Over 200 attend Chamber of Commerce breakfast

A big thanks to Dr. Floyd Bradley for his skit at the Chamber Breakfast last Friday as he "laid em in the aisles" with his rendition of G.L. Milson and the dream team.

The fearsome men introduced were: Hollis "Barbwire" Payne, Bill "High-pockets" Cagle, Stan "Big Train" McClendon, Edell "Digge" Moore, Bob "Big Foot" Marler (who was still sleeping and therefore missed the

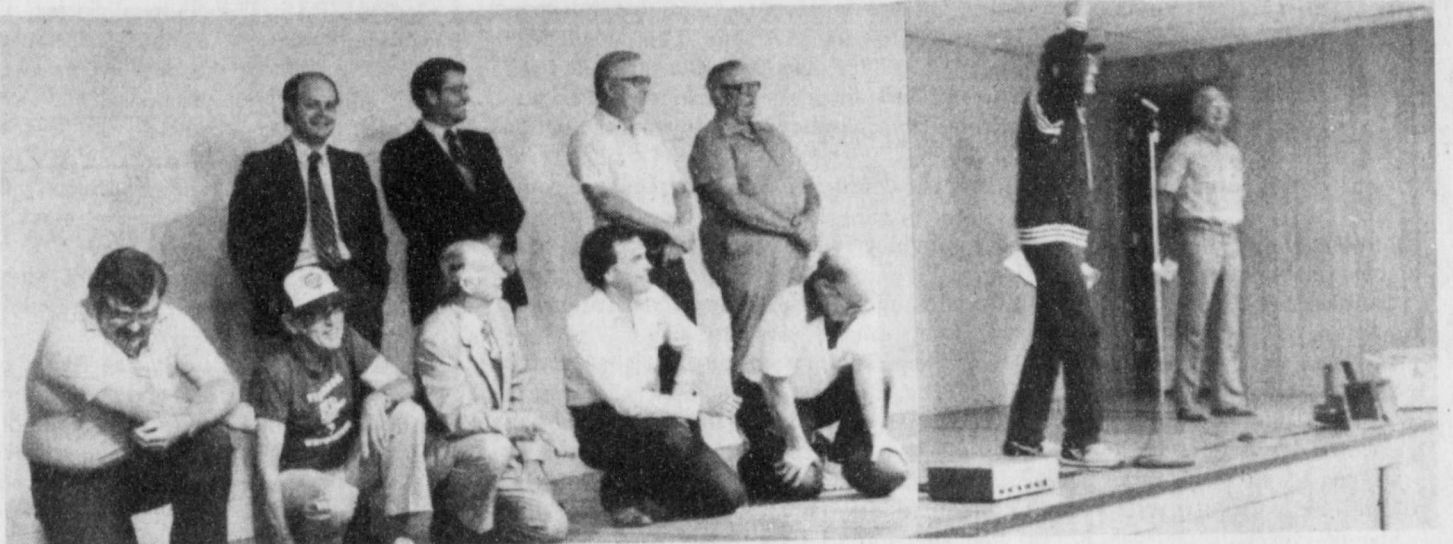

breakfast), J.W. "Scatback" Gilbreath, Bob "Stretch" Gilliland, R.G. "Right Guard" Dunlap, Bill "Tight Lips" Gray, Earl "Mystery Man" Blair, and Tom "Play-a-Boy" Farris.

The biggest crowd every showed up in the early morning for a good meal and fun entertainment. Coach Joe Paty introduced his coaches, the varsity Whirlwind team and the cheerleaders and their sponsors before Dr. Bradley

made his presentation. J.W. Gilbreath won the annual trip giveaway this year to New Orleans. And a big thanks also goes to the breakfast sponsors Reed Ford and City Auto who also provided table prizes and Quality Body Shop and to Oden Chevrolet who also provided door prizes.

Puttin' up and settin' up power was provided by Tommy Ogden, Daphna Simpson, Roger Garms, Bud Rainey and Rebecca Burns.

Lewis McDaniel was the Master of Ceremonies and "Chief Cooks" were Tom Powell, Gary Brown and Richie Crow, and "Bottle Washers" were Tommy Ogden, Donnell Gowens, Bud Rainey, Lewis McDaniel, Jerry Thompson and Darrell Mayo. Our thanks go to all of these who support the Chamber with their time and talents as well as finances.

"G. L. MILSON" introduces the "dream team" at the 9th annual Chamber breakfast.

Courthouse to receive facelift this year

In March 1951 the third permanent Floyd County Courthouse was erected. After 32 years of sandstorms and an occasional rain or snow the exterior of

the courthouse needs a little work done on it.

Floyd County Commissioners voted Monday to begin taking bids on cleaning and repairing the exterior of the courthouse and the Agriculture building east of the courthouse.

Stiles and Stiles Architects of Lubbock will be organizing the restoration process.

The exterior of the courthouse is constructed of pressed brick. These bricks over the years have become discolored from dirt and fungus. The restoration will include the cleaning of the brick. This not only helps the looks of the building but helps in the cleaning of the brick to repair broken mortar and corner stones.

The agriculture building, which was used as a temporary courthouse until the present courthouse was erected will be included in the restoration. The last several years there has been a problem with the building leaking.

The restoration of the two buildings should guarantee Floyd County residents a housing for county officials that will endure many more years.

CHRISTY PATE, daughter of Mr. and Mrs. Gary Pate of Floydada, admires the old plaque of marble recovered from the cornerstone of the courthouse that burned before the present courthouse was erected. The plaque on the south wall of the west entrance.

City slates hearing

The City of Floydada is currently making plans to file an application amendment on the City's 1981 Community Development Block Grant with the U.S. Department of Housing and Urban Development. In accordance with Section 570.512 (i) of the Consolidated Community Development Block Grant Regulation, this amendment is to utilize \$13,000 of remaining funds to recondition the streets, located in the 1981 Target Area.

The City of Floydada will conduct a public hearing to receive citizen input on the proposed amendment. The public hearing will be held in the Council Chamber at the City Hall, 114 West Virginia, at 7:30 P.M., Tuesday, September 13, 1983.

The City of Floydada encourages individual citizen groups to make their views known on the proposed amendment at the hearing. The City welcomes the full participation of its citizens in the development of this amendment.

Citizens' comments may be delivered in advance to City Hall at any time prior to the public hearing. Handicapped individuals who may have difficulty in attending this meeting, please contact City Hall to arrange assistance.

For further information, contact William A. Feuerbacher, City Manager, City of Floydada, telephone 2834.

JAMIE LEWALLEN AND MARVELLE HOBBS are for business at the new Swift Food Mart located at 2nd and Missouri.

Food Mart opens

Swift Food Mart opened its doors at 7 a.m. Monday morning at 2nd and Missouri. They will be open seven days a week, 365 days a year from 7 a.m.-11 p.m.

Rhonda Robertson is the manager. She will be assisted by Erma Dean Meyers and Marvelle Hobbs.

The convenience store will offer self service gas as well as self service fountain drinks and coffee.

Board amends '82-83 budget

The extreme heat seems to be dominating the school scene this year. Floydada schools began classes three days early this year in one of the worst heat waves ever. The reason being to fit the fall semester schedule. Students will be able to take their semester tests before going on Christmas vacation.

Bob Copeland, principal at Duncan Elementary has requested two air conditioners for the halls at his schools. PTA members will be helping with the expense.

Water fountains were on the blink at R.C. Andrews the first couple of days of school. Many teachers brought water into their rooms to satiate the kid's constant thirst.
Enrollment like the temperature is up

in Floydada schools this year. As of this week 1,302 students were enrolled. That is up 12 from this time last year. Jerry Cannon, Floydada school superintendent commented at Tuesday's school board meeting that he was "real pleased with the enrollment and expects around 50 more students after the Labor Day holiday."

Duncan has the highest enrollment of all the schools with a whopping 456 students enrolled. Their first grade class is the largest ever. High school follows close behind with a total of 334 students. R.C. Andrews' enrollment is down a little from last year with 288 students. The enrollment of the 7th and 8th grade classes is up some with 224 students reporting for class.

When it snows all winter and causes chug holes the size of the Grand Canyon in the school parking lots and one of the schools boilers goes on strike the cost of the repairs are tremendous.

At the Tuesday meeting of the Floydada school board, members had a \$76,000.00 deficit to amend in the 1982-83 budget. Due to the expense of replacing a boiler at Jr. High School and having to repair the Duncan parking lot and make repairs at the others the school budget was \$76,000.00 short.

Members voted to accept a bid submitted by James Bigham State Farm Insurance for the 1983-84 school year. The insurance will cover a twelve month period, costing \$3025.00 for the year.

QB Club becomes Whirlwind Boosters

At a meeting of Quarterback Club held in the Field House Monday night at 7:00 p.m. it was reported that the programs would be ready for the first football game Friday night. Advertisers were approximately the same as last year.

Pat Zimmerman gave a report from the tennis tournament. She said it was a complete success with proceeds in the amount of \$1608 with a total of \$1,073 shown in profits.

Tommye Perry said Whirlwind signs were near completion as of Monday night, and they have gone up on yards of the squad members this week. The freshly painted signs bear the green Whirlwind with the player's number, name and classification.

A scoreboard has been purchased for about \$2700 to be installed in Graves

Gym. Vickie Rainer reported, to go along with the new lighting budgeted for that gym this year by the school. Cost of half of the sign will be absorbed by Dr. Pepper Company in change for their logo being placed at the bottom of the scoreboard. Funds were raised by Little Dribblers and interested individual citizens for the remainder of the cost.

It was decided to continue with the giveaway of the half beef. That will be given away at the Childress game October 13.

Shirts are due in at any time. They will sell for \$22. Jackets will arrive later.

Foremost in new business the club members unanimously voted to change the name of their organization to Whirlwind Booster Club.

Other new business purposed was the acquisition of some new tennis courts.

FIGHTING WHIRLWIND MIKE RUFF displays his new Whirlwind sign bearen his number, name and classification by Whirlwind Booster Club.

LITTLE QUEENS are urged to sign up for the pageant to be held in conjunction with the Floyd County Fair Saturday, September 17. Some of the entrants will be: (bottom row) Mindy Evans, 5; Joni Smith, 5; and Ashleigh, 3. Nova Evans (top left) and her husband Deryl are float chalmers; Stacey Smith is chairman of the coke party to be held September 10; Laura Lloyd is chairman of the Little Miss Contest; and Cyndi Williams is the decorating chairman.

Letter to the Editor

Dear Editor,

Many merchants and business people in Floydada overlook the potential that Floydada has as a major trade center.

Floydada is blessed with a trade territory that is second to none for a town of this size.

Look at the scope of our trade territory. Petersburg, Ralls, Cone, Crosbyton, Matador, Roaring Springs, Paducah, Quitaque, Turkey, Estelline and Silvertson as well as Lockney and South Plains for years have depended upon Floydada as a major trade center.

I was shocked when I left Floydada and went to Albuquerque. I had been used to our Floydada merchants having almost anything I needed. I found that in Albuquerque, a town of 365,000 people now, they were not as well equipped to meet my need as well as Floydada was.

Every time I needed a part for my car, it had to come out of Lubbock and took about a week. Of course, they always sent the wrong part and it would take ordering 3 or 4 times to get the right part.

In Floydada, if I needed something a merchant did not have, they could call and have it out on bus in one day.

What I am saying is that Floydada is a strategically located major trade center. People from Silvertson, Matador and Paducah would shop in Floydada and would not drive into Lubbock at all due to gas prices and car expenses if they knew for sure they could get what they wanted in Floydada.

There is a natural flow of traffic from those towns through Floydada, and by marketing and advertising in their newspapers to let them know we had their product and service needs at a price they can afford, they will shop Floydada first. There is a direct relation in volume of business in proportion to the advertising we do. We can increase our local newspaper adds to stimulate a greater participation of local people in shopping our own city.

As we consider the impact of advertising, we also must consider the impact of our pricing strategy. Often we can reduce prices some, and move a higher volume of merchandise and wind up with a greater potential for profit.

A progressive merchant will advertise, price for profit and then have enough help to handle the increased volume of customers.

As each merchant becomes more aggressive in his campaign for business volume, he will put on more help, even if it is just for part time. This would help alleviate some unemployment, some need of welfare, and bring more people back into the mainstream of society. They would have more disposable income to buy our consumer products and in turn help the merchants to move a greater volume of business and enjoy a greater profitability.

As Floydada returns to being a major trade center, more businesses will come into being.

Bankers and savings and loan officers are going to need to be very progressive in their assessments for business loans.

The back bone of business growth depends upon those financial institutions to supply the money for the major part of the growth stimulation.

As banks and savings and loan associations begin to stimulate growth with loans, there will be a need for wide awake, excited, enthusiastic real estate salesmen to demonstrate and sell those business locations and lots for residential, apartment, and condominium construction.

As long as real estate sales people maintain a lack of enthusiasm for their town, no one else will get excited about coming to Floydada.

The potential for growth is real and the potential for being a strategically located major trade center is real.

Existing businesses can expand their horizons.

Leroy Burns and his staff bring folks into Floydada from all over the state of Texas because they perceive they get quality, value and service in a friendly atmosphere.

Other merchants that contribute to drawing people into Floydada are Johnny Bill Sue at Quality Body Shop, Don Hardy brings people from all over the United States to have high performance cars to be built.

The nucleus is here. The potential is unlimited.

Floydada could double in population by the year 1990 if we apply advertising and marketing of our products and then make our motto — quality, value and service in a friendly atmosphere.

The best is yet to come. Our preparation for the future depends on our decisions and actions today.

Growth and prosperity is ours to the degree we reach out for it today.

Thanks,
Pete Looney

School budgets increase

Texas increased spending on local public schools by \$900 million last year, as trustees in 1,071 school districts adopted school budgets totaling \$8.5 billion. That provided more than \$300 in additional funds for each of the 2,678,000 students in the state, according to the Texas Research League.

State foundation school aid was upped by \$345 million, but local property taxpayers were tagged for an additional \$425 million to pay for the increase. The remainder was funded by increases in special state and federal aid programs and by higher local fees and other revenue.

The figures come from the latest issue of **Bench Marks for 1983-84 School District Budgets in Texas**, an annual publication of the League.

School budgets adopted for 1982-83 called for spending \$2,610.23 per student for current operations. Floydada ISD's budget provided for \$2,874.48 per student based on the 1226 students in average daily attendance in 1981-82.

Locally, the Floydada ISD's tax levy was increased by 2.3% percent for 1982-83 as compared to a 14.8 percent increase for the average school district in Texas.

The average salary for classroom teachers paid by Floydada ISD in

1981-82 was \$15,561.00 which was 7.6 percent above the minimum salary prescribed by the state. The average among all school districts in Texas was \$17,537 per classroom teacher, or 20.6 percent over the minimum. The legislature further increased the state minimum schedule by \$88 - \$196 a month for 1982-83.

There was an average of one teacher for 12 students in Floydada ISD compared to a statewide pupil-teacher ratio of 1 to 16.4.

The report noted that the share of the total school payroll paid to classroom teachers has dropped from 73.4 percent of the total in 1969-70 to 60.4 cents of each payroll dollar last year as many more nonteaching personnel have been hired. Locally, classroom teachers were paid 64.6 percent of the school payroll in 1981-82.

The average school property tax rate in 1981-82 was \$0.531 per \$100 of market value (selling price) so that the school tax on a property selling for \$100,000 was \$531 in the average school district. Locally, the rate on market value in Floydada ISD was \$491 or \$4910.00 on a property selling for \$100,000.

The report noted that the 68th Legislature increased appropriations for public schools by almost a billion dollars \$962 million: for the next biennium.

Chamber Clips...

By Susan Garms

The Floyd County Commissioners voted Monday to support the airport to the tune of \$10,000 of revenue sharing funds, bringing the total to \$33,563.17. We are still in need of approximately \$1600...will you help?

The Chamber's Education Committee, Doris McLain Chairman, has ordered drug abuse prevention and education publications which are intended for educators as well as the general public. Titles include "Adolescent Peer Pressure", "Doing Drug Education", Abuse Prevention for Families and Friends", "Elder Ed Program - Using Your Medicines Wisely" and "Who's Raising the Family? A workbook for parents and children". Posters are also on the way and all materials should be here within two weeks. Please call the Chamber office to reserve and borrow the material you want.

Don't forget to purchase your tickets and to attend the Floyd County Day Care Annual Spaghetti Supper this Friday night at Junior High before the football game with Dimmitt. The menu includes spaghetti, salad, breadsticks, tea, coffee and cake. Tickets are \$3.50 for adults and \$1.75 for children under 12. The Day Care needs your support and you need their spaghetti!

The scripts are in at the Chamber office for the Saga of Katy and the Gambler's Lady--the Dinner Theatre production to be put on by the Chamber November 12th and 15th. Tryouts are scheduled for Sunday, September 25th at 3:00 P.M. at the Floydada High School Auditorium. Many are needed behind stage and for walk-on parts. The play has 10 characters, 5 men and 5 women, and is to be directed by Sara Probasco. If you are interested in any facet of the production, please come by the Chamber office at 105 W. California or call 983-3434, and sign up or check out a script for audition practice.

We have room for two more couples on the New Orleans trip scheduled September 16, 17, and 18. The trip

includes air transportation via Airlines, deluxe accommodations at the Monteleone Hotel in the French Quarter, a tour of an historic plantation house and Chalmette Battlefield, a Sunday brunch and the football game between the New Orleans Saints and the Chicago Bears. We hope you don't have to miss the fun!

So glad Al Galloway is up and about again. The world's just not the same with him grounded.

While typing this week's column, who should walk in but Karen Bouton, the wife of our new Band Director, Richard Bouton. She said she was new in town and wanted any kind of information we had on Floydada, (she got maps, the Business Directory, and as much as I could tell her in the few minutes she had, but I'll bet they soon get lots of visits at their new home on J.B. Avenue.) They're from West Blocton, Alabama (between Birmingham and Tuscaloosa) where Richard taught band in Junior High and High School. Their children are nine months and 2 1/2 years. (See, we let other people do some of the talking!) Welcome to Floydada!

We are the "now" generation. We are the heirs of the past, guardians of the present and architects of the future. This is our community. What we do with it is up to us.

YARD OF THE WEEK—Cool green could be the theme of the Ralph Johnson home, 721 West Tennessee. This shady green yard gives any passerby a respite.

RIF reading program promoted by clowns

Colorful clowns, balloons, and tents dotted the Floydada park by the City pool last Friday August 26 when Texas Migrant Council workers sponsored a R.I.F. distribution entitled "Circus of Books." This type of distribution allows each child to browse through a wide selection of books and choose, without adult interference, a book of their own. Since 1966 Reading is Fundamental

(R.I.F.) a reading motivation program that operates on the grass roots level through a network of volunteers, has been exploring new ways to impel children to read.

Teachers dressed as clowns read to the group of children and T.M.C. cooks Eudelia Rendon and Alicia Sanchez catered the steamy outdoor affair.

CLOWNS Lorieta Lerma, Cecelia Martinez, Silvia Guerrero, Ida Mae Duran, Jessie Cedillo, Carol Rendon, Nora Salazar and Josie Torrez give a tableside performance to children receiving R.I.F. books.

Bouton thinks Floydada better place to live

By Jana Lawson
"Floydada is a place to be proud of." That was the first thing Richard Bouton, new band director, told the Floydada High School Band.

Bouton, his wife and two children have just recently moved to Floydada from Alabama. The couple have a son, Christopher, 2½, and a daughter, Katrina, 9 months old.

Richard Bouton says he likes Floydada. He thinks it's a "better place to live and a good place to raise a family."

Bouton has taught music at three schools previous to coming here. He taught at Phil Campbell in western Alabama for a year, then in Stevenson, for four years, a town in eastern Alabama, and then was employed at West Blocton near Birmingham for six years.

Bouton was born and raised in Frankfort, Kentucky. He studied engineering at the University of Kentucky and attended Georgetown College of Business Administration. He then attended the University of Northern Alabama where he received his teaching certificate for music. He has also done graduate work at the University of Southern Mississippi. He spent three years of active duty in the U.S. Navy at Brooklyn N.Y. where he was an electronics technician.

Bouton's main objective for the Floydada Band Program is "to build a fundamentally sound program upon which we can raise the level of musicianship." He said, "Like everything else, you must learn the fundamentals and work up from there."

JOSIE LOPEZ, (left) assistant manager of the Allsup's store at 102 East Houston in Floydada, receives her diploma from Gary Whittington, instructor, for fulfilling the requirements of the Allsup's Assistant Store Manager Training Course. The class, held at the company's home offices in Clovis, New Mexico, is a requirement for all Allsup's Assistant Managers. According to Whittington, "The training covers proper food handling, cooked food procedures, store cleanliness and maintenance as well as public relations. Ultimately, we provide customers with a professional who can better serve them, while at the same time preparing the employee future advancement." Allsup's Convenience Stores, Inc. is an Equal Opportunity Employer.

Blessed be the tie that binds

Former residents from Floyd County, Texas now living in California were drawn together by that strong tie once more, August 20th at Balboa Park, Pine Grove area in San Diego. Forty-six gathered for great fellowship and excellent food, extremely abundant.

Duorand "Buck" Bishop stayed at home with his wife, Clara Bell, who was released from the hospital last week from a prolonged stay while recuperating from major surgery. Inez (Mrs. E.W. "Dick" Furrow couldn't be with us because of a leg injury. They were greatly missed.

We were so pleased to have Beth and Lorna Rainer with us this year. No one would admit to being the "oldest" (all of us are active and young at heart), but the youngest was little Beth Wheeler, granddaughter of Henry and Nina Wooten, first timers, formerly of South Plains, Texas. Ralph and Jewell Taylor came the greatest distance in Calif-

ornia, from Tulare, Elmore (Smith) Payne, sister of Jack Smith, came from Lubbock, Texas, longest distance out of state. Next was: Grace (Hodges) Grundy and Bessie (Sherrill) Wilson, both from Floydada. We enjoyed having them with us, so much! Hurry back.

Those attending to honor Floyd County were: Claude and Irene Cash, S.D.; Frank and Doris Brittain, Chula Vista; Leora Scrivner, Alpine; Opal (Nelson) Higgins, La Mesa; Bob (A.J.) and Anne Roberts, Highland; O.W. "Jack" and Sappho (Ward) Henderson, S.D.; Katie (Henderson) and Jason Groode, S.D. (going back to Maui, Hawaii); Roy and Dorothy (Stovall) Turner, Chula Vista; Mildred Ward, S.D.; "Von" and Beth Rainer, La Mesa; Norvill and Lorna Rainer, El Cajon; "Pee Wee" and Mona Rainer, S.D.; Virgil and Virginia (Womack) Breit, S.D.; Ralph and Jewell Taylor, Tulare, E.T. and Faye Williams, Bakersfield; Betty and Gilbert Shirey, Torrance; Dr. John and Lynn Roebuck, S.D.; Jack Smith, El Cajon; E.W. "Dick" Furrow, S.D.; First timers: Henry and Nina Wooten, Seekey; "Hersh" and Joyce Hodges, La Mesa; Frances (Lovell) Wallace, Lemon Grove; Lige and Mable (Thornton) Blankenship, Chula Vista; Peggy Wheeler, Sharon Lee, and Beth Wheeler, daughters and granddaughter of Henry Wooten, Imperial, all are of California.

The next Floyd County, Texas Picnic will be held in San Diego, California, Balboa Park, Pine Grove area, Saturday, August 18th, 1984. Please remember that important date! We are already looking forward to that time together, even for a short time.

We are grateful for the visitors and new-comers this year, and especially for those faithful ones who make the picnic a success every year. Love to you all.

We were saddened to hear of the deaths of Sudie (Miller) Thomas, former Floydada High School teacher, and Jessie Haines, Tommy Deen Jr., adopted brother and brother of Fred Deen, Indio, California.

Next years hosts will be Frank and Doris (Lybrand) Brittain, Opal (Nelson) Higgins. Happy New Year to you all and best wishes.

Until 1984

Local woman writes book

By Dana Woody

Not everyone who enjoys genealogy writes a book, but Mrs. L.W. (Nell) Norvell did. In her 588 paged book, published earlier this year, she researched the family of her mother-in-law, Tinnie Rape Norvell, whom she never knew. Her interest in the Rape family tree became keenly addictive after researching the lineage of three other families.

"The original spelling of the family name was Reeb" said Mrs. Norvell, "but when the German immigrant family came to this country, the English heard 'Rape' when it was pronounced. Consequently the spelling was changed in written documents, having been changed several different ways through the years." She continued, "This happens in many families."

Organizing the research for her book took a year with eight months of typing to produce a manuscript for a publisher in Wolf City on May 2 this year. The hardbound publication contains dozens of photographs.

"I'm really pleased with the way the book turned out," said Mrs. Norvell. "I

do hope the book gets into the hands of people who can prove certain things. Even with the extensive research we did, there are always some things you can't find out for sure."

Asked what her husband thought about the research and book, she replied, "He really is interested as long as I do the research. He did read every letter I received on the history, though, and helped with the index of the book while we were snowed in this last winter," she laughed.

There are several Floyd Co. residents mentioned in the book. W.D. (Bill) Rape and his wife Suzzana who lived in the Fairview-Cedar Hill Community and were buried in Rushing Chapel Cemetery east of Floydada; W.L. (Buddy) Rape, Clyde Rape Padgett, and her husband Walter Padgett, Tinnie Rape Norvell for whom the book is dedicated and her husband, J.H. (Shorty) Norvell; Herman and Vada Cannady Rape; and Mr. and Mrs. Marvin Rape of Floydada are but a few of the family members mentioned in her book.

She has traced several ancestors who fought in the Revolutionary War, 8 of whom are approved by the D.A.R. She had four great-grandfathers who served in Confederacy during the Civil War.

Because she has traced these ancestors, she is eligible for several organizations including D.A.R., the Colonial Dames of the XVII Century, Daughters of the American Colonist, and Daughters of the Republic of Texas, the organization that is responsible for the upkeep of the Alamo.

She is the Regent for Daughters of

the American Revolution Chapter Los Ciboleros in Deaf Smith County. She also helped organize the Floydada Buffalo Grass Chapter, of which her sister, Ozena Norris, is a member. She has served as state genealogical records chairman and lineage research chairman for the Texas Society of D.A.R.

"Most folks think you are little off when they find you wading through grass above your head looking for gravestones" laughed Mrs. Norvell.

Once after finding a "missing link," a headstone in an abandoned cemetery, Mrs. Norvell got a photograph for documentation by leaning over a sunken grave with her sister Ozena holding her by her shirt tail.

Born near Mt. Blanco and a 1945 Floydada High School graduate, Mrs. Norvell married Luther W. Norvell in 1946. They have farmed near Hereford since 1947.

The couple have two sons and three grandchildren. The three grandchildren are surprisingly interested in genealogy. "When I received the 400 copies of my book, they grabbed one up and started combing over it first thing" laughed Mrs. Norvell.

Mrs. Norvell said she hopes that people will enjoy her book and that someone can use it as a guide to do their research. "Genealogical research should not be undertaken by someone who is discouraged easily," said Mrs. Norvell.

"With a little determination, patience and diligent work a genealogist can arrange a detailed account of their ancestors and the worlds in which they lived."

"Behind an able man there are always other able men."

Alpha Sigma has going away party

Members and spouses of Alpha Sigma Upsilon Chapter of Beta Sigma Phi enjoyed a surprise going away party for Joe Mack and Nancy Jarnagin, Monday night August 8, 1983 in the home of Jim and Jan Nichols.

Everyone enjoyed a hamburger cook-out, chef for the night was Jim Nichols. Guests brought chips, dips, desserts and vegetables.

After the meal couples gathered around the living room enjoyed one another's company, while Nancy and Joe Mack opened gifts from the chapter and friends.

Those attending were special guests Joe Mack and Nancy Jarnagin, host and hostess Jim and Jan Nichols, Larry and Rhonda Guthrie, Wayne and Janice Poteet, David and Vicki Ware, Dale and Sheryl Derryberry, Gale and Adeanna Campbell, Gail DuBois, Max and Vikki Yeary, Bud and Barbara Edwards, Friends attending Terri Smith, Ricky Nichols, Billy and Brends Nichols and Tammy Murray.

We would like Nancy and Joe Mack to know we will miss them very much, and hope their life in Port Orchard, Washington will be everything they hoped for.

Floydada Nursing Home Happenings

On Monday, Dolores and Leona were here fixing the ladies hair and doing their nails for them. This is always a special day for the ladies. Kim had a special activity for everyone on Monday afternoon. She brought a red and white parachute...the residents were arranged in a circle, each holding on to the parachute. We bellowed it up and down to music. It was beautiful...and the cool air which we felt was also beautiful.

Tea Time on Tuesday morning was very enjoyable. Edna Patton, Delzie Bradford and Jessie Roberts joined everyone for coffee and chatter. Edna brought an angel food cake for everyone to enjoy. We studied the 10 chapter of Acts in Bible Study and enjoyed the story of Cornelious. Irene, Bennie,

Lura, Addie, Mrs. Norris, Mrs. Birnie, Emmitt, Iva, Ona, Ruth, Francis and Una shared in this time of study and discussion.

Wednesday, it was good to have Bro. Zumwalt back with us for devotion time. We had two guests who played Bingo with us on Wednesday afternoon. Hallie Bertrand's daughter, Gladys Widner brought her daughter and grandson to visit Hallie. It was nice to have them play bingo with us. Sue won the most games and she was also the back-out winner.

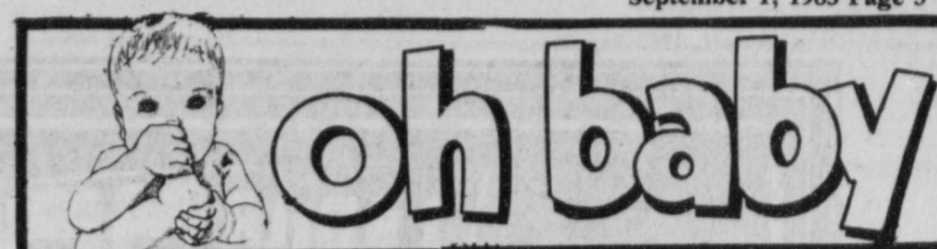

On Thursday, Emmitt went to Roaring Springs for the Old Settlers Reunion there. He received a plaque for being the oldest man at the reunion. Thursday afternoon Mrs. Smith and Mrs. Rosson

brought refreshments for the residents. The Sunshine Sunday School Class of First Baptist Church is faithful to their name when they bring this special "sunshine" to the residents. Evelyn took Addie, Sue, Mrs. Birnie, Una, Emmitt, and Iva around town on the bus looking at the colorful yards and stopping for an ice cream cone. on Thursday afternoon. Then it was back to "The Home" to the cool air-conditioning and a delicious supper.

Friday Emmitt made his owl and Friday afternoon the movie fans watched two films.

Mr. S. W. Ross is our newest resident. Mr. Ross has many friends here in Floydada who have been so nice to visit him. The visits are very good for

everyone here so may we say "Welcome" to Mr. Ross and Dess and to all their friends. Thanks to all the visitors and volunteers we have had this week who have shared their time and love with each of the residents: Alwa Smith, Jalk Rosson, Dolores Cannon, Wanda and Howard Davenport, Mr. and Mrs. Eugene Fuller of Midland, Mrs. R L Lackey of Lockney, Jess and Bessie Glover, Ira Sullivan, Bob Vickers, Myria Dade, Glendora Cobb, Grady Freeman, Grady and Lorena Dunavant, Edna Patton, Delzie Bradford, Ozena Norris, Gene Baird, Justin Bailey, Worth Gwen Howard, Christine Robertson, Burnah Probasco, Karl Bunjes, Estelle Hinkle.

SOSA

Mr. and Mrs. Salvadore Sosa of Amarillo are the proud parents of their first child, a boy, Steven Andrew, born August 29.

He arrived at 6:00 pm in the Northwest Texas Hospital. The young man weighed 7 lbs. 13 oz.

The mother is the former Esther Luna.

Grandparents are Mr. and Mrs. Lupe Luna of South Plains and Mr. and Mrs. Salvadore Sosa, Sr. of Munday.

SWANSON

Robert and Kim Swanson are proud parents of a new baby girl, Kylee Campbell, born August 19th at West Texas Hospital in Amarillo. She weighed seven pounds, eight ounces. She has a little sister, Lindsay, twenty months old.

Her grandparents include Mrs. Maurice Campbell, Floydada, Mr. Robert Swanson, Sr. El Paso, and Mrs. Lucille Swanson, Raton.

Domestic Guidelines

By Mary True

Substitutes and fattening foods are popular among both dieters and health conscious shoppers. In supermarkets and groceries, these shoppers see three different diet-food labels (low calorie, reduced and light), which are regulated by the Food and Drug Administration. Here is what those labels mean.

Low calorie foods have no more than 40 calories per gram. The words "low calorie" must be printed on the main label and can also read "a low calorie food." A food that is naturally low in calories, such as celery, may claim only to be a "low calorie food."

Reduced calories means that the product contains at least on-third fewer

calories than an equivalent serving of the food for which it is a substitute. Caloric content must be clearly written on the label. A reduced calorie food must be similar in taste, smell, and texture to the food for which it substitutes.

Light must conform to FDA standards for low calorie or reduced calorie labeling. Light foods appeal to a wide range of consumers interested in cutting sugar, fat, and starch for their diets even if they are not interested in losing weight.

Formulated meal replacements are useful in weight-reduction program, but are not necessarily low calorie foods.

Many of these products are intended to be eaten in place of regular meal, thereby cutting down the total number of calories consumed.

Whether trying to reduce the number of calories consumed, or only conscious of the amount of fat eaten, always read the labels on the products which are purchased for useful information!

Carthel Reunion held in Plainview

The 37th Annual Reunion of the descendants of the late Mr. and Mrs. J.M. Carthel was held Sunday, August 28th, 1983 in the Plainview Broadway Shelter House and Park. Approximately 120 guests were present for the church service at 11:00 a.m. and the lunch at 12:00. Everyone enjoyed the day of visitation and especially the church service together. Larry Golden brought

the sermon of the morning.

Guests from as far away as Dillingham, Alaska, were registered. Others present were from Perales, New Mexico, Albuquerque, New Mexico, Mountainview, New Mexico, also, Lubbock, Lockney, Plainview, Hereford, Arlington, Dallas, Friona, and Canyon.

The first three reunions were held in

the John Belt home, then later moved to the City Auditorium in Plainview. Later it was moved to the Plainview Shelter House. The only remaining Carthel descendants of the late Mr. and Mrs. J.M. Carthel are Mr. and Mrs. John T. Carthel, Mrs. Betha Cunyus, Mrs. Della Willmon, and Mrs. Milford Carthel.

New officers were elected for the next reunion in 1984. They are: President, Kenneth Wofford; Vice President, Ewell Kelley; Secretary, Mrs. Retha Wofford; and Treasurer, Mrs. Nell Kelley.

It was noted that Mrs. Milford Carthel has attended all 36 reunions, previously, but was unable to be present at this one, due to surgery and a stay in the hospital.

Exciting year expected by Genealogical Soc.

The Hi-Plains Genealogical Society will start a new and exciting year Tuesday night September 6 at the Anger Memorial Library in Plainview. A mini-workshop will begin at 6:00 in the Genealogical Book Section of the library.

Individual help will be available to those who are interested in beginning to trace their family tree. Each person should bring as many facts, family names, dates, place names and traditions as possible, so members can advise if there is research. This will be an excellent time to get acquainted with the arrangement of the Genealogical Library.

Alpha Sigma

Upsilon has booth

Alpha Sigma Upsilon, Chapter of Beta Sigma Phi had a lemonade, iced tea and cookie booth at the court house lawn Old Settlers Day May 28, 1983.

The booth was part of the ways and means project for the Chapter for the new year.

Members took turns working and helping out with the project.

Those helping were Rhonda Guthrie, Sheryl Derryberry, Jan Nichols, Nancy Jarnagin, Janice Poteet, Gail DuBois, Vikki Yeary, Barbara Edwards, and June McGaugh.

The regular meeting will begin at 7:00 p.m. in the basement meeting room of the library. All persons are invited to the meetings the first Tuesday of each month at 7:00 p.m., from Sept. thru May.

New members are welcomed. Dues at this time are \$3.00 per year.

Officers for the 83-84 year are: Jane Arheer, Lockney, president; Jay Denton and Nona McPherson, both of Plainview, co-vice presidents; Mary Lou Reams, Plainview, secretary; Mary Lou Bollman, Lockney, treasurer; Mr. Davison, Plainview, registrar; and Verdie Egger, Plainview, librarian.

Board of Directors are: W. R. Stockton, Barbara McDough, Laurence Royal, Hazel Flowers, and Verdie Egger.

Exciting programs are being planned we hope you will join us.

Campbell feted with shower

Members of Alpha Sigma Upsilon Chapter of Beta Sigma Phi met June 23, 1983 in the home of Janice Poteet.

Members gathered to honor Adeanna Campbell and her new son Austin David. Austin received several outfits, fruit juices, diapers misc. and misc. items.

Refreshments consisting of punch and thumb print cookies were served to our new mother and members by Janice Poteet.

Those present were Janice Poteet, June McGaugh, Adeanna and Austin Campbell and Vicki Ware.

Lakeview News

By Joyce Williams
Mr. and Mrs. Charlie Wright and other members of the Primitive Baptist Associational met at Cone last week-end for their annual assembly. Other members present included Mrs. Rachel Taylor and Mr. and Mrs. Tom Taylor and children of Crosbyton. Tom is now

getting around on crutches after his horse accident earlier in the summer. Lots of good fellowship and singing was enjoyed by the company from all over Texas, New Mexico and several other states. Camper hook-ups are built on grounds of the old Cone school and everyone prepares to stay.

Mr. and Mrs. James McLaugh and daughter, Marlis, took their camper to Roaring Springs Wednesday. Their week-end guest was Miss D'Lene Pearson. They swam and relaxed. On Saturday night they attended the Roaring Springs rodeo and saw many Floydada people.

Lakeview visitors at Roaring Springs Old Settlers Celebration included Mr. and Mrs. Louis Pyle, Holt Bishop, Norman Muncy, Mr. and Mrs. Q.D. Williams and their houseguest, Ford Miller of Texas Tech. Ford is a junior at major at the University this year.

Also visiting were Miss Tonja Lee of Vernon, Texas and her roommates from Vernon Regional College. Her mother, Mrs. Norma Lee of Vernon, stayed Saturday after the Roaring Spring rodeo with her sister, Mrs. Q.D. Williams, then went on to Lubbock Sunday with a load of clothes for her other daughter, Miss Lou Lee of Lubbock Christian College. Lou has been at the college two weeks, practicing with the girls basketball team.

Dean Smith was honored with a birthday party Friday at Family Fun Park in Plainview. His guests included Shane Orman and Mark Thompson. Judge and Mrs. Choise Smith took the boys out for supper also.

Mrs. Charlie Wright visited her eye doctor in Lubbock Monday. She also visited with her daughter, Mrs. Coleta Mitchell of Crosbyton.

Palo Duro Canyon was the campsite last week-end for Mr. and Mrs. Wayne McHam and boys. They took a camper on their pick-up. "Texas" was all sold out, but everyone had a good time at the campground before school started. Andy is in first grade, in Mrs. Bunjes class this year.

Miss Marlis McLaugh will play the bass drum in the high school band. She is a Freshman representative of the band this year.

Mrs. Dean Watson is an office aide at Duncan School. David started to Kindergarten; Deanna is in fifth grade, and Amanda is in third this year. Brenda held a garage sale at the home of her mother, Mrs. Tom Moore. Customers were out looking at prices with flashlights as late as ten o'clock the night before. They sold out next day and had nothing to have to carry home. She made over \$400 and is very pleased with the sale. Her brother, Steve Moore, of Kilgore was home this week-end with his guest, Miss Nancy Herring of Anton. Miss Herring teaches Home Ec.

Mr. and Mrs. Rudolph McCurdy are living the quiet life again after their three grandchildren, Cindy, Rusty and Cody, have returned to Lubbock with their parents, Mr. and Mrs. Larry McCurdy. The children were here Thursday through Monday of last week.

Miss Ashleigh Williams, daughter of Mr. and Mrs. James Williams, has a new lunch pail and attends classes at the Methodist Pre-School this year.

Mr. and Mrs. William Bertrand ate Sunday dinner with Mr. and Mrs. Harold Bertrand. Faye and William visited Jill and Martin Warren in Tahoka last week. William and Martin went on to the cow sale at San Angelo, but cattle were just as high there as here, in spite of the severe drought.

Judge and Mrs. Choise Smith and children were in Lubbock Sunday visiting his parents, Mr. and Mrs. Flukie Smith. Also saw their daughter, Miss Jody of Texas Tech. Jody, Shawnda Sanders and Misti Younger all got in the sororities they chose at the University.

School has started. The town is full of truckloads of field workers and their families from South Texas. The labor camp is full, as is every vacant lot in the residential area. Trucks are labeled from McAllen, Mission, Laredo, all here looking for work in the vegetable harvest.

South Plains News

By Mrs. Murray Julian
South Plains, August 29:
Hot, dry weather continues. School studies have started. Hopefully, the nights will soon begin to get cooler. Next week-end will see Labor Day, and most of the colleges will have begun, and people who have been on vacation will be back home and ready to face the fall duties of crop gathering. We pray that we have a late frost so the crops can mature.

Mr. and Mrs. Regina and Bobby Craddock of Sundown spent the week-end here with her parents, Mr. and Mrs. Richard Sanders, Layne and Stanley, and Renee Sanders. They were also visitors Sunday morning for South Plains Baptist Church services.

Remember Hobby Club will be held this fall season for the first meeting at the home of Mrs. Sra Probasco, with a program on Wheat Weaving. Program will be September 14, at 2:00 p.m. on Wednesday afternoon.

Last Tuesday evening the Lockney Cooperatives Annual Meeting was held and a delicious dinner followed the

meeting and several from here won door prizes there at the meeting. Leighton Teeple and family won a Food Processor, and Mrs. Sylvin Kinnibrugh and family won a card table and chairs. If there were others from here, I have not heard of them. We add our good wishes to Sterling Cummings from our area, who was elected a director.

Ray Bledsoe of El Paso has been ill and in the hospital there. He was to undergo surgery this Monday, and we hope to hear good news from there soon. Mr. Bledsoe formerly lived here at South Plains.

Mrs. Ernest Smitherman (Ruth) who has been in Plainview in the Central Plains Hospital was able to be brought home from the hospital Saturday. She is getting along well we are glad to hear.

South Plains Lockney Cooperatives office was the setting Monday, August 29, at noon, for a fish and chicken dinner. It was given by Lockney Cooperatives and Monsanto Chemicals and everyone of the community were invited and enjoyed the dinner and meeting.

Mrs. Sylvin Kinnibrugh and sister, Mrs. Edith Dillard of Lockney will be going to Truscott Tuesday where they will be attending services for their cousin, Mrs. Jess Pogue, who had passed away Saturday night at her home in Durant, Oklahoma. Services will be held in Truscott for Mrs. Pogue at 3:00 p.m. Tuesday, and interment will be there. We are sorry to hear of her passing.

Mr. and Mrs. Raymond and Nina Upton and Mrs. Elva Blum of Floydada left Wednesday for Los Alamos, New Mexico where they visited their children, Mr. and Mrs. Ronnie and Betty Upton over the week-end. They went by Canyon Wednesday and spent the night there with some of their relatives. They are expected home the first of this week.

Dr. and Mrs. Thos. Aufdemorte, Christy and Lori, arrived here on Friday to spend the week-end with Mrs. Aufdemorte's parents, Mr. and Mrs. Harold and Mildred Hamm. They left Monday for their home in San Antonio.

Farm Bureau site for Thon pledge center

Floyd County Farm Bureau will be the site for the 1983 Jerry Lewis Labor Day Telethon Pledge Center; the telephone number to call during the telethon to make a pledge is 983-3777. (Coordinating this year's pledge center is Carrie Bertrand.)

Over 100 stars will shine on the 1983 Telethon titled "Jerry Lewis' Extra Special Special", the Labor Day Telethon to benefit the Muscular Dystrophy Association. The main advertising slogan for the special show is the use of the term "THE" Telethon. Top entertainers representing every aspect of show business—from comedian David Brenner to jazz vocalist Sarah Vaughan—have already signed up for the 2 1/2 hour show.

The Telethon will air live from Caesar's Palace in Las Vegas, and be carried by some 200 "Love Network" stations across the country. The telethon will be carried locally by KLBK-TV, Channel 13 in Lubbock. Telethon emcees will be Trudi Lewis and Ron Roberts.

National Telthon host and MDA National Chairman Jerry Lewis will be joined by co-hosts Ed McMahon and Casey Kasem. Lewis' special friend Sammy Davis, Jr., will also be on hand. Among the other top entertainers who will appear during the marathon TV fund raiser are Michael Jackson, Wayne Newton, Dolly Parton, and Ben Vereen. The Jerry Lewis Telethon has led the

Nielsen rating for the past several years during the Labor Day Weekend. Over half of the TV viewing audiences at one time or another tuned to the telethon. MDA also has the most established and best fund-raising telethon compared to any other charitable TV fund-raisers.

Funds raised by the Telthon will go to support MDA's worldwide research and over 230 MDA clinics around the country where people with any of the 40 neuromuscular diseases covered by the Association receive medical care and equipment at no direct cost to them or their families. MDA has the most comprehensive patient service in the world.

Center News

by Mrs. J. E. Green
A busy weekend for some. Church well attended. Cool early in the morning. Hot by noon, and dry clear. Some white clouds.

By Monday most readers have been contacted. Most have "Now news." Just went to church, or were not at home.

Ms. Green had a nice surprise Saturday. I had been quilting all morning and had stopped to rest, when in walked my daughter from Lubbock then my greatgrand, Bo from Lubbock, then Bo's mother and Dad and Dr. Ryman, my son-in-law. My quilt was forgotten. They didn't stay long. Marg and Doc had to go home via Abilene where they have two daughters. But a short visit beats none. Yes we had a good dinner first.

Mrs. Roe Jones is home again. She enjoyed here visit to Plainview with her daughter and also her grand daughter's home.

The Henry Brewers are not at home. Mrs. Thomas Warren is preparing peas for the freezer.

Mr. and Mrs. Grady Dunavant visited Mrs. Willie Merl Sandi for Saturday evening.
Miss Opal Rogers visited the Wiley Rogers Sunday.

I had two grandchildren register in Howard Payne Monday. Clyde's baby girl Annie, and Margaret's son Jay. Our not so well. Wiley Rogers about the same, also Mrs. Ashton Alma R. Nelson was at church. Bro. Muncy not so well. Let us remember all the sick.

FARM NEWS

Farm demonstration to be held Sept. 13

The progress of scientific efforts to help farmers and agribusiness solve production and marketing problems of the Texas High Plains will be demonstrated September 13 at the 74th annual field day of the Texas Agricultural Experiment Station (TAES) at Lubbock and Halfway.

The Texas A&M University Agricultural Research and Extension Center just north of Lubbock International Airport is the host this year, said Dr. Bill Ott, resident director of research at the station. The annual program alternates between the facilities here and at Halfway, in cooperation with the High Plains Research Foundation.

Prior to the afternoon tours of research plots, newly completed research and educational facilities at the Lubbock center will be dedicated in ceremonies beginning at 10 a.m.

The field tours will begin at 1 p.m. and will feature four major stops, said Dr. Don R. Rummel, research entomologist at the station and the field day chairman.

The stops will highlight new techniques and products for weed control; development of new varieties to improve cotton fiber quality; the latest research on grapes, an increasingly important High Plains crop; and

development of drought tolerant cotton to better utilize declining water supplies and reduce irrigation requirements.

Other features of the field day will be a display of computers and agricultural programs for computers, a tour of the Texas Agricultural Extension Service Soil Testing Laboratory, and open house at the Texas Forest Service greenhouse and facility at the station.

The field day is a cooperative

presentation of TAES, the High Plains Research Foundation, the Texas Agricultural Extension Service, the U.S. Department of Agriculture-Agricultural Research Service, and the Texas Forest Service.

Professional staffs of these participating agencies will be on hand to answer questions and discuss problems with agricultural producers, home owners and gardeners, Rummel said.

War on weeds in spotlight

No matter what crop High Plains farmers and ranchers produce, a common and costly enemy is weeds. The latest scientific findings on weapons to fight weeds, including chemicals and equipment, will again be one of the featured stops at the 74th annual field day of the Texas Agricultural Experiment Station (TAES) on Tuesday, September 13.

Statistics for 1981 show that weeds were responsible for a loss in Texas of 406,000 bales of cotton alone, said Dr. John Abernathy, TAES associate professor and weed scientist. If cotton was 60 cents a pound, weeds cost Texas cotton farmers more than \$1.2 million that season, he noted.

The weed research is one of four featured stops for the field day, which will be held this year at the Texas A&M University Agricultural Research and Extension Center here. The center is north of Lubbock International Airport on Farm Road 1294, just east of I-27 at the Shallowater exit.

Motorized tours of the center and its research plots will begin at 1 p.m. and conclude at 5 p.m., Dr. Don Rummel, research entomologist at the station and field day chairman, said. A recently completed addition to the center will be dedicated in ceremonies beginning at 10 a.m.

"We will cover specific weed problems of this area, getting very specific on the herbicides, rates of application and the timing of application that look best in our research tests," Abernathy said.

One of the weeds which Abernathy said would receive particular attention during the field day demonstrations will be lakeweed. Recommendations also will be given for pigweed, nutsedge, Texas blueweed, cocklebur, devils-claw, whiteweed, rough blackfoot, morningglory, flower of the hour, spurred anoda, lanceleaf sage, and prairie sunflower.

Also to be discussed are use of several new herbicides which offer new options for some weeds and certain crops, he noted.

The weed scientist said he also will

discuss the economics of weed control. Proper and timely use of herbicides and cultural practices can reduce the number of trips across the field and reduce costs of hand labor, chemicals and fuel, as well as improve the yield potential.

In addition to the weed research, other featured stops on the tour will highlight development of new cotton varieties to improve fiber quality; the latest research on grapes, an increasingly important High Plains crop; and development of drought tolerant cotton to better utilize declining water supplies and reduce irrigation requirements.

Visitors also will be able to tour the Texas Agricultural Extension Service Soil Testing Laboratory and the Texas Forest Service greenhouse and facility at the station, as well as view a display of computers and agricultural programs for computers.

The field day is a cooperative presentation of TAES, the High Plains Research Foundation, the Texas Agricultural Service, the U.S. Department of Agriculture-Agricultural Research Service, and the Texas Forest Service. It alternates annually between the facilities at Lubbock and at Halfway.

Boll Weevil Control Program to start September 19th

Information has been received from the High Plains Boll Weevil Control Program that spraying of cotton fields infested with boll weevils will begin September 19, 1983. Applications of technical malathion (oil based) will be made on a 10 to 12 day schedule - approximately 1 to 4 applications or until the first killing freeze.

This information should be of importance to commercial beekeepers and individuals that may have a few hives, because it will allow you time to move the bees from cotton fields or take other

ELM TREES ATTACKED BY BEETLES

Elm leaf beetles are now feeding actively on leaves of elm trees. This insect is a serious pest of elm trees in

West Texas. Feeding from this insect skeletonizes the surface of leaves and premature defoliation of trees can occur. This weakens the trees and can be particularly important in dry years

like this one.

While timely insecticide applications for this pest should have been made this spring, it's still not too late to help those trees which are being excessively defoliated.

The adult beetles are oval and about one-fourth inch long. They are yellowish to olive-green in coloration with a black stripe along each side of the wing covers.

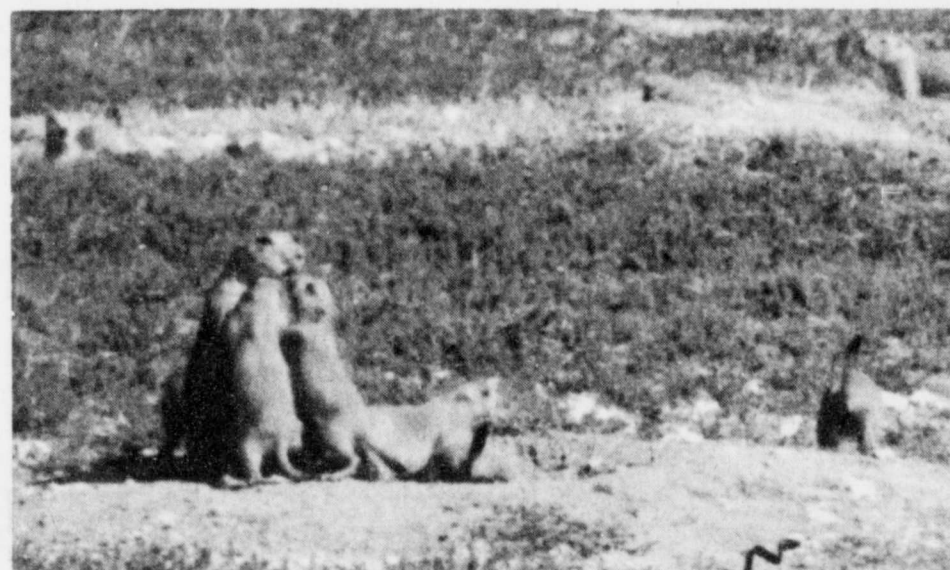

The female beetles lay eggs which hatch into small worms in a few days. These worms are nearly black in coloration and are covered with short black hairs.

To protect the foliage of elm trees from feeding damage of the elm leaf beetle, trees may be sprayed with Sevin or Orthene. Mix and apply sprays according to manufacturer's directions on the label of the chemical container.

Thorough coverage of the trees with the insecticide spray is necessary to obtain satisfactory control of this insect.

To secure additional height and better coverage of the trees, a hose-on sprayer may be tied to a fishing pole or other sturdy object and raised up on the air and sprayed on the tree. Caution should always be exercised when applying insecticides.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion, or national origin.

DOGS DAYS ARE HERE! These Prairie Dogs seem to have faired quite well despite the dry conditions that have plagued most of Floyd County this year. It's said that Prairie Dogs dig to water — there may be more truth to that than we know!

Pest Management Newsletter

General Situation

Hot, dry weather continues. Many cotton fields are "cutting out". Sorghum ranges from blooming to hard dough. Most corn fields are in dent stage.

Cotton
Bollworm numbers remain low in most fields, but eggs counts rose in scouting program fields scouted this week. I expect egg lay to peak around the middle of next week (around September 1).

Thus far, it has been a light bollworm year. For many growers it may continue to be. However, some fields will have

worm problems, check to see if they are yours. Fields most likely to have problems are those with high plant populations and/or receiving a late irrigation. Fields which have "cut out" (no longer producing new growth in the terminal) are less likely to have worm problems, but that doesn't mean that some of them won't.

On the bright side, beneficial insects appear to be increasing in many fields.

Sorghum
Spider mites are still a threat to many area sorghum fields, and will continue to be until hard dough stage. In case you are not well acquainted with the growth stages of sorghum, when the heads begin to "turn" they are mostly soft dough stage. Hard dough means what it says, the grain is hard.

Headworms are also present in many fields. With peak bollworm egg lay occurring next week, I would expect the number of headworms to increase. Check the plants by shaking the heads into a bucket or other container. Two worms or head in commercial sorghum, or one worm per head in seed production fields before hard dough stage warrants treatment.

For those of you with sorghum just blooming, I have seen no midge as of yet but I would suggest keeping an eye out for them. An average of one midge per head justifies control measures.

Corn
With nearly all the Southwestern corn borer egg lay completed, corn growers are concerned only with spider mites.

Several fields have been treated for spider mites, and if good control was achieved, they will not become re-infested. If you have not had to treat, continue to watch for mite problems until hard dent stage.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion, handicap or national origin.

Cook of the Week

DARLYNN HAMBRIGT

This weeks cook is a mother, a president, a secretary, singer and handball player. One would think Darlynn Hambrigt wouldn't have time to cook...but she does.

Darlynn and her husband have raised three children of their own and countless others that have wandered into their home with their children.

She has worked as a secretary at the Floydada school superintendent's office for the past 17 years and is the current president of the Floydada Womens Division of Chamber of Commerce.

Her three children, Craig, Grant and Treva, "accidents all" laughed Darlynn have all gotten out on their own now. Craig and Grant are both married and Treva is attending Baylor.

A 1953 F.H.S. graduate, Darlynn married Gordon Hambrigt in 1955 and has always lived in Floydada.

With the Labor Day weekend coming up, Darlynn's recipes for potato salad and Hawaiian sandwich should start anyone's Labor Day picnic off to a good start. "These are easy to make and prepare ahead of time so you can enjoy being with the family," she continued. "These are also great for Sunday dinner."

Commenting on her potato salad

Darlynn said "I just keep putting things in until it tastes like I want it to."

Potato Salad

5 medium potatoes
5 Tbs. mayonnaise
1 1/2 Tbs. mustard
1 medium onion, chopped
1 green pepper, chopped
1/2 cup sweet pickle relish
2 hard-boiled eggs, chopped
paprika for color
parsley to garnish
Salt and pepper to taste

Boil potatoes and eggs. Remove skins. Cool. Chop onions and potatoes, add green pepper and relish, add eggs. Stir in mayonnaise and mustard. Salt to taste. Garnish with paprika and parsley. Serves 5.

Hawaiian Sandwich

Slice Hawaiian bread into 4 layers. Spread top of bottom layer of bread with softened oleo, then chicken salad. Layer next layer of bread on top of this. Spread top of this layer with softened oleo, then ham salad. Layer next layer of bread on top of this. Spread top of layer with softened oleo, then pimento cheese spread. Top this with top layer of bread. Chill. Cut into slices. Keep refrigerated.

TOM POWELL instructs Richie Crow and Gary Brown on how to scramble 26 dozen eggs at one time for the Floydada Chamber of Commerce breakfast last Friday morning.

Area Savings & Loan sold in Lubbock

The Board of Directors of Red River Savings and Loan in Lubbock recently announced the purchase of 97.8 percent of the savings and loan stock by three native Texans and the appointment of Jerry D. Lane as its chief executive officer and president.

Red River Savings will change its name to Shamrock Savings to emphasize primary concern in serving the Shamrock community. The association has three Lubbock offices as well as Plainview and Dallas locations.

The new board members are Glynn Bell of Shamrock and former chairman of the board of Red River Savings, Jerry D. Lane, CEO and president, Terrell Reagan of Temple and Michael Thaxton, a native of Floydada.

Thaxton owns the Guaranty Capital Corp.-a mortgage and investment banking concern in Dallas. It is engaged in the business of arranging mortgage and equity financing for real estate projects of all sizes and types.

GCC operates on a nationwide basis and has access to funds from numerous institutional investors, private and foreign investors and the public finance markets. During the past 12 months, GCC has arranged in excess of \$200 million for various commercial, apartment, condominium and land development projects. Thaxton, age 30, holds a primary background in the area of Real Estate Finance and Investment Consulting. He has arranged over \$500 million worth of projects.

He has served as vice president of finance for the U.S. Real Estate Investment and Development Subsidiary of a West European conglomerate. He has also served as a commercial, loan officer with two major national mortgage banking firms.

Prior to this time Thaxton served as treasurer for a privately held investment concern. He began his career serving in the Financial Executive Development Program for a major Fortune 500 Company.

He is a graduate of Texas Tech in 1975 and holds a BBA degree in accounting.

National Society DAR announces plans for treaty of Pairis

Mrs. Walter Hughey King, President General of the Daughters of the American Revolution, today announced plans for DAR activities to commemorate the bicentennial of the Treaty of Paris, which established the sovereignty of the United States.

Mrs. King has just returned from Paris where she made arrangements for the DAR to host a midnight supper at the Palace of Versailles on September 2, following the Sound of and Light Show, which will feature fireworks and lighted fountains. Dignitaries from France, England and the United States will be guests at this event.

The National Society DAR will also dedicate a bronze tablet in memory of the American John Adams, Benjamin Franklin and John Jay who negotiated and signed the definitive treaty of September 3, 1783. This tablet will be placed in Yorktown Square near the tablet placed by the DAR in 1932, listing the Frenchmen who died at Yorktown.

Mrs. Gavin C. Barr, Chairman of the NSDAR Treaty of Paris Bicentennial, who accompanied Mrs. King to Paris, noted that more than 3,000 chapters in all 50 states, the District of Columbia, France and other overseas units will hold special programs on the Peace Treaty during a year-long observance. The 210,000 members will participate in numerous projects and activities to "perpetuate the memory and spirit of the men and women who achieved

American independence."

Anne Sweptston, Regent of the Buffalo Grass Chapter, NSDAR, Floydada, announced that the local Chapter will commemorate this important historical event in the history of our nation by having a program during the year about the Treaty of Paris, 1783, presented by a high school student, Rob Pratt.

The Chapter also encourages the history teachers to emphasize the importance of September 3, 1783, an asks that the churches of our area have a special prayer for peace, September 4, 1983.

Rehabilitation Services announced

Some people are so severely disabled they are not able to function under normal working conditions. Therefore, they are not eligible to receive regular vocational rehabilitation services.

To leave it at that, however, would be another waste of human energy. Through its Extended Rehabilitation Services program, the Texas Rehabilitation Commission works to keep this waste from occurring.

Extended Rehabilitation Services, established in 1977, serves those persons who are too severely disabled to qualify for regular vocational rehabilitation services. Through ERS, severely disabled persons gain a margin of self-support while working at meaningful and dignified jobs. ERS offers two major programs--Sheltered Industry Employment and Semi-Independent Living. The ERS program is funded with state dollars.

Prior to acceptance into the ERS program, many clients had been institutionalized for an average of approximately eight years per person. At the present rate of \$1,500 per month, it would cost approximately \$146,000 to institutionalize an individual for eight years, not counting costs for personal need items or clothing. It costs only \$530 per month for a person to participate in the ERS program--\$50,880 for an eight year period, or 35 percent of the cost for institutionalization. In other words, by giving this human energy an outlet, the ERS program is saving taxpayers' money. At the same time, ERS participants develop a sense of self-esteem and independence as a result of holding a productive job.

Thanks to everyone! Some sat with Chester during his hospital stay. Some sent cards, flowers and brought delicious food to our home. Some of you called with kind words of comfort. Many of you made and served a grand lunch for our huge family. Some prayed for us all. Thanks to you all. Your kindness will never be forgotten. A special thanks to Dr. Hong (such a kind man) for doing all that could be done, plus! And to all the staff at Caprock Hospital. You gave a little extra to make Chester as comfortable as possible. Thanks! Last but not least, a very warm thanks to Edell and Alton for helping all of us weather this storm of sorrow. Thank you all; you will be remembered in our prayers. Lost & Found

PAIR OF GLASSES FOUND at Crockett and Highway 70. Identify and claim at Hesperian office. tfn

I wish to thank Dr. Mangold and nurses for my stay in the hospital. Also Bro. Payne, Calvary Baptist Church, Senior Citizens, friends and relatives for their visits, food, calls, flowers and cards. Thank You Dena Myrick 9-1p

Thanks to everyone! Some sat with Chester during his hospital stay. Some sent cards, flowers and brought delicious food to our home. Some of you called with kind words of comfort. Many of you made and served a grand lunch for our huge family. Some prayed for us all. Thanks to you all. Your kindness will never be forgotten. A special thanks to Dr. Hong (such a kind man) for doing all that could be done, plus! And to all the staff at Caprock Hospital. You gave a little extra to make Chester as comfortable as possible. Thanks! Last but not least, a very warm thanks to Edell and Alton for helping all of us weather this storm of sorrow. Thank you all; you will be remembered in our prayers. Dorothy McKay Chris McKay Missy McKay Calvin McKay Renee Biggs & children Brenda Pikkarainen & children

Henry and I wish to express our thanks for the good care while I was in the hospital here and at Lubbock. We say a special thanks to Dr. Hong, the nurses that administered to my needs, to my sisters and all that was so nice to me, for the cards, telephone calls and other expressions of love and for all your prayers. We will be making our home now at the nursing home for awhile. Thanks again. Beatrice & Henry Bloodworth
