member of the policy-making highway group by Governor Allan Shivers in 1953. In May, 1957, Formby became chairman of the three-man Commission, receiving his appointment from Governor Price Daniel.

During the six years in which Marshall Formby has served as member and chairman of the State Highway Commission, the Texas Highway System has undergone the greatest period of growth and development in its 42-year-old history.

In performing his Commission duties, it is estimated that Formby has traveled over half a million miles, delivered 900 speeches, and attended more than 700 Commission public hearings.

Approximately 11,000 miles have been added to the State Highway System since Formby's 1953 appointment. The System now has a total of 60,250 miles as contrasted with 49,200 miles in 1953. The major portion of mileage expansion year statutes of limitation as to such real property, and praying judgment for title and possession thereof.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 18th day of February A. D. 1959.

Given under my hand and seal of said Court, at office in Floydada, Texas, this the 18th day of February A. D. 1959.

In Texas... Ford is the best buy...

...and it's the "best-looker" too

Trust Texans to choose the one new car that's beautifully sensible

This year, with a wide choice of designs, Texans have made their minds up overwhelmingly for the spectacular 59 Ford.

Ford has the classic simplicity that people of good taste prefer... wonderfully crisp and clean lines without brassy ostentation.

And just see how sensible this beauty really is. Discover how Ford is built for people. Notice how the extra-wide doors open all the way out... make it easier to enter. See how all six passengers—even the man in the middle—have the comfort of full-depth cushions. There's plenty of leg, hip and head room, too.

Of course, every inch of every Ford is built for savings. Ford's standard engines, Six or Thunderbird V-8, thrive on regular gas, saving you up to \$1.00 per tankful. Ford's new aluminum muffler is built for double life. You can save on oil, too... for Ford needs a change only each 4000 miles. And Ford's Diamond Lustre Finish never needs waxing.

With all this new beauty and economy, is it any wonder Ford's out front for '59? Come see the car acclaimed by Texans... now on display at your Ford Dealer's.

For the most beautiful new car of all, come in and check Ford's amazingly low price... the lowest price of the top-selling three. — And check the cost of accessories, too. You'll find the savings are even bigger!

Mrs. Duane Jones Is Honored At Bridal Shower

Mrs. Merrill Duane Jones, Lubbock, the former Sally Cox, was honored with a bridal shower Monday, March 9 in the home of Mrs. L. M. Honea. Calling hours were 3 to 5 o'clock.

Guests were received by Mrs. Honea and presented to the honoree and her mother, Mrs. Leslie Cox, Lockney.

Mrs. Lloyd Widener presided at the register.

The refreshment table was laid with a cloth of white linen cutwork and centered with an arrangement of white lilies flanked by white candles in crystal holders. Around the crystal punch bowl were red rose buds and fern. Presiding at the table were Mrs. Clyde Baxter and Mrs. Roy Kidd.

Hostesses for the occasion were Mrs. Mmes. Clyde Baxter, Lloyd Widener, H. H. Nicholas, Quentin Adams, S. A. Freeman, W. R. Smith, Alex Norris, Wilson Kermickel, Fred Drake, Lena Fae Sweatt, Theo Griffith, Forrest Mickey, N. H. Gammage, Walter Green, Tom Cope, Everett Cole and L. M. Honea.

Approximately 100 guests called or sent gifts.

Mrs. Ted Oliver Presents Program For Garden Club

Mrs. Ted Oliver gave a demonstration of table settings at a meeting of Lockney Garden Club Friday afternoon in the home of Mrs. A. P. Barker.

A table setting for a formal dinner featured an ecru linen cutwork cloth appointed with the Bellmire pattern of Flint-ridge china and Tiffin platinum crystal. Centerpiece for this table was an arrangement of yellow daffodils, purple hyacinths and white candles in a crystal bowl. The arrangement was brought by Mrs. Carl McAdams, Mrs. Alex Norris and Mrs. T. B. Mitchell. Completing the table setting was Wallace sterling silver in the Grande Baroque pattern.

For dessert bridge Mrs. Oliver used a tan table cloth and appointments of Francis a china and Tiffin crystal. The centerpiece was an arrangement of red and yellow tulips nestled in Boston ivy leaves. Mrs. Ewald Quebe, Mrs. Clyde Briley and Mrs. R. E. Patterson brought the flower arrangement.

The brunch table was laid with a dark brown cloth centered with multicolored waxed fruit interspersed with waxed cottonwood leaves arranged on a three tiered tidbit tray. Appointments were of Iroquois china in the Harvest pattern and stainless steel by Wallace in the Bright Star pattern. Bringing the brunch table flower arrangement were Mrs. Dale Laceywell, Mrs. Harmon Handley and Mrs. R. C. Mitchell.

Following the program Mrs. Barker served refreshments to Mrs. Harmon Handley, L. M. Honea, Dale Laceywell, Carl McAdams, C. D. Merrick, T. B. Mitchell, R. C. Mitchell, Alex Norris, R. E. Patterson, Ewald Quebe, Frank Roberson, J. B. Seale, Kelton Shaw and R. W. Smith.

Mrs. J. W. Rigby Marks 95th Birthday Tuesday

Mrs. J. W. Rigby was honored with a family party at her home here in observance of her 95th birthday Tuesday, March 10. Mrs. Rigby makes her home near her son, W. H. (Dick) Rigby in west Lockney.

Born in 1864 in Mississippi, Mrs. Rigby came to Texas in 1898 and to Lockney in 1944. Her husband passed away in 1936 in Stonewall County. Mrs. Rigby has nine grandchildren and six great-grandchildren.

Mrs. Rigby took this occasion to present a 120-year-old family Bible to one of the grandsons, Buddy Rigby, to keep for future generations. Much of the family history is recorded in the treasured book.

A ride over the newly developed areas of the city was among the highlights of the day for the honoree.

Present for the occasion were Mr. and Mrs. W. H. Rigby and family, Mrs. Ima Lee Rigby and Rodney, all of Lockney, Mr. and Mrs. Buddy Rigby, Kim and Rhonda, Plainview and Tanya Rigby, Lubbock.

Mr. and Mrs. Ben McGhee returned home Sunday from Pali-sade, Colo., where they spent two weeks visiting their daughter and family, Mr. and Mrs. Bill Wesley and children.

HOME FROM HOSPITAL
Mrs. Carl Wilson returned home Monday after undergoing a mastoid operation at Methodist Hospital Friday. She is doing well.

WCSA Has Study Of Middle East

The Woman's Society of Christian Service of the Methodist Church met at the church Monday for a study of "The Middle East pilgrimage" by Dr. Park Johnson. Mmes. Fritz Schacht, Olive Myers and Melvin Brock brought interesting reports on Turkey, Saudi Arabia and Lebanon, respectively. These are some of the hot spots of the Middle East.

Mrs. Don Hatch brought a timely devotional on "Faith". Mrs. Ernest Tannahill and Mrs. E. Lee Stanford showed a film on "The Arab World".

Present were Mmes. Fritz Schacht, Melvin Brock, Olive Myers, Ernest Tannahill, Morrison, Henry Ford Sr., R. E. Patterson, Don Hatch, Jo Taylor, Raymond Parker, Joe Foster, Herman Huffman, E. Lee Stanford, Buck Sams and Clark Harris.

Aiken Luncheon Held Thursday

Members of Women's Missionary Union and other women of the Aiken Baptist Church observed the Week of Prayer for Home Missions Thursday, March 5, with a luncheon and program.

Rev. E. O. Adams, pastor, gave the invocation. Mrs. J. R. Turner, president, presided, followed by group singing and a devotional by Mrs. Odie Dorman. The program was presented by Mrs. Bert Elam, Mrs. Granville Webb, Mrs. Tom Duvall, Mrs. Odie Dorman, Mrs. Tommie Cox, Mrs. Truett McCarty and Mrs. Lloyd Duvall.

Thirteen women were present.

District President Speaks To American Legion Auxiliary

Mrs. Wilfred Stoerner, president, District 19 American Legion Auxiliary, Providence Community, was guest speaker for a meeting of the local Auxiliary Thursday night. The meeting took place in the home of Mrs. Lois Benefield.

Mrs. Stoerner gave some important reminders on what the organization stands for and its responsibilities to the community. She also stressed the necessity of instilling loyalty to the flag and the value of the Declaration of Independence in the minds of the younger generation.

It was voted to let the Girl Scouts help sell poppies on Memorial Day as a project to help them win a merit, as well as be of assistance to veterans and needy children. The organization also voted to donate money to help pay for xrays for children in school whose T. B. tests showed positive.

Present for the meeting were Mmes. Lozelle Graham, Dorothy Thomas, Temp Phillips, Verna Newton, Louise Hodel, Maxine Daniels, Kathleen McPherson, Viola Moody, Lois Benefield and the guest speaker.

Next meeting will be held Thursday, March 19 in the private dining room of Golden's Restaurant. Mrs. Temp Phillips and Mrs. Jackie Emert will be hostesses.

CARD OF THANKS

We wish to express our gratitude for the many kindnesses shown us at the death of our loved one. We especially thank the J. D. Copeland family for their thoughtfulness. We also thank you for the many flowers, the food and the words of comfort. May God bless each one of you in our prayer.

STATE CAPITAL
Highlights
AND Sidelights
by Vern Sanford
TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — 56th Legislature is moving like a snow-plow — with the snow still falling and the snowballs flying.

Taxing and spending committees are pushing doggedly through their hearing schedules. But new bills are still swirling into their path, and in whatever direction they move, they're constantly pelted with objections.

With the 120-day session nearing the halfway point, each passing day increases the possibility that they'll come to the May 12 quitting deadline still "snowed under."

OVERHAUL PLAN — Rep. Prates Seeligson is pushing his take-some, add-some tax plan as a long-needed updating of Texas' tax structure.

Seeligson (of San Antonio) told the House Revenue and Taxation Committee that many taxes still on the books (such as those on clock peddlers, waxworks, medicine shows, etc.) are no longer useful. Others, such as the chain store tax, he called inequitable.

Seeligson's bill would repeal some 38 such taxes and increase levies in other areas — auto sales, cigarettes, liquor, beer, corporation franchises. His plan also would include two ideas backed by Gov. Price Daniel — to take over abandoned property for the state and to make a bookkeeping transfer of \$18,000,000.

But unlike the governor Seeligson is frankly pulling for a general sales tax.

Other new tax ideas are to increase the levy on beer from \$4.30 to \$10 a barrel, by Rep. Leon Thurman of Anson.

Rep. W. T. Oliver of Port Arthur has introduced a five per cent gross receipts tax on hotels, motels, rooming house rentals and airline passenger business. Oliver also proposed a five-cent-a-gallon tax on soft drink syrup and a three per cent levy on pop sales.

GALS AT IT AGAIN — That hardy repeater from many past sessions, the women's equal rights amendment, is back again.

Sen. George Parkhouse of Dallas is sponsor of the proposed constitutional amendment which would remove legal restrictions on women.

Representatives of the Federated Business and Professional Women told the Senate Committee that some Texas laws classify women with "infants, imbeciles and lunatics." They pointed to the statute that prevents a married woman's selling, without her husband's permission, property she acquired on her own hook.

As usual, no one opposed the women. But the proposal was packed off to the attorney general for a "full appraisal of what effect it would have."

OF CHURCH AND STATE — Religion and politics got mixed — with explosive results — when four legislators announced they'd heard atheism was being taught in state colleges.

A bill to require all faculty members in state schools to take an oath they believed in a supreme being was introduced by the four. They were Reps. Bill Hollowell of Grand Saline, Joe Chapman of Sulphur Springs, Ben Lewis of Dallas and W. T. Dungan of McKinney. College officials and univer-

spectators than a first class fire. City officials and the firemen's and policemen's associations are in a head-on clash over the old issue.

A bill by Rep. Robert Johnson of Dallas would set maximum hours, increase overtime pay for fire and police work in cities over 10,000. A rival bill by Rep. Ben Sudderth of Brownwood would give the cities control over these matters.

City officials declare the people who have to foot the bill ought to be able to make the decisions. Spokesmen for the association said, in effect, that they have to come to the legislature because they can't get any help from their cities.

HOW MUCH CREAM?—Milk producers and milk sellers are squabbling as to whether the law should require that milk be labeled as to butterfat content.

House Health Committee sent the labeling bill to a sub-panel.

Retailers opposed the bill, said the procedure would be costly. They said, too, that there would be competition to provide richer milk which a calorie-conscious public doesn't want. Present law requires 3.25

per cent butterfat whole milk. Producers said the public ought to be buying "SHORT ENDS" Capital grounds university of Texas plans material master plan, senator Daniel Building Commission continuing ground northward by in a four-block National Safety congratulations Daniel for Texas drop in traffic Latest reports each last year as compared the year before.

CROSSROADS REPORT
D. E. SCOTT

I see where an Indiana judge put some people in jail here the other day for not paying a debt.

My coffee bar lawyer neighbor says it is no crime to be broke, but the judge fixed this little defect in the law by ordering these folks to pay up and impounding them for contempt of court when they didn't mind him.

Which seems a little harsh, but ought to teach people not to buy stuff they can't pay for. Might even cure Congress of playing in the red ink if we could dig up a tough judge with debt-phobia and a large jail.

Fair Directors Seek Solution To Vandalism

Vandalism at the Fair Building in southeast Lockney is giving Fair Association directors a headache. Since the close of the fair last fall someone has broken into the fair building, pulled out some of the electric wire, destroyed electrical fixtures and generally damaged the property.

A committee composed of Joe Reeves, Joe Parrish and Raymond Rucker has been named to meet with Lockney Chamber of Commerce officials and discuss the matter of securing a caretaker for the property. Cost of making repairs at the building is considerable and local citizens, as well as members of the fair board, are concerned about the matter.

Results On Cotton Fertilizer Test Are Described

Fertilizer tests on cotton at the High Plains Station at Halfway in 1958 indicated that with favorable weather for cotton production applications of fertilizer can be very profitable. In these 1958 trials two fertilizer treatments returned over \$100 per acre above fertilizer cost. These were 120-40-0 and 120-80-0. Yields were increased as much as 418 pounds of lint per acre.

No response was obtained to phosphate alone and there was no consistent response to phosphate along with nitrogen. Although there was little evidence of increase in yield or quality from phosphate in 1958, there was more indication of this in 1957. It is believed that phosphate can assist in producing earlier maturity in a season like 1957.

Lint samples were obtained from each fertilizer treatment, the results indicate that the kind or amount of fertilizer applied had no measurable effect on any fiber quality. Based on the results obtained under the two extremes of weather conditions in 1957 and 1958, the following nitrogen fertilizer program can be suggested: If planted before May 1, 100 to 120 pounds N, May 1 to May 10, 70 to 100 pounds N, May 10 to May 24, 40 to 70 pounds N, May 20 to May 31, 20 to 40 pounds N, after June 1, no N. Forty to 80 pounds of phosphate is suggested regardless of planting time.

Experiments showed that similar yield increases were obtained if all nitrogen was applied before planting, all side-dressed, or in split applications. Because of this, it is suggested that the preplant application consist of not more than 40 pounds of nitrogen along with the required phosphate. If the cotton is planted early additional nitrogen can be side-dressed any time up to the first irrigation.

Aid Available For Conservation Work

College Station — is conservation being left out of your farm plans because of the cost involved? Would you include it in your plans if you could receive financial assistance and procedural advice? If you answer "yes" to both of these questions you may be interested in some programs that can help make this increasingly important practice a part of your operations, suggests Lynn Pittard, extension assistant soil and water conservation specialist.

The Farmers Home Administration has money available to lend for soil and water conservation work, Pittard explains. As much as \$25,000 may be borrowed and paid back in 20 years or less.

The Agricultural Conservation Program is a cost-share program which provides up to 80 per cent assistance for conservation practices.

The Great Plains Conservation program, another cost-share program, provides assistance to 76 counties in the Great Plains area of Texas. It is administered by the Soil Conservation Service.

All of these programs are designed to encourage and assist farmers and ranchers in carrying out conservation work, Pittard points out. Information on these and other programs and facilities for which you might be eligible may be obtained from the office administering the program or from your local county agent.

CHAMP BARROW — David Mitchell, 4-H Club member, is the proud owner of the Chester White barrow which was named Grand Champion of the Lockney Junior Livestock Show last Saturday. The barrow won first place in his class at the county show in Floydada this week. A Poland China barrow shown by Johnny Lewis of Lone Star was named grand champion. Johnny is also a 4-H Club member.

Nitrogen On Grain Sorghum Ups Yield

One hundred and twenty pounds of nitrogen applied to grain sorghum produced a yield of 6,056 pounds per acre while the non-fertilizing plots showed a yield of 3,623 pounds. The net return after paying fertilizer cost was \$30.05 per acre from the application of 120 pounds of nitrogen over the non-fertilized plots. One hundred and sixty pounds of nitrogen produced a net profit of \$30.71 per acre. Dr. T. C. Longnecker, Head of the High Plains Station, reported these results on the 1958 grain sorghum research this week.

The tests were made on 4-row plots 100 feet long with each fertilizer application repeated four times in different parts of the field. Fertilizer treatments were made with nitrogen and phosphorus alone and in combinations. Nitrogen was applied at rates of 40, 80, 120 and 160 pounds per acre and phosphorus at three rates of 40, 80 and 120 pounds. Phosphorus at 40 and 80 pounds with higher amounts of nitrogen showed some increase in yield but not enough to pay for the added cost of the phosphorus.

The yield data on preplant and side-dress applications on grain sorghum indicated there was no difference between the two methods of application for the same amount of fertilizer. The same results were obtained in combinations of preplant and side-dress applications.

PEPPERY CORN RELISH

Here's a tangy flavor treat to serve with fried chicken or fish — combine 2 tablespoons finely minced onion, 1/2 cup vinegar, 3 tablespoons sugar, 1 tablespoon mustard seed and 1/4 teaspoon each of celery seed, salt and dry mustard in a saucepan and cook over a medium flame for five minutes. Stir in a can of whole kernel corn mixed with chopped red and green peppers. Remove from the flame. Cool and store in the refrigerator.

PROUD POPOVERS

Popovers should stand high and proud. If they collapse they have not been baked long enough. Be sure to preheat the oven to 425 degrees before putting them in. Fill the cups 2-3 full so they will rise high. Bake 40 to 45 minutes, or until they turn deep golden brown. Don't peek while they are baking. You'll be rewarded with high, handsome popovers.

J. P. Truett III At Amarillo

J. P. Truett, proprietor of Truett Variety Store, remains in serious condition at the Veterans Hospital in Amarillo. Mrs. Truett was called to her husband's bedside Tuesday night when an emergency operation became probable. No definite decision was known here at press time Wednesday evening. Mr. Truett has continued to lose considerable weight since entering the hospital some three weeks ago.

For those who wish to remember Mr. Truett with cards or letters of encouragement his address is: J. P. Truett, Room 214, Ward 2-B, Veterans Hospital, Amarillo, Texas.

Fort Yukon, in northeastern Alaska, reports the state's highest — and lowest — temperatures. According to The World Book Encyclopedia, weathermen reported 100 degrees F. in June, 1915, and 78 degrees F. in January, 1886.

Trade in Lockney

... where you're the most important customer

The Best Deals

... are close to home

Because you live in the trade area served by this town, you are the bread-and-butter customer of its business establishments. They're interested in serving you first . . . and best.

Naturally . . . and wisely . . . we all look for bargains. We want . . . and are entitled to . . . everything in goods, services, and better living that our money will buy.

But the best deals are not to be found at some rainbow's end or other far place of glitter and bustle.

They are right here . . . where our trade dollar can exert its invigorating effect on our own economic locality . . . giving us returns in better business, better jobs, better service and better living . . . which can be far more valuable to us than the actual goods that our dollar buys.

**It Pays to Buy
where you Live**

YOU get everything that your money pays for . . . merchandise **AND** a trade-invigorated community live in . . . when you buy from your home town merchants . . .

Texas 4-H'ers Tops In Leadership

Judy Dawson

Top young Texans in the 4-H Leadership program for 1958 were Miss Judy Dawson, 17, of Tulla, and Bob Wilson, Jr., 18, of Edinburg.

Both were named state champions and awarded a pen and pencil set from Edward Foss Wilson. A seven-year 4-H'er, Miss Dawson is assistant leader of the Tulla 4-H Club which she helped organize two years ago. She is a member of the state 4-H Council. In 1958 after attending state leadership laboratory, she helped organize a similar lab in her district.

State dress revue winner in 1956, Miss Dawson attended the National 4-H Congress in Chicago as guest of Simplicity Pattern Co. She is also a Swisher County winner in canning, freezing and food preparation.

Outstanding 4-H girl in the county is a senior at Tulla High School.

Young Wilson, a 4-H'er for nine years, is recreation leader of the Alamo First and Foremost 4-H Club. He has led recreation at state round-up and at leadership laboratory. He helped clubs in Hidalgo County to develop their own recreational programs.

Wilson is now co-chairman of District 12 4-H Council and a member of the state council. This busy 4-H'er has been a member of winning vegetable judging teams at high school individual in the Pharr vegetable show in 1957.

He won first place in steer riding at the same year. An active science student, he placed first in the biological science division of the high school science fair last year.

This 4-H program is conducted by the Cooperative Extension Service.

There will be a talent show at the school house Friday night, March 13, at 8 o'clock. Admission will be 50 cents and 25 cents. Prizes will be five, three and one dollar for the first three places.

Mrs. Margaret Calahan and Mrs. Bobbie Kinnibrough were hostesses in the Calahan home Wednesday for the Senior Home Dem. Club. Mrs. Morrison gave the devotional. Mrs. Karr gave a Consumer Education report, and Mrs. Newton gave Home Fire Prevention. Mrs. West reported on Fire Fighting. Mrs. Dunlap reported on the Longhorn Recreational School at Glen Rose. Hostesses served sandwiches, tea, coffee and dessert to Mmes. R. G. Dunlap, Ernest Newton, Murray Julian, Bryan Karr, Grigsby Milton, E. L. Morrison, Woodrow Stewart, Leighton Teeple, John Wilson, J. K. West, L. T. Wood and J. P. Taylor.

I. V. (Ike) Record, 73, pioneer ranchman of Dumas died instantly when the pickup he was driving struck another car Thursday near his home. Mr. Record was a great-uncle of C. L. Record, Lockney, who was reared in the I. V. Record home as a foster son. He is also a great-uncle of Mrs. Revis Harris, Lockney.

Funeral services were held Saturday, March 7, at 2:30 in the First Baptist Church, Dumas.

Duane Mowery, 19, who was seriously injured but is reported improving satisfactorily. Mowery is a former Dumas High School football player.

Among those attending funeral services were Mr. and Mrs. C. L. Record and Donna Lyn, Mrs. W. E. Sims, Floydada, Mrs. Dale Blaine, Plainview, Mrs. Clema Ruth Alexander, Odessa, Mr. and Mrs. C. H. Rose, Mr. and Mrs. Oliver Holmes and Rex, Sam Roach, Mr. and Mrs. Ernest Tannahill, Rev. E. Lee Stanford, all of Lockney.

MOVES TO LOCKNEY
Mrs. A. L. Shaw who has
been teaching in Plainview
schools for several years, moved
to Lockney this week. Mrs.
Shaw is the wife of the late
Rev. Aaron Shaw who pastored
Lockney Baptist Church for
eight years prior to 1942. Her
son, Kelton Shaw, accompanied
her home from Dallas last
week where she spent several
weeks in Baylor Hospital. She
is now at home in one of the
Barry Barker apartments.

Going To Fertilize Cotton?

If you are planning to fertilize your cotton land, we'd like to help you. Fertilizing cotton can be very profitable if the "right" fertilizers are used, the fertilizer is bought in the lowest cost form and application costs are kept low.

WE HAVE THE "RIGHT" FERTILIZERS

CUSTOM - MIXED "COTTON SPECIAL" is the right plant food in the right balance. "Cotton Special" is a dry-flow pellet formulated especially for you.

CUSTOM - MIXED "PLOW DOWN" is another "right" fertilizer which is built for use with Anhydrous Ammonia on cotton, where the land has had nothing but Anhydrous Ammonia applied for the past two years.

SEE US for your Fertilizer needs. We are ready to serve you in most any way you desire it.

Dear Editor:
I see where the Borrowing Department of the U.S. government got a shock the other day when some people holding \$2 billion of federal IOUs decided not to renew same but wanted their money.

My debt-sprung neighbor says he knows how they feel, on account of he has met this negative mood among the lending class many times.

Says, though, it is only the routine creditor reaction to any debtor who lies awake nights thinking up ways to get his business in a bigger mess.

Water, Fertilizer Value Studied At High Plains Station

How valuable is the irrigation water applied to the various crops? A study of the efficiency of water usage as affected by fertilizer was conducted at the High Plains Station at Halfway in connection with fertilizer research on both grain sorghum and cotton during 1958. Dr. T. C. Longnecker, Head of the Station, stated today.

In the series of tests the dryland grain sorghum produced 2,289 pounds per acre. The same variety with 9 inches of water applied and no fertilizer produced 3,623 pounds per acre. In this test the water was worth \$2.37 per acre inch. When 120 pounds of nitrogen was applied to this variety with 9 inches of water the yield totaled 6,056 per acre making the value per acre inch of water \$5.71 after the cost of the fertilizer was deducted. The same variety of grain sorghum was used in each of the above studies.

Dryland cotton with no fertilizer applied produced 356 pounds of lint per acre. Three inches of irrigation with no fertilizer produced 526 pounds of lint cotton per acre. In this case the water applied was worth \$15.87 per acre inch applied. Fertilizer applied to the dryland test at the rate of 26 pounds of nitrogen and 78 pounds of phosphorus per acre produced 301 pounds of lint cotton. With 3 inches of irrigation and the same fertilizer application the yield rose to 821 pounds. Profit on the water applied, after paying for the fertilizer, was \$26.92 per acre inch.

In the third test, dryland cotton had a fertilizer application of 66 pounds of nitrogen and 78 pounds of phosphorus which had a yield of 311 pounds of lint cotton per acre. To this same fertilizer application three inches of irrigation water was applied with a resulting yield of 697 pounds of lint cotton per acre. Here the value of an acre inch of water applied was \$35.15 after paying the fertilizer cost. With no fertilizer and 6 inches of water the cotton yield was 611 pounds of lint making the water worth \$14.34 per acre inch applied. The addition of 26 pounds of nitrogen and 78 pounds of phosphate increased the yield to 775 pounds and the value of an acre inch of water to \$20.58. With 66 pounds of nitrogen and 78 pounds of phosphate the yield jumped to 899 pounds of lint per acre and the value of an inch of water to \$25.00.

Pen of 3 Lambs — 1st, David Mitchell, 4-H; 2nd, Clarence Ansley, FFA; 3rd, Danny Shipley, FFA; 4th, Pat O'Brien, 4-H; 5th, Keith Carthel, FFA.

SOAKING PRUNES, OLD FASHIONED
New methods of processing prunes permit the cook to discard old-fashioned cooking methods and get plumper, more glamorous-looking fruit. Bring water to a rapid boil over a high flame. Pour the boiling water over the prunes, cover them and let them stand at room temperature for 24 - 48 hours. No cooking — and hardly any sweetening is needed for modern day prunes.

LETTERS TO THE EDITOR
February 23, 1959
Grafenwahn, Ger.
(Frankfort is my base station)
Dear Mr. Hays,
I would like to take this opportunity to thank you for sending me the Lockney Beacon. It was quite a surprise when I received my first two copies.
The news of the people that I had known there was very interesting. With all the unfamiliar names in the paper, I'm sure that Lockney has grown a great deal since I was there in 1952. I feel that I would almost be lost after such a long absence.
It seems that fate finally caught up with me. I have been in the army for nearly eleven months, most of it spent at Fort Hood, Texas. I consider myself very lucky to be stationed so near home and Dallas. The only other person luckier than myself was Lewis Foster, also of Lockney, who had only six months reserve duty to do at Hood. It was really great meeting erford and the Lee Goughly family.
Given in memory of Mrs. C. J. Barnard; Mrs. J. D. Colville and Mr. and Mrs. Luther Fry. Given in memory of Dr. A. C. Traweek Sr.; Mr. and Mrs. Bill Colston and Billy. In memory of Mr. J. G. Shearer; Mr. and Mrs. M. M. Julian, Mr. and Mrs. Shelby Calahan, Mr. and Mrs. Sylvan Kinnibrugh and Mr. and Mrs. Doodle Milton. In memory of Mr. H. A. Powell; Mr. and Mrs. Guy Ginn, Mr. and Mrs. Carl Jarrett, Mr. and Mrs. C. D. Foote. In memory of Mrs. Elmore Kelly; Mr. and Mrs. C. D. Foote.

ing some one that I went to school with. We had quite a long talk about old times and everything.
My trip to Germany wasn't as bad as I had expected. It was too long to suit me. I was aboard ship for ten days and that is a long time to go without seeing land. I actually made it without getting seasick.
I haven't been able to do as much traveling as I would like to since I have been here. I have spent about half my time in Germany at the Grafenwahn training area. If I don't have the opportunity to go anywhere else, I want to go to Paris and Berlin. I hope to take about a four or five day trip to Berlin within the next three months. I feel that a trip to Berlin would be quite an experience, more or less to compare the Eastern Zone with the Western Zone. I understand that it is possible for G.I.'s to go into the Russian sector under certain conditions. I think that after seeing how the people on the other side of the fence live it would help a person to appreciate the life we have in the states. I hope I am able to take some pictures while I'm in the East Zone.
I want to thank you again for the Beacon and give my regards to all.
As ever,

BUYS HIS WIFE **GAS APPLIANCES!**
Skill alone won't bag a Bighorn or cook a crepe suzette. It takes fine equipment, too! That's why the man who buys the best hunting rifle for himself, appreciates his wife's choice of a fully automatic, built-in GAS Range. More impressed with performance than fads, he agrees there's no point in paying more when you can buy the finest, for less. Only a Gas Range offers the advantages of closed-door, smokeless broiling... no warm-up wait... instant shut-off with no heat hang-over. What's more, Gas cooks with less heat fluctuation than any other fuel! Yes, in every way, (economy included) GAS gives you more. And where the finest is truly appreciated... Gas belongs.

Tough-built Chevy truck bulls its way deep into the woods for mammoth loads

This big Series 60 Chevy bulls its way as far as 8 miles into the Louisiana woods, fights over ruts and jagged stumps... then grinds back out with towering loads of logs! The Sabine Lumber Company attests to the truck's ability to take it: "Chevrolet makes the best truck for our type of operation."

Out where a truck is known for the beating it can take, Chevy's making friends fast. Truckers like the way these toughies hold up; the way they wade right in, take their lumps, yet stay in shape. Today, it's grit that Chevy's showing the trucking industry. Real toughness that pays off in job-after-job dependability... in ability to get work done at least expense. You can match Chevy muscle against any tough light-, medium- or heavy-duty job and know you've got it beat!

Your Chevrolet dealer's ready right now to meet your special work requirements. Stop by and see him soon.

No job's too tough for a Chevrolet truck!

CHAMPION STEERS — Neil Mitchell, 11-year-old Lockney 4-H Club boy, showed the Grand Champion steer at the Lockney Junior Livestock Show last Saturday but came in third at the Floyd County Show on Tuesday of this week with the same animal. Larry Golden's Black Angus, right above, was named Reserve Champion of the Lockney show and won the same title at the county show in Floydada. Larry is also a 4-H club boy.

Will Not Build Connecting Road North Of Sterley

A Jury of View, appointed recently by the Commissioners Court of Floyd County, recommended Monday of this week that a proposed road north of Sterley and connecting the Lone Star farm-to-market road with Highway 207 south of South Plains not be built. The Court went along with the recommendation and voted to drop the project.

The Jury of View, composed of Bert Bobbitt, Lester McCormick, Ray Siseney, G. B. Johnson Jr. and Early Pritchett, said that the cost of building such a road would be prohibitive. The proposed road crossed a number of lakes.

In other action at the regular meeting Monday the Commissioners paid routine bills, named the First National Bank at Floydada as county depository, and voted to sell an acre of land in the Cedar Hill area, acquired with the building of a farm-to-market road there several years ago.

Mrs. Bill Cole Dies In Wreck

Mrs. Bill Cole of Alamogordo, N. M., daughter-in-law of Mrs. W. F. Faggard of Lockney, was killed instantly in an auto wreck near Artesia, N. M., Wednesday night of last week.

Mrs. Cole was riding alone at the time and no other car was involved in the accident. It is presumed that she went to sleep while driving. The car left the road and turned over twice. She was thrown out the first time the car went over and then it rolled on her crushing her to death, highway patrolmen said.

Funeral services were held at Carlsbad, N. M., Sunday at 2 p. m. and burial was in the Carlsbad cemetery. Mrs. Faggard was unable to attend due to poor health.

Mr. and Mrs. Cole had been living at Carlsbad, but were moving to Highroll, N. M., where he is employed on construction work.

Survivors include her husband, one son by a previous marriage, Bill Williams, who lives in New Jersey, one sister, Mrs. Jim Williams of Carlsbad, and her father, Wiley Jones of Carlsbad.

Bob Miller Is New P. T. A. President

Bob Miller was elected Tuesday night to serve as 1959-60 Parent-Teacher Association president, succeeding Mrs. Boyce Mosley. Other officers were elected during the regular March PTA meeting which took place in the high school auditorium, prior to an interesting program presented by LHS Future Teachers Association.

Other officers elected to serve during the next school term are: first vice president, Mrs. M. L. Brewer; second vice president, Mrs. Don Hatch; secretary, Mrs. R. L. Knox; treasurer, Mrs. J. M. Tye; parliamentarian, M. L. Brewer; historian, Mrs. Boyce Mosley; reporter, Mrs. Edgar Hays. Mrs. Frank Hawkins read the nominations.

During a business meeting with Mrs. Mosley presiding, it was voted to send the new officers as delegates to the District Conference in Plainview on April 14. The treasurer report read by Mrs. Tommy Montandon showed a balance on hand of \$133.53.

Rev. Joe Stone, pastor of the Assembly of God Church gave the invocation. Mrs. Wayne Greer introduced the PTA program which included "Psalms 1" by Glenn McCandless; "Indians of this Country" by Duane Griffith; "Juvenile Delinquency" by Gloria Gonzales and "Relations with Russia" by Nancy Bollman. Miss Barbara Carruth presented the Melody Makers with the singing of "God of Our Fathers", accompanied by instruments played by three members of the band. C. H. Cheves gave "What's New in Our Schools" and Mrs. Tommy Montandon gave "Food for Thought".

Mrs. Dee Copeland's room received the attendance award. Mrs. Clay Muncy's room was second high and Mrs. Edythe Clark third.
