March 2 Filing Deadline

Last day for candidates to file in the Lockney Independent School District trustee election is March 2. All candidates should file by going to the school superintendent's office, 6th and Willow, and filing with Mrs. Billie Huggins, who is also the school board election absentee voting clerk.

Absentee voting starts March 14 and ends March 29. Drawing for order of names on the ballot will be March 7. Each candidate should appoint a campaign treasurer.

Mike Mooney has been named election judge for the school trustee election, scheduled Saturday, April 2.

LISD voters will be choosing trustees to fill the expiring terms of Billy Ed Whitfill, John Dorman and Jerry Williams.

Lone Prairie Gas Meeting Monday

Lone Prairie Gas Association's annual meeting will be at 7:30 p.m. Monday (February 21) in the Lone Star school house.

Assessments will be discussed and three directors will be elected.

FFA WEEK PROCLAMATION is signed by Lockney Mayor Claude Brown as Lockney FFA President Denise Johnson and vice president Joe Araujo watch.

Lockney FFA Joins In

Nationwide Celebration

Members of the Lockney Chapter join with over 500,000 other FFA members in the United States in celebrating National FFA WEEK which starts February 19.

Throughout the WEEK the state's FFA chapters are planning activities to support the theme, "Agriculture's NEW Generation."

The 49-year traditions of FFA have held strong and produced a mighty work force for food and fiber to meet the needs of our nation and the world. Successful agricultural leaders of today are the testimony. "Agriculture's NEW Generation" is in the making. They're FFA members today.

National FFA WEEK always includes George

Washington's birthday in observance of his leadership in promoting scientific farming practices. Washington is considered the patron saint of the FFA and has come to symbolize the FFA Treasurer.

According to President Denise Johnson, the Lockney Chapter will be involved in Lockney and Floyd County Stock Shows.

Organized in 1928, the FFA promotes leadership, cooperation and citizenship among high school vocational agriculture students. The FFA Foundation awards program provides chapter, state and national recognition for supervised programs of agricultural production, marketing, processing and service.

Aiken Baptist Church

Mobilizes To Combat Hunger

"Most Americans want to help feed starving people overseas, but don't know how," according to Bill Sessom. "We are bombarded by the cruel statistics of hunger on a daily basis, and the average person feels over-

whelmed by the size of a problem like global famine. Yet, we have found that when we show Americans a way to relate to the problem, they help in the traditional unselfish way the United States has always responded to the needs of the less fortunate."

Sessom, pastor of the Aiken Baptist Church was speaking on the eve of a three month long project sponsored by the church.

"People in our congregation became concerned," said Sessom, "and several came to me asking if we could do something positive to combat the world hunger situation. In the process, we learned that a majority of the world goes to bed hungry and some 10,000 people die every day from starvation."

The people of the church decided to help in some tangible way and to participate in a national "Love Loaf" program. Small coin containers, shaped like miniature loaves of bread were distributed to the families of the church.

"These will be kept on the dinner tables," explained Sessom, "as a reminder that while we have much, others have little or nothing to eat. I think it will also be a way parents can teach their children compassion."

As the family prays for the world's needy, they also put coins in the Love Loaf each day. Even the smallest child can participate. His penny will provide a week's supply of vitamins to someone suffering from malnutrition. A dime will provide someone else with a full meal. The youngsters will learn compassion as they put in their pennies and dimes and pray."

Sessom said that the Love Loaf containers will be left in the homes for three months and then turned in. By that time, each should hold about \$10.00 in coins.

"It will be a modern day version of Jesus' feeding of the 5,000."

The money saved will go to the emergency relief ministry of World Vision International, originator of the Love Loaf program. World Vision is a nonprofit, interdenominational Christian humanitarian agency that conducts programs of child care, emergency relief, medical assistance, evangelism and community development in 26 countries. The organization is presently caring for more than 70,000 needy children throughout the world.

Sales Tax Records Indicate

Lockney Retail Sales Up

AUSTIN- Comptroller Bob Bullock announced Thursday that Texas cities received a total of \$302.9 million in city sales tax rebates last year, a 14 percent increase over the 1975 calendar year.

The cities received \$264.5 million in 1975, Bullock said.

The totals are included in an analysis prepared by Bullock's office showing the total rebates received by Texas cities for the calendar years 1975 and 1976.

The City of Houston led the state in total rebates with a total of \$62.6 million in 1976. Dallas collected \$35.3 million, San Antonio \$18.9 million, Fort Worth \$12.3 million and Austin \$9.1 million.

The City of Sachse topped the list with collections up 444 percent last year. The cities of Krugerville, Roanoke and Windom all received increases in excess of 100 percent.

(Note: Other cities showing such large increases did not collect the tax for all of 1975.)

The one percent city sales tax is collected by merchants and other sales tax permit holders along with the four percent state sales tax and is returned to the cities by the Comptroller's Office on a monthly basis.

Lockney received \$31,004.49 and Floydada \$65,922.89 in sales taxes last year...Lockney up 11% over 1975 and Floydada up 9%.

For comparison Swisher county residents spent an average of \$12.44 per person sales tax to Tulia, Happy, and Kress merchants. In Floyd county an average of \$8.77 was paid Floydada and Lockney merchants per resident sales tax...thus indicating that Swisher residents are more loyal to the merchants in their county, than Floyd residents.

Lockney school students will get a two-day holiday Monday and Tuesday (February 21 and 22). Teachers will have "in-service days" on those dates.

Students return to classes at regular time Wednesday, February 23.

Farm Bureau Leaders In Austin

Three leaders of the Floyd County Farm Bureau were among more than 300 local Farm Bureau county presidents and legislative and membership committee chairmen attending a Texas Farm Bureau legislative conference and membership kickoff February 15-16 in Austin.

Speeches by Governor Dolph Briscoe and other

high state government officials as well as leaders in the 65th Legislature were among highlights of the legislative conference which got under way at noon on February 15 and concluded at noon the next day.

The final session on February 16 served as the organization's 1977 membership kickoff. February 21-26 has been proclaimed as "Farm Bureau Week" in

Texas and many county Farm Bureaus will be conducting membership drives during that period.

TFB President Carrol Chaloupka presented TFB's legislative program at the February 15 dinner attended by state officials and most legislators. Main items in the Farm Bureau program included recommendations on taxing agricultural land,

local school financing, state inheritance taxes, underground water taxes and regulations, farm-to-market roads, and funding agricultural research and education.

Governor Briscoe also spoke at the legislative dinner and discussed the goal of making Texas the number one agricultural state in the nation.

Other conference speakers included Lieutenant-Governor William Hobby, House Speaker Bill Clayton, Attorney-General John Hill, Comptroller Bob Bullock, Senator Max Sherman of Amarillo, Reps. Bill Sullivan of Gainesville, and Tom Massey of San Angelo, TFB Executive Director Warren Newberry of Waco, and TFB State Affairs Director Pat Smith of Austin.

From Floyd county were president Eddie Teeter, vice president Omar Burleson and Legislation chairman Warren Mitchell.

Teeter said the Floyd group sat in on the committee meeting that is working on highway funding, had several discussions about taxing land on productivity instead of market value... House Bill Number 22.

A Mid-Winter View Of High Plains Wheat Crop

AMARILLO - While price prospects for the 1977 wheat crop appear gloomy, there's good chance for a better than average wheat crop on the Texas High Plains.

That note was sounded this week by a specialist for the Texas Agricultural Extension Service.

"The dry, cold weather that caused problems for stocker cattle operators who depended on wheat grazing may help get a few extra bushels per acre for grain producers," according to Dr. Frank Petr, of Amarillo.

"Cold temperatures prevailing since early fall have resulted in the conservation or decreased use of plant nutrients," he says, "and helped stretch the rather limited supplies of subsoil and surface moisture."

The Extension Service agronomist says wheat that was planted late under very dry conditions may suffer some winter killing, and poorly established wheat may also be subject to wind

erosion, especially on sandy soils. Generally, however, wheat stand are in much better condition than in mid-winter of the 1975-76 season, he concludes.

Adding to the bright outlook is a notable absence of insect activity. Petr says that surveys made by Norris Daniels, Texas Agricultural Experiment Station research entomologist at Bushland, indicate that greenbug populations have been at a low level since early last fall. The limited foliage plus low temperatures may have also had a depressing effect on the wheat curl mite, which is a vector of wheat streak mosaic.

"Having both greenbugs and wheat streak at a low level could mean savings on insecticides and increased yields to the producer," Petr adds.

"The dryland wheat crop is not yet in the bin, however," says Petr. "A period of unseasonably warm temperatures and dryness that sometimes occur in February

could desiccate the shallow rooted, dryland wheat. An average amount of timely rains could tip the scales in a plus direction.

"Early planted, irrigated wheat was grazed off this winter, with very little regrowth. Late planted, irrigated wheat just managed to get established," he says. "If there is no intention of grazing the wheat, it is advisable to postpone irrigation as long as possible."

Petr reports that research conducted by Dr. John Shipley at the North Plains Research Field at Etter show that late winter or early spring irrigations do not contribute to grain yield. The irrigation does increase forage yields and causes the plant to grow tall in a vegetative stage. This usually causes a tendency to lodge, he explains.

"If severe lodging occurs before kernel development, there is generally a marked decrease in both yield and test weight. Wheat receiving a February irrigation generally heads several days later than wheat not receiving that irrigation. This may help to avoid freeze damage from a hard spring frost, especially in such early varieties as Triumph and Sturdy," the agronomist adds.

"Moisture received in the form of light drizzle and dry powdery snow probably did not do much for the wheat plant, but it did boost weed populations," he says. "Weeds are capable of germination and substantial growth on small amounts of moisture that cannot be used effectively by the deeper rooted wheat."

Petr says broadleaved weeds such as tansy mustard, treacle mustard, peppergrass and Kochia are now in a rosette stage. At this stage these weeds can be controlled effectively with 2, 4-D.

"Producers are urged to check their fields now and prepare to spray if needed," he recommends. "Best results are obtained if the weeds are not under severe moisture stress, so it may be desirable to wait until after a rain or irrigation. The temperature should be at

moisture and get large enough to cause a reduction in wheat yields."

Petr says a few wheat producers have reported cheatgrass and rescuegrass invading their wheat fields. This is most likely to occur on land cropped continuously to wheat. There are no herbicides currently labeled for controlling cheatgrass in wheat in Texas. The best control of these winter annual grassy weeds, he adds, is to rotate to a summer row crop. Producers with heavy

infestations of grassy weeds may find it profitable to graze out the wheat before the weeds produce seed. The land can then be worked in preparation for sorghum, corn, soybeans, sunflowers or cotton.

PRODUCERS KEY TO CONTROLLING SCREW-WORMS, EAR TICKS... Texas cattlemen hold the key in controlling an old nemesis—the screwworm—and a relatively new but equally destructive pest—the Gulf Coast ear tick. Ear ticks cause wounds that lead to increased screwworm cases. Now insecticide-treated ear tags are available for long-term ear tick control. Use of these ear tags along with a change in breeding programs so that cows will calve in winter and early spring will be two big steps in reducing screwworm cases, says an entomologist with the Texas Agricultural Extension Service. The raw navels of calves born during the peak screwworm season are prime targets for the flesh-eating pests.

SEMINAR FOR COUNTY, DISTRICT CLERKS... The annual County and District Clerks Seminar at the Ramada Inn in College Station, March 1-3, will provide clerks with information to do a more effective and efficient job of record keeping, says a county official program leader with the Texas Agricultural Extension Service. Discussions will deal with records relating to inheritance taxes, criminal proceedings, probate, the Family Code, the Uniform Commercial Code, elections, and grand and petit juries.

The gun goes off February 17 in the race to beat a May 15 deadline for reporting a new farm law from the House and Senate Agriculture Committees.

New budgetary procedures require that a bill be reported by May 15 if it is to be considered in the current session of Congress. Preparations have been under way for months, but the first official hearings have been scheduled by the House Agriculture Committee for February 17. Senate Ag Committee hearings will begin February 24.

Representative Thomas Foley (D-Wash.), Chairman of the House Committee, has reserved the first day of hearings for members of Congress. Nineteenth District Congressman George Mahon of Lubbock, barring a conflict, will appear before the Committee on that day. There is a chance that Mahon will be busy at that particular time with the business of the House Appropriations Committee, of which he is Chairman. If so, word from his office is that he will ask for an alternate date.

Mahon has requested input for his testimony from various High Plains agricultural leaders and organizations, including Plains Cotton Growers, Inc. of Lubbock. PCG represents cotton producers in a 25-county area surrounding Lubbock which on average produces about one-fifth of the U.S. cotton crop.

A copy of the official PCG legislative policy, adopted by the organization's 52-man Board January 18, was sent to Mahon along with a letter from Donald Johnson, PCG Executive Vice President.

Johnson's letter summarized the PCG Board's positions in the following paragraph. "The overall objective of a cotton program for the future should be to assist our industry in its efforts to increase the volume of cotton that can be grown in the U.S. and sold at a profit both here and abroad in competition with other cotton growths and synthetic fibers. And we believe such assistance can best be provided under a market-oriented program similar to the 1973 through 1977 program."

Johnson went on to ask the Congressman to stress the need for (1) a CCC loan period of at least 18 months at a level based on average market prices, (2) continuation of the disaster provisions of present law with improvement in their administration and (3) a target price not too far above the loan price.

He pointed out that the present system of setting the loan at 90 percent of the three-year average price of U.S. cotton in world markets has worked "fairly well," but suggested that loan level calculations be made "simpler, more objective and less subject to error." One approach to this, he said, would be to set the loan, by law, at a percentage of average U.S. Spot Market Quotations.

In asking for an 18-month loan period, as opposed to the present 10 months, Johnson said producers should have the option to hold cotton long enough to bridge at least two harvest seasons. "Such a program," he said, "would increase the producer's marketing alternatives, expand the

period over which each crop must be sold and help to alleviate the drastic price movement that seriously hampers our efforts to compete with synthetic fibers and their relatively stable prices."

There has been much talk in Washington and elsewhere of replacing disaster payment provisions of current law with an expanded crop insurance program through the Federal Crop Insurance Corporation. PCG is strongly opposed to such an action. Johnson's letter said FCIC crop coverage as it now exists is a very poor bargain for producers, and continued by saying "The Federal Crop Insurance Corporation would require a major overhaul, to the extent of recreation, before it could offer protection even approaching that given by the disaster program."

The target price provisions of current law, except for their effect on disaster payment rates, have had no effect on producer income since the program took effect. But under other circumstances, Johnson pointed out to Congressman Mahon, "the target price could trigger direct payments which in turn would bring the abominable payment limitation... back to prominence." A wide spread between the loan level and the target price could mean that substantial direct payments would be called for, Johnson stated, which would help small growers but would "leave commercial-size producers in serious trouble."

Producer organizations will begin testimony before the House Committee on February 24, and PCG will present its complete testimony at that time. No time has been set for hearing cotton producer organization testimony before the Senate Ag Committee.

Prices About Steady... More Cattle... Less Sheep.
If there is any good news in the latest Texas farm and livestock price report, it is this: parity remained steady and overall farm prices are about steady to somewhat higher in a few categories.

Crop prices declined four per cent but livestock prices increased one per cent during the past month, the Texas Crop and Livestock Reporting Service notes.

A big exception in the crop price picture is cotton. That commodity has been showing gains in recent months, but for the period ending Jan. 15, cotton declined 3.5 cents to average 58.5 cents per pound. Parity for cotton is 81.62 cents per pound.

Wheat, grain sorghum, and corn all showed increases. Wheat averaged \$2.43 compared to \$2.40 a month ago. Corn averaged \$2.40 compared to \$2.34, and grain sorghum averaged \$3.66 per hundredweight compared to \$3.50 a month ago.

Most livestock prices showed slight gains. The price for wool was unchanged at 93 cents, and the price for mohair was also steady at \$3.55 per pound.

THE STATE'S CATTLE AND CALF population increased in 1977, even though nationwide there was a marked reduction.

All cattle and calves on Texas farms and ranches totaled 15,800,000 head; this is up only one per cent from a year ago.

These included 6,800,000 cows that have calved (unchanged from a year ago), 1,710,000 head of cattle on feed (down nine per cent from a year ago), 5,740,000 stocker cattle (up nine per cent from a year ago).

The 1976 calf crop was estimated at 5,800,000 head; this is down three per cent from the 1975 crop.

The average value per head of cattle in Texas for 1977 is \$170 compared to \$155 last year.

Nationwide, cattle and calf numbers were down four per cent from a year ago.

This is the sharpest percentage decline since 1948 and represents the second consecutive year of herd reduction in the current cattle cycle.

All cows and heifers that have calved are down four per cent nationwide; beef cows are down five per cent; milk cows are down one per cent.

SHEEP NUMBERS IN TEXAS continue to decline. All sheep and lambs as of Jan. 1 are estimated at 2,520,000. This is the lowest total since 1918. It is a three per cent decline from the previous year, and is the sixth consecutive year of decline.

The average value per head is \$37 compared with \$31.50 a year ago.

The number of sheep operations in Texas is estimated at 9,000; this is down five per cent from a year ago.

The inventory of all goats and kids in Texas shows an increase of 16 per cent from a year ago. This was the first year to year increase since 1973. Average value of all goats and kids is \$25 compared to \$19 a year ago.

Plainview Couple To Observe Golden Wedding Anniversary

The children and families of Mr. and Mrs. Elmer Mauldin will honor the couple with a reception from 2 to 5 p.m. on Sunday, February 27 in the Frontier Room of the First National Bank in Plainview, marking their 50th wedding anniversary.

The couple's children are Mrs. Pete Hudgins of Lubbock; Mrs. Randell King, Floydada; Donnie Mauldin, Abernathy; and Dale Mauldin, Littlefield. There are

eight grandchildren, seven boys and one girl.

The former Tillie Love and Elmer Mauldin were married at Dickens on February 28, 1927. They have lived in the Lockney-Plainview area since they were married.

Friends and relatives are invited to attend the reception. Those who cannot attend may send greetings to 2710 W. 4th Street, Plainview, Texas 79072.

Stork news

Mr. and Mrs. Mark Sanders are parents of a girl, Ryan Shea, born at 8:30 p.m. February 15, weight - 8 lbs, 4 oz.

Grandparents are Mr. and Mrs. Hansel Sanders and Mr. and Mrs. Sterling Cummings. Great grandparents are Mr. and Mrs. Earl Norman of Haskell, Mr. and Mrs. Z. C. Cummings, Mr. and Mrs. A. P. Sanders, and Mr. and Mrs. Elmo Reeves, all of Lockney.

1956 Jr. Club Calls Meeting

Mrs. Gordon Hambright has scheduled a called meeting for members of the 1956 Jr. Study Club for Tuesday night, February 22 at 7:30 in the Floydada Branch of Plainview Savings and Loan. Business matters will be discussed and taken care of at this time, therefore all club members are urged to be present.

Mrs. C. E. Bartlett, a patient in Nichols Clinic in Plainview, is reported to be improving slightly after being quite ill the first part of the week. She is receiving medical attention and therapy for surgery on a broken hip.

Newell Burk continues to improve in Lubbock Methodist Hospital where he is receiving treatment for a mild heart attack.

DeAun Wilson On Honor Roll

A total of 556 students were named to the dean's honor roll at Abilene Christian University for the 1976 fall semester according to figures released by the ACU registrar's office.

Students qualify for the dean's honor roll by enrolling in at least 12 semester hours and achieving a grade-point average of at least 3.45 on a 4.0 scale.

Listed from Floydada is DeAun Wilson, daughter of Mr. and Mrs. L. G. Wilson.

Alpha Mu Delta Chapter Has Meeting

Alpha Mu Delta Chapter of Beta Sigma Phi held their regular meeting February 15 at the First National Bank.

President Becky Pingleton called the meeting to order and led the Opening Ritual.

The roll was called and minutes from the last meeting were read by Teresa Whittle.

Communications from the International office were read concerning the '77 and '78 State Conventions, the sorority's cookbooks, and the funds to which the chapter may donate to.

Kaye Powell reported the financial status of the chapter.

Standing Committee reports were given by Ilene Kendrick-Program; Brenda Watson-Social; Debbie Bertrand-service; Kaye Powell-ways and means; and Barbara Koch-membership.

The chapter voted to send \$25 to Beta Sigma Phi's Endowment Fund. The International Endowment Fund serves the following grants authorized by vote of chapters: Cancer Research, Girlstown, U.S.A., Cystic Fibrosis Research, International Guild for Infant Survival, Canadian Arthritis and Rheumatism, and the Retinitis Pigmentosa Foundation.

The Heritage Heartbeat, a short devotional, was read by Donna Henderson.

The program entitled "Esthetics - The study of beauty in art and nature," was presented by Jo Ann Patterson. Discussion was opened among the members concerning the subject.

The meeting was adjourned, and all members repeated the Closing Ritual.

Hostesses for the meeting were Judy Cornelius and Jan Nichols.

Members present were Becky Pingleton, Barbara Koch, Teresa Whittle, Brenda Watson, Kaye Powell, Debbie Bertrand, Judy Cornelius, Donna Henderson, Ilene Kendrick and Jo Ann Patterson.

Mrs. Patzer Mental Health Chairman

Mrs. Keith Patzer of Floydada was named Mental Health Bellinger chairperson for the May '77 campaign, announced Shirley K. Camfield, President of the Mental Health Association in Texas.

"The Mental Health Association is the largest citizens' voluntary advocacy organization in the United States fighting mental illness and promoting mental health," said Camfield.

Since the organization is non-governmental, its entire support must come from contributions, such as those collected in May. The original and continuing purposes of the association are to:

- *improve attitudes toward mental illness and the mentally ill;
- *improve services for the mentally ill; and
- *work for the prevention of mental and emotional illness and promotion of mental health.

Through social action the association sees that governmental agencies are accountable. One example is seen in the results of an impoundment suit brought by the Mental Health Association which forced the release of over \$1,600,000 federal funds in Texas for research, alcoholism and manpower.

Liz Carpenter, who was press secretary to Mrs. Lyndon B. Johnson when the First Lady was in the White House, is teaching a course on the journalistic essay.

John Canaday, who recently retired as the art critic of the New York Times, is teaching two courses in the Art Department - an art history survey course for non-art majors and a seminar on the principles and practices of art criticism.

Specializing in labor economics and manpower, Dr. Marshall is known to his colleagues as a congenial scholar who appears to work 20 hours a day. Friends confirm he is a committed churchman (Presbyterian), great family man (five children), raconteur, speedreader with a photographic memory, and raiser of goats on a small farm near Leander.

Among the 17 books and monographs he has written is the most widely used textbook in the labor economics field.

Local Family Leader Of Tomorrow Announced

Karla R. Broussard, Lockney High School, has been named 1977 General Mills Family Leader of Tomorrow. The student won the honor by scoring highest in the school in a written knowledge and attitude examination administered to high school seniors here and throughout the country December 7. The Family Leader will receive a certificate from General Mills, sponsor of the annual Search for Leadership in Family Living, and will now be considered for state and national honors.

From the ranks of all school winners in the state, a

State Family Leader of Tomorrow will be selected through judging centered on test performance and will receive a \$1,500 college scholarship. The second-ranking student in the state will receive a \$500 scholarship. Encyclopaedia Britannica Educational Corporation will present "The Annals of America" a 20-volume reference work, to the state winner's school.

Representing every state and the District of Columbia, the 51 General Mills Family Leaders of Tomorrow will gather in Colonial Williamsburg, Virginia, in April for an expense-paid educational

tour there and in Washington, D. C. During the tour, personal observations and interviews will be conducted to select the All-American Family Leader of Tomorrow, who will receive a \$5,000 college scholarship. Second, third and fourth place national winners re-

ceive scholarships increased to \$4,000, \$3,000, and \$2,000, respectively. The test, personal observations and interviews are all prepared and conducted by Science Research Associates of Chicago.

FOR THE BIG DINNER-

HAM SAUERKRAUT BAKE

1 can (1 pound, 11 ounces) sauerkraut
1 cup chopped onion
1/4 cup butter or margarine
4 tablespoons flour
2 cups chicken broth
1 tablespoon paprika
1 teaspoon caraway seeds
1 cup sour cream
1 (3 pounds) canned ham, thickly sliced
Chopped parsley
Drain sauerkraut. Pour boiling water over sauerkraut and drain. In saucepan cook onion in butter until tender. Add flour and cook, stirring constantly, until bubbling and smooth. Remove from heat and stir in broth and sauerkraut juice. Cook, stirring constantly, until thickened and smooth. Stir in sour cream and caraway seeds. Arrange ham and sauerkraut mixture in 1 1/2-quart shallow baking dish. Cover and bake in 350°F oven about 45 minutes or until hot and bubbly. Garnish with parsley. Makes 8 servings.

FLOWER Facts & Fancies

Few of us realize it but flowers existed long before there were people to enjoy them. In fact, roses have been blooming in North America for at least 32 million years!

The Romans were literally knee-deep in roses; not only were they grown everywhere, but floors of palaces were often strewn with rose petals many inches deep.

There's also a language of flowers. A white rose means, "I am worthy of you," while a pink rose stands for simplicity. A white gardenia tells of a "secret untold love," and jasmine means "joy."

Flowers have also made their way into our daily conversation. We speak of a "rosy" future, a "flowery" speech and call praises "bouquets." And our ultimate compliment for a well-bred person is to call him "cultivated."

'Texas Handbook' has been updated

AUSTIN, Texas (Spl.) — Heart transplants, the Dallas Cowboys, JFK's assassination, the Astrodome — they all happened in the past 25 years in Texas and are examples of subjects covered in the long-awaited Volume III of "The Handbook of Texas."

Published by the Texas State Historical Association, the new volume uses 1,145 pages to catch up with Texas events that have occurred since the 1952 publication of Volumes I and II of the handbook, considered to be the bible of Texas history.

Inquiries about obtaining the new handbook may be sent to the TSHA, which is located at The University of Texas at Austin.

FRESHMAN FFA'ERS...Take a quiz (left to right): Kelly Prater, Jackie Gaskins, Kevin Turner, Troy Turley, Lupe Vega, Doug Bradley. (Staff Photo)

AGRICULTURE'S NEW GENERATION FUTURE FARMERS

They may just be Greenhands today but they will be ready for tomorrow! Well educated and capable of filling the expanding number of career positions in America's agriculture. Ready to work, farm, manage, service, promote, sell, discover. Young men and women willing to risk, to stand-up-for or to try.

This NEW generation will emerge from the ranks of the half million FFA members in the United States today. As students in high school vocational agriculture departments, FFA members start their work in the organization as Greenhands.

Early in their FFA membership they each select a career study field for themselves. The choices available today are diverse and offer exciting futures for the optimistic agriculturists in FFA. Florist. Forester. Dairy farmer. Artificial inseminator. Ag credit representative. Grain elevator operator. Wildlife conservationist. Veterinarian. Ag engineer. Nurseryman. Vag teacher. Meat cutter. Mechanic. Groundskeeper. Soil scientist. Farm manager. Feed salesman.

And once the choice is made, they pursue their dreams. They practice the principle of Learning By Doing that makes FFA unique. Active participation in programs available in FFA helps them gain self-developing experiences of leadership, citizenship and cooperation.

The 49-year traditions of FFA have held strong and produced a mighty work force for food and fiber to meet the needs of our nation and the world. Successful agricultural leaders of today are the testimony. So many, in fact, that they've formed an FFA alumni group to support those who will be next to lead.

Agriculture's NEW Generation is in the making. They're FFA members today.

National Student Organization

Agriculture's Youth In Action

One of the best examples of youth in action on the American scene today is the FFA, the national organization for students studying vocational agriculture in the public high schools. It is an organization run by the student-members under adult guidance.

Soon after vocational agriculture became a subject in many of the nation's high schools in 1917, instructors became aware of the need to provide practical training beyond the traditional classroom approach. Their idea was to make the instruction more interesting by making practical work experience, competitive livestock judging, and agricultural leadership development activities part of the instruction. Vocational agriculture instructors and students eagerly accepted the learn by doing principle.

The FFA was founded nationally in 1928 after similar organizations had started in several states. Right from the beginning, the FFA has stressed leadership, cooperation and citizenship—all vital to success in modern agriculture.

Today the FFA has a membership of over 500,000 with chapters in approximately 8,500 high schools throughout the nation. The organization has state associations in all states, except Alaska, and in Puerto Rico.

Vocational agriculture or agribusiness programs are funded in part by the National Vocational Education Acts through the U.S. Office of Education, state departments of education and the local school systems. The FFA operates under a federal charter granted by an Act of Congress in 1950 (Public Law 740, 81st Congress). The charter provides for a national board of directors and a board of student officers elected from the membership.

FFA activities are specifically designed to be a part of the instructional program in vocational agriculture. Members learn through active participation how to conduct and take part in public meetings, how to speak in public, and how to take a leadership role in their school and community.

Each local chapter and each state association elects its own officers each year. In all cases the teacher of vocational agriculture is the advisor of the local FFA chapter and the State supervisor of agricultural education is the advisor of the state association.

FFA members have full opportunity to practice the principles of democracy in conducting the affairs of their organization by exercising their privilege to vote at chapter meetings, serve on committees, and otherwise assist in carrying on the work of their organization. Elected delegates to the state and national conventions, held each year, are asked to decide on major issues facing the organization.

Advancement through the degrees in the organization from the Green Hand through the Chapter Farmer, State Farmer, and American Farmer or Agribusinessman is based on achievement in farming, ranching, or agribusiness careers.

Nearly 8,500 public high schools have FFA chapters. One of the requirements for membership in FFA is that a student be enrolled

in vocational agriculture. Students may retain their membership until they are 21.

Competition is a key element of the FFA from the chapter to the national level. Each year the FFA recognizes more than 80,000 members at local, state and national levels for outstanding achievement in activities related to agriculture career and leadership development.

Funds for awards are provided by more than 800 businesses, organizations, and individuals that sponsor FFA programs through the National FFA Foundation, Inc. The Foundation provides nearly half a million dollars to make the incentive awards available to deserving FFA members in the following award programs: Star Farmer and Star Agribusinessman awards, 19 agricultural proficiency awards, public speaking, national chapter awards, national chapter safety, Building Our American Communities Awards, national judging contests, establishment in agriculture awards, and through state initiated programs for improving agricultural leadership.

Recent food shortages in this country have reaffirmed the need for continuing a strong program of vocational agriculture and the FFA. Thus there is a bright future for trained agriculturists ready to serve America.

WTSU Horsemen Win At KSU

West Texas State University's six-member horsemanship team took the Kansas State University Block and Bridle Horse Show by storm last weekend (February 12) as they came home with 15 ribbons.

In competition against 12 schools with over 100 entries all of the WT team qualified for the final events.

WT team members are Glenda Shepler, Abilene; Ronda Bristow, Lamesa; Lee Ann Shiver, Amarillo; Chuck Smallwood, Canyon; Richard Winter, Lockney; and Bobby Henderson, Canyon.

Team ropers Richard Winter and Bobby Henderson took third place in that competition.

Winter is the son of Mr. and Mrs. Henry Winter of Lockney, while Henderson resides at 1905 9th Avenue in Canyon. Smallwood, also a Canyon resident, lives at 508 10th Avenue.

Team coach and WT horsemanship instructor is Ms. Jayne Weeks, who is the daughter of Mr. and Mrs. Jay Robinson of 3571 N. River Bend, Sanger, Ca.

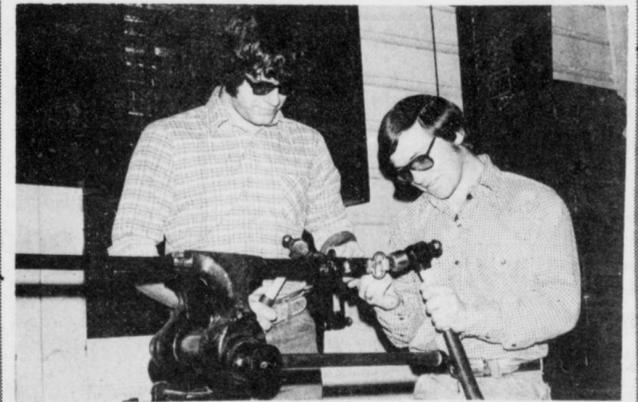

The team's next competition will be at Texas A&M in April.

Four Accidents Investigated In January

The Texas Highway Patrol investigated four accidents on rural highways in Floyd County during the month of January, 1977, according to Sergeant Ken Evans, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and three persons injured.

The rural traffic accident summary for this county during the first month of 1977 shows a total of four accidents resulting in no persons killed and three persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for January, 1977 shows a total of 560 accidents resulting in 11 persons killed and 244 injured, as compared to January, 1976, with 373 accidents resulting in 11 persons killed and 175 persons injured. This was 187 more accidents, the same killed, and 69 more injured in 1977 at the same period of time.

The 11 traffic deaths for the month of January, 1977, occurred in the following counties: One each in Cochran, Hale, Jack, Lubbock, Palo Pinto, Terry, Wise,

Gray, Hall, Ochiltree, and Randall.

Marshall joins Carter Cabinet

AUSTIN, Texas (Spl.) — From high school drop-out to U.S. Secretary of Labor in the Carter Administration is the history of Dr. Ray Marshall, 48-year-old University of Texas economist.

Specializing in labor economics and manpower, Dr. Marshall is known to his colleagues as a congenial scholar who appears to work 20 hours a day. Friends confirm he is a committed churchman (Presbyterian), great family man (five

children), raconteur, speed-reader with a photographic memory, and raiser of goats on a small farm near Leander.

Among the 17 books and monographs he has written is the most widely used textbook in the labor economics field.

Two teachers AUSTIN, Texas (Spl.) — University of Texas students this spring are sitting in classes being taught by UT alumni whose names are honored in their respective professions.

Liz Carpenter, who was press secretary to Mrs. Lyndon B. Johnson when the First Lady was in the White House, is teaching a course on the journalistic essay.

John Canaday, who recently retired as the art critic of the New York Times, is teaching two courses in the Art Department — an art history survey course for non-art majors and a seminar on the principles and practices of art criticism.

ACCO Seed Holds Awards Banquet

Approximately 100 employees and their families were honored recently at an awards banquet held in Lockney.

Frank Dickson, Regional Sales Manager was honored for 40 years of service to Anderson Clayton and received two plaques for outstanding achievements in sales.

Others receiving awards for distinguished service were: Quentin Adams, 30 years; G. M. Webb and J. W. Kidd, 25 years; Carlton Robinson, 20 years; Elaine Gibson, Gene Cornelius, Dr. Nick Kramer, and V. E.

Joe Langston, and Jack Link received awards for outstanding sales achievements.

Proclamation

FFA WEEK - 1977

WHEREAS, members of the FFA are playing an outstanding role in assuring the future progress and prosperity of our area; and

WHEREAS, the FFA is composed of students who are studying vocational agriculture in the public schools in preparation for a variety of exciting careers in the American agricultural complex. In studying the science of agriculture, FFA members are striving to continuously improve this great industry for the welfare of all citizens; and

WHEREAS, the FFA motto — "Learning to do, doing to learn; earning to live, living to serve" — gives a direction of purpose to these future leaders for tomorrow's agriculture; and

WHEREAS, the FFA performs the valuable service of developing leadership, encouraging cooperation, promoting good citizenship, teaching modern agricultural information, and inspiring patriotism among its members,

THEREFORE, I, *Claude Brown* hereby designate the week of February 19-26, 1977, as FFA WEEK

LOCKNEY LOCALS

The Harold Griffiths had as guests Tuesday and Tuesday night, Mrs. Kline Nall and Mrs. Herbert Griffith both of Lubbock.

Carl Lee, Sr. was placed in the Intensive Care Unit of a Shreveport, Louisiana hospital the first part of this week. He was reported to be some better on Wednesday by his family. Mrs. Carl Lee and Mr. and Mrs. Carl Lee, Jr. are in Shreveport with him.

Mrs. Chuck Wilson and her daughter, Mrs. Lisa Aaron of Lubbock, were in San Antonio this past weekend. They attended the all-state symphonic band concert Saturday evening of which their daughter and sister, Melinda Wilson, was a member.

Mrs. Elvira Stewart went to the Green Bay, Wisconsin area to attend the funeral of her brother, Charles T. Knapp, of Peshtigo, Wisconsin, who passed away Feb. 4th. Funeral services were on February 7th. Mrs. Stewart's sister, Mrs. Frank Bartel, of Green Bay, Wis. flew back with her on February 14th, and plans to spend several more days visiting here before returning to Green Bay.

Mrs. Frank Messimer's brother, Henry McMinn, of Levelland, is hospitalized in Lubbock with a heart condition. Her sisters, Mmes. Alma Reddell of Grand Prairie, and Ella Fay Atkinson of Lancaster, Texas, visited Mrs. Messimer on Monday while here to see their brother in Lubbock.

Mrs. Frank Hawkins spent Tuesday at Methodist Hospital, Lubbock, while her sister-in-law, Mrs. Bobby Payne of Wichita Falls, was having surgery. On Thursday, Mr. and Mrs. Frank Hawkins and Mrs. Edna Cox went to Lubbock to visit Mrs. Payne.

Mrs. Herman Huffman's brother, Herbert Walker of Plainview, underwent surgery Tuesday in Methodist Hospital, Lubbock. The Huffmans were at the hospital during the surgery. He is reported to be recovering satisfactorily.

Lockney Youngsters Win At Fort Worth

FORT WORTH - Area young people were named winners at the 81st annual Southwestern Exposition and Fat Stock Show which closed its ten-day run February 6.

Winners from Lockney included Jody Foster, Ricky Hrbacek, Libby Williams, Ty Williams, and Earl Broseh.

Premiums available in the Junior Livestock Division this year were over \$52,000, reported W. R. Watt Jr., Stock Show general manager. He said the show staff is busy this week verifying judges scores and mailing out premiums to winners.

"Our youth show this year totaled more than 4,000 entries," Watt said. "We are encouraged by the number of young people who exhibited their animals. It gives us a brighter outlook for the future of the agricultural and livestock industry."

"We are glad to be able to provide an exposition where producers of tomorrow can exhibit in competition with each other, share ideas and gain knowledge to help with their education," he added.

A record \$15,000 was paid by Fort Worth businessman Don Hansen for the grand champion steer of the show. The Limousin-Angus was shown by Neil Scott, 14, of Rising Star and a member of Eastland County FFA Chapter.

The sales of champion steers, barrows and lambs this year grossed over \$174,000, a new high. Youngsters showing prize winning animals earned additional money through participation in the auctions.

Steer entries totaled a record 1,129, while beef breeding heifers had 919 entries. Dairy entries were at 216, breeding sheep at 225, lambs at 872, and barrows at 868.

Dates for the 1978 Stock Show have been scheduled for January 27 through February 5.

Senior Citizens Group

To Meet Thursday Noon

The Lockney area Senior Citizens group will have their quarterly luncheon at noon Thursday, February 24 at the First Baptist Church

in Lockney. All senior citizens are invited. Those who attend are asked to please bring a covered dish for the luncheon.

Janet Miles, Floyd County supervisor for the Home-maker Service Aide Program, will speak at the luncheon meeting.
