Head-on injures local couple

By Hope Warren

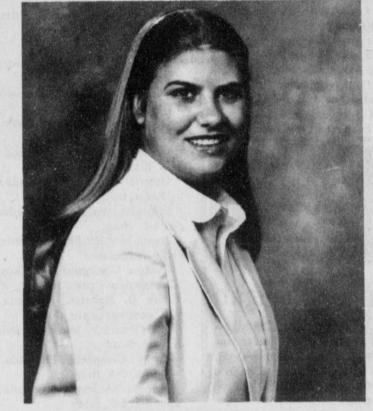

Mr. and Mrs. Harold Wayne Bennett were injured at 11:00 p.m. Sunday night when the 1982 Ford van they were traveling in was struck by another vehicle in a head-on collision. Having been on a vacation to Ruidoso, New Mexico. Bennett and his wife were heading into the west side of the city of Brownfield when the accident occurred. It was reported that the Bennetts were returning home when a man, his wife, and two children struck Bennett's Ford van. It has been reported the driver was driving while under the influence of alcohol and was driving without a drivers license.

The doctor reported Mrs. Bennett has a cracked nose, many internal and external bruises, and possibly a broken ankle. Bennett, however, is reported to have entered the hospital with a crushed right leg ranging from ten inches above to ten inches below the knee. He also has a broken right arm, with 35 stitches taken in his head and face. Bennett's doctor, Dr. Ratcliffe, has placed him in traction and will operate on his leg in a couple of days. The Bennetts are sharing Room 215

in Methodist Hospital in Lubbock.

Passengers of the other vehicle were the driver's wife and children, who were taken to Brownfield Hospital. One of the children was then transferred to Methodist Hospital, condition unknown, with a possible broken leg.

The injuries sustained by Mrs. Bennett in the accident were caused when she was thrown through the captain's chairs to the front floor board from the ouch on which she was sleeping at the

A Message From Your Chamber Executive--What Does The Chamber Of **Commerce Do?**

You have probably heard that question asked many times and you may have wondered about it yourself. It is a good question and many people including those to whom the Chamber is very important - have no real concept of exactly what your Chamber of Commerce is, how it works or what it is for.

There are, in fact, many misconceptions about the Chamber. For example, there are those who believe the Chamber gathers statistics, answers inquiries and advertises what a great place Floydada is to work, live and enjoy life. They are right up to a point. We do all those things, and proudly so. All of those jobs are important, but they aren't why the Chamber is here. They are fringe benefits of the Chamber, the things we do as a matter of routine because they need doing and we are

good at them. The primary functions of the Chamber go far deeper than those niceties. The Chamber of Commerce is a catalyst - a common vehicle through which business and professional people work together for the common good of the

SHARON GALLOWAY **Cook of the Week**

Most of Sharon Galloways recipes were written for a large group of people. A little math was involved to convert them for the average family.

She cooks for the local Lions and Rotary clubs. She got started by helping her mother cook for them. When her mother got sick, she took over.

Sharon said she didn't cook at home until after she was married. She learned by trial and error.

"I've learned your best friends are a measuring cup and spoon. If you use those and a basic recipe, you can't go wrong."

She said the first time she had to make bread for the clubs, she practiced at home. She learned to make bread until it feels right rather than follow recipe instructions. The preparation of the meal centers around the bread. She starts the bread at 8:30 a.m. By 10 a.m. it is ready to knead and by 10:30 it is ready to be made into bread.

The events include family Olympic games, volleyball, horseshoe and washer pitching, a fiddlers' contest, domino tournament, entertainment by 4-H Club share-the-fun troupes, awards ceremonies, a box lunch auction, a barbeque dinner, and a watermelon eating contest

A highlight of the Extravaganza will be a dance with music by the Maines Brothers band. The dance begins at 8 p.m. Tickets for this event are \$5.00 a person, \$7.50 a couple, or \$10.00 for a family.

in the district, the 4-H leader with most years of continuous service, the county with greatest attendance, old 4-H record books, and scrapbooks. Four-Her's also will plant a tree and a time capsule on the fairgrounds.

All guests are required to register by county, at tables in the fairgrounds coliseum. Registration will be from 10 a.m. to 1:30 p.m.

Four-H had its beginning in 1908 when Jack County Agent Tom Marks organized a Boys' Corn Club to teach the latest agricultural principles to farm youths. Today, 4-H has broadened its scope and offers more than 60 different project opportunities to rural and urban youths aged 9 to 19.

It helps members acquire knowledge, develop leadership abilities and acquire life skills to make them self-directing, productive members of their clubs, their communities, their state and their nation, Couch said.

The organization now has some 13,000 active members in the 20 counties of the South Plains. They are among the more than 125,000 young members in Texas and the more than five million 4-Her's in the nation.

A complete schedule of Extravaganza events and details about local participation are available at each county Extension office in the district.
