### a view from The Lamplighter

By Ken Towery

Many years ago, when I was a reporter in Austin covering politics and government for a chain of Texas newspapers, the House of Representatives was presided over, for one or two sessions, by a particularly inept Speaker. The Speaker held a Ph.D. in "education", but somehow his formal education did not extend to matters of government.

On one occasion I was complaining to a lobbyist who had backed the Speaker for his post, chiding him for helping saddle the House (and the State) with a person whom I regarded, rightly or wrongly, as being of small calibre. His response has stuck with me for all these years.

"Ken, don't knock him," he said. "He's alright. He's just like a plantation field hand. Every Saturday night he has to have a little money."

He added, "He is what we in the lobby call an expensive keeper."

The message was clear, if the lobbyist was telling the truth. At any rate things have changed somewhat. Now the whole process is surrounded with legality and moral uprightiness. There are now "office-holder accounts", which have the color of legality, if not the morality of it. The "expensive keepers" are still with us, in spades.

The difference between now and then is that the office holders are supposed to report the gifts they receive, and the manner in which they spend money from their separate slush funds. Those reports have now been filed, and they make interesting reading. Our six top office holders report spending more than two million dollars (American money) in 1983 from their separate "office-holder" accounts. Apparently Governor Mark White led the list. He spent some \$900,000 in 1983, with a little over \$500,000 going to make payments on loans advanced to him during his campaign. The rest went for a variety of worthy causes such as entertainment, hotel bills, flowers, transportation, whatever.

Our Lt. Governor, Bill Hobby, raised \$629,637 and spent \$202,822. Hobby spent \$46,700 of that for liquor and food for a number of political receptions. So it goes. Our Attorney General Jim Mattox, who is our chief law enforcement officer, spent \$50,000 of his \$200,000 fund for pre-trial lawyers' bills to defend himself against a felony indictment on commercial bribery.

There is no real need, one supposes, to recite the entire list, or all the expenditures. You get the picture.

Since it is all legal, I don't suppose we can say it is wrong. But nevertheless it is worrisome. We hear a great deal these days about the supposed corrosive influence of "PACs" or political action committees who give money to political campaigns. For my money the "office-holder accounts" pose a far greater danger, if danger is there. The PACs at least take their chances when they pay their money. Their candidate may lose, and then they are out in the cold. Those who give to the office-holder accounts are betting on a sure thing. They know it, and the politicians know it.

Whether it is wrong or right, one thing is certain: We now have a whole nest of "expensive keepers" en-counsed in our top state offices.

On another note: The Border Patrol reports they caught more than one million illegal aliens during the past twelve months, and they estimate this year the figure will be much higher. During the three months between September and December of 1983 the figure jumped 19 percent, to 204,136. The Patrol estimates they get less than one in four. Congress may get another shot at reducing the flow this session, but one cannot be overly optimistic. A bill addressing the problem was up for passage last session, only to be stopped by House Speaker Tip O'Neill. He stated publicly that the reason he killed it for the session was that it was "aimed at our kind of people".

## Annual Show kicks off

This 30th Annual Floyd County Junior Livestock Show will be dedicated to the memory of Dusty Burleson, agriculture major at Clarendon Junior College who was killed in an auto accident last December. The show will begin Sunday, February 19, with the county show barns opening at 12 noon.

The show barns are located on the rodeo grounds in Floydada. Entry fees are \$5 per head for steers and \$3 per head for lambs and barrows.

Judges and classifier for the 1984 show are: Steer Judge, Richard Spencer; Swine Judge, Ed Stanley; Lamb Judge, John McNeill; and Classifier will be Gary Stanford.

The show will conclude with a banquet Thursday night for 4-H and FFA exhibitors and parents to be held at Lockney Elementary School Cafeteria

**KELLIE PITTS, 17-year-old daughter of Kenneth and Vickie Pitts, is representing the 4-H chapter as stock show queen candidate. A sophomore at Floydada High School, Kellie was on this year's varsity basketball team and has been on the varsity track team last year and is also a team member this year. She was the 1983 Rodeo Queen. A 4-H council delegate, she has been a member of the grass identification team the past year and again this year. Kellie has been on the flag corps the past two years.**

## New bridge requested for draw

In Monday's regular meeting of the commissioners court a request was made before them by Mel Pope, Donald Gowers, and Ted Moore to channel on either side of the running water draw 1 1/2 miles south of Sandhill on Highway 378 for maintenance purposes. Representatives of the Texas Highway Department said that nearly \$110,000 had already been committed for this project by the department. The project would consist of raising the flow line and constructing a new bridge. They explained the state could pay anything for right-of-way on a farm-to-market road. Landowners, James Jeffress and J.W. Becker, would continue to have full use of the right-of-way land after construction is complete and the right-of-way is reseeded. Commissioners Sam Spence and Bob Jarrett agreed to meet with landowners and report back to the court at the next meeting.

County Auditor Bobbie Hamilton reported \$648,542 in 1983 taxes had been collected as of 1-31-84 for a total of 85.71 percent of the total taxes and 77.13 percent of the tax levy. An addition \$14,075 in delinquent taxes had been collected by the same date.

in Lockney. The banquet, sponsored by the Floyd County Farm Bureau, will begin at 7 p.m.

The schedule of events are:

**Sunday, Feb. 19th**

12 noon - Barn opens

2 p.m. - Weigh barrows

6 p.m. - All barrows and lambs must be in place

**Monday, Feb. 20th**

8 a.m. - Weigh steers

9 a.m. - Weigh, classify and tooting lambs

10 a.m. - Steer classifying

5 p.m. - Barrow judging

**Tuesday, Feb. 21st**

9 a.m. - Lamb judging

2 p.m. - Steer judging

**Wednesday, Feb. 22nd**

7:45 a.m. - Livestock judging

11:30 a.m. - Buyers luncheon

1 p.m. - Premium sale

There will be a showing for the Pee Wees the 18th of lambs, 8 a.m.-9 p.m. After lunch they will show pee wee barrows and pee wee steers and Jerry Hawkins will be the judge. A \$3 entry fee will be paid upon weighing.

Floydada FFA and 4-H sweethearts have begun membership card sales for the show. This year's 4-H and FFA sweethearts are: Christy Pruitt, FFA, and Kellie Pitts, 4-H.

The sweetheart that collects the most membership dues will become the 1984 Floyd County Junior Livestock Show Queen.

The executive committee is headed by Albert Scheele, president; Michael Hinsley, vice president; and Larry Barbee and Gary Brown, secretary-treasurer.

We hope all of you turn out for the show and help us support everyone who participates.

## Landowners meet with Commissioners

Some of the landowners adjacent to the old Baker Road and those lying in the path of the extension of that road tentatively planned to join to Lakeview Road FM 1958 met with commissioners at the close of the regular commissioner court meeting held Monday at the county courthouse. The commissioners' court had petitioned the state to repair and maintain county road in October and the state granted that request.

Landowners attending were G.L. Fawver, A.C. Pratt, Mrs. Myrtle Klattenhoff, James Lee Nichols, Louis Pyle, Kenneth Willis, Henry Willis, Johnny Dunlap, Tommy Farris and Gene Edmiston. Mr. Murlin Bennett, right-of-way specialist for the Texas Highway Department, of Plainview had been in close contact with County Judge Choise Smith and Jack Lackey, commissioner of Precinct No. 4 in the recent weeks. Smith carefully explained the recommendations that had been made by Bennett in regard to a tremendous savings in constructing the road by varying the additional 20' necessary for the state, increasing the width of the road to 100', sometimes to one side of the present roadway or the other to avoid irrigation wells, gas lines, an excessive distance of telephone line, and some tile line, highlines and fences. Basically, the additional 20' would fall to west and north of the present roadway. The estimated cost to the county would be in excess of \$100,000 if the road was constructed with a straight 10' width taken on each side as it is laid out now.

The large majority of the landowners present were in favor of the road, and their response was optimistic and enthusiastic. "It's definitely an asset. I'm all in favor of the roads and as soon as we can get it," stated Pratt, a landowner who could have some of his property divided by the new road.

Willis, Pratt and Mrs. Klattenhoff ask the court to request the Texas Highway Department to make a gradual variation of approximately 100 yards at the end of the present road to the west, so that by the time the roadway

**CHRISTY PRUITT, 18-year-old daughter of Weldon and Jane Pruitt, is this year's FFA stock show queen candidate. Aside from being a queen candidate, she is also showing animals in this year's stock show. Christy has shown animals for nine years under 4-H and FFA. She has been elected to student council three years and was the secretary for one year at Floydada High School. She has also been involved in band, where she played the French horn and was on the flag corp for two years. Her hobbies include water skiing and showing pigs. Being FFA sweetheart, she is now selling memberships to the livestock show. Anyone interested in buying one may contact her.**

## Reward offered in auto vandalism

A reward of \$100 is being offered by CRIME CALL for information leading to the arrest of the person or persons responsible for a number of tire slashings on Saturday night, February 11. The incidents occurred at several locations in Floydada, and involved twelve vehicles. Anyone having this information is urged to call CRIME CALL at 983-5200. Callers do not have to identify themselves.

Block Captains of FLOYDADA NEIGHBORHOODS WATCH are urged to be on the look-out for vandalism of this type and report such activities to the authorities. Doug Brewer, Floydada Chief of Police, stated, "This type of crime against property will not be tolerated! Persons arrested for suspected vandalism will be held

accountable for their actions and charged to the full extent of the law." Chief Brewer added, "Texas law provides that parents of juveniles arrested in connection with vandalism of public and private property can and will be held responsible for property loss in vandalism and criminal mischief activities."

Citizens are advised that CRIME CALL offers rewards for information on all unsolved felony crimes occurring in Floyd County. CRIME CALL is supported entirely by private funding and tax-deductible contributions may be made at the 1st National Bank of Floydada, 1st National Bank of Lockney, or may be mailed to: CRIME CALL OF FLOYD COUNTY, INC., 122 E. California, Floydada, Texas, 79235.

## Attention!

### Parents/Students Night

A very important meeting to explain the change in the high school curriculum and graduation requirements will be held next Tuesday, February 21, 1984, at 7:30 p.m. in the high school auditorium.

All parents of 8th, 9th, 10th, 11th grade students will find this program especially informative.

Basically there will be three types of transcripts available and students will be required to make a choice of which transcript they want.

Parents of 8th grade students will need to come to the program and sign for their students or set up an individual conference. This will be the first class to graduate with this new program in full implementation and that is why it is necessary to have a good understanding of the new program.

### Grade day hassles examined by National Institute of Education

If you have a child in school, you know about Report Card Day, that fateful day of reckoning. Will your pride and joy come bouncing home bursting with happy news, or will it be time once again to review the Sad Parade of Excuses? What can a parent do to help the young one succeed?

The National Institute of Education has prepared a booklet that describes many new and innovative techniques that can help both you and your child have a happier Report Card Day. Based on recently conducted research, "How To Help Your Children Achieve in School" includes a five-step study plan for better school performance. For your copy, send \$3.75 to Consumer Information Center, Dept. 109M, Pueblo, Colorado 81009.

How well a child does in school depends in large part on the child's study habits. There is no substitute for hitting the books, and no short-cut to getting an education, says the National Institute of Education. Yet many students do not believe that the hours spent studying or the amount of work they do will make the difference between success and failure. It's far easier to blame failure on unfair teachers, or distracting classmates, or bad luck or twenty other reasons, rather than admit they just didn't do the work.

Many young people claim there are not enough hours in the day to do all the things they want to do — and study too. There may be some truth in that, but most often there is not a shortage of time, but a lack of planning. To encourage better use of time, have your school-agers draw up a weekly schedule. By writing down how they spend their days, hour by hour, young people may be surprised how much time they are wasting. By organizing their time,

planning their study hours, and sticking to the schedule, they may find they actually have more time for "fun things." Encourage your youngsters to be faithful to the schedule, and make sure they have a reasonably quiet, well-lighted place to study, far from the television and the blaring radio.

You can also help by taking a daily interest in your children's school work and reviewing homework assignments with them. Ask them to give a summary of a chapter they have just read, or to explain how they solved a math problem. By asking specific questions, you can help them focus their thinking and see where their weaknesses are.

### What is Foster Care?

Foster Care is a program designed to provide a substitute family life experience for a child in an agency approved household, who needs care for a temporary or extended period of time. During this time the child's biological family is either non-existent, or dysfunctional.

The primary goal of Foster Care is to reunite families or to insure the child will leave Foster Care for a permanent placement. Foster Care is founded on the premise that all children have the right to physical care and educational and emotional nurturance.

Foster parenting is not a lifetime commitment to a child, but a commitment to be meaningful during a child's lifetime.

## Chamber Clips...

By Susan Garms

Is it REALLY safe to go into the Chamber offices these days? Sure it is, all you have to do when you walk in is say, "I don't want to hear about your trip." (You might also mention that you don't want to see any pictures, etc., to be completely safe.)

\*\*\*\*\*  
Congratulations to Judy Allen on her election to the Presidency of the Women's Division of the Chamber of Commerce. Her dedication and work effort have already been proven in many other endeavors and she will do a fine job for them. Other officers to be recognized are Cindy Williams, Vice President, Nettie Ruth Whittle will continue as Secretary and Emily Johnston will serve that organization as Treasurer. The Women's Division Annual Salad Supper and Style Show has been tentatively set for April 9.

\*\*\*\*\*  
Failure is not falling down, it's staying down.

\*\*\*\*\*  
THERE WILL BE TWO CHAMBER TRIPS THIS YEAR! As soon as we can get a Dallas Cowboys schedule, we will set a date for our annual football game trip. Plans are really sketchy as yet, but we may take a bus this year on Saturday morning (early), get into Dallas to a fine hotel in the early afternoon, have free time that night, a fabulous buffet brunch on Sunday before the game, and then after the game ride the bus directly back to Floydada. In this way we will be able to provide a trip that is not cost prohibitive and satisfy our Cowboy fans at the same time. Plans for the other trip were begun last year in a buffet line in New Orleans. Everyone had had such a great time that they all wanted to go to San Francisco in 1984. We have to have 15 couples to make the trip and we have 7 already. Of course it won't be limited to that number. This will not be a football trip. We will fly into San Francisco on Friday and take at least two tours. The Bay and Alcatraz and the Muir Woods and Sausalito. We have received quite a bit of information from the San Francisco Visitors and Convention Bureau and it will be hard to decide on the entertainment. Come by the Chamber offices and give us your ideas and look at the brochures.

\*\*\*\*\*  
Many years ago a woman carrying a baby through the hills of South Wales, England, was overtaken by a blizzard. Searchers found her later frozen to death in the snow. Amazed that she had on no outer garments, they searched further and found her baby. She had wrapped them around the child who was still alive and well. He grew up to be David Lloyd George, the Prime Minister of Great Britain in World War I.

\*\*\*\*\*  
Nine members of the Board of Directors of your Chamber of Commerce will be traveling to Canyon on

February 16 for an all-day workshop for Leaders and Personnel of Chambers conducted by the West Texas Chamber of Commerce. Three of these workshops are being held for the 164 counties in West Texas. Topics to be covered will be "What Is A Chamber of Commerce", Program - Responsibilities - Getting Things Done; "Financing Today's Chamber" - As the Volunteer Sees It and As the Staff Professional Sees It; "I Want My Chamber to be More Effective, What Do I Do?" (for the volunteer) and "The Chamber and Regulatory Matters" - A Look at Lobbying and Election Regulations and A Look at IRS/State Regulations (for Manager). Learning about an organization you have pledged yourself to serve is certainly a step in the right direction for the success of that organization. Certain conflicts prevent the entire Board from attending, but those able to attend the workshop are Tom Powell, Louise Turner, Don Gowens, James Williams, Larry Barbee, Bud Rainey, Jack Robertson, Joann Cagle and Susan Garms.

\*\*\*\*\*  
When you stop to think, make sure you start again.

## FIFTIETH ANNUAL MEETING OF STOCKHOLDERS

PLAINVIEW

PRODUCTION CREDIT ASSOCIATION

PLAINVIEW, TEXAS

FEBRUARY 18, 1984

High School Auditorium

Plainview, Texas

## Four candidates file for school board positions

Four candidates were reported as having filed for the school board this week. They are Harvey Allen, Bill Weir, Angelita Cortinas, and Kenneth Pitts.

The 1984-85 school calendar was adopted at a regular meeting of the school board at last Thursday's regular meeting. Superintendent Jerry Cannon had previously taken a school-wide survey among the faculty members on their choice of calendars to be adopted for 1984-85. He commented he received some good input, and practically all of the teachers expressed their thanks for the opportunity in the decision.

Next year school will start with an in-service day and breakfast for the teachers on August 23 with registration on Friday, August 24. Classroom studies will get underway on Monday, August 27. Holidays during the first semester will include the Labor Day Holiday September 3, Thanksgiving Holiday November 22-23, and Christmas Holidays to commence on December 18 for a total of 10 school days in compliance with the wishes expressed by the survey forms. Thursday, January 3, 1985, will be an in-service day, with students returning to the classroom on January 4. Teachers will have another in-service day February 15. Spring break will be March 11 thru 15.

Among other business brought before the board Cannon read a 20-point paper to the board members. Their response was reflected in Cannon's vote submitted. Jan Thompson was approved as authorized representative for lunch-room programs.

In some research done by Tommy Cathey, business manager, Cannon reported that the school system might want to seriously buy their telephones at an estimated cost of \$1950 for the

approximately 30 telephones.

\$830,824.07 current taxes had been collected by the Appraisal District. That figure represented 86.4% of the total taxes in contrast to 84.8% collected at this time last year. An additional \$24,710.05 had been collected at the end of the same period, January 31, 1984.

Contracts for the three school principals, Bob Copeland, Jimmy Collins, and Charles Tyer, and Bob Alldredge, Tommy Cathey and Joe Paty were all extended in executive session for one year. Tyer requested a transfer to Andrews Ward to replace retiring principal, Preston Watson.

Application are now being accepted through April 1 for high school principals to commence on June 15.

The next board meeting will be held March 20 to avoid other conflicts earlier in the month including spring break, March 12-16.

## DAR proclaims

The Daughters of the American Revolution, in sponsoring February as AMERICAN HISTORY MONTH, are proud and grateful for the men who wintered at Valley Forge, Pennsylvania with George Washington. Although there were no battles at Valley Forge, these Continental Soldiers fought to survive through the winter and spring months from December 19, 1777 to June 19, 1778 when they marched out of Pennsylvania to Monmouth, New Jersey to fight the Battle of Monmouth.

In celebrating February as AMERICAN HISTORY MONTH each year, the Daughters of the American Revolution sponsor an Essay Contest in the public and private schools all over the United States. As the theme is always centered around the history of our country, the United States of America, we learn more of our background. This year the Daughters of the American Revolution are stressing the Treaty of Paris and two subjects are offered the children in the 5th, 6th, 7th and 8th grades. (1) Discuss one or more American Handicrafts during the period of the Treaty of Paris 1783 (Cobbler, Blacksmith, Weaver, Spinner, etc.) or (2) A Peacemaker of the Treaty of Paris - John Adams, John Jay, Benjamin Franklin, Henry Laurens, Thomas Jefferson, etc. Some of these mentioned signed the Treaty of Paris but there were others who worked on the design of the Treaty.

**LION'S CLUB SWEETHEARTS**—Sixteen past and present Sweethearts returned for the Annual Lions Sweetheart Banquet held last Thursday evening. ## Rotary to highlight 1984 Louisiana World Expo

The February 22 noon luncheon meeting of the Floydada Rotary Club will feature a special program highlighting the 1984 Louisiana World Exposition.

This World's Fair, considered by many to be the outstanding travel event of the year, will be on an 82-acre tract, in the heart of New Orleans, along the Mississippi River. Combined with the culture and traditions of more than a

dozen nations, this World's Fair captures the festivity and celebration of New Orleans.

The theme of the fair will be, "The Rivers of the World...Fresh Water As a Source of Life."

The Floydada Rotary Club will host representatives from International Tours and Delta Airlines for this special program.

## Social Security in Floyd County

By Terry J. Clements

It is important for people in the local area to know when to contact a Social Security office.

A person should contact Social Security:

Before getting his or her first job, because a Social Security number is needed to get proper credit for earnings. This should be done at least 2 weeks before the number will be

## Former Lions Sweethearts gather for banquet Feb. 9

On Thursday evening, February 9 the Floydada Lions Club held their annual Sweetheart banquet. Attending this banquet were 33 Lions and their sweethearts, the current sweetheart DeLyn Ramsey and her sweetheart along with 15 former sweethearts and their guests.

After the meal, the group was entertained by Steve Cartledge and the "Misfits." This group consists of Lion

members Bob Copeland, Bob Alldredge and J.W. Gilbreath. At the end of this group's presentation, everyone in attendance was in agreement that the group was properly named.

A time of remembering was enjoyed by all Lions and the guests. The former sweethearts covered the years from 1946, the first year of Lions after the War, thru the 1982-83 Sweetheart.

## Commissioners Court...

Continued from page 1

The salary for justice of the peace of precinct 2 and 3, Raz Ford, came under reconsideration. After some deliberation and checking the county records, the court decided when all of the elected officials received their last raise of \$100, Judge Ford's salary had been computed in error and agreed to make that correction under the emergency clause. A correction amending the budget will be made.

Fourteen requests and approved were reviewed for contracts on private farm work. They consisted of: Beth Kropp for repair washes 2½ miles north of South Plains; Warren Mitchell for the A.O. Wines Estate for repair of borders and turnrows 1½ miles west of Lockney; B.A. Robertson for a waterway and to level land 1 mile south of Floydada; Warren Mitchell for Alice Mitchell for the repair of borders and turnrows 6 miles southwest of Lockney; Lonnie Hinsley for repair of wash 4½ miles southeast of Floydada; Bobbie Kendrick for a slush pit 14 miles south of Floydada; Louis Bearden on the Kendrick place; Mickey Dot Hammonds for C.T. Hammonds for a slush pit 2 miles south and 1 mile east of Floydada; Connie Bearden for 2 slush pits 2 miles west and ½ mile south of Floydada; Choise Smith for repair around improvement to return to cultivation 13 miles south of Floydada; J.A. Miller for a slush pit 6 miles southwest of McCoy; Eddie Teeter for the Laura Manning Estate for a slush pit 1½ miles south of Lockney; Thomas A. Coffman for a slush pit 7 miles southwest of Lockney; and Silvar Killbrough for repair of

terraces 12 miles north of Floydada.

Others matters brought before the court included estimates from two local certified public accountants, Fred Thayer and Ed Henderson, for an audit thru 12-31-83 to be conducted on all funds for the county. This would be the first of such audits in 3 years. Thayer's estimate of \$4500 won the court's approval over the \$5,000-6,000 estimate submitted by Henderson. The audit is to be completed by Gary, Thayer & Bowers by August.

Jonelle Favver met with the court. She reported received 65 letters and 138 cars from the nearly 4800 voting certificates sent out. She also explained that the court had the option of increasing their charge of auto license fees every five years. Commissioners tabled the matter until after the Legislature will meet for their called session in July. The deadline for contacting the State would be September 1 with an effective date of January, 1985.

Fees of office for the County Sheriff Department on civil cases and small claims cases were also increased.

## Phillips, Reddy host Alpha Mu Delta meeting Feb. 7

The 162nd meeting of Texas Alpha Mu Delta chapter of Beta Sigma Phi was called to order by president Judy Lloyd at 7:00 in the community room of the First National Bank on February 7.

Roll was called with 11 members present.

Minutes from the last meeting were read by Holly Hendrix in the absence of recording secretary Julianne Cornelius.

President Judy Lloyd reported on the Official Communication. Included was information on the state convention to be held in Houston and requests for recipes for the International Cook Book.

Corresponding secretary Wendy Pierce read a thank you note from the Floyd County Child Welfare Board. She also read a note from Trina Savage thanking her secret sister and requesting a member-at-large status.

Treasurers report was given and quarterly dues were collected.

Program chairman Wendy Pierce reported the next meeting will be February 21. Wendy will have the program and hostesses will be Abby Battey and Holly Hendrix.

Membership chairman Abby Battey reported that Spring Rush will begin soon. Names for rushees were suggested. These will be invited to the March 6 meeting.

Social chairman Wendy Pierce reported the next social will be Friday, February 17, at the Plainview Elks Club. Members were reminded to wear a dress. Chapter Sweetheart will be

named. Under Ways and Means more discussion was held on the Old Settlers dance. The group listened to a tape from Mike Porter's group Malfunction Junction. Committee chairman Penny Ogden suggested that they hold an auction at the next meeting. Members are to bring a household item on February 21.

The business meeting was then adjourned and the program was given by Abby Battey on Our Place in Life: Who and What We Are. Discussion followed.

Hostesses Linda Phillips and Kelli Reddy then served a tray of raw vegetables and dip, poco pepper snacks, little smokies, Texas chewies, ice tea and coffee.

Members repeated the closing ritual and joined hands for the mizpah.

## Poteet-Willis to marry March 3

Mr. and Mrs. Wayne Poteet and Mr. and Mrs. Kenneth Willis wish to announce the engagement of their children, Susan Michelle and Kenneth Edward.

The bride-elect is a graduate of Jessie Lee's Hair Salon and is presently employed at the Colonial Beauty Shop.

Willis attended South Plains College and is presently in basic training with the U.S. Marines in San Diego.

The wedding date has been set for March 3.

**WEDDING PLANS REVEALED**—Mr. and Mrs. Elmo Hasha of Olton announce the engagement and approaching marriage of their daughter, Dana Sherrie to Wiley Jay Griggs, son of Mr. and Mrs. Wiley Griggs of Floydada. Miss Hasha is a 1978 graduate of Olton High School. She has attended Southwest Business College of Plainview, where she received her Legal Secretary Certificate in 1979. She is presently a desk clerk and night auditor at the Holiday Inn in Plainview. Griggs attended Floydada High School and is presently a paint contractor. The couple plan a June 1 wedding at the First Baptist Church in Olton. Friends and relatives are invited to the 7:30 p.m. wedding ceremony.

## Hardy gives presentation

The 1950 Study Club met on February 7, at 7:30 p.m. at Lighthouse Electric. Fifteen members and guests were present. Don Hardy presented the program about his race car business, informing members of how his cars were constructed, races attended by himself and associates, and the manufacture and shipment of parts all over the world.

During the business meeting the following officers were presented by the nominating committee for 1984-86: President, Lovene Moore; 1st Vice President, Doris McLain; 2nd Vice

President, Nettie Ruth Whittle; Secretary, Sue Moore; Treasurer, Joyce Henderson; Reporter, Shirley Morton; Federation Counselor, Charlotte Campbell. These officers will be installed during the May club meeting. Refreshments were served by Margie Fowler.

## Floydada Nursing Home Happenings

**By Florence VanHoose**  
Monday morning devotions were brought by Trinity Church. Ira Sullivan, Shirley Varner, Mildred Thrasher, Francis Linch and I sang. I read the scripture, and Clara Redd played the piano. Ira sang a special song, "My God is Real."  
Dolores Cannon and Leona Neff were busily doing hair in the beauty shop, making the ladies look and feel so

pretty. Monday afternoon, Kim was here for music therapy. Lura Brashears, Mrs. Bernie, Irene Fuller, Addie Lindley, Beno Wilson, Walter Craft, Jessie Freeman, Mary Cobbs, Bonnie Howard, Ona Jameson, A.J. and Sarah Huckabee, Emmitt Lawrence, Una Clark, Mrs. Bertrand, Ann Brown, Iva Simpson, Mabel Meek, Mr. Wester, Hattie Sanders, Ruth Benson, and Mrs. Norris attended. They really did enjoy the

music. Tuesday morning devotions were omitted because Neeley Richardson was in Lubbock with his wife who is recuperating from knee surgery. He was missed greatly. I went to Lubbock Tuesday for the monthly Activity Director's meeting and luncheon. We have finished our Bible Study in the Book of Ruth. We are studying the women of the Bible and how they faced crisis. We are studying now about Mary the mother of Jesus. We played with beach ball after the Bible study.

Wednesday morning devotions were brought by City Park Church of Christ. Those singing were Perry Zumwalt, Lorilla Bradley, Lula Teague, Beulah Baker, Mary Spears, Myrtle Switzer, Elva Blum, Vernola Hanna, and Eva Tackett. Perry Zumwalt read the scripture and spoke. Fifteen residents were present. In the afternoon, we played Bingo. Lura Brashears Bingo'ed the most times and Ona Jameson Bingo'ed on the blackout game. Bananas, sugar free candy and gum were the prizes. It was a fun time.

Thursday morning devotions were omitted because the Rev. Earl Blair was out of town. We had a good time of exercise, spelling, and math. Mr. Wester was the top speller and mathematician. The residents enjoy testing their skills. In the afternoon we went on the bus ride to Matador. We went to Billie Dean's who gave our refreshments. Emmitt Lawrence had a nice visit with his son, Givens, who just happened to be at Billie Dean's. Then on the way back home we stopped at Emmitt's home so he could visit with his daughter for a few minutes. The residents going on the bus ride were Lura Brashears, Emmitt Lawrence, Una Clark, Addie Lindley, Beno Wilson, Mrs. Bernie, and Ruth Benson, and myself. Mabel Foster was our driver.

Friday morning devotions were led by Mary Corley. Fifteen residents attended. We would like to welcome our two new residents to the Nursing Home. They are Elvie Lackey, and Rosa Lackey. We want them to get acquainted with the other residents and feel right at home here.

Visitors included: Mrs. Watson Jones, Mrs. J.P. Moss, Dolores Cannon, Greg Duff, Billie Watson, Mr. and Mrs. Eugene Fuller of Midland, Mrs. R.L. Lackey of Lockney, Mr. and Mrs. Grady Freeman, C.L. Berry, Dorothy Neff, Lucille Sisson, Christine Robertson, Deota Odam, Hazel Bradley, Aldine Williams, Lindsey and Billie Lackey, Estelle Eubanks, Ana Lee Brown, Jo Hopkins of Perryton, Mrs. Watson Jones, Elvir and Lovell Childs, Jerry Childs, Ira Sullivan, Lena Ooley, Wanda Williams, Grad and Esther Freeman, Sue Guthrie, Mrs. Watson Jones, Aldine Williams, N.B. and Joann Mooney, Beulah Baker, Mary Spears, Bill and Wanda DuBois, Ana Lee Brown, Cliff and Opal Whitmire, John and Joyce Taylor, Dorothy Neff, Mary Smith, and Lisa Howard.

## Home Economics Today

By Mary True

**SHOULD YOU LOSE WEIGHT?**  
How can you tell if you are overweight? Is there a difference between being overweight and being obese? These questions often bring conflicting answers and there's even some controversy among nutrition experts about the definitions of and the methods used to determine who is overweight or obese.

For many years most physicians have used height/weight charts to determine if an individual is the correct weight. These tables were developed by insurance companies based on their records. They indicated the weight ranges at which people of various heights and builds were statistically at less risk of premature death. Recently, these weights were revised upward by about 5 to 7 percent, although several health associations have advocated using the original lower weights.

Because body weight alone does not determine fitness or leanness, the "average" weight of a person may be meaningless. For example, skeleton weight can vary from 4 to 9 percent from person to person. This means that a 125-pound woman could have a skeleton that weighed as little as 5 pounds or as much as 11 pounds. Also, a very muscular person's weight may seem to be high in proportion to height, but the person actually has very little fat tissue.

Determining the amount of body fat a person has is the best method for

defining overweight or "over fat." One way to measure body fat is by weighing under water. Mathematical calculations are then made which define the amount of body fat.

A reliable method of determining body fatness which is easier than weighing under water is to measure skin fold thickness by constant tension calipers. About half of the body's fat is directly under the skin, so measuring the thickness of this fat (called subcutaneous fat) is a good index of total body fat.

The calipers are used to measure several different body sites for thickness. An index of percent of body fat can then be calculated according to readings at the various body points. A simpler home test of body fatness makes use of a full-length mirror. A person is often able to decide whether he or she is carrying too much fat by a careful study of oneself before a mirror without clothes.

Have you gained several pounds over the years? Do you find your clothes a little tighter than in the past? If the signs point to having too much body fat, don't wait. Check with your physician about a well-balanced, reduced calorie diet and an exercise program that would be right for you. Educational programs conducted by the Texas Agricultural Extension Service serves people of all ages regardless of socio-economic level, race, color, sex, religion, or national origin.

## Western writer program presented to '34 Study Club

The 1934 Study Club met February 7th in the home of Mrs. W.O. Newberry with Mrs. Milton Ashton as co-hostess.

The meeting was called to order by President Bunch. In the absence of secretary Latta, roll call was called by Mrs. Newberry. Then the minutes were read, corrected and approved.

A thank you note from SOS by Mrs. S.J. McIntosh expressing appreciation for the club's help at the opening of the center was read by Mrs. Bunch.

The resignation from Mrs. Floyd Bradley was read. The club accepted with regrets her resignation.

A letter from Mrs. Pete Hickerson about A.F.S. and the foreign student exchange was read asking for help with this project.

Mrs. McNeill moved that the club give \$50.00 and was seconded by Mrs. J.P. Moss.

After some discussion Mrs. McNeill, reworded her motion that we donate \$50 each year and that it be included in the club's budget. Mrs. Moss seconded the motion and the motion approved by club members.

Mrs. J.S. Hale introduced the speaker Mrs. G.W. Switzer who brought an interesting and informative program on Louis Lamour, a western writer.

Louis L'Amour has 84 books in print with another 34 in different stages of completion. L'Amour is the world's best known and best-selling novelist of the American West.

His first novel "Hondo" published in 1953 became one of John Wayne's most successful motion pictures.

L'Amour was born in Jamestown North Dakota, the son of a deputy sheriff. His grandfather was killed by Indians and the West was dinner table conversation. He left Jamestown at age 15, worked at a variety of jobs and taught himself to write by reading and observing the works of other authors.

Mrs. Switzer then delighted the audience with one of his short stories "The Black Rock Coffin Makers."

A Valentine refreshment plate of small pizza, Angel Food Delite, nuts and candies was served to Mmes. W.H. Bunch, Dennis Dempsey, Garland Foster, Kyle Glover, J.S. Hale, Floyd Lawson, M.J. McNeill, J.P. Moss, Vernon Parker, George Springer, G.W. Switzer, W.W. Trapp, J.R. Turner, and Mrs. A.L. Wylie by Mrs. Ashton and Mrs. Newberry.

The meeting of February 21 will be in the home of Mrs. L.D. Simpson with Mrs. Kyle Glover as co-hostess.

## Anne Miller feted with bridal shower

The home of Faye Barker was the site for 2-4 p.m. bridal shower honoring Miss Anne Miller of Dallas, bride-elect of Richard Brock of Dallas, Saturday.

Receiving guests were Mrs. Barker, the honoree and her prospective mother-in-law, Mrs. Marie Brock of Lockney. They wore corsages of field flowers tied with mint green satin.

Guests were registered by his sister, Mrs. Carol Norfleet of Lubbock and his cousin, Miss Shawnda Brock.

Special guests were his cousin, Mrs. Wynona Easter of Denver City, his aunts, Mrs. John Brock, Mrs. Thurman Kirkendall and Mrs. Lloyd Martin, all of Crosbyton.

The serving table was draped with a white organza cloth. A centerpiece of field flowers arranged in an antique triple epergne was featured on the table. Servers were his aunt, Mrs. Charlotte Brock and Mrs. Delinda Glasson.

Registering gifts was Mrs. Lisa Caldwell of Plainview.

The hostess gift was cookware. Hostesses were Vera Jo Bybee, Gleyenn Earle Cummings, Kay Martin, Lavern Thompson, Barbara Cunyus, Sarah Bickley, Vida Hrbacek, Patsy Ford, Ann McCormick, Clydelle Jack, Murvene Carthel, Jeanette Marr, Dorothy Smith, Inez-Mosley, Delinda Glasson, Almeda Phillips, Ruby Terrell, Gussie Boedeker, Kathleen Thornton, Nina Teuton, Polly Gilbert and Mrs. Barker.

The couple plan to wed April 27 in Corpus Christi.

By Joyce Williams

February 16, 1984:

The Alldredge clan was out to hear Roger Alldredge play with the band at the Rotary program Saturday evening, "Little Bit Country." They presented a good evening entertainment for the packed auditorium.

Mr. and Mrs. Charlie Wright and other members of the New Salem Primitive Baptist Church went to Crosbyton week before last to hear Bro. Bradley of Cincinnati, Ohio preach.

Mrs. Ona Ruth Neff attended funeral services in Lubbock for Mr. Fay Johnson. Ona Ruth's son-in-law, Jack Johnson, who is a nephew of the deceased, helped conduct the services.

Angie and Tate Glasscock, children of Mr. and Mrs. Lanny Glasscock, spent Saturday night with their paternal grandparents, Mr. and Mrs. Bill Glasscock in Lockney.

Among those who attended the country music program in Floydada Saturday night were Mr. and Mrs. Louis Pyle, Mr. and Mrs. Norman Muncy, Mr. and Mrs. Howard Bishop, the James Williams and the Monte Williams. It was a top notch performance, all professional quality.

Mrs. Lucille Custer is among the ones trying to recover from bad colds and flu.

Jack Pritchert of Lubbock died Sunday Feb. 12 about 3 p.m. He owned land along the north rim of the canyon. Mr. and Mrs. Odell Breen were making plans to attend his funeral Wednesday at 10:30 a.m. in the Oakwood Baptist Church in Lubbock. Mrs. Pritchert and two daughters survive.

Farmers have been putting down Treflan, getting their fields ready for cotton planting time. Wheat fields and pastures are very dry. Windy days bring blowing sand along with the sunshine.

The Moosbergs were in Atlanta, Georgia one week in January (between local blizzards) attending 1984 Beltwide Cotton Conferences at the Westin Beachtree Plaza Hotel, sponsored by National Cotton Council and the Cotton Foundation, Memphis, Tennessee.

The Production of Cotton Research Conferences, covering cotton research, production and mechanization conferences and papers. Some excellent papers and speeches etc. This is one of the largest meetings of all aspects of cotton and people associated in field in nation.

Some of the mens and ladies breakfasts were compliments of various companies in related fields.

The Cotton Hour Wednesday evening in ballroom of hotel, delicious smorgasboard dinner and social hour, was attended by men and all wives from all over U.S. cotton areas -- several hundreds in attendance.

Monday, Tuesday, and Wednesday there were planned special tours and events for the ladies. The Monday tours were complimentary. The Tuesday and Wednesday ones were optional, but nominal fees but jam packed with things to see including: shopping Lennox Square, Stone Mt. Park and Atlanta Yesterday and Today. Very educational.

One "fault" the "tour planners" failed to send a detailed map and instructions how to manipulate the Atlanta airport! If you stopped to inquire of fellow travelers in it - half were as ignorant as were the Moosbergs. Needless to say on return trip the trip paid a porter to help you decipher directions was best of trip.

They were also told by friends, now being in Atlanta, former Marianna, Arkansas residents, when they were in Arkansas, that they should have had

then send an Atlanta - Texas vocabulary dictionary! Their accent was the most different to Texans. Moosbergs had ever encountered north of Mexico City.

The Westin Peachtree Plaza Hotel on Peachtree Street, fourteen streets of city have "Peachtree" in names. This is a modern architectural marvel - it was type of "dream one" one drawing boards when we were in college. It is tallest in world, 1100 rooms, 93 floors (#92 is a large, revolving dining room with most delicious food we had ever eaten, anywhere). The inner circle of round hotel contains in one central plaza - type: escalators, elevators, and stairways. Outer part of circle is rooms with everyone on outside; every 4 or 5 floors

was like an atunium - with pools - one by main breakfast and lunch area even had small waterfall -- the air in whole public area was fresh and humid the exact most ideal!

There are private seating groupings all around pools and public walkways.

A glass elevator on the outer wall on outside one rises from the 8th floor, non stop to "Sun Dial" revolving dining area on 92nd floor, scenic view up and view while eating is an experience to be long remembered.

Many shops and some of the largest stores are accessible from hotel lobby -- a pleasure - as one morning temp. was -1°, chill factor outside -25°.

American Airlines had just begun a

new service from Lubbock to Atlanta, same plane, brief stop in DFW. Left Lubbock at 1:05 p.m. arrived at Atlanta at 5:12 p.m.

Enroute home offers the same service. We were on N. side of plane and just E. of Crosbyton some Texas farmer on a tractor (owner of a Sense of Humor and Texas Hospitality) had written (not printed) a giant "Merry Christmas" - which broke the monotony of straight rows - and only noticeable to airplane passengers! They are looking forward to the 85 trip meeting in New Orleans.

## Scouts name chairman

A Lubbock man, long active in Scouting, will head the South Plains Council's participation in the 1985 National Scout Jamboree scheduled for Fort A.P. Hill, Virginia.

Charles Neil will head a committee of twenty-five responsible for overall planning of local participation in this highlight event of Boy Scouting's 75th Anniversary.

A youth delegation of seventy-two is scheduled to attend from the South Plains Council. The jamboree, under the theme, "The Spirit Lives On" will attract an estimated 30,000 youth and adult participants to the July 24-30, 1985 event.

Neil has served as Council Commissioner, member of the South Plains Council Executive Board, member of the Council Camping Committee and several other Scouting responsibilities, including a tour with the Trans Atlantic Council in Europe. Neil holds the Silver Beaver Award. In addition to his Scouting work he has also been an active member of Rotary and other civic organizations.

Others serving on the local jamboree committee are: Bob Schmidt, Jim Hester, Bob Ewalt, Bill Warren, Ernie Ebert, Bill Faminear, Joe Minkley, and James Harris of Lubbock; Frank Phelan, Ken Douglass, and Doug McDonough of Plainview; Bob Lotspeich of Hale Center; Bill Ashcraft and George Wilson of Ralls; Jimmy Willson of Floydada; Jimmy Steuart of Littlefield; Howard Watson of Muleshoe; Richard Husen of Levelland; Charles Varner of Lamesa; Fred Cawthon of Brownfield; and Dale Boulter of Denver City.

**SECOND RUNNERS-UP**—Terry Pleasant, left, of Floydada and Larry Reed, right, of Milwaukie, Wisconsin, were named second runners-up in the Homecoming King and Queen contest at South Plains College last Monday night at Texan Dome during Homecoming activities. Pleasant is the daughter of Mr. and Mrs. Johnny Pleasant of Floydada and is a sophomore education major at SPC. Reed is the son of Mr. and Mrs. Larry Reed, Sr., of Milwaukie, Wisconsin, and is a sophomore business major at SPC.—SPC PHOTO.

## Four guidelines given for dealing with family stress

Stress is a family affair. One family member experiencing stress ends ripples through the entire family.

Often the most stressful times occur when a family experiences the pile-up of many stressful events. One farm family experienced a day piled high with stressful happenings -- the farmer's hay was rained on for the third time, his truck's transmission went out, and his prize Holstein got sick. The entire family was affected by these events.

Serious, single stressful events and pile-up situations call for creative planning to master family stress. Family members display warning signals when they experience stress. Among them may be sleeplessness, irritability or physical symptoms, such as headaches, fatigue or backaches. Symptoms such as frequent parent-child conflicts, breakdowns in communications, fault-finding and sarcasm, or hostile behaviors among family members, also show up in the family. To recognize that your entire family is under stress rather than thinking that only one member has a problem is an important first step.

You can take four actions to deal with family stress. First, you can control some events. When surgery is planned for Mom, for example, Dad or another family member can learn to manage in the kitchen before she goes to the hospital.

Second, you can control your attitudes, or how you look at events. A financial emergency can ruin a planned vacation or give a family the opportunity to relax and enjoy each other at home -- it's all in how you look at it.

Third, you can control the responses you have to the stressful event. A distressed family does not need to treat

each other with criticism that ends in angry conflict, or resort to over-eating or isolation, for relief. A family can even choose to play together in order to work off some tension that is building up.

The fourth way to take action is to recognize and use resources. Reaching out for help is not a sign of weakness. It is knowing your own limits and then asking for help when you are feeling pulled beyond those limits. Family members, the family unit and those outside the family unit are among the resources to consider for help.

Probably every family experiences stress. Learning to cope with it can help strengthen your family.

## 1984 Willson Lecture Series held at West Texas State

Seminary professor and author Dr. William Hendricks, presented the 1984 Willson Lecture Series in three lectures Monday and Tuesday, February 13 and 14, at West Texas State University.

Hendricks, a professor of theology and philosophy at Golden Gate Baptist Theological Seminary in San Francisco, California, presented his series titled "Love, Power and Justice - The Intersection of the Divine and the Human," a study of concepts as illustrated by art scenes from civilization.

The Willson Lectures are funded by the J.M. Willson family of Floydada. WTSU, one of the non-parochial schools, is one of 25 campuses in Texas, Louisiana, Arkansas, Indiana, Nebraska, Oklahoma, Kansas, Kentucky, Tennessee and Washington, D.C., given a lectureship.

The Willson Lectures have been an annual event at WTSU since 1947. The series was started to promote religious emphasis on campus. Willson and his

family viewed their contributions as a unique way of tithing to the Methodist denomination.

Willson died in 1972 at age 83.

Mr. Hall, Plainview's first certified tax assessor, was born December 18, 1893 in Wolfe City and grew up there. He married the former Ruth Brown October 30, 1920 in Lubbock. After his marriage he lived in Floydada before moving to Plainview in 1936.

He worked for International Harvester from 1936 until 1952 and then worked for Hale County several years.

Mr. Hall became Plainview's first certified tax assessor October 31, 1961, after completing the first state class for tax assessors. He retired as city tax assessor-collector in 1968. Mr. Hall was a member of First Baptist Church.

Survivors are his wife; one son, Ceile Hall of Baytown; four grandchildren and 11 great grandchildren.

## FAY J. JOHNSON

Services for Jay J. Johnson, 69, of Idalou were Saturday, February 11 at Lubbock Primitive Baptist Church with Elder Jack Johnson, pastor of Luling Primitive Baptist Church, officiating, assisted by Elder George Johnson.

Burial was in Idalou Cemetery by Resthaven Funeral Home of Lubbock.

Mr. Johnson died at 12:50 a.m. Friday, February 10 at Methodist Hospital after a brief illness.

Born in Caves City, Arkansas, he married Ollie Faye Holton on September 1, 1934, in Wellington. He was a retired farmer and had lived in the Idalou area for 41 years. He was president of the Idalou Senior Citizens organization and served on the board of directors of the Federal Land Bank Association of Lubbock. Mr. Johnson was also a member and deacon of the Lubbock Primitive Baptist Church.

Survivors include his wife; a son, George Johnson of Idalou; three daughters, Linda Denton of Idalou, Barbara Jackson of Floydada, and Sandra Jones of Plainview; two brothers, Sterling Johnson of Midlothian and Earl Johnson of Littleton; two sisters, Ethel Ann of San Angelo and Althea Seagler of Montrose, Colorado; 13 grandchildren; and a great grandson.

Grandsons will be pallbearers. The family suggests memorials to the Lubbock Primitive Baptist Church.

Burial was in Hillcrest Cemetery under direction of Owens & Brumley Funeral Home.

He was born December 10, 1919 in Haskell, Texas and had lived in Wichita Falls, Texas for 30 years.

Survivors include his wife, Florine of Wichita; two sons, Nathan Horace of Westerville, Ohio, and William Leon of Euless, Texas; three daughters, Georgia Cargal of Wichita Falls, Linda Darlene Rogers and Cathy Ann Scott of Lubbock; his mother, Mrs. W.B. Lindley of Floydada; six sisters, Gatha Crain of Wichita Falls, Letha Lightfoot of Floydada, Opan Kratzler of Lubbock, Annie Laura Campbell of Graham, Texas, Doris Whitworth of Yantis, Texas and Juanita Hamilton of Olton; eight grandchildren; and three great-grandchildren.

## MARION DEWIE PARSON

Services for Marion Dewie Parson, 85, of Lubbock were held at 2:30 p.m. Saturday, February 11th in the Richerson Funeral Home Chapel at Shamrock, Texas with Jeff Messer, Pastor of 11th Street Baptist Church officiating.

Burial was in Shamrock Cemetery under direction of Richerson Funeral Home.

Parson died at 2:30 p.m. Thursday following a brief illness. He was born in Denton County, April 12, 1898 and was the son of the late Mr. and Mrs. Isaac P. Parsons, Wheeler County Pioneers. He

was married to Freddie Arnold in 1922. She died in 1935. He and Zelma Sloss were married in 1937. She preceded him in death in 1959. Also preceding him in death were two sons and one daughter.

He was a roller rink operator and produce distributor in Shamrock a number of years before retiring and moving to Lubbock in 1975.

Survivors are two sons, Dewie of Floydada and Clayton of Lubbock; one daughter, Dorothea Lewis, Amarillo; two sisters, Molly Butts of Waco and Cora Cantrell of Phoenix, Arizona; ten

grandchildren; and 17 great-grandchildren.

Grandsons serving as pallbearers were: Mike Parson, Leon Parson, Fred Parson, Donnie Jackson, Rodney Lewis and Paul Parson.

## WILLIAM CHAD TOWLER

Services for William Chad Towler, 18-month-old son of Mr. and Mrs. Bill Towler of Plainview will be at 2 p.m. today in Lemons Funeral Home chapel with the Rev. Charles Roberts, pastor of the First Church of the Nazarene, officiating.

Burial will be in Plainview Memorial Park.

The child, born in Lockney, died at 8:30 a.m. Tuesday in Nichols Hospital after a lengthy illness.

Survivors include his parents; a brother, Bryon; his grandparents, Mr. and Mrs. Orville Towler of Lockney, Wylie Jackson of Palestine; and great-grandparents, Nancy Carthel of Lockney, Mrs. Clio Irby of Konawa, Oklahoma, and Mr. and Mrs. M.L. Phillips of Plainview.

# FARM NEWS

## Bill Black completes 50 years in agriculture service

Bill Black, president of Plainview Production Credit Association, announced that the association has completed its 50th year of service to agriculture. Black added that March ends a year-long celebration by Production Credit Associations across the nation in observance of the group's 50th anniversary.

According to Black, the first Production Credit Association was organized on September 11, 1933 in Champaign, Illinois. By October 10, just eight days after filing a loan application, Milton Warren of Mansfield, Illinois, received the first PCA loan in history. The amount was \$830.50 which was used to purchase 30 head of 850-pound steers.

Created by the Farm Credit Act of 1933, PCAs were established to provide for the short- and intermediate-term credit needs of agriculture during the Great Depression.

Looking back at this period in history, officials of the Plainview association admit that severe economic conditions of the times made it somewhat difficult to get such an organization started. But area farmers and ranchers rose to the challenge and each charter member raised the \$5 required to purchase one share of class "B" stock.

Twenty-four signatures appear on the original articles of incorporation. Local residents may recognize the names of relatives and friends on the list. These are: Frank P. Bain, Silverton; Tony Burson, Silverton; O.C. Axtell, Dimmitt; C.F. Frye, Hereford; Pose L. Cunningham, Earth; E.B. Wright, Dimmitt; E.C. Burks, Happy; W.C. Buntin, Plainview; J.W. Heard, Plainview; John P. McGarr, Plainview; N.C. Hix, Abernathy; H.S. Hilburn, Plainview; A.H. Kreis, Floydada; Olan Ridings, Lockney; G.L. Fawver, Floydada; O.L. Allen, Lockney; R. Fred Brown, Floydada; W.C. Dinwiddie, Tulia; N.W. Uselding, Happy; G.L. Strange, Tulia; Amos Parsons, Quitaque; J.B. Gayler, Kress; John N. Callagher, Kress; and R. Roy Brown, Silverton.

O.C. Axtell, John P. McGarr, Olan Ridings, W.C. Dinwiddie and R. Roy Brown were elected to serve as original directors of the association until the first annual meeting of the stockholders was held. On January 6, 1934, Plainview Production Credit Association received its official charter.

Black says, "Having just passed the 50 year mark of the association, we can't help but be grateful to its original organizers for pulling together during such tough economic times. They made it possible for not only farmers and ranchers of the 30s, but agricultural producers for the next 50 years to have a dependable source of credit."

"With the excellent leadership of our current board of directors and the support of a very capable staff, we look forward to another 50 years of financing area agriculture."

Plainview PCA is one of 30 member-owned Production Credit Associations in Texas. Collectively they serve more than 15,600 of the state's agricultural producers. Last year almost \$2 billion was loaned through Texas PCAs.

During 1983, Plainview Production Credit Association loaned more than \$201 million to 1,218 member-borrowers in Bailey, Briscoe, Castro, Floyd, Hale, Lamb, Parmer and Swisher counties.

Nationwide there are 422 PCAs with more than \$22 billion in loan volume. Nationally they serve the credit needs of more than 380,000 farmers and ranchers.

## Hardy improves efficiency in natural gas engines

By Don Hardy

Are we interested in fuel efficiency? Sure, we shop for a new car and the first question we ask the salesman is what the gas mileage is.

We shop for a new heater for our homes and we look for one most economical on fuel.

The same applies to an irrigation engine. We feel irrigation is very important for the High Plains farmer to produce the yields most farmers anticipate.

In early years, gas was so cheap, any motor that would pull a given well was good enough. All the engines in our part of the country, were converted automotive and truck engines. Here is where all the problems began.

For the last 10 to 12 years, engines were designed to run on gasoline with an octane rating of 86 to 88, therefore, compression ratio had to be around 7 to 8:1. I know you have heard your car sound as though it had a bucket full of marbles in the engine when you pushed down on the throttle. This is known as pre-ignition or spark knock. We don't have this problem when we use natural gas as a fuel. Most natural gas is rated in the 125-132 octane rating.

Most automotive engines are designed to produce maximum torque from 3,000 to 4,000 RPMs, and most of our irrigation engines are producing 2,000 to 2,300 RPMs. These are 2 of 3 reasons the automotive engines are so inefficient when used for irrigation engines.

For the last 2 years, we have devoted a lot of time in deciding how we can improve the natural gas engine. Our objective at Don Hardy Race Cars Inc. is to improve anything we set out to do. It could be making a race car run faster, making it safer, or just making it better.

Most of our testing was done on the 292 Chevrolet and the 300 Ford, because these engines are the most popular in our areas. Although we find most of our testing will apply to the V-8 engines as well.

The problem using the 7:1 compression ratio with natural gas, even though the octane rating is high, is the flash point of natural gas is a lot lower than gasoline. The spark plug has to fire 45° to 50° before top dead center which keeps a lot of heat in the combustion chamber before the exhaust valve opens.

When we raised the compression ratio to utilize the 128-132 octane, the higher compression ratio created a lot of turbulence in the combustion chamber. We can now fire the spark plug at 28° to 32° before top dead center and keep a lot of heat out of the combustion chamber. This lets the exhaust valve run a lot cooler as well as increase the engine life.

We have also found the tolerances are very important in making these engines efficient. The clearances are very important to insure that the piston rings seal; good valve jobs are important in keeping the engines efficient.

The other problem with automotive engines is that they will not produce maximum torque at the 2,000 to 2,300 RPMs. The camshaft is an important key that controls the torque range of the engine. We have tested over 2 dozen camshafts, some are our own designs and the others are from experts, all over the United States, on our test engines and dynamometer in our shop this winter. We have selected the best camshaft to date, but still feel there is improvement in this area.

Our testing was done in the field with stock VS modified engines by Don Hardy Race Cars Inc. and Texas A&M Extension Service early last summer. In the late summer the Texas A&M Extension Service came back and rechecked these engines. The engines

## Emergency loan applications being accepted by Farmers Home Administration thru Aug. 1

Applications for emergency farm loans for losses caused by this summer's drought and extremely high temperature are being accepted at the Farmers Home Administration office located in Floydada, FmHA county supervisor, Becky D. Via, said today.

Floyd County is one of 50 in Texas recently named by Secretary of Agriculture John R. Block as eligible for loans to cover part of actual production losses resulting from the drought.

Becky D. Via said farmers may be eligible for loans of up to 80 percent of

their actual losses, of the operating loan needed to continue in business, or \$50,000, whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest rate on the first \$100,000 borrowed is 5 percent; interest rate is 8 percent on the balance borrowed over that amount. For farmers who can obtain commercial credit but who choose to borrow from FmHA, the interest rate is 13.75 percent.

As a general rule, a farmer must have suffered at least a 30-percent loss of production to be eligible for an FmHA emergency loan, Becky D. Via said. Farmers participating in the PIK or federal crop insurance programs will have to figure in proceeds from those programs in determining their loss.

Some of the most frequently asked questions about the program are listed for your information:

1. After a county is eligible, who can get a loan? An established farm operator who is a citizen of the United States, is of good character; can show evidence of having suffered a qualifying physical or production loss; has adequate security and repayment ability.

2. What is a qualifying production loss? Loss of at least 30 percent below a normal year's production.

3. How much can an eligible farmer borrow? Up to 80 percent of actual production loss, or \$500,000, or enough for next year's operations whichever is less, but not more than is actually needed.

4. What is the interest rate? For borrowers unable to obtain credit from a private lending institution, the rate is 5 percent on the first \$100,000 borrowed; 8 percent on the amount borrowed over that amount. For borrowers who can obtain private credit, but who choose to deal with FmHA, the rate is 13.75 percent, the current market rate.

5. What can the money be used for? To restore property, pay production costs, pay delinquent debts, pay living expenses, repair buildings, buy equipment, refinance debts.

6. How long can the loan run? The term is based on the type of loss, use of loan funds, type of collateral and borrower's repayment ability. Production losses are normally up to 7 years; real estate normally is required as security for longer terms.

7. How is PIK counted? Any acreage unplanted because of PIK (payment-in-kind) or conservation reserve is counted as having produced a year's normal production in determining actual loss.

8. How are prices determined for production losses? "The average monthly price in effect for the previous year" is the guideline -- as required by the congressionally-mandated Omnibus Reconciliation Act of 1981. Prices are obtained from the Statistical Reporting Service, USDA.

Applications for loans under this emergency designation will be accepted until August 1, 1984, but farmers should apply as soon as possible. Delays in applying could create backlogs in processing and possible carry over into

the new farming season, Becky D. Via said.

FmHA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for a substantial part of their living. Eligibility is extended to individual farmers who are U.S. citizens, and to farming partnerships, corporations or cooperatives in which U.S. citizens hold a majority interest.

The FmHA office in Floydada is open from 9 to 5 Monday through Friday.

were as efficient at that time as when the modifications were done earlier. Our fuel efficient engine tests show we saved 40 cents to 80 cents an hour on fuel. Also, this will normally increase the horsepower 10%. This will enable us to use a 6 cylinder engine where a lot of V-8 engines are running now and will save even more fuel. All testing results are on file in our shop. Any improvement in fuel cost can make a big difference in your natural gas bill.

## 4-H clubs sell fund raiser discount coupon books

The Floyd County 4-H Clubs are currently selling 4-SQUARE VALUES discount coupon books as a special fund raising project.

The \$6.00 book, which is sponsored by Ralston Purina Company, contains 544 pages of discounts on foods, restaurants, merchandise, services, hotels, motels, entertainment and recreation. ### JV boys fall to Slaton, beat Post

Floydada fell to Slaton 35-39 during last Tuesday's, Feb. 7th, game. High scorers for this game were Rainer, 15 points, Minner, 10; and Smith, 8.

Friday, Feb. 10th, Floydada beat Post 39-31. Scores were made by Caballero, 8; Rainer, 8; F.L. Williams, 7; and King, 6.

The J.V. boys finished up their season Friday night with a win over Post. This made their record 16-9 overall for the season. They also wrapped up the district championship

for this year with a 6-2 record through district.

Coach Pair said, "The boys had an excellent year; this also bringing home the championship trophy from the Slaton tournament. They worked very hard this year and deserve a great amount of praise for their efforts. They do not know the meaning of the word quit and that is why they are champions. I am very proud to have been able to work with them and I think this kind of effort shows a bright future for the F.H.S. athletic program."

FLOYDADA HIGH SCHOOL FHA Best Beau, Michael Mendoza, and FHA Sweetheart, Cecilia Garcia (both seated) were crowned Valentine's Day. Also in attendance were Robert Comacho, Missy Zavala, Loretta Ledbetter, F.L. Williams, Hortencia De La Fuente, and Ray Hernandez.

## Varsity boys defeated by Post Antelopes 65-49

Floydada varsity boys were defeated by Post 65-49.

Leading scorers were: Derrick Jenkins, 14; Rabel Contreras, 10 and 10 rebounds; Ritchie Mitchell, 10; David Morren, 8; Bobby Emert, 2; and Joey Kemp, 4.

Their season record is 13 wins and 15 losses.

Coach Cocanougher commented that "The boys had a successful year being young and inexperienced. Three full time starters (Morren, Jenkins, Contreras) will be back and one part time in Joey Kemp. I would like to thank the town for the great support you showed the basketball teams this year. The players and coaches thank you."

**"IF YOU THINK ALL SERVICE MANAGERS GET UP ON THE WRONG SIDE OF THE BED, YOU HAVEN'T MET OURS."**

Our Service Manager doesn't bite. And he won't bark at you when you bring your car in for service either. He'll give you and your car his undivided attention. Because he's committed to fixing your car right, on time. That goes for trucks, too. Frankly, we think you'll find him a nice person to do business with. We'll treat your vehicle as if we owned it.

Once upon a time gasoline was cheap.

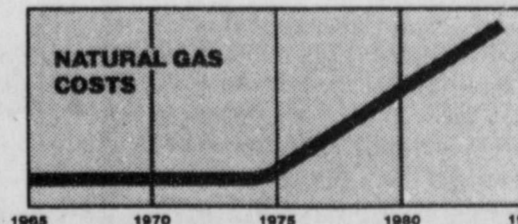

So was natural gas.

Some folks remember cheap gasoline prices. Natural gas prices used to be cheap for power plants at Southwestern Public Service Company, too.

Today, it's different. Natural gas costs continue to increase, and since we don't own any gas wells, we don't have much to say about natural gas prices... just as you don't about gasoline.

We've brought coal into the picture to help keep costs down. Electricity made from coal costs much less.

Another way we're...

**Not any more.** Natural gas prices have increased dramatically.

**PROCLAMATION**—Choise Smith, County Judge, gave Warren Mitchell, president of Floyd County Farm Bureau, his signed Proclamation designating Farm Bureau Week.

## County Judge signs Proclamation

County Judge Choise Smith has signed a proclamation designating February 13-17 as "Farm Bureau Week" in Floyd County.

The week is part of a statewide observance during which county Farm Bureaus will make a special effort to enroll new members, according to Warren Mitchell of Lockney, president of Floyd County Farm Bureau.

"The Texas Farm Bureau, with more than 300,000 members families on its membership rolls, is the largest state Farm Bureau in the nation," the proclamation reads.

"The Farm Bureau is a grass-roots organization, and its foundation is the county Farm Bureau. There are 216 organized county Farm Bureaus in the state including the Floyd County Farm Bureau," the proclamation states.

Mitchell said the local county Farm Bureau has 967 member families and is seeking to exceed that figure in 1984.

He said that the Farm Bureau is a general farm organization that seeks to improve income and living conditions of farm and ranch families. It represents the farmer and rancher at the local county courthouse, in Austin, and in the nation's capital, Washington, D.C.

**WALT MCADAMS**, director of Satellite Franchise Operations for H & R Block of Dallas [left] and Art Johnson of Lubbock [right] visited this week with Anna Rodgers, franchise owner of the Floydada H & R Block office. According to Rodgers the primary purpose of Mr. McAdams' visit was to provide the local franchise with all the new and updated methods for improving the client service. This included information on the same day service program and changes made for 1984 filing requirements. H & R Block currently has over 9000 offices worldwide. There are nearly 3000 franchise offices in the U.S. and Canada. The local Block Office is located at 106 W. Missouri.
