Ward brothers produce first bale

ROBERT AND RICHARD WARD [center] are presented checks by Kenneth Robertson of the Darty Gin (left) and Tom Powell, president of the Floydada Chamber of Commerce [right] for the first bale of cotton in Floydada.

While everyone else was in town whooping it up last May 28, Robert and Richard Ward were out in the field planting cotton...and it payed off.

The Ward brothers received a check for \$100.00 from the Floydada Chamber of Commerce for having the first bale of cotton in Floydada.

The Tamcot Camd-E cotton was planted May 28 on the Poole estate near Dougherty and ginned around 4 p.m. Monday afternoon.

They received \$1.00 per pound for the cotton and their ginning free. The seed brought \$160.00.

The bale weighed 562 pounds and produced 920 pounds of seed.

Earlier that same day cotton from the Glen Cooper farm near Lockney was ginned at the Lockney Gin. The cotton was hand picked by the Lockney ginners to be the first cotton ginned in the county.

Monday morning Dwight Teeple and his hands were "hard at it" stripping his cotton just north of South Plains. That module of cotton was brought in to Floydada late Monday and ginned early Tuesday morning at the Floydada Co-op Gin in Floydada.

Arts and Crafts Festival slated

According to Bill Gray, Project Chairman, exhibit space reservations are already being received for the 1983 Floydada Lions Club Arts & Crafts Festival. Art and craft objects in all price ranges will be for sale in the thirty-two booths during this annual affair.

Once again, the event will be held at the Massie Activity Center in Floydada. Doors will be open to the public (at no admission charge) from 9:00 a.m. until 5:00 p.m. on Saturday, November 19, 1983 (the Saturday before Thanksgiving). The show affords an excellent opportunity to shop for unique and unusual gifts, as well as "Showcasing" local and area artistic talents.

The Floydada Lions Club extends an invitation to all to attend this annual holiday season event. In addition to many local craftsmen and artists, exhibitors will again include artists from throughout the Panhandle-South Plains and Eastern New Mexico areas. Put November 19 on your calendar; come out and see some unusual and beautiful works of art; get a head start on your Christmas shopping lists.

Band Calendar sales underway as of today

Looking for an effective means for your organization to remind members of meetings? With school in full swing, clubs and organizations who have taken a summer break meeting again and trying to remember Aunt Sue and Uncle Joe's birthdays, ones calendar can become full in a hurry.

The Floydada Whirlwind Band and Band Boosters will for the second year sponsor a calendar to help solve the calendar "bulge".

The calendar will feature a large colored picture of the Whirlwind Band.

A unique feature of the calendar is a business directory, with the names and telephone numbers of each business listed under specific headings for quick and easy reference by local consumers.

Band Boosters will be calling on merchants who will have the opportunity to be placed on the calendar directory at a cost of only \$12.

Band students will be canvassing the community beginning September 29 selling family listings and calendars. The calendars will sell for \$2.50 each and 50 cents for each listing. A special family rate of \$4.00 will be offered which includes a calendar, each family members birthday listing and an anniversary listing. Organizations who wish to list weekly, bi-weekly or monthly meetings will be given special rates.

Among the activities that will be included on the calendar are all football and basketball games, official school holidays and inservice dates. Other meetings that are important to the whole community will also be listed.

Please note that all calendars will be presold and only that amount of calendars will be ordered by the organization. The calendar will run from January 1984 through December 1984.

Anyone who fails to be contacted and would like their families birthdays, anniversary or organizations special events listed on the calendar or to purchase a calendar are asked to get in touch with any of the Band Booster officers, members or a band student.

Officers for the organization are Mr. and Mrs. Walter Davis, Mr. and Mrs. Jerry Finley, Mr. and Mrs. Gary Pate, Mr. and Mrs. Bobby Smith, Mr. and Mrs. Doug Galloway, Mr. and Mrs. C.E. Leatherman, Mr. and Mrs. Dwayne Wilson and Mr. and Mrs. Melvin Lloyd.

DALE DERRYBERRY AND DAVID WARE will be travelling this week to Green Valley Raceway near Fort Worth to compete in a point winners meet. They have been racing their 67 Chevelle Super Sport for about one year.

Does a little red hen live in Floydada?

By Sara Probasco

Remember the nursery story about the Little Red Hen? Everyone thought her idea of baking a loaf of bread was a good one. They were all eager and enthusiastic. Yet, when she tried to get the other barnyard residents to help with the various tasks involved in bread-making, everyone had some excuse for not being able to work on it.

So, she did all the work herself--and GUESS what happened--As soon as everyone smelled the bread, fresh from the oven, they came a-running, saying, "Where's my share?"; "Where's my share?";

HERE'S ANOTHER STORY:

Once upon a time, in the land of Floydada, some of the citizens got

together and said, "Let's plan something that will be fun for the townspeople. They often say that there's nothing to do in Floydada. Let's see if they'd enjoy dinner and a play." So, a notice was put in the local newspaper announcing a meeting of anyone interested in working on such a project. And, lo! Many citizens came to the meeting, full of eagerness and enthusiasm.

And it came to pass, that a play was selected, and a director was chosen, and a date and place were reserved.

But when the time came to cast the play and to organize the committees, only a very few came to help; the others (no doubt) had some good excuses for not being able to participate.

SO -- now, it's bread-making time.

What we need to know is:

ARE THERE ANY "LITTLE RED HENS" OUT THERE TO HELP US MAKE THE "BREAD"?

If so, please call Sara Probasco (983-3834) TODAY, or come to the Floydada Chamber of Commerce office at 7:00 P.M. TONIGHT. We need:

3 males (aged 16 or older) to play minor roles

3 females (aged 16 or older) to play minor roles

Several talent acts

Behind-the-scenes workers in every area.

Don't miss out on the bread-making. Someday, the "Little Red Hens" may decide that they're too busy to do it, too!

The story of Resusci Anne

by Archer S. Gordon, M.D. Ph.D.

Dr. Gordon first saw Resusci-Anne at the Metropolitan Life Building in New York. He met a doll maker, Asmund S. Laerdal, who was showing a manikin he made for teaching mouth-to-mouth resuscitation. Mr. Laerdal and a friend of Dr. Gordon's who had brought him to see the doll maker, knew of the extensive research in the field of resuscitation. Studies had established the unequivocal superiority of mouth-to-mouth ventilation over all manual methods. But there was no effective method for training people to perform mouth-to-mouth breathing. What was needed was a training manikin which was practical, inexpensive and anatomically correct.

Resusci-Anne was a life-like, life-size manikin dressed in a blue ski outfit; her face had the unblemished smoothness of a model; her head was crowned with honey blond hair; her features were tranquil and entrancing, closed eyelids, a quiet yet puzzling expression, an unfathomable smile, sad yet happy.

When her neck was lifted and her head tilted backward into maximum

extension, her lungs could be inflated through her mouth and nose. With each inflation her chest rose and fell. The rescuer could tell by watching the chest rise and fall, by feeling the lungs expand and by hearing the air escape during exhalation, that adequate ventilation was being achieved with each breath. If the head was not extended adequately, the airway became obstructed just like in real-life. The appearance and performance were near-perfect.

After looking over Resusci-Anne, Dr. Gordon asked Mr. Laerdal about the face which made her so appealing. Mr. Laerdal responded that in addition to the original criteria set up for the training manikin, he had added that it should be life-size, life-like in appearance and esthetically appealing. As the manikin evolved, he could not find a face which really satisfied him. Then, one day while visiting his in-laws home, he saw on the wall the death mask of a young girl. He was immediately intrigued by her mystical beauty. It struck him that this mask of a person taken by

death in her youth would make an ideal face to use for teaching how to save countless lives.

This death mask was reputed to be the face of an unidentified young woman found drowned in the Seine River in Paris. There was no evidence of violence, and it was assumed by some that she had drowned herself. Her ethereal smile entranced the beholders and many stories were fabricated to explain the death of one so young and so beautiful. The circumstances surrounding her demise were never established, but some of these stories found their way into print. This enigmatic mask thus became the face and personality of Resusci-Anne.

Sometime after the meeting, plans were begun to convene a conference on resuscitation in Norway. Hopes were high that a means had been found to assure resuscitation of the near-dead by providing adequate training in mouth-to-mouth and mouth-to-nose ventilation for large masses of the populace.

The First International Symposium on Resuscitation was held in Stavanger, Norway in August, 1961, and its recommendations were published shortly thereafter in the JOURNAL OF THE AMERICAN MEDICAL ASSOCIATION. That same year, Dr. William B. Kouwenhoven, Dr. James R. Jude and Mr. G. G. Knickerbocker from The Johns Hopkins University School of Medicine developed the technique of external cardiac compression to provide artificial circulation without opening the chest. Their work, was sponsored in part, by a research grant from the American Heart Association in Maryland. Resusci-Anne was modified so that she also had a compressible chest and a sponge rubber heart which produced a palpable pulse in her neck when artificial circulation was performed effectively. She became the basic tool for providing training in cardiopulmonary resuscitation to doctors, nurses, rescue groups and the general population in a nationwide program carried out by the American Heart Association.

CAPROCK HOSPITAL nurses Louise Summers and Vickie Garcia demonstrate "Resusci Anne" donated by the Caprock Hospital Auxiliary to the hospital.

President Pernell led in reading the Creed and then adjourned the meeting. The next meeting will be October 18 at 10:30 a.m.

JAC's meet Sept. 20

The September meeting of the Dougherty JAC's was held September 20 at 10:30 a.m. in the school auditorium.

President Grant Cage called the meeting to order and the Pledge of Allegiance to the Flag was led by Flag Bearer Todd Cage. Officers for the school year 83-84 were elected: President, Tricia Pernell; Vice President, Ross Colston; Secretary, Noelia Huerta; Flag Bearer, Todd Cage; and Song Leader, Rance Pernell.

Newly elected president Tricia Pernell called on Rance Pernell to read a paper on "The Paris Treaty of 1783."

Hale named ABFP diplomate

Dr. Samuel Andrew Hale, Jr., of Floydada, has been named a diplomate of the American Board of Family Practice (ABFP) as a result of passing a certification examination offered by the ABFP. The physician is now certified in the medical specialty of family practice.

The intensive 2-day written examination is designed to prove the candidate's ability in the areas of internal medicine, surgery, obstetrics and gynecology, pediatrics, psychiatry and community medicine.

To qualify for the examination a physician must have successfully completed three years of residency training in family practice. There are some 385 such training programs in teaching hospitals and university medical centers

across the United States.

ABFP diplomates also must continue to show proof of competence in the field of comprehensive, continuing care of the family by being recertified every six years. No other medical specialty requires diplomates to prove competence on a continuing basis.

The latest group of diplomates brings the total number certified to more than 30,600. Most are members of the American Academy of Family Physicians, the national association of family doctors. The Academy was the first national medical group to require members to take continuing medical study, and was chiefly responsible for securing specialty status for family practice.

by Dorothy Neff

By the time this is printed I will be back home sewing, cleaning house and going again.

I have enjoyed having this week with these dear people.

It was a busy week and everyone had a good time.

We didn't let the cold weather interfere with our ice cream party Tuesday afternoon. Neely and Zelma Richerson made ice cream for everyone and Shirley Varner, Mary Adams, Mary Corley and Leona Neff of Companions 'n Caring were here to help serve.

Jessie Stewart baked an angel food cake and served it with coffee Wednesday morning. Those attending were Sue Thompson, Lura Brashers, Ollie Birnie, Ruth Benson, J. C. Wester, Ona Jamerson, Alta Probasco, Francis Childs, Bennie Wilson, Addie Lindly, Anne Lee Brown and Edell DeBois. We had as our guest Letha Lightfoot and Artie Webb.

We want to thank Mary Corley for helping with our ice cream party this week. Everyone enjoys Mary's piano playing.

We went to Plainview on our bus trip this week. I think this was the first time the bus had been to Plainview this year. Una Clark suggested the trip. We stopped by Mr. Burger downtown and they sent the drinks up to us. Everyone thought this was nice. Those enjoying the trip were Una Clark, Addie Lindly, Lura Brashier, Bennie Wilson and Iva Simpson. Mrs. Velva Pricer was at the home in time to go with us. We enjoyed having her along.

Mr. Lawrence and Sue Thompson didn't feel well so they didn't go.

We want to thank Mrs. John Walters for the apples. I am sure the residents will enjoy a cobbler made out of them.

1934 Study Club hold meeting September 20

A new year began for the 1934 Study Club with a "South of the Border Meal" in the home of Mrs. Floyd Bradley on September 20, 1983.

Mrs. A. L. Wylie voiced a prayer of thanks for the meal provided by the Program Committee which consisted of chips, rice, taco filling, lettuce, tomatoes, onions, black olives, coconut, sour cream, and picante sauce. Orange sherbet, coffee and tea completed the meal.

During the business meeting dues were paid and the program chairman distributed yearbooks and previewed programs for the year.

Mrs. Milton Ashton introduced special guest, Mrs. Jimmy Finley, a third grade, bi-lingual teacher in Duncan Elementary. She spent five weeks in Mexico as part of her degree plan during her senior year at Tech. Rosemary and another student lived with a "middle class family" in San Luis Potaci and at various times toured several cities. Among them were San Miguel where the first battle of the Mexican Revolution was fought. It is now a prominent "artist colony".

Guanajuato has an interesting museum housing "Momias". These are mummies that were found in paupers graves just outside of cemeteries. The best markets were found in Guadalajara, according to Rosemary, but the quality of life in Mexico City she found disappointing, with its smog, housing more befitting a border town and little hint of a thriving metropolis of 17 million.

Mr. Bradley led the members in "the Club Collect" before adjournment. Those attending were guest Mrs. Finley and members: Mmes. Milton Ashton, Wilson Bond, Floyd Bradley, W. H. Bunch, W. L. Davis, Dennis Dempsey,

Garland Foster, J. S. Hale, Jr., Anthony Latta, Floyd Lawson, Vernon Parker, L. D. Simpson, George Springer, L. B. Stewart, G. W. Switzer, W. W. Trapp, J. R. Turner, Walton Wilson, A. L. Wylie.

Tulia sets 'Winds

Last weeks rivalry between Floydada and Tulia was accentuated by the fact that former head coach L.G. Wilson was coaching the Tulia Hornet team. Although the Whirlwinds were defeated 21-19 by the Hornets, Head Coach Joe Paty said "the entire team played a good game." Whirlwind John Wayne Foley put Floydada's first points on the board after Patrick Lloyd blocked a Tulia punt

and Foley recovered it in the end zone for a touchdown. Whirlwinds Micheal Saens and John Foley scored once each in the second half on runs of four and five yards. Head coach Joe Paty recognized the entire Whirlwind team as outstanding players. The Whirlwinds will be facing the top ranked Littlefield Wildcats this Friday night at 8 p.m. in Littlefield.

UGH!!! Whirlwind Fernando Arvizu grabs him a Tulia Hornet in last Friday night's game.

last Sunday. Mrs. Jan Nichols and her sorority Sigma Upsilon, helped decorate the stage for the Little Miss Pageant at the Floyd County Fair.

Jim Nichols went dove hunting last week-end with David Cates.

Hunter Smith showed two lambs at the county fair and won second and third places.

Judge Choise Smith and son, Dean, attended a sheep sale in Vernon last Saturday. His mother, Mrs. Flukie Smith, is back at work at Dillard's, after recovering from a recent illness.

Mrs. Viola Brown ate lunch at the Crosbyton Senior Citizens last week. She also attended the Crosby County

Fair. Her cousin, Georgia Mae Erickson, worked in the Mt. Blanco Home Demonstration booth at the fair where club ladies sold popcorn and fresh country eggs along with other products from their community. All had a lot of fun.

Mr. and Mrs. Dean Watson attended the Floydada DECA barbecue last Friday before the football game.

Mrs. Edmund Brown helped at the Crosby County Country Store at the Ranching Heritage Center Day at the Lubbock Museum last week-end.

Among those in Amarillo last week for the Railroad Commission hearing on major oil companies versus independent

oil companies were Mrs. Q.D. Williams and several from Lubbock, Paducah, Flomot and many from all over the Panhandle. The meeting was opened at Amarillo College to a standing room only crowd of outspoken land and royalty owners. Repeatedly, the audience was cautioned to control their emotions and to refrain from comment. On Friday the meeting was suddenly adjourned to Austin the following Tuesday, at a safe distance from the West Texas. Some landowners declared their land had been leased by major oil companies for over forty years and one drilling tied it up, with no further effort or release made. The superintendent of the McClean schools said if it were not for aggressive independent oil and gas companies his town would be a ghost

town and school taxes would go up 40%. Landowners of oil leases, dating back to the earliest days of oil and gas exploration in the Panhandle seek present day prices for their minerals brought up by major companies who pay nickels and dimes for what the company gets dollars. One attorney observed that the major oil companies have been getting to the landowners for decades, and now the independents are doing the same to the majors, but are paying more taxes to the general public and to the landowners, so are the favorites.

Mr. and Mrs. Dee Moses went to Abilene over the week-end to see her brother play football for his college, Northwestern State University of Louisiana vs. Abilene Christian University.

A.C.U. won in the last minute of the game.

Austin and Ashleigh Williams and their grandmother camped at Roaring Springs Friday and Saturday. Austin has recently joined Cub Scouts and was delighted to discover a group of Webblows at the neighboring campsite. They invited him to join in their games and he took his supper on a tin plate and ate around their campfire with them also. Ashleigh climbed a tree to keep an eye on everyone. The full moon shone right through the canvas of the Williams' tent, a bright, beautiful cold night. Next day they picked up green pecans and went walking.

Mr. and Mrs. Smoky Quilantan attended the barbecue at Mt. Blanco Gin last Thursday. Smoky is working

there now. Many from both communities and other communities attended. Miss Mary Ann Quilantan is sophomore representative on the High School Student Council this year.

Mrs. Robert Pyle helped with her daughter, Amber and other Brownies at their outing at Buddy Holly park in Lubbock two weeks ago. They made kites and gliders and enjoyed a picnic. Mary Elizabeth Sims is Scout leader for Amber's troop.

David Pyle stayed with his brother, Robert, and family while his parents, Mr. and Mrs. Louis Pyle, were out of town.

Temperatures dipped to 32° last week. Warm days are back in the high 80's, but cotton and gardens have already been nipped by the freeze.

HUNTER SMITH was one of the 4-H winners in the Floyd County Fair with his 2nd place medium weight Hampshire lamb.

FFA Report

by Haney Robertson [FFA Reporter]

At a meeting of the Floydada Chapter of the FFA, three orders of business. The first order was to set this year's FFA dues. The dues were set at \$10.00. Next we had to elect on an FFA Sweetheart and Plowgirl. This year's Sweetheart is Christy Pruitt and the Plowgirl is Cindy Marble. Christy will represent Floydada at the District Sweetheart Contest. After the meeting the FFA had a watermelon bust. The watermelons were supplied by Brent Williams.

At the Lockney Fair Livestock Show there were five people who are FFA members showing lambs. These were:

Shannon Shurbet, Johnny Jones, Doug Bigham, Joe Faulkenberry, and Haney Robertson. Johnny Jones won Reserve Breed Champion Suffolk and Doug Bigham won Reserve Breed Champion Fine Wool. Both received trophies.

This coming weekend and next week the South Plains Fair is going on. Quint Anderson will be showing a fire wood rack in the Ag Mechanics Contest. Brent Williams and Coy LaBaume will show pigs in the Livestock Show.

Through the dates of October 1 to November 1, the FFA members will be selling fruit, ham and turkeys. Be sure to buy a box or two from an FFA member.

STRIPPERS started harvesting at the Dwight Teeple farm Monday. Two bales of cotton were ginned that day in the county.

Hunting season requires safety

As the main hunting season begins in Texas, safety should be the foremost concern in using a firearm, says the Texas Medical Association.

This applies particularly to hunters under age 21, who cause almost 60 percent of gun casualties. Persons in this age group also make up about 40 percent of all accident victims. For this reason, hunter safety programs in Texas concentrate on the young hunter.

But safety while hunting applies to all ages. As guidelines, the Texas Department of Parks and Wildlife lists the Ten Commandments of Firearm Safety:

- Treat every gun as if it were loaded.
- Be able to control the direction of the gun's muzzle even if you should stumble.
- Be sure the barrel is clear of obstructions. Use only ammunition of the proper size for the gun you are carrying.
- Unload guns when not in use. They should be carried in cases to the shooting area.
- Never point a gun at anything you do not want to shoot. Avoid all horseplay with a firearm.
- Never climb or fence or tree or jump a ditch with a loaded gun. And never pull a gun toward you by the muzzle.

--Be sure of your target before pulling the trigger.

--Never shoot a bullet at a flat, hard surface or at water. During target practice, be sure your backstop is adequate.

--Store guns and ammunition separately beyond the reach of children and careless adults.

--Avoid alcoholic beverages before or during shooting.

GILBERT SCHWERTNER [right] son of Mr. and Mrs. August E. Schwertner, an agriculture economics major, received his Lone Star Farm Degree by Randy Brady, past State FFA President in San Antonio July 15.

Director election to be held

An election for a director to serve in Zone 5 on the Floyd County Soil and Water Conservation District Board is scheduled for Tuesday, October 4, at the County Agents office in Floydada. The election will be held at 7:30 p.m.

State law decrees that anyone wishing to vote in the election or hold the office of director must own agricultural land within the zone, live in Floyd County and be at least 18 years old. Both husband and wife may vote. The director also must be actively engaged in farming or ranching. Zone 5 is the southwest part of Floyd County, the west and south boundaries is the county lines. The east boundary is US 62

(Floydada-Ralls highway) and the north boundary is US 70 (Floydada-Lockney-Plainview highway).

National 4-H Week OCTOBER 2-8

4-H has a proud 75-year heritage that forms the basis of this year's National 4-H Week theme "4-H: Building On Experience."

Interest in this 75-year-old youth program is as strong today as it was when the ideas originated in 1908. During the past year over 600 Floyd

County boys and girls have participated in 4-H activities and projects of all kinds.

The 4-H program has expanded tremendously from the boy's "Corn Club" and girl's "Tomato Club" that were started in 1908 by Tom Marks. Today, 4-H members can broaden their skills and knowledge through more than 70 project areas. Though Agriculture and Home Economics projects are quite popular, 4-H'ers can also participate in many other projects such as photography, wildlife, aerospace, and safety.

By providing useful knowledge to help youths develop as leaders of tomorrow, 4-H has enabled many young people to gain insights and experiences in careers they would enjoy. 4-H members also gain valuable leadership experiences and learn practical skills which can be used for a lifetime.

October 2-8 will be National 4-H Week which is a special time for 4-H members and leaders to promote the nation's largest youth organization. The 4-H'ers of Floyd County plan to thank all of the supporters of 4-H by having a "Friend of 4-H" Day in Lockney and Floydada.

Youths from all backgrounds can enjoy the unique learning experiences that 4-H has to offer. Through their 4-H experiences, these young people can play an important part in a more satisfying and rewarding future for all Americans.

4-H volunteers have major impact

Although no monetary value can be placed on the impact 4-H volunteer leaders have on the youth they work with, the value of their time and out-of-pocket expenses is estimated at about \$1 billion annually.

The recognition of volunteers and their contributions to the 4-H program are given special emphasis during National 4-H Week, October 2-8.

Last year more than 619,400 volunteer adult, junior and teen leaders assisted 4-H youth across the nation. Texas alone has some 22,000 adult and teen leaders.

"Volunteer leaders are the real key to the success of the 4-H program--the backbone of many 4-H events and activities," says Tom Davison, state 4-H Leader with the Texas Agricultural

Extension Service, Texas A&M University System. "They give unselfishly of their time and resources to help young people grow and develop."

The average 4-H volunteer donates 220 hours each year in preparing for and teaching youth. That means that for each hour an Extension Service staff member spends in 4-H, a volunteer spends 12 hours. The volunteer drives 300 to 400 miles for 4-H each year, in a personally-owned car, and spends \$50 to \$60 on teaching materials.

"Many of the contributions of 4-H volunteers cannot be itemized and counted," notes Davison. "Volunteer leaders have a big impact on the lives of 4-H'ers, not only in their project and activities, but as they pursue careers often chosen as a result of 4-H experiences."

4-H Projects-Where The Learning Is

4-H projects are where the "real" learning takes place. 4-H offers exciting projects and activities for every young person between the ages of 9 and 19 who has a curious desire to learn.

4-H encourages "learning-by-doing" and provides citizenship and leadership skills. 4-H wants to involve all youth--rural, urban, suburban, teens and pre-teens, and from all races, creeds, ethnic and economic backgrounds. 4-H youth learn, work and play together.

In 4-H, young people can learn how to make things, grow things, take care of things and repair things in a wide variety of projects.

And the great part about the whole program is that 4-H youth can select what they want to do. Projects include things such as nature study, wildlife, entomology, animal science, beef cattle, horse and pony, dog care, plant science, gardening, field crops, home economics, foods and nutrition, clothing, automotive, bicycle, small engines, mechanics, electricity, personal development, citizenship, leadership and public speaking.

4-H has a lot to offer. So if you have a desire to learn and want to get involved in an action-oriented program, contact the Floyd County Extension Office at 983-2806.

Local 4-H Clubs to honor supporters October 4th

Both the Lockney and Floydada 4-H clubs will be hosting special "Friends of 4-H Appreciation Days" during National 4-H Week, October 2-8.

Both clubs plan to serve FREE coffee and various refreshments to everyone who attends. The purpose of these events is to honor individuals, civic organizations, businesses, and others who support the 4-H program in Floyd County. It is 4-H's way of saying "Thank You" to local friends of 4-H. Lockney 4-H's Appreciation Day will

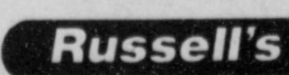

be Tuesday, October 4, at the First National Bank in Lockney. Approximate times will be from 9:00-11:00 a.m. and 2:00-4:00 p.m.

Floydada 4-H's Appreciation Day will be Thursday, October 6, at the First National Bank in Floydada. It is also scheduled from 9:00-11:00 a.m. and 2:00-4:00 p.m.

Both clubs extend invitations to all 4-H supporters and friends to come by and join them for free coffee and refreshments!

CAPROCK HOSPITAL nurses Louise Summers and Molly Stringer show off the hospital's new Fetal Heart Monitor. The monitor shows the mother's contractions as well as the baby's heart rate. While the mother is in the first and second stages of labor, the monitor gives a digital readout of the mother's heart rate.

A Special Thank You

I believe our greatest need in our world today is love for each other and our Lord. And certainly it was expressed for my mother (Mrs. Walter Wood-Kate) through your thoughtfulness in all you gave so graciously - your time, food, flowers, memorials and just being there to make our last hours with her easier.

We appreciate and love all of you and ask God's blessings for each of you.
Bess Wood-McCown

I want to say thanks to the doctors and nurses and all, my friends for being so nice to me while I was in Caprock Hospital.

We would like to express our appreciation to the following businesses and individuals who go that extra mile in supporting our fair!

By purchasing carnival passes for promotional purposes: Lockney Coop, Patterson Grain, Consumer's Fuel, Paymaster Seed, and Western Limited of Lockney; Consumer's Fuel of Floydada; and Providence Farm Supply.

For donations of chemicals, door prizes, and items necessary to put the fair on: Lockney Coop, Sunvue Fertilizer, Mize TV, Lighthouse Electric, Potpourri Creations, Under the Eaves, Cynthia Bybee, Kathy Kellison, Ginger Mathis, Kathleen Thornton, Lucille Frizzell, and the Little Red Rooster Craft Shop, and Williams Florist.

For donating time working on the grounds or at the gate: Robert Webb, Tom Marr, G. A. McAda, Lockney Rotary Club, Lockney Lions Club, and the Lockney Volunteer Fire Dept.

Also, we would like to thank those who advertised in our catalog, worked in each department at the fair, and all who attended the 1983 Floyd and Surrounding Counties Fair. Without each of you, the fair could not go on!

We hope to see you again in 1984!

The week of September 14-20, was indeed a busy week for R. C. Andrews School Library. During the last period on Tuesday, September 13, 6C home-room boys helped set up the display racks of hundreds of books for the beginning of our Book Fair, which began on Wednesday, September 14, and continued through September 20. The annual "Open House" at R. C. A. was Tuesday night, September 20 and the fair was scheduled to continue through that night. Many parents visited the library and were most generous in permitting their children to purchase books. (The library netted 161.11)

I want to take this opportunity to express my appreciation to those who contributed so much toward making the book fair a tremendous success. Charlene Brown, who not only coordinated the fair, but worked many periods during the week, deserves a special note of thanks, and credit for a job well done. (This is the second year Charlene has set up the fair for R.C.A. School).

Others contributing their time are: Stacy Hancock, Brenda Watson, Pauline McCormick, Glenda Livingston, Barbara Nutt (twice), Pat Zimmerman (twice), Vicki Cates (2 shifts Tuesday night), Sue Crow, Linda Hinsley (twice), Rebecca Burns, Linda Matsler, Linda Jackson, Sarah Hinsley, Joyce Anderson (twice) and Ann Glasscock.

On Tuesday night, several volunteer students served as a "welcome committee" in the library. My thanks to Jo Lee Ellis, Quetha Roberson, Valency Zumwalt, Roxene Brown, Heather Henderson, Mike Schneider, Cammy Hancock, Delinda Jackson, Criselda Hernandez, Libby Anderson, and LaJuana Turner. (sixth grade students)

Sincerely,
Sally Galloway
