Marina opens at Lake Mackenzie

Fishing at Lake Mackenzie may be better this spring than it has been during the last two springs. With the temperature of the water only 48° there has been some good strippers, bass, channel cat and wall eye caught. Tom Wilson of Amarillo caught a twelve (12) pound hybrid April 7, 1984, which is a lake record.

The Marina is now open, under new management, seven days a week. They have a full line of bait, fishing equipment, gas, oil, groceries, meals and anything else you will need for a week-end at the Lake.

You can now buy your annual family entry and boating permits. If you pay

Some quick ones from the good news desk:

Being full of faith and optimism, we had the roof on the Hesperian fixed a couple of weeks ago. Within hours of completion, the rains came. You gotta have faith folks.

The Government reports that the Japanese have decided to open their markets a little wider to our beef and citrus. The Reagan Administration's hard line with them has finally paid off. Every American Administration for the past 20 years has been trying to accomplish that feat. The door is not as wide as we would like on beef, but it will mean a minimum of \$300 million in new sales. And the cattle will have to be fed before the beef goes to Japan, so that ought also to mean a better market for grain. All in all, it is encouraging news.

The Department of Agriculture reports that the index of farm prices has established a new high, just barely getting above what it was at its previous all-time high back in 1981. The bad thing, of course, is that the farmer's production costs also went up. The spiraling cost increases of the late seventies has slowed dramatically, but a tractor that cost \$34,300 three years ago, said the Department, will still cost about \$42,000. I guess we must expect that when the unions have been successful in boosting the wages of their members to the point where a janitor makes more for pushing a broom across the factory floor than a West Texas tractor driver does for pushing a \$60,000 machine across the fields.

The latest report from the Comptroller's office says sales tax receipts for Floyd County increased 3.18 percent during the latest reporting period, compared with a year ago. (The April figures reflect sales made in February and reported to the Comptroller's office in March.) This comes on the heels of a 2.66 decrease on after-Christmas sales made in January.

We know that one swallow does not a Spring make, and all that, but it is still encouraging news. The other news from the Comptroller's office, if we want to read the message, is that sales just across the County line, in Plainview, climbed 15 percent. So while economic activity picked up here in Floyd County during the month of February, it did not jump as much, on a percentage basis, as Plainview. We will say more about that later. In Motley County overall sales activity declined slightly.

Also in the good news department: Foster Whaley, our State Representative, is on the mend. We ran a little story in the paper some time ago indicating he was back at work, but it proved a little premature. Foster has had a rough time. He came back to work, had more trouble, had to go back under the doctor's care, but is now back in his office in Pampa. We wish him well. Foster is a good Representative, from all I can find out. We talked to him by phone the other day, and he promises as soon as he is up to it he will come back down here to the southern end of his District for a visit. We will welcome him.

And finally: Floyd County folks came through the local elections with flying colors. Now we can get on with the task of community building.

Mackenzie Municipal Water Authority taxes you can purchase your annual entry permit at the County Tax Appraisal Office in the county where you live for \$20.00.

Treated water is now available at all picnic tables on the south side of the lake. A new road has been built to the beach area and that area is now available for camping and fishing. If you

plan to use the Picnic Shelter for reunions, meetings, or just a group cookout you should call and make reservations.

Contractors will start in the next few days paving the road from the gate to the marina.

Plan to come out to the Lake and see the improvements made since last fall.

Pageant slated Old Settlers

On May 26, 1984 in conjunction with the Old Settler's Day activities the Buffalo Grass Chapter of the DAR are sponsoring a Little Master and Miss Old Settler's Day contest. The event will be at the Floydada Junior High School auditorium, at 10:00 a.m.

The contestants are asked to wear an attire in keeping with the Old Settler's Day theme. The judging will be based on attire, not on beauty or personality. There will be no interviews.

Children from 3 to 7 years old are eligible. The contestants will be judged

in age groups: boys and girls separately. Awards will be given in each category. The winners will be eligible to ride in the Old Settler's day parade that afternoon.

The entry fee is \$5.00. Entry forms are available at the following: Floydada, Anderson's Dept. Store, Hale's Dept. Store and Williams Florist; Lockney, Brown's; Ralls, Bishop's; Roaring Springs, Thacker Supply Co.; Matador, Anderson's Dept. Store; Petersburg, The Little Shop; or you may contact Susan Dunavant, 983-3650, or Nova Evans, 983-2663.

Drawings to be exhibited

The art work of R. Russell Brown will be on exhibit at the First National Bank of Floydada beginning April 23 through April 27 during regular banking hours.

Some painters transport to the viewer a scene and evoke feelings of a more meaningful existence, tranquility, and timelessness than others, and R. Russell Brown is one of those.

His talents are not only his technical ability because there are countless artists who handle a brush with ease; but those who view Brown's work

intuitively feel that he has captured more than a scene and his works portray a fleeting moment held forever.

Brown's technique is to use a dry brush on smooth illustration board, which forces him to create his own texture. The result is a smooth almost print-like effect.

His popularity has put him in galleries from Indiana to South Texas. His work has spread to 38 states and nine foreign countries.

Census takers conduct survey

Census takers working for Johnson Publishing Company are contacting local residents to obtain current information to update the next Floydada City Directory.

The survey workers are all local residents and will be contacting people by telephone or by sending Direct Mail questionnaires. Residents will be asked to provide both the husband and wife's first names and occupations, whether or

not they own their home, address, telephone number and number in family. Person 18 or older will be given a separate listing.

Business firms will be asked to provide the correct business name, address, telephone number, names of owners and officers, number of local employees and business description. There is no charge to be listed in the directory.

Maldonado wins Best Student Award

Dale Smith and Al Galloway, teachers, and their students from CVAE/VOTC classes, attended Area VI Contest in Dumas, Saturday, April 7.

High school students attending were: F.L. Williams, Dennis Gooch, Armando Garza, George Alaniz, Scott Jarrett, Bernie Maldonado, Martin Riojas, Manuel Suarez, Robert Camacho, Ray Hernandez, and Stacy Williams.

Junior high school students attending were: Dana Cooper, Jimmy Hand, Marcus Riojas, Steve Gutierrez, Eliseo O'Valle, Roy Hill, Rolando Cisneros, Michael Smith and Carlos Riojas.

The exciting highlight of the trip was when the first place winners were announced. Eight Floydada students won first place ribbons, qualifying them for state competition. Those who will be going to San Antonio May 11-12 for the state contest are: F.L. Williams, Manuel Suarez, Eliseo O'Valle, Roy Hill, Rene Garcia, Bernie Maldonado, Martin Riojas and Dennis Gooch.

Bernie Maldonado won a first place ribbon in "on the spot" welding skill, a first place ribbon in job exhibit, climaxed by the presentation of a medallion and the coveted best student award.

Other students receiving ribbons were: Armando Garza, second on project, fifth on job interview, and fifth in measuring and cutting; Scott Jarrett won second on project; Rolando Cisneros won second on project and also in photo panel display of VOTC Club jobs done this year; other second place winners were Michael Smith, Wally Rodriguez, and Rolando Maldonado.

Leonard King and Tim Ruff placed 4th on projects; Martin Riojas won 1st place on project in welded construction, and 5th place in welding competition; Robert Camacho won 2nd on project and 4th in welding competition.

So many have contributed so much to our success this year! A special note of thanks is extended to: Mr. Collins, principal of Jr. High School and Vocational Director; Mr. Cannon, school superintendent, and staunch supporter; Mr. Tyer, high school principal, always encouraging our endeavors; the Della Plains Co-op of Special Resources Department; all regular classroom teachers in all buildings who

ARTS AND CRAFTS BAZAAR—Nancy Hagood and Darlene Stovall are exhibiting a small selection of the articles they will have for sale at the II Penseroso Arts and Crafts Bazaar held in Lockney Saturday, April 28. The articles exhibited are handmade Kenya bags, which is a new item, with sturdy leather handles in various sizes, and jewelry from Nancy Hagood. Darlene will feature handmade items in a country theme and Mexican dresses in a variety of styles and colors for children and women.

Lions Club to sell brooms

The Floydada Lions Club will hold their annual broom sale on Thursday, April 26th. The merchandise will be on display under the pavilion (weather permitting) on the south side of the courthouse.

Although this is called a broom sale, there are more items for sale than just brooms. Merchandise ranges from brooms, mops, dish rags, pot scrubbers, entrance mats, barbecue grill brushes and numerous other items that are needed around the house.

All the merchandise is made by workers at the Lighthouse for the Blind. The sale of these items provides employment for blind people.

The Lions use the profit made to help support the numerous projects that they carry on in our community. Your support of this very worthy project is appreciated.

gave time and support; Gina Patterson, Early Childhood and Elayne Baxter, secretary co-op who so graciously gave of their time in typing explanation sheets for student's projects; LaVada Garrett and Wanda Lewallen at Jr. High School; the advisory committees consisting of Mac Willson, John Campbell, Jimmy Garza and LaVada Garrett; Fred Thayer for woodwork; Bill Cagle, Leonard King, Sr., Gary Pate, Joe Hinojosa, Choise Smith and John Tye, Tye Manufacturing Co., Lockney, for general mechanical repairs.

The goal of each person working with students is to bring pride to themselves to our school and to our community.

Crime affects everyone

The following article is a public service by the Floyd County Hesperian and the Lockney Beacon through the cooperation of John R. "Randy" Hollums, District Attorney and The Prosecutor Council. Its purpose is to make you aware of a prosecutor's role, of your responsibility as a resident of Floyd

County and how we can work together to alleviate some of society's problems.

VICTIM ASSISTANCE: EVERYONE'S JOB

On the occasion of National Crime Victims Week (April 15-21), John R. "Randy" Hollums, District Attorney for the 110th Judicial District urged the public to become involved in assistance to crime victims.

"I want every victim to know that we do care," he said. "But it takes more than just caring; it takes money, time, and people to do the job. My staff and resources are limited. Only about 13 cents out of every \$100.00 of state appropriations in Texas is spent to fund prosecution. That's less than two-tenths of one percent of the total. That just goes to show how important citizen involvement is to making victim assistance work. I'm counting on the concerned citizens of this community to help."

Mr. Hollums pointed out that victim assistance begins with each of us. "Family, friends, and bystanders are often the first helpers available to a victim. Their assistance—whether immediate or sustaining—can be critical to a victim's recovery." He suggested several ways individuals can help:

1. Call the police when you see a crime committed. Identify important information for them and report any additional information you gain from others.
2. Call for emergency medical assistance or a doctor if a victim is injured.
3. Stay and talk with the victim until help arrives. If possible, accompany the victim to the police station or hospital so he or she has a friend available.
4. Let the victim talk about the crime, many times if necessary. It sometimes helps the victim to understand or even remember what happened.
5. Don't blame the victim—he's not the criminal.
6. Make sure the victim has enough food, clothes, or a place to stay.
7. Help the victim make repairs or make his or her home safer after, say, a burglary.
8. Help the victim find out what public services are available to him or her.
9. Be patient with an upset or traumatized victim. It may take days, weeks, or even months for the victim to recover from the experience.
10. If you are a witness to the crime or can be useful in some other way, cooperate fully with the prosecuting attorney and make every effort to be available to testify in court if necessary.

"This last step is critical to effective prosecution," Hollums said. "I cannot do my job alone. I depend on the cooperation and assistance of many people. Without them, that most basic of victim's rights—achieving justice—will be lost."

CRIME VICTIMS: MORE THAN STATISTICS

During National Crime Victims Week, Mr. Hollums expressed concern over the scope of crime and its effects on its victims. "The fact is that every year some 57 million Americans become victims," he said. "National Crime Victims Week is a time for all of us to pay particular attention to their plight—and to find ways to improve the way they are treated." Hollums broke down the figures on crime into the following:

- * Every year in our country there are:
 - * 55,000 people killed by murder or vehicular homicide.
 - * 147,000 women raped.
 - * 160,000 people seriously physically injured by crime.
 - * 2,000,000 spouses abused.
 - * Between \$3,000,000 and \$5,000,000 lost to absenteeism related to spousal abuse.
 - * \$100,000 lost to medical bills related to spousal abuse.
 - * Between 500,000 and 1,000,000 older person abused.
 - * Between 200,000 and 1,000,000 children abused.
 - * \$75 billion lost to crime.

"Startling as these figures may seem, it is all the more astonishing to realize that they are only estimates," Hollums said. "Many instances of crimes, such as abuse of children or spouses, go unreported or undiscovered."

"The point is that the extent of crime concerns us all. Whatever the crime, each victim and the victim's loved ones face trying circumstances. They deserve our attention and understanding. Together—as a nation, as a community, and as individuals—we can address the problem."

In closing, Hollums announced sources for more information on helping victims of crime:

The Texas Crime Victims Clearinghouse, Post Office Box 12428, Austin, Texas 78711. (512) 475-0360. TOLL-FREE NUMBER FOR INFORMATION: (800) 252-3423; and
The National Organization for Victim Assistance (NOVA), 1757 Park Road, NW, Washington, D.C. 20010. (202) 232-8560.

Crime Call benefits from tournament

It what was termed "gale force winds," the team of Billie Brington, Larry Ogden, Clovis Myrick, Joy Ward, and Loy Ogden, walked off (should say "blew off") with the 1st place team honors in the Crime Call Scramble, held Saturday, April 14, at Floydada Country Club. The winning team shot a 11-under par-61, which should be described as "amazing" in view of the weather conditions. A 64 was turned in by the runners-up, Andy Hale, John Walton, Brad Hagood, Jerry Warren, and Tommy Ogden. A score of 65 was recorded by the third place team of Tim Beard, Lee Estrada, Steve Brown, and Melvin Lloyd.

Steve Brown was a double winner, not only sharing the 3rd place merchandise prize, but also winning the 24k gold-plated putter (donated by Ricky Burns of City Auto, Inc.) by having the closest tee shot to the pin on hole #2. Tim Beard was runner-up in this event, and won a \$20.00 setting at R. Photography for his effort.

Although the adverse weather (winds up to 55 mph) reduced the size of the expected turn-out, over \$500 was added to the reward fund of Crime Call of Floyd County. Space does not permit the listing of all the merchants and individuals who contributed to the prize fund, but they know who they are and

they are certainly appreciated by the Crime Call committee.

One brave foresome of lady golfers came over from Lubbock, consisting of Reda Mae Gary, Connie Shipman, Nita Brumley, and Geneva Collins. They asked, "Where were the lady golfers from the Floydada Womans' Association?" (That was a good question!) There was a consensus of the golfers around the clubhouse Saturday to stage a Crime Call Scramble next year, and strong consideration will be given to making it an annual event.

Special gratitude goes out to Floydada Country Club pro, Butch Mitchell, without whose help the Scramble wouldn't have gotten off the ground in the first place. Mitchell is also to be commended for the excellent shape of the course, especially the greens, for this early in the year—considering the small amount of rainfall so far.

The Crime Call committee wishes to extend a hearty thanks to all those who helped make the Crime Call Scramble a success.

Lyles, Dawdy honored by D.T.R.

Mrs. Sallye Harris Lyles recently learned that she has been named The Daughters of the Republic of Texas representative of District X for The Outstanding Texas History Teacher of Texas. District X includes Amarillo, Abilene, Odessa, Rotan, Archer City, Pampa and Lubbock. Mrs. Lyles who was sponsored by the General James Smith Chapter of Lubbock will now advance to the state competition. The winner will be honored at the Annual DRT Convention in Amarillo on May 9-11.

SALLYE LYLES AND KRISTY DAWDY

Texas History teachers in this local twenty-one school area region were asked to submit a resume describing their experience in the field, three letters of recommendation from non-DRT members, and a letter describing how they make "history come alive" for their students.

Mrs. Lyles, also a speech teacher, explained how she used drama in the classroom to make history interesting. On occasion her students have performed "The History of Floyd County" and "Our America."

In addition her students participate in the local history fair and the Wayland Regional Fair. The Junior Historians, a project Mrs. Lyles co-sponsors with Mrs. Norma Feuerbacher, visit historical sites in Canyon, Fort Worth, Austin and San Antonio. Field trips to our local museum, The Floyd Co. Museum, The Ranching Heritage Center in Lubbock, and The Crosby County Museum make history more exciting and real for her students.

A teacher of Texas History for eleven years, Mrs. Lyles has taught social studies and speech in Floydada Junior High School for that length of time also. She belongs to the Texas State Teacher's Association and Delta Kappa Gamma.

The Daughters of the Republic of Texas salute Mrs. Sallye Harris Lyles as the District X Outstanding Texas History Teacher.

Kristy Dawdy, seventh grader of Floydada Jr. High, was recently named the winner of her school in The Daughters of The Republic of Texas

ly was Mrs. Sallye Lyles of Floydada Jr. High. Other projects include encouraging research and marking of historic sites, presenting books on Texas history to libraries, planting native trees and wildflowers and publicizing Texas Honor Days.

A primary objective of the D.R.T. is the care of historical buildings placed in their care by the state of Texas. The Alamo in San Antonio, The French Legation and The Land Office in Austin, and The Cradle in Galveston are preserved and maintained by projects and donations by the Daughters.

Members from this area of the wide ranging Lubbock chapter are Mrs. Furman Vinson of Flomot and Mrs. Frank Potts of Floydada.

ESSAY CONTESTANTS—Kristy Dawdy, Tiffany Gentry and Sharon Smith were participants in the D.T.R. essay contest. Kristy, who's essay title was "March 2, 1836 - The Texas Declaration of Independence." She was awarded a certificate and a Texas Almanac.

essay contest, sponsored by the General James Smith Chapter, Lubbock. One hand to present Kristy with an award certificate and a Texas Almanac was Mrs. Frank Potts, Sesquicentennial Chairman of the Lubbock chapter.

"March 2, 1836 - The Texas Declaration of Independence," was Kristy's essay topic in which she explored the following ideas: "What does the state of Texas stand for? What did the heroes of yesterday have to sacrifice to get what they believed in?"

After giving details about the men who signed the declaration, describing the setting and the state of affairs surrounding March 2, Kristy closed by writing, "And so their long time dream had become reality. The independence from Mexico that seemed at one time a flame that would never burn brighter, became a beacon of hope and truth of generations yet to come."

In sponsoring this essay contest, the Daughters hope to promote awareness of our Texas heritage. Outstanding students such as Kristy are recognized over a twenty-one school area. Another project was to name an Outstanding Texas History Teacher which incidental-

FFA banquet held Tuesday night

The Floydada High School chapter of FFA held its banquet Tuesday, April 17, in the Duncan cafeteria. The evening began at 7:30 with a dinner of T-bone steak, baked potatoes, and salad bar. Homemade ice cream was served for dessert.

The opening ceremony began with the invocation given by Shannon Shurbet, chapter secretary. Joe Scott Faulkenberry, chapter president, welcomed the parents in attendance. He also introduced the guest speaker, Joe Dawson. Dawson is a student at Texas Tech University.

Haney Robertson, chapter reporter, presented the recognition of Greenhand degrees. These degrees are achieved when a student is enrolled in Vocational Agriculture and maintains a supervised project. The student must understand the FFA creed, motto, and salute as well as the FFA organization and its symbols. J.D. Wilson, Robby Covington, James Mulder, Charles McMurrin, Stephen Emert, Shannon Barbee, Troy Faulkenberry, Darin Martinez, David Pyle, Leif Younger, Ward Brooks, Clay Lowrance, Hunter Smith, and Joe Starkey had successfully fulfilled these requirements.

Shannon Barbee was presented the Chapter Star Greenhand award by Tommy Hancock, advisor.

Quint Anderson, chapter vice-president, presented the recognition of Chapter Farmer degrees. Brad Rainer, Chuck Rowley, Guy Galloway, Carlton Noland, Terri Bailey, Cindy Marble, Haney Robertson, Sharon Smith, David Pyle, Don Chesshir, Gary Prisk, Lane Cheek, and Coy LaBaume were honored.

The Star Chapter Farmer award went to Haney Robertson and was presented by Rodney Purswell, advisor.

In the absence of Christi Pruitt, chapter sweetheart, her mother, Jane Pruitt, was presented with the sweetheart award by Mike Ruff, chapter sentinel. Jonny Jones, chapter treasurer, presented the plowgirl award to Cindy Marble.

Tommy Hancock presented the honorary Chapter Farmer award to Sue Chesshir and Sue Williams. The two women were in charge of the concession stand during the Floyd County Stock Show held in February.

The proficiency awards presented by Rodney Purswell went to Quint Anderson, ag mechanics; Brent Williams,

swine; Brad Rainer, beef; Ricky Poole, age electrification; and Shannon Barbee, home and farmstead improvement. Also recognized were Guy Galloway, crop production; Clarence Pope, outside activities; and Gary Prisk, poultry production.

Purswell also presented pins to the officers.

CINDY MARBLE

PAINTING PRESENTATION—Juanita Temple of South Plains presented the Floyd County Museum with a painting on Friday, April 13, entitled "Number 1 Tunnel." The tunnel, better known as the Quitaque Tunnel, is located on the Sauls Ranch in the northeast corner of Floyd County, now a part of Burlington Railroad. It is thought to be one of the last, if not the last, operating tunnel in Texas.

PROFICIENCY AWARD—Quint Anderson, Haney Robertson, Brent Williams, Shannon Barbee, and Brad Rainer were honored with proficiency awards at the FFA banquet Tuesday, April 17.

Reynolds-Bownds host announcement coffee

The forthcoming marriage of Rhonda Beth Reynolds and Kenneth Lee Bownds was formally revealed during a Sunday afternoon, April 8, announcement coffee. The fete was conducted in the home of Mrs. Margaret Morris at #20 Lakeshore Drive South, Lake Ransom Canyon.

Guests called between the hours of 2 and 4 p.m.

The serving table was laid with a white silk-polyester cloth. An arrangement of spring flowers featured a mint green streamer and matching napkins with the betrothed couple's wedding date.

Hostesses for the announcement coffee were Mmes. Lela Kinley, Katie Davis, Sue Wilson, Sandra Witt, Ruby Nickson and Margaret Morris.

Miss Reynolds is the daughter of Mr. and Mrs. Jim Reynolds of Crosbyton. Her grandparents are Mr. and Mrs. Harold McLaughlin of Plainview, formerly of the Providence Community and Mr. and Mrs. Willis Reynolds of Lockney. A December 1984 graduate of Texas Tech University, she is associated with Eagle-Picher in Lubbock in the Computer Electronic Control System Department. She is a 1979 graduate of Crosbyton High School.

The prospective bridegroom is a son of Mr. and Mrs. Sammie Bownds of Ralls. A Ralls High School graduate, he is a senior civil engineer major at Texas Tech University where he is employed in the engineer department.

The couple will exchange marriage vows on June 30 in First Baptist Church in Crosbyton.

New club officers chosen

Athena Junior Study Club met Thursday evening in the home of D'Lyn Morgan. The evening was spent in electing new officers, auctioning home-made items and discussion of upcoming projects.

Proceeds from the nights auction will be donated to the nursing home to help with building a covered patio. Other needs of the nursing home will be discussed in a City Hall meeting May 8 with other members of the community. This meeting is open to every citizen of Lockney and could be quite beneficial to our town.

Cindy Smith gave a devotional followed by roll call which was members answering with an interesting fact concerning the country of Chile.

The recent book fair was such a success that plans were made for another next year. If possible one will be conducted for the grade school and one for the junior high school.

National Library week is being recognized by sending carnations to the public library and each of the school libraries.

Athena will help the public library

with their reading program this summer and will conduct a story hour for children through grade 3 during the month of July.

It was announced that 40 children participated in the Pre-School Clinic. This is an increase over last year.

Athena's officers elected for the coming year were: Vida Hrbacek, president; Sandra Turley, vice-president; Patti Mowery, secretary; Jill Golden, treasurer; Barbara Mathis, parliamentarian; Charlotte Mitchell, historian; Cindy Smith, reporter. Outstanding club woman and "Rose" of the year will be announced at the next meeting.

Refreshments were served by the co-hostess, Tanya Covington to the following members: D'Lyn Morgan, Jill Golden, Martha Sue Lusk, Kathy Hunter, Mary Ann Kring, Donnie Meriwether, Barbara Mathis, Charlotte Mitchell and Sandra Turley.

Athena will meet next on May 17, in the home of Donnie Meriwether. This will be a dinner meeting with the 1984 senior girls as guests.

Ford open house held

Henry Ford, Sr., of Lockney, was honored with an open house on his 90th birthday Sunday, April 15 from 1-4:00 p.m. The event was hosted by Ford's sons, Henry and Alice Ford and Byron and Patsy Ford, who were assisted by a granddaughter, Diane and her husband Carlton, and grandson, Bernie and his wife Cindy.

Approximately 100 guests registered from Lockney, Plainview, Dallas, Floydada, Petersburg, Lubbock, Crosbyton, and Lorenzo. Ford also received several long distance calls throughout the day.

The home was adorned with blooming pot plants which had been sent by friends.

A sheet birthday cake, decorated with a windmill, was served along with punch and cookies, from a table laid with an ecru cut cloth. Two candlesticks with blue candles completed the setting.

Granddaughters Diane Johnson and Cindy Ford served the refreshments.

Floydada Nursing Home Happenings

By Florence Van Hoose
Monday morning devotions were by Trinity Church. Ira Sullivan, Shirley Varner, and I sang. I read the scripture and Ira prayed with the residents. The afternoon was so nice and warm that some of the residents and I sat out on the porch for a while. Then Janice came from Plainview for crafts. The residents made some pretty Mosaic trivets.

Tuesday morning devotions were omitted because the Rev. Neeley Richardson had to go out of town. He came early for the banana break. I had to go to Lubbock for the Monthly Activity Directors meeting. Then in the afternoon I was back in time for the weekly Bible Study. We studied about the qualities of true friendship.

Wednesday morning devotions were by City Park Church of Christ. The singers were Beulah Baker, Mary Spears, Vernola Hanna, Lorilla Bradley, Perry Zumwalt, Elva Blum, and Ruby Hartsell. Perry Zumwalt spoke from 2 Peter about the Christian graces or qualities we can develop in our lives to make us to grow and to be more fruitful. In the afternoon we played Bingo. Sue Thompson Bingo'ed the most times and Mrs. Birnie, Ruth Benson, and Myra Hall Bingo'ed on the blackout. Sugar-free candy and bananas were the prizes.

Thursday morning we decorated the Nursing Home for Easter and in the afternoon we had the monthly birthday party. The honorees this month are

Bennie Wilson, Ollie Birnie, Andres Pena, and Leon Marble. We want to thank Williams Florist for giving the corsages and boutonnières and also we want to thank the ladies we brought the cake and punch to serve the residents and staff.

Friday morning devotions were by Nettie Adams. She led songs about the Cross and then taught the Easter story. In the afternoon we went on the bus ride. Those going on the bus ride were Emmet Lawrence, A.J. Huckabee, Addie Lindley, Una Clar, Iva Simpson, Lura Brashears, Ruth Benson, and Bennie Wilson. We rode over to Plainview and got an ice cream cone. It was a nice day for an outing and we all enjoyed it much.

Myra Hall has visitors from Hayden, Alabama this week. They are Clayton and Gale Tolbert, their son Michael and their granddaughter. She is enjoying their visit.

Visitors were: Myria Dade, Debbie and Wayland Richardson and family, Vickie Green, Max Green, Mrs. G.B. Johnston, Lori Johnston, Hazel Bradley, Charley L. Berry, Sr., Ira Sullivan, Laura Turner, Lucille and Tom Daniel, Nellie Moore, Mr. and Mrs. Grady Freeman, Hazle Powell, Irene Wexler, Joe Coleman, Lana Ooley, Allene Henry, Kay Tinney, Magdalena Herdez, Maria Vallejo, Lavors and Dale McLaugh, Cora Smallwood, Thanie Smallwood, and Wanda Williams.

SOS elects new board

Several ladies of the S.O.S. provided a covered dish and enjoyed it with others who joined for a good time of fellowship at Lighthouse Electric, April 9.

Most of the people and churches that had helped to get the S.O.S. started were present.

Board members elected were: Helen Martin, president; Peggy Medley, vice-

president; Margie Sue, secretary; and Jack McIntosh, treasurer.

Those attending were: Mr. and Mrs. Jack McIntosh, J.C. Martin, Johnny Sue, J.N. Bryant, T.M. Whiteley, Rainey Varner, Bob Chapman, Willie Windom, John Campbell, Elvis Warren, Lorin Leibfried, Peggy Medley, Dorothy Turner, Ethel Carmack, Pauline Pierce and Helen Lipham.

Public Notice

Southwestern Bell Telephone Company, in accordance with rules and orders promulgated by the Public Utility Commission of Texas, hereby gives notice of a public hearing to begin at 10 a.m. on Monday, May 14, 1984, in the offices of the Public Utility Commission, 7800 Shoal Creek Blvd., Austin, Texas, concerning proposals made by the company to add three optional services and delete two services from the list of local exchange services available to its Texas customers.

Proposed additions to the local exchange tariffs include an optional Local Measured Service under which all residence customers and single-line business customers could pay monthly rates less than flat rate for one-party service, with an additional charge for each completed outgoing call to be determined by the time of day, distance and duration of each call; and a subsidized LIFELINE local service to be made available to qualified individuals, as determined by the Public Utility Commission. The monthly rate for LIFELINE service would include an allowance of 25 outgoing calls per month, plus a charge for each additional call.

Proposed for deletion from the local exchange tariffs are one-element measured service offerings for residence customers and single-line business customers, but current customers would not be affected.

The company does not anticipate that these additional services will result in an increase in revenue to Southwestern Bell Telephone.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

Aviso al Publico

Por medio del presente aviso y en conformidad con las reglas y dictámenes de la Comisión de Servicios Públicos de Texas, la compañía Southwestern Bell Telephone anuncia la audiencia pública que se llevará a cabo a partir de las 10 de la mañana del día lunes 14 de mayo de 1984 en las oficinas de la Comisión de Servicios Públicos, 7800 Shoal Creek Blvd., Austin, Texas, con respecto a la propuesta de la compañía, que consiste en agregar tres servicios opcionales y suprimir dos servicios de la lista de servicios telefónicos locales a disposición del usuario en Texas.

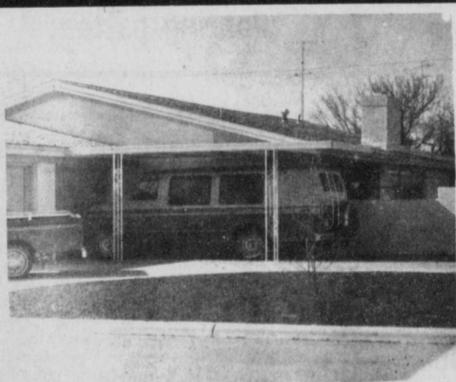

Las adiciones propuestas al arancel del servicio telefónico local incluyen un Servicio Medido Local opcional según el cual todos los clientes residenciales y los clientes comerciales con línea única pagarían tarifas mensuales menores que la tarifa fija para servicios de línea única, con un cargo adicional por cada llamada completa efectuada desde ese teléfono, establecido según la hora, la distancia y la duración de cada llamada; así como un servicio local subvencionado de LIFELINE que estaría disponible para determinadas personas, según lo establezca la Comisión de Servicios Públicos. La tarifa mensual para el servicio de LIFELINE incluiría 25 llamadas mensuales con un cargo adicional por cada llamada en exceso de 25.

Se propone suprimir del arancel del servicio telefónico local las opciones de servicio medido de un elemento para clientes residenciales y clientes comerciales con línea única, pero esto no afectaría a los clientes actuales.

La compañía no espera que estos servicios adicionales produzcan un aumento de ingresos para Southwestern Bell Telephone.

Toda persona que desee intervenir o participar en el proceso debe notificar a la Comisión lo antes posible. Las solicitudes de intervención, participación o información deben dirigirse a: Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Para obtener mayor información debe llamar a Public Utility Commission Consumer Affairs Division, (512) 458-0223 o (512) 458-0227, o al (512) 458-0221 si requiere teletipo para sordos.

Residents celebrate birthdays

Birthday time is here again
...And, maybe, April showers...
Lets celebrate and have some fun
And hope for lovely flowers!

Mrs. Birnie we salute
...She counts from 1902...
May every day be good to her
And worries be but few.

Mrs. Wilson we now greet...
She's boasting "84"...
She still likes having fun, and so
May this day bring her more!

Our Mr. Leon Marble
...He counts from '89...
Has seen so many changes
That's happened in his time!

We welcome Mr. Pina
Who now has joined this home...
May all his days be happy
And he never feel alone.

Let's serenade these people
With the good old "birthday song"...
So everybody ready

And come out good and strong!
Thursday, April 12th, was party time
at the Rest Home with ladies of the City
Park Church of Christ hosting the
festivities. Honorees, residents and
guests were ushered into the dining
room where the "honor" table was laid
with a white cloth and centered with an
arrangement of burnt-rose silk flowers,
accented with peacock feathers and in a
brass bowl. Harmonizing place cards
marked places for the honorees.

Seated with Mrs. Birnie was Cora
Smallwood and Thanie Smallwood of
Matador and Miss Nancy Horner of
Lubbock. Seated with Mrs. Wilson was
Jessie Stewart and Janis Julian. We are
sorry Mr. Marble was unable to attend
the party. Other guests included Opal
Kratzer and Letha Lightfoot who were
visiting Mrs. Lindley.

Letha baked a lovely angel food cake
which she shared with us and we thank
her very much. A delicious birthday
cake and a delightful fruit punch was
also served to the honorees, guests and
employees.

Each honoree was presented a fresh
corsage (boutonnieres for the men) of
pink carnations by Williams Florist and
Card Shop. We do appreciate the
thoughtfulness of these good people.
The Hesperian photographer came for
the picture "taking" which ended a
happy party.

The next party will be Thursday,
May 17th, 2:30 p.m. Please come and
be with us.

BIRTHDAY HONOREES—Ollie Birner, Bennie Wilson and Andres Pena were honored with a birthday party on Thursday, April 12, at the Floydada Nursing Home.

Sunday, any Sunday, is a long day if I
don't go to church, and I didn't get
there last Sunday. And here it is
Tuesday.

It seems a lot of things have
happened in our town. For we have a
new set of Editors. We hope as good as
the ones before and I feel like we won't
have as many cold days.

Mrs. Frizzell has been still awhile but
she has some company this P.M.

Mrs. Plumlee has moved - not far.
We hope our good neighbors won't
move far.

The Henry Brewers made a trip to
Wichita Falls last week.

The Clyde Greens and wife Ouita,
arrived Sunday night at Ma Greens
from Peralta, New Mexico after church
about 11 p.m. Had a good visit, even
them.

We dined out at noon and when son
Vic arrived from Plainview, we had
another good visit.

The New Mexico Revival was good.
Mrs. Mayfield attended club at Mrs.
Inez Walkers. There were eight present.

Mrs. Clay Muncy is at home, but not
quite up to par yet. Miss Malinda
Warren of near Lubbock spent the
weekend with her grandmother, Mrs.
Ethel Warren. She is a student from
home to Littlefield.

Another Sunday, April 15, 1984;
Windy! We had a good day at church. I
missed last Sunday. Days are long when
I don't get to church. This p.m. the sky
is dotted with white clouds on blue. We
do need a rain. I think next Thursday
will be Senior Citizen Day.

Mrs. Dorothy McDouglas and daughter,
Sharon of Crosbyton visited
Dorothy's parents, the Henry Brewers,
Saturday p.m. Glenna and Millard
Watson came Sunday.

Visitors at Mrs. Frank Dunn's one
day last week were Mr. and Mrs. Floyd
Montgomery of Plainview (her husband
and wife).

Mr. and Mrs. Anthony Latta left last
week for a vacation. First they went
South.

Mrs. Wiley Rogers was in Lubbock
part of last week for a checkup.

Mrs. Plumbee was in Amarillo several
days last week visiting her son,
Bobby and family.

Mrs. Amelia Ashton, Lockney Rest
Home, is reported doing very well.

Today, Monday, Alma Ruth Nelson,
Floydada Rest Home, is feeling fine.

Evidently the Mayfields are out of
town. Mrs. Elmer Warren, Opal Rogers,
the Henry Brewers, Mrs. Lo
Frizzell are all at home and well. The
Marion Carpenters were not so well last
week.

THE Supporters elect president

Denise Blanchard was elected as the
president of the newly formed THE
Supporters.

THE stands for Texas Tech Home
Economics. Blanchard was elected president
of the Plainview Chapter of the
organization which will incorporate a
wide scope of alumni, ex students,
parents and other individuals interested
in the organization.

Several objectives have been set forth
for the group and they include being a
liaison between the college and prospective
students, parents, special
friends of the college, and the community.
They will also try to recruit
students, provide scholarships and unrestricted
funds, gifts and other support

to the College of Home Economics.
They will also survey the local job
markets for home economics graduates.

Anyone interested in joining the
group or wishing more information on
the group and its planned activities may
contact Denise Blanchard at 652-2712.

The next planned meeting for THE
Supporters is July 17.

Choir enjoys party in Plainview

The Preschool Choir of the First
Baptist Church had their end of the year
party Wednesday afternoon. The choir
went to McDonald's in Plainview and
enjoyed hamburgers, fries, and cokes.
Each child received a McDonald's hat
and placemat.

The children then played on the
McDonald's playground. The fun was
enjoyed by Shane Derryberry, Lisa
Crader, Mindy Evans, Candi Guffee,
Chad Guthrie, Chad Harmon, Chad
Hinkle, Laura Hale, Dustin Owens, Joni
Smith and Kasey Vickers, also Mrs.
Andy Hale, Mrs. Bill Hinkle, Mrs. Mike
Vickers, Mrs. Danny Colston and Mrs.
Deryl Evans.

PVT. TOMAS TREVIÑO DeLEON, son of Rodolfo and Francisco DeLeon Trevino of Floydada, has completed basic training at Fort Leonard Wood, Missouri. During the training, students received instruction in drill and ceremonies, weapons, map reading, tactics, military courtesy, military justice, first aid, and Army history and traditions. He is a 1983 graduate of Floydada High School.

Former resident to tour with Continental Singers

Kent Mankins, an 18-year-old senior
from Zachary High School in Zachary,
Louisiana, and formerly of Floydada,
has been accepted to sing with the
Continental Singers. This group which
is headquartered in Los Angeles, is a
worldwide ministry group. Mankins,
and the singers, will be touring across
the country and overseas this summer.

Mankins learned in January that he
had won a spot with the singers. To go
on the tour, he has to raise about
\$3,200. He has already raised part and
is relying on his faith in God to help him
come up with the rest.

Kent Mankins is a happy young man
but things haven't always been that
way. According to Mankins, about two
years ago he underwent a conversion,
largely with his music's help. About a
year and a half ago, he and his family
moved to Lafayette, Louisiana. It was
there he started leading the youth
program's music. He also started
spending time reading his Bible and
praying and that's what turned his life
around.

Mankins will rehearse with the group
before the tour begins on June 6 and
ends on August 27. They will set out
across the central part of America. In
July, the group will leave New York to
spend three weeks in Great Britain,
Belgium and Holland. They will then
return to perform at more concerts in
the United States.

Mankins is a singer and a guitarist.
He is also learning to play the piano. He
also writes a lot of his own songs and
plans to record an album.

After his singing tour, Mankins plans
to attend Louisiana College and major in
music.

His long range plans include becoming
a Christian solo performer and a
music director at a church.

Mankins is the son of Linda Thomas

and the late Bruce Mankins, formerly of
Floydada.

Golightly captures title

Lacy Dawn Golightly, 6-year-old
daughter of Dayne and Penny Golightly,
captured the "Beauty" title in the Kids
of America Pageant Saturday, April 14,
in Denver City.

She wore a pink party dress made of
polyester and chrysalene with a pair of
white patten shoes. For sportswear, she
wore a pair of seersucker pink and white
pin striped slacks with a pin striped
blouse of assorted pastel colors and pink
and white saddle oxford tennis shoes.

She was interviewed with 12 other
young girls between the ages of 3 and 6.
Her entry fee will be paid to state
competition. She will be seeking sponsors
to defray expenses incurred to travel to
Dallas for the state finals. Any number
of sponsors will be accepted, help would
be appreciated to send a representative of
Floyd County to the "Grand Finale" to be
held July 18-22nd at the Loews Anatode in
Dallas, Texas.

OVER THE GARDEN FENCE

Are you getting full benefit from the fence in your yard? Of course, a fence provides a boundary, give privacy, keeps children and pets in bounds, or screens an eyesore. But a fence can do much more. Clothed with blossoming vines, a fence becomes a beautiful backdrop of your flower border or a colorful focal point to view from picture windows or patio.

If vegetables are your cup of tea, a fence can increase growing space. Some crops can be grown vertically, supported by a strong fence. At harvest the vegetables are a convenient height to pick and almost blemish free because they're off the ground. Vegetable foliage on a fence is a refreshing background for both vegetable and flower gardens, or a pleasant green divider along property lines.

FLOWERING VINES FROM SEED

Varieties

"There are many quick-growing vines, mostly annuals. They climb fences fast and burst into curtains of color. Two favorites are morning glories and moonflower."

"Heavenly Blue" morning glory welcomes the day with bright skyblue flowers. Other attractive colors are shiny-white 'Pearly Gates' and vibrant crimson-carmine 'Scarlett O'Hara'. Introduces in recent years, the 'Early Call' series of morning glories in blue, rose, and a mixture of colors, extends the season of bloom. They start flowering earlier than most other varieties, yet keep right on blossoming until frost.

Morning glories greet the day, whereas moonflowers open at dusk, with a shimmering display of large, pure white, fragrant flowers. Plant some of each along your fence for a morning and evening show of bloom. Invite your friends and neighbors for a moonflower party. It's fun and exciting to watch the moonflower buds spring wide open like parasols before your eyes, as if by some magic command from mother nature.

For variety, there are other easily grown climbers. Canary creeper is dainty and graceful, with beautiful cut

and finely fringed, rich canary yellow, nasturtium-like flowers. Speaking of nasturtiums, don't overlook this old-fashioned favorite. They are excellent for scaling fences or trailing over a compost pile or bank.

For a more refined effect, there's the cypress vine. This climber has rich green, fern-like foliage—a perfect foil for the trumpet-shaped flowers in white, rose, and red shades.

If you need a dainty little climber or trailer, you'll enjoy thunbergia, the black-eyed susan vine. This winsome beauty climbs or trails about 5 feet and blooms mostly in shades of orange, sometimes with dark eyes. One type is pristine white.

Lathyrus, the perennial sweet pea, is a vigorous trailer or climber, with pink, white, and purplish red flowers from June to September. It may take a year to get Lathyrus established and blooming. After that, it's a tough, rampant grower and endures difficult conditions. Be sure to locate it where it won't crowd out other plants.

Although not grown for their flowers, gourds are also attractive vines. Their foliage makes a nice green background in summer, and their fruits are interesting to watch as they develop many shapes and color patterns. The mature gourds are ready to harvest just before frost and great to use for decorations or craft projects.

HOW TO GROW

All the flowering vines just mentioned thrive in well prepared, average soil free from long-standing puddles after heavy rain. Nasturtiums even grow well in poor soil. Canary creeper and thunbergia like partial shade, the rest full sun most of the day. Sow seeds in spring, according to directions on seed packets. Be sure to wait until all danger of frost is over the weather and soil are warm before planting morning glories, moonflower, and thunbergia. They sprout poorly (or maybe not at all) in cold ground. It is helpful to soak seeds of morning glories and moonflower in room-temperature water for about 8 hours (or overnight) before planting. This softens the seedcoats and seems to speed germination.

GRASS ID TEAM—Members of the 4-H grass ID team which took top honors at two regional invitational contests are: Kellie Pitts, Joe Scott Faulkenberry and Shannon Edwards. The team will compete April 24 in Matador at the Tri-District contest.

DYE EASTER EGGS--NATURALLY

The first Easter trail Peter Cottontail hopped down was in Pennsylvania and that first trip took place in 1728, long before commercial egg dyes became popular.

Back then many Pennsylvania Dutch children used natural dyes from herbs and foods to dye the eggs that were then exchanged as tokens of good times to come.

This Easter your children might enjoy making their own dye (with your help) as well as coloring the eggs. They might even learn something about the many uses of foodstuffs along the way.

For softer, lighter shades, prepare the dye and strain it to remove the herbs, roots or foodstuff used to obtain the color. Then, dip and turn pre-cooked eggs in the dye until you get a pretty shade. To create a deeper shade, simply make the dye and cook the eggs at the same time, allowing the eggs to simmer for as long as 20 minutes to reach the deepest hues.

Another method of dyeing eggs is to wrap eggs in bits of the dye-making plant or food, and then tie them in cheesecloth. When the eggs are boiled the dye is transferred directly to the eggshell, leaving the unique mottled effect.

Adding vinegar or alum to the dyeing mixture will increase the strength of the dye.

Here are some "recipes" for various colors:

*For yellow dye use chamomile tea or dandelion blossoms, pour boiling water over the tea or blossoms, cover and let stand for half an hour. Strain the liquid and add a teaspoon of vinegar and the dye is ready.

*Make gold dye by simmering two tablespoons of turmeric for 20 minutes. Add a teaspoon of vinegar before dyeing eggs. Since turmeric does not dissolve, the coloring will be slightly marbled.

*A brass-brown shade results from onion skins, even red onion skins. Place the skins in a pan of water and simmer until the desired shade is obtained. Strain the liquid and add a teaspoon of vinegar and the dye is ready.

*Lavender-blue eggs can be made with blueberries or grapes. Crush the berries or grapes by hand or in a blender. Add water and simmer for a few minutes. Strain the mixture and add a teaspoon of vinegar to complete the dye. Use a similar method to make robins-egg blue from cabbage.

*Mint leaves will make pale green Easter eggs. Pour boiling water over mint leaves, cover and let simmer for half an hour. Strain the mixture and add a teaspoon of vinegar to complete the dye.

*Any of the dye-stuffs can be wrapped around or folded against a raw egg and enclosed in cheesecloth and then boiled to obtain unusual patterns of color on the egg.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion, handicap or national origin.

4-H'ers take top honors at grass ID contests

The Floyd County 4-H Range and Pasture Grass Identification Team took top honors at two regional invitational contests held in Clairmont and Roby on April 3 and 6. 1984 team members are Shannon Edwards, Kellie Pitts, Joe Scott Faulkenberry and Shannon Shurbet. Shurbet was unable to compete in either contest.

The team took 2nd place overall in the Duck Creek S.W.C.D. contest in Clairmont losing to Fisher County by only 6 points. Shannon Edwards and Kellie Pitts were 1st and 4th high individuals. At the Upper Clear Fork S.W.C.D. contest in Roby, the team outscored Fisher County by over 60 points to take 1st place honors. Shannon Edwards, Joe Scott Faulkenberry and Kellie Pitts were 2nd, 3rd and 4th high individuals respectively.

To compete in these type contests, the team members must learn to recognize 73 different range and pasture grasses plus learn 5 different characteristics about each one. This is quite a chore, especially since no two samples of a grass look alike. Shannon, Kellie and Joe are to be commended for their dedication and perseverance in learning the grasses.

The team will compete in Tri-District competition April 24 in Matador and assuming they do well, will go on to compete in the state contest held at Texas A&M in June.

Wish them luck!

Using Guards and Shields

Guards and shields are installed on farm machinery and other equipment by the manufacturer to protect you. These guards and shields must always be in place when you are operating your equipment. Guard your machinery and you may be guarding your life.

- Inspect your machinery before you will need it to spot missing or damaged guards. Replace or repair them.
- Check telescoping shields each work day to make sure they rotate freely.
- Stay clear of unguarded moving parts. Stop the machine before unclogging or working on it.
- Replace guards over drive belts and chains when adjustments are complete. Test machinery only with guards on.

Tailwater offenders may be charged

Though they are small in number, they sure draw attention to themselves and cause the telephones to ring at the Water District's Lubbock office. We are speaking of irrigators who allow irrigation water to escape from their farms when they begin watering. Callers to the District office relate the details of losses of irrigation water from producers' farms, referred to as irrigation tailwater, and demand that it be stopped.

The large number of telephone calls received by the District come from a cross-section of the residents of the area. The variety of callers, whether they be bankers, lawyers, businessmen, homemakers, elected officials, neighbors, bus drivers, or mail carriers all are of the opinion that the underground water in this area is a very valuable asset which should not be wasted. Everyone seems to be aware that the ground-water reserves of the area are being depleted and that this depletion is affecting the entire population of the area. The callers often point out that the majority of the irrigators are doing a good job and do not waste water. They express little understanding or sympathy for those who habitually waste water.

Investigation of tailwater complaints is the responsibility of the Water District's staff. Upon receipt of a complaint, the staff proceeds to document the waste of water through photographs and written memorandums detailing the waste. Follow-up investigations are made to determine if the tailwater waste is a habitual occurrence. The landowner and operator are then contacted and advised that the waste of water is a violation of the law and must be stopped. If no action is taken and the waste continues, the Water District may seek an injunction in the District Courts. The Water District has in the past

received injunctions against landowners and operators who were habitual violators. Receipt of an injunction transfers responsibility for fines or punishment for tailwater waste to the District Court. Any further waste is considered an act of "contempt of court." "Contempt of court" citations for tailwater waste carry a maximum fine of \$500 for each occurrence and a maximum sentence of six months in the county jail. The court might also choose to direct the sheriff to padlock the well(s) to prevent any further waste of water if the violators persist in violating the court order.

In addition to the injunctions received through the courts, tailwater waste violators should be aware that there are damages for which they could be held liable. If the tailwater waste occurs on a public road or roadway and an accident were to occur as a result or partially as a result of the loss of water, the producer of the water could be held liable. Additionally, should damages occur to another landowner's property as a result or partially as a result of the

tailwater losses, the producer of the water could be held liable for property damages as well as loss of crops.

Some methods being used to control tailwater runoff are: 1) the use of borders to hold the water on the land; 2) the use of a tailwater return pit and tailwater return system to capture and reuse the water; 3) the installation and use of sprinkler systems; and 4) a new method of furrow irrigation using a surge time control valve.

According to state law (Chapter 52, Vernon's Annotated Civil Statutes) and Rule 1(5) of the High Plains Underground Water Conservation District No. 1, irrigation tailwater waste is described as "Wilfully causing, suffering, or permitting underground water produced for irrigation or agricultural purposes to escape into any river, creek, or other natural watercourse, depression, or lake, reservoir, drain, or into any sewer, street, highway, road, road ditch, or upon the land of any other person than the owner of such well or upon public land."

South Plains News

By Mrs. M.M. Julian

South Plains, April 16:

EVERYBODY. Don't forget the meeting at 8:00 at night (Thursday the 19th) at Don and Sara Probasco's house (on the east side of the Silverton highway, 2 miles north of the South Plains railroad tracks). They'll be serving dessert and telling you about the new Floyd County Arts Association that will hold its first meeting of Charter Members on May 20. The organization is definitely not just for artists or artistic people. It's for anyone who enjoys any kind of music, books, sculpture, painting, and so forth, or who would like for their families and friends to have more of this available in our county. There are plans to have everything from country and western music in the parks, to photograph contests and exhibits, to "white elephants" and art auctions, to plays and art classes for adults and for children. Everybody's invited to the Probasco's, so if you haven't been personally contacted, don't let that keep you from coming--men, women, and teenagers--just come as you are. (Farmers, they even have room for you to park your tractors out back, in case you don't have time to go home first.) Do plan to come. At least you can have dessert, and see all of your neighbors, and find out what's going on. See you there at 8:00 p.m. Thursday night! Don't forget!

Mrs. Letha Mulder arrived back home this Monday from Clarendon

where she had met and been with four of her sisters from Friday to Monday morning. They met at the home of Mr. and Mrs. Pete and Eunice Land, and they celebrated Eunice's 89th birthday on Saturday. Those who were there were Mrs. Lora McDaniels from Dallas, Mrs. Inez Minyard of Littlefield, Mrs. Letha Mulder of Floydada, Mrs. Lavoice McGaugh and Mrs. Eunice Land both of Clarendon. They enjoyed other members of their families where they visited, also. The only sister who was not present was Mrs. Mary Cobb who is in the Convalescent Home in Floydada.

We sincerely hope to hear that Hardy Burrow, brother-in-law of Reverend Cecil Osborne here at South Plains, is much improved this week. He had suffered a heart attack, and been in the hospital Saturday of the week before this. He is in Baylor Hospital at Dallas at this time.

We wish to take this occasion to wish to happy birthday to Henry Ford of Lockney who celebrated ninety years of life at his home in Lockney at 500 S. W. 5th Street, Sunday afternoon, April 15th, as friends, loved ones and neighbors came from 1:00 to 4:00 p.m. to help him celebrate this natal day. He is the grandfather of Mrs. Diane Johnson (Carlton) here at South Plains.

We sincerely hope to hear that Mr. Earl Norman, father of Mrs. Sterling Cummings, is regaining his strength at the Rest Home there in Dimmitt where he has been in very ill health the past week. We pray for all the others who

have been watching over Mr. Norman, too, and hope to hear better news soon.

We thank the ones who brought the new plants into the church at South Plains during the past week. The flower boxes have been filled with beautiful silk plants in lovely shades. The flowers add such a bright touch to the South Plains Baptist Church.

There will be a Vacation Bible School Clinic held in Plainview at the College Heights Baptist Church on April 24. There will be a morning session for all who wish to attend from 9-11:30 Tuesday morning, and another session for the Vacation Bible School workers from 7-9:30 p.m. Tuesday night. Workers in Vacation Bible School will make plans to attend one or the other of the meetings.

Mrs. Shirley Jackson of Lubbock, niece of Mrs. Murray Julian, spent Sunday evening and night here with Mrs. Julian and Kendis Julian visited with them Tuesday morning.

South Plains Hobby Club members met in the home of Mrs. Fred (Carolyn) Marble Wednesday, April 11, at 2:00 p.m. in South Plains. Mrs. Mary True, Home Demonstration agent for Floyd County, met with the club, and gave a demonstration, "Generic labels". Roll call: A good diet I have tried, was answered by those present, including Mmes. Grigsby Milton, Bonnie Julian, Hansel Sanders, E.J. Kinslow, Keith Marble, Harold Hamm, Kendall Cummings, guest Mary True, and hostess Mrs. Fred Marble.

Mrs. True brought cans, packages,

boxes of the Generic brand of foods, and the same foods in regular brands, then groups of the club studied the differences in prices, taste, packaging, food content, with discussions from those who had baked, cooked, or used the foods. She reported how the Generic brands stood up in comparison with products of the same kind in regular brands. Mrs. Dot Cummings presided at the business session. The next club meeting will be held in the home of Mrs. Keith Marble who lives south of South Plains, and time is 11:00 a.m. Wednesday morning, May 9th. The program will be a luncheon, with everyone bringing dishes to have a noon day meal, and the program will be on "Trivia". Roll call will be answered with, "A game I enjoy playing," Mrs.

Bonnie Julian will be giving the Thought for the Day.

Mr. and Mrs. Frank Brown and their daughter, Mrs. Charlene Baker from Chicago who is visiting here at this time from the city of Chicago, Illinois, entertained a group of their relatives in the Brown home on Friday, April 6th, at a sit down dinner at the noon day meal. A roast turkey and all the trimmings was served to all those who were present. Those who came to enjoy the family celebration were Shelby and Margaret Calahan, Elster and Helen McLeon, Hilburn and Doris Casey, Raymond and Nina Upton, Neva Calahan, Arthur and Nell Brown, and their daughter, Mrs. Karen Cooper, and the hosts Frank and Ora May Brown, and Charlene Baker.

Cedar Hill News

By Grace Lemons

We are having some pretty spring days and the temperature is getting warmer. Sunday is Easter and there will be people out on the highways traveling to see their loved ones.

The Assembly of God Church is sponsoring an Easter egg hunt Sunday afternoon at 2:00 p.m. All the children in the community are invited. Bring some eggs and enjoy the hunt.

Sunday night, April 22nd is family night at the Assembly of God Church. A film, "Sand Castles" will be shown at 6:00 p.m. followed by a supper. You are invited to attend and get acquainted with their new pastor and wife, Mark and Mary Proffert.

Mrs. Bryan Fortenberry will be honored with a baby shower given in the Fellowship Hall of the Assembly of God Church Friday April 20th from 6:30 to 7:30.

Services for Johnnie Josephine Swaffer, 60, of Barwise were held at 2:30 p.m. Sunday at the First Baptist Church in Lockney with Merle Rogers, pastor, officiating. Burial was in Floydada Cemetery under the direction of Moore-Rose Funeral Home. She died Thursday in Methodist Hospital in Lubbock after a lengthy illness. She was born April 30, 1923 in Floyd County and married Elmer Swaffer July 31, 1941. She was a homemaker and spent her life in Floyd County. She is survived by her husband, Elmer; one son, Gene of Lubbock; two sisters, Georgia Galloway of Lockney and Jimmy Folsom of Amarillo; two brothers, Joe Smith of Arlington and Woodrow Smith of Amarillo; and two grandchildren. She was a sister-in-law to Etta Love, who was a former resident of our community. Several from here attended the funeral.

Raymond and Etta Love of Alford spent from Saturday until Sunday in the home of Raymond's sister and husband, Imogene and Cephus Fortenberry.

Thursday, Cephus and Imogene Fortenberry met Garland and Mary Ann Tucker of Lubbock in Plainview and accompanied them to Amarillo where they visited a brother and brother-in-law in Northwest Hospital. Fred Fortenberry underwent hernia surgery last week and was in much pain that day. He is reported to be much improved at the present time. We trust that he will gain his strength rapidly.

Funeral services for David Lewis were held Friday at the First United Methodist Church in Floydada at 2:00 p.m. with the Rev. Earl Blair, pastor, officiating. Burial was in the Memorial Park Cemetery in Floydada. He was married to Mary Lockheart Dennison. He was a farmer and owner of Martin Implement Co. and a veteran of World War II and was a member of the Methodist Church. He is survived by his wife; two daughters, Pam Bennett and Linda Dowell, both of Floydada; one sister, Eva Kenemer of Canyon; one brother, Lock Lewis of Collinsville; and four grandchildren. A number of people from here attended his funeral.

Mitchell fills golf pro position at Country Club

Gene (Butch) Mitchell is the new golf pro at the Floydada Country Club.

Mitchell, 46, was born and raised in San Angelo, Texas until 1950 when his family moved to Lubbock. He and his father, Gene Mitchell Sr., have managed the Lubbock Country Club since 1950. Both of the Mitchell men are golf pros, the junior Mitchell since 1958.

Mitchell and his wife Patsy of 25 years have two children: Paul, 17, a junior at Coronado High in Lubbock and Stacey Ruthledge of Cleveland, Tennessee. Mitchell graduated from Texas Tech University and served as a golf coach at Tech. The Tech golf team under his instruction won the Southwest Conference Championship in 1971.

A former P.G.A. tournament player, Mitchell played professionally during the early 1960's. His highest finish was 5th place at the Orange County Open. Currently his main interest is to run a club, having played only six tournaments last year. He won the North Texas P.G.A. and finished 2nd in the remaining five events. Mitchell earned more than \$10,000 last year and says that if he was still on tour and just happened to finish that high in that

same amount of tournaments he would have made about \$400,000.

Mitchell said "It is necessary to accomplish a lot of hard work before they can become a pro. First a person needs to serve as an apprentice to a class A golf pro, then a person needs to go to Business school I and Business school II. The next thing a person had to do would be to pass a golf playing test, then have an oral interview with a class A head pro and then become a class A pro himself.

Mitchell, who has played a numerous amount of tournaments in Floydada, is well acquainted with people here. When asked why he took the position in Floydada, Mitchell stated "I've always liked playing in Floydada. The people here are very friendly." Mitchell says everyone is invited to come and play. "I would enjoy meeting everyone and getting to know Floydada better since it is going to be our new home. Mitchell said that plenty of memberships are available and anyone interested contact him at the golf course and he would help with any questions anyone needs answered. The number at the Floydada Country Club is 983-2769.

LAKEVIEW NEWS

By Joyce Williams

April 19, 1984:

Jonny and Jackie Ward of Lubbock have a new baby son, Lance born March 31, at Methodist Hospital. Jonny's parents, Mr. and Mrs. Joe Thurston, kept little Leah Marie a few days week before last while mother and new son were getting organized at home.

Hunter Smith played in a golf tournament at Childress on Tuesday; the last game of the year for the school.

Mr. and Mrs. Joe Womack hosted a barbecue at their home last Thursday evening. Guests included Julie's parents, Mr. and Mrs. Arnold Rathael of Crosbyton, Leroy Rathael and Rodney Rathael, also Mr. and Mrs. Bill Womack of Floydada.

Little Miss Lucy Golightly, daughter of Mr. and Mrs. Dayne Golightly, won first place in the age 3 to 6 years old division of the Kids of America Pageant at Denver City on Saturday. Lucy was presented with a beautiful crown, a banner, a bouquet of American beauty roses, a trophy and her entry fee to the State Contest to be held in Dallas July 18. Lucy modeled a pink seersucker sport set, and a ruffled pink dress made by her mother.

Mrs. Fred Lloyd was in Lubbock Monday with her father, Lee Keesee, who underwent an eye transplant operation at Methodist Hospital. Mr. Keesee had cataracts and was unable to see to drive at night. He hopes the operation will correct his problem.

Louis Pyle returned home Friday after surgery in the Caprock Hospital. Sunday, he and Virginia drove out to look over their grape vineyard. They had planted 5060 vines but the hard freeze last December that burst water pipes also froze 1080 plants. They have Chevin Blanc grapes as well as other varieties. A winery near Houston wants to contract grapes in this area. They plan to bring storage tanks right to the field and press the grapes there.

Mr. and Mrs. Bobby Kendricks returned home Sunday evening from a Good Sam trailer rally at San Marcos. The internationally organized group met for their state convention. Jean and Bobby stayed from Tuesday until Saturday, then left to travel to Kerrville to visit with their daughter, Kathryn McDougel and family. From there they drove to El Dorado to see another daughter, Becky Sterling. They remarked on the beauty of the wild flowers at Lady Bird Johnson State Park at Fredericksburg where they camped before the rally. A terrible drought is still over all west and Central Texas, as evidenced by dry pastures, few wild flowers and prairie fires in that area.

Mrs. Dayne Golightly visited in Lubbock recently with her parents, the Duane McClintocks. Duane works for a company dealing in cotton ginning notes.

Mrs. Q.D. Williams accompanied a group of Future Homemakers of America to San Antonio last week to the State Convention. The FHA-HERO members had sold candles to earn money for their trip. They visited the law enforcement classes at the junior college in Snyder. At Paint Rock they saw an early day German hand loom and rugs and blankets woven today from wool brought in by local sheep and goat ranchers. At the State capitol they went on a guided tour of the building and had their pictures taken on the capitol steps. In San Antonio the students attended day and night sessions of the meeting as voting delegates. Afterwards they went through the Alamo and museum. A bus that looked like a wagon took them on a tour of the city, including the Mexican Mercado, farmers market, the restored King William district, and the

military area. After supper at a sidewalk cafe on the River Walk, the group enjoyed a boat tour of the city. They met many students from other schools and got acquainted. They talked with Mrs. Frances Easter, former Home Ec. teacher from Floydada, now of Munday, Saturday on their way home, they toured the childhood home of President Lyndon B. Johnson, in Johnson City. At L.B.J. National Park, they rode a bus over the Johnson ranch and saw the Texas White House. They ate a picnic lunch at one of the beautiful park sites on the ranch. The students, Missy Zavala, Loretta Ledbetter, and Sandra Guevara, made their reports to the FHA Chapter Monday. Mrs. Monte Williams was substitute teacher for the class members who did not go on the trip.

Cheryl (McClintock) Guess's son, Bryan left recently for a student trip to Washington, D.C. Heard other Junior High youth left last week.

Austin Williams has recovered from the chicken pox. He came out Sunday after church and shot his first wild turkey. It was so big he could hardly hold it up to have a picture taken.

Miss Jody Smith was home from Texas Tech University for the weekend. She and Mysti Younger attended a rodeo at Clarendon Junior College, was dedicated to Dusty Burleson, the Floydada graduate who was enrolled in the college and who died in a car wreck last winter.

Mrs. Juli Womack has completed her studies at Texas Tech University and will graduate in May. Our town has a fine resource of educated young people. We hope our school trustees will turn to this resource when hiring, rather than seeking out-of-town people for the few jobs that open in our little town. Also, it is thoughtful of teachers and public officials to spend their paychecks locally to help support local business and taxpayers. Keep the money re-circulating in our own town and school district. This helps the taxpayers; enables businesses to hire students; and keeps our town healthy financially.

Card of Thanks

We would like to thank all of our friends and relatives for the cards, flowers, visits and calls during Stacy and Justin's stay in the hospital. We would also like to thank the hospital staff and a very special thank you to Dr. Hale, Dr. Jordan, and the nurses who helped in surgery. We'll never forget the wonderful care we received by everyone! Mike, Stacy & Justin Reeves

It is impossible for me to tell my friends and neighbors how much I appreciate the attention you bestowed upon me during my stay in the hospital and during my convalescence at home. I just don't have the words to thank you for all the nice things done for me and the family. For the flowers, the many, many get well cards that I received, the wonderful food that was brought in, the phone calls, and most of all the prayers, that were said for me, I am truly grateful. To Bro. Blair and the friends who stayed with the family while I was in surgery, I will always be in your debt. All of you have been wonderful to me and I love you for it.

Whirlwind Sams remain busy

This month has been a busy time for the Whirlwind Sams. On April 2 the Sams and Samathas honored Lawrence and Jo Davis on their 50th wedding anniversary at the regular chapter meeting at Lighthouse Electric. The members presented the Davis' with a plaque and a money tree. Cake and punch was served after the business meeting.

A slide presentation was presented by Vernon Parker of different parts of the country.

There were twenty-seven rig members present. Those attending were: Boone and Ruth Adams, Bill and Julia Baker, W.B. and Eula Mae Cates, Lawrence and Jo Davis, J.W. and Betty Gilbreath, Fay and Ruby Gooch, Willie and Mamie Bunch, Randy and Teresa Hollums, Bob and Jean Kendrick, Floyd and Queen Annie Lawson, George and Betty Miller, Orville and Lorene Newberry, Vernon and Eva Parker, Keith and June Patzer, Harry and Dorothy Reeves, Pete and Inez Roe, Wayne and Roberta Russell, Sam and Audrey Spence, Fred and Yvonne Thaxton, Claude and Frances Weathersbee, Paul and Dartha Westbrook.

Mac and Yvonne Williamson, Arthur and Mildred Wyle, Gordon and Teta Kirtley, Glen and Lillian Lindsey, Mac and Marge McElyea and Allen and Fay Benson.

The Whirlwind Sams made a trip to Fredricksburg and on to San Marcos on April 6th through April 15th. There were thirteen rig-members on the trip to Fredricksburg and twelve traveled on to San Marcos for the Spring Good Sam Club Samboree. One of the highlights of the trip at Fredricksburg was the members taking the tour through the Nimitz Museum. The Samathas enjoyed a day in San Antonio after they traveled to San Marcos. SAS Shoes held a top place in San Antonio.

The Spring Samboree in San Marcos had over 600 trailers from various parts of the country in attendance. The trip proved to be a fun, relaxing and fellowship time for all the members.

Those making the trip were the following rigs: the Adams, Cates, Gooches, Bunches, Kendricks, Lawsons, Parkers, Roes, Russells, Weathersbees, Westbrooks, McElyeas, and Bensons. The Bensons did not make the trip on to San Marcos with the rest of the members.

Let's talk.

Information about your changing telephone service from Jim West, Manager-Community Relations

A look at "local measured service"

Perhaps you've heard about a new optional type of service that Southwestern Bell Telephone is proposing for its Texas customers. It's called Local Measured Service (LMS). Simply put, LMS would give you the option of paying for your direct use of the telephone network.

Southwestern Bell Telephone's LMS proposal to the Public Utility Commission (PUC) includes an option that would lower fixed monthly charges while adding a low usage charge for each completed outgoing call. Those calls would be billed on the basis of distance, duration of the call and the time of day.

Another option would be a "LIFELINE" service at a \$5 monthly fee. This service would be targeted to the elderly on poverty-level income. The rate would include a usage allowance of 25 completed outgoing local calls. Additional completed outgoing local calls would be billed at the rate of 8 cents each. Customers would not be charged for incoming calls under either plan.

It's your option

LMS is for residence customers, as well as single-line, one-party business customers. And of course you could keep the current "flat-rate" monthly service if you'd prefer.

These new local service pricing plans would be available within 60 days of Commission approval in 89 offices which currently serve over 2,500,000 customer lines. The company plans to equip the remaining offices within two years after approval.

I think you'll agree there are several benefits to measured service. It would give you options for choosing the plan that gives you more control over your phone bill. You'd also have the option of paying for the service you used, rather than subsidizing those who use their phones a great deal more than you do.

While LMS as a standard ser-

vice offering would be new to Southwestern Bell Telephone's Texas customers, it isn't new in Texas. Customers of three other companies in the Lone Star State — General Telephone, Continental Telephone and Cen-Tel — are taking advantage of LMS. And like us, other companies — United Tel, Palo Pinto Tel and Mustang Tel — have requests pending with the PUC.

Customer interest

We're proposing the service because we've known there has been a need for optional pricing in Texas. Last summer we conducted a survey to determine customer interest in LMS.

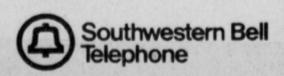

We found that interest was strong, particularly among those customers making fewer local calls or shorter-duration calls. The results also showed that customers want wider choices in how they pay for service by having the ability to match their cost to their calling needs.

At this time, PUC hearings on LMS are set to begin Sept. 24 in Austin. You can look for more information about LMS in the special insert in your telephone bill.

A new brochure, "Services for Disabled Customers," is now available. It has information on disabled services and how to contact AT&T's National Special Needs Center. You can get a copy by writing to:
