VOLUME 59

LOCKNEY, FLOYD COUNTY, TEXAS, THURSDAY, JUNE 16, 1960

NUMBER 10

Standings Same, Yankees Close In On League

Following an action-packed game, the standings in Lockney League remain virtually the same. The Dodgers and Yankees continue to share the lead with the Giants and the Yankees maintaining third place with two close tilts, the losing Red Sox are last. The Dodgers successfully opened their campaign last Thursday with a free-scoring 13-11 victory over the Red Sox. The Yankees were nip-and-tuck all day with the Giants scoring runs in the sixth inning to win the victory. Larry Beedy, Webster, and Dale Gallo pitched for the Giants. Red Sox pitchers were Jerry Hulcy, Brawley, and Charles

one of the best played tilts of the season, the Dodgers outlasted the Cardinals on Friday. The Cardinals duelled seven innings before the Dodgers took a triumph. Jackie Mickey of Merlin Boedeker of the Cardinals were opposed on the mound by Ronnie Marr, Neil Buck Smith, and Gary

the Cardinals sole possession of the game. The Yankees and Cardinals halted Saturday's game in the Yankees and Cardinals. After one and one-half innings, the Yankees commanded a 5-0 lead. The contest was completed Wednesday evening. The outcome was not available at press time.

another close game, the Yankees bested the Giants, 6-5, Monday afternoon. Buck and Ronnie Marr toiled in the winners. Giant pitchers Bobby Webster and Dale

powerful Yankee nine, Steve Stansell's fine pitching, knocked the Dodgers out of first place Tuesday afternoon. The Yankees led a 9-4 victory. Stansell led the entire game for the Yankees against Jackie Mickey of Merlin Boedeker of the Cardinals.

schedule: Thursday, Cards vs. Red Sox. Friday, Dodgers vs. Giants. Saturday, Red Sox vs. Yankees. Sunday, Giants vs. Red Sox. Monday, Dodgers vs. Cards.

standings:

Team	Won	Lost	Pct.
Yankees	2	1	.667
Giants	2	1	.667
Dodgers	1	1	.500
Red Sox	1	1	.500
Cards	0	2	.000

Does not include Giant-Yankee game.

Lockney Rotarians Accept Challenge

Over Plainview

Several members of Lockney Rotary Club have accepted a challenge to meet a like number of members of the Plainview club on the golf links for a match to the finish. The team match will be played today (Thursday) on Plainview Country Club course starting at 12:30 p.m.

Mayor J. E. Cox is in charge of the Lockney team and he and John Powell have worked arrangements for the match with the Plainview committee, headed by J. C. Oakley. Following the completion of the battle the two teams and their Rotarians will meet at Grath's in Plainview for a dinner, the meat being furnished by W. C. Boyd of Plainview.

Rotarians who are not playing and Rotarians, are invited to attend the match and watch the playing. Mayor Cox is in charge.

A trophy is being prepared to present to the winning team. Plans are to make the event a yearly affair.

Lockney members who are planning to participate include: E. Cox, John Powell, Fred Dr. Pat Williams, H. H. Scholas, Henry Ford Jr., Austin Meriwether, Bob Miller, Howard Smith.

8:00 p.m. Bible Classes for all ages, Main Street Church of Christ.

LOCKNEY'S NEW SWIMMING POOL will open for business Saturday of this week and formal opening and dedication will be held June 24th featuring a barbecue and beauty contests. The pool is located on the American Legion land in East Lockney.

New Swimming Pool Will Open Here Saturday

The new Lockney Swimming Pool will open for business on Saturday of this week at 1 p.m., it was announced Wednesday by the managers, R. L. Rhoten, Troy Lemley and Bobby Davis. It is an event looked forward to by all the younger people of the community since Lockney has not had swimming facilities this year thus far.

The pool will be operated each afternoon from 1 to 7 p.m., Mr. Rhoten said, except on Wednesday and Sundays when it will be open from 1 to 6 p.m. The big formal opening and dedication is set for Friday of next week, June 24th. The program includes a barbecue, a bathing beauty contest with three age groups participating, diving stunts and exhibitions.

Tickets for the barbecue are on sale now at Byrd Pharmacy, Lockney Drug or from any member of the committee. Adults are \$1.50 and children \$1.00. The barbecue will be served from 5:30 to 8 p.m.

The dedication program and beauty contest will begin at 8 p.m. The Miss Future Lockney division will come first. Twenty entries had been listed in this group up to noon Wednesday. Miss Lockney Junior will be decided next, that group having 20 entries to Wednesday noon.

Diving stunts will be presented at this point in the program. The Miss Lockney for 1960 contest will follow with a total of 28 entries to Wednesday noon. Out-of-town judges will be secured to judge the various groups, committee members said.

A diving exhibition will conclude the evening's program.

Members Of Local Band Will Attend Tech Band School

Several members of the Lockney Longhorn Band will attend Summer Band School at Texas Tech June 20 through July 1. Keith McCarty, woodwind instructor at Tech, will be director of the school, and Dean Killion, Tech Band Director, will be guest director of the summer band. Classes meet Monday through Friday from 9 to 4 in the Music Building with 24 area band directors serving as faculty in their various special fields. About 300 students from this area are expected to attend.

Wyatt Burkhalter, Lockney Band Director, urged as many as possible of those whose plan to be in band next year to attend the session. Mrs. Burkhalter will be teaching flute in the school while they are both at Tech working on Masters Degrees this summer.

Fees for the school, payable on June 20 only, are tuition, \$20.00, and dormitory room and board, \$39.50. Dormitories will be open Sunday afternoon, June 19. The daily schedule will include instrumental classes, theory, marching, or twirling classes, section rehearsals, and band rehearsals.

Lockney students who have already indicated they will attend include Janis Carthel, Juanel Potts, Sandy Fewell, Katy Fewell, Irene Bean, and Trudy Jarrett.

Singing At Lone Star Sunday

The Lone Star singing will be held Sunday starting at 2 p.m., according to announcement by J. L. Lovvorn, president. All those who enjoy good singing are invited to attend.

Normally, circumstances do not make people — they only reveal them.

Services For Oliver Savage Held Monday

Funeral services for Oliver Savage, 71, were held Monday afternoon at 2 o'clock at the First Baptist Church in Silvertown. Rev. G. A. Elrod, pastor of the church, officiated and he was assisted by Rev. A. K. Windecker, pastor of the Trinity Lutheran Church at Providence.

Graveside services were conducted by the Lockney Masonic Lodge assisted by members of the Silvertown Lodge. Burial was in Silvertown Cemetery under the direction of Roberts Funeral Home.

Mr. Savage died early Sunday morning at Plainview Hospital and Clinic where he had been a patient about six weeks. He had undergone two major operations in recent weeks and had more than 60 blood transfusions, relatives said.

The deceased was a member of a pioneer Briscoe and Swisher county family. He was born on February 4, 1889, at Howe, Tex., but his parents, the late Mr. and Mrs. Richard Savage, moved to this area in 1890. He had lived in the area where he held his life. Part of his land holdings lay in Briscoe and part in Swisher county.

He was married to Miss Anne Applewhite, also a member of a pioneer family, on November 7, 1915 in the Lone Star community.

Mr. Savage had taken the 32nd degree of Masonry in recent months. He was a member of the Lockney Masonic Lodge, the Royal Arch and Council and the Blue Lodge in Lockney, a member of the Commandry at Plainview, the Shrine at Amarillo and the Scottish Rite at El Paso.

He had at one time served as director of the First National Bank in Lockney for several years.

Survivors include his wife; two daughters, Mrs. Samuel E. McClung of Washington, D. C., and Mrs. H. D. Walters of Columbus, Ohio; two brothers, Adam Savage of Plainview and Vince Savage of Hemet, Calif.; one sister, Mrs. Clyde Bramlet of the Lone Star community.

A large number of Lockney people attended the funeral services.

'Teen Time' Planned At Baptist Church

"Teen Time", a week's program planned especially for high school students and other young people, will be held at the First Baptist Church starting Monday evening, June 20 at 7 p.m. The meetings will be held each evening Monday through Friday except Wednesday evening.

The first 30 minutes of the program will be a Bible study led by the pastor, Rev. Charles Broadhurst. A 45-minute hand work period will follow. An inspirational talk by a young person from the local church will conclude the meeting followed by refreshments.

All young people 13 years of age and older are invited to attend. The meetings are planned to coincide with Vacation Bible School program for young children.

There are no new entries in the Miss Lockney division, Mrs. Rhoten said.

Baptist V. B. S. Registration Is Friday Morning

Friday morning will mark the beginning of the Baptist Vacation Bible School with Preparation Day starting at 3 o'clock. This will include registration in all departments to be followed by a parade.

Services start Monday morning at 8:30 and will meet each day until 11:30 through Wednesday, June 29. Commencement exercises will be Wednesday night.

This year for the first time a special program will be featured for the High School and Young People, including those 13 not in high school. They will meet each night, Monday through Friday from 7 to 9. Included in their meetings will be Bible study, taught by Charles Broadhurst, pastor, handwork, talks by several of the young people, and other special features.

New Entries In 'Miss Lockney' Contest Told

A number of new entries in the "Miss Lockney Junior" and the "Miss Lockney Future" divisions of the beauty contests to be held here in connection with the opening of the new swimming pool were announced this week by Mrs. R. L. Rhoten, who is in charge.

Mrs. Rhoten emphasized that Friday of this week is the deadline for entering any of the divisions. A practice session for all contestants will be held Monday at 7 p.m. at the new swimming pool and it is very important that all contestants be present since they will draw for positions.

Mrs. Rhoten, also asked that any girl who wished to drop out of the contest do so before Saturday so that the procedure worked out in the practice session would not be disrupted.

Mrs. Robert Lee Smith will be mistress of ceremonies for the contests.

New entries in the Miss Lockney Future division and their parents, are as follows:

Bekki McCormick, Mr. and Mrs. Larry McCormick; Ginger Henderson, Mr. and Mrs. Deane Henderson; Carol Brock, Mr. and Mrs. Harold Brock; Nancy Jones, Mr. and Mrs. Jake Jones; Reed Cay Lawson, Mr. and Mrs. Reed Lawson; Charlotte Williams, Mrs. Bertha Williams; LaTonya Gay Beedy, Mr. and Mrs. Garvin Beedy; Robin Kay Smith, Maxlana Smith, Mr. and Mrs. Max Smith; Greta Zachery, Mr. and Mrs. Rudy Zachery.

New entries in the Miss Lockney Junior division and their parents are:

Cindy Rankin, Mr. and Mrs. Tom Rankin Jr.; Mickey Jarrett, Peggy Jarrett, Mr. and Mrs. Bob Jarrett; Vickie Daniels, Mr. and Mrs. Robert Daniels; Debbie Miller, Mr. and Mrs. Bob Miller; Anelle Ashton, Mr. and Mrs. Milton Ashton; Lauretta Laceywell, Mr. and Mrs. Dale Laceywell; Brenda Hayes, Mr. and Mrs. W. G. Hayes; Debbie and Mrs. Mr. and Mrs. R. V. Webster; Rise Rene Beedy, Mr. and Mrs. Garvin Beedy; Lena Kay Merrell, Mr. and Mrs. Bob Merrell; Cindy Barnes, Arleen Barnes, Mr. and Mrs. Alton Barnes; Kay Johnston, Mr. and Mrs. G. B. Johnston, Jr.

There are no new entries in the Miss Lockney division, Mrs. Rhoten said.

City-Wide Clean-Up Is Scheduled To Start Today

DRY WEATHER BRIGHTENS CROP PROSPECTS, HARVEST

Dry weather this week has brightened crop prospects and enabled wheat farmers to resume harvest of the golden grain. Wednesday almost every combine in the country was reeling and most of the dry land wheat will be cut this week if pretty weather holds.

Some irrigated wheat is being cut but most is still too green. One patch produced 55 bushels per acre, an elevator man told The Beacon Wednesday. Dry land wheat has been averaging 15 bushels per acre.

The market price on wheat was setting on \$1.70 Wednesday which was slightly above the loan price.

Rain last week end continued a "wet spell" of some two weeks and further delayed farm work. A half inch fell here on Saturday evening and 3 of an inch Sunday night.

Cotton Sickly

Cotton farmers are worried about the cotton crop and some are changing their choices from "B" plan to "A" plan due to lost acreage. The small green cotton plants are being besieged by weeds, thrip and something else which some farmers think is electricity in the air. At any rate the plants are having a hard time surviving. Cultivators are busy trying to control the weeds and sprayers are busy trying to control thrip and other insects. Farmers were able to get into the fields Tuesday and have been working long hours to catch up.

Junior High Coach Named

James Anglin of Dumas has been employed to coach athletics and teach math in Lockney Junior High School, Supt. H. H. Nicholas announced Wednesday. He replaced Bobby Davis who has been moved up to assistant coach of high school football. Mr. Davis will continue to teach in junior high, the superintendent said.

Mrs. Anglin has also been employed and she will teach physical education in high school.

INJURED TUESDAY

Leroy Durham was injured Tuesday morning when he was pinned between a pick-up and a truck on his farm in the Cedar Hill community. He was standing behind the truck when the pick-up backed into him, pinning his legs. No bones were broken but he was bruised and had some difficulty walking Wednesday.

MRS. NANCY CAROLINE DAGLEY of Lockney will observe her 103rd birthday Wednesday of next week, June 22nd, at the home of her daughter, Mrs. A. R. Meriwether.

MRS. DAGLEY WILL BE 103 YEARS OLD NEXT WEDNESDAY

Mrs. Nancy Caroline Dagley of Lockney will observe her 103rd birthday Wednesday of next week, June 22nd. No special celebration will be held but probably friends of the pioneer woman will call to wish her well, according to her daughter, Mrs. A. R. Meriwether. Mrs. Dagley is now living at Mrs. Meriwether's home on South West 4th Street though she still owns her own home on East College, where she has lived since 1903.

Mrs. Dagley's health is "just fair," Mrs. Meriwether says. Her hearing and sight have both failed some in the past year but she is still able to walk

Clean-Up Week Is Proclaimed By Mayor Cox

Following a meeting Wednesday morning at Golden's Restaurant of directors of the Chamber of Commerce and Mayor J. E. Cox, the Mayor issued a proclamation designating a Clean-Up Week starting today (Thursday). The heavy infestation of mosquitoes in recent days is the cause of the urgency in getting the community cleaned up and free of breeding places for the pests, the Mayor said. Audvie Barnett, a director of the Chamber, has been named Clean-Up Chairman.

Mrs. Alice Burt Dies Here Friday

An illness of several years ended last Friday morning at 10 o'clock with the death of Mrs. Alice Burt at Lockney General Hospital. She was the mother of Mrs. Fred Byrd.

Funeral services were held at the Curry Chapel in Chandler, Okla., Saturday at 2:30 p.m. Rev. Groom, a Methodist minister at Fairfax, Okla., conducted the services. Burial was in the Chandler cemetery.

Mrs. Burt had been a semi-invalid for 10 years and bedfast for two years. She had been a patient in the Lockney General Hospital for that length of time.

She was born September 18, 1900 at Yukum, Okla., was reared there and graduated from high school. She attended the Central State College at Edmond, Okla., and taught school for several years. She was married to Buford L. Burt on December 3, 1925. He died on January 15, 1957. She had also lived at Roosevelt, Okla., and Oklahoma City.

Survivors include two daughters, Mrs. Byrd of Lockney and Mrs. Dorothy Patrick of Fairfax, Okla.; three sisters, Mrs. Maude Schurr of Oklahoma City, Mrs. Grover Forbes of Claude, Tex., and Mrs. Forrest Deon of Ada, Okla.; five brothers, Ralph Taylor and Harry Taylor of Yukum, Henry of Chickasha, Tom of McAllen, Tex., and Sidney, who lives in California. Four grandchildren also survive.

Burkhalter - To - Europe Fund Now Stands At \$721.73

The "Burkhalter - to - Europe" fund is slightly past the halfway mark and now stands at \$721.73, according to a report from officers of the Band Boosters Club. Needed yet to complete the amount necessary for the local band director to take the European music tour is approximately \$229.00. The Beacon was told. A down payment of \$150 has been made on the tour.

The drive started in the Spring when Wyatt Burkhalter, local high school band director, received an invitation to be one of a group of band directors to take a trip to Europe especially laid out for those interested in bands and music. Total cost of the trip is to be about \$1500.00.

Feeling that the invitation was an honor to the band director, the Lockney Band Boosters Club began a drive to raise the money for the trip.

If any civic club or other organization wishes to contribute to the fund or help in the drive, they will be welcome, Booster Club officials said. They expressed a desire to make the effort community-wide. C. L. Record, president of the club, may be contacted if anyone wishes to help.

The Club still has 12 boxes of greeting cards to be sold. Anyone wishing these may contact Mrs. Laverne Carthel.

The money should be on deposit not later than the third week in July, officials said.

First Aid Course To Be Held Next Week

C. R. Stegall, a member of the Plainview police force, will conduct a first aid course here next week. The course will be held at 7:30-9:30 each evening, Monday through Friday of next week, in the local fire station.

All members of the Lockney Volunteer Fire Department will take the course. Fire Chief Audvie Barnett indicated that anyone else interested in taking the course is welcome to attend.

EDITORIAL

And though I have the gift of prophecy and understand all mysteries and all knowledge; and though I have all faith so that I could remove mountains, and have not charity, I am nothing. — I Cor. 13:2.

AS THIS is written, President Eisenhower is enroute to Tokyo. Ye Editor is worried about the situation. We can understand his feeling an obligation to attend but we still doubt the wisdom of such a visit. It could lead to many things bad — even war. We fear for the safety of the President. We fear that the trip may result in worsening of the Japanese political situation. We fear it shouldn't have been undertaken. But maybe we're just the worrying type. We'll soon know.

UNLESS THEY have in mind to embarrass Senator Lyndon Johnson and prevent his nomination for president, we don't understand what the Liberal DOTS have in mind at the State Democratic Convention this week. Mrs. Frankie Randolph

NOTICE OF OFFICE HOURS:

Dr. John W. Kimble
 Optometrist — Floydada
 Monday thru Saturday, 8:30 to 5:30
 Except Tuesday, 8:30 'til noon
 Technician on duty Tuesday afternoon for duplicating lenses and repairs.

and her wrecking crew are up to no good — you may be sure of that. It is inconceivable that delegates from a rump convention such as they apparently intend to hold could be seated at the national convention. Certainly all the pledges they can think up will not bind the free expression of opinion and the wills of the average voter of Texas. Texans are just not built that way.

CITY STREETS are in a mess — many of them having deep holes at intersections and other places. We're told that the city has made arrangements to have the streets repaired but dry weather must prevail before the repairs can be made. We're hoping that dry weather comes soon because the streets continue to deteriorate the longer the repair work is delayed.

THE 1950'S constituted the worst decade of disasters in the nation's recorded history. That statement comes from the American Red Cross, in a report on the havoc wrought by hurricanes, floods, tornadoes and other catastrophes. It says the toll included more than 29,000 houses destroyed, nearly 600,000 damaged, and more than 1,600,000 Americans made homeless.

THE OVERALL QUALITY of Russian medicine is "well below" that of the United States, according to "Today's Health" magazine. It says: "The state insists on medical services to all citizens, but it gives the physician a limited budget, insufficient laboratory personnel and equipment, and saddles him with a patient and administrative load far in excess of that which any physician can handle and still practice a high quality of medicine."

A NEWSWEEK survey, based on the first quarter of this year, says that most consumer buying plans are running ahead of a year ago. The Midwest showed the biggest boost in buying plans, and the Far West the smallest. The survey also found that consumers with incomes of over \$10,000 were less sanguine about stepping up their spending than the lower income groups.

FROM CONGRESSWOMAN Edith Green of Oregon: "At this most critical time in our history, one of my colleagues commented: The great American concern today is 'losing five pounds, and finding a place to park.'"

'FREE' SPEECH

With Our EXCHANGES

FIRM STAND

Allen Duckworth, political reporter for the Dallas News, has paid a high tribute to Gov. Price Daniel for the role he played in defending Texas rights to the tidelands. In the 15-year fight Texas waged to retain ownership of the submerged lands, Mr. Daniel never gave up. He never wavered, legally or politically.

The Supreme Court's decision this week was a clear-cut victory for Texas. But it came as a climax of a long and bitter struggle. Before the Supreme Court ruled against the states, several years ago, Mr. Duckworth points out, there was talk of compromise. Some of Texas' most powerful officials were in favor of it. Let the Federal Government take a portion, they said, and allow the States a percentage.

But Price Daniel, then Attorney General, would not go along.

"So long as one person will stand by my side," he said, "I will fight to keep the tidelands for the benefit of the public schools of Texas."

Sometimes the outlook was dark. The Supreme Court ruled against Texas. President Truman vetoed a bill that would have given Texas its rightful claim.

After losing in the courts, Mr. Daniel ran for the U.S. Senate or a promise to continue his crusade. He successfully spon-

sored a quitclaim bill in the Senate and it was signed by President Eisenhower.

But the fight was not over. The Federal Government brought suit to clarify boundaries. Texas claimed, under Spanish custom that prevailed before the State entered the Union, that it controlled 10.5 miles into the Gulf. The Federal Government would have limited it to only three miles.

The court has upheld Texas, however, and Daniel's position has been vindicated.

And now that the fight is over, Texas has reason to be proud that it has as its Governor a man who is willing to take a stand for what he believes to be right and remain firm, even in the face of seemingly insurmountable obstacles. Such a man may be depended upon to uphold the rights of Texas in whatever situation may arise. — Lubbock Avalanche-Journal.

GOVT SUPPRESSION

For those of you who are becoming too tired of my constant gripes against the REA and other government supported enterprises, please turn to another part of this insignificant little newspaper and don't read the rest of this column.

I remember distinctly in the past that advertising supporting the cause of private industry could not be deducted as other business advertising. This, essentially, ruled out private companies pleading their cause to the public. With the remainder of the excessive taxes they labor under, they could not afford to put forth their busi-

ness expense and have it ruled as not business expense.

AND THEN the other day I picked up a full page ad costing something in the neighborhood of \$2,000, pleading the cause of the Rural Electrification Administration. It doesn't matter so much that it does matter that they are allowed to cry out the leftist opinions at the expense of the taxpayers, while the private enterprisers can't even promote their side of the business and call it business expense.

If this isn't government suppression, then I'll eat my big black rodeo hat! — CEC in McLean News.

RAILROAD DEFICIT

Notice by the big payers that there is still a lot of lobbying going on about the federal law which would restrict and delay railroad companies from discontinuing passenger service where they are losing money on it. Last year the passenger deficit cost railroads \$500 million. Railroad spokesman pointed out that the law would force the companies to continue service even in the face of such losses. Union members contend they need the bill on the theory that it is needed to protect jobs for its members. In the long run, forcing an industry to maintain necessary jobs and heavy losses does no one any good. The future of jobs on the railroads depend on the railroad's financial health. I don't blame the companies for wanting to stop services they are losing money on. I know if I were losing money over a period of time I would certainly discontinue the service and railroads should be allowed to do the same. — Marvin Tommee in Ralls Banner.

Dear Editor:
 I see where numerous stores around over the country are baiting teen-agers to open charge accounts and get an early start toward credit addiction.

My debt-beset neighbor says this is a fine thing, on account of kids can now learn the technique of the modern, maybe I'll have more money next month style of living, while they are still too young to be sued.

Says the earlier a fellow finds out about how much to discount his hope-bump, the fewer times in life he will have to sweat out a dotted-line hang-over.

OUT WHERE THE COUNTRY CAN TEAR A TRUCK TO PIECES—

Chevy middleweights get 1/3 more work done in a day!

Where they used to deliver 2,300 gallons of liquefied petroleum gas in other trucks, Petrolane Gas Service of Long Beach, California, can now deliver 3,500 gallons a day! That's 7 days a week usually, over back trails and up into high rock country with maximum GVW loads. And with Chevy's Torsion-Spring Ride paving every foot of the way! "You don't get any more jolting on washboard roads than you do in a passenger car, or any sideway on curves," says driver Bernie Stone. "I used to take some rough roads at from 5 to 8 miles an hour. Now I can go 30 over them." Petrolane has over 200 Chevrolets hauling for them.

If you think we're excited about Chevy's independent front suspension, you ought to talk to the truck owners who are profiting by it. They'll tell you Chevy's torsion-spring design is the hottest thing to hit the industry since trucks began. Drive one—that's the proof, short and sweet.

Why Wear Cotton?

There are a dozen reasons why we should wear COTTON but here are only a few:

- COTTON IS COMFORTABLE!
- COTTON IS COOL!
- COTTON IS VERSATILE!
- COTTON IS STYLISH!
- COTTON IS DURABLE!
- COTTON garments look NICE!

When shopping for clothing for your family and yourself be sure to ask for cotton. You'll be pleased and benefitted in many ways.

Enjoying Camp in Kerrville

Brenda Ann Wisdom, daughter of Mr. and Mrs. Bill Wisdom, reports that she is enjoying the Camp for Crippled Children at Kerrville. She is sponsored by the local Lions Club and was taken down by Mr. and Mrs. Tom Simpson. Her mother will leave Friday to bring her back.

Mr. and Mrs. Wisdom and Brenda would like to express their thanks to the Lions Club who made her trip possible.

BYRDS SAY THANKS

We are deeply grateful to everyone, our friends and acquaintances, for your words of sympathy, the many flowers you sent, the cards and all other kindnesses shown us during the illness and at the death of our mother. We appreciate everything you have done very much.

Mr. and Mrs. Fred Byrd and Family
Mr. and Mrs. Lyndol Patrick and Family

Charles V (1500-1558) ruled over more territory than any other European monarch.

Home Making Hints

Warm Days Increase Moth Damage in Rugs, Carpets
Rug moths and carpet beetles like these warm, humid days. Eggs of both moths and beetles hatch rapidly under these conditions and the larvae begin at once to gorge themselves. Moth larvae feast for forty days while those of the beetle continue to eat an entire year.

In addition to heat and humidity, larvae thrive on dirt and darkness. Too often shades and blinds are drawn and insects are left to enjoy themselves.

The best protection is a thorough cleaning before hot weather. This will help get rid of moths, larvae and eggs and will remove the dirt and stains which encourage infestation. Be sure to move heavy pieces of furniture and clean area regularly where beds, heavy chairs, tables, or divans have been placed. Give particular attention to breaks, creases, seams and baseboard areas, all of which are favorite hiding places for insects.

Rugs, carpets, and upholstered furniture can be sprayed several times each year to protect against moth damage using a 2% chlordane, 0.5% lindane, or 0.5% dieldrin household spray.

The Clothing committee met last Friday and discussed problems of Floyd County people in clothing their families. Plans were made as to what should be included in next year's extension program to help meet the needs of the people.

Attending the meeting were: Mr. and Mrs. Claude Brown, Bill Hale, Mrs. Earl Edwards Sr., Mrs. Dimpie McGavock, Mrs. Hollis McLain, and Mrs. Weidon Smith.

The committee on Foods and Nutrition met last Tuesday afternoon. Those on the committee are: Mrs. Carrie Snodgrass, Mrs. Wesley Carr, Mrs. Harry Morekel, R. L. Knox, Dr. Kenneth Crum, Mrs. C. L. King, Mrs. Quentin Adams, Mrs. John McKinney Jr., and J. L. Dalton.

MOVE TO LOCKNEY
Mrs. Wanda Cates, her son, Dale, and daughters, Sue Nell and Joye Beth, have moved to Lockney from Quitaque. Dale is employed at the First National Bank and Mrs. Cates at Lockney Variety. Sue Nell will be a freshman in high school and Joye Beth will be in the sixth grade.

FROM NORTH CAROLINA
Visiting overnight in the home of Mr. and Mrs. J. B. Allen on Tuesday were Mr. and Mrs. Drennan Craig of Gastonia, North Carolina. They were on vacation to California, Washington, and Oregon. Mr. Craig is a cousin of Mrs. Allen.

FROM THE County Agent's Office

By Cecil Lewis

Cotton

The majority of the cotton in Floyd County does not look real good due to seedling disease and thrips. Some of the weaker plants in fields are dying. Cotton with plenty of sunshine in most cases will overcome the seedling disease. If the thrips stay in large numbers control measures may have to be applied to give the cotton a chance to develop. A control program may have to be applied on a five day schedule to get relief from thrips.

Some cotton in the Dougherty community that had only been four or five days showed damage in the terminal bud. Looking at this cotton from a distance it looked good, however a closer inspection showed it to look like the early cotton due to thrips.

If replanting is necessary an early maturing variety should be used such as Gregg, Paymaster 54 B and 10L, and Northern Star 11. These varieties in all variety tests have been the earliest maturing. The management of irrigation water is very important for late plantings. Possibly one irrigation in August will be adequate for late planted cotton.

Floyd County Fair

There will be a meeting on Thursday, June 16 at 8:00 p.m. in the Council Room on the second floor of the courthouse in Floydada for all persons interested in community exhibits.

Selection and preparation will be given for agricultural products that can be used in community exhibits. Bob Gibson, Paymaster Farm, will help in presenting the program. All interested persons are invited to attend.

4-H Round Up

Six members of the Floyd County 4-H Clubs accompanied by three adult sponsors attended Round Up at College Station, June 7, 8, 9.

Kenneth O'Neal, Jimmy Hucksbay, Tommy Oden participated in the State Entomology Contest and finished seventh. The Electric Demonstration Team, composed of Frances Jones and Paulette Kropp placed ninth. Janice Miller's placing in the Dairy Foods contest is unavailable at this time.

Irene Miller, Beth Kropp and John Schiltler sponsored the teams.

Beginning with a barbecue and get-together on June 7, Round Up provided two days of fellowship, recreation and entertainment and numerous educational exhibits and programs in addition to the contests.

Two Have Received Majority Degrees

Misses Hope Cox and Lanell Johnson received their Majority Certificates in a ceremony of the Lockney Rainbow Assembly Monday night. Majority certificates are given to girls who have reached the age of twenty or are married before they leave Rainbows. It enables them to lifetime honorary membership and makes them eligible to help in any assembly.

Jehovah Witnesses Will Meet Soon

Preparations are well under way for the coming four-day "Peace Pursuing District Assembly" of Jehovah's Witnesses to be held at the Will Rogers Memorial Coliseum in Fort Worth on June 23 to 26, presiding minister, Clarence W. Hall Sr., of the local congregation announced today.

"The assembly will be Jehovah's Witnesses' largest in Texas since their gathering at Houston in 1957. Twelve thousand delegates are expected," Hall said, adding, "14,000 hours must be spent before June 22, to complete arrangements which will include reserving 5,000 rooms for delegates." Local delegates will write for reservations.

The 12,000 delegates, composed of Christian families, will come from some 27 states, Canada and Mexico.

Ask Donations For C. R. O. P.

Appeals are going out to farmers and others at this time for donations of wheat or cash to the Christian Rural Overseas Program, familiarly known as CROP. The wheat grower may have a share of his wheat put aside for C. R. O. P. when he delivers it to the elevator. Contributions may be made at any grain elevator.

Also cash donations may be left at the elevators. J. C. Eiring, county chairman for C. R. O. P. in Hale County, says that a donation of \$1.00 will provide 440 pounds of corn meal, dried milk or wheat to some needy family in a foreign country. Many refugees from behind the iron or bamboo curtain are kept alive by bread from wheat contributed through C. R. O. P. Children born in refugee camps have no ration cards and were not for C. R. O. P. and similar organizations these children would have little or no food except that given them by adults from their meager rations.

NEW ARRIVAL

Sgt. and Mrs. Don Visage are parents of a baby boy, born Monday, June 13, at Belmont Army Hospital, El Paso. The young fellow was named Jerry Don and weighed eight pounds, 13 ounces. Grandparents are Mr. and Mrs. F. S. Visage and Mr. and Mrs. E. T. Pigg, all of Lockney. Mrs. Pigg will leave Saturday to visit her daughter and new grandson.

If it's true that a fool and his money are soon parted — then tell us how they got together in the first place?

Dear Editor:
I see where the Supreme Court finally got out another decision on the Tideland, and the seven judges voting came up with 21 different views on the subject.

My think-drunk neighbor says a pretty pass like this, where our head wise-men get different answers, sure leaves truth-seeking citizens hanging on the ropes.

Says if we were smart enough to know when they are right or wrong, we would not need their counsel, and could put them to work at some useful job, such as confusing our enemies instead of us.

Providence Couple Installed In O.E.S.

Mr. and Mrs. B. H. Quebe, formerly of Providence, were installed worthy patron and worthy matron of the Plainview Chapter of the Order of Eastern Star in an open service Saturday night at the Masonic Hall.

Mrs. E. M. Quebe, sister-in-law of the couple, served as installing officer. Other installing officers were Raymond Wilson, Dimmitt, installing marshal; Mrs. Jim Miller Jackson, Lubbock, mother of the worthy matron, installing chaplain; Mrs. Quincy Haney, Lubbock, installing organist; Mrs. Raymond Wilson, Secretary pro tem.

The Bible was presented at the altar by the daughter of the couple, Miss Donna Jane Quebe, and the square and compasses by Jim Miller Jackson of Lubbock, father of the new worthy matron.

The hall was decorated in the worthy matron's star theme with gold star laden vines entwining the columns on the dais and a large basket of Talisman roses centered in the east.

Parents Observe Golden Wedding

Mr. and Mrs. Noah Andrew Adams, Route 1, Lindsey, Okla., observed their Golden Wedding anniversary on Sunday, May 29th at their home. The couple are parents of Leonard Adams of Lockney.

Attending the celebration from Lockney were Mr. and Mrs. Leonard Adams and Mr. and Mrs. Leroy Adams and baby.

The couple married on May 29, 1910 at Byars, Texas, and have lived at Lindsey since 1921.

Present for the occasion were seven of their eight children, many of their 27 grandchildren and 17 great-grandchildren and other relatives and friends.

Granddaughters of the couple served, registered the guests and assisted in opening the gifts. Among these were Mrs. Leroy Adams of Lockney.

A family dinner was held in the home of a son, Rev. Ora Adams, preceding the open house.

MRS. JAMES HALL FERGUSON

Lacy-Ferguson Vows Exchanged

In a double ring ceremony in the Aiken Baptist Church, Miss Marjorie Ann Lacy became the bride of James Hall Ferguson at 2:30 on Friday, June 10. Their parents are Mr. and Mrs. M. D. Lacy and Mr. and Mrs. Hall Ferguson.

Rev. Mervin Redwine, pastor of the Aiken Baptist Church, read the ceremony before an arch trimmed with greenery, topped with wedding bells, and flanked with baskets of white gladiolas trimmed in blue ribbon. A similar arrangement of white gladiolas was on the piano.

The bride, escorted by her father who also gave her in marriage, entered wearing a waltz length dress of embroidered organdy over taffeta. Scallop outlined the edges of the V-neckline and three tiers of the full skirt. Tiny covered buttons held the back of the bodice and the long pointed sleeves. At her neck, the bride wore a brooch belonging to the bridegroom's grandmother, Mrs. W. M. Ferguson, as the traditional something old. Her new wedding attire, a borrowed white Bible, and a blue garter carried out the rest of the tradition.

A crown of iridescent sequins and pearls held her veil of tulle. White carnations edged in blue and tied with blue streamers rested atop her white Bible. The center of this arrangement formed her going-away corsage.

Miss Mary Lacy served her sister as maid of honor. She wore a dress of blue polished cotton accented with puff sleeves and a rounded neckline falling to a V in the back. The white cotton eyelet overskirt was emphasized by a bow at the waistline with streamers falling almost to the hemline. Her headpiece was of matching blue tulle and pearls, and she carried a bouquet of white carnations trimmed in blue

ribbon. Mrs. Fritz Schacht, soloist, sang "Whither Thou Goest" and "Because" before the ceremony. "Bless This House" as a benediction. She was accompanied by Miss Ann Brown, who also played the traditional marches.

A reception in the fellowship hall of the church followed the ceremony. The bride's colors of blue and white were carried out in the reception table which featured a white lace cloth over blue and held the white three-tiered cake trimmed in blue. A miniature bride and groom under a heart shaped arch topped the cake. An arrangement of white gladiolas and candles formed the centerpiece. Crystal appointments completed the table. Assisting in hostess duties were Misses Pat Gray, Donna Dorman, Donna Workman, Eleanore Baxter, Joan Smith, and Mmes. Ray Aston and Ellis Taylor.

The bride wore a pink linen suit with pink and beige accessories for a wedding trip to the New Mexico mountains. After

the trip the couple will reside in Lockney where the bridegroom is engaged in farming with his father. The couple are both graduates of Lockney High School, where the bride was Valedictorian of her class.

UNION OF CHURCH AND STATE

Emperor Constantine's favorable attitude toward Christianity seemed at the time to be a blessing. The church grew numerically by "leaps and bounds." History states that Constantine's policy was to give each convert a ten dollar gold piece and a beautiful baptismal robe. Unfortunately this bribery brought into the Christian religion of the time unconverted pagans.

Images and statues were introduced into the places of worship to accommodate the unconverted pagan element that had been thus bridged into Christian circles. These images became permanent fixtures in many of the places of public worship, consequently, the pagan influences introduced during the great apostasy from the word of God continue in the Roman Church today. Anyone visiting one of these places of worship will immediately notice this to be true. LET US CONSTANTLY REMEMBER THAT OUT OF THIS GREAT FALLING AWAY FROM GOD'S WORD GREW THE CHURCH WITH HEADQUARTERS IN ROME TODAY.

By S. A. FREEMAN, Preacher

Main Street Church of Christ

Welcome to services at the Main Street Church of Christ, where God's word in its purity is taught.

Rebekahs Honor Fathers Monday

The Lockney Rebekah Lodge honored fathers Monday evening with a chicken dinner at the lodge hall. The event commemorated Father's Day, which is next Sunday.

Following the dinner games were played and the group spent an enjoyable evening together. Mrs. Gene Hammit was in charge of arrangements for the supper and Mrs. Hallie King directed the games.

Men who know that nothing but wheat will grow from wheat seed, still try to develop a clean, productive life on unclean, destructive thoughts.

Charles Burton, of New York City, is credited with the invention of baby carriages — only, they were called perambulators at first.

The American Indians are supposed to be descendants of Mongolians, who have very sparse facial hair. Indians normally have slight beards, also.

We Thank All Of You

for your business and every kindness and good wishes shown us during our stay in Lockney.

Come to see us at 4407 26th Street in Lubbock.

NEWS from the High Plains
Research Foundation

An in-furrow fungicide test to determine the efficacy of 12 different chemicals used in the prevention of seedling diseases on cotton is underway at the High Plains Research Foundation. Each of the 12 chemicals has been applied in four row plots, 300 feet long. A 13th plot has been planted with no chemicals applied to be used as a check plot for comparison. This test is being conducted by Dr. Harry Lane of the Lubbock Experiment Station and Delbert R. Langford of the Foundation staff.

A comparative date of planting test on cotton is in process at Halfway to secure further farmers so they can achieve information desired by area higher quality yields.

Cotton was planted on April 20 and May 20, and will be planted on June 20 and 30.

A climatology test on cotton is included with the date of planting research program. This test consists of cotton planted on (1) dryland, (2) irrigated land with no fertilizer, and (3) irrigated land with various rates and combinations of fertilizer. Air temperature, relative humidity, and solar energy are to be recorded throughout the growing season to determine the effect of these factors on the cotton yields. These tests are being conducted by Dr. J. D. Bilbro, ARS, Lubbock, and Delbert Langford of the Foundation.

These projects are being conducted at the High Plains Research Foundation in cooperation with the Texas Agriculture Experiment Station, Lubbock, and the Agricultural Research Service of the U. S. Department of Agriculture.

Hepatitis Now Striking Texas

The wave of infectious hepatitis now sweeping the nation is being felt strongly in Texas.

Health Department officials are holding quantities of gamma globulin to local health authorities who request it for use in forestalling further increases in cases of the liver ailment.

An aggregate of 1,061 cases of the disease — sometimes called "yellow jaundice" — had been reported as of May 28, compared with 553 cases for a similar period last year.

Infectious hepatitis, caused by a virus, is usually transmitted through close contact with infected persons and through contaminated milk, food and water.

A closely related disease called serum hepatitis is spread by accidental inoculation of infected human blood or blood products, or by use of needles contaminated with traces of blood from infected persons.

Farmers' assets amount to \$203 billion, about equal to the value of all stocks listed on the New York Stock Exchange, says the USDA.

Mrs. J. W. Moss Is Buried At Floydada

Floydada. — Funeral services for Mrs. J. W. (Julia) Moss, 84, a Floydada resident since 1907, were held at 4 p.m. Sunday. She died in West Texas Hospital at Lubbock about 7 a.m. Friday after a four-day illness.

Born in Bosque County, Mrs. Moss was a member of a pioneer Floyd County family. The former Julie Adams, she married J. W. Moss in 1930. Her husband died in 1946.

The Rev. Houston Dixon, pastor, officiated at the funeral services in Cumberland Presbyterian Church here. Assisting was the Rev. Phil Gates, Methodist minister. Burial was in the Floydade Cemetery under the direction of Harmon Funeral Home.

Survivors include three sisters, Mrs. Glad Snodgrass, Mrs. Ed Johnson and Mrs. Ona Jones, all of Floydada.

Junior 4-H Leaders May Win Trip

Chicago. — Eight of the best junior 4-H leaders selected from across the United States will join 1350 fellow 4-H members in Chicago next December as delegates to the National 4-H Club Congress.

To be chosen a congress delegate is one of the highest honors in club work, since only about six out of every 10,000 club members achieve this goal each year, according to the National 4-H Service Committee.

Developing leadership qualities is high on the list of 4-H objectives. At the present time some 125,000 young men and women are serving as junior leaders in local and county 4-H Clubs. Most are juniors or seniors in high school. In addition to being responsible for the general operation of the club, junior leaders are qualified to help members in various projects such as tractor, electric, clothing, food preparation and home improvement.

Records show that many junior leaders continue their interest in 4-H long after they have reached the "retirement" age of 21 as a club member. At the present time there are 400,000 volunteer adult leaders in 4-H Clubs. Leader training is supervised by the Cooperative Extension Service.

The 4-H leadership program is planned to give recognition and encouragement to young people who have distinguished themselves as leaders in club, community and state-wide activities.

Mr. Edward Foss Wilson of Washington, D. C., long identified with 4-H leadership, provides incentive awards which include the eight congress trips and engraved silver trophies presented each year to the top boy and girl in the nation.

The Roman Emperor Theodosius abolished the Olympic had been conducted for about 1,200 years. Reason: professionals ousting amateurs, those needing experience most could not get in. The games were re-instated in 1896.

Nichols Row Crop Cultivator Sweeps

THE LOCKNEY BEACON, LOCKNEY, TEXAS, JUNE 16, 1960

Applications For Cotton Classing Service Due Aug. 1

Cotton farmers who have not already filed applications to receive free classing and market information for their 1960 crop have until Aug. 1 to apply for these services.

Applications should be filed with W. K. Palmer, 610 23rd St., Lubbock, Texas. Mr. Palmer is in charge of the Agricultural Marketing Service's area cotton office which includes 37 Panhandle counties and the New Mexico counties of Quay and Roosevelt.

Procedure for preparing and filing applications has been considerably shortened and simplified this season. "However, promptness in filing is necessary, as time is needed for each group to arrange for submitting samples to the classing office," Mr. Palmer said.

Applications and instructions for applying may be obtained from Mr. Palmer's office or from the county agricultural agent.

Under the free classing service, organized growers learn the grade and staple of each bale of cotton they produce. Through market news they learn what cotton is selling for. These two services put them in better bargaining position when they sell their cotton.

More than 13.7 million bales of cotton, about 96 percent of the 1959 crop, were classed under the Smith-Doxey program last year. This is the largest proportion classed for any crop since the service became available in 1938.

Chinchilla coats have sold for as much as \$35,000.

Our word 'king' comes from 'kin', and started when a strong man led his kinsfolk into battle.

Only 10 per cent of U.S. milk production was sold as cream in 1959, the USDA reports. The other 90 per cent was sold as whole milk.

BANK NOTES

V. O. Crawford Is Injured Sunday
 V. O. Crawford of Muleshoe, a former resident of this county, was injured Sunday while doing some welding at his home. Relatives said that when he started the welder a short caused his arm to be thrown backward in such a violent manner that the right shoulder bone was broken and the arm badly bruised.

Mitchell Returns From Boys State
 Warren Mitchell, son of Mr. and Mrs. Chester Mitchell, returned Saturday from Austin where he attended the American Legion Boys State. It was held at the University of Texas June 5 through 10.

CONVALESCING AT HOME
 Miss Myra Applewhite is convalescing satisfactorily in the home of her parents, Mr. and Mrs. G. C. Applewhite, following major surgery in the Plainview Hospital and Clinic at noon on Friday. She returned home Wednesday morning.

ATTENDS SCHOOL
 Bob Miller spent Monday in Lubbock attending an insurance school on a new policy being instituted by Floyd West & Co.

Even with higher retail food prices, the average consumer this year can buy more food with income from an hour's work than at any time in the past 20 years, says the U. S. government.

ARE YOU SATISFIED

...with **LESS** than you pay for?

WOULD YOU BE CONTENTED with eight eggs for a dozen... three quarts of paint for a gallon... one and a half socks for a pair? No? Yet, as a matter of fact, you actually do get short-valued — on the things you buy away from home.

It's basic economics, you know... some 30% of the price tag on goods is community overhead expense — city, county, school services, and the development of better job and business opportunities for the exclusive benefit of the people who live in the community where the purchase is made.

Which simply means that trading in the area where you live is the only way to get all of your money's worth.

**It Pays to Buy
where you Live**

YOU get everything that your money pays for... merchandise **AND** a trade-invigorated community to live in... when you buy from your home town merchants...

GENERAL PRACTICE

South Plains

By Mrs. Murray Julian

This Monday it is sunny and beautiful, after a week of rain and cloudy skies. Weeds are bad in the row crops, and farmers are frantically trying to cut their wheat and barley, but so far, only the dry land grain is dry enough to go to elevators. Muddy roads kept many away from church Sunday, with only 50 present. Visitors were Mrs. Davis of Longview, Mr. and Mrs. Hub Austin and Gary, and Kirk Alexander of Borger.

Yvonne Karr went to Lockney Hospital Friday morning to have a tonsillectomy. Mrs. Karr stayed with her until Saturday when she was able to come home. She is feeling fine today.

Mr. and Mrs. Bill Beedy enjoyed Sunday dinner in Floydada with Mr. and Mrs. Bill Tye.

Jimmie Upton spent last week visiting in Amarillo with the Bonnie Uytens and the Karl Craigs. Sunday his folks, the Rymys and Uptons went up after him and enjoyed dinner with the Karl Craigs and Ronnie Uptons.

Miss Linnie Milton of Amarillo is visiting here this week with her brother, Mr. and Mrs. Grigsby Milton and girls.

Mr. and Mrs. Larry McCormick have a new little son, Ronnie Dale, who is one month old.

Sunday afternoon Mr. and Mrs. Grigsby Milton and girls and Mr. and Mrs. Truman Bradshaw visited Mr. and Mrs. Easley Yeary, and Miss Linnie Milton of Amarillo who spent the week in their home.

Elton Karr, son of Mr. and Mrs. Bryan Karr, is minister of a new Baptist mission at Lake-side, Oregon, 22 miles from the mother church in North Bend, Oregon. Eldon will be here for

Janice Boedeker Runs For Office

Miss Janice Boedeker, a citizen of the American Legion Auxiliary Bluebonnet Girls State now in progress in Austin, was elected as Federalist Party Candidate for County Commissioner, Place 2, of "So" County.

This year 400 girls, the largest number which can presently be accommodated at the Texas School for the Blind, are in attendance making a total of more than 5000 girls in Texas who have participated since the program was established in 1937 on an experimental basis with 94 girls.

Girls State was organized as a national Americanism activity by the American Legion Auxiliary. Non-partisan and non-political, the purpose of the Girls State program is to provide citizenship training for girls of high school age, to afford them an opportunity to live together as a self-governing group and to inform them of the duties, privileges, rights and responsibilities which they will assume when they become adults. They learn the problems of government by performing the same duties as real office holders in the everyday world.

Associate Justice Meade Griffin of the Texas Supreme Court will administer the oath of office to the various elected state officials of Bluebonnet Girls State Monday, June 13, in the Rotunda of the State Capital.

VISIT FRIENDS

Misses Lawauna Taylor and Wetta Kent spent the week end in Tweety, Texas visiting Lawauna's roommate Georgana Davidson this year at West Texas State. They went to Hollis Friday night and picked up Zenith Swift, of Dodson, Wetta's roommate at West Texas, who also accompanied them to Tweety.

WHEN YOU FRY WITH BUTTER

Chefs who know their business clarify butter before sauteing foods in it. This removes the milky sediment that turns brown at frying temperature. To clear butter place it in a small pan over the burner. Turn the control to "simmer" and don't stir. When the butter is melted the sediment will go to the bottom and the clear butter can be poured off.

his ordination service July 3, with Rev. Larry Faus of Fort Worth coming to be in the services.

Mr. and Mrs. W. Fred Cox of Edmonton, Alberta, Canada, arrived here Friday to spend the week end with her father, P. M. Smitherman, and to visit with the Ernest Smithermans, and the John Smithermans of Floydada. Monday Mr. and Mrs. Ernest Smitherman took them to Plainview where they boarded their private plane to return to Canada. P. M. went with them to spend the summer.

The Frank McClures and Mrs. Jean McClure and children left Thursday for Houston, where they visited until Monday with Mr. and Mrs. Donald McClure.

Lynn Jackson of McCoy community spent the week end here with her sister, Mr. and Mrs. Eugene Beedy.

Bud Sessions of San Jose, California was a Saturday night and Sunday guest of his niece, the S. D. Kinnibrugh family.

John Wilson has been attending all the past week an area manager and representative training school at the Hilton Hotel in Plainview. She is a representative for the World Book Company.

Mr. and Mrs. H. L. Marble went to McCoy Sunday evening to have supper with Mr. and Mrs. E. M. Jackson.

Mr. and Mrs. Ernest Newton and Joann left Saturday for Bridgeport to spend a short vacation. They visited many of his people and attended a Newton family reunion at the Thomas Community Sunday. Monday they went to Fort Worth to visit her sister, the Roff Hillsleys until Tuesday, when they came home.

Mr. and Mrs. Normany Muncy and Penny of Floydada visited with Mr. and Mrs. Fred Marble and Mike on Saturday night.

Mrs. Pearl Davis of Longview is spending the summer visiting here with her daughter, Mr. and Mrs. Carl Huckabee and family.

Mr. and Mrs. Hub Austin, Gary and Kirk Alexander of Borger visited here Saturday night and Sunday with the Sim Reeves. Other Sunday dinner guests were the Ted Bells of Floydada.

Mr. and Mrs. H. S. Calahan Jr. and children left Sunday for Houston where she and her

children will visit her brother, the Bruce Fosters. Junior was to go on to Austin to attend the Democratic Convention on Tuesday, as a delegate from Floyd County.

Mrs. Homer Campbell of Haskell and her sister, Mrs. A. J. Hunt of Winslow, Ariz., visited Monday night with the Roy Childress' and Tuesday and Wednesday with the Ernest Smitherman family.

Mr. and Mrs. N. E. Haley of Hale Center, have announced the engagement and approaching marriage of their granddaughter, Miss Doris Jean Waters of Hale Center, to Roger L. Sanders, son of Mr. and Mrs. Otho Sanders of South Plains.

The wedding will be held at the Church of Christ in Hale Center July 2 at 8 p.m.

Mike Wood is wearing a cast on his left foot, which was broken and is getting around on crutches, as the result of an accident Wednesday when the steering wheel came off the car he was driving around the pasture. He had to jump a fence for safety, as the car hit the fence.

Mr. and Mrs. J. P. Taylor and children had Sunday dinner in Kress with her sister, the Wayne Pigg family.

Mr. and Mrs. Arlis Powell and son of Lubbock spent Sunday night in Floydada with his folks, the Parnell Powells. Monday she and the baby had

lunch and visited here with her folks, the Grigsby Miltons and Miss Linnie Milton. Barbara went back to Lubbock with them to spend the coming week.

The Bill Beedys spent most of last week in Lubbock where they visited with their son, the Bradford Beedys.

Mrs. Durham Makes China Dolls

Mrs. Paul Durham of 4918 37th Street, Lubbock, makes and dresses beautiful china dolls and ships them all over the world. She is the daughter of Mr. and Mrs. D. L. Handley of Lockney and took up the hobby from her mother who taught her how to make the dolls.

Mrs. Durham's picture and a story concerning her vocation was in Monday's Lubbock Avalanche-Journal.

The dolls are dressed in fashions of the 1880's and 1890's, and Mrs. Durham molds the heads and arms herself.

She has her own molds, about 70 head types and sizes, and her own equipment to fire the pieces. She also does the painting.

She has about 50 dolls completely dressed and on display ranging from 3 inches to 30 inches tall.

VISITING DAUGHTER

Mrs. Frank Sgarlet returned home to Quanah Sunday morning. She was accompanied by her daughter, Mrs. George Worsham of Lockney whom she had been visiting. Mrs. Worsham returned to Lockney Sunday night.

GO TO CHURCH SUNDAY.

TRADITIONALLY AMERICAN—Red, white and blue form the sprightly color combination in this charmingly decorated dining room in a traditional mood. The gay cotton toile print in red and white has been used here to brighten the walls and flounced wing chair. Pillow on the chair provides a touch of blue. Masses of red geraniums fill the antique copper sink. Cotton place mats on the table are striped in red and white, and the oval cotton rag rug is red, white and blue. The picture, appropriately enough is from American Home.

Weed District Staff Treats County Roads

The staff of the Floyd County Noxious Weed Control District has been busy in recent weeks.

During the month of May the district treated 51 acres of bindweed on 31 separate farms with soil sterilants. Approximately 1 acre of small spot infestation on 6 miles of highway was treated and 90 acres of county road ditches were treated in all four precincts. It is estimated that there is from 15 to 20 acres of bindweed on the county roads yet to be treated plus a fairly large amount on the highways. Degge is still asking that farmers not plow bindweed patches on the county bar ditches and report any untreated ones to the Weed District office so that they may be taken care of as soon as possible.

The Board of Directors made an inspection tour with Degge last Tuesday afternoon, June 7. They found much soil bank land very heavily infested with bindweed which are making a very prolific seed crop at the present time. This problem was discussed thoroughly and efforts are being made to do something about this situation. Farmers near such land are vitally interested in such seed crops being controlled.

Dr. Allen Wiese, Associate Agronomist TAES Bushland, and Degge put out some stage of growth test plots on Bur

\$400 Scholarships Offered In Home Economics Projects

A local 4-H Club Girl who really knows her way around the home may be the lucky winner of a \$400 college scholarship this year, according to the National 4-H Service Committee, Chicago.

The young homemaker must be enrolled in the 4-H Home Economics program, have satisfactorily completed at least three years of club work, and be over 14 years old before she can compete for this top honor.

Work in the home economics project includes cooking, food preservation, sewing, meal planning, housekeeping, buying and budgets. Developing exhibits, displays and demonstrations are among the stated objects of this genuinely useful project directed by the Extension Service and the USDA.

The national judging is done on the member's 4-H record book which is compiled during her club career. The comprehensive report contains not only highlights of the home economics projects and other

ragweed and Alkali mallow June 10 on the J. J. McKinney farm 1 mile east of Floydada. Such test work is designed to find the proper stage of growth and rate of application at which to apply the hormone type herbicides on these particular weeds which are considered resistant to hormones and are very hard to kill. The final results of this test work will not be known until next spring.

4-H achievement, but also evidence of leadership, community service, scholastic standing, and personal recommendations from 4-H Club leaders.

Work qualifications are high and competition keen since only six girls will be selected from all 50 states and Puerto Rico where 4-H Clubs are well established. Besides the scholarships, a trip to the National 4-H Club Congress in Chicago is waiting for the highest ranking member in the state.

Rotation-grazed pastures may yield three times as much grazing per acre as continuously grazed pastures, says Purdue University.

Seale Drive-In To Celebrate 8th Anniversary

The Seale Drive-In will be celebrating its eighth anniversary Sunday, June 19th, according to announcement by J. B. Seale, manager. Favors will be given to everyone. The picture to be shown is "The Oregon Trail."

Sweet potatoes may soon join the growing list of instant foods on grocery shelves. Instant sweet potato flakes which can be prepared in 60 seconds are now being tested by the USDA.

Two Enlist For Service Duty

Omar J. Burleson and Mrs. Enos L. Lockney, and Sammie Morren, Floydada, enlisted in the U. S. Army today by Sgt. Wang, local U. S. Army recruiter from Plainview. Both have chosen maintenance as their basic training, and after basic training at Fort Colorado, and a two-week tour of duty at this school.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — In looking toward the 57th Legislature, speculation now centers on (1) who will be elected Speaker of the House and (2) who will get the important Legislative committee assignments.

Speaker's race is following the pattern of two years ago, with Rep. Wade Spilman of Dallas and Rep. James Turley of Guber claim sure victory. Each accuses the other of claiming votes from members that aren't actually pledged to him.

It takes votes of 76 of the 150 House members to win. Actual election takes place when the Legislature meets in January.

Committee assignments will be made at the start of the session by the Lieutenant Governor for the Senate and by the newly-elected Speaker of the House.

Make-up of committees is of crucial importance since an unfavorable committee can, by delay or disapproval, bring almost sure death to a piece of legislation. Lawmakers themselves attach much personal significance to their committee assignments, usually regarding chairmanship of key committees as rungs up the political ladder.

But this year some members are saying, either jokingly or

seriously, that they'd just as soon pass up top committee honors. They note a high casualty rate in the campaigns among last year's key committee members.

Among those who lost out were Sen. William Fly of Victoria, chairman of the powerful Senate finance committee; Sen. Floyd Bradshaw, member of finance and other important committees; Rep. Max Smith, vice chairman of the House state affairs committee; Rep. Prates Seeligen, vice chairman of House revenue and taxation committee.

Leadership can have a high price tag, one member observed. "Some of those committees, like state affairs or taxation, get nothing but hot potatoes. You make a batch of enemies with every bill."

BEACH SUIT FILED — Attorney General Will Wilson has joined Nueces County officials in getting a court order to stop barricading of beaches on Padre Island by private landowners. Action stems from the open beach bill passed by the Legislature last summer. This law, hotly debated, affirmed public ownership of beaches and guaranteed public access to them.

Padre Island Land and Development Co., which put up the barricades, claims property rights up to the water's edge as a result of a Spanish land grant.

Another suit has been filed at Galveston where a similar situation developed.

Final decision on who can go swimming where will hinge on court interpretation of the law.

TIDELANDS STUDY URGED — Jerry Sadler, Democratic nominee for land commissioner, has suggested that careful study should be made to determine what action the next Legislature should take to insure legal and orderly development of Texas tidelands.

Sadler suggested the state should chart its course carefully to avoid the possibility of any more difficulties in the management of its submerged lands. Recent U.S. Supreme Court ruling that state ownership extends 10 1/2 miles from the shoreline ended a 15 year tidelands battle.

First thing, said Sadler, will be to settle by law where the shoreline is so the tidelands boundary can be established in relation to it. Also, the boundary between Texas and Louisiana coastlines will have to be definitely determined. Court-decreed Louisiana owned tidelands for only three miles out.

DON'T FENCE US OUT — You can ride horseback to your heart's content in the Davis Mountains State Park, but be sure to close the gate as you come and go.

This is the gist of a State Supreme Court ruling in a case which pitted the State Parks Board against the owners of grazing rights in the Davis Park.

State has a long-term lease on the land for park use with grazing rights reserved by the landowners. Owners declared public horseback riding in the 1,340-acre area interfered with grazing and padlocked the gates. Parks Board contended the riding was a legitimate park use to which the public was entitled.

Supreme Court agreed, but added that some safeguards should be set up so the grazing cattle wouldn't be let loose. High court sent the case back to the local district court for writing of specific directives.

EMPLOYMENT HITS PEAK — Employment in Texas hit an all-time high this spring with 3,454,000 jobholders, Texas Employment Commission announced.

High point was hit in April. Part of it was attributed to the usual good-weather pickup in farm and construction activity, part of it to industrial expansion.

A further increase in farm employment is forecast as planting, irrigating and cultivating work gets into full swing.

Non-farm employment rose by 32,000 between March and April, hitting a total of 3,053,100.

YEAR TO REMEMBER — An historic Texas date, 1836, will be used on the road signs in San Jacinto State Park, the State Highway Commission announced.

Approximately 6.5 miles of roadway will be marked Park Road 1836. It will run from a junction with State Highway 134 and will include all state-maintained road sections within the limits of San Jacinto State Park near Houston.

SHORT SNORTS — Joe G. Moore Jr. of Austin has been appointed secretary and research director for the State Finance Advisory Commission. Moore was at one time a research assistant for the Texas Legislative Council, helping in a study of state tax laws. Next meeting of the Commission, appointed by the governor to study state finances and make tax recommendations, is set for Friday, June 17. Texas draft quota for July will be 290 men. State Selective Service Headquarters has announced. In addition, local boards have been asked to send up approximately 1,000 men for pre-induction exams. Gov. Price Daniel has announced the promotion of two National Guard officers. John L. Thompson Jr., Houston business man, was named a major general and Everett Seiden Simpson, Amarillo attorney, a brigadier general.

HOMEMADE TOASTADOS — Preheat a pint of cooking oil for 10 minutes on the automatic top burner heat control of your range. Dial the temperature to 400 degrees. Open a can of cornmeal tortillas and cut each tortilla into 6 triangles. Fry the triangles in the hot oil until crisp and brown. Drain on paper towels and sprinkle with garlic salt. Serve with guacamole or your favorite cheese dip.

A well-adjusted tractor carburetor can save up to \$40 in fuel each year, says the USDA. Another way to save fuel is by keeping the fuel tank shaded to reduce evaporation.

Dear Editor: I see where the Treasury Department's press agents have mooched a lot of free ads out of newspapers and magazines to help sell more U.S. Savings Bonds.

My cheer-leader neighbor says it's mighty nice of these publications to donate this space to poor old debt-sprung Uncle Sam to help him borrow some more money.

Says it would really put the old fellow on his feet now if we had some patriotic aircraft manufacturers, missile makers, bureaucrats, etc., who would also work for him free.

Sides Is Awarded Music Scholarship

Gary Sides, who serves as music director for First Baptist Church, Lockney, has been awarded a music scholarship for 1960-61 at Wayland Baptist College, according to an announcement by Donnie J. Adams, director of the International Choir.

One of 43 students receiving awards based on outstanding musical talent, Sides is the son of the Rev. and Mrs. R. F. Sides, Ft. Sumner, N.M.

Sides and other Wayland musicians as individuals and in groups are in constant demand to provide music for banquets, concerts, churches, radio and television programs. As a member of the International Choir this past year, he took part in the productions, "Elijah," "Messiah" and "God's Trombones."

This fall choir members will report to Wayland on Sept. 5, a week before registration, to rehearse for Convocation, their first scheduled appearance for the 1960-61 season.

Joining the Wayland music faculty at this time will be Kenneth Hartley, Tallahassee, Fla. Currently completing requirements for his doctorate, Hartley will serve as assistant professor of music and head of the department of fine arts. Coming from Claremore, Okla.,

THE LOCKNEY BEACON, LOCKNEY, TEXAS, JUNE 16, 1960

to direct the International Choir is James D. Cram, composer and musician replacing Mr. Adams, who has resigned to do doctoral work.

Kermickels Move To Lubbock

Mr. and Mrs. W. P. Kermickel have purchased a new brick home in Lubbock, located at 4407 26th Street, and moved there Monday of this week. Mr. Kermickel has accepted a position there as corporation court judge. He practiced law here for some five years.

HOME FRIDAY
Lloyd Wofford returned home Friday from Methodist Hospital in Lubbock following major surgery. He is recuperating in his home now.

McFARLAND WARNS OF LOWER WATER LEVELS AND WASTE

Tom McFarland, district manager of the High Plains Underground Water Conservation District No. 1 told a group at the Monday night meeting of the Lockney Lions Club that the High Plains underground water level is declining steadily and that the wasting of irrigation water must stop as a conservation measure.

McFarland was accompanied to Lockney by Allen White, office manager and public relations man for the district. Mr. White showed a film on water conservation to conclude the program. Also present was Marvin Shurbet of Alman, who is a director of the Texas Water Development Board; J. R. Belt Jr., district director and vice-president of the High Plains District; and Buck Kellison, a county committeeman for the district. In addition, Chester Mitchell, president of the Lions Club, is a county committeeman.

Mr. McFarland talked about the new law giving the District Board authority to stop waste of underground water. He recounted the beginning of the water district eight years ago, and said that since 1954 the District had issued a total of 17,000 permits to drill wells, of which 34 percent were replacement wells.

He told something of the District's water recharge program and said that if all water caught in lakes on the Plains could be put back into the underground strata, it would amount to only 1,260,000 acre feet each year while the yearly withdrawal is close to five million acre feet.

He said that the law under which the Underground Water District was formed forbids the drilling of wells which allow water from a higher strata to seep to a lower strata, the pollution of underground water, or allowing water pumped for irrigation purposes to escape from the field into a road way, lake or land of a neighboring farmer. The minimum fine is \$100 and it increases with each offense.

"The control of waste water is a ticklish situation and we must feel our way," he said. However due to the decline in the water bowl, he said that district officials feel that something must be done to prevent waste. He stated that district records indicate that 1956 was the top production year in the pumping of underground water and that trend has been downward since that time because the water is not as easily available as it has been. He estimated that the High Plains farmers pumped almost six million acre feet of water that year.

Mr. Shurbet discussed the fight in the Courts to force a water tax depletion allowance. The District is sponsoring a suit in federal court, to be tried probably next April, which would allow land owners a depletion credit for water pumped from under their land. The suit is being tried in Shurbet's name.

He also talked some of the work of the State Water Development Board and said that rules governing the loaning of money were due to be

liberalized. A number of local business people and farmers were also guests at the meeting.

ATTEND WEDDING
Mrs. T. L. Thornton, Pat and Kathy, attended a wedding in Happy and spent the night with Mr. and Mrs. Marlin McManagal there.

Mrs. R. E. L. Stutts has returned to her home here after spending a month visiting relatives at Henderson, Coolidge and San Angelo.

SERVING WITH CEREMONY
Whether its Sunday dinner, a company meal or a child's birthday party, the occasion can be made more meaningful with a little showmanship. Soup for instance, can be cooked and served from an iron kettle on the range. If you are eating outside, use warm mugs instead of soup bowls. Cold soup can be chilled in a decanter in the refrigerator and served in the dining room or patio from the same container. Damp, warm fingertip towels, passed before dessert is served is a welcome thought after a fried chicken dinner. The towels will be just right in temperature if held in the oven with the to-temperature control set at 140 degrees.

Contract Slated For June 22 On Highway 62

Floydada. — Bids for construction of the first project of the Floyd County cardinal highway paving program, from Floydada to the Crosby County line, will be opened at 9 o'clock the morning of June 22 at Austin. It was announced this week by the State Highway Department.

Covered in the bids will be 10.821 miles of pavement from U.S. Highway 70 (at the wye in southwest Floydada). Of this the first three and a half miles will be four-lane divided, to FM 579. The remaining 7.32 miles of road will be similar to the construction in Crosby County on Highway 62, where a 26-foot driving surface is to be built with eight-foot shoulders on either side.

Exception to the rule will be across Blanco Canyon where approximately 100 feet of extra width right-of-way has been acquired and there will be a "climbing lane" for slow traffic ascending the hills on the sides of the canyon.

A roadway park is also being planned at approximately mid-canyon.

The new road will replace a road constructed during the WPA days which has been subjected to heavy traffic in the intervening years, with high

upkeep costs. Drainage problems which have plagued the route since the pavement was first laid are being eliminated.

County and property owners have promised to have all obstructions including fences out of the way by the time a contractor can get on the job. Mostly fence moving is all that is left to be done.

In Southwest Floydada traffic merging and dispersal will be handled in lanes that are expected to make safe driving for a large volume of traffic.

Fund to provide the right-of-way for the principal highways was voted by the taxpayers of the county on November 5, 1957. A bond issue of \$294,000 was voted, estimated to take care of right-of-way on all of U.S. Highway 62 and all of U.S. Highway 70 through the county. No program has been projected for the route east from Floydada as yet.

The route east from Floydada was planned to be four-lane as far east as the Lakeview Road when the bond issue was voted.

Student Council Discusses Projects

Projects for the coming year were the topic of discussion in a Lockney High School Student Council meeting Monday in the home of Bill Mangold, president.

Projects slated for the council's direction include a summer workshop, Home Coming, and a Student Directory and Handbook. Mrs. W. J. Mangold served the group following the business meeting.
