School Trustee Election Method Changed Under Pressure From Federal Government

Under pressure from the United States Justice Department, Lockney school trustees voted Monday night to revert to the "at-large" method of electing school board members. The local school board had voted in October, 1975 to change from the at-large method to a place system in trustee elections, but the U.S. Department of Justice objected to the place system for the Lockney district, finding that the method might discriminate against minority voters.

Texas law says that once the place system is adopted, present or subsequent boards cannot change back to the former method, but does not spell out penalties for doing so—the Justice Department maintains that if the upcoming (April 2) school board election is held under the place system, board members could be found guilty of a felony and fined up to \$5,000 and/or imprisoned up to five years. The Lockney trustees voted to abide by the Federal law.

The decision in the "damned-if-you-do, damned-if-you-don't" situation came after Paul Lyle, attorney for the school district, met with the board and outlined three possible solutions: (1) to take steps to try to get an agreement from the Justice Department to hold the place system election; (2) to explore the possibility of filing suit in U.S. District Court in Lubbock, asking that court to enjoin the Justice Department from taking action against the Lockney Independent School District; and (3) to abide by the Federal law, since the state law has no penalty. The vote to take the latter course of action was unanimous.

In other business Monday night, the school board hired teachers aides—five (Barbara McCormick, Charlotte McCulloch, Rita Webster, Barbara Carthel and Diana Rios) for the remainder of this school year and one (Elida Leal) to a permanent position replacing Connie Duenas, who recently resigned.

After meeting with Girls' Athletics Booster Club representatives Barry Barker and David Frizzell, the trustees granted permission for the GAB to pay for a videotape recorder and monitor for the school's girls' athletic teams. GAB specified that girls' team coaches were to operate the recorder, and that the monitor was to be permanently installed in the girls' dressing room in the school gymnasium. Total cost for the recorder, monitor, and library of tapes is about \$2,475. The school owns one videotape machine which has been in use for some six years.

The board accepted bids for citizens band radios for school buses and for a stack oven for the school cafeteria. Mize Pharmacy & TV of Lockney

submitted the only bid (\$528.52) for four Cobra Model 21 CB radios, six antennas, and radio mounting brackets. The radios are to be used for communication on out-of-town activity trips—not on regular bus routes.

Officers Confiscate Illegal Beer And Liquor

Officers raided residences in Lockney and Floydada Friday night and Sunday afternoon, confiscating a considerable amount of both beer and liquor.

Several persons were arrested as city police, sheriff's officers, Texas Highway Patrolmen, one Texas Ranger and Liquor Control officers from Lubbock converged on the locations.

Floyd sheriff Fred Cardinal reported that a total of 998 cans of beer, 62½ pints of whiskey and 3½ pints of vodka were picked up.

Arrested and charged with possession of alcoholic beverages for purpose of sale were:

Rosie Mae McDonald of Lockney, Murray and Ruby Jones, William Arthur Whitfield, Debra Ann Chapman, Lonnie D. Buchanan, John Willie Hearon, all of Floydada.

Murray and Ruby Jones, Whitfield, Chapman have all pleaded not guilty. Buchanan pleaded guilty and county judge J. K. Holmes fined him \$500 plus court costs and a one year probated jail

Floyd Ag Information Day

Floyd County Ag. Information Day will be held Thursday, January 27, beginning at 9:30 a.m. at Lighthouse Electric in Floydada. This program is sponsored by the Floyd County Program Building Committee.

A Texas style lunch of chili and beans will be served to participants sponsored by local ag-businesses.

The noon program will include

Low bid (\$1,321.60 freight prepaid, not installed) for the single-deck stack oven was submitted by Food Service Equipment and Supply Company of Lubbock. Higher bids were received from Golden Light Equipment Company and K-Save Restaurant and Bar Equipment Company.

Contracts of Superintendent John Peck and Tax Assessor-Collector Jack Samford were extended for one year after the board went into a brief executive session Monday night.

Athletic Director Jim Warren made a preliminary report on the proposed athletic budget for the 1977-78 school year, and trustees held a short discussion of personnel for 1977-78. The superintendent reported on the recent mid-winter conference, and the trustees okayed paying bills and making investments, and approved minutes of last month's meeting.

All board members—Tom Duvall, Bill Whitfill, Jerry Williams, Kelton Shaw, Austin Beedy, John Dorman and Kenneth Broseh—were present Monday, as were Peck, Samford, Warren, and school principals Weldon Dodson and W. H. Hallmark.

READY TO MARCH. Louise Weathers (right, president of Lockney Business and Professional Women's Club and Gladys Ragle, secretary of the club, are preparing for the Mother March against birth defects, scheduled Monday in Lockney. Lockney B&PW Club sponsors the drive annually. (Staff Photo).

Mothers March Monday

The Mothers' March Against Birth Defects will take place in Lockney Monday, January 24 to benefit March Of Dimes programs of research, medical services, and professional and public health education. All are directed at overcoming the nation's most severe child health problem.

Lockney Business and Professional Women sponsor the drive annually.

Physical and mental birth defects strike more than 200,000 infants every year. Low birth weight, strongly associated with increased risk of brain damage and death, affects another

200,000 babies. Our infant death rate is higher than that of seven other countries.

Only through more research into the causes of high-risk pregnancies and improved perinatal care of mothers and infants can these figures come down. With Lockney's help, the March of Dimes can make progress in this area.

Lockney High School homemaking students, under direction of Mrs. Wilma Adams, will be making the downtown drive. Anyone wanting to participate in the Mothers' March is asked to contact Mrs. Edith Cooper, 652-3318 or 652-2201.

LHS Girls Beat Abernathy

Lockney High School girls brought their first-round district basketball record to 2-1 Tuesday night with a 50-44 victory over Abernathy. The game was played on the Lady Horns' home court.

Sheila Hrbacek took high-point honors for the game, scoring 20 for Lockney. Tammie Carthel added 16 for the Lady Horns, and Beverly Barker got the other 14. Jan Phillips paced Abernathy with 16.

Lockney coach Marsha Sharp said "I thought our people did a great job, coming back after they were down five points with three minutes left and winning by six. It was a good defensive effort by all the guards, especially Janis Marr, who came in off the bench. I thought the forwards did a good job, too—Tammie Carthel and Sheila Hrbacek missed two field goals each all night long."

The win puts Lockney in a three-way tie with Tulia and Abernathy for the district 4-AA lead. If Lockney beats Idalou there tomorrow night, the local girls will tie with either Tulia or

Abernathy for first place in the first round of district play.

"We need a good crowd at Idalou Friday," Coach Sharp said, "to offset the home-court advantage." The varsity girls' game starts at 6:30 p.m., preceded by a junior varsity boys' contest at 5 p.m. and followed by the varsity boys game at 8 o'clock.

LHS Students In

Speech Tourney

Lockney High School speech students entered in the Dalhart speech tournament Friday and Saturday include Billy Sessom, Donny Wiley and Glen Lan in oratory; Pam Bradley and Dawn Daniel in poetry interpretation; Tracy Beedy in girls' extemporaneous speaking; Terri Kinard in prose interpretation.

LHS Band Members Make 'All Region' Group

Nine members of the Lockney High School Band have been named to the Region 16 North Zone Class B-AA All-Region Band, according to Lockney band director Raymond Lusk.

Longhorn Band members who made the all-region unit in tryouts Saturday at Floydada include Brenda Williams,

Rosemary Ulmer, Kim McAda, Ches Carthel, David Lee, Melinda Wilson, Breck Record, Paula Ellison and Karla McCarter.

Three LHS band members—Stephanie Turner, Randy Davis and Kay Sherman—were named alternates to the all-region group.

After rehearsals Thursday, Friday

and Saturday, January 27, 28 and 29, the all-region band will perform in concert at 7 p.m. Saturday, January 29 at Lubbock Monterey High School. The January 29 concert will also feature Class C (junior high school) all-region bands. Junior high all-region tryouts will be held Saturday, January 22 at Littlefield.

Memorial Scholarship Fund Started

The Lockney unit of Texas State Teachers Association has set up a memorial scholarship fund in honor of Mrs. Alma Dutton, who had taught in Lockney schools for many years. Scholarship donations may be made through Dorothy Bradley at Lockney Elementary School.

Lady Horns Fall 47-45 In Overtime

Lockney High School's Lady Horns basketball team dropped a 47-45 overtime decision at Tulia last Friday. Score at the end of regulation in the District 4-AA contest was 45-all.

Sheila Hrbacek of Lockney led all scorers with 22 points. Donna Nelson scored 18 for the Hornettes. Beverly Barker and Tammie Carthel got the rest of the Lockney points, netting 13 and 10, respectively.

"We just had too many turnovers bringing the ball down, both forwards and guards," Coach Marsha Sharp said. "And I thought Tulia had an exceptional game—they shot 78 per cent from the field," she added.

Cedar Hill News

By Grace Lemons

CEDAR HILL: The sun is shining beautifully this morning and it is warming up after another cold spell and more snow in this area.

Mr. and Mrs. Royce Bethel are the parents of a daughter, Jamie Renee, weighing 6 lbs. 13 oz. She made her arrival January 9th in the Tulia Hospital. Maternal grandparents are Mr. and Mrs. Prof Patrick of Quitaque and paternal grandparents are Mr. and Mrs. A. V. Bethel.

G. A. Vanhose of Slaton spent Saturday night with Mr. and Mrs. John D. Vanhose.

Craig Dubois is able to be home after spending several days in the Lockney General Hospital last week.

Visitors in the W. E. Laekey home Sunday afternoon were Thada Fowler and Clayton of Silverton and Benny Golightly of Floydada.

Connie Welch has returned to West Texas University to begin the Spring semester.

Norma Welch visited with her mother-in-law in Flomot Thursday evening.

Wednesday Gladys Fortenberry met her granddaughter, Paula Vick of Amarillo, in Plainview and they spent the day in Lubbock with Mr. and Mrs. Lafayette Boone and family.

Warren Lemons of Plainview visited his aunt Mrs. C. V. Lemons Thursday afternoon. Warren is making a speedy recovery after undergoing open heart surgery recently.

We regret that Polly Hill is ill and in the Lockney General Hospital. She is improving and expected to be home soon.

Mr. and Mrs. Olan Keeter visited with Mrs. Mae Taylor Sunday afternoon and also with Claudie Keeter and Loise Martin in Lockney. Mr. Keeter has been very ill.

Walton Wilson had supper Tuesday evening with Mr. and Mrs. A. S. Mize.

Jackie Wayne Thompson attended the C. A. rally in Lorenzo Tuesday evening and brought home the trophy for good merits. This was a rally of all the youth in this area that met at the Assembly of God Church.

The youth of the Assembly of God Church at Cedar Hill are selling candy as means of raising funds. Your help is greatly appreciated.

600,000 New Arthritis Victims In 1976

Over 600,000 men, women and children in the U.S. became new victims of arthritis in 1976, reports the West Texas Chapter of The Arthritis Foundation. More than 20 million Americans now have arthritis so seriously that they need medical care, including 125,000 right here in west Texas.

Some 5 million Americans have rheumatoid arthritis, the most crippling kind. This inflammatory disease usually strikes between the ages of 20 and 45, although it can even afflict children.

Osteoarthritis is the most common form. It is degenerative and usually much milder. Nearly everyone over the age of 60 has some degree of osteoarthritis.

Other types include busitis, gout, scleroderma, ankylosing spondylitis, and systemic lupus erythematosus. The Arthritis Foundation says that arthritis, in all its forms, affects more people and causes more crippling than any other group of diseases.

Mr. and Mrs. Joe Weaver and grandson, Glen of Olney, spent Saturday night with Mrs. Sylvia Yeary. Other visitors were Jacqueline Owens and Treavor of Lubbock, Grace Colson and Jewel Roberts.

Mr. and Mrs. Jack Yeary had a birthday dinner for Mrs. Sylvia Yeary in their home Sunday. Others present were Max and Vicki Yeary, Jacqueline Owens and Treavor, Mr. and Mrs. Bill Walker and O'Brian of Floydada, and Rex Yeary of Lubbock.

June Ware and Lisa visited with Mrs. Mae Taylor Sunday afternoon.

Letter To The Editor

Dear Editor:

Thanks to the help that you and other friends of our boys in the media gave with the advance publicity for the annual Christmas Suit project, each one of our 360 boys received a new suit or gift package of clothing. This was the best Christmas present they received, and some donations came from the people of your area.

In 1976, ninety boys came to us and we are looking forward to taking even more boys in 1977. On February 19, we will be having memorial services for Mr. Farley as we have each year since his death in 1967. His work continues just as it did when he was with us. There are so many fine boys in our country who need the Ranch, and with the help of friends like you in the news media, I am confident that we will continue helping some of them.

Thank you again for this latest help to our boys and for all the help you have given in the past. I do hope that sometime during the coming year you will go to the Ranch to meet some of the boys you have befriended. With best wishes, I am

Sincerely yours,
CAL FARLEY'S BOYS RANCH

The Floyd Philosopher

Takes A Look Through The Wrong End Of The Political Telescope

Editor's note: The Floyd Philosopher on his Johnson grass farm takes an inverted look at a few things this week.

Dear editor: If, so to speak, you look down the wrong end of the telescope, you sometimes get a better view of things.

When for example political leaders say "no new taxes," look out for an increase in the old ones. Politicians have been running against high taxes ever since I can remember and taxes have been going up for the same length of time. You reckon we're real bright?

Or take Russia. Right now Russia is telling the world she has a bumper grain crop. This almost automatically depresses the price of grain in the U.S., where farmers have produced a genuine bumper crop and were hoping to get a good price for it. Since the CIA has never been able to train any of its agents to look out a window to see if Russia has a drought, we won't know whether the

Soviets really have a bumper crop or not

until, a few months later, they've quietly bought up a lot of American grain at those depressed prices. You reckon we're real bright?

Another item: according to some figures I read last night, it now costs a million dollars a year to keep a Congressman in office. You reckon...No. I won't ask it.

Let's change the subject. I notice that the new Secretary of Agriculture is a farmer, actually operates a farm. I don't care what his salary is as Agriculture Secretary, he'll need every penny of it to keep the farm going, especially if he has any cattle. Ranching today is like the highway system—it's not supposed to make a profit, it's a public service project.

Changing the subject again, I see that Mr. Carter, true to his promise, has put some women in his cabinet, but what I want to know is how's he going to handle the problem, sure to be brought up, about there being no college or professional football team in the entire country with a woman coach?

Yours faithfully,
J.A.

Prayer For Our Government

On the occasion of the Inauguration of the 39th President of the United States, Jimmy Carter, January 20, 1977, special permission has been given this newspaper by THE CHRISTOPHERS to reproduce this prayer.

Father, a handful of courageous men in a moment of danger, pledged their lives, fortunes and honor to proclaim a nation whose citizens' rights were based not on the nod of king or ruler, but on creation at your hands. Grant to our administration a ministry of service to all, not the few; to our Congress the upholding of public interest, not merely a welter of competing private claims; to our judiciary a wisdom in interpreting law, grounded in principle, not expediency.

Send your spirit on our people, that they may become active in the affairs of government, that they may not confuse dissent for disloyalty, that they may use their mighty power for the healing of differences among nations with justice and mercy and love.

As It Looks From Here

WASHINGTON, D.C.— BOTH THE INCOMING CARTER ADMINISTRATION and the Leadership of Congress have programs to reduce unemployment at the top of priorities.

IF THE RATE OF 7.9% UNEMPLOYMENT IS CORRECT, then it certainly is deserving of remedies. There is, however, reason to question this figure. More people are working in this Country than ever before in history. Pockets of unemployed are severe in some of our cities, particularly, among black youths and other minorities. Some estimate that this may account for as much as 3%. It has always been assumed that another 3 to 4% are unemployable. This has been the case in the past and there is no reason to believe it is not the case now and will not be in the future. Also included in the estimate of the unemployed are those in between jobs. Women in the work force are at an unprecedented number, some with jobs with an above average turnover rate.

THESE ARE BUT A FEW OF THE REASONS to question the accuracy of the unemployment rate. Skills and special qualifications for many jobs have a way of further distorting the picture. Pages of "Help Wanted" ads are run every day in big daily newspapers with no takers. An unemployed person may draw compensation if his particular line of work is not available. In other words, he need not take a job if it is not "suitable."

REGARDLESS OF WHAT A THOROUGH ANALYSIS might reveal on the rate of unemployment little notice will likely be given it when the Congress considers legislation on this matter. The idea that conditions call for action is set in concrete.

THIS BEING THE CASE, THE DEBATE WILL BE ON THE METHOD of creating jobs. Most talk now is about a tax reduction in the range of \$10 to \$15 billion, mostly for individuals. Coupled with this reduction, some organizations such as A.F.L.-C.I.O. want a stimulative program of \$30 billion in direct job-creating programs. Broken down, they recommend \$10 billion in

accelerated public works, \$8 billion in public service employment, \$8 billion in some form of subsidized public housing and as much as \$2 billion to State and Local Governments to hire people or to pay those whom they might have to lay off without these funds. This money would go to those cities with the greatest needs. They would also create a \$2 billion program for youth training to qualify for employment.

OTHER PROPOSALS WOULD GIVE INCENTIVES to businesses to increase employment. This would be in the form of some sort of special tax break for plant and factory expansion and to utilize idle capacity for the production of goods.

THERE IS BASIC CONFLICT IN THESE TWO APPROACHES. This latter method has less support than the huge lay-outs which inevitably will run up the deficit and could again kindle the fires of inflation. The supporters of this approach seem to ignore that there was fuller employment before the Government undertook massive spending programs of this nature. It was inflation, indebtedness and the drying up of available capital for economic expansion that created much of the unemployment in the first place. A larger dose of the elixir that poisoned us is not likely to cure our ills. We should know that there can be no long-range cures just by having Government spending money since it has no money and must first take it from us before it can give it back.

THERE IS GOOD ARGUMENT that the American who is really unemployed and can not find work, though he earnestly seeks it, deserves all the help he can get. Those who are simply not qualified for gainful employment and who have no opportunity to be trained should be given a chance because, gainfully employed, they contribute to society as a whole and do not become a drain on it. This would seem to be in support of the idea that if industrial slack can be taken up in plants and factories, qualified skills would be needed to support the increased production and the increased production would have the effect of holding down inflation.

IT IS HOPED THAT SOME OF THE BIG SPENDING PROPOSALS CAN BE MODERATED

HOMEMAKING DEPARTMENT

Offering Free Adult
Beginners Class In Sewing

Free beginners class in sewing for adults is being offered by the Floydada High School Homemaking Department. Registration for the classes will be Tuesday, January 25th at 3:15 in the Homemaking Department at High School.

Any adult wishing to learn the basic sewing techniques are urged to register. Patterns and materials will be discussed during this time. Classes will probably be held on Tuesdays and Thursdays from 3 until 5 p.m. through February 17th.

Floydada Group Attends

IOTA TAU Meeting

The Iota Tau Chapter of Delta Kappa Gamma met Saturday, Jan. 15, 7:30 p.m. at Slaughter Memorial Cafeteria, Plainview for a formal dinner honoring husbands and school administrators. Mrs. Emily Johnston presided and special music was given by Mrs. Ruth Adams.

A delightful talk and slide presentation on Paths of Our American Heritage was given by Dr. Grin Morris of Wayland College. The following members from Floydada attended: Carol Bell, Mary Alice Craig, Emily Johnston, Sunny McDonald and Ella Reue.

Lesca and Danny Durham are the parents of a son, Mikhael Paul, born Jan. 6th in Central Plains Hospital, Plainview. This, their first child, weighed 7 lbs., 3 oz. Maternal grandparents are Mr. and Mrs. G. A. Hayes, and paternal grandfather is Lester Durham, all of Lockney. Paternal grandmother is Mrs. Louise Guilliam of West Plains, Missouri.

Ladies Day Planned For Lion's Wives

Floydada Lions Club will host the District 2T2 Lions' Mid-Winter Conference on Sunday, January 23rd, and a day long agenda has been planned for the wives of the Lions, which will be held in the Massie Activity Center from 8 a.m. until 5 p.m.

The program opens at 9 a.m. with Kaye Powell of Colonial Beauty Salon and Virginia Taylor, Lockney, beauty consultant, who will present the latest tips and trends in make-up and hair

care. At 10:30 Lions and wives may attend church services of their choice, then go to Duncan Elementary School cafeteria for lunch from 12:15 until 1:30. Entertainment during the luncheon will be provided by the Floydada High School Lab Band. Keynote speaker for the luncheon will be Ed Grindstaff, candidate for the third vice-president of Lions International. Following lunch the wo-

men will return to the Massie Activity Center for their afternoon programs. Mrs. Becky Culp, clothing specialist for the Texas Agricultural Extension Service, will present "Looking Ahead to Spring '77". Her program will be on spring fashions, fabric and accessory trends to be presented slide form and with fabric samples. Trends range from feminine to masculine and functional to fantasy. A popular descriptive phrase is

"investment dressing"... clothes that are put together well, well planned, serve a purpose and feel comfortable on.

Mrs. Culp, a native of Floydada, is the daughter of Mr. and Mrs. R. G. Dunlap of Floydada. She holds B. S. and M. S. degrees in Clothing and Textiles from Texas Tech University. A resident of Amarillo, she works with county extension agents in 55 West Texas counties as a resource person to plan educational programs for youth and adults.

Refreshments will be served prior to the final portions of the program which will be a Micro-Wave oven demonstration by Kathy Burk, home economist with Lighthouse Electric.

Activities at the Mac will be open to all women of Floydada who wish to attend.

Young people of the Victory Baptist Church met Sunday night, January 6, for a business meeting during which time new officers

were elected. Named as president was Shane King; vice-president, David Cochran; secretary, Abbe Hendricks; treasurer, Dirk King; party committee chairperson, Carol Cochran and assistants, JoAnne Harris and Abbe Hendrick.

Mrs. Emmitt Clampitt, leader, served refreshments following the meeting.

BY PEGGY MEDLEY

I'M not trying to sway people from viewing items in our own museum, but if you have a chance to visit the Texas Tech Museum be sure to see their display entitled "Elegance in the 19th Century. Museum curator of costumes and textiles said that there have been few periods to excel the elaboration of ladies' fashions of this "Gilded Age" and the exhibit is a tribute to the seamstresses of the era as well as to the lavish styles. The gowns, some of heavy brocade, others of velvet are a recent collection given by Mr. and Mrs. L. M. Allison of Farmington, New Mexico. Other gowns on display include a shell pink brocade reception gown of the 1870s, a silk striped polonaise walking dress, two wedding dresses, one from 1849 and another from 1899 and two children's costumes, a boy's Little Lord Fauntleroy suit of velvet with a silk shirt and a girl's dress of the 1890s. Several of the gowns, we are told, are ivory, and there is a wrap of Persian blue and a vibrant coral "elocation dress." One is of "silver tissue" a fabric which combines silk with a metallic coated thread, to give a gossamer effect. It is elaborately embroidered and has additional accents of silver spangles and lace. One of the wedding dresses was worn by the late Mrs. Ewing Halsell, whose husbands ranching family will be honored at the Museum Sunday, January 23.

THE Homemaking Department at high school is offering a free beginners class in sewing for adults. Be sure and register at 3:15 p.m. January 25th at high school if you are interested.

I guess Texas really does have plenty to brag

about. I never realized until reading over facts and figures just how much. Texas has more cows than people; it is still the leading cattle-producing state; the state ranks first in goats and sheep; second in turkeys, and eighth in chickens. And certainly first in buzzards if that is a brag; first in armadillos, horned toads, rattlesnakes, coyotes, and deer. Texas still ranks third behind California and Iowa in crop receipts, and as a result, Texas is still the leading producer of cotton, grain sorghum, rice, watermelons, cabbage, spinach, onions and carrots.

BE sure and purchase tickets for the Zogi's Variety Revue to be held in Floydada February 10th. The band students are selling the tickets and hope to go on a band trip with proceeds.

A happy-go-lucky doctor in Baltimore possibly made it proper for men to go bareheaded. The town buzzed when the doctor ventured out hatless in 1907. His theory: Air, moving freely through the hair would benefit the scalp. The startled nation debated. Hatless men were a rare sight those days even in summer, and in winter! "He'll die of galloping consumption," friends predicted. But the doctor persisted and possibly from his influence the hatless fad reached its peak in the collegiate raccoon-coat era of the 20s.

A researcher for a pharmaceutical company has supplied a list of foreign sneezes. Whereas the common English sound for a sneeze is atchoo, that isn't what everyone hears. The Chinese hear hah-chee, the French atchoon, and the Russians apchi. The Indonesians hear Bersin, the Japanese kuchaan, the Finns atchi, and the Czechs hear hepche!

BEING young is beautiful, but I find getting older is comfortable!

Hollums Gives Club Program

District attorney Randy Hollums presented a program on "It's the Law" to members of the 1934 Study Club Tuesday night in the W. O. Newberry home. Mrs.

John Reue opened the meeting with prayer and members answered roll call with "What I would like to know," concerning a legal question.

Mrs. L. B. Stewart Jr., introduced the guest speaker. Hollums urged members to become aware of estate laws and stressed how important a will is, even by writing your own if you are familiar with the outline. He spoke on estate planning, how to plan the future for you and your spouse, then explained the new tax law concerning estates.

During business, a letter of appreciation was read from a young lady of Girls Town who extended her thanks for the help given her by the club. Members voted to donate a contribution to assist with the new roof planned by the State Federation president for the Federation building in Austin, then discussed the Fashions for Fun contest to be held at the District Convention in Lubbock in March.

Mrs. Newberry served refreshments to the guest speaker and to Meses. Allen Bingham, L. L. Clark, Dennis Dempsey, R. G. Dunlap, Leon Ferguson, Garland Foster, Kyle Glover, Floyd Lawson, Vernon Parker, John Reue, George Springer, Fred Stewart, L. B. Stewart, W. W. Trapp, O. M. Watson and J. M. Willson Jr.

Next club meeting is February 1 in the J. M. Willson Jr., home.

KFYO-790 "Words of Love" Sunday, 9:06 am

A Series of Sermons on The Lord's Supper is Now in Progress. Sermon Subjects are:

"What is the Cup of the Lord?".....Jan. 16
 "Why Only One Cup?".....Jan. 23
 "Is a Plurality of Communion Cups Scriptural?".....Jan. 30
 "Literal Until Proven Figurative".....Feb. 6

The use of one cup containing the fruit of the vine in the Lord's Supper is taught by example, command and inference.

"He took the CUP" (cup is from the Greek word "Poteerion")
 "Poteerion — a drinking vessel", Robinsons Greek-English Lexicon, page 611.
 "Poteerion — a drinking vessel" Thayer's Greek-English Lexicon, page 533.
 Many other lexicographers also say "Poteerion" means a literal drinking vessel.
 "and gave thanks and gave it"
 "the vessel containing the drink", Robinson, page 582
 "to them saying, Drink ye all OF 'it' (of' is from the Greek word "ek"),
 "ek - out of". Thayer, page 189
 "pino ek {drink out of } with a genitive of the vessel out of which one drinks."
 Thayer, page 510. Many translations say "Drink all of you OUT OF it"
 "IT"
 "the thing out of which one drinks-the vessel out of which one drinks. Matt. 26:27"
 Thayer, page 189 and 510.
 "FOR THIS"
 "the contents of the cup" verse 29 "this fruit of the vine", Smiths Bible Dictionary, page 1778 (See #3 on "Metonymy" below).
 "In Matt. 26:27 poterion (cup) means a literal cup, while 'outo' (this) refers to the contents", Dr. A.T. Robertson, a Greek Scholar.
 "is my blood of the new testament" Matt. 26:27
 the fruit of the vine represents the blood which made effective the New Testament.

The use of one cup containing the fruit of the vine in the Lord's Supper is taught by the use of Metonymy.

Metonymy—"a figure of speech in which an object is presented to the mind NOT BY NAMING IT but by NAMING SOMETHING ELSE that readily suggests it." (Williams' Composition & Rhetoric, page 220)

- The object named (cup) is NOT the thing suggested (fruit of the vine)
- There is a REAL OBJECT (cup), not an imaginary one, named.
- BOTH the THING NAMED (cup) and the THING SUGGESTED (fruit of the vine) must exist.
 - Paul named "this cup" (1 Cor. 11:26-27) to suggest its contents, the fruit of the vine.
 - Since the object named is NOT the thing suggested, "cup" is NOT the fruit of the vine.
 - BOTH the cup (which is named) and the contents (which are suggested) MUST EXIST.
 - The cup (which is named) MUST CONTAIN the thing suggested (the fruit of the vine).
 - Since ONE CUP was named, the CONTENTS OF ONLY ONE CUP is suggested.

NURSING HOME BIRTHDAY HONOREES... These five residents of the Floydada Nursing Home were honored last Thursday with a birthday fete hosted by the women of the City Park Church of Christ. Pictured are January honorees, Orla Furrow, Agnes Anderson, Paul Luttrell, Dora Langford and Viola Weems. (Staff Photo)

**Mrs. Blum
LCC Hostess**

Mrs. Lewis Blum hosted the Floydada Chapter of the Lubbock Christian College Associates in her home Monday night, January 17.

Mrs. Sam Lide, chairman, opened the meeting and prayer was led by Mrs. Grady Walker. Mrs. Walker read minutes of the last meeting and Mrs. Bert Massie gave the financial report. The group decided to check with the college for their most urgent needs this year and then choose one project as a special interest goal for our chapter.

Mrs. S. W. Ross was introduced by Mrs. Like, as guest speaker for the evening. Her subject was "Is Texas Worth Bragging About?" and when she finished, everyone was thoroughly convinced that it is well worth all the "Texas Brags" we hear wherever we go.

Mrs. Ross pointed out that Texas is truly a State of diversities. One can enjoy most any landscape desired from mountains, plains, seacoast, "hill" country, the tropical valley and pine woods. There are big cities, little cities, towns, villages and "crossroads." Texas can boast of the finest system of highways and airports of

any state in the union. It has lived under six different flags and is second only to Alaska in size.

Mrs. Ross stated that the word Texas means "friends" and people far and wide attest to that fact. Texas won the "Keep America Beautiful Award in 1976" and truly, there is just "No" place like our Texas.

Mrs. Blum served a delicious refreshment plate to members, Mmes. Lide, Walker, Massie, Ned Bradley and guests, Mmes. Ross, C. W. Dennison and Mrs. A. B. Keim. The meeting adjourned until February 21, when a book review will be given by Mrs. Jimmy Willson in the home of Mrs. Bradley.

FLOYD DATA

W. H. Hilton and his sister, Mrs. Mary Whiteside of Elmo, Texas, returned to Floydada Tuesday after an extended visit in San Jon, New Mex., with an ill brother and sister-in-law. Mr. and Mrs. J. L. Hilton are both ill. Mrs. Hilton returned to her home Saturday from a stay in a hospital in San Jon and Mr. Hilton, who is seriously ill, remains about the same. Mrs. Whiteside plans to remain in Floydada with her brother until some time in March.

**Hope Sunday
School Class
Has Social**

The Hope Sunday School Class of the First Baptist Church met Tuesday evening at 6:30 in the home of the teacher, Mrs. Helen Patterson for a salad supper and social hour. Ray Day was a co-hostess.

Mrs. C. H. Wise gave opening prayer and Mrs. Patterson gave the devotional. Mae Muncy, class president, was in charge of the business meeting. The social hour was directed by Mrs. Patterson.

Those enjoying the evening were Fay Carpenter, Pauline Faulkenberry, Mae Muncy, Berniece Oden, Cordie Stephens, Ray Day, Lila Kendrick, Thelma Jones, Maggie Jones, Dora L. Woodson, Eula Battey, Toots Lewis, Garnet Goen, Jennie Gaunt, Lillian Marble, Helen Patterson and Mrs. C. H. Wise.

FLOYD DATA

Mrs. Tommy McIntosh underwent surgery yesterday in Nichols Clinic in Plainview.

**Wesley Anns
Hold Annual
Pledge Service**

Members of the Wesley Ann Circle of The United Methodist Women met Monday night, January 17, in the home of Mrs. Bennie Lieb-fried for their annual pledge service led by Mrs. Lieb-fried; and to complete their study of Mark led by Mrs. Ella Reue. Mrs. Billie Jordan presided over the business session.

**FLOYDADA
Rest Home
Birthday Party**

The month of January Has lots to make us happy. It always starts a brand New Year... With sun...or cold that's "snappy".

Mrs. Orla Furrow Keeps busy day by day... She tends her doll with loving care In her motherly sort of way.

Mrs. Dora Langford Is such a lovely one She does her hair with perky bows... And birthdays are STILL fun!

Now Mrs. Bessie Pierce we greet Upon her special day... She dates 'way back to '88 And counting that "ain't hay".

Mrs. Weems has many friends Because she loves to chatter So get a chair and "set a spell" And join her in some "patter".

Happy "day" to Mrs. Anderson ...Who counts from '95.. She's still quite young, as ages go... And like some "jump and jive".

A special one we now salute ..Paul Luttrell is his name.. He takes his days a little slow But he NEVER will complain!

The birthday song we now must sing To start the NEW YEAR right... And give these folk a great big boost To keep on "in the fight."

Women of the City Park church of Christ hosted the monthly birthday party for residents of the Rest Home last Thursday afternoon, with the honorees being seated at the "honor" table in the dining room. Others were seated at various tables in the room. The "honor" table was covered with a white cloth and centered with a floral arrangement in colors of yellow and orange. Places were marked with special birthday cards and all were able to be at the table except Mrs. Bessie Pierce who was feeling a "bit poorly".

The Hesperian photographer made pictures of the group and the party was well underway. After the reading of the poem all joined in singing the "birthday" song. A refreshment plate of delicious pound cake with white icing and tangy fruit punch was served to the honorees, all residents of the home, employes and guests. The next party will be Thursday, February 18, 2:30 p.m. You are invited to attend.

Mrs. Dutton died at 10:30 a.m. Friday in Northwest Texas Hospital in Amarillo, after a brief illness. She was born in Tell and married Albert Dutton on May 22, 1943 at Littlefield.

At the time of her death, Mrs. Dutton was a teacher at Lockney Junior High. She served with the Lockney Independent School District for many years, and had once served as principal of the old C. N. Townsen School.

Survivors include a daughter, Brentie Harris of Fort Worth; two brothers, W. C. Osborn of Canyon and J. E. Osborn of Sunray; six sisters, Miriam Caperton of Clayton, N.M., Ima Duncan of Clayton, Oma Byrnes of Childress, Georgia Cowry of Dallas, Bessie Littrell of Dumas, and Mary McBroom of Canyon; and two grandchildren.

Mrs. Scoggins

Mrs. Gertrude F. Scoggins, 78, widow of a former principal at Floydada High School during the 1920s, died Friday, January 7. Rites were conducted January 11 in the First Baptist Church in Borger. Mrs. Scoggins and her husband, W. Harper Scoggins, were both school teachers.

Mrs. Scoggins was born in Max Meadow, Va., and had lived in Borger since 1940. She was a member of the Baptist Church where she had taught Sunday

School some 25 years, and was a former Globe-News correspondent and a past member of the Eastern Star.

Survivors include a daughter, Mrs. Rosemarie Scott of Borger; one son, Merle of Fort Worth; and two brothers.

Mrs. Garrett

CLOVIS, N.M. - Services for Mrs. Lessie M. Garrett, 83, of Clovis, N.M. were held in the 21st Street Church of Christ here with Jack Orison, pastor, officiating.

Burial was in Mission Garden of Memories here under the direction of Steed-Todd Funeral Home.

Mrs. Garrett died at a local nursing home Saturday night.

The Mangum, Okla. native was raised in Cone where she married Jack Garrett, Sept. 4, 1912. They settled in Crosby County, and later lived in Floyd County nine years. They farmed in Bellview from 1924 until her husband's death. She then provided room and board for the Eastern New Mexico University football team. She moved to Clovis in 1944.

Survivors include four daughters, Mrs. Elsie Burnett of Broadview, N.M., Mrs. Caleta Allen of Fort Worth, Mrs. Cenona Burkett of Carson, Calif., and Mrs. Audine Heverly of Whittier, Calif.; a son, Judge of Clovis, N.M.; four brothers, Otho of Arkansas, Creed of Lubbock, Joe of Lockney, and Efford of Amarillo; 12 grandchildren; 17 great grandchildren; and two great-great-grandchildren.

Mrs. Wilson

Services for Mrs. Ollie B. Wilson, 85, of 600 West 11th St., Plainview, were held Saturday in First United Methodist Church. Officiating was the pastor, Dr. R. L. Kirk, and the Rev. Elton Wyatt, pastor of First United Methodist Church of Olton. Burial was in Plainview Memorial Park directed by Wood-Dunning Funeral

Home.

Pallbearers were S. R. Heard, Joel Culp, S. J. Young, Edgar Brown, Ray Weise and Homer Roberson.

Mrs. Wilson died at 10:04 a.m. Thursday in a Plainview hospital after a two-month illness.

The former Ollie B. White was born Nov. 21, 1891 in Wilbarger County and married Robert Elton Wilson Sr. there Sept. 16, 1917. She came to Hale County in 1919 from Vernon and settled in the Snyder Community south of Plainview. Mrs. Wilson moved to the Happy Union Community in 1923 and to Plainview in 1970.

She was a member of First United Methodist Church and the Wi-Mo-Da-Sis Sunday School Class.

FACE OF A COWBOY

Meet H.B. "Jack" Johnson of Floydada, who as a young man worked for the "F" Ranch and "Taylor's" around Quitaque. He has raised registered Quarterhorses for 30 years and has been president of the Floydada Roping Club several times. His face and voice are well known to rodeo-minded folks of the Panhandle and South Plains because he was a rodeo announcer for more than 20 years for several area stock contractors. He still contributes a little time for announcing horse and stock shows in his hometown. He still team ropes and helps local ranchers working cattle whenever his farming operation will allow.

What One Person Can Do

MAMA D. COOK

Giovanna D'Agostino (or Mama D, as students fondly nicknamed her) got into the restaurant business accidentally. Once there, her particular mixture of love, psychology and pasta lifted a small sandwich shop in Minneapolis onto a list of the 12 best restaurants in the United States.

"Love is still the main ingredient of any meal," says Mama D, who began helping one of her sons with his fast food shop ten years ago, when her husband died. Finding that her soul wasn't in fixing sandwiches, Mama D. began making pasta dishes for a few customers. These told others, and soon

the shop was filled with happy patrons enjoying her mixture of wit, wisdom and spaghetti.

Along with fame as a cook came a discovery that she had instant rapport with troubled students. A deeply religious woman who once wanted to be a nun, Mama D fed the students both physically and spiritually, and they, in turn, trusted her. In 1975, she was chosen Woman of the Year in Minneapolis.

"Those kids changed my life, I love them," Mama D declares. "No one can say anything bad about young people to me. In my day, no one crossed the tracks to get to know anyone on the other side. These kids do. They have taught us all what it is to love all kinds of people."

Her cooking fame has pushed Mama D into writing a cookbook, but she still maintains that "cooking for your family with love is the

most important thing. No matter what else changes, a mother is the heart of the family and the kitchen is the heart of the home."

A genuine concern for God's creatures is found in loving attention to their physical, emotional and spiritual needs. As that is the secret of Mama D's life, it can be the secret of each lover of God and humanity.

Tax Form Due From Farmers

Farmers who have not filed their 1976 declaration of estimated Federal income tax must file and pay that tax by Monday, January 17. The sole exception to this rule is if they file their income tax return and pay the total tax due by March 1, the Internal Revenue Service indicates.

Farmers are defined as those persons who earned at least two-thirds of their 1976 gross income from farming.

IRS Publications 225, "Farmer's Tax Guide," and 505, "Tax Withholding and Declaration of Estimated Tax," provide additional information and are available free at local IRS offices.

Mahon Meets With Bergland

WASHINGTON, D.C., Congressmen George Mahon met this week with Secretary of Agriculture designate Bob Bergland to discuss future appointments to USDA policy positions and other matters of importance to American agriculture. The Congressman stressed to Secretary designate Bergland the importance of having people in key positions in the

Department of Agriculture who understand the special problems of Texas agriculture.

Bergland and the West Texas Congressman also conferred about particular provisions to be included in the new farm bill to be written by Congress this year. Mahon emphasized the need for a farm program which

the farmer in obtaining an adequate return on his investment.

Mahon pointed out to Bergland the need for retaining the disaster provisions of the present farm program, as well as seeking ways and means to improve their administration.

Bergland, a Member of the House and a member of the House Committee on Agriculture, will resign his House seat when he is confirmed by the Senate as Secretary.

Bergland is regarded by his colleagues as an able, sincere, and well informed friend of agriculture.

Longhorns Lose To Tulia, Abernathy

The Lockney Longhorns lost a close 52-50 decision at Tulia Friday night in a District 4-AA basketball contest. Danny Clark led the Lockney scoring with a 20-point effort. Danny Fry and Allen Sterling scored 10 apiece, Ray McMahan added six, and Johnny Dorman chipped in four for the 'Horns.

Lockney field-goal average in the game was 43% (25 of 56), and the 'Horns missed their single free-throw

attempt. The Longhorns totaled 32 rebounds and 21 assists for the night. Clark was top individual rebounder with 11 grabs, and Sterling was credited with six assists.

Tuesday evening, the Longhorns dropped to 0-2 in first-round district play when they lost to Abernathy 58-42 at home. The Antelopes were up by 10 points (29-19) at halftime.

Sterling and Clint Riddley were top point-makers for Lockney, netting 10

each. Clark and McMahan had eight apiece, Fry managed four, and Ronnie Cunyus scored two for Lockney. Clay Hamilton's 15-point output for the 'Lopes was high for the game. Clark and McMahan were top Longhorn rebounders, coming down with 10 each. Fry had five assists.

The 'Horns go to Idalou Friday night, then wind up first-round district play next Tuesday at Floydada.

Seventh Graders Win Basketball Game

Lockney Junior High School seventh grade boys defeated the seventh grade team from Tulia by a score of 42-27 Monday. Jeffrey McCormick led the Short-

horns, scoring 21 points. Junior McDonald put in 12 for the locals, Phillip Kidd managed five, and Tyke Dipprey got four points for Lockney. Coach Steve Cul-

well said the victory represented a good comeback after the team's loss to Dimmitt last Saturday in the Crosbyton tournament finals.

Lockney eighth grade boys lost 34-12 at Tulia. Scoring in the eighth grade game were Shorthorns Byron Brock, 12 points; Nick Christian, four; and John Cummings, one.

Eighth Girls Win

Lockney Junior High eighth-grade girls rallied to defeat Tulia 37-36 Monday in a basketball game here. The Lockney girls led 21-18 at halftime but fell behind in the final period before coming back for the one-point victory. Top scorer for Lockney was Julie Frizzell, who managed 13 points. Rebecca Evans was close behind with 12 points, and Bonita McDonald netted 10 for the eighth-grade Lady Horns. Tulia's Cosby scored 15.

Tulia won the seventh-grade girls' game 33-20. Lockney scorers were Melody Burchfield, eight points; Lori Bayley, eight; Lisa Dipprey, two; Tammy Williams, two.

It was Tulia 28, Lockney 21 in the ninth-grade girls' contest. Lockney's Gay Frizzell and Tulia's Harris shared high-point honors with 10 each. Shari Carthel scored eight and Katherine Moore three for Lockney.

JV Girls Defeat

Abernathy

Cindy Frizzell scored 25 points for Lockney and Stephanie Turner added 22 Tuesday night as the Lady Horns junior varsity team pinned a 60-42 defeat on visiting Abernathy. Also making the scoring column for Lockney were Lupe Gonzales, who scored 11, and Lucy Galvan, with two points.

The Lockney team posted a 90-per-cent average at the free-throw line, sinking 18 of 20 tosses.

"Frizzell played a real aggressive game," Coach Carol Helms said, adding "It was a good offensive effort all around, and our guards did a good job of ball advancement."

Shorthorns Second At Crosbyton Tourney

Lockney's seventh grade Shorthorn basketball team took second place in a tournament at Crosbyton last week. The 'Horns downed Tulia's "B" team and Olton before losing to Dimmitt in the championship game.

The Lockney youngsters recorded a 45-20 victory Thursday, beating the Tulia "B" squad in the first-round contest. It was 30-2 at halftime. Jeffrey McCormick led the scorers with 13 points. Also making the scoring column for the 'Horns were Israel Guerra, 10 points; Junior McDonald, nine; Tyke Dipprey, six; Phillip Kidd, two; Carl Burt, two; Karl Race, two; Wade Jackson, one.

Friday, the Shorthorns drubbed Olton 50-21, as McCormick hit for 29 points, Guerra scored 10, McDonald netted four, Kidd contributed three, and Dipprey and Race had two points each.

Dimmitt won the first-place trophy by defeating the Shorthorns 26-16 Saturday. McCormick scored nine

points for the locals, McDonald and Kidd chipped in with three apiece, and Dipprey got one in the finals.

Coach Steve Culwell said the team played hard all three days and made noticeable improvement in the tourney.

On Dean's List At SPC

Gloria Castro, Kimberly Lackey, Judith Mangum, Gregory Patridge, Mitzi Terrell, Donald Boyd, Wanda Stephan, Jessie Garza Jr. and Alicia Smith of Lockney and Jeanne Marble of South Plains have been named to the Dean's Honor List at South Plains College for the 1976 fall semester, according to Nathan Tubb, academic

dean. To be eligible, students must maintain at least a 3.25 grade point average while carrying a minimum of 12 semester hours with no failing grades, Tubb said. Mangum, Patridge, Boyd and Marble made all A's for a perfect grade point average of 4.0.

FFA's At Amarillo

Seven Lockney FFA members will show steers at the Amarillo Stock Show and Rodeo this week. Kevin and Stephanie Turner, Denise and Deneen Johnson, Ricky Hrbacek, and David and Jody Foster left Wednesday, accompanied by FFA sponsor Elvin Lyon. They will exhibit their steers Saturday and return to Lockney on Sunday.

Floydada Nursing Home Happenings

By Faye Walters

One sweetly solemn thought Comes to me o're and o're; I'm nearer home today, Than I have been before.

Nearer my Father's house, Where the many mansions be; Nearer the great white throne, Nearer the crystal sea.

Nearer the bound of life, Where burdens are laid down; Nearer to leave the cross, And nearer to the crown.

Be near me when my feet

Are slipping on the brink; For I am nearer home today Perhaps, than now I think.

And he shall wipe away every tear from their eyes; and death shall be no more; neither shall there be mourning, nor crying, nor pain, any more." Rev. 21:4.

May these words help in some small way to ease the loss of the families of Mattie Hale and Cora Newton who passed away in our Nursing Home.

Mattie had only been here a few months but we all loved her and will miss her. She was a wonderful woman.

Cora had lived here for several years and was so much a part of the home that she will be greatly missed. Both had loving families who were good to visit and see to the needs of their

Fred Head Introduces H.C.R.

AUSTIN—State Representative Fred Head said he wanted to "send them a message" in Washington as he introduced H.C.R. 10 calling for an amendment to the United States Constitution requiring a balanced federal budget. "People in Texas have long known that to get any work out of a

mule you have to first get his attention. I believe this amendment is just the 2 x 4 we've been needing to get Congressional attention focused on wasteful spending in the Federal government," Head urged.

"The Texas Constitution has for many years required pay-as-you-go spending in the Lone Star State," Head continued. "Texas is clearly the most solvent state in the union and has become so as the result of this pay-as-you-go provision in our Constitution. I don't think it is too much to ask that the federal government join us in this type of financing, the wisdom of which has been proven time and time again.

Webb, Hubert E. Davis, David and Connie McCulley, Peggy Medley, Sue Moore, Mable Smith, Kate Crabtree, Clara Redd and Mr. and Mrs. P. L. Hart all of Floydada; Josephine and Verde Smith and Mr. and Mrs. Cephus Fortenberry of Lockney.

We can set an example for other states to follow by passing this Resolution.

"With the forecasted conservative attitude of President Carter to help lead the way, I see no reason why we cannot adopt an amendment to the United States Constitution requiring a balanced federal budget, and I am writing him today asking for his active assistance.

"Several legislatures have passed similar measures. If this Session of the Texas Legislature can pass H.C.R. 10, it will help leave a legacy of fiscal responsibility for future generations to enjoy!"

JV Winds Hand Wildcats Loss

By Doug Simpson
The Floydada junior varsity Whirlwinds, just coming off of a strong finish in the recently played Tahoka tournament, captured their fifth win of the basketball season on Tuesday night before a Graves Gym audience, by knocking off the Idalou Wildcats by a 45-27 margin. The Whirlwinds, now 5-6 on the year, were able to utilize the effectiveness of a newly installed man-to-man defense combined with the inside play of rebounding ace Tim Collins to dominate the visitors on both ends of the floor.

The Whirlwinds committed numerous turnovers in the first period, as each time the hosts came down the floor, it seemed, they gave up a shooting chance with a poor pass or a Wildcat steal. In spite of this, the Winds utilized its awesome rebounding strength to overcome the Idalou attack and lead by a 7-4 count when the buzzer sounded.

Floydada wiped out a three-point deficit in the second period by taking advantage of hot outside shooting along with a hazardous defense. Paced by Todd Vickers' six-point effort, the hosts led at intermission by a 22-17 score.

In the third stanza, the Wildcats were able to adjust their defense to the Winds' hot shooting attack. This resulted in a very patient offensive outlook for the victors, who again utilized the outside shooting ability of Kary Helms and Vickers to extend their advantage to a commanding 13-points. Going into the final stages of the contest, Floydada possessed a 13-point lead.

Despite a mere six-point performance by Idalou in the final quarter, the hosts suffered from disorganization

on defense. This was corrected by the presence of an overall physicalness, which existed throughout the ball game, permitting the hosts to establish control and take firm command in the second half.

Following the contest, JV head mentor Gary Steves remarked that the club's improvement shown in the Tahoka tournament helped to add momentum to the

game and proved the fact that a man-to-man defense could be executed.

Weather Modification Hearing

AUSTIN—James M. Rose, Executive Director of the Texas Water Development Board, announced Friday the rescheduling of two adjudicative hearings on applications for permits to engage in weather modification and control operations in parts of the Texas High Plains. Both hearings will be held simultaneously on Wednesday, February 16, at 1 p.m. in the courtroom of the 99th District Court in Lubbock.

"The hearings will continue as long as necessary," said Rose, "so that all persons desiring to speak will have an opportunity to do so."

Plains Weather Improvement Association, Inc., and Atmospherics, Inc., have applied for permits to conduct weather modification and control operations to increase precipitation and decrease hailfall within two adjacent target areas on the High Plains. The requested areas of operations would exceed the smaller target areas.

More than 400 residents in the region have protested to the Texas Water Development Board, asking that the applications to decrease hailfall be denied.

The 64th Legislature amended the Weather Modification Act to provide for a hearing in the area if 25 or more people requested a local hearing. The Administrative Procedures Act, also passed by the 64th Legislature, requires hearings if objections are made. Hearings on the applications were

originally scheduled December 6 in Morton. However, the hearings were postponed until after February 15 to give the Legislature an opportunity to consider legislation providing for a public vote on weather modification activities and to give opponents to the applications time to engage legal counsel.

Docket Number WM-008 concerns the application of Plains Weather Improvement Association, Inc. If the permit is granted as sought, aircraft flights would be authorized over portions of Hale, Lamb, Castro, Swisher, Briscoe and Floyd Counties for the period as soon as authorized and ending December 31, 1980.

The other application, styled Docket Number WM-009, is from Atmospherics, Inc., for operations over portions of Deaf Smith, Randall, Parmer, Castro, Swisher, Bailey, Lamb, Hale, Cochran, Hockley, and Lubbock Counties. This application requests authority to commence operation beginning upon authorization and ending October 30, 1980.

Bruce Bigelow, General Counsel of the Texas Water Development Board, will be the presiding examiner, Rose said. Protests, pleadings, or motions relating to the hearings shall be filed with the presiding examiner on or before February 11, 1977, at the Texas Water Development Board, Post Office Box 13087, Capitol Station, Austin, Texas, 78711.

County Spelling Bee March 15

Floyd County spellers are making preparation for the annual Floyd County Spelling Bee to be held in the Junior High School cafeteria at 7:30, March 15. The spelling booklets, prepared by the National Spelling Bee, are being used as study guides by the students. This

year's competition, marking the 50th anniversary of the National Spelling Bee, inspired the blue and gold design on the cover of the booklets.

Students are eligible to compete if they have not completed the eighth grade and are not more than 16 years of age. Competition

rules are included in the spelling booklets, which contains more than 500 word changes from last year's list.

Bob Alldredge, principal of Floydada Junior High, will be director. Ruth McIntosh will be word pronouncer. Mrs. Charles Carr will direct students of Floydada Junior High, 7th and 8th graders, and Mrs. Wayland Jones will direct students in the 4th and 5th grades from Andrews Elementary School. Directors from Lockney were not available at this writing.

Champions are selected on the county level and winners will compete in the Regional Spelling Bee April 16 in Moody Auditorium on the Lubbock Christian College campus.

The regional winner will be awarded an expense-paid trip to the National Spelling Bee, slated in June in Washington, D.C.

Last year's county winner was Jimmy Jones of Floydada. Runner-up was Ralph Scheele of Lockney.

1976 Record Year For Beef Industry

COLLEGE STATION—Many of the record books of the beef industry will have to be rewritten now that 1976 has come to a close.

"The past year was quite significant to the beef industry in that many new records and statistics were established," points out Dr. Ed Uvacek, livestock marketing specialist with the Texas Agricultural Extension Service. "The happenings and events of 1976 might also bring about some change in philosophy about the meat industry."

Some of the startling facts about the beef industry in 1976 were these:

—Commercial cattle slaughter

set a new record high of almost 43 million head.

—Commercial beef production also set a new high, about 25 billion pounds.

—Beef consumption approached 128 pounds per person, not only a new record but eight pounds more than the previous high set in 1975.

—Calf slaughter at about 5 million head was the second highest since 1968.

—Average retail prices were about \$1.39 per pound for Choice beef and \$1.36 per

pound for pork, the second highest beef price in history and a new record for pork.

—The weighted average price received by producers for beef cattle was about \$34 to \$35 per hundredweight, the third highest in history.

—Disposable per capita income of U.S. consumers also established a new high in 1976 at about \$5,500 per person.

—New record highs were also established during the year for farm wage rates,

machinery costs, interest costs, taxes, fuel costs, utility costs and real estate values. Even farm-to-retail price spreads—what the producer gets compared to the price at the grocery store—recorded a new high.

"Yes, the year 1976 may have been one of the most critical in the history of the U.S. livestock industry," says Uvacek. "It certainly provides us with a new and different basis upon which to look toward the future."

State Soybean Producers To Meet This Month

BAY CITY, Texas—State soybean producers will gather here January 28-29 for the annual meeting of the Texas Soybean Association.

The first day's session, which begins at 1 p.m. at the Oasis Motel, will be a production clinic. The second day will be a marketing clinic, in session from 9 a.m. to about 2 p.m.

The production clinic will include information on foliar fertilization, pest control, nematodes and irrigation on the Coastal Prairie. The program will be presented by scientists from the Texas Agricultural Extension Service and by a private entomology consultant.

There will also be a soybean production panel moderated by R. J. Hodges, extension agronomist. Four or five leading Texas soybean producers will discuss their approaches to soybean production problems.

A banquet is planned for 7 p.m. January 28, with presentation of awards and the new Texas Princess Soya. Cost of the banquet is included in the \$5 registration fee.

The marketing clinic will open with a discussion of the American Soybean Association's (ASA) market development program. In addition, ASA Vice President Bill Prichard of Louisville, Ga., will talk about the effect of government actions on soybean producers' ability to market their crop.

Richard Johnson, general manager of the American Grain Association of Lake Charles, La., will give tips on marketing soybeans.

The meeting will also include the annual business session of the Texas Soybean Association and presentation of awards to winners of the Texas Five-Acre soybean Yield Contest.

Murder Trial Delayed

MATADOR (Special) — Pre-trial hearing in the capital murder case of two men accused of the shotgun slaying of Motley County Sheriff J. Alvin "Jinks" Wilson has been postponed indefinitely, a district clerk's office employee said Monday.

The hearing, originally scheduled for 10 a.m. Monday, was postponed because the principal attorney for one defendant is involved in a federal trial in Pecos, the employee said.

Among items which 110th Dist. Judge George Miller would have handled this morning were motions for change of venue.

Both defendants — Stacy Albert Carter, 25, of Olivia, N.C., and Larry C. Fortenberry, 28, of Mount Hermon, La., — asked Miller to move the case out of Motley County, saying feelings run too high

for them to get a fair trial here.

John T. Montford and Mark C. Hall of Lubbock are court-appointed attorneys for Carter, and Steve Hurt of Plainview is a court-appointed lawyer for Fortenberry.

Dist. Atty. Randy Hollums is scheduled to prosecute the case, with Tom Hamilton of Plainview assisting as a special prosecutor.

Carter and Fortenberry have pleaded not guilty to capital murder in the death of Wilson and attempted murder in the shooting of John D. Rogers.

The 61-year-old Wilson was shot to death Nov. 13 after he and Rogers, a ranch employee, came upon two men tampering with the license plates on Rogers' car.

Anderson Clayton/American Founders Merger Announced

T. J. Barlow, Chairman of Anderson, Clayton & Co. of Houston, Texas, and Walter W. McAllister, Jr., Chairman, and John E. Neff, Jr., President, of American Founders Life Insurance Company, Austin, Texas, announced today an agreement in principle for American Founders to be merged as a new wholly-owned subsidiary of Anderson Clayton.

The transaction is subject to the negotiation of a definitive merger agreement, the approval of the agreement by the Board of Directors and the shareholders of American Founders and the Board of Directors of Anderson Clayton, the receipt of favorable tax rulings, necessary regulatory approvals, and the completion of satisfactory business investigations.

Mr. Barlow said Anderson Clayton was very pleased to have reached an agreement with American Founders in

view of the excellent reputation of its management and agency force and of its long record of volume and profit increases. He stated it was planned that American Founders will continue to be operated as a separate entity with its present location and that there will continue to be a separate Board of Directors for American Founders with substantially the same members supplemented with appropriate Anderson Clayton represen-

tation.

America Founders is an Austin, Texas based Life Insurance Company licensed to operate in 29 states and has in excess of \$1.4 billion of life insurance in force. American Founders is traded over the counter.

A division of Anderson Clayton, ACCO SEED, operates the Paymaster seed farm at Aiken. An extensive sorghum and cotton research station, seed processing plant and general business office are located on the farm. ACCO is a major supplier of sorghum, cotton, corn and alfalfa seed in the United States and foreign countries. Headquarters for the company is Belmond, Iowa.

Vitamin C Said Aid In Treating Some Colds

CHICAGO (AP) — A new study by an Indiana University research team has concluded that large doses of Vitamin C help some — but not all — children in the recovery from and prevention of the common cold.

In an article in Monday's issue of the Journal of the American Medical Association, medical geneticist Judy Z. Miller reported that no significant difference was found in the number, duration and severity of colds in children given ascorbic acid — Vitamin C.

Mrs. Miller and her colleagues at the university's medical school in Indianapolis gave either Vitamin C or inert capsules to each of 18 male and 26 female pairs of twins aged 6 to 15 for five months. Not even mothers knew which twins were receiving which type of capsule.

The doses were 500, 750 or 1,000 milligrams a day, depending on each child's weight.

Mrs. Miller reported there was no significant overall difference in the results, but girls in the youngest two age groups

who were given Vitamin C had generally shorter and less severe illnesses than their matched twins. Illnesses were somewhat less severe in the youngest groups of boys given Vitamin C, she reported.

An "entirely unexpected" outcome of the study, Mrs. Miller said, was that among the youngest male twins, the boy taking Vitamin C grew a half-inch more than his brother in the five months.

But Mrs. Miller cautioned that this result must be confirmed in further research before it can be accepted as fact.

Interest in Vitamin C has grown since publication in 1970 of a controversial book, "Vitamin C and the Common Cold," by Dr. Linus Pauling, a Nobel Prize winner in chemistry.

The results of studies to confirm or refute Pauling's contention that massive doses of Vitamin C help ward off colds and other respiratory ailments have been mixed.

Drs. Michael H.M. Dykes and Paul Meier of the University of Chicago in 1975 published in the AMA journal a re-

view of medical studies of Vitamin C done over several decades. They concluded that "no clear, reproducible pattern" to demonstrate that the vitamin works the way Pauling says it does has emerged from these studies.

In the same issue of the journal, researchers from the National Institutes of Health in Bethesda, Md., reported that a study using federal employees "showed that ascorbic acid had at best only a minor influence on the duration and severity of colds."

Toronto researchers in one study found

that persons taking large doses of Vitamin C had 30 per cent fewer colds than a comparison group. But in a subsequent study the same researchers found there was only a slight beneficial effect from taking the vitamin.

Studies involving Navajo Indian children concluded that "Vitamin C is unlikely to have widespread usefulness as a cold remedy."

But in Ireland, a research study using teen-agers concluded that large daily doses of the vitamin should provide resistance to about 80 per cent of teen-agers.

Pecan Production Dives By Near Three-Fourths

AUSTIN—With Texas pecan growers facing the most dismal harvest in 14 years, Agriculture Commissioner John C. White reports that some producers have sustained complete losses of their 1976 crops.

A 74 per cent drop is being forecast for Texas pecans in comparison to last year's crop with the Texas

Crop and Livestock Reporting Service estimating total 1976 production at only 18 million pounds.

"In pecan production, every other year a large crop develops. Because the 1975 crop was 68 million pounds, we were expecting around 30 to 40 million pounds this year," White explained.

Farmers and crew leaders who hire farm workers have until January 31 to send 1976 wage reports and social security contributions to the Internal Revenue Service, according to Jim Talbot, social security district manager in Amarillo.

A farm worker paid \$150 or more in cash wages by an employer in 1976 is covered by social security according to Talbot. A worker who did farm work for an employer on 20 or more days during the year—figured on a time basis rather than a piece-meal basis—is also covered even if he is paid less than \$150 during the year.

Employers send in annual wage reports for farm employees on a form available at Internal Revenue Service offices. The form is mailed to farmers and crew leaders who have IRS employer identification numbers.

A farm crew leader is generally considered to be the employer of his crew members if he supplies the workers to the farmer, pays them, and is not an employee of the farmer by written agreement.

If none of these requirements is met, either the farmer or the crew leader may be the employer. The person with final control over the crew leader may be the employer.

The social security contribution is 5.85 per cent of the employee's covered wages plus a matching amount paid by the employer. The maximum earnings amount that counts for social security—and on which contributions are paid—is \$15,300 for 1976.

An employer must keep a record of farm employees' wages if it's expected they'll be covered by social security. The record must show the worker's names, their correct social security numbers, cash wages paid to them, and social security deductions from their pay.

Some farm employers have deposited their employees' social security contributions in banks and other approved depositories in 1976. Those

employers have until February 10 to file the annual wage report with the Internal Revenue Service.

A free leaflet, "Social Security Information for Crew

Leaders and Farmers," is available at any social security office, according to Talbot. The Amarillo Social Security is located at 317 East Third St. The phone number is 376-2241.
