## School Board Adopts Budget

Trustees of Lockney School District, in a regular meeting Monday night, adopted a budget for the next fiscal year totaling \$384,247.24. It is the largest budget in the history of the district, reflecting the continued growth of the school system.

The expenditures totaled \$2,663.00 more than the receipts as listed in the budget. However, Supt. H. H. Nicholas said that the receipts are based on 90 percent collection of taxes and since the district always collects more taxes than this, the receipts will probably cover the proposed expenditures.

The board voted to raise cafeteria workers from \$5.00 per day to \$5.50 per day.

Following the long session, the board members toured the new building and also looked at the remodeling being done in the old building. The new structure is practically complete with only a little painting and some lights still lacking. Homemaking equipment is being installed in the new home-making department but the equipment for the new science department has not arrived. School officials have been in contact with the supply company, and have promised delivery the first part of the month.

The board members appeared to be well satisfied with the new building.

Supt. Nicholas said that he still has three vacancies in the high school faculty, these being an English teacher, an English-Homemaking combination and a Spanish teacher. Faculties are complete in the other schools.

Mrs. Babitzke is a candidate for the Bachelor of Science degree.

## Wayland Will Confer Degree On Geo. Mahon

Plainview. — Wayland Baptist College will confer on the Hon. George H. Mahon, Lubbock, the honorary Doctor of Laws degree at the 50th session summer commencement on August 25, by vote of the Board of Trustees.

Mr. Mahon, Representative of the 19th Congressional District of Texas for the last 25 years, will also deliver the Commencement address at 7:30 p.m. at College Heights Baptist Church, adjacent to the campus. He and the graduating seniors will be the honored guests for a reception given by President and Mrs. A. Hope Owen at Van Howeling Memorial Library immediately following the ceremonies. Friends of Mr. Mahon and the seniors are cordially invited to attend the ceremonies and the reception, according to President Owen.

Mr. Mahon was recently named one of the "ablest men in the Senate and House" by a poll taken of the 50 top Washington correspondents for Newsweek Magazine. This report appeared in the June 20 issue of Newsweek. He ranked fifth among the House Democrats.

Mr. and Mrs. Leon Wofford are spending this week in Ruidoso, New Mexico.

Joe Reeves, president of the Floyd County Fair Association, said Monday that the drive for funds to house the livestock department at the Floyd County Fair is going well in some communities but not so well in others. "We're going to need more money and we hope Floyd County people will co-operate with us so that we can have a better Fair this fall," he said.

Approximately \$600 has been turned in so far on the \$4,000 goal, but this all came from just two communities, Providence and Lone Star. Other communities have been worked but the money not reported as yet. A substantial contribution is expected from the Lockney community but this solicitation is not complete.

The site for the new building is being cleared just south of the big fair building. Also parking and unloading space will be provided east of the new building. The pole barn will provide for individual stalls, a show ring and spectator seats. Fair officials hope to have enough money to put siding on the barn.

"We must grow or die," Reeves said Monday. He said that the Fair officials have been receiving numerous inquiries from various cattle associations, quarter horse organizations and similar groups seeking a time to hold their own shows at the county fair. He said that the association also had numerous inquiries for more commercial exhibit space and that more and more interest is being shown in the Floyd County Fair by people both in and out of the county.

The local fair is receiving much publicity through the distribution of the Fair catalogues, which were printed recently in The Beacon's plant. Several people have asked for advertising in the catalogue next year and have complimented the Fair Association on the appearance of the catalogue.

Work will begin soon on rest rooms at the Fair building and these will be ready in ample time for the Fair, scheduled for September 8, 9 and 10.

The entertainment committee is working hard on the Old Fiddlers contest, scheduled for Thursday evening. Some 80 fiddlers have been contacted as have people to judge and emcee the program. Reeves said that additional money will be needed to pay the judges and emcee but he feels that this will be forthcoming.

Fair officials have signed a contract with the Wonderland Exposition Shows of Ada, Okla., and are now assured of a carnival for the fair.

The Fair Board will hold a meeting at Golden's Restaurant Saturday evening of this week to further plans for the Fair. Meeting with them will be the solicitation committee for the fair barn fund. The meeting begins at 8 p.m.

A list of those contributing to the fair barn fund in the Lone Star and Providence communities is as follows: Lone Star Grocery, C. H. Farish, J. D. Smith, Lowell Jarrett, Joe Neal Rexrode, Floyd W. Jackson, N. W. Caldwell, M. W. Hartman, H. E. Frizzell, Buster McNatt, D. J. Phillips, Russell Smith, Bailey Henderson, W. G. Tims, Deanie Henderson, C. L. King, G. B. Johnston, Jr., Bill Crisp, David Frizzell, Farmers Gin, Wilson Grain Co., S. R. Jones, G. E. Kellison, Virgil Brasher, Crume Gin, Wilfred Stoerner, Royce Carthel, Don McLaughlin, Ted Boedeker, M. C. Scheele, Wyatt McLaughlin, United Elevators, Ewald Quebe, Albert Scheele.

## Boys Attend Junior Camp Last Week

Thirteen boys from the First Baptist Church attended junior boys camp at Plains Baptist Assembly, five miles south of Floydada, last week, Wednesday through Friday. The program included Bible study, inspirational talks, and recreation.

Attending from here were Neil Mitchell, Dale Brown, Tim Stansell, James Teuton, Tommy Ball, Lloyd Collis, Stanley Watson, Ronnie Marr, Glen Quebe, Bobby Webster, Joe Bill Holt, Aubrey Holt, and Bobby Moore.

They were accompanied by Rev. Charles Broadhurst and M. L. Brewer. Ronnie Marr received special recognition at camp.

The camp was marred by a tragic accident Friday morning when a Lubbock boy, Donald Ray Watson, 12-year-old son of Mr. and Mrs. T. L. Watson, was drowned in the swimming pool at the camp. The Lubbock boys went into the pool at the same time the Lockney boys were in. The group left the pool at 10:30 but through unfortunate circumstances the boy was not missed until 12:30. His body was found in the deep part of the pool by a life guard.

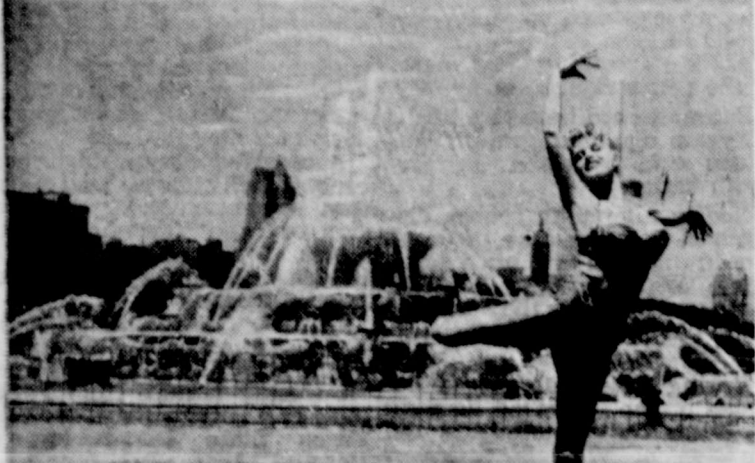

LOCKNEY ATHLETES showed up well in the Junior Olympics held in Lubbock recently. Members of the local team who won places were: bottom row, Nancy Webster and Bobby Holt; top row, Coach R. L. Rhoten, Lavon Baughman, and Terry Mosley. Each of the athletes are holding medals which they won at the Junior Olympics. Other winners not present when the picture was taken are Martha Riley, Clem Zavalta, and Tommy Moore.

### CROSS ROADS REPORT

Dear Editor:

I see where there is considerable dissatisfaction with the quality of the work done by our census bureau this spring, and some claim lots of folks haven't been counted.

My peoplesmith neighbor says he kind of agrees with this viewpoint, on account of he don't believe only 188 million people could keep the beer cans so deep along the highways.

Says evidently the census-takers did a good job in one department, though, as nobody has jumped up to challenge their bath tub count.

### RETURN HOME

Mr. and Mrs. Arvie Newton and Myrna, Mr. and Mrs. Bobby Griffith returned the first of last week from a vacation spent in the mountains of Colorado near Antonito.

House cleaning for livestock by the stockman can be a profitable activity. A clean up can head off expensive losses. Wire ends, nails, broken bottles, paint and insecticide cans or other containers, old batteries are all hazards for livestock as well as their owners, points out the Texas Farm and Ranch Safety Council. Good housekeeping on the farm is just as important as it is in the home.

## Apply Early For Retirement Insurance

Retiring workers were advised to call on the Social Security Administration two or three months before the date of retirement by John G. Hutton, District Manager of the Lubbock office.

"Early applications for the social security benefits will enable us to attend to the necessary details and avoid a delay in the payment of the first check," he said.

"Claims for the retirement and family insurance payments require some action before they can be certified to the Treasury Department for payment," Mr. Hutton stated. "By filing early, payment can be made soon after retirement."

An applicant should bring some evidence of his age and an earnings statement showing the amount of his wages in the last year. The self-employed person should furnish a copy of his latest income tax return. No appointment is necessary to file a claim. The Lubbock office of the Social Security Administration is located in the Federal Office Building, 1616 19th Street, Lubbock. The office is open Monday through Friday (except for holidays) from 8:30 a.m. to 5:00 p.m.

A representative of the Lubbock Social Security Office will be in Floydada on Monday, July 25, at 9:30 a.m. in the Courthouse, Room 106 and will be glad to assist in all matters pertaining to social security.

## Average Texas Farm Workday Is 10.1 Hours

College Station. — Texas farmers and ranchers had an average workday of 10 hours, 6 minutes on June 1, according to the U. S. Department of Agriculture.

That's a half-hour less than the average for farmers in all states of the nation, more than two hours less than the Wisconsin farm workday, but a full hour more than Nevada and Florida farmers put in.

This was brought out in the farm labor report issued by USDA's Agricultural Marketing Service, based on reports from federal-state Crop Reporting Service offices in each state.

The national average was 10.6 hours. Wisconsin led with 12.2 hours, while Nevada and Florida were lowest with 9.1 hours. Colorado farmers averaged 11.2 hours; Kansas, 10.9; New Mexico, 10.7; Oklahoma, 10.2; Texas, 10.1; Arkansas, 9.8; and Louisiana, 9.3 hours.

Farm operators in the nation averaged about an hour more each day than their hired hands.

Seasonal length of the farm workday has changed very little in this area during the last years, although a slowness in the crop season was evident in some locations when the June 1 survey was made. The June 1

soldier, whose parents live at Floydada, is a 1959 graduate of Floydada High School and attended Texas Tech College.

average for Texas in 1950 was 11.6 hours. In the war year of 1943, it was 12.8 hours.

Weather at this season seems to have little effect on the amount of time the farm operator works, even when he can't be in the fields. The number of seasonal hired workers is more sharply influenced by weather conditions, but the workday length for regular hired help is more consistent, even in undesirable weather.

GO TO CHURCH SUNDAY.

Members of Floyd County 4-H Clubs are getting their show steers ready for the Floyd County club calf tour which will be held on Thursday, August 11, starting at 1 p.m., according to announcement this week by John Schlittler, assistant county agent.

The assembly of those making the tour will be held at the agriculture building in Floydada. From there the group will travel to the Bill Colston place, a mile east and 1 1/2 miles north of Dougherty. From there the tour will go to the Chester Mitchell farm, four miles south and 1 1/2 miles west of Lockney. The next stop will be the Earl Kellison farm, one mile north of Lone Star on the Silverton highway and a half mile west.

The tour will end at the Oscar Golden farm at the north edge of Aiken on the Providence highway.

During the tour there will be fitting and showing demonstrations and talks on how to become better feeders and showmen. The tour will be concluded with a judging contest and picnic supper.

Breeders from whom the calves were bought have been invited to attend and see the progress the calves are making. All business men and friends of 4-H club work and those interested in livestock feeding are also invited. Mr. Schlittler said.

## Long Season, And 15 Limit Set On Doves

Austin. — Hunters seem to be well pleased at the bonus dove shooting they will get during the 1960 season, according to the executive secretary of the Game and Fish Commission.

The North Zone season this year will start at 12 noon, Sept. 1, and close at sunset October 30. The South Zone will open October 7 and close December 5, except in the counties where white-winged dove shooting will be permitted three days earlier.

The white-winged dove season will be for three days, Sept. 9, 10 and 11. This season will be from 2 p.m. until sunset.

There also will be an increase in bag limit on mourning doves for the upcoming season. The shooter will be permitted to take 15 per day and have 30 in possession.

Whitewing shooters, who may also kill mourning doves at the same time, will be permitted to have 10 whitewings and 5 mourners for the first day of hunting. They may have 20 mourning doves and 10 white wings in possession after the second day.

Generally, the Texas quail season will begin December 1, under the general laws. The Commission will set the quail season in regulatory authority counties at its meeting October 7. At that time, biologists will know more about the supply of birds.

## School Board Adopts Budget

Trustees of Lockney School District, in a regular meeting Monday night, adopted a budget for the next fiscal year totaling \$384,247.24. It is the largest budget in the history of the district, reflecting the continued growth of the school system.

The expenditures totaled \$2,663.00 more than the receipts as listed in the budget. However, Supt. H. H. Nicholas said that the receipts are based on 90 percent collection of taxes and since the district always collects more taxes than this, the receipts will probably cover the proposed expenditures.

The board voted to raise cafeteria workers from \$5.00 per day to \$5.50 per day.

Following the long session, the board members toured the new building and also looked at the remodeling being done in the old building. The new structure is practically complete with only a little painting and some lights still lacking. Homemaking equipment is being installed in the new homemaking department but the equipment for the new science department has not arrived. School officials have been in contact with the supply company, and have been promised delivery the first part of the month.

The board members appeared to be well satisfied with the new building.

Supt. Nicholas said that he still has three vacancies in the high school faculty, these being an English teacher, an English-Homemaking combination and a Spanish teacher. Faculties are complete in the other schools.

The annual Floyd County Soil District farm tour has been set for Thursday, September 15th. The tour usually attracts a large number of farmers and agricultural men of the area as well as business men of the county.

Tentative plans call for leaving the agriculture building in Floydada at 9:30 a.m. and visiting five farms enroute to Paymaster Farm at Aiken where a lunch will be served.

The program at the noon hour will include the recognition of Floyd County's outstanding soil conservation farmer of the year and a talk by a speaker yet to be named. Concluding the program will be a tour of Paymaster Farm.

### Mrs. Babitzke Is Candidate For B. S. Degree At W. T.

Canyon. — Lena Sue Pylant Babitzke of Lockney is among the more than 200 candidates seeking degrees at West Texas State College's summer convocation according to a recent announcement made by Dr. Walter H. Juniper, dean of the college.

Summer commencement exercises are scheduled at 8 p.m. Aug. 19 in the new Buffalo Stadium. The speaker for the occasion will be Dr. Ralph T. Green, director of the Texas Commission of Higher Education.

Mrs. Babitzke is a candidate for the Bachelor of Science degree.

### Wayland Will Confer Degree On Geo. Mahon

Plainview. — Wayland Baptist College will confer on the Hon. George H. Mahon, Lubbock, the honorary Doctor of Laws degree at the 50th session summer commencement on August 25, by vote of the Board of Trustees.

Mr. Mahon, Representative of the 19th Congressional District of Texas for the last 25 years, will also deliver the Commencement address at 7:30 p.m., at College Heights Baptist Church, adjacent to the campus. He and the graduating seniors will be the honored guests for a reception given by President and Mrs. A. Hope Owen at Van Howeling Memorial Library immediately following the ceremonies. Friends of Mr. Mahon and the seniors are cordially invited to attend the ceremonies and the reception, according to President Owen.

Mr. Mahon was recently named one of the "ablest men in the Senate and House" by a poll taken of the 50 top Washington correspondents for Newsweek Magazine. This report appeared in the June 20 issue of Newsweek. He ranked fifth among the House Democrats.

Mr. and Mrs. Leon Wofford are spending this week in Ruidoso, New Mexico.

Joe Reeves, president of the Floyd County Fair Association, said Monday that the drive for funds to house the livestock department at the Floyd County Fair is going well in some communities but not so well in others. "We're going to need more money and we hope Floyd County people will co-operate with us so that we can have a better Fair this fall," he said.

Approximately \$600 has been turned in so far on the \$4,000 goal, but this all came from just two communities, Providence and Lone Star. Other communities have been worked but the money not reported as yet. A substantial contribution is expected from the Lockney community but this solicitation is not complete.

The site for the new building is being cleared just south of the big fair building. Also parking and unloading space will be provided east of the new building. The pole barn will provide for individual stalls, a show ring and spectator seats. Fair officials hope to have enough money to put siding on the barn.

"We must grow or die," Reeves said Monday. He said that the Fair officials have been receiving numerous inquiries from various cattle associations, quarter horse organizations and similar groups seeking a time to hold their own shows at the county fair. He said that the association also had numerous inquiries for more commercial exhibit space and that more and more interest is being shown in the Floyd County Fair by people both in and out of the county.

The local fair is receiving much publicity through the distribution of the Fair catalogues, which were printed recently in The Beacon's plant. Several people have asked for advertising in the catalogue next year and have complimented the Fair Association on the appearance of the catalogue.

Work will begin soon on rest rooms at the Fair building and these will be ready in ample time for the Fair, scheduled for September 8, 9 and 10.

The entertainment committee is working hard on the Old Fiddlers contest, scheduled for Thursday evening. Some 80 fiddlers have been contacted as have people to judge and emcee the program. Reeves said that additional money will be needed to pay the judges and emcee but he feels that this will be forthcoming.

Fair officials have signed a contract with the Wonderland Exposition Shows of Ada, Okla., and are now assured of a carnival for the fair.

The Fair Board will hold a meeting at Golden's Restaurant Saturday evening of this week to further plans for the Fair. Meeting with them will be the solicitation committee for the fair barn fund. The meeting begins at 8 p.m.

A list of those contributing to the fair barn fund in the Lone Star and Providence communities is as follows: Lone Star Grocery, C. H. Farish, J. D. Smith, Lowell Jarrett, Joe Neal Rexrode, Floyd W. Jackson, N. W. Caldwell, M. W. Hartman, D. E. Frizzell, Buster McNatt, D. J. Phillips, Russell Smith, Bailey Henderson, W. C. Tims, Deanie Henderson, C. L. King, G. B. Johnston, Jr., Bill Crisp, David Frizzell, Farmers Gin, Wilson Grain Co., S. R. Jones, G. E. Kellison, Virgil Brasher, Crume Gin, Wilfred Stoerner, Royce Carthel, Don McLaughlin, Ted Boedeker, M. C. Scheele, Wyatt McLaughlin, Albert Elevators, Ewald Quebe, United Scheele.

## Boys Attend Junior Camp Last Week

Thirteen boys from the First Baptist Church attended junior boys camp at Plains Baptist Assembly, five miles south of Floydada, last week, Wednesday through Friday. The program included Bible study, inspirational talks, and recreation.

Attending from here were Neil Mitchell, Dale Brown, Tim Stansell, James Teuton, Tommy Ball, Lloyd Collis, Stanley Watson, Ronnie Marr, Glen Quebe, Bobby Webster, Joe Bill Holt, Aubrey Holt, and Bobby Moore. They were accompanied by Rev. Charles Broadhurst and M. L. Brewer. Ronnie Marr received special recognition at camp.

The camp was marred by a tragic accident Friday morning when a Lubbock boy, Donald Ray Watson, 12-year-old son of Mr. and Mrs. T. L. Watson, was drowned in the swimming pool at the camp. The Lubbock boys went into the pool at the same time the Lockney boys were in. The group left the pool at 10:30 but through unfortunate circumstances the boy was not missed until 12:30. His body was found in the deep part of the pool by a life guard.

LOCKNEY ATHLETES showed up well in the Junior Olympics held in Lubbock recently. Members of the local team who won prizes were: bottom row, Nancy Webster and Bobby Holt; top row, Coach R. L. Rhoten, Lavon Baughman, and Terry Mosley. Each of the athletes are holding medals which they won at the Junior Olympics. Other winners not present when the picture was taken are Martha Riley, Clem Zavala, and Tommy Moore.

## EDITORIAL

God's free gift is the Life of the Ages bestowed upon us in Christ Jesus our Lord. — Acts 6:23.

AFTER SPENDING two weeks traveling it is a little hard for Ye Olde Editor to get back in the harness. We keep waking up in the morning wondering how far we'll have to drive today. One thing we found on our trip is the reason for the government owning half of the land in the nation. We don't believe anyone else would lay claim to millions of acres we passed through in Idaho, Utah, Wyoming, Arizona, Nevada, New Mexico, and even in California. We never suspected there was so much waste land in the country.

OF COURSE some western

states have good crops but the only crops we saw on our trip to even compare with the High Plains of Texas were in Oregon and California. Oregonians go in for diversification in a big way, they use extensive irrigation, some of it the ditch and plastic tube kind as we use here, and they have some beautiful crops. But in our travels through 10 states we saw nothing to compare in quality and quantity with the crops of this area, not even in California. We came home pretty well satisfied with the High Plains.

CALIFORNIA does have something that outsize anything we have ever seen in Texas however and that is a traffic problem, especially in the Los Angeles area. The Editor can now claim title to an experienced driver diploma after having spent some two hours trying to get through L. A. on the Harbor and San Bernardino Freeways. Next time we'll drive around the place if it takes all day.

ANYONE from this area who is going to Los Angeles should by all means take the kids (?) to Disneyland. It is an unusual and interesting place (for adults, too) and doesn't go in for gouging tourists. Marineland and Knotts Berry Farm are also very interesting places in the L. A. area. But stay off the Harbor and San Bernardino Freeways.

THE BEACON begins this week the publication of two proposed constitutional amendments to be voted on in November at the general election. There are actually four amendments to be voted on, and the other two are being published in The Hesperian. The amendments should be studied carefully by all voters so that we may be informed when we go to the polls. Briefly here are the four proposed amendments:

Amendment No. 1 would authorize the legislature to create a Hospital District including Lamar and Hidalgo Counties, and County Commissioners' Precinct No. 4 of Comanche County.

Amendment No. 2 would increase to three and one-half percent the maximum permissible interest rate on bonds hereafter issued by the Veterans Land Board.

Amendment No. 3 would allow an annual salary for members of the Legislature of not to exceed \$4800 per year, and a per diem allowance of not more than \$12.00 per day for the first 120 days only of each regular session, and for 30 days of each Special Session of the legislature. The regular session would be limited to 140 days.

Amendment No. 4 would give the Legislature authority to classify loans and lenders, license and regulate lenders, define interest rates and fix maximum rates of interest.

### BUYING SOVIET WHEAT FOR G. I. BREAD MUST STOP AT ONCE

The American Public has been treated to so many odd treatments in the way of attempts to dispose of mountainous crop surpluses and "trading with the enemy" that no one would have expected to read a story that caps the climax.

But today Americans can say "Now I've heard everything" along both these lines at once. Our service men in Europe are eating bread made from Russian wheat.

At a time when we have billions of dollars worth of surplus crops — wheat the most costly item of the lot — deteriorating in storage while the cost of storing alone is \$1,000,000 a day.

At a time when we are, at least theoretically, resisting Russia's trade offensive.

A government probe of Army buying of Soviet wheat is said to have been launched.

Such purchases should be stopped forthwith. There is no possible excuse for them.

And while on the subject, the American people would like to know why this country can't, or doesn't, deliver as clean wheat to European buyers as the Russians do. The man who made the revelation, W. W. Graber of the Kansas wheat commission, stated that Soviet wheat is almost 100 per cent clean while the United States allows 5 per cent residue. And Americans would like to know why — according to Graber — there are delays of as much as 30 days in loading at our ports "while there is no waiting time for Russian wheat." — Houston Chronicle.

### FOUR YEAR TERMS

Back when Texas presented the voters with a Constitutional Amendment to increase many terms of office to four years, I was strongly opposed to the idea. I'm still opposed and find more and more people waking up to the fact that it isn't politically good to remove the elector so far from the electorate.

Thomas Thompson in "Turnstile" of a Globe-Times last week pointed this out when he wrote:

"For years I felt a four or a six-year term would be helpful in attracting better men in public office. Maybe it is, but it is not a cure — not by a long shot. I used to feel sorry for my friends in public office who had to endure the financial expense of running for office and had

thereof, or shall purposely depart the congregation at the ministrations of the ordinance . . . after due time and means of conviction — every such person or persons shall be sentenced to banishment."

Surprised? Many Baptists do not know it but it was a law instituted against their church in the Massachusetts Bay Colony, who at the time, had a Congregational State Church. This is one reason the Baptists are always concerned about the separation of church and state as well as religious freedom for all church groups.

If the Baptist would spend a little time studying their own church history they wouldn't be quite so tolerant of the "church-state" issue. There has been a history of martyrdom because they continually advocated complete religious freedom.

The first state of the colonies to grant full religious freedom was Rhode Island. It was established and chartered by Baptists, who were driven out of the other colonies because of these religious beliefs. — Cecil Waggoner in Claude News.

Dear Editor:  
I see where Mr. Krusnichev don't want to hold any more pow-wows with the U. S. until we get us an administration which suits him.

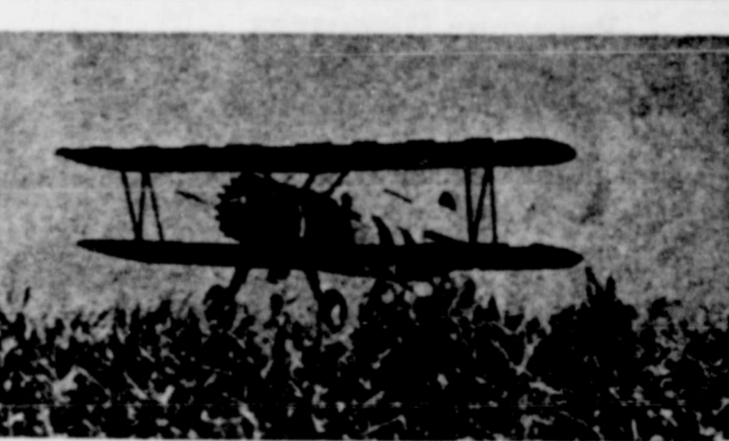

One typewriter prophet says likely this would make for more harmony, and be even better if we put off any further meetings until Russia has got a management that we like.

But my salty neighbor says it's mighty optimistic of Mr. K to think our next administration might please him, when most likely a lot of us won't even like it much ourselves.

## Long Ago In Lockney

Items of interest from the files of The Lockney Beacon.

August 9, 1918

Lockney's water works system was completed this week with finishing touches on the tank and tower. It is the largest tank and highest elevation of any town on the Plains. The city council has also added a truck and the necessary apparatus with which to fight a fire. A volunteer fire department will be organized in the near future.

Sugar has been limited to 2 pounds per person. Sugar sold for preserving purposes may be prohibited in the future because of the acute shortage.

Indictments were handed down against several local boys for melon and chicken stealing. They entered the patch of William Rigdon Sunday and took the melons inside the house to eat them in the absence of Mr. and Mrs. Rigdon. Fines and cost in these cases ran about twenty dollars.

Casualty list for August 5 was the largest reported in a single day up to date. It included 407 names published and 300 additional names in preparation for publication tomorrow. These are casualties among American troops in the severest fighting since July 15 when the German offense was launched and halted on the Marne. No estimates of the total loss has been received from General Pershing as of yet.

CROSSROADS REPORT

I see where Fidel Castro heard about the bad time Chile was having with earthquakes and sent a Cuban plane flying to their relief with three tons of communist propaganda.

My low-boil neighbor says some night figure this was a pretty silly gift on account of folks busy with an earthquake likely had no much time to read.

But he says maybe the Cuban Seizer figured it would warm up the Chileans' spirits by making them hot under the collar against U.S. imperialists for setting off the earthquakes.

Canning Shelled Beans, Peas  
Whether you are canning for home use or hoping to win a prize at the fair, you will like the "One Step Cold Pack" method of canning fresh lima beans, pinto beans, cream peas, English peas or blackeye peas. Follow these directions:  
Wash and shell the peas or beans and pack them raw to 1 1/2 inches from the top of pint jars or 2 inches from the top of quart jars. Do not shake or press down. Cover with boiling water, leaving 1/2 inch space at the top of the jars. Close with two-piece jar lids and process at 12 pounds pressure: pints for 40 minutes and quarts for 50 minutes.

Causes For Failure In Jelly Making  
Homemakers are sometimes puzzled over causes for improper jelling, sugar crystallization, "weeping" and cloudiness in homemade jellies.  
Some of the causes for these problems follow:  
Sugar crystallization may be caused by an excess of sugar, insufficient acid, overcooking or delay in sealing.  
"Weeping" results when the juice is too high in acid content.  
Cloudiness may be caused by imperfect straining, or by starch in underripe fruit — often found in apple and crab-apple jelly.  
Failure to form jelly is due to improper balance of pectin, sugar and acid. This improper balance may be caused by overcooking or undercooking the jelly, by undercooking the fruit in extracting the juice, using too much water in extracting the juice or using fruit which is too ripe.  
Mold or fermentation of jelly may be caused by storage in warm or damp places, failure to sterilize glasses, imperfect sealing with paraffin, or not enough sugar.  
Make sure of good results in jelly making by following recommended methods. Get a copy of the extension bulletin, "Sweets for the Family Table", at the extension office. It gives directions and recipes for a variety of jellies, jams, preserves, conserves, marmalades and fruit butters.

NEWS from the High Plains Research Foundation

Irrigation on barley increased returns \$29.56 per acre over dryland barley at the High Plains Research Foundation in the 1959-60 test. Cardova barley was used in the test which compared yield and returns between dryland barley and that of irrigated, fertilized barley.  
The dryland barley yielded 9 bushels per acre compared to 67.5 bushels per acre from the irrigated barley.  
The irrigated barley received two four-inch applications of water along with 200 pounds of 10-20-0 fertilizer per acre.  
At 75 cents per bushel, income from the dryland acreage was \$6.72 per acre. Irrigation cost was \$6.00 per acre and the fertilizer cost totaled \$7.72 per acre. Deducting these costs from the \$50.00 received, the net income from the irrigated, fertilized test was \$36.25 per acre. James Valliant, water engineer at the Foundation, conducted the tests.

## KAY GOLDEN, JERRY WILLIAMS ARE WED SATURDAY EVENING

Wedding vows uniting Miss Frances Kay Golden and Jerry Dale Williams were solemnized in a double ring ceremony Saturday evening, July 30, at seven o'clock in the sanctuary of Lockney Methodist Church.

The bride is the daughter of Mr. and Mrs. Oscar Golden of Aiken, and the bridegroom is the son of Mr. and Mrs. Lois L. Williams, also of Aiken.

Officiating for the rites was Arthur B. Watkins of the Memphis Avenue Church of Christ, Lubbock.

Two branch candelabra holding pink candles and decorated with pink flowers and satin streamers entwined with English ivy, marked the aisle which lead to the altar of the church. Seven branch candelabra decorated in a similar fashion formed the wedding arch. The decor was completed with baskets of pink gladioli in English ivy and tropical foliage, tied with pink satin bows. The kneeling bench also featured pink roses with English ivy and pink satin ribbon. The organ prelude "Bless This House" was played by Mrs. Mack Hickerson of Floydada, who also accompanied Soloist Miss Chris McFarlin of Dumas in "Indian Love Call," "Whither Thou Goest," and then "The Lord's Prayer" while the couple knelt at the altar. She also played soft background music for Charlyne Brown's poetic interpretation of Elizabeth Barrett Browning's "How Do I Love Thee."

MRS. JERRY DALE WILLIAMS

and arched cathedral candelabra were Misses Anita Durham, Plainview, and Loy O'Brien, Bovina.

Mrs. Jim Curtsinger, Hereford, attended her cousin as matron of honor while Miss Shirley Swafford, a former college roommate of Liberal, Kansas, served as maid of honor. Bridesmaids were Misses Carolyn Belt, cousin of the bride, Gayle Rucker, Hope Cox, Lockney, and Charlotte Mears, Dimmitt. All of the bride's attendants were dressed identically. They wore street length frocks of soft pink silk organza fashioned with a fitted torso, small cap sleeves, and a scoop neckline filled with antique lace. The bouffant skirts were accented with silk cumberbunds caught at the center front with organza self-made roses. Headpieces were miniature picture hats of soft pink organza and nylon tulle. They carried nosegays of pink daisies surrounded with English ivy and pink satin streamers.

Miss Rhonda Hales, daughter of Mr. and Mrs. Richard Hales of Canyon and cousin of the bride, was flower girl and scattered pink flower petals from a small pink basket. She was dressed like the other feminine attendants.

Entering on the arm of her father who gave her in marriage, the bride wore an elegant formal gown fashioned of imported rosepoint lace over light satin. The molded colonial bodice featured a scalloped front neckline flecked with iridescent sequins and seed pearls with long petal point sleeves. The over skirt featured lace paneling in front with three tiers of rosepoint lace over soft nylon tulle sweeping to points in the back, the third tier extending into a full length chapel train. The back neckline forming a petal point was enhanced by the three pointed tiers. Her fingertip length veil of silk illusion was attached to a small headpiece of scalloped rosepoint lace and silk organza flecked with tiny seed pearls and accented by a small seed pearl drop in the center of the scallops. She wore a small diamond drop necklace which was a gift from the bridegroom. Her ivory-colored Bible was topped with Calla lilies and pink roses entwined with English ivy and white bridal satin streamers tied in love knots. The Bible was a gift from her parents when she was a small child.

For the traditional something old, the wedding bands which had belonged to her mother and to her late grandmothers, Mrs. Taylor Golden and Mrs. Ray Carthel, were arranged in her bouquet; new was her wedding attire; borrowed from her matron of honor was a garter; blue was a garter, gift from the maid of honor; and in her shoe she wore a penny bearing her birthdate, given to her by Mrs. Larry Hemmitt.

Best men were Kenneth Williams and Luther Williams, brothers of the groom. Groomsmen were Bob Cox, Plainview; Ray Powell, Spur; Jimmy Janes and Guerry Wright, both of Sundown. Ringbearer was Nicky Barr, son of Mr. and Mrs. Raymond Barr of Adrian, cousin of the bride. Acting as ushers were Kelly Harrison, Dickie Barton, Nelson Wofford, and Larry Golden, brother of the bride, all of Lockney.

Miss Judy Graham, Plainview, registered the guests at the church and also at the church's fellowship hall.

An arrangement of pink roses around a pink candle accented the registration table. The bride's table was covered with pink linen overlaid with white organza featuring tiny appliqued roses. The three tiered

wedding cake, iced in white with touches of pink and green, was topped with a miniature bride and groom. A silver punch service completed the table. Baskets of pink gladioli and greenery stood back of the table above which hung a colored portrait of the bride in her wedding gown.

Mmes. J. E. Tiece, Garland Sams, J. E. Tiece, Lockney, and Floyd Tomlinson, Canyon, served at the bride's table. They are all aunts of the bride. In charge of the wedding reception were Mrs. E. H. Foster and Miss Betty Jean Foster. Background music was provided by Miss Janis Carthel and Mrs. David Frizzell.

In the houseparty were Misses Kim Mickey, Mary Myers of Lockney; Deanne Maberry and Gwen Jones, Plainview; Mmes. Jerry Mickey, Larry Hammitt, Gene Handley, Kenneth Wofford, Charlie Boedecker, Owen Thornton, Doyle Harrison, Chester Mitchell, Lockney; Mmes. Jack Dunlap, Lubbock; Ray Dean Fleming, Friona; Johnnie Maberry, Plainview; and J. C. Thomas, Jr., Albuquerque, New Mexico.

When the couple left for a wedding trip to points in New Mexico and Coty, the bride was wearing a sheath dress of Swedish brown linen featuring white applique work and a matching linen coat with white applique. Her accessories were white and she wore a corsage of white lilies taken from her bridal bouquet.

The couple will be at home at Aiken until September when they will return to Canyon where they are both students at West Texas State College. Both are 1958 graduates of Lockney High School and have attended West Texas for the past two years. The bride was a member of Zeta Tau Alpha Sorority and a campus cheerleader the past year. The groom was a member of the Buffalo varsity football team.

## SOIL CONSERVATION DISTRICT NEWS

Proper location of water and sufficient quantities to last several days are important steps to consider in properly using native grass.

Joe McEntire, Work Unit Conservationist, Soil Conservation Service, says that the Great Plains Conservation Program will provide cost share up to 50 percent for drilling and casing, water storage facility and underground pipeline from water source to water storage facility. This is for the purpose of distributing grazing more uniformly. Farmers taking advantage of these practices and others included in a complete soil and water conservation plan on their place are: Bill Norman, Dougherty; Skinner Bros., Quitaque; Vaughn Hall, Quitaque; Charlie Lewis, Floydada; E. W. Overstreet, Floydada; L. R. Bain, Plainview; Ned Bradley, Dougherty; and Hollis McLain, Floydada.

For further information concerning these practices and other technical assistance contact the local SCS office in Floydada.

"Isn't it wonderful, what man can do when looking at man's work, we often overlook the Hand of God. Man harnessed the power in this great dam, but God created it. Long before man discovered the turbine or the electric motor, God placed the power at man's disposal.

God is the source of every one of man's inventive and ingenious undertakings. He gives us the natural resources and the intelligence to use them. And He wants us to use them constructively.

Our Christian faith teaches us of God's power and the vastness of its scope. It teaches us the right use of these blessings, so that life may be enriched by them. Go to church and learn God's plan of love for us and our fellowman. It will mean a better world for all of us.

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Clyde Briley, Owner

After Sept. 1 Mr. and Mrs. Fred Lynn Tate will establish residence in Russellville, Ark., where they will resume their studies at Arkansas Tech.

The former Miss Valera Jan Sammann and Mr. Tate were married in double ring rites performed in the First Methodist Church in Booneville, Ark., Sunday afternoon, July 3, with Rev. Robert Sessions officiating.

The bride is the daughter of Mr. and Mrs. Walter Sammann, former Providence residents, and parents of the bridegroom are Mr. and Mrs. Charles Tate, all of Booneville. Mr. and Mrs. Karl Sammann of Plainview are grandparents of the bride.

Miss Lee Ann Lowrey of Chicago, Ill., assisted as maid of honor. Bridesmaids were Mrs. A. J. Blythe, sister of the bride, of Booneville and Miss Madeline Schuette of Amarillo, cousin of the bride.

Attending the groom as best man was Howard Lewis, A. J. Blythe and Wayne Wells served as ushers and groomsmen.

Given in marriage by her father, the bride wore a floor length gown of Chantilly lace over satin, fashioned with scalloped neckline and long tapered sleeves buttoned with tiny seed pearls. Her full skirt swept into a semi-chapel train. Her finger tip veil of illusion drifted from a queen's crown of sequins and orange blossoms. Her bouquet was of Frenched carnations and lily of the valley, shaped in a triangle.

The reception in the home of the bride's parents also served as open house for Mr. and Mrs. Sammann who were celebrating their 25th wedding anniversary.

The couple honeymooned in Southern Missouri. Mrs. Tate graduated in 1960 from Booneville High School as valedictorian of her class. The groom is a 1958 graduate of Booneville High School and attended Arkansas Tech the past two years. He is majoring in Physical Education.
