## Bank Deposits Up \$3 Million Over Last Year

Although only 40 percent of the grain sorghum and wheat crops have been sold, Floyd county banks were up almost \$4 million dollars in deposits in comparison with December 30 the previous year.

The report was released Wednesday after Floyd bankers received a state bank call effective the last business

banking day of 1976. It was surmised that much of the gain is cotton money as most farmers were selling their crop as fast as it could be harvested and ginned.

Loans at the two First National Banks in the county remained about the same as last year....Floydada loans were up a little, Lockney down a little.

At the First National in Lockney deposits were up from \$12,826,980.22 to \$14,369,691.92....loans down from \$5,694,120.49 to \$5,498,870.40.

At The First National in Floydada deposits were up from \$21,207,558.59 to \$23,551,201.53....loans up from \$8,016,693.25 to \$8,116,986.93. The report from farm financing

institutions including the banks is that most all Floyd farmers will be financially able to enter another farm year.

### Health Systems

#### President To Speak

#### At Rotary Friday

Ronald D. Warner, president of South Plains Health Systems, Inc., will be the luncheon speaker at Lockney Rotary Club on Friday, January 7 at 12 noon.

Warner will discuss (1) the local implication of the National Health Planning and Resources and Development Act (Public Law 93-641) of 1974; (2) the role and responsibility of South Plains Health Systems, Inc. and (3) the importance of the local county public meetings in relation to Health Plan Development process. (A public meeting of South Plains Health Systems, Inc. is scheduled next Thursday, January 13 at 7:30 p.m. in the Lighthouse Electric building in Floydada.)

## Floyd Citizens Urged To

### Attend Health Systems Meeting

In an effort to improve public accessibility to quality health care at reasonable prices, the United States Department of Health, Education and Welfare has designed a nationwide system of regional health planning agencies. One such planning agency is South Plains Health Systems, Inc. This, according to John Peck, a local volunteer member of the South Plains Health Systems Board of Directors.

"The concept, said Peck, 'is one of localization. It seems the government has decided that local issues of health care and health care facilities can best be decided by local citizens - both providers and consumers of health

services - working together.'

Asked how the local populis was to approach such issues, Peck said, "South Plains Health Systems is currently scheduling a series of public meetings in cities and towns throughout the 15-county area we serve. At these meetings, local citizens will be asked to help our staff members pinpoint local health care priorities, and offer their suggestions to help the planning process along."

A public meeting in Floyd County will be held at 7:30 p.m. Thursday, January 13 at the Lighthouse Electric building in Floydada.

Peck also said that both he and the South Plains Health Systems Office in Lubbock would welcome telephone calls and letters from those individuals who are unable to attend the local meetings.

According to Peck, "the information gathered at these meetings and from individual citizens will be used to formulate a long-range health care development plan for the South Plains which will, hopefully, reach the goal set by the Department of Health, Education and Welfare. That being, to improve public accessibility to quality health care at reasonable prices."

"The thing that we, as individuals, need to keep in mind," said Peck, "is that the health planning team can't fully understand all the situations that exist in our communities unless we accept our responsibility as free people and speak up."

## Cotton Prices Steady

The United States Department of Agriculture's Agricultural Marketing Service reported cotton trading was moderate to active during the week ending December 30, according to Paul R. Dickson, in charge of the Lubbock Cotton Classing Office.

Growers sold mixed lots of mostly grades 43, 53, and 44; staples 30 - 32; mikes 3.5 through 4.9 for 55.00 to 57.00 cents per pound, about steady compared with the week before.

Demand was good, Dickson said. Prices paid growers for cottonseed ranged from \$85 to \$115 per ton, mostly \$95 to \$105.

Grades 42, 43, and 53 were predominant in classings at Lubbock this week. Grade 42 accounted for 17 percent, 43

was 26 percent, and 53 made up 10 percent. Bark reduction was assigned to 51 percent of the samples classed.

Predominant lengths were staples 30, 31, and 32. Staple 30 was 27 percent, 31 accounted for 36 percent, and 32 was 21 percent.

Mike readings in the desirable 3.5-4.9 range amounted to 31 percent of the total. Mike 3.3 - 3.4 was eight, 3.0 - 3.2 accounted for 19 percent, 2.7 - 2.9 claimed 21 percent, while 2.6 and below was 20 percent.

About 55,000 samples were classed by the Lubbock Cotton Classing Office during the week. Season's total stands at 836,000 compared to 656,000 on this same date a year ago.

### Farmers Union

#### Meeting Monday

The Floyd County Farmers Union annual meeting will be at 7 p.m. Monday, January 10 in the Lighthouse Electric building in Floydada.

Three directors will be elected, and there will be door prizes and refreshments. The public is invited.

### Lady Horns Beat

#### Motley, Olton

Two basketball victories last week gave the Lockney High School Lady Horns a seven-game winning streak, a nine-for ten record in their most recent contests, and 14-6 season mark. The LHS varsity girls racked up wins over Motley County (43-26 last Thursday) and Olton (52-41 Friday).

Coach Marsha Sharp's bunch rolled to quarter leads of 9-2, 21-8, 33-20, and the final 43-26 over Motley County. Beverly Barker scored 22 of the Lockney points, Sheila Hrbacek added 12, Tammie Carthel managed eight, and Karla McCarter scored one. Grundy led Motley County with 12 points. The Lockney girls made 76% of their free throws (19 of 25) in that game.

Free throw shooting was the key to victory for the Lady Horns Friday, when the Lockney girls made 20 of 25 charity tosses and Olton managed only three points from the line (the Lady Horns fouled just 11 times while the Filbies were called 20 times).

Lockney led 15-7 at the end of the first quarter, 32-17 at halftime, and 43-31 after three stanzas. Barker again scored 22, and Hrbacek and Carthel had 15 each. Elaine Rodriguez netted 19 for Olton.

Tammie Carthel scored 20 points. Sheila Hrbacek 11, and Beverly Barker eight for Lockney. Tischler led Dimmitt with 17.

Even though the Lady Horns lost, "...it was a good game for us to play," Coach Sharp said. "They made us do some things we'll need to do in district." The LHS girls open conference play tomorrow (Friday), hosting Floydada.

Lockney won the junior varsity girls' game 32-29. Lupe Gonzales scored 12, Stephanie Turner 10, and Cindy Frizell eight for the Lady Horn JV.

## Reception Honors Mr. And Mrs. Cox

Mr. and Mrs. Johns Cox of Lockney were honored Sunday afternoon with Open House in observance of their 50th Wedding Anniversary. Guests called at the Cox home between the hours of 2:30 and 5:30 p.m. and were greeted by the honorees and their daughter and husbands, Mrs. Mel Holcomb, of Lockney, Mrs. Freddy Ivy of Mansfield, and Mrs. Max Marble of Hart.

Presiding at the register table were Miss Lisha Ivy of Arlington, great-granddaughter of the honorees and Marlin Marble of Hart, grandson of the couple. A white floor length cloth covered the registry table and featured a white gold votive arrangement nestled in a ring of yellow and gold flowers.

The serving table was laid with a white cloth and centered with a white and gold arrangement highlighted by a 50th anniversary candle. A tiered wedding cake was decorated with gold flowers. Crystal and silver appointments completed the table decorations. Granddaughters of the couple, Mrs. Chuck Young and Mrs. Ricky Ivy, both of Arlington, presided at the table.

Alternating in the gift room were Mrs. Hall Ferguson and Mrs. Clark Harris.

Other members of the houseparty included: Mmes. Ray Aston, Audie Noland, Neva Smith, and Buddy Sue.

Out of town guests registered from Ralls Floydada, Hart, Amherst, Roaring Springs, Lubbock, Friona, Plainview, and Idalou. One hundred ten persons registered.

## Dalhart Church Setting For Stout, Sanders Wedding December 18th

The Central United Methodist Church in Dalhart was the setting for the vows on December 18th of Jeni Lynn Stout and Gary Layne Sanders. The Rev. Rex Mauldin of San Jacinto Methodist Church in Amarillo directed the wedding before a mass arrangement of candelabra decorations and jade foliage. Focal point was a spiral candelabra, accented with large white poinsettias at either side of a prayer bench draped in white satin. Alter rails were completely decorated with Christmas foliage and white velvet bows.

Mr. and Mrs. Don Stout of Dalhart are parents of the bride. The groom is the son of Mr. and Mrs. Hansel Sanders of South Plains. Both are candidates for degrees in May from West Texas State University at

Canyon. The bride is majoring in elementary education and her husband, a graduate of Floydada High School, is majoring in Animal Science.

Selected organ music was presented by Mrs. Glen Cummings of Dalhart. Soloist was Miss Sheral Stecker of Amarillo.

Maid of honor was Debra Graham of Olton. Bridesmaids were Mrs. Doug Fisk, Mrs. Robert Synder, and Jane Ann Stell all of Dalhart and Paula Jo McClellan of Fritch.

Mark Sanders of South Plains served his brother as best man. Mark Hutsell, Silverton, Terry Johnson, Amarillo, Mack Hall of Petersburg and Lenis Simpson of Memphis, Tex., were groomsmen. Serving as ushers were Brad Stout, Dalhart, brother of the bride, Steve Anderson, Floydada,

Mike Reves of South Plains, cousin of the groom, and John Duke of Darrouzett.

The bride was escorted by her father down an aisle marked with hurricane lamps tied with white bows. She was presented in marriage by her father at the altar which was floored with white satin. Gowned in white soft jersey designed with a Queen Anne neckline, the bridal gown featured an empire bodice of re-embroidered Alecon lace and seed pearls. The long tapered sleeves of the gown were also trimmed with Alecon lace and pearls. An A-line skirt swept to back fullness and formed a chapel length train. Her veil fell waist length, and she carried a cascade bouquet of white roses, interspersed with stephanotis with satin picot ribbons. Her ensemble was accented with a diamond pendant, a gift from the bridegroom.

Bridal attendants were gowned in mint green jersey fashioned with empire bodices with draw string halter straps. The overcaped empire in the front dipped to fingertip length in the back, and touched the neck with a stand-up collar. They carried cascade bouquets designed similar to that of the bride.

The ensuing reception was held in the fellowship hall of the church. Assisting with the houseparty was Jan Kinks of Muleshoe, who registered guests.

Tables were laid for the bride and groom, appointed with crystal and silver. The bride's table also held a tiered wedding cake and mint green punch and chocolate cake and coffee were served from the groom's table. Presiding at the tables were Mrs. Mark Gaskill, Mrs. David Martin, Susan Murray, Susan Houpt, Penny Cribbs, Pam Latham, and Terry and Polly Crawford.

The newlyweds have returned to Canyon to resume studies at WTSU after a honeymoon trip to San Antonio. The bride is a member of Chi Omega and her husband belongs to Alpha Zeta

Mrs. Gary Sanders

Agriculture honorary and Kappa Alpha Order. He is the grandson of Mr. and Mrs. G. E. Reves and Mr. and Mrs. A. P. Sanders all of Lockney.

Rehearsal dinner was

hosted by the groom's parents in the Dalhart Country Club, where a bridal luncheon was also held hosted by Mrs. Johnny Summerour and Mrs. Duchy Gallo of Dalhart.

### Congressman Omar Bureson

#### Introducing New Health Bill

WASHINGTON, D.C.—Representative Omar Bureson (D-Tex.) introduced legislation today that seeks to improve the nation's health care system without imposing excessive new taxes or creating a burdensome and expensive Federal bureaucracy.

In proposing the National Health Care Act of 1977, the veteran Texas legislator, who serves on the House Ways and Means Health Subcommittee, told Congress that the goal of better health care for all Americans can be attained now "if we enlist all our resources, private and public, in a meaningful and workable partnership to frame solutions that are both realistic and effective."

Bureson said he believes this legislation offers us "the most effective, efficient and economical way to improve health care and extend its availability to all Americans. My bill would build on the present health delivery and insurance system with improved Federal standards and guidelines. It would not only improve protection for all Americans, but it would also help control the cost of health care. This bill would achieve these goals without destroying the present health care system which has served our nation well. It would not create a burdensome and expensive Federal bureaucracy and it would not impose unconscionably higher taxes on our already overtaxed citizenry. It is time to improve our present health delivery and insurance system, not destroy it."

He said the National

Health Care Act addresses the most complex problems—rising medical costs, lack of ambulatory health facilities, inadequate cost and quality controls, defused leadership patterns, fear of catastrophic illness, and uneven benefit levels. Bureson noted that it does so "by the most efficient, least expensive methods, while blending the expertise and strengths of the major elements of the private sector with the unique capacities of Federal and State governments."

The National Health Care Act has important advantages over any Government-administered and financed program, Bureson explained. "For one thing, it would cost far less in Federal taxes and divert far fewer tax dollars from other high-priority social needs."

Bureson also noted that the Health Security Act, which has proposed in the last session of Congress, would require an increase in new Federal tax dollars of \$130 billion to 1980, according to cost study done for HEW in September, 1976. "The nation cannot afford such a new expenditure. The legislation which I am introducing today would not create these excessive new taxes."

Bureson concluded that this is no time to enact a program of nationalized compulsory health insurance that would greatly increase Federal health care costs and place an excessive new strain on the Federal budget. He said his program would achieve the objective of better health care without these adverse effects of higher taxes and an expanded Federal Government.

## Center News

By Rhonda Cozby

By Rhonda Cozby  
**CENTER:** The new year was greeted with cold, clear weather which kept many indoors over the holiday weekend. Night temperatures have been in the teens and we're switching our electric blankets on again, after several weeks of fairly warm temperatures.  
 Mrs. Hal Thomas returned home from the hospital Thursday where she had been recuperating from a broken leg for about seven weeks. Everyone wishes her a very speedy and complete recovery.  
 Mrs. Leo Frizzell enjoyed

a week long visit with her granddaughter, Mitzi Bybee, who visited her while she was out of school for the holidays.  
 Guests in the C. P. Faulkerson home Sunday were Mr. and Mrs. Bob Faulkerson.  
 Mr. and Mrs. W. L. Hartline had a Christmas holiday visit from their son, Dub and wife of Glendale, Arizona. They enjoyed Christmas dinner in Plainview with June Landry. Others there were Mr. and Mrs. James Hartline also of Plainview.  
 Mr. and Mrs. O. G. Mayfield returned home Friday

night from Arkansas where they spent the holidays with their son, Eugene Mayfield and family. They took their son's mother-in-law, Mrs. Lula Morman of Canyon, with them to Arkansas.  
 Mrs. Mayfield entertained Mrs. L. T. Wood and Bonny Julian of South Plains, Mary Corley, Mary Gonzales, and June Ware of Flomot in her home Sunday afternoon where they held their Associational W M U Council.  
 Mr. and Mrs. Clarence Ashton are still enjoying a holiday visit from their daughter, Francis Ashton, who is visiting here from her home in Dallas. She will return home Monday.  
 Mrs. Alma Dunn had all her children home for Christmas. They included Mr. and Mrs. Ed Parks and Mr. and Mrs. Joe Lee Dunn and family of Houston, Mr.

and Mrs. Jimmy Dunn and girls of Lubbock; Mr. and Mrs. Tommy Balios and family, her brother Mr. and Mrs. Floyd Montgomery of Plainview, and a granddaughter and husband, Mr. and Mrs. Steve Shippley of Tennessee.  
 Kara Cozby spent Sunday evening with her grandparents, Mr. and Mrs. Ray Carthel.  
 We are sorry to hear that Gordon Mayfield will enter the hospital on the sixth for surgery. I know everyone's thoughts and prayers are with him and his wife during this time and hope that he can return home soon.  
 Mrs. Buela Dennison visited Sunday afternoon with Mrs. C. M. Meredith.  
 Visitors over the weekend in the Dale Miller home were Mr. and Mrs. Leo Witcher.

Mrs. C. M. Meredith hosted a dinner for all the relatives Sunday, December 26. Those in attendance were Mr. and Mrs. Clay Muncy, Vera Meredith, and Mr. and Mrs. Charles Bertrams, Meredith and Amy. Another son, Curtis and family arrived in the afternoon.  
 Mr. and Mrs. C. O. Spence went to Sherman for Christmas and saw all the grandchildren, a granddaughter, Jeannie, brought them home and stayed a few days.  
 Mrs. Spence will celebrate her birthday Saturday. We hope your birthday is as special as you are Mrs. Spence.  
 Visitors in the Bobby and Rhonda Cozby home this week were his sister, Susan Cozby of Lubbock who came Friday for lunch, and Dara Carthel, Rhonda's sister,

who visited New Years Day.  
 Mrs. J. E. Green, spent Christmas in Hubbard with her daughter and husband, Mr. and Mrs. J. M. Ryman, all returned home Wednesday for a Christmas get together Thursday. All the family were there except for two grandsons. Those enjoying the reunion were the Rymans, Mr. and Mrs. Don Clark Green of Big Spring; Mr. and Mrs. Victor Green and Steve of Plainview; Mr. and Mrs. Clyde Green, Kenneth, Mark, and Aunie of Peralta; and Mr. and Mrs. Anthony Latta Carol, and grandbaby Jennifer of the Mount Blanco Community.  
 As we begin this new year amid resolutions and plans for the coming year, my hope for you is that 1977 holds only peace and prosperity for you and your family.

## Cigarette Smoking Up From 1975 Figures

WASHINGTON (UPI) — Americans are smoking more cigarettes than ever but fewer cigars and less pipe tobacco. They're chewing tobacco more, and taking about as much snuff as before.

The increase in cigarette smoking was expected to continue.

The Agriculture Department, in its latest report on the tobacco industry, said Thursday Americans smoked 620 billion cigarettes in 1976, almost 13 billion more than 1975 and 84 billion more than 1970 despite efforts to publicize the health hazard in cigarette smoking.

The department said higher incomes and the growth in the adult population account for the increase.

This year's output of chewing tobacco was estimated at 84 million pounds, up from less than 80 million two years ago. The production of snuff tobacco remained unchanged.

Production and consumption of small and large cigars as well as pipe tobacco decreased. Consumption of large cigars fell from 8.2 billion in 1970 to just over 5.3 billion this year.

"With further gains expected next year in population and consumer spending, cigarette consumption and output may rise further," the department said. It said the trend toward low-tar, low-nicotine cigarettes is expected to continue.

The report estimated that more than 3.5 trillion cigarettes were smoked around the world in 1975, a slight in-

crease over 1974 and a gain of almost 1 trillion over the 1960-1964 yearly average.

America's cigarette production in 1976 will reach an estimated 700 billion, of which 62 billion were for export. About 10 billion went to U.S. servicemen overseas.

### Grandmother Assists In Grandchild's Brith

GREEN BAY, Wis. (AP) — Elaine Sandoval, a 49-year-old grandmother, got more excitement than she bargained for Wednesday night when her son and daughter-in-law visited her from Louisville, Ky.

She ended up assisting her son's wife in delivering a granddaughter in her kitchen.

The new mother, Mrs. Daryl Sandoval, began having labor pains about an hour and a half after the visitors arrived, and the baby was born before there was time to get help, authorities said.

## Farm Prices Lower

WASHINGTON (UPI) — Prices farmers get for the crops and animals they raise rallied in December but still wound up lower than a year ago.

That report from the Agriculture Department Thursday did nothing to alter the department's forecast that food prices will stabilize this winter, rise in the spring and wind up in 1977 averaging 3 to 4 per cent above this year's — a modest increase by recent standards.

The department reported that raw farm prices rose 3 per cent in the month ending Dec. 15, breaking a five-month slump which had brought farmers' prices down 12 per cent.

Nonetheless, the year-end price level was 4 per cent below where it stood this time in 1975.

The farm price report generally

serves as a rough indicator of coming trends in retail food prices but does not always point to immediate changes. Supermarket prices are affected by other factors such as marketing costs.

Government economists predict retail food prices will be fairly stable during the winter but will rise in the spring.

For 1977 as a whole, retail prices are expected to average 3 to 4 per cent above this year — not quite as much as the relatively moderate increase in 1976.

The 3 per cent rise in average farm prices in December came after declines in four of the previous five months.

The increase was led by prices for hogs, cattle, corn, soybeans and eggs. Those increases were partly offset by lower prices for wheat, oranges, milk and vegetables.

A comparison of farm prices with the

cost of things farmers buy also showed farm product values rose from 66 per cent of the "fair earning power" parity level in November to 68 per cent of parity.

The November level was the lowest since 1933 and the cause of much farm grumbling.

The 1976 average is the lowest since 1971.

Many economists discount the value

of the parity ratio as an indicator of the health of the farm economy because it is based partly on economic relationships going back more than half a century.

But many farm leaders point to the parity figures as a sign that farm commodity prices have been losing ground to farm costs.

"STAND YOUR GROUND; DON'T FIRE UNLESS FIRED UPON; BUT IF THEY MEAN TO HAVE WAR, LET IT BEGIN HERE!"

THESE IMMORTAL WORDS ARE SAID TO HAVE BEEN UTTERED BY CAPTAIN JAMES PARKER AS HE FACED THE BRITISH ROYAL MARINES ON THE ROAD TO CONCORD.

NO ONE KNOWS WHO FIRED THE FIRST SHOT, BUT WHEN THE SMOKE CLEARED FROM THE BATTLE OF LEXINGTON, CAPTAIN PARKER'S PATRIOTS HAD SHED THE FIRST BLOOD OF THE REVOLUTION.

## Mote's 8-4 largemouth is White River record

By KENNY REDIN  
Herald Outdoor Writer

Bob Mote up until this year was known by many Plainview and area bass fishermen as the "White River Bass King."

Up until this past Tuesday, Mote had a tough time living up to his bass fishing reputation. He had not landed many large

bass from White River during 1976.

But with only four days until the new year begins, Mote decided to give White River another try. And did it pay off?

He landed the largest bass to come from this little reservoir this year. His bass weighed eight pounds, four ounces. He beat Larry Rollins' by two ounces. Rollins caught an eight-

pound, two-ounce beauty in October.

The 1976 record bass was caught on a black jig, trailed with a chartreuse twister tail. Mote was fishing from his water wagon on the northside of the lake.

Mote's on vacation this week and is trying for a larger bass. But, there's only one day left!

—Herald Staff Photo

**WHITE RIVER RECORD** — Bob Mote shows off his eight-pound, four-ounce largemouth bass he caught at White River Tuesday. This big bucketmouth was the largest bass to come from White River in 1976. Larry Rollins had the largest, an 8-2, up until Tuesday.

## USDA Study Shows Most Texas Food Stamp Users Deserve Benefits

The vast majority of food stamp recipients in this country are deserving of program benefits, according to a U.S. Department of Agriculture study, and in Texas the figures are even better than most.

Nationally, according to statistics just released by USDA in its semiannual quality control review, 92.4 percent of the some 40,000 households reviewed met all financial and basic program criteria.

During that same review period—January through June 1976—more than 1,200 households currently participating in the program in Texas were reviewed and 95.5 percent of these met the same requirements.

"We are encouraged by these statistics," says Nancy Snyder, national food stamp director for USDA's Food and Nutrition Service. "It means that the states are doing a better job of reviewing their caseload, finding

their difficulties and correcting them."

Texas State Department of Public Welfare, which administers the food stamp program in cooperation with FNS, has primary responsibility for quality control reviews.

Quality control reviews—conducted every six months—are administrative tools for checking a eligibility and correct issuance of stamps. This is done by reviewing a statistically valid, random sampling of a state's caseload.

This past reporting period, the review was limited to just non-public assistance households. A non-public assistance household is one in which at least one person is not receiving any other form of public assistance.

But other quality control reviews include negative action cases—those households that were either denied at time of application or later terminated—as well as public assistance households.

Copies of the report, "Participation in the Food Stamp Program as Shown by Quality Control Reviews of Non-Assistance Households, January-June 1976," can be obtained from the Food Stamp Division, Food and Nutrition Service, U.S. Department of Agriculture, Washington, D. C. 20250.

## BEGINNING JANUARY 7, THERE WILL BE A CHARGE FOR DIRECTORY ASSISTANCE

Here's how the statewide Directory Assistance charging plan will work: Customers with single-line basic service who call Directory Assistance (1411) more than 10 times during a monthly billing period will be charged 20 cents for every call after their tenth. A maximum of two numbers may be requested during each call to Directory Assistance. Multi-line customers will have an additional allowance of one call for each line, up to 25 lines. The Directory Assistance charge also will apply to calls for numbers in other towns within your home Area Code — with one important exception. You won't be charged for calling Directory Assistance in another town that has the same Area Code as yours provided you make a corresponding Long Distance call within your home Area Code. That call has to be placed from and billed to your own phone within the same monthly billing cycle. To request numbers in other towns with the same Area Code as yours you will continue to dial 1-555-1212.

There will be no charge for requesting numbers that have a different Area Code than yours. Just dial 1, plus the Area Code, then 555-1212. Also, there will be no charge for Directory Assistance calls from coin telephones or from hospitals. Some customers not charged. Visually and physically handicapped people who are unable to use the Directory will be exempt from the charge. If you think you, or someone in your family, or a friend may be entitled to this exemption, please fill out the coupon below for more information. We're introducing this charge because it's the only way we can handle the rising costs of Directory Assistance fairly. The people who use Directory Assistance the most will pay the most. So look in the book before you call. It will save you money starting January 7.

## Cost Share Funds Available

Cost-share funds are now available through the Soil Conservation Service in Floyd County.

Cost-share is available for such conservation practices, as, PARALLEL TERRACES, GRASS SEEDING, WATERWAYS, DIVERSION TERRACES, IRRIGATION PIPELINE, and other conservation practices, for those farmers who wish to carry out a complete conservation program over a period of time, through the Great Plains Conservation Program.

The Soil Conservation Service will work with the farmer to develop a complete conservation plan under a Great Plains Conservation Program contract to set-aside for him the necessary cost-share funds to carry out the practices needed on his farm. These practices may be scheduled over a period of several years to allow the time to install all needed practices in order of needs. Conservation work need not be started in 1976, but farmers should contact the SCS now to develop the

GPCP contract so that funds may be obligated for him. Farmers and ranchers who are interested in the cost-share program may sign an application form for SCS to evaluate his erosion problems. After this the farmer may or may not wish to sign and carry out the Great Plains contract. The SCS office is located in the Agricultural Building on the Court House Square or for more information telephone 983-2352.

All programs and services of USDA and SCS are available to everyone without regard to race, creed, color, sex, or national origin.

## Comes Out In The Defense Of So-Called Dunderheaded Solons

Dear editor:

Some people argue that one trouble with government today from precinct to Washington is that we don't select the brightest people to run it.

"Whatta you expect, with dunderheads like that in charge," they'll say.

Wait a minute, let's take a look at those dunderheads. Take a Congressman, for example. He now makes, by a vote of himself and his fellow members, \$46,500 a year. That's per year, he isn't paid by the day or by the hour, and anytime he wants to take off a few days to vacation or a few months to campaign for some other office, his pay goes right on. In addition, he gets 32 round trips back home during each session to look after the people's business or, if they have none, his own. He gets \$5000 a year for stationery and envelopes and can mail his letters without stamps. If he gets sick he can go to a government hospital where he's charged only half what other patients pay. He can eat in the House restaurant where inflation has been whipped and the prices are about half what private restaurants have to charge to stay in business. And I almost forgot, he has a staff, some of whom make around \$25,000 a year, at a cost of about \$300,000 a year. The staff of course does most of the work.

If he retires from office, or if he gets beat, he has a pension coming of around \$20,000 a year.

Now if you call that being a dunderhead, all I've got to say is, where do you sign up?

You may think I'm criticizing all this, but you're wrong. I want the system extended. For example, take farming. Say a farmer makes, in a good year that comes along once in a great while, \$20,000, without any free trips to town and back. But finally he retires or, so to speak, gets beat, not by the voters but by a combination of the weather, insects, low prices for what he sells and high prices for what he buys plus high taxes to support his government in the manner it's accustomed to. Shouldn't he get a pension of about half of what he used to earn, say \$10,000 a year?

The trouble with farmers is that not enough of them are dunderheads.

Yours faithfully,  
J.A.

be closed until Jan. 6. Herbert Cast, chief of storage contracts division of the Prairie Valley, Kan., ASCS commodity office said the U.S. Agriculture Department had revoked approval for Geronimo Elevator, an Iowa Park firm managed by Johnson's brother, H.C. Johnson, because an inspection revealed the wheat stored there was of a lower quality than that indicated by warehouse receipts.

H.C. Johnson could not be reached for comment.

A spokesman at the Wichita County county agent's office said she did not know any of the farmers. The manager of a feed store said he also didn't know any of the farmers and refused comment.

Johnson reportedly fell from the cabin cruiser Honey Beau just inside the Port Aransas jetties about 1:15 a.m. Monday.

BY PEGGY MEDLEY

Plodding away from the holidays, I for one, picked up a few extra pounds. We had Christmas, then New Years, then a family reunion and for some reason there was all this food and I hated to let it go to waste, so I ate my part and someone else's part too. I've always heard that too many square meals make one round!

A face tells it all, especially a happy one. Its a fact, you can tell what mood a person is in by looking at his face. Facial expressions tell the same story in any language.

\*\*\*\*\*  
CHRISTMAS always brings out cute comments from youngsters. One mother was telling me that her six year old son received a "put it together toy" and went to his room to do just that. When he came out, he said, "Look, mother, I put it all together all by myself without the destructions."

\*\*\*\*\*  
HERE comes the bride... kerrash. The couple decided to get married the second time because their first marriage ceremony had been a bit of disaster. They found the second ceremony didn't improve. The groom's mother was injured in a fall and was unable to attend the wedding; the best man and groom had an argument before the vows; the minister stumbled and hurt his neck and was barely able to perform the ceremony; the florist delivered the flowers to the wrong address; one of the bridesmaids sneezed throughout the ceremony because she was allergic to baby's breath; and during the reception the cake slid apart and fell to the floor. The couple recently celebrated their 30th wedding anniversary, and we hope them many many more.

\*\*\*\*\*  
THINGS are shaping up in our new office and we are becoming accustomed to the different surroundings. Remember if you have news items or any business pertaining to the newspaper, come in the west door of the building. The office supply business entrance is the east door.

\*\*\*\*\*  
THE weather for January calls for temperatures to be below normal, some 1 to 3 degrees, precipitation slightly above normal. January is supposed to be the coldest month in the year for this area, but it will have to go some to top our cold weather in November when we recorded 6 and 8 degree weather.

\*\*\*\*\*  
A church in Houston announced on their bulletin board, "Due to lack of response, next Thursday will be cancelled"...wonder if that might also apply to April 15th? Its just around the corner you know.

\*\*\*\*\*  
A friend says that his college son is forever finding something else to prove that his dad is bourgeois and is committing various daily crimes against humanity. "That kid is so ashamed of being middle class," my friend says, "that he wants his allowance mailed to him in a plain brown wrapper."

## Floydada Nursing Home Happenings

By Faye Walters

This first week after Christmas has been a good one, and all our staff at the Nursing Home hope 1977 will be the best and happiest year for all our residents that they have ever had.

I think some times we tend to forget just how much we owe these Senior Citizens at our home. They deserve so much from us all. When we think of all the hard times they endured so we might have things as easy as we do now, it makes us wonder what the world will be like in another fifty years and how much thanks we will receive for what we do now.

We have all enjoyed the devotions this week, but was sorry some of the people could not be here.

I would like to say a special thanks to two of our Floydada pastors who have been so good to come every week and minister to our residents. Melvin Byrd from the City Park Church of Christ and Gary Cook from the Assembly of God Church. We realize these men are very busy but they always find time some how for our old people. May the Lord bless them.

We also thank the other pastors who come out on Sundays.

Wednesday we had a real nice field trip and enjoyed ice cream. Taking this trip were Hope Hammonds, Agnes Anderson, Florence Badgett, Viola Weems, Mr. Freeman, Dora Langford and myself.

Thursday was fun day with Bingo. Top winner was Hope Hammonds with four games; Hallie Bertrand, Agnes Anderson, Della Finley, and Clara Williamson and Ray Reed each won two games.

We are happy to have a new resident, Bill Reasoner. Sure hope he will be happy here.

We are sorry we have one resident in the hospital, Willie Mae Stambough. Hope she will be home soon.

Our administrator and his wife have been to east Texas to visit his folks. We hope they had a nice trip.

We are thankful for all our visitors this week which included: Suzanne, Michelle, and Dustin Holladay, Amarillo; Mrs. Lloyd Patterson, Goodwill, Okla.; Mrs. Arthur Cheves, Plainview; Mrs. Clifford L. Davis, El Paso; Josephine and Verdine Smith, Lockney; Mr. and Mrs. Otis Anderson, Wiley Rogers, Joe Peck, Mrs. Paul Wilson, Corine Mankins and Sue Moore all of Floydada.

Day with Mr. and Mrs. Ray Cook.

Mrs. Ray Cook was among those attending a coffee Monday morning at the home of Mrs. Weems Norman at Dougherty.

Mrs. Clyde Bagwell went to Shallowater Dec. 28 with Mr. and Mrs. Grady Dunavant and Mike Watson where they visited in the home of Mr. and Mrs. Wendell Rhodes and other members of the family. Later in the afternoon all went to Lubbock to Rix Funeral Home. They were there for the services of Mrs. Vera Rhodes Thursday afternoon at Shallowater.

Mr. and Mrs. Bill Beedy went to Silverton Sunday afternoon to attend the 50th wedding anniversary of Mr. and Mrs. O. M. Dudley, Mrs. Bess McCown of South Plains accompanied Mr. and Mrs. Beedy to the reception.

Ricky Owens of Amarillo came down Friday and stayed over Sunday with his grandmother, Mrs. B. C. Hinsley.

Mr. and Mrs. Jay Washington of Tulsa spent the day Sunday with her mother, Mrs. B. C. Hinsley.

Mr. and Mrs. John Hinsley and son, Johnny of Hartley were here during the New Year's holidays visiting his mother, Mrs. B. C. Hinsley and her parents, Mr. and Mrs. Dock Jones.

Jerry Cardinal left Dec. 28 for his home in Houston after being here 10 days visiting his mother, Mrs. Verna Lee Cardinal.

Word has just come to us of the passing of a long time friend Mrs. Guy Jackson who died at the Floydada Nursing Home Sunday night. Our sympathy is with her family at this time.

KFYO-790 "Words of Love" Sunday, 9:06 am

A Series of Sermons on The Lord's Supper is Now in Progress. Sermon Subjects are:

- "Following the Pattern".....Jan. 9
- "What is the Cup of the Lord?".....Jan. 16
- "Why Only One Cup?".....Jan. 23
- "Is a Plurality of Communion Cups Scriptural?".....Jan. 30
- "Literal Until Proven Figurative".....Feb. 6

### Did You Know —

- that the earliest known record of the use of individual cups is 1893, which is 1,860 years after the institution of the Lord's Supper?
- that they were introduced into denominational worship in 1894 and were after a hard struggle, introduced into the church of Christ in 1915? ("Forty Years on The Firing Line", G.C. Brewer)
- that the Bible does not say nor imply "his cup is my blood"?
- that the LITERAL meaning of a word is always to be chosen unless there is something in the text or the context to show that some other sense is to be sought? (E.W. Bullinger)
- that in the clause, "He took the cup" there is nothing to indicate that "cup" is used figuratively?
- that according to scholars, in every place where it is said, "He took the cup" the meaning is that He took a definite, literal cup? (Thayer, Robinson & others)
- that the cup Jesus took was as literal as the fruit of the vine it contained?
- that the Lord's command was "Drink all of you out of it"? (Diaglott Translation)
- that the "cup of the Lord" is a cup containing the fruit of the vine consecrated to memorialize the shedding of Jesus blood for our redemption? (I. Cor. 10:21; Matt. 26:26-29)
- that the cup containing the fruit of the vine is the new testament, Luke 22:20, just as the bread is the body and the fruit of the vine is the blood, Matt. 26:26-28.

## Farmers worry of missing man and their wheat

IOWA PARK, Tex. (AP) — About 40 North Texas wheat farmers say they are concerned about their grain stored by an Iowa Park grain dealer who reportedly fell overboard from a

cabin cruiser in the Gulf of Mexico early Monday.

U.S. Coast Guard officials at Port Aransas said a three-hour air and ground search failed to turn up any trace of Robert Johnson, 43, of Iowa Park.

Farmers who gathered at Johnson's grain office here Monday said they were worried because the office had been closed for several weeks and a note on the door said it would

**LOCKNEY LOCALS**

Mrs. Mae Crager returned last week from a month's visit in Miami, Florida with her son, Dr. Ted Crager who teaches at the university there. On her way back, she stopped in Houston to visit with her grandson and his family, the Bruce Cragers. Bruce is an oceanographic engineer.

Mmes. Sylvia Yeary, Jewel Roberts and Temp Phillips went to Amarillo Tuesday of last week and stayed until Wednesday. Mmes. Yeary and Phillips visited with Mrs. Phillips's sister and her husband, Mr. and Mrs. C. W. Leonard. Mr. Leonard has been ill. They also visited with Jinks and Bernie Taylor, former residents of Lockney and Quitaque. Mrs. Roberts visited with her daughter and family, Jill and Ronny Rogers, and Brandy. Brandy returned home with her grandmother and stayed until Saturday when her parents came for her.

Mmes. Helen Holt, Maurene Hammond of Plainview, and Jewel Martin of Floydada, went to Tulia Wednesday of last week and visited with Mr. and Mrs. L. F. Campbell.

The George Worshams had as guests Thursday night Mr. and Mrs. Robert Harris of Hugo, Okla. and their two granddaughters.

Mr. and Mrs. Robert Ayres were visited from Dec. 28th to Dec. 31st by their daughter and her family from Houston, Mr. and Mrs. Don Aull, Chuck, Donnie, Steve and Jeff.

Mrs. Delbert Bybee had an annual Christmas Day breakfast for members of her family. Out-of-town relatives in attendance, and here for the holidays was a granddaughter, Mr. and Mrs. Mark Gaither and Jessica from Austin, Texas; another granddaughter, Mr. and Mrs. Gary Farris and Tara from Spearman; a daughter, Mr. and Mrs. Bill Stevenson, Roger, Randy and Ricky from Arvada, Colo.; and granddaughters Kim Bybee from Tucson, Arizona, and Tony Bybee from Lubbock. Also in attendance were local children and grandchildren, in-laws, and guest, Steve McPherson.

Mr. and Mrs. Clark Harris entertained family members during the holidays. Clark's mother, Mrs. Jessie Mae Harris of Plainview spent X-mas Eve and X-mas Day in their home, and also, Carolyn and Jack Whittington, Rainey and Ronnie. X-mas Eve supper guests and enjoying the family tree afterwards included Mike and Bettie Lemons and children, Cary, Nikki and Bekki Harris of Plainview; and Mrs. Lemons's mother, Mrs. J. C. Gossett from Houston. The Harris's daughter, Joan and Dane Clark and children, Brooks and Cameron of Denver, Colo. spent from Sunday until Thursday of last week in their home. Dane's mother, Mrs. Mamie Clark of Floydada was a houseguest Wednesday night.

Mr. and Mrs. Burl Holt visited Thursday of last week with his sister, Mrs. Jim Morrison of Dougherty.

Mr. and Mrs. Fred Byrd joined their daughters and their husbands for the Astro-Bluebonnet Bowl in Houston on Dec. 31st between Texas Tech and Nebraska. Their daughters are Carolyn and John Simpson of Lubbock; Mary Ann and Terry Brown of Lawton, Okla. The Byrds left Thursday and returned Sunday.

Hall Ferguson's brother, Lane Ferguson of Yakima, Washington passed away Thursday, Dec. 30th. The deceased Mr. Ferguson graduated from Lockney High School in 1924, and lived at North Bay, Ontario, Canada for a number of years before moving to Yakima, Wash. Survivors include his widow, two children, five grandchildren and three brothers. Local relatives were unable to get plane flights to Yakima to attend funeral services due to the crowded holiday season.

**bringing up baby.**

I once asked a very wise lady, who was very much in demand as a baby-sitter, the secret of her success with children. She thought about it a moment and said, "Well, I think it's because I never pass a child, any child, without saying hello to him, and giving him a little pat."

Your baby, sitting or lying and watching you as you go about your work, will soon learn to expect and appreciate that kind of companionable give-and-take. You'll find that he'll make a sound of pleasure as you come near and his little hand will come up to pat you, too.

You don't have to hold him on your lap all the time. In fact, if you do, he may become too dependent on you, feeling that your lap is the only "right" place for him to be when he is awake.

**The Floyd Philosopher**  
**Comes Out In The Defense Of So-Called Dunderheaded Solons**

Dear editor:  
 Some people argue that one trouble with government today from precinct to Washington is that we don't select the brightest people to run it.  
 "Whatta you expect, with dunderheads like that in charge," they'll say.  
 Wait a minute, let's take a look at those dunderheads. Take a Congressman, for example. He now makes, by a vote of himself and his fellow members, \$46,500 a year. That's per year, he isn't paid by the day or by the hour, and anytime he wants to take off a few days to vacation or a few months to campaign for some other office, his pay goes right on. In addition, he gets 32 round trips back home during each session to look after the people's business or, if they have none, his own. He gets \$5000 a year for stationery and envelopes and can mail his letters without stamps. If he gets sick he can go to a government hospital where he's charged only half what other patients pay. He can eat in the House restaurant where inflation has been whipped and the prices are about half what private restaurants have to charge to

stay in business. And I almost forgot, he has a staff, some of whom make around \$25,000 a year, at a cost of about \$300,000 a year. The staff of course does most of the work.  
 If he retires from office, or if he gets beat, he has a pension coming of around \$20,000 a year.  
 Now if you call that being a dunderhead, all I've got to say is, where do you sign up?  
 You may think I'm criticizing all this, but you're wrong. I want the system extended. For example, take farming. Say a farmer makes, in a good year that comes along once in a great while, \$20,000, without any free trips to town and back. But finally he retires or, so to speak, gets beat, not by the voters but by a combination of the weather, insects, low prices for what he sells and high prices for what he buys plus high taxes to support his government in the manner it's accustomed to. Shouldn't he get a pension of about half of what he used to earn, say \$10,000 a year?  
 The trouble with farmers is that not enough of them are dunderheads.  
 Yours faithfully,  
 J.A.
